Chairman's Statement

Dear Shareholders

On behalf of the Board of Directors of ICP Ltd. ("**Company**", together with its subsidiaries, collectively "**Group**"), I am pleased to present to you the Annual Report for the financial year ended 30 June 2023 ("**FY2023**").

Financial Performance

The Group reported revenue of S\$10.0 million for FY2023, an increase of 95.0% or S\$4.9 million as compared to S\$5.1 million recorded for the Financial Year ended 30 June 2022 ("**FY2022**"). The increase in revenue is attributable to the hospitality business segment. With the resumption of international travelling, the hotels achieved positive growth in occupancy and room rates, thereby contributing to the higher revenue in the hospitality segment. The opening of 5 new hotels in Japan and Thailand also contributed to the increase in revenue in FY2023.

As a result, the Group reported a profit before tax of S\$1.2 million in FY2023 as compared to a loss before tax of S\$1.3 million in FY2022. In line with the increase in revenue, administrative expenses increased by S\$1.5 million. This is mainly due to the increase in payroll and operating expenses from the hospitality business segment. The Group also recorded an impairment loss on goodwill of S\$0.8 million attributable to the vessel chartering entities.

Business Overview and Outlook

The outlook of the Group's hospitality business segment is positive due to the recovery of international tourism in countries which the Group operates in, as well as the opening of new hotels in Japan. China has also recently lifted restrictions on group tours to Japan and South Korea, among other countries. This bodes well for the Travelodge hotels in the region as China was a large source of international travel volume prior to the onset of COVID-19.

However, the Group will continue to monitor the impact of inflationary pressures and high interest rates on its operating costs. As many countries raise interest rates to combat inflation, there is risk of global economic slowdown, which would adversely affect the Group's business. As the Group has substantial hospitality business overseas, it is also exposed to currency fluctuations in the respective countries it operates in.

For the next financial year, the Group will continue to focus on expanding its footprint in Asia. It looks forward to opening its 4th hotel in South Korea in early 2024. At the same time, the Group also recognises the rising

concern on climate change and its consequences as more countries pledge to achieve net zero carbon emission. In this regard, the Group is playing its part in addressing issues relating to the environment, social and governance.

The Group's vessel chartering business remains stable and continues to contribute positively to the Group's performance.

Amidst challenging economic uncertainties and a rising interest rate and inflationary environment, the Group will continue to exercise prudence in managing its resources, reinforce its operational and financial foundations, and invest in its capabilities and human resources.

Dividends

No dividend has been declared for FY2023 in view that the Group has to reserve funds for its expansion needs.

Appreciation

Mr. Ong Kok Wah will be retiring from the Board after the conclusion of the forthcoming annual general meeting. We would like to extend our appreciation and gratitude to Mr. Ong Kok Wah for his invaluable advice and contributions over the last 10 years as a member of our Board. We wish him the very best in his future endeavours.

I would also like to thank:

All shareholders, customers, business partners, bankers and vendors for their unwavering support to the Group;

Our Directors, management team and staff for their dedication, loyal service, diligence and valuable contributions, especially during the pandemic years.

TAN KOK HIANG

Independent Non-executive Chairman

Review of Operations and Financial Performance

Financial Performance

The Group reported revenue of S\$10.0 million for FY2023 as compared to S\$5.1 million for FY2022, an increase of 95.0% or S\$4.9 million, attributable to the hospitality segment. The Group's revenue for the 6 months ended 30 June 2023 ("2H2023") was S\$5.2 million as compared to S\$2.6 million for the 6 months ended 30 June 2022 ("2H2022"), representing an increase of S\$2.6 million. With the resumption of international travelling, the hotels achieved higher occupancy and higher room rates which resulted in higher revenue in the hospitality segment. During FY2023, the opening of five new hotels also contributed to higher fees from the hotels. Revenue from the vessel chartering segment in FY2023 remained constant at S\$1.8 million as compared to FY2022. Cost of sales decreased by S\$0.1 million due to lower dry-docking amortisation in vessel chartering segment. As a result, the Group's gross profit increased by S\$5.0 million from FY2022 to FY2023, and increased by S\$2.7 million from 2H2022 to 2H2023.

Other income reduced from S\$145,000 in FY2022 to S\$39,000 in FY2023 as there were non-recurring government grant income recorded in FY2022.

Administrative expenses increased by 40.8% from S\$3.8 million in FY2022 to S\$5.3 million in FY2023, mainly due to increase in payroll cost and operating expenses from hospitality segment, which is in line with the increase in revenue and number of hotels.

Following the above, the Group reported a net profit from operating activities of S\$3.2 million for FY2023, compared to a net loss from operating activities of S\$0.1 million for FY2022.

Impairment loss on goodwill of S\$0.8 million is attributable to the vessel chartering entities. The Group has carried out a review for impairment of goodwill and vessels as at year end to determine if there are any indications that the goodwill and vessels have suffered an impairment loss by comparing the carrying amounts to the recoverable amounts of the goodwill and vessels. The recoverable amounts of these vessels are determined based on their value-in-use. The value-in-use was affected by the increase in cost of debt, thereby causing an impairment loss on goodwill.

Other losses in FY2023 comprise mainly of: a) loss allowance on amount due from an associate, b) loss on disposal of other intangible assets, and c) foreign exchange losses of monetary items.

As a result of the above, the Group reported a profit before tax of S\$1.2 million for FY2023 as compared to a loss before tax of S\$1.3 million for FY2022.

Financial Position

Non-current assets

Non-current assets decreased by S\$4.2 million, comprising of, decrease in property, plant and equipment of S\$3.5 million, decrease in intangible assets of S\$0.8 million, decrease in other receivables of S\$1.7 million and right-of-use assets of S\$0.1 million, offset by the increase in associate and joint venture of S\$1.9 million. The decrease in property, plant and equipment was due to a depreciation charge of S\$1.6 million, and foreign exchange translation movement of S\$2.7 million, offset with the additions of S\$0.8 million.

Review of Operations and Financial Performance

Current assets

Current assets decreased by S\$0.2 million, mainly attributable to decrease in cash and cash equivalents.

Non-current liabilities

Non-current liabilities comprised of S\$16.6 million loans and borrowings and S\$1.3 million deferred tax liabilities. The increase in non-current liabilities as of 30 June 2023 is mainly due to reclassification of the secured bank loan from current liabilities to non-current liabilities upon completion of re-financing.

Current liabilities

Current liabilities comprised of S\$1.5 million loans and borrowings, S\$1.2 million amount due to non-controlling interests, S\$2.1 million trade and other payables and S\$0.1 million income tax payable

Equity

Total equity attributable to equity holders of the company increased by S\$2.3 million, mainly due to issuance of share capital of \$2.0 million and total comprehensive income of S\$0.3 million.

Cash Flows

The Group reported a net decrease in cash and cash equivalents of S\$0.3 million, consisting of positive operating cash flows of S\$4.9 million, cash used in financing activities of S\$3.7 million, cash used in investing activities of S\$1.5 million.

Operations Performance

The performance of the Group's business segments (after inter-segment adjustments) during the year is as follows:

- (i) **Hospitality** – represents the management of hotels, hotel ownership and licensing of the Travelodge hotel brand

Compared to FY2022, hospitality segment's total revenue in FY2023 increased from S\$3.2 million to S\$8.2 million, and from \$1.6 million in 2H2022 to S\$4.2 million in 2H2023. The increase is attributable to opening of new hotels in Japan and Thailand, and improved performance of the existing hotels.

- (ii) **Vessel chartering** – represents investment in and chartering of ships.

Revenue from the vessel chartering segment in FY2023 remained constant at S\$1.8 million as compared to FY2022.

- (iii) **Investment holding** – representing investment and management activities

Losses from the investment holding segment was the same as last year at S\$1.6 million.

Sustainability Report

Year ended 30 June 2023

INTRODUCTION

Board Statement

We are pleased to present our annual sustainability report (the “**Report**”) for the financial year ended 30 June 2023 (“**FY2023**”).

We take sustainability seriously. All the Directors have attended the sustainability training courses to equip themselves with basic knowledge on sustainability matters. Our Sustainability Committee has enhanced our governance process and brought stronger focus to the sustainability elements in our business strategies and operations, particularly in our hospitality business segment. We will also establish sustainability reporting policy covering the relevant sustainability information, such as sustainability strategies, governance structure and materiality assessment.

As we adapt to changes brought on by global uncertainties and COVID-19 pandemic, we continue to reflect on our strategies and refine them for our material environmental, social and governance (“**ESG**”) factors in anticipation of a rebound in the travel and hospitality sector and new regulatory requirements. Regular meetings were held to discuss the relevant sustainability matters. We also conducted a materiality exercise based on the developments of our business and evolving key stakeholder concerns to identify emerging risks which have led to a new key ESG factor, as included in the Report. This Report includes the targets, strategies and achievements of the hospitality segment of our business. Other business segments may also be included in the future as we evolve.

The Report is prepared in accordance with the Rules 711A and 711B of the Listing Manual Section B: Rules of Catalist of the Singapore Exchange Securities Trading Limited (“**SGX-ST**”) (“**Catalist Rules**”) and Sustainability Reporting Guide in Practice Note 7F of the Catalist Rules, with reference to the Global Reporting Initiative (“**GRI**”) Standards. The GRI Content Index is furnished at the end of this Report. We also incorporated climate impact reporting as per the recommendations of the Task Force on Climate-related Financial Disclosures (“**TCFD**”) in this Report, in line with the phased approach recommended by the SGX-ST. The Board has engaged its internal auditors to assist in its review of the adequacy and effectiveness of the Company’s sustainability reporting process. The content of this Report has not been externally assured by independent parties. The Group may consider doing so in the future. The Group’s website at <https://www.icp.com.sg>, which includes our announcements and press releases, is a key source of information for stakeholders.

Feedback

We warmly welcome feedback and suggestions from you regarding this Report. Please contact the Sustainability Committee at investor.relations@icp.com.sg.

ASSESSING MATERIALITY

In order to gain a better understanding of the views and expectations of stakeholders regarding our sustainability performance, a review of previous material ESG factors was conducted. We then identified a list of material ESG factors, which is based on the significance of the ESG impact to our business and the substantive influence on the assessments and decision of key stakeholders. To assess the materiality of these factors, a materiality assessment was carried out through the use of questionnaires. Relevant stakeholders were

invited to participate in the assessment and provide ratings for the potential material ESG factors. This process helped evaluate and prioritise the sustainability issues that stakeholders considered most important. The survey results were analysed and presented in the form of a materiality matrix as illustrated in Figure 2. The concerns raised by stakeholders were carefully reviewed and discussed, and the material ESG factors were approved by the Board.

RISKS AND OPPORTUNITIES

The continuous evaluation of the Group's risks and opportunities remain a significant factor to analyse and develop the Group's risk tolerance and risk management in a timely manner. The illustration below

ECONOMIC

Investment Management

The Group adopts an asset-light strategy, primarily through franchise agreements and management contracts. Membership of associations with the Singapore Business Federation, Ordinary Member of Malaysian Association of Hotels and Malaysian Employers Federation help us to seize opportunities in the hospitality industry as they come along.

In FY2023, 4 Travelodge hotels were opened in Japan and 1 was opened in Thailand.

The Group will continue to pursue growth opportunities in key markets where it already has a presence, namely Singapore, South Korea, Japan, Hong Kong, Malaysia and Thailand.

Product & Service Excellence

Providing safe, reliable and quality products and services is key to TLA's branding. The hotels shall comply with all aspects of our Technical Services Design Standards and Guidelines.

Travelodge Harbourfront, Travelodge Georgetown, Travelodge Ipoh and Travelodge Sukhumvit 11 were awarded Tripadvisor Traveller's Choice Award 2023. This is awarded to hotels that consistently earn great reviews from travellers and are ranked within the top 10% of properties on Tripadvisor.

Travelodge Myeongdong Euljiro and Travelodge Kyoto Shijo Kawaramachi were awarded the 2023 Customer Review Award. The Agoda Customer Review Awards were presented to hotel and accommodation partners who had offered exceptional services to their customers, including great pricing and availability.

We constantly strive to create a better customer experience for our guests by exceeding their expectations as much as possible.

ENVIRONMENTAL

Sustainable Initiatives and Measures

The Group recognises the importance of maintaining high standards of business integrity and complying with applicable laws and regulations.

At the corporate office, TLA Headquarters, the Company has moved towards storing of documents in the cloud instead of filing paper documents and storing historical data with an outsourced service provider. We have implemented cloud storage solution in all managed hotels. The Malaysia hotel owned by the Group has also procured e-signing solution to reduce the usage of paper.

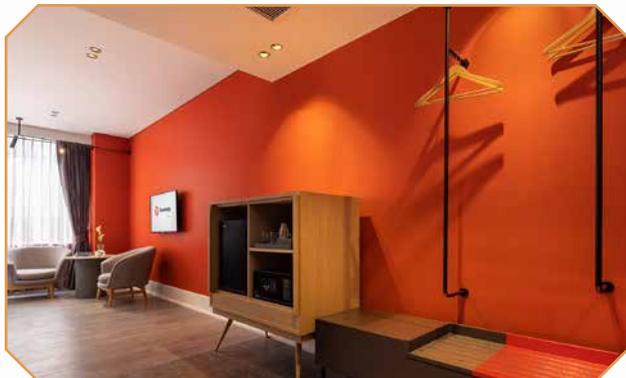

We have continued to undertake some of the following green initiatives within our hotels in FY2023:

- √ replacing existing operating bulbs and taps with energy and water conserving appliances;
- √ continuous measurement of the energy and water consumption levels to identify potential wastage and inefficiencies;
- √ placing door hangers in the hotel room toilets to remind guests not to waste water;
- √ encouraging guests to reuse towels through "Save Water, Save our Earth" hangers attached with the towels provided in the hotel room toilets;
- √ "Do Not Clean" signs and notification for guests who do not need daily housekeeping; and
- √ reducing the change of new bed linens by having tags in the hotel room that encourage guests to create an essentially greener environment by conserving water and saving energy.

Travelodge Chinatown Kuala Lumpur, Travelodge Honmachi Osaka, Travelodge Kyoto Shijo Kawaramachi, Travelodge Nagoya Sakae, Travelodge Sapporo Susukino, Travelodge Nimman, Travelodge Georgetown, and Travelodge Ipoh have been recognised with Booking.com's Travel Sustainable badge. The hotels are actively engaged in sustainable practices,

Sustainability Report

demonstrating a commitment to environmental and social impact. These properties have achieved Travel Sustainable level 1 by implementing a range of initiatives for a more sustainable stay. These include managing waste that eliminates the use of single-use plastic materials, energy conservation through the use of energy-efficient LED bulbs, promoting community engagement by providing guests with information about local ecosystems, heritage and culture, and incorporating green spaces such as gardens on the property that emphasises a connection with nature.

Furthermore, Travelodge Myeongdong City Hall, Travelodge Dongdaemun Seoul, Travelodge Phuket Town, Travelodge Sukhumvit 11 and Travelodge Pattaya have achieved Travel Sustainable level 2, showcasing significant investments and efforts towards sustainability. These properties have implemented various sustainable practices, including the provision of recycling bins for guests, recycling of waste, avoidance of single-use plastic materials, installation of water-efficient toilets and showers, utilisation of energy-efficient LED bulbs, approach of not displaying or interacting with captive or harvested wild animals on the property, and the offering of organic food options.

Moving forward, we are committed to continuing our contributions to sustainability efforts and seeking new ways to reduce our environmental impact and promote responsible travel practices.

WASTE AND RESOURCE MANAGEMENT

As the travel and border restrictions progressively ease in FY2023, there has been a rise in the number of guests. As we extend our reporting scope to incorporate the operations in Japan in FY2023, this resulted in a rise in overall energy and water consumption during FY2023 as compared to the financial year ended 30 June 2022 (“FY2022”). There is an increased level of expectation for cleanliness and sanitation by guests. We expect a

higher volume of consumption of water and energy in the coming months as operations gradually return to full swing.

Water and energy utilisation measurements are monitored on a monthly basis. The corporate office reviews the consumption level of each hotel to identify potential wastage and inefficiencies in the water and energy utilisation. Through the discussions with the managed hotels’ general managers on a quarterly basis, a waste management policy has been established. The Company acknowledges its duty to reduce the dangers to environment caused by the waste it generates. We actively promote the 4Rs (being reduce, reuse, recycle and recover) as part of our environmental sustainability initiatives. The Group has also prepared for a phased approach to the climate-related disclosures requirements for FY2023. The details are set out in the section headed “Climate Change Mitigation and Adaptation”.

In FY2023, our total electricity and water consumption is approximately 8,053.94 MWh (FY2022: approximately 5,938.60 MWh) and approximately 135,955.90 cubic meter (FY2022: approximately 65,805.50 cubic meter) respectively, which are equivalent to the intensity¹ of approximately 0.02 MWh/occupied rooms (FY2022: approximately 0.03 MWh/occupied rooms) and 0.31 cubic meter/occupied rooms (FY2022: 0.33 cubic meter/occupied rooms) respectively. With the enhancement of data calculation and the expansion of the reporting scope, our total energy consumption (electricity and natural gas) for FY2023 is approximately 92,709.62 MWh, with an intensity of approximately 0.21 MWh/occupied rooms.

Note:

1. In FY2023, the number of occupied rooms of our managed hotels was 433,740 (FY2022: 202,070). This data is also used for calculating other intensity data.

CLIMATE CHANGE MITIGATION AND ADAPTATION

The Group acknowledges the recommendations regarding the disclosure of climate-related financial information of the TCFD and SGX-ST’s requirement on climate risk disclosure. The Group understands the importance of developing a strong strategy and risk management framework that sets the foundation for its climate resilience. We assessed the impact of key climate-related risks and opportunities and disclosed

Sustainability Report

Year ended 30 June 2023

the adopted strategies under four overarching elements, including governance, strategy, risk management and metric and targets. The Group will integrate climate-related risks into the internal control procedures or enterprise risk management processes in the future and continue to strengthen its disclosure with reference to the TCFD.

Governance

The Board oversees and directs the implementation of sustainability-related initiatives across different business departments, and reviews climate-related disclosure and its actions to enhance climate resilience. The Group monitors and oversees progress on sustainability and climate-related risks and opportunities that meet the expectations of the shareholders, and reviews significant issues raised. Under the Board's delegations, the Sustainability Committee is responsible for developing objectives, building plans and performance metrics, and managing the overall climate-related sustainability performance. The Sustainability Committee will also report to and make recommendations to the Board, where appropriate, regarding the material sustainability issues, including but not limited to climate-related matters.

Strategy

The Group continuously updates itself on climate-related risks, including physical risks and transition risks such as intense precipitation, flooding, changes in national climate strategies and renewable energy policies, and climatic events affecting its business, strategy and financial planning.

In terms of physical risks, the Group may potentially result in increased insurance premiums on assets since

operational facilities may be damaged due to increased severity and frequency of extreme weather events. Therefore, the Group will maintain a comprehensive insurance coverage for assets that are prone to damage by extreme weather conditions, minimising the potential maintenance and repair cost required.

In terms of transition risks, there are more stringent climate legislations and regulations to support global vision for decarbonisation. For example, the SGX-ST has required listed companies to enhance the climate-related disclosures in their ESG reports, and the climate reporting is becoming gradually mandated by industries. Stricter environmental laws and regulations may expose enterprises to higher risks of claims and lawsuits, resulting in an increase in the Group's related capital investment and compliance costs. Therefore, the Group will replace equipment with higher efficiency models to improve energy efficiency and ensure future compliance with the possible regulation change. Also, the Group will monitor existing and emerging trends, policies and regulations related to climate change regularly, and remind the senior management when necessary to avoid violations or reputation risks due to delayed response.

Risk Management

The Board is responsible for risk governance and ensuring that the management of the Group maintains a comprehensive system of risk management and internal controls. Some climate-related risks have been categorised as emerging risks and the Group recognises that climate-related risks are inherently linked to other strategic, financial and operational risks. To mitigate the identified risks, the Group regularly monitors existing and emerging trends, policies and

Sustainability Report

Year ended 30 June 2023

regulations related to climate change, and reminds the management of the Group when necessary to avoid violations or reputation risks due to delayed response. In addition, the Group aims to reduce GHG and carbon emissions to contribute to global efforts to mitigate climate change. The Group will continue to monitor and review developments to relevant standards and fine-tune its management framework.

Metrics and Targets

The Group is aware that its businesses involve emissions and recognises that reduction of emission is essential. We have measured the direct (Scope 1) and energy indirect (Scope 2) GHG emissions² in this Report. The major sources of GHG emissions of the Group were from natural gas generated from the electricity generator (Scope 1) as well as purchased electricity (Scope 2). In FY2023, the Scope 1 and Scope 2 emissions are approximately 17,147.80 tonnes of carbon dioxide equivalent (“tCO₂e”) GHG emissions and approximately 3,731.83 tCO₂e respectively, which are equivalent to the intensity of approximately 0.04 tCO₂e/occupied rooms and approximately 0.01 tCO₂e/occupied rooms respectively. In FY2023, the Group generated total GHG emissions of approximately 20,879.63 tCO₂e, which is equivalent to the intensity of approximately 0.05 tCO₂e/occupied rooms. We are committed to reducing our GHG emissions by setting emissions reduction targets. The relevant targets are set out in the section headed “Strategies and Targets”.

Note:

2. The data on GHG emissions are calculated based on widely recognised standards, including but not limited to, “The Greenhouse Gas Protocol: A Corporate Accounting and Reporting Standards” issued by the World Resources Institute and the World Business Council for Sustainable Development, the Sustainability Report 2022 published by Tenaga Nasional Berhad in Malaysia, the 2021 electricity grid emission factor released by the Energy Market Authority of Singapore, the CO₂ Emissions, CO₂ Emissions Intensity and Electricity Sales released by Tokyo Electric Power Company Holdings, the Climate Transparency Report published by Climate Transparency, and the “2006 IPCC guidelines for national greenhouse gas inventories - volume 2 energy” issued by the Intergovernmental Panel on Climate Change.

SOCIAL

Occupational Health and Safety

Business continuity, health and well-being of our employees are our main priority. As part of our occupational health and safety plans, we have implemented policies and procedures relating to fire and emergency safety procedure, risk and hazard and pandemic guidelines. Under our emergency plan, we have established protocols to address various potential issues. Additionally, we prioritise the safety of our guests, staff and visitors by ensuring that all fire detection and protection equipment are sufficient and up to standard. Accurate record-keeping and documentation practices are diligently maintained to demonstrate our compliance with safety regulations. Safety trainings were also conducted in hotels.

All corporate employees in Singapore are fully vaccinated as at 30 June 2023.

For FY2023, there have been no work-related fatalities, work-related ill health, high-consequence work-related injuries and recordable work-related injuries.

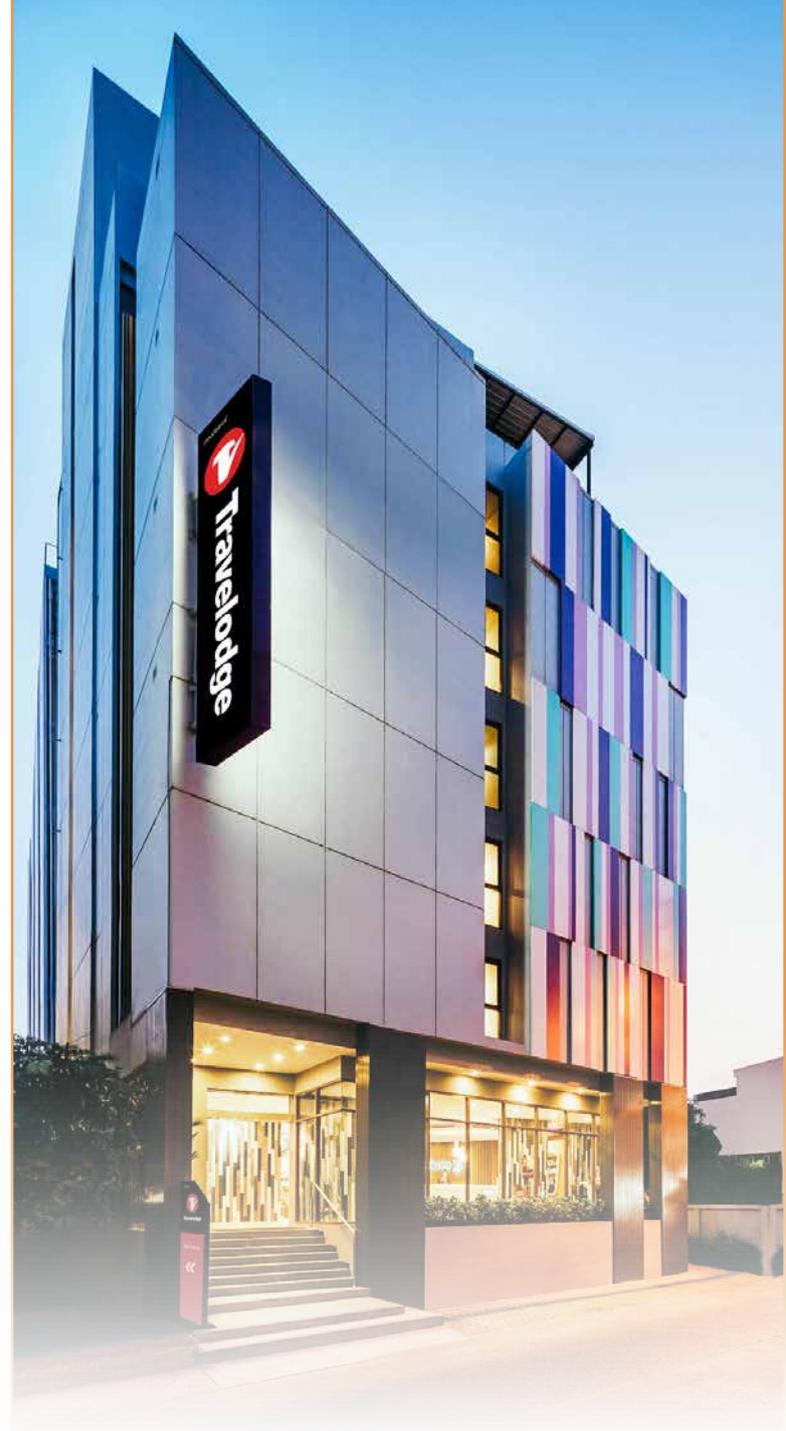

Career Development

The Group constantly encourages and promotes a culture of continuous learning and development in the organisation.

During FY2023, we have provided on-the-job training and other trainings for our employees. Some of the trainings are stated as follows:

- Orientation: Company Culture and Values
- Property Management System (PMS) training
- Financial Management System (FMS) training
- Human Resource Information System (HRIS) training
- Loyalty Program training
- Updates on changes in law and accounting standards

The total training hours received by our employees are approximately 1,217 hours. An e-training platform is set to be implemented by FY2024, as the initial plan

to develop an e-training platform was halted due to COVID-19 pandemic as resources were focused on the implementation of safety measures.

WORKFORCE DIVERSITY

The Company embraces the values of workforce diversity and equal employment opportunities. We seek to tap on a diverse talent pool that can bring in a variety of experiences, knowledge and capabilities to strengthen the organisation as a whole.

Taking into account the nature and scope of our operation, the Nominating Committee reviews and assesses the Board composition annually and believes that the current composition with appropriate mix of expertise and experience possesses the necessary competencies to provide the management with a diverse and objective perspective on issues. The Nominating Committee will continue to review the Board composition in line with the board diversity policy, and may recommend revisions to such policy or appropriate targets to the Board, where necessary.

Fair Employment and Equal Employment Opportunities

Our employees are of different nationalities, races, genders and age groups. All our employees are given employment contracts with clear terms and conditions and all employees have equal employment opportunities in line with the local labour laws of the countries which the Group operates in. As at 30 June 2023, all our staff in the corporate office are hired as full-time permanent staff. All employees are rewarded fairly based on their ability, performance and contribution to the Company.

Gender, Age and Nationality Diversity

As at 30 June 2023, we have a total of 195 employees – 82 are male and 113 are female within the corporate office and the managed hotels. The employees' age ranges from 20 to 62 years old. The Group embraces mature workers as it recognises that mature employees can bring considerable values to the organisation, offering important qualities such as knowledge and skillsets built up from their wealth of experience.

Our employees comprise diverse nationalities such as Singapore, Japan, Korea, Malaysia, Hong Kong, Thailand, China and the Philippines, where the pool of talent in the Company comes from all over the world.

SUSTAINABILITY GOVERNANCE

We believe that having good governance practices helps to increase shareholder trust in our business. By having robust internal controls, we strive to maintain the highest standards of accountability and governance.

Governance Structure

BOARD OF DIRECTORS

The Board has overall responsibility for the establishment and oversight of the Group's risk management framework. The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. There has been no change in the composition of the Board during FY2023. The Group is committed to protecting the best interests of its stakeholders and define its long-term business goals to ensure that the Group remains on track.

NOMINATING COMMITTEE

A board diversity policy has been rolled out and adopted since July 2021, where the Board embraces the benefits of diversity on the Board, and views diversity at the Board level as an essential element in supporting the attainment of its strategic objectives and long-term growth. A key aspect requires the Nominating Committee to discuss and agree on the relevant measurable objectives for promoting and achieving diversity of the Board. The Nominating Committee will monitor and ensure that this policy is implemented effectively.

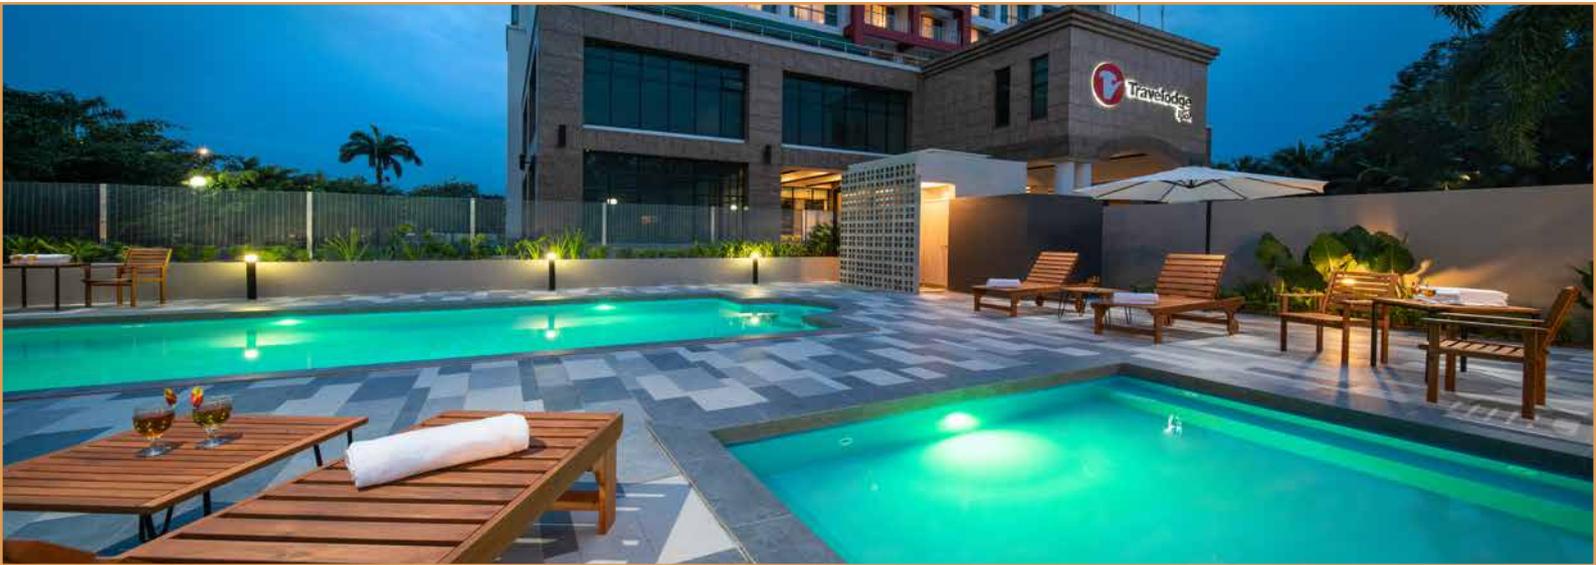

SUSTAINABILITY COMMITTEE

The Sustainability Committee has been established within the Group and is responsible for identifying and implementing sustainability initiatives while the Board and Audit Committee set the direction and tone for the Group through an overview of the sustainability strategy.

The Sustainability Committee led by the Executive Director of the Group, comprises of the Group Financial Controller, Chief Operating Officer and Director of Human Resource of TLA.

Report on Corporate Governance

The Board of Directors (the “**Board**”) of ICP Ltd. (the “**Company**” and together with its subsidiaries, the “**Group**”) is committed to maintaining a high standard of corporate governance to protect shareholders’ interests and enhance shareholders’ value.

This report outlines the corporate governance framework and practices adopted by the Group that were in place during the financial year ended 30 June 2023 (“**FY2023**”). The Company has adhered to the principles and provisions as set out in the Code of Corporate Governance 2018 (the “**2018 Code**”) and the Singapore Exchange Securities Trading Limited (“**SGX-ST**”) Listing Manual Section B: Rules of Catalist (“**Catalist Rules**”). Where the Company’s practices vary from any provisions of the 2018 Code, the Company has provided its explanation on the reason for variation and how the practices it had adopted are consistent with the intent of the relevant principle.

BOARD MATTERS

The Board’s Conduct of Affairs

Principle 1: The company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the company.

The Company is led by a Board of Directors who collectively possess skills, experience, insights and sound judgement, to further serve the interests of the Group.

The Board is collectively responsible for the long-term success of the Group. It assumes responsibility for stewardship of the Group. The Board oversees the business affairs of the Group and provide effective leadership and direction to enhance the long-term value of the Group to its shareholders and other stakeholders. Its role is in:

- (a) leading and setting overall business directions and objectives of the Group;
- (b) approving the Group’s strategic plans, major investments and divestments and funding requirements;
- (c) reviewing the performance of the business and approving the release of the financial results announcement of the Group to shareholders;
- (d) overseeing the processes for evaluating the adequacy of internal control, risk management, financial reporting and statutory compliance;
- (e) providing guidance in the overall management of the business, affairs of the Group, constructively challenge Management and monitoring the performance of Management;
- (f) establishing a framework of prudent and effective controls which enables risk to be assessed and managed, including safeguarding of shareholders’ interest and the Company’s assets;
- (g) setting the Company’s values and standards and ensuring that the obligations to the shareholders and other stakeholders are understood and met;
- (h) examining sustainability issues as part of the strategic formulation; instil an ethical corporate culture and ensure that the company’s values, standards, policies and practices are consistent with the culture; and
- (i) ensure transparency and accountability to key stakeholder groups.

Each director is expected, in the course of carrying out his duties, to act in good faith and consider at all times the best interests of the Company.

Report on Corporate Governance

The Board has established and delegated certain specific responsibilities to the following three (3) board committees.

These board committees operate under clearly defined terms of reference setting out their compositions, authorities and duties, including reporting back to the Board, which are headed by independent directors:

- (a) Audit Committee (“**AC**”)
- (b) Nominating Committee (“**NC**”)
- (c) Remuneration Committee (“**RC**”)

The Board accepts that while these board committees have the authority to examine particular issues and will report to the Board their decisions and recommendations, the ultimate responsibility for the final decision on all matters lies with the entire Board. Directors have separate and independent access to Management, the company secretary, and external advisers (where necessary) at the company’s expense. The appointment and removal of the company secretary is a decision of the Board as a whole. These board committees function within clearly defined terms of reference which are reviewed by the Board on a regular basis.

The Board conducts regular scheduled meetings at least twice a year. Additional or ad-hoc meetings are also convened as and when deemed necessary by the Board to address any specific or significant matters that may arise. The Company’s Constitution allows a Board meeting to be conducted by way of telephone conferencing or other methods of simultaneous communication by electronic or telegraphic means. In lieu of physical meetings, written resolutions are also circulated for approval by the members of the Board. Management provides directors with complete, adequate and timely information prior to meetings and on an on-going basis to enable them to make informed decisions and discharge their duties and responsibilities.

Directors attend and actively participate in Board and board committee meetings. Directors with multiple board representations ensure that sufficient time and attention are given to the affairs of each company.

The number of Board and board committee meetings held during FY2023, as well as the attendance of each director at these meetings is set out below:

	Board	Audit Committee	Nominating Committee	Remuneration Committee
No. of meetings held	2	2	1	1
Board members		No. of meetings attended		
Mr. Tan Kok Hiang	2	2	1	1
Mr. Aw Ming-Yao Marcus	2	2 ⁽¹⁾	1 ⁽¹⁾	1 ⁽¹⁾
Mr. Ong Kok Wah	2	2	1	1
Mr. Koh Tien Gui	2	2	1	1

Note:

⁽¹⁾ Attended by invitation.

Specific matters which require the Board’s approval include:

- (a) Policies, strategies and objectives of the Group;
- (b) announcement of half year and full year financial results and release of annual reports;
- (c) issuance of shares;
- (d) interim dividend declaration and proposal of final dividend;
- (e) convening of shareholders’ meetings;

Report on Corporate Governance

- (f) major funding, material acquisitions, investments, disposals and divestments; and
- (g) any other transactions of a material nature.

The above matters must be approved by the Board. Clear written directions have been imposed on and communicated to Management.

Each director has received a formal letter, setting out among other things, his duties and obligations, upon his appointment.

The Company has established policy on conflicts of interest to guide directors in their dealings with any conflict of interest and fulfilling their disclosure obligations. A director, who is in a position of conflict or potential conflict, is required to disclose his position, or potential position, of conflict, to recuse himself and not participate in the discussion and decision on the conflict, or potential conflict related matter.

The Company has in place an orientation program for all newly appointed directors. This is to ensure that they are familiar with the Group's business and operations, and governance practices. Where appropriate, the Company will provide first-time directors with training in areas such as accounting, legal and industry-specific knowledge. All new first-time directors (who have no prior experience as a director in a listed company) are also required to attend the mandatory training relating to the roles and responsibilities of a director of a listed issuer within one year from his/her appointment to the Board in compliance with Catalist Rule 406(3)(a). For FY2023, there was no first-time director appointed to the Board.

Directors are regularly updated on relevant new laws, regulations and changing commercial risks from time to time. They are encouraged to attend trainings or seminars that are useful and relevant to them to develop their skills and knowledge in discharging their duties at Company's expense. The Board is of the view that it is important that directors keep abreast of the business of the Group, the markets that the Group operates in, and developments in regulatory, legal and accounting frameworks that are relevant to the Group. Briefings are conducted by Management and the costs of which are borne by the Group. In line with requirements of Catalist Rule 720(6), all the Company's directors except for Mr. Ong Kok Wah, ("Mr. Ong") who is retiring after the conclusion of the forthcoming Annual General Meeting ("AGM"), have attended the mandatory sustainability training as at the date of this Annual Report.

BOARD COMPOSITION AND GUIDANCE

Principle 2: The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the company.

The current Board comprises four (4) directors, three (3) of whom are independent directors. The composition of the Board complies with Provisions 2.2 and 2.3 of the 2018 Code as the Independent Directors make up a majority of the Board.

The composition of the Board as follows:

Mr. Aw Ming-Yao Marcus	<i>Executive Director</i>
Mr. Tan Kok Hiang	<i>Independent Director and Non-executive Chairman</i>
Mr. Koh Tien Gui	<i>Independent Non-executive Director</i>
Mr. Ong Kok Wah	<i>Independent Non-executive Director</i>

The NC makes recommendations to the Board on the appointments of directors to the Board, taking into consideration the guidance provided in the 2018 Code and the Catalist Rules.

Rule 406(3)(d) of the Catalist Rules provides circumstances for which a director will not be independent, wherein (i) he is employed by the Company or any of its related corporations for the current or any of the past three (3) financial years; (ii) he has an immediate family member who is employed or has been employed by the Company or any of its related corporations for the past three financial years, and whose remuneration is determined by the RC; or (iii) he has been a director of the Company for an aggregate period of more than nine years (whether before or after listing). As set out in Provision 2.1 of the 2018 Code, an "independent director" is one who is independent in conduct, character and judgement, and has no relationship with the Company, its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the director's independent business judgement in the best interests of the Company.

Report on Corporate Governance

The NC is responsible for assessing the independence of the director annually and when the circumstance requires, taking into consideration the guidelines set forth in the 2018 Code (including the recommendations set out in the Practice Guidance accompanying the 2018 Code (“**Practice Guidance**”)) and Catalyst Rules. Each of the Independent Directors has provided a declaration of his independence to the NC to confirm that they do not have any relationship with the Company, its related companies, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere with the exercise of the Independent Director’s independent business judgment with a view to the best interest of the Company. The NC has reviewed, determined and confirmed the independence of the Independent Directors for FY2023, having considered:

- (a) None of the Independent Directors are currently employed or have been employed at any time during the past three (3) financial years by the Company or any of its related corporations;
- (b) None of the Independent Directors have immediate family members who are currently employed or have been employed at any time during the past three financial years by the Company or any of its related corporations, and whose remuneration is determined by the RC;
- (c) None of the Independent Directors and their immediate family members had in the current or immediate past financial year (i) provided or received significant payments or material services aggregated over any financial year in excess of S\$50,000 for services other than compensation for board service; or (ii) was a substantial shareholder, partner, executive officer or a director of any organization which provided or received significant payments or material services aggregated over any financial year in excess of S\$200,000 for services rendered; and
- (d) None of the Independent Directors are directly associated with a substantial shareholder of the Company.

The Independent Directors participate actively during Board meetings, in particular, ensuring that the strategies proposed by Management are constructively challenged, fully discussed and examined. They play an important part in reviewing the performance of Management in meeting agreed goals and objectives and in monitoring the reporting of performance.

On 11 January 2023, Singapore Exchange Regulation (“SGX RegCo”) amended the Catalyst Rules to remove the two-tier vote mechanism with immediate effect that allows companies to retain independent directors who have served the Board for more than (9) nine years. As a transition measure, Transactional Practice Note 3 of the Catalyst Rules (which was published to establish transitional arrangements between 11 January 2023 and listed companies’ AGM held for the financial year ending on or after 31 December 2023 (“**Transitional Period**”)) provides that Catalyst Rule 406(3)(d)(iv) takes effect for listed companies’ AGM held for the financial year ending on or after 31 December 2023. During the Transitional Period, independent directors whose tenure exceeds the nine-year limit can continue to serve as independent directors as long as they meet the requirements set out under Catalyst Rule 406(3)(d)(i) and Catalyst Rule 406(3)(d)(ii).

As at the end of FY2023, save for both Mr. Ong and Mr. Tan Kok Hiang (“**Mr. Tan**”) who have served on the Board for more than nine (9) years from their respective dates of appointments, there are no other independent directors who have served beyond nine (9) years since the date of their first appointment. Under Catalyst Rule 406(3)(d)(iv), read with Transactional Practice Note 3 of the Catalyst Rules, Mr. Ong and Mr. Tan may continue to be considered independent until the conclusion of the Company’s AGM for the financial year ending 30 June 2024.

In particular to Mr. Ong’s independence assessment, notwithstanding his several directorships in the Company’s subsidiaries and his shareholding interest in the Company and one of its subsidiaries, the Board, with concurrence of the NC, has assessed that Mr. Ong is independent in accordance with Provision 2.1 of the 2018 Code. In addition to the above factors, the NC has taken into consideration that his shareholding interest in the Company is less than 5% and he is not involved in the day-to-day operations of the subsidiaries as his directorships in the subsidiaries are of non-executive nature. Mr. Ong, being a NC member, has abstained from any discussion and voting on his independence.

Pursuant to Regulation 109 of the Company’s Constitution, Mr. Ong is due to retire by rotation at the upcoming AGM of the Company. He will not be seeking re-election and will retain office until the conclusion of the forthcoming AGM as part of the Board renewal process. Accordingly, he will retire as an independent director of the Company and step down as the Chairman of the Remuneration Committee and Member of Audit Committee and Nominating Committee to comply with Catalyst Rule 406(3)(d)(iv).

Report on Corporate Governance

In addition to the above factors, the Board and NC have reviewed Mr. Tan's independence and determined that Mr. Tan's independence is not impaired by the length of service he has, *inter alia*: exhibit objectivity and independent business judgement in discharging his duties as an independent director, being free from any dealings, relationships or circumstances that could affect or appear to affect his independent judgement. Mr. Tan has expressed individual viewpoints, continually challenged the Management and often provided constructive feedback. The Board, with the concurrence of the NC, has assessed that Mr. Tan is independent and recommends that he continue on the Board as independent director of the Company. Accordingly, the NC has recommended to the Board that Mr. Tan shall continue to be considered to be independent until the next AGM to be held in 2024 for the financial year ending 30 June 2024. Mr. Tan, being a NC member, has abstained from any discussion and voting on his independence.

The Board comprises members with diverse expertise, knowledge, skills and experience in business and management, law, accounting and finance. Key information on the directors is set out on page 5 and 6 of the annual report.

The Board, through the NC, reviews the size and composition of the Board annually to ensure that there is a balance of skills, experience, gender, age, knowledge and diversity of perspectives appropriate so as to ensure that the Group has the opportunity to benefit from all available talent and promote the inclusion of different perspectives and ideas. The Board is of the opinion that, given the scope and nature of the Group's operation, the current size and composition is appropriate in facilitating effective decision making. As of FY2023, the current Board composition are as follows:

- Directors' professional area of expertise

Core competencies	Number of directors	Proportion of Board (%)
Business management	4	100%
Accounting or finance	2	50%
Legal	2	50%
Relevant industry knowledge or experience	4	100%

- Director's age group

Age	Number of directors	Proportion of Board (%)
35 to 45	1	25%
45 to 50	1	25%
Above 50	2	50%

- Directors' length of service on the Board

Length of service on the Board	Independent Directors	Executive Director	Proportion of Board (%)
Served three (3) and up to six (6) years	1	1	50%
Served six (6) years and up to nine (9) years	–	–	–
Served more than nine (9) years	2	–	50%

Given that Mr. Ong will be retiring after the conclusion of the forthcoming AGM and Mr. Tan will no longer be considered independent following the conclusion of the Company's AGM for the financial year ending 30 June 2024, the Company has initiated the process of searching for suitable candidates to fill in the vacancies of the independent directors. In line with the Company's targets to achieve diversity on its Board, the Board, with the recommendation of the NC, aims to appoint a female director with the appropriate skill set mix to the Board in 2023. The Company remains committed to implementing the objectives of the Board Diversity Policy and to ensure sufficient and timely transition when the Transition Period ends, the NC will nominate a suitable candidate to the Board (taking into account the relevant skill sets and diversity) to enhance the long-term success of the Group and ensure the composition of the Board is optimal in supporting the Group's needs in both the long and short term.

Report on Corporate Governance

During FY2023, the Independent Directors (led by the Non-Executive Chairman) met regularly without the presence of Management to discuss matters of significance, and when required, provided feedback to the Board and/or Chairman as appropriate after such meetings.

CHAIRMAN AND CHIEF EXECUTIVE OFFICER (“CEO”)

Principle 3: There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision-making.

There is a clear division of responsibilities between the Chairman and the Management, which ensures a balance of power, increased accountability and authority at the top of the Company.

The Board had appointed Mr. Tan Kok Hiang as an Independent Non-Executive Chairman since 19 November 2019 and is not related to the Group’s Executive Director.

The Chairman is responsible for:

- leading board discussions and deliberation;
- approving the agendas for board meetings;
- promoting a culture of openness and debate at the Board;
- ensuring that directors receive complete, adequate and timely information;
- ensuring effective communication with shareholders; and
- promoting high standards of corporate governance as well as ensuring compliance with the Company’s corporate governance guidelines.

The NC has deliberated and is of the view that, at present, the appointment of a lead independent director is not necessary given that majority of the Board, including the Chairman is independent. All major decisions and policy changes are also conducted through the respective board committees, all of which are chaired by independent directors.

The Company is an investment holding company. Its core business lies in its wholly-owned subsidiary, Travelodge Hotels (Asia) Pte. Ltd. (“**TLA**”), and partly-owned subsidiaries (51%), namely GMT Bravo Pte. Ltd. and GMT Charlie Pte. Ltd. (collectively “**GMT**”). TLA is managed by the Group’s Executive Director Mr. Aw Ming-Yao Marcus, while GMT is managed by the Group’s General Manager of Marine, Mr. Ng Yeow Chong. The Board currently believes there is no necessity to appoint a CEO to manage the Company’s business.

BOARD MEMBERSHIP/BOARD PERFORMANCE

Principle 4: The Board has a formal and transparent process for the appointment and re-appointment of directors, taking into account the need for progressive renewal of the Board.

Principle 5: The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its board committees and individual directors.

The NC comprises of the following directors, all of whom, are independent and non-executive:

Mr. Koh Tien Gui	<i>Chairman, Independent Director</i>
Mr. Tan Kok Hiang	<i>Member, Independent Director</i>
Mr. Ong Kok Wah	<i>Member, Independent Director</i>

The NC meets at least once a year.

Report on Corporate Governance

The NC is guided by its Terms of Reference which sets out its responsibilities. In particular, the NC makes recommendations to the Board on matters relating to:

- (a) the appointment and re-appointment of executive and non-executive directors;
- (b) the Board structure, size and composition in accordance to the 2018 Code;
- (c) the process for search, nomination, selection and appointment and re-appointment of directors;
- (d) independence of each director on an annual basis and as and when circumstances require;
- (e) the effectiveness and performance of the Board, board committees and its directors as a whole;
- (f) the review of succession plans for directors, in particular the appointment and/or replacement of the Chairman, the CEO and key management personnel;
- (g) the process and criteria for evaluation of the performance of the Board, its board committees and directors; and
- (h) review of training and professional development programmes for the Board and its directors.

The process for the selection and appointment of new board members is as follows:

- (a) the NC evaluates the balance of skill, knowledge, experience, gender and age of the Board to avoid groupthink and foster constructive debate. In light of such evaluation and in consultation with the Board, prepares a description of the role and the essential and desirable competencies for a particular appointment;
- (b) the NC may engage consultants to undertake research on, or assess, candidates for new position on the Board;
- (c) the NC meets with shortlisted candidate(s) to assess their suitability and to ensure that the candidate(s) are aware of the expectations; and
- (d) the NC makes recommendations to the Board for approval.

Regulation 109 of the Company's Constitution provides that an election of directors shall take place each year. All directors shall retire from office at least once every three years but shall be eligible for re-election. Accordingly, the NC reviews and makes recommendations to the Board the re-election of eligible director(s) at an AGM.

Regulation 91 of the Company's Constitution provides that the directors shall have power from time to time and at any time to appoint additional directors, provided always that the total number of directors shall not exceed the prescribed maximum (if any). A director so appointed shall retire from office at the close of the next AGM, but shall be eligible for re-election.

Pursuant to Regulation 109, Mr. Ong is retiring at the forthcoming AGM and he will not seek for re-election.

There is no alternate director on the Board.

The Board believes that each individual director is best placed to determine and ensure that he is able to devote sufficient time and attention to discharge his duties and responsibilities as directors of the Company, bearing in mind his other commitments. In considering the nomination of directors for re-election and re-appointment, the NC will take into account, amongst others, the competing time commitments faced by directors with multiple Board memberships. While having numerical limit on the number of directorships may be considered by some other companies to be suitable for their circumstances, at present the Company considers as described above to be more effective for its purposes.

Report on Corporate Governance

Key information on each director's position, date of initial appointment, date of last re-election and directorships/ chairmanships held by the directors in other listed companies are as follows:

Name of directors	Date of initial appointment	Date of last re-election	Current directorship in listed companies	Past directorship in listed companies (preceding three years)
Tan Kok Hiang	2 March 2012	21 October 2021	Enviro-Hub Holdings Ltd. LHT Holdings Limited Abundante Limited	–
Aw Ming-Yao Marcus	5 November 2018	28 October 2022	–	–
Ong Kok Wah	21 January 2013	30 September 2020	–	Polaris Ltd.
Koh Tien Gui	5 November 2018	28 October 2022	–	–

The principal commitments of the directors, if any, and other key information regarding the directors are set out in the Board of Directors' profile section on page 5 & 6 of this Annual Report.

Each NC member have abstained from voting on any resolution in respect of the assessment of his own performance or re-nomination as a director.

The Board has, through the NC, implemented an annual evaluation process to assess the effectiveness of the Board and the committees of the Board as a whole and the contribution of the Chairman and each individual director. The evaluation process is undertaken as an internal exercise and involves board members completing a questionnaire covering areas such as board's composition and conduct, board's processes and procedures, board's accountability, and evaluation and succession planning of key executives.

The evaluation process takes into account the view of each board member and provides an opportunity for directors to give their feedback (if any) on the working and/or the improvements of the Board in the areas of board's procedures and processes.

For FY2023, the NC has performed the duties as required under its Terms of Reference. In particular, the NC has assessed the contribution of each individual director to the effectiveness of the Board and is of the view that each director had adequately carried out his duties and contributed effectively to the Board. Following the completion of assessment for FY2023, the NC is of the view that the Board, its board committees and each director were satisfactory and had met their performance objectives during FY2023. No external facilitator was engaged in the evaluation process for FY2023.

REMUNERATION MATTERS

PROCEDURES FOR DEVELOPING REMUNERATION POLICIES

Principle 6: The Board has a formal and transparent procedure for developing policies on director and executive remuneration, and for fixing the remuneration packages of individual directors and key management personnel. No director is involved in deciding his or her own remuneration.

The RC comprises of the following directors, all of whom, are independent and non-executive:

Mr. Ong Kok Wah	<i>Chairman, Independent Director</i>
Mr. Tan Kok Hiang	<i>Member, Independent Director</i>
Mr. Koh Tien Gui	<i>Member, Independent Director</i>

The RC meets at least once a year.

Report on Corporate Governance

The RC is guided by its Terms of Reference which sets out its responsibilities. In particular, the RC:

- (a) reviews and recommends to the Board a framework of remuneration for the Board and senior management of the Group and determines the remuneration packages and terms of employment; and
- (b) reviews and recommend to the Board the specific remuneration packages for each director as well as for key management personnel.

The RC has the liberty to seek professional advice relating to the remuneration of all directors as and when required. During the financial year, the RC has engaged HR Guru to conduct a review and benchmarking exercise relating to the Group's remuneration policies. There is no existing relationship between the Company and HR Guru that will affect their independence and objectivity.

The RC also considers all aspects of remuneration, including termination terms, to ensure fairness. Each of the Executive Directors and key management personnel has an employment contract with the Company which can be terminated by either party giving notice of resignation or termination. Each appointment is on an ongoing basis or with a specified term, and no onerous or over-generous renewal clauses are contained in the letter of employment. None of the members of the RC or any director is involved in deliberations in respect of any remuneration, compensation or any form of benefits to be granted to him or someone related to him.

Level and mix of remuneration

Principle 7: The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the company, taking into account the strategic objectives of the company.

The RC seeks to establish a framework for attracting, retaining and motivating directors to provide good stewardship of the Company and key management personnel to successfully manage the Company for the long term. In reviewing the level and mix of remuneration, a significant and appropriate proportion of Executive Directors' and key management personnel's remuneration is structured so as to link rewards to corporate and individual performance, based on an annual appraisal of employees. Performance-related remuneration is aligned with the interest of shareholders and other stakeholders and promotes the sustainability of the Company in the long term.

The remuneration structure for the Executive Director and key management personnel mainly consists of the following components:

1. Fixed remuneration which comprises basic salary, statutory employer's contributions to the Central Provident Fund and fixed allowances. In determining remuneration packages, the Group takes into account employment and pay conditions within the same industry and in comparable companies, as well as the Group's relative performance and the performance of the individual director and key management personnel.
2. Variable bonus which is an annual remuneration component that varies according to the Group's and the individual's performance objectives. The performance objective of the Group is profit before tax as the RC believes that this best reflects the financial health and performance of the Group's business and is also a key performance measure used by other companies in similar industry.

The Non-Executive Directors receive a basic fee and additional fee for serving on any of the board committees. The remuneration of Non-Executive Directors is appropriate to the level of contribution, taking into account factors such as effort, time spent, and responsibilities.

The RC recognises the need to pay competitive fees to attract, motivate and retain such Non-Executive Directors, yet not over-compensate them to the extent that their independence (if applicable) may be compromised. Directors' fees are recommended by the Board for approval by the shareholders at the Company's AGM.

The Company's performance share plan known as "**ICP Performance Share Plan**" was adopted at its Extraordinary General Meeting held on 30 October 2017 (for further details on the ICP Performance Share Plan, please refer to page 54 of this Annual Report.) The Company also has a remuneration framework in place which is designed to support the implementation of the Group's strategy and enhance shareholder's value.

Report on Corporate Governance

At the moment, the Company does not use any contractual provision to reclaim incentive components of remuneration from Executive Directors and key management personnel in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss to the Company.

Disclosure on remuneration

Principle 8: The company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

Remuneration of Executive Director

Details of the remuneration of Executive Director for FY2023 are set out below:

	Remuneration ⁽¹⁾ %	Provident Fund ⁽²⁾ %	Total Cash and Benefits ⁽³⁾ %
Remuneration Band Between S\$250,000 to S\$500,000			
Aw Ming-Yao Marcus	96.3	3.7	100.0

Notes:

- ⁽¹⁾ Remuneration refers to base salary and variable bonus for the financial year ended 30 June 2023.
- ⁽²⁾ Provident fund represents payments in respect of company statutory contributions to the Singapore Central Provident Fund.
- ⁽³⁾ Total cash and benefits is the sum of fixed remuneration, variable bonus, provident fund and benefits for the financial year ended 30 June 2023.

Remuneration of Non-Executive Directors

The Non-Executive Directors receive directors' fees, in accordance with their contributions, effort and time spent for serving the Board and board committees. For FY2023, directors' fees of S\$98,000 are recommended by the Board and are subject to the approval of shareholders at the forthcoming AGM. The Non-Executive Directors are not entitled to receive remuneration apart from directors' fees.

The director's fees for Non-Executive Directors for FY2023 are set out below:

Directors	S\$
Mr. Tan Kok Hiang	42,000
Mr. Ong Kok Wah	28,000
Mr. Koh Tien Gui	28,000
	98,000

Report on Corporate Governance

Notes:

- ⁽¹⁾ Remuneration refers to base salary and variable bonus for the financial year ended 30 June 2023.
- ⁽²⁾ Provident fund represents payments in respect of company statutory contributions to the Singapore Central Provident Fund.
- ⁽³⁾ Total cash & benefits is the sum of fixed remuneration, variable bonus, provident fund and benefits for the financial year ended 30 June 2023.
- ⁽⁴⁾ There are currently only 2 key management personnel in the Group at the end of the financial year 30 June 2023.

Provision 8.1(b) of the 2018 Code recommends that the company discloses the names, amounts and breakdown of remuneration of at least the top five key management personnel (who are not directors or the CEO) in bands no wider than S\$250,000. In addition, Provision 8.1(b) of the 2018 Code also recommends that the company discloses the aggregate of the total remuneration paid to the top five key management personnel (who are not directors or the CEO). Due to confidentiality reasons, the Company shall not fully disclose the remuneration of the Executive Director and the top five key management personnel on a named basis. Instead, the remuneration paid to the Executive Director and the top five key management personnel for the financial year shall be presented in bands of S\$250,000.

Similarly, the Board is of the view that full disclosure of the exact details of the remuneration of each of the key managers is not in the best interests of the Company or its shareholders. In arriving at its decision, the Board had taken into consideration, *inter alia*, the commercial sensitivity and confidential nature of remuneration matters, the relative size of the Group, the competitive business environment in which the Group operates, the importance of ensuring stability and continuity of business operations with a competent and experienced management team in place and the negative impact which such disclosure may have on the Group in attracting and retaining talent for the Company on a long-term basis.

Saved as disclosed above, there is no other employee whose remuneration exceeded S\$100,000 in FY2023, and who is a substantial shareholder of the Company, or who is an immediate family member of a director or the CEO or a substantial shareholder of the Company.

The ICP Performance Share Plan

The ICP Performance Share Plan was approved by shareholders of the Company its Extraordinary General Meeting held on 30 October 2017 and administered by the RC. The objectives of the ICP Performance Share Plan are as follows:

- (a) to incentivise participants to excel in their performance and encourage greater dedication and loyalty to the Company by introducing a variable component in their remuneration package;
- (b) to recognise and reward past contributions and services and motivate participants to continue to strive for the Group's long-term prosperity;
- (c) to attract potential employees with relevant skills to contribute to the Group; and
- (d) to foster an ownership culture within the Group and to inculcate in all participants a stronger and more lasting sense of identification with the Group.

The ICP Performance Share Plan shall be administered by the RC with such discretion, powers and duties as are conferred on it by the Board. A RC member shall not be involved in the deliberations or decisions of the committee in respect of the grant of Awards to him or his associate. Shareholders who are eligible to participate in the ICP Performance Share Plan shall abstain from voting on any resolution relating to the ICP Performance Share Plan.

The ICP Performance Share Plan shall continue to be in force at the discretion of the RC, subject to a maximum period of ten (10) years from the date on which the ICP Performance Share Plan was adopted by Shareholders, provided always that the ICP Performance Share Plan may continue beyond the above stipulated period with the approval of the Company's Shareholders by ordinary resolution in general meeting and of any relevant authorities which may then be required.

Mr. Aw Ming-Yao Marcus is the immediate family member of a substantial shareholder of the Company. He is eligible to participate in the ICP Performance Share Plan. As of date, no performance shares have been allotted and issued to any employees or directors of the Company since the commencement of the ICP Performance Share Plan.

Report on Corporate Governance

The RC is of the view that the remuneration policy and amounts paid to the key management personnel are adequate and reflective of the present market conditions.

ACCOUNTABILITY AND AUDIT

RISK MANAGEMENT AND INTERNAL CONTROLS

Principle 9: The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the company and its shareholders.

The Board has overall responsibility for the governance of risk and exercise oversight of the risk management strategy and framework. The Group has a risk policy and framework in place to manage and monitor the risk tolerance. The Board determines the nature and extent of the significant risks which the Company is willing to take in achieving its strategic objectives and value creation.

The Audit Committee ensures that a review of the effectiveness and adequacy of the Group's material internal controls, including financial, operational, compliance and information technology controls and risk management is conducted annually.

The Board has also received assurance from:

- (a) the Executive Director and the Financial Controller that the financial records have been properly maintained and the financial statements give a true and fair view of the Group's operations and finances; and
- (b) the Executive Director and other key management personnel who are responsible on the adequacy and the effectiveness of the Group's risk management systems and internal control systems.

Based on the internal controls established and maintained by the Group, work performed by the external auditors and internal auditors, and reviews performed by the Management, the Audit Committee and the Board are of the opinion that the Group's internal controls, including financial, operational, compliance, and information technology controls and risk management system were adequate and effective for FY2023.

AUDIT COMMITTEE

Principle 10: The Board has an Audit Committee which discharges its duties objectively.

The AC comprises of the following directors, all of whom, are independent and non-executive:

Mr. Tan Kok Hiang	<i>Chairman, Independent Director</i>
Mr. Ong Kok Wah	<i>Member, Independent Director</i>
Mr. Koh Tien Gui	<i>Member, Independent Director</i>

The AC meets at least twice a year.

The AC has adopted the recommended Terms of Reference set out in the Guidebook for Audit Committees in Singapore, issued by the Audit Committee Guidance Committee. In particular, the AC:

- (a) reviews the significant financial reporting issues and judgments so as to ensure the integrity of the financial statements of the Group and any announcements relating to the Group's financial performance before submission to the Board;
- (b) reviews and reports to the Board at least annually the adequacy and effectiveness of the Company's internal controls and risk management systems;

Report on Corporate Governance

- (c) reviews the adequacy and effectiveness of the Group's internal audit function at least annually, including the adequacy of internal audit resources and its appropriate standing within the Group, as well as the scope and the results of the internal audit procedures;
- (d) reviews the scope and results of the external audit, independence and objectivity of the external auditors;
- (e) recommends to the Board on the proposals to the shareholders relating to the appointment, reappointment and removal of the external auditors, and approves the remuneration and terms of engagement of the external auditors; and
- (f) reviews Interested Person Transactions and ensures that such transactions are carried out on normal commercial terms and are not prejudicial to the interests of the Company or its minority shareholders.

During the financial year, the Company's external auditors were invited to attend the AC meetings twice to present their audit plan and report to the AC respectively while the internal auditors were invited to attend the AC meeting once to present their internal audit report. The AC meets with external auditors and the internal auditors separately without the presence of Management annually.

The AC comprises at least three (3) directors, all of whom including the AC Chairman are non-executive and independent. Members of AC, including the AC Chairman, have recent and relevant accounting or related financial management expertise or experience. The AC does not comprise former partners or directors of the company's existing auditing firm or auditing corporation: (a) within a period of two (2) years commencing on the date of their ceasing to be a partner of the auditing firm or director of the auditing corporation; and in any case, (b) for as long as they have any financial interest in the auditing firm or auditing corporation.

The AC has explicit authority to investigate any matter within its Terms of Reference. It has full access to and co-operation from Management, and full discretion to invite any director or Executive Officer to attend its meetings. The AC has been given adequate resources to enable it to discharge its duties and responsibilities properly.

The AC is responsible for making the necessary recommendations to the Board such that an opinion regarding the adequacy and effectiveness of the risk management systems and internal controls of the Group can be made by the Board in the annual report of the Company according to the requirements in the Catalist Rules and the 2018 Code.

The AC has reviewed the adequacy and effectiveness of the internal audit function. The AC approves the appointment, removal, evaluation and compensation of internal auditors. The Company has engaged an independent professional services firm, Yang Lee and Associates, as the internal auditors of the Group. The internal auditors' primary line of reporting is to the AC. Administratively, the internal auditors report to the financial controller. The internal auditors carry out their function in accordance to the standards set by the International Standards for the Professional Practice of Internal Auditing set by the Institute of Internal Auditors.

The internal auditors have unfettered access to all the Company's documents, records, properties and personnel, including access to the AC. The internal audit plan is reviewed and approved by the AC. All internal audit findings, recommendations and status of remediation, are circulated to the AC, the external auditors and the Management.

Deloitte & Touche LLP was appointed as the Group's external auditors for FY2023. The AC reviews the scope and results of the external audit and also assessed the cost effectiveness, the independence and objectivity of the external auditor. Where the auditor also provides substantial volume of non-audit services to the Company, the AC shall review the nature and extent of such services.

The AC is satisfied with the level of co-operation rendered by the Management to the external auditors and the adequacy of the scope and quality of their audit.

The aggregate amount of fees paid or payable to the external auditors for the financial year ended 30 June 2023 was as follows:

Audit fees	S\$133,000
Non-audit fees	Nil

Report on Corporate Governance

The AC makes recommendations to the Board on the appointment, re-appointment and replacement of external auditors. It also recommends to the Board the remuneration and terms of engagement of the external auditors.

The AC has reviewed the key audit matters disclosed in the independent external auditors' report and is of the view that there is no material inconsistency between the audit procedures adopted by the independent external auditors and the Management's assessment.

The external auditors provide regular updates and periodic briefings to the AC on changes or amendments to accounting standards to enable the members of the AC to keep abreast of such changes and its corresponding impact on the financial statements, if any.

The Group has complied with Catalist Rules 712 and 715 in the appointment of its auditors.

Whistle blowing Policy

The AC has put in place a whistle blowing policy which enables employees to report incidents of malpractice or financial misfeasance directly to the AC Chairman without fear of retaliatory actions. The objective of the policy is to ensure that there is independent investigation of such matters and that appropriate follow up actions are carried out so that employees making any reports in good faith will be able to do so with the confidence that they will be treated fairly and protected from reprisal, victimization, or detrimental or unfair treatment. The AC is responsible for the oversight and monitoring of whistleblowing matters. The Company will ensure the confidentiality of any whistle-blower as far as reasonably practical and allow disclosures to be made anonymously where requested by the complainant. For FY2023, there were no whistle-blowing reports received and as of the date of this Annual Report.

SHAREHOLDER RIGHTS AND ENGAGEMENT

MANAGING STAKEHOLDER RELATIONSHIPS

Principle 11: The company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the company. The company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

Principle 12: The company communicates regularly with its shareholders and facilitates the participation of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the company.

Principle 13: The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the company are served.

The Board believes in regular, effective and timely communication with its shareholders. The Company does not practice selective disclosure of price-sensitive information.

Information is communicated to shareholders on a timely basis through:

- (a) annual reports and circulars;
- (b) announcements released through SGXNET;
- (c) notices of general meetings; and
- (d) press releases.

Report on Corporate Governance

A general meeting is a principal forum for dialogue with shareholders. All shareholders are entitled to attend general meetings and are accorded the opportunity to participate effectively at general meetings by expressing their views and asking questions on the Company's affairs and operations. All directors and external auditors are usually present at general meetings to address shareholders' queries, views and concerns.

The Constitution of the Company allows a member (other than a relevant intermediary as defined in Section 181 of the Companies Act 1967) to appoint up to two (2) proxies to attend and vote on their behalf at the Company's general meetings. The Companies Act allows relevant intermediaries who include CPF agent banks nominees to appoint multiple proxies, and empower CPF investors to attend and vote at general meetings of the Company as their CPF agent banks' proxies.

The Company's Constitution contains provisions to allow for absentia voting at general meetings of shareholders as well as allowing all shareholders to appoint proxies to attend general meetings and vote on their behalf. Principle 11 of the 2018 Code recommends that the Company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the Company.

The Company gives shareholders a balanced and understandable assessment of its performance, position and prospects. To safeguard shareholder interests and rights, a separate resolution is proposed on each substantially separate issue at general meetings.

The Board does not have a fixed dividend policy at present. The form, frequency and amount of dividends declared each year will take into consideration the Group's profit, growth, cash position, positive cash flow generated from operations, projected capital requirements for business growth, general business condition and other factors the Board may deem appropriate. No dividend is declared for FY2023 in order to conserve and build capital. Any dividend payout is clearly communicated to shareholders in public announcements and via announcements on SGXNet when the Company discloses its financial results.

The Company conducts electronic poll voting at general meetings for greater transparency in the voting process. The voting results are also announced after the meetings via SGXNet and in accordance with the Catalist Rules.

The forthcoming AGM to be held in respect of FY2023 will be convened and held physically, the details of which are set out in the Notice of AGM. Shareholders will be able to raise questions and vote in person at the AGM.

The proceedings of the general meeting are properly recorded, including substantial and relevant comments and queries from shareholders relating to the agenda of the meeting and responses from the Board and Management. The Company will release the minutes on SGXNET and its corporate website as soon as practicable within one (1) month after the AGM. The Group values dialogue session with its shareholders and believes in hearing shareholders' views on matters affecting the Company and addressing their concerns.

The Company has an internal investor relations function which facilitates communications with shareholders and analysts on a regular basis, attending to their queries or concerns and keeping them apprised of the Group's corporate developments and financial performance. A specific email address has been designated for such communication and shareholders and analysts' queries are attended to promptly.

The Company updates its corporate website <http://www.icp.com.sg> regularly. It is a key resource of information for shareholders. It contains investor related information including annual reports, sustainability reports, announcements released on the SGXNET and press releases on the business developments of the Group.

Principle 13 of the 2018 Code requires the Board to adopt an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the Company are served. The Company has arrangements in place to identify and engage with its material stakeholder groups and to manage its relationships with such groups. The company maintains a current corporate website to communicate and engage with stakeholders.

In this connection, the Company has considered and sought to balance the needs and interests of material stakeholders. The details of the Company's engagement with stakeholders are set out in the Company's Sustainability Report.

Report on Corporate Governance

DEALINGS IN COMPANY'S SECURITIES

In line with Rule 1204(19) of the Catalist Rules, the Group has adopted an internal compliance code on dealings in the Company's securities.

The directors and officers are prohibited from dealing in the Company's securities on short-term considerations and during the period commencing one month before the announcements of the Company's half year and full year financial results and ending on the date of the announcement of the relevant financial results.

In addition, the directors and officers are expected to observe insider trading laws at all times, even when dealing with securities within the permitted trading period or when they are in possession of unpublished price sensitive information, and they are not to deal in the Company's securities on short-term consideration. The directors and officers of the Company are required to submit to the Board annual confirmations on their compliance with the provisions of the Code for each financial year.

INTERESTED PERSON TRANSACTIONS

The Company has established internal control policies to ensure that transactions with interested persons are properly reviewed, approved and conducted on an arm's length basis that are not prejudicial to the interests of the shareholders. The Board and the AC will review all interested person transactions to be entered into to ensure that the relevant rules under Chapter 9 of Catalist Rules are complied with.

Except those as announced via SGXNet and as disclosed in Note 31 to the financial statements in this Annual Report, there were no material interested persons transactions between the Company or its subsidiaries and any of its interested persons entered into during the financial year. At the moment, the Company does not have a general mandate from shareholders for interested person transactions.

MATERIAL CONTRACTS

The Group confirms that there were no material contracts or loans entered into between the Company or any of its subsidiaries, involving the interests of any director or controlling shareholder, which are either still subsisting at the end of FY2023 or if not then subsisting, entered into since the end of the previous financial year.

NON - SPONSOR FEES

Pursuant to Rule 1204(21) of the Catalist Rules, there were no non-sponsor fees paid to the Company's Sponsor, RHT Capital Pte. Ltd. for FY2023.

Directors' Statement

The directors present their statement together with the audited consolidated financial statements of ICP Ltd. (the "Company") and its subsidiaries (collectively, the "Group") and statement of financial position and statement of changes in equity of the Company for the financial year ended 30 June 2023.

In the opinion of the directors, the consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company as set out on pages 61 to 122 are drawn up so as to give a true and fair view of the financial position of the Group and of the Company as at 30 June 2023, and the financial performance, changes in equity and cash flows of the Group and changes in equity of the Company for the financial year then ended and at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

Neither at the end of, nor at any time during the financial year, was the Company a party to any arrangement whose objects are, or one of whose objects is, to enable the directors of the Company to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

Directors' Statement

ICP Performance Share Plan

ICP Performance Share Plan (the "Scheme") of the Company was approved by the shareholders of the Company at the Extraordinary General Meeting held on 30 October 2017.

The scheme is administered by the Remuneration Committee ("Committee") whose members are:

Mr. Ong Kok Wah (Chairman)
Mr. Tan Kok Hiang
Mr. Koh Tien Gui

The Scheme is designed to primarily reward and retain executive directors, non-executive directors and employees of the Company whose contributions are essential to the Company's long-term growth and success.

Information regarding the Scheme is set out below.

Principal terms of the Scheme

(i) Participants

Group employees (including Group Executive Directors), Non-Executive Directors, Controlling Shareholders and their associates, shall be eligible to participate in the Scheme, subject to the rules of the Scheme.

(ii) Size of the Scheme

The aggregate number of shares over which the Committee may grant under the Scheme ("Awards"), when added to the number of shares issued and issuable in respect of all Awards granted under the Scheme, shall not exceed 15% of the total issued shares (excluding treasury shares and subsidiary holdings) of the Company on the day preceding that date of award.

(iii) Grant of Awards

The Committee may grant Awards to Participants from time to time at their own discretion. The Committee has the discretion to determine whether the Performance Target(s) has been satisfied (whether fully or partially) or exceeded, and in making such determination, the Committee shall have the right to make reference to the audited results of the Group or the Company, and further, the right to amend the Performance Target(s) if the Committee decides that a changed Performance Target would be a fairer measure of performance.

(iv) Acceptance of Awards

The Participant is to receive fully-paid shares free of consideration upon the Participant achieving the Performance Target(s). Awards are personal to the Participant to whom it is given and shall not be transferred (other than to a Participant's personal representative on the death of the former), charged, assigned, pledged or otherwise disposed of, unless with the prior approval of the Committee.

(v) Termination of Awards

Special provisions in the rules of the Scheme deal with the lapse or earlier exercise of share options in circumstances which include the decision of the Committee to revoke or annul such Awards, the cessation of the participant's employment in the Company, the bankruptcy of the participant, in the event of misconduct by the Participant and a take-over, winding-up, amalgamation or reconstruction of the Company and the winding-up of the Company.

(vi) Duration of the Scheme

The Scheme shall continue in operation for a maximum period of ten years commencing on the date at which the Scheme is adopted and may be continued for any further period thereafter with the approval of the Shareholders by ordinary resolution in a general meeting and of relevant authorities as required.

There were no Awards issued by the Company since the commencement of the Scheme on 30 October 2017.

Directors' Statement

Audit Committee

The members of the Audit Committee during the year and at the end of this statement are:

Tan Kok Hiang (Chairman)
Koh Tien Gui
Ong Kok Wah

The Audit Committee performs the functions specified in Section 201B of the Act, the SGX Listing Manual and the Code of Corporate Governance.

During the financial year, the Audit Committee met twice. The principal responsibility of the Audit Committee is to assist the Board of Directors in the identification and monitoring of areas of significant business risks including the following:

- The effectiveness of the Group's management of financial business risks and the reliability of management reporting;
- Compliance with laws and regulations, particularly those of the Companies Act 1967 and the Catalist Rules;
- The appropriateness of interim and full year financial statement announcements and reports;
- The effectiveness and efficiency of external and internal audits; and
- Interested person transactions (as defined in Chapter 9 of the Catalist Rules).

Specific functions of the Audit Committee include reviewing the scope of work of the external and internal auditors and the assistance given by the Company to the auditors, receiving and considering the reports of the external auditors and internal auditors including their evaluation of the system of internal controls. The Audit Committee also reviewed significant matters impacting the financial statements and considered the relevant accounting principles and judgement of items as adopted by management for these significant matters. The consolidated financial statements of the Group are reviewed by the Audit Committee prior to their submission to the Board of Directors for adoption.

In addition, the Audit Committee has, in accordance with Chapter 9 of the Catalist Rules, reviewed the requirements for approval and disclosure of interested person transactions, reviewed the internal procedures set up by the Company to identify and report and where necessary, sought approval for interested person transactions and with the assistance of the management, reviewed interested person transactions.

The Audit Committee has full access to management and is given the resources required for it to discharge its functions. It has full authority and the discretion to invite any director or executive officer to attend its meetings. The Audit Committee also recommends the appointment of the external auditors and reviews the level of audit and non-audit fees.

The Audit Committee is satisfied with the independence and objectivity of the external auditors and has recommended to the Board of Directors that the external auditors, Deloitte & Touche LLP, be nominated for re-appointment as auditors at the forthcoming Annual General Meeting of the Company.

In appointing our auditors for the Company and subsidiaries, we have complied with Rules 712 and 715 of the Catalist Rules.

Independent Auditor's Report

To the Members of ICP LTD.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of ICP Ltd. (the "Company") and its subsidiaries (the "Group"), which comprise the consolidated statement of financial position of the Group and the statement of financial position of the Company as at 30 June 2023, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group and the statement of changes in equity of the Company for the year then ended, and notes to the financial statements, including a summary of significant accounting policies as set out on pages 61 to 122.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act 1967 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)s") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 30 June 2023 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and of the changes in equity of the Company for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Impairment assessment of hotel property (inclusive of freehold land, hotel property, renovation, furniture and fittings, and plant and machinery) (S\$29,179,000) (Refer to Note 6 to the financial statements)	
<i>The key audit matter</i>	<i>How the matter was addressed in our audit</i>
<p>As of 30 June 2023, the net carrying value of the hotel property amounted to S\$29,179,000 or 52% of total assets.</p> <p>Management has engaged external valuer to assess the recoverable amount of the hotel property which is determined based on value-in-use method. The key assumptions used in the income capitalisation method are discount rate and capitalisation rate.</p> <p>The impairment assessment of hotel property has been included as a key audit matter in the audit report as the valuation process involves significant judgements in projecting income and estimating the appropriate capitalisation and discount rates under the income capitalisation method.</p>	<p>We considered the qualifications, competencies, and scope of work of the external professional valuer. In addition, we discussed with the external valuer on the results of their work and the appropriateness of the valuation methodologies used by the independent valuer.</p> <p>We engaged our internal valuation specialist to review and understand the valuation methodologies used and the underlying assumptions where appropriate. We challenged the capitalisation and discount rates for the hotel property based on income capitalisation method.</p> <p>We considered the adequacy of the required disclosures in Note 6 to the financial statements.</p>

Independent Auditor's Report

To the Members of ICP LTD.

Impairment assessment of intangible - trademarks (S\$6,000,000) (Refer to Note 7 to the financial statements)	
<i>The key audit matter</i>	<i>How the matter was addressed in our audit</i>
<p>The Group holds the registered trademark rights to the "Travelodge" hotel brand name in the Asia Pacific region, excluding Australia and New Zealand. The trademark has an indefinite useful life and is tested for impairment annually. The valuation of the trademark rights is assessed as part of the Group's Hotel Development Operation ("Hotel Development CGU") under the Hospitality Segment. The trademark rights are the primary asset in the Hotel Development CGU.</p> <p>Management applied the discounted cash flow method in determining the value-in-use of the trademarks. Management's judgement is required in estimating the forecasted revenue of the hotels which includes the following key assumptions: the average growth rates for the number of hotel rooms being operated, average room occupancy rate, discount rates and terminal growth rate. Changes in these estimates will impact the value-in-use of the trademarks.</p>	<p>We evaluated the key assumptions used by management in the value-in-use computation of the Hotel Development CGU, based on our understanding of the Group's hospitality business and comparing to industry data.</p> <p>We discussed with management the Group's planned growth strategies, which included a comparison of the Group's plan against the actual progress, so as to assess the reasonableness of the forecasted revenue.</p> <p>We performed stress-test on the key assumptions used in developing the revenue forecast by comparing to historical and available market information.</p> <p>We engaged our internal valuation specialist to review the appropriateness of the discount rates used by management in the value in use calculations.</p> <p>We considered the adequacy of the required disclosures in Note 7 to the financial statements.</p>
Impairment assessment of goodwill and vessels (inclusive of dry-docking expenditures) (S\$403,000 and S\$9,777,000 respectively) (Refer to Note 7 and Note 6 to the financial statements)	
<i>The key audit matter</i>	<i>How the matter was addressed in our audit</i>
<p>The Group's vessels chartering segment comprises two cash-generating units ("CGUs"), namely GMT Bravo Pte. Ltd. and GMT Charlie Pte. Ltd. The vessels and goodwill in these CGUs are tested for impairment annually.</p> <p>The recoverable amounts of the CGUs, including allocated goodwill, are determined using the value-in-use approach, which is based on the discounted cash flow estimated by management. During the year, an impairment charge of S\$764,000 on goodwill was recorded as disclosed in Note 7 to financial statements.</p> <p>In determining the recoverable amounts, management's judgement is required in estimating the future vessel charter revenues and discount rates of the CGUs. In management's discounted cash flow, management estimated that future vessel charter rates can be maintained at the current charter rates, of which management assessed that the level of demand for these vessels will be sustained. Changes in these estimates will impact the value-in-use of the CGUs.</p>	<p>We evaluated the key assumptions used in determining the value-in-use of the two CGUs, based on our understanding of the Group's vessels chartering business and comparing the estimates against historical and market trends.</p> <p>We performed stress-test on the key assumptions that are most sensitive to changes, in particular charter income.</p> <p>We engaged our internal valuation specialist to review the appropriateness of the discount rates used by management in the value-in-use calculations.</p> <p>We considered the adequacy of the required disclosures in Note 6 and Note 7 to the financial statements.</p>

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information contained in the annual report. Other information is defined as all information in the annual report other than financial statements and our auditors report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Independent Auditor's Report

To the Members of ICP LTD.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current financial year and are therefore the key audit matters. We describe these matters in our auditors' report unless the law or regulations preclude public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Khor Tee Heng.

Notes to Financial Statement

Year ended 30 June 2023

These notes form an integral part of the financial statements.

1 General

ICP Ltd. (the “Company”) (Registration Number 196200234E) is incorporated in the Republic of Singapore with its principal place of business and registered office at 6 Temasek Boulevard, #23-01 Suntec Tower Four, Singapore 038986. The Company is listed on the Singapore Exchange Securities Trading Limited. The financial statements are expressed in Singapore dollars.

The financial statements of the Group as at and for the year ended 30 June 2023 comprise the Company and its subsidiaries (together referred to as the “Group” and individually as “Group entities”) and the Group’s interest in equity-accounted investees.

The principal activities of the Company are those of investment holding and management company. The principal activities of the Group entities and Group’s investments in associate and joint venture are set out in Notes 8 and 9, respectively.

The consolidated financial statements of the Group and statement of financial position and the statement of changes in equity of the Company for the year ended 30 June 2023 were authorised for issue by the Board of Directors on 2 October 2023.

2 Basis of Preparation

2.1 Statement of compliance

The financial statements have been prepared in accordance with the provisions of the Singapore Companies Act 1967 (the “Act”) and Singapore Financial Reporting Standards (International) (“SFRS(I)s”).

2.2 Basis of measurement

The financial statements have been prepared on the historical cost basis except as otherwise disclosed in the accounting policies.

2.3 Functional and presentation currency

These financial statements are presented in Singapore dollars, which is the Company’s functional currency. All financial information presented in Singapore dollars has been rounded to the nearest thousand, unless otherwise stated.

2.4 Use of estimates and judgements

The preparation of financial statements in conformity with SFRS(I) requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements, and in arriving at estimates with a significant risk of resulting in a material adjustment within the next financial year are discussed in Note 4.

2 Basis of Preparation (Continued)

2.4 Use of estimates and judgements (Continued)

Measurement of fair values

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and financial liabilities.

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement (with Level 3 being the lowest).

Further information about the assumptions made in measuring fair values is included in Note 5.

3 Summary of significant accounting policies

3.1 Basis of consolidation

(i) Business combinations

The Group accounts for business combinations using the acquisition method when control is transferred to the Group.

Acquisition from 1 July 2017

For acquisition from 1 July 2017, the Group measures goodwill at the date of acquisition as:

- the fair value of the consideration transferred; plus
- the recognised amount of any non-controlling interests ("NCI") in the acquiree; plus
- if the business combination is achieved in stages, the fair value of the pre-existing equity interest in the acquiree, over the net recognised amount (generally fair value) of the identifiable assets acquired and liabilities assumed. Any goodwill that arises is tested annually for impairment.

When the excess is negative, a bargain purchase gain is recognised immediately in profit or loss.

Any contingent consideration payable is recognised at fair value at the date of acquisition and included in the consideration transferred. If the contingent consideration that meets the definition of a financial instrument is classified as equity, it is not remeasured and settlement is accounted for within equity. Otherwise, other contingent consideration is remeasured and settlement is accounted for within equity. Subsequent changes to the fair value of the contingent consideration are recognised in profit or loss.

Notes to Financial Statement

Year ended 30 June 2023

3 Summary of significant accounting policies (Continued)

3.1 Basis of consolidation (Continued)

(i) **Business combinations** (Continued)

When share-based payment awards (replacement awards) are exchanged for awards held by the acquiree's employees (acquiree's awards) and relate to past services, then all or a portion of the amount of the acquirer's replacement awards is included in measuring the consideration transferred in the business combination. This determination is based on the market-based value of the replacement awards compared with the market-based value of the acquiree's awards and the extent to which the replacement awards relate to past and/or future services.

NCI that are present ownership interests and entitle their holders to a proportionate share of the acquiree's net assets in the event of liquidation are measured either at fair value or at the NCI's proportionate share of the recognised amounts of the acquiree's identifiable net assets, at the date of acquisition. The measurement basis taken is elected on a transaction-by-transaction basis. All other NCI are measured at acquisition-date fair value, unless another measurement basis is required by SFRS(I)s.

Costs related to the acquisition, other than those associated with the issue of debt or equity securities, that the Group incurs in connection with a business combination are expensed as incurred.

Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as transactions with owners in their capacity as owners and therefore no adjustments are made to goodwill and no gain or loss is recognised in profit or loss. Adjustments to NCI arising from transactions that do not involve the loss of control are based on a proportionate amount of the net assets of the subsidiary.

Acquisition before 1 July 2017

As part of transition to SFRS(I), the Group elected not to restate those business combinations that occurred before the date of transition to SFRS(I), i.e. 1 July 2017. Goodwill arising from acquisitions before 1 July 2017 has been carried forward from the previous FRS framework as at the date of transition.

(ii) **Subsidiaries**

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

The accounting policies of subsidiaries have been changed when necessary to align them with the policies adopted by the Group. Losses applicable to the NCI in a subsidiary are allocated to the NCI even if doing so causes the NCI to have a deficit balance.

(iii) **Loss of control**

Upon the loss of control, the Group derecognises the assets and liabilities of the subsidiary, any NCI and the other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognised in profit or loss. If the Group retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost.

Notes to Financial Statement

Year ended 30 June 2023

3 Summary of significant accounting policies (Continued)

3.1 Basis of consolidation (Continued)

(iv) *Investments in equity-accounted investees*

An associate is an entity in which the Group has significant influence, but not control or joint control, over the financial and operating policies of these entities. Significant influence is presumed to exist when the Group holds 20% or more of the voting power of another entity. A joint venture is an arrangement in which the Group has joint control, whereby the Group has rights to the net assets of the arrangement, rather than rights to its assets and obligations for its liabilities.

Investments in associate and joint venture is accounted for using the equity method. They are recognised initially at cost, which includes transaction costs. Subsequent to initial recognition, the consolidated financial statements include the Group's share of the profit or loss and other comprehensive income ("OCI") of equity-accounted investees, after adjustments to align the accounting policies with those of the Group, from the date that significant influence or joint control commences until the date that significant influence or joint control ceases.

When the Group's share of losses exceeds its interest in an equity-accounted investee, the carrying amount of the investment, together with any long-term interests that form part thereof, is reduced to zero, and the recognition of further losses is discontinued except to the extent that the Group has an obligation to fund the equity-accounted investees' operations or has made payments on behalf of the equity-accounted investees.

(v) *Transactions eliminated on consolidation*

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements. Unrealised gains arising from transactions with equity-accounted investees are eliminated against the investment to the extent of the Group's interest in the equity-accounted investees. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

(vi) *Subsidiaries in the separate financial statements*

Investment in subsidiaries are stated in the Company's statement of financial position at cost less accumulated impairment losses.

3.2 Foreign currency

(i) *Foreign currency transactions*

Transactions in foreign currencies are translated to the respective functional currencies of Group entities at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to the functional currency at the exchange rate at that date. The foreign currency gain or loss on monetary items is the difference between amortised cost in the functional currency at the beginning of the year, adjusted for effective interest and payments during the year, and the amortised cost in foreign currency translated at the exchange rate at the end of the year.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are translated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary items in a foreign currency that are measured in terms of historical cost are translated using the exchange rate at the date of the transaction. Foreign currency differences arising on translation are recognised in profit or loss.

Notes to Financial Statement

Year ended 30 June 2023

3 Summary of significant accounting policies (Continued)

3.2 Foreign currency (Continued)

(ii) Foreign operations

The assets and liabilities of foreign operations, excluding goodwill and fair value adjustments arising on acquisition, are translated to Singapore dollars at exchange rates at the reporting date. The income and expenses of foreign operations are translated to Singapore dollars at exchange rates at the dates of the transactions.

Foreign currency differences are recognised in OCI and presented in the foreign currency translation reserve in equity. However, if the foreign operation is a non-wholly-owned subsidiary, then the relevant proportionate share of the translation difference is allocated to the NCI. When a foreign operation is disposed of such that control, significant influence or joint control is lost, the cumulative amount in the translation reserve related to that foreign operation is reclassified to profit or loss as part of the gain or loss on disposal. When the Group disposes of only part of its interest in a subsidiary that includes a foreign operation while retaining control, the relevant proportion of the cumulative amount is reattributed to non-controlling interests. When the Group disposes of only part of its investment in an associate or joint venture that includes a foreign operation while retaining significant influence or joint control, the relevant proportion of the cumulative amount is reclassified to profit or loss.

When the settlement of a monetary item receivable from or payable to a foreign operation is neither planned nor likely in the foreseeable future, foreign exchange gains and losses arising from such a monetary item are considered to form part of a net investment in a foreign operation. These are recognised in OCI and are presented in the translation reserve in equity.

3.3 Financial instruments

(i) Recognition and initial measurement

Non-derivative financial assets and financial liabilities

Trade receivables and debt investments issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

(ii) Classification and subsequent measurement

Non-derivative financial assets

On initial recognition, a financial asset is classified as measured at: amortised cost; FVTOCI – equity investment; or FVTPL.

Financial assets are not reclassified subsequent to their initial recognition unless the Group changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

Notes to Financial Statement

Year ended 30 June 2023

3 Summary of significant accounting policies (Continued)

3.3 Financial instruments (Continued)

(ii) Classification and subsequent measurement (Continued)

Financial assets at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Equity investments at FVTOCI

On initial recognition of an equity investment that is not held-for-trading, the Group may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by-investment basis.

Financial assets at FVTPL

All financial assets not classified as measured at amortised cost or FVTOCI as described above are measured at FVTPL. On initial recognition, the Group may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVTOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Business model assessment

The Group makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Group's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Group's continuing recognition of the assets.

Financial assets that are held-for-trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Notes to Financial Statement

Year ended 30 June 2023

3 Summary of significant accounting policies (Continued)

3.3 Financial instruments (Continued)

(ii) Classification and subsequent measurement (Continued)

Non-derivative financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Group considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Group considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable rate features;
- prepayment and extension features; and
- terms that limit the Group's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

Non-derivative financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.

Financial assets at amortised cost

These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Equity investments at FVTOCI

These assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are never reclassified to profit or loss.

Non-derivative financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are recognised initially on the trade date, which is the date that the Group becomes a party to the contractual provisions of the instrument.

3.3 Financial instruments (Continued)

(ii) Classification and subsequent measurement (Continued)

Non-derivative financial liabilities: Classification, subsequent measurement and gains and losses (Continued)

The Group classifies non-derivative financial liabilities as financial liabilities. Such financial liabilities are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortised cost using the effective interest method.

These financial liabilities comprise loans and borrowings, amounts due to non-controlling interests and trade and other payables.

(iii) Derecognition

Financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred, or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The Group enters into transactions whereby it transfers assets recognised in its statement of financial position, but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognised.

Financial liabilities

The Group derecognises a financial liability when its contractual obligations are discharged, cancelled or expired. The Group also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

(iv) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group has a legally enforceable right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

(v) Cash and cash equivalents

Cash and cash equivalents comprise cash balances and short-term deposits that are subject to an insignificant risk of changes in their fair value and are used by the Group in the management of its short-term commitments. For the purpose of the statement of cash flows, pledged deposits are excluded from cash and cash equivalents.

(vi) Share capital

Ordinary shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

3.4 Property, plant and equipment

(i) Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses.

Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes:

- the cost of materials and direct labour;
- any other costs directly attributable to bringing the assets to a working condition for their intended use;
- when the Group has an obligation to remove the asset or restore the site, an estimate of the costs of dismantling and removing the items and restoring the site on which they are located; and
- capitalised borrowing costs.

Cost may also include transfers from equity of any gain or loss on qualifying cash flow hedges of foreign currency purchases of property, plant and equipment. Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. The gain or loss arising on the disposal or retirement of an asset is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

(ii) Subsequent costs

The cost of replacing a component of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the component will flow to the Group and its cost can be measured reliably. The carrying amount of the replaced component is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred.

Costs incurred on subsequent dry-docking of vessels are capitalised and depreciated over a period of two and a half years. When significant dry-docking costs are incurred prior to the expiry of the depreciation period, the remaining costs of the previous dry-docking are written off in the month of the next dry-docking.

(iii) Depreciation

Depreciation is based on the cost of an asset less its residual value. Significant components of individual assets are assessed and if a component has a useful life that is different from the remainder of that asset, that component is depreciated separately.

Depreciation is recognised as an expense in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of property, plant and equipment, unless it is included in the carrying amount of another asset. Freehold land is not depreciated.

Depreciation is recognised from the date that the property, plant and equipment are installed and are ready for use, or in respect of internally constructed assets, from the date that the asset is completed and ready for use.

Notes to Financial Statement

Year ended 30 June 2023

3 Summary of significant accounting policies (Continued)

3.4 Property, plant and equipment (Continued)

(iii) Depreciation (Continued)

The estimated useful lives for the current and comparative years are as follows:

Hotel property	–	50 years
Vessels	–	23 years
Dry-docking expenditures	–	2.5 years
Renovations	–	3 to 20 years
Furniture and fittings	–	5 years
Computer equipment	–	3 years
Plant and machinery	–	5 years

Depreciation methods, useful lives and residual values are reviewed at the end of each reporting period and adjusted if appropriate.

3.5 Intangible asset and goodwill

(i) Goodwill

Goodwill that arises upon the acquisition of subsidiaries is included in intangible assets. For the measurement of goodwill at initial recognition, see Note 3.1(i).

Subsequent measurement

Goodwill is measured at cost less accumulated impairment losses. In respect of associate and joint venture, the carrying amount of goodwill is included in the carrying amount of the investment, and an impairment loss on such an investment is not allocated to any asset, including goodwill, that forms part of the carrying amount of the associate and joint venture.

(ii) Trademarks

Trademarks that are acquired by the Group are measured at cost less accumulated impairment losses. Trademarks are not amortised as the Group assessed that these trademarks have indefinite life as there is no foreseeable limit to the period over which the trademarks are expected to generate cash inflows. The useful life of trademarks is reviewed annually to determine whether events and circumstances continue to support the indefinite useful life basis for trademarks.

(iii) Other intangible assets

Other intangible assets that are acquired by the Group and have finite useful lives are measured at cost less accumulated amortisation and accumulated impairment losses.

(iv) Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefit embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in profit or loss as incurred.

Notes to Financial Statement

Year ended 30 June 2023

3 Summary of significant accounting policies (Continued)

3.5 Intangible asset and goodwill (Continued)

(v) Amortisation

Amortisation is calculated based on the cost of the asset, less its residual value.

Amortisation is recognised in profit or loss on a straight-line basis over the estimated useful lives of intangible assets, other than goodwill, from the date that they are available for use. The estimated useful life related to software for the current and comparative years is 3 years.

Amortisation methods, useful lives and residual values are reviewed at the end of each reporting period and adjusted if appropriate.

3.6 Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is based on the weighted average cost method, and includes expenditure incurred in acquiring the inventories, and other costs incurred in bringing them to their existing location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs necessary to make the sale.

3.7 Impairment

(i) Non-derivative financial assets

The Group recognises loss allowances for estimated credit loss ("ECL") on financial assets measured at amortised costs. Loss allowances of the Group are measured on either of the following bases:

- 12-month ECLs: these are ECLs that result from default events that are possible within the 12 months after the reporting date (or for a shorter period if the expected life of the instrument is less than 12 months); or
- Lifetime ECLs: these are ECLs that result from all possible default events over the expected life of a financial instrument or contract asset.

Simplified approach

The Group applies the simplified approach to provide for ECLs for all trade receivables. The simplified approach requires the loss allowance to be measured at an amount equal to lifetime ECLs.

General approach

The Group applies the general approach to provide for ECLs on all other financial instruments. Under the general approach, the loss allowance is measured at an amount equal to 12-month ECLs at initial recognition.

At each reporting date, the Group assesses whether the credit risk of a financial instrument has increased significantly since initial recognition. When credit risk has increased significantly since initial recognition, loss allowance is measured at an amount equal to lifetime ECLs.

When determining whether credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and includes forward-looking information.

Notes to Financial Statement

Year ended 30 June 2023

3 Summary of significant accounting policies (Continued)

3.7 Impairment (Continued)

(i) *Non-derivative financial assets* (Continued)

If credit risk has not increased significantly since initial recognition or if the credit quality of the financial instruments improves such that there is no longer a significantly increase in credit risk since initial recognition, loss allowance is measured at an amount equal to 12-month ECLs.

The Group considers a financial asset to be in default when the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held).

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

Measurement of ECLs

ECLs are probability-weighted estimates of credit losses. Credit losses are measured at the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Group expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

Credit-impaired financial assets

At each reporting date, the Group assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- Significant financial difficulty of the borrower or issuer;
- A breach of contract such as a default;
- The restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise;
- It is probable that the borrower will enter bankruptcy or other financial reorganisation; or
- The disappearance of an active market for a security because of financial difficulties.

Presentation of allowance for ECLs in the statement of financial position

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of these assets.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedure for recovery of amounts due.

3 Summary of significant accounting policies (Continued)

3.7 Impairment (Continued)

(ii) Associate and joint venture

An impairment loss in respect of an associate or joint venture is measured by comparing the recoverable amount of the investment with its carrying amount. An impairment loss is recognised in profit or loss. An impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount.

(iii) Non-financial assets

The carrying amounts of the Group's non-financial assets, other than inventories, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For goodwill and intangible assets that have indefinite useful lives or that are not yet available for use, the recoverable amount is estimated each year at the same time. An impairment loss is recognised if the carrying amount of an asset or its related cash-generating unit ("CGU") exceeds its estimated recoverable amount.

The recoverable amount of an asset or CGU is the greater of its value-in-use and its fair value less costs to sell. In assessing value-in-use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGU. Subject to an operating segment ceiling test, for the purposes of goodwill impairment testing, CGUs to which goodwill has been allocated are aggregated so that the level at which impairment is tested reflects the lowest level at which goodwill is monitored for internal reporting purposes. Goodwill acquired in a business combination is allocated to groups of CGUs that are expected to benefit from the synergies of the combination.

The Group's corporate assets do not generate separate cash inflows and are utilised by more than one CGU. Corporate assets are allocated to CGUs on a reasonable and consistent basis and tested for impairment as part of the testing of the CGU to which the corporate asset is allocated.

Impairment losses are recognised in profit or loss. Impairment losses recognised in respect of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to the CGU (group of CGUs), and then to reduce the carrying amounts of the other assets in the CGU (group of CGUs) on a pro rata basis.

An impairment loss in respect of goodwill is not reversed. In respect of other assets, impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

Goodwill that forms part of the carrying amount of an investment in an associate or joint venture is not recognised separately, and therefore is not tested for impairment separately. Instead, the entire amount of the investment in an associate or joint venture is tested for impairment as a single asset when there is objective evidence that the investment in an associate or joint venture may be impaired.

3.8 Employee benefits

(i) **Defined contribution plans**

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligations to pay further amounts. Obligations for contributions to defined contribution pension plans are recognised as an employee benefit expense in profit or loss in the periods during which related services are rendered by employees.

(ii) **Short-term employee benefits**

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(iii) **Share-based payment transactions**

The grant date fair value of equity-settled share-based payment awards granted to employees is recognised as an employee expense, with a corresponding increase in equity, over the period that the employees unconditionally become entitled to the awards. The amount recognised as an expense is adjusted to reflect the number of awards for which the related service and non-market performance conditions are expected to be met, such that the amount ultimately recognised as an expense is based on the number of awards that meet the related service and non-market performance conditions at the vesting date. For share-based payment awards with non-vesting conditions, the grant date fair value of the share-based payment is measured to reflect such conditions and there is no true-up for differences between expected and actual outcomes.

As at 30 June 2023 and 30 June 2022, there are no share-based payment transactions with the Group's employees.

3.9 Provisions

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance expense.

3.10 Revenue recognition

(i) **Goods and services sold**

Revenue from goods and services sold comprise sales of food and beverages, hotel fees income and hotel property income. Revenue from sale of goods and services in the ordinary course of business is recognised when the Group satisfies a performance obligation ("PO") by transferring control of a promised good or service rendered to the customer. The amount of revenue recognised is the amount of the transaction price allocated to the satisfied PO.

The transaction price is allocated to each PO in the contract on the basis of the relative stand-alone selling prices of the promised goods or services. The individual stand-alone selling price of a good or service that has not previously been sold on a stand-alone basis, or has a highly variable selling price, is determined based on the residual portion of the transaction price after allocating the transaction price to goods and/or services with observable stand-alone selling prices. A discount or variable consideration is allocated to one or more, but not all, of the performance obligations if it relates specifically to those performance obligations.

Notes to Financial Statement

Year ended 30 June 2023

3 Summary of significant accounting policies (Continued)

3.10 Revenue recognition (Continued)

(i) **Goods and services sold** (Continued)

Transaction price is the amount of consideration in the contract to which the Group expects to be entitled in exchange for transferring the promised goods or services. The transaction price may be fixed or variable and is adjusted for time value of money if the contract includes a significant financing component. Consideration payable to a customer is deducted from the transaction price if the Group does not receive a separate identifiable benefit from the customer. When consideration is variable, the estimated amount is included in the transaction price to the extent that it is highly probable that a significant reversal of the cumulative revenue will not occur when the uncertainty associated with the variable consideration is resolved.

(a) **Sale of food and beverages**

Revenue from the sale of food and beverages in the course of ordinary activities is measured at the fair value of the consideration received. Revenue is recognised at a point in time. Payment for sale of food and beverages is either on cash term or due within 30 days.

(b) **Hotel fees income**

Hotel fees income is recognised on a periodic basis as a percentage of the hotel's revenue in accordance with terms stated in the franchise/hotel management agreement. Revenue is recognised over a period of time. Payment for hotel fees income is due within 30 days.

(c) **Hotel property income**

Hotel room revenue is recognised based on room occupancy while other hotel revenues are recognised when the services are rendered to the customers. Revenue is recognised over a period of time. Payment for hotel rooms and other services is due upon checkout and utilisation of service respectively.

(ii) **Charter income**

Charter fees arising from the chartering of vessels are accounted for on a straight-line basis over the lease term. Payment for charter income is due within 30 days.

(iii) **Rental income**

Rental income is recognised in profit or loss on a straight-line basis over the term of the lease. Payment for rental income is due on/or before 7th day of each month.

3.11 Leases

The Group as lessee

The Group assesses whether a contract is or contains a lease, at inception of the contract. The Group recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Group uses the incremental borrowing rate specific to the lessee.

Notes to Financial Statement

Year ended 30 June 2023

3 Summary of significant accounting policies (Continued)

3.11 Leases (Continued)

The Group as lessee (Continued)

Lease payments included in the measurement of the lease liability comprise:

- fixed lease payments (including in-substance fixed payments), less any lease incentives;
- variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- the amount expected to be payable by the lessee under residual value guarantees;
- the exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and
- payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is presented as a separate line in the statement of financial position.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

The Group remeasures the lease liability (and makes a corresponding adjustment to the related right-of-use asset) whenever:

- the lease term has changed or there is a significant event or change in circumstances resulting in a change in the assessment of exercise of a purchase option;
- the lease payments change due to changes in an index or rate or a change in expected payment under a guaranteed residual value; or
- a lease contract is modified and the lease modification is not accounted for as a separate lease.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day, less any lease incentives received and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Whenever the Group incurs an obligation for costs to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognised and measured under SFRS(I) 1-37. The costs are included in the related right-of-use asset, unless those costs are incurred to produce inventories.

Right-of-use assets are depreciated over the shorter period of lease term and useful life of the underlying asset. If a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the Group expects to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset. The depreciation starts at the commencement date of the lease.

The right-of-use assets are presented as a separate line in the statement of financial position.

The Group applies SFRS(I) 1-36 to determine whether a right-of-use asset is impaired and accounts for any identified impairment loss as described in Note 3.6(iii).

Notes to Financial Statement

Year ended 30 June 2023

3 Summary of significant accounting policies (Continued)

3.11 Leases (Continued)

The Group as lessor

Leases where the Group retains substantially all risks and rewards of ownership are classified as operating lease.

The Group owns vessels and leases these vessels to lessees under fixed rate bareboat charter arrangements. These charters are classified as operating leases. As the present value of the minimum lease payments do not amount to substantially the fair values of the vessels and there are no purchase options, the Group has assessed that all the risks and rewards of the vessels remain with the Group.

3.12 Finance income and costs

Finance income comprises interest income on bank deposits. Interest income is recognised as it accrues in profit or loss, using the effective interest method.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying costs, which are assets that necessarily take a substantial period or time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognised in profit or loss using the effective interest method.

Foreign currency gains and losses on financial assets and financial liabilities are reported on a net basis as either finance income or finance cost depending on whether foreign currency movements are in a net gain or net loss position.

3.13 Tax expense

Tax expense comprises current and deferred tax. Current tax and deferred tax are recognised in profit or loss except to the extent that it relates to items recognised directly in equity or in OCI.

Current tax is the expected tax payable or receivable on the taxable income or loss for the financial year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable or receivable in respect of previous years. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to income taxes, if any.

Current tax assets and liabilities are offset only if certain criteria are met.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss;
- temporary differences related to investment in subsidiaries, associates and joint arrangements to the extent that the Group is able to control the timing of the reversal of the temporary difference and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

The measurement of deferred taxes reflects the tax consequences that would follow the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

Notes to Financial Statement

Year ended 30 June 2023

3 Summary of significant accounting policies (Continued)

3.13 Tax expense (Continued)

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised for unused tax losses, tax credits and deductible temporary differences, to the extent that it is probable that future taxable profits will be available against which they can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

In determining the amount of current and deferred tax, the Group takes into account the impact of uncertain tax positions and whether additional taxes and interest may be due. The Group believes that its accruals for tax liabilities are adequate for all open tax years based on its assessment of many factors, including interpretations of tax law and prior experience. This assessment relies on estimates and assumptions and may involve a series of judgements about future events. New information may become available that causes the Group to change its judgement regarding the adequacy of the existing tax liabilities; such changes to tax liabilities will impact tax expense in the period that such a determination is made.

3.14 Earnings per share

The Group presents basic and diluted earnings per share (“EPS”) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year, adjusted for own shares held. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares.

3.15 Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group’s other components. The Executive Directors of the respective strategic business units are the chief operating decision maker. All operating segments’ operating results are reviewed regularly by the Executive Directors of the respective strategic business units to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the Executive Directors of the respective strategic business units include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly corporate assets (primarily the Company’s headquarters), head office expenses and tax liabilities.

Segment capital expenditure is the total cost incurred during the year to acquire property, plant and equipment and intangible assets other than goodwill.

3.16 New standards and interpretations not adopted

A number of new standards, amendments to standards and interpretations are not yet effective and have not been applied in preparing these financial statements. An explanation of the impact, if any, on adoption of these new requirements is provided in Note 32.

4 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Group's accounting policies, management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgements in applying the entity's accounting policies

There are no critical judgements that management has made in the process of applying the Group's accounting policies and that have the most significant effect on the amounts recognised in the financial statements.

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

Determination of useful lives of property, plant and equipment and intangible assets

Property, plant and equipment are depreciated on a straight-line basis over the estimated useful lives after taking into account the estimated residual value. The intangible assets namely, goodwill and trademark rights are assessed to be indefinite life assets. As described in Note 3.4 and Note 3.5, the Group reviews the estimated useful lives of these assets regularly in order to determine the amount of depreciation and amortisation, if applicable, to be recorded during any reporting period. The Group considers factors such as wear and tear, ageing, technical standards, market practices and changes in market demand for these assets as well as the Group's historical experience with these assets. Changes in these factors may impact the useful lives of assets, which could result in higher annual depreciation expense.

Valuation of property, plant and equipment and intangible assets

The Group performs an impairment assessment on property, plant and equipment when there are indicators of impairment. On an annual basis, the Group is required to perform an impairment assessment on indefinite life intangible assets, namely goodwill on consolidation and trademark rights.

Determining whether an asset is impaired requires an estimation of the recoverable amount of this asset. The recoverable amount of the asset is the higher of its fair value less costs of disposal and its value in use.

For the valuation of trademark, value-in-use is estimated based on management's forecast of future cash flows discounted to present value using the pre-tax discount rate. Significant estimates and assumptions are made on revenue growth rates and in determining discount rates.

For the valuation of hotel property, value-in-use is estimated based on management's forecast of future cash flows discounted to present value using the pre-tax discount rate. Significant estimates and assumptions are made on capitalisation and discount rates.

For the valuation of goodwill, value-in-use is estimated based on management's forecast of future cash flows discounted to present value using the pre-tax discount rate. Significant estimates and assumptions are made on revenue growth rates and discount rates.

For the valuation of vessels (inclusive of dry-docking expenditure), assumptions are made in relation to the continual renewal of existing charter contracts over the forecast period.

4 Critical accounting judgements and key sources of estimation uncertainty (Continued)

Key sources of estimation uncertainty (Continued)

Valuation of property, plant and equipment and intangible assets (Continued)

Changes in the above estimates and assumptions may result in impairment losses on these tangible and intangible assets.

The carrying amount of property, plant and equipment and intangible assets are disclosed in Notes 6 and 7.

Fair value of unquoted fund investments

There are no market prices available for the Group's investment in unquoted fund. In assessing the fair value of these investments, the Group makes significant estimates and assumptions on significant unobservable inputs. Changes to these estimates and assumptions may result in significant fluctuations to the fair value through profit or loss investment.

Information about the valuation techniques and inputs used in determining the fair value are disclosed in Note 5.

5 Financial instruments, financial risks and capital management

(b) Financial instruments subject to offsetting, enforceable master netting arrangements and similar agreements

The Group and Company do not have any financial instruments which are subjected to offsetting, enforceable master netting arrangements or similar netting agreements.

(c) Financial risk management policies and objectives

The Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities.

(c) *Financial risk management policies and objectives* (Continued)

The Group Audit Committee oversees how management monitors compliance with the Group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group. The Group Audit Committee is assisted in its oversight role by Internal Audit. Internal Audit undertakes both regular and ad-hoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

The Group has exposure to the following risks arising from financial instruments:

- market risk
- credit risk
- liquidity risk

This note presents information about the Group's exposure to each of the above risks, the Group's objectives, policies and processes for measuring and managing risk, and the Group's management of capital.

Market risk

Market risk is the risk that changes in market prices, such as interest rates, foreign exchange rates and equity prices will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

(i) *Foreign currency risk management*

The Group has no significant foreign currency denominated financial assets or financial liabilities except for cash and cash equivalents, other receivables and loans and borrowings. The Group does not use any financial instruments to hedge its exposure to foreign currency risk. The currencies in which these transactions primarily are denominated are in Malaysia Ringgit ("MYR"), United States Dollar ("USD"), Hong Kong Dollar ("HKD") and Japanese Yen ("JPY").

As at each reporting date, the carrying amounts of monetary assets and monetary liabilities denominated in currencies other than the respective Group entities' functional currencies are as follows:

	Liabilities		Assets	
	2023 S\$'000	2022 S\$'000	2023 S\$'000	2022 S\$'000

Foreign currency sensitivity

The following table details the sensitivity to a 10% increase and decrease in the relevant foreign currencies against the functional currency of each Group entity. 10% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 10% change in foreign currency rates.

If the relevant foreign currency strengthens by 10% against the functional currency of each Group entity, the Group's results for the year would have increased (decreased) by:

	MYR impact		USD impact		HKD impact		JPY impact	
	2023	2022	2023	2022	2023	2022	2023	2022
	S\$'000	S\$'000	S\$'000	S\$'000	S\$'000	S\$'000	S\$'000	S\$'000
<u>Group</u>								
Profit or loss	(1,417)	(1,761)	284	5	-	168	2	110

A 10% strengthening of the Singapore dollar against the MYR, USD, HKD and JPY at the end of the reporting period would have had an equal but opposite effect on the amounts shown above.

Company

The Company does not hold significant foreign currency denominated financial assets or financial liabilities and hence, no foreign currency sensitivity was performed.

(ii) Interest rate risk management

The Group's interest rate risks relate primarily to fixed bank deposits and interest-bearing financial liabilities.

At the reporting date, the interest rate profile of the Group's interest-bearing financial instruments, as reported to the management, was as follows:

	Group		Company	
	2023	2022	2023	2022
	S\$'000	S\$'000	S\$'000	S\$'000
<u>Fixed rate instruments</u>

Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets and financial liabilities at fair value through profit or loss. Therefore, in respect of the fixed rate instruments, a change in interest rates at the reporting date would not affect profit or loss.

Cash flow sensitivity analysis for variable rate instruments

A change of 100 basis points in interest rates at the reporting date would have increased/(decreased) the Group's results for the year by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

	Results for the year

Company

The Company's loss for the year and other comprehensive income are not affected by the changes in interest rates as the interest-bearing instruments carry fixed interest and are measured at amortised cost.

Credit risk

(i) **Overview of the Group's exposure to credit risk**

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers and fair value through profit or loss investment.

The carrying amounts of financial assets in the statements of financial position represent the Group and the Company's maximum exposures to credit risk, before taking into account any collateral held. The Group and the Company do not hold any collateral in respect of their financial assets.

Credit risk is controlled by the application of credit approvals, limits and monitoring procedures. Credit risk is minimised and monitored through limiting its associations to business partners with high creditworthiness. Trade receivables' payment profile and credit exposure are monitored on an ongoing basis through Group's management reporting procedures.

(i) Overview of the Group's exposure to credit risk (Continued)

The Group's current credit risk grading framework comprises the following categories:

Category	Description	Basis for recognising expected credit losses (ECL)
Performing	The counterparty has a low risk of default and does not have any past-due amounts.	12-month ECL
Doubtful	Amount is >30 days past due or there has been a significant increase in credit risk since initial recognition.	Lifetime ECL - not credit-impaired
In default	Amount is >90 days past due or there is evidence indicating the asset is credit-impaired.	Lifetime ECL - credit-impaired
Write-off	There is evidence indicating that the debtor is in severe financial difficulty and the Group has no realistic prospect of recovery.	Amount is written off

The tables below detail the credit quality of the Group's financial assets and other items, as well as maximum exposure to credit risk by credit risk rating grades:

	External credit rating	Internal credit rating	12-month or lifetime ECL	Gross carrying amount S\$'000	Loss allowance S\$'000	Net carrying amount S\$'000

⁽ⁱ⁾ For trade receivables, the Group has applied the simplified approach in SFRS(I) 9 to measure the loss allowance at lifetime ECL. The Group determines the expected credit losses on these items by using a provision matrix, estimated based on historical credit loss experience based on the past due status of the debtors, adjusted as appropriate to reflect current conditions and estimates of future economic conditions. Accordingly, the credit risk profile of these assets is presented based on their past due status in terms of the provision matrix.

The carrying amount of financial assets recorded in the financial statements, grossed up for any allowances for losses, represents the Group's maximum exposure to credit risk without taking into account of the value of any collateral obtained.

(ii) Credit risk management

Trade and other receivables

The Group's exposure to credit risk is influenced mainly by the individual characteristic of each customer. However, management also considers the demographics of the Group's customer base, including default risk associated with the industry and country in which customers operate, as these factors may have an influence on credit risk. Details of concentration of revenue are included in Note 23.

As at 30 June 2023, 96.5% (2022 : 99.8%) of the Company's trade and other receivables comprised non-trade amounts due from subsidiaries. There are no concentration of credit risk of the Group's trade and other receivables as at 30 June 2023 and 2022.

The Group limits its exposure to credit risk from trade receivables by establishing maximum payment periods of 30 to 90 days for customers.

Expected credit loss assessment for trade receivables as at 30 June 2023 and 2022

The Group uses an allowance matrix to measure the lifetime ECLs of trade receivables. The provision rates are determined based on the Group's historical observed default rates over the past two years analysed in accordance to days past due from its customers.

The Group does not expect significant credit losses as at the end of the reporting period based on actual historical credit losses incurred.

(ii) Credit risk management (Continued)

Expected credit loss assessment for trade receivables as at 30 June 2023 and 2022 (Continued)

Except for the impaired receivables, no allowance for impairment loss is considered necessary in respect of the remaining receivables, including those receivables that are past due, as the Group believes that the amounts are still collectible, based on historical payment patterns and good credit records maintained by the customers.

Non-trade amounts due from subsidiaries

The Company held non-trade amounts due from subsidiaries of S\$30,723,000 (2022 : S\$26,335,000). These balances are amounts extended to subsidiaries to satisfy funding requirements. Based on an assessment of qualitative and quantitative factors that are indicative of the risk of default (including but not limited to management accounts, cash flow projections, and applying experienced credit judgement), these exposures are considered to have low credit risk. Therefore, impairment on these balances has been measured on the 12-month expected credit loss basis; and the amount of the allowance is insignificant.

Non-trade amount due from an associate

The change in the allowance for impairment loss in respect of non-trade amount due from an associate during the year is as follows:

	Group S\$'000	Company S\$'000
At 1 July 2021	–	–
Loss allowance recognised	76	–
At 30 June 2022	76	–
Loss allowance recognised	192	–
At 30 June 2023	268	–

The Group held non-trade amount due from an associate of S\$268,000 (2022 : S\$1,679,000). Based on an assessment of qualitative and quantitative factors that are indicative of the risk of default (including but not limited to management accounts, cash flow projections, and applying experienced credit judgement), these exposures are considered to have low credit risk. Therefore, impairment on these balances has been measured on the 12-month expected credit loss basis.

Cash and cash equivalents

The Group and the Company held cash and cash equivalents of S\$6,598,000 (2022 : S\$6,877,000) and S\$2,609,000 (2022 : S\$3,623,000) respectively at 30 June 2023.

Impairment on cash and cash equivalents has been measured on the 12-month expected loss basis and reflects the short maturities of the exposures. The Group considers that its cash and cash equivalents have low credit risk based on the external credit ratings of the counterparties. The amount of the allowance on cash and cash equivalents is negligible.

Liquidity risk

Liquidity risk management

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities, that are settled by delivering cash or another financial asset, as and when they fall due. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group ensures that it has sufficient cash on demand to meet expected operational expenses deemed adequate by management to meet the Group's working capital requirements.

Management is of the opinion that the Group is able to meet their obligations for the next financial year as and when they fall due.

Refer to Note 2.2 for management's assessment on the appropriateness of the continuing use of the going concern assumption in the preparation of the financial statements.

(d) Capital management policies and objectives

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from 2022.

The capital structure of the Group consists of debts comprising of loans and borrowings (Note 18), amounts due to non-controlling interests (Note 19) and equity attributable to owners of the Company comprising of issued share capital (Note 14) and reserves (Note 15).

The Group seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position. The Group monitors capital using an adjusted net debt to equity ratio.

The Group's gearing ratio at the end of the reporting period was as follows:

	2023 S\$'000	2022 S\$'000
Total liabilities [^]	19,218	24,387
Less: cash and cash equivalents	(6,598)	(6,877)

[^] Excludes income tax payable, deferred tax liabilities, lease liabilities and trade and other payables

There were no changes in the Group's and Company's approach to capital management during the year. The Group and Company are subject to externally imposed capital requirements for the financial years ended 30 June 2023 and 2022.

(e) Fair value of financial assets and financial liabilities (Continued)

Sensitivity analysis

For the Group's and the Company's investment in unquoted investment funds, a 10% increase in the net asset values of the underlying funds would have decreased the Group's and the Company's loss by approximately S\$38,000 (2022 : S\$38,000). An equal change in the opposite direction would have increased the Group's and the Company's loss by the same amount.

Non-current loans and borrowings

The carrying amounts of variable interest-bearing loans, which are repriced within 3 months from the reporting date, reflect the corresponding fair values.

Other financial assets and financial liabilities

The carrying amounts of other financial assets and financial liabilities with a maturity of less than one year (including other receivables, cash and cash equivalents, loans and borrowings and trade and other payables) are assumed to approximate their fair values because of the short period to maturity. The fair values of other classes of financial assets and financial liabilities are disclosed in the respective notes to financial statements.

Transfer between levels

The fair value of an asset to be transferred between levels is determined as of the date of the event or change in circumstances that caused the transfer.

Transfer between fair values hierarchies

There is no transfer between the fair value hierarchies during the financial year.

Impairment assessment for hotel property

The recoverable amount of the hotel property is determined based on income capitalisation (2022 : income capitalisation) method. The key assumptions used in the income capitalisation method are discount rate of 7.83% and capitalisation rate of 5.83% (2022 : discount rate of 8.25% and capitalisation rate of 6.25%).

Management has identified that an increase in discount rate by 2.44% (2022 : 1.83%) or capitalisation rate by 0.89% (2022 : 0.70%), while holding all other assumptions constant, would cause the carrying amount of hotel property to exceed the recoverable amount as at 30 June 2023.

(i) Goodwill

Impairment assessment

Goodwill acquired in a business combination is allocated to the cash generating units (CGUs) that are expected to benefit from the business combination. The carrying amount of goodwill allocated to each CGU are as follows:

	Group	
	2023 S\$'000	2022 S\$'000
Cash-generating units		
GMT Bravo Pte. Ltd.	–	613
GMT Charlie Pte. Ltd.	403	554
	403	1,167

GMT Bravo Pte. Ltd. and GMT Charlie Pte. Ltd. individually owns a vessel and leases the vessel to their non-controlling interests' subsidiary on a short-term bareboat charter arrangement.

(i) Goodwill (Continued)

Impairment assessment (Continued)

Management has carried out a review for impairment of goodwill and vessels as at year end in accordance with SFRS (I) 1-36 Impairment of Assets to determine if there are any indications that the goodwill and vessels have suffered an impairment loss by comparing the carrying amounts to the recoverable amounts of the goodwill and vessels. The recoverable amounts of these vessels are determined based on their value-in-use.

The recoverable amounts of the CGUs are determined from value-in-use calculations, using future cash-flow projections derived from the cash flow projection approved by management. The key assumptions used in the calculation of recoverable amounts are as follows:

	Growth rates		Pre-tax discount rate	
	2023	2022	2023	2022
	%	%	%	%
GMT Bravo Pte. Ltd.	1.2	2.5	11.2	8.4
GMT Charlie Pte. Ltd.	1.2	2.5	11.2	8.4

The value-in-use calculation uses cash flow projections over the remaining life of the vessels and the projected residual value of the vessels at the end of their useful life respectively.

A pre-tax discount rate was adopted for the calculation of value-in-use. The pre-tax discount rate was determined based on the risk-free rate adjusted for a market risk premium to reflect market risks specific to the respective CGU.

During the year, an impairment loss of S\$764,000 (2022 : Nil) on goodwill has been recorded. This resulted from a lower growth rate and higher pre-tax discount rate used in the value-in-use calculation.

(ii) Trademark rights

In 2015, the Group acquired the registered trademark rights to the hotel brand name "Travelodge" in the Asia Pacific region, excluding Australia and New Zealand, for services relating to the management of hotels and serviced apartments, operation of hotels and serviced apartments and associated sales, marketing, reservations and booking services and the provision of conference rooms.

In 2016, the Group acquired an additional trademark right to enable them to operate Travelodge brand hotels in the People's Republic of China ("PRC").

The Group assessed and concluded that these trademark rights are indefinite life intangible assets as there is no foreseeable limit to the Group's ability to use the trademark right to generate cash inflows for the Group.

Impairment assessment

The trademark rights are part of the hospitality segment ("Hotel Development CGU"). The carrying amount of the trademark rights (as part of the Hotel Development CGU) is assessed for impairment annually.

The recoverable amount of the Hotel Development CGU is determined based on value-in-use calculation, using future cash-flow projections derived from the cash flow projection approved by management for the next 5 years (2022 : 5 years). The key assumptions used in value-in-use calculations are:

Average growth in number of rooms	9	19
Average room occupancy rate	32 to 95	10 to 95
Pre-tax discount rates	10 to 12	9 to 11
Terminal growth rate	3	3

The cash flow projections are based on the cash flows expected to be derived from the contractual hotel management, franchise and license agreements established with local partners in Hong Kong, Thailand, Indonesia, Malaysia, Korea and Singapore.

A pre-tax discount rate was adopted for the calculation of value-in-use. The pre-tax discount rate is determined based on a risk-free rate adjusted for a market risk premium to reflect market risks and the risks specific to the trademark rights. The long-term terminal growth rates have been determined based on the average real GDP rates for the countries in which the trademark rights are expected to be utilised.

Sensitivity to change in assumptions

The Group believes that any reasonably possible change to the key assumptions above is unlikely to cause the recoverable amount of trademark rights to be materially lower than its carrying amount.

Unquoted equity securities

Unquoted equity securities relate to the Group's investment in Tiaro Coal Ltd. ("Tiaro") and Paragon Coal Pty. Ltd. ("Paragon") companies in the business of exploration of coal. At 1 July 2018, the Group designated these investments as equity investments measured at FVOCI because they represent investments that the Group intends to hold for long-term strategic purposes. In the previous years, the Group assessed the recoverability of the investments in Tiaro and Paragon to be S\$ Nil and had written down their carrying amounts to S\$ Nil. Accordingly, as at 30 June 2023 and 2022, management assessed the fair value of these investments to be S\$ Nil.

Unquoted fund investments

In the current year, the Group recognised a fair value loss of S\$ Nil (2022 : S\$103,000) on the investment in unquoted fund investments as the net asset values of the underlying fund investments decreased. The fair value loss was recognised directly in profit or loss under other losses.

The Group's and Company's exposure to market risk and fair value measurement related to other investments is disclosed in Note 5.

(a) Non-trade amount due from an associate is unsecured, non-interest bearing and repayable on demand. Amount due from an associate has been classified as non-current assets as the Company does not expect for repayment within 12 months after the reporting date.

(b) Amounts due from subsidiaries are non-trade related, unsecured, non-interest bearing, and repayable on demand. Amounts due from subsidiaries have been classified as non-current assets as the Company does not expect for repayment within 12 months after the reporting date.

The Group's and Company's exposure to credit risks, currency risks and impairment losses related to trade and other receivables is disclosed in Note 5.

Trade receivables are non-interest bearing and are generally on 30 to 90 days (2022 : 30 to 90 days) credit term. They are recognised at their original invoice amounts which represent their fair values on initial recognition.

There has been no change in the estimation techniques or significant assumptions made during the financial year.

17 Share-based payment arrangement

ICP Performance Share Plan

ICP Performance Share Plan (the "Scheme") of the Company was approved and adopted by shareholders at the Extraordinary General Meeting held on 30 October 2017. The Scheme is administered by the Company's Remuneration Committee ("Committee").

Information regarding the Scheme is set out below.

The principal terms of the Scheme are:

(i) *Participants*

Group employees (including Group Executive Directors), Non-Executive Directors, Controlling Shareholders and their associates, shall be eligible to participate in the Scheme, subject to the rules of the Scheme.

(ii) *Size of the Scheme*

The aggregate number of shares over which the Committee may grant under the Scheme ("Awards"), when added to the number of shares issued and issuable in respect of all Awards granted under the Scheme, shall not exceed 15% of the total issued shares (excluding treasury shares and subsidiary holdings) of the Company on the day preceding that date of award.

Notes to Financial Statement

Year ended 30 June 2023

17 Share-based payment arrangement (Continued)

(iii) Grant of Awards

The Committee may grant Awards to Participants from time to time at their own discretion. The Committee has the discretion to determine whether the Performance Target(s) has been satisfied (whether fully or partially) or exceeded, and in making such determination, the Committee shall have the right to make reference to the audited results of the Group or the Company, and further, the right to amend the Performance Target(s) if the Committee decides that a changed Performance Target would be a fairer measure of performance.

(iv) Acceptance of Awards

The Participant is to receive fully-paid shares free of consideration upon the Participant achieving the Performance Target(s). Awards are personal to the Participant to whom it is given and shall not be transferred (other than to a Participant's personal representative on the death of the former), charged, assigned, pledged or otherwise disposed of, unless with the prior approval of the Committee.

(v) Termination of Awards

Special provisions in the rules of the Scheme deal with the lapse or earlier exercise of share options in circumstances which include the decision of the Committee to revoke or annul such Awards, the cessation of the participant's employment in the Company, the bankruptcy of the participant, in the event of misconduct by the Participant and a take-over, winding-up, amalgamation or reconstruction of the Company and the winding-up of the Company.

(vi) Duration of the Scheme

The Scheme shall continue in operation for a maximum period of ten years commencing on the date at which the Scheme is adopted and may be continued for any further period thereafter with the approval of the Shareholders by ordinary resolution in a general meeting and of relevant authorities as required.

There were no Awards issued by the Company since the commencement of the Scheme on 30 October 2017.

The Group has a secured bank loan and a bridging bank loan with a carrying amount of S\$14,925,000 (2022 : S\$18,436,000) and S\$3,110,000 (2022 : S\$4,370,000) respectively as at 30 June 2023. The secured bank loan is held by one of the subsidiaries of the Group, of which the loan is secured by the Group's hotel property and freehold land with carrying amount of S\$27,409,000 (2022 : S\$30,211,000) (Note 6).

18 Loans and borrowings (Continued)

During the year ended 30 June 2022, one of the bank financial covenant requirements, which requires the subsidiary to maintain DSCR of minimum 1.2 times, was breached. Due to the long drawn COVID-19 situation that is still evolving, the recovery of the hotel property income was slowed down, resulting in a lower profit before interest, tax, depreciation and amortisation for the financial year.

On 14 June 2022, the subsidiary obtained a waiver letter from the bank to grant an indulgence for non-compliance for the financial year ended 30 June 2022.

A portion of the secured bank loan amounting to S\$14,985,000 was due in February 2023, hence it had been classified as a current liability as at 30 June 2022 in accordance with SFRS(I) 1-1 Presentation of Financial Statements. This resulted in the Group being in a net current liability position as at 30 June 2022.

In February 2023, the secured bank loan was refinanced with revised terms and conditions. Based on the refinancing terms, the total loan amount of RM 52,000,000 (S\$16,420,000) was drawn down, and is repayable over 30 months from the date of drawdown. The DSCR has also been re-negotiated with the bank and has decreased from 1.2 to 1.0 times. For the financial year ended 30 June 2023, the subsidiary met its bank financial covenant requirements.

Terms loans and bridging loan repayment schedule

Terms and conditions of outstanding loans and borrowings are as follows:

	Currency	Nominal interest rate %	Year of Maturity	Carrying amount S\$'000

18 Loans and borrowings (Continued)

The term loan is secured over:

- (i) First legal charge over the Group's hotel property and freehold land with carrying amount of S\$27,409,000 (2022 : S\$30,211,000) (Note 6);
- (ii) Corporate guarantee by the Company;
- (iii) A charge over entire shares of the Subsidiary;
- (v) Fixed deposits pledged amounting to S\$585,000 (2022 : S\$488,000) (Note 13); and
- (vii) Assignment over the insurance policies, tenancy agreements related to the hotel property for which the loan was secured over.

The bridging loan is secured over a corporate guarantee by a subsidiary of the Company.

Information about the Group and Company's exposure to interest rate, currency and liquidity risks is disclosed in Note 5.

28 Segment information

The Group has three reportable segments, as described below, which are the Group's strategic business units. These units are managed separately because they require different operational expertise, industry knowledge and separate financial requirements on a standalone basis. For each of the strategic business units, the Executive Directors of the respective strategic business units (the chief operating decision maker) reviews internal management reports on a monthly basis to make strategic decisions including resource allocation and performance assessments.

- (a) Hospitality - Hotel management, franchise and investment
- (b) Vessels chartering - Chartering of vessels (oil tankers)
- (c) Investment holding - Investment and management activities

For the purpose of assessing segment performance and allocating resources between segments, the Executive Directors of the respective strategic business units monitor the results, assets and liabilities attributable to each reportable segment on the following basis:

Segment assets include all current and non-current assets. Segment liabilities include all current and non-current liabilities.

Revenue and expenses are allocated to the reportable segments with reference to the revenue generated and the expenses incurred by those segments or which, otherwise arise from the depreciation of assets attributable to those assets. Segment results do not include transactions at the corporate level.

Information regarding the results of each reportable segment is included below. Performance is measured based on segment profit or loss, as included in the internal management reports that are reviewed by the Executive Directors of the respective strategic business units. Segment profit or loss is used to measure performance as the Executive Directors of the respective strategic business units believe that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

Notice of Annual General Meeting

NOTICE IS HEREBY GIVEN that the Annual General Meeting of the shareholders of ICP Ltd. (the “**Company**”) will be held at Singapore Swimming Club, 45 Tanjong Rhu Rd, Singapore 436899 on Wednesday, 18 October 2023 at 3.00 p.m., for the following purposes:

ORDINARY BUSINESS

1. To receive and adopt the Audited Financial Statements for the financial year ended 30 June 2023 together with the Directors’ Statement and Auditor’s Report thereon. **Resolution 1**
2. To note that Mr. Ong Kok Wah will be retiring pursuant to Regulation 109 of the Company’s Constitution and he will not be seeking re-election at this Annual General Meeting.
3. To approve the payment of Directors’ fees of S\$98,000/- for the financial year ended 30 June 2023 (FY2022: S\$84,575/-). **Resolution 2**
4. To re-appoint Messrs Deloitte & Touche LLP as Auditors of the Company and to authorise the Directors to fix their remuneration. **Resolution 3**
5. To transact any other business which may properly be transacted at an Annual General Meeting.

SPECIAL BUSINESS

To consider and, if thought fit, pass the following resolutions as Ordinary Resolutions, with or without modifications:

6. **AUTHORITY TO ALLOT AND ISSUE SHARES** **Resolution 4**

That pursuant to Section 161 of the Companies Act 1967 and Rule 806 of the Listing Manual (Section B: Rules of Catalist, also known as “**Catalist Rules**”), authority be and is hereby given to the Directors of the Company to:

- (i) issue shares in the capital of the Company whether by way of rights, bonus or otherwise, and/or
- (ii) make or grant offers, agreements or options that might or would require shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible into shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may, in their absolute discretion deem fit; and

- (iii) (notwithstanding that the authority conferred by this resolution may have ceased to be in force) issue shares in pursuance of any instruments made or granted by the Directors whilst this resolution was in force.

PROVIDED THAT:-

- (a) the aggregate number of shares to be issued pursuant to this resolution does not exceed one hundred percent (100%) of the total number of issued shares in the Company (excluding treasury shares and subsidiary holdings) of which the aggregate number of shares to be issued other than on a pro-rata basis to shareholders of the Company does not exceed fifty percent (50%) of the total number of issued shares in the capital of the Company (excluding treasury shares and subsidiary holdings);

Notice of Annual General Meeting

- (b) for the purpose of determining the aggregate number of shares that may be issued under paragraph (a) above, the percentage of issued shares shall be based on the total number of issued shares in the capital of the Company (excluding treasury shares and subsidiary holdings) at the time this resolution is passed, after adjusting for:
 - (i) new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which are outstanding at the time this resolution is passed, and
 - (ii) any subsequent bonus issue, consolidation or subdivision of shares; and
- (c) unless revoked or varied by the Company in general meeting, such authority shall continue in force until the conclusion of the next Annual General Meeting of the Company or when it is required by law to be held, whichever is earlier.
[See Explanatory Note i]

7. AUTHORITY TO ISSUE SHARES UNDER THE ICP PERFORMANCE SHARE PLAN

Resolution 5

That the Directors be and are hereby authorised to grant Awards in accordance with the provisions of the ICP Performance Share Plan (the “**Performance Share Plan**”) and to allot and issue from time to time such number of fully paid-up Shares as may be required to be allotted and issued pursuant to the vesting of Awards under the Performance Share Plan, provided that the aggregate number of Shares to be allotted and issued pursuant to the Performance Share Plan, when added to the number of Shares issued and/or issuable in respect of all options granted or awards granted under any other share-based incentive schemes adopted by the Company and for the time being in force, shall not exceed fifteen percent (15%) of the total issued and paid-up Shares (excluding treasury shares and subsidiary holdings) on the day preceding the date on which the Award shall be granted.

[See Explanatory Note ii]

8. RENEWAL OF SHARE PURCHASE MANDATE

Resolution 6

- (a) That for the purposes of Sections 76C and 76E of the Companies Act 1967 (the “**Companies Act**”), the exercise by the Directors of the Company of all the powers of the Company to purchase or otherwise acquire issued ordinary shares in the capital of the Company (“**Shares**”) not exceeding in aggregate the Maximum Limit (as hereinafter defined), at such price(s) as may be determined by the Directors of the Company from time to time up to the Maximum Price (as hereinafter defined), whether by way of:
 - (i) market purchase(s) (each a “**Market Purchase**”) on the Singapore Exchange Securities Trading Limited (“**SGX-ST**”); and/or
 - (ii) off-market purchase(s) (each an “**Off-Market Purchase**”) effected otherwise than on the SGX-ST in accordance with an equal access scheme as may be determined or formulated by the Directors of the Company as they consider fit, which scheme(s) shall satisfy all the conditions prescribed by the Listing Manual (Section B: Rules of Catalist) of the SGX-ST (“**Catalist Rules**”) and the Companies Act, and otherwise in accordance with all other laws and regulations, including but not limited to, the Constitution of the Company and the Catalist Rules as may for the time being be applicable be and is hereby authorised and approved generally and unconditionally (the “**Share Purchase Mandate**”);

Notice of Annual General Meeting

- (b) That unless varied or revoked by the Company in general meeting, the authority conferred on the Directors of the Company pursuant to the proposed Share Purchase Mandate may be exercised by the Directors at any time and from time to time during the Relevant Period (as hereinafter defined) and expiring on the earliest of:
- (i) the conclusion of the next Annual General Meeting of the Company is held or date by which such Annual General Meeting is required by law to be held;
 - (ii) the date on which the share purchases are carried out to the full extent of the proposed Share Purchase Mandate; or
 - (iii) the date on which the authority contained in the proposed Share Purchase Mandate is varied or revoked;
- (c) That for purposes of this ordinary resolution:

“Maximum Limit” means 10% of the total issued Shares of the Company as at the date of the passing of this ordinary resolution, unless the Company has effected a reduction of the share capital of the Company (other than a reduction by virtue of a share purchase) in accordance with the applicable provisions of the Companies Act, at any time during the Relevant Period (as hereinafter defined) in which event the issued Shares of the Company shall be taken to be the total number of the issued Shares as altered by such capital reduction (the total number of Shares shall exclude any Shares that may be held as treasury shares by the Company from time to time);

“Relevant Period” means the period commencing from the date of the passing of this ordinary resolution and expiring on the earliest of the date on which the next Annual General Meeting of the Company is held or is required by law to be held, the date on which the share purchases are carried out to the full extent of the proposed Share Purchase Mandate, or the date the said mandate is revoked or varied by the Company in a general meeting;

“Maximum Price”, in relation to a Share to be purchased or acquired, means the purchase price (excluding brokerage, stamp duties, commission, applicable goods and services tax and other related expenses) which shall not exceed:

- (a) in the case of a Market Purchase, 105% of the Average Closing Price (as hereinafter defined) of the Shares; and
- (b) in the case of an Off-Market Purchase pursuant to an equal access scheme, 120% of the Average Closing Price of the Shares,

in each case, excluding related expenses of the purchase, or acquisition; and

“Average Closing Price” means the average of the closing market prices of a Share over the last five (5) Market Days (as hereinafter defined) on which the Shares are transacted on Catalyst or, immediately preceding the date of the Market Purchase by the Company or, as the case may be, the Offer Date (as hereinafter defined) pursuant to the Off-Market Purchase, and deemed to be adjusted, in accordance with the rules of the SGX-ST, for any corporate action that occurs after the relevant five (5) Market Day period;

“Market Day” means a day on which the SGX-ST is open for trading in securities;

“Offer Date” means the date on which the Company announces its intention to make an offer for the purchase or acquisition of the Shares to holders of the Shares, stating the purchase price (which shall not be more than the Maximum Price determined on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Share Purchase;

Notice of Annual General Meeting

- (d) That the number of Shares which may in aggregate be purchased or acquired by the Company during the Relevant Period shall be subject to the Maximum Limit;
- (e) That the Directors of the Company and/or any of them be and are hereby authorised to deal with the Shares purchased by the Company, pursuant to the proposed Share Purchase Mandate in any manner as they think fit, which is permitted under the Companies Act; and
- (f) That the Directors of the Company and/or any of them be and are hereby authorised to complete and do all such acts and things (including without limitation, to execute all such documents as may be required and to approve any amendments, alterations or modifications to any documents), as they and/or he may consider desirable, expedient or necessary to give effect to the transactions contemplated by this ordinary resolution.
[See Explanatory Note iii]

By Order of the Board

Ong Min'er

Company Secretary

3 October 2023

Explanatory Note:

- i. Ordinary Resolution 4 proposed in item 6 above, if passed, will authorise the Directors of the Company to issue shares in the capital of the Company up to an amount not exceeding in aggregate one hundred percent (100%) of the total number of issued shares in the capital of the Company, excluding treasury shares and subsidiary holdings, at the time of the passing of this resolution, of which the aggregate number of shares to be issued other than on a pro-rata basis to the shareholders of the Company does not exceed fifty percent (50%) of the total number of issued shares in the capital of the Company, excluding treasury shares and subsidiary holdings.
- ii. Ordinary Resolution 5 proposed in item 7 above, if passed, will empower the Directors of the Company to allot and issue shares in the Company of up to a number not exceeding in total fifteen percent (15%) of the total number of issued shares (excluding treasury shares and subsidiary holdings) in the share capital of the Company from time to time pursuant to the vesting of Awards under the Performance Share Plan.
- iii. Ordinary Resolution 6 proposed in item 8 above, if passed, will renew the Share Purchase Mandate and will authorise the Directors of the Company to purchase or otherwise acquire Shares on the terms of the Share Purchase Mandate as set out in the Addendum. The rationale for the authority and limitation on the sources of funds to be used for the purchase or acquisition of Shares, including the amount of financing and the illustrative financial effects of the purchase or acquisition of Shares by the Company pursuant to the Share Purchase Mandate on the audited consolidated financial statements of the Group for the financial year ended 30 June 2023 are set out in greater detail in the Addendum enclosed together with the Annual Report.

Notes:

- 1. The Annual General Meeting ("**AGM**") will be held, in a wholly physical format, at Singapore Swimming Club, 45 Tanjong Rhu Rd, Singapore 436899 on Wednesday, 18 October 2023 at 3.00 p.m. ("**Physical Meeting**"). Shareholders and other attendees who are feeling unwell on the date of the AGM are advised not to attend the Physical Meeting. There will be no option for shareholders to participate virtually.
- 2. An electronic copy of the Notice of AGM, with its accompanying proxy form, the Company's Annual Report for the financial year ended 30 June 2023 ("**Annual Report**") and the Addendum to Shareholders relating to the proposed renewal of the share purchase mandate ("**Addendum**") have been made available on:
 - (a) the Company's website at the URL <https://www.icp.com.sg>; and
 - (b) SGXNet at the URL <https://www.sgx.com/securities/company-announcements>.

Shareholders who still wish to receive printed copies of the Annual Report and the Addendum may complete the relevant request slip, which has been sent to shareholders by post and is also available on SGXNet at the URL <https://www.sgx.com/securities/company-announcements> and return the request slip by post to 77 Robinson Road, #06-03 Robinson 77, Singapore 068896, no later than **10 October 2023**.

- 3. Authenticated Shareholders and proxy(ies) will be able to ask questions in person at the Physical Meeting. Arrangements have also been put in place to permit Shareholders to submit their questions ahead of the AGM. Please refer to Notes 14 and 15 below for further details.
- 4. The resolutions to be put to the vote of members at the AGM (and at any adjournment thereof) will be voted on by way of a poll.

Notice of Annual General Meeting

Voting by Proxy

5. A member who is not a relevant intermediary is entitled to appoint not more than two proxies to attend, speak and vote at the AGM. Where such member's form of proxy appoints more than one proxy, the proportion of the shareholding concerned to be represented by each proxy shall be specified in the form of proxy.
6. A member who is a relevant intermediary is entitled to appoint more than two proxies to attend, speak and vote at the AGM, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member's form of proxy appoints more than two proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the form of proxy.

"**Relevant Intermediary**" has the meaning ascribed to it in Section 181 of the Companies Act 1967.

A member can appoint the Chairman of the Meeting as his/her/its proxy, but this is not mandatory.

7. A proxy need not be a member of the Company.
8. The instrument appointing proxy(ies) must be submitted not less than seventy-two (72) hours before the time appointed for holding the AGM in the following manner:
 - (a) If submitted by post, be lodged at the office of the Company's Polling Agent, Complete Corporate Services Pte Ltd, at 10 Anson Road, #29-07 International Plaza, Singapore 079903; or
 - (b) If submitted electronically, be submitted via email to the Company's Polling Agent at icp-agm@complete-corp.com.

In either case, not later than 3.00 p.m. on 15 October 2023 ("**Proxy Deadline**").

9. Completion and return of the instrument appointing a proxy(ies) by a member will not prevent him/her from attending, speaking and voting at the AGM if he/she so wishes. The appointment of the proxy(ies) for the AGM will be deemed to be revoked if the member attends the AGM in person and in such event, the Company reserves the right to refuse to admit any person or persons appointed under the relevant instrument appointing a proxy(ies) to the AGM.
10. CPF and SRS investors:
 - (a) may vote at the AGM if they are appointed as proxies by their respective CPF Agent Banks/SRS Operators and should contact their respective CPF Agent Banks/SRS Operators if they have any queries regarding their appointment as proxies; or
 - (b) may appoint the Chairman of the Meeting as proxy to vote on their behalf at the AGM, in which case they should approach their CPF Agent Banks/SRS Operators to submit their votes.

In either case, not later than 3.00 p.m. on 9 October 2023, being seven (7) working days before the date of the AGM.

11. The proxy form must be executed under the hand of the appointor or of his attorney duly authorised in writing. Where the proxy form is executed by a corporation, it must be executed either under its common seal (or by the signatures of authorised persons in the manner as set out under the Companies Act as an alternative to sealing) or under the hand of an attorney or a duly authorised officer of the corporation.
12. Where the proxy form is signed on behalf of the appointor by an attorney, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company) be lodged with the proxy form, failing which the proxy form may be treated as invalid.
13. In the case of a member whose shares are entered against his/her name in the depository register (as defined in Section 81SF of the Securities and Futures Act 2001 of Singapore), the Company may reject any Proxy Form lodged if such member is not shown to have Shares entered against his/her/its name in the depository register as at 72 hours before the time appointed for the AGM, as certified by The Central Depository (Pte) Limited to the Company. The Company shall also be entitled to reject the Proxy Form if it is incomplete, improperly completed, or illegible (such as in the case where the appointor submits more than one Proxy Form).

Submission of Questions prior to the AGM

14. Shareholders, including CPF and SRS investors, may submit questions relating to the resolutions to be tabled for approval at the AGM in advance. To do so, all questions must be submitted by 3.00 p.m. on 10 October 2023 through any of the following means:
 - (a) If submitted by email, be received by the Company at agm@icp.com.sg; or
 - (b) If submitted by post, be deposited at the registered office of the Company, at 6 Temasek Boulevard, #23-01 Suntec Tower Four, Singapore 038986, attention to the Company Secretary.

When submitting questions by post or via email, shareholders should also provide the following details: (i) the shareholder's full name; (ii) the shareholder's address; and (iii) the manner in which the shareholder holds shares in the Company (e.g., via CDP, CPF, SRS and/or scrip), for verification purposes.

15. The Company will address all substantial and relevant questions relating to the resolutions to be tabled for approval at the AGM as received from shareholders by the cut-off date and time at 3.00 p.m. on 10 October 2023. The Company will publish its responses to such questions on SGXNet at the following URL <https://www.sgx.com/securities/company-announcements> by 13 October 2023. If substantial and relevant questions are submitted after the abovementioned cut-off time, they will be addressed during the AGM. Where substantially similar questions are received, the Company will consolidate such questions and consequently not all questions may be individually addressed.

Notice of Annual General Meeting

Personal data privacy: By (a) attending the AGM and/or any adjournment thereof, or submitting a proxy form appointing proxy(ies) and/or representative(s) to attend, speak and vote at the AGM and/or any adjournment thereof or (b) submitting any questions prior to the AGM, a member of the Company (i) consents to the collection, use and disclosure of the member's personal data by the Company (or its agents or service providers) for the purpose of the processing, administration and analysis by the Company (or its agents or service providers) of proxy forms appointing proxy(ies) and/or representative(s) for the AGM (including any adjournment thereof), addressing substantial and relevant questions from members received in advance of the AGM, and the preparation and compilation of the attendance lists, minutes and other documents relating to the AGM (including any adjournment thereof), and in order for the Company (or its agents or service providers) to comply with any applicable laws, listing rules, take-over rules, regulations and/or guidelines (collectively, the "**Purposes**"), (ii) warrants that where the member discloses the personal data of the member's proxy(ies) and/or representative(s) to the Company (or its agents or service providers), the member has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents or service providers) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (iii) agrees that the member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member's breach of warranty.
