NEWS RELEASE

CSE Global's 3Q2026 orders nearly triples to S$434.9 million

Singapore, 3 November 2026 – **CSE Global Limited** ("**CSE Global**" or the "**Group**"), a global systems integrator providing electrification, communications and automation solutions, today announced that it secured S$434.9 million of new orders in the third quarter ended 30 September 2026 ("**3Q2026**"), driven by the strong demand for electrification solutions.

Mr Lim Boon Kheng, Group Managing Director / Chief Executive Officer of CSE Global, said, "The order wins in 3Q2026 mark another important step in the growth of our business, with larger projects broadening the scale of work we are undertaking. The follow-on order secured during the quarter is also encouraging, demonstrating the potential for our involvement to expand alongside our customers' projects. Together, these wins reinforce the relevance of our solutions as infrastructure requirements become larger and more complex and strengthen our position to participate in the opportunities emerging across the markets we serve."

Order intake by Business Segment (S$'000)	3Q2026	3Q2025*	Change (%)	9M2026*	9M2025*	Change (%)
Electrification	320,274	30,886	937.0%	551,177	138,991	296.6%
Communications	63,330	75,179	-15.8%	219,143	211,278	3.7%
Automation	51,288	40,033	28.1%	134,815	162,484	-17.0%
Total	**434,892**	**146,098**	**197.7%**	**905,135**	**512,753**	**76.5%**

** During 2Q2026, the Group transferred the Field Services division from the Electrification segment to the Automation segment as part of an internal reorganisation. Accordingly, the segment information for 1Q2026 and the comparative periods have been re-presented to reflect the revised segment composition. This change has no impact on the Group's consolidated financial performance.*

Order book (S$'000)	3Q2026	3Q2025	Change (%)	9M2026	9M2025	Change (%)
Opening Order Book[1]	620,407	573,754	8.1%	709,520	672,587	5.5%
Order intake[2]	434,892	146,098	197.7%	905,135	512,753	76.5%
Less: Revenue	(323,153)	(257,721)	25.4%	(884,625)	(698,597)	26.6%
FX translation	(3,691)	5,351	N.M	(1,575)	(19,261)	-91.8%
Ending Order Book[3]	**728,455**	**467,482**	**55.8%**	**728,455**	**467,482**	**55.8%**

The Electrification business segment secured S$320.3 million in new orders, which represented approximately 73.6% of the Group's total order intake during the quarter. Notable contracts secured during the quarter includes two contracts in the United States of America ("**USA**") worth S$254.8 million for the design and manufacture of power distribution centres, as well as the integration of complex electrical and control systems and equipment for the Cheyenne Power Hub project and the Liquified Natural Gas market which are slated for execution between 2026 and 2028.

[1] Opening order book is the total outstanding orders that the Group has received but has not fulfilled at the start of the specified period.
[2] Order intake refers to all orders received by the Group during the specified period of time.
[3] Ending order book is the total outstanding orders that the Group has received but has not fulfilled at the end of the specified period.

In 3Q2026, the Communications business segment contributed approximately 14.6% of the Group's total order intake, securing S$63.3 million of new orders as compared to S$75.2 million of new orders in 3Q2025. In the previous corresponding quarter, order intake was supported by contributions from acquired companies in the Communications segment in the USA.

The Automation business segment secured approximately S$51.3 million in new orders in 3Q2026, representing 11.8% of total order intake for the quarter.

With these new orders, the Group closed 3Q2026 with an order book of S$728.5 million.

The above developments are not expected to have any material impact on the consolidated net tangible assets per share or earnings per share of the Group for the current financial year. None of the directors or substantial shareholders of CSE Global has any interest, direct or indirect, in the contracts.

About CSE Global Limited ("CSE Global")

CSE Global is a leading systems integrator providing electrification, communications, and automation solutions across various industries globally.

At CSE Global, we pride ourselves as a trusted, lifelong partner to our customers who always has their interests at heart. Leveraging our engineering experience, technology and diverse skill sets across our global network, we design and build customised, integrated systems for our clients that solve their problems.

Our integrated systems – from electrification to communications or automation systems – sit at the heart of every infrastructure and are mission-critical in nature. With highly attuned engineering capabilities at our core, we have successfully delivered complex, large-scale projects amidst the most challenging conditions. Our technologies are designed to reduce waste, allow for greener, smarter processes and are built to last.

Listed on the Singapore Exchange since 1999 and with our presence across 14 countries, 61 offices, and close to 2,000 employees across the globe, we enjoy long-standing relationships with a sizeable customer base comprising large government organisations and renowned brands.

Over the years, we have built a workplace culture and management style that is people-centric, supportive and collaborative with employee well-being and people improvement as our key focus. Our passion for our work has resulted in a consistent profit track record for the past three decades, as we continue to pursue operational excellence to achieve sustainable growth and enhanced shareholder returns.

CSE Global – Customer Satisfaction Everytime.
