- A review of the performance of the group, to the extent necessary for a reasonable understanding of the group's business. It must include a discussion of the following:-
- (a) any significant factors that affected the turnover, costs, and earnings of the group for the current financial period reported on, including (where applicable) seasonal or cyclical factors; and
- (b) any material factors that affected the cash flow, working capital, assets or liabilities of the group during the current financial period reported on.

The current financial year covers twelve months from 1 July 2024 to 30 June 2025 ("FY2025") and preceding financial year covered from 1 July 2023 to 30 June 2024 ("FY2024").

Statement of Comprehensive Income

A review of the statement of comprehensive income for the six-month ("6M2025") and twelve-month ended 30 June 2025 ("FY2025") as compared to the six-month ("6M2024") and twelve-month ended 30 June 2024 ("FY2024") is as follows:-

The Group's total revenue for FY2025 decreased by 3.3% to RMB 951.3 million as compared to RMB 983.7 million for FY2024 due to fewer stores in operation in FY2025. Concessionaire sales declined by 17.7% while the other sales segments fell by less than 10%. The decrease in direct sales is primarily attributed to reductions in sales of gold volume and other products, amounting to RMB 10.7 million and RMB 8.5 million, respectively. Within the direct sales segment, sales of Maotai liquor rose by RMB 2.4 million.

Revenue for the six months ended 30 June 2025 increased slightly by 0.9% compared with the same period in FY2024. This is in part due to expanded ranges of Maotai liquor products, particularly one of the new ranges where customer could buy at their desired quantities.

Gross profit for FY2025 fell 4.8% to RMB 220.8 million in FY2025. For the six months ended 30 June 2025, gross profit decreased 8.2% to RMB 108.9 million. Gross profit margin fell by 0.4% from 23.6% in FY2024 to 23.2% in FY2025.

The Group's cost of sales relates solely to its direct sales activities. The Group's gross profit and gross profit margin in respect to the direct sales activities are set out as per below:

Other income for FY2025 increased by 10.8% to RMB 101.2 million. The increase is primarily due to higher net gain in de-recognition of right-of-use assets and lease modifications of RMB 1.1 million and the increase in compensation as a form of forfeited deposits collected from tenants of RMB 1.4 million, offset by lower advertisement and promotion income of RMB 4.1 million, and the lower government grants and subsidies of RMB 2.4 million.

Lower interest rate for interest-bearing deposits resulted in a decline in interest income from RMB 4.4 million in FY2024 to RMB 3.8 million in FY2025.

The Group's selling expenses for FY 2025 decreased by 4.5% year-on-year from RMB 197.6 million to RMB 188.8 million primarily due to lower staff costs (RMB 6.2 million), reduced advertising and promotion expenses (RMB 1.2 million), decrease in business surcharges (RMB 1.6 million), decrease in repairs and maintenance costs (RMB 1.1 million), offset against higher depreciation of right-of-use assets (RMB 1.2 million).

Administrative expenses for FY 2025 decreased by 8.4% to RMB 101.0 million mainly due to lower staff costs (RMB 4.5 million), lower depreciation of property, plant and equipment (RMB 1.9 million), lower bank charges (RMB 1.3 million), and a one-off compensation expense of RMB 2.8 million incurred in respect of an early lease termination in prior year, offset against the increase in loss on disposal and written-off of property, plant and equipment (RMB 3.9 million).

Finance costs in FY2025 decreased by RMB 1.1 million compared with FY2024 due to a lower effective interest rate from bank borrowings.

The aggregated share of results of joint ventures and associates increased by RMB 9.3 million from RMB 24.4 million in FY2024 to RMB 33.7 million in FY2025. The reasons for the increase between the two corresponding years are set out as follows:-

- (1) Profit contribution from joint ventures in FY2025 and FY2024 came primarily from the operating entity of the Group's outlet mall in Wuxi, Wuxi Shi Yueshang Outlets Co., Ltd., in which the Group has a 51% stake. Net profit contribution from this entity amounted to RMB 4.0 million in FY2025 against nil contribution in FY2024. It is worth noting that the profit contribution to the Group in FY2025 was RMB 8.5 million, but RMB 4.5 million was used to offset the remaining balance of accumulated unrecognised losses.
- (2) Profit contribution from associates came mainly from the operating entity of the outlet mall in Changsha, Changsha Sasseur Zhongmin Baihui Outlets Commercial Management Co., Ltd., in which the Group has an effective 24.23% stake. This entity made a net profit contribution of RMB 31.5 million in FY2025 to the Group, which is higher by RMB 2.6 million or 9.0% from the previous financial year; and
- (3) Attributable total share of losses from the other two associates, Xiamen Citi-Base Commerce Co., Ltd., and Citi-Base Commercial Logistics (Xiamen) Co., Ltd., decreased by RMB 2.7 million to RMB 1.8 million in FY2025 due to better performance of the Haicang commercial and residential building.

The Group recorded income tax expense of RMB 7.8 million in FY2025 versus RMB 0.1 million in FY2024. The higher income tax expense was due to higher taxable income in FY2025 and the absence of reversal of prior year tax provision recorded in FY2024.

As a result of the preceding factors mentioned, the Group recorded a profit after taxation of RMB 42.8 million in FY2025, compared to a profit after taxation of RMB 23.8 million in FY2024.

Statements of Financial Position

Below is a review of the Statements of Financial Position as at 30 June 2025 compared with 30 June 2024

Non-current assets

Apart from the RMB 12.7 million of depreciation expenses, there were disposals and written-off assets at a total net book value of RMB 7.9 million. During the year, the Group acquired about RMB 1.4 million of assets. Consequently, the book value of property, plant, and equipment declined by RMB 19.2 million.

The right-of-use assets were recorded at RMB 262.3 million, a decrease of RMB 88.1 million. This is the result of the de-recognition of leases for the Jinfeng and Zhangzhou Port stores at a total net book value of RMB 42.2 million, the depreciation expenses of RMB 56.4 million, a renewal of store lease of RMB 5.3 million, and the acquisition of a leasehold office of RMB 5.1 million.

Investment in associates and joint ventures decreased by RMB 8.3 million due to the aggregated share of profit from joint ventures and associates of RMB 33.7 million, offset by dividend income of RMB 42.0 million.

Current assets

Inventories increased by RMB 20.8 million, mainly due to the delivery of Maotai liquor near the end of FY2025. Trade and other receivables decreased by RMB 3.6 million, largely due to prompt payments by vendors for completed joint promotion events. Prepayments decreased by RMB 1.8 million due to a decrease in advance payments to suppliers. Amount due from related parties increased by RMB 2.2 million during FY2025. The amount due from joint ventures decreased from RMB 216.5 million to RMB 214.5 million, as there was a repayment of RMB 2 million during the year.

Current liabilities

Trade and other payables decreased by RMB 37.0 million as payment to suppliers was settled in a shorter period. The amount due to related parties decreased by RMB 1.2 million during the year. The increase in other liabilities of RMB 3.8 million is mainly due to revision in loyalty points redemption basis to encourage more spending in our stores as well as revised expected redemption probability. The increase in income tax payable is the result of a higher provision of tax during the year.

Loans and borrowings (current and non-current)

Total loans and borrowings amounted to RMB 221.2 million, an increase of RMB 3.4 million, which is the net effect of loan repayments of RMB 194.5 million, offset by new loans of RMB 195.0 million and unrealised foreign exchange loss of RMB 2.9 million.

Lease liabilities (current and non-current)

Lease liabilities decreased by RMB 103.4 million due to repayments (net of interest expenses) of RMB 56.6 million and the de-recognition of lease liabilities arising from early termination of RMB 62.0 million, offset by a renewed lease of RMB 5.3 million and other lease-related payables and prepayments of RMB 9.9 million.

The Group reported a net current liabilities position of RMB 4.2 million as at 30 June 2025 (FY2024: RMB 7.4 million).

Cash flow statement

Review of Cash flow statement for twelve months ended 30 June 2025 ("FY2025") and ended 30 June 2024 ("FY2024").

The Group reported net cash and cash equivalents of RMB 83.5 million, excluding fixed deposits, as of 30 June 2025.

Cash generated from operating activities

Operating cash flows before changes in working capital amounted to RMB 89.2 million, which is derived from profit before taxation of RMB 50.6 million, with adjustments for non-cash items, mainly from amortisation and depreciation expenses of RMB 69.1 million, unwinding on discount of bond of RMB 0.5 million, written off of property, plant and equipment of RMB 2.1 million, net loss on disposal of property plant and equipment of RMB 5.3 million, gain on de-recognition of right-of-use assets of RMB 19.7 million, finance costs of RMB 19.0 million, interest income of RMB 3.8 million, and aggregated share of profits of joint ventures and associates of RMB 33.7 million.

After adjusting for working capital changes, including the increase in inventories of RMB 21.1million, the decrease in prepayments of RMB 2.3 million, the decrease in trade and other receivables of RMB 6.9 million, the decrease in trade and other payables of RMB 26.3 million, and tax payment of RMB 5.7 million and receipt of interest RMB 0.7 million, the Group's net cash generated from operating activities amounted to RMB 46.0 million (FY2024: RMB 38.0 million).

Cash generated from investing activities

Net cash generated from investing activities was about RMB 27.9 million. The cash outflows include the purchase of property, plant, and equipment of about RMB 1.4 million, the acquisition of a right-of-use leasehold office at RMB 5.1 million, an advance to related parties at RMB 2.0 million, a further loan of RMB 0.6 million extended to an associate, and the placement of fixed deposits of RMB 7.1 million. These cash outflows offset the dividend received from an associate of RMB 42.0 million, proceeds from the disposal of property, plant, and equipment of RMB 0.1 million, and the repayment of a loan from a joint venture of RMB 2.0 million.

Cash used in financing activities

Net cash used in financing activities was about RMB 82.9 million. The key outflows are RMB 10.3 million as dividends paid to shareholders of the Group, RMB 200.1 million for the repayment of principal and interest expense of lease liabilities, and repayment of advances from related parties at RMB 1.2 million. The key inflow item is the RMB 195.0 million of new loans obtained in FY2025.

Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results.

There has not been any forecast or prospect statement in relation to the Group's results previously disclosed to shareholders.

A commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.

According to the National Bureau of Statistics of China, real GDP in China grew 5.3% year-on-year in the first half of 2025, as compared to 5.0% in the first half of 2024. Retail sales of consumer goods increased 5.0% in the first half of 2025, matching the rate of growth seen in the first half of 2024. Despite the uncertainties arising from tariffs on goods exported to the United States, the Chinese economy remains moderately resilient.

The Group has become very selective in our expansion plan. Our planned opening of the 52,000 sqm Shanxi retail mall is on schedule to begin operations in the first half of 2026, further expanding our footprint in the large retail mall segment.

Barring unforeseen circumstances, we expect our operating performance for the coming financial year to be satisfactory.
