Singapore/Manila, 16 May 2020 – Singapore Exchange Securities Trading Limited Mainboard and Philippine Stock Exchange, Inc dual listed Del Monte Pacific Limited ("DMPL" or the "Group"; Bloomberg: DELM SP, DELM PM) announced the completion of the recapitalisation of the Group's U.S. subsidiary, Del Monte Foods, Inc ("DMFI").

DMFI raised new financing of US\$1.3 billion consisting of a US\$500 million five-year bond issue, a new three-year ABL of US\$450 million, and equity of US\$378 million from DMPL, thereby recapitalising DMFI's balance sheet.

DMFI issued US\$500 million aggregate principal amount of 11.875% senior secured notes due 2025, with original issue discount equal to 3% of the principal amount (the "Notes"). The Notes were offered to qualified institutional buyers within the United States pursuant to Rule 144A under the Securities Act of 1933, as amended (the "Securities Act"), and in offshore transactions to non-U.S. persons pursuant to Regulation S under the Securities Act.

DMFI also entered into a new US\$450 million asset-based loan facility due 2023 (the "ABL Facility"). Simultaneous with the Notes and the ABL Facility, DMPL invested US\$150 million in new equity in Del Monte Foods Holdings Limited, the holding company of DMFI, and converted US\$228 million of Second Lien Repurchase Loans into common equity in DMFI (the "DMPL Investment").

"This transaction is an important milestone for DMFI and the DMPL Group," said Joselito D Campos, Jr, DMPL Managing Director and CEO. "In this new market environment, Del Monte has seen significantly increased demand for its healthy, shelf-stable products across all product lines. Today's recapitalisation and de-levering position the company to take full advantage of these new market opportunities." DMFI is a leading producer, distributor, and marketer of premium quality, branded, plant-based food products for long shelf-life categories, primarily in the United States.

"We are tremendously gratified to see such enthusiasm for the Del Monte story among investors," said Greg Longstreet, President and CEO of DMFI. "We appreciate this recognition of the Company's recent performance, the success of our asset-light cost management initiatives, and our plans for growth and profitability going forward."

The Notes, the ABL Facility, and the DMPL Investment were used by DMFI to refinance its existing DMFI loan facilities of approximately US\$1.1 billion, comprised of: US\$442.5 million (Asset-Based Loan facility), US\$666 million (First Lien Term Loan) and US\$23 million (Second Lien Term Loan), which were scheduled to mature in November 2020, February 2021, and August 2021, respectively. DMPL had previously purchased US\$237 million aggregate principal amount of DMFI's Second Lien Term Loans.

The Notes may not be offered or sold in the United States or to any U.S. persons except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. The Notes have not been registered under the Securities Act or the securities laws of any other jurisdiction. This communication does not constitute an offer to sell, or solicitation of an offer to buy, any securities in any jurisdiction in contravention of applicable law.
