CORPORATE INFORMATION

Established in the 1930s with over 90 years of existence, Stamford Tyres has grown from a small tyre shop to a global distributor of tyres and wheels spanning over 90 countries and with our own wheel factory. In the course of our progress, the Company weathered and overcame cyclical business fluctuations, the Asian Financial Crisis of the 90's and the Global Financial Crisis of the millennium.

Our expertise lies in our international distribution competence, which we have expanded throughout the world. We also have regional retail operations as well as truck and off-the-road tyre management services. We have further expanded our capabilities in the manufacturing of alloy wheels and proprietary tyre brands contract manufacturing.

The Group's international distribution network currently spans across 8 countries in Asia Pacific, Africa and Australia. Our main business activities are in the distribution of major international tyre brands – Falken, Dunlop, Continental and Maxam. We have also strengthened our product development capabilities and introduced innovative proprietary brands, Sumo Firenza tyres, Sumo Tire and SSW wheels, which are sold globally.

We operate the most extensive retail network in Singapore and Malaysia. Through our Mega Mart and Tyre Mart outlets, we offer a comprehensive range of products that include tyres, wheels, batteries and auto accessories. We also offer workshop and tyre services.

Stamford Tyres was listed on the Second Board of Singapore Stock Exchange (then known as SGX-Sesdaq) in 1991, and was upgraded to the Main Board of the Singapore Exchange Securities Trading Limited (SGX-ST) in April 2003. Today, Stamford Tyres is one of the largest tyres and wheels distributors in South East Asia.

1

LETTER TO SHAREHOLDERS

"Despite the challenging operating environment, the balance sheet of the Group remained strong. As at 30 April 2023, the cash and cash equivalents of the Group were S\$30.3 million and the Group's net gearing ratio was 0.4."

Dear Shareholders,

Financial year 2023 for the Group began amid the gradual relaxation of Covid-19 pandemicrelated social and movement restrictions by the relevant authorities in key markets of the Group. The strengthening of the Group's inventory holding in FY2022 in anticipation of supply chain issues enabled the Group to take advantage of the gradual recovery of sales demand in its key markets in the first half of FY2023.

However, the supply chain disruption arising from the Russia-Ukraine war, as well as the financial impact from the subsequent high interest rates in our key markets, severely dampened market sentiments in our core South East Asian and export markets, particularly in the second half of FY2023.

Against the above backdrop, the Group demonstrated strong resilience and adaptability by leveraging on its financial and sourcing advantages to generate S\$4.2 million in net profit after tax in FY2023 compared to S\$3.9 million in FY2022. Full year revenue was S\$188.3 million in FY2023 compared to S\$190.3 million last year, with gross profit margin at 26.7% in FY2023 compared to 27.4% in FY2022.

COMMITMENT TO THE GROUP'S STRATEGIES

Having committed to its main strategy of brand and product diversification, the Group has added and will continue to fine-tune its tyre brand offerings and product range in response to changes in market demand. The Group is constantly expanding its sourcing advantage in its key markets to grow a strong and comprehensive portfolio of tyre offerings, both for major brands and budget tyre brands.

Value-added services remain the other key focus for the Group. The Group is committed to providing timely response to changes in the market and customers' needs. These include the network of Stamford Tyres Mart retail chain in Singapore and the mobile tyre services to improve reach-out to our

2

LETTER TO SHAREHOLDERS

end-customers including our commercial and fleet customers.

Commercial fleet servicing in markets such as Singapore and Indonesia continue to be a promising growth area for the Group to focus on and expand its provision of total tyre management services tyre retreading, specialized tyres for mining application as well as other value-added services such as offthe-road tyre repair, vehicle inspection services and maintenance.

FINANCIAL STRENGTH

Despite the challenging operating environment, the balance sheet of the Group remained strong. As at 30 April 2023, the cash and cash equivalents of the Group were S\$30.3 million and the Group's net gearing ratio was 0.4.

GOING FORWARD

The operating environment in the tyre business remains challenging as a result of intense competition and major geo-political and financial events globally.

In response to the challenging environment, and in line with the strategies outlined above, the Group will continue to broaden and grow its product line-up and seek new value-adding opportunities.

In addition to the above and as part of an ongoing succession plan, we have in place a younger but seasoned management team led by our CEO, Conson Sia, who has an in-depth understanding of, and familiarity with the Group's business and operations, having risen through the ranks since he joined the Group in 1993. The team is also closely guided by our Founder and Senior Advisor, a passionate and dedicated veteran in the industry.

DIVIDEND

The Board of Directors has proposed a dividend of 1.5 cent per share (FY2022: 1.5 cent per share) subject to shareholders' approval at the upcoming Annual General Meeting.

APPRECIATION

I would like to take this opportunity to express my appreciation to the management and staff for their hard work, sacrifices and resilience, which enabled the Group to deliver a set of positive results in FY2023.

I would like to thank the members of the Board of Directors for their commitment, support and valuable guidance during these challenging times. Special thanks goes to Mr Leslie Mah, who will be retiring from the Board on 31 August 2023, for his many years of invaluable contribution and wise counsel.

I am grateful to our customers, suppliers, bankers and business associates for their continued support and confidence in us.

Last but not least, I would like to thank our shareholders for their constant support throughout this challenging period.

SAM CHONG KEEN

Chairman

BOARD OF DIRECTORS

Sam Chong Keen Non-Executive & Independent Chairman

Following his invaluable contributions while on the Board when Comfort Group Limited was a substantial shareholder, Mr Sam was appointed as an Independent Director of Stamford Tyres Corporation Limited in 1994. On 23 August 2012, Mr Sam was appointed as Non-Executive Chairman of Stamford Tyres Corporation Limited. Mr Sam is also Chairman of the Remuneration Committee and Nominating Committee and sits on the Board's Audit Committee. He has a wealth of management experience, having worked at senior positions in the Singapore Government Administrative Service, National Trade Union Congress (NTUC) and Intraco Limited as well as CEO positions at Comfort Group Limited, VICOM Limited, Lion Asiapac Limited, Lion Teck Chiang Limited, A-Smart Holdings Limited and Jade Technologies Holdings Limited. He was also the Political Secretary to the Minister for Education from 1988 to 1991. He served on various government boards and committees, including the Central Provident Fund Board and the National Co-operative Federation. Mr Sam is also the Non-Executive Chairman of Lion Asiapac Limited and sits on the Board of A-Smart Holdings Limited, Parkson Retail Asia Limited and SMI Vantage Ltd as an Independent Director.

Mr Sam holds a Bachelor of Arts (Honours) from the University of Oxford.

Mrs Dawn Wee Wai Ying Executive Director

Mrs Dawn Wee Wai Ying, the spouse of Founder and Senior Advisor Mr Wee Kok Wah, has been a Director of the Stamford Tyres Group since 1982 playing a key role in the Group's operations. Recognised as a thought leader, she leads functional teams and currently oversees the Group's operations. Prior to joining Stamford Tyres, she worked as an officer in a major local bank for eight years.

Mrs Wee holds a Bachelor of Social Science (Honours) in Economics from the University of Singapore.

Leslie Mah Kim Loong Independent Director

Mr Leslie Mah was appointed as an Independent Director of Stamford Tyres Corporation Limited on 1 December 2012. He chairs the Audit Committee and is a member of the Remuneration Committee and Nominating Committee. Mr Mah served as the Executive Director of Eu Yan Sang International Limited prior to his retirement in 2009. He was Company Secretary and Executive Director of Cerebos Pacific Limited from 1986 to 2001. Prior to Cerebos, he served as Finance Director of Harpers Gilfillan for 10 years. Mr Mah was an Independent Director of Goodpack Limited. He is currently a Non-Executive Independent Director of Hotel Properties Limited and Lam Soon (M) Bhd. He is a Lifetime Member of the Institute of Singapore Chartered Accountants.

Kazumichi Mandai Independent Director

4

Mr Kazumichi Mandai was appointed as an Independent Director of Stamford Tyres Corporation Limited on 1 December 2012 and is a member of the Audit Committee and Remuneration Committee. Mr Mandai started his career with Sumitomo Rubber Industries Limited (SRI) in 1974 after graduating from Kobe City University of Foreign Studies. In 2002, he was appointed as Managing Director of Sumitomo Rubber Asia (Tyre) Private Limited, Singapore, a position he held until 2007. From 2007 to 2008, Mr Mandai served as Sales Director of SRI Tire Trading Co., Tokyo. During that year, Mr Mandai completed a MBA course under SRI's Internal Curriculum run by Globis Management Institute, Tokyo. In 2009, Mr Mandai was appointed as President of Sumitomo Rubber Latin America LTDA, Chile. He held this position until he reached his maximum age for retirement from Sumitomo Rubber Industries Limited in 2011.

BOARD OF DIRECTORS

Dr Wee Li Ann Executive Director

Dr Wee Li Ann was appointed as a Non-Executive Director in December 2009 and took on an executive directorship role in September 2018. She previously worked in healthcare management at Parkway Pantai Group from 2012 to 2015. She is a family physician in private practice. She is also a Director of Wah Holdings Pte Ltd, a substantial shareholder of the Company, where she actively manages the portfolio. She also serves on the Board of The Jane Goodall Institute of Singapore since 2020 and is the Treasurer.

Dr Wee graduated from Harvard's Kennedy School of Government with a Master of Public Administration. She holds a medical degree from Cambridge University and Bachelor of Arts from Johns Hopkins University.

Caroline Wee Independent Director

Ms Caroline Wee was appointed as an Independent Director of Stamford Tyres Corporation Limited on 2 September 2022 and is a member of the Audit Committee. She is not related to any existing director or substantial shareholder of the Company, including the Wee family. Caroline has been managing venture capital and private equity investments in the Asia-Pacific region over the last three decades. She is currently the Investment Partner (Asia) for Circulate Capital. Prior to this, she covered the ASEAN region for US firm Advent International's Asian affiliate and was a Founding Partner of the spin-off private equity business of ING-Barings. She represented her firms on the boards of numerous companies accross different stages of enterprise development.

Caroline graduated with a Bachelor of Accountancy (Hons) Degree from the National University of Singapore as a KPMG scholar. She is a Chartered Accountant (Singapore) and a Chartered Financial Analyst, and completed the Program on Negotiation at Harvard Law School.

FOUNDER AND SENIOR ADVISOR

Wee Kok Wah

Mr Wee propelled the Stamford Tyres Group forward as its Managing Director and President since the 1970s after taking over the helm from his father, who founded the first Stamford Tyres entity in the 1930s as a petrol pump service station and tyre retail shop. Using his stellar business acumen and relentless passion, Mr Wee went on to steer Stamford Tyres to a public listing in 1991, and has steadily expanded its business into what it is today – an international operation in the distribution and retailing of tyres and wheels, and manufacturing of wheels. His passion for, and in-depth knowledge of, the tyre business gained him international recognition in the industry. Highly regarded in the tyre industry and the business world, he was selected as a finalist for the Ernst & Young Entrepreneur of the Year award (under the category of Services and Business products) in 2004, one of the most prestigious awards for entrepreneurs.

Mr Wee stepped down from the Board of Stamford Tyres Corporation Limited on 1 November 2021 as Managing Director and a member of the Nominating Committee to take on the role of Founder and Senior Advisor. He continues to provide invaluable guidance and counsel to the Board as well as the senior management team.

Mr Wee holds a Bachelor of Social Science in Economics and Law from the then University of Singapore (now known as National University of Singapore).

5

MANAGEMENT TEAM

Conson Tiu Sia

Chief Executive Officer Stamford Tyres Group

Conson began his career with Stamford Tyres in 1993 and initially headed the Company's operations in the Philippines. He later became the Group Finance Manager in 1999 and served as the Chief Financial Officer ("CFO") from August 2001 until September 2013. In October 2013, he assumed the role of Head of South Africa, overseeing the Group's expansion in that region until 2019. In July 2019, he took on the position of Head of Malaysia and later also became the Head of Singapore from May 2022 onwards. In acknowledgment of his significant contributions to the Group, Conson was appointed as the Chief Executive Officer-Designate ("CEO-Designate") on 1 February 2023. Following the successful completion of his 6-month tenure as CEO-Designate, he assumed the position of Chief Executive Officer, effective from 1 August 2023.

Conson holds a Bachelor of Science in Commerce from the University of Santo Tomas, Philippines, and is a Certified Public Accountant.

Clare Law Lay Kian Senior Vice President Head of Supply Chain, North Asia and Thailand Operations

Clare joined Stamford Tyres in 1994. She was appointed as Senior Vice President in 2006. Clare is in charge of the Group's supply chain management system and operations in Hong Kong, Vietnam, China and Thailand. With over 20 years of experience in Purchasing, Clare is also responsible for the Group's collaboration with major suppliers and contract manufacturers.

Clare holds a Bachelor of Business Degree in Transport from the Royal Melbourne Institute of Technology, Australia.

Cham Soon Kian

Senior Vice President Head of South Africa, Indonesia and Australia Operations

Soon Kian joined Stamford Tyres in 1991 as a management trainee. The following year, he was assigned to Malaysia to head the Malaysian operations. Under his leadership, the Malaysian operations grew to become an integrated set-up with value-added services including retail, fleet tyre management and retread facilities.

Soon Kian was promoted to Senior Vice President in 2006. He currently oversees the general business operations of the Group in South Africa, Indonesia and Australia.

Soon Kian is an ASEAN scholar and graduated with a Bachelor of Accountancy degree from the National University of Singapore.

MANAGEMENT TEAM

Colin Choo Nee Ann Senior Vice President Stamford Sport Wheels Co. Ltd

Colin joined Stamford Tyres in 2002 and was appointed as General Manager of Stamford Tires Distributor Co. Ltd in 2005. He was promoted to Senior Vice President in 2014. Colin currently oversees the Group's wheel manufacturing operations in Thailand.

Colin graduated from the International Islamic University with a Bachelor of Accounting (BACC) in 1994. The following year, he was awarded Association of Chartered Certified Accounts (ACCA). With his vast experience as an accountant, he was made a Member of The Malaysian Institute of Accountants (MIA) and the Malaysian Institute of Certified Public Accountants (MICPA) in 1998.

Frank Ng Tse Lim Group Financial Controller Stamford Tyres Group

Frank joined the Stamford Tyres Group as Finance Manager in September 2008. In 2013, he was elevated to the position of Group Financial Controller. He is currently responsible for the Group's financial operations which include compliance with accounting and regulatory standards, and corporate governance. He plays a critical role in ensuring the smooth operation of the Group's risk and management framework which covers finance, operations, statutory compliance and information technology.

Frank holds a Bachelor of Business, Double Major in Accounting and Information Technology (University of Technology, Sydney, Australia) and is also a Certified Practising Accountant since 2005.

OUR PRODUCTS

OUR PREMIUM BRANDS

Falken is manufactured by Sumitomo Rubber Industries, a leading Japanese designer and manufacturer of tyres. The Falken range has tyres for high performance cars, passenger cars, SUVs, light truck and truck radials. Falken continually introduces new and exciting products and as part of its R&D programme, Sumitomo supports many race and rally teams round the world, outfitting their competition machines with Falken Tyres.

Stamford Tyres distributes Falken in Singapore, Malaysia, Thailand, Indonesia, Brunei, Vietnam, Cambodia, Myanmar, Laos, South Africa, Hong Kong, India, Bangladesh, Pakistan, Mauritius, Reunion, East Timor, Nepal and New Caledonia.

Continental is a range of top-quality tyres designed and manufactured by the company of the same name headquartered in Hanover, Germany. The Continental range covers radials designed for sports and passenger cars, light truck, truck and bus radials as well as military, agriculture and industrial solid tyres. Continental supplies original equipment (OE) tyres for world-leading cars such as Porsche, BMW, Mercedes Benz and Volkswagen. Their tyres also come installed as OE on commercial vehicles such as DAF, Volvo, MAN and Scania.

Stamford Tyres distributes Continental in Singapore.

DUNLOP

Dunlop has been at the forefront of tyre innovations, with over 130 years of tyre industry experience. Today, Dunlop has grown to become one of the world's biggest and most trusted brands. Committed to delivering superior tyres, Dunlop constantly pushes for development of new compounds and technologies through the rigours of two and four-wheeled motorsports. The product range that Dunlop offers include passenger car, SUVs, light truck, truck and bus radial, as well as industrial, agricultural, aircraft and motorcycle tyres. Dunlop supplies OE tyres for popular Japanese and European luxury vehicles such as BMW, Audi, Mercedes, Maserati, Volkswagen, Toyota, Honda, Subaru and Mazda.

Stamford Tyres, through its joint venture Tyre Pacific, distributes Dunlop in Hong Kong, Macau, Vietnam, Cambodia and Laos.

Maxam is a niche tyre manufacturer, specialising in tyres for the construction and mining industries since the mid-1950s. With its HQ in Birmingham, UK, this forms a cost-effective manufacturing base for European design and technical experience. Personnel from Europe are based on site and the factory is equipped with modern, state-of-the-art technology and machinery.

On the product front, Maxam has a wide range of industrial and construction tyres for applications such as skid steer, backhoes and forklifts, plus there are more exciting innovations in the pipeline. Maxam have complete range of giant radial off-the-road tyres, for rims up to 57" in diameter.

Stamford Tyres distributes Maxam in South East Asia.

OUR PROPRIETARY BRANDS

Stamford Sport Wheels, or SSW, is our proprietary brand of alloy wheels. Our wheels are designed, manufactured and tested inhouse. Our designers have created a line of wheels that offer exciting style, looks and road performance. SSW has models with diameters of 13" to 26" tailored for passenger cars and SUVs. Our wheels are produced in Thailand using the latest low pressure, tilt gravity casting methods and flow forming technology. Our wheels are also produced in accordance with internationally recognised quality and safety standards.

Sumo Firenza is our proprietary premium budget range of performance tyres, SUVs, light truck and truck/bus radials. The Sumo Firenza range consists of more than 100 models and the tyres are produced in China, Thailand and Vietnam in factories that have been selected for their consistent quality standards.

Stamford Tyres has a team of engineers and tyre designers who provide technical support and quality assurance for our tyres which are popular in Europe, Middle East, Africa, Latin America, Australia, South Africa and Asia.

Sumo Tire is our line of nylon bias tyres for light truck, truck, agriculture and earthmover applications. The tyres are designed in-house and in accordance with internationally recognised standards.

Sumo Tire is made in Asia and we offer a wide range of sizes and specifications to customers that need tyres for demanding round-the-clock operations at affordable prices.

The tyres are designed for heavy duty industrial application and are well-received internationally.

FINANCIAL AND OPERATIONS REVIEW

IMPACT OF COVID-19 ON OPERATIONS

Financial year 2023 began amid the gradual relaxation of Covid-19 pandemic-related social and movement restrictions by the relevant authorities in key markets of the Group.

However, the positive impact from the gradual relaxation of the above-mentioned Covid-19related restrictions was offset by the impact from the Russia-Ukraine war which has dragged on since February 2022. The war caused supply chain disruption, particularly to shipping and throughout logistics routes Eastern Europe. This, coupled with high interest rates prevalent throughout the financial year, severely dampened market

Stamford Tyres Singapore Team unite with Sumitomo Rubber Asia Team at MCarnival event, the biggest car event of the year in November 2022 at Changi Exhibition Centre, Singapore

sentiments and impacted sales in our core South East Asian markets as well as global export markets,

particularly in the second half of FY2023.

FINANCIAL AND OPERATIONS REVIEW

For the financial year ended 30 April 2023, the Group's revenue was S\$188.3 million compared to S\$190.3 million for the previous last year. South East Asia continued to be the core market of the Group, accounting for 89% of its revenue.

Demand for major brand tyres that the Group distributes, namely Falken, Dunlop, Continental and Maxam remains strong. Sumo Firenza proprietary brand tyres and SSW proprietary brand wheels continue to enjoy stable demand in Singapore, Malaysia, Indonesia and Thailand. In response to the changing markets, the Group has diversified its topline and sourcing of Sumo Firenza and Chinese budget tyres, mainly in the truck and commercial tyres segment. The Group remains focused on leveraging on its established brand name and core strength of delivering timely response to market and customer needs.

Gross profit for the Group was lower at S\$50.4 million compared to S\$52.1 million in the last financial year. Gross profit margin decreased from 27.4% in FY2022 to 26.7% in FY2023, mainly attributable to higher cost of tyres and wheel production.

Operating expenses decreased by 0.4% to S\$51.4 million compared to S\$51.6 million in the last financial year. This was mainly due to net write-back of expected credit loss from the recovery of debts previously provided for, partially offset against higher provision for inventory obsolescence, marketing and distribution cost, finance cost, foreign exchange losses and lease expenses. The share of results of joint ventures amounted to a net profit of S\$1.4 million, compared to a net profit of S\$2.0 million last year, mainly attributable to lower sales by the joint venture.

The Group's net profit for the year was S\$4.2 million compared to S\$3.9 million in FY2022.

THE GROUP

The distribution network of the Group comprises 5,000 dealers and distribution centres in 8 countries. These distribution centres are located in Singapore, Malaysia, Indonesia, Thailand, South Africa, Australia, Hong Kong, and Vietnam.

SINGAPORE

Total revenue generated in Singapore includes retail chain operations, truck tyre centres, wholesaling local as well as the export of tyres and wheels to countries other than the 8 countries mentioned above. Singapore's contribution amounted to 40% of the Group's total revenue.

There are currently 15 Stamford Tyres Mart retail centres and workshops island-wide, providing customers with services such as wheel balancing, wheel alignment, and car maintenance programs. We have also complemented our retail operations with four 24-hour mobile service vans to reach out to our customers nationwide, with the capability to perform on-site tyre change and balancing as well as battery change.

For commercial customers, Stamford Tyres provides total tyre management services and support to fleet owners which helps them reduce vehicle downtime. Besides our existing truck centres in Jurong, Changi and Tuas, we have a fleet of 10 mobile service trucks to provide our commercial customers with emergency onthe-road tyre change.

MALAYSIA

Malaysia remained a significant market to the Group, contributing 15% of the Group's revenue and we have more than 1,000 dealers in the country.

FK520L launch dinner event in Ho Chi Minh, Vietnam, for our esteemed Falken tyre dealers in July 2023

Honda Jazz GK & GE Drag Party event in Pathumthani province, Thailand in October 2022

Our tyres and wheel distribution operations are run out from our consolidated warehouse facility at Kapar, Selangor. We are continuously looking for opportunities to expand our value-added services in Malaysia.

THAILAND

We have two operating subsidiaries in Thailand:

- Stamford Sport Wheels Co. Ltd ("SSW"), which operates two factories manufacturing aluminium alloy wheels; and
- Stamford Tires Distributor Co. Ltd ("STD"), a wholesaler of tyres and wheels.

Higher production costs, as well as the weakening of the Thai Baht negatively impacted the profitability of the SSW factory in FY2023. On a positive note, SSW products continue to enjoy strong demand in South East Asia, particularly in Thailand and Malaysia, as we continue to build on our SSW branding and marketing in the digital space. We have approximately 800 dealers for Falken and Sumo Firenza

Stamford Tyres Malaysia Team and Sumitomo Rubber Asia Team join forces for the Women's Street Crime Awareness Campaign in the heart of Kuala Lumpur, Malaysia in June 2023

(made in Thailand) tyres, SSW and commercial tyres in our local distribution network.

The combined revenue of both subsidiaries contributed 14% to the Group's revenue. We are continuously working on enhancing our marketing and branding activities to expand our dealers footprint for tyres and wheels in Thailand, as well as enhancing the product design and sale of SSW wheels into export markets.

INDONESIA

Indonesia contributed 18% to the Group's revenue in FY2023. The Group continues to capitalise on strong consumer demand in Indonesia and to grow our passenger tyre and wheels distribution network. We currently have a comprehensive network of warehouses and distribution points within Indonesia covering Jakarta, Surabaya, Semarang, Medan, Balikpapan, Banjarmasin, Makassar, Manado and Timika. Indonesia will continue to extend its network to be closer to its commercial fleet and mining customers and to provide more direct and value-added services. We are currently offering biggersized radial earthmover tyres up to 63" to support the booming mining sector. In Timika, Irian Jaya, we have expanded our services include off-the-road tyre to repair and fitment, heavy vehicle inspection, vehicle assets logistics and management as well as onsite technical tyre and equipment manpower management. We have set up tyre consignment and technical centres in Morowali (Central Sulawesi) and Konawe (South East Sulawesi).

The Indonesian team at PT. Sinar Terang Mandiri, a nickel mining site situated in the Weda district at Halmahera Island, Indonesia

SOUTH AFRICA

South Africa remains an important region outside South East Asia for the Group, contributing 9% of the Group's revenue in FY2023. We have three major warehouses in three cities (Cape Town, Durban and Johannesburg) and approximately 800 dealers. The passenger car tyres market is stable and truck and earthmover tyres remain our key focus segments with the recovery of the mining sector.

As part of our Corporate Social Responsibility activity in Indonesia, PT Stamford Tyres Indonesia participated in providing stationeries, school uniforms and bags to school kids at SD Negeri I Pomako, Distrik Mimika Timur, Kabupaten Mimika, Papua Tengah, Indonesia in February 2023

2023 Dealers' Conference in Johannesburg, South Africa in February 2023

GOING FORWARD

The Group will leverage on its established brand name and focus on its core strengths in the distribution of tyres and wheels in South East Asia, South Africa as well as the markets covered by our joint-venture companies, namely Hong Kong, Macau and Indo-China.

We will continue to:

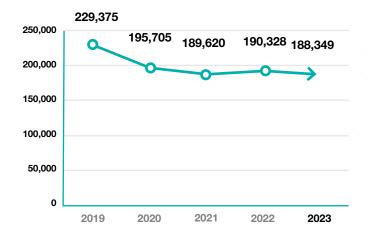

- Drive organic topline growth via brand and product diversification;
- Deliver timely response to market needs and trends;
- Defend gross profit margin;
- Contain operating costs and rationalise current assets.

CORPORATE GOVERNANCE REPORT

Stamford Tyres Corporation Limited (the "**Company**") is committed to maintaining high corporate governance standards and sound corporate practices within the Company and its subsidiaries (the "**Group**") to ensure that effective self-regulation practices are in place to enhance corporate performance and accountability. This report outlines the Company's main corporate governance practices with reference to the principles and provisions of the Code of Corporate Governance 2018 (the "**Code**").

The Board of Directors (the "**Board**") is pleased to confirm that for the financial year ended 30 *Rule 710* April 2023, the Company has adhered to the principles and provisions as set out in the Code and where the Company's practices vary from any of the provisions of the Code, explanations for the deviation and how the Group's practices are consistent with the intent of the relevant principle, are provided in the sections below.

BOARD MATTERS THE BOARD'S CONDUCT OF AFFAIRS

Principle 1: The company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the company.

	Board	AC*	NC*	RC*
Sam Chong Keen	Chairman	Member	Chairman	Chairman
Mrs Dawn Wee Wai Ying	Member	-	-	-
Dr. Wee Li Ann	Member	-	Member	-
Leslie Mah Kim Loong	Member	Chairman	Member	Member
Kazumichi Mandai	Member	Member	-	Member
Caroline Wee**	Member	Member	-	-

The Board comprises six directors, of whom four are independent directors. The Board members are:

* Audit Committee ("**AC**"), Nominating Committee ("**NC**"), Remuneration Committee ("**RC**") ** Ms Caroline Wee was appointed an Independent Non-Executive Director and a member of the AC on 2 September 2022

Details of the directors' qualifications, background and working experience are set out under the "Board of Directors" section of this Annual Report.

Provision 1.1

The Board oversees the business affairs of the Group, sets overall corporate strategy and directions, approves budgets, and reviews the Group's performance. The Board is collectively responsible for the long-term success of the Group. Each Director exercises his independent judgement to act in good faith and in the best interest of the Group for the creation of long-term value for shareholders. The Board works with Management to achieve this objective and Management remains accountable to the Board and plays an important role in providing Board members with complete, adequate, and timely information to assist the Directors in the fulfilment of their responsibilities.

The Board sets appropriate tone-from-the-top to uphold ethics and integrity within the Group and Provision ensures that directors are not placed in situations where there is a conflict between their duties to 1.1 the Company and their own personal interests.

Each Director is required to promptly disclose any conflict or potential conflict of interest, whether direct or indirect, in relation to a transaction or proposed transaction with the Company, as soon as practicable after the relevant facts have come to his knowledge. Where a director has a conflict or potential conflict of interest in relation to any matter, he is required to immediately declare his interest, recuse himself and refrain from participating in discussions regarding a transaction or proposed transaction in which he has an interest or is conflicted, unless the Board is of the opinion that his presence and participation is necessary to enhance the efficacy of such discussion. Nonetheless, he should abstain from voting in relation to the conflict-related matters.

Board Orientation, Training and Updates

Incoming new Directors are given proper guidance and orientation (including on-site visits to the Group's operational facilities) upon their appointment, to familiarise them with the Group's business, operations, financial performance and key management personnel of the Group as well as corporate governance practices to facilitate the effective discharge of their duties.

Newly-appointed Directors will be given a formal letter explaining his duties and obligations as a director. They will also be briefed by Management on the Group's business, its strategic directions as well as its corporate governance policies. Orientation programmes and familiarisation visits are organised, if necessary, to facilitate a better understanding of the Group's operations.

If a newly appointed director has no prior experience as a director of a company listed on Singapore Exchange Securities Trading Limited ("SGX-ST"), he is required to attend courses and training organised by institutions such as Singapore Institute of Directors ("SID"), the Accounting and Corporate Regulatory Authority ("ACRA") and the SGX-ST at the Company's expense. He will also be encouraged to attend at the Company's expense, courses relating to the Singapore regulatory environment and audit essentials.

As part of the board renewal process and recognising the importance of building a diverse Board while balancing the need to avoid losing institutional memory to achieve long term sustainable development, Ms Caroline Wee joined the Board as Independent Non-Executive Director on 2 September 2022. The Company believes that Ms Caroline Wee, with her wealth of experience and qualifications, will be able to provide new perspectives to the Board as well as contribute to the core competencies of the Board. She is not related to any of the directors or controlling shareholders of the Company.

Ms Caroline Wee has attended and completed the Listed Entity Director Programme core modules comprising LED 1 to LED 4 and ESG conducted by SID.

Directors have the opportunity to visit the Group's operations here and overseas and meet Management to gain a better understanding of the Group's business operations globally. All directors are encouraged to continually keep abreast of developments in regulatory, legal and accounting frameworks that are relevant to the Group through the extension of opportunities for participation in relevant training courses, seminars and workshops where applicable, at the Company's expense. Appropriate external trainings will be arranged where necessary.

Provision 1.2

Provision 1.2

Directors are regularly updated on the Group's business activities and regulatory and industry specific environments in which the Group operates during the Board meetings. Changes to regulations and accounting standards are monitored closely by Management. The Board as a whole, is updated regularly on risk management, corporate governance and key changes in the relevant regulatory requirements and accounting standards. New releases issued by the SGX-ST and ACRA which are relevant to the directors are circulated to the Board so that they are kept updated on pertinent matters relating to the relevant regulatory requirements and their key changes such as listing rules, corporate governance, risk management, financial reporting standards and the Companies Act 1967 (the "**Act**").

All Board members have completed the mandated sustainability training course organised by SID *Rule 720(7)* as prescribed by SGX-ST pursuant to Rule 720(7) of the SGX-ST Listing Rules.

Principal Duties of the Board

In addition to its statutory duties, the principal functions of the Board include:

- a) supervising the overall management of the business and affairs of the Group and approve the Group's corporate and strategic policies and direction;
- b) formulating and approving the Group's financial objectives and monitoring its performance such as reviewing and approving of results announcements and approving of annual financial statements;
- c) reviewing and approving the Group's annual budgets, major funding proposals, investment/ divestment proposals and corporate or financial restructuring;
- d) overseeing the processes for evaluating the adequacy of internal controls and risk management including the review and approval of interested person transactions;
- e) ensuring that necessary financial and human capital resources are available for the Group to meet its objectives;
- f) reviewing and endorsing the framework of remuneration for the Board and key management personnel as recommended by the RC;
- g) approving the nominations to the Board of Directors and appointment of key management personnel, as recommended by the NC;
- h) considering sustainability issues e.g. environmental and social factors, as part of its strategic formulation; and

assuming responsibility for corporate governance and compliance with the Act and the rules and requirements of relevant regulatory bodies.

Board

CORPORATE GOVERNANCE REPORT (CONT'D)

Matters Requiring Board Approval

The Board has adopted a set of internal guidelines on matters requiring board approval. Matters that are specifically reserved for the approval of the Board include, among others, any material acquisitions and disposals of assets, corporate or financial restructuring, share issuances and proposing of dividends, annual budgets, significant legal and financial issues, announceable matters, interested person transactions, succession planning, appointment and replacement of directors and key management personnel, determination of their remuneration, and other matters as may be considered by the Board from time to time.

Delegation to Board Committees

The Board has delegated specific responsibilities to three committees namely, the AC, the NC and Provision the RC to assist in the execution of its responsibilities. Each committee has its own written terms of reference which clearly sets out its objectives, duties, powers and responsibilities and which has been amended to be in line with the Code. All Board Committees are actively engaged and play an important role in ensuring good corporate governance in the Company and within the Group. Minutes of all Board Committees have been circulated to the Board so that Directors are aware of and are kept updated as to the proceedings and matters discussed during the Committees' meetings.

While the Board Committees have the authority to examine particular issues and report back to the Board with their decisions and/or recommendations, the ultimate responsibility on all matters still lies with the entire Board.

Attendance at Board and Committee Meetings

Meetings of:

The Board conducts regular scheduled meetings on a guarterly basis. The Board and the Board Provision Committees meet regularly based on a meeting schedule planned in advance of each financial 1.5 year so as to ensure maximum attendance by all participants. Ad-hoc meetings are convened as Provision warranted by circumstances. If a Director is unable to attend meetings in person, telephonic or 1.6 video conference participation at meetings is allowed under the Company's Constitution. Between board meetings, important matters concerning the Company are also put to the Board for its decision via circular resolutions for directors' approval together with supporting memoranda to enable the directors to make informed decisions.

The attendance of Directors at Board and Committee Meetings held since May 2022 while they were members as well as at the Annual General Meeting ("AGM") of the Company held in August 2022 are set out below:

NC

AC

* Ms Caroline Wee joined the Board as a Non-Executive Independent Director and AC member on 2 September 2022.

Provision 1.3

14

Provision 1.5

In addition to the above, the Independent Directors had also met with the internal auditors and external auditors without the presence of the Executive Directors or Management at least once in FY2023.

During FY2023, the Independent Directors and Non-Executive Directors met amongst themselves with or without the presence of the Executive Directors and the management team on an ad-hoc basis to approve and/or discuss specific issues or matters relating to the Group. Such informal discussion and meetings are not included in the above table.

Multiple Board Representations

All directors are required to declare their board representations and ensure that sufficient *Provision* time and attention are given to the affairs of the Group. The NC will review the multiple board *1.5* representations held by the directors on an annual basis to ensure that sufficient time and attention is given to the affairs of the Group.

The NC has assessed that each Director in the Company is able to and has been adequately carrying out his duties as a director of the Company, taking into consideration the Director's number of listed company board representations and other principal commitments. The Committee also took into consideration the Company's existing practice of directors being assessed by each other as an additional check and balance on the performance of individual Directors and that a Director should have self-responsibility to determine whether he is able to discharge his duties properly and effectively as a director when taking on additional listed company board seats. The NC, with concurrence from the Board, has adopted a guide that a director should not have in aggregate more than five (5) listed company board representations to be able to devote sufficient time and attention to the affairs of the Company. None of the directors have exceeded this limit.

Access to Information

Directors are given full access to the management team and the Company Secretary, all Board and *Provision* Board Committee minutes and all approval and information papers. *1.6*

Board members are provided with quarterly management reports and from time to time, they are furnished with all relevant information on material events and transactions to enable them to be fully cognisant of the decisions and actions of the Company's Executive Management. Detailed board papers are prepared for each Board meeting. The board papers include sufficient information from Management on financial, business and corporate issues and are normally circulated in advance of each meeting to enable the Directors to obtain further explanations, where necessary, in order to be briefed properly before the meeting.

The Directors are also regularly updated on the business activities of the Group and when there are significant developments or events relating to the Group's business operations.

Management has access to the Directors for guidance or exchange of views outside of the formal environment of the Board meetings.

The Company provides for the Directors, individually or as a group, to have separate and independent access to the Company Secretary at all times and they have been provided with the phone numbers and e-mail particulars of the Company Secretary. Each director has the right to seek independent legal and other professional advice where necessary, at the Company's expense, concerning any aspect of the Group's operations or undertakings in order to fulfil her/his duties and responsibilities as a Director and after consultation with the Chairman of the Board.

Provision 1.7

The Company Secretary attends all Board and Committee meetings and ensures Board procedures are followed. The role of the Company Secretary has been clearly defined which includes, inter alia, advising the Board on all matters regarding the proper functioning of the Board, compliance with the Company's Constitution, the Act, relevant provisions of the Securities and Futures Act and the Listing Manual of the SGX-ST. The Company Secretary assists the Board in implementing and strengthening corporate governance policies and procedures.

Under the direction of the Chairman, the Company Secretary ensures good information flow to and within the Board and the Board Committees and between Management and the Non-Executive Directors. During FY2023, the Company Secretary attended meetings of the Board and its Committees and the minutes of such meetings were circulated to all members of the Board and Board Committees. The appointment and removal of the Company Secretary is subject to the approval of the Board as a whole.

BOARD COMPOSITION & GUIDANCE

Principle 2: The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the company.

There is an appropriate level of independence and diversity of thought and background in the Rule 210(5)(c) Board's composition to enable it to make decisions in the best interest of the Company. As of 30 April 2023, the Board comprises six board members, of whom four are Independent and Non-Executive Directors.

The composition of the Board and independence of each Director is assessed and reviewed annually by the NC to ensure that the Board has the appropriate mix of expertise and experience to govern and manage the Group's affairs.

An Independent Director is one who is independent in conduct, character and judgment and Provision has no relationship with the Company, its related corporations, its substantial shareholders or its 2.1 officers that can interfere, or be reasonably perceived to interfere with the exercise of the director's independent business judgment to the best interests of the Company.

The NC conducted its annual review of the directors' independence and is satisfied that the Provisions Company complies with Guideline 2.1 of the Code and Rule 210(5)(c) of the Listing Manual of 2.1, 4.4 SGX-ST which requires independent directors to consist of at least one-third of the Board. and Rule

210(5)(c)

Rule 210(5)(d) of the Listing Manual of the SGX-ST also sets out circumstances under which a director will not be independent. The NC and the Board took into account the existence of 210(5)(d) relationships or circumstances, including those identified by the SGX-ST Listing Rule 210(5) (d) and the Code's Practice Guidance ("Practice Guidance"), that are relevant in determining a director's independence and considered whether a director has business relationships with the Group, its substantial shareholders or its officers and if so, whether such relationships could interfere or be reasonably perceived to interfere, with the exercise of the director's independent business judgement in the interest of the Group. A director will not be considered independent if he/she is employed by the Company or any of its related corporations for the current or any of the past three (3) financial years or if he/she has any immediate family members who is employed by the Company or any of its related corporations for the past three (3) financial years and whose remuneration is determined by the RC or if he has been a director of the Company for an aggregate period of more than nine years. Such director may continue to be independent until the conclusion of the Company's next annual general meeting in 2024.

The Company's process of determining whether a director is independent includes the use of a declaration form on independence which each independent director is required to complete and submit to the NC for its annual review. The results of the self-assessment are then collated by the Company Secretary and reported to the Board.

For FY2023, the NC has assessed the independence of Mr Sam Chong Keen, Mr Leslie Mah Kim Loong, Mr Kazumichi Mandai and Ms Caroline Wee and was satisfied that there were no relationship or other factors such as financial assistance, past association, business dealings, being a representative of a shareholder, financial dependence, relationship with the Group or the Group's management, which would impair or compromise their independent judgement or which would deem them not to be independent. The NC is of the view that the Board has sufficient independent element and its composition is appropriate to facilitate effective decision-making.

Each Independent Director had recused himself or herself in the determination of his or her own independence.

Proportion of Non-Executive Independent Directors

The Chairman is a Non-Executive Independent Director.

The NC and the Board are of the opinion that there is an appropriate level of independence as the Board is able to exercise objective judgment independently from Management as all key issues and strategies are thoroughly reviewed and discussed by all Board members and constructively challenged by the Independent Directors. The NC and the Board are of the view that the independence of independent directors must be based on the substance of their professionalism, integrity and objectivity and not merely based on form such as the number of independent directors that must make up a majority of the Board.

No individual or small group of individuals dominate the decisions of the Board.

Provision 2.2

Rule

As more than one third of the Board comprised independent and non-executive directors in *Provision* FY2023 and the Chairman is a non-executive independent director, the NC is of the view that the *2.2 and 2.3* Board has sufficient independent element and composition is appropriate to facilitate effective decision-making and aid the development of the Group's strategic processes, to review the performance of the Management in meeting agreed goals and objectives, and monitor the reporting of performance and operations, as an appropriate check and balance.

The Non-Executive Independent Directors, have constructively challenged and helped Management develop proposals on business strategies for the Company and the Group, taking into consideration the long-term interests of the Group and its stakeholders. The Non-Executive Independent Directors also reviewed the performance of Management in achieving agreed goals and objectives for the Company and the Group, and monitored the reporting of performance. Their views and opinions also provide different perspectives to the Group's business. The Company is in compliance with Rule 210(5)(c) of the Listing Manual of the SGX-ST, which requires the Board to have at least two non-executive directors who are independent and free of any material business or financial connection with the Company.

To discharge its oversight responsibilities, the Board must be an effective board which can lead and control the business of the Group. There is a process of refreshing the Board progressively over time so that the experience of longer serving directors can be drawn upon while tapping into the new external perspectives and insights which more recent appointees bring to the Board's deliberation.

Independence of Directors Who Have Served on the Board beyond Nine (9) Years

Particular attention is given to reviewing and assessing the independence of any director who has served on the Board beyond nine years from the date of his/her appointment.

As at 30 April 2023, three independent directors, Mr Sam Chong Keen, Mr Leslie Mah Kim Loong and Mr Mandai Kazumichi, have served on the Board for more than 9 years from the date of their respective first appointment.

On 11 January 2023, Singapore Exchange Regulation ("**SGX RegCo**") announced listing rule changes to limit to nine years the tenure of independent directors serving on the boards of listed companies and to remove the two-tier vote mechanism for listed companies to retain long-serving independent directors who have served for more than nine years. Pursuant to Rule 210(5)(d)(iv) of the Listing Manual of the SGX-ST, which is applicable for an issuer's annual general meeting for the financial year ending on or after 31 December 2023, a director will not be independent if he has been a director of the issuer for an aggregate period of more than nine years (whether before or after listing) and such director may continue to be considered independent until the conclusion of the next annual general meeting of the issuer.

To provide issuers sufficient time for board appointments, SGX RegCo has established transitional arrangements and will implement the nine-year limit at issuers' AGMs for the financial year ending on or after 31 December 2023. The transitional arrangements apply between 11 January 2023 and the date of issuer's AGM for the financial year ending on or after 31 December 2023 (**"Transitional Period**"). During the Transitional Period, independent directors whose tenure exceeds the nine-year limit may continue to be independent until the conclusion of the next AGM of the issuer for the financial year ending on or after 31 December 2023.

In view of the Transitional Period, Mr Sam Chong Keen, Mr Leslie Mah Kim Loong and Mr Kazumichi Mandai continue to be considered independent until the conclusion of the Company's AGM to be held in 2024.

The NC and Board have determined that Mr Sam Chong Keen, Mr Leslie Mah Kim Loong and Mr Kazumichi Mandai continue to remain objective and independent-minded in Board deliberations. As Chairman of the Board, Mr Sam Chong Keen provides stability to the Board and the Group has benefited from the counsel and wealth of experience of Mr Sam Chong Keen, Mr Leslie Mah Kim Loong and Mr Kazumichi Mandai. Each of them has, over time, not only gained valuable insight into the Group, its business, markets and industry but has also brought the breadth and depth of their respective business experience to the Company. They have provided the Board and the various Board Committees on which they serve, pertinent counsel and guidance to facilitate sound decision-making. They have each not hesitated to express his own viewpoint as well as seek clarifications from Management on issues they deem necessary and each of them is able to exercise objective judgement on corporate matters independently, particularly from Management. Their length of service has not in any way interfered with their exercise of independent judgment nor hindered their ability to act in the best interests of the Company.

Taking into account the above, after due consideration and careful assessment, and also having weighed the need for Board refreshment against tenure for relative benefit, the NC and the Board are of the view that each of Mr Sam Chong Keen, Mr Leslie Mah Kim Loong and Mr Kazumichi Mandai is able to discharge his duties independently with integrity and competence.

Mr Sam Chong Keen, Mr Leslie Mah Kim Loong and Mr Kazumichi Mandai has each abstained from all NC and Board deliberations and decisions relating to his continued independence.

The Board also recognises that independent directors may over time develop significant insights in the Group's business and operations and can continue to provide noteworthy and valuable contribution objectively to the Board as a whole. They are of the view that the independence of the independent directors must be based on their substance of their professionalism, integrity and objectivity and not merely based on form such as the number of years which they have served on the Board. The NC, with the concurrence of the Board also weighed the need for Board refreshment against tenure for relative benefit. As it is in the interest of the Company to refresh the Board progressively, the NC is taking active steps to ensure that board renewal is conducted in an orderly manner, to avoid losing institutional memory.

As part of the board renewal process, Mr Leslie Mah Kim Loong, who is due to retire by rotation pursuant to Regulation 111 of the Constitution, will not be seeking re-election and will retire from the Board of Directors at the conclusion of the forthcoming AGM on 31 August 2023. Mr Leslie Mah Kim Loong has been a director of the Company since 2012. The Board and Management would like to express their heartfelt gratitude to Mr Leslie Mah Kim Loong for his invaluable contributions to the Group over the years. Meanwhile, the NC will continue to take the necessary actions to renew the Board progressively.

Rule 210(5)

Board Size and Board Diversity

The NC is of the view that the size of the Board and its board committees is appropriate, taking *Provision* into account the nature and scope of the Group's operations, the core competency, qualifications, skills and broad range of industry knowledge and business experience of the directors to govern and contribute to the effectiveness and success of the Group. The NC reviews the size of the Board as well as opportunities to refresh the Board from time to time.

Rule

710A(1)

and (2)

The Company's Board Diversity Policy sets out its approach to achieve diversity on the Board. The Company recognises and embraces the benefits of diversity of experience, age, skill sets, gender and ethnics on the Board and views board diversity as an essential element to support the attainment of its strategic objectives and sustainable development. This is achieved by enhancing the decision-making process of the Board through the perspectives derived from the various skills, business experience, industry discipline, gender, age, ethnicity and culture, geographical background and nationalities, tenure of service and other distinguishing qualities of the directors to avoid groupthink and foster constructive debate.

In reviewing and assessing the composition of the Board and making recommendations to the Board for the appointment of directors, the NC will consider all aspects of diversity including diversity of background, experience, gender, age, and other relevant factors such as distinguishing qualities of the members of the Board. These differences will be considered in determining the optimum composition of the Board and when possible, should be balanced appropriately.

Every year, the NC conducts its review of the composition of the Board, which comprises members of both genders from different backgrounds and ethnicity and whose core competencies, qualifications, skills, and experiences, meet the requirements of the Group at the point in time. The NC will continue to review the Board Diversity Policy, as appropriate, to ensure its effectiveness, and will recommend appropriate revisions to the Board for consideration and approval. It will also continue its identification and evaluation of suitable candidates to ensure there is diversity on the Board when progressively renewing the Board.

In terms of the Board's composition, the Company seeks to have a Board that comprises directors who, as a group, not only provide an appropriate balance and have diversity of professional experience, skills and knowledge but also of other aspects such as gender, age, ethnicity and culture, geographical background and nationalities.

However, the NC and Board does not intend pursuant to the Board Diversity Policy to appoint persons as directors by reason of their gender, age, ethnicity etc as token representatives on the Board or simply to meet quotas. In the Board's view, the fundamental principle is that the candidate must be of the right fit, taking into account the needs and future plans of the Group's businesses, and must meet the relevant needs and vision of the Board and the Company at the material time.

The current Board composition reflects the Company's commitment to board diversity. The Board comprise directors who as a group provide an appropriate balance and diversity of skills and experience including financial, industrial and business management and collectively possess the necessary core competences, qualifications, skills and experience to lead and govern the Group effectively. Each director provides a valuable network of industry contacts which are considered essential to the Group and was appointed on the strength of his/her calibre, experience, skill and stature.

During FY2023, the Directors are between the ages of 52 to 79 and half the Board members are female directors. In terms of independence, there is a strong element of oversight on the Board, as there are four non-executive independent directors representing over 66% of the total board membership. Whilst the majority of the Board members are Singapore citizens, there is a Japanese director on the Board. In addition, the Board comprises members with varying lengths of tenure, demonstrating a good balance between long-serving directors and recent appointees, merging indepth experience with contemporary talent.

The Board concurred with the NC's view that the size of the Board and the Board Committees is appropriate for the needs and demands of the Company's and the Group's operations. In terms of diversity, the Board members with their combined business, management, financial, and professional experience, knowledge and expertise, provide the core competencies to allow for diverse and objective perspectives on the Group's business and direction.

The Board's composition enables Management to benefit from a diverse and objective external perspective on issues raised before the Board, and the directors as a group provide the appropriate balance and mix of skills, knowledge, experience, and other aspects of diversity.

The NC and the Board have assessed the current level of diversity on the Board to be satisfactory and given the current size of the Board and the nature of the Group's business at present, the Board does not propose to set specific diversity targets or concrete timelines for achieving board diversity targets. Instead, the Company takes the approach that maintaining a satisfactory level of diversity is an ongoing process which may need to be updated as the business of the Group develops. This will be disclosed in future corporate governance reports as appropriate.

The NC and the Board will continue to review the Board Diversity Policy, as appropriate, to ensure its effectiveness, and will recommend appropriate revisions to the Board for consideration and approval. It will also continue its identification and evaluation of suitable candidates to ensure there is diversity on the Board.

Details of the directors' qualifications, background and working experience are set out under the "Board of Directors" section of this annual report.

Provision Where appropriate and necessary, the Independent Directors have discussions and meet without the Management's presence, to discuss matters such as the Group's financial performance, 2.5 corporate governance initiatives, board processes, succession planning and the remuneration of the Executive Directors and key management personnel.

The Board has no dissenting view on the Chairman's Letter to Shareholders for the financial year in review.

CHAIRMAN AND CHIEF EXECUTIVE OFFICER ("CEO")

Principle 3: There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision-making.

The Chairman and CEO are separate persons to ensure an appropriate balance of power, increased *Provision* accountability, and greater capacity of the Board for independent decision making. *3.1*

Rule

The Chairman is a non-executive appointment and is separate from the office of the CEO. There is a clear segregation of the roles and responsibilities between the Chairman and the CEO to ensure an appropriate balance of power, increased accountability, and greater capacity of the Board for independent decision making. As the Chairman and CEO are not related, no Lead Independent Director was appointed.

The Chairman leads the Board and is responsible for the strategic direction of the Group, the *Provision* workings of the Board and communicating the performance of the Company and the Group to the Board and shareholders. The Chairman encourages active and effective engagement, participation and contribution from all Directors and facilitates constructive relations among and between them and management.

At general meetings of shareholders, the Chairman plays a pivotal role in fostering constructive dialogue between shareholders, the Board and management.

Mr Conson Tiu Sia, who was appointed as CEO-Designate on 1 February 2023, has successfully completed the 6-month assessment period as CEO-Designate and was subsequently appointed as CEO on 1 August 2023. He bears full executive responsibility for the Group's operations. He, together with the assistance of a team of key management personnel, is responsible for the day-to-day management of the Group and executing the Group's strategies and policies. The CEO attends the quarterly AC and Board meetings at the invitation of the AC and Board and updates them on strategic and operational aspects of the Group's business. The performance of the CEO is reviewed periodically by the RC.

Separately, Mr Wee Kok Wah, who was appointed as Founder and Senior Advisor on 1 November 2021, provides invaluable guidance and counsel to the members of the Board as well as the senior management team. Prior to this appointment, Mr Wee was the Managing Director of the Company.

Lead Independent Director

The Code encourages the appointment of a lead independent director to provide leadership in *Provision* situations where the chairman is conflicted, and especially where the chairman is not independent. *3.3*

As the Chairman of the Board, Mr Sam Chong Keen, is an Independent Director, the Board is of the view that the appointment of a lead independent director is not necessary.

BOARD MEMBERSHIP

Principle 4: The Board has a formal and transparent process for the appointment and reappointment of directors, taking into account the need for progressive renewal of the Board.

NC Composition and Role

The NC comprises three Directors, the majority of whom, including the Chairman, are IndependentProvisionsDirectors. The NC Chairman is Mr Sam Chong Keen and the other members are Mr Leslie Mah Kim1.4 and 4.2Loong and Dr Wee Li Ann.Rule1207(10B)

The NC is guided by written terms of reference approved by the Board and its principal functions *Provision* are to establish a formal and transparent process on matters relating to and including: 4.1

- (a) making recommendations to the Board on relevant matters relating to:
 - (i) the review of succession plans for Directors, in particular the appointment and/or replacement of the Chairman, the CEO and key management personnel;
 - (ii) the process and criteria for evaluation of the performance of the Board, its Board Committees and Directors;
 - (iii) the review of training and professional development programmes for the Board and its Directors;
 - (iv) the appointment and re-appointment of Directors (including alternate directors, if any);
- (b) reviewing and determining annually, and as and when circumstances require, if a Director is independent, in accordance with the Code and any other salient factors; and
- (c) where a Director or proposed Director has multiple board representations, deciding whether the Director is able to and has been adequately carrying out his duties as a Director taking into consideration the Director's number of listed company board representations and other principal commitments.

Nomination and selection of Directors

The NC is responsible for recommending identified candidates to the Board to fill vacancies arising from resignation, retirement or any other reasons or if there is a need to appoint additional directors with the required skill, knowledge or experience to the Board in order to fill any identified competency gap in the Board. Suitable candidates for Board membership are then identified through, *inter alia*, recommendations from current Board members, substantial shareholders, management or through third-party referrals.

Board renewal is a continuous process and is a crucial element of the Group's corporate governance process. In this regard, the NC reviews annually the composition of the Board and Committees, which includes size and mix, and recommends to the Board the selection and appointment of new directors with a view to identify any gaps in the Board's skills set taking into account the Group's strategy and business operations. The NC seeks to refresh the Board membership progressively and has taken active steps in this regard to ensure that this is done in an orderly manner, to avoid losing institutional memory.

The selection criterion includes integrity, diversity of competencies, expertise, industry experience and financial literacy. The NC and the Board will interview short-listed candidates before discussing and approving the final appointment. For existing directors who retire and stand for re-election, based on the evaluation of these directors, the NC will make recommendations for the re-nomination of such directors.

The Company has the following process for the selection and appointment of new directors:

- the NC recommends to the Board a suitable size of the Board; and evaluates the balance of skills, knowledge and experience of Board members required to add value and facilitate effective decision-making, taking into consideration the scope and nature of the Group's operations;
- the NC considers the channels for seeking suitable candidates and draw up a list of potential candidates. Sources may include internal promotion, recommendations from directors/substantial shareholders/management or external search consultants;
- (iii) short-listed candidates will be required to furnish their curriculum vitae stating in detail their qualification, working experience, employment history, and to complete certain prescribed forms to enable the NC to assess the candidate's independence status;
- (iv) the NC evaluates the candidates' capabilities by taking into consideration certain criteria such as diversity of skills, experience, background, gender, age, ethnicity and other relevant factors and how the candidates fit into the overall desired competency matrix of the Board; and
- (v) the NC makes recommendation to the Board for approval. The Board is to ensure that the selected candidate is aware of the expectations and the level of commitment required.

All Directors must submit themselves for re-nomination and re-election at least once every three *Rule 720(5)* years. The Company's Constitution provides for one-third of the Directors to retire by rotation and be subject to re-election at every AGM. A newly appointed director must also subject himself/ herself to retirement and re-election at the AGM immediately following his/her appointment. Thereafter, he/she is subject to retirement by rotation at least once every three years.

Key information of each director is set out on pages 4 to 5 of this report and the dates of their initial appointment and last re-appointment/re-election are set out below:

Name of Director	Date of initial appointment	Date of last re-appointment/re-election
Sam Chong Keen	9 December 1994	30 September 2020
Mrs Dawn Wee Wai Ying	11 October 1989	29 September 2021
Dr Wee Li Ann	9 December 2009	31 August 2022
Leslie Mah Kim Loong	1 December 2012	29 September 2021
Kazumichi Mandai	1 December 2012	31 August 2022
Caroline Wee	2 September 2022	-

Accordingly, at the coming AGM on 31 August 2023, Ms Caroline Wee will be retiring pursuant to Regulation 115 of the Company's Constitution. The directors due for re-nomination and reappointment at the forthcoming AGM under Regulation 111 of the Company's Constitution are Mr Sam Chong Keen and Mr Leslie Mah Kim Loong. Ms Caroline Wee and Mr Sam Chong Keen have offered themselves up for re-election. As part of the board renewal process, Mr Leslie Mah Kim Loong, who is due to retire by rotation pursuant to Regulation 111 of the Constitution, will not be seeking re-election and will retire from the Board of Directors upon the conclusion of the AGM on 31 August 2023. He will also relinquish his position as AC Chairman and member of the NC and RC.

Having assessed the contribution and performance of Mr Sam Chong Keen and Ms Caroline *Rule 720(5)* Wee, the NC has recommended the re-election of the two directors who are due to retire at the forthcoming AGM. The Board has accepted the recommendations of the NC. Each director had recused herself/himself relating to the recommendation on her/his re-election as director of the Company.

Subject to their re-election:

- (a) Mr Sam Chong Keen will continue to serve as the Non-Executive and Independent Chairman of the Board, a member of the AC and Chairman of the NC and the RC; and
- (b) Ms Caroline Wee will continue to serve as a Non-Executive and Independent Director and a member of the AC.

The requisite information pursuant Appendix 7.4.1 of the SGX-ST Listing Manual pertaining to the *Rule 720(6)* retiring directors can be found on pages 142 to 144 of this Annual Report.

Continuous review of Directors' independence

The NC is charged with determining annually, and as and when circumstances require, the independence of each independent director, having regard to the circumstances set forth in Provision 2.1 of the Code, its Practice Guidance and Rule 210(5)(d) of the Listing Manual of the SGX-ST.

Each independent director of the Company will confirm his independence (or otherwise) based on a checklist annually. The checklist is drawn up based on the guidelines provided under the Code. In FY2023, the NC had reviewed the independence of the independent directors, having regard to the circumstances set forth in Provision 2.1 of the Code, its Practice Guidance and the SGX-ST Listing Manual.

As described under the section on Board Independence, the Board, after taking into consideration the views of the NC, is of the view that Mr Sam Chong Keen, Mr Leslie Mah Kim Loong, Mr Kazumichi Mandai and Ms Caroline Wee are independent and that no individual or small group of individuals dominate the Board's decision making.

Directors' time commitments

The NC ensures that new Directors are aware of their duties and obligations. The NC also decides if a Director is able to and has been adequately carrying out his or her duties as a director of the Company. As part of the assessment of the performance of each individual Director, there is consideration of whether sufficient time and attention has been given by the Director to the affairs of the Company. The NC is satisfied that all Directors were able to and have adequately carried out their duties as a director of the Company for FY2023.

The NC also believes that contributions from each director can be reflected in other ways other than the reporting of attendances of each Director at the Board and Board Committees meetings as well as the frequency of such meetings. A director would have been appointed on the strength of his experience and his potential to contribute to the proper guidance of the Group and its business. To focus on a director's attendance at formal meetings alone may lead to a narrow view of a director's contribution. It may also not do justice to his contributions, which can be in many forms, including Management's access to him for guidance or exchange of views outside the formal environment of the Board.

The listed company directorships and principal commitments of each director are disclosed on pages 4 to 5 of the Annual Report.

The NC does not encourage the appointment of alternate directors and none of the directors has an alternate director.

BOARD PERFORMANCE

Principle 5: The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its board committees and individual directors.

The NC, has with the approval of the Board, established performance criteria and evaluation procedures for evaluation and assessment of the effectiveness and performance of the Board, the Committees as well as the contribution by the Chairman and for each individual director. The NC evaluates and assesses the effectiveness of the Board taking into consideration appropriate performance criteria and upon its recommendation, the Board makes a formal annual assessment of its effectiveness as a whole, its Board Committees and each Director.

Provision 5.1

Provision

4.5

The NC has implemented a formal appraisal process to assess the performance and effectiveness of the Board as a whole annually. It focuses on a set of performance criteria which includes the evaluation of the size and composition of the Board, the Board's access to information and Board accountability. The findings of such evaluations were analysed and discussed with a view to identifying areas for improvement and implementing certain recommendations to further enhance the effectiveness of the Board. In its evaluation, the NC considers the expertise and experience of each Board member, their attendance, participation and contributions to the Board both inside and outside of Board meetings which can be in many forms, including Management's access to him for guidance or exchange of views outside the formal environment of the Board.

Each Director submits an assessment of the Board and the board committees, and a peer assessment of each of the other Directors to assess the contributions by the Chairman and each individual director to the effectiveness of the Board. These detailed forms assess directors in various different areas and competencies, including their attendance and contributions at meetings, preparedness for meetings etc. The evaluation of the Board and the Board Committees focus on a set of performance criteria approved by the Board which includes the size and composition of the Board, Board independence, the Board's access to information and Board's accountability, board committee performance in relation to discharging their responsibilities as set out in their respective terms of reference. The responses are collated by the external Company Secretary and a consolidated report is submitted to the Board. The responses are then discussed by the Board to determine the areas for improvement and enhancement of the effectiveness of the Board and its Board Committees.

Provision 5.2

Following the review in FY2023, the Board is of the view that the Board and its Board Committees operate effectively and that each director is contributing to the overall effectiveness of the Board and its Board Committees.

No external facilitator was involved in the Board evaluation process in FY2023.

REMUNERATION MATTERS

PROCEDURES FOR DEVELOPING REMUNERATION POLICIES AND LEVEL AND MIX OF REMUNERATION

Principle 6: The Board has a formal and transparent procedure for developing policies on director and executive remuneration, and for fixing the remuneration packages of individual directors and key management personnel. No director is involved in deciding his or her own remuneration.

Principle 7: The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the company, taking into account the strategic objectives of the company.

Composition and Role

The RC comprises three Non-Executive and Independent Directors. It is chaired by Mr Sam ChongProvisionsKeen and the members are Mr Leslie Mah Kim Loong and Mr Kazumichi Mandai.1.4 and 6.2

Rule 1207(10B)

The RC is guided by written terms of reference approved by the Board and its principal *Provision* responsibilities are: 6.1

- (a) reviewing and making recommendations to the Board on:
 - a comprehensive framework of remuneration and guidelines for the Board and key management personnel of the Group; and
 - the specific remuneration packages for each Director, CEO as well as for the key management personnel,

and in doing so the RC considers all aspects of remuneration, including termination terms, to ensure they are fair;

- (b) reviewing the Company's obligations arising in the event of termination of the Executive Directors, CEO and key management personnel's contracts of service;
- (c) where an external remuneration consultant is appointed, reviewing whether the remuneration consultant has any relationship with the Company that could affect his or her independence and objectivity; and
- (d) reviewing annually the remuneration of employees who are substantial shareholders of the Company, or are immediate family members of a director, the CEO or a substantial shareholder of the Company, and whose remuneration exceeds S\$100,000 during the year.

The RC has explicit authority to seek appropriate expert advice in the field of executive
compensation outside the Company on remuneration matters when necessary. During the financial
year, the RC did not engage the service of an external remuneration consultant.Provision6.4

Remuneration Framework

The RC reviews and recommends to the Board the framework of remuneration for key executives *Provision* and for directors serving on the Board and Board committees. The review of specific remuneration *6.3 and 7.1* packages includes fees, salaries, bonuses and incentives. It also administers the Company's Employee Share Option Schemes and Performance Share Schemes, if any. Although the recommendations are made in consultation with Management, the remuneration packages are ultimately approved by the Board. No Director is involved in deciding his or her own remuneration. In setting the remuneration framework, the RC has considered all aspects of remuneration. The RC aims to be fair and avoids rewarding poor performance.

Remuneration for key executives is based on corporate and individual performance with certain key executives entitled to profit-sharing bonuses based on certain profit on a realized basis. There are appropriate and meaningful measures in place for the purposes of assessing the performance of the Executive Directors and key management personnel. Although the recommendations are made in consultation with Management, the remuneration packages are ultimately approved by the Board. No Director is involved in deciding his own remuneration.

In performing its function, the RC endeavours to establish an appropriate remuneration policy to attract, retain and motivate the Executive Directors and key management personnel whilst at the same time ensuring that the reward in each case takes into account individual performance as well as corporate performance.

Executive Directors have service contracts which include terms for termination under appropriate notice.

Non-Executive Directors are paid directors' fees, which consist of a basic retainer fee as director *Provision* and an additional fee for serving on any of the Board Committees. The fees paid to Directors take into consideration the knowledge and expertise of each individual Director, the responsibilities vested upon them and the effort and time commitment required from them given the complexities of the business and the business structure. Such fees are recommended for approval by shareholders as a lump sum payment at the AGM.

The Board concurred with the RC that the proposed directors' fees for the year ending 30 April 2024 are appropriate and not excessive, taking into consideration the level of contributions by the Directors and factors such as effort and time spent for serving on the Board and Board Committees, as well as the responsibilities and obligations of the Directors. The payment is subject to approval of the shareholders at each AGM. No individual Director is involved in deciding his own remuneration.

In performing its function, the RC endeavours to establish an appropriate remuneration policy Provision to attract, retain and motivate key management personnel and Executive Directors, while at the same time ensuring that the reward in each case takes into account, individual performance as well as corporate performance. The corporate and individual performance-related elements of remuneration are designed to align the interests of Executive Directors and key management personnel with those of shareholders and other stakeholders and to promote the long-term success of the Group.

At the moment, the Company does not use any contractual provisions to reclaim incentive components of remuneration from Executive Directors and key management executives in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss to the Company. The RC will consider, if required, whether there is a requirement to institute such contractual provisions to allow the Company to reclaim the incentive components of the remuneration of the Executive Directors and key management personnel paid in prior years in such exceptional circumstances.

Except as disclosed below and in the Directors' Statement and Financial Statements, no material contracts (including loans) of the Company or its subsidiaries involving the interests of any of the directors or controlling shareholders, subsisted at the end of the financial year or had been entered into since the end of the previous financial year.

DISCLOSURE OF REMUNERATION

Principle 8: The company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

Notwithstanding that it is a variation from Provision 8.1 of the Code, the Company wishes to disclose the remuneration of the Executive Directors in bands of \$250,000 for FY2023. The Company is of the view that the intent of Principle 8 was met, as the remuneration policies and the procedure for setting remuneration applicable to the Executive Directors are described above, and the level and mix of remuneration is disclosed in the table below.

The Board supports and is aware of the need for transparency. However, after deliberation and debate, the Board is of the view that as the remuneration packages are confidential and sensitive in nature, full disclosure of the specific remuneration of each individual Director and the Group's key management personnel (who are not directors) is not in the best interest of the Company. Inter alia, the Board has taken into account the very sensitive nature of the matter, the relative size of the Group, the highly competitive business environment the Group operates in, the competitive pressures in the talent market and the irrevocable negative impact such disclosure may have on the Group and which would place the Group in a competitively disadvantageous position.

Provision 8.1(a)

7.3

Details of remuneration and benefits of Directors and Key Management Personnel for the financial
year ended 30 April 2023 which will provide sufficient overview of the remuneration of Directors
and key management personnel as set out below:-Provision
8.1(a)
and (b)

	Directors' fees %	Fixed salary and benefits %	Performance related bonus %	Total %
Executive Directors Between \$250,000 and \$500,000				
Mrs Dawn Wee Wai Ying	-	70	30	100
Dr Wee Li Ann	15	70	15	100
Non-Executive Directors Below \$100,000				
Sam Chong Keen	100	_	_	100
Leslie Mah Kim Loong	100	-	-	100
Kazumichi Mandai	100	-	-	100
Caroline Wee	100	-	-	100
CEO <i>Between \$250,000 and \$500,000</i> Conson Tiu Sia	-	69	31	100
Key Management Personnel Between \$250,000 and \$500,000				
Cham Soon Kian	-	93	7	100
Clare Law Lay Kian	-	74	26	100
Colin Choo Nee Ann	-	67	33	100
Frank Ng Tse Lim	-	84	16	100

Key Management Personnel

The Company is of the view that the intent of Principle 8 of the Code 2018 was met, as the remuneration policies and the procedure for setting remuneration applicable to the key management personnel of the Company are described above, and the level and mix of remuneration are disclosed above.

Provision 8.1(b)

Given the challenging and highly competitive industry conditions in which the Group operates in and in the interest of maintaining good morale and a strong spirit of teamwork within the Group, the Company has weighed the advantages and disadvantages of the disclosure relating to the remuneration of the five top key management personnel (who are not directors) of the Group for the financial year ended 30 April 2023 and believe that such disclosure may be prejudicial to its business interest given the highly competitive business environment it is operating in, the tight labour market as well as the competitive pressures in the talent market. As such, to support the Company's efforts to attract and retain executive talents, the disclosure relating to the remuneration of the top four key management personnel (who are not directors or the CEO) of the Group is only set out in bands of S\$250,000 and above. Their profiles are found on pages 6 to 7 of this Report.

The Company believes that the remuneration information as disclosed above will be sufficient for shareholders to have an adequate appreciation of the remuneration of the Key Management Personnel and wishes to maintain confidentiality of remuneration in the interest of maintaining good morale and a strong spirit of teamwork within the Group.

Employees related to substantial shareholder, Director or CEO.

Other than as described below, there are no employees of the Group who are immediate family *Provision* members of a director or the CEO and whose remuneration exceeds S\$100,000 for the financial 8.2 year.

Mr Wee Kok Wah, who is a substantial shareholder of the Company, is the spouse of Mrs Dawn Wee Wai Ying and father of Dr Wee Li Ann, both executive directors of the Company. Mr Wee Kok Wah took on the role of Founder and Senior Advisor with effect from 1 November 2021 and his remuneration in FY2023 for that role was S\$498,000. Separately, there was also a one-off lump sum payment in FY2023 made to Mr Wee Kok Wah, when he stepped down as Managing Director of the Company, that was approved by shareholders at the AGM held on 31 August 2022 pursuant to Section 168 of the Act.

All forms of remuneration and other payments and benefit (if any), paid by the Company and *Provision* its subsidiaries/ subsidiary companies or subsidiary corporations whose financial statements are consolidated with the Company's financial statements, to Directors and key management personnel of the Company are disclosed in the tables above.

Details of the Company's Employee Share Option Schemes and Share Performance Schemes, if any, will be provided in the Directors' Statement. *1207(16)*

ACCOUNTABILITY & AUDIT

RISK MANAGEMENT AND INTERNAL CONTROLS

Principle 9: The Board is responsible for governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the company and its shareholders.

The Board is cognisant of its responsibility for maintaining a sound system of internal controls *Provision* to safeguard the investment of its shareholders and the assets and business of the Group. The Board determines the nature and extent of the significant risks which the Company is willing to take in achieving its strategic objectives and value creation and the AC assumes the duties and responsibilities of the risk management function to specifically address these issues.

Risk Management

As proper risk management is a significant component of a sound system of internal control, the Group has put in place a strategic enterprise risk management ("**ERM**") framework since FY2007. The Board recognises the importance of establishing a formal ERM Framework to facilitate the governance of risks and monitoring the effectiveness of internal controls.

In addition, the Group has set up an executive Risk Management Committee ("**RMC**") to oversee that appropriate risk management policies are put in place and there are processes to evaluate the risks monitored under the ERM framework. The RMC, comprising members of the Senior Management team, is responsible for setting the direction of corporate risk management and monitoring the implementation of risk management policies and procedures.

The RMC has established an enhanced risk management policy to provide guidance to Management on key risk parameters. The significant risks in the Group's business, including mitigating measures, were also reviewed by the RMC and reported to the AC and the Board. Risk registers are maintained by the business and operational units which identify the key risks facing the Group's business and the internal controls in place to manage those risks. These risks have been categorized as strategic, operational, financial or compliance risks and the main areas of financial risk, faced by the Group are foreign currency exchange risk, interest rate risk, credit risk and liquidity risk.

The RMC together with the Executive Director and Group Financial Controller have confirmed to the AC and the Board the adequacy and effectiveness of the risk management system and internal controls.

The AC, with the assistance of the Internal and External Auditors, reviews and reports to the Board on the adequacy of the Company's system of internal controls, including financial, operational, compliance and information technology controls and taking into consideration the risk management perspective.

The AC may examine whatever aspects it deems appropriate of the Group's financial affairs, its internal and external audits and its exposure to risks of a regulatory or legal nature. It keeps under review the effectiveness of the Company's system of accounting and internal financial controls, for which the directors are responsible. It also keeps under review the Company's programme to monitor compliance with its legal, regulatory and contractual obligations.

For the financial year under review, the Board has received written assurance from:

- (a) the Executive Director and the Group Financial Controller that the financial records have been properly maintained and the financial statements give true and fair view of the Company's operations and finances; and
- (b) the Executive Director and other key management personnel who are responsible regarding the adequacy and effectiveness of the Company's risk management and internal control systems.

The Board recognises the need and is responsible for maintaining a system of internal controls and processes to safeguard shareholders' investments and the Group's assets. The AC monitors the effectiveness of the internal control systems and procedures and risk management systems. During the year, the Board and AC reviewed the effectiveness of the Company's internal control procedures and risk management systems. Provision 9.2

The system of internal controls and risk management established by the Company provides reasonable, but not absolute, assurance that the Group will not be adversely affected by any event that can be reasonably foreseen as it strives to achieve its business objectives. While acknowledging their responsibility for the system of internal controls, the Directors recognise that such a system is designed to manage, rather than eliminate risks, and therefore cannot provide absolute assurance in this regard, or absolute assurance against the occurrence of material errors or mis-statements, poor judgment in decision-making, human error, losses, fraud or other irregularities.

Based on the internal controls established and maintained by the Group, work performed by the internal auditor, and the statutory audit conducted by the external auditor, and reviews performed by Management, RMC and various Board committees, the Board, with the concurrence of the AC, is of the opinion that the Group's framework of internal controls (including financial, operational, compliance and information technology controls) and risk management systems, are adequate and effective to meet the needs of the Group's existing business objectives and provide reasonable assurance of the integrity and effectiveness of the Group in safeguarding its assets and shareholders' value.

There was no material weakness in risk management and internal controls noted as at 30 April 2023.

Risk management policies

The Group has set up objectives to manage the risks that arise from the normal course of its operations. The significant risks are summarised below:

(i) General business risk

The Group's major business is distribution of tyres and wheels. The Group is reliant on a few key suppliers for the supply of certain major brand of tyres. Some of these suppliers have granted exclusive distribution rights. Although the Group has a strong relationship with the principals (some exceeding 40 years), there is no assurance that the principals will continue to appoint the Group as their exclusive distribution agent in the future. Should any of the major principals decide to discontinue the distribution rights in the future, the Group could lose some of its market share and this could then have adverse financial impact on the Group. To mitigate this risk, the Group has been focusing on developing its own range of proprietary 'in-house' brands like Sumo Firenza, Sumo Tire and SSW to become less reliant on its principals.

As in any other business environment, the Group's assets are exposed to various risks arising from normal operations and natural disasters. Especially, the Group's inventory is highly flammable and susceptible to the risk of fire. It is the Group's practice to annually assess these risks and/or exposure to ensure that the Group is protected from potential monetary loss. In addition to other preventive measures, the Group ensures that adequate insurance coverage is maintained at all times to mitigate such risks except where the cost of insuring the asset is considered prohibitive in relation to the risks identified.

Rule 1207(10)

(ii) Product liability claims

The Group is exposed to claims from its customers for products sold by the Group which contain defects or found to be unfit for their intended use. The Group may be required to make financial compensation to its customers in such circumstances. The Group's principals are well established in the market place and their products are usually tested for safety before being marketed. The Group continues to spend considerable effort in ensuring the quality of its products and services. The Group provides its employees with relevant training, on a regular basis, to uphold the quality of services provided to its customers. The Group has no history of any significant claim made by its customers.

(iii) Credit and inventory risk

The Group faces normal business risks associated with collection of trade receivables and inventory obsolescence. The Group's exposure to credit risks arises mainly from sales made to distributors and retailers in various geographical locations. The Group has tight credit control policies and procedures to evaluate the credit worthiness of customers before credit is granted and to prevent significant concentration of credit risk. The Group also has adequate policies and procedures to minimise the risk of inventory obsolescence. The risk of inventory obsolescence may arise from changes in consumer preference and technology. It is the Group's policy to maintain optimum inventory level at all times. Inventory level is monitored regularly and slow-moving inventories are quickly identified for early disposal. The Group has also put in place a 'supply chain management' system to procure inventories in an effective manner to prevent excess inventories on hand.

The financial risk management objectives and policies are discussed in Note 35 to the financial statements.

AUDIT COMMITTEE

Principle 10: The Board has an Audit Committee which discharges its duties objectively.

AC Composition and Role

Provision The AC comprises four Non-Executive and Independent Directors. It is chaired by Mr Leslie Mah Kim Loong and the members are Mr Sam Chong Keen, Mr Kazumichi Mandai and Ms Caroline 1.4 & 10.2 Wee. Rule

1207(10B)

The profiles of each AC members are set out on pages 4 to 5 of this Annual Report. The Board is Provision of the view that the members of the AC have recent and relevant accounting or related financial 10.2 management knowledge, expertise and experience to discharge their responsibilities properly.

Provision None of the AC members are former partners or directors of, or have any financial interests in, the Company's existing auditing firm or auditing corporation. 10.3

The role of the AC is to assist the Board in overseeing the adequacy of the overall internal control Provision functions, the internal audit functions within the Group, the relationship of those functions to 10.1 external audit, the scope of audit by the external auditor as well as their independence.

The AC is guided by written terms of reference approved by the Board and its duties include:

Provision 10.1

- (a) reviewing the significant financial reporting issues and judgements so as to ensure the integrity of the financial statements of the Company and any announcements relating to the Company's financial performance;
- (b) reviewing at least annually the adequacy and effectiveness of the Company's internal controls and risk management systems;
- (c) reviewing the assurance from the Executive Director and the Group Financial Controller on the financial records and financial statements;
- (d) making recommendations to the Board on: (i) the proposals to the shareholders on the appointment and removal of external auditors; and (ii) the remuneration and terms of engagement of the external auditors;
- (e) reviewing the adequacy, effectiveness, independence, scope and results of the Company's external audit;
- (f) reviewing the adequacy, effectiveness, independence, scope and results of the Company's internal audit function;
- (g) reviewing the policy and arrangements for concerns about possible improprieties in financial reporting or other matters to be safely raised, independently investigated and appropriately followed up on;
- (h) deciding on the appointment, termination and remuneration of the head of the internal audit function, if any, as the primary reporting line of the internal audit function is to the AC;
- (i) meeting with the external auditors, and with the internal auditors, in each case without the presence of Management, at least annually;
- (j) reviewing and recommending the nature and extent of the significant risks which the Company is willing to take in achieving its strategic objectives and value creation;
- (k) reviewing any matters relating to suspected fraud or irregularity, or suspected infringement of any Singapore laws or regulations or rules of the SGX-ST or any other regulatory authority in Singapore, which has or is likely to have a material impact on the Company's or Group's operating results and/or financial position, and the findings of any internal investigations, and Management's response thereto, discussing such matters with the external auditor and, at an appropriate time, reporting the matter to the Board;
- (I) carrying out the functions set out in Section 201B of the Companies Act;
- (m) with reference to the Practice Guidance, having explicit authority to investigate any matter within its terms of reference, full access to and co-operation by Management, full discretion to invite any Director or executive officer to attend its meetings, and reasonable resources to enable it to discharge its functions; and
- (n) reporting to the Board the significant issues and judgements that the AC considered in relation to the financial statements, and how these issues were addressed.

The AC has been given full access and obtained the co-operation from the Management of the Company. The AC has the explicit authority to investigate any matter within its terms of reference. It also has full access to and co-operation by Management and full discretion to invite any Director or executive officer to attend its meetings, and reasonable resources to enable it to discharge its functions properly.

Quarterly (where applicable), half year and full year results are reviewed by the AC prior to their submission to the Board as are interested person transactions that fall within the scope of Chapter 9 of the Listing Manual of the SGX-ST.

Internal Audit

The AC approves the hiring, removal, evaluation and compensation of the internal auditors. The internal audit function is outsourced to Yang Lee & Associates ("YLA"), an external professional firm. The internal auditor conducts regular audit of internal control systems of the Group's companies, recommends necessary improvements and enhancements, and reports directly to the AC. The AC reviews and approves the annual internal audit plan. The internal auditor has unrestricted access to documents, records and personnel, including the AC and has appropriate standing within the Company.

The AC examines the effectiveness of the Group's internal control systems. The many assurance mechanisms operating are supplemented by the Internal Auditor's reviews of the effectiveness of the Group's material internal controls, including financial, operational and compliance and information technology controls. Any material non-compliance or failures in internal controls and recommendations for improvements are reported to the AC. The AC reviews the effectiveness of the actions taken by Management on the recommendations made by the internal auditors in this respect.

YLA is guided by the International Standards for the Professional Practice of Internal Auditing issued by the Institute of Internal Auditors and staffed with professionals with the relevant qualifications and experience. The AC is satisfied that the Company's internal audit function is independent, effective and adequately resourced to perform its functions and is staffed by suitably qualified and experienced professionals.

External Auditors

The Company's external auditor is Ernst & Young LLP ("**EY**"), an accounting firm registered with the Accounting and Corporate Regulatory Authority of Singapore.

Updates on the changes in accounting standards and treatment are prepared by the external auditor and circulated to members of the AC periodically for information.

To keep abreast of the changes in financial reporting standards and related issues which have a direct impact on financial statements, discussions are held with the external auditor where applicable, when they attend the AC Meetings.

The external auditor has full access to the AC which can conduct or authorise investigations into any matters within its terms of reference. The AC also has full access to and co-operation from Management and the discretion to invite any Director or Executive Officer to attend its meetings and has reasonable resources to enable it to discharge its functions. Minutes of the AC meetings are regularly submitted to the Board for its information and review.

The AC confirms that it has reviewed the nature and extent of all audit and non-audit services performed by the external auditor, to establish if their independence and objectivity as external auditor of the Company, had in any way been compromised. EY did not provide any significant non-audit services in FY2023. The fees payable to EY are disclosed on page 90 of this Annual Report.

The AC has also reviewed and confirmed that EY is a suitable audit firm to meet the Company's audit obligations, after taking into consideration the Audit Quality Indicators Disclosure Framework published by the ACRA and having regard to the adequacy of resources and experience of the firm and the assigned audit engagement partner, EY's other audit engagements, size and complexity of the Stamford Tyres Group, number and experience of supervisory and professional staff assigned to the audit.

Accordingly, the AC recommended to the Board the re-appointment of EY as external auditor of the Group for the year ending 30 April 2024. EY has been engaged to audit the accounts of the Company and its Singapore-incorporated subsidiaries. The accounts of the significant foreign-incorporated subsidiaries are audited by EY member firms in the respective countries. The Group has complied with Rules 712 and 715 of the Listing Manual in relation to its auditing firms.

AC's Activities in FY 2023

The AC has discussed with Management the accounting principles that were applied and their judgment of items that might affect the integrity of the financial statements.

Provision 1.4 of the Code recommends, *inter alia*, that a summary of the AC's activities be Provision 1.4 of the annual report. The AC performs the functions specified in Section 201B of the Act, the Listing Manual of the SGX-ST and the Code. The AC met four times during FY2023. The AC reviewed and approved the internal audit plan for execution.

In FY2023, the Group with the assistance of its internal auditors carried out an internal review of key operating cycles of its Thailand subsidiary. Any material non-compliance or lapses in internal controls together with corrective measures recommended by internal and external auditors were reported to the AC.

The AC also reviewed the effectiveness of the measures taken by management in response to the recommendations made by the internal and external auditors. The systems of internal controls and risk management are continually being refined by Management, the AC and the Board.

The AC has met with the internal and external auditors separately without the presence of Management for the year in review. In addition, updates on changes in accounting standards and treatment are prepared by the external auditor and circulated to the members of the AC periodically for information.

Significant financial statement reporting matters

The significant issues considered by the AC in relation to financial statements during the year ended 30 April 2023 are detailed below, alongside the actions taken by the AC to address these issues.

Significant matters considered	How these issues were addressed by the AC
Impairment assessment of investments in subsidiaries and joint ventures	The AC considered management's approach and analysis in assessing the carrying values of its investments in subsidiaries and joint ventures. The AC also considered the reasonableness of the assumptions used and judgements made on cash flow forecasts, discount rates and growth rates used, and was satisfied that these were appropriate. The external auditor has included the appropriateness of the carrying values of investments as a key audit matter in its Auditor's Report for the year ended 30 April 2023. This is on page 59 of the Annual Report.
Managing inventory and obsolescence risk	The AC considered the approach and methodology applied to the allowance for inventory obsolescence. The AC discussed the above with the external auditor to consider the reasonableness, appropriateness of analysis and assessments and disclosures made by management and was satisfied that these were appropriate. The external auditor has included managing inventory and obsolescence risk as a key audit matter in its Auditor's Report for the year ended 30 April 2023. This is on page 58 of the Annual Report.
Recoverability of trade receivables	The AC considered the approach and methodology relating to the monitoring and collectability of trade receivables and management's assessment in providing allowance for expected credit loss and the disclosures made. The AC discussed the above with the Management and external auditor to consider the reasonableness of the assessment and was satisfied that these were appropriate. The AC also reviewed the audit report and findings presented by the external auditor at the year-end meeting. The external auditor has included allowance for expected credit loss as a key audit matter in its Auditor's Report for the year ended 30 April 2023. This is on page 58 of the Annual Report.

Whistle Blowing Policy

The AC has put in place a "whistle blowing" or Corporate Ethics Compliance policy. The policy provides a channel for staff and third parties to confidentially report violations of the Group's Code of Ethics, business conduct, and improprieties in financial accounting, trade practices, conflict of interest, employee discrimination and health and safety. Reports can be made on an anonymous basis directly to the AC. Appropriate investigation will be carried out and the informant (if not anonymous) will be informed of the results. The objective is to ensure that arrangements are in place for independent investigations of such matters and for appropriate follow up action. The AC is responsible for oversight and monitoring of whistleblowing and the AC reviews all whistleblowing complaints, if any, at its quarterly and half-yearly meetings to ensure independence, thorough investigation and appropriate follow-up actions are taken. The Company is committed to ensuring that whistle-blowers will be treated fairly and protected against detrimental or unfair treatment for whistleblowing in good faith.

There was no whistle-blower complaint received by the Group in respect of FY2023.

SHAREHOLDERS' RIGHTS AND ENGAGEMENT SHAREHOLDER RIGHTS, CONDUCT OF SHAREHOLDERS MEETINGS

Principle 11: The company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the company. The company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

Conduct of General Meetings and Interaction with Shareholders

The Company provides shareholders with the opportunity to participate effectively in and vote *Provision* at general meetings of shareholders. All shareholders are informed through notices of general *11.1* meetings sent by post and such notices are also advertised in newspapers and made available on the SGX-ST's website.

All registered shareholders of the Company are invited and encouraged to attend and vote at general meetings. At the general meeting, shareholders have the opportunity to vote in person or by proxy and will be informed of voting procedures.

Participation of shareholders is encouraged at the AGM through the open question and answer session. The Directors and Management will be available to address any queries or concerns on matters relating to the Company and the external auditor will also be present to address shareholders' queries about the conduct of audit and the preparation and content of the auditor's report.

The Board has developed several channels, such as the Group's website, email or fax, for shareholders who are not able to attend the AGM to contribute their feedback and inputs regarding the Company and its operations.

Every matter requiring shareholders' approval is proposed as a separate resolution on each substantially separate issue unless the issues are interdependent and linked so as to form one significant proposal. Where resolutions are "bundled" the Company will explain the reasons and material implications in the notice of meeting.

Each item of special business included in the notice of meeting is accompanied, where appropriate, by an explanation for the proposed resolution. Proxy forms are sent with the Notice of meeting to all shareholders. Except for a shareholder who is a Relevant Intermediary as defined under Section 181(6) of the Act, a shareholder may appoint up to two proxies to attend and vote on his behalf at the general meeting through proxy forms deposited 72 hours before the meeting.

As authentication of shareholder identity information and other related security issues is still a *Provision* concern, the Company has decided, for the time being, not to implement voting in absentia by *11.4* mail, facsimile or email.

To promote greater transparency and effective participation, the Company has conducted the voting of all its resolutions by poll at all general meetings since 2012. Upon the conclusion of the general meetings, the detailed voting results, including the total number of votes cast for or against each resolution tabled, are announced at the general meetings and via SGX-ST's website. The Company will consider measures and legislations that may be introduced by the relevant authorities as a result of the current environment in formulating the framework and procedures to effect additional methods of voting.

The Directors, Management and the external auditor are present and available at the general *Provision* meetings to address any queries or concerns on matters relating to the Group and its operations. *11.3*

Conduct of AGM in 2022 amidst the Covid-19 pandemic

In FY2022, due to the Covid-19 pandemic crisis and in line with the initiatives implemented by the regulatory bodies (i.e. the Joint Guidance issued by the Accounting and Corporate Regulatory Authority, the Monetary Authority of Singapore ("MAS") and the SGX-ST), the Company conducted a virtual annual general meeting ("2022 AGM"). The virtual 2022 AGM was conducted on 30 August 2022 in accordance with the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debentures Holders) Order 2020 issued by the Ministry of Law (the "Meeting Order"). Shareholders were invited to participate in the virtual 2022 AGM by (a) observing and/or listening to the proceedings via live-audio webcast and (b) submitting questions in advance of the 2022 AGM and (c) appointing the Chairman of the Meeting as proxy to attend, speak and vote on their behalf at the 2022 AGM. The results of the poll votes on each resolution tabled at the AGM (including the total number of votes cast for or against each resolution) were announced at the virtual AGM and via SGXNet thereafter.

All Board members were present at the 2022 AGM with some of them attending the AGM remotely. All key executives (or executives of equivalent rank) and the external auditor attended the AGM remotely as well.

In compliance with the checklist jointly issued by ACRA, MAS and Singapore Exchange Regulation which provides further guidance to listed and non-listed entities on the conduct of general meetings, the Company published the minutes of the 2022 AGM on SGXNet and the Company's corporate website including responses to questions raised by shareholders in advance of the 2022 AGM.

Dividend Policy

While the Company has not formally instituted a dividend policy, it has a good track record of paying annual dividends to shareholders. In proposing any dividend payout and/or determining the form, frequency and/or the amount of such dividend payout, the Board will take into account, *inter alia*, the Group's financial position, retained earnings, results of operation and cash flow, the Group's expected working capital requirements, the Group's expected capital expenditure and future expansion and investment plans and other funding requirements, general economic conditions and other internal or external factors that may have an impact on the business or financial performance and position of the Group.

The Board endeavours to maintain a balance between meeting shareholders' expectations and prudent capital management with a sustainable dividend payout.

The declaration and payment of any dividend will be recommended by the Directors and the final dividend (if any) will be subject to approval by shareholders.

ENGAGEMENT WITH SHAREHOLDERS

Principle 12: The company communicates regularly with its shareholders and facilitates the participation of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the company.

Communication with shareholders and the investment community is maintained through regularProvisiondissemination of information such as announcements on half-yearly and full year results, press12.1, 12.2releases on the SGXNet and the Company's corporate website.and 12.3

To facilitate shareholders' ownership rights, the Company ensures that all material information is disclosed in a comprehensive, accurate and timely basis via SGXNet especially information pertaining to the Company's business development and financial performance which could have a material impact on the price or value of its shares so as to enable shareholders to make informed decisions in respect of their investments in the Company.

Although the Company does not have an investor relations policy, the Company has an Investor Relations Section on its corporate website which shareholders and other stakeholders may contact the Company with feedback or questions and there are procedures in place for following up and responding to stakeholders' queries as soon as applicable.

General meetings have been and are still the principal forum for dialogue with shareholders. Shareholders' views are sought at general meetings and shareholders are given the opportunity to air their view and ask the directors and management questions regarding the Company and the Group.

The Company is committed to treating all shareholders fairly and equitably and keep all shareholders and other stakeholders informed of its corporate activities, including changes in the Company or its business which would be likely to materially affect the price or value of its shares on a timely basis.

MANAGING STAKEHOLDERS RELATIONSHIPS ENGAGEMENT WITH STAKEHOLDERS

Principle 13: The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the company are served.

The Company values input from all of its stakeholder groups and uses a variety of channels and platforms to engage with them as well as receive their feedback. The Company identifies stakeholders as groups that have an impact or have the potential to be impacted by its business, as well as those external organisations that have expertise in aspects that the Company consider material.

The Company's efforts on sustainability are focussed on creating sustainable value for our key
stakeholders, which include communities, customers, staff, regulators, shareholders and vendors.ProvisionMore details will be disclosed in the standalone Sustainability Report for the financial year ended
30 April 2023 which will be issued not later than 4 months after the end of the financial year.13.2

Shareholders are encouraged to attend the Company's general meetings to ensure a greater level of shareholder participation and for them to be kept up to date on the strategies and goals of the Group. Annual reports, notices of annual general meetings and circulars and notices pertaining to any Extraordinary General Meetings of the Company are sent to all shareholders by post or by electronic transmission in accordance with the Act, the SGX-ST Listing Manual and the Company's Constitution.

To facilitate participation by shareholders, the Company's Constitution allows shareholders to attend and vote at general meetings of the Company by proxies. A shareholder who is not a relevant intermediary is entitled to appoint not more than two proxies to attend, speak and vote at the general meetings while a member who is a relevant intermediary is entitled to appoint more than two proxies to attend, speak and vote at the general meetings through proxy forms deposited 72 hours before the meeting. Notices of general meetings are advertised in the newspapers and available on the SGX-ST's website.

The Company does not practice selective disclosure. Shareholders are kept informed of the developments in the Group's businesses and operations through announcements via SGXnet as well as through the annual report. Announcements are made as soon as possible to ensure timely dissemination of the information to shareholders and the public. Results and the annual reports are announced or issued within the mandatory periods.

To further enhance its communication with investors, the Company's website <u>www.stamfordtyres.</u> <u>com</u> allows the public to access information on the Group directly. The Company's website is updated regularly and contains various information on the Company and the Group and serves as an important resource for investors and all stakeholders.

OTHER CORPORATE GOVERNANCE MATTERS

DEALINGS IN SECURITIES

The Group has put in place an internal compliance code which prohibits dealings in the securities of the Company by the Company, Directors and employees while in possession of unpublished material price-sensitive information, and during the one month preceding, and up to the time of announcement of the Company's results for the first half financial year (both dates inclusive) and the Company's full financial year (the "Compliance Code").

Rule 1207(19)

As the Company had ceased quarterly reporting since financial year ended 30 April 2020, the Compliance Code has been updated whereby the Company, Directors and employees of the Group are not permitted to deal with the securities of the Company during the period beginning one month before the announcement of the half year and full year financial statements results and ending on the date of the announcement.

The Compliance Code also discourages all the Directors and employees of the Group to deal in securities on short-term considerations. Directors are required to report securities dealings within two business days of such dealings, to the Company Secretary, who will assist to make the necessary announcements via the SGXNet.

In addition, Directors and officers are expected to observe insider trading laws at all times even when dealing in securities within the permitted trading period and report securities dealings to the Company Secretary accordingly.

MATERIAL CONTRACTS

Save as disclosed below, there were no material contracts of the Company or any of its Rule subsidiaries involving the interest of any director or controlling shareholder, either still subsisting 1207(8) at the end of the financial year or if not then subsisting, entered into since the end of the previous financial year.

INTERESTED PERSON TRANSACTIONS

Rule The Group has established procedures to ensure that all transactions with interested persons are reported in a timely manner to the AC and that the transactions are conducted at arm's length 1207(17) basis and on normal commercial terms and will not be prejudicial to the interests of the Company 1207(18) and its shareholders. All interested person transactions are subject to review by the AC to ensure compliance.

The following interested person transactions were conducted during the year:-

Name of interested person	Aggregate value of all interested person transactions conducted during the financial year (excluding transactions below \$100,000 and transactions conducted under the shareholders' mandate pursuant to Rule 920) S\$'000	Aggregate value of all interested person transactions conducted under shareholders' mandate pursuant to Rule 920 (excluding transactions less than \$100,000) S\$'000
Wee Kok Wah ⁽¹⁾	498	Nil
Wee Kok Wah ⁽²⁾	300	Nil

- (1) Paid to Mr Wee Kok Wah for his role as Founder and Senior Advisor. Mr Wee is a controlling and substantial shareholder of the Company and is the husband of Mrs Dawn Wee and the father of Dr Wee Li Ann.
- (2) One-off lump sum payment to Mr Wee Kok Wah, that was approved by shareholders at the AGM held on 31 August 2022 pursuant to Section 168 of the Act.

The Company does not have a shareholders' mandate for interested person transactions pursuant to Rule 920 of the Listing Manual.

Save as disclosed above, there were no other significant interested person transactions (excluding transactions less than S\$100,000) during the financial year ended 30 April 2023.

OTHER DISCLOSURE REQUIREMENTS

There are no material developments after the preliminary announcement that would affect the performance of the Group.

CORPORATE SOCIAL RESPONSIBILITY

In the introduction to the Code, it is stated that companies that embrace the tenets of good governance, including accountability, transparency and sustainability, are more likely to engender investor confidence and achieve long-term sustainable business performance. Details of the Group's sustainability practices, including the corporate social responsibility initiatives during FY2023, are set out in the Company's Sustainability Report that will be issued for FY2023.

DIRECTORS' STATEMENT

The Directors are pleased to present their statement to the members together with the audited consolidated financial statements of Stamford Tyres Corporation Limited (the "Company") and its subsidiary companies (collectively, the "Group"), and the balance sheet and statement of changes in equity of the Company for the financial year ended 30 April 2023.

Opinion of the Directors

In the opinion of the Directors,

- (i) the accompanying balance sheets, consolidated income statement, consolidated statement of comprehensive income, statements of changes in equity, and consolidated statement of cash flow together with notes thereto are drawn up so as to give a true and fair view of the financial position of the Group and of the Company as at 30 April 2023 and of the financial performance of the business, changes in equity and cash flows of the Group and the changes in equity of the Company for the year ended on that date; and
- (ii) at the date of this statement, there are reasonable grounds to believe that the Group and the Company will be able to pay its debts as and when they fall due.

Directors

The Directors of the Company in office at the date of this statement are:

Sam Chong Keen	(Chairman)
Mrs Dawn Wee Wai Ying	(Executive Director)
Dr Wee Li Ann	(Executive Director)
Leslie Mah Kim Loong	
Kazumichi Mandai	
Caroline Wee	(Appointed on 2 September 2022)

Directors' interests in shares and debentures

The following Directors, who held office at the end of the financial year had, according to the register of directors' shareholdings required to be kept under Section 164 of the Companies Act 1967, (the "Act") an interest in shares and share options of the Company, as stated below:

	Direct interest			l interest	
Name of Director	At 1.5.2022 At 30.4.2023		At 1.5.2022	At 30.4.2023	
Ordinary shares of the Company					
Mrs Dawn Wee Wai Ying	14,537,567	14,537,567	79,128,306	79,128,306	
Dr Wee Li Ann	10,000	10,000	10,000	10,000	
Leslie Mah Kim Loong	-	-	1,150,000	1,150,000	

There was a transfer of all interest from the name of nominee to own for Mr Leslie Mah Kim Loong between the end of the financial year and 15 May 2023.

By virtue of Section 7 of the Act, Mrs Dawn Wee Wai Ying is deemed to have an interest in the ordinary shares of all the subsidiary companies at the beginning and at the end of the financial year.

No other Director who held office at the end of the financial year had interests in shares or debentures of the Company's subsidiary companies.

DIRECTORS' STATEMENT (CONT'D)

Share options

No options were issued by the Company or any of its subsidiaries during the financial year. As at 30 April 2023 and 30 April 2022, there were no options on the unissued shares of the Company or any of its subsidiaries which were outstanding.

Arrangements to enable directors to acquire shares and debentures

Except as disclosed below, neither at the end of nor at any time during the financial year was the Company a party to any arrangement whose objects are, or one of whose objects is, to enable the Directors of the Company to acquire benefits by means of the acquisition of shares or debentures of the Company or any other body corporate.

Audit Committee

The Audit Committee comprises Non-Executive and Independent Directors, Mr Leslie Mah Kim Loong (who chairs the Audit Committee), Mr Sam Chong Keen, Mr Kazumichi Mandai and Ms Caroline Wee.

The Committee meets at least 4 times a year and performs its functions in accordance with the Act.

The Committee reviews the overall scope of both internal and external audits and the assistance given by the Company's officers to the auditor. It meets with the Company's internal and external auditors to discuss the results of their respective examinations and their evaluation of the Group's system of internal accounting and financial controls. The Committee also reviews the annual financial statements of the Company and of the Group and the auditor's report thereon before submission to the Board, as well as interested person transactions. All major findings and recommendations are brought to the attention of the Board of Directors.

Auditor

Ernst & Young LLP have expressed their willingness to accept re-appointment as auditor.

On behalf of the Board of Directors,

Mrs Dawn Wee Wai Ying Director

Wee Li Ann Director

1 August 2023

INDEPENDENT AUDITOR'S REPORT

For the financial year ended 30 April 2023 To the members of Stamford Tyres Corporation Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Stamford Tyres Corporation Limited (the "Company") and its subsidiaries (collectively, the "Group"), which comprise the balance sheets of the Group and the Company as at 30 April 2023, the statements of changes in equity of the Group and the Company and the consolidated income statement, consolidated statement of comprehensive income and consolidated statement of cash flows of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group, the balance sheet and the statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act 1967 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 30 April 2023 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and changes in equity of the Company for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled our responsibilities described in the Auditor's responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

For the financial year ended 30 April 2023 To the members of Stamford Tyres Corporation Limited

Key Audit Matters (cont'd)

Allowance for inventory obsolescence

The Group has significant inventories and makes an allowance for inventory obsolescence when there is a risk that the inventories may be sold below their carrying amounts. The carrying amounts of inventories and the allowance for inventory obsolescence were included in Note 17 *Inventories* to the financial statements.

The Group's allowance for inventory obsolescence is subject to changes in the economic and market conditions, which may result in excess, slow-moving or obsolete inventories that may be sold at prices below costs. The allowance for inventory obsolescence is a key audit matter as significant judgement is required for the estimation of the net realisable value ("NRV") of inventories and the resultant allowance for obsolescence. The estimation is made after taking into consideration observed margins from sales made at or after year end and current and expected consumer demand. The Group's accounting policy on inventory and the critical accounting estimates and judgements are disclosed in Note 2.15 *Inventories* and Note 3(a)(ii) *Allowance for inventory obsolescence* to the financial statements respectively.

As part of our audit, we evaluated the reasonableness of assumptions and estimates made by management in determining the allowance for inventory obsolescence, including economic and current market conditions. We analysed the aging profile of the inventory on hand, disaggregated by type, which is then corroborated with management's identification and assessment of allowance for inventory obsolescence in light of expected consumer demand. We assessed the determination of NRV for selected samples by comparing them to the unit selling price subsequent to the year end and management's obsolescence allowance. For inventories subsequently sold with negative gross margins, we assessed if the allowance for these inventories are adequate. We also assessed the adequacy of the disclosures related to inventory in Note 17 *Inventories* to the financial statements.

Allowance for expected credit loss on trade receivables

The Group has significant trade receivables and makes an allowance for expected credit loss ("ECL") where there is a risk that the amounts are not collectable. The carrying amounts of trade receivables and the ECL were included in Note 18 *Trade receivables* to the financial statements.

The Group determines ECL of trade receivables by making debtor-specific assessment of ECL, and uses a provision matrix for the remaining group of debtors that is based on historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic conditions. As this assessment requires significant management judgement, we determined this to be a key audit matter. The Group's accounting policy on allowance for ECL is disclosed in Note 2.13 *Impairment of financial assets* to the financial statements and the critical accounting estimates and judgements are stated in Note 3(a)(iv) *Allowance for expected credit loss of trade receivables* to the financial statements.

We evaluated the processes and controls relating to the monitoring of trade receivables and considered ageing to identify collection risks, including management's considerations of the impact that current market condition has on the customers. We requested for confirmations and checked for evidence of receipts subsequent to the year end for selected debtors, as well as any major reversal of sales or return of goods after year end. We discussed with management about the status of long overdue trade receivables balances and management's consideration of debtors' specific profiles and risks. We also evaluated management's assumptions and inputs used in the computation of ECL and assessed the reasonableness of management's assumptions used in establishing the forward-looking adjustments by understanding their assessment of future market conditions. We also assessed the adequacy of the Group's disclosures in Note 18 *Trade receivables*, Note 35(c) *Credit risk* and Note 35(d) *Liquidity risk* to the financial statements.

For the financial year ended 30 April 2023 To the members of Stamford Tyres Corporation Limited

Key Audit Matters (cont'd)

Impairment assessment of investments in subsidiaries, joint ventures and associate

The Group and the Company have significant investments in subsidiaries, joint ventures and an associate. The carrying amounts of these investments were included in Note 14 *Investment in subsidiaries and amounts due from/(to) subsidiary companies*, Note 15 *Joint venture companies* and Note 16 *Associated company* to the financial statements respectively.

The financial performance of the subsidiaries, joint ventures and associate are dependent on the economic and market conditions in which they operate in. Management monitors the performance of these entities and an assessment for impairment is carried out when there are indicators of impairment. The impairment assessments is determined using value-in-use calculation involving the preparation of discounted cash flow forecasts to determine their recoverable amounts. The assessment for impairment is considered a key audit matter as management exercises significant judgement in making assumptions and estimates for the preparation of the discounted cash flow forecasts. The Group's accounting policies on impairment of these investments are disclosed in Note 2.9 *Impairment of non-financial assets*, Note 2.10 *Subsidiaries* and Note 2.11 *Joint ventures and associate* to the financial statements. The critical accounting estimates and judgements made in arriving at the assumptions used in the preparation of the discounted cash flow forecasts to the financial assets to the finan

We assessed whether there is any impairment indicators for the investments in subsidiaries, joint ventures and associates, as well as the loan and other receivables from subsidiaries. For those entities with indicators of impairment, we reviewed the process by which management's discounted cash flow forecasts were prepared. We obtained an understanding from management on their assessment of the impact the current market condition has on the operations of those entities. We tested the robustness of management's discounted cash flow forecasts by comparing previous forecasts to actual results and validated key inputs used, such as the forecasted revenue, expenses, discount rate and growth rates, to historical and external market data in light of current market conditions to assess the reasonableness of the forecast. We involved our internal specialist to assist in assessing the reasonableness of the growth rates and the discount rate assumptions used in the value-in-use computation. We assessed the sensitivity of the discounted cash flow forecasts based on reasonably possible changes to the key assumptions and also checked the mathematical accuracy of the underlying calculations. We also assessed the adequacy of the disclosures in Note 14 *Investment in subsidiaries and amounts due from/(to) subsidiary companies*, Note 15 *Joint venture companies* and Note 16 *Associated company* to the financial statements.

Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

For the financial year ended 30 April 2023 To the members of Stamford Tyres Corporation Limited

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I), and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

For the financial year ended 30 April 2023 To the members of Stamford Tyres Corporation Limited

Auditor's Responsibilities for the Audit of the Financial Statements (cont'd)

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Lim Tze Yuen.

Ernst & Young LLP Public Accountants and Chartered Accountants Singapore 1 August 2023

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 April 2023 (In Singapore Dollar)

1. Corporation information

Stamford Tyres Corporation Limited is a limited liability company incorporated and domiciled in Singapore and is listed on the Singapore Exchange Securities Trading Limited (SGX-ST).

Its registered office and principal place of business is at 19 Lok Yang Way, Singapore 628635.

The principal activity of the Company is that of an investment holding company and the principal activities of the subsidiary companies consist of the wholesale and retail of tyres and wheels, design and contract manufacturing of tyres for proprietary brands, tyre retreading, equipment trading, servicing of motor vehicles, and manufacturing and sale of aluminium alloy wheels. Details of the subsidiary companies are set out in Note 40 *Subsidiary, associated and joint venture companies*.

2. Summary of significant accounting policies

2.1 Basis of preparation

The consolidated financial statements of the Group and the balance sheet and statement of changes in equity of the Company have been prepared in accordance with Singapore Financial Reporting Standards (International) ("SFRS(I)").

The financial statements have been prepared on a historical cost basis except for certain financial instruments and financial assets that have been measured at their fair values.

The financial statements are presented in Singapore Dollar ("\$") and all values are rounded to the nearest thousand ("\$'000") except when otherwise indicated.

2.2 Adoption of new and amended standards and interpretations

The accounting policies adopted are consistent with those of the previous financial year except in the current financial year, the Group has adopted all the new and revised standards which are effective for annual financial periods beginning on or after 1 May 2022. The adoption of these new and revised standards did not have any material effect on the financial performance or position of the Group and the Company.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

2.3 Standards issued but not yet effective

The Group has not adopted the following standards applicable to the Group that have been issued but not yet effective:

Description	Effective for annual periods beginning on or after
SFRS(I) 17: Insurance Contracts	1 January 2023
Amendments to SFRS(I) 17: Insurance Contracts	1 January 2023
Amendments to SFRS(I) 1-8: Definition of Accounting Estimates	1 January 2023
Amendments to SFRS(I) 1-1 and SFRS(I) Practice Statement 2: Disclosure of Accounting Policies	1 January 2023
Amendments to SFRS(I) 1-12: Deferred Tax related to Assets and Liabilities arising from a Single Transaction	1 January 2023
Amendments to SFRS(I) 1-1: Classification of Liabilities as Current or Non-current	1 January 2023
Amendments to SFRS(I) 16: Lease Liability in a Sale and Leaseback	1 January 2024
Amendments to SFRS(I) 1-1: Non-current Liabilities with Covenants	1 January 2024
Amendments to SFRS(I) 1-7 and SFRS(I) 7: Supplier Finance Arrangements	1 January 2024
Amendments to SFRS(I) 10 and SFRS(I) 1-28: Sale or Contribution of Assets between	
an Investor and its Associates or Joint Venture	To be determined

The Directors expect that the adoption of the standards above will have no material impact on the financial statements in the period of initial application.

2.4 Basis of consolidation and business combinations

(a) Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the end of the reporting period. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions and dividends are eliminated in full.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Losses within a subsidiary are attributed to the non-controlling interest even if that results in a deficit balance.

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

For the financial year ended 30 April 2023 (In Singapore Dollar)

2. Summary of significant accounting policies (cont'd)

2.4 Basis of consolidation and business combinations (cont'd)

(a) Basis of consolidation (cont'd)

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- De-recognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts at the date when control is lost;
- De-recognises the carrying amount of any non-controlling interest;
- De-recognises the cumulative translation differences recorded in equity;
- Recognises the fair value of the consideration received;
- Recognises the fair value of any investment retained;
- Recognises any surplus or deficit in profit or loss;
- Re-classifies the Group's share of components previously recognised in other comprehensive income to profit or loss or retained earnings, as appropriate.

(b) Business combinations and goodwill

Business combinations are accounted for by applying the acquisition method. Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Acquisition-related costs are recognised as expenses in the periods in which the costs are incurred and the services are received.

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration which is deemed to be an asset or liability, will be recognised in profit or loss.

The Group elects for each individual business combination, whether non-controlling interest in the acquiree (if any), that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation, is recognised on the acquisition date at fair value, or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets. Other components of non-controlling interests are measured at their acquisition date fair value, unless another measurement basis is required by another SFRS(I).

Any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interest in the acquiree (if any), and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities is recorded as goodwill. In instances where the latter amount exceeds the former, the excess is recognised as gain on bargain purchase in profit or loss on the acquisition date.

For the financial year ended 30 April 2023 (In Singapore Dollar)

2. Summary of significant accounting policies (cont'd)

2.4 Basis of consolidation and business combinations (cont'd)

(b) Business combinations and goodwill (cont'd)

Goodwill is initially measured at cost. Following initial recognition, goodwill is measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to the Group's cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

The cash-generating units to which goodwill have been allocated is tested for impairment annually and whenever there is an indication that the cash-generating unit may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of each cash-generating unit (or group of cash-generating units) to which the goodwill relates.

2.5 Transactions with non-controlling interest

Non-controlling interest represents the equity in subsidiaries not attributable, directly or indirectly, to owners of the Company, and are presented separately in the consolidated statement of comprehensive income and within equity in the consolidated balance sheet, separately from equity attributable to owners of the Company.

Changes in the Company owners' ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. In such circumstances, the carrying amounts of the controlling and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

For the financial year ended 30 April 2023 (In Singapore Dollar)

2. Summary of significant accounting policies (cont'd)

2.6 Foreign currency

The Group's consolidated financial statements are presented in Singapore Dollar, which is also the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency.

(a) Transactions and balances

Transactions in foreign currencies are measured in the respective functional currencies of the Company and its subsidiaries and are recorded on initial recognition in the functional currencies at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the end of each reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates as at the date when the fair value was determined.

Exchange differences arising on monetary items that for part of the Group's net investment in foreign operations are recognised initially in other comprehensive income and accumulated under foreign currency translation reserve in equity. The foreign currency translation reserve is reclassified from equity to profit or loss of the Group on disposal of the foreign operation.

(b) Consolidated financial statements

For consolidation purpose, the assets and liabilities of foreign operations are translated into Singapore Dollar ("SGD") at the rate of exchange ruling at the end of the reporting period and their profit or loss are translated at the exchange rates prevailing at the date of the transactions. The exchange differences arising on the translation are recognised in other comprehensive income. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in profit or loss.

In the case of a partial disposal without loss of control of a subsidiary that includes a foreign operation, the proportionate share of the cumulative amount of the exchange differences are reattributed to non-controlling interest and are not recognised in profit or loss. For partial disposals of associates or jointly controlled entities that are foreign operations, the proportionate share of the accumulated exchange differences is reclassified to profit or loss.

2.7 Property, plant and equipment

All items of property, plant and equipment are initially recorded at cost and subsequently measured at cost less accumulated depreciation and accumulated impairment losses. The cost includes the cost of replacing part of the property, plant and equipment and borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying property, plant and equipment. The accounting policy for borrowing costs is set out in Note 2.19.

The cost of an item of property, plant and equipment is recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Group and the cost can be measured reliably.

For the financial year ended 30 April 2023 (In Singapore Dollar)

2. Summary of significant accounting policies (cont'd)

2.7 Property, plant and equipment (cont'd)

The initial cost of property, plant and equipment comprises its net purchase price after deducting for any trade discount and rebates, including import duties and non-refundable purchase taxes, any directly attributable costs of bringing the asset to its working condition and location for its intended use. The costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which an entity incurs either when the item is acquired or as a consequence of having used the item during a particular period of purposes other than to produce inventories during that period are capitalised. Expenditure incurred after the property, plant and equipment have been put into operation, such as repairs and maintenance and overhaul costs, is normally charged to profit or loss in the period in which the costs are incurred.

In situations where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefits expected to be obtained from the use of an item of property, plant and equipment beyond its originally assessed standard of performance, the expenditure is capitalised as an additional cost of property, plant and equipment.

Depreciation is calculated so as to write off the cost of the assets on a straight-line basis over the estimated useful lives of the assets concerned. The principal rates used for this purpose are:

Leasehold land and buildings	-	over their lease period, ranging from 1.7% to 5.6% per annum
Leasehold improvements	-	5% to 10% per annum
Motor vehicles	-	20% per annum
Plant and equipment	-	10% to 20% per annum
Computer hardware and software	-	331/3% per annum
Furniture and fittings	_	10% per annum

Assets under construction included in plant and equipment are not depreciated as these assets are not yet available for use.

Freehold land has an unlimited useful life and is therefore not depreciated.

Depreciation expense is charged in profit or loss up to the month of disposal or write off. Fully depreciated assets are retained in the financial statements until they are no longer in use.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual value, useful life and depreciation method are reviewed at the end of each financial year-end, and adjusted prospectively, if appropriate.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset is included in profit or loss in the year the asset is derecognised.

For the financial year ended 30 April 2023 (In Singapore Dollar)

2. Summary of significant accounting policies (cont'd)

2.8 Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

(a) As lessee

The Group applies a single recognition and measurement approach for all leases, except for shortterm leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated amortisation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

Leasehold land	-	20 to 60 years
Others	-	2 to 5 years

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. Refer to the accounting policies in Note 2.9 *Impairment of non-financial assets*.

Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

For the financial year ended 30 April 2023 (In Singapore Dollar)

2. Summary of significant accounting policies (cont'd)

2.8 Leases (cont'd)

(a) As lessee (cont'd)

Lease liabilities (cont'd)

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset. The Group's lease liabilities are included in Note 13.

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

(b) As intermediate lessor (sublease)

The Group leases an underlying asset under a head lease arrangement and subleases the same asset under operating leases to third parties as an intermediate lessor. If the head lease is a short-term lease, the sublease shall be classified as an operating lease. When the sublease is assessed as an operating lease, the Group recognise lease income from the sublease in profit or loss within "Other Revenue".

2.9 Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value-in-use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses of continuing operations are recognised in profit or loss, except for assets that are previously revalued where the revaluation was taken to other comprehensive income. In this case, the impairment is also recognised in other comprehensive income up to the amount of any previous revaluation.

For the financial year ended 30 April 2023 (In Singapore Dollar)

2. Summary of significant accounting policies (cont'd)

2.9 Impairment of non-financial assets (cont'd)

A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss unless the asset is measured at revalued amount, in which case the reversal is treated as a revaluation increase.

2.10 Subsidiaries

A subsidiary is an investee that is controlled by the Group. The Group controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

In the Company's separate financial statements, investments in subsidiary companies are accounted for at cost less any impairment losses. Details of the subsidiary companies are set out in Note 40.

2.11 Joint ventures and associate

An associate is an entity over which the Group has the power to participate in the financial and operating policy decisions of the investee but does not have control or joint control of those policies. A joint venture is a contractual arrangement whereby two or more parties undertake an economic activity that is subject to joint control, where the strategic financial and operating decisions relating to the activity require the unanimous consent of the parties sharing control.

The Group account for its investments in associate and joint ventures using the equity method from the date on which it becomes an associate or joint venture.

On acquisition of the investment, any excess of the cost of the investment over the Group's share of the net fair value of the investee's identifiable assets and liabilities is accounted as goodwill and is included in the carrying amount of the investment. Any excess of the Group's share of the net fair value of the investee's identifiable assets and liabilities over the cost of the investment is included as income in the determination of the entity's share of the associate or joint venture's profit or loss in the period in which the investment is acquired.

Under the equity method, the investment in associate or joint ventures are carried in the balance sheet at cost plus post-acquisition changes in the Group's share of net assets of the associate or joint ventures. The profit or loss reflects the share of results of the operations of the associate or joint ventures. Distributions received from joint ventures or associate reduce the carrying amount of the investment. Where there has been a change recognised in other comprehensive income by the associate or joint venture, the Group recognises its share of such changes in other comprehensive income. Unrealised gains and losses resulting from transactions between the Group and associate or joint venture are eliminated to the extent of the interest in the associate or joint venture.

When the Group's share of losses in an associate or joint venture equals or exceeds its interest in the associate or joint venture, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate or joint venture.

For the financial year ended 30 April 2023 (In Singapore Dollar)

2. Summary of significant accounting policies (cont'd)

2.11 Joint ventures and associate (cont'd)

After application of the equity method, the Group determines whether it is necessary to recognise an additional impairment loss on the Group's investment in associate or joint venture. The Group determines at the end of each reporting period whether there is any objective evidence that the investment in the associate or joint venture is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value and recognises the amount in profit or loss.

The most recent available audited financial statements of the associated companies or joint ventures are used by the Group in applying the equity method. Where the dates of the audited financial statements used are not co-terminous with those of the Group, the share of results is arrived at from the last audited financial statements available and unaudited management financial statements to the end of the accounting period. Consistent accounting policies are applied for like transactions and events in similar circumstances.

Upon loss of significant influence over the associate or joint venture, the Group measures and recognises the retained investment at its fair value. Any difference between the carrying amount of the associate or joint venture upon loss of significant influence and the fair value of the aggregate of the retained investment and proceeds from disposal is recognised in profit or loss.

If the Group's ownership interest in an associate or joint venture is reduced, but the Group continues to apply the equity method, the Group reclassifies to profit or loss the proportion of the gain or loss that had previously been recognised in other comprehensive income relating to that reduction in ownership interest if that gain or loss would be required to be reclassified to profit or loss on the disposal of the related assets or liabilities.

In the Company's separate financial statements, investments in associated companies or joint ventures are accounted for at cost less impairment losses. Details of the associated company and joint ventures are set out in Note 40.

2.12 Financial instruments

(a) Financial assets

Initial recognition and measurement

Financial assets are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial assets at initial recognition.

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Trade receivables are measured at the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third party, if the trade receivables do not contain a significant financing component at initial recognition.

For the financial year ended 30 April 2023 (In Singapore Dollar)

2. Summary of significant accounting policies (cont'd)

2.12 Financial instruments (cont'd)

(a) Financial assets (cont'd)

Subsequent measurement

Investments in debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the contractual cash flow characteristics of the asset. The three measurement categories for classification of debt instruments are:

(i) <u>Amortised cost</u>

Financial assets that are held for the collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the assets are derecognised or impaired, and through amortisation process.

(ii) <u>Financial assets at fair value through profit or loss</u>

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt instruments that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss in the period in which it arises.

(iii) Derivatives

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period. Changes in fair value of derivatives are recognised in profit or loss.

De-recognition

A financial asset is derecognised where the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income for debt instruments is recognised in profit or loss.

(b) Financial liabilities

Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value plus in the case of financial liabilities not at fair value through profit or loss, directly attributable transaction costs.

For the financial year ended 30 April 2023 (In Singapore Dollar)

2. Summary of significant accounting policies (cont'd)

2.12 Financial instruments (cont'd)

(b) Financial liabilities (cont'd)

Subsequent measurement

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in profit or loss.

2.13 Impairment of financial assets

The Group recognises an allowance for ECLs for all debt instruments not held at fair value through profit or loss and financial guarantee contracts. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months ("a 12-month ECL"). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default ("a lifetime ECL").

For trade receivables and contract assets, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group determines impairment of trade receivables by making debtor-specific assessment of expected credit loss, and uses a provision matrix for the remaining group of debtors that is based on historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic conditions.

The Group considers a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

For the financial year ended 30 April 2023 (In Singapore Dollar)

2. Summary of significant accounting policies (cont'd)

2.13 Impairment of financial assets (cont'd)

The Group uses the probability of default approach for non-trade amounts and loans due from ultimate holding company and related companies. To estimate the loss allowance for credit losses, the Group perform recoverability assessments to derive the difference between contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, including cash flows from the sale of collateral that are integral to the contractual terms. The fair value of the collateral and forecast economic conditions in the recoverability assessment is a significant estimate where changes in which can result in different levels of allowances.

2.14 Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits, and short-term, highly liquid investments that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value.

2.15 Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined on a weighted average cost method and includes all costs in bringing the inventories to their present location and condition. In the case of manufactured and retread products, and work-in-progress, cost includes all direct expenditure and production overheads based on normal operating capacity. Net realisable value is the price at which the inventories can be realised in the normal course of business after allowing for the costs of realisation and, where appropriate, the cost of conversion from the existing state to a finished condition.

An allowance is made where necessary for obsolete, slow-moving and defective inventories.

2.16 Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

2.17 Government grants

Government grants are recognised as a receivable when there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, the fair value is recognised as deferred income on the statement of financial position and is recognised as income in equal amounts over the expected useful life of the related asset.

When loans or similar assistance are provided by governments or related institutions with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as additional government grant.

For the financial year ended 30 April 2023 (In Singapore Dollar)

2. Summary of significant accounting policies (cont'd)

2.18 Financial guarantees

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument.

Financial guarantees are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequent to initial recognition, financial guarantees are recognised as income in profit or loss over the period of the guarantee. If it is probable that the liability will be higher than the amount initially recognised less amortisation, the liability is recorded at the higher amount with the difference charged to profit or loss.

2.19 Borrowing costs

Borrowing costs are capitalised as part of the cost of a qualifying asset if they are directly attributable to the acquisition, construction or production of that asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are substantially completed for their intended use or sale. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

2.20 Employee benefits

(a) Defined contribution plans

The Group participates in the national pension schemes as defined by the laws of the countries in which it has operations. In particular, the Singapore companies in the Group make contributions to the Central Provident Fund scheme in Singapore, a defined contribution pension scheme. Contributions to defined contribution schemes are recognised as an expense in the period in which the related service is performed.

(b) Employee leave entitlement

Employee entitlements to annual leave are recognised as a liability when they accrue to employees. The estimated liability for leave is recognised for services rendered by employees up to the end of each reporting period.

2.21 Hire-purchases

Hire-purchases, which effectively transfer to the Group substantially all the risks and benefits incidental to ownership of the hire-purchase item, are capitalised at the present value of the minimum hire-purchase payments at the inception of the hire-purchase term. Any initial direct costs are also added to the amount capitalised. Hire-purchase payments are apportioned between the finance charges and reduction of the hire-purchase liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged directly to profit or loss. Depreciation on the relevant assets is charged to profit or loss on the basis outlined in Note 2.7.

For the financial year ended 30 April 2023 (In Singapore Dollar)

2. Summary of significant accounting policies (cont'd)

2.22 Revenue recognition

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Group satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the goods or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

(a) Sales and services of tyres and wheels

The Group sells and provides services of tyres and wheels. Revenue is recognised when the goods are delivered to the customer and all criteria for acceptance have been satisfied. The amount of revenue recognised is based on the estimated transaction price, which comprises the contractual price.

The Group accounts for promised services to be performed in the future as a separate performance obligation to which the Group allocates a portion of the transaction price. The portion of the transaction price allocated to the promised services to be performed in the future is initially recorded as a contract liability and recognised as revenue when the obligation fulfilled.

For its bill-and-hold arrangements, even though the Group has not yet delivered the goods to the customer, it has satisfied its performance obligation as control of the goods has been transferred to the customer, and all of the following criteria are met: the reason for the bill-and-hold arrangement is substantive, the goods is identified separately as belonging to the customer, the goods currently is ready for physical transfer to the customer, and the Group does not have the ability to use the goods or to direct it to another customer.

(b) Rental income

Rental income arising from operating leases is accounted for on a straight-line basis over the lease terms. The aggregate costs of incentives provided to lessees are recognised as a reduction of rental income over the lease term on a straight-line basis.

(c) Dividend income

Dividend income is recognised when the Group's right to receive payments is established.

(d) Interest income

Interest income is recognised using the effective interest method.

For the financial year ended 30 April 2023 (In Singapore Dollar)

2. Summary of significant accounting policies (cont'd)

2.23 Taxes

(a) Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the end of the reporting period, in the countries where the Group operates and generates taxable income.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

(b) Deferred tax

Deferred tax is provided using the liability method on temporary differences at the end of each reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit or loss; and
- In respect of taxable temporary differences associated with investments in subsidiaries, associate and interests in joint ventures, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, carry-forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry-forward of unused tax credits and unused tax losses can be utilised except:

- Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction affects neither the accounting profit nor taxable profit or loss; and
- In respect of the deductible temporary differences associated with investments in subsidiaries, associate and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

For the financial year ended 30 April 2023 (In Singapore Dollar)

2. Summary of significant accounting policies (cont'd)

2.23 Taxes (cont'd)

(b) Deferred tax (cont'd)

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted at the end of each reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill or acquisition.

(c) Sales tax

Revenue, expenses and assets are recognised net of the amount of sales tax except:

- Where the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the sales tax is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables that are stated with the amount of sales tax included.

The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

2.24 Derivative financial instruments

The Group uses derivative financial instruments, such as forward currency contracts and interest rate swaps, to manage its risks associated with foreign currency and interest rate fluctuations.

A derivative financial instrument is initially recognised at its fair value on the date the contract is entered into and is subsequently carried at its fair value. The method of recognising the resulting gain or loss depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged.

The fair value of forward currency contracts is calculated by reference to current forward exchange rates for contracts with similar maturity profiles. The fair value of interest rate swap contracts is determined by reference to market values for similar instruments.

For the financial year ended 30 April 2023 (In Singapore Dollar)

2. Summary of significant accounting policies (cont'd)

2.25 Segment reporting

For management purposes, the Group is organised into operating segments based on their regions which are independently managed by the respective segment managers responsible for the performance of the respective segments under their charge. The segment managers report directly to the management of the Company who regularly review the segment results in order to allocate resources to the segments and to assess the segment performance. Additional disclosures on each of these segments are shown in Note 39, including the factors used to identify the reportable segments and the measurement basis of segment information.

2.26 Share capital and share issuance expenses

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

2.27 Dividends

Interim dividends are recorded in the financial year in which they are declared payable. Final dividends are recorded in the financial year in which the dividends are approved by the shareholders.

2.28 Contingencies

A contingent liability is:

- (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or
- (b) a present obligation that arises from past events but is not recognised because:
 - (i) It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - (ii) The amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingent liabilities and assets are not recognised on the balance sheet of the Group, except for contingent liabilities assumed in a business combination that are present obligations and which the fair values can be reliably determined.

3. Significant accounting estimates and judgements

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future.

For the financial year ended 30 April 2023 (In Singapore Dollar)

3. Significant accounting estimates and judgements (cont'd)

(a) Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of each reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below. The Group based its assumptions and estimates on parameters available when the financial statements was prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

(i) Useful lives of leasehold improvements, motor vehicles and plant and equipment

The cost of plant and equipment is depreciated on a straight-line basis over their respective estimated economic useful lives. Management estimates the useful lives of these leasehold improvement, motor vehicle and plant and equipment to be within 3 to 20 years. The carrying amount of the Group's total leasehold improvement, motor vehicles and plant and equipment as at 30 April 2023 was \$10,042,000 (2022: \$11,820,000). Changes in the expected level of usage, technological developments as well as consumer preferences could impact the economic useful lives and the residual values of these assets, therefore future depreciation charges could be revised and could have an impact on the profit in future years.

(ii) <u>Allowance for inventory obsolescence</u>

Allowance for inventory obsolescence is estimated based on the best available facts and circumstances at the end of each reporting period, including but not limited to, the inventories' own physical conditions, their expected market selling prices, estimated costs of completion and estimated costs to be incurred for their sales. The allowance is re-evaluated and adjusted as additional information received affects the amount estimated. The carrying amount of the inventories as at 30 April 2023 is \$85,277,000 (2022: \$94,779,000).

(iii) Impairment of non-financial assets

An impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs to sell and its valuein-use. The fair value less costs to sell calculation is based on available data from binding sales transactions in an arm's length transaction of similar assets or observable market prices less incremental costs for disposing the asset. The value-in-use calculation is based on a discounted cash flow model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Group is not yet committed to or significant future investments that will enhance the asset's performance of the cash generating unit being tested. The recoverable amount is most sensitive to the discount rate used for the discounted cash flow model as well as the expected future cash inflows and the growth rate used for extrapolation purposes. No impairment loss in the investment in subsidiaries was recognised for the Company in the current and previous financial year, further details are given in Note 14 to the financial statements. No impairment loss in the investment and previous financial year. Further details are given in Note 15 to the financial statements.

For the financial year ended 30 April 2023 (In Singapore Dollar)

3. Significant accounting estimates and judgements (cont'd)

(a) Key sources of estimation uncertainty (cont'd)

(iv) Allowance for expected credit loss of trade receivables

The Group uses a provision matrix to calculate ECLs for trade receivables. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns.

The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust historical credit loss experience with forward-looking information. At every reporting date, historical default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Company's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future.

The carrying amount of the Group's trade receivables after allowance for expected credit loss as at 30 April 2023 is \$30,885,000 (2022: \$36,203,000).

The information about the ECLs on the Group's trade receivables are disclosed in Note 35(c).

(b) Critical judgements made in applying accounting policies

In the process of applying the Group's accounting policies, management has made the following judgements, apart from those involving estimations, which has the most significant effect on the amounts recognised in the financial statements:

(i) Income taxes

Significant judgement is involved in determining the Group-wide provision for income taxes. There are certain transactions and computations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for expected tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made. The carrying amount of the Group's provision for taxation, deferred tax assets and deferred tax liabilities at 30 April 2023 were \$1,979,000 (2022: \$2,105,000), \$3,303,000 (2022: \$2,861,000) and \$1,803,000 (2022: \$1,963,000), respectively.

(ii) <u>Determination of functional currency</u>

The Group measures foreign currency transactions in the respective functional currencies of the Company and its subsidiaries. In determining the functional currencies of the entities in the Group, judgement is required to determine the currency that mainly influences sales prices for goods and services and of the country whose competitive forces and regulations mainly determines the sales prices of its goods and services. The functional currencies of the entities in the Group are determined based on management's assessment of the economic environment in which the entities operate and the entities' process of determining sales prices.

For the financial year ended 30 April 2023 (In Singapore Dollar)

4. Revenue

	Gro	Group	
	2023	2022	
	\$'000	\$'000	
Tyres and wheels:			
- Wholesale and distribution	138,415	144,243	
- Retail and fleet	49,934	46,085	
	188,349	190,328	

The satisfaction of performance obligation of the above revenue stream is at a point in time.

Judgement and methods used in estimating revenue

For sale of tyres with complementary services, the Group uses its historical experience with the utilisation rates to estimate the number of tyre rotation services that are expected to be provided in the future.

For bill-and-hold sales of tyres, management has exercised judgement in the estimation of the amount of expected custodial services revenue that have yet to be earned. In making these estimates, management takes into consideration warehouse rental rates based on geographical areas, space required and duration of rent.

Contract liabilities

Information about receivables and contract liabilities from contracts with customers is disclosed as follows:

	Group	
	2023	2022
	\$'000	\$'000
Receivables from contracts with customers (Note 18)	30,885	36,203
Contract liabilities (Note 22)	1,334	714

Contract liabilities primarily relate to the Group's obligation to transfer goods or services to customers for which the Group has received advances received from customers for sale of bill-and-hold tyres, sale of tyres with complementary services and advances received from customers. Contract liabilities are recognised as revenue as the Group performs under the contract. Significant change in contract liabilities is due to a change in time frame for a performance obligation to be satisfied.

Transaction price allocated to remaining performance obligation

The Group expects to recognise \$1,226,000 (2022: \$615,000) as revenue relating to the transaction price allocated to the unsatisfied (or partially unsatisfied) performance obligations as at 30 April 2023 (2022: 30 April 2022) within one year and \$108,000 (2022: \$99,000) more than one year.

For the financial year ended 30 April 2023 (In Singapore Dollar)

5. Other revenue

	Gro	Group	
	2023	2022	
	\$'000	\$'000	
Interest income from bank deposits	332	202	
Sundry income	1,435	1,394	
Logistic service income	3,235	2,708	
Rental income from sublease	342	-	
Government grants in respect of employment support	167	294	
	5,511	4,598	

6. Cost of goods sold

	Group	
	2023 \$'000	2022 \$'000
Inventories recognised as an expense in cost of goods sold	132,122	132,207

7. Salaries and employees' benefits

	Group	
	2023	2022
	\$'000	\$'000
Employee benefits expenses (including executive directors):		
- Salaries, wages and bonuses	20,146	19,783
- Contributions to defined contribution plans	1,078	1,098
- Others	4,606	5,119
	25,830	26,000
Employee benefits are included in the following line items in profit or loss:		
- Cost of goods sold	3,902	4,006
- Salaries and employee benefits	21,928	21,994
	25,830	26,000

For the financial year ended 30 April 2023 (In Singapore Dollar)

8. Finance costs

	Gro	Group	
	2023	2022	
	\$'000	\$'000	
Interest expense on financial liabilities carried at amortised cost:			
- Bank overdrafts, trust receipts and hire-purchase liabilities	2,221	1,709	
- Bank loans	1,993	1,381	
- Lease liabilities	357	359	
	4,571	3,449	

9. Profit before taxation

Profit before taxation is stated after charging/(crediting):

	Group		
	Note	2023	2022
		\$'000	\$'000
Depreciation of property, plant and equipment			
(inclusive of charges included in cost of goods sold)	12	5,215	5,882
Depreciation of right-of-use assets	13	2,153	2,428
Foreign exchange loss/(gain)		2,220	(368)
Allowance for inventory obsolescence		2,701	2,189
Fair value (gain)/loss on derivatives		(465)	8
Gain on disposal of property, plant and equipment		(120)	(67)
Written off of property, plant and equipment		4	42
Bad debts recovered	18	(11)	(24)
(Write-back of)/allowance for expected credit loss	18	(2,300)	2,050
Audit fees:			
- Auditors of the Company		499	392
- Other auditors	=	153	145

There are no non-audit fees paid to the auditors of the Company during the current and preceding financial years.

For the financial year ended 30 April 2023 (In Singapore Dollar)

10. Taxation

Major components of income tax expense

The major components of income tax expense for the years ended 30 April 2023 and 2022 are:

		Group		
	Note	2023	2022	
		\$'000	\$'000	
Income statement				
Current income taxation				
- Current year		2,443	2,662	
- Over-provision of tax in respect of prior years		(72)	(221)	
		2,371	2,441	
Deferred income taxation				
- Origination and reversal of temporary differences	29	(625)	(204)	
- Under-provision of tax in respect of prior years	29	_	994	
		(625)	790	
Withholding tax		1	14	
Income tax expenses recognised in profit or loss		1,747	3,245	

Relationship between tax expense and accounting profit

The reconciliation between tax expense and the product of accounting profit multiplied by the applicable corporate tax rate for the years ended 30 April 2023 and 2022 are as follows:

	Group	
	2023	2022
	\$'000	\$'000
Profit before taxation	5,898	7,131
Less: Share of results of joint ventures*	(1,409)	(2,042)
	4,489	5,089
Taxation at statutory tax rate of 17% (2022: 17%)	763	865
Adjustments:		
- Effects of different tax rates in other countries	209	134
- Expenses not deductible for income tax purposes	798	1,600
- Benefits from previously unrecognised tax losses	(37)	(372)
- Deferred tax assets not recognised in the current year	97	216
- Partial tax exemption and tax relief	(34)	(34)
- Withholding tax	1	14
- Others	22	49
- (Over)/under-provision of tax in respect of prior years	(72)	773
Taxation	1,747	3,245

* These are presented net of tax in profit or loss.

For the financial year ended 30 April 2023 (In Singapore Dollar)

10. Taxation (cont'd)

As at 30 April 2023, the Group, primarily through its subsidiary companies, has unutilised tax losses of approximately \$20,499,000 (2022: \$20,553,000) which may, subject to the agreement with the relevant tax authorities, be carried forward and utilised to set-off against future taxable profits. Except for an amount of \$1,279,000 (2022: \$1,576,000) which would expire in between 2024 and 2031 (2022: between 2023 and 2030), there is no time limit imposed on the utilisation of the remaining tax losses. The potential tax benefit of approximately \$6,187,000 (2022: \$6,193,000) arising from the unutilised tax losses has not been recognised in the financial statements due to the uncertainty of its recoverability.

11. Earnings per share

The following tables reflect the profit and share data used in the computation of basic and diluted earnings per share for the years ended 30 April:

	Group	
	2023	2022
	\$'000	\$'000
Group earnings used for the calculation of earnings per share:		
Profit net of tax attributable to Owners of the Company used in the		
computation of basic earnings per share	4,151	3,886
	'000	'000
Number of shares used for the calculation of basic and diluted earnings per share:		
Weighted average number of ordinary shares in issue used for the		
calculation of basic earnings per share	237,386	237,386

Basic earnings per share is calculated on the Group's profit for the financial year attributable to owners of the Company divided by the weighted average number of ordinary shares in issue during the financial year.

Diluted earnings per share is calculated on the same basis as basic earnings per share as there are no dilutive potential ordinary shares as at 30 April 2023 and 2022.

For the financial year ended 30 April 2023 (In Singapore Dollar)

Depreciation charge included in cost of goods sold

Depreciation charge amounting to \$1,972,000 (2022: \$2,041,000) was included in cost of goods sold during the financial year.

For the financial year ended 30 April 2023 (In Singapore Dollar)

12. Property, plant and equipment (cont'd)

Assets pledged as security

The Group's property, plant and equipment with a total net book value of \$38,756,000 as at 30 April 2023 (2022: \$41,533,000) are subject to legal mortgages and floating charges referred to in Notes 25 and 28.

Assets held under hire-purchase

Additions to plant and equipment for the financial year includes \$174,000 (2022: \$236,000) acquired under hire-purchase agreements. The carrying amount of plant and equipment acquired under hire-purchase agreements amounted to \$457,000 as at 30 April 2023 (2022: \$402,000). These assets are pledged as security for the related hire-purchase liabilities referred to in Note 26.

13. Leases

The Group's leases consist primarily of leasehold land, buildings and motor vehicles. The Group also has certain leases of buildings and office equipment with lease terms of 12 months or less. The Group applies the 'short-term lease' recognition exemptions for these leases.

		2023 \$'000	2022 \$'000

Allowance for the financial year	12	23
Exchange differences	(105)	121
At 30 April	3,858	3,951

For the year ended 30 April 2023, an impairment loss of \$12,000 (2022: \$23,000) was recognised in profit or loss of the Company following a debt recovery assessment performed on amounts due from subsidiary companies as at 30 April 2023.

The amounts due from subsidiary companies (non-trade) are unsecured, non-interest bearing and repayable upon demand and are to be settled in cash.

The loan to a subsidiary company is unsecured, bears fixed interest at 2.89% (2022: 2.89%) per annum, with no repayment terms and is repayable only when the cash flows of the subsidiary company permits. The amount is not expected to be repaid in the next twelve months as the subsidiary company cannot repay this loan to the Company until the subsidiary company has repaid certain term loans it obtained from the banks (Note 28).

Details of the subsidiary companies are set out in Note 40.

For the financial year ended 30 April 2023 (In Singapore Dollar)

15. Joint venture companies

For the financial year ended 30 April 2023 (In Singapore Dollar)

30. Share capital

		Group and Company		
	Number of shares	Share capital	Number of shares	Share capital
	2023 \$'000	2023 \$'000	2022 \$'000	2022 \$'000
Issued and fully paid:				
At beginning and end of financial year	237,386	36,244	237,386	36,244

The holders of the ordinary shares are entitled to receive dividends as and when declared by the Company. Each ordinary share carries one vote without restriction. The ordinary shares have no par value.

31. Reserves – Group and Company

(a) Capital reserve

Capital reserve represents proceeds from issuance of warrants and non-distributable amounts set aside in compliance with local laws of certain overseas subsidiary company.

(b) Revenue reserve

This represents the accumulated profits less distributions made to the shareholders of the Company.

(c) Foreign currency translation reserve

This comprises foreign exchange differences arising from the translation of the financial statements of overseas subsidiary, associated and joint venture companies and from the translation of long-term inter-company advances which are effectively part of net investments in the subsidiary companies.

(d) Discount on acquisition of non-controlling interest

The discount on acquisition of non-controlling interest represents the difference between the amount by which the non-controlling interest is adjusted and the fair value of the consideration paid that is recognised directly in equity and attributed to the parent. Such changes in the Company's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

(e) Share-based compensation reserve

The share-based compensation reserve comprises cumulative value of services received from employees and directors recorded in respect of grant of share awards.

The movement in the reserves are shown in the statements of changes in equity.

For the financial year ended 30 April 2023 (In Singapore Dollar)

32. Dividend

	Group and Company		
	2023	2022	
	\$'000	\$'000	
Final exempt (one-tier) dividend of 1.5 (2022: 1.25) cent, per share			
in respect of the previous financial year	3,561	2,967	
Dividend declared and paid during the year	3,561	2,967	

The directors have proposed but not recognised as a liability of a final exempt (one-tier) dividend of 1.5 cent (2022: 1.5 cent) per share amounting to approximately \$3,561,000 (2022: \$3,561,000) to be paid in respect of the financial year ended 30 April 2023. The dividend will be recorded as a liability on the balance sheets of the Company and Group upon approval by the shareholders of the Company at the next Annual General Meeting of the Company.

35. Financial risk management objectives and policies

The Group's principal financial instruments, other than derivative financial instruments, comprise shortterm and long-term bank borrowings, hire-purchase contracts, and cash and short-term deposits. The main purpose of these financial instruments and borrowings are to raise finance for the Group's operations. The Group has various other financial assets and liabilities such as trade receivables and trade payables, which arise directly from its operations.

The Group also enters into derivative instruments in the form of interest rate swap and forward currency contracts to manage interest rate and currency risks arising from the Group's operations and its sources of financing.

It is, and has been throughout the year under review, the Group's policy that no trading in derivative financial instruments shall be undertaken.

The main risks faced by the Group and Company are foreign currency risk, interest rate risk, credit risk and liquidity risk that arise through its normal operations.

(a) Foreign currency risk

Foreign exchange risk arises from a change in foreign currency exchange rate, which is expected to have an adverse effect on the Group in the current reporting period and in future years. The Group operates in several countries and subsidiary, associated and joint venture companies within the Group maintain their books and records in their respective functional currencies. The Group's accounting policy is to translate the results of overseas subsidiary, associated and joint venture companies using the weighted average exchange rates. Net assets denominated in foreign currencies and held at the financial year end are translated into Singapore Dollar, the Group's reporting currency, at year end exchange rates. Fluctuations in the exchange rate between the functional currencies and Singapore Dollar will therefore have an impact on the Group. It is the Group's policy not to hedge exposures arising from such translations. The Group's strategy is to fund overseas operations with borrowings denominated in their functional currencies as a natural hedge against overseas assets.

For the financial year ended 30 April 2023 (In Singapore Dollar)

35. Financial risk management objectives and policies (cont'd)

(a) Foreign currency risk (cont'd)

The Group is also exposed to the volatility in the foreign currency cash flows related to repatriation of the investments in and advances to its subsidiary, associated and joint venture companies. The Group does not hedge exposures arising from such risks.

The Group's trading subsidiary companies are exposed to movements in foreign currency rates arising from the purchases of goods from suppliers and sales made to customers located in several countries. Whenever necessary, foreign exchange forward contracts are used by the subsidiary companies to manage the foreign currency exposure arising from their trading activities. The Group's accounting policies in relation to these derivative financial instruments are set out in Note 2.24.

Sensitivity analysis for foreign currency risk

A 5% fluctuation of certain foreign currencies against the underlying functional currencies of the Group's entities at the end of each reporting period would have an impact on the Group's profit net of tax by the amounts shown below. The analysis assumes all other variables, in particular, interest rates, remained constant. The analysis is performed on the same basis for the financial year ended 30 April 2023.

		(Decrease)/increase in profit net of tax		
		2023 \$'000	2022 \$'000	
USD	strengthened by 5%weakened by 5%	(305) 305	94 (94)	
ZAR	strengthened by 5%weakened by 5%	113 (113)	131 (131)	
IDR	strengthened by 5%weakened by 5%	73 (73)	186 (186)	

For the financial year ended 30 April 2023 (In Singapore Dollar)

35. Financial risk management objectives and policies (cont'd)

(b) Interest rate risk

Interest rate risk is the risk that changes in interest rates will have an adverse financial effect on the Group's financial conditions and results. The primary source of the Group's interest rate risk is its borrowings from banks and other financial institutions primarily in Singapore, Malaysia, Indonesia and Thailand. The Group ensures that it obtains borrowings at competitive interest rates under the most favourable terms and conditions. Where appropriate, the Group uses interest rate swaps to hedge its interest rate exposure for specific underlying debt obligations. Risk variables are based on volatility in interest rates. This analysis assumes that all other variables, in particular foreign currency rates and tax rates remain constant. Information relating to the interest rate is disclosed in Notes 23, 25, 26 and 28. At the end of the reporting period, approximately 15% (2022: 13%) of the Group's borrowings are at fixed rates of interest. Cash and bank balances are excluded from the table below as fluctuations of interest rates are determined to have no significant impact on the Group's profit net of tax. Included in the table below are the Group's interest-bearing financial instruments, categorised by the earlier contractual re-pricing or maturity dates.

35. Financial risk management objectives and policies (cont'd)

(c) Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's exposure to credit risk arises primarily from trade receivables. For financial assets (including cash and bank balances and derivatives), the Group minimises credit risk by trading with recognised and creditworthy third parties.

The Group's objective is to seek continual revenue growth while minimising losses incurred due to increased credit risk exposure. It is the Group's policy that all customers who trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

The Group considers a financial asset in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group.

To assess whether there is a significant increase in credit risk, the Group compares the risk of a default occurring on the asset as at reporting date with the risk of default as at the date of initial recognition. The Group considers available reasonable and supporting forward-looking information which includes the following indicators:

- Actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the borrower's ability to meet its obligations
- Actual or expected significant changes in the operating results of the borrower
- Significant changes in the expected performance and behaviour of the borrower, including changes in the payment status of borrowers in the group and changes in the operating results of the borrower

The Group determined that its financial assets are credit-impaired when:

- There is significant financial difficulty experienced by the issuer or the borrower
- A breach of contract, such as default or past due event
- It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Group. Where loans and receivables have been written off, the company continues to engage enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

For the financial year ended 30 April 2023 (In Singapore Dollar)

35. Financial risk management objectives and policies (cont'd)

(c) Credit risk (cont'd)

The following are credit risk management practices and quantitative information about amounts arising from expected credit loss for trade receivables:

Trade receivables

The Group provides for lifetime expected credit loss for all trade receivables using a provision matrix. The provision rates are determined based on the Group's historical observed default rates analysed in accordance to days past due. The loss allowance provision as at 30 April 2023 and 2022 is determined as follows, the expected credit loss below also incorporate forward-looking information such as forecast of macro-economic indicators and the industry performance factors.

Summarised below is the information about the credit risk exposure on the remaining Group's trade receivables using provision matrix:

	Current \$'000	Less than 30 days past due \$'000	Less than 60 days past due \$'000	More than 60 days past due \$'000	Total \$'000
2023					
Gross carrying amount	26,047	4,367	1,453	5,569	37,436
Loss allowance provision	(1,849)	(603)	(279)	(3,820)	(6,551)
2022					
Gross carrying amount	27,628	5,564	2,143	12,973	48,308
Loss allowance provision	(210)	(159)	(7)	(11,729)	(12,105)

Information regarding loss allowance movement of trade receivables is disclosed in Note 18.

During the financial year, the Group wrote off \$2,806,000 (2022: \$432,000) of trade receivables as the Group does not expect to receive future cash flows.

Other receivables

The Group provides for lifetime expected credit loss for other receivables using the probability of default approach. In determining ECL for other receivables, the Group considers events such as significant adverse changes in financial conditions of the debtors and determined that significant increase in credit risk occur when there is changes in the risk that the specific debtor will default on the payments.

There is no change in the loss allowance provision for other receivables at amortised cost as at 30 April 2023 and 2022.

For the financial year ended 30 April 2023 (In Singapore Dollar)

35. Financial risk management objectives and policies (cont'd)

(c) Credit risk (cont'd)

Amounts due from subsidiaries at amortised cost

The Company provides for lifetime expected credit loss for trade amounts due from related companies based on a provision matrix similar to allowance for trade receivables. The Company compute expected credit loss for non-trade amounts and loans from related companies using the probability of default approach. In determining this ECL, the Company considers events such as significant adverse changes in financial conditions and changes in operating results of the related companies and determined that significant increase in credit risk occur when there is changes in the risk that the specific related company will default on the payments.

The loss allowance provision for amounts due from related companies at amortised cost as at 30 April 2023 and 2022 reconciles to the opening loss allowance provision as follows:

	Company		
	2023 2022		
	\$'000	\$'000	
At 1 May	3,951	3,807	
Loss allowance measure at:			
12-month ECL	12	23	
Exchange difference	(105)	121	
At 30 April	3,858	3,951	

Exposure to credit risk

At the end of the reporting period, the Group's maximum exposure to credit risk was represented by the carrying amount of each class of financial assets recognised in the balance sheets.

For the financial year ended 30 April 2023 (In Singapore Dollar)

35. Financial risk management objectives and policies (cont'd)

(c) Credit risk (cont'd)

Risk concentration profile

The Group determines concentrations of credit risk by monitoring the country profile of its trade receivables on an on-going basis. The credit risk concentration profile of the Group's trade receivables at the end of each reporting period is as follows:

	20	23	20	22
	\$'000 % of total		\$'000	% of total
Group				
By country:				
Thailand	6,871	22.25	6,453	17.82
Singapore	6,802	22.02	7,492	20.69
Indonesia	5,390	17.45	7,107	19.63
Malaysia	5,199	16.83	7,671	21.19
South Africa	2,659	8.61	2,559	7.07
Australia	166	0.54	839	2.32
Others	3,798	12.30	4,082	11.28
	30,885	100.00	36,203	100.00

Financial assets that are neither past due nor impaired

Trade receivables that are neither past due or impaired are creditworthy debtors with good payment record with the Group.

Financial assets that are either past due or impaired

Information regarding financial assets that are either past due or impaired is disclosed in Note 18.

(d) Liquidity risk

The Group monitors its projected and actual cash inflows and outflows to ensure that funding needs are identified and managed in advance. The Group actively manages its debt maturity profile, operating cash flows and availability of committed credit facilities to ensure that all refinancing, repayment and funding needs are met. The Group strives to maintain a sufficient level of banking facilities to meet its funding requirements and utilise trust receipts, revolving credit facilities, loans and hire-purchase contracts for this purpose. The credit facilities provided by the banks and finance companies are subject to certain financial covenants, and terms and conditions which are summarised in Notes 23, 25, 26 and 28.

For the financial year ended 30 April 2023 (In Singapore Dollar)

37. Fair value of financial instruments (cont'd)

(a) Fair value of financial instruments that are carried at fair value (cont'd)

Fair value hierarchy

The Group classifies fair value measurement using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy have the following levels:

- Level 1 Quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices), and
- Level 3 Inputs for the asset or liability that are not based on observable market data (unobservable inputs)

Determination of fair value

Forward currency contracts and interest rate swaps are valued using a valuation technique with market observable inputs. The most frequently applied valuation techniques include forward pricing and swap models, using present value calculations. The models incorporate various inputs including the foreign exchange spot and forward rates, interest rate curves and forward rate curves.

(b) Fair value of financial instruments by classes that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value

The management has determined that the carrying amounts of cash and short-term deposits, current trade and other receivables, current trade and other payables and current bank loans based on their notional amounts, reasonably approximate their fair values because these are mostly short-term in nature or are re-priced frequently within a year.

The estimated fair values of the Group's and Company's borrowings approximate their carrying amounts, based on borrowing rates which would be available to the Group and the Company at the end of each reporting period.

(c) Fair value of financial instruments by classes that are not carried at fair value and whose carrying amounts are not reasonable approximation of fair value

The Company has non-current interest-free receivables extended to subsidiary companies, which either form part of the Company's net investment in subsidiary companies or are not expected to be repaid until the cash flows of the subsidiary companies permit. It is impractical to determine the fair value of these receivables as the timing of the future cash flow repatriation cannot be estimated reliably. Therefore, such loans are carried at cost.

For the financial year ended 30 April 2023 (In Singapore Dollar)

38. Capital management

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximise shareholder value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the years ended 30 April 2023 and 2022.

The Group monitors capital using a gearing ratio, which is bank borrowings divided by distributable net assets. The Group's policy is to keep the gearing ratio at less than 3 (2022: 3) times. Bank borrowings include trust receipts, short-term and long-term loans.

	Group		
	2023 2022		
	\$'000	\$'000	
Trust receipts	38,160	51,905	
Loans (secured)	38,636	44,587	
Bank borrowings	76,796	96,492	
Equity attributable to the owners of the Company	112,837	116,347	
Less: Capital reserve	(675)	(675)	
Distributable net assets	112,162	115,672	
Gearing ratio (times)	0.68	0.83	

The Company and certain subsidiaries of the Group are subject to financial covenants for credit facilities provided by banks. The Company and these subsidiaries are required to maintain certain leverage ratios, debt service coverage ratios, interest coverage and shareholders' funds.

As disclosed in Note 31, a subsidiary of the Group is required by local laws to contribute to and maintain a non-distributable capital reserve at point of dividends distribution. This externally imposed capital requirement has been complied with by the subsidiary for the financial years ended 30 April 2023 and 2022.

39. Segment information

For management purposes, the Group is organised into business units based on their geographical locations, and has four reportable segments as follows:

- I. South East Asia
- II. North Asia
- III. Africa
- IV. Others

Distribution of tyres and wheels to external customers are included in the South East Asia, North Asia, Africa and other segments. Manufacturing of alloy wheels sold directly to external customers are included in the South East Asia segment.

For the financial year ended 30 April 2023 (In Singapore Dollar)

39. Segment information (cont'd)

Except as indicated above, no operating segments have been aggregated to form the above reportable operating segments. Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss which in certain aspects, as explained in the table below, is measured differently from operating profit or loss in the consolidated financial statements. Income taxes are managed on a group basis and are not allocated to operating segments.

Transfer prices between operating segments are based on terms agreed between parties.

NOTICE OF ANNUAL GENERAL MEETING

NOTICE IS HEREBY GIVEN that the Thirty-Fourth Annual General Meeting ("**AGM**") of the Company will be held at 19 Lok Yang Way, Singapore 628635 on Thursday, 31 August 2023 at 3.00 p.m. (Singapore time) for the purpose of transacting the following business:-

ORDINARY BUSINESS

- To receive and adopt the Directors' Statement, Auditor's Report and Audited Financial Statements for the financial year ended 30 April 2023.
 Resolution 1
- To approve the Directors' fees of up to S\$232,477 for the financial year ending 30 April 2024.
 [See explanatory note (a)]
 Resolution 2
- 3. To declare the payment of a first and final tax exempt (one-tier) dividend of 1.5 cent per ordinary share for the financial year ended 30 April 2023. **Resolution 3**
- 4. To record the retirement of Mr Leslie Mah Kim Loong as Director pursuant to Regulation 111 of the Company's Constitution at the conclusion of the AGM. [See explanatory note (b)]
- 5. To re-elect Mr Sam Chong Keen, who is retiring as a Director pursuant to Regulation 111 of the Company's Constitution. [See explanatory note (c)] Resolution 4
- 6. To re-elect Ms Caroline Wee, who is retiring as a Director pursuant to Regulation 115 of the Company's Constitution. [See explanatory note (d)] **Resolution 5**
- To re-appoint Ernst & Young LLP as the Company's Auditor and to authorise the Directors to fix their remuneration.
 Resolution 6

SPECIAL BUSINESS

To consider and, if thought fit, to pass the following resolutions as ordinary resolutions:

8. Share Issue Mandate

That authority be and is hereby given to the Directors of the Company to:

- (a) (i) issue shares of the Company ("shares") whether by way of rights, bonus or otherwise; and/or
 - (ii) make or grant offers, agreements or options (collectively, "**Instruments**") that might or would require shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible into shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may in their absolute discretion deem fit; and

(b) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue shares in pursuance of any Instrument made or granted by the Directors while this Resolution was in force,

provided that:

- (i) the aggregate number of shares to be issued pursuant to this Resolution (including shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed 50% of the total number of issued shares (excluding treasury shares and subsidiary holdings) of the Company (as calculated in accordance with sub-paragraph (ii) below), of which the aggregate number of shares to be issued other than on a pro-rata basis to shareholders of the Company (including shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed 20% of the total number of issued shares (excluding treasury shares and subsidiary holdings) the Company (as calculated in accordance with sub-paragraph (ii) below);
- (ii) (subject to such manner of calculation as may be prescribed by the Singapore Exchange Securities Trading Limited (the "SGX-ST")) for the purpose of determining the aggregate number of shares that may be issued under sub-paragraph (i) above, the total number of shares (excluding treasury shares and subsidiary holdings) shall be based on the total number of issued shares (excluding treasury shares and subsidiary holdings) of the Company at the time this Resolution is passed, after adjusting for:
 - (a) new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which are outstanding at the time this Resolution is passed; and
 - (b) any subsequent bonus issue, consolidation or subdivision of shares;

and, in sub-paragraph (i) above and this sub-paragraph (ii), "**subsidiary holdings**" has the meaning given to it in the Listing Manual of the SGX-ST;

- (iii) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Listing Manual of the SGX-ST for the time being in force (unless such compliance has been waived by the SGX-ST) and the Constitution for the time being of the Company; and
- (iv) (unless revoked or varied by the Company in general meeting) the authority conferred by this Resolution shall continue in force until the conclusion of the next AGM of the Company or the date by which the next AGM of the Company is required by law to be held, whichever is the earlier."
 For earlier and for the company is required by law to be held, whichever is

[See explanatory note (e)]

Resolution 7

NOTICE OF RECORD DATE

NOTICE IS HEREBY GIVEN that the Share Transfer Books and Register of Members of the Company will be closed on 14 September 2023 at 5.00 p.m. for the purpose of determining shareholders' entitlement to the proposed first and final tax exempt (one-tier) dividend of 1.5 cent per ordinary share for the financial year ended 30 April 2023 (the "**Proposed Dividend**").

Duly completed registrable transfers received by the Company's Registrar, Boardroom Corporate & Advisory Services Pte. Ltd. of 1 Harbourfront Avenue #14-07 Keppel Bay Tower, Singapore 098632, up to 5.00 p.m. on 14 September 2023 (the "**Record Date**") will be registered to determine shareholders' entitlement to the Proposed Dividend.

Shareholders (being Depositors) whose securities accounts with The Central Depository (Pte) Limited ("**CDP**") are credited with shares as at 5.00 p.m. on the Record Date will be entitled for the Proposed Dividend.

The Proposed Dividend, if approved at the Thirty-Fourth Annual General Meeting of the Company to be held on 31 August 2023, will be paid on 25 September 2023.

By Order Of The Board

Michelle Heng Company Secretary 8 August 2023 Singapore

Explanatory Notes:

- (a) The proposed Ordinary Resolution 2, if passed, will facilitate the payment of Directors' fees during the financial year in which the fees are incurred, that is, during the financial year ending 30 April 2024. In the event that the proposed amount is insufficient to cover the Directors' fees, approval will be sought at the next AGM for additional payments to cover the shortfall. The Directors' fees paid for the financial year ended 30 April 2023 was S\$301,799.
- (b) Mr Leslie Mah Kim Loong, who retires under Regulation 111 of the Constitution of the Company, although eligible, has expressed his intention to retire at the AGM and will not be seeking re-election. Mr Mah will retire from the Board of Directors at the conclusion of the AGM and will concurrently cease to be Chairman of the Audit Committee and a member of the Nominating Committee and Remuneration Committee.
- (c) Mr Sam Chong Keen, if re-elected, will remain as Chairman of the Board, Nominating Committee and Remuneration Committee and a member of the Audit Committee. Mr Sam is considered an independent director for purposes of Rule 704(8) of the Listing Manual of SGX-ST. Detailed information pursuant to Rule 720(6) of the Listing Manual of SGX-ST on Mr Sam can be found in the "Additional Information on Directors Seeking Re-Election" section of the Company's Annual Report.

- (d) Ms Caroline Wee, if re-elected, will continue to serve as a member of the Audit Committee. Ms Wee is considered an independent director for purposes of Rule 704(8) of the Listing Manual of SGX-ST. Detailed information pursuant to Rule 720(6) of the Listing Manual of SGX-ST on Ms Wee can be found in the "Additional Information on Directors Seeking Re-Election" section of the Company's Annual Report.
- (e) Ordinary Resolution No. 7, if passed, will empower the Directors of the Company from the date of this AGM to issue shares in the Company up to the limits as specified in the resolution for such purposes as they consider would be in the interests of the Company. This authority will continue in force until the next AGM of the Company, unless previously revoked or varied at a general meeting.

Notes:

- 1. The AGM will be held, in a wholly physical format, at the venue, date and time stated above. There will be no option for members to participate virtually.
- 2. Printed copies of this Notice of AGM and the accompanying proxy form will be sent by post to members. These documents will also be published on the Company's corporate website at URL: http://www. stamfordtyres.listedcompany.com/agm.html, and will also be made available on the SGX website at the URL: https://www.sgx.com/securities/company-announcements.
- 3. Authenticated members, including CPF and SRS investors, and proxy(ies) will be able to ask questions and vote at the AGM by attending the AGM in person. Arrangements have also been put in place to permit members to submit their questions ahead of the AGM. Please refer to Notes 11 and 12 below for further details.
- 4. (a) A member who is not a relevant intermediary is entitled to appoint not more than two proxies to attend, speak and vote at the AGM. Where such member's form of proxy appoints more than one proxy, the proportion of the shareholding concerned to be represented by each proxy shall be specified in the form of proxy.
 - (b) A member who is a relevant intermediary is entitled to appoint more than two proxies to attend, speak and vote at the AGM, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member's form of proxy appoints more than two proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the form of proxy.

"Relevant intermediary" has the meaning ascribed to it in Section 181 of the Companies Act 1967.

Voting by Proxy

- 5. A proxy need not be a member of the Company.
- 6. Completion and return of the instrument appointing a proxy(ies) by a member will not prevent him/her from attending, speaking and voting at the AGM if he/she so wishes. The appointment of the proxy(ies) for the AGM will be deemed to be revoked if the member attends the AGM in person and in such event, the Company reserves the right to refuse to admit any person or persons appointed under the relevant instrument appointing a proxy(ies) to the AGM.
- 7. The proxy form must be executed under the hand of the appointor or of his attorney duly authorised in writing. Where the proxy form is executed by a corporation, it must be executed either under its common seal (or by the signatures of authorised persons in the manner as set out under the Companies Act as an alternative to sealing) or under the hand of an attorney or a duly authorised officer of the corporation.

- 8. In the case of a member whose shares are entered against his/her name in the depository register (as defined in Section 81SF of the Securities and Futures Act 2001), the Company may reject any Proxy Form lodged if such member is not shown to have Shares entered against his/her/its name in the depository register as at 72 hours before the time appointed for the AGM, as certified by The Central Depository (Pte) Limited to the Company. The Company shall also be entitled to reject the Proxy Form if it is incomplete, improperly completed, or illegible (such as in the case where the appointor submits more than one Proxy Form).
- 9. The instrument appointing a proxy(ies) must be submitted to the Company in the following manner:
 - (a) if submitted electronically, be submitted via email to srs.teamd@boardroomlimited.com; or
 - (b) if submitted by post, to be sent to the Company's Share Registrar, Boardroom Corporate & Advisory Services Pte. Ltd., at 1 Harbourfront Avenue #14-07 Keppel Bay Tower Singapore 098632

in either case, by no later than 3.00 p.m. on 28 August 2023, being 72 hours before the time for holding the AGM.

A member who wishes to submit an instrument of proxy must complete and sign the proxy form, before scanning and sending it by email to the email address provided above or submitting it by post to the address provided above.

Members are strongly encouraged to submit completed proxy forms electronically via email.

- 10. CPF/SRS investors who hold the Company's shares:
 - (a) may vote at the AGM if they are appointed as proxies by their respective CPF Agent Banks or SRS Operators, and should contact their respective CPF Agent Banks or SRS Operators if they have any queries regarding their appointment as proxies; or
 - (b) may appoint the Chairman of the Meeting as proxy to vote on their behalf at the AGM, in which case they should approach their respective CPF Agent Banks or SRS Operators by 5.00 p.m. on 18 August 2023 to submit their votes.

Submission of Questions prior to the AGM

- 11. Members, including CPF and SRS investors, may submit substantial and relevant questions relating to the business of the AGM in advance and in any case, not later than 3.00 p.m. on 18 August 2023 through any of the following means:
 - (a) if submitted by email, to be received by the Company at agm@stamfordtyres.com; or
 - (b) if submitted by post, to be deposited at the office of the Company's Share Registrar, Boardroom Corporate & Advisory Services Pte. Ltd., at 1 Harbourfront Avenue #14-07 Keppel Bay Tower Singapore 098632.

When submitting questions by post or via email, members should also provide the following details: (i) the member's full name; (ii) the member's address; and (iii) the manner in which the member holds shares in the Company (e.g., via CDP, CPF, SRS and/or scrip), for verification purposes.

- 12. The Company will address all substantial and relevant questions received from members by 25 August 2023 by publishing its responses to such questions, if any, on the Company's corporate website URL: http://www.stamfordtyres.listedcompany.com/agm.html and on SGXNet at the following URL: https:// www.sgx.com/securities/company-announcements at least 48 hours prior to the deadline for submission of Proxy Forms. Should there be subsequent clarification sought or follow-up questions after the deadline of the submission of questions, the Company will address those substantial and relevant questions prior to the AGM through publication on SGXNet, or at the AGM.
- 13. The Company's Annual Report 2023 has been published on the Company's corporate website and may be accessed at URL: http://www.stamfordtyres.listedcompany.com/agm.html by clicking on the hyperlink for "Annual Report 2023". The Annual Report 2023 will also be made available on the SGX website at the URL https://www.sgx.com/securities/company-announcements.
- 14. Members may request for printed copies of the Company's Annual Report 2023 by sending a request via email to the Company at srs.teamd@boardroomlimited.com no later than 18 August 2023.

Personal Data Privacy:

By submitting an instrument appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the AGM and/or any adjournment thereof, a member of the Company (i) consents to the collection, use and disclosure of the member's personal data by the Company (or its agents or service providers) for the purpose of the processing, administration and analysis by the Company (or its agents or service providers) of proxies and/or representatives appointed for the AGM (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the AGM (including any adjournment thereof), and in order for the Company (or its agents or service providers) to comply with any applicable laws, listing rules, take-over rules, regulations and/or guidelines (collectively, the "**Purposes**"), (ii) warrants that where the member discloses the personal data of the member's proxy(ies) and/or representative(s) to the Company (or its agents or service providers), the member has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents or service providers) of the personal data of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents or service providers) of the personal data of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents or service providers) of the personal data of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents or service providers) of the personal data of such proxy(ies) and/or representative(s) for the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member's breach of warranty.

ADDITIONAL INFORMATION ON DIRECTORS SEEKING RE-ELECTION

Mr Sam Chong Keen and Ms Caroline Wee are the Directors seeking re-election at the annual general meeting of the Company on 31 August 2023 ("**AGM**") (collectively, the "**Retiring Directors**" and each a "**Retiring Director**").

Signature(s) of Member(s) or Common Seal

IMPORTANT: PLEASE READ NOTES BEFORE COMPLETING THIS PROXY FORM

NOTES:

- 1. (a) A member who is not a relevant intermediary is entitled to appoint not more than two proxies to attend, speak and vote at the Meeting. Where such member's form of proxy appoints more than one proxy, the proportion of the shareholding concerned to be represented by each proxy shall be specified in the form of proxy.
 - (b) A member who is a relevant intermediary is entitled to appoint more than two proxies to attend, speak and vote at the Meeting, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member's form of proxy appoints more than two proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the form of proxy.

"Relevant intermediary" has the meaning ascribed to it in Section 181 of the Companies Act 1967.

A member who wishes to submit an instrument of proxy must complete and sign the proxy form, before submitting it in the manner set out below.

- 2. A proxy need not be a member of the Company. A member may choose to appoint the Chairman of the Meeting as his/her/its proxy. If no name is inserted in the space for the name of your proxy on the form of proxy, the Chairman of the Meeting will act as your proxy.
- 3. The instrument appointing a proxy(ies) must be submitted to the Company in the following manner:
 - (a) if submitted electronically, be submitted via email to srs.teamd@boardroomlimited.com; or
 - (b) if submitted by post, to be sent to the Company's Share Registrar, Boardroom Corporate & Advisory Services Pte. Ltd., at 1 Harbourfront Avenue #14-07 Keppel Bay Tower Singapore 098632

in either case, by no later than 3.00 p.m. on 28 August 2023, being 72 hours before the time for holding the AGM.

Members are strongly encouraged to submit completed proxy forms electronically via email.

- 4. Completion and return of this instrument appointing a proxy or proxies shall not preclude a member from attending, speaking and voting at the Meeting. Any appointment of a proxy or proxies shall be deemed to be revoked if a member attends the Meeting in person, and in such event, the Company reserves the right to refuse to admit any person or persons appointed under the instrument of proxy to the Meeting.
- 5. A member should insert the total number of shares held. If the member has shares entered against his name in the Depository Register (maintained by The Central Depository (Pte) Limited), he should insert that number of shares. If the member has shares registered in his name in the Register of Members (maintained by or on behalf of the Company), he should insert that number of shares. If the member has shares entered against his name in the Depository Register and registered in his name in the Register of Members, he should insert the aggregate number of shares. If no number is inserted, this form of proxy will be deemed to relate to all the shares held by the member.
- 6. The instrument appointing a proxy(ies) must be deposited at the Company's Share Registrar, Boardroom Corporate & Advisory Services Pte. Ltd., at 1 Harbourfront Avenue #14-07 Keppel Bay Tower Singapore 098632 not less than 72 hours before the time appointed for holding the Meeting or any adjournment thereof.
- 7. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its common seal or under the hand of its attorney or a duly authorised officer.
- 8. Where the instrument appointing a proxy or proxies is signed on behalf of the appointor by an attorney, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company) be lodged together with the instrument, failing which the instrument may be treated as invalid.
- 9. A corporation which is a member may authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the Meeting, in accordance with Section 179 of the Companies Act 1967.
- 10. The Company shall be entitled to reject an instrument appointing the Chairman of the Meeting as proxy if it is incomplete, improperly completed, illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument of proxy appointing the Chairman of the Meeting as proxy (including any related attachment). In addition, in the case of shares entered in the Depository Register, the Company may reject any instrument appointing the Chairman of the Meeting as proxy if the member, being the appointor, is not shown to have shares entered against his name in the Depository Register as at seventy-two (72) hours before the time appointed for holding the AGM, as certified by The Central Depository (Pte) Limited to the Company.
