NOTES

1. Basis of preparation

The interim financial report is unaudited and has been prepared in accordance with Financial Reporting Standard ("FRS") 134: Interim Financial Reporting and paragraph 9.22 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad.

The interim financial report should be read in conjunction with the audited financial statements of the Group for the financial year ended 30 June 2013. The explanatory notes attached to the interim financial report provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the financial year ended 30 June 2013.

2. Changes in accounting policies

The accounting policies and presentation adopted for this interim financial report are consistent with those adopted for the annual financial statements for the financial year ended 30 June 2013 except for the adoption of the relevant new FRSs, amendments to FRSs and IC Interpretations that are effective for annual periods beginning on or after 1 January 2013 and 1 July 2013 respectively. The Group has not early adopted the standards that have been issued by the Malaysian Accounting Standards Board ("MASB") but are not yet effective for the annual periods beginning on or after 1 July 2013.

The adoption of the new FRSs, amendments to FRSs and IC Interpretations does not have any material impact on the financial position and results of the Group except as disclosed below:

FRS 10: Consolidated Financial Statements and FRS 11: Joint Arrangements

In the course of its business, the Group has entered into various shareholders' agreements with business partners of the Group and the Group's share of equity interest ranges from 40% to 50%. Based on the guiding principles of both FRS 10 and FRS 11, the Group has re-assessed the terms as set out in the shareholders' agreements. Resulting therefrom, certain entities that were previously accounted for as joint ventures, namely Continental Estates Sdn Bhd and Vintage Heights Sdn Bhd, have now being reclassified as associates of the Group as the Group concluded that it does not have joint control over key decisions affecting the relevant activities of the entities, but rather, the Group has significant influence over those key decisions.

The figures have not been audited

2. Changes in accounting policies (cont'd)

The reclassification does not affect the net profit of the Group. The effects of the reclassification, which have been adjusted for retrospectively, are as follows:

Consolidated statement of financial position

As at 30 June 2013	As previously reported RM'000	Adjustments RM'000	As restated RM'000

Amounts due from associates Amounts due from joint ventures	12,718	72 (72)	72 12,646

The MFRS Framework is to be applied by all Entities Other Than Private Entities for annual periods beginning on or after 1 January 2012, with the exception of entities that are within the scope of MFRS 141 "Agriculture" and IC Interpretation 15 "Agreements for Construction of Real Estate", including its parent, significant investor and venturer (herein called "Transitioning Entities").

Transitioning Entities are allowed to defer adoption of the MFRS Framework for additional three years. Consequently, adoption of the MFRS Framework by Transitioning Entities will be mandatory for annual periods beginning on or after 1 January 2015.
