

NEWS RELEASE

CSE Global Secures Major Electrification Contracts Worth S\$161.7 million

Singapore, 15 December 2025 – CSE Global Limited (“CSE Global” or the “Group”), a global systems integrator providing electrification, communications and automation solutions, today announced that it has secured three major contracts worth US\$124.6 million (approximately S\$161.7 million) in the United States of America (“USA”).

These contracts are for the design and manufacturing of power distribution centres, as well as the integration of complex electrical and control systems and equipment in the USA for the Liquefied Natural Gas (“LNG”) market. The contracts are slated for execution between 2026 and 2028.

Mr Lim Boon Kheng, Group Managing Director / Chief Executive Officer of CSE Global, said, “Securing these new contracts is a reflection of CSE Global’s integration capabilities that are applicable across diverse sectors, and the confidence customers have in our execution track record. We are grateful for the continued trust our customers place in us. Providing Electrification solutions to the USA LNG market, which is currently experiencing rising demand, will bolster our pursuit for growth across the Electrification business segment. These contracts are expected to contribute positively to CSE Global’s financial performance for the financial years 2026 to 2028.”

These contracts are not expected to have any material impact on the consolidated net tangible assets per share or earnings per share of the Group for the current financial year. None of the directors or substantial shareholders of CSE Global has any interest, direct or indirect, in the contracts.

About CSE Global Limited (“CSE Global”)

CSE Global is a leading systems integrator providing electrification, communications, and automation solutions across various industries globally.

At CSE Global, we pride ourselves as a trusted, lifelong partner to our customers who always has their interests at heart. Leveraging our engineering experience, technology and diverse skill sets across our global network, we design and build customised, integrated systems for our clients that solve their problems.

Our integrated systems – from electrification to communications or automation systems – sit at the heart of every infrastructure and are mission-critical in nature. With highly attuned engineering capabilities at our core, we have successfully delivered complex, large-scale projects amidst the most challenging conditions. Our technologies are designed to reduce waste, allow for greener, smarter processes and are built to last.

Listed on the Singapore Exchange since 1999 and with our presence across 15 countries, 61 offices, and more than 2,000 employees across the globe, we enjoy long-standing relationships with a sizeable customer base comprising large government organisations and renowned brands.

Over the years, we have built a workplace culture and management style that is people-centric, supportive and collaborative with employee well-being and people improvement as our key focus. Our passion for our work has resulted in a consistent profit track record for the past three decades, as we continue to pursue operational excellence to achieve sustainable growth and enhanced shareholder returns.

CSE Global – Customer Satisfaction Everytime.
