Yangzijiang Maritime to Further Expand and Modernise its Fleet Portfolio with 24 Additional Newbuilds

- **Key details of the 24 additional newbuilds are as follows:**
    - **6 Bulk Carriers newbuilds (of approximately 64,500 DWT each) with deliveries scheduled in 2029 and 2030.**
    - **6 Product Oil/Chemical Tankers newbuilds (of approximately 49,800 DWT each) with deliveries scheduled in 2028 to 2030.**
    - **4 Stainless Steel Chemical Tankers newbuilds (of approximately 28,000 DWT each) with deliveries scheduled in 2028 and 2029.**
    - **4 Stainless Steel Chemical Tankers newbuilds (of approximately 29,000 DWT each) with deliveries scheduled in 2028 and 2029.**
    - **4 Oil Tankers newbuilds (of approximately 319,000 DWT each) with deliveries scheduled in 2029 and 2030.**

- **These newbuilds will be funded through a combination of equity co-investment and debt financing.**

- **In addition, the Group has signed options for another 16 vessels, which allow the Group to retain the ability to further scale its fleet when market conditions are favourable, while enabling disciplined fleet expansion and limiting upfront capital commitments.**

- **Following that, the Group's newbuilds portfolio will increase to a total of 98 vessels (including options), comprising**
    - **7 newbuilds that have been delivered (including one vessel delivered to its buyer under a vessel sale contract),**
    - **75 firm newbuilds under construction (12 newbuilds were resold including one vessel delivered to its buyer under a vessel sale contract) and**
    - **16 optional newbuilds, for future strategic market-driven growth opportunities.**

Singapore, 18 September 2026 – Yangzijiang Maritime Development Ltd. ("**Yangzijiang Maritime**" or the "**Company**", and together with its subsidiaries, the "**Group**"), a one-stop maritime financial solutions provider, is pleased to announce that the Group has recently signed orders for an aggregate of 24 newbuilds to be constructed by various Chinese shipyards with deliveries scheduled between 2028 to 2030.

The 24 newbuilds will be constructed in accordance with IACS classification standards, high technical and environmental standards as well as being equipped with comprehensive econotation features, underscoring the Group's commitment to sustainability, operational efficiency and regulatory compliance.

Executive Chairman and CEO of Yangzijiang Maritime, Mr. Ren Yuanlin said, "Together with our established co-investment partners, we continue to see attractive opportunities emerging across the maritime industry.

The addition of these 24 newbuild vessels underscores our confidence in the sector and our commitment to harness these opportunities with a focus on proven, eco-compliant vessel designs that meet the evolving requirements of a maritime industry increasingly shaped by environmental regulations and the transition towards lower-emission shipping.

These newbuilds will further expand, strengthen and modernise our fleet composition with potential of stronger earnings visibility and long-term growth opportunities.

Aligned with our proactive monetisation strategy, we will continue to proactively evaluate leasing and resales opportunities to optimise returns for our shareholders."

-END-

About Yangzijiang Maritime Development Ltd.

Positioned as a strategic hub bridging together shipyards, shipowners, charterers and capital markets, Yangzijiang Maritime Development Ltd ("Yangzijiang Maritime" or the "Company" and together with its subsidiaries, the "Group") is a one-stop maritime financial solutions provider.
