To: The Shareholders of Maxi-Cash Financial Services Corporation Ltd

Dear Sir/Madam

THE PROPOSED RENEWAL OF THE SHARE PURCHASE MANDATE

1. INTRODUCTION

At the 2019 AGM, Shareholders had approved the renewal of a Share Purchase Mandate (the “**2019 Mandate**”) to enable the Company to purchase or otherwise acquire its issued Shares, on the terms of the 2019 Mandate, which will be expiring on 27 April 2020, being the date of the 2020 AGM.

Accordingly, the Directors propose that the Share Purchase Mandate be renewed by Shareholders at the 2020 AGM, as set out in Resolution 9 in the Notice of the 2020 AGM.

The purpose of this Appendix is to explain the rationale for, and to provide Shareholders with information relating to the proposed renewal of the Share Purchase Mandate to be tabled at the 2020 AGM.

Shareholders are advised that the SGX-ST and the Sponsor assume no responsibility for the contents of this Appendix, including the correctness of any statements made or opinions expressed or reports contained in this Appendix.

2. THE PROPOSED SHARE PURCHASE MANDATE

2.1 Introduction

The Act allows a Singapore-incorporated company to purchase or otherwise acquire its issued ordinary shares, stocks and preference shares if the purchase or acquisition is permitted under the company’s constitution. Any purchase or acquisition of Shares by the Company will also have to be made in accordance with, and in the manner prescribed by, the Act and such other laws and regulations as may for the time being be applicable. As the Company is listed on the Catalist, it is also required to comply with Part XI of Chapter 8 of the Catalist Rules, which relates to the purchase or acquisition of issued ordinary shares in the capital of a company which is listed on the Catalist.

Under Rule 866 of the Catalist Rules, a company which wishes to purchase or acquire its own shares should obtain prior approval of its shareholders to do so at a general meeting. As the 2019 Mandate will expire on the date of the 2020 AGM, approval is being sought from Shareholders at the 2020 AGM for the proposed renewal of the Share Purchase Mandate which authorises the Directors to make Share Purchases from time to time by way of Market Purchases or Off-Market Purchases in accordance with the Act, the “Guidelines on Share Purchases” set out in Annex A of this Appendix and the Catalist Rules, a summary of which is as follows:

(a) Number of Shares purchased or acquired

The maximum number of Shares which can be purchased pursuant to the Share Purchase Mandate is such number of Shares which represents up to a maximum of ten per cent (10%) of the issued ordinary shares in the capital of the Company, excluding Treasury Shares and subsidiary holdings, if applicable (ascertained as at the date of the passing of Resolution 9 at the 2020 AGM);

(b) Manner of purchase or acquisition of Shares

Share Purchases can be effected by the Company by way of:

- (i) Market Purchase transacted on the SGX-ST through the trading system, or as the case may be, any other securities exchange on which the Shares may, for the time being, be listed; and/or
- (ii) Off-Market Purchase in accordance with an equal access scheme as defined in Section 76C of the Companies Act, and which will satisfy all the conditions prescribed by the Constitution and the Catalist Rules.

For more details on the terms and conditions of the Off-Market Purchase, please refer to Annex A of this Appendix.

(c) Maximum Purchase Price

Any Share Purchases undertaken, in the case of a Market Purchase shall be at a price of up to but not exceeding the Maximum Price, being an amount which shall not exceed 105% of the average closing price of the Shares over the last five (5) Market Days in which transactions in the Shares on the SGX-ST were recorded, preceding the day on which such purchase or acquisition is made, and adjusted for any corporate action that occurs during the relevant five (5) day period and the day on which the purchases are made .

And, in the case of an Off-Market Purchase, the purchase price to be paid by the Company for the Shares shall be a price of up to but not exceeding the Maximum Price, being an amount which shall not exceed 120% of the average closing price of the Shares over the last five (5) Market Days immediately preceding the date of offer by the Company, and deemed to be adjusted, in accordance with the Catalist Rules for any corporate action that occurs during the relevant five (5) day period.

(d) Duration of Authority

The authority conferred on the Directors by the proposed Share Purchase Mandate to purchase or acquire Shares shall continue in force for the Relevant Period which is the period commencing from the date the Share Purchase Mandate is conferred by the Company in the 2020 AGM and expiring on the earlier of the date the next AGM of the Company is held or is required by law to be held, the date on which the Share Purchases are carried out to the full extent mandated, or the date the said mandate is revoked or varied by the Company in general meeting.

If approved by Shareholders at the 2020 AGM, the authority conferred by the Share Purchase Mandate will take effect from the date of the 2020 AGM at which the proposed renewal of the Share Purchase Mandate will be approved and continue to be in force for the duration of the Relevant Period, which is until the earliest of:

- (iii) the date on which the next AGM is held or is required by law to be held, (whereupon it will lapse, unless renewed at such meeting);
- (iv) the date on which the Share Purchases are carried out to the full extent mandated; or
- (v) the date the said mandate is varied or revoked by the Company in a general meeting.

Subject to its continued relevance to the Company, the Share Purchase Mandate will be put to Shareholders for renewal at each subsequent AGM.

As at the Latest Practicable Date, approximately 151,030,124 Shares (14.59%) of a total of 1,035,186,234 Shares issued by the Company (excluding Treasury Shares and subsidiary holdings) are held by the public. The Company will ensure that the Shares Purchases will not cause market illiquidity or affect orderly trade and will ensure that Rule 723 of the Catalist Rules is complied with. Accordingly, in order to maintain a public float of not less than ten per cent (10%) of the issued Shares (excluding Treasury Shares and subsidiary holdings), the Company shall not purchase or acquire more than 47,511,500 Shares (or 4.59% of the issued ordinary shares in the capital of the Company excluding Treasury Shares and subsidiary holdings) pursuant to the Share Purchase Mandate. The Company may purchase or acquire Shares by way of Off-Market Purchases and/or Market Purchases.

In the event that subsequent to the 2020 AGM, there are new rules, regulations, directives or laws enacted or promulgated by the relevant competent authorities including but not limited to the SGX-ST and the Council (hereinafter, collectively referred to as the “**Further Rules**”) that augment, supplement or vary the existing provisions governing provisions set out in the Act and/or the Catalist Rules, the Company shall, to the extent that the Further Rules impact on the Share Purchase Mandate, disseminate to the public by announcement(s), a memorandum setting out such Further Rules and the extent to which the Share Purchase Mandate is affected by such Further Rules. In such an event, the Company shall not undertake any Share Purchase until such a memorandum has been publicly disseminated.

2.2 Shares Purchased in the Previous Twelve Months

Pursuant to the Share Purchase Mandate obtained at the 2019 AGM the Company had purchased or acquired 911,000 Shares by way of Market Purchases. The total consideration paid for the Share Purchases was \$116,436.07, inclusive of brokerage and clearing fees of \$392.25. The highest and lowest price paid was \$0.1283 and \$0.1262 respectively.

2.3 Rationale for the Share Purchase Mandate

Short term speculation may at times cause the market price of the Company’s Shares to be depressed below the true value of the Company and the Group. The Share Purchase Mandate will provide the Directors with the means to restore investors’ confidence and to protect existing Shareholders’ investments in the Company in a depressed share-price situation through judicious Share Purchases which may enhance the EPS of the Company and the Group. The Share Purchases may also enhance the NTA per Share of the Company and the Group if the Share Purchases are made at a price below the NTA per Share.

The Share Purchase Mandate will also provide the Company with an expedient and cost-effective mechanism to facilitate the return of surplus cash reserves to the Shareholders, as and when the Directors are of the view that this would be in the best interests of the Company and the Shareholders.

Pursuant to the Act, the Share Purchase Mandate also enables the Company to hold Shares purchased or acquired pursuant to the Share Purchase Mandate as Treasury Shares to be utilised, *inter alia*, for the purpose of the issue of Shares pursuant to the grant of awards under the Maxi-Cash Performance Share Plan.

The Share Purchases will only be undertaken as and when the Directors consider it to be in the best interests of the Company and/or Shareholders. The Directors do not propose to carry out purchases pursuant to the proposed Share Purchase Mandate to such an extent that would, or in circumstances that might result in a material adverse effect on the financial position of the Company or the Group.

2.4 Source of Funds

In purchasing Shares, the Company may only apply funds legally available for such purchase or acquisition in accordance with its Constitution and the applicable laws in Singapore. The Company may not purchase or acquire Shares for a consideration other than cash or for settlement otherwise in accordance with the trading rules of the SGX-ST. Any Share Purchase undertaken by the Company shall be made out of capital or profits that are available for distribution as dividends so long as the Company is solvent (as defined in Section 76F(4) of the Act).

Pursuant to Section 76F(4) of the Act, a company is solvent if (a) it is able to pay its debts in full at the time of payment and will be able to pay its debts as they fall due in the normal course of business in the twelve (12) months following such date of payment; and (b) the value of its assets is not less than the value of its liabilities (including contingent liabilities) and such value of its assets will not, after any purchase of shares for purposes of any proposed acquisition or release of the company's obligations, become less than the value of its liabilities (including contingent liabilities). In determining whether the Company is solvent, the Directors must have regard to the most recently audited financial statements, other relevant circumstances, and may rely on valuations or estimations of assets or liabilities. In determining the value of contingent liabilities, the Directors may take into account the likelihood of the contingency occurring, as well as any counter-claims by the Company.

The Company intends to use its internal sources of funds (comprising bank balances and cash equivalents) for the Share Purchases. The Company has not obtained or incurred, nor does it intend to obtain or incur any borrowings to finance the Share Purchases.

The Directors do not propose to exercise the Share Purchase Mandate in a manner and to such extent that the liquidity and capital adequacy position of the Group would be materially adversely affected.

2.5 Financial and Other Impact

The Shares purchased or acquired by the Company shall be cancelled immediately on purchase or acquisition (and all rights and privileges attached to the Share will expire on such cancellation) unless such Share is held in treasury in accordance with Section 76H of the Act. Section 76H of the Act allows Shares purchased or acquired by the Company to be:

- (a) held by the Company; or
- (b) dealt with, at any time, in accordance with Section 76K of the Act, as Treasury Shares.

Section 76K of the Act allows the Company to:

- (a) sell the Treasury Shares (or any of them) for cash;
- (b) transfer the Treasury Shares (or any of them) for the purposes of or pursuant to an employees' share scheme;

- (c) transfer the Treasury Shares (or any of them) as consideration for the acquisition of shares in or assets of another company or assets of a person;
- (d) cancel the Treasury Shares (or any of them); or
- (e) sell, transfer or otherwise use the Treasury Shares for such other purposes as may be prescribed by the Minister of Finance.

The aggregate number of Shares held as Treasury Shares shall not at any time exceed ten per cent (10%) of the total number of Shares at that time. Any Treasury Shares in excess of this limit shall be disposed of or cancelled in accordance with Section 76K of the Act within six (6) months.

Any Share Purchase will:

- (a) reduce the amount of the Company's share capital where the Shares were purchased or acquired out of the capital of the Company;
- (b) reduce the amount of the Company's profits where the Shares were purchased or acquired out of the profits of the Company; or
- (c) reduce the amount of the Company's share capital and profits proportionately where the Shares were purchased or acquired out of both the capital and the profits of the Company;

by the total amount of the purchase price paid by the Company for the Shares cancelled.

The Company cannot exercise any right in respect of Treasury Shares. In particular, the Company cannot exercise any right to attend or vote at meetings and for the purposes of the Act, the Company shall be treated as having no right to vote and the Treasury Shares will be treated as having no voting rights.

The impact of the Share Purchases by the Company pursuant to the proposed Share Purchase Mandate on the Group's and the Company's financial positions is illustrated below. Based on the existing issued and paid-up ordinary shares in the capital of the Company as at the Latest Practicable Date, the exercise in full of the Share Purchase Mandate would result in the purchase of up to 47,511,500 Shares.

In the case of Market Purchase by the Company and assuming that the Maximum Price is \$0.140, which is 105% of the average of the closing prices of the Shares over the five (5) Market Days preceding the Latest Practicable Date on which transactions in the Shares were recorded, the maximum amount of funds required for the purchase of up to 47,511,500 Shares is \$6,651,610.

For illustrative purposes only, on this assumption, the impact of the Share Purchases by the Company undertaken in accordance with the Share Purchase Mandate on the Group's and the Company's audited financial statements for FY2019 is as follows:

Market Purchase Made Entirely out of Capital and Held as Treasury Shares

	← GROUP →		← COMPANY →

Gearing (times) ⁽³⁾	2.34	2.53	0.54	0.62
Current Ratio (times) ⁽⁴⁾	1.51	1.47	4.77	3.99

Notes:

- (1) NTA equals total equity less intangible assets, if any.
- (2) For illustrative purposes, EPS is computed based on profit attributable to owners of the Company and number of Shares as shown in the table above.
- (3) Gearing equals total borrowings for the Group and Company respectively, divided by total equity.
- (4) Current ratio equals current assets divided by current liabilities.

As at 31 December 2019, the Group and the Company had cash and bank balances of \$16,040,935 and \$1,531,683 respectively. In order to effect a Share Purchase of up to 47,511,500 Shares at the Maximum Price computed at the Latest Practicable Date, cash reserves by the Company of \$6,651,610 will be required. Assuming the full exercise of the Share Purchases, the Company currently does not have sufficient cash to purchase all the Shares. Hence, for illustration purposes, it is assumed that the Company shall use borrowings to finance the Share Purchases. As illustrated above, the Share Purchase will have the effect of reducing the working capital and NTA of the Group and the Company by the dollar value of the Shares purchased. The consolidated NTA per Share of the Group as at 31 December 2019 will decrease from 13.41 cents to 13.38 cents. The consolidated basic EPS of the Group for the financial year ended 31 December 2019 would increase from 1.53 cents per Share to 1.60 cents per Share.

As at 31 December 2019, the Company had cash and bank balances of approximately \$1,531,683. The Company intends to use its internal sources of funds to finance its Share Purchases. The Company does not intend to obtain or incur any borrowings to finance its Share Purchases. The Directors do not propose to exercise the Shares Purchase Mandate in a manner and to such extent that the working capital requirements, financial position and/or gearing of the Group would be affected.

Shareholders should note that the financial effects set out above are purely for illustrative purposes only and based only on historical numbers for FY2019 and the abovementioned assumptions, and is not representative of future financial performance. Although the proposed Share Purchase Mandate would authorise the Company to purchase or acquire up to 4.59% of its issued Shares, the Company may not necessarily purchase or acquire or be able to purchase or acquire the entire 4.59% of its issued Shares. In addition, the Company may cancel all or a part of the Shares purchased or acquired or hold all or part of the Shares purchased or acquired in treasury.

2.6 Take-over Consequences

2.6.1 Requirement To Make General Offer

Rule 14.1 of the Take-over Code requires, *inter alia*, that, except with the consent of the Council, where:

- (a) any person acquires, whether by a series of transactions over a period of time or not, shares which (taken together with shares held or acquired by persons acting in concert with him) carry thirty per cent (30%) or more of the voting rights of a company; or

such person shall extend immediately an offer on the basis set out below to the holders of any class of shares in the capital which carries votes and in which such person or persons acting in concert with him hold shares. In addition to such person, each of the principal members of the group of persons acting in concert with him may, according to the circumstances of the case, have the obligation to extend an offer.

The offer required to be made under the provisions of Rule 14.1 of the Take-over Code shall, in respect of each class of shares in the capital involved, be in cash or be accompanied by a cash alternative at the Required Price.

2.6.2 Persons Acting in Concert

Under the Take-over Code, persons acting in concert comprise individuals or companies who, pursuant to an agreement or understanding (whether formal or informal), co-operate, through the acquisition by any of them of shares in a company, to obtain or consolidate effective control of that company.

Unless the contrary is established, the following persons will, *inter alia*, be presumed to be acting in concert with each other under the Take-over Code:

- (vi) a company with any of its directors (together with their close relatives, related trusts as well as companies controlled by any of the directors, their close relatives and related trusts);
- (vii) a company with its parent, subsidiaries and fellow subsidiaries, and their associated companies, any company whose associated companies include any of the foregoing companies, and any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the foregoing companies for the purchase of voting rights, all with one another. For this purpose, ownership or control of at least twenty per cent (20%) but not more than fifty per cent (50%) of the voting rights of the company will be regarded as the test of associated company status; and
- (viii) an individual with his close relatives, related trusts and person(s) who are accustomed to act in accordance with his instructions.

The circumstances under which Shareholders, including Directors and persons acting in concert with them respectively, will incur an obligation to make a take-over offer under Rule 14 after a purchase or acquisition of Shares by the Company are set out in Rule 14 and Appendix 2 of the Take-over Code.

2.7 Catalyst Rules

2.7.1 No purchases during price-sensitive developments

While the Catalyst Rules does not expressly prohibit purchase or acquisition of shares by a listed company during any particular time or times, the listed company would be considered an “insider” in relation to any proposed purchase or acquisition of its issued shares. In this regard, the Company will not purchase or acquire any Shares pursuant to the Share Purchase Mandate after a development which could have a material effect on the price of the Shares has occurred or has been the subject of a consideration and/or a decision of the Board until such time as such information has been publicly announced. In particular, in line with Rule 1204(19) of the Catalyst Rules, the Company will not purchase or acquire any Share through Market Purchases during the period of:

- (a) one (1) month immediately preceding the announcement of the Company’s half-year and full-year results, and ending on the date of announcement of the half-year and full-year results (as the case may be), if the Company does not announce its quarterly financial statements; or
- (b) two (2) weeks immediately preceding the announcement of the Company’s quarterly results for each of the first three (3) quarters of its financial year, and ending on the date of announcement of the quarterly results, if the Company announces its quarterly financial statements, whether required by SGX-ST or otherwise.

2.7.2 Listing status of the Company’s securities

The Directors will ensure that the Share Purchases will not have any effect on the listing of the Company’s securities including the Shares listed on Catalist. Rule 723 of the Catalyst Rules requires at least ten per cent (10%) of any class of a company’s listed securities to be held by the public at all times. The Directors shall safeguard the interests of public Shareholders before undertaking any Share Purchases. Before exercising the Share Purchase Mandate, the Directors shall at all times take due cognisance of (a) the then shareholding spread of the Company in respect of the number of Shares held by Substantial Shareholders and by non-Substantial Shareholders and (b) the volume of trading on the SGX-ST in respect of the Shares immediately before the exercise of any Share Purchase.

At the Latest Practicable Date, approximately 151,030,124 Shares (14.59%) of a total of 1,035,186,234 Shares (excluding Treasury Shares and subsidiary holdings) issued by the Company are held by the public. Assuming the Company exercises the Share Purchase Mandate in full and purchases 4.59% of the issued ordinary share capital of the Company, the public float would be reduced to approximately ten per cent (10%) of the issued ordinary share capital of the Company. In undertaking any Share Purchases, the Directors will use their best efforts to ensure that, notwithstanding such purchases, a sufficient number of Shares remain in public hands so that the Share Purchases will not:

- (a) adversely affect the listing status of the Shares on the SGX-ST;
- (b) cause market illiquidity; or
- (c) adversely affect the orderly trading of Shares.

2.8 Limits on Shareholdings

The Company does not have any limits on the shareholdings of any Shareholder.

3. ACTION TO BE TAKEN BY SHAREHOLDERS
