**APPOINTMENT OF CHIEF OPERATING OFFICER OF SUBSIDIARY, STRATECH AEROSPACE PTE LTD**

---

The Board of Directors of The Stratech Group Limited ("The Company") is pleased to announce the appointment of Gary Robert Abraham as Chief Operating Officer of its indirect subsidiary, Stratech Aerospace Pte. Ltd.

Gary has been the Director of Operations for Stratech Aerospace - Europe since February 2015, and has now taken on this additional role. Gary will be stationed mainly in Singapore from 15 March 2016 to oversee the implementation of Stratech iFerret™ projects globally.

Gary has more than 25 years of experience with Blue Chip Defence & Aerospace Companies including 7 years of domain experience in the FOD Detection industry. He is one of the pioneers for the delivery and implementation of Millimeter Wave Radar based FOD Detection solution for civil and military airports. Gary has a vast experience and successful track records with leading multifaceted teams and managing large projects and delivering to customers worldwide

Gary comes from an Electronics Engineering background, having started his career with the Royal Air Force. He graduated from the University of Lancaster in 2001 with a MSC in Engineering Project Management.
