FOR IMMEDIATE RELEASE

**AZTECH GLOBAL HAS BEEN RECOGNISED AS ONE OF 2025
SINGAPORE'S BEST MANAGED COMPANIES**

SINGAPORE, 4 SEPTEMBER 2025 – Aztech Global Ltd. (“**Aztech**”) has been recognised as a winner of the Singapore’s Best Managed Companies 2025 awards programme. This prestigious award, presented by Deloitte Private, honours outstanding private¹ businesses for their exceptional performance, leadership, and contributions to their industries and communities. The Best Managed Companies programme celebrates organisations that demonstrate excellence in strategy, capability, innovation, culture, and governance.

This year marks Aztech’s second consecutive win of the Best Managed Companies accolade, a testament to the company’s resilient operating model, disciplined execution, and value-driven innovation, as it deepens its role as a dependable, technology-enabled manufacturing partner for AI-powered IoT solutions across diverse market segments.

Aztech’s Chairman and CEO Mr Michael Mun commented, “We are proud to be recognised once again as one of Singapore’s Best Managed Companies. This honour reflects our team’s dedication to innovation, excellence, and sustainable growth. Being part of this distinguished community motivates us to keep pushing boundaries and creating value for our customers, partners, and stakeholders – as we adapt and build for long-term success.”

As one of Singapore’s leading business awards, the Best Managed Companies programme highlights the critical role private companies play as innovators and key contributors to the nation’s economic growth. Each year, aspirational companies undergo a rigorous, independent evaluation based on Deloitte’s global Best Managed Companies framework, benchmarked against more than 1,700 Best Managed Companies around the world.

¹ The term “private enterprise” is used because most of the shares are privately owned, either directly or indirectly, which is a requirement to participate in the Best Managed Companies programme.

“As a Best Managed Companies award winner, Aztech has distinguished itself as an exceptional private enterprise in Singapore that is driving sustainable growth, championing innovation, and creating meaningful impact for customers and employees. This award should be viewed as a mark of excellence, recognising Aztech’s leadership and strategic vision. We look forward to their continued growth and success in Singapore and beyond,” said **CHUA How Kiat, Best Managed Companies Leader, Deloitte Southeast Asia.**

Best Managed Companies programme is a flagship initiative presented by Deloitte Private, a division of Deloitte focused exclusively on serving privately owned businesses and family enterprises.

About Best Managed Companies

Best Managed Companies is a global awards programme that recognises privately held companies for their organisational excellence, business success, and entrepreneurial spirit.

The programme offers a robust framework for management teams to evaluate their strategies, strengthen operations, and benchmark themselves against the top-performing private companies worldwide.

Established in Canada in 1993, Best Managed Companies has since expanded to more than 45 countries across Asia Pacific, the Americas, Europe, and the Middle East, with plans to launch in Africa. Today, its global network comprises over 1,700 outstanding companies that come together as a community to build alliances, exchange knowledge, and share best practices.

In 2025, the Best Managed Companies awards programme marks five years in Southeast Asia, with a community of winners in Indonesia, Malaysia, Singapore, Thailand, and Vietnam.

For more information on the awards programme, visit the [Singapore’s Best Managed Companies website](#).

About Aztech Global Ltd.
