### FORMAL OFFER ANNOUNCEMENT AND ELECTRONIC DESPATCH OF OFFER DOCUMENT

#### 1. INTRODUCTION

On 20 December 2020 (the "**Possible Offer Announcement Date**"), DBS Bank Ltd. and Bank of China Limited, Singapore Branch (collectively, the "**Joint Singapore Financial Advisers**") for and on behalf of Tianjin Pharmaceutical (Singapore) International Investment Pte. Ltd. (the "**Offeror**") announced that Jinhushen Biological Medical Science and Technology Co., Ltd (津沪深生物医药科技有限公司) (the "**Purchaser**") had entered into a sale and purchase agreement (the "**SPA**") on 19 December 2020 with Tianjin Bohai State-owned Assets Management Co., Ltd. (天津渤海国有资产经营管理有限公司) (the "**Vendor**") in relation to the acquisition (the "**Acquisition**") of a stake of 67% in Tianjin Pharmaceutical Holdings Co., Ltd. (天津市医药集团有限公司) ("**TPH**") (the "**Possible Offer Announcement**"). A copy of the Possible Offer Announcement is available on the website of the Singapore Exchange Securities Trading Limited (the "**SGX-ST**") at (<http://www.sgx.com>) and the website of the Shanghai Stock Exchange (the "**SSE**") at (<https://www.sse.com.cn>).

Capitalised terms not defined in this announcement (this "**Announcement**") shall have the

respective meanings given to them in the Possible Offer Announcement.

Further to the Possible Offer Announcement, the Offeror wishes to announce that the Acquisition was completed today (the "**Formal Offer Announcement Date**"). Accordingly, the Chain Offer Condition is satisfied and the Joint Singapore Financial Advisers wish to announce the Offeror's firm intention to make the S Shares Chain Offer in accordance with Rule 14.1 of the Code.

The A Shares Chain Offer will be made by the Purchaser for the Shares which are listed on the SSE, other than those A Shares with selling restrictions and those A Shares already owned, controlled or agreed to be acquired by the Purchaser, the Offeror and TPH (the "**A Offer Shares**", and collectively with the S Offer Shares, the "**Offer Shares**").

## **2. THE S SHARES OFFER PRICE AND A SHARES OFFER PRICE**

2.1 The SIC has ruled that:

- (a) the price for the S Shares Chain Offer will be the higher of:
  - (i) the simple average of the VWAP of the S Shares on the SGX-ST on either the latest 20 trading days or whatever number of trading days there were within the 30 calendar days up to and including the Possible Offer Announcement Date; and
  - (ii) the price calculated by applying the ratio of the simple average of daily VWAP of the S Shares and the A Shares over the course of six (6) months up to and including the Possible Offer Announcement Date (the "**Ratio**") to the A Shares offer price; and
- (b) the Purchaser and the Offeror would be permitted to use the central parity rate of RMB against USD authorised by the People's Bank of China and announced by the China Foreign Exchange Trade System on each PRC business day<sup>1</sup> at 9:15 a.m. to convert the daily RMB-denominated A Shares prices to USD on the Possible Offer Announcement Date for the purpose of calculating the prices for the S Shares Chain Offer, the A Shares Chain Offer and the ratio of the offer values.

---

<sup>1</sup> If a certain Singapore trading day falls within PRC national holidays, it should be adjusted according to "the previous business day" rule and shifted to the previous PRC business day.

## 2.2 Computation of S Shares Offer Price and A Shares Offer Price

On 20 December 2020, the Joint Singapore Financial Advisers announced, for and on behalf of the Offeror, that the S Shares Offer Price will be USD0.893 and the A Shares Offer Price will be RMB17.43 based on the following calculations:

	<b>S Shares Chain Offer</b>	<b>Price (USD)</b>
(a)	The simple average of the VWAP of the S Shares on the SGX-ST on either the latest 20 trading days or whatever number of trading days there were within the 30 calendar days up to and including the Possible Offer Announcement Date	0.893
(b)	The price calculated by applying the Ratio to the A Shares offer price	0.893
	<b>A Shares Chain Offer</b>	<b>Price (RMB)</b>
(c)	The simple average of the VWAP of the A Shares on the SSE on either the latest 20 trading days or whatever number of trading days there were within the 30 calendar days up to and including the Possible Offer Announcement Date	16.82
(d)	The price calculated by applying the Ratio to the S Shares offer price	17.43
(e)	The price that is required pursuant to the applicable PRC regulations: being the simple average of the VWAP of the A Shares on the SSE on the latest 30 trading days up to and including the Possible Offer Announcement Date	16.69

The Joint Singapore Financial Advisers wish to announce, for and on behalf of the Offeror that there was an inadvertent mistake in the computation of the relevant offer prices for the S Shares Chain Offer and the A Shares Chain Offer due to (i) the inadvertent inclusion of 19 June 2020 in the computation of the Ratio set out in rows (b) and (d) of the table set out above; and (ii) the inadvertent inclusion of 19 November 2020 and 20 November 2020 in the computation of the VWAPs of the S Shares set out in row (a) of the table set out above.

Accordingly, based on the relevant period of (A) 21 June 2020 to 20 December 2020 for rows (b) and (d) of the table set out above; and (B) 21 November 2020 to 20 December 2020 for row (a) of the table set out above, the correct computation of the S Shares Chain Offer and the A Shares Chain Offer should have been as follows:

<b>S Shares Chain Offer</b>	<b>Price (USD)</b>
The simple average of the VWAP of the S Shares on the SGX-ST on either the latest 20 trading days or whatever number of trading days there were within the 30 calendar days up to and including the Possible Offer Announcement Date	0.894
The price calculated by applying the Ratio to the A Shares offer price	0.894
<b>A Shares Chain Offer</b>	<b>Price (RMB)</b>
The simple average of the VWAP of the A Shares on the SSE on either the latest 20 trading days or whatever number of trading days there were within the 30 calendar days up to and including the Possible Offer Announcement Date	16.82
The price calculated by applying the Ratio to the S Shares offer price	17.48
The price that is required pursuant to the applicable PRC regulations: being the simple average of the VWAP of the A Shares on the SSE on the latest 30 trading days up to and including the Possible Offer Announcement Date	16.69

### 2.3 **Revision of the S Shares Offer Price to USD0.894**

The Joint Singapore Financial Advisers further wish to announce, for and on behalf of the Offeror that **the S Shares Offer Price is hereby revised from USD0.893 to USD0.894.**

### 2.4 **A Shares Offer Price to be Maintained at RMB17.43**

Notwithstanding the revised computation as set out in paragraph 2.2 above, the Purchaser is not in a position to revise the A Shares Offer Price and the A Shares Offer Price will therefore be maintained at RMB17.43 for the following reasons:

- (a) as mentioned in the Possible Offer Announcement, the Purchaser is making the A Shares Chain Offer in compliance with the requirements of the Code, the PRC Securities Law and the PRC Acquisition Rules. Under the Code, the PRC Securities Law and the PRC Acquisition Rules, the Chain Offers are required to be made by or upon the completion of the Acquisition;
- (b) the SPA for the Acquisition was executed on 19 December 2020 and all regulatory approvals under the SPA were obtained on 29 January 2021. The Acquisition was thus required to be completed no later than 15 April 2021 and the Purchaser was unable to

obtain any further deferment of the completion of the Acquisition from the Vendor and/or its shareholders, being the State-owned Assets Supervision and Administration Commission of Tianjin Municipal People's Government (天津市人民政府国有资产监督管理委员会);

- (c) as mentioned in the Possible Offer Announcement, based on the offer price of RMB17.43, the Purchaser had submitted a bank letter of guarantee (the "**Original A Shares BG**") issued by the Shenzhen branch of the Shanghai Pudong Development Bank Co., Ltd. ("**SPDB**") to the China Securities Depository and Clearing Corporation Limited Shanghai branch as the guarantee for the A Shares Chain Offer in compliance with the PRC Securities Law and the PRC Acquisition Rules.

Any revision of the A Shares Offer Price would invalidate the Original A Shares BG and require the Purchaser to obtain a new bank letter of guarantee to cover the revised maximum amount of funds. The issue of a new bank letter of guarantee is a lengthy process that may take up to four (4) months to complete. There is also no certainty that the Purchaser would obtain the approval of SPDB or any other bank for a new bank letter of guarantee; and

- (d) given the circumstances described above, the Purchaser is not in a position to revise the A Shares Offer Price before the completion of the Acquisition and the issue of this Announcement by 15 April 2021.

In view of the above, **the A Shares Offer Price will be maintained at RMB17.43.**

**Holders of A Shares ("A Shares Shareholders") should also note that the A Shares Offer Price of RMB17.43 is higher than RMB16.69 per A Offer Share, which is the minimum offer price required under the PRC Securities Law and the PRC Acquisition Rules. There is also no requirement under the PRC Securities Law and the PRC Acquisition Rules for the A Shares Offer Price to be revised.**

### **3. S SHARES CHAIN OFFER TERMS**

Subject to the terms and conditions set out in the formal offer document to be issued by the Joint Singapore Financial Advisers, for and on behalf of the Offeror (the "**Offer Document**"), the Offeror will make the S Shares Chain Offer on the following basis:

- (a) Consideration

**For each S Offer Share: USD0.894 in cash ("S Shares Offer Price")**

Further details on the computation of the S Shares Offer Price are set out in paragraph 2 of this Announcement.

(b) No Encumbrances

The S Offer Shares will be acquired:

- (i) fully paid;
- (ii) free from all liens, equities, mortgages, claims, charges, assignments, hypothecations, pledges, encumbrances, rights of pre-emption and other third-party rights and interests of any nature whatsoever ("**Encumbrances**"); and
- (iii) together with all rights, benefits and entitlements attached thereto as at the Possible Offer Announcement Date, and thereafter attaching thereto (including the right to receive and retain all dividends, rights and other distributions or return of capital, if any, which may be announced, declared, paid or made thereon by the Company in respect of the S Shares on or after the Possible Offer Announcement Date).

(c) Minimum Acceptance Condition

The S Shares Chain Offer is conditional upon the Offeror and the Purchaser having received, by the close of the Chain Offers, valid acceptances in respect of such number of Offer Shares, which when taken together with the Shares owned, controlled or agreed to be acquired by the Offeror, the Purchaser and TPH and parties acting in concert with the Offeror, the Purchaser and TPH before or during the Chain Offers, will result in the Offeror, the Purchaser and TPH and parties acting in concert with the Offeror, the Purchaser and TPH holding more than 50% of the Shares (excluding any Shares held in treasury) as at the close of the S Shares Chain Offer.

Accordingly, the S Shares Chain Offer will not become or be capable of being declared unconditional as to acceptances, unless at any time prior to the close of the Chain Offers, the Offeror and the Purchaser have received valid acceptances in respect of such Offer Shares which, when taken together with the Shares owned, controlled or agreed to be acquired by the Offeror, the Purchaser and TPH and parties acting in concert with the Offeror, the Purchaser and TPH before or during the Chain Offers, will result in the Offeror, the Purchaser and TPH and parties acting in concert with the Offeror, the Purchaser and TPH holding such number of Shares carrying more than 50% of the voting rights attributable to the maximum potential issued share capital (excluding any Shares held in treasury) of the Company. For this purpose, the "**maximum potential issued share capital of the Company**" means the total number of Shares which would be in issue had all outstanding instruments convertible into, rights to subscribe for, and options in respect of, the Shares (including pursuant to the 2019 Restricted A-Share Incentive Scheme) (other than those acquired or agreed to be acquired by the Offeror, the Purchaser and TPH) been exercised as at the date of such declaration.

#### 4. A SHARES CHAIN OFFER TERMS

Subject to the terms and conditions set out in the Offer Document, the Purchaser will make the A Shares Chain Offer on the following basis:

(b) No Encumbrances

The A Offer Shares will be acquired:

- (i) fully paid;
- (ii) free from all Encumbrances; and
- (iii) together with all rights, benefits and entitlements attached thereto as at the Possible Offer Announcement Date and thereafter attaching thereto (including the right to receive and retain all dividends, rights and other distributions or return of capital, if any, which may be announced, declared, paid or made thereon by the Company in respect of the A Shares on or after the Possible Offer Announcement Date).

## 9. LISTING STATUS AND COMPULSORY ACQUISITION

### 9.1 Trading Suspension and Listing Status

#### (a) S Shares Chain Offer

Under Rule 723 of the listing manual of the SGX-ST (the "**Listing Manual**"), an issuer must ensure that at least 10% of the total number of issued shares excluding treasury shares (excluding preference shares and convertible equity securities) in a class that is listed is at all times held by the public (the "**Free Float Requirement**").

Under Rule 724(1) of the Listing Manual, if the Free Float Requirement is not satisfied, the issuer must, as soon as practicable, announce that fact and the SGX-ST may suspend trading of the class, or all the securities of the issuer listed on the SGX-ST. Rule 724(2) of the Listing Manual states that the SGX-ST may allow the issuer a period of three (3) months, or such longer period as the SGX-ST may agree, to raise the percentage of securities held in public hands to at least 10%. The issuer may be removed from the list of issuers maintained by the SGX-ST if it fails to restore the percentage of securities in public hands to at least 10% after the period.

Pursuant to Rule 1105 of the Listing Manual, where a takeover offer is made for the securities of an issuer, upon the announcement by the offeror that acceptances have been received that brings the holdings owned by the offeror and parties acting in concert with it to above 90% of the total number of issued shares excluding treasury shares, the SGX-ST may suspend the trading of such securities in the Ready and Unit Share markets until it is satisfied that at least 10% of the total number of issued shares excluding treasury shares are held by at least 500 shareholders who are members of the public.

Rule 1303(1) of the Listing Manual provides that, in a take-over situation, where the offeror succeeds in garnering acceptances exceeding 90% of the issuer's total number of issued shares excluding treasury shares, thus causing the percentage of an issuer's total number of issued shares excluding treasury shares held in public hands to fall below 10%, the SGX-ST will suspend trading of the listed securities of the issuer only at the close of the take-over offer.

#### (b) A Shares Chain Offer

Pursuant to the PRC Securities Law and the Listing Rules of SSE 《上海证券交易所股票上市规则》 (the "**SSE Listing Rules**") (considering that the total equity of the Company is above RMB400 million) if the public shareholding in the Company is less than 10% of the outstanding Shares upon expiry of the A Shares Chain Offer period, there is a risk that the Company may not be able to maintain its listing status on the SSE due to failure to satisfy the public floating requirements.

## 9.2 Compulsory Acquisition

As the Company is incorporated in the PRC, the Purchaser and/or the Offeror have no rights of compulsory acquisition under the laws of the PRC.

## 9.3 Offeror's and Purchaser's Intentions

### (a) S Shares Chain Offer

It is the current intention of the Offeror to maintain the listing status of the S Shares of the Company on the Main Board of the SGX-ST. However, in the event that the Company does not meet the Free Float Requirement at the close of the Chain Offers, the Offeror reserves the right to re-evaluate its position, depending on, *inter alia*, the ultimate level of acceptances received by the Offeror and the prevailing market conditions at the relevant time.

### (b) A Shares Chain Offer

Pursuant to Clauses 12.14, 13.4.1(5), 13.4.9(5), 13.4.11, 13.4.14(5) of the SSE Listing Rules, if a general offer results in a listed company not meeting the public float requirements, but the acquirer does not intend to delist the listed company, the shares of the listed company should be continuously halted for one (1) month following the date the results of the general offer are announced. If within one (1) month, the public float requirements are still not satisfied, the shares of the listed company will resume trading and will be marked as having delisting risk. If the public float requirements are still not satisfied within six (6) months from the date the shares of the listed company are marked as having delisting risk, or an application for the withdrawal of the delisting risk warning is not submitted within five (5) trading days from the date on which the public float requirements are satisfied within such six (6) months, the shares of the listed company will be delisted.

If the A Shares are marked as having delisting risk, suspended from trading or delisted, the A Shares Shareholders may suffer loss and the A Shares Shareholders are reminded that there may be such risk. If the public float requirements are no longer satisfied as a result of the Chain Offers, the Purchaser will, as an indirect shareholder of the Company, actively exercise its voting rights or otherwise propose or endorse other solutions in line with laws, regulations and articles of association of the Company to procure that the Company will propose and implement a solution for maintenance of its listing status. If the Company is ultimately delisted, the Purchaser will, via proper arrangements, procure that A Shares Shareholders holding the remaining A Shares will be able to sell their A Shares to the Purchaser at the A Shares Offer Price.

## 10. ELECTRONIC DESPATCH OF OFFER DOCUMENT

The Joint Singapore Financial Advisers also wish to announce, for and on behalf of the Offeror, that the Offer Document, which contains, *inter alia*, the full terms and conditions of the Chain Offers, together with the accompanying Form of Acceptance and Authorisation for S Offer Shares (the "**FAA**"), have been electronically despatched to the holders of S Shares (including

persons whose S Shares are deposited with The Central Depository (Pte) Limited ("**CDP**") or who have purchased S Shares on the SGX-ST) ("**S Shares Shareholders**", collectively with the A Shares Shareholders, the "**Shareholders**") today.

In line with the public statements issued by the SIC dated 6 May 2020 and 29 September 2020 on the despatch of take-over documents under the Code, no printed copies of the Offer Document will be despatched to the Shareholders.

Instead, the Offer Document will be despatched electronically to the Shareholders through publication on the website of the SGX-ST and the SSE. Hardcopy notifications with instructions on how the S Shares Shareholders can locate the Offer Document electronically together with hardcopy FAAs will be despatched by post to the S Shares Shareholders.

Electronic copies of the Offer Document are available on the website of the SGX-ST (<http://www.sgx.com>) and the SSE (<https://www.sse.com.cn>). Shareholders will need an internet browser and PDF reader to view these documents on the websites of the SGX-ST and the SSE.
