This Product Highlights Sheet ("PHS") is an important document.

- It highlights the key terms and risks of this investment product and complements the Singapore prospectus of Xtrackers (the "Prospectus")¹.
- It is important to read the Prospectus before deciding whether to purchase the product. If you do not have a copy, please contact us to ask for one.
- You should not invest in the product if you do not understand it or are not comfortable with the accompanying risks.
- If you wish to purchase the product, you will need to make an application in the manner set out in the Prospectus.

	PRODUCT SUI	TABILITY		
 WHO IS THE PRODUCT SUITABLE FOR? The Sub-Fund is <u>only</u> suitable for you, if you: want a short term trading tool or short term hedging tool; are a sophisticated investor who wishes to take a very short term view on the Reference Index and intend to monitor your portfolio on a daily basis; have a bearish view of the S&P 500 Total Return Index (the "Long Index"); are prepared to lose some or all of the total capital invested; are able and willing to invest in a fund: (1) where the Net Asset Value ("NAV") may have a high volatility; (2) which has a high risk grading³; and (3) that may invest in financial derivative instruments such as index swap transaction(s); and are comfortable with investing in a fund which exposes you to asset classes with high volatility and/or limited liquidity, where no strategies are implemented to ensure that you will get back your original investment or capital. The Sub-Fund is <u>not</u> appropriate for long term investment and is <u>not</u> intended as a buy and hold investment. 				
		FEATURES		
 WHAT ARE YOU INVESTING IN? You are investing in the Singapore Shares of Class 1C of an Exchange Traded Fund which is a UCITS compliant sub-fund of Xtrackers (the "Company"), an umbrella fund incorporated in Luxembourg. The aim is for your investment to reflect the performance of the Inverse Daily Index, which provides the opposite performance of the Long Index on a daily basis plus a prorated portion of interest, based on two times the Overnight USD LIBOR rate. The Inverse Daily Index is a gross total return index. The Sub-Fund does not intend to make dividend payments for shares of Class 1C. Please refer to "General Description of the Reference Index", "Investment Objective" and "Investment Policy" sections in the Product Annex for further details.

office at One Raffles Quay, #17-10, Singapore 048583. ² The name of the Sub-Fund as it appears in the Luxembourg Prospectus (as defined herein) and the Product Annex is "Xtrackers S&P 500 Inverse Daily Swap UCITS ETF".

³ Please refer to the risk grading set out in "TYPOLOGY OF RISK PROFILES" of the Luxembourg base prospectus attached to the Prospectus (the "Luxembourg Prospectus").

• The Singapore Shares are classified as capital markets products other than prescribed capital markets products as defined in the Regulations 2018 and Specified Investment Products as defined in the Notices. You should refer to paragraph 3.3 of the Prospectus for full details.	
Investment Strategy • The Sub-Fund currently carries out its Investment Objective via the investment strategy described in the portion tilde "Indirect Investment Policy – Investment strategy (i)" of the Prospectus. • Investment strategy (i) The Sub-Fund may at any time invest part or all of the net proceeds of any issue of its shares in Invested Assets and use one or more Derivative Transactions the purpose of which is to exchange all or part of the performance and/or income of such Invested Assets to gain exposure to the Reference Index (an "Unfunded Swap"). For Unfunded Swaps, the maximum proportion of the NAV that is subject to Derivative Transactions in relation to the Reference Index is 110% of the NAV excluding the impact of fees and foreign exchange ("FX") hedging arrangements, as applicable, whilst the expected proportion of the NAV that is subject to Derivative Transactions in relation to the Reference Index is 100% of the NAV, excluding the impact of fees and FX hedging arrangements, as applicable, unless otherwise specified in the Product Annex. For Unfunded Swaps, the maximum and expected proportion of the NAV that is subject to Derivative Transactions in relation to Invested Assets to the NAV of the Sub-Fund. The Sub-Fund may enter into OTC Swap Transactions with one or more approved Swap Counterparties. • Criteria for selection of the Invested Assets The general rule is to invest in shares of issuers listed or traded on an official stock exchange of an OECD Member State unless otherwise specified in the Product Annex. These Invested Assets and on of fall into this description which will be disclosed in the financial statements. Other than the above, there is no fixed set of criteria for the selection of the Invested Assets held with the Depositary) Swap Counterparty pays performance of the Reference Index OTC Swap Swap Counterparty pays performance of the Reference Index OTC Swap Sub-Fund pays performance of th	Please refer to "Investment Objective, Policy, Focus and Approach" section of the Prospectus and B of Schedule 4 of the Prospectus setting out the description of the investment strategy of the Sub-Fund.
