**Announcement - Launch of Consent Solicitation**

Unless otherwise defined in this announcement, capitalised terms used in this announcement have the same meaning as given to them in the relevant amended and restated trust deed constituting the Notes (the “**Trust Deed**”).

The Issuer today published a notice of meeting of the holders of the Notes (the “**Notice of Meeting**”) for the purposes of convening a meeting of the holders of the Notes to be held on 12 April 2022 at which the holders of the Notes will be asked to consider and, if thought fit, to approve certain resolutions which will be proposed as an Extraordinary Resolution (as defined in the Trust Deed) for the purposes of consenting to the sale and purchase of the Pacific Light Cable Network (“**PLCN**”) and implementing the corresponding changes required to the terms and conditions of the Notes. The detailed terms of the Extraordinary Resolution are described in the Notice of Meeting.

The Issuer encourages the Noteholders to participate in the consent solicitation (the “**Solicitation**”) and looks forward to Noteholders support of the proposal to ensure the long-term success of the Group for the benefit of the Noteholders and other stakeholders.

Noteholders who have submitted a valid Consent Instruction with respect to the Notes they hold in favour of the Extraordinary Resolution prior to 5:00 p.m. (CEST) on 7 April 2022 (or, if earlier, before the expiration time and/or expiration date set by the relevant Clearing System), and who have not subsequently validly withdrawn their Consent Instruction or otherwise made arrangements to abstain from voting in respect of the Extraordinary Resolution, will be entitled to receive the amount of US\$2.50 per US\$1,000 in outstanding principal amount of the Notes (as adjusted by the Clearing System Pool Factor (as defined below)) in respect of which it has so submitted its Consent Instruction.

The aggregate principal amount of the Notes outstanding as of the date of this Announcement is US\$244,751,825. A pool factor of 57.95% currently applies to Notes held through the Clearing Systems such that the outstanding principal amount of Notes corresponds to the pool factor multiplied by the nominal amount of Notes shown in the records of the Clearing Systems (the “**Clearing System Pool Factor**”).

The Solicitation is being made by the Issuer solely pursuant to the Notice of Meeting and related materials. Holders of the Notes should read the Notice of Meeting and related materials (including the consent solicitation memorandum (the “**Consent Solicitation Memorandum**”), carefully prior to making any decision with respect to the Solicitation because they contain important information.

The Issuer has retained Morrow Sodali Ltd to act as information and tabulation agent for the Solicitation. Requests for documents and questions regarding the Solicitation process may be directed to Morrow Sodali Ltd and questions regarding the proposed amendments to the terms of the Notes may be directed to the Issuer through Morrow Sodali Ltd. Certain documents related to the Solicitation, including the Notice of Meeting and the Consent Solicitation Memorandum are available on the consent website (<https://bonds.morrowsodali.com/drpeng>), subject to eligibility confirmation and registration.
