**ANNOUNCEMENT**

**Court decision on charges against the General Manager of Wilmar's Indonesian subsidiary, P.T. Duta Sugar International in relation to sugar importation in 2016**

Further to the announcement dated 20 October 2025 issued by Wilmar International Limited ("**Wilmar**" or the "**Company**") regarding the General Manager of the Company's Indonesian subsidiary, P.T. Duta Sugar International ("**DSI**"), being charged, along with representatives of eight other refined sugar producers in Indonesia (together, the "**9 Sugar Producers**") for carrying out unlawful acts relating to the import of raw sugar which allegedly caused losses amounting to IDR578 billion (approximately USD36 million) to Indonesia, Wilmar wishes to announce that the General Manager of DSI was today convicted and sentenced by the Central Jakarta District Court to 4 years' imprisonment and to a fine of IDR200 million (approximately USD12,000). The security deposit of IDR41.2 billion (approximately USD2.5 million) placed by DSI with the Indonesian Attorney General has been forfeited and considered as restitution of DSI's share of the alleged losses suffered by the country. The representatives of the other eight Sugar Producers received similar custodial sentences.

While Wilmar respects the decision of the Court, it regrets that the case against the representatives of the 9 Sugar Producers did not mirror the outcome of the corresponding case against the former Trade Minister, whose direction they had acted in accordance with, but whose case was abolished and halted.

DSI will continue to provide all necessary support to its General Manager and his family.
