2 BASIS OF PREPARATION

The condensed interim financial statements for the three months ended 30 April 2023 are prepared in accordance with the historical cost convention, except as disclosed in the accounting policies below and are drawn up in accordance with the Singapore Financial Reporting Standards (International) ("SFRS(I)") – 34 *Interim Financial Reporting*. The condensed interim financial statements do not include all the information required for a complete set of financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the change in the Group's financial position and performance of the Group since the last annual financial statements for the financial year ended 31 January 2023. The financial statements are presented in Singapore dollars ("S\$") and all values are rounded to the nearest thousand (S\$"000) as indicated.

The accounting policies adopted are consistent with those of the previous financial year which were prepared in accordance with SFRS(I), except for the adoption of new and revised standards as set out below.

2.1 Adoption of New and Revised Standards

In the current financial period, the Group has adopted the new and revised SFRS(I) and Interpretations of SFRS(I) ("SFRS(I) INT") that are relevant to its operations and effective for the current financial period. Changes to the Group's accounting policies have been made as required, in accordance with the transitional provisions in the respective SFRS(I) and SFRS(I) INT. The adoption of these new and revised SFRS(I) and SFRS(I) INT did not result in substantial changes to the Group's and Company's accounting policies and had no material effect on the financial results or position.

2 BASIS OF PREPARATION (cont'd)

2.2 Fundamental Accounting Concept

The Group incurred a net loss of \$429,000 (30 April 2022: \$399,000) for the financial period ended 30 April 2023 and was in net deficit position of \$6,165,000 (31 Jan 2023: \$5,736,000) as at 30 April 2023. In addition, the Group had cash and bank balances of \$403,000 (31 Jan 2023: \$437,000) and borrowings of \$5,148,000 (31 Jan 2023: \$4,697,000) as at 30 April 2023.

The facts and circumstances above indicate the existence of material uncertainties that may cast significant doubts over the abilities of the Group and the Company to continue as going concerns. Notwithstanding this, the accompanying financial statements have been prepared on a going concern basis on the following grounds:

- (i) An amount of \$5,100,000 is, as of the date of the financial statements, held in escrow as a proof of funds for the purpose of investment into the Company by investors ("Potential Investor(s)") to be released to the Company, subject to the satisfaction of certain conditions, including the completion of discussions and the resumption of trading of the Company's shares on SGX-ST (the "New Investment"). Shortly after the release of the amount of \$5,100,000 to the Company, the Company plans to utilise approximately \$3,230,000 to discharge the outstanding principal amount owing to Qiren Holdings Pte. Ltd. ("QRH") under the loan agreements as set out in Note 15. Shareholders may refer to the Company's announcement regarding the entry into the New Investment released via SGXNet on 14 June 2023 (as well as any other subsequent update announcements) for more information.
- (ii) The major shareholder (ultimate holding company) has undertaken to provide financial support at the request of management.
- (iii) As disclosed in Note 10 to the financial statements, a subsidiary of the Group has outstanding bank loan of \$384,000 and has breached certain bank covenants and defaulted on the repayment of the bank loan since 2019. The Group has been making monthly repayments of to the bank. As at 30 April 2023, the Group still owes the bank a remaining loan balance of \$304,000 and has not received any notice from the bank for immediate repayment and shall continue with the monthly repayments until January 2024.
- (iv) The principal subsidiary, Nature's Farm Pte Ltd, would generate sufficient cash flows in the next 12 months from its operations to enable it to continue as a going concern.

3 CRITICAL ACCOUNTING ESTIMATES, ASSUMPTIONS AND JUDGEMENTS

In preparing the condensed interim financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

16 TRADE AND OTHER PAYABLES

Included in trade payables and accrued expenses are balances owing to I-Nitra Consulting Limited ("I-Nitra") of S\$420,000 (31 Jan 2023: \$413,000) and S\$149,000 (31 Jan 2023: S\$149,000) respectively. The outstanding balance is attributable to the purchase of some honey products from I-Nitra that were previously sold by NF to another party as well as amounts due to I-Nitra pursuant to consignment arrangements between I-Nitra (as consignor) and NF (as consignee) upon the sale of the consigned goods by the latter. The purchase transactions and consignment arrangements ostensibly took place during 2019 on the previous management's watch and were subject matter of investigation by the special auditors pursuant to a notice of compliance issued by the Singapore Exchange Regulation in March 2019. While these transactions involving I-Nitra were at first blush redolent of round-tripping, the special auditors had emphatically concluded that they "did not find any conclusive evidence of round-tripping". Accordingly, and out of accounting prudence, the incumbent management has not derecognised the liability as at reporting date.

 - (a) Updates on the efforts taken to resolve each outstanding audit issue
 - (b) Confirmation from the Board that the impact of all outstanding audit issues on the financial statements have been adequately disclosed

The auditors have rendered an "except for" qualified opinion on the latest audited financial statements for the financial year ended 31 January 2023 ("**FY2023**") via their report dated 16 May 2023. The basis for qualified opinion is as follows:

Opening balances

The auditors' reservations on certain opening balances for FY2021 arose from their previous audits for FY2019 and FY2020 when they were first appointed in November 2021 to undertake those audits after the release of the special audit report dated 1 September 2020 and that they were not given access to any relevant and substantive working papers relating to FY2018 by the predecessor auditors. More specifically, these opening balances for FY2021 refer to balances of inventories, investment in Nature's Farm, amount owing to I-Nitra and accumulated losses account as at 1 February 2020. Nonetheless, as the auditors have satisfied themselves with the closing balances of these balance sheet items as at 31 January 2021, the auditors would also be satisfied with these opening balances in respect of the FY2022 audit except for the amount owing to I-Nitra as more fully described below.

Consignment arrangements with I-Nitra

The auditors have expressed reservations on the commercial substance or business rationale of the consignment arrangements given that such arrangements were initially highlighted in the special audit report as potentially round-tripping. However, the special auditors had eventually found and concluded in their report that there was no round-tripping involved. The Company has duly disclosed its position regarding the consignment arrangements (including the purported amounts owing to I-Nitra) and the pertinent findings and conclusion of the special auditors in Note 9 to the FY2023 audited financial statements and in paragraph 16 of this Announcement.

The Board confirms that the impact of all outstanding audit issues on this Announcement have been adequately disclosed herein.

25 A review of the performance of the group, to the extent necessary for a reasonable understanding of the group's business. The review must discuss any significant factors that affected the revenue, costs, and earnings of the group for the current financial period reported on, including (where applicable) seasonal or cyclical factors. Review of Results

The Group's revenue of S\$1,443,000 for the three months ended 30 April 2023 ("Q1FY2024") were generated from local sales of health foods and supplements. The increase in the revenue by S\$63,000 compared to the three months ended 30 April 2022 ("Q1FY2023") was mainly due to increase in demand for corporate sales partly offset by reduced demand for retail and online, and consignment sales during the period under review.

The Group recorded S\$51,000 other income in Q1FY2024, compared to S\$36,000 in Q1FY2023. Other income comprises mainly government grant and product display fee in Q1FY2024.

Marketing and distribution expenses decreased by S\$21,000 or 2% from S\$919,000 in Q1FY2023 to S\$898,000 in Q1FY2024. The decrease was mainly due to lower staff and related, partly offset by higher depreciation.

General and administrative operating expenses increased by S\$31,000 or 16% from S\$199,000 in Q1FY2023 to S\$230,000 in Q1FY2024, primarily due to higher professional fees incurred and higher travel costs as a result of employees participation in overseas trade show in Q1FY2024.

Finance costs increase from \$73,000 in Q1FY2023 to \$139,000 in Q1FY2024. The higher finance costs were due mainly to the higher interest from loans from the ultimate holding company, QRH and third-party lenders, as result of higher outstanding balance, in Q1FY2024.

The Group recorded a loss before tax of S\$429,000 in Q1FY2024 compared to a loss before tax of S\$399,000 in Q1FY2023, which was mainly attributable to higher finance costs and higher general and administrative operating expenses during the period under review.

Review of Statement of Financial Position

The Group's non-current assets stood at S\$2,442,000 as of 30 April 2023, compared to S\$2,293,000 as of 31 January 2023, and comprised plant and equipment, right-of-use assets and other receivables. The increase of S\$149,000 was mainly attributable to an increase in right-of-use assets due to the renewal of lease agreements, offset by the depreciation of plant and equipment, and increase in other receivables during Q1FY2024.

The current assets stood at S\$1,790,000 as of 30 April 2023, compared to S\$1,913,000 as of 31 January 2023. Overall, the decrease of S\$123,000 in current assets was mainly due to the decrease in other receivables, deposits and prepayments, and cash and bank balances, partly offset by increase in trade receivables and inventories.

The net increase of S\$481,000 in current liabilities was mainly due to increase in borrowings from the ultimate holding company and third-party lenders, lease liabilities and other payables, and accruals, partly offset by decrease in contract liabilities, trade payables and provisions.

The decrease of S\$26,000 in non-current liabilities was mainly due to decrease in lease liabilities.

Overall, the Group's net liabilities stood at S\$6,165,000 as of 30 April 2023, compared to S\$5,736,000 as of 31 January 2023.

Review of Cash Flow

The Group recorded net cash flows used in operating activities of S\$13,000 in Q1FY2024, as compared to net cash flows used in operating activities of S\$923,000 in Q1FY2023. The decrease was mainly attributable to positive operating cash flows before changes in working capital, cash generated from receivables and payables, partly offset by cash used in contract liabilities.

The net cash flows used in investing activities of S\$2,000 in Q1FY2024 was due to purchase of plant, and equipment.

The net cash flows used in financing activities of S\$19,000 in Q1FY2024 was mainly attributable to the repayment of lease liabilities and bank loan, partly offset by loan from the ultimate holding company and third-party lenders during the period under review.

On account of the above, the Group's cash and cash equivalents in the consolidated statement of cashflows comprise cash and bank balances of \$\$403,000 as of 30 April 2023.

The Group has also undertaken successful business-to-business ("B2B") collaborations, and intends to continuously seek out other reputable partners in complementary industries. Part of the proceeds from the New Investment is intended to be utilized to accelerate the implementation of these business initiatives.
