### Corporate Profile

We are one of the leading crane rental companies in Singapore. We focus on providing mobile cranes and lorry cranes as they can be deployed easily in a wide range of lifting operations and have short set-up time due to their ability to travel on roads thus eliminating the need for special equipment to transport them to jobsites.

We typically rent our cranes to customers on a daily basis or short term basis, thereby increasing the flexibility of deploying our cranes and enabling our Group to optimise the utilisation of our fleet.

With our fleet of young and modern cranes, we serve a wide customer base operating within the construction, marine, logistics, oil and gas as well as infrastructure industries in Singapore. This strategy of building and maintaining a well-diversified customer base ensures that we are not overly reliant on any particular customer or particular business sector.

## Letter to Shareholders

#### **Dear Shareholders**

On behalf of the board of directors ("Board" or "Directors") of MS Holdings Limited ("MS Holdings" or "Company", and together with its subsidiaries, the "Group"), we are pleased to present to you the annual report of our Company for the financial year ended 30 April 2019 ("FY2019").

Better known as Moh Seng Cranes in the industry, our business roots can be traced back to the 1960s. Since then, we have been continuing to invest in talent, technology and equipment – vital to the future of our Company.

With a lifting fleet of 29 mobile cranes and lorry cranes (with lifting capabilities ranging from 25 tonnes to 750 tonnes), our Group offers a comprehensive range of integrated lifting solutions. We typically rent our cranes to customers on a daily basis or short-term basis, thereby increasing the flexibility of deploying our cranes and enabling our Group to optimise the utilisation of our fleet. Our Group has built up a wide customer base operating within the construction, marine, logistics, oil and gas as well as infrastructure industries in Singapore.

We are driven to improve our range of services, adding efficiency and new features for our customers, and these initiatives are motivated by customer focus rather than by reaction to competition. Maintaining our focus to meet the needs of new and existing clients, we strive to continue to deliver on our long history of providing our customers with best-in-class services and solutions.

### Letter to Shareholders

#### FY2019 Business and Financial Review

While we believe that the outlook for the crane rental business is expected to remain challenging, there has been a stabilisation of average rental rates and improvement in utilisation rates of cranes in the industry.

Our Group generates revenue primarily from the leasing of cranes and trading of new and used equipment. Our Group's revenue increased by 37.7% to S\$14.5 million for FY2019, largely due to an improvement in the utilisation rate of our mobile cranes, resulting in an increase in revenue for our crane leasing business.

In line with the increase in revenue, our Group recorded a higher gross profit of S\$4.3 million with a gross profit margin of 29.7% for FY2019.

Other income increased by S\$0.1 million or 18.7% to S\$0.8 million for FY2019 mainly due to an increase in service income.

General and administrative expenses decreased by S\$0.1 million or 3.3% to S\$4.0 million for FY2019 mainly due to a decrease in director's remuneration.

As part of our Group's initiatives to grow its business, on 14 March 2019, our Group and Mr Luo Zhenyu Louis jointly incorporated a joint venture company, LZY Motoring Pte. Ltd. in Singapore, which is primarily engaged in the business of renting and leasing of motor vehicles. Share of results of our joint venture amounted to less than S\$0.1 million for FY2019.

As a result of the above, our Group registered a net profit after tax of S\$0.1 million for FY2019.

As at 30 April 2019, our Group's total assets amounted to \$\$62.0 million, of which non-current assets amounted to \$\$50.6 million or 81.7% of total assets and current assets stood at \$\$11.4 million or 18.3% of total assets. Non-current assets comprised mainly property, plant and equipment, investment securities and investment in joint venture. Current assets comprised mainly trade and other receivables, prepaid operating expenses, inventories as well as cash and bank balances.

As at 30 April 2019, our Group's total liabilities amounted to \$\$35.0 million, of which non-current liabilities amounted to \$\$21.3 million or 60.9% of total liabilities and current liabilities stood at \$\$13.7 million or 39.1% of total liabilities. Non-current liabilities comprised mainly obligations under finance leases for property, plant and equipment, bank borrowings, provision for reinstatement cost and deferred tax liabilities. Current liabilities comprised mainly trade and other payables, accrued operating expenses, obligations under finance leases for property, plant and equipment, bank borrowings and provision for taxation.

### Letter to Shareholders

With net assets of S\$26.9 million as at 30 April 2019, our Group's net asset value per share stood at S\$0.16.

#### **Business Outlook**

Aligned with our core competencies, our Group has strategically invested in additional resources and fixed assets to develop more value propositions to better serve new and existing clients.

Even though the outlook for the crane rental business is expected to remain challenging, our Group remains cautiously optimistic of our business prospects based on the trends and developments of the construction, marine, logistics, oil and gas as well as infrastructure industries. In particular, Singapore's construction market is gradually picking up, spurred by development blueprint set out under the URA Draft Master Plan 2019 and megaprojects such as the Integrated Resort 2.0, and the Home Improvement Programme. These projects, together with new industrial developments and redevelopment of en-bloc sales sites, could open up more avenues of opportunities that our Group can capitalise on. The increasing construction demand in Singapore has resulted in higher utilisation rates for our mobile cranes and stabilisation of rental rates. We remain cautious while continuing with our efforts to look for new business opportunities to further enhance our profitability.

We will also review and explore cost saving measures and focus on optimising the deployment of our fleet of mobile cranes and equipment.

#### Acknowledgements

Without the dedication, fortitude and commitment of our management team and staff, MS Holdings would not be where we are today and on behalf of the Board, we would like to take this opportunity to extend our appreciation for their efforts.

We would also like to express our gratitude to our fellow Directors for their valuable advice, insights and continued guidance. In addition, we are grateful to our customers, bankers and business associates for their continued support and confidence in MS Holdings.

And finally, to our shareholders, thank you for your support and trust in our abilities. We take a long-term view in our business, and we believe our time-tested business model, culture of customer service, teamwork and excellence clearly differentiates MS Holdings from our competitors.

#### THANK YOU

The Board of MS Holdings is committed to maintaining a high standard of corporate governance to ensure greater transparency and to protect the interests of the Company's shareholders (the "**Shareholders**").

The Company has put in place various policies and practices that will safeguard the interests of Shareholders and enhance Shareholders' value as part of its effort to maintain high standards of corporate governance. This report describes the corporate governance practices and procedures adopted by the Company with specific reference to the Code of Corporate Governance 2012 (the "**Code**") issued by the Monetary Authority of Singapore and the disclosure guide ("**Disclosure Guide**") issued by the SGX-ST. References to the principles of the Code are listed below.

The Board confirms that for FY2019, the Company has substantially complied with the principles and guidelines of the Code and the Disclosure Guide. Where there are deviations from the recommendations of the Code, appropriate explanations have been provided.

#### **BOARD MATTERS**

#### The Board's Conduct of Affairs

Principle 1: Every company should be headed by an effective board to lead and control the company. The board is collectively responsible for the long term success of the company. The board works with the management to achieve this objective and the management remains accountable to the board.

The Company is headed by an effective Board to lead and control the Company.

As at the date of this report, the Board comprises the following members:

Mdm Ng Chui Hwa (Executive Chairman)

Mr Yap Chin Hock (Executive Director and CEO)

Mr Tan Jia Hui Clarence (Executive Director and Investment Director)

Mr Lim Kee Way Irwin (Lead Independent Director)

Mr Lau Yan Wai (Independent Director)

Mr Crane Charoenratchadej (Independent Director)

None of the Directors has appointed an alternate director in FY2019.

The Board is responsible for overseeing and providing effective leadership for the overall business and corporate affairs of the Group.

The Board's role is to:

- provide entrepreneurial leadership, set strategic objectives and ensure that the necessary financial and human resources are in place for the Group to meet its objectives;
- establish a framework of prudent and effective controls which enables risk to be assessed and managed, including safeguarding of Shareholders' interests and the Group's assets;
- (iii) review performance of the management of the Company (the "Management");
- (iv) identify the key stakeholder groups and recognise that their perceptions affect the Group's reputation;
- (v) set the Company's values and standards (including ethical standards) and ensure that obligations to Shareholders and other stakeholders are understood and met; and
- (vi) consider sustainability issues, such as environmental and social factors, as part of its strategic formulation.

The Company has adopted a set of internal guidelines setting forth matters that require the Board's review and approval. Matters which specifically require the Board's decision or approval are those involving:

- corporate strategy and business plans;
- investment and divestment proposals;
- funding decisions of the Group;
- nomination of Directors for appointment to the Board and appointment of key executives;
- announcement of financial results and annual report;
- material acquisitions and disposals of assets; and
- all matters of strategic importance.

All other matters are delegated to Board committees ("**Board Committees**") whose actions are monitored and endorsed by the Board. These Board Committees include the audit committee (the "**AC**"), the nominating committee (the "**NC**") and the remuneration committee (the "**RC**"), all of which operate within clearly defined terms of reference and functional procedures.

To get a better understanding of the Group's business, the Company adopts a policy whereby the Directors are encouraged to request for further explanations, briefings or informal discussion on the Group's operations or business with the Management.

The Board conducts scheduled meetings on a half-yearly basis. Ad-hoc meetings are convened when circumstances require. The Company's constitution (the "**Constitution**") provide for Board and Board Committee meetings by means of teleconference.

The attendance of the Directors at meetings of the Board and Board Committees, and the frequency of these meetings for FY2019 are disclosed as follows:

	Board No. of Meetings		Audit Committee		Nominating Committee		Remuneration Committee	
Name of Director			No. of Meetings		No. of Meetings		No. of Meetings	
	Held	Attended	Held	Attended	Held	Attended	Held	Attended
Mdm Ng Chui Hwa	2	2	2*	2*	1*	1*	1*	1*
Mr Yap Chin Hock	2	2	2*	2*	1*	1*	1*	1*
Mr Tan Jia Hui Clarence	2	2	2*	2*	1	1	1*	1*
Mr Lim Kee Way Irwin	2	2	2	2	1	1	1	1
Mr Lau Yan Wai	2	2	2	2	1	1	1	1
Mr Crane Charoenratchadej	2	2	2	2	1	1	1	1

Note:

Attended the meetings by Invitation.

Newly-appointed directors undergo an orientation program with materials provided to familiarise them with the business and organisation structure of the Group. To get a better understanding of the Group's business, such directors are also given the opportunity to visit the Group's operational facilities and meet with the Management. Upon appointment, the Company provides a formal letter to the director, setting out the director's roles and obligations.

The Board as a whole is updated regularly on risk management, corporate governance, insider trading policy and the key changes in the relevant regulatory requirements and financial reporting standards, so as to enable them to properly discharge their duties as Board or Board Committee members. The Company encourages the Directors to attend training courses organised by the Singapore Institute of Directors or other training institutions.

During FY2019, the Company's external auditors briefed the AC members on developments in accounting and governance standards. The Executive Directors also updated the Board at each Board meeting on business and strategic developments relating to the industry the Group operates in.

#### **Board Composition and Guidance**

Principle 2: There should be a strong and independent element on the board, which is able to exercise objective judgement on corporate affairs independently, in particular, from the management and 10% shareholders. No individual or small group of individuals should be allowed to dominate the board's decision making.

The Board currently has six (6) Directors, comprising three (3) Executive Directors and three (3) Independent Directors. Information regarding each Board member is provided under the section entitled "Board of Directors" of this annual report.

The independence of each Director is assessed and reviewed at least annually by the NC. The NC adopts the definition in the Code as to what constitutes an independent director in its review to ensure there is a strong independent element on the Board such that the Board is able to exercise objective judgement on corporate affairs independently. The Independent Directors have confirmed that they do not have any relationship with the Company, its related companies, its 10% Shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the Directors' independent business judgement with a view to the best interests of the Group. In this regard, the NC is of the view that Mr Lim Kee Way Irwin, Mr Lau Yan Wai and Mr Crane Charoenratchadej are independent. None of the Independent Directors have served on the Board for more than nine (9) years.

As half of the Board is independent, the requirement of the Code that at least half of the Board comprises independent directors where the chairman is not an independent director is satisfied. The NC is satisfied that the Board has substantial independent elements to ensure that objective judgement is exercised on corporate affairs. In addition, the Board has appointed Mr Lim Kee Way Irwin as the Lead Independent Director.

The Independent Directors ensure that the strategies proposed by the Management are constructively challenged, fully discussed and examined and take into account the long term interests, not only of Shareholders but also other stakeholders of the Group. The Independent Directors also review the Management's performance in achieving agreed goals and objectives, and monitor the reporting of its performance. They also meet regularly on their own, without the presence of the Management.

The Board and Board Committees comprise Directors who as a group provide core competencies such as accounting and finance, legal, business and management experience, industry knowledge and strategic planning experience. Hence, the NC is of the view that the current Board and Board Committees comprise persons who as a group provide capabilities required for the Board to be effective.

The Board, through the NC, has reviewed and is satisfied that the current structure, size and composition of the Board and Board Committees are appropriate for effective decision making, taking into account the scope and nature of the operations of the Company, the balance and diversity of, amongst other factors, skills, experience and gender. The NC is of the view that no individual or small group of individuals dominates the Board's decision making process.

#### Chairman and CEO

Principle 3: There should be a clear division of responsibilities between the leadership of the board and the executives responsible for managing the company's business. No one individual should represent a considerable concentration of power.

The Company keeps the roles of the Executive Chairman and the CEO separate to ensure a clear division of responsibilities, balance of power and authority, increased accountability and greater capacity for independent decision making at the Board and the Management level. As at the date of this report, Mdm Ng Chui Hwa holds the position of Executive Chairman, whilst Mr Yap Chin Hock holds the position of Executive Director and CEO. Mdm Ng Chui Hwa is the mother of Mr Yap Chin Hock.

The Executive Chairman, Mdm Ng Chui Hwa, is primarily responsible for charting and reviewing the overall strategic direction of the Group and for leading the Board to ensure its effectiveness on all aspects of its role. She ensures that Board meetings are held when necessary and sets the Board agenda (with the assistance of the Company Secretaries). Mdm Ng Chui Hwa ensures that all Board members are provided with complete, adequate and timely information.

All major proposals and decisions are discussed and reviewed by the Directors. With the active participation of the Directors at Board and Board Committee meetings, the Board is satisfied that the current arrangement provides sufficient check and balance to ensure that no one individual member of the Board holds a considerable concentration of power, and that there is an appropriate balance of power, increased accountability and greater capacity of the Board for independent decision making.

The Board has delegated the daily operations of the Group to Mr Yap Chin Hock, the Executive Director and CEO. Mr Yap Chin Hock leads the Management and executes the strategic plans to achieve the strategic decisions and goals set out by the Board and ensures that the Directors are kept updated and informed of the Group's businesses.

Mr Lim Kee Way Irwin is the Lead Independent Director, who is available to address Shareholders' concerns on issues that have not been satisfactorily resolved or cannot be appropriately dealt with by the Executive Chairman, Executive Directors, CEO or Financial Controller. The Independent Directors meet on a need-to basis amongst themselves and with the Company's external auditors and internal auditors without the presence of the Management to discuss matters such as the Group's financial performance, corporate governance and risk management initiatives, Board processes and any internal audit observations. Thereafter, the Lead Independent Director would provide feedback to the Executive Chairman after such meetings, if needed.

#### **Board Membership**

Principle 4: There should be a formal and transparent process for the appointment and re-appointment of directors to the board.

The NC comprises four (4) Directors, namely Mr Lau Yan Wai, Mr Lim Kee Way Irwin, Mr Crane Charoenratchadej and Mr Tan Jia Hui Clarence, majority of whom, including the Chairman of the NC, are Independent Directors. The Chairman of the NC is Mr Lau Yan Wai. The NC has written terms of reference that describe the responsibilities of its members.

The principal functions of the NC are as follows:

- to review and recommend the nomination of new Directors or re-nomination of the Directors having regard to the Director's contribution and performance;
- to set criteria for identifying candidates and reviewing nominations for the appointments referred to above;
- to determine on an annual basis whether or not a Director is independent;
- to make plans for succession, in particular for the Executive Chairman and the CEO;
- to review training and professional development programs for the Board;
- to determine and recommend to the Board, the maximum number of listed company board representations that any Director may hold; and
- to assess the overall performance of the Board and contribution of each Director to the effectiveness of the Board.

In the nomination and selection process for appointment or re-appointment, the NC identifies the candidates and reviews the nominations for the appointments based on the following criteria:

- (i) at least half of the Directors shall be Independent Directors; and
- (ii) the candidate shall be a fit and proper person to hold such office, and the most qualified candidate nominated for the office, taking into account the candidate's track record, age, work experience, capabilities, ability to commit sufficient time, contribution and performance and other relevant factors.

When an existing Director chooses to retire or the need for a new Director arises, either to replace a Director or to enhance the Board's strength, the NC, in consultation with the Board, determines the selection criteria and identifies candidates with the appropriate expertise and experience for the appointment as new Director. Candidates may be suggested by the Directors or the Management or sourced from external sources. The NC will interview the shortlisted candidates and assess them based on objective criteria approved by the Board such as integrity, independent mindedness, possession of the relevant skills required or skills needed to complement the existing Board members, ability to commit the time and effort to carry out his responsibilities, good decision making track record, relevant experience and financial literacy. The shortlisted candidates will also be required to submit a declaration in the form set out in paragraph 8 of Part 7 of the Fifth Schedule of the Securities and Futures (Offers of Investments) (Securities and Securities-based Derivatives Contracts) Regulations 2018. The NC will then nominate the most suitable candidate to the Board for approval. Upon appointment by the Board, the candidate must stand for election at the next annual general meeting ("**AGM**") of the Company.

The NC meets at least once a year. Pursuant to the Constitution, one-third of the Board is to retire by rotation and subject themselves to re-election by Shareholders at every AGM. The NC will assess and evaluate whether Directors retiring at each AGM are properly qualified for re-appointment.

Having considered the track record, work experience, capabilities, ability to commit sufficient time, contribution and performance of Mr Tan Jia Hui Clarence and Mr Lau Yan Wai, the NC recommended to the Board that they be nominated for re-election at the forthcoming AGM. Mr Tan Jia Hui Clarence will, upon re-election as a Director, remain as the Executive Director and Investment Director and a member of the NC. Mr Lau Yan Wai will, upon re-election as a Director, remain as the Independent Director, Chairman of the NC and RC and a member of the AC. Please refer to pages 126 to 131 of this annual report for further information on Mr Tan Jia Hui Clarence and Mr Lau Yan Wai.

Each member of the NC has abstained from making any recommendations and/or participating in any deliberations of the NC in respect of the assessment of his own performance or re-election as a Director.

Name of Director	Date of	Last Re-Election	Directorships and Chairmanships in Other Listed Companies		
Appointment		Date	Present	Last Three Years	
Mdm Ng Chui Hwa	7 October 2014	29 August 2018	-	_	
Mr Yap Chin Hock	21 May 2014	29 August 2017	_	_	
Mr Tan Jia Hui Clarence	10 March 2017	29 August 2017	_	_	
Mr Lim Kee Way Irwin	7 October 2014	29 August 2018	Independent Director of GS Holdings Limited	Independent Director of Lifebrandz Ltd	
Mr Lau Yan Wai	7 October 2014	29 August 2017	-	_	
Mr Crane Charoenratchadej	10 March 2017	29 August 2017	-	_	

The dates of appointment and directorships of the Directors in other listed companies are set out below:

Further details of the Directors (including principal commitments) can be found under the section entitled "Board of Directors" of this annual report.

The Board is satisfied that each Director is able to and has been adequately carrying out his duties as a Director. Only one (1) Director holds directorship in other listed companies and he holds only one (1) other directorship. As such, the Board does not propose to set the maximum number of listed company board representations which directors may hold until such need arises. The NC would continue to review from time to time the board representations of each Director to ensure that the Directors continue to meet the demands of the Group and are able to discharge their duties adequately.

#### **Board Performance**

Principle 5: There should be a formal annual assessment of the effectiveness of the board as a whole and its board committees and the contribution by each director to the effectiveness of the board.

The NC decides on how the Board, the Board Committees and individual Director's performance is to be evaluated and proposes objective performance criteria, subject to the Board's approval, which address how the Directors have enhanced long term Shareholders' value. The Board has also implemented a process to be carried out by the NC for assessing the effectiveness of the Board as a whole and Board Committees and for assessing the contribution of each Director to the effectiveness of the Board. The performance evaluation process is performed on an annual basis.

In evaluating the performance of the Board and the Board Committees, the NC considers a set of quantitative and qualitative performance criteria that has been approved by the Board. The performance criteria for the evaluation of the Board and the Board Committees are in respect of:

- a. Board composition;
- b. Board information;
- c. Board process and accountability;
- d. standards of conduct; and
- e. Board Committee performance in relation to discharging their responsibilities set out in their respective terms of reference.

The performance criteria for the evaluation of individual Directors are in relation to each Director's:

- a. interactive skills;
- b. knowledge, including industry or professional expertise, specialist or functional contribution and regional expertise;
- c. performance of Directors' duties including attendance at meetings, meeting preparation, participation and performance of specific assignments; and
- d. conduct including maintenance of independence, disclosure of related party transactions and compliance with the Company's policies.

All Directors are requested to complete a board evaluation questionnaire designed to seek their views on various aspects of the Board, the Board Committees and individual Director's performance as described above. The Executive Chairman, in consultation with the NC, will then act on the results of the performance evaluation, and where appropriate, propose that new members be appointed to the Board or seek the resignation of Directors.

The NC has assessed the current Board's performance to-date and is of the view that the performance of the Board as a whole is satisfactory, the Board Committees operate effectively and each Director is contributing to the overall effectiveness of the Board.

No external facilitator was engaged for the evaluation process for FY2019.

#### Access to Information

Principle 6: In order to fulfil their responsibilities, directors should be provided with complete, adequate and timely information prior to board meetings and on an on-going basis so as to enable them to make informed decisions to discharge their duties and responsibilities.

In order to ensure that the Board is able to fulfil its responsibilities, the Management provides the Board with complete, adequate and timely information about the Group as well as the relevant background information relating to the business and matters to be discussed prior to Board meetings and on an on-going basis so as to enable them to make informed decisions to discharge their duties and responsibilities. To allow the Directors to have sufficient time to prepare for the meetings, all Board papers are distributed to the Directors in advance of the meetings. Any additional material or information requested by the Directors is promptly furnished.

The Board papers include, among others, the following documents and details:

- minutes of the previous meetings;
- follow-up on significant matters outstanding following the previous meetings;
- financial review: actual, budget and any other major financial issues;
- internal audit reports prepared by the Company's internal auditors;
- external audit reports prepared by the Company's external auditors;
- annual budgets (actual vs budget); and
- major operational and investment proposals and updates.

To ensure that Directors receive sufficient background explanatory information, briefings or formal presentations may also be given or made by the Management in attendance at Board meetings, or by external consultants engaged on specific projects. Directors are also entitled to request additional information and the Management shall provide the same in a timely manner.

The Directors also receive management reports on the Group's financial performance on a half-yearly basis, which contain adequate and timely operational and financial information that facilitates an assessment of the Group's financial performance, financial position and prospects. The management reports consist of financial statements with disclosures and explanations of material variances between past performance, budgets and actual results.

The Directors have separate and independent access to the Management, the Company's internal/external auditors and the Company Secretaries at all times should they have any queries on the Group's affairs.

In furtherance of their duties, each Director has the right to seek independent legal and other professional advice, at the Company's expense, concerning any aspect of the Group's operations or undertakings in order to fulfil his duties and responsibilities as a Director.

At least one of the Company Secretaries and/or his/her representatives attends all Board and Board Committee meetings. Together with the Management, the Company Secretaries are responsible for ensuring that appropriate procedures are followed and that the requirements of the Companies Act (Chapter 50) of Singapore, and the provisions in the Listing Manual Section B: Rules of Catalist (**"Catalist Rules"**) of the SGX-ST are complied with. The appointment and removal of the Company Secretaries is a matter for the Board as a whole.

Changes to regulations and accounting standards are closely monitored by the Management. The Directors are briefed either during Board and Board Committee meetings, by the Company Secretaries or the Company's external/internal auditors of these changes especially where these changes have an important bearing on the Directors' disclosure obligations.

#### **REMUNERATION MATTERS**

#### **Procedures for Developing Remuneration Policies**

Principle 7: There should be a formal and transparent procedure for developing policy on executive remuneration and for fixing the remuneration packages of individual directors. No director should be involved in deciding his own remuneration.

The RC comprises three (3) Independent Directors, namely Mr Lau Yan Wai, Mr Lim Kee Way Irwin and Mr Crane Charoenratchadej. The Chairman of the RC is Mr Lau Yan Wai. The RC has written terms of reference that describe the responsibilities of its members.

The RC's principal responsibilities are to review and recommend to the Board a framework of remuneration as well as the specific remuneration packages for the Directors and the key management personnel of the Group. The RC covers all aspects of remuneration, including but not limited to Directors' fees, salaries, allowances, bonuses, options, share-based incentives and awards, and benefits-in-kind. The RC's recommendations are submitted to the Board for endorsement. No Director is involved in deciding his or her own remuneration.

The MS Holdings Share Award Scheme ("**ESAS**") was approved and adopted by Shareholders at an extraordinary general meeting of the Company held on 28 August 2015. The ESAS is administered by the RC comprising Mr Lau Yan Wai, Mr Lim Kee Way Irwin and Mr Crane Charoenratchadej.

The ESAS is extended to the Group Employees and the Group Executive Directors who have met Performance Target(s), and enables them to be remunerated not just through cash bonuses but also through an equity stake in the Company. The ESAS is also extended to the Group Non-Executive Directors. Please refer to the Company's circular to Shareholders dated 12 August 2015 for further details on the ESAS. Please also refer to the section entitled "Directors' Statement" of this annual report for more information on the ESAS.

Other than the ESAS, the Company does not have any employee share option scheme or other long term employee incentive scheme.

The RC will also review the Group's obligations arising in the event of termination of Executive Directors' or key management personnels' contracts of service, to ensure that such contracts of service contain fair and reasonable termination clauses which are not overly generous.

The remuneration of employees who are related to the Directors or substantial Shareholders will also be reviewed annually by the RC to ensure that their remuneration packages are in line with the staff remuneration guidelines and commensurate with their respective job scopes and level of responsibilities. The RC will also review and approve any bonuses, pay increments and/or promotions for these related employees.

If any Director or key management personnel occupies a position for part of the financial year, the fee payable will be pro-rated accordingly.

For FY2019, the Company did not engage any remuneration consultants.

#### Level and Mix of Remuneration

Principle 8: The level and structure of remuneration should be aligned with the long term interest and risk policies of the company, and should be appropriate to attract, retain and motivate (a) the directors to provide good stewardship of the company, and (b) key management personnel to successfully manage the company. However, companies should avoid paying more than is necessary for this purpose.

The Company has entered into separate service agreements with Mdm Ng Chui Hwa, Mr Yap Chin Hock and Mr Tan Jia Hui Clarence in relation to their appointment as the Executive Chairman, the Executive Director and CEO, and the Executive Director and Investment Director respectively and Mr Yap Sian Lav in relation to his appointment as Technical Director of the Company (collectively, the "Executives"). The service agreements are valid for an initial period of three (3) years with effect from the respective commencement date. Upon the expiry of the initial period of three (3) years, the employment of each of the Executives shall be automatically renewed for a further period of three (3) years on such terms and conditions as the parties may agree. Either party may terminate the service agreement at any time by giving to the other party not less than six (6) months' notice in writing, or in lieu of notice, payment of an amount equivalent to six (6) months' salary based on each Executive's last drawn monthly salary. Based on the terms of their respective service agreements, the Executives are entitled to a basic monthly salary, an annual fixed bonus of one (1) month's basic salary as well as a discretionary bonus. Mr Yap Chin Hock is also entitled to receive a performance bonus based on the Group's audited consolidated profit before tax (after deducting profit before tax attributable to minority interests and excluding extraordinary items) and before awarding the performance bonus ("PBT"). The performance bonus will be 5% of the Group's PBT where PBT is S\$3.5 million or more. The service agreement provides that the Group shall be entitled to recover from Mr Yap Chin Hock the relevant portion of the performance bonus paid under his service agreement in the event that there is a restatement of the financial statements of the Company made to reflect the correction of a misstatement due to error or fraud (not change in accounting principle) during the financial year of the Group, or misconduct of Mr Yap Chin Hock resulting in financial loss to the Group. For FY2019, the Executives have decided to forgo their respective fixed bonus of one (1) month's basic salary.

There are no termination, retirement or any post-employment benefits for the Directors and key management personnel.

The Independent Directors do not have service agreements with the Company. They are paid fixed Directors' fees, which are determined by the Board, appropriate to the level of their contributions, taking into account factors such as the effort and time spent and the responsibilities of the Independent Directors. The fees are subject to approval by Shareholders at each AGM. The Independent Directors do not receive any other remuneration from the Company. The Company's fee structure for Independent Directors has been determined during FY2019 to attain the following key objectives:

- to reflect the increased scope of responsibilities in view of the regulatory changes and increase in business complexity; and
- (b) to provide a fair market remuneration at benchmarked rates to retain and/or attract new independent directors.

All revisions to the remuneration packages of the Directors are subject to the review by and recommendation of the RC and the approval of the Board. The RC has full authority to obtain any external professional advice on matters relating to remuneration as and when the need arises.

#### **Disclosure of Remuneration**

Principle 9: Every company should provide clear disclosure of its remuneration policies, level and mix of remuneration, and the procedure for setting remuneration, in the company's annual report. It should provide disclosure in relation to its remuneration policies to enable investors to understand the link between remuneration paid to directors and key management personnel, and performance.

The level and mix of the Directors' remuneration for FY2019 are set out below. The remuneration of each individual Director to the nearest thousand dollars is not disclosed as the Board believes that remuneration matters are highly sensitive in nature in a small and medium size enterprise environment and the disclosure may be prejudicial to the Group's business interests given the highly competitive business environment it operates in.

Name of Director	Directors' Fees <sup>1</sup> (%)	Salary <sup>2</sup> (%)	Bonus (%)	Benefits <sup>3</sup> (%)	Total (%)	
S\$250,001 – S\$500,000						
Mdm Ng Chui Hwa	-	90	-	10	100	
Mr Yap Chin Hock	-	94	-	6	100	
Below or equal to S\$250,000						
Mr Tan Jia Hui Clarence	-	98	-	2	100	
Mr Lim Kee Way Irwin	100	-	-	-	100	
Mr Lau Yan Wai	100	-	-	-	100	
Mr Crane Charoenratchadej	100	-	-	-	100	

Notes:

1 Subject to the approval of Shareholders at the forthcoming AGM.

2 Includes employers' contributions to the Central Provident Fund.

3 Other benefits mainly include allowances.

No compensation was paid in the form of share awards/options to any of the Directors.

A summary compensation table of the key management personnels' remuneration for FY2019 are set out below:

Name of Key Management Personnel	Salary <sup>1</sup> (%)	Bonus (%)	Benefits <sup>2</sup> (%)	Total (%)		
Below or equal to S\$250,000						
Mr Yap Sian Lay	97	-	3	100		
Ms Lee Nguk Fong	84	-	16	100		

Notes:

1 Includes employers' contributions to the Central Provident Fund.

2 Other benefits mainly include allowances.

Mr Yap Sian Lay is the spouse of Mdm Ng Chui Hwa, and is the father of Mr Yap Chin Hock.

No compensation was paid in the form of share awards/options to any of the key management personnel of the Group.

The aggregate remuneration paid to the above key management personnel (who are not Directors or the CEO) for FY2019 amounted to approximately \$\$383,000.

Save as disclosed above, there is no employee who is an immediate family member of a Director or the CEO, and whose remuneration exceeded \$\$50,000 during FY2019.

The Board is of the opinion that the information as disclosed above would be sufficient for Shareholders to have an adequate appreciation of the Group's compensation policies and practices and therefore does not intend to issue a separate remuneration report, the contents of which would be largely similar. In considering the disclosure of remuneration of the Directors and key management personnel, the Company has regarded the industry conditions in which the Group operates as well as the confidential nature of such remuneration. The Company believes that full detailed disclosure of the remuneration of each Director and each key management personnel as recommended by the Code would be prejudicial to the interests of the Group and hamper its ability to retain and nurture the Group's talent pool. The Company has instead presented such information in remuneration bands.

The Company adopts a remuneration policy that comprises a fixed and a variable component. The fixed component is in the form of base salary and benefits while the variable component is in the form of performance bonus determined based on the level of achievement of corporate and individual performance objectives.

The remuneration of the Executive Directors and the key management personnel takes into consideration the performance and contributions of the Executive Directors and the key management personnel based on their respective job responsibilities and gives due regard to the financial and business performance of the Group. The Group seeks to offer a competitive level of remuneration to attract, motivate and retain senior management of the required competency to run the Group successfully.

In 2015, the Company implemented the ESAS as an additional element to the variable component of the remuneration policy. The ESAS is extended to the Group Employees, the Group Executive Directors and the Group Non-Executive Directors ("**Participants**"). ESAS awards given to any Participant will be determined at the discretion of the RC, which will take into account factors such as the Participant's capability, scope of responsibility, skill and vulnerability to leaving the employment of the Group. In deciding whether an ESAS award is to be granted to any Participant, the RC will also consider all aspects of the compensation and/or benefits given to the Participant and such other share-based incentive schemes of the Company, if any. The RC may also set specific criteria and performance target(s) for each of its business units, taking into account factors such as (i) the Company and the Group's business goals and directions for each financial year; (ii) the Participant's actual job scope and responsibilities; and (iii) the prevailing economic conditions. For FY2019, no performance target was established pursuant to the ESAS and therefore no ESAS award was awarded.

As mentioned in principle 8 of this report, the Company has entered into a service agreement with the Executive Director and CEO, Mr Yap Chin Hock. Pursuant to his service agreement, he is entitled to receive a performance bonus based on the Group's audited consolidated profit before tax (after deducting profit before tax attributable to minority interests and excluding extraordinary items) and before awarding the performance bonus ("**PBT**"). The performance bonus will be 5% of the Group's PBT where PBT is S\$3.5 million or more. For FY2019, the RC is of the view that the performance condition was not met.

#### ACCOUNTABILITY AND AUDIT

#### Accountability

Principle 10: The board should present a balanced and understandable assessment of the company's performance, position and prospects.

In presenting the annual report, interim and annual financial results announcements and other price sensitive public announcements to Shareholders, the Board has a responsibility to present a balanced and understandable assessment of the Group's financial performance, financial position and prospects. In this respect, the AC reviews all financial statements and recommends them to the Board for approval. The Board also takes adequate steps to ensure compliance with legislative and regulatory requirements and observes obligations of continuing disclosure under the Catalist Rules.

The Management provides the Board with management accounts of the Group, with explanatory details on its operations, financial results and comparison against budgeted amounts, which has been assessed to be sufficient by the Board. Board papers are given prior to any Board meeting to facilitate effective discussion and decision making. An annual budget is also tabled for the Board's endorsement for effective monitoring and control. The Management also highlights key business indicators and major issues that are relevant to the Group's performance on an on-going basis in order for the Board to make a balanced and informed assessment of the Group's financial performance, financial position and prospects.

#### **Risk Management and Internal Controls**

Principle 11: The board is responsible for the governance of risk. The board should ensure that management maintains a sound system of risk management and internal controls to safeguard shareholders' interests and the company's assets, and should determine the nature and extent of the significant risks which the board is willing to take in achieving its strategic objectives.

The Board is responsible for the governance of risks and the overall internal control framework. It ensures that the Management maintains a sound system of risk management and internal controls to safeguard Shareholders' interests and the Group's assets and determines the nature and extent of the significant risks which the Board is willing to take in achieving the Group's strategic objectives.

To ensure that the Group's risk management and internal control systems are adequate and effective, the Company has engaged Foo Kon Tan LLP ("**Foo Kon Tan**") as the Group's internal auditors. Foo Kon Tan has provided summaries of its internal audit findings and reports to the AC, to assist the Board and the AC in their review of the Group's risk management and internal control systems focusing on financial, operational, compliance and information technology controls. The AC has also reviewed the actions taken by the Management on the recommendations made by the internal auditors. The Group's external auditors also test controls as part of their audit of the financial statements in accordance with their external audit plans.

The AC will ensure that a review of the effectiveness of the Group's risk management policies and procedures and internal controls in addressing material risks, including financial, operational, compliance, information technology risks and sustainability risks and risk management systems is conducted annually. In this respect, the AC will review the audit plans and the findings of the external and internal auditors, and will ensure that the Management follows up on the external and internal auditors raised, if any, during the audit process.

The Board has received assurance from the Executive Director and CEO, and the Financial Controller that (a) the financial records have been properly maintained and the financial statements for FY2019 give a true and fair view of the Group's operations and finances; and (b) the Group's risk management and internal control systems are effective.

Based on the internal controls established and maintained by the Group, work performed by the internal auditors and the external auditors, reviews performed by the Management and various Board Committees, the Board, with the concurrence of the AC, is of the opinion that, the Group's internal controls (including financial, operational, compliance and information technology controls) and risk management systems are adequate and effective as at 30 April 2019.

#### Audit Committee

Principle 12: The board should establish an audit committee with written terms of reference which clearly set out its authority and duties.

The AC consists of three (3) Independent Directors, namely Mr Lim Kee Way Irwin, Mr Lau Yan Wai and Mr Crane Charoenratchadej. The Chairman of the AC is Mr Lim Kee Way Irwin. The Board is of the view that the AC has the necessary experience and expertise required to discharge its duties. At least two (2) members of the AC, namely Mr Lim Kee Way Irwin and Mr Crane Charoenratchadej possess the requisite accounting and related financial management expertise and experience.

The AC has adopted written terms of reference defining its membership, administration and duties. Some of the key duties and responsibilities of the AC include:

- reviewing, with the internal auditors and the external auditors, their audit plans, scope of work, evaluation of the Group's system of internal accounting controls, audit reports, management letters on internal controls, the Management's response and any other relevant findings or matters;
- reviewing the periodic consolidated financial statements and results announcements focusing on, in particular, changes in accounting policies and practices, major risk areas, significant adjustments resulting from the audit, compliance with accounting standards and compliance with the Catalist Rules and any other relevant statutory or regulatory requirements, concerns and issues arising from their audits including any matters which the auditors may wish to discuss in the absence of the Management, where necessary, before submission to the Board for approval;
- reviewing and reporting to the Board, at least annually, the effectiveness and adequacy of the Group's risk
  management and internal controls systems addressing financial, operational, compliance and information
  technology risks and discussing issues and concerns, if any, arising from the internal audits;
- reviewing our financial risk areas with a view to providing an independent oversight on the Group's financial reporting, the outcome of such review to be disclosed in the annual reports or if the findings are material, to be immediately announced via SGXNET;
- reviewing the assistance given by the Management to the internal auditors and the external auditors;
- reviewing the independence of the internal auditors and the external auditors as well as considering the appointment or re-appointment of the internal auditors and the external auditors, including approving the remuneration and terms of engagement of the internal auditors and the external auditors;
- reviewing and discussing with the internal auditors and the external auditors any suspected fraud or irregularity, or suspected infringement of any relevant laws, rules or regulations, which has or is likely to have a material impact on the Group's operating results or financial position, and the Management's response;
- reviewing interested person transactions (if any) falling within the scope of Chapter 9 of the Catalist Rules;

- reviewing potential conflicts of interests (if any) and setting out a framework to resolve or mitigate any potential conflicts of interests;
- reviewing the procedures by which employees of the Group may, in confidence, raise concerns about possible improprieties in matters of financial reporting or other matters and ensuring that there are arrangements in place for independent investigation and follow-up actions thereto;
- undertaking such other reviews and projects as may be requested by the Board, and reporting to the Board its findings from time to time on matters arising and requiring the attention of the AC; and
- generally undertaking such other functions and duties as may be required by statute or the Catalist Rules, or by such amendments as may be made thereto from time to time.

In addition to the duties listed above, the AC has the authority to investigate any matter within its terms of reference. It is given the task to commission investigations into matters where there is suspected fraud or irregularity, or failure of internal controls or infringement of any laws, rules or regulations, which has or is likely to have a material impact on the Company's results of operations or financial position, and to review the findings thereof. The AC has full access to and co-operation by the Management and full discretion to invite any Director or key management personnel to attend its meetings, and reasonable resources to enable it to discharge its functions properly.

The AC meets with the external auditors and the internal auditors, without the presence of the Management, at least annually, to discuss the results of their audit, their evaluation of the Group's system of internal controls and any other relevant matters or findings that have come to the attention of the external auditors and the internal auditors as well as to review the adequacy of audit arrangements, with emphasis on the scope and quality of their audit, and the independence and objectivity of the auditors.

The aggregate amount of fees paid or payable to the external auditors of the Company, broken down into audit and non-audit services during FY2019 are as follows:

Audit fees	:	S\$50,000
Non-audit fees	:	_
Total	:	S\$50,000

The AC will review the independence of the external auditors annually. There were no non-audit services provided by the external auditors of the Company, RT LLP ("**RT**"), to the Group for FY2019. The AC is of the opinion that RT is suitable for re-appointment and has accordingly recommended to the Board that RT be nominated for re-appointment as independent auditors of the Company at the forthcoming AGM. The Company confirms that it is in compliance with Rules 712 and 715 of the Catalist Rules in relation to the appointment of its external auditors.

To keep abreast of changes in accounting standards and issues which have a direct impact on the financial statements, the AC is encouraged to participate in training courses, seminars and workshops, as relevant, and to seek advice from the external auditors at the AC meetings that are held.

No former partner or director of the Company's existing auditing firm or auditing corporation is a member of the AC.

#### Whistle-blowing Policy

The AC has put in place a whistle-blowing policy, whereby employees of the Group or any other persons may in confidence, raise concerns about possible improprieties or other matters to the AC Chairman, Mr Lim Kee Way Irwin. The objective for such arrangement is to ensure independent investigations of such matters and for appropriate follow-up actions. Reports of suspected fraud, corruption, dishonest practices or other similar matters can be lodged to the AC Chairman, Mr Lim Kee Way Irwin. No concerns involving possible corporate improprieties were brought to the attention of the AC in FY2019.

#### **Internal Audit**

Principle 13: The company should establish an effective internal audit function that is adequately resourced and independent of the activities it audits

The AC is aware of the need to establish a system of internal controls within the Group to safeguard Shareholders' interests and the Group's assets, and to manage risks. The system is intended to provide reasonable but not absolute assurance against material misstatements or loss, and to safeguard assets and ensure maintenance of proper accounting records, reliability of financial information, compliance with appropriate legislations, regulations and best practices, and the identification and containment of business risks.

The Board is of the view that the current size of the operations of the Group does not warrant the Group having an in-house internal audit function. The Company has outsourced its internal audit function to Foo Kon Tan who reports directly to the AC. The AC approves the hiring, removal, evaluation and compensation of the internal auditors. The internal auditors have unfettered access to all the Group's documents, records, properties and personnel, including access to the AC.

Foo Kon Tan commenced their role as internal auditors of the Company in FY2017. The internal auditors support the AC in their role in assessing the effectiveness of the Group's overall system of compliance, operational, financial and information technology controls and risk management. To ensure the adequacy of the internal audit function, the AC will review and approve the internal audit plan on an annual basis. The internal audit is guided by Foo Kon Tan's Internal Audit Methodology which is aligned to the International Standards for the Professional Practice of Internal Auditing (IIA Standards) issued by the Institute of Internal Auditors.

The AC, having considered, amongst others, the reputation and track record of Foo Kon Tan and the qualifications, experience and availability of resources and independence of the team at Foo Kon Tan, is satisfied that the appointment of Foo Kon Tan as internal auditors is appropriate, the internal auditors have appropriate standing within the Group and the internal audit function is independent, effective and adequately resourced.

#### SHAREHOLDER RIGHTS AND RESPONSIBILITIES

#### Shareholder Rights

Principle 14: Companies should treat all shareholders fairly and equitably, and should recognise, protect and facilitate the exercise of shareholders' rights, and continually review and update such governance arrangements

The Company is committed to maintaining and improving its level of corporate transparency of financial results and other pertinent information. Other than the routine announcements made in accordance with the requirements of the Catalist Rules, the Company has issued additional announcements and press releases to update Shareholders on the activities of the Company and the Group as and when necessary.

The Company does not practise selective disclosure of material information and price sensitive information is publicly released as soon as is practicable as required by the Catalist Rules. Price-sensitive information is first publicly released via SGXNET before the Company meets with any group of investors or analysts. Results and annual reports are announced or issued within the mandatory period.

Shareholders are informed of general meetings through notices published in the newspapers and the Company's announcements and press releases via SGXNET, as well as through reports or circulars sent to all Shareholders. They are given the opportunity to participate effectively and vote at general meetings of the Company, where relevant rules and procedures governing the meetings are clearly communicated. The Company appoints an independent external party as scrutineer ("**Scrutineer**") for the poll voting process at the general meetings of the Company. The Scrutineer will explain the poll voting procedures to Shareholders at the general meetings of the Company before the resolutions are put to vote.

The Constitution allows each Shareholder to appoint up to two (2) proxies to vote and attend general meetings on his behalf. In line with the amendments to the Companies Act, Chapter 50 of Singapore, corporate shareholders of the Company who provide nominee or custodial services to third parties are allowed to appoint more than two (2) proxies to attend and vote on their behalf at general meetings.

#### **Communication with Shareholders**

Principle 15: Companies should actively engage their shareholders and put in place an investor relations policy to promote regular, effective and fair communication with shareholders

The Company is committed to maintaining a high level of corporate transparency of financial results and other pertinent information. The Company's investor relations function is under the purview of Mr Yap Chin Hock, Executive Director and CEO. In line with the continuous disclosure obligations under the Catalist Rules, the Company informs Shareholders on a timely basis of all major developments that may have a material impact on the Group. Such information is disclosed in a timely and accurate manner through SGXNET, and where appropriate, on the Company's website.

Shareholders, investors or analysts may also send their queries or concerns to the Management, whose contact details can be found on the Company's website, press releases and the corporate information page of this annual report. The Company will consider use of other forums as and when applicable.

The Company does not have a formal dividend policy at present. The form, frequency and amount of future dividends on the Company's shares will depend on the Group's earnings, financial position, results of operations, cash flow, capital needs, the terms of our borrowing arrangements (if any), plans for expansion and other factors which the Directors may deem appropriate. The Board has not recommended any dividend for FY2019 as the Board wants to ensure that there are adequate resources for the Company's expansion plans and/or ongoing needs for working capital and to respond to any adverse changes in the macro economic environment.

#### **Conduct of Shareholder Meetings**

Principle 16: Companies should encourage greater shareholder participation at general meetings of shareholders, and allow shareholders the opportunity to communicate their views on various matters affecting the company

The AGM is a principal forum for dialogue and interaction with all Shareholders. Shareholders are encouraged to attend, participate and vote at the AGM to ensure a high level of accountability on the part of the Board and the Management, and to stay informed of the Group's performance, strategies and growth plans. All Shareholders will receive the Company's annual report and notice of AGM, together with explanatory notes, or a circular on items of special businesses (if necessary), at least 14 calendar days before the meeting. The Company supports active Shareholder participation at the AGM and welcomes questions from Shareholders who wish to raise issues pertaining to the Group, within the setting of the general meetings. The Company does not intend to implement absentia-voting methods such as email, fax or mail until security, integrity and other pertinent issues are satisfactorily resolved.

Each item of special business included in the notice of AGM will be accompanied by explanatory notes as may be required. Separate resolutions are proposed for each substantially separate issue at general meetings. "Bundling" of resolutions are done only where the resolutions are interdependent and linked so as to form one significant proposal. The Company will put all resolutions to vote by poll and make an announcement of the detailed results showing the number of votes cast for and against each resolution and the respective percentages. The Company will prepare minutes of AGM and make these minutes available to Shareholders upon their request.

All Directors, including the Chairman of the Board and the respective Chairmen of the AC, the RC and the NC, as well as the Financial Controller and the external auditors will be present and on hand to address Shareholders' queries at the AGM.

#### **Dealing in Securities**

The Company has complied with the requirements of Rule 1204(19) of the Catalist Rules in relation to dealings in the Company's securities by the Directors and officers of the Group.

The Company prohibits its officers from dealing in the Company's shares on short term considerations or when they are in possession of unpublished price-sensitive information. The Company, its Directors and officers are not allowed to deal in the Company's shares during the period commencing one (1) month before the announcement of the Company's half-year and full-year financial results, as the case may be, and ending on the date of the announcement of the relevant financial results. They are also expected to observe insider-trading laws at all times even when dealing in securities within permitted trading periods.

#### **Interested Person Transactions**

The Company has adopted an internal policy in respect of any transaction with an interested person, which sets out the procedures for review and approval of such interested person transaction.

All interested person transactions will be documented and submitted periodically to the AC for their review to ensure that such transactions are carried out on an arm's length basis on normal commercial terms and are not prejudicial to the Group.

The Group does not have a general mandate for interested person transactions. There were no interested person transactions of S\$100,000 or more during FY2019.

#### **Material Contracts**

Pursuant to Rule 1204(8) of the Catalist Rules, the Company confirms that the following agreements were either subsisting at the end of FY2019 or if not subsisting, entered into since the end of the previous financial year:

- (1) Service agreements entered into between the Company and the Executive Directors, Mdm Ng Chui Hwa, Mr Yap Chin Hock and Mr Tan Jia Hui Clarence as well as the Technical Director, Mr Yap Sian Lay; and
- (2) the shareholders' loan agreement with Loke Investments Pte. Ltd. ("Loke"), controlling shareholder of the Company, as lender and the Company as the borrower, where the Company can request Loke and Loke shall grant loan(s) to the Company for an aggregate amount of up to S\$5 million. The Company shall pay interest at 1.75% per annum over the applicable 3-month SWAP offer rate commencing from the date the loan is disbursed. The repayment of loan shall be made 24 months from the date of the agreement and the loan is unsecured. For FY2019, the Company did not request Loke to grant any loan to the Company.

Save as disclosed above, there were no other material contracts of the Company and its subsidiaries involving the interests of the CEO, any Director or controlling Shareholder, either still subsisting at the end of FY2019 or if not then subsisting, entered into since the end of the previous financial year.

#### **Risk Management**

The Management frequently reviews the Company's business and operational activities to identify areas of significant business and financial risks as well as appropriate measures to control and mitigate these risks within the Company's policies and strategies. The significant risk management policies are as disclosed in the audited financial statements as well as in Principle 11 above.

#### **Non-Sponsor Fees**

No non-sponsor fee was paid to the Company's sponsor, United Overseas Bank Limited for FY2019.

#### **Corporate Social Responsibility**

The Group is committed to enhancing the well-being of the community and maintaining a sustainable environment in the location that it operates. The Group does not have a fixed corporate social responsibility policy, however, the Group monitors closely the impact of its activities on the environment, consumers, employees, communities, stakeholders and other members of the public actively and it is constantly searching for means to continue contributing to the community. Some of the community development projects the Group has participated in include making donations to the following:

- The Disabled People's Association in 2012, 2013, 2014, 2015, 2016, 2017,2018 and 2019
- Children-In-Need Programme organised by the Singapore Children's Society in 2012, 2013, 2014, 2015, 2017 and 2019

# Share options

At an Extraordinary General Meeting held on 28 August 2015, shareholders approved the Employee Share Award Scheme ("ESAS") for Group Employees and Group Executive Directors, who have met Performance Target(s) to be remunerated not just through cash bonuses but also by an equity stake in the Company. The ESAS is also extended to the Group Non-Executive Directors.

Since the commencement of the ESAS till the end of the financial year:

- No award has been granted to the directors of the Company.
- No award has been granted to the controlling shareholders of the Company and their associates.
- No participant has received 5% or more of the total awards available under the ESAS.
- No award has been granted to directors and employees of the holding company and its subsidiaries.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

# Audit committee

The audit committee ("AC") carried out its functions in accordance with section 201B (5) of the Singapore Companies Act, Chapter 50, including the following:

- Reviewed the audit plans of the internal and external auditors of the Group and the Company, and reviewed the internal auditor's evaluation of the adequacy of the Company's system of internal accounting controls and the assistance given by the Group and the Company's management to the external and internal auditors.
- Reviewed the half yearly announcement and the annual financial statements and the auditor's report on the annual financial statements of the Group and the Company before their submission to the board of directors.
- Reviewed effectiveness of the Group and the Company's material internal controls, including financial, operational and compliance controls and risk management via reviews carried out by the internal auditor.
- Met with the external auditor, other committees, and management in separate executive sessions to discuss any matters that these groups believe should be discussed privately with the AC.
- Reviewed legal and regulatory matters that may have a material impact on the financial statements, related compliance policies and programmes and any reports received from regulators.
- Reviewed the cost effectiveness and the independence and objectivity of the external auditor.
- Reviewed the nature and extent of non-audit services provided by the external auditor.
- Recommended to the board of directors the external auditor to be nominated, approved the compensation of the external auditor, and reviewed the scope and results of the audit.
- Reported actions and minutes of the AC to the board of directors with such recommendations as the AC considered appropriate.
- Reviewed interested person transactions in accordance with the requirements of the Singapore Exchange Securities Trading Limited's Listing Manual Section B: Rules of Catalist.

There is no non-audit service provided by the external auditors for the financial year. As such, in the AC's opinion, the external auditors remain independent. The AC has also conducted a review of interested person transactions.

The AC convened two meetings during the year. The AC has also met with internal and external auditors, without the presence of the Company's management, at least once a year.

Further details regarding the AC are disclosed in the Report of Corporate Governance.

## Independent Auditor's Report to the Members of MS Holdings Limited

#### **Report on the Audit of the Financial Statements**

# Opinion

We have audited the financial statements of MS Holdings Limited (the "Company") and its subsidiaries (collectively, the "Group"), which comprise the balance sheets of the Group and the Company as at 30 April 2019, the statements of changes in equity of the Group and the Company and the consolidated statement of comprehensive income and consolidated statement of cash flows of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group, the balance sheet and the statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)s") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 30 April 2019 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and changes in equity of the Company for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

# Independent Auditor's Report to the Members of MS Holdings Limited (Continued)

# Key Audit Matters (Continued)

Impairment assessment of property, plant and equi (Refer to Note 11 of the financial statements)	pment ("PPE")
Key Audit Matter	How the matter was addressed in the audit
As at 30 April 2019, the Group had PPE amounting to \$50.4 million (2018: \$53.4 million) and these PPE accounted for approximately 81.3% (2018: 90.3%) of the Group's total assets. The Group's net asset value exceeded its market capitalization as at 30 April 2019 which indicates that the PPE might be impaired. Management has performed the impairment assessment with respect to its PPE using value-in-use calculations. Management had applied significant judgement and estimates with respect to the key assumptions on forecasted cash flows, revenue growth rates and discount rate used in their impairment assessment process. In making these significant judgement and critical estimates, management has relied on past experience, their industry knowledge and publicly available information. We considered this to be a key audit matter as PPE is a significant component of the Group's assets and impairment assessment of PPE is highly judgmental and involves significant estimation by management.	<ul> <li>Our audit procedures focused on evaluating and assessing the key assumptions and methodology used by the Group to determine the recoverable amount of the PPE. These procedures include:</li> <li>Compare management's forecasted performance for FY 2019 against FY 2019 actual performance;</li> <li>Evaluate management's forecasted key assumptions including, growth rates, direct and indirect costs and useful lives of PPE;</li> <li>Re-compute discount rates and re-assess the discount rates used by management;</li> <li>Performed sensitivity test on key assumptions used against possible changes in key assumptions and estimates.</li> </ul>
Valuation of trade receivables (Refer to Note 15 and 27 of the financial statements)	

Key Audit Matter	How the matter was addressed in the audit			
As at 30 April 2019, the Group's trade receivables amount to \$5.9 million (2018: \$2.4 million) and the allowance for impairment of trade receivables as at	Our audit procedures included but were not limited to the following:			
30 April 2019 amounted to \$108,751 (2018: \$56,303).	<ul> <li>Evaluate management's assessment of recoverability of the trade receivables by reviewing</li> </ul>			
Management uses a provision matrix to calculate the expected credit loss ("ECL") for trade receivables. Management categorises its debtors into 5 broad categories of industry and applies a percentage on	the debtors' aging, checking for subsequent receipt and analyzing the payment history of debtors with long outstanding receivables;			
these categories to derive the ECL.	<ul> <li>Review management's ECL assessment on trade receivables using the historical loss rate adjusted for forward-looking information;</li> </ul>			

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

# Independent Auditor's Report to the Members of MS Holdings Limited (Continued)

## Key Audit Matters (Continued)

Valuation of trade receivables (Continued) (Refer to Note 15 and 27 of the financial statements)	
Key Audit Matter	How the matter was addressed in the audit
Management also considers if specific allowance on specific receivables should be made by reference to the current financial conditions of the customers, payment history and records, and nature of disputes, if any, with the customers.	<ul> <li>Consider the adequacy of the Group's disclosures on the trade receivables and the related risks such as credit risk and liquidity risk in Note 27 to the financial statements.</li> </ul>
The percentage assigned to these categories of industry is based on management's judgement and estimation with respect to management's past experience and their industry knowledge.	
The Group will calibrate the percentage for these categories of industry to adjust historical credit loss experience with forward-looking information. At every reporting date, historical default rates are updated and changes in the forward-looking estimates are analysed.	
Upon adoption of SFRS(I) 9, the Group did not recognise any additional impairment on the Group's trade receivables as the computed ECL is deemed immaterial by the Group.	
We considered this to be a key audit matter as the impairment allowance as well as ECL computation is highly judgmental and involves significant estimation by management.	

# Information Other than Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

### Independent Auditor's Report to the Members of MS Holdings Limited (Continued)

## Information Other than Financial Statements and Auditor's Report Thereon (Continued)

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### **Responsibilities of Management and Directors for the Financial Statements**

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

# Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

 Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

## Independent Auditor's Report to the Members of MS Holdings Limited (Continued)

### Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### 1. Corporate information

#### 1.1 The Company

MS Holdings Limited (the "Company") is a limited liability company incorporated and domiciled in Singapore and is listed on the Catalist Board of Singapore Exchange Securities Trading Limited on 7 November 2014. The immediate and ultimate holding company is Loke Investments Pte. Ltd..

The registered office and principal place of business of the Company is located at 22 Pandan Road, Singapore 609274.

The principal activity of the Company is that of investment holding. The principal activities of the subsidiaries are disclosed in Note 12 to the financial statements.

### 2. Summary of significant accounting policies

# 2.1 Basis of preparation

These financial statements have been prepared in accordance with Singapore Financial Reporting Standards (International) ("SFRS(I)s") under the historical cost convention, except as disclosed in the accounting policies below.

The preparation of financial statements in conformity with SFRS(I)s requires management to exercise its judgement in the process of applying the Group's accounting policies. It also requires the use of certain critical accounting estimates and assumptions. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

The financial statements are presented in Singapore Dollars (SGD or \$) and all values in the tables are rounded to the nearest thousand (\$'000), except when otherwise indicated.

# 2.2 Adoption of SFRS(I)s

These financial statements for the year ended 30 April 2019 are the first the Group and the Company have prepared in accordance with SFRS(I)s. Accordingly, the Group and the Company have prepared financial statements that comply with SFRS(I)s applicable as at 30 April 2019, together with the comparative period data for the year ended 30 April 2018 as described in the summary of significant accounting policies. On preparing the financial statements, the Group's and the Company's opening balance sheets were prepared as at 1 May 2018, the Group's and the Company's date of transition to SFRS(I)s.

The principal adjustments made by the Group on adoption of SFRS(I)s and the adoption of the new standards that are effective on 1 January 2018 are disclosed below.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

# 2. Summary of significant accounting policies (Continued)

## 2.2 Adoption of SFRS(I)s (Continued)

## Exemptions applied on adoption of SFRS(I)s

SFRS(I) allows first-time adopters exemptions from the retrospective application of certain requirements under SFRS(I)s. The Group has applied the following exemptions:

• The comparative information do not comply with SFRS(I) 9 *Financial Instruments* or SFRS(I) 7 *Financial Instruments: Disclosures* to the extent the disclosures related to items within the scope of SFRS(I) 9.

The accounting policies adopted are consistent with those previously applied under FRS except that in the current financial year, the Group has adopted all the SFRS(I)s which are effective for annual financial periods beginning on or after 1 January 2018. Except for the impact arising from the exemptions applied as described above and the adoption of SFRS(I) 9 and SFRS(I) 15 described below, the adoption of these standards did not have any material effect on the financial performance or position of the Group and the Company.

#### SFRS(I) 9 Financial Instruments

On 1 May 2018, the Group adopted SFRS(I) 9 Financial Instruments, which is effective for annual periods beginning on or after 1 January 2018.

The changes arising from the adoption of SFRS(I) 9 have been applied retrospectively. The Group has elected to apply the exemption in SFRS(I) 1 and has not restated comparative information in the year of initial application. The impact arising from SFRS(I) 9 adoption was included in the opening retained earnings at the date of initial application, 1 May 2018. The comparative information was prepared in accordance with the requirements of FRS 39.

#### Classification and measurement

The classification and measurement requirements of SFRS(I) 9 did not have a significant impact to the Group except for the following changes in the classification and measurement of the financial assets:

- SFRS(I) 9 requires all equity instruments to be carried at fair value through profit or loss, unless an entity chooses on initial recognition, to present fair value changes in other comprehensive income.
- Upon adoption of SFRS(I) 9, the Group measures its currently held available-for sale ("AFS") unquoted equity securities at fair value through other comprehensive income ("FVOCI") as these securities are not held for trading.

## 2.2 Adoption of SFRS(I)s (Continued)

# SFRS(I) 9 Financial Instruments (Continued)

#### Classification and measurement (Continued)

The Company applied SFRS(I) 9 retrospectively, with an initial application date of 1 May 2018. The Group has not restated comparative information which continues to be reported under FRS 39 and the disclosure requirements of FRS 107 Financial Instruments: Disclosures relating to items within the scope of FRS 39. The impact arising from FRS 109 adoption was included in the opening retained earnings and other components of equity at the date of initial application. The effects, before tax impact are as follows:

Financial assets:	Group			
Measurement category	FRS 39 carrying amount on 30 April 2018	Reclassification	SFRS(I) 9 carrying amount on 1 May 2018	Retained earnings effect on 1 May 2018
	\$'000	\$'000	\$'000	\$'000
FVOCI	_	114	114	_
Reclassified from AFS	114	(114)	_	_
FVOCI at 1 May 2018	114	-	114	-

## Impairment

SFRS(I) 9 requires the Group to record expected credit losses ("ECLs") on its financial assets measured at amortised cost, debt securities at FVOCI and financial guarantees. The Group previously recorded impairment based on the incurred loss model when there is objective evidence that a financial asset is impaired.

Upon adoption of SFRS(I) 9, the Group did not recognise any additional impairment for ECLs on the Group's trade receivables (apart from the specific allowance) as the computed amount is deemed immaterial by the Group.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

# 2. Summary of significant accounting policies (Continued)

## 2.2 Adoption of SFRS(I)s (Continued)

## SFRS(I) 15 Revenue from Contracts with Customers

The Group adopted SFRS(I) 15 which is effective for annual periods beginning on or after 1 January 2018.

With respect to the new SFRS(I) 15, management has assessed and concluded that there has been no significant impact on its revenue recognition policy due to the following reasons:

- There is no variation consideration involved as the contracts does not provide customers with (a) right of returns; (b) trade discounts; (c) volume rebates.
- There is no service-type of warranties nor the option to purchase extended warranties.
- There is no capitalised of contract cost.

Although there are some contracts over time, management has assessed that the contracts are immaterial to the Group. Accordingly, the initial application of SFRS(I) 15 have no significant impact to the Group's Financial Statements.

#### 2.3 Standards issued but not yet effective

The Group has not adopted the following standards applicable to the Group that have been issued but not yet effective:

Description	Effective for annual periods beginning on or after
SFRS(I) 16 Leases	1 January 2019
Amendments to References to the Conceptual Framework in SFRS(I)

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

# 2. Summary of significant accounting policies (Continued)

#### 2.3 Standards issued but not yet effective (Continued)

Except for SFRS(I) 16, the directors expect that the adoption of the other standards above will have no material impact on the financial statements in the year of initial application. The nature of the impending changes in accounting policies on adoption of SFRS(I) 16 is described below.

## SFRS(I) 16 Leases

SFRS(I) 16 requires lessees to recognise most leases on balance sheets. The standard includes two recognition exemptions for lessees – leases of 'low value' assets and short-term leases. SFRS(I) 16 is effective for annual periods beginning on or after 1 January 2019. At commencement date of a lease, a lessee will recognise a liability to make lease payments (i.e. the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e. the right-of-use asset). Lessees will be required to separately recognise the interest expense on the lease liability and the depreciation expense on the right-of-use asset.

The Group plans to adopt SFRS(I) 16 retrospectively with the cumulative effect of initially applying the standard as an adjustment to the opening retained earnings at the date of initial application, 1 May 2019.

On the adoption of SFRS(I) 16, the Group expects to choose, on a lease-by-lease basis, to measure the right-of-use asset at either:

- (i) its carrying amount as if SFRS(I) 16 had been applied since the commencement date, but discounted using the lessee's incremental borrowing rate as of 1 May 2019; or
- (ii) an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the statement of financial position immediately before 1 May 2019.

In addition, the Group plans to elect the following practical expedients:

- not to reassess whether a contract is, or contains a lease at the date of initial application and to apply SFRS(I) 16 to all contracts that were previously identified as leases;
- to apply the exemption not to recognise right-of-use asset and lease liabilities to leases for which the lease term ends within 12 months as of 1 May 2019; and
- to apply a single discount rate to a portfolio of leases with reasonably similar characteristics.

The Group has performed a preliminary impact assessment based on currently available information, and the assessment may be subject to changes arising from ongoing analysis until the Group adopts SFRS(I) 16 in 2019.

# 2. Summary of significant accounting policies (Continued)

### 2.4 Basis of consolidation and business combinations

# (a) Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the end of the reporting period. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions and dividends are eliminated in full.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Losses within a subsidiary are attributed to the non-controlling interests even if that results in a deficit balance.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- de-recognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts at the date when control is lost;
- de-recognises the carrying amount of any non-controlling interests;
- de-recognises the cumulative translation differences recorded in equity;
- recognises the fair value of the consideration received;
- recognises the fair value of any investment retained;
- recognises any surplus or deficit in profit or loss;
- re-classifies the Group's share of components previously recognised in other comprehensive income to profit or loss or retained earnings, as appropriate.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

## 2. Summary of significant accounting policies (Continued)

## 2.4 Basis of consolidation and business combinations (Continued)

#### (b) Business combinations and goodwill

Business combinations involving entities under common control are accounted for by applying the pooling of interest method which involves the following:

- The assets and liabilities of the combining entities are reflected at their carrying amounts reported in the consolidated financial statements of the controlling holding company.
- No adjustments are made to reflect the fair values on the date of combination, or recognise any new assets or liabilities.
- No additional goodwill is recognised as a result of the combination.
- Any difference between the consideration paid/transferred and the equity 'acquired' is reflected within the equity as merger reserve.
- The statement of comprehensive income reflects the results of the combining entities for the full year, irrespective of when the combination took place.

Business combinations involving entities not under common control are accounted for by applying the acquisition method. Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Acquisition-related costs are recognised as expenses in the periods in which the costs are incurred and the services are received.

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration which is deemed to be an asset or liability, will be recognised in profit or loss.

The Group elects for each individual business combination, whether non-controlling interests in the acquiree (if any), that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation, is recognised on the acquisition date at fair value, or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets. Other components of non-controlling interests are measured at their acquisition date fair value, unless another measurement basis is required by another FRS.

Any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interests in the acquiree (if any), and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities is recorded as goodwill. In instances where the latter amount exceeds the former, the excess is recognised as gain on bargain purchase in profit or loss on the acquisition date.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

# 2. Summary of significant accounting policies (Continued)

### 2.4 Basis of consolidation and business combinations (Continued)

# (b) Business combinations and goodwill (Continued)

Goodwill is initially measured at cost. Following initial recognition, goodwill is measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to the Group's cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

The cash-generating units to which goodwill have been allocated is tested for impairment annually and whenever there is an indication that the cash-generating unit may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of each cash-generating unit (or group of cash-generating units) to which the goodwill relates.

#### 2.5 Foreign currency

The financial statements are presented in Singapore Dollars, which is also the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. The functional currency of the subsidiaries is also in Singapore Dollars.

# **Transactions and balances**

Transactions in foreign currencies are measured in the functional currency of the Company and its subsidiaries and are recorded on initial recognition in the functional currency at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rates of exchange ruling at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognised in profit or loss.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

# 2. Summary of significant accounting policies (Continued)

#### 2.6 Subsidiaries

A subsidiary is an investee that is controlled by the Group. The Group controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

In the Company's separate financial statements, investments in subsidiaries are accounted for at cost less impairment losses.

# 2.7 Joint venture

A joint arrangement is a contractual arrangement whereby two or more parties have joint control. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

A joint arrangement is classified either as joint operation or joint venture, based on the rights and obligations of the parties to the arrangement.

To the extent the joint arrangement provides the Group with rights to the assets and obligations for the liabilities relating to the arrangement, the arrangement is a joint operation. o the extent the joint arrangement provides the Group with rights to the net assets of the arrangement, the arrangement is a joint venture.

The Group account for its investments in joint ventures using the equity method from the date on which it becomes joint venture.

On acquisition of the investment, any excess of the cost of the investment over the Group's share of the net fair value of the investee's identifiable assets and liabilities represents goodwill and is included in the carrying amount of the investment. Any excess of the Group's share of the net fair value of the investee's identifiable assets and liabilities over the cost of the investment is included as income in the determination of the entity's share of the joint venture's profit or loss in the period in which the investment is acquired.

Under the equity method, the investment in joint ventures are carried in the balance sheet at cost plus post-acquisition changes in the Group's share of net results of the operations of the joint ventures. Distributions received from joint ventures reduce the carrying amount of the investment. Where there has been a change recognised in other comprehensive income by the joint venture, the Group recognises its share of such changes in other comprehensive income. Unrealised gains and losses resulting from transactions between the Group and joint venture are eliminated to the extent of the interest in the joint ventures.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

# 2. Summary of significant accounting policies (Continued)

#### 2.7 Joint venture (Continued)

When the Group's share of losses in a joint venture equals or exceeds its interest in the joint venture, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the joint venture.

After application of the equity method, the Group determines whether it is necessary to recognise an additional impairment loss on the Group's investment in joint ventures. The Group determines at the end of each reporting period whether there is any objective evidence that the investment in the joint venture is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the joint venture and its carrying value and recognises the amount in profit or loss.

The financial statements of the joint ventures are prepared as the same reporting date as the Company. Where necessary, adjustments are made to bring the accounting policies in line with those of the Group.

### 2.8 Property, plant and equipment

All items of property, plant and equipment are initially recorded at cost. Subsequent to recognition, property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses. The cost includes the cost of replacing part of the property, plant and equipment and borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying property, plant and equipment. The cost of an item of property, plant and equipment is recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

When significant parts of property, plant and equipment are required to be replaced in intervals, the Group recognises such parts as individual assets with specific useful lives and depreciation, respectively. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

Depreciation is computed on a straight-line basis over the estimated useful lives of the assets as follows:

	Useful life
Leasehold land and building	28 – 45 years
Furniture and fittings and office equipment	3 – 6 years
Cranes and motor vehicles	5 – 30 years
Plant and machinery	5 years
Renovation	4 - 10 years

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

# 2. Summary of significant accounting policies (Continued)

## 2.8 **Property, plant and equipment** (Continued)

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual value, useful life and depreciation method are reviewed at each financial year-end, and adjusted prospectively, if appropriate.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on de-recognition of the asset is included in profit or loss in the year the asset is derecognised.

#### 2.9 Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when an annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses of continuing operations are recognised in profit or loss.

A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss.

#### 2.10 Financial instruments

# (a) Financial assets

The accounting for financial assets before 1 May 2018 were as follows:

### Initial recognition and measurement

Financial assets are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial assets at initial recognition.

When financial assets are recognised initially, they are measured at fair value, plus, in the case of financial assets not at fair value through profit or loss, directly attributable transaction costs.

The Group has not designated any financial assets upon initial recognition at fair value through profit or loss, held-to-maturity investments, or available for sale financial assets.

### Subsequent measurement

The subsequent measurement of financial assets depends on their classification as follows:

#### Loans and receivables

Non-derivative financial assets with fixed or determinable payments that are not quoted in an active market are classified as loans and receivables. Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the loans and receivables are derecognised or impaired, and through the amortisation process.

#### Available-for-sale financial assets

Available-for-sale financial assets include equity and debt securities. Equity investments classified as available-for-sale are those, which are neither classified as held for trading nor designated at fair value through profit or loss. Debt securities in this category are those which are intended to be held for an indefinite period of time and which may be sold in response to needs for liquidity or in response to changes in the market conditions.

#### 2.10 Financial instruments (Continued)

# (a) **Financial assets** (Continued)

#### Subsequent measurement (Continued)

After initial recognition, available-for-sale financial assets are subsequently measured at fair value except for unquoted equity instruments whose fair value cannot be reliably measured, are subsequently measured at cost less accumulated impairment.

Any gains or losses from changes in fair value of the financial asset are recognised in other comprehensive income and accumulated under fair value adjustment reserve in equity, except that impairment losses, foreign exchange gains and losses on monetary instruments and interest calculated using the effective interest method are recognised in profit or loss. The cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment when the financial asset is derecognised.

The fair value of investments that are actively traded in organised financial markets is determined by reference to the relevant Exchange's quoted market bid prices at the close of business on the reporting date.

### **De-recognition**

A financial asset is derecognised where the contractual right to receive cash flows from the asset has expired. On de-recognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income is recognised in profit or loss.

The accounting for financial assets from 1 May 2018 are as follows:

## **Classification and measurement**

Financial assets are classified in the following measurement categories:

- Amortised cost;
- Fair value through other comprehensive income ("FVOCI"); and
- Fair value through profit or loss ("FVPL").

# 2. Summary of significant accounting policies (Continued)

### 2.10 Financial instruments (Continued)

#### (a) **Financial assets** (Continued)

#### Classification and measurement (Continued)

The classification depends on the Group's business model for managing the financial assets as well as the contractual terms of the cash flows of the financial asset.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

The Group reclassifies debt instruments when and only when its business model for managing those assets changes.

#### At initial recognition

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

#### At subsequent measurement

(i) Debt instruments

Debt instruments mainly comprise cash and cash equivalents and trade and other receivables.

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the contractual cash flow characteristics of the asset. The three measurement categories for classification of debt instruments are amortised cost, FVOCI and FVPL. The Group only has debt instruments at amortised cost.

Financial assets that are held for the collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the assets are derecognised or impaired, and through the amortisation process.

# 2. Summary of significant accounting policies (Continued)

## 2.10 Financial instruments (Continued)

# (a) **Financial assets** (Continued)

#### At subsequent measurement (Continued)

(ii) Equity investments

The Group subsequently measures all its equity investments at their fair values. Equity investments are classified as FVPL with movements in their fair values recognised in profit or loss in the period in which the changes arise and presented in "other gains and losses", except for those equity securities which are not held for trading. The Group has elected to recognise changes in fair value of equity securities not held for trading in other comprehensive income as these are strategic investments and the Group considers this to be more relevant. Movements in fair values of investments classified as FVOCI are presented as "fair value gains/losses" in Other Comprehensive Income. Dividends from equity investments are recognised in profit or loss as "dividend income".

#### **Recognition and derecognition**

Regular way purchases and sales of financial assets are recognised on trade date – the date on which the Group commits to purchase or sell the asset.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership.

On disposal of an equity investment, the difference between the carrying amount and sales proceed is recognised in profit or loss if there was no election made to recognise fair value changes in other comprehensive income. If there was an election made, any difference between the carrying amount and sales proceed amount would be recognised in other comprehensive income and transferred to retained profits along with the amount previously recognised in other comprehensive income relating to that asset.

### 2.10 Financial instruments (Continued)

# (b) Financial liabilities

#### Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value plus in the case of financial liabilities not at fair value through profit or loss, directly attributable transaction costs.

The Group has not designated any financial liability upon initial recognition as fair value through profit or loss.

#### Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification as follows:

#### Financial liabilities at amortised cost

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

### **De-recognition**

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in profit or loss.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

# 2. Summary of significant accounting policies (Continued)

#### 2.11 Impairment of financial assets

The Group assesses at each reporting date whether there is any objective evidence that a financial asset is impaired.

The accounting for impairment of financial assets before 1 May 2018 were as follows:

#### Financial assets carried at amortised cost

For financial assets carried at amortised cost, the Group first assesses whether objective evidence of impairment exists individually for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If the Group determines that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be recognised are not included in a collective assessment of impairment.

If there is objective evidence that an impairment loss on financial assets carried at amortised cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate. If a loan has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate. The carrying amount of the asset is reduced through the use of an allowance account. The impairment loss is recognised in profit or loss.

When the asset becomes uncollectible, the carrying amount of impaired financial asset is reduced directly or if an amount was charged to the allowance account, the amounts charged to the allowance account are written off against the carrying value of the financial asset.

To determine whether there is objective evidence that an impairment loss on financial assets has been incurred, the Group considers factors such as the probability of insolvency or significant financial difficulties of the debtor and default or significant delay in payments.

# Financial assets carried at cost

If there is objective evidence (such as significant adverse changes in the business environment where the issuer operates, probability of insolvency or significant financial difficulties of the issuer) that an impairment loss on financial assets carried at cost had been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the current market rate of return for a similar financial asset. Such impairment losses are not reversed in subsequent periods.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

# 2. Summary of significant accounting policies (Continued)

#### 2.11 Impairment of financial assets (Continued)

# Financial assets carried at cost (Continued)

The accounting for impairment of financial assets from 1 May 2018 are as follows:

The Group assesses on a forward looking basis the expected credit losses associated with its debt financial assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 27 details how the Group determines whether there has been a significant increase in credit risk.

For trade receivables, the Group applies the simplified approach permitted by the SFRS(I) 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

# 2.12 Cash and cash equivalents

Cash and cash equivalents comprise unpledged bank deposit and cash at bank and on hand which are subject to an insignificant risk of changes in value.

# 2.13 Inventories

Inventories are stated at the lower of cost and net realisable value. Costs incurred in bringing the inventories to their present location and condition are accounted for based on specific identification basis. Cost comprises all cost of purchase, cost of conversion and other cost incurred in bringing the inventories to their present location and condition.

Where necessary, allowance is provided for damaged, obsolete and slow moving items to adjust the carrying value of inventories to the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

## 2.14 **Provisions**

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

# 2. Summary of significant accounting policies (Continued)

#### 2.14 **Provisions** (Continued)

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

#### 2.15 Employee benefits

#### (a) **Defined contribution plans**

The Group makes contributions to the Central Provident Fund scheme in Singapore, a defined contribution pension scheme. Contributions to defined contribution pension schemes are recognised as an expense in the period in which the related service is performed.

#### (b) Employee leave entitlement

Employee entitlements to annual leave are recognised as a liability when they accrue to the employees. The undiscounted liability for leave expected to be settled wholly before twelve months after the reporting period is recognised for services rendered by employees up to the end of the reporting period.

#### 2.16 *Leases*

#### (a) As lessor

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of the asset are classified as operating leases. Initial direct costs incurred in negotiating an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same bases as rental income. The accounting policy for rental income is set out in Note 2.19. Contingent rents are recognised as in the period in which they are earned.

#### (b) As lessee

Finance leases which transfer to the Group substantially all. the risks and rewards incidental to ownership of the leased item, are capitalised at the inception of the lease at the fair value of the leased asset or, if lower, at the present value of the minimum lease payments. Any initial direct costs are also added to the amount capitalised. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged to profit or loss. Contingent rents, if any, are charged as expenses in the periods in which they are incurred.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

# 2. Summary of significant accounting policies (Continued)

#### 2.16 *Leases* (Continued)

### (b) As lessee (Continued)

Capitalised leased assets are depreciated over the shorter of the estimated useful life of the asset and the lease term, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term.

Operating lease payments are recognised as an expense in profit or loss on a straight-line basis over the lease term. The aggregate benefit of incentives provided by the lessor is recognised as a reduction of rental expense over the lease term on a straight-line basis.

#### 2.17 Financial guarantee

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument.

Financial guarantees are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequent to initial recognition, financial guarantees are recognised as income in profit or loss over the period of the guarantee. If it is probable that the liability will be higher than the amount initially recognised less amortisation, the liability is recorded at the higher amount with the difference charged to profit or loss.

# 2.18 Borrowing costs

Borrowing costs are capitalised as part of the cost of a qualifying asset if they are directly attributable to the acquisition, construction or production of that asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are substantially completed for their intended use or sale. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

# 2. Summary of significant accounting policies (Continued)

#### 2.19 Revenue

These accounting policies are applied before the initial application date of SFRS(I) 15, 1 May 2018:

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is made. Revenue is measured at the fair value of consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duty. The Group assesses its revenue arrangements to determine if it is acting as principal or agent. The Group has concluded that it is acting as a principal in all of its revenue arrangements. The following specific recognition criteria must also be met before revenue is recognised:

#### (a) Rental income

Rental income arising from hiring of mobile cranes and lorry cranes is recognised upon completion of services. Rental income arising from operating lease on leasehold properties is accounted for on a straight-line basis over the lease terms. The aggregate costs of incentives provided to lessees are recognised as a reduction of rental income over the lease term on a straight-line basis.

#### (b) Trading income

Revenue from sale of cranes and equipment is recognised upon delivery to the customer and the significant risks and rewards of ownership have been transferred to the customer.

#### (c) Rendering of services

Revenue from the rendering of services for projects is recognised over the contract period and/or upon provision of value added logistic service and engineering activities (service rendered).

These accounting policies are applied on and after the initial application date of SFRS(I) 15, 1 May 2018:

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Group satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

# 2. Summary of significant accounting policies (Continued)

#### 2.19 **Revenue** (Continued)

# (a) Rental income

Rental income arising from hiring of mobile cranes and lorry cranes is recognised upon completion of services. Rental income arising from operating lease on leasehold properties is accounted for on a straight-line basis over the lease terms. The aggregate costs of incentives provided to lessees are recognised as a reduction of rental income over the lease term on a straight-line basis.

#### (b) Trading income

Revenue is recognised when the goods are delivered to the customer and all criteria for acceptance have been satisfied. The goods are often sold with a right of return.

The amount of revenue recognised is based on the transaction price, which comprises the contractual price, adjusted for expected returns. Based on the Company's experience with similar types of contracts, variable consideration is typically constrained and is included in the transaction only to the extent that it is a highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is subsequently resolved.

#### (c) Rendering of services

Revenue from the rendering of services for projects is recognised over the contract period and/or upon provision of value added logistic service and engineering activities (service rendered).

#### 2.20 Taxes

# (a) Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the end of the reporting period, in the countries where the Group operates and generates taxable income.

Current income taxes are recognised in profit or loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

## 2. Summary of significant accounting policies (Continued)

#### 2.20 **Taxes** (Continued)

# (b) **Deferred tax**

Deferred tax is provided using the liability method on temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all temporary differences, except:

- Where the deferred tax liability arises from an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of taxable temporary differences associated with investments in subsidiaries and associate, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised except:

- Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of deductible temporary differences associated with investments in subsidiaries and associate, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

# 2. Summary of significant accounting policies (Continued)

#### 2.20 **Taxes** (Continued)

# (b) **Deferred tax** (Continued)

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the end of each reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current income tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

### (c) Goods and services tax

Revenues, expenses and assets are recognised net of the amount of goods and services tax except:

- Where the goods and services tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the goods and services tax is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables that are stated with the amount of goods and services tax included.

The net amount of goods and services tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheets.

#### 2.21 Share capital and share issuance expenses

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

# 2. Summary of significant accounting policies (Continued)

#### 2.22 Contingent liabilities

A contingent liability is:

- (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or
- (b) a present obligation that arises from past events but is not recognised because:
  - (i) It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
  - (ii) The amount of the obligation cannot be measured with sufficient reliability.

Contingent liabilities are not recognised on the balance sheet of the Group, except for contingent liabilities assumed in a business combination that are present obligations and which the fair values can be reliably determined.

### 2.23 Government grants

Government grants are recognised in profit or loss on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate.

# 3. Significant accounting judgements and estimates

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of each reporting period. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

# 3. Significant accounting judgements and estimates (Continued)

#### 3.1 Judgements made in applying accounting policies

In the process of applying the Group's accounting policies, management has made the following judgements which have the most significant effect on the amounts recognised in the consolidated financial statements:

### Determination of inventories classification

Management determines on a periodic basis if the cranes would be held for rental to others or traded in the course of its ordinary activities. Cranes that held for rental to others are transferred to inventories at their carrying amount when they cease to be rented and held for sale. The proceeds from the sale of such assets are recognised as revenue. The carrying amount of the Group's inventories as at 30 April 2019 is \$642,000 (2018: \$681,000). The Group's inventories are disclosed in Note 16 to the financial statements.

### 3.2 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period are discussed below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

#### (a) Impairment of property, plant and equipment

As a result of its net asset value exceeding its market capitalisation as at 30 April 2019, which is an indicator of impairment of its property, plant and equipment ("PPE"), the Group performs an impairment assessment using the management's subjective and complex judgements regarding future market and economic conditions, as well as on assumptions used in the impairment assessment.

The recoverable amounts of the Group's PPE are estimated based on value-in-use ("VIU") calculations. Where VIU method is used, cash flow forecasts are prepared by the management to assess the recoverable amounts of these plant and equipment using projected revenue growth rate and weighted-average cost of capital that represent the effective cost of borrowings. Based on the assessment, no impairment loss was required to be recognised during the year.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

#### 3. Significant accounting judgements and estimates (Continued)

#### 3.2 Key sources of estimation uncertainty (Continued)

## (b) Expected credit loss of trade receivables

The Group establishes an allowance for impairment that represents its estimate of ECL in respect of loans and receivables. The provision rates used are based on days past due for groupings of industry of debtors. Debtors are grouped according to their industry namely Construction, Cranes, Marine, Oil and Gas and others.

The provision matrix is initially based on the Company's historical observed default rates. The Company will calibrate the matrix to adjust historical credit loss experience with forward-looking information. At every reporting date, historical default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECL is a significant estimate. The amount of ECL is sensitive to changes in circumstances and of forecast economic conditions. The Company's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The information about the ECL on the Company's trade receivables is disclosed in Note 27.

The carrying amount of the Company's trade receivables as at 30 April 2019 is disclosed in Note 15.

#### (c) Taxes

Significant judgement is involved in determining the Group's provision for income taxes. There are certain transactions and computations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for expected tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made. The carrying amount of the Group's tax payables as at 30 April 2019 is \$54,000 (2018: \$308,000). The Group's deferred tax liabilities are disclosed in Note 21 to the financial statements.

# Assets held under finance leases

During the financial year, the Group acquired cranes and motor vehicles with an aggregate cost of \$108,000 (2018: \$664,000) by means of finance leases. The cash outflow on the acquisition of property, plant and equipment amounted to \$419,000 (2018: \$13,000).

The carrying amounts of cranes and motor vehicles and plant and machinery held under finance leases at the end of the reporting period were \$20,983,000 (2018: \$35,591,000) and Nil (2018: \$12,000) respectively. Leased assets are pledged as security for related finance lease liabilities.

### Assets pledged as security

In addition to assets held under finance leases, the Group's leasehold properties with a carrying amount of \$14,975,000 (2018: \$15,655,000) are mortgaged to secure the Group's bank borrowings (Note 20).

#### Impairment testing of assets

During the financial year, management performed an impairment assessment on property, plant and equipment as the net asset value exceeds its market capitalization. Based on the assumption used that the weighted-average cost of capital would be 8.4% (2018: 8.4%), no impairment is deemed necessary by management as continued positive future cash flows are expected to be generated from the property, plant and equipment.

### 13. Investment securities

#### (a) Financial instruments as at 30 April 2019

The fair values of each of the investments in unquoted equity securities designated at fair value through other comprehensive income at the end of the reporting period were as follows:

	2019	
	\$'000	
At fair value through other comprehensive income		
- Unquoted equity securities in Telepod Pte. Ltd.	130	

The Company has elected to measure these unquoted equity securities at fair value through other comprehensive income due to the Company's intention to hold these equity securities for long-term appreciation.

#### (b) Financial instruments as at 30 April 2018

	2018
	\$'000

#### 24. Commitments (Continued)

#### (b) Capital commitments

There is no capital expenditure contracted for as at the end of the reporting period but not recognised in the financial statements (2018: Nil).

#### 25. Corporate guarantees

The Company provides corporate guarantees amounted to \$40,336,000 (2018: \$47,196,000) for the purpose of assisting its subsidiaries to secure banking facilities. Of the \$40,336,000 (2018: \$47,196,000) corporate guarantees given by the Company, \$30,702,000 (2018: \$31,890,000) has been utilised by its subsidiaries as security for its finance leases (Note 19) and bank borrowings (Note 20) which have been recognised in the balance sheets.

The corporate guarantees given by the Company will become due and payable on demand when an event of default occurs. No liability was recognised from the issuance of the corporate guarantees to subsidiaries as management has assessed the risk of default to be remote and therefore, the fair value of the corporate guarantee to be immaterial.

#### 26. Fair value of assets and liabilities

#### (a) Fair value hierarchy

The Group categorises fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

- Level 1 Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date;
- Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 Unobservable inputs for the asset or liability.

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

There has been no transfer between Level 1, Level 2 and Level 3 during the financial years ended 30 April 2018 and 30 April 2019.

# 27. Financial risk management objectives and policies

The Group and the Company is exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include interest rate risk, credit risk, liquidity risk and foreign exchange risk.

It is, and has been throughout the current and previous financial year, the Group's policy that no trading in derivatives for speculation purposes shall be undertaken.

The following sections provide details regarding the Group's and the Company's exposure to the abovementioned financial risks and the objectives, policies and processes for the management of these risks.

There has been no material change to the Group's and the Company's exposure to these financial risks or the manner in which it manages and measures the risks.

## Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's financial instruments will fluctuate because of changes in market interest rates. The Group's exposure to interest rate risk arises primarily from bank borrowings and obligations under finance leases. The Group manages the risk by using a balanced mix of fixed and floating rate debts after considering the market conditions.

### Sensitivity analysis for interest rate risk

At the end of the reporting period, if SGD interest rates had been 50 basis points lower/higher with all other variables held constant, the Group's profit before tax would have been approximately \$154,000 (2018: \$132,000) higher/lower, arising mainly as a result of lower/higher interest expense on the above-mentioned floating rate bank borrowings and obligations under finance leases.

#### Credit risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in a loss to the Group and Company. The Group and Company's exposure to credit risk arises primarily from trade and other receivables and loan to the holding Group and Company. For other financial assets (including investment securities and cash), the Group and Company minimises credit risk by dealing exclusively with high credit rating counterparties.

The Group and Company has adopted a policy of only dealing with creditworthy counterparties. The Group and Company performs ongoing credit evaluation of its counterparties' financial condition and generally do not require a collateral.

The Group and Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

#### 27. Financial risk management objectives and policies (Continued)

### Credit risk (Continued)

The Group and Company has determined the default event on a financial asset to be when internal and/or external information indicates that the financial asset is unlikely to be received, which could include default of contractual payments due for more than 90 days, default of interest due for more than 60 days or there is significant difficulty of the counterparty.

To minimise credit risk, the Group and Company has developed and maintained the Group and Company's credit risk gradings to categorise exposures according to their degree of risk of default. The credit rating information is supplied by publicly available financial information and the Group and Company's own trading records to rate its major customers and other debtors. The Group and Company considers available reasonable and supportive forward-looking information which includes the following indicators:

- Internal credit rating
- External credit rating
- Actual or expected significant adverse changes in business, financial or economic conditions that are
  expected to cause a significant change to the debtor's ability to meet its obligations
- Actual or expected significant changes in the operating results of the debtor
- Significant increases in credit risk on other financial instruments of the same debtor
- Significant changes in the expected performance and behaviour of the debtor, including changes in the
  payment status of debtors in the group and changes in the operating results of the debtor

Regardless of the analysis above, a significant increase in credit risk is presumed if a debtor is more than 90 days past due in making contractual payment.

The Group and Company determined that its financial assets are credit-impaired when:

- There is significant difficulty of the debtor
- A breach of contract, such as a default or past due event
- It is becoming probable that the debtor will enter bankruptcy or other financial reorganisation
- There is a disappearance of an active market for that financial asset because of financial difficulty

The Group and Company categorises a receivable for potential write-off when a debtor fails to make contractual payments more than 90 days past due. Financial assets are fully impaired or written off when there is evidence indicating that the debtor is in severe financial difficulty and the debtor has no realistic prospect of recovery.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

#### Credit risk (Continued)

The Group and Company's current credit risk grading framework comprises the following categories:

Category	Definition of category Basis for recognising	Definition of category Basis for recognising
I	Counterparty has a low risk of default and does not have any past-due amounts.	12-month ECL
II	Amount is >60 days past due or there has been a significant increase in credit risk since initial recognition.	Lifetime ECL – not credit-impaired
	Amount is >90 days past due or there is evidence indicating the asset is credit-impaired (in default).	Lifetime ECL – credit- impaired
IV	There is evidence indicating that the debtor is in severe financial difficulty and the debtor has no realistic prospect of recovery.	Amount is fully impaired or written off

#### Trade receivables (Note A)

balances

The Group establishes an allowance for impairment that represents its estimate of incurred losses in respect of loans and receivables. In monitoring customer credit risk, customers are grouped according to their industry namely Construction, Cranes, Marine, Oil and Gas and others. The Group uses an allowance matrix to measure the expected credit losses of trade receivables from customers. The allowance matrix is determined based on the historical loss rate adjusted for forward-looking information.

Note B

The Company assessed the latest performance and financial position of the counterparties, adjusted for the future outlook of the industry in which the counterparties operate in, and concluded that there has been no significant increase in the credit risk since the initial recognition of the financial assets. Accordingly, the Company measured the impairment loss allowance using 12-month ECL and determined that the ECL is insignificant.

#### Exposure to credit risk

At the end of the reporting period, the Group's maximum exposure to credit risk towards corporate guarantee contracts provided by the Company to the banks for facilities granted to subsidiaries is disclosed in Note 25 Corporate guarantees.

Information regarding credit enhancements for trade and other receivables is disclosed in Note 15.

At the end of the reporting period, approximately:

- 31.9% (2018: 12.8%) of the Group's trade receivables were due from 5 major customers of the Group.
- 100% (2018: 100%) of the Company's receivables were balances due from subsidiaries.

#### Financial assets that are neither past due nor impaired

Trade and other receivables that are neither past due nor impaired are with creditworthy debtors with good payment record with the Group. Cash and bank balances that are neither past due nor impaired are placed with or entered into with reputable financial institutions or companies with high credit ratings and no history of default.

#### Financial assets that are either past due or impaired

Information regarding financial assets that are either past due or impaired is disclosed in Note 15 to the financial statements (Trade and other receivables).

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

#### 27. Financial risk management objectives and policies (Continued)

#### Liquidity risk

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Group's and the Company's exposure to liquidity risk arises primarily from mismatch of the maturities of financial assets and liabilities. The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of stand-by credit facilities.

The Group monitors the working capital requirements periodically to ensure that there are sufficient financial resources available to meet the needs of the business.

The directors have assessed the cash flow forecast of the Group for the financial year ended 30 April 2019 and have ascertained that adequate liquidity exists to finance its working capital requirements through cash inflow from its operations, cash reserves and its undrawn credit facility from its holding company of \$5 million (2018: \$5 million), notwithstanding that the Group was in net current liabilities position of \$2,347,000 (2018: \$7,446,000).

#### Undrawn credit facility

In the last financial year, on 27 July 2018, the Group entered into a shareholders' loan agreement with its immediate and ultimate holding company, Loke Investments Pte. Ltd., for a loan facility of \$5 million. The loan bears interest of 1.75% per annum over the applicable 3-month SWAP offer rate and matures in 24 months commencing from the date the loan is disbursed.

The Group aims at maintaining flexibility in funding by keeping this loan facility available which can be drawn down to meet both short-term and long-term financing needs. The loan facility from its immediate and ultimate holding company remains undrawn at the date of the auditor's report.

#### Exposure to liquidity risk

The table below summarises the maturity profile of the Group's financial assets and liabilities at the end of the reporting period based on contractual undiscounted repayment obligations.

#### 27. Financial risk management objectives and policies (Continued)

#### Foreign exchange risk

The Group's foreign currency exposure arises from the purchases of new cranes, which is mainly denominated in EUR. For such purchases, the Group is typically required to place an initial deposit of up to 10% of the purchase price with the balance of 90% due upon delivery of the crane. The above purchases are hedged through entering into short term forward contracts for settlement during the next few months prior to delivery. Upon expiry of the forward contract, it will be funded through the hire purchase arrangement denominated in SGD. If the purchases are not hedged, the cranes will be purchased at the spot rate through hire purchase arrangement denominated in SGD. The purchases of other assets are denominated in SGD. There were no outstanding forward contracts as of the respective balance sheet dates.

The percentage of the Group's purchases of cranes and motor vehicles denominated in the different currencies for financial years ended 30 April 2018 and 30 April 2019 was as follows:

#### 29. Capital management

The primary objective of the Group's capital management is to ensure that it maintains healthy capital ratios in order to support its business and maximise shareholder value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the years ended 30 April 2018 and 30 April 2019.

As disclosed in Note 19 and Note 20, a subsidiary of the Group and the Group are required by the banks to maintain a leverage ratio of not more than 2.5 times and minimum total net worth of \$10 million and \$22 million respectively throughout the tenure of the borrowings. These external imposed capital requirement have been complied with by the above-mentioned subsidiary and the Group for the financial years ended 30 April 2018 and 2019.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

#### 29. Capital management (Continued)

The Group monitors capital using a leverage ratio, which is total debts divided by total equity. The Group's overall strategy remains unchanged from financial years ended 2018 and 2019.

	Group		
	2019	2018	
	\$'000	\$'000	
Bank borrowings (Note 20)	23,866	20,194	
Finance lease obligations (Note 19)	6,942	11,696	
Total debt	30,808	31,890	
Equity attributable to the owners of the Company	26,929	23,094	
Leverage ratio	1.1	1.4	

#### 30. Segment information

For management purposes, the Group is organised into business units based on their products and services, and has three reportable segments as follows:

Ι.	Leasing	:	The rental income from hiring of cranes
II.	Trading	:	The sale of cranes and other equipment, spare parts, and provision of leasing of cranes
III.	Project management	:	The income from rendering of services for projects, provision of value added logistics service and engineering activities

Except as indicated above, no operating segments have been aggregated to form the above reportable operating segments.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss which in certain respects, as explained in the table below, is measured differently from operating profit or loss in the consolidated financial statements.

FOR THE FINANCIAL YEAR ENDED 30 APRIL 2019

#### 30. Segment information (Continued)

Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

Notes	Nature of adjustments and eliminations to arrive at amounts reported in the consolidated financial statements
-------	---

A Inter-segment revenues are eliminated on consolidation.

B Other non-cash expenses consist of impairment of financial assets as presented.

#### C Additions to non-current assets consist of additions to property, plant and equipment.

3.	To re-elect the following directors (" <b>Directors</b> ") of the Company retiring under Regulation 107 of the Company's constitution (" <b>Constitution</b> "):-	
	Mr Tan Jia Hui Clarence (see explanatory note 1)	(Resolution 3)
	Mr Lau Yan Wai (see explanatory note 2)	(Resolution 4)

5. To transact any other business that may be properly transacted at an AGM.

#### **AS SPECIAL BUSINESS**

To consider and if thought fit, to pass the following resolutions (with or without amendments) as ordinary resolutions:-

6. Authority to allot and issue shares in the capital of the Company (the "Share Issue (Resolution 6) Mandate")

"That pursuant to Section 161 of the Companies Act, Chapter 50 of Singapore (the "**Companies Act**"), the Constitution and Rule 806 of the Listing Manual Section B: Rules of Catalist (the "**Catalist Rules**") of the Singapore Exchange Securities Trading Limited (the "**SGX-ST**"), authority be and is hereby given to the Directors to:-

 (a) (i) allot and issue shares in the capital of the Company (the "Shares") whether by way of rights, bonus or otherwise; and/or

(ii) make or grant offers, agreements or options (collectively, "Instruments") that might or would require Shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible into Shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may in their absolute discretion deem fit;

(b) (notwithstanding that the authority conferred by this resolution may have ceased to be in force) issue Shares in pursuance of any Instruments made or granted by the Directors while this resolution was in force,

provided always that:-

- (i) the aggregate number of Shares to be issued pursuant to this resolution (including Shares to be issued in pursuance of Instruments made or granted pursuant to this resolution) shall not exceed 100% of the total issued Shares (excluding treasury shares and subsidiary holdings) (as calculated in accordance with sub-paragraph (ii) below), of which the aggregate number of Shares to be issued other than on a *pro rata* basis to the existing shareholders of the Company (the "Shareholders") (including Shares to be issued in pursuance of Instruments made or granted pursuant to this resolution) shall not exceed 50% of the total issued Shares (excluding treasury shares and subsidiary holdings) (as calculated in accordance with sub-paragraph (ii) below);
- (ii) (subject to such manner of calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of Shares that may be issued under sub-paragraph (i) above, the percentage of total issued Shares shall be based on total issued Shares (excluding treasury shares and subsidiary holdings) at the time of passing this resolution, after adjusting for:-
  - new Shares arising from the conversion or exercise of any convertible securities outstanding at the time this resolution is passed;
  - (2) new Shares arising from the exercise of options or vesting of awards outstanding or subsisting at the time this resolution is passed, provided that the options or awards were granted in compliance with the Catalist Rules; and
  - (3) any subsequent bonus issue, consolidation or sub-division of Shares;

- (c) in exercising the authority conferred by this resolution, the Company shall comply with the provisions of the Catalist Rules for the time being in force (unless such compliance has been waived by the SGX-ST), all applicable legal requirements under the Companies Act and the Constitution for the time being; and
- (d) (unless revoked or varied by the Company in a general meeting) this authority shall continue in force until the conclusion of the next AGM or the date by which the next AGM is required by law to be held, whichever is earlier."

(see explanatory note 3)

#### 7. Authority to grant awards and to allot and issue shares pursuant to the MS Holdings (Resolution 7) Share Award Scheme

"That approval be and is hereby given to the Directors to grant awards from time to time in accordance with the provisions of the MS Holdings Share Award Scheme (the "**Scheme**") and pursuant to Section 161 of the Companies Act, to allot and issue from time to time such number of Shares as may be required to be issued pursuant to the vesting of the awards under the Scheme, provided always that the aggregate number of Shares issued and/or issuable pursuant to the Scheme and any other share-based incentive schemes of the Company shall not exceed 15% of the total issued Shares (excluding treasury shares and subsidiary holdings) from time to time; and that such authority shall, unless revoked or varied by the Company in a general meeting, continue in force until the conclusion of the next AGM or the date by which the next AGM is required by law to be held, whichever is earlier."

**IMPORTANT: PLEASE READ NOTES OVERLEAF** 

#### Notes:-

- 1. Please insert the total number of shares held by you. If you have shares entered against your name in the Depository Register (as defined in Section 81SF of the Securities and Futures Act, Chapter 289 of Singapore or any statutory modification thereof, as the case may be), you should insert that number of shares. If you have shares registered in your name in the Register of Members, you should insert that number of shares. If you have shares entered against your name in the Depository Register and the Register of Members, you should insert the aggregate number of shares entered against your name in the Depository Register and registered in your name in the Register of Members. If no number is inserted, the instrument appointing a proxy or proxies shall be deemed to relate to all the shares held by you.
- 2. A member of the Company who is not a relevant intermediary (as defined below) is entitled to appoint not more than 2 proxies to attend and vote at the AGM. Where such member appoints more than 1 proxy, he/she shall specify the proportion of his/her shareholdings to be represented by each proxy. If no percentage is specified, the first named proxy shall be deemed to represent 100% of the shareholding and the second named proxy shall be deemed to be an alternate to the first named.
- 3. A member of the Company who is a relevant intermediary is entitled to appoint more than 2 proxies to attend and vote at the AGM, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member appoints more than 1 proxy, the number of shares in relation to which each proxy has been appointed shall be specified in the proxy form. In such event, the relevant intermediary shall submit a list of its proxies together with the information required in this proxy form to the Company.

#### "relevant intermediary" means:

- (i) a banking corporation licensed under the Banking Act, Chapter 19 of Singapore, or a wholly owned subsidiary of such a banking corporation, whose business includes the provision of nominee services and who holds shares in that capacity;
- a person holding a capital markets services licence to provide custodial services for securities under the Securities and Futures Act, Chapter 289 of Singapore, and who holds shares in that capacity; or
- (iii) the Central Provident Fund Board ("CPF Board") established by the Central Provident Fund Act, Chapter 36 of Singapore, in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the Central Provident Fund, if the CPF Board holds those shares in the capacity of an intermediary pursuant to or in accordance with that subsidiary legislation.
- 4. The instrument appointing a proxy or proxies must be deposited at the Company's registered office at 22 Pandan Road, Singapore 609274 not less than 48 hours before the time appointed for holding the AGM.
- 5. A proxy need not be a member of the Company.
- 6. The instrument appointing a proxy or proxies must be under the hand of the appointor or his/her attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its common seal or under the hand of its attorney or a duly authorised officer.
- 7. Where an instrument appointing a proxy is signed on behalf of the appointor by an attorney, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company) be lodged with the instrument of proxy, failing which the instrument may be treated as invalid.
- 8. A corporation which is a member may authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the meeting, in accordance with Section 179 of the Companies Act, Chapter 50 of Singapore.
- 9. The submission of an instrument or form appointing a proxy by a member does not preclude him/her from attending and voting in person at the AGM if he/she so wishes.
- 10. The Company shall be entitled to reject the instrument appointing a proxy or proxies if it is incomplete, improperly completed, illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing a proxy or proxies. In addition, in the case of a member whose shares are entered against his/her name in the Depository Register, the Company may reject any instrument of proxy lodged if such member, being the appointor, is not shown to have shares entered against his/her name in the Depository Register 72 hours before the time appointed for holding the AGM, as certified by the Depository to the Company.
