CHAIRMAN'S STATEMENT

#### **CHAIRMAN'S STATEMENT**

#### Dear Fellow Shareholder,

All of us have had a tumultuous year. I would like to begin with a special note of thanks to all our staff, management and business associates. They rose to meet the challenges brought about by the Covid-19 pandemic, and their prompt actions helped to minimise losses, and in some cases, to seize new opportunities. We are also grateful for strong government support in Singapore and Australia in particular. I am pleased to report that we did not lay off any staff, and in some areas we were able to add job opportunities.

For the full year, the Group generated Total Comprehensive Income of \$\$13.9 million for its shareholders (FY2019: \$\$3.4 million loss). Net profits after tax amounted to \$\$1.5 million (FY2019: \$\$8.5 million), and the Group's net asset value per share rose by 2 cents to \$\$1.30.

Group Financial Results for the Year Ended	2020 (S\$'million)	2019 (S\$'million)
Revenue	135.6	116.9
Net profit after tax	1.5	8.5
Fair value gain / (loss) on long-term investments	0.2	(8.0)
Foreign currency translation	14.6	(3.9)
Changes in other reserves	(1.2)	0.5
Other comprehensive income / (loss)	13.6	(11.4)
Total comprehensive income / (loss)	15.1	(2.9)
Non-controlling interests	(1.2)	(0.5)
Total comprehensive income / (loss) attributable to Owners of the Company	13.9	(3.4)
Earnings per share (cents)	0.14	2.45
Net asset value per share (cents)	129.88	127.60

Group Investments as at 31 December 2020	Carrying Value (S\$'million)	% of Total Assets	
Opal Aged Care Group	154.1	27%	
Boardroom Limited	122.9	21%	
Allium Healthcare Group	46.9	8%	
Habitat Assets Pte Ltd	23.5	4%	
Operating Assets (A)	347.4	60%	
Eastern & Oriental Berhad	11.0	2%	
Public Equities & Funds	47.9	8%	
Listed Investments (B)	58.9	10%	
euNetworks	11.0	2%	
Venture Capital & Funds	53.6	9%	
Private Equities & Funds	110.3	19%	
Non-listed Investments (C)	174.9	30%	
Investment Assets (B+C)	233.8	40%	
Total Assets (A+B+C)	581.2	100%	
Net Debt	(159.3)	27%	
Net Assets	421.9	73%	

#### **Boardroom Limited**

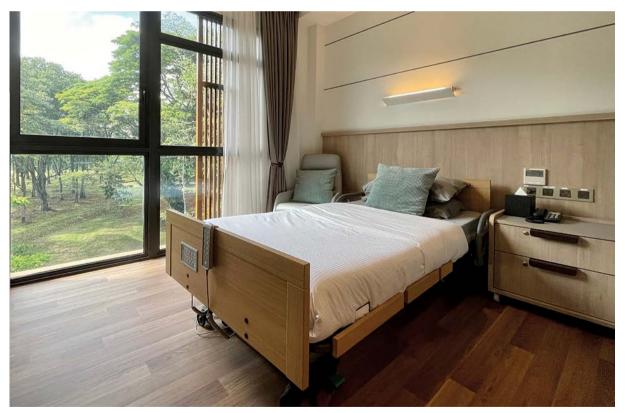

Boardroom Limited ("Boardroom") is a leading regional provider of corporate services with hubs in Singapore, Malavsia, Australia and Hong Kong, We have been invested in Boardroom since 2004, initially with a minority stake which we increased to 82% in 2014. In 2019 we made a general offer which raised our stake to 92% and Boardroom was delisted from the SGX. Over the past few vears. Boardroom's management has upgraded. streamlined and expanded its service offerings, and this was reflected in its resilient results in 2020. Despite the challenges of the pandemic, overall revenues grew by 6% to S\$112.5 million, while profit after tax rose by 65% to S\$14.5 million, with all key business areas showing steady or improved earnings.

#### CHAIRMAN'S STATEMENT (Continued)

In January 2021, we announced that the Group had appointed Credit Suisse (Singapore) Limited as our adviser to consider strategic options for our investment in Boardroom. This followed unsolicited enquiries from third parties looking to invest in the sector. The review process is ongoing at the time of writing, and there is no certainty that any transaction will result.

#### Allium Healthcare

We opened Allium Care Suites in Singapore at the end of 2019 with a plan to gradually build up occupancy and staffing across the first two years. The Covid pandemic severely disrupted these plans. During the second quarter lockdown, visitors were not allowed into nursing homes in Singapore to protect residents from infection. This rule also restricted marketing activities and deterred potential admissions. The lockdown also had a very negative impact on our two day-care centres. Allium Care Studios. Although the restrictions were partially eased during the third quarter, we decided to relocate both care studios to be housed within the Allium Care Suites building in September, resulting in one-time closure costs of S\$0.2 million. Occupancy at Allium Care Suites gradually started to improve in the second half, and this trend has continued into 2021. Allium's Singapore operations lost S\$7.9 million for the full year, of which \$4.0 million comprised depreciation and amortisation charges. We expect losses to narrow in 2021 as occupancy levels increase.

Allium Care Suites - Executive Suite

#### CHAIRMAN'S STATEMENT (Continued)

#### **Opal Aged Care Group**

In 2013, we invested S\$164.8 million to acquire our 48% stake in Opal Aged Care Group ("Opal"), one of Australia's leading providers of residential aged care which at the time had a capacity of over 4,800 beds. Our basic thesis remains unchanged: with longer lifespans and aging populations, there is an increasing need for quality care that brings joy to the lives of seniors who can no longer be cared for at home. Australia has a well-established residential aged care industry with over 220,000 beds in total, with demand expected to grow steadily through this decade. Since 2013, Opal has expanded to 80 homes with over 7,800 beds, much of that achieved by building new homes.

For the year, Opal contributed S\$8.7 million to our Group profits, down from S\$10.4 million in 2019. Along with other operators, Opal was faced with very real risks in January 2020 when bushfires raged out of control in Queensland and New South Wales. This was followed soon after by the onset of the Covid pandemic. Government support helped to defray some of the increased costs, while Opal's revenues grew by 5%, helped by a 6% increase in bed capacity.

The report of the Royal Commission into Aged Care Quality and Safety was released at the end of February 2021, and the government has broadly accepted its findings. The report details industry shortcomings that need to be addressed, with recommendations for changes to government policy, regulation and funding. Over the coming months, the Australian government's detailed responses to the Royal Commission report will establish the framework for the industry to move forward with, removing much of the uncertainty that has overshadowed the past two years.

#### **Other Associates**

Opal contributes the bulk of earnings reflected under Associates. Other associates in aggregate contributed a loss of S\$5.0 million, a part of which resulted from provisions made for the underlying value of investments in a private equity fund.

#### **Investment Returns**

The Group makes investments in different asset classes, including venture capital, private equity funds, credit funds, unlisted businesses, and listed equities. The overall aim of this diversified portfolio is to generate capital returns over the long term. In the short term, however, we revalue the portfolio to reflect the fair market value of these assets, and this can lead to significant volatility because of stock market gyrations in the short term.

In 2020, our investment returns totaled S\$14.4 million, up from S\$9.0 million in 2019.

#### **Currency Effects**

Our financial results can be significantly affected by currency volatility relating to the value of our assets outside of Singapore. Because of our investments in Opal, Boardroom and Australian retirement living operator Habitat Assets Pte Ltd, we have a significant exposure to the Australian dollar, which we hedge in part by borrowing in that currency. During the year, the Australian dollar's value relative to the Singapore dollar was exceptionally volatile: very weak during the Covid crisis, and then recovering sharply to end the year at a high level.

For the full year, we booked foreign exchange losses totaling \$\$9.3 million (FY2019: \$\$0.3 million loss), mostly on our Australian dollar borrowings.

#### CHAIRMAN'S STATEMENT (Continued)

This sum depressed our net profits significantly. However, we also booked a foreign currency translation gain of S\$14.6 million under Other Comprehensive Income (FY2019: S\$4.0 million loss). This mostly reflects the higher Australian dollar's impact on the value of our Australian assets, and it increased our earnings as measured under Total Comprehensive Income.

Netting off hedging losses against the increase in underlying value, these currency effects added \$\$5.3 million to our Total Comprehensive Income in 2020.

#### **Prospects**

Boardroom is well-positioned for further growth in 2021, barring any unexpected circumstances. Its full year contribution will also depend on whether any change in our ownership results from the strategic review that is underway.

Opal's earnings depend in part on the nature and extent of regulatory and funding changes that result from the recently-released report of the Royal Commission into Aged Care Quality and Safety.

We expect Allium Care Suites' losses to narrow in 2021. As always, it is difficult to predict how our investment portfolio will fare in the short term.

#### Dividend

The Directors have recommended the payment of a first and final dividend amounting to 2 cents per share (FY2019: 2 cents).

#### Acknowledgements

I would like to express our thanks in particular to all our staff, and the staff of our associated companies, for their perseverance and adaptability in facing the challenges of the Covid year. I also thank our business partners, bankers and advisers for the support, advice and friendship.

Mr Phillip Lee Soo Hoon, who has ably chaired our Audit Committee since joining the Board in 2002, will retire at this Annual General Meeting. I am deeply grateful to Phillip for his wisdom, counsel and attention to detail throughout his tenure on the Board, and I wish him all the very best.

Goh Geok Khim

Executive Chairman

BOARD OF DIRECTORS

#### **BOARD OF DIRECTORS**

#### Goh Geok Khim

Mr Goh Geok Khim has been Executive Chairman of the Company since his appointment as Director on 28 March 1990. He is a member of the Nominating Committee, and was last re-elected on 25 April 2019.

Mr Goh started his career in his family's business, which was active in trading, rubber, property and manufacturing steel products. He left in 1968 to join the stockbroking industry, starting the G. K. Goh stockbroking group in 1979.

Mr Goh is Chairman of the Boards of Boardroom Limited, Temasek Foundation International CLG Limited and Federal Iron Works Sdn Bhd. He is also a director of Temasek Foundation Ltd and TF IPC Ltd.

Mr Goh holds a Bachelor of Science degree in Civil Engineering from the University of Colorado.

#### Goh Yew Lin

Mr Goh Yew Lin has been an executive director of the Company since 28 March 1990, and was appointed as the Managing Director on 1 March 2008. He joined the G. K. Goh Group in 1984. He was last re-elected on 22 June 2020.

Mr Goh is an Alternate Director to Mr Goh Geok Khim for Boardroom Limited, and serves as a non-executive director on the Board of Temasek Holdings Pte Ltd. He is the Chairman of Seviora Holdings Pte Ltd, Singapore Symphonia Company Ltd, and Duke-NUS Medical School.

Mr Goh holds a Bachelor of Science (Economics) degree from the University of Pennsylvania's Wharton School.

#### BOARD OF DIRECTORS (Continued)

#### **Thomas Teo Liang Huat**

Mr Thomas Teo joined the Company as its Chief Financial Officer on 12 April 2006 and was appointed the Executive Director on 13 August 2018. His executive responsibilities include financial and investment management as well as board representation on various subsidiaries and associates of the Group. He was last re-elected on 25 April 2019.

Prior to joining the Group, Mr Teo was with a regional private equity group for ten years, responsible for direct investments in the Asean region. He also spent eight years with Ernst and Young, Singapore and has had extensive experience in audit and corporate finance.

Mr Teo is a non-executive director of Boardroom Limited. He is also an independent director of an Australian listed company, OM Holdings Limited, serving as its Audit Committee Chairman and a Remuneration Committee Member.

Mr Teo holds a Master of Business in Information Technology from the Royal Melbourne Institute of Technology and a Bachelor of Accountancy from the National University of Singapore. He is also a Fellow of the Institute of Singapore Chartered Accountants.

#### Lee Soo Hoon

Mr Lee Soo Hoon has been an independent director of the Company since 2 January 2002. He is currently Chairman of the Audit Committee and a member of the Remuneration and Nominating Committees. He was last re-elected on 25 April 2019.

Mr Lee worked as an auditor in the United Kingdom and on his return to Singapore, joined the predecessor firm of Ernst & Young. He was made partner of Ernst & Young in 1978 and was Staff Partner for five years. Mr Lee currently manages a consultancy firm assisting companies in management and financial matters.

Mr Lee is also an independent director of Estate and Trust Agencies (1927) Ltd, Kluang Rubber Company (M) Bhd, Kuchai Development Bhd and Sungei Bagan Rubber Company (M) Bhd.

Mr Lee is a Fellow Member of the Institute of Chartered Accountants of England and Wales, Institute of Singapore Chartered Accountants, Malaysian Institute of Certified Public Accountants, Malaysian Institute of Accountants and Singapore Institute of Directors.

#### BOARD OF DIRECTORS (Continued)

#### **David Lim Teck Leong**

Mr David Lim was appointed as an independent director of the Company on 23 April 2013. He is currently Chairman of the Remuneration and Nominating Committees and a member of the Audit Committee. He was last re-elected on 22 June 2020.

Mr Lim is the founder and Managing Partner of David Lim & Partners LLP with over thirty years of experience in corporate finance and litigation. He has represented multiple corporations from a myriad of sectors including finance and banking, fund management, private equity, oil and gas, healthcare, construction, information technology and communications, among others. He was a member of the Corporate Governance Council 2017/2018 and is a Fellow of the Singapore Institute of Directors.

Mr Lim is also currently Chairman and Independent Non-Executive Director of Elite Commercial REIT Management Pte Ltd, Manager of Elite Commercial REIT.

Mr Lim qualified as a barrister-at-law at Gray's Inn, London. He is admitted as an Advocate & Solicitor of the Supreme Court of Singapore.

#### Marie Elaine Teo

Ms Marie Elaine Teo was appointed as an independent director of the Company on 1 September 2017. She is currently a member of the Remuneration, Nominating and Audit Committees. She was last re-elected on 23 April 2018.

Ms Teo has over twenty years of investment experience, primarily with the Capital Group companies where she focused on Asian banks and global emerging markets, both as an analyst and an investment manager. She was formerly the Chairman of Capital International Research Group and Managing Director of Capital International Inc., Asia. Ms Teo was also previously a senior advisor and partner of the Holdingham Group.

She is currently a non-executive independent director of Olam International Limited and a director of Mapletree Investments Pte Ltd. She also serves as the Chairman of The Teng Ensemble.

A former student of CHIJ St Nicholas Girls' School, Ms Teo holds a Bachelor of Art (Honours) in Experimental Psychology from St Edmund Hall, Oxford University and a Masters in Business Administration from INSEAD, Fontainebleau.

# KEY EXECUTIVES

#### KEY EXECUTIVES

#### Bernie Poh Boon Nee

Mr Bernie Poh joined the Group as the Senior Vice President for Aged Care in January 2013 and was appointed the Executive Director and Chief Executive Officer of Allium Healthcare Holdings Pte Ltd in April 2017. He also represents the Group as a Director on the Board of Opal Aged Care Group.

Mr Poh has over twenty years of extensive experience in both the private and public healthcare sectors. Prior to joining the Group, he had served in various senior executive roles, which included Chief Executive Officer of Mount Elizabeth Hospital in Parkway Holdings Ltd (now IHH Healthcare Berhad) and Deputy Chief Executive Officer of the formerly SGX-listed Pacific Healthcare Holdings Ltd. During his employment in the public sector, he was a director at Health Sciences Authority.

Mr Poh graduated from National University of Singapore with a bachelor's degree in Business Administration. He also holds a Master of Business Administration from the Frankfurt School of Finance and Management and a Master of Social Work from the University of Hong Kong.

#### Kim Teo Poh Jin

Mr Kim Teo was appointed as the Executive Director and Group Chief Executive Officer of Boardroom Limited on 5 August 2009. He is responsible for the overall management and strategic direction of the Boardroom Limited Group.

Mr Teo is the Chairman of the Investment Committees of Principal Asset Management Berhad and Principal Islamic Asset Management Sdn Bhd. He is a member and Governor of United World College of South East Asia, a member of the Governance Committee, a member of the Foundation Investment and Disbursement Committee, and a trustee of The UWCSEA Foundation Limited. In addition, Mr Teo is a member of the Resource Panel of the National Crime Prevention Council, Singapore.

Mr Teo holds a Bachelor of Arts (Economics) degree from the Heriot-Watt University of Edinburgh.

CORPORATE GOVERNANCE

#### CORPORATE GOVERNANCE

The Board of Directors and Management of the G. K. Goh Group continue to uphold the highest standards of corporate governance and confirm compliance with the principles contained in the Code of Corporate Governance 2018 ("Code").

This report outlines the Company's corporate governance practices and activities for the financial year ended 31 December 2020 in relation to each of the principles of the Code. The Company has complied with the principles of the Code and substantially all the provisions set out thereunder, save for Provisions 2.2, 2.3 and 11.4 deviations from which are explained in this report. Unless otherwise stated, the corporate governance processes were in place during the financial year.

#### **BOARD MATTERS**

#### The Board's conduct of affairs

Principle 1: The company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the company.

The principal functions of the Board are to:

- Supervise the management of the business and affairs of the Group;
- Approve the Group's strategic plans, key operational initiatives, major investments, disposals and funding decisions;
- Identify the Group's business risks and ensure the implementation of appropriate systems to manage these risks;
- Monitor and review the Group's financial performance;
- Review Management's performance;
- Approve the nominations and re-election of Directors to the Board and the appointment of key personnel; and
- Assume responsibility for corporate governance.

Directors, as fiduciaries, are required to discharge their duties and responsibilities objectively at all times. Each Director is expected to act in good faith and in the best interests of the Company in the discharge of his or her duties and exercise of his or her powers as a Director. Directors facing conflicts of interest recuse themselves from discussions and decisions involving the issues of conflict.

The Board is assisted in its duties by Board Committees, specifically, the Audit Committee ("AC"), the Remuneration Committee ("RC") and the Nominating Committee ("NC"). The Board Committees are formed with clear written terms of reference setting out their compositions, authorities and duties, including reporting back to the Board. The day-to-day management functions are performed by senior Management, headed by the Managing Director ("MD").

The Board has put in place financial authorisation limits for operating and capital budgets, bank signatory and procurement of goods and services. Approval sub-limits are also provided at the Management level to facilitate operational efficiency. Matters requiring Board approval are clearly communicated to Management in writing. Matters that are specifically reserved for the Board's decisions include, in particular, interested person transactions, material acquisitions and disposals of assets, corporate or financial restructuring, share issuances and dividend payments to shareholders, and other transactions of a material price or trade sensitive nature requiring announcement under the Listing Manual ("Listing Manual") of the Singapore Exchange Securities Trading Limited ("SGX-ST"). The Board, based on the AC's recommendation, approves the half year and full year financial results for release on SGXNET.

The Board meets at least four times a year. Ad-hoc meetings are convened as and when circumstances require. The Company's Constitution provides for Directors to participate in Board meetings by conference telephone and similar means of communication. The Directors' attendances at meetings of the Board and the respective Board Committees are disclosed at the end of this report.

The NC ensures that new Directors are made aware of their duties and obligations. Upon appointment, new Directors will be provided with a formal letter outlining a director's duties and obligations under applicable laws and the Listing Manual. They will also be briefed on the Group's operations and furnished with information and updates on the Group's corporate governance practices at the time of appointment, as well as the latest updates in laws and regulations affecting the Group's business. Unless the NC is of the view that training is not required because he or she has other relevant experience, a new Director appointed who has no prior experience as a director of an issuer listed on the SGX-ST will be required to undergo training in his or her roles and responsibilities.

Directors are encouraged to attend seminars, workshops and receive training in areas such as directors' duties and responsibilities, changes in regulations and regulatory framework (including financial reporting standards and the Listing Manual) which are relevant to the Company's business and operations, so as to enable them to perform effectively as Directors. The Company arranges and funds the training of Directors.

Non-Executive Directors are routinely briefed by the Executive Directors and/or Management at Board meetings or separate sessions, and provided with all necessary updates on regulatory and policy changes as well as developments affecting the Company and the Group. All Directors are provided with monthly performance reports. In addition, field visits are arranged as and when necessary to enable the Directors to better understand the Group's business operations. More particularly, during the financial year, Management has leveraged on the Company's business continuity plan and kept the Board regularly informed about the legal and regulatory developments (both locally and overseas) in connection with the COVID-19 pandemic, which enabled the Company to make decisions promptly to mitigate the pandemic's impact on the Group's operations.

The Directors have separate and independent access to the Company Secretaries and Management at all times. At least a week prior to each meeting, the Directors are provided with the agenda, reports and up-to-date information in regard to the Group's operations in preparation for each meeting. Additional information is provided to Directors, as and when needed, to enable them to make informed decisions. Where necessary, the Company will, upon the request of the Directors, provide them with independent professional advice, at the Company's expense, to enable them to discharge their duties.

The Company Secretaries or their representatives attend all Board meetings. Their duties include minute taking, assisting the Executive Chairman and the Chairman of the respective Board Committees in ensuring that procedures are followed, and communicating changes in the Listing Manual or other regulations affecting corporate governance and compliance where appropriate. The Company's Constitution empowers the Board to appoint and remove any Company Secretary.

#### Board composition and guidance

Principle 2: The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the company.

The current Board consists of six members, three of whom are independent and non-executive. The other three members of the Board, comprising the Executive Chairman, MD and an Executive Director, are part of the management team. The Executive Chairman and the MD are immediate family members. Independent and non-executive members of the Board provide balance within the workings of the Board and oversight for minority shareholders' interests. There are no material relationships (including immediate family relationships) between each independent Board member and the other Board members, the Company, its related corporations, its substantial shareholders or its officers, that could interfere, or be reasonably perceived to interfere, with the exercise of the independent Board member's independent business judgement in the best interests of the Company. The independent Non-Executive Directors are Mr Lee Soo Hoon, Mr David Lim Teck Leong and Ms Marie Elaine Teo.

The independence of each independent Non-Executive Director is reviewed by the NC. Under the Listing Manual, a director will not be independent if he is employed by the company or any of its related corporations for the current or any of the past three financial years, or if he has any immediate family member who is employed or has been employed by the company or any of its related corporations for the past three financial years, and whose remuneration is determined by the remuneration committee of the company. As the above listing rules do not apply to any of the independent Non-Executive Directors, they are considered independent under the Listing Manual.

Mr Lee Soo Hoon would have served on the Board for more than nine years by the Thirty-second Annual General Meeting ("AGM"). The NC has determined that he be considered independent notwithstanding that he has served on the Board beyond nine years as Mr Lee has continued to demonstrate independence in conduct, character and judgement in the discharge of his responsibilities as a Director of the Company and there are no relationships or circumstances that could or are likely to affect his judgement and ability to discharge his responsibilities as an independent Director. The NC also noted that Mr Lee had been forthcoming in expressing his individual viewpoints and active in providing constructive input, and objective in his scrutiny and debating issues. The Board having rigorously reviewed the NC's recommendation deems Mr Lee as independent and agrees with the NC that his years of service had not compromised his judgement and ability to discharge his responsibilities as an independent Director. Mr Lee, who is due to retire by rotation at the upcoming Thirty-second AGM, has notified the Company that he will not be seeking re-election. The Board would like to take this opportunity to acknowledge Mr Lee for his contributions and steadfast service to the Board and the Company.

Mr David Lim Teck Leong and Ms Marie Elaine Teo have served for less than nine years on the Board since their first appointment. In its annual review of the independence of the Directors, the NC has determined that each of Mr Lim and Ms Teo are independent in conduct, character and judgement, and that there are no relationships or circumstances which could or are likely to affect his or her judgement and ability to discharge his or her responsibilities as an independent Director.

The independent Non-Executive Directors constructively challenge and assist in the development of proposals on strategy, assist the Board in reviewing the performance of Management in meeting agreed goals and objectives, and monitor the reporting of performance. When necessary, the Non-Executive Directors (led by the lead independent Director) will have discussions amongst themselves without the presence of Management and the Executive Directors. The lead independent Director provides any relevant feedback to the Board or Executive Chairman as appropriate. In general, such discussions are informal and conducted either before the start, or after the conclusion, of a scheduled meeting of the Board or a Board Committee.

The Board endeavours to achieve the balance and diversity necessary to maximise its effectiveness as part of its Board diversity policy. Following the appointment of Ms Marie Elaine Teo as an independent Director on 1 September 2017, the Board's target to have at least one female represented on the Board has been met. The Board has maintained this target for the financial year 2020. In terms of gender representation, the current Board consists of five men and one woman, or is 83% male and 17% female, and, as among the independent Directors, the female gender representation is 33%. The Board also recognises that gender diversity is only one aspect of Board diversity. In terms of qualifications and competencies, members of the Board include seasoned professionals in stockbroking, investment, financial, accounting and legal fields. The Board believes that its members' different backgrounds, experience, age, gender and skill sets provide a diversity of perspectives which contribute to the quality of its decision-making. The profiles of the Directors are on pages 8 to 10 of the Annual Report.

Provision 2.2 of the Code provides that independent directors should make up a majority of the Board where the Chairman is not independent, and Provision 2.3 of the Code provides that non-executive directors should make up a majority of the Board. Notwithstanding its deviation from Provisions 2.2 and 2.3 of the Code, the Company is of the opinion that there is an appropriate level of independence and diversity of thought and background in its composition to enable the Board to make decisions in the best interests of the Company. In particular, the independent Directors chairing the AC, RC and NC have sufficient standing and authority to look into any matter which the Executive Chairman or MD fails to resolve. The NC has made, and will continue to make recommendations to the Board on changes to the Board composition, as appropriate, as part of the Board's renewal process, including the observation of Provisions 2.2 and 2.3 of the Code.

Accordingly, the NC is of the view that the current Board comprises persons who, as a group, provide an appropriate level of independence and diversity of skills, experience and knowledge of the Company, as well as the necessary core competencies and that the current Board size is appropriate, taking into consideration the nature and scope of the Group's operations.

#### Chairman and Chief Executive Officer

Principle 3: There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision-making.

The offices of Executive Chairman and MD are held by separate individuals. Mr Goh Geok Khim is the Executive Chairman of the Group while his son, Mr Goh Yew Lin, is the MD. They are also regarded as controlling shareholders of the Company. At the operational level, the Executive Chairman ensures that the senior management team led by the MD, provide decisiveness and clarity in the implementation of corporate policies and objectives. This serves to align the interests of the controlling shareholders with those of minority shareholders in the Company's goals for enhancing shareholder value. Thus, it is felt that it is not necessary in the circumstances for the office of Chairman to be held by an independent Director.

As the Executive Chairman and the MD are related, Mr Lee Soo Hoon, a member of the NC and also the Chairman of the AC, has been appointed as the lead independent Director. The lead independent Director's role is to be available to shareholders when they have concerns, which contact through the normal channels of the Executive Directors has failed to resolve or for which such contact is inappropriate. Following Mr Lee's decision not to seek re-election at the Thirty-second AGM, the Company has identified an appropriate candidate to fill the board vacancy for the AC Chairman and the role of the lead independent Director. An announcement will be made in due course.

The Board establishes and sets out in writing the division of responsibilities between the Executive Chairman and the MD. As Chairman of the Board, the Executive Chairman ensures that Board meetings are held when necessary and sets the Board meeting agenda. The Executive Chairman reviews all Board papers before they are presented to the Board and ensures that procedures are in place to provide Directors with timely and comprehensive analyses necessary for exercising informed judgement and decisions. Management staff who have prepared the papers, or who can provide additional insight in the matters to be discussed, are sometimes invited to attend and present the papers at the Board meeting. The Executive Chairman also ensures that the members of the Board work together with the Management team, and have the capability and moral authority to engage Management in constructive debate on various matters, including strategic issues and business planning processes. The day-to-day management functions are performed by senior Management, headed by the MD.

#### **Board membership**

Principle 4: The Board has a formal and transparent process for the appointment and re-appointment of directors, taking into account the need for progressive renewal of the Board.

The NC comprises four members, three of whom are independent Non-Executive Directors. The Chairman of the NC, Mr David Lim Teck Leong, is an independent Director. The other members of the NC are Mr Goh Geok Khim, Mr Lee Soo Hoon and Ms Marie Elaine Teo.

Based on the written terms of reference approved by the Board, the principal functions of the NC are to:

- Review the structure, size and composition of the Board and make recommendations to the Board with regard to any adjustments that are deemed necessary;
- Identify and nominate for the approval of the Board, candidates to fill board vacancies as and when they arise;
- Determine annually, and if circumstances require, the independence of a Director;
- Review the ability of a Director to adequately carry out his duties as Director when he has multiple board representations;
- Recommend to the Board the re-election by shareholders of any Director under the "retirement by rotation" provisions in the Company's Constitution:
- Assess the effectiveness of the Board as a whole and that of each of its Board Committees and individual Directors:
- Review and make recommendations to the Board on the succession plans for Directors, in particular
  the appointment and/or replacement of the Executive Chairman, the MD and key management
  executives; and
- Review and make recommendations to the Board on the training and professional development programmes for the Board and the Directors.

The Board is of the view that setting a maximum number of listed company board representations which a Director may concurrently hold would not be meaningful as the contributions of the Directors would depend on many other factors such as whether they were in full-time employment and their personal commitments or responsibilities. All Directors had confirmed that notwithstanding the number of listed company board representations and other principal commitments which they held, they were able to devote sufficient time and attention to the affairs of the Company. The NC takes this into consideration when evaluating whether the individual is able to or has been adequately discharging his or her duties as a Director.

The NC reviews and recommends all Director appointments. Candidates may be put forward or sought through contacts and recommendations. Candidates will be considered against objective criteria, having due regard for the benefits of diversity on the Board, including gender, age and skill sets. The Company endeavours to include female candidates in its search pool. The selection of candidates is evaluated taking into account various factors including the relevant expertise of the candidates and their potential contributions to the current and mid-term needs and goals of the Group. The independence of each Director is reviewed upon appointment, and thereafter annually and if circumstances require, by the NC. Independent Directors are required to notify the NC promptly of any relationships or circumstances which arise that are likely to affect, or could appear to affect, the Director's independence.

None of the Directors has an alternate Director. As a Director is expected to be able to commit time to the affairs of the Company, the NC will generally not support the appointment of an alternate Director.

#### **Board performance**

Principle 5: The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its board committees and individual directors.

Based on the recommendations by the NC, the Board has established processes and objective performance criteria for evaluating the effectiveness of the Board as a whole, and that of each of its Board Committees and individual Directors. The performance criteria include evaluation in respect of board size and composition, board processes, board information and accountability, board performance in relation to discharging its principal functions and responsibilities, constitution of Board Committees and performance of the Board Committees' delegated roles. Individual Directors are evaluated based on attendance at meetings held during the financial year, preparedness for meetings, analytical skills and the contribution made by the individual Directors at the meetings. The Board believes that engaging in a regular process of self-assessment and evaluation in order to identify key strengths and areas for improvement is essential to effective stewardship. The evaluation process is administered annually by the NC.

Each Director is required to complete assessment forms to evaluate the Board, Board Committees and individual Directors. The Company Secretaries collate the completed forms and prepares a consolidated report for the Chairman of the NC. The NC discusses the report and concludes the performance results during the NC meeting. In consultation with the NC, the Executive Chairman would act on the results of the performance evaluation with a view to strengthening the Board with new members and/or seeking resignation of Directors where appropriate in order to enhance the effectiveness of Board Committees and/or the Board as a whole.

The Board is of the view that while financial indicators such as share price performance and return-on-equity allow for benchmarking of the Board's performance relative to that of competitors and industry peers, non-financial indicators such as feedback received from investors (institutional and/or retail) and market analysts also serve as useful qualitative analysis by external parties. For the long-term success and value creation of the Company, the Board believes that its performance and that of individual Board members is reflected in, and evidenced by, proper guidance, diligent oversight and able leadership of the Company, and the support that it lends to Management in steering the Company and the Group to achieve strategic goals. Having regard to its composition and mix, the Board has endeavoured through each Director's unique contributions and diversity of experience, to ensure that balanced and well-considered decisions are made in the best interests of the Company.

The NC has access to professional advice to facilitate the evaluation process whenever there is a need to consult externally. There was no necessity for external advice to be obtained during the financial year.

#### REMUNERATION MATTERS

#### Procedures for developing remuneration policies

Principle 6: The Board has a formal and transparent procedure for developing policies on director and executive remuneration, and for fixing the remuneration packages of individual directors and key management personnel. No director is involved in deciding his or her own remuneration.

#### Level and mix of remuneration

Principle 7: The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the company, taking into account the strategic objectives of the company.

#### Disclosure on remuneration

Principle 8: The company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

The RC comprises three members, all of whom are independent Non-Executive Directors. Mr David Lim Teck Leong chairs the RC. The other members of the RC are Mr Lee Soo Hoon and Ms Marie Elaine Teo.

Based on the written terms of reference approved by the Board, the principal functions of the RC are to:

- Review and submit to the Board a framework of remuneration policies for Directors and senior Management;
- Review and submit to the Board the specific remuneration packages and terms of employment of each Director and senior Management, covering all aspects of remuneration including but not limited to Directors' fees, salaries, allowances, bonuses, options and benefits-in-kind; and
- Review and submit to the Board the setting up of share option schemes or long-term incentive schemes.

As part of its review, the RC will take into consideration the salary and employment conditions within the same industry and in comparable companies, as well as the Group's relative performance and the performance of the individual Directors and senior Management. When deciding on performance-related remuneration, the RC also takes into account the risk policies of the Company, the risk outcomes and the time horizon of risks that might be undertaken. In particular, the RC considered and took into account the impact of the COVID-19 pandemic on the Group's performance for the financial year when deciding whether the performance targets previously set were still appropriate and whether they should be revised retrospectively.

The RC, in carrying out its tasks, has access to professional advice on human resource matters whenever there is a need to consult externally. During the financial year, the Company appointed an independent remuneration consultant, Mercer (Singapore) Pte Ltd, to provide professional advice on remuneration matters of its key management executives. The remuneration consultant is not related to the Company or any of its Directors and does not otherwise have any relationship with the Company that could affect its independence and objectivity.

Directors' fees are set in accordance with a remuneration framework comprising basic fees and committee fees. In determining the quantum of such fees, factors such as frequency of meetings, time spent, responsibilities of Non-Executive Directors, and the need to be competitive in order to attract, motivate and retain these Directors are taken into account. Comparisons are made periodically against directors' fees of other listed companies with similar market capitalisation as the Company to ensure that the Directors' fees are within market norms and commensurate with responsibilities of the Non-Executive Directors. Executive Directors do not receive Directors' fees as they are remunerated as executive employees. No Director is involved in deciding his or her own remuneration. The Directors' fees will only be paid upon approval by the shareholders at the AGM. These measures serve to assure that the independence of the Non-Executive Directors is not compromised by their compensation.

The Executive Chairman and MD are under service contracts with the Company, which stipulate a fixed component in the form of base salary and a variable component linked to the Group's total comprehensive income and return-on-equity. The RC reviews the service contracts annually and any revisions are subject to its approval. The service contracts were renewed for the financial year 2020.

The remuneration framework for all employees comprises a fixed component in the form of a base salary and a variable component in the form of a bonus that is given to the employee after the financial year-end. The bonus is linked to the Group's and the employee's performance. Such performance-linked remuneration is aligned with the interests of shareholders and other stakeholders and promotes the long-term success of the Group. The Company currently does not operate any share-based or long-term incentive schemes for employees. The RC will consider a suitable scheme for executive employees as and when it deems necessary. For the present, the RC is of the view that share-based incentives are not needed as motivational tools to encourage retention of the Executive Directors and key management executives.

There are no termination or retirement benefits that are granted to the Directors and key management executives of the Group. The RC is of the view that it is currently not necessary to use contractual provisions to allow the Company to reclaim incentive components of remuneration from the Executive Directors and key management executives in exceptional circumstances of misstatement of financial statements, or of misconduct resulting in financial loss to the Company.

The remuneration of Directors for the financial year is set out below:

				Other	
Directors	Salary	Bonus	Fees	<b>Benefits</b>	Total
	S\$'000	S\$'000	S\$'000	S\$'000	S\$'000
Goh Geok Khim	1,085	-	_	70	1,155
Goh Yew Lin	967	_	_	78	1,045
Thomas Teo Liang Huat	493	_	_	-	493
Lee Soo Hoon	-	_	71	_	71
David Lim Teck Leong	-	_	69	_	69
Marie Elaine Teo	=	-	67	-	67
Total	2,545	-	207	148	2,900

The remuneration of key management executives for the financial year is set out below:

Key Management Executives	Salary	Bonus	Fees	Other Benefits	Total
	%	<u></u> %	%	%	%_
<b>\$\$1,000,000 to below \$\$1,250,000</b> Kim Teo Poh Jin	47	52	_	1	100
S\$250,000 to below S\$500,000 Bernie Poh Boon Nee	81	19	_	-	100
Below S\$250,000 Tang Chon Luang	80	20	_		100

The aggregate remuneration paid to the above key management executives for the financial year was \$\$1,723,000.

Other than the Executive Chairman and MD, there were no employees of the Company who are substantial shareholders of the Company or immediate family members of a Director, the MD or a substantial shareholder of the Company, and whose remuneration exceeded \$\$100,000 during the financial year.

The Board responds to queries from shareholders at AGMs on matters pertaining to remuneration policies and directors' remuneration.

#### **ACCOUNTABILITY AND AUDIT**

#### Risk management and internal controls

Principle 9: The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls to safeguard the interests of the company and its shareholders.

The Board considers the management of major business risks to be an important and integral part of the Group's overall internal controls framework. The practice of risk management is undertaken by the Executive Directors and senior Management under the purview of the Board. The Company's approach to risk management focuses on ensuring that appropriate controls are in place to effectively manage those risks. Measures are adopted to manage such risks, and risk management policies are monitored by Management, and periodically reviewed and approved by the Board. The financial risk management objectives and policies of the Group are discussed under Note 32 of the Notes to the Financial Statements.

The Board has received assurance from the MD and the Executive Director & Chief Financial Officer ("ED") at the Board meeting on 19 February 2021 that:

- The financial records of the Group have been properly maintained and the financial statements for the year ended 31 December 2020 give a true and fair view of the Group's operations and finances; and
- The system of risk management and internal controls in place within the Group are adequate and effective in addressing the material financial, operational, information technology and compliance risks in the Group. The MD and ED have obtained similar assurances from the business and corporate executive heads in the Group.

Based on the internal controls established and maintained by the Group, work performed by the internal and external auditors, reviews performed by Management, as well as assurance from the MD and ED, the Board, with the concurrence of the AC, is of the opinion that the internal controls and risk management systems are adequate and effective as at 31 December 2020 to address the financial, operational, information technology and compliance risks which the Group considers relevant and material to its operations. Both the Board and the AC did not identify any material weaknesses in the internal controls and risk management systems during the financial year.

The Board, with the assistance of the AC, continually reviews the Group's internal control processes and risk management practices for their adequacy and effectiveness. The system of internal controls maintained by Management and that was in place throughout the financial year provides reasonable assurance against material financial misstatements or loss. Key areas of internal control include the safeguarding of assets, maintenance of proper accounting records, the reliability of financial information, compliance with appropriate legislation, regulation and best practice, and the identification and containment of business risk. The Board notes that no system of internal control could provide absolute assurance against the occurrence of material errors, poor judgement in decision-making, human error, losses, fraud or other irregularities.

#### **Audit Committee**

#### Principle 10: The Board has an Audit Committee which discharges its duties objectively.

The AC comprises three members, all of whom are independent Non-Executive Directors. Mr Lee Soo Hoon chairs the AC. The other members of the AC are Mr David Lim Teck Leong and Ms Marie Elaine Teo.

The Board is of the view that the AC members have the relevant expertise to discharge the functions of an AC. The Chairman of the AC is a qualified chartered accountant. Collectively, the AC members have extensive experience in the accounting, financial and investment fields. Reasonable resources have been made available to the AC to enable them to discharge their duties. The AC members also take measures to keep abreast of the changes to accounting standards and issues which have a direct impact on financial statements through attendance at trainings and updates by professionals and external auditor.

None of the AC members was a former partner of the Company's existing external auditor, Ernst & Young LLP, within the previous two years or has any financial interest in the firm.

Based on the written terms of reference approved by the Board, the principal functions of the AC are to:

- Review the audit plans of the internal and external auditors of the Company, and review the internal auditor's evaluation of the adequacy of the Company's system of internal accounting controls and the assistance given by Management to the internal and external auditors;
- Review the half year and full year financial statements and the auditor's report on the annual financial statements of the Company before their submission to the Board;
- Review effectiveness of the Company's material internal controls, including financial, operational and compliance controls and risk management via reviews carried out by the internal auditor;
- Review the assurances from the MD and ED on the financial records and financial statements:
- Meet with the external auditor, other Board Committees, and Management in separate executive sessions to discuss any matters that these groups believe should be discussed privately with the AC;
- Review legal and regulatory matters that may have a material impact on the financial statements, related compliance policies and programmes and any reports received from regulators;
- Review the cost effectiveness and the independence and objectivity of the external auditor;
- Review the nature and extent of non-audit services provided by the external auditor;
- Recommend to the Board the external auditor to be nominated, approve the compensation of the external auditor, and review the scope and results of the audit;
- Report actions and minutes of the AC to the Board with such recommendations as the AC considers appropriate; and
- Review interested person transactions in accordance with the requirements of the Listing Manual.

The Company has outsourced its internal audit function to PricewaterhouseCoopers Risk Services Pte Ltd. Its personnel assigned to perform the internal audit function are expected to be suitably qualified professionals with the requisite experience and necessary skill sets. The internal auditor is expected to meet or exceed the standards set by nationally or internationally recognised bodies, including the International Standards for the Professional Practice of Internal Auditing set by The Institute of Internal Auditors.

The annual internal audit plan is prepared in consultation with, but independent of Management, and submitted to the AC for approval. The AC ensures that the internal audit function has appropriate standing within the Company. The internal auditor reports directly to the AC and the findings and recommendations made have been adequately followed through and implemented by Management in the financial year. The AC participates in and approves the hiring, removal, evaluation and compensation of the internal audit function. The internal auditor is given unfettered access to all company documents, records, properties and personnel, including access to the AC. The adequacy and effectiveness of the outsourced internal audit function is reviewed by the AC at least annually. In doing so, the AC takes into consideration the service level, attentiveness, professionalism and caliber of the assigned personnel who carried out the internal audit activities during the financial year. The AC is satisfied that the internal audit function is independent, adequately resourced and effective.

The AC convened two meetings during the financial year.

In the review of the financial statements, the AC discussed with Management the accounting principles that were applied and their judgement of items that might affect the integrity of the financial statements. The AC also considered the clarity of disclosures on significant matters in the financial statements. Among other matters, the following key audit matters as reported by the external auditor for the financial year ended 31 December 2020 were reviewed and discussed by the AC with Management and the external auditor:

- Impairment assessment of goodwill;
- Valuation of long-term unquoted investments; and
- Investment in associates.

Following the review and discussions, the AC was satisfied with the approach and appropriateness of methodologies used by Management, as adopted and disclosed in the financial statements, and recommendation was made by the AC to the Board to approve the financial statements.

The AC has met with internal and external auditors, without the presence of Management, at least once during the financial year. The AC has explicit authority to investigate any matter within its terms of reference, full access to and co-operation of Management and the internal auditor and has full discretion to invite any Director or executive officer to attend its meetings. The auditors, both internal and external, have unrestricted access to the AC.

The AC has reviewed the non-audit services provided by the external auditor, which comprise tax services, and is satisfied with the independence of the external auditor. For details of fees payable to the Company's external auditor, Ernst & Young LLP, in respect of the audit and non-audit services, please refer to Note 4 of the Notes to the Financial Statements.

The AC has also put in place a policy, whereby staff of the Group may raise concerns about possible improprieties in matters of financial reporting, fraudulent acts and other matters. The AC oversees this "whistle-blowing" policy and its related procedures, and ensures that arrangements are in place for independent investigations of such matters and appropriate follow up actions. Employees are encouraged to report, in confidence, any behaviour or action that might constitute a contravention of any rules, regulations, accounting standards or internal policies.

Where relevant, the AC makes reference to the best practices and guidance in (among others) practice directions issued from time to time in relation to the Financial Reporting Surveillance Programme administered by the Accounting and Corporate Regulatory Authority of Singapore ("ACRA") and the Guidance to Audit Committees on ACRA's Audit Quality Indicators Disclosure Framework. The AC also took into account specific guidance published by SGX RegCo and ACRA concerning financial reporting amidst the COVID-19 pandemic.

#### SHAREHOLDER RIGHTS AND ENGAGEMENT

#### Shareholder rights and conduct of general meetings

Principle 11: The company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the company. The company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

#### **Engagement with shareholders**

Principle 12: The company communicates regularly with its shareholders and facilitates the participation of shareholders during general meeting and other dialogues to allow shareholders to communicate their views on various matters affecting the company.

Due to the COVID-19 situation, the Company had convened and held its Thirty-first AGM in June 2020, and (in order to keep physical interactions and COVID-19 transmission risks to a minimum) will be convening and holding its upcoming Thirty-second AGM in April 2021, by way of electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020. The alternative arrangements put in place by the Company to allow shareholders to participate in its AGMs by electronic means are announced by the Company via SGXNET and published on its corporate website. The Company's usual practice for the conduct of general meetings is otherwise set out below.

The Company's main dialogue with its shareholders, which includes institutional and retail investors, takes place at its AGMs. Shareholders are encouraged to attend AGMs. The Board and Management, as well as the external auditor, are in attendance at AGMs to address shareholders' questions on issues relevant to the Company and resolutions proposed at the AGMs. The Directors' attendances at general meetings of shareholders are disclosed at the end of this report.

Shareholders can vote in person or appoint up to two proxies to attend, speak and vote on their behalf at general meetings of shareholders, with the exception that shareholders such as nominee companies, which provide custodial services for securities, are able to appoint more than two proxies to attend, speak and vote at general meetings. All resolutions are tabled separately unless they are interdependent and linked, and the reasons and material implications are explained.

For greater transparency in the voting process, the Company implements electronic poll voting at general meetings. An independent scrutineer is appointed by the Company to ensure that satisfactory procedures of the voting process are in place before the general meeting, and to oversee the count of the votes cast in person or through proxy. Shareholders and proxies in attendance at the meeting are informed of the house rules and voting procedures. The detailed results of the votes cast, for or against, on each resolution polled are tallied and disclosed instantaneously at the general meeting. These detailed voting results are also announced by the Company after the meeting in accordance with relevant requirements of the Listing Manual.

Provision 11.4 of the Code provides that a company's constitution should allow for absentia voting at general meetings of shareholders (such as via mail, email or fax). As the authentication of shareholder identity information and other related security issues still remain a concern, the Company has decided, for the time being, not to implement voting in absentia.

The Company Secretaries prepare the minutes of the Company's general meetings, including AGMs, which include substantial and relevant queries from shareholders and the corresponding responses from the Board and Management. Minutes of general meetings of shareholders are published on SGXNET and the Company's website as soon as practicable after such meetings.

The Company does not distribute a fixed amount or fixed percentage of earnings by way of dividend in any financial year. Rather, in fixing a dividend for any year, the Board considers a number of factors, including current and forecast earnings, capital expenditure requirements, growth options and the Company's debt/equity position. As a matter of policy, the Company aims to pay a consistent and sustainable base dividend to shareholders over the long term by balancing growth with prudent capital management. Historically, based on the dividends paid by the Company over the past five years, the average base dividend per annum was about 3 cents per share. In exceptional years, the Company endeavours to pay special dividends to reflect the large profits made from asset sales.

For the financial year 2020, the Company provided shareholders with half year and full year financial results. Results for the first half year were released to shareholders within 45 days from the end of the financial period. Full year results were released within 60 days from the end of the financial year. The financial results are published via SGXNET as well as on the Company's website. In presenting the financial results to shareholders, the Board aims to provide shareholders with a balanced and clear assessment of the Company's position and prospects. The Company has in place a system of reporting to maintain compliance with statutory and regulatory reporting requirements, including requirements under the Listing Manual.

The Company's policy is to regularly communicate significant developments in its business and operations in addition to its periodic results and Annual Reports to shareholders and investors. Immediate announcements are made via SGXNET where required under the Listing Manual. Where immediate announcement is not practical, the announcement is made as soon as possible to ensure that shareholders and the public have fair access to the information. Such announcements as well as annual reports, financial highlights and other information pertinent to investors are also made available on the Company's website. This practice is aimed at promoting effective and fair communication with shareholders and the investing public. Aside from the forum of its AGMs where shareholders can provide comments and ask questions relevant to the agenda of the meeting, the Company also provides shareholders, other stakeholders and members of the public with an avenue to submit feedback and questions through the investor relations webpage on the Company's website, and endeavours to ensure that they receive responses in a timely manner. This allows for active engagement and exchange of views with shareholders, investors and others who are interested to learn about the Group. Enquiries from shareholders, analysts and the press are handled by specifically designated members of senior Management (in lieu of a dedicated investor relations team) who observe strict rules against selective disclosure.

#### MANAGING STAKEHOLDER RELATIONSHIPS

#### **Engagement with stakeholders**

Principle 13: The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the company are served.

The Board sets the tone from the top for matters such as values and standards (including ethical business practices) and brand reputation. It also oversees the Group's strategic direction and long-term sustainability. Recognising that perceptions of key stakeholders can affect an organisation's reputation, the Executive Directors and senior members of Management actively identify and engage with key stakeholders of the Group, and updates and any relevant feedback received are communicated to the Board.

Key stakeholders are identified through Board and Management discussions. The table below summarises the Group's approach to stakeholder engagement:

Key Stakeholders	Forms of Engagement	Key Concerns			
Customers	<ul><li>Customer feedback</li><li>Focus group discussions</li><li>Promotional roadshows</li></ul>	<ul><li>Quality of services</li><li>Customer privacy and information confidentiality</li></ul>			
Employees	<ul><li>Team building sessions</li><li>Corporate events</li><li>Company intranet platform</li></ul>	<ul><li>Competitive wages and benefits</li><li>Opportunities for career growth and development</li><li>Work-life balance</li></ul>			
Shareholders	<ul> <li>Annual general meetings</li> <li>Annual reports</li> <li>Half year and full year financial results</li> <li>SGXNET announcements</li> </ul>	<ul><li>Stable and sustainable growth and profitability</li><li>Returns to shareholders</li></ul>			
Business partners	<ul><li>Transaction meetings</li><li>Annual partners' meetings</li><li>Corporate events</li></ul>	<ul><li>Stable partnerships</li><li>Quality referrals</li><li>Good investment returns</li></ul>			
Governments and Regulators	<ul> <li>Engagements and meetings with local authorities</li> <li>Consultations with regulatory bodies</li> </ul>	<ul><li>Compliance with regulations</li><li>Corporate governance and ethical behaviour</li></ul>			
Suppliers	<ul><li>Requests for quotations and proposals</li><li>Supplier briefings</li></ul>	<ul><li>Fair supplier selection process</li><li>Timely payment</li></ul>			
Communities	<ul><li>Donations</li><li>Fund raising events</li></ul>	<ul> <li>Corporate social responsibility initiatives</li> </ul>			

#### **DEALING IN SECURITIES**

The Group has adopted a Best Practices Guide with respect to dealings in securities based on the best practices recommendations of the SGX-ST, and extended in application to financial futures, foreign exchange contracts and over-the-counter instruments. Directors and staff, as well as the Company itself, are prohibited from dealing in the securities of the Company during the periods commencing one month before the announcement of the Company's half year and full year financial statements in accordance with the guidelines set out in the Best Practices Guide. The prohibition is extended to the listed major investments of the Company. In addition, Directors and staff are required to observe the regulatory requirements of the respective markets that the Group operates in and are expected not to deal in securities and other financial instruments on short-term considerations.

Directors are required to report to the Company Secretaries whenever they deal in the Company's shares. Thereafter, the Company Secretaries update the Register of Directors' Shareholdings and make the necessary announcements on SGXNET.

#### ETHICAL STANDARDS AND BUSINESS CONDUCT

The Company has developed a code of ethics and business conduct ("Code of Ethics"), which has been fully endorsed by the Board, and disseminated to all employees of the Group. The Code of Ethics, which also deals with subjects such as confidential information and insider trading, is applied in conjunction with relevant laws and regulations. The Code of Ethics is regularly reviewed and updated as necessary to ensure it reflects the highest standards of behaviour and professionalism. In essence, the Code of Ethics requires that all personnel act with utmost integrity, objectivity and in compliance with both the letter and spirit of the law as well as with company policies and procedures.

#### INTERESTED PERSON TRANSACTIONS

No interested person transactions (within the meaning of the Listing Manual) of S\$100,000 or more in value were entered into during the financial year.

The Company did not obtain a shareholders' mandate for interested person transactions pursuant to Rule 920 of the Listing Manual during the financial year.

#### **MATERIAL CONTRACTS**

Since the end of the previous financial year, no material contract involving the interest of any Director or controlling shareholder of the Company was entered into by the Company or its subsidiaries, and no such contract subsisted as at 31 December 2020.

#### **SUSTAINABILITY REPORT**

The Company will be publishing its Sustainability Report based on the Global Reporting Initiative Standards 2016. Material environmental, social and governance factors identified include Employees, Environment and Anti-corruption. The report will be available on the Company's website www.gkgoh.com by 31 May 2021.

# ATTENDANCE OF DIRECTORS AT GENERAL MEETINGS, BOARD AND BOARD COMMITTEE MEETINGS

#### Number of meetings attended in 2020

## DIRECTORS' STATEMENT & FINANCIAL STATEMENTS

## DIRECTORS' STATEMENT

The directors are pleased to present their statement to the members together with the audited consolidated financial statements of G. K. Goh Holdings Limited (the "Company") and its subsidiaries (collectively, the "Group") and the balance sheet and statement of changes in equity of the Company for the financial year ended 31 December 2020.

## Opinion of the directors

In the opinion of the directors,

- (a) the consolidated financial statements of the Group and the balance sheet and statement of changes in equity of the Company are drawn up so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2020 and the financial performance, changes in equity and cash flows of the Group and changes in equity of the Company for the year ended on that date; and
- (b) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

## **Directors**

The directors of the Company in office at the date of this statement are:

Goh Geok Khim Executive Chairman
Goh Yew Lin Managing Director

Thomas Teo Liang Huat Executive Director & Chief Financial Officer

Lee Soo Hoon

David Lim Teck Leong Marie Flaine Teo

Lee Soo Hoon and Marie Elaine Teo will be retiring pursuant to Article 94 of the Constitution of the Company. Lee Soo Hoon will not be seeking re-election. Marie Elaine Teo, being eligible, offers herself for re-election at the upcoming annual general meeting.

## Arrangements to enable directors to acquire shares and debentures

Neither at the end of nor at any time during the financial year was the Company a party to any arrangement whose objective is to enable the directors of the Company to acquire benefits by means of the acquisition of shares or debentures of the Company or any other body corporate.

## DIRECTORS' STATEMENT (Continued)

## Directors' interest in shares and debentures

The following directors, who held office at the end of the financial year, had, according to the register of directors' shareholdings required to be kept under Section 164 of the Companies Act, Chapter 50 of Singapore (the "Act"), an interest in the shares of the Company, the Company's holding company and its related companies (other than wholly-owned subsidiaries) as stated below:

		e name of ectors	Deemed At the	interest
	beginning of financial year	At the end of financial year	beginning of financial year	At the end of financial year

By virtue of Section 7 of the Act, Goh Geok Khim and Goh Yew Lin are deemed to be interested in all the shares held by G. K. Goh Holdings Limited in its subsidiaries.

There was no change in the directors' interests between the end of the financial year and 21 January 2021.

## **Share options**

The Company does not have any share option scheme.

## DIRECTORS' STATEMENT (Continued)

## **Audit committee**

The audit committee ("AC") performed the functions specified in the Act. The functions performed are detailed in the Corporate Governance Report.

## **Auditor**

Ernst & Young LLP have expressed their willingness to accept re-appointment as auditor.

On behalf of the board of directors:

Goh Geok Khim

Executive Chairman

Singapore 15 March 2021 **Goh Yew Lin** 

Managing Director

## INDEPENDENT AUDITOR'S REPORT

To the members of G. K. Goh Holdings Limited

## Report on the audit of the financial statements

## Opinion

We have audited the financial statements of G. K. Goh Holdings Limited (the "Company") and its subsidiaries (collectively, the "Group"), which comprise the balance sheets of the Group and the Company as at 31 December 2020, the statements of changes in equity of the Group and the Company, and the consolidated statement of comprehensive income and consolidated cash flow statement of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group, the balance sheet and the statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2020 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and changes in equity of the Company for the year ended on that date.

## Basis for opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

To the members of G. K. Goh Holdings Limited

## Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled our responsibilities described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

## 1. Goodwill

As at 31 December 2020, the Group recorded goodwill on consolidation of \$\$97.1 million. Based on the annual impairment test, management has concluded that the goodwill is not impaired. We considered the audit of management's annual goodwill impairment test to be a key audit matter because the assessment process requires management to make assumptions about future market and economic conditions that are subject to significant judgements and estimation uncertainty.

As disclosed in Note 9 *Intangible assets*, goodwill is allocated to the cash-generating units ("CGUs") within the Group's acquired businesses. The recoverable amounts of the CGUs have been determined based on value in use calculations using cash flow projections approved by management. The value in use calculations include assumptions of future profitability, growth rates, expected synergies arising from acquisitions, discount rates as well as the potential impact of the COVID-19 pandemic.

We updated our understanding of the processes undertaken by management for the impairment assessment of goodwill and its basis to allocate goodwill to the respective CGUs. We checked that the cash flow projections used were derived from approved management forecasts, and evaluated management's forecasting process by comparing previous forecasts to actual results. We evaluated the assumptions made by management based on our understanding of the Group's business plans and by comparing to historical data, recent trends and market outlook. We also discussed with management on how they have considered the impact of the COVID-19 pandemic in arriving at the recoverable amounts. We assessed the discount rates used to determine the present value of the cash flows with the assistance of our internal valuation specialists by comparing them to external comparable data. We also reviewed the sensitivity analysis performed by management on the value in use calculations to reasonably possible changes in key assumptions. In addition, we reviewed the adequacy of the disclosures made in Note 9 Intangible assets.

To the members of G. K. Goh Holdings Limited

## Key audit matters (cont'd)

## 2. Fair value of long-term unquoted investments

As at 31 December 2020, the Group held long-term unquoted investments of \$\$179.5 million. Management has fair valued these investments using inputs based on the fair value hierarchy disclosed in Note 30 Fair value of assets and liabilities. We considered the valuation of long-term unquoted investments to be a key audit matter because these valuations involve a higher degree of judgement and estimation uncertainty.

We obtained an understanding of the Group's internal controls over the valuation process, including management's approval of the valuation method, controls over the valuation inputs and calculation, and management's review of valuations provided by third parties. For valuations of unquoted investments, we compared management's valuations to valuations from the third party fund managers and obtained other information including audited financial statements and fund reports to assess management's valuation. For valuations which are based on recent transacted prices, we have assessed if the transacted prices are suitable references for fair value by taking into consideration available information and circumstances relevant to the transactions. For valuations which are based on valuation models, we tested the appropriateness of the valuation model and compared the inputs used in the model to external sources where available. We have also checked that the recent redemptions are close to the valuation provided by fund managers. We have discussed with management to understand how they have considered the implications of COVID-19 and market uncertainty in the valuations. In addition, we also reviewed the adequacy of the disclosures relating to the valuation of investments made in Note 13 Long-term investments and Note 30 Fair value of assets and liabilities.

## 3. Investment in associates

The Group holds significant investments in associates that are accounted for using the equity method including a 48% equity investment in Opal Aged Care Group ("Opal"), a provider of aged care services in Australia that is disclosed in Note 1 *Corporate information* and Note 12 *Associates*. As at 31 December 2020, the carrying amount of the Group's investment in Opal is \$\$154.1 million, and its share of Opal's results for the year then ended was \$\$8.7 million. This represents a key audit matter because of the significance of the contribution to the Group's net assets and the heightened economic uncertainty arising from the COVID-19 pandemic that has affected the business of Opal.

Opal is audited by a different component auditor, who report to us on the results of their audit procedures in accordance with the group audit instructions issued and scope assigned by us. We determined the scope of the component auditor's work based on the relative contribution to the consolidated financial statements and the specific audit and accounting issues and risks relating to Opal, including matters arising from the impact of the COVID-19 pandemic. We were involved in the planning, execution and conclusion of the component auditor's work, including on-line meetings and conference calls with the component audit team. We reviewed the audit procedures performed and evaluated the audit evidence they obtained as a basis for forming our opinion on the financial statements of the Group as a whole as well as in assessing the risk of impairment in relation to the Group's investment in Opal. We also reviewed the adequacy of the disclosures made in the aforementioned notes to the financial statements.

To the members of G. K. Goh Holdings Limited

## Other information

Management is responsible for other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of management and directors for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I), and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

## Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

To the members of G. K. Goh Holdings Limited

## Auditor's responsibilities for the audit of the financial statements (cont'd)

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

To the members of G. K. Goh Holdings Limited

## Auditor's responsibilities for the audit of the financial statements (cont'd)

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Report on other legal and regulatory requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Tan Swee Ho.

## NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2020

## 1. Corporate information

G. K. Goh Holdings Limited (the "Company") is a limited liability company incorporated and domiciled in Singapore.

The Company is a subsidiary of GKG Investment Holdings Pte Ltd which is incorporated in Singapore.

The registered office and principal place of business of G. K. Goh Holdings Limited is located at 50 Raffles Place, #33-00 Singapore Land Tower, Singapore 048623.

The principal activity of the Company is that of investment holding. The principal activities of the subsidiaries are disclosed below. There has been no significant change in the nature of these activities during the financial year.

In the financial statements, related companies refer to members of the GKG Investment Holdings Pte Ltd group of companies.

Major subsidiaries and associates of the Group are as follows:

	Name	Principal place of business / Country of incorporation	Principal activities	Proportion (%) of ownership interest

<sup>\*</sup> Audited by Ernst & Young LLP, Singapore.

In appointing the auditing firms of the Company, subsidiaries and significant associates, the Company has complied with Listing Rules 712 and 715.

<sup>\*\*</sup> Audited by member firms of EY Global in the respective countries.

<sup>^</sup> Audited by Deloitte Touche Tohmatsu Limited, Australia.

<sup>#</sup> Held by subsidiaries.

<sup>(1)</sup> Collectively known as Opal Aged Care Group. Shares and units in these entities are stapled, and as such, an interest in one entity cannot be issued, transferred, redeemed or bought back, unless the equivalent proportion of securities in the other entities are also issued, transferred, redeemed or bought back.

For the financial year ended 31 December 2020

## 2. Summary of significant accounting policies

## 2.1 Basis of preparation

The consolidated financial statements of the Group and the balance sheet and statement of changes in equity of the Company have been prepared in accordance with Singapore Financial Reporting Standards (International) ("SFRS(I)").

The financial statements have been prepared on a historical cost basis except as disclosed in the accounting policies below.

The financial statements are presented in Singapore dollars ("SGD" or "S\$") and all values are rounded to the nearest thousand ("S\$'000"), except when otherwise indicated.

## 2.2 Changes in accounting policies

The accounting policies adopted are consistent with those of the previous financial year except in the current financial year, the Group has adopted all the new and revised SFRS(I) that are effective for annual periods beginning on or after 1 January 2020. The adoption of these standards did not have any effect on the financial performance or position of the Group and the Company.

## 2.3 Standards issued but not yet effective

The Group has not adopted the following standards applicable to the Group that have been issued but not yet effective:

Description	periods beginning on or after
Amondment to SERS/I) 14 Lagraci COVID 10 Polated Pont Concession	1 June 2020
Amendment to SFRS(I) 16 Leases: COVID-19 Related Rent Concession  Amendments to SFRS(I) 9 Financial Instruments, SFRS(I) 1-39 Financial  Instruments: Recognition and Measurement, SFRS(I) 7 Financial Instruments:	1 June 2020
Disclosures, SFRS(I) 16 Leases: Interest Rate Benchmark Reform - Phase 2	1 January 2021
Amendments to SFRS(I) 1-16 Property, Plant and Equipment: Proceeds before	
Intended Use	1 January 2022
Amendments to SFRS(I) 1-37 Provisions, Contingent Liabilities and Contingent	
Assets: Onerous Contracts – Cost of Fulfilling a Contract	1 January 2022
Annual Improvements to SFRS(I)s 2018-2020	1 January 2022
Amendments to SFRS(I) 1-1 Presentation of Financial Statements:	
Classification of Liabilities as Current or Non-current	1 January 2023
Amendments to SFRS(I) 10 Consolidated Financial Statements and SFRS(I) 1-28 Investments in Associates and Joint Ventures: Sale or Contribution of Assets	
between an Investor and its Associate or Joint Venture	To be determined

The directors expect that the adoption of the standards above will have no material impact on the financial statements in the year of initial application.

Ecc 1: c 1

For the financial year ended 31 December 2020

## 2. Summary of significant accounting policies (cont'd)

## 2.4 Significant accounting estimates and judgements

The preparation of the Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities at the end of each reporting period. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

## Judgements made in applying accounting policies

## (a) Accounting for Opal Aged Care Group ("Opal") as an associate

The Group owns 48% of the stapled interest in Opal together with AMP Life Limited, who also owns 48%, and Opal's management who holds the balance. The Group has significant influence over Opal in the form of board representation and participation in policy-making processes, but does not have joint control over the asset management and financing decisions. As such, the Group accounts for Opal as an associate. Further details may be found in Note 12.

## **Key sources of estimation uncertainty**

## (a) Impairment of intangible assets

The recoverable amounts of the cash generating units which goodwill, brand name and customer relationships have been allocated to are determined based on value in use calculations. The value in use calculations are based on discounted cash flow models. The recoverable amount is most sensitive to the discount rate used for the discounted cash flow model as well as the expected future cash inflows and the growth rate used for extrapolation purposes. The key assumptions applied in the determination of the value in use are disclosed in Note 9.

## (b) Estimation of fair value of the Group's long-term unquoted financial instruments

The Group fair values its long-term unquoted financial instruments using the price or net asset value released by the investment manager or fund administrator as at the end of the reporting period, or valuation techniques which may include using recent arm's length market transactions between knowledgeable, willing parties and the current fair value of comparable companies, taking into consideration the potential impact of the COVID-19 pandemic and market uncertainties. The final recoverable value of the Group's unquoted investments may be different from the recorded fair value. When the final value on disposal is different from the recorded value, such difference will impact the consolidated statement of comprehensive income in the financial year in which such determination is made. The carrying amounts of the Group's investments are disclosed in Notes 13 and 17.

For the financial year ended 31 December 2020

## 2. Summary of significant accounting policies (cont'd)

## 2.5 Basis of consolidation and business combinations

## (a) Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the end of the reporting period. The financial statements of the subsidiaries are prepared for the same reporting date as the Company. Consistent accounting policies are applied to like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains or losses resulting from intra-group transactions and dividends are eliminated in full.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Losses within a subsidiary are attributed to the non-controlling interest even if that results in a deficit balance.

## (b) Business combinations and goodwill

Business combinations are accounted for by applying the acquisition method. Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Acquisition-related costs are recognised as expenses in the periods in which the costs are incurred and the services are received.

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration which is deemed to be an asset or liability are recognised in profit or loss.

Non-controlling interest in the acquiree, that are present ownership interests and entitle their holders to a proportionate share of net assets of the acquiree, are recognised on the acquisition date at either fair value, or the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

Any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interest in the acquiree (if any), and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities is recorded as goodwill. In instances where the latter amount exceeds the former, the excess is recognised as gain on bargain purchase in profit or loss on acquisition date.

Goodwill is initially measured at cost. Following initial recognition, goodwill is measured at cost less any accumulated impairment losses.

For the financial year ended 31 December 2020

## 2. Summary of significant accounting policies (cont'd)

## 2.5 Basis of consolidation and business combinations (cont'd)

## (b) Business combinations and goodwill (cont'd)

For the purposes of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to the Group's cash generating units that are expected to benefit from the synergies of the combination.

The cash-generating units to which goodwill have been allocated is tested for impairment annually and whenever there is an indication that the cash-generating unit may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of each cash-generating unit (or group of cash-generating units) to which the goodwill relates.

## 2.6 Transactions with non-controlling interests

Non-controlling interest represents the equity in subsidiaries not attributable, directly or indirectly, to owners of the Company.

Changes in the Company's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. In such circumstances, the carrying amounts of the controlling and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

## 2.7 Functional and foreign currencies

## (a) Functional currency

The Group's consolidated financial statements are presented in SGD, which is also the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured by that functional currency.

## (b) Foreign currencies

Transactions in foreign currencies are measured in the respective functional currencies of the Company and its subsidiaries and are recorded on initial recognition in the functional currencies at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

For the financial year ended 31 December 2020

## 2. Summary of significant accounting policies (cont'd)

## 2.7 Functional and foreign currencies (cont'd)

## (b) Foreign currencies (cont'd)

Exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognised in profit or loss.

For consolidation purposes, the assets and liabilities of foreign operations are translated into SGD at the rate of exchange ruling at the end of the reporting period and their profit or loss are translated at the average exchange rates for the financial year. The exchange differences arising on the translation are recognised in other comprehensive income. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in profit or loss.

## 2.8 Subsidiaries

A subsidiary is an investee that is controlled by the Group. The Group controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

In the Company's separate financial statements, investments in its subsidiaries are accounted for at cost less any impairment losses. Details of the subsidiaries are disclosed in Note 1.

## 2.9 Associates and joint ventures

An associate is an entity over which the Group has the power to participate in the financial and operating policy decisions of the investee but does not have control or joint control of those policies.

The Group accounts for its investments in associates and joint ventures using the equity method from the date on which it becomes an associate or joint venture.

On acquisition of the investment, any excess of the cost of the investment over the Group's share of the net fair value of the investee's identifiable assets and liabilities represents goodwill and is included in the carrying amount of the investment. Any excess of the Group's share of the net fair value of the investee's identifiable assets and liabilities over the cost of the investment is included as income in the determination of the entity's share of the associate's or joint venture's profit or loss in the period in which the investment is acquired.

Under the equity method, the investment in associates or joint ventures are carried in the balance sheet at cost plus post-acquisition changes in the Group's share of net assets of the associates or joint ventures. The profit or loss reflects the share of results of operations of the associates or joint ventures. Distributions received from associates or joint ventures reduce the carrying amount of the investment. Where there has been a change recognised in other comprehensive income by the associates or joint ventures, the Group recognises its share of such changes in other comprehensive income. Unrealised gains or losses resulting from transactions between the Group and the associates or joint ventures are eliminated to the extent of the interest in the associates or joint ventures.

For the financial year ended 31 December 2020

## 2. Summary of significant accounting policies (cont'd)

## 2.9 Associates and joint ventures (cont'd)

When the Group's share of losses in an associate or joint venture equals or exceeds its interest in the associate or joint venture, the Group does not recognise further losses unless it has incurred obligations or made payments on behalf of the associate or joint venture.

After application of the equity method, the Group determines whether it is necessary to recognise an additional impairment loss on the Group's investment in associate or joint venture. The Group determines at the end of each reporting period whether there is any objective evidence that the investment in associate or joint venture is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value and recognises the amount in profit or loss.

The financial statements of the associates and joint ventures are prepared as of the same reporting date as the Group. Where necessary, adjustments are made to bring the accounting policies in line with those of the Group.

## 2.10 Property, plant and equipment

All items of property, plant and equipment are initially recorded at cost. Subsequent to recognition, property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

Depreciation is computed on a straight-line basis over the estimated useful lives of the assets as follows:

Building - 27 years
Plant and equipment - 5 years
Computer and automation equipment - 3 years
Office equipment - 3 to 5 years

Furniture, fittings and leasehold improvements - 3 to 6 years or over lease term,

whichever is shorter

Motor vehicles – 5 years

Assets under construction are not depreciated as these assets are not yet available for use.

The residual value, useful life and depreciation method are reviewed at each financial year-end, and adjusted prospectively, if appropriate.

For the financial year ended 31 December 2020

## 2. Summary of significant accounting policies (cont'd)

## 2.11 Intangible assets

Intangible assets acquired separately are measured initially at cost. Following initial acquisition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite useful lives are amortised over the estimated useful lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method are reviewed at least at each financial year-end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortisation period or method, as appropriate, and are treated as changes in accounting estimates.

Intangible assets with indefinite useful lives or not yet available for use are tested for impairment annually, or more frequently if the events and circumstances indicate that the carrying value may be impaired either individually or at the cash-generating unit level. Such intangible assets are not amortised. The useful life of an intangible asset with an indefinite useful life is reviewed annually to determine whether the useful life assessment continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

## (a) Brand name

The brand name was acquired in business combinations. Following initial recognition, it is carried at cost less accumulated amortisation and any accumulated impairment losses. The brand name has a finite useful life and is amortised over the estimated useful life of 20 years on a straight-line basis.

## (b) Customer relationships

Customer relationships were acquired in business combinations. Following initial recognition, they are carried at cost less accumulated amortisation and any accumulated impairment losses. Customer relationships have a finite useful life and are amortised over the expected contract period of 3 to 20 years on a straight-line basis.

## (c) Computer software

Costs relating to computer software acquired, which are not an integral part of related hardware, are capitalised and amortised on a straight-line basis over their useful lives of 2 to 10 years.

For the financial year ended 31 December 2020

## 2. Summary of significant accounting policies (cont'd)

## 2.12 Investment properties

Investment properties are initially recorded at cost, including transaction costs. Subsequent to recognition, investment properties are measured at cost less accumulated depreciation and accumulated impairment losses. Depreciation is computed on a straight-line basis over the lease term of the properties.

Freehold land has unlimited useful life and therefore is not depreciated.

## 2.13 Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when an annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses are recognised in profit or loss, except for assets that are previously revalued where the revaluation was taken to other comprehensive income. In this case the impairment is also recognised in other comprehensive income up to the amount of any previous revaluation.

A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss unless the asset is measured at revalued amount, in which case the reversal is treated as a revaluation increase. Impairment losses relating to goodwill cannot be reversed in future periods.

## 2.14 Financial assets

## Initial recognition and measurement

Financial assets are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instruments.

At initial recognition, the Group measures a financial asset at its fair value, plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

For the financial year ended 31 December 2020

## 2. Summary of significant accounting policies (cont'd)

## 2.14 Financial assets (cont'd)

## Initial recognition and measurement (cont'd)

Trade receivables are measured at the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third party, if the trade receivables do not contain a significant financing component at initial recognition.

## Subsequent measurement

## (a) Equity instruments

On initial recognition of an investment in equity instrument that is not held for trading, the Group may irrevocably elect to present subsequent changes in fair value in other comprehensive income ("FVOCI"). Dividends from such investments are to be recognised in profit or loss when the Group's right to receive payments is established. For investments in equity instruments which the Group has not elected to present subsequent changes in fair value in other comprehensive income, changes in fair value are recognised in profit or loss ("FVPL").

## (b) Debt instruments

The Group's debt instruments that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised costs using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the assets are derecognised or impaired, and through amortisation process.

Debt instruments that are held for collection of contractual cash flows and for selling the financial assets are measured at FVOCI. Any gains or losses from changes in fair value are recognised in other comprehensive income, except for impairment losses, foreign exchange gains and losses and interest calculated using the effective interest method which are recognised in profit or loss. The cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment when the financial asset is derecognised.

Debt instruments that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss.

## (c) Derivatives

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period. Changes in fair value of derivatives are recognised in profit or loss.

For the financial year ended 31 December 2020

## 2. Summary of significant accounting policies (cont'd)

## 2.14 Financial assets (cont'd)

## Derecognition

A financial asset is derecognised when the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income for debt instruments is recognised in profit or loss.

## Regular way purchases and sales

All regular way purchases and sales of financial assets are recognised or derecognised on the trade date, i.e. the date the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace concerned.

## 2.15 Financial liabilities

## Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instruments. The Group determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value and in the case of financial liabilities not at fair value through profit or loss, directly attributable transaction costs.

## Subsequent measurement

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

## Derecognition

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. On derecognition, the difference between the carrying amount and the consideration paid is recognised in profit or loss.

For the financial year ended 31 December 2020

## 2. Summary of significant accounting policies (cont'd)

## 2.16 Impairment of financial assets

The Group recognises an allowance for expected credit losses ("ECLs") for all debt instruments not held at fair value through profit or loss and financial guarantee contracts. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12 months ("12-month ECL"). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default ("lifetime ECL").

For trade debtors, the Group applies a simplified approach in calculating ECLs. Therefore the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

The Group considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

For the financial year ended 31 December 2020

## 2. Summary of significant accounting policies (cont'd)

## 2.17 Hedge accounting

The Group has entered into interest rate swaps to manage its exposure to interest rate risks. The interest rate swaps are designated as hedging instruments and the Group has applied hedge accounting. The hedge is classified as a cash flow hedge.

At the inception of the hedge, the Group documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking the hedge transaction. On an ongoing basis, the Group documents whether the hedging instrument is effective in offsetting changes in cash flows of the hedged item attributable to the hedged risks, which is when the hedging relationship meets all of the following hedge effectiveness requirements:

- (a) there is an economic relationship between the hedged item and the hedging instrument;
- (b) the effect of credit risk does not dominate the value changes that result from that economic relationship; and
- (c) the hedge ratio of the hedging relationship is the same as that resulting from the quantity of the hedged item that the Group actually hedges and the quantity of the hedging instrument that the entity actually uses to hedge that quantity of hedged item.

If the hedging relationship ceases to meet the hedge effectiveness requirement relating to the hedge ratio but the risk management objective for that designated hedging relationship remains the same, the Group adjusts the hedge ratio of the hedging relationship (i.e. rebalances the hedge) so that it meets the qualifying criteria again.

## Cash flow hedges

The effective portion of the gain or loss on the hedging instrument is recognised in other comprehensive income, while any ineffective portion is recognised immediately in profit or loss.

Amounts recognised as other comprehensive income are transferred to profit or loss when the hedged transaction affects profit or loss. When the hedged item is the cost of a non-financial asset or non-financial liability, the amounts recognised as other comprehensive income are transferred to the initial carrying amount of the non-financial asset or liability.

When a cash flow hedge is discontinued, the cumulative gain or loss previously recognised in other comprehensive income will remain in the cash flow hedge reserve until the future cash flows occur if the hedged future cash flows are still expected to occur, or reclassified to profit or loss immediately if the hedged future cash flows are no longer expected to occur.

For the financial year ended 31 December 2020

## 2. Summary of significant accounting policies (cont'd)

## 2.18 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash with banks or financial institutions, including short-term fixed deposits. These also include bank overdrafts that form an integral part of the Group's cash management.

## 2.19 Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic resources will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed.

## 2.20 Employee benefits

## (a) Defined contribution plan

The Group participates in the national pension schemes as defined by the laws of the countries in which it has operations. In particular, the Singapore companies in the Group make contributions to the Central Provident Fund scheme in Singapore, a defined contribution pension scheme. Contributions to national pension schemes are recognised as an expense in the period in which the related service is performed.

## (b) Employee leave entitlement

Employee entitlements to annual leave are recognised as a liability when they are accrued to the employees. The undiscounted liability for leave expected to be settled wholly before 12 months after the end of the reporting period is recognised for services rendered by employees up to the end of the reporting period.

## 2.21 Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

## Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

For the financial year ended 31 December 2020

## 2. Summary of significant accounting policies (cont'd)

## 2.21 Leases (cont'd)

## Group as a lessee (cont'd)

## (a) Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the leases (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets as follows:

Leasehold land and office premises – over lease term of 2 to 30 years

Office equipment – 3 to 5 years

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful lives of the asset.

The right-of-use assets are also subject to impairment. Accounting policies on impairment of non-financial assets are disclosed in Note 2.13.

## (b) Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in lease term, a change in the lease payments (e.g. changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

For the financial year ended 31 December 2020

#### 2. Summary of significant accounting policies (cont'd)

#### 2.21 Leases (cont'd)

## Group as a lessee (cont'd)

## (c) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of equipment (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of equipment that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

#### Group as a lessor

In classifying a sublease, the Group as an intermediate lessor classifies the sublease as a finance or an operating lease with reference to the right-of-use asset arising from the head lease, rather than the underlying asset.

When the sublease is assessed as a finance lease, the Group derecognises the right-of-use asset relating to the head lease that it transfers to the sublessee and recognises the net investment in the sublease within "Lease Receivables". Any differences between the right-of-use asset derecognised and the net investment in sublease is recognised in profit or loss. Lease liability relating to the head lease is retained in the balance sheet, which represents the lease payments owed to the head lessor.

When the sublease is assessed as an operating lease, the Group recognises lease income from the sublease in profit or loss within "Other income". The right-of-use asset relating to the head lease is not derecognised.

## 2.22 Revenue recognition

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Group satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

For the financial year ended 31 December 2020

#### 2. Summary of significant accounting policies (cont'd)

## 2.22 Revenue recognition (cont'd)

#### (a) Corporate services revenue

## Share registry services

The Group provides share registry services predominately to public listed corporations. The services include acting as share registrar, administering employee equity plan, and providing voting and meeting services. Revenue for share registry service is recognised at a point in time upon completion of the services.

#### Corporate secretarial services

The Group provides corporate secretarial services mainly to private limited companies and to public listed corporations. The services include acting as company secretary and provision of corporate secretarial consultancy and assistance.

The performance obligations of corporate secretarial services are satisfied over time because the customer simultaneously receives and consumes the benefits. Revenue is recognised over time, based on the actual hours incurred to-date as a proportion to the total expected hours.

Unbilled receivable is recognised when the Group has unconditional rights to the consideration for those works performed under the contract but has not yet billed the customer.

A contract liability is recognised when the Group has not yet performed under the contract but has received advanced payments from the customer or billed the customer in advance. Contract liabilities are recognised as revenue as the Group performs under the contract.

#### Accounting, taxation & payroll services

The services include book-keeping, preparation of financial statements, payroll and payment processing, goods and services tax accounting, tax advisory and human resource advisory.

The performance obligations of services are satisfied over time because the customer simultaneously receives and consumes the benefits. Revenue is recognised over time, based on the actual hours incurred to-date as a proportion to the total expected hours.

Unbilled receivable is recognised when the Group has unconditional rights to the consideration for those works performed under the contract but has not yet billed the customer.

A contract liability is recognised when the Group has not yet performed under the contract but has received advanced payments from the customer or billed the customer in advance. Contract liabilities are recognised as revenue as the Group performs under the contract.

For the financial year ended 31 December 2020

#### 2. Summary of significant accounting policies (cont'd)

#### 2.22 Revenue recognition (cont'd)

#### (b) Aged care services revenue

#### Residential care services

The Group operates a nursing home that provides assistance to customers who need help with their daily living activities. The performance obligations are satisfied over time because the customer simultaneously receives and consumes the benefits. Revenue is recognised based on the actual length of stay at the nursing home as a proportion to the total expected number of days.

#### Allied health services

Allied health services include physiotherapy, occupational therapy and speech therapy. Customers may purchase single session services or multiple sessions services sold as a package. For single session services, revenue is recognised at point in time upon completion of services. For multiple sessions services sold as a package, revenue is recognised over time. The measure of progress is based on the number of sessions utilised as a percentage of the total sessions sold in a package.

#### (c) Dividend income

Dividend income is recognised when the Group's right to receive payment is established.

#### (d) Interest income

Interest income is recognised using the effective interest method.

#### (e) Rental income

Rental income is accounted for on a straight-line basis over the lease terms.

## 2.23 Borrowing costs

Borrowing costs are capitalised as part of the cost of a qualifying asset if they are directly attributable to the acquisition, construction or production of that asset. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

For the financial year ended 31 December 2020

#### 2. Summary of significant accounting policies (cont'd)

#### 2.24 Taxation

#### (a) Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the end of the reporting period, in the countries where the Group operates and generates taxable income.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

#### (b) Deferred tax

Deferred tax is provided using the liability method on temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all temporary differences, except:

- where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries, associates and joint ventures, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

For the financial year ended 31 December 2020

## 2. Summary of significant accounting policies (cont'd)

#### 2.24 Taxation (cont'd)

## (b) Deferred tax (cont'd)

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- where the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of deductible temporary differences associated with investments in subsidiaries, associates and joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the end of each reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

For the financial year ended 31 December 2020

#### 2. Summary of significant accounting policies (cont'd)

#### 2.25 Contingencies

A contingent liability is:

- (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or
- (b) a present obligation that arises from past events but is not recognised because:
  - it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
  - the amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingent liabilities and assets are not recognised on the balance sheet of the Group, except for contingent liabilities assumed in a business combination that are present obligations and which the fair value can be reliably determined.

For the financial year ended 31 December 2020

#### 3. Revenue

The breakdown of revenue is as follows:

	Gr	oup
	2020	2019
	S\$'000	S\$'000
Corporate services revenue	112,454	106,120
Aged care services revenue	2,064	120
Investment income:		
Fair value adjustment for short-term investments	7,105	4,585
Fair value adjustment for long-term investments	5,681	(38)
Dividend income	1,256	3,549
Interest income:		
- Bank deposits	335	901
– Leases	24	27
- Others	5	-
Other income:		
Rental income	383	414
Others	6,310	1,248
	135,617	116,926

Other income includes government grants. The government grant income for the current financial year mainly comprises Jobs Support Scheme Grant ("JSS") of S\$3,114,000 (2019: Nil). The JSS is a temporary scheme introduced in the Singapore Budget 2020 to help enterprises retain local employees. Under the JSS, employers will receive cash grants in relation to the gross monthly wages of eligible employees. Management has determined that the period of economic uncertainty commenced in April 2020 with the implementation of circuit breaker and accordingly, the JSS is recognised on a systematic basis from April 2020 onwards.

#### Revenue from contracts with customers

The Group derives its corporate services and aged care services revenue from the transfer of services over time and at a point in time. A disaggregation of revenue for the year is as follows:

	Corporat	e services	Aged care	e services
	2020 S\$'000	2019 S\$'000	2020 S\$'000	2019 S\$'000
Timing of transfer of service				
At a point in time	61,742	53,504	153	5
Over time	50,712	52,616	1,911	115
	112,454	106,120	2,064	120

For the financial year ended 31 December 2020

#### 3. Revenue (cont'd)

#### Revenue from contracts with customers (cont'd)

#### (a) Corporate services

For the services where the Group satisfies its performance obligations over time, management has determined that an hour-based input method provides a faithful depiction of the Group's performance in transferring services to the customers, as it reflects the Group's efforts incurred to-date relative to the total inputs expected to be incurred for the services performed. The measure of progress is based on the hours charged to-date multiplied by the hourly charge rate that management has predetermined.

The management relies on past experience in assessing the estimated hourly charge rate. In making these estimates, management takes into consideration the historical recovery rates of the hourly charge rate incurred in its other similar service contracts.

## (b) Aged care services

For residential care services where revenue is recognised over time, the Group's performance in transferring services to customers is determined using a time-based method. The measure of progress is based on the customer's length of stay at the nursing home.

For allied health services sold as a package, the measure of progress is based on the number of sessions utilised as a percentage of the total sessions sold in a package.

#### 4. Other operating expenses and finance costs

	Gro	oup
	2020	2019
	\$\$'000	S\$'000
Included in other operating expenses are:		
Fees paid to Auditor of the Company:		
Audit fees	(463)	(474)
Non-audit fees	(131)	(116)
	(594)	(590)
Finance costs		
Interest expense:		
Bank loans and overdrafts	(4,869)	(4,975)
Leases	(649)	(588)
Others	(9)	(3)
	(5,527)	(5,566)

Other operating expenses also include legal, investment consulting and advisory fees.

Net deferred tax assets / (liabilities)	445	(1,674)	(1,578)	(1,530)

For presentation purposes, certain deferred tax assets and liabilities have been offset in the consolidated balance sheet. The following is an analysis of the deferred tax balances of the Group for financial reporting purpose:

	Gro	oup
	2020	2019
	S\$'000	S\$'000
Net deferred tax assets recognised in		
the consolidated balance sheet	12,068	11,398
Net deferred tax liabilities recognised in		
the consolidated balance sheet	(11,623)	(13,072)
Net deferred tax assets / (liabilities)	445	(1,674)

For the financial year ended 31 December 2020

## 5. Taxation (cont'd)

#### (c) Deferred tax (cont'd)

Deferred tax assets are recognised for tax losses carried forward to the extent that realisation of the related tax benefits through future taxable profits is probable. Based on approved business plans and budgets, the Group has considered it probable that future taxable profits would be available against which such tax losses can be used.

At the end of the reporting period, the Group had tax losses of approximately \$\$4,208,000 (2019: \$\$8,579,000) that were available for offset against future taxable profits of the companies in which the losses arose, for which no deferred tax asset was recognised. The use of these tax losses is subject to the agreement of the tax authorities and compliance with certain provisions of the tax legislation of the respective countries in which the companies operate.

# (d) Tax consequences of proposed dividend

There are no income tax consequences attached to the dividend to shareholders proposed by the Company but not recognised as a liability in the financial statements (Note 6).

#### 6. Dividend

	Group and	Company
	2020	2019
	S\$'000	S\$'000
Final dividend paid: 2.0 cents (2019: 2.0 cents) per ordinary share	6,496	6,496

The directors propose that a final one-tier tax exempt dividend of 2.0 cents (2019: 2.0 cents) per ordinary share, amounting to \$\$6,496,000 (2019: \$\$6,496,000) be paid for the financial year ended 31 December 2020, subject to shareholders' approval at the Annual General Meeting. The financial statements do not recognise this dividend as a liability.

## 7. Earnings per share

Basic and diluted earnings per share ("EPS") are calculated by dividing the profit net of tax attributable to Owners of the Company of \$\$469,000 (2019: \$\$7,943,000), by the weighted average number of ordinary shares outstanding during the financial year:

	Group and	d Company
	2020	2019
	'000	'000
Weighted average number of ordinary shares used in the computation		
of basic and diluted EPS	324,810	324,810

For the financial year ended 31 December 2020

## 9. Intangible assets (cont'd)

## Impairment testing of goodwill, brand name and customer relationships

Goodwill, brand name and customer relationships arising from the acquisition of subsidiaries have been allocated to four cash-generating units ("CGU") for impairment testing. The carrying amounts allocated to each CGU are as follows:

CGU	Goodwill on consolidation	Brand name	Customer relationships
	S\$'000	S\$'000	S\$'000
2020			
Singapore	23,239	6,037	3,697
Australia	28,882	6,841	5,948
Malaysia	42,445	857	8,180
Hong Kong	2,553	-	596
	97,119	13,735	18,421
2019			
Singapore	23,239	6,496	4,366
Australia	26,811	6,833	6,812
Malaysia	42,503	923	9,357
Hong Kong	2,590	_	795
	95,143	14,252	21,330

The recoverable amounts of the CGUs have been determined based on value in use calculations using cash flow projections approved by management covering a five-year period. The discount rates applied to the cash flow projections and the forecasted growth rates used to extrapolate cash flow projections beyond the five-year period are as follows:

		Group
	2020	2019
Discount rates	10% to 13%	9% to 11%
Growth rates	2% to 3%	
Growlinales	Z% lU 3%	2% lU 3%

For the financial year ended 31 December 2020

#### 9. Intangible assets (cont'd)

#### Impairment testing of goodwill, brand name and customer relationships (cont'd)

The calculations of value in use are most sensitive to the following assumptions:

Net profitability - Net profitability is based on management's assessment of the expected margins.

Discount rates – Discount rates represent the current market assessment of the risks specific to each CGU, regarding the time value of money and individual risks of the underlying assets which have not been incorporated in the cash flow estimates. The discount rate calculation is based on the specific circumstances of the Group and its operating segments and derived from its weighted average cost of capital.

Growth rates – The forecasted growth rates are based on management's assessment of the long-term average growth rates of the acquired businesses.

Management believes that no reasonably possible changes in any of the above key assumptions would cause the carrying values of the CGUs to materially exceed their recoverable amounts.

#### 10. Investment properties

	Gro	oup
	2020	2019
	S\$'000	S\$'000
Freehold land, at cost	3,727	3,727

The Group has no restrictions on the realisability of its investment properties.

The investment properties held by the Group are as follows:

Description and location	on Existing use Tenure		Fair value		
			2020 S\$'000	2019 S\$'000	
Four plots of land Mukim Pulai, Johor Bahru, Malaysia	Vacant	Freehold	4,272	4,837	

The fair value has been determined based on valuations performed by an accredited independent valuer. Further details may be found in Note 30.

For the financial year ended 31 December 2020

#### 11. Subsidiaries

	Co	mpany
	2020	2019
	S\$'000	S\$'000
Unquoted shares, at cost	82,830	82,830
Loans to subsidiaries	172,836	170,197
Impairment losses	(19,611)	(23,892)
	236,055	229,135

The loans to subsidiaries have no fixed repayment dates. The repayment dates are determined by the subsidiaries based on the availability of funds. There are no contractual obligations for the subsidiaries to repay the loans. The Company has classified the loans as investments in subsidiaries.

During the financial year, management performed impairment tests on its subsidiaries. The recoverable amounts of its subsidiaries were determined based on fair value less costs to sell. As the subsidiaries were principally investment holding vehicles and their fair values were determined by the values of their underlying investments, changes in impairment losses were recorded as a result. The write-back of impairment losses recognised in the financial year were S\$4,281,000 (2019: S\$981,000).

#### (a) Interest in subsidiaries with material non-controlling interests ("NCI")

The Group's investment in the Boardroom Limited has NCI that are material to the Group:

Name of subsidiary	Proportion of ownership interest held by NCI		Accumulated NCI at end of the year S\$'000	Dividend paid to NCI S\$'000
<b>2020</b> Boardroom Limited	8%	1,046	9,634	335
<b>2019</b> Boardroom Limited	8%	590	8,789	808

For the financial year ended 31 December 2020

# 11. Subsidiaries (cont'd)

# (b) Summarised financial information of subsidiaries with material NCI

Summarised financial information, including goodwill on acquisition and consolidation adjustments but before intercompany eliminations, of Boardroom Limited are as follows:

## Summarised balance sheet

	2020 S\$'000	2019 S\$'000
Current		
Assets	58,468	46,251
Liabilities	(41,917)	(36,404)

For the financial year ended 31 December 2020

## 12. Associates

The Group's investments in associates are summarised below:

	G	roup
	2020	2019
	S\$'000	S\$'000
Opal Aged Care Group	154,103	148,881
Habitat Assets Pte Ltd	23,478	21,953
Other associates	3,774	9,702
	181,355	180,536

The Group has not recognised losses relating to Bromius Capital Limited where its share of losses exceeds the Group's interest in the associate. The Group's cumulative share of unrecognised losses at the end of the reporting period was \$\$5,224,000 (2019: \$\$4,275,000) of which \$\$949,000 (2019: \$\$976,000) was the share of current year's losses. The Group has no obligation in respect of these losses.

Aggregate information about the Group's investments in associates that are not individually material is as follows:

	2020 S\$'000	2019 S\$'000
Loss after tax	(22,135)	(12,919)
Other comprehensive income	_	-
Total comprehensive loss	(22,135)	(12,919)

For the financial year ended 31 December 2020

Other unquoted investments	121,995	_	_	_
	192,572	178,701	4,479	4,763

## Investments designated at FVOCI

The largest single investment that is designated at FVOCI is Eastern & Oriental Berhad, whose fair value at reporting date amounted to \$\$10,972,000 (2019: \$\$16,305,000).

The Group has elected to measure these investments at FVOCI due to the Group's intention to hold these investments for long-term appreciation. Dividends received from investments held at the end of the reporting period amounted to \$\$492,000 (2019: \$\$2,821,000).

During the financial year, the Group disposed several investments due to increase in prices. The fair value at the date of derecognition amounted to \$\$14,756,000 (2019: \$\$32,376,000). Cumulative gains arising from the redemptions amounted to \$\$2,004,000 (2019: \$\$3,526,000) and were transferred from fair value adjustment reserve to retained earnings.

For the financial year ended 31 December 2020

# 14. Amounts receivable from subsidiaries

The short-term receivables from subsidiaries comprise unsecured loans repayable as follows:

	Con	npany
	2020	2019
	S\$'000	S\$'000
Repayable on demand at interest of 3.00%		
(2019: 3.00%) per annum	29,170	31,425
Repayable on demand at interest of 1.08% to 2.85%

This represents the reclassification of non-current portion of bank borrowings due to the passage of time and refinancing.

For the financial year ended 31 December 2020

## 21. Bank borrowings (cont'd)

## (a) Revolving credit facility

The revolving credit loans are unsecured, repayable within 1 month, and bear interest rates from 0.90% to 1.32% (2019: 0.85% to 2.43%) per annum.

The loans are denominated in the following currencies:

	Group		Company	
	2020 S\$'000	2019 S\$'000	2020 S\$'000	2019 S\$'000
Singapore dollar	-	6,700	_	6,700
Australian dollar	52,569	_	27,148	-
Japanese yen	8,510	41,184	8,510	20,740
Pound sterling	13,636	13,334	13,636	13,334
	74,715	61,218	49,294	40,774

#### (b) Australian dollar term loan 1

The loan bears interest rate of 2.30% (2019: 2.34%) per annum and is repayable half-yearly from June 2020 to December 2022. It is secured by a charge over a bank account of Salacca Pte Ltd and the shares of Boardroom Limited that are owned by Salacca Pte Ltd. As at 31 December 2020, the fair value of the loan was \$\$18,677,000 (2019: \$\$19,727,000).

#### (c) Australian dollar term loan 2

The loan bears interest rate of 2.33% (2019: 2.33% to 2.53%) per annum and is repayable half-yearly from January 2020 to July 2022. It is secured by a charge over a bank account of Salacca Pte Ltd and the shares of Boardroom Limited that are owned by Salacca Pte Ltd. The Company has provided a corporate guarantee on the loan. As at 31 December 2020, the fair value of the loan was \$\$36,944,000 (2019: \$\$39,235,000).

#### (d) Australian dollar term loan 3

The loan is subject to periodic re-pricing, bears interest rate of 1.72% to 2.59% (2019: 2.59%) per annum and is repayable quarterly from June 2020 to December 2022. It is secured by a charge over the shares of Habitat Assets Pte Ltd that are owned by Allium Healthcare Holdings Pte Ltd. The Company has provided a corporate guarantee on the loan.

For the financial year ended 31 December 2020

#### 21. Bank borrowings (cont'd)

## (e) Singapore dollar term loan 1

The loan is subject to periodic re-pricing, bears interest rates from 1.66% to 3.29% (2019: 3.29% to 3.78%) per annum and is repayable quarterly from April 2020 to March 2032. It is secured by a first mortgage over the land and building owned by Allium Healthcare (Singapore) Pte Ltd. The Company has provided a corporate guarantee on the loan. The Group has entered into interest rate swaps during the year to swap the floating rate loan into a fixed rate loan (Note 20).

# (f) Singapore dollar term loan 2

The loan is subject to periodic re-pricing, unsecured and bears interest rates from 1.66% to 3.05% (2019: 3.05% to 3.52%) per annum. It is repayable in semi-annual instalments of \$\$1,900,000 each and a final instalment of \$\$24,150,000 due in August 2023.

## 22. Share capital

		Group	and Company	
	20	020		2019
	Shares	S\$'000	Shares	S\$'000
Issued and fully paid ordinary share capital				
At 1 January and 31 December	324,810,137	191,987	324,810,137	191,987

The holders of ordinary shares are entitled to receive dividends as and when declared by the Company. All ordinary shares carry one vote per share without restrictions. The ordinary shares have no par value.

#### 23. Leases

#### Group as a lessee

The Group has lease contracts for various items of land, office premises and office equipment used in its operations. Leases of office premises and office equipment generally have lease terms between 2 to 5 years. The land has a lease term of 30 years. The Group's obligations under its leases are secured by the lessors' title to the leased assets.

The Group also has leases of office premises with lease terms of 12 months or less, and leases of office equipment with low value. The Group applies the "short-term lease" and "lease of low-value assets" recognition exemptions for these leases.

For the financial year ended 31 December 2020

# 23. Leases (cont'd)

## Group as a lessee (cont'd)

Set out below are the carrying amounts of right-of-use assets recognised and the movements during the year:

	Land and office	Office	
Group	premises	equipment	Total
	S\$'000	S\$'000	S\$'000
At 1 January 2010	37,718	298	38,016
At 1 January 2019 Additions	7,396	518	7,914
Disposals	(82)	-	(82)
Depreciation expense	(5,378)	(155)	(5,533)
Depreciation expense capitalised	(704)	_	(704)
Provision for impairment	(105)	_	(105)
Currency realignment	(92)	(1)	(93)
At 31 December 2019	38,753	660	39,413
Additions	1,439	22	1,461
Disposals	(33)	_	(33)
Depreciation expense	(7,054)	(253)	(7,307)
Provision for impairment	(26)	_	(26)
Currency realignment	248		248
At 31 December 2020	33,327	429	33,756

The Group sublets one of its vacant office premises for its remaining lease term. After considering the market demand and rent rates for office space in the area, the Group determined that there was an adverse impact on the recoverable amount of the office premise. Accordingly, the Group recognised an impairment loss of \$\$26,000 (2019: \$\$105,000) based on its value in use.

Company	Office premises S\$'000
At 1 January 2019	=
Additions	2,547
Depreciation expense	(778)_
At 31 December 2019	1,769
Depreciation expense	(849)_
At 31 December 2019	920

For the financial year ended 31 December 2020

## 23. Leases (cont'd)

#### Group as a lessee (cont'd)

Set out below are the carrying amounts of lease liabilities and the movements during the year:

	Group		Com	pany
	2020	2019	2020	2019
	S\$'000	S\$'000	S\$'000	S\$'000
At 1 January	17,573	15,475	1,708	-
Additions	1,461	7,626	_	2,531
Accretion of interest	649	588	50	23
Payments	(7,548)	(6,006)	(923)	(846)
Derecognition of lease	(33)	_	_	-
Currency realignment	338	(110)	_	
At 31 December	12,440	17,573	835	1,708
Current	6,469	6,578	766	873
Non-current	5,971	10,995	69	835
	12,440	17,573	835	1,708

Payments of S\$7,548,000 (2019: S\$6,006,000) included principal repayments of S\$6,899,000 (2019: S\$5,418,000). The maturity analysis of lease liabilities is disclosed in Note 32.

The following are the amounts recognised in profit or loss:

	Group	
	2020 S\$'000	2019 S\$'000
Depreciation expense of right-of-use assets	(7,307)	(5,533)
Impairment of right-of-use assets	(26)	(105)
Interest expense of lease liabilities	(649)	(588)
Expense relating to short-term leases	(333)	(1,247)
Expense relating to leases of low-value assets	(45)	(26)
Total amount recognised in profit and loss	(8,360)	(7,499)

The Group's total cash outflows relating to leases amounted to \$\$7,926,000 (2019: \$\$7,279,000).

The leases for office premises contain extension options for which the related lease payments had not been included in lease liabilities as the Group is not reasonably certain to exercise these options. The Group negotiates extension options to optimise operational flexibility in terms of managing the assets used in the Group's operations.

For the financial year ended 31 December 2020

# 23. Leases (cont'd)

## Group as a lessor

The Group has entered into subleases on part of its office premises. The leases have terms of 3 years. All leases are classified as operating leases from the lessor's perspective except for a sublease, which the Group has classified as a finance lease. Net investment in the sublease classified as a finance lease is recognised under Lease Receivables.

The table below analyses the maturity profile of the Group's lease receivables based on contractual undiscounted cash flows:

	Group	
	2020	2019
	S\$'000	S\$'000
Within one year	441	441
After one year but not more than five years	103	544
Total undiscounted lease payments	544	985
Less: Unearned interest income	(11)	(35)
Net investment in finance lease	533	950
Current	430	417
Non-current	103	533
	533	950

The following are the amounts recognised in profit or loss:

Group	
2020	2019
S\$'000	S\$'000
24	27
383	414
407	441
	2020 \$\$'000 24 383

For the financial year ended 31 December 2020

#### 24. Other commitments

Other commitments not provided for in the financial statements comprise obligations to make additional investments in the following:

	Group	
	2020	2019
	S\$'000	S\$'000
Associates	_	10,302
Long-term investments	36,774	44,330
Property, plant and equipment	35	175
	36,809	54,807

#### 25. Contingent liabilities

In addition to general undertakings on banking facilities granted to subsidiaries, the Company had provided the following guarantees at the end of the reporting period:

- corporate guarantee to a bank for a \$\$36,673,000 (2019: \$\$39,235,000) term loan granted to Salacca Pte Ltd;
- corporate guarantee to a bank for a S\$16,777,000 (2019: S\$16,707,000) term loan granted to Allium Healthcare Holdings Pte Ltd; and
- corporate guarantee to a bank for a \$\$32,025,000 (2019: \$\$32,585,000) term loan granted to Allium Healthcare (Singapore) Pte Ltd.

The Company does not expect that it will be required to make any payments for the corporate guarantees issued.

#### 26. Employees' compensation and related costs

Details of employees' compensation and related costs for the respective financial years ended 31 December are as follows:

	G	Group	
	2020	2019	
	S\$'000	S\$'000	
Employees' benefits expense (including directors)			
Salaries and bonuses	(62,920)	(56,580)	
Defined contributions	(4,745)	(4,909)	
Other short-term benefits	(3,224)	(3,679)	
	(70,889)	(65,168)	

For the financial year ended 31 December 2020

# 27. Related party disclosures

#### (a) Sale and purchase of services

The following transactions between the Group and related parties took place on normal commercial terms agreed between the parties during the financial year:

	Gro	Group		Company	
	2020	2019	2020	2019	
	S\$'000	S\$'000	S\$'000	S\$'000

Directors of the Company	2,900	2,980		
Other directors of its wholly-owned subsidiaries	1,723	1,547		
	4,623	4,527		

Key management personnel of the Group comprise directors of the Company and its wholly-owned subsidiaries. The remuneration of key management personnel is determined by the remuneration committee having regard to the performance of individuals and market trends.

For the financial year ended 31 December 2020

#### 28. Segmental results

For management purposes, the Group is organised into business units based on their products and services, and has three reportable operating segments: (1) investment holding; (2) corporate services, and (3) aged care services.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss. Income taxes are managed on a group basis and are not allocated to operating segments.

Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

Inter-segment assets and liabilities relate to intercompany loans and balances.

#### 30. Fair value of assets and liabilities

#### (a) Fair value hierarchy

The Group categorises fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

- Level 1 Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date;
- Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 Unobservable inputs for the asset or liability.

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

For the financial year ended 31 December 2020

# 30. Fair value of assets and liabilities (cont'd)

# (b) Assets and liabilities measured at fair value

Quoted equity securities	36,531	-	=	36,531
Other unquoted investments		179		179
	54,914	8,635	151,935	215,484

The Group also has investment properties amounting to \$\$3,727,000 (2019: \$\$3,727,000) whose fair value is measured using significant unobservable inputs (Level 3). The valuation is based on comparable market transactions that consider sales of similar properties that have been transacted in the open market. There has been no change in the valuation technique.

#### (c) Level 2 fair value measurements

The unquoted investments are valued at the price or net asset value released by the investment manager or fund administrator as at the end of the reporting period. They are categorised as Level 2 as their underlying investments are mainly quoted securities.

For the financial year ended 31 December 2020

#### 30. Fair value of assets and liabilities (cont'd)

#### (d) Level 3 fair value measurements

The following table presents the reconciliation for all financial instruments measured at fair value based on significant unobservable inputs (Level 3):

	G	iroup
	2020	2019
	S\$'000	S\$'000
At 1 January	151,935	141,341
Gains or losses:		
Included in profit or loss	2,511	-
Included in other comprehensive income	2,652	(507)
Purchases	25,024	17,779
Disposals	(11,651)	(6,678)
At 31 December	170,471	151,935

These investments are valued using the price or net asset value released by the investment manager or fund administrator as at the end of the reporting period, or valuation techniques which may include using recent arm's length market transactions between knowledgeable, willing parties and the current fair value of comparable companies, taking into account the potential impact of the COVID-19 pandemic and market uncertainties.

## 31. Hedging activities

The cash flow hedge reserve contains the effective portion of the cash flow hedge relationships incurred as at the reporting date, as well as the cumulative change in time value and forward element of interest rate swaps not designated as hedging instruments in hedge relationships.

For the financial year ended 31 December 2020

#### 32. Financial risk management objectives and policies

The Group is exposed to financial risks arising from its operations and the use of financial instruments. The key risks include price risk, interest rate risk, foreign currency risk, liquidity risk and credit risk. The board of directors reviews and agrees on policies for managing each of these risks and they are summarised in the following sections.

# (a) Price risk

The Group is exposed to price risk on the quoted equity securities and warrants, as well as the unquoted unit trust funds it holds. The prices of quoted equity securities and warrants are monitored daily by the management. The performance of the unquoted unit trust funds is monitored monthly or quarterly by reviewing the financial statements and performance reports from fund managers.

The Group's exposure to quoted equity securities and warrants in the various stock markets is as follows:

	Group					
	FVPL			FVOCI		
Stock market	invest	ments	invest	ments		
	2020	2019	2020	2019		
	S\$'000	S\$'000	S\$'000	S\$'000		
Singapore	2,943	4,945	_	-		
Kuala Lumpur	26	34	10,972	16,305		
Tokyo	22,027	25,108	_	_		
Australia	4,759	1,271	-	51		
Hong Kong	4,412	2,454	_	_		
London	744	2,105	2,089	1,835		
New York	1,313	569	_	98		
Others	560	139		_		
Total	36,784	36,625	13,061	18,289		

For the financial year ended 31 December 2020

#### 32. Financial risk management objectives and policies (cont'd)

#### (a) Price risk (cont'd)

#### Sensitivity analysis for price risk

The table below summarises the impact of increases/decreases of the relevant stock market indices on the Group's profit and other comprehensive income for the financial year. The analysis is based on the assumption that the stock market has increased/decreased by 5% (2019: 5%) with all other variables held constant and all the Group's equity instruments move according to the historical correlation with the index.

		G	iroup	
			Impact	on other
Indices	Impact	on profit	comprehe	nsive income
	2020	2019	2020	2019
	S\$'000	S\$'000	S\$'000	S\$'000
Straits Times Index	155	312	_	_
Kuala Lumpur Composite Index	3	3	527	689
Tokyo Stock Price Index	1,198	1,386	_	_
S&P/ASX 200 Index	245	46	=	2
Hang Seng Index	204	112	_	_
FTSE Index	33	106	20	14
S&P 500 Index	73	20	_	9

Profit for the financial year would increase/decrease as a result of higher/lower gains on quoted equity securities and warrants classified as FVPL financial assets. Other comprehensive income would increase/decrease as a result of higher/lower gains on quoted equity securities classified as FVOCI financial assets.

The unquoted unit trust funds are discretionary and broad-based and the Group has no control over the investments held by each fund. Therefore, the performance of the funds cannot be benchmarked against the stock market index.

#### (b) Interest rate risk

The Group's exposure to interest rate risk relates primarily to its bank borrowings which bear interest rates pegged to the lender's cost of funds or prevailing market interest rates, and cash deposits with financial institutions. The Group's policy is to obtain the most favourable interest rates available without increasing its foreign currency exposure. Interest rate risk is managed by interest rate swaps, and placing deposits on varying maturities and interest rate terms.

For the financial year ended 31 December 2020

#### 32. Financial risk management objectives and policies (cont'd)

#### (b) Interest rate risk (cont'd)

# Sensitivity analysis for interest rate risk

As at 31 December 2020, if market interest rates at that date had been 25 basis points (2019: 25 basis points) higher/lower with all other variables held constant, profit for the financial year would have been \$\$330,000 (2019: \$\$516,000) lower/higher.

## (c) Foreign currency risk

The Group holds assets and liabilities denominated in currencies other than Singapore dollars, the functional currency of the Company. Consequently, the Group is exposed to foreign currency risk since the value of these assets and liabilities denominated in other currencies will fluctuate due to changes in exchange rates. Bank borrowings and currency swaps are used to reduce currency exposures. The Group conducts reviews periodically to ensure that the net exposure is kept at an acceptable level.

The Group has net foreign currency exposures mainly in 3 currencies: United States dollar ("USD"), Australian dollar ("AUD") and Japanese yen ("JPY").

USD	AUD	JPY
S\$'000	S\$'000	S\$'000
112,909	_	27,260
1,313	4,759	22,027

For the financial year ended 31 December 2020

## 32. Financial risk management objectives and policies (cont'd)

#### (c) Foreign currency risk (cont'd)

The Group is also exposed to currency translation risk arising from its net investments in foreign operations. During the financial year, the structural currency exposure arising from Group's investment in Australian subsidiary Allium Holdings Pty Ltd was partially mitigated by bank borrowings.

## Sensitivity analysis for foreign currency risk

At 31 December 2020, if the SGD had weakened/strengthened 5% against the USD with all other variables held constant, profit for the financial year would have been \$\$4,978,000 (2019: \$\$773,000) higher/lower, and equity would have been \$\$862,000 (2019: \$\$4,752,000) higher/lower.

If the SGD had weakened/strengthened 5% against the AUD with all other variables held constant, profit for the financial year would have been S\$5,657,000 (2019: S\$3,389,000) lower/higher, and equity would have been nil (2019: S\$3,000 higher/lower).

If the SGD had weakened/strengthened 5% against the JPY with all other variables held constant, profit for the financial year would have been \$\$2,079,000 higher/lower (2019: \$\$795,000 lower/higher), and equity would have been \$\$206,000 (2019: \$\$984,000) higher/lower.

For the financial year ended 31 December 2020

## 32. Financial risk management objectives and policies (cont'd)

#### (d) Liquidity risk

The Group manages liquidity risk arising from financial liabilities by maintaining an adequate level of cash and bank balances, and committed stand-by credit facilities with two different banks. The Group monitors its liquidity risk using a recurring liquidity planning tool. This tool considers the maturity of its financial assets and liabilities, including the extent of credit float opportunities, and projected cash flows from operations. The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of stand-by credit facilities.

#### Analysis of financial liabilities by remaining contractual maturities

The table below summarises the maturity profile of the Group's financial liabilities, including commitments, at the end of the reporting period based on contractual undiscounted repayment obligations:

Group	One year or less \$\$'000	One to five years S\$'000	Over five years S\$'000	Total S\$'000
2020

	168,052	125,295	32,885	326,232

For the financial year ended 31 December 2020

## 32. Financial risk management objectives and policies (cont'd)

#### (e) Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. At the end of the reporting period, the Group's maximum exposure to credit risk is represented by the carrying amounts of each class of financial assets recognised in the balance sheets. The financial assets are not secured by any collateral or credit enhancements.

Management has a credit policy in place and the exposure to credit risk is managed through credit approvals, credit limits and monitoring procedures on an ongoing basis. Where appropriate, the Group will obtain collateral from its clients.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. The Group considers that a default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

To assess whether there is a significant increase in credit risk, the Group compares the risk of a default occurring on the asset as at reporting date with the risk of default as at the date of initial recognition. The Group considers available reasonable and supportive forward-looking information which includes the following indicators:

- actual or expected significant adverse changes in business, financial or economic conditions
  that are expected to cause a significant change to the debtor's ability to meet its obligations;
- actual or expected significant changes in the operating results of the debtor;
- significant increases in credit risk on other financial instruments of the same debtor; and
- significant changes in the expected performance and behaviour of the debtor, including changes in the payment status of debtors in the group and changes in the operating results of the debtor.

Regardless of the analysis above, a significant increase in credit risk is presumed if a debtor is more than 30 days past due in making contractual payment.

For the financial year ended 31 December 2020

#### 32. Financial risk management objectives and policies (cont'd)

## (e) Credit risk (cont'd)

The Group determined that its financial assets are credit-impaired when:

- there is significant difficulty of the issuer or the debtor;
- there is a breach of contract, such as a default or past due event;
- it is becoming probable that the debtor will enter bankruptcy or other financial reorganisation; and
- there is a disappearance of an active market for that financial asset because of financial difficulty.

The Group has no significant concentration of credit risks. Cash is placed with a number of creditworthy financial institutions. The Group does not have revenue concentration from major customers.

#### **Trade debtors**

The Group provides for lifetime ECL for all trade debtors using a provision matrix by reference to past default experience of the debtor and an analysis of the debtor's current financial position, adjusted for factors that are specific to the debtors, general economic conditions of the industry in which the debtors operate and an assessment of both the current as well as the forecast direction of conditions at the reporting date.

For the financial year ended 31 December 2020

# 32. Financial risk management objectives and policies (cont'd)

## (e) Credit risk (cont'd)

#### Trade debtors (cont'd)

The following table details the credit risk exposure on the Group's trade debtors based on the provision matrix, grouped by geographical regions.

	Not past	More than 30 days	More than 60 days	More than 90 days	
	due	past due	past due	past due	Total
	S\$'000	S\$'000	S\$'000	S\$'000	S\$'000
2020					
Singapore					
Gross carrying amount	4,983	763	582	2,922	9,250
ECLs	(65)	(10)	(8)	(1,054)	(1,137)
Other countries					
Gross carrying amount	8,724	2,402	1,211	2,713	15,050
ECLs	(116)	(7)	(13)	(1,384)	(1,520)
2019					
Singapore					
Gross carrying amount	4,491	1,012	613	4,261	10,377
ECLs	(66)	(13)	(9)	(1,616)	(1,704)
Other countries					
Gross carrying amount	9,044	2,841	1,984	4,648	18,517
ECLs	(186)	(30)	(38)	(1,486)	(1,740)

# Other debtors

The Group has assessed the latest performance and financial position of the counterparties, adjusted for the future outlook of the industry in which the counterparties operate, and concluded that there has been no significant increase in the credit risk since initial recognition of the financial assets. Accordingly, the Group has determined that the ECLs on other debtors is insignificant.

For the financial year ended 31 December 2020

#### 33. Capital management

The primary objective of the Group's capital management is to ensure that it maintains an appropriate gearing ratio in order to support its business and maximise shareholders' value.

The Group manages its capital structure and makes adjustments to it in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the financial years ended 31 December 2020 and 2019.

The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group's policy is to manage the balance sheet prudently with a mixture of capital and debt.

Net debt includes bank borrowings, less cash and bank balances. Total capital includes equity attributable to Owners of the Company, less capital reserve.

The Group has no externally imposed capital requirements.

	Group	
	2020	2019
	S\$'000	S\$'000
Bank borrowings	212,284	206,922
Less: Cash and bank balances	(52,956)	(29,188)
Net debt	159,328	177,734
Equity attributable to Owners of the Company	421,877	414,447
Less: Capital reserve	(137)	(137)
Total capital	421,740	414,310
Capital and net debt	581,068	592,044
Gearing ratio	27%	30%

## 34. Authorisation of consolidated financial statements

The consolidated financial statements of the Group for the financial year ended 31 December 2020 were authorised for issue in accordance with a resolution of the directors on 15 March 2021.
