**Corporate Information** 

# BUILDING CITIES BUILDING DREAMS

### - KOH BROTHERS

# CORPORATE PROFILE

From humble beginnings in 1966, **Koh Brothers Group Limited** has grown from strength to strength. Besides being a provider of engineering, procurement and construction ("EPC") services for infrastructure projects, the Group has expanded into real estate, building materials and providing EPC services for water and wastewater treatment, hydro-engineering, bio-refinery and renewable energy projects. With the expansion into synergistic business segments, the Group has created multiple revenue streams.

### OUR BUSINESS

# Construction and Building Materials

#### **Engineering and Construction**

Our Engineering and Construction services are provided through our Catalist-listed subsidiary, Koh Brothers Eco Engineering Limited ("KBE") Through its principal subsidiary, Koh Brothers Building & Civil Engineering Contractor (Pte) Ltd ("KBCE"), the Group provides a complete and diverse range of infrastructure and building project management, products, services and solutions for the construction industry.

Since 1983, KBCE has completed many major construction projects such as the Marina Barrage, Marina East Desalination Plant, Changi Water Treatment Plants, Downtown Line 1 Bugis MRT Station, Common Services Tunnel at Marina South, HDB Projects at Jurong West, Choa Chu Kang, Yishun and many drainage projects such as Punggol Waterway, Bukit Timah First Diversion Canal, Improvement to Kallang River and Geylang River Makeover.

As a testament to the quality of services provided, KBCE has won many accolades, including the highly prestigious Superior Achievement Award

at the American Academy of Environmental Engineers Annual Awards for its work on the Marina Barrage and International Safety Award Winner 2021 (Best in Country Award) for the Deep Tunnel Sewerage System Phase 2 Project.

Harnessing synergies from KBE, the Group is able to offer turnkey engineering solutions and tap opportunities in the water and wastewater treatment and hydro-engineering sectors. This is especially so as our Engineering and Construction division is graded A1 by the Building and Construction Authority ("BCA"), which allows us to tender for public sector construction projects of unlimited value. In addition, we also have a BCA ME11, L6 grading for mechanical engineering projects.

Projects currently undertaken by our Engineering and Construction division include the development of a private residential site at Holland Road, Singapore Changi Airport Runway 3 (Package 1), MRT Circle Line 6,

### OUR BUSINESS

Deep Tunnel Sewerage System Phase 2 contract and Influent Pumping Stations at Tuas Water Reclamation Plant. Recently, the Group also secured a contract from national water agency PUB to carry out mechanical, electrical and instrumentation control and automation works for the industrial liquids at Tuas Water Reclamation Plant.

#### **Building Materials**

The Building Materials division is a long established and renowned one-stop quality provider of concrete solutions to the construction industry. We market under the "G & W" branding.

We manufacture and supply ready-mix concrete and pre-cast products such as facades, household shelters, bathroom units, columns and planks to HDB projects, institutions and private developments.

G & W Ready-Mix Batching Plant

The Building Materials division is supported by batching plants and precast yards in Singapore and Malaysia. The Group also has a central truckmixer despatch system to facilitate the efficient despatch of trucks to meet the demands of our clients around Singapore so as to achieve greater efficiency.

#### **Bio-Refinery and Renewable Energy**

Through our indirect Catalist-listed subsidiary, Oiltek International Limited ("Oiltek"), our Bio-Refinery and Renewal Energy division is an established integrated process technology and renewable energy solutions provider. It has over 40 years of experience in providing solutions that cater to all types of vegetable oils including palm oil, soybean oil and rapeseed oil, which are some of the major agricultural commodities in the world.

Oiltek provides services for edible and nonedible oil industries including engineering, procurement, designing, construction and commissioning of edible and non-edible oil refining plants, downstream speciality products and processing plants, upgrading and retrofitting of existing facilities and turnkey outsidebattery-limits infrastructure engineering. We also provide services for renewal energy industries including engineering, procurement, designing, construction and commissioning of multi-feedstock biodiesel, enzymatic biodiesel, winter fuel, and palm oil mill effluent biogas methane recovery plants as well as engineering component sales, agency and distributorship, and specialty chemical product trading.

Oiltek - Integrated Process Technology & Renewal Energy Solutions Process

### OUR BUSINESS

Nonhyeon l'Park, South Korea

# **Real Estate**

Our Real Estate division provides quality property developments with specialised lifestyle themes at choice locations. We have managed to carve a niche in developing themed properties that are innovative and promote modern lifestyle. Projects completed include are Lincoln Suites off Newton Road, the Lumos development at Leonie Hill, Montana off River Valley Road and Starville at Lengkong Tiga.

Some of our recent completed development projects include the mixedused development, Nonhyeon I'Park in the heart of the famous Gangnam district in Seoul, South Korea and the development of Singapore's first bike-themed Executive Condominium, Westwood Residences, as well as Parc Olympia Condominium at Flora Drive which has sporting and recreational facilities.

Our most recent project, Van Holland is a luxurious freehold development at Holland Village. We are delighted that Van Holland project has clinched two prestigious awards – Best Luxury Boutique Condo Development, and Best Boutique Condo Architectural Design – bestowed by PropertyGuru Asia Property Awards.

# Leisure & Hospitality

Our Leisure & Hospitality division provides 'no-frills' hospitality services through Oxford Hotel that comprises more than 130 hotel rooms. Oxford Hotel has also recently completed major renovations as part of an upgrading programme. The Group also owns and operates The Alocassia, which consists of resort-styled service apartments with 45 suites located at Bukit Timah Road, a prime district in Singapore.

### OUR CORE VALUES

With knowledge and honesty, we add value to organisational excellence through commitment, teamwork, continuous self-development and opportunities for innovation.

#### KNOWLEDGE

Our culture of continuous improvement allows for the developmental opportunities that are responsive to the current and future challenges of our Company and our customers.

#### **O**PENNESS

We need to be open-minded to adapt and respond well to changes according to the environment.

#### HONESTY

We emphasise honesty in every aspect of our business, resulting in a Company that is trusted by our society at large whom we work with.

#### BONDING

Our culture of teamwork allows us to bring together the best thinking from our professionals and deliver optimum solutions to our clients' complex needs.

#### RESPONSIBILITY

Our culture encourages employees to pursue set goals and work towards achieving high standards of performance.

#### **O**PPORTUNITIES

We provide equal opportunity to all individuals to be innovative so as to bring Koh Brothers to the next level of excellence.

#### STANDARDS

We strive to achieve organisational excellence in whatever we set out to perform.

all for

### STATEMENT BY EXECUTIVE CHAIRMAN AND MANAGING DIRECTOR & GROUP CEO

#### Dear shareholders,

We are pleased to have achieved a turnaround in our bottom line amidst a very challenging operating environment brought on by the global pandemic. Notwithstanding the challenges we face, we remain confident of our prospects. In particular for our Construction and Building Materials division, as demand for public and private construction projects picks up, we remain committed to building up a strong order book and focusing on higher value projects by leveraging on our strong track records and expertise.

In the midst of the current situation, we assessed our long term plans and prospects of Koh Brothers Eco Engineering Ltd ("KBE"). We took the strategic decision to increase KBE's capital base through the allotment and issue of the KBE subscription shares to Penta-Ocean Construction Co. Ltd ("POC") on 8 June 2021. We believe that KBE will be able to further strengthen its financial position by increasing its capital base and that this will provide KBE with additional resources to bid for more capital intensive projects and pursue potential growth opportunities. KBE and POC will reassess future business opportunities and business plans going forward. The Group will continue to expand its engineering and construction capabilities and will also remain as the largest shareholder of KBE.

The latest round of property cooling measures have impacted the Additional Buyer's Stamp Duty for both individuals and developers, and further tightened the Total Debt Servicing Ratio and loan-to-value ratio for financing purposes. In spite of the challenges, the Group has established itself as a niche boutique developer. We will continue to incorporate interactive marketing strategies and digital tools to present and market our projects. As we forge ahead in this increasingly competitive landscape, we endeavour to cater to diverse needs with quality, value-adding and sustainable developments that appeal to buyers and investors in Singapore and the region.

#### **OUR FINANCIALS**

Despite the debilitating impact of the COVID-19 pandemic on businesses around the world, the Group achieved a 4% growth in revenue of S\$252.6 million for the financial year ended 2021 ("FY2021") as compared to S\$243.1 million for the financial year ended 2020 ("FY2020"). The increase was largely due to the low base in FY2020 when most of the construction work ceased during the Circuit Breaker period from 7 April 2020. The Group recorded a net profit attributable to shareholders of S\$6.9 million in FY2021, reversed from a net loss attributable to shareholders of S\$14.8 million in FY2020.

Overall, the Group maintained a strong balance sheet with a lower net gearing of 0.9 times. As at 31 December 2021, we have S\$95.2 million of cash and bank balances while shareholders' equity stood at S\$287.1 million. The Group's current ratio remains healthy at 1.7x as at 31 December 2021. Net assets value per share was 69.61 Singapore cents as at 31 December 2021. "FY2021 HAS BEEN A RAY OF HOPE AFTER THE STORM, AS THE GLOBAL ECONOMY STARTS MOVING ON TRACK FOR RECOVERY, PROVIDING MUCH-NEEDED RELIEF FOR BUSINESSES. THE GROUP WILL BUILD ON THE MOMENTUM AND SHARPEN OUR CAPABILITIES AND COMPETITIVENESS FOR A POST-PANDEMIC RECOVERY"

> Left: Koh Tiat Meng Executive Chairman

Right: Koh Keng Siang (Francis) Managing Director & Group CEO

### STATEMENT BY EXECUTIVE CHAIRMAN AND MANAGING DIRECTOR & GROUP CEO

#### **CONSTRUCTION AND BUILDING MATERIALS**

The Construction and Building Materials division saw an increase of revenue for FY2021 at S\$233.5 million compared to S\$225.9 million for FY2020. This was mainly because construction activities recovered from FY2020's low base.

Despite the challenging conditions, the Construction division successfully managed to secure a S\$200.7 million contract from PUB, Singapore's National Water Agency, to carry out mechanical, electrical and instrumentation control and automation ("MEICA") works for Industrial Liquids Module 1 at Tuas Water Reclamation Plant ("Tuas WRP"). Winning this contract was a strong testament to our expertise and proven track record in water and wastewater treatment, which are well showcased in past projects. These include the Changi Water Reclamation Plant, one of the world's largest in terms of treatment capacity, Keppel Marina East Desalination Plant, Singapore's first large-scale plant that is able to treat both freshwater and seawater, and the Tuas WRP Contract 2A – Influent Pumping Stations where we are building deep pumping stations, that will convey used water from PUB's Deep Tunnel Sewerage System to the plant's liquids modules for treatment.

As at 31 December 2021, the Group's construction order book stood at S\$775.0 million.

Based on the latest projection from the Building and Construction Authority Singapore, the demand in the construction sector over the medium term is expected to see a steady improvement, reaching between S\$27 billion and S\$32 billion in 2022. The public sector is expected to contribute S\$16 billion to S\$19 billion per year during the period. Besides public residential developments, public sector construction demand over the medium term will continue to be supported by large infrastructure and institutional projects such as Cross Island MRT Line (Phase 2 and 3), the Downtown Line Extension to Sungei Kadut, and the Deep Tunnel Sewerage System Phase 2.

However, the Group expects the construction industry to remain challenging with an increasingly competitive environment, supply chain disruptions, increase in commodity prices, manpower shortage and higher labour costs brought about mainly by the existing border control measures. The on-going Russia-Ukraine conflict has further caused greater uncertainty and challenges. In addition, we are also experiencing rising prices of construction materials. We will have to take all these factors into account in our

construction project tenders. However, with our requisite track record, experience and capabilities, we are confident of having a sustainable growth and maintaining a strong order book.

#### **REAL ESTATE**

Our Real Estate division recorded an increase in revenue to S\$17.7 million in FY2021 from S\$15.1 million in FY2020 due to good progress for our development in Van Holland. We are delighted that the Group's Van Holland project has recently clinched two prestigious awards simultaneously, namely Best Luxury Boutique Condo Development and Best Boutique Condo Architectural Design bestowed by PropertyGuru Asia Property Awards, the leading industry awards programme rewarding only the region's finest real estate.

The private residential property index in the fourth quarter of 2021 increased to 173.6 points according to flash estimates by the Urban Redevelopment Authority. Private home prices have also increased by 10.6% in 2021. The Group will continue to monitor the market and will step up efforts to replenish our land bank selectively. In addition to the development opportunities in Singapore, the Group will also explore into foreign lands, taking off from our recent successful real estate development in South Korea.

#### LEISURE AND HOSPITALITY

The Leisure and Hospitality sector in Singapore has been one of the hardest hit sector resulting from COVID-19. We at Koh Brothers were not spared. Our Leisure and Hospitality division recorded a decrease in revenue from S\$2.0 million in FY2020 to S\$1.5 million in in FY2021. With the gradual resumption of travel, opening of borders and an overall resolution to push ahead to open economies, we expect that our Leisure & Hospitality division will benefit from it.

#### **PROPOSED DIVIDEND**

To thank shareholders for their continuous support, the Board has proposed a final dividend of 0.20 Singapore cent per share to be approved by shareholders at the forthcoming Annual General Meeting.

#### ACKNOWLEDGEMENTS

We remain steadfast in navigating these challenges by exercising discipline and prudence in our finances, staying nimble in our business operations and embracing technology and innovation to enhance productivity and our competitive edge.

We would like to take this opportunity to thank all our stakeholders, clients, business associates, partners, shareholders and employees for their continued support.

Koh Tiat Meng Executive Chairman

Koh Keng Siang (Francis) Managing Director & Group CEO

KOH TIAT MENG Executive Chairman

**KOH TEAK HUAT** Executive Deputy Chairman

KOH KENG SIANG (FRANCIS) Managing Director & Group CEO

KOH KENG HIONG (JOSEPH) Executive Director and Deputy CEO (Real Estate and Leisure & Hospitality divisions)

**MR KOH TIAT MENG** is the Executive Chairman of Koh Brothers Group Limited. He was appointed a Director on 2 February 1994 and was last re-elected on 17 April 2019. He is also the Chairman of the Executive Committee.

Mr Koh founded the Group in 1966 and has more than 50 years of experience in the construction industry. He was the driving force in charting the strategic expansion of the Group's businesses in Construction, Building Materials, Real Estate and Leisure & Hospitality as well as spearheading its activities into China, Malaysia, Indonesia and Vietnam.

In 2009, Mr Koh was awarded the Public Service Medal (PBM) by the President of Singapore for his contributions to social and community services.

**MR KOH TEAK HUAT** is the Executive Deputy Chairman of the Company. He was appointed a Director on 2 February 1994 and was last re-elected on 27 April 2021. He is also the Deputy Chairman of the Executive Committee.

Mr Koh joined the Group in 1970 and was a major contributor to the growth of the Group's core businesses. He has more than 45 years of experience in the construction industry, with in-depth expertise in managing drainage, excavation and reclamation projects.

Mr Koh was conferred the title of Dato' Paduka Mahkota Terengganu Yang Kehormet, D.P.M.T. by the Sultan of Terengganu, Malaysia on 29 April 1994.

**MR FRANCIS KOH** is the Managing Director and Group Chief Executive Officer of the Company. He was appointed a director on 5 May 1994 and was last re-elected on 29 April 2005. He was appointed as the Managing Director and Group CEO on 12 January 2007. He is a member of the Executive Committee and the Nominating Committee.

Mr Koh has been with the Group since 1987 and has held various positions in administration, finance and project management. He was the main driving force behind the expansion of the Group's business into Real Estate and Leisure & Hospitality. He is credited with spearheading the Group to establish its brand name in Singapore as a builder of quality homes.

Mr Koh holds a Master of Business Administration from the National University of Singapore and a Bachelor of Engineering (Honours) from the University of Birmingham. He was conferred the Best Executive Award 1997-1998 by His Excellency, the State Minister of Industry and Trade of the Republic of Indonesia, Mr Ir T Airwibowo. He was also conferred the Promising SME 500 (Distinguished Business Leader of the Year) in 2014 and was named the Real Estate Personality of the year 2016. Mr Koh is also the Non-Executive and Non-Independent Chairman of Koh Brothers Eco Engineering Limited, Non-Executive Director of Oiltek International Limited and a counsel member of the Teochew Federation Council and Honorary Chairman of the Singapore Khoh Clan Association.

**MR JOSEPH KOH** is an Executive Director of the Company. He was appointed a Director on 7 February 2007 and was last re-elected on 25 June 2020. He is a member of the Executive Committee.

Mr Koh began his career with the Group in 1991 and involved in many key business development projects of the Group in Vietnam and Singapore. With over 25 years of experience, he has amassed an extensive portfolio of skills and capabilities spanning across a broad spectrum of businesses in hospitality and property. His vast array of expertise has seen him engaged in key corporate and operations functions such as strategic business management, corporate planning, sales and marketing, finance, human resource, information technology, as well as business development.

Mr Koh holds a Bachelor of Science with Honours in Business Administration (majoring in Finance) from the San Francisco State University, California, USA.

LEE SOK KHIAN JOHN Executive Director

QUEK CHEE NEE Non-Executive and Non-Independent Director

**ER DR LEE BEE WAH** Non-Executive and Lead Independent Director

**MR JOHN LEE** is an Executive Director of the Company. He was appointed a Director on 9 May 2016 and was re-elected on 17 April 2019.

Prior to Mr Lee's appointment as a Director of the Company, he was its Chief Financial Officer and Company Secretary. He has an extensive experience in management, corporate, accounting and finance functions in various industries.

Mr Lee is a Fellow of the Institute of Singapore Chartered Accountants and the Association of Chartered Certified Accountants. He is also an Associate of the Chartered Institute of Management Accountants and the Chartered Secretaries Institute of Singapore. Mr Lee is also currently a Non-Executive and Non-Independent Director of Koh Brothers Eco Engineering Limited.

**MDM QUEK CHEE NEE** is a Non-Executive and Non-Independent Director of the Company. She was appointed a Director on 2 February 1994 and was last re-elected on 25 June 2020.

Mdm Quek joined the Group in 1969 and assisted the Chairman in running the Group's construction activities when it was still undertaken as a sole proprietorship. She played a pivotal role in helping the Group corporatise its businesses and achieve major success before relinquishing her executive role.

Mdm Quek has more than 50 years of experience in the construction industry and contributed significantly to the Group's growth.

**ER DR LEE BEE WAH** is an Independent Director of the Company. She was appointed a Director on 1 July 2015 and was last re-elected on 27 April 2021. She was appointed as the Lead Independent Director on 20 June 2016 and is the Chairperson of the Audit and Risk Committee and member of the Nominating Committee.

Er Dr Lee is a Licensed Professional Engineer who made history at the Institution of Engineers Singapore ("IES") by becoming its first woman President in 2008. She is also the first Singaporean to be awarded Honorary Fellow of the Institution of Structural Engineers, United Kingdom. Er Dr Lee is a Honorary Fellow Member of IES and a past Board Member of the Professional Engineers Board. She holds a Master of Science (Engineering) from the University of Liverpool and a Bachelor of Civil Engineering from Nanyang Technological University. She was conferred a Honorary Doctorate by the University of Liverpool in July 2011.

She is currently the Group Director of Meinhardt (Singapore) Pte Ltd, a leading global engineering, planning and management consultancy firm. Prior to this, she was the Principal Partner of LBW Consultants LLP before its acquisition by Meinhardt Group. Er Dr Lee was a Member of Parliament from 2006 to 2020. As an MP, she had brought up various issues in Parliament to improve the standing of the engineering profession in Singapore such as the salaries of engineers and the implementation of green engineering in building structures. She currently chairs the Nanyang Technological University School of Civil & Environmental Engineering Advisory Committee.

Er Dr Lee was the President of the Singapore Table Tennis Association ("STTA") from 2008 to 2014. During her tenure, STTA put Singapore on the global sporting map, winning medals in the 2008 Beijing Olympics and the 2012 London Olympics. She is currently the Adviser to the STTA and Singapore Swimming Association. Er Dr Lee is also the Non-Executive Chairman of Amcorp Global Ltd and a Director of the Building and Construction Authority.

**LAI MUN ONN** Non-Executive and Independent Director

**OW YONG THIAN SOO** Non-Executive and Independent Director

LOW YEE KHIM (DANNY) Non-Executive and Independent Director

### SENIOR MANAGEMENT

#### SHIN YONG SEUB (PAUL)

Chief Executive Officer (Koh Brothers Eco Engineering Limited)

Mr Paul Shin was appointed the Chief Executive Officer of Koh Brothers Eco Engineering Limited in 2016. Prior to joining Koh Brothers Eco Engineering Limited, he held various senior management positions in Samsung C & T Corporation. The last position he held there was Head of its South East Asia Headquarters.

Mr Shin holds a Bachelor of Arts degree in International Business from Hankuk University of Foreign Studies, as well as a Bachelor of Arts in Middle East Politics & Economics from King Saud University. He also has a Master's degree in International Business Administration from Korea University.

#### **CHOO SIEW MENG**

Deputy Chairman (Koh Brothers Eco Engineering Limited)

Mr Choo Siew Meng was appointed as Executive Director (Construction) in December 2017 and was promoted to Deputy Chairman in 2022. He has more than 45 years' experience in the construction industry including a stint as a Civil Engineer with the Housing & Development Board from 1973 to 1977.

He has been with Koh Brothers Group for 20 years where he was responsible for the overall performance of the Construction division. Mr Choo has in-depth knowledge and experience in building projects as well as highly specialised civil engineering and infrastructural projects such as the Marina Barrage, Tuas Drydock, Changi Water Reclamation Plant and the Common Services Tunnel (Marina South).

Mr Choo holds a Bachelor of Engineering from the University of Singapore.

#### **CHAN PING MENG**

Executive Director (Building Materials division)

Mr Chan Ping Meng joined the Building Materials division as Operations Manager in 1997. He was promoted to Executive Director of G & W Precast Pte Ltd and G & W Building Materials Sdn Bhd in 2013. He has more than 35 years' experience in precast concrete operations and has been involved in precasting for a wide variety of civil engineering, building and marine construction projects. Mr Chan holds a Diploma in Civil Engineering from the Singapore Polytechnic and a Specialist Diploma in Precast Concrete Construction from the Building and Construction Authority, Singapore.

#### **LEONARD YAP**

General Manager (Ready-Mix division)

Mr Leonard Yap joined the Group as General Manager (Ready-Mix division) in 2021 and is responsible for overseeing the operations, business performance and growth of this division. Mr Yap has more than 25 years' experience in management, sales, production and procurement. Prior to joining the Group, he has held senior positions with various companies in the building materials industry. He holds a Bachelor of Arts with Honours in Accountancy from Birmingham City University.

#### **BERNARD WONG EE YU**

Executive Director

(Real Estate division)

Mr Bernard Wong joined the Group as Executive Director (Real Estate division) in 2012 and is responsible for overseeing the operations, business performance and growth of this division. Mr Wong has more than 30 years' engineering and management experience in the property sector. Prior to joining the Group, he held senior and management positions with various property developers in Malaysia.

Mr Wong holds a Bachelor of Engineering with Honours in Civil Engineering from the University of Birmingham. He is also a director of Oiltek International Limited.

#### TAY TZE WEN (SAMMI)

Financial Controller

Ms Sammi Tay joined the Group in 2006 and was promoted to her current position of Financial Controller in May 2016. She is responsible for the Group's financial affairs including accounting, finance, treasury, taxation as well as risk management. Ms Tay has 20 years' experience in auditing, accounting and finance. She holds a Bachelor of Commerce in Accounting and Finance from Monash University, Australia. She is also a Chartered Accountant of ISCA and a member of CPA Australia.

#### THERESE NG CHEW HWEE

Company Secretary

Ms Therese Ng rejoined the Company in June 2020 as the Company Secretary. She is responsible for the Group's corporate secretarial and compliance functions. She has more than 15 years' experience in corporate secretarial and related compliance matters. Ms Ng holds a Master of Science in Finance, Accounting and Management from University of Bradford, United Kingdom. She is also an Associate of the Chartered Secretaries Institute of Singapore.

#### **BOARD STATEMENT**

Koh Brothers Group Limited (the "Company", and together with its subsidiaries, the "Group"), is pleased to present its sustainability report for the financial year ended 31 December 2021. This report demonstrates our continuing commitment towards building a more sustainable future, as global and national calls for combating climate change have been increasing with urgency.

Being in the construction sector, we understand the impact that our operations has on the environment, and recognise that it is our responsibility to incorporate sustainable practices into our corporate strategy and daily operations. Our sustainability strategy and principles are also linked to the Group's motto, Building Cities Building Dreams, which drives the behaviours, attitudes, decisions and actions of the business.

Against the backdrop of a persistent COVID-19 pandemic and the ongoing conflict between Russia and Ukraine, there is greater uncertainty in the global economy than before. However, the Group remains committed to deliver the best value to our stakeholders in a sustainable manner, while navigating today's challenging operating environment. With the continued support of our business partners and employees, the Group has adapted to the evolving business landscape by adjusting our ways of working to ensure business viability, and also supporting the well-being of our employees and local communities.

With the recent SGX announcements for upcoming requirements for internal review over sustainability reporting and mandatory climate reporting for our industry, we endeavour to strengthen the integration of sustainability into the heart of our business by aligning our sustainability strategy with organisational objectives. The Group considers sustainability issues part of our strategic formulation and continues to focus on setting up a strategic direction towards the efficient consumption of resources, workplace diversity, fair employment practices, as well as the health and safety of our employees.

The directors of the Company ("the Board") continue to be supported by management in integrating sustainability considerations into business decisions. As discharged by the Board, management from across the Group is responsible for determining ESG issues that are material to the Group, managing and reporting the Group's ESG performance.

The Board thanks its various stakeholders for being part of our sustainability journey and looks forward to a continued partnership as we strive towards responsible corporate citizenship.

Board of Directors

#### **Koh Brothers Group Limited**

#### **ABOUT THIS REPORT**

#### **REPORTING PERIOD AND SCOPE**

This report addresses the Group's practices and performance around its material ESG factors for the period of 1 January to 31 December 2021. The scope of the report covers the Group's main operating entities under two business divisions, the Construction and Building Materials and Real Estate divisions.

#### **REPORTING FRAMEWORK**

This report has been prepared in accordance with the requirements of SGX-ST Listing Rules 711A and 711B, and with reference to the Global Reporting Initiative ("GRI") Standards. The GRI Standards were selected as it is an internationally recognised reporting framework that covers a comprehensive range of sustainability disclosures.

This report references the following GRI Standards and topic-specific disclosures:

- Disclosure 201-1 from GRI 201: Economic Performance 2016
- Disclosures 302-1 (c(i)) from GRI 302: Energy 2016
- Disclosures 302-3 (a) from GRI 302: Energy 2016
- Disclosures 303-5 (a) from GRI 303: Water and Effluents 2018
- Disclosure 403-9 (a(i) and (iii)) from GRI 403: Occupational Health and Safety 2018
- Disclosure 405-1 (b(i)) from GRI 405: Diversity and Equal Opportunity<sup>1</sup>

For the next sustainability report for the financial year ending 31 December 2022, it will be subject to an internal review by Internal Audit in compliance with the new SGX-ST Listing Rules 711B. We have not sought external assurance for this reporting period, but may consider doing so in the future.

#### FEEDBACK

We value and welcome all feedback from stakeholders as they are integral to the continuous improvement of our sustainability practices and reporting.

Please send all comments and suggestions to our Investor Relations Consultants, Citigate Dewe Rogerson.

<sup>&</sup>lt;sup>1</sup> For Disclosure 405-1, the gender distribution of employees is disclosed in this report, without the breakdown by employee category.

#### MANAGING SUSTAINABILITY

#### STAKEHOLDER ENGAGEMENT

We understand that stakeholders play a critical role in determining a business' long-term viability, and have identified our key stakeholders as groups or individuals who impact our strategy the most or are directly impacted by it.

We actively engage our key stakeholders on a consistent basis to understand their needs and expectations, and strive to respond to their concerns in a timely manner. Thus, it is always our priority to maintain open lines of communication with our stakeholders.

Media	Media announcements

#### MATERIALITY ASSESSMENT

We believe that material issues have a direct or indirect impact on our ability to create, preserve or deplete the economic, environmental and social value for ourselves, our stakeholders and the society at large. A materiality assessment allows us to identify aspects most relevant to us, which aids in defining our sustainability goals and their alignment with our business aspirations.

In September 2017, the Company conducted an inaugural 3-step materiality assessment in line with the Materiality Principle of the GRI Standards. The process is described as follows:

In the process of identifying the material ESG factors, the Company considered the following:

- Global and local emerging sustainability trends;
- Main topics and future challenges for the construction, building materials, and real estate sectors, as identified by peers; and
- Insights gained from regular interactions with internal and external stakeholders

Our assessment yielded 4 material ESG factors as shown in the table below.

In 2021 the Company re-validated these material ESG factors identified in 2017. Taking into consideration our business operations and the new sustainability landscape and stakeholder needs and expectations, the existing 4 ESG factors were deemed to remain relevant and material to the Group. The Company will regularly review and assess these material ESG factors to ensure their relevance.

SUSTAINABILITY FOCUS AREA	MATERIAL ESG FACTORS		
Economic	Economic performance <sup>3</sup>		
Environmental	Utilities and emissions		
Social	Employee well-being		
SUCIAL	Health and safety		

<sup>&</sup>lt;sup>2</sup> All activities were conducted while adhering to the government's Safe Management Measures ("SMM").

<sup>&</sup>lt;sup>3</sup> Please refer to the 2021 Annual Report for financial statements that provides more information on the Group's economic performance for the financial year ended 31 December 2021.

PERFORMANCE MEASURES <sup>4</sup>	2020	2021	2021 PERFORMANCE AGAINST 2021 TARGETS						
Energy	Energy								
Total energy consumed (kWh)	840,831	1,235,382	Not achieved - Maintain energy						
Total energy intensity (kWh/m²)	3.04	5.50	intensity at 3.0 kWh/m² based on Project GFA						
Water									
Total water consumed (m³)	225,814	308,565	Not achieved - Maintain water intensity at 0.4						
Total water intensity (m³/m²)	0.82	1.36	m <sup>3</sup> /m <sup>2</sup> based on Project GFA						
Employee Well-bei	ing								
Gender distribution: Male	80%	75%	Achieved - Maintain a gender distribution ratio						
Gender distribution: Female	20%	25%	within the Group of between 70% to 80% for male employees and between 20% to 30% for female employees						
Health and Safety									
Total number of workplace fatalities	0	0	Achieved - Maintain zero workplace fatalities						
Accident Severity Rate ("ASR") <sup>5</sup>	29.88	28.79	Not achieved <sup>6</sup> - Keep Accident Severity Rate below 10.45						

#### **ENVIRONMENTAL**

#### UTILITIES AND EMISSIONS

With the increasing focus on net zero emissions and climate change around the world, the Company seeks to minimise its environmental footprint and impacts by striving to improve energy efficiencies and reduce energy consumption from its operations.

Our 2021 energy performance, which comprises of electricity and diesel consumption, and water consumption is as follows:

#### 2021 PERFORMANCE

#### Energy

- Total energy consumption: 1,235,382 kWh
- Energy intensity per Project Gross Floor Area ("GFA"): 5.50 kWh/m<sup>2</sup>

#### Water

- Total water consumption: 308,565 m<sup>3</sup>
- Water intensity per Project GFA: 1.36 m<sup>3</sup>/m<sup>2</sup>

#### 2021 TARGETS

#### Energy

 Maintain energy intensity at 3.0 kWh/m<sup>2</sup> based on Project GFA

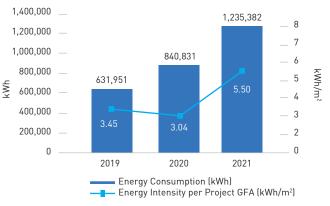

#### Water

• Maintain water intensity at 0.4 m<sup>3</sup>/m<sup>2</sup> based on Project GFA

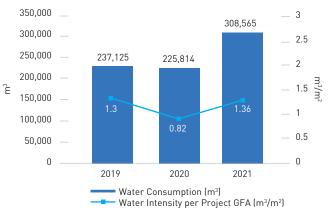

#### 2022 TARGETS

- Reduce energy intensity by 5% to 10% compared to 2021 level
- Reduce water intensity by 5% to 10% compared to 2021 level

#### **Energy Consumption and Intensity**

#### Water Consumption and Intensity

<sup>&</sup>lt;sup>4</sup> The disclosures for these performance measures encompass the Group's performance by its main operating entities under the Construction and Building Materials division.

<sup>&</sup>lt;sup>5</sup> "ASR" refers to the number of lost workdays experienced by the Company's Construction and Building Materials division and computed based on the number of man-days lost due to workplace accidents per million man-hours worked.

<sup>&</sup>lt;sup>6</sup> Target pertaining to maintaining ASR below construction industry average is no longer applicable as data is not available. Accident Severity Rate was no longer published since the January to June 2019 edition of the Workplace Safety and Health Report by the Ministry of Manpower, to align with international practices.

Our energy and water consumption are dependent on type, size, construction stage, construction activity, and whether the project is a building or civil engineering project. Thus, annual consumption trends may not be entirely comparable as energy and water consumption tend to be higher during the middle stages of a project.

In 2021, energy and water intensity increased by 81% and 66% respectively from 2020 mainly due to the gradual resumption of construction activities after the implementation of the Circuit Breaker period by the government in 2020 and the usage of Construction Temporary Quarters which were built on construction sites in the last quarter of 2020.

The Group understands that measures must be identified and taken on a firm-wide level to improve our energy and water consumption performance. We have continued to make efforts in conserving our resources and managing our consumptions, so that the Group can optimise its utilities and emissions performance.

Measures implemented by the Group as of date include the following:

- Regular maintenance of equipment and facilities to ensure optimal energy efficiency
- Provision of high-efficiency systems such as lifts with variable voltage frequency and sleep mode features
- Installation of energy-efficient light fittings and motion sensors at the common staircases and toilets
- Use of NEWater instead of PUB domestic water for construction works (e.g. cleaning of sites)

To manage the Group's environmental performance holistically and systematically, the Company also maintains the ISO 14001:2015 certification for environmental management systems. This certification helps map out a framework that our Group can adhere to set up an effective environmental management system, demonstrating our commitment to improving and reducing our environmental impact. Going forward, the Group will continue to maintain zero nonconformances for all external audits conducted for the aforementioned management systems.

In addition to reducing energy and water consumption, the Group aspires to help others decrease their resource use through promoting green buildings in line with the Singapore Green Building Masterplan. In the next year, we target to reduce both our energy and water intensities by 5% to 10% compared to 2021.

#### SOCIAL

#### **EMPLOYEE WELL-BEING**

We recognise the key role that employees play in the success of our business. Therefore, the Group remains committed to support and develop our employees wherever possible. We hope to create an environment where employees share the same values with the Group.

#### 2021 PERFORMANCE

#### **Gender Distribution**

- Male: 75%
- Female: 25%

#### 2021 TARGETS

#### Male Employees

- Achieve a ratio of between 70% to 80%
- Female Employees
- Achieve a ratio of between 20% to 30%

#### 2022 TARGETS

• Maintain a gender distribution ratio within the Group of between 70% to 80% for male employees and between 20% to 30% for female employees

Diversity is essential to building a dynamic, engaging, and productive workforce. The Group does not tolerate any discrimination on the grounds of sex, age, racial origin, religious affiliation, disability or marital status. We adopt a fair employment policy that provides everyone with equal opportunities free from discrimination. All employees are evaluated based on their merits and have an equal opportunity to be trained, promoted, selected for posts, and to have their employments terminated fairly.

Recognising that it operates in a male-dominated industry, the Group has highlighted the importance of monitoring gender diversity and will continue to explore opportunities to improve inclusivity and gender diversity among its workforce. In addition, the Group believes that understanding its employees' needs is crucial to retaining employees, and thus deploys an "open-door" policy to encourage communication between management and employees.

Another key to retaining employees is to provide them with an engaging and fulfilling career by helping them discover and achieve their full potential. The Group provides academic and professional courses for job enhancement or job requirements, including job rotations, which allows employees to gain different skill sets and deepen their understanding of the Group's operations. The Group also reviews each employee's development plans during the annual performance appraisal to ensure that their training needs and goals are addressed.

In 2021, the Group achieved the targeted gender distribution ratio of 20% to 30% for female employees. In the forthcoming year, the Company aims to continue achieving this gender distribution ratio of 70% to 80% for male employees and 20% to 30% for female employees.

#### **HEALTH AND SAFETY**

Safeguarding our employees' health and safety is of utmost importance to us and is integral to ensuring smooth operations. The Group believes that work progress cannot be achieved at the expense of health and safety, hence the tone of defining employees' health and safety is crucial in fostering a safe and effective working environment. Maintaining a safe working environment is also the responsibility of all employees and management across the organisation.

Our health and safety performances for the reporting year are as follows:

#### 2021 PERFORMANCE

#### **Workplace Fatalities**

Zero workplace fatalities

#### Accident Severity Rate ("ASR")7

• Accident Severity Rate ("ASR"): 28.79

#### 2021 TARGETS

#### **Workplace Fatalities**

• Zero workplace fatalities

#### Accident Severity Rate ("ASR")

• Reduce Accident Severity Rate to 10.45

#### **2022 TARGETS**

#### **Workplace Fatalities**

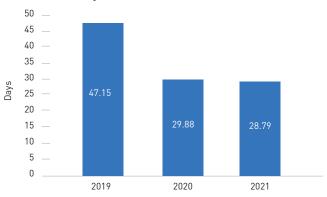

Maintain zero workplace fatalities

#### **Accident Severity Rate**

- Reduce Accident Severity Rate by 10% to 15% from 2021
   level
- Attain Accident Severity Rate of below 10.45 in the next 3 to 5 years

#### Accident Severity Rate ("ASR")

During the year, the Group met its target of zero workplace fatalities, and also reduced the ASR by 4%; from 29.88 days in 2020 to 28.79 days in 2021. Although we have yet to achieve our ASR level in 2021, we have been proactively taking measures to progressively improve our ASR towards this target within the next 3 to 5 years.

The Company has established Health and Safety Policies, including measures pertaining to the COVID-19 situation (see "Managing the Impacts of COVID-19" section for more information), that all business lines are required to adhere to and implement during their operations. At the Company level, the Construction and Building Materials division has fortnighly meetings to discuss health and safety issues and incidents, and evaluate the sufficiency of health and safety initiatives. A Health and Safety Forum is also held quarterly, where the Management of the Construction and Building Materials division will discuss health and safety issues with the Company's Health, Safety, and Environment ("HSE") division.

<sup>&</sup>lt;sup>7</sup> "ASR" refers to the number of lost workdays experienced by the Company's Construction and Building Materials division and computed based on the number of man-days lost due to workplace accidents per million man-hours worked. ASR = (Lost of Man Day / Total Man Hours) x 1,000,000.

With the establishment of the Management HSE Committee, monthly site visits and inspections are conducted and thereafter committee meetings are held to discuss the health and safety issues.

At the project level, health and safety risks and impacts are assessed for all projects and opportunities for improvement in the different project life cycle stages are identified, such as during project plan development, project execution and project handover. At weekly project meetings, health and safety issues are discussed and messages from the meetings are cascaded to all supervisors and workers every morning before starting work. A group chat has also been formed to facilitate real-time safety updates and incident reporting between the management and project teams.

At the site level, a safety manager conducts spot checks to ensure that assets and equipment including elevators, escalators and stairwells are well-maintained at worksites, ensuring that all necessary safety equipment are in place. 24/7 security guards are also hired to conduct daily rounds and spot checks. Periodic meetings are conducted with project consultants to highlight any health and safety-related matters. If any safety incidents were reported by employees or visitors, the safety managers are responsible for conducting timely investigation and execution of preventive and corrective actions. The Company has a group of appointed clinics to provide readily-available medical and healthcare services to employees and workers when required.

To supplement regular reviews of health and safety issues at various levels, the Company provides regular training to educate employees on the potential occupational health risks and safety hazards, as well as the proper precautions to take. Each of our projects has a training plan and various HSE trainings are conducted monthly. Employees are also required to complete a HSE induction programme at the KBCE Training Centre. All participants, including instructors and employees are wearing masks at all times and maintain safe distancing when performing the physical training. The Company's Construction and Building Materials division has set aside a health and safety budget dedicated to implementing health and safety improvement initiatives. Procedures are also in place to award workers, supervisors and subcontractors for safety-conscious behaviours to incentivise and nurture the safety culture, such as the monthly Best Safety Conscious Supervisor and Worker award.

In the next year, the Group aims to maintain zero workplace fatalities. We also aim to reduce the ASR rate by 10% to 15% compared to 2021, progressively targeting to achieve an ASR below 10.45 within the next 3 to 5 years.

#### **CORPORATE SOCIAL RESPONSIBILITY**

As a socially responsible corporation, the Group is dedicated to being a force which brings positive impacts to the local communities it operates in. Giving back to the society that has supported the growth of the Group is at the core of its values. The Group contributes and reaches out to the society through corporate social responsibility ("CSR") initiatives, which includes corporate philanthropy, volunteerism, the environment and corporate sponsorship.

During the year, our employees have been actively involved in food distribution to needy families. We also made corporate donations to the Yellow Ribbon Fund and South West Community Development Council, in support of their social objectives.

In light of COVID-19 developments during the year, the frequency of our CSR activities was on a lower scale compared to previous years. However, we are planning to continue our CSR initiatives once the government restrictions eases in the near future.

#### **MANAGING THE IMPACTS OF COVID-19**

The COVID-19 pandemic and the ensuing business disruptions have presented the construction sector with a major and evolving challenge. With the continuation of the pandemic, the Group has continued strengthening our efforts for business continuity and the minimisation of business disruptions.

COVID-19 safe management measures have been implemented at our offices and construction sites as the Group plays our part in being socially responsible. We also stand firm on taking strong precautionary measures to protect the health, well-being and safety of our employees and the community. To remain accountable to stakeholders, efforts have been focused on developing business recovery plans and long-term strategies to remain resilient and adapt to the new norm of doing business.

#### (a) Continuing stakeholder engagement and communication

The Company communicates to stakeholders such as employees and customers on their roles and responsibilities during this pandemic period, including topics such as safe distancing and wearing of masks, as heightened co-ordination of all stakeholders contribute to the effectiveness of our business continuity programmes. Communications to stakeholders were conducted via e-mails, phone calls and online meetings, to reduce physical contact during the pandemic period.

### (b) Complying with relevant COVID-19 guidelines and health advisories from government agencies

Doing our part as a responsible corporate citizen, the Company complies with governmental guidelines and health advisories, such as the Safe Management Measures ("SMM"), by ensuring SafeEntry check-in, and observing safe distancing measures at both the sites and head office. In addition, we ensure the availability of sufficient protective supplies such as surgical masks and hand sanitisers for our employees and customers. The Company also requires employees who go to work to self-test for COVID-19 weekly using Antigen Rapid Test ("ART") kits.

#### (c) Putting our people first

To safeguard the health and well-being of our employees and customers, the Company built a Construction Temporary Quarters ("CTQ") to house our workers near the work-site and minimise the risk of COVID-19 transmission amongst them. In addition, we ensure that sufficient protective supplies such as surgical masks, gloves, hand sanitisers and other personal protective equipment are provided to our workers at the dormitories and made available at the workplace and construction sites.

#### (d) Strengthening business resilience

The Company seeks to ensure that its business remains relevant by adapting to the new normal created by the pandemic. We are committed to continuously develop, implement, maintain and endorse measures that enhance the well-being, productivity and security for our stakeholders; this is to ensure that we stay resilient and enables us to play a leading role in the road to our industry's economic and social recovery.

The board of Directors (the "Board") of Koh Brothers Group Limited (the "Company") is committed to ensuring that a high standard of corporate governance is practised throughout the Company and its subsidiaries (the "Group"). The Board believes that good corporate governance enhances shareholder value, corporate performance and accountability. This report discloses the corporate governance framework and practices that the Company has adopted, with specific reference to the principles and provisions of the Code of Corporate Governance 2018 (the "Code"). Where the Company's practices vary from any provisions of the Code, the Company has explicitly stated the provision from which it has varied, and explained the reason for the variation and how its practices are consistent with the intent of the relevant principle in this report. The Board will continue to review the corporate governance policies regularly in order to further add value to stakeholders and enhance investor confidence.

#### **BOARD MATTERS**

#### The Board's Conduct of Affairs

#### Principle 1 The company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the company

The Board is made up of the following 13 Directors comprising 5 Executive Directors, 1 non-executive and non-Independent Director, and 7 Independent Directors:

Koh Tiat Meng (Executive Chairman)

Koh Teak Huat (Executive Deputy Chairman)

Koh Keng Siang (Managing Director & Group Chief Executive Officer ("MD & Group CEO")

Koh Keng Hiong (Executive Director and Deputy Chief Executive Officer, Real Estate and Leisure & Hospitality divisions) Lee Sok Khian John (Executive Director)

Quek Chee Nee (Non-Executive and Non-Independent Director)

Er Dr Lee Bee Wah (Lead Independent Director)

Lai Mun Onn (Non-Executive and Independent Director)

Ow Yong Thian Soo (Non-Executive and Independent Director)

Low Yee Khim (Non-Executive and Independent Director)

Ong Seet Joon (Non-Executive and Independent Director - Appointed on 1 January 2022)

Ong Kheng Chye (Non-Executive and Independent Director - Appointed on 1 January 2022)

Goh Mou Lih (Non-Executive and Independent Director - Appointed on 1 January 2022)

The Board assumes responsibility for the stewardship of the Group. Its primary objective is to protect and enhance shareholder value. Apart from its statutory responsibilities, the Board's role is to, inter alia,:

- (a) review and oversee the management of the Group's business affairs and financial controls, performance and resource allocation, including ensuring that the required financial and human resources are available for the Group to meet its objectives;
- (b) provide entrepreneurial leadership, set strategic objectives, and ensure that the necessary financial and human resources are in place for the Company to meet its objectives;
- (c) establish a framework of prudent and effective controls which enables risks to be assessed and managed (including safeguarding shareholders' interests and the Company's assets);
- (d) approve major investment and funding decisions;
- (e) set the Company's values and standards and ensure that obligations to shareholders and other stakeholders are understood and met; and
- (f) consider sustainability issues (e.g. environmental and social factors) as part of its strategic formulation.

All Directors are expected to objectively discharge their duties and responsibilities, to act in good faith, to provide insights and to consider the interests of the Company at all times. Any Director facing a conflict of interests will recuse himself or herself from discussions and decisions involving the issue of conflict. (Provision 1.1 of the Code)

23

The Board has established the following committees which assist the Board in executing its duties according to clearly defined terms of reference:

- (a) Executive Committee ("EC");
- (b) Audit and Risk Committee ("ARC");
- (c) Nominating Committee ("NC");
- (d) Remuneration Committee ("RC"); and
- (e) Share Purchase Committee ("SPC").

The Board delegates the formulation of business policies and day-to-day management to the MD & Group CEO and the Executive Directors. (Provision 1.4 of the Code)

The Board meets at least 4 times a year and convenes additional meetings when warranted by particular circumstances. In between Board meetings, other important matters will be tabled for the Board's approval by way of circulating resolutions in writing. The Company's Constitution provides for meetings of Directors to be held by means of telephone conference or other methods of simultaneous communication by electronic or other means.

No. of meetings	BOARD	EC	ARC	NC	RC	SPC
Name of Directors	5	4	4	2	1	1

Ong Seet Joon*	_	_	_	_	_	-
Ong Kheng Chye*	_	_	_	_	_	-
Goh Mou Lih*	_	_	_	_	_	-

A record of the Directors' attendance at Board and its committee meetings in 2021 is disclosed below

#### Note:

+ Ceased to be a Director on 31 December 2021

\* Mr Ong Seet Joon, Mr Ong Kheng Chye and Mr Goh Mou Lih were appointed as Non-Executive and Independent Directors on 1 January 2022.

The Board is of the view that the contributions of each Director should not be based only on his/her attendance at Board and/or Board committee meetings. A Director's contributions may also extend beyond the formal environment of Board meetings, such as through the sharing of views, advice, experience and strategic networking relationships which would further the interests of the Group. (Provision 1.5 of the Code)

The Board has not determined the maximum number of listed company board representations which any Director may hold. The Board is of the view that Directors who have multiple board representations have thus far devoted sufficient time and attention to the affairs of the Group. Their multiple board representations and other principal commitments have not hindered their ability to carry out their duties as Directors of the Company. Such multiple board representations of the Group as the Directors are able to bring with them the experience and knowledge obtained from such board representations in other companies. (Provision 1.5 of the Code)

The Company has adopted internal controls and guidelines setting forth matters that require the Board's approval. These matters relate, *inter alia*, to:

- (a) corporate or financial restructuring;
- (b) material acquisitions and disposals of assets which are outside the ordinary course of business;
- (c) dividend payments;
- (d) financial results announcements; and
- (e) bank borrowings and provision of corporate guarantees.

The Board also approves transactions exceeding certain threshold limits, while delegating authority for transactions below those limits to the Board Committees and Management via a structured delegation of authority matrix (i.e. Group Limits of Authority (the "GLA")), which is reviewed, and revised when necessary.

The GLA provides clear guidance and directions to Management on matters requiring the Board's specific approval. These matters include but are not limited to:

- (a) material acquisitions and disposals of assets/investments;
- (b) corporate/financial restructuring/corporate exercises;
- (c) budgets/forecasts; and
- (d) material financial/funding arrangements and expenditures. (Provision 1.3 of the Code)

The Company has in place an orientation programme for all newly appointed Directors. This ensures that newly appointed Directors are familiar with the Group's structure, business and operations, corporate governance practices, and their duties as Directors. Where appropriate, the Company will also provide first-time Directors with training in areas such as accounting, legal and industry-specific knowledge.

The Board is updated on relevant new laws, regulations and changing commercial risks from time to time. Directors are encouraged to attend training sessions, courses and seminars conducted by external consultants and institutions which will be paid by the Company. (Provision 1.2 of the Code)

Prior to each meeting and when the need arises, the Board is furnished with complete and adequate information in a timely manner to enable full deliberation of the issues to be considered. To ensure that the Board is able to fulfil its responsibilities, Management readily provides the Board with board papers and related materials, background and copies of disclosure documents, management reports, forecasts, budgets, financial statements and other relevant information of the Group. (Provision 1.6 of the Code)

Directors have separate and independent access to the Management and the Company Secretary. The Company Secretary attends all Board and board committee meetings, and is responsible for ensuring that the meeting and other Board procedures are followed and the applicable rules and regulations are complied with. Under the direction of the Executive Chairman, the Company Secretary is responsible for, inter alia, (i) ensuring an effective flow of information within the Board and its committees and Management, (ii) facilitating orientation, and (iii) assisting with professional development, as required. The Company Secretary also assists the Board in implementation and upkeep of good corporate governance and best practices across the Group.

The appointment and the removal of the Company Secretary are matters taken by the Board as a whole.

In the event that the Directors (either individually or as a group) require independent professional advice in the furtherance of their duties, the Company Secretary will, upon approval by the Board, appoint a professional advisor to render such services. The cost of the services will be borne by the Company. (Provision 1.7 of the Code)

#### **Board Composition and Guidance**

### Principle 2 The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the company.

The Board is made up of 13 Directors comprising 5 Executive Directors, 1 Non-Executive and Non-Independent Director, and 7 Independent Directors. The Board is of the view that there is a strong and independent element on the Board and an appropriate level of independence and diversity of thought and background in its composition to exercise independent judgment in the best interests of the Company in light of the fact that a majority of the Board members are Non-Executive Directors. There is a sufficient number of Non-Executive Directors on the Board to carry significant weight in the Board's deliberations. The Board's decision making is not dominated by an individual or a small group of individuals. (Provisions 2.2 and 2.3 of the Code)

The NC reviews and assesses the independence of each Director, in accordance with the Code's criteria of independence, taking into account, inter alia, the Director's ability to act with independent business judgement in the best interest of the Company and to discharge his duties objectively, and the Director's conduct, character and judgment. The NC has assessed that the Independent Directors of the Board are independent within the meaning of the Code. Each Independent Director's independence checklist which is drawn up based on the guidelines provided in the Code. The NC reviews and assesses the Director's independence before presenting its recommendations to the Board for consideration and endorsement. (Provision 2.1 of the Code)

During the financial year under review, the Group had received notarial public, commissioner for oaths and legal services rendered from Lai Mun Onn & Co ("LMOC"), of which Mr Lai Mun Onn has an interest. The Board is of view that Mr Lai's independence has not been compromised as the aggregate value of the transactions during FY2021 was neither significant nor material in the context of both the Group's and LMOC's revenues. The Board believes that Mr Lai is able to exercise strong independent judgement in his deliberations and act in the interest of the Company.

Mr Ow Yong Thian Soo is a partner of Lee & Lee ("L&L"), which had rendered legal services to the Group during FY2021. The Board considers that Mr Ow Yong's independence has not been compromised as the aggregate value of the transactions during FY2021 was not significant in the context of both the Group's and L&L's revenues. The Board believes that Mr Ow Yong is able to exercise strong independent judgement in his deliberations and act in the interest of the Company.

Based on the NC's recommendations, the Board has determined that the following Directors are considered independent within the meaning of the Code:

Er Dr Lee Bee Wah Lai Mun Onn Ow Yong Thian Soo Low Yee Khim Ong Seet Joon Ong Kheng Chye Goh Mou Lih

Mr Lai Mun Onn has served on the Board for more than 9 years and has been re-elected at the last AGM under Rule 205(5)(d)(iii) of the Listing Rules which had taken effect from 1 January 2022.

The Board, having examined the scope, nature and requirements of the Group's business and operations, is of the view that the current Board size is appropriate for facilitating effective decision making. The Board will restructure the Board's and its committees' compositions, if necessary, to meet the changing needs and demands of the Group's business and operations.

Directors have been appointed based on their calibre, expertise and experience. Board members comprise business leaders and professionals with finance, legal and industry knowledge. The Board, in concurrence with the NC, is satisfied that the Board has the appropriate mix of expertise and experience, and collectively possesses the necessary core competencies to lead and govern the Group effectively. In this regard, the NC considered, amongst others, the skills, knowledge and experience required of the Board, in light of:

- (a) the geographical spread and diversity of the Group's business;
- (b) the strategic direction and progress of the Group;
- (c) the current composition of the Board; and
- (d) the need for independence.

(Provision 2.4 of the Code)

The Board currently comprises 8 Non-Executive Directors of whom 7 are Independent Directors. They constructively challenge and help develop strategies for the Group. The Non-Executive Directors also review the performance of Management in meeting agreed goals and objectives, and monitor the Group's performance.

The Independent Directors also discuss matters such as the Group's financial performance, corporate governance initiatives, the performance of Management, and the remuneration of the Executive Directors and senior management from time to time. The Independent Directors meet up at least once annually, without the presence of Management to facilitate a more effective check on Management. The Chairman of such meetings provides feedback to the Board and/or the Chairman of the Board, as appropriate. (Provision 2.5 of the Code)

#### **Chairman and Chief Executive Officer**

### Principle 3 There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision-making.

Mr Koh Tiat Meng is the Executive Chairman of the Board of the Company. The Board has appointed Mr Koh Keng Siang, who is the son of the Executive Chairman, as the MD & Group CEO.

The Board is of the view that it may not be in the best interest of the Company for the division of responsibilities between the Executive Chairman and the MD & Group CEO to be clearly established and set out in writing as the MD & Group CEO assists the Executive Chairman in his work. This is to ensure that the decision-making process of the Group would not be hindered unnecessarily. Both the Executive Chairman and the MD & Group CEO have executive responsibilities for the Group's businesses and operations and are accountable to the Board. All major business proposals and decisions made by the Executive Chairman and the MD & Group CEO are discussed and reviewed by the Board.

The Executive Chairman (assisted by the MD & Group CEO) is responsible for the Board's proceedings. He leads the Board to ensure its effectiveness in all aspects of its roles, promotes a culture of openness and debates at the Board, facilitates effective communication with shareholders, encourages constructive relations within the Board and between the Board and Management, facilitates effective contribution of each Director and promotes high standards of corporate governance. With the assistance of the Company Secretary, he sets the agenda and ensures that Board members are provided with complete, adequate and timely information of all agenda items. (Provisions 3.1 and 3.2 of the Code)

Er Dr Lee Bee Wah is the Lead Independent Director whom shareholders may approach when they have concerns and for which contact through the normal channels of the Executive Chairman, the MD & Group CEO, or the Financial Controller has failed or is inappropriate. The Independent Directors also confer among themselves (when necessary) and provide feedback to the Executive Chairman as appropriate. (Provision 3.3 of the Code)

27

#### **Board Membership**

### Principle 4 The Board has a formal and transparent process for the appointment and re-appointment of Directors, taking into account the need for progressive renewal of the Board.

The NC comprises the following members:

Ow Yong Thian Soo (Chairman) Er Dr Lee Bee Wah Koh Keng Siang

The NC is comprised of mostly Independent Directors. The chairman of the NC, Mr Ow Yong Thian Soo and Dr Lee Bee Wah are Independent Directors. The NC complies with the formal and transparent process in place regarding the appointment and re-appointment of Directors. (Provision 4.2 of the Code)

The primary role of the NC is to make recommendations to the Board on all Board appointments. Its role is, *inter alia*, to:

- (a) review board succession plans for the Directors;
- (b) ensure that a process for evaluating the performance of the Board, its Board committees and Directors is in place;
- (c) to ensure that all Directors submit themselves for re-nomination and re-appointment at regular intervals and at least once every three years;
- (d) review training and professional development programs for the Board;
- (e) ensure that new Directors are aware of their duties and obligations; and
- (f) make recommendations on the appointment and re-appointment of Directors.

(Provision 4.1 of the Code)

The NC ensures that the Board has the right balance of skills, knowledge and experience critical to the Group's business and evolving needs. Important issues that are also considered by the NC for the selection, appointment and re-appointment of a Director include the current Board's composition and each Director's contributions and competencies, and the need for progressive renewal of the Board. (Provision 4.3 of the Code)

Pursuant to Regulation 110 of the Company's Constitution, one-third of the Directors (other than the MD & Group CEO) shall retire from office at every AGM provided always that each Director (except the MD & Group CEO) is required to retire from office at least once in every three years. A retiring Director is eligible to offer himself for re-election.

Regulation 114 of the Company's Constitution provides that a newly appointed Director is required to retire and submit himself for re-election at the AGM immediately following his appointment. Thereafter, he is subject to retirement by rotation in accordance with the Company's Constitution. The NC ensures that new Directors are aware of their duties and obligations.

The NC assesses annually and as and when circumstance requires, whether or not a Director is independent based on the guidelines set out in the Code and any other salient factors. When considering the independence of the Directors, the NC also reviews the annual declaration by the Independent Directors regarding their independence and the Directors' disclosure of interests in transactions. (Provision 4.4 of the Code)

The Board does not encourage the appointment of alternate Directors. No alternate Director is currently being appointed to the Board.

The Board has adopted a process for the selection, appointment and re-appointment of Directors. The NC reviews the composition of the Board and its committees periodically. It assesses and shortlists candidates (sourced through contacts, recommendations, recruitment consultants or among the senior management) for a new position on the Board when a need arises. The successful candidate is then appointed as a Director of the Company in accordance with the Company's Constitution.

In appointing and re-appointing Directors, the Board considers the skills and experience required in the light of:

- (a) the geographical spread and diversity of the Group's business;
- (b) the strategic direction and progress of the Group;
- (c) the current composition of the Board; and
- (d) the need for independence of the Board.

The dates of initial appointment of each Director, together with their Directorships in other listed companies, are set out below:

Name of Director	Appointment	Date of Initial Appointment	Date of last re-election	Current Directorships in other listed companies	Past Directorships in listed companies (5 years)	Principal Commitments
Koh Tiat Meng	Executive Chairman	2 Feb 1994	17 Apr 2019	-	-	Executive Chairman, Koh Brothers Group Limited
Koh Teak Huat	Executive Deputy Chairman	2 Feb 1994	27 Apr 2021	-	-	Executive Deputy Chairman, Koh Brothers Group Limited
Koh Keng Siang	Managing Director & Group CEO	5 May 1994	29 Apr 2005	<ol> <li>Koh Brothers Eco Engineering Limited</li> <li>Oiltek International Limited</li> </ol>	-	Managing Director & Group CEO, Koh Brothers Group Limited
Koh Keng Hiong	Executive Director and Deputy CEO (Real Estate and Leisure & Hospitality divisions)	7 Feb 2007	25 Jun 2020	-	-	Executive Director and Deputy CEO (Real Estate and Leisure & Hospitality divisions)
Lee Sok Khian John	Executive Director	9 May 2016	17 Apr 2019	Koh Brothers Eco Engineering Limited	Hatten Land Limited	Executive Director, Koh Brothers Group Limited
Quek Chee Nee	Non-Executive and Non-Independent Director	2 Feb 1994	25 Jun 2020	-	-	N.A.
Er Dr Lee Bee Wah	Non-Executive and Lead Independent Director	1 Jul 2015	27 Apr 2021	Amcorp Global Ltd	-	Group Director, Meinhardt (Singapore) Pte Ltd
Lai Mun Onn	Non-Executive and Independent Director	30 Jul 1994	27 Apr 2021	Fuji Offset Plates Manufacturing Ltd	Super Group Ltd	Managing Partner, Lai Mun Onn & Co
Ow Yong Thian Soo	Non-Executive and Independent Director	20 Jun 2016	25 Jun 2020	-	-	Senior Partner, Lee & Lee and Head of its Real Estate Department

Name of Director	Appointment	Date of Initial Appointment	Date of last re-election	Current Directorships in other listed companies	Past Directorships in listed companies (5 years)	Principal Commitments
Low Yee Khim	Non-Executive and Independent Director	1 Jan 2019	27 Apr 2021	-	-	N.A.
Ong Seet Joon	Non-Executive and Independent Director	1 Jan 2022	-	-	-	Partner, A3 Capital Pte Ltd
Ong Kheng Chye	Non-Executive and Independent Director	1 Jan 2022	-	-	-	<ol> <li>Executive Director, Edge Capital Group of Companies</li> <li>Executive Director, Eden Residence Group of Companies</li> <li>Executive Director, Habitat Commercial Pte Ltd</li> </ol>
Goh Mou Lih	Non-Executive and Independent Director	1 Jan 2022	-	-	-	Consultant, Quyntor Pte Ltd

When a Director has multiple board representations or principal commitments, the NC also considers whether or not the Director is able to and has adequately carried out his duties as a Director of the Company. The NC is satisfied that sufficient time and attention has been given by the Directors to the affairs of the Company, notwithstanding that some of the Directors have a few board representations or principal commitments. The Board is of the view that there is no necessity at this point in time to determine the maximum number of listed company board representations which a Director may hold, as each Director is able to devote sufficient time and attention to the affairs of the Company. (Provision 4.5 of the Code)

The following Directors will be offering themselves for re-election at the forthcoming AGM:

Koh Tiat Meng Koh Keng Siang Koh Keng Hiong Lee Sok Khian John Ong Seet Joon Ong Kheng Chye Goh Mou Lih

Key information on the Directors is set out under the "Board of Directors" section of the annual report for the financial year ended 31 December 2021 (the "Annual Report"). Additional details of the Directors that are due for retirement and who will be offering themselves for re-election at the forthcoming AGM are also contained in the Section of the Annual Report entitled "Additional Information for Directors seeking re-election".

#### Board Performance

### Principle 5 The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its board committees and individual Directors.

The Board has implemented a process to be carried out by the NC for assessing its effectiveness as a whole and for assessing the contribution by each Director to the effectiveness of the Board and its committees annually.

The NC reviews the Board's and each Director's competency appraisal forms as part of the process adopted to assess the effectiveness of the Board. The outcome of the appraisal exercise are presented to the Board for its evaluation with a view to enhance the effectiveness of the Board.

Each NC member shall abstain from voting on the resolution in respect of the assessment of his performance or re-nomination as a Director.

The NC reviews the Board's performance annually based on the appraisal forms which have been approved by the Board.

The NC assesses the Board's performance through comparison with industry peers, how the Board's performance has enhanced long-term shareholder value, its ability to steer the Group in the right direction and the support it renders to Management.

The NC also evaluates each individual Director's performance based on factors such as the Director's participation, knowledge of the Group's business and operations, contributions and commitments to the Company. (Provisions 5.1 and 5.2 of the Code)

The NC, where appropriate, will act on the results of the performance evaluation and propose new members to the Board or seek the resignation of Directors, when required and/or appropriate.

#### **REMUNERATION MATTERS**

#### **Procedures for Developing Remuneration Policies**

Principle 6 The Board has a formal and transparent procedure for developing policies on Director and executive remuneration, and for fixing the remuneration packages of individual Directors and key management personnel. No Director is involved in deciding his or her own remuneration.

The RC comprises the following Directors

Lai Mun Onn (Chairman) Ow Yong Thian Soo Ong Kheng Chye

The RC is comprised solely of Independent Directors. (Provision 6.2 of the Code)

The key responsibilities of the RC are to:

- (a) review and recommend to the Board for endorsement a framework of remuneration for the Board and key members of Management, and the remuneration package for each Executive Director and each key member of Management, covering all aspects of remuneration including but not limited to Directors' fees, salaries, allowances, bonuses and benefits-in-kind;
- (b) review and recommend to the Board for endorsement the terms of the service contract for each Executive Director as well as each key member of Management; and

(c) ensure that there is an adequate disclosure on the remuneration of Directors and key members of Management.

(Provisions 6.1 and 6.3 of the Code)

No individual Director is involved in deciding his own remuneration. The RC will seek internal or external expert advice in furtherance of its duties where necessary. During FY 2021, the Company did not engage a remuneration consultant. However, in determining the remuneration of the members of the Board, the RC took into account, amongst others, the remuneration of board members of other comparative listed issuers. (Provision 6.4 of the Code)

The RC reviews the Executive Directors' and key Management members' contracts of service to ensure that their contracts of service contain fair and reasonable termination clauses which are not overly generous.

#### Level and Mix of Remuneration

#### Principle 7 The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the company, taking into account the strategic objectives of the company

The Company recognises that a competitive remuneration and reward system based on individual performance is important to attract, retain and incentivise the best talent. The Company has adopted a remuneration structure for Executive Directors and key members of Management that promotes the long-term success of the Company. The RC ensures that the Executive Directors' and key Management members' remuneration commensurate with their performance and that of the Group's, taking into consideration the prevailing financial and commercial health, contribution to value creation of the Company and business needs of the Group. (Provision 7.1 of the Code)

Executive Directors receive Directors' fees and are also remunerated as members of Management. The remuneration package of each Executive Director/key Management member comprises a basic salary component and a variable component (i.e. annual bonus) which is based on the performance of the Group as a whole and that individual's performance. This is to ensure that each Executive Director's/key Management member's remuneration is linked to their individual performance, as well as the performance of the Group. (Provisions 7.1 and 7.3 of the Code)

Each Executive Director's service contract is for a fixed appointment period and does not contain onerous removal clauses.

The Non-Executive Directors are paid Directors' fees, taking into account their responsibilities, as well as the time and effort spent in carrying out their duties. The Independent Directors are not over-compensated such that their independence is compromised. (Provision 7.2 of the Code)

All Directors' fees are recommended by the Board for approval at the Company's AGM. The Company will be seeking shareholders' approval at the forthcoming AGM for the payment of S\$487,000 as Directors' fees for FY2021. In determining the proposed Directors' fees, the Board took into account factors such as the effort and time spent, and the increasingly onerous responsibilities of Directors.

#### **Disclosure on Remuneration**

# Principle 8 The company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

The Company's procedures for developing remuneration policies, as well as the level and mix of remuneration, have been set out in detail above under Principles 6 and 7. Due to the competitive pressures in the market, the Board has, on review, decided not to disclose the remuneration of Directors and top 5 key Management members in the manner as required in the Code. The Board believes that such disclosure in bands no wider than S\$250,000 is sufficient to enable shareholders to understand the Company's remuneration policies for Directors and the top five key management personnel, and the relationship between remuneration and performance. The total remuneration paid to the Directors of the Company and top 5 executives of the Group in FY2021 were approximately S\$3,865,000 and S\$1,503,000 respectively.

A breakdown of remuneration of the following Directors of the Company by percentage for FY2021 is set out below:

Remuneration band	Director	Fees (%)	Salary (%)	Bonuses and other variable performance components (%)	Allowances and other benefits [%]**	Total (%)
S\$1,000,000 to S\$1,249,999	Koh Tiat Meng	16.5	75.2	6.8	1.5	100
S\$750,000 to S\$999,999	Koh Keng Siang	21.0	70.4	6.5	2.1	100
S\$500,000 to S\$749,999	Koh Teak Huat	8.0	80.6	7.1	4.3	100
S\$250,000 to S\$499,999	Koh Keng Hiong	12.7	76.3	7.1	3.9	100
	Lee Sok Khian John	16.0	76.5	7.5	-	100
Below S\$250,000	Quek Chee Nee	100	-	-	-	100
	Er Dr Lee Bee Wah	100	-	-	-	100
	Lai Mun Onn	100	-	-	-	100
	Gn Hiang Meng	100	-	-	-	100
	Ow Yong Thian Soo	100	-	_	-	100
	Low Yee Khim	100	-	-	-	100

A breakdown of remuneration of each of the top 5 executives of the Group (who are not Directors of the Company) by percentage for FY2021 is set out below:

Remuneration band	Top five executives*	Fees (%)	Salary (%)	Bonuses and other variable performance components [%]	Allowances and other benefits (%)**	Total (%)
S\$500,000 to S\$749,999	First Executive	4.4	81.5	0.5	13.6	100
S\$250,000 to S\$499,999	Second Executive	-	90.0	10.0	-	100
Below S\$250,000	Third Executive	-	92.3	7.7	-	100
	Fourth Executive	-	92.4	7.6	-	100
	Fifth Executive	-	84.5	15.5	-	100

(Provisions 8.1 and 8.3 of the Code)

#### Notes:

- \* The names are not disclosed in order to maintain confidentiality taking into consideration the competitive pressures in the talent market.
- \*\* Other benefits include transport or vehicular benefits, and/or insurance and club membership benefits.

Mdm Phua Siew Gaik and Mr Benjamin Koh Yong Jun who are the spouse and son of Mr Koh Keng Siang, the MD & Group CEO respectively, have remuneration above S\$100,000 and below S\$200,000 during FY2021. (Provision 8.2 of the Code)

The Company currently does not have any employee share option scheme. (Provision 8.3 of the Code)

All forms of remuneration and other payments and benefits paid by the Company and its subsidiaries to Directors and key Management personnel of the Company are disclosed in this Annual Report.

#### ACCOUNTABILITY AND AUDIT

#### **Risk Management and Internal Controls**

Principle 9 The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the company and its shareholders.

The responsibility of overseeing the Company's risk management framework and policies is undertaken by the ARC with the assistance of the IA. Having considered the Company's business operations as well as its existing internal control and risk management systems, the Board is of the view that a separate risk committee is not required for the time being.

The Board will determine the Company's levels of risk tolerance and risk policies and the nature and extent of the significant risks which the Company is willing to take in achieving its strategic objectives and value creation. The Board also oversees Management in the design, implementation and monitoring of the risk management and internal control systems.

The Board acknowledges that it is responsible for the governance of risks and the overall internal control framework, but recognises that no cost effective internal control system will preclude all errors and irregularities, as a system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against material misstatement or loss. (Provision 9.1 of the Code)

The Board has implemented the Control Self-Assessment ("CSA") programme. Through the CSA programme, weaknesses in the control environment may be detected and reported to Management. Corrective actions are taken to strengthen the process and prevent future occurrences. The CSA allows the Group to better manage risks and instill ownership among control owners and promote accountability. The Board has tasked the ARC to review the adequacy and effectiveness of the Group's risk management and internal control systems (including financial, operational, compliance and information technology controls). Together with Management, the ARC regularly reviews the Group's businesses and operational activities to assess and manage potential risk exposure. The Group's financial risk management objectives and policies are set out in the notes to the FY2021 financial statements.

The IA prepares, on an annual basis, the internal audit plan (taking into consideration the risks identified) which is approved by the ARC. The audits are conducted to assess the adequacy and the effectiveness of the Group's risk management and the internal control systems that have been put in place (including financial, operational, compliance and information technology controls). Any material non-compliance or lapses in internal controls, together with recommendations for improvement, are reported to the ARC. The timely and proper implementation of all required corrective, preventive or improvement measures are closely monitored. There are no material non-compliances or lapses in internal controls which have resulted in the Board and/or the ARC being of the view that internal controls need to be strengthened or having concerns that the internal controls of the Group are inadequate.

Based on the framework of risk management controls and internal controls established and maintained, the work performed by the IA and the review undertaken by the external auditors as part of their statutory audit, the Board, with the concurrence of the ARC, is of the view that the Group's risk management and internal control systems (including its financial, operational, compliance and information technology controls), are adequate and effective. The Board has received assurance :

- (a) from the MD & Group CEO and the Financial Controller\* the financial records have been properly maintained and the financial statements give a true and fair view of the Company's operations and finances; and
- (b) from the MD & Group CEO and other responsible key Management personnel that the Company's risk management and internal control systems are adequate and effective in addressing the material risks faced by the Group in its current business environment.

(Provision 9.2 of the Code)

\*Note- The Company does not have a Chief Financial Officer

#### AUDIT COMMITTEE

#### Principle 10 The Board has an Audit Committee which discharges its duties objectively.

The ARC comprises the following Directors:

Er Dr Lee Bee Wah (Chairperson) Lai Mun Onn Ow Yong Thian Soo Low Yee Khim

The ARC comprises solely of Independent Directors. Er Dr Lee Bee Wah, the chairperson of the ARC, is the Lead Independent Director. (Provision 10.2 of the Code)

The Board is of the view that the members of the ARC (including the Chairperson of the ARC) have the requisite accounting and related financial management expertise and experience to discharge their duties. At least two members, including the ARC Chairperson, have recent and relevant accounting or related financial management expertise or experience.

The ARC is empowered to investigate any matter within its terms of reference. It has full access to and co-operation from Management, and unfettered discretion to invite any Director or executive officer to attend its meetings. The ARC has been given adequate resources to enable it to discharge its duties and responsibilities.

The ARC carries out its functions in accordance with the Code and the Companies Act (the "Act"), and is also guided by its terms of reference. The ARC reviews, inter alia, the following:

- (a) annual audit plans (internal and external);
- (b) system of internal controls and management of financial risks;
- (c) effectiveness and adequacy of the internal audit function which is outsourced to a professional services firm;
- (d) regulatory compliance matters;
- (e) risk management framework;
- (f) interested person transactions; and
- (g) financial results announcements.

(Provision 10.1 of the Code)

In the review of the financial statements, the ARC had discussed with Management and the external auditor, and reviewed the significant matters identified by the latter as key audit matters. Following the discussions and review, the ARC recommended to the Board to approve the financial statements for FY2021.

The ARC also makes recommendations on the appointment, re-appointment and removal of auditors, and their remuneration.

The ARC meets with the external and internal auditors at least once a year without the presence of Management. (Provision 10.5 of the Code)

The ARC has reviewed all the non-audit services provided by the external auditors and is satisfied that such services would not, in the ARC's opinion, affect the independence of the external auditors.

The aggregate amount of fees paid to the auditors is set out below:

Audit services:	Auditors of the Company Member firms of auditors of the Company	-	S\$ 437,800 S\$ 97,800
Non-audit services:	Auditors of the Company	-	S\$ 102,000
	Member firms of auditors of the Company	-	S\$ 6,000

The Company has complied with Listing Rules 712 and 716 of the Singapore Exchange Securities Trading Limited ("SGX-ST") in relation to appointments of auditing firms.

Under the oversight and monitoring by the ARC, the Company has put in place a whistle-blowing policy. Employees of the Company may, in confidence, raise or report genuine concerns about possible improprieties in matters of business activities, financial reporting or other matters they may encounter without fear of retaliatory action to the ARC. As the Company is committed to ensure anonymity and protection of the whistleblower against detrimental or unfair treatment, only the Independent Directors of the ARC of the Company have been appointed to review and carry out investigations on all such complaints and/or concerns raised. (Provision 10.1 of the Code)

The ARC held 4 meetings in FY2021 and performed its functions and responsibilities as set out in its terms of reference.

The ARC meets regularly with Management and the external auditors to review auditing and risk management matters and discuss accounting implications of any major transactions (including significant financial reporting issues). Such meetings occur at least annually. The ARC also reviews the internal audit function to ensure that an effective system of controls is maintained within the Group.

The ARC is kept abreast of new changes to the Listing Rules of the SGX-ST, the Code and other regulations which could have an impact on the Group's businesses and financial statements. The external auditors and Management also brief the ARC of changes to the accounting standards.

No former or current partner or Director of the Company's existing auditing firm is a member of the ARC. (Provision 10.3 of the Code)

#### Internal Audit

The Company has outsourced its internal audit function to a certified public accounting firm, KPMG Services Pte Ltd. The IA reports to the ARC Chairperson and has full access to the ARC, documents, records, properties and staff of the Group.

The IA plans its internal audit schedules in consultation with, but independent of Management. The audit plan is submitted to the ARC for approval prior to the commencement of the internal audit work. In addition, the IA may be involved in ad-hoc projects initiated by Management and require IA's assurance in specific areas of concern.

The Board recognises that it is responsible for maintaining a system of internal controls to safeguard shareholders' interests and the Group's businesses and assets, while Management is responsible for establishing and implementing internal control procedures in a timely and appropriate manner. The IA's role is to (a) assist the ARC in ensuring that the controls are effective and functioning as intended, (b) undertake investigations as directed by the ARC, and (c) conduct regular in-depth audits of high-risk areas.

The Management decides on the appointment, termination and remuneration of the IA, with such information for such administrative matters being disclosed to the ARC, and the Board is of the view that such arrangement does not affect the objectivity of the IA. The IA plans its internal audit schedules in consultation with, but independent of Management. The audit plan is submitted to the ARC for approval prior to the commencement of the internal audit work. In addition, the IA may be involved in ad-hoc projects initiated by Management and require IA's assurance in specific areas of concern. The ARC is satisfied that the IA is staffed by independent, suitably qualified and experienced professionals with the relevant experience and has adequate resources to perform its function effectively. (Provision 10.4 of the Code)

The IA is a member of the Singapore branch of the Institute of Internal Auditors ("IIA"), an internal professional association which has its headquarters in the United States. The audit work carried out is guided by the International Standards for the Professional Practice of Internal Auditing ("IIA Standards") laid down in the International Professional Practices Framework issued by the IIA.

#### SHAREHOLDER RIGHTS AND ENGAGEMENT

#### Shareholder Rights and Conduct of General Meetings

Principle 11 The company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the company. The company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

The Company is committed to treating all shareholders fairly and equitably. The Company recognises, protects and facilitates the exercise of shareholders' rights and continually reviews and updates such governance arrangements.

The Company ensures that there is an adequate and timely disclosure of developments in the Group or its business which would have a material impact on the Company's shares price, and such disclosure is in compliance with SGX-ST listing rules.

The Company invites all registered shareholders to participate and vote at the Company's general meetings. Voting and vote tabulation procedures used are disclosed before the general meetings proceed, with independent scrutineers appointed to validate the voting process and procedures. The Annual Report and any notice of general meeting are also released via SGXNet and posted on the Company's website. The said notice of meeting will table the separate resolutions to be voted on at the general meeting. The Company tables separate resolutions at general meetings of shareholders on each substantially separate issue unless the issues are interdependent and linked so as to form one significant proposal. Where resolutions are interdependent or linked, the Company will provide the reasons and implications as to why such resolutions are required to be interdependent or linked. (Provisions 11.1 and 11.2 of the Code)

All shareholders are entitled to vote by poll in accordance with the established voting rules and procedures. Voting in absentia and by mail, facsimile or email is currently not permitted as current measures that may be implemented may be unable to ensure the integrity of the information and the authenticity of the shareholders' identities. Shareholders who are unable to attend the meetings are instead encouraged to vote via proxy. An announcement of the detailed results is made after the conclusion of the general meeting. (Provisions 11.1 and 11.4 of the Code)

The Company's 2021 AGM was held by electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangement for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020 (the "Order"). Attendance at the 2021 AGM was via electronic means accessed via live audio-visual webcast or live audio-only stream. Questions were submitted to the Chairman of the Meeting in advance of the 2021 AGM. The Company endeavoured to address substantial and relevant questions at the 2021 AGM. Voting was conducted by appointing the Chairman of the Meeting as proxy at the 2021 AGM. Pursuant to the Order, only the MD & CEO (who took the Chair of the 2021 AGM), Mr Koh Teak Huat, Mr Lee Sok Khian John, Ms Tay Tze Wen (Financial Controller) and Ms Therese Ng Chew Hwee (Company Secretary) were present at the 2021 AGM. Mr Koh Keng Hiong (Joseph) and the Non-Executive Directors, external legal advisors and external auditors attended the 2021 AGM via electronic means. In line with past years' practice, at the start of the 2021 AGM, there was a presentation on the Group's progress and financial highlights. The presentation is available on the websites of SGX and the Company for the benefit of shareholders who were unable to attend the 2021 AGM electronically. The results of the 2021 AGM, which include relevant and announced via the SGXNet after the conclusion of the 2021 AGM. Minutes of the 2021 AGM, which include relevant and substantial comments from shareholders relating to matters on the agenda of the meeting and responses from Directors and Senior Management, are also available on the websites of the Company and SGX.

The Company's 2022 AGM will also be held by electronic means pursuant to the Order. Attendance at the 2022 AGM will be via electronic means accessed via live audio-visual webcast or live audio-only stream. Questions are to be submitted to the Chairman of the Meeting ahead of the 2022 AGM. The Company will endeavour to address substantial and relevant questions at the 2022 AGM. Voting will be conducted by appointing the Chairman of the Meeting as proxy at the 2022 AGM. The results of the proxy voting will be published at the meeting and announced via the SGXNet after the conclusion of the 2022 AGM. Minutes of the 2022 AGM which will include relevant and substantial comments from shareholders relating to matters on the agenda of the meeting and responses from Directors and Senior Management, will also be available on the websites of the Company and SGX. The Chairman of the Meeting will endeavour to address those questions which are related to the resolutions to be tabled for approval at the 2022 AGM, live during the 2022 AGM. Details of the arrangements will be provided in the Notice of 2022 AGM which will be disseminated by electronic means via publication on the websites of the Company and SGX. (Provision 11.3 of the Code).

Minutes of the Company's general meetings, which will be published as soon as practicable, can be found at the Company's corporate website. (Provision 11.5 of the Code)

The Company strives to provide consistent and sustainable dividend payments to shareholders based on the Company's profitability, cash position, working capital needs, capital expenditure plan, investment and business opportunities and market conditions. It aims to balance returns to shareholders with a need for long term sustainable growth.

The Board is recommending a final dividend of 0.20 Singapore cent per share for the financial year ended 31 December 2021. (Provision 11.6 of the Code)

#### **Engagement with Shareholders**

#### Principle 12 The company communicates regularly with its shareholders and facilitates the participation of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the company.

The Company invites and encourages all registered shareholders to participate and vote at the Company's general meetings as general meetings are the principal forum for dialogue with shareholders. Sufficient time is allocated for answering of questions submitted by shareholders in advance of the general meetings. Shareholders may raise questions or share their views submitted in advance about the proposed resolutions, the Group's business affairs and financial performance. This enables the Board to gather shareholders' views and address any of the shareholders' concerns. (Provision 12.1 of the Code)

The Company embraces openness and transparency in the conduct of the Company's affairs, whilst safeguarding its commercial interests. The Company conveys pertinent information to shareholders and complies with the guidelines set out in the SGX-ST rules when disclosing information.

The Company does not practice selective disclosure of price sensitive information. The Company discloses half-yearly financial results, and any significant transactions and developments via SGXNet in a timely manner. The financial results are also available on the Company's website (www.kohbrothers.com). The corporate website also contains various other investor-related information on the Company that serves as important resources for investors. (Provision 12.2 of the Code)

The Board encourages shareholders to participate actively in relation to the Company's general meetings. These meetings provide excellent opportunities for the Company to obtain shareholders' views on the Group's businesses. Following any release of earnings or price sensitive developments, the Company's investor relations consultant is available by email or telephone to answer questions from shareholders and the media, as long as the information requested does not conflict with the SGX-ST's rules of fair disclosure. (Provision 12.3 of the Code)

38

# Principle 13 The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the company are served.

The Company has identified stakeholders that are impacted by the Group's business and operations as well as those who have a material impact on the Group's business and operations. The Company engages its stakeholders through a variety of channels to ensure that the business interests of the Group are balanced against that of the stakeholders. More information on the Company's stakeholder engagement, including its strategy and key areas of focus can be found in the Company's Sustainability Report 2021 which is at pages 16 to 22. (Provisions 13.1 and 13.2 of the Code)

The Company maintains a corporate website at <u>www.kohbrothers.com</u> to engage its stakeholders. (Provision 13.3 of the Code)

#### **INTERESTED PERSON TRANSACTIONS ("IPTS")**

The Company has established internal control policies to ensure that transactions with interested persons are properly reviewed, approved and conducted on an arm's length basis.

The interested person transactions entered during FY2021 are as follows:

Name of interested person	Aggregate value of all interested person transactions during the financial year under review (excluding transactions less than S\$100,000 and transactions conducted under shareholders' mandate pursuant to Rule 920) (S\$'000)	Aggregate value of all interested person transactions conducted under shareholders' mandate pursuant to Rule 920 (excluding transactions less than S\$100,000) (S\$'000)
Benjamin Koh Yong Jun	147	-
Rachel Koh Han Ling	202	_

#### **DEALINGS IN SECURITIES**

The Company has adopted an internal compliance code on dealings in the Company's securities. The Company has issued share trading guidelines to all Directors, employees of executive level and above, and personal assistants. They are not allowed to deal in the Company's securities during the period commencing one month before the announcement of the Company's half year and full year financial statements. In addition, they are prohibited from dealing in the Company's securities while in possession of price sensitive information and on short-term considerations.

## FINANCIAL CONTENTS

- 41 Directors' Statement
- 44 Independent Auditor's Report
- 49 Consolidated Statement of Comprehensive Income
- 50 Balance Sheets Group and Company
- 51 Consolidated Statement of Changes in Equity
- 52 Consolidated Statement of Cash Flows
- 54 Notes to the Financial Statements

### DIRECTORS' STATEMENT

For the financial year ended 31 December 2021

The directors present their statement to the members together with the audited financial statements of the Group for the financial year ended 31 December 2021 and the balance sheet of the Company as at 31 December 2021.

In the opinion of the directors,

- (a) the balance sheet of the Company and the consolidated financial statements of the Group as set out on pages 49 to 128 are drawn up so as to give a true and fair view of the financial position of the Company and of the Group as at 31 December 2021 and the financial performance, changes in equity and cash flows of the Group for the financial year covered by the consolidated financial statements; and
- (b) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

#### DIRECTORS

The directors of the Company in office at the date of this statement are as follows:

Koh Tiat Meng Koh Teak Huat Koh Keng Siang Koh Keng Hiong Lee Sok Khian John Quek Chee Nee Er Dr Lee Bee Wah Lai Mun Onn Ow Yong Thian Soo Low Yee Khim Ong Seet Joon (Appointed on 1 January 2022) Ong Kheng Chye (Appointed on 1 January 2022) Goh Mou Lih (Appointed on 1 January 2022)

#### ARRANGEMENTS TO ENABLE DIRECTORS TO ACQUIRE SHARES AND DEBENTURES

Neither at the end of nor at any time during the financial year was the Company a party to any arrangement whose object was to enable the directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

### DIRECTORS' STATEMENT

For the financial year ended 31 December 2021

#### DIRECTORS' INTERESTS IN SHARES OR DEBENTURES

According to the register of directors' shareholdings, none of the directors holding office at the end of the financial year had any interest in the shares or debentures of the Company or its related corporations, except as follows:

		stered in name of or nominee		which director is have an interest

Koh Keng Siang, who by virtue of his interest of not less than 20% of the issued capital of the Company, is deemed to have an interest in the whole of the share capital of the Company's subsidiaries.

The directors' interests in the ordinary shares of the Company as at 21 January 2022 were the same as those as at 31 December 2021.

### DIRECTORS' STATEMENT

For the financial year ended 31 December 2021

#### **SHARE OPTIONS**

There were no options granted during the financial year to subscribe for unissued shares of the Company or its subsidiaries.

No shares have been issued during the financial year by virtue of the exercise of options to take up unissued shares of the Company or its subsidiaries.

There were no unissued shares of the Company or its subsidiaries under option at the end of the financial year.

#### AUDIT AND RISK COMMITTEE

The members of the Audit and Risk Committee at the end of the financial year are as follows:

Er Dr Lee Bee Wah (Chairperson) Lai Mun Onn Ow Yong Thian Soo

All members of the Audit and Risk Committee are independent and non-executive directors.

The Audit and Risk Committee carried out its functions in accordance with Section 201B(5) of the Singapore Companies Act 1967. In performing those functions, the Committee reviewed:

- the scope and the results of internal audit procedures with the internal auditor;
- the audit plan of the Company's independent auditor and any recommendations on internal accounting controls arising from the statutory audit;
- the assistance given by the Company's management to the independent auditor; and
- the balance sheet of the Company and the consolidated financial statements of the Group for the financial year ended 31 December 2021 before their submission to the Board of Directors.

The Audit and Risk Committee has recommended to the Board that the independent auditor, PricewaterhouseCoopers LLP, be nominated for re-appointment at the forthcoming Annual General Meeting of the Company.

#### **INDEPENDENT AUDITOR**

The independent auditor, PricewaterhouseCoopers LLP, has expressed its willingness to accept re-appointment.

On behalf of the directors

Koh Keng Siang Director

16 March 2022

Koh Keng Hiong Director

To the Members of Koh Brothers Group Limited

#### **REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS**

#### **OUR OPINION**

In our opinion, the accompanying consolidated financial statements of Koh Brothers Group Limited (the "Company") and its subsidiaries (the "Group") and the balance sheet of the Company are properly drawn up in accordance with the provisions of the Companies Act 1967 (the "Act") and Singapore Financial Reporting Standards International ("SFRS(I)s") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2021 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group for the financial year ended on that date.

#### What we have audited

The financial statements of the Company and the Group comprise:

- the consolidated statement of comprehensive income of the Group for the financial year ended 31 December 2021;
- the balance sheets of the Group and the Company as at 31 December 2021;
- the consolidated statement of changes in equity of the Group for the financial year then ended;
- the consolidated statement of cash flows of the Group for the financial year then ended; and
- the notes to the financial statements, including a summary of significant accounting policies.

#### **BASIS FOR OPINION**

We have conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Independence

We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code.

#### **OUR AUDIT APPROACH**

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the accompanying financial statements. In particular, we considered where management made subjective judgements; for example, in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain. As in all of our audits, we also addressed the risk of management override of internal controls, including among other matters consideration of whether there was evidence of bias that represented a risk of material misstatement due to fraud.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements for the financial year ended 31 December 2021. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

To the Members of Koh Brothers Group Limited

#### **OUR AUDIT APPROACH** (continued)

Key Audit Matters (continued)

#### Key Audit Matter

Accounting for construction contracts Refer to Note 3(a) and Note 4

During the financial year ended 31 December 2021, revenue from construction contracts amounted to S\$173.3 million and it represented 68.6% of the total revenue of the Group.

The COVID-19 pandemic situation has remained arduous in 2021, with new challenges brought on by the highly transmissible COVID-19 Delta variant. Despite this, progress of construction projects has improved compared to the prior year as Circuit Breaker measures have loosen and stoppages of construction activities are not as frequent.

The Group uses the input method (i.e. "cost-to-cost" method) to measure project progress and recognise contract revenue in accordance with SFRS(I) 15 *Revenue from Contracts with Customers.* This requires significant judgement in assessing the revenue from variation order, cost to complete and project margins.

We focused on the accuracy of revenue recognition and recoverability of contract assets due to the significant management judgment required in determining the total contract sum and the total contract costs.

#### How our audit addressed the Key Audit Matter

We obtained an understanding of the projects under construction through discussions with management and project managers, assessed the appropriateness of the method selected for individual projects to measure project progress and recognise contract revenue, and examined project documentation (including contracts, correspondences with customers on delays or extension of time).

In relation to total contract sums for projects in progress, our audit procedures include the following on a sampling basis:

- agreed total contract sums to contract entered into by the Group and its customer;
- inspected correspondences with customers and supporting documents by the Group's specialists relating to variation orders included in the total contract;
- obtained and reviewed legal opinions from the Group's external legal counsels in relation to their contractual rights to claim for variation orders for certain projects;
- agreed variation orders with agreed prices included in total contract sums recognised to surveyor/architect's certification;
- inspected progress billings to customers subsequent to year end and compared amounts to contract asset balances at year end; and
- assessed the adequacy of the amount of liquidated damages to be net off against contract sums, based on our understanding of the projects.

In relation to total contracts costs, our audit procedures include the following on a sampling basis:

- traced the cost to complete for each project by substantiating costs that have been committed to quotations and contracts entered;
- tested the reasonableness of the cost to complete for selected projects, focusing on those with significant activities during the year; and
- assessed the reasonableness of cost incurred against our understanding of the projects.

Based on the audit procedures performed above, we have assessed management's estimates to be reasonable.

We then recomputed the percentage of completion based on actual cumulative cost incurred as a portion of total contract costs, cumulative contract revenue and the contract revenue recognised for the current financial year as well as the amount of provision for onerous contracts (where relevant) for each project, and traced to the accounting records and found it to be appropriate.

We have also assessed the adequacy of the disclosures of the key accounting estimates and sensitivity and found the disclosures in the financial statements to be appropriate.

To the Members of Koh Brothers Group Limited

#### **OUR AUDIT APPROACH** (continued)

Key Audit Matters (continued)

#### Key Audit Matter

**Valuation of investment properties** *Refer to Note 3(c) and Note 22* 

The Group's investment properties carried at fair value amount to S\$102.2 million at 31 December 2021 and accounted for 12.3% of the Group's total assets. The disclosures relating to these investment properties are included in Note 3(c) and Note 22 to the financial statements.

Management uses external valuers to support its determination of the individual fair value of its investment properties annually.

The valuation of investment properties is significant to our audit due to the complexity involved in the valuation techniques. The judgement relating to the assumptions used in the valuation techniques, including the monthly rental per square metre, yield rate, cost per square metre, and market value per square metre, impact the valuation. Uncertainty arises as a result of having to consider long-term trends and market conditions in the assumptions.

#### OTHER INFORMATION

How our audit addressed the Key Audit Matter

Our procedures included the following:

- assessed the competency, capabilities and objectivity of the external valuers engaged by the Group;
- obtained an understanding of the techniques used by the external valuers in determining the valuation of individual investment properties;
- discussed the critical assumptions made by the external valuers for the key inputs used in the valuation techniques;
- tested the integrity of information, including underlying lease and financial information provided to the external valuers; and
- assessed the reasonableness of the rental rate and market value of comparable property by benchmarking these against those of comparable properties and prior year inputs.

We found that the external valuers are members of recognised professional bodies for external valuers. We also found that the valuation methodologies used were appropriate in the context of the Group's investment properties and the critical assumptions used for the key inputs were within the range of market data.

We have also assessed the adequacy of the disclosures relating to the assumptions as we consider them as likely to be significant to users of the financial statements given the estimation uncertainty and sensitivity of the valuations.

Management is responsible for the other information. The other information comprises the Directors' Statement (but does not include the financial statements and our auditor's report thereon), which we obtained prior to the date of this auditor's report, and the other sections of the annual report ("the Other Sections"), which are expected to be made available to us after that date.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the Other Sections, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate actions in accordance with SSAs.

To the Members of Koh Brothers Group Limited

#### **RESPONSIBILITIES OF MANAGEMENT AND DIRECTORS FOR THE FINANCIAL STATEMENTS**

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS[I]s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

#### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

To the Members of Koh Brothers Group Limited

#### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS (continued)

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS**

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Lee Chian Yorn.

PricewaterhouseCoopers LLP Public Accountants and Chartered Accountants

Singapore, 16 March 2022

For the financial year ended 31 December 2021

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

#### 1. General information

Koh Brothers Group Limited (the "Company") is listed on the Singapore Exchange and incorporated and domiciled in Singapore. The address of its registered office is 11 Lorong Pendek, Koh Brothers Building, Singapore 348639.

The principal activities of the Company are investment holding and provision of management services.

The principal activities of its significant subsidiaries, joint ventures, joint operations and associated companies are set out in Note 38 of the financial statements.

#### 2. Significant accounting policies

#### 2.1 Basis of preparation

These financial statements have been prepared in accordance with Singapore Financial Reporting Standards (International) ("SFRS(I)") under the historical cost convention, except as disclosed in the accounting policies below.

The preparation of financial statements in conformity with SFRS(I) requires management to exercise its judgement in the process of applying the Group's accounting policies. It also requires the use of certain critical accounting estimates and assumptions. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

#### Impact of COVID-19

The COVID-19 pandemic has affected almost all countries of the world, and resulted in border closures, production stoppages, workplace closures, movement controls and other measures imposed by the various governments. The Group's significant operations are mainly in Singapore and Malaysia, both of which have been affected by the spread of COVID-19 in 2021.

Set out below is the impact of COVID-19 on the Group's financial performance reflected in this set of financial statements for the financial year ended 31 December 2021:

- *(i)* The Group has assessed that the going concern basis of preparation for this set of financial statements remains appropriate.
- (ii) Border closures, production stoppages and workplace closures during 2021 have resulted in periods where the Group's operations were temporarily suspended to adhere to the respective governments' movement control measures. These have negatively impacted business production and volume in 2021, resulting in a negative impact on the Group's financial performance for 2021.
- (*iiii*) The Group has received rental concessions for its leasehold lands. The effects of such rental concessions received are disclosed in Note 7.
- *(iv)* The Group has received government grants during 2021 mainly from the Singapore Government as part of the relief measures to help businesses deal with the impact from COVID-19. The effects of such government grants received are disclosed in Notes 7 and 8.

For the financial year ended 31 December 2021

#### 2. Significant accounting policies (continued)

#### **2.1 Basis of preparation** *(continued)*

#### Impact of COVID-19 (continued)

(v) The Group has considered the market conditions (including the impact of COVID-19) as at the balance sheet date, in making estimates and judgements on the total contract sum and contract cost for construction contracts and recoverability of assets as at 31 December 2022. The significant estimates and judgement applied on the total contract sum and contract costs for construction contracts, impairment of trade receivables, impairment of goodwill and valuation of investment properties are disclosed in Notes 3(a), 3(b) and 3(c) respectively.

As the COVID-19 pandemic continues to evolve, the Group continues to be impacted by the measures taken by governments to combat the spread of the pandemic. If the situation persists beyond management's current expectations, the Group's assets may be subject to further write downs in the subsequent financial periods.

#### Interpretations and amendments to published standards effective in 2021

On 1 January 2021, the Group adopted the new or amended SFRS(I) and Interpretations of SFRS(I) ("INT SFRS(I)") that are mandatory for application for the financial year. Changes to the Group's accounting policies have been made as required, in accordance with the transitional provisions in the respective SFRS(I) and INT SFRS(I).

The adoption of these new or amended SFRS(I) and INT SFRS(I) did not result in substantial changes to the Group's accounting policies and had no material effect on the amounts reported for the current or prior financial years, except as follows:

#### Interest Rate Benchmark Reform – Phase 2

The Company has adopted the amendments to SFRS(I) 9, SFRS(I) 7 and SFRS(I) 16 Interest Rate Benchmark Reform ("IBOR reform") – Phase 2 effective 1 January 2021. In accordance with the transition provisions, the amendments shall be applied retrospectively to hedging relationships and financial instruments. Comparative amounts have not been restated, and there was no impact on the current period opening reserves amounts on adoption.

#### Financial instruments measured at amortised cost and lease liabilities

Phase 2 of the amendments requires that, for financial instruments measured using amortised cost measurement, changes to the basis for determining the contractual cash flows required by IBOR reform are reflected by adjusting their effective interest rate. No immediate gain or loss is recognised. A similar practical expedient exists for lease liabilities.

These expedients are only applicable to changes that are required by IBOR reform, which is the case if, and only if, the change is necessary as a direct consequence of IBOR reform and the new basis for determining the contractual cash flows is economically equivalent to the previous basis immediately preceding the change.

For lease liabilities where there is a change to the basis for determining the contractual cash flows, as a practical expedient the lease liability is remeasured by discounting the revised lease payments using a discount rate that reflects the change in the interest rate where the change is required by IBOR reform. If lease modifications are made in addition to those required by IBOR reform, the Group applies the relevant SFRS(I) 16 requirements to account for the entire lease modification, including those changes required by IBOR reform.

The Group's risk exposure that is directly affected by the IBOR reform predominantly comprised its variable rate borrowings that are linked to Singapore Swap Offer Rate ("SOR"). SOR will cease publication after 30 June 2023, and it is expected to be replaced by the Singapore Overnight Rate Average ("SORA"). Management has performed a detailed analysis of the transition provisions and has determined that there will be no material impact from the expected transition to IBOR reform – Phase 2.

For the financial year ended 31 December 2021

#### 2. Significant accounting policies (continued)

#### 2.2 Revenue recognition

#### (a) Contract revenue

The Group provides engineering and construction services to customers through fixed-price contracts. Contract revenue is recognised when the Group's performance creates or enhance an asset that the customer controls as the asset is created or enhanced.

For these contracts, revenue is recognised over time by reference to the Group's progress towards completion of the contract. The measure of progress is determined based on the proportion of contract costs incurred to date to the estimated total contract costs ("input method"). Costs incurred that are not related to the contract or that do not contribute towards satisfying a performance obligation are excluded from the measure of progress and instead are expensed as incurred.

In some circumstances such as in the early stages of a contract where the Group may not be able to reasonably measure its progress but expects to recover the contract costs incurred, contract revenue is recognised only to the extent of the contract costs incurred until such time when the Group can reasonably measure its progress.

Contract modifications that do not add distinct goods or services are accounted for as a continuation of the original contract and the change is recognised as a cumulative adjustment to revenue at the date of modification.

Based on the Group's experience with similar types of contracts, variable consideration is typically constrained and is included in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is resolved.

Estimates of revenues, costs or extent of progress toward completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are reflected in the profit or loss in the period in which the circumstances that give rise to the revision become known by management.

The period between the transfer of the promised services and customer payment may exceed one year. For such contracts, there is no significant financing component present as the payment terms is an industry practice to protect the customers from the performing entity's failure to adequately complete some or all of its obligations under the contract. As a consequence, the Group does not adjust any of the transaction prices for the time value of money.

The customer is invoiced on a milestone payment schedule. If the value of the goods transferred by the Group exceed the payments, a contract asset is recognised. If the payments exceed the value of the goods transferred, a contract liability is recognised.

For costs incurred in fulfilling the contract which are within the scope of another SFRS(I) (eg. Inventories), these have been accounted for in accordance with those other SFRS(I). If these are not within the scope of another SFRS(I), the Group will capitalise these as contract costs assets only if (i) these costs relate directly to a contract or an anticipated contract which the Group can specifically identify; (ii) these costs generate or enhance resources of the Group that will be used in satisfying (or in continuing to satisfy) performance obligations in the future; and (iii) these costs are expected to be recovered. Otherwise, such costs are recognised as an expense immediately.

For the financial year ended 31 December 2021

#### 2. Significant accounting policies (continued)

#### **2.2 Revenue recognition** *(continued)*

#### (b) Sale of goods

Revenue from sale of goods is recognised at a point in time when the Group has delivered the products to the customer and the customer has accepted the products.

For sale of certain products from the Construction and Building Materials segment with no alternative use to the Group, the Group has assessed at contract inception that it does not have an enforceable right to payment for performance completed to date in relation to such goods.

For such goods, the customer is invoiced on a milestone payment schedule. If the value of the goods transferred by the Group exceed the payments, a contract asset is recognised. If the payments exceed the value of the goods transferred, a contract liability is recognised.

#### (c) Rendering of services

Revenue from services is recognised in the accounting period when services are rendered.

#### (d) Revenue from property development sales

Revenue from property development sales is recognised as disclosed in Note 2.8 "Development properties".

#### (e) Rental income

Rental income is recognised as disclosed in Note 2.12(b) "Leases - when the Group is the lessor".

#### (f) Dividend income

Dividend income is recognised when the right to receive payment is established.

#### (g) Interest income

Interest income is recognised using the effective interest method.

#### 2.3 Government grants

Grants from the government are recognised as a receivable at their fair value when there is reasonable assurance that the grant will be received and the Group will comply with all the attached conditions.

Government grants receivable are recognised in profit or loss over the periods necessary to match them with the related costs which they are intended to compensate, on a systematic basis.

For the financial year ended 31 December 2021

#### 2. Significant accounting policies (continued)

#### 2.4 Group accounting

#### (a) Subsidiaries

#### (i) Consolidation

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date on that control ceases.

In preparing the consolidated financial statements, intercompany transactions and balances and unrealised gains on transactions between group entities are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment indicator of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests comprise the portion of a subsidiary's net results of operations and its net assets, which is attributable to the interests that are not owned directly or indirectly by the equity holders of the Company. They are shown separately in the consolidated statement of comprehensive income, statement of changes in equity and balance sheet. Total comprehensive income is attributed to the non-controlling interests based on their respective interests in a subsidiary, even if this results in the non-controlling interests having a deficit balance.

#### (ii) Acquisitions

The acquisition method of accounting is used to account for business combinations entered into by the Group.

The consideration transferred for the acquisition of a subsidiary or business comprises the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred also includes any contingent consideration arrangement and any pre-existing equity interest in the subsidiary measured at their fair values at the acquisition date.

Acquisition-related costs are expensed as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.

In an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree at the date of acquisition either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

The excess of (a) the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the (b) fair value of the identifiable net assets acquired is recorded as goodwill. Please refer to Note 2.6 "Goodwill" for the subsequent accounting policy on goodwill.

For the financial year ended 31 December 2021

#### 2. Significant accounting policies (continued)

#### 2.4 Group accounting (continued)

#### (a) Subsidiaries (continued)

(iii) Disposals

When a change in the Group's ownership interest in a subsidiary results in a loss of control over the subsidiary, the assets and liabilities of the subsidiary including any goodwill are derecognised. Amounts previously recognised in other comprehensive income in respect of that entity are also reclassified to profit or loss or transferred directly to retained profits if required by a specific Standard.

Any retained equity interest in the entity is remeasured at fair value. The difference between the carrying amount of the retained interest at the date when control is lost and its fair value is recognised in profit or loss.

Please refer to Note 2.9 "Investments in subsidiaries, joint ventures and associated companies" for the accounting policy on investments in subsidiaries in the separate financial statements of the Company.

#### (b) Transactions with non-controlling interests

Changes in the Group's ownership interest in a subsidiary that do not result in a loss of control over the subsidiary are accounted for as transactions with equity owners of the Company. Any difference between the change in the carrying amounts of the non-controlling interest and the fair value of the consideration paid or received is recognised within equity attributable to the equity holders of the Company.

#### (c) Associated companies and joint ventures

Associated companies are entities over which the Group has significant influence, but not control, generally accompanied by a shareholding giving rise to voting rights of 20% and above.

Joint ventures are entities over which the Group has joint control as a result of contractual arrangements, and rights to the net assets of the entities.

Investments in associated companies and joint ventures are accounted for in the consolidated financial statements using the equity method of accounting less impairment losses, if any.

(i) Acquisitions

Investments in associated companies and joint ventures are initially recognised at cost. The cost of an acquisition is measured at the fair value of the assets given, equity instruments issued or liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the acquisition. Goodwill on associated companies and joint ventures represents the excess of the cost of acquisition of the associated company or joint venture over the Group's share of the fair value of the identifiable net assets of the associated company or joint venture and is included in the carrying amount of the investments.

For the financial year ended 31 December 2021

#### 2. Significant accounting policies (continued)

#### 2.4 Group accounting (continued)

#### (c) Associated companies and joint ventures (continued)

#### *(ii)* Equity method of accounting

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise Group's share of its associated companies' or joint ventures' post-acquisition profits or losses of the investee in profit or loss and its share of movements in other comprehensive income of the investee's other comprehensive income. Dividends received or receivable from the associated companies or joint ventures are recognised as a reduction of the carrying amount of the investments. When the Group's share of losses in an associated company or joint venture equals to or exceeds its interest in the associated company or joint venture, the Group does not recognise further losses, unless it has legal or constructive obligations to make, or has made, payments on behalf of the associated company or joint venture. If the associated company or joint venture subsequently reports profits, the Group resumes recognised. Interest in an associated company or joint venture includes any long-term loans for which settlement is never planned nor likely to occur in the foreseeable future.

Unrealised gains on transactions between the Group and its associated companies or joint ventures are eliminated to the extent of the Group's interest in the associated companies or joint ventures. Unrealised losses are also eliminated unless the transactions provide evidence of impairment of the assets transferred. The accounting policies of associated companies or joint ventures are changed where necessary to ensure consistency with the accounting policies adopted by the Group.

#### (iii) Disposals

Investments in associated companies or joint ventures are derecognised when the Group loses significant influence or joint control. If the retained equity interest in the former associated company or joint venture is a financial asset, the retained equity interest is measured at fair value. The difference between the carrying amount of the retained interest at the date when significant influence or joint control is lost, and its fair value and any proceeds on partial disposal, is recognised in profit or loss.

Please refer to Note 2.9 "Investments in subsidiaries, joint ventures and associated companies" for the accounting policy on investments in associated companies and joint ventures in the separate financial statements of the Company.

#### (d) Joint operations

The Group's joint operations are joint arrangements whereby the parties (the joint operators) that have joint control of the arrangement have rights to the assets, and obligations for the liabilities, relating to the arrangement.

The Group recognises, in relation to its interest in the joint operation:

- its assets, including its share of any assets held jointly;
- its liabilities, including its share of any liabilities incurred jointly;
- its revenue from the sale of its share of the output arising from the joint operation;
- its share of the revenue from the sale of the output by the joint operation; and
- its expenses, including its share of any expenses incurred jointly.

For the financial year ended 31 December 2021

#### 2. Significant accounting policies (continued)

#### 2.4 Group accounting (continued)

#### (d) Joint operations (continued)

When the Group sells or contributes assets to a joint operation, the Group recognises gains or losses on the sale or contribution of assets that is attributable to the interest of the other joint operators. The Group recognises the full amount of any loss when the sale or contribution of assets provides evidence of a reduction in the net realisable value, or an impairment loss, of those assets.

When the Group purchases assets from a joint operation, it does not recognise its share of the gains and losses until it resells the assets to an independent party. However, a loss on the transaction is recognised immediately if the loss provides evidence of a reduction in the net realisable value of the assets to be purchased or an impairment loss.

The accounting policies of the assets, liabilities, revenue and expenses relating to the Group's interest in a joint operation have been changed where necessary to ensure consistency with the accounting policies adopted by the Group.

#### 2.5 Property, plant and equipment

#### (a) Measurement

Property, plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses except for certain buildings and leasehold premises, which are subsequently carried at revalued amount less accumulated depreciation and accumulated impairment losses.

The cost of an item of property, plant and equipment initially recognised includes its purchase price and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Cost also includes borrowing costs (refer to Note 2.21 on borrowing costs).

Increases in carrying amounts arising from revaluation, including currency translation differences, are recognised in other comprehensive income, unless they reverse a revaluation decrease of the same asset previously recognised in profit or loss. In this case, the increase are recognised in profit or loss. Decreases in carrying amounts are recognised in other comprehensive income to the extent of any credit balance existing in the equity in respect of that asset and reduces the amount accumulated in equity. All other decreases in carrying amounts are recognised in profit or loss.

The revaluation on certain freehold and leasehold properties was done in connection with the listing of the Company in 1993. The increase in carrying amount arising from the revaluation was taken to capital reserve.

For the financial year ended 31 December 2021

#### 2. Significant accounting policies (continued)

#### 2.5 Property, plant and equipment (continued)

#### (b) Depreciation

Freehold land and assets under construction are not depreciated. Depreciation on other items of property, plant and equipment is calculated using the straight-line method to allocate their depreciable amounts over their estimated useful lives as follows:

	<u>Useful lives</u>
Buildings on freehold land	99 years
Leasehold land and buildings	2 – 92 years
Plant and machinery	2 – 20 years
Motor vehicles	2 – 10 years
Furniture, fittings, office and hotel equipment	1 – 10 years

The residual values, estimated useful lives and depreciation method of property, plant and equipment are reviewed, and adjusted as appropriate, at each balance sheet date. The effects of any revision are recognised in profit or loss when the changes arise.

#### (c) Subsequent expenditure

Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other repair and maintenance expenses are recognised in profit or loss when incurred.

#### (d) Disposal

On disposal of an item of property, plant and equipment, the difference between the disposal proceeds and its carrying amount is recognised in profit or loss within Note 6 "Other gains – net". Any amount in capital reserve relating to that item is transferred to retained profits directly.

#### 2.6 Goodwill

Goodwill on acquisitions of subsidiaries and businesses represents the excess of (a) the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over (b) the fair values of the identifiable net assets acquired. Goodwill on subsidiaries is recognised separately as intangible assets and carried at cost less accumulated impairment losses.

Goodwill on acquisition of joint venture and associated company represents the excess of the cost of the acquisition over the Group's share of the fair value of the identifiable net assets acquired. Goodwill on associated company and joint venture is included in the carrying amount of the investments.

Gains and losses on disposal of subsidiaries include the carrying amount of goodwill relating to the entity sold.

For the financial year ended 31 December 2021

#### 2. Significant accounting policies (continued)

#### 2.7 Investment properties

Investment properties include those portions of commercial buildings that are held for long-term rental yields and/or for capital appreciation and right-of-use assets relating to leasehold land that is held for long-term capital appreciation or for a currently indeterminate use. Investment properties include properties that are being constructed or developed for future use as investment properties.

Investment properties are initially recognised at cost and subsequently carried at fair value, determined annually by independent professional valuers on the highest and best use basis. Changes in fair values are recognised in profit or loss.

Investment property under construction is measured at fair value if the fair value is considered to be reliably determinable. Investment properties under construction for which the fair value cannot be determined reliably, but for which the Company expects the fair value of the property will be reliably determinable when construction is completed, are measured at cost less impairment until the fair value becomes reliably determinable or construction is completed - whichever is earlier.

Investment properties are subject to renovations or improvements at regular intervals. The cost of major renovations and improvements is capitalised and the carrying amounts of the replaced components are recognised in profit or loss. The cost of maintenance, repairs and minor improvements is recognised in profit or loss when incurred.

On disposal of an investment property, the difference between the disposal proceeds and the carrying amount is recognised in profit or loss.

#### 2.8 Development properties

Development properties refer to properties developed for sale. Development properties that are unsold are carried at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less cost to complete the development and selling expenses.

Revenue from sale of development properties is recognised when or as the control of the asset is transferred to the customer. Depending on the terms of the contract and the laws that apply to the contract, control of the asset may transfer at a point in time or over time.

For development properties where the Group does not have an enforceable right to payment for performance completed to date, revenue is recognised when the customer obtains control of the asset, such as when the property is accepted by the customer, or deemed as accepted according to the contract, or when title has passed to the customer.

For development properties where the Group is restricted contractually from directing the properties for another use as they are being developed and has an enforceable right to payment for performance completed to date, revenue is recognised over time, based on the Group's efforts or inputs to the satisfaction of the performance obligation, by reference to the stage of completion of the properties. The stage of completion is measured by reference to the professional quantity surveyor's certification of value of work done-to-date. Management has determined that a certification-based output method provides a faithful depiction of the Group's performance in transferring control of the development properties to the customers.

Progress billings to the customers are based on a payment schedule in the contract and are typically triggered upon achievement of specified construction milestones. Payment is typically due within two weeks. A contract asset is recognised when the Group has performed under the contract but has not yet billed the customer. Conversely, a contract liability is recognised when the Group has not yet performed under the contract but has received advanced payments from the customer. Contract assets are transferred to receivables when the rights to consideration become unconditional. Contract liabilities are recognised as revenue as the Group performs under the contract.

For the financial year ended 31 December 2021

#### 2. Significant accounting policies (continued)

#### **2.8 Development properties** (continued)

For costs incurred in fulfilling the contract which are within the scope of another SFRS(I) (eg. SFRS(I) 1-2 Inventories), these have been accounted for in accordance with those other SFRS(I). If these are not within the scope of another SFRS(I), the Group will capitalise these as contract costs assets only if the costs relate directly to the contract, generate or enhance resources used in satisfying the contract and are expected to be recovered. Other contract costs are expensed as incurred.

Capitalised contract costs are subsequently amortised on a systematic basis as the Group recognises the related revenue. An impairment loss is recognised in profit or loss to the extent that the carrying amount of the capitalised contract costs exceeds the remaining amount of consideration that the Group expects to receive in exchange for the goods or services to which the contract costs relates less the costs that relate directly to providing the goods and that have not been recognised as expenses.

The period between the transfer of the promised goods and payment by the customer may exceed one year. For such contracts, the Group adjusts the promised amount of consideration for the effect of a financing component, if significant.

Estimates of revenues, costs or extent of progress toward completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are reflected in the profit or loss in the period in which the circumstances that give rise to the revision become known by management.

#### 2.9 Investments in subsidiaries, joint ventures and associated companies

Investments in subsidiaries (except for warrants in subsidiary, which are accounted for as financial assets at fair value through profit or loss), joint ventures and associated companies are carried at cost less accumulated impairment losses in the Company's balance sheet. On disposal of investments, the difference between disposal proceeds and the carrying amounts of the investments are recognised in profit or loss.

#### 2.10 Impairment of non-financial assets

#### (a) Goodwill

Goodwill recognised separately as an intangible asset is tested for impairment annually and whenever there is indication that the goodwill may be impaired.

For the purpose of impairment testing of goodwill, goodwill is allocated to each of the Group's cash-generating units ("CGU") expected to benefit from synergies arising from the business combination.

An impairment loss is recognised when the carrying amount of a CGU, including the goodwill, exceeds the recoverable amount of the CGU. The recoverable amount of a CGU is the higher of the CGU's fair value less cost to sell and value-in-use.

The total impairment loss of a CGU is allocated first to reduce the carrying amount of goodwill allocated to the CGU and then to the other assets of the CGU pro-rata on the basis of the carrying amount of each asset in the CGU.

An impairment loss on goodwill is recognised as an expense and is not reversed in a subsequent period.

For the financial year ended 31 December 2021

#### 2. Significant accounting policies (continued)

#### 2.10 Impairment of non-financial assets (continued)

# Property, plant and equipment Right-of-use assets Investments in subsidiaries, joint ventures and associated companies

Property, plant and equipment, right-of-use assets and investments in subsidiaries, joint ventures and associated companies are tested for impairment whenever there is any objective evidence or indication that these assets may be impaired.

For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash inflows that are largely independent of those from other assets. If this is the case, the recoverable amount is determined for the CGU to which the asset belongs.

If the recoverable amount of the asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount.

The difference between the carrying amount and the recoverable amount is recognised as an impairment loss in profit or loss, unless the asset is carried at revalued amount, in which case, such impairment loss is treated as a revaluation decrease. Please refer to Note 2.5 "Property, plant and equipment" for the treatment of a revaluation decrease.

An impairment loss for an asset other than goodwill is reversed only if, there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. The carrying amount of this asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

A reversal of impairment loss for an asset other than goodwill is recognised in profit or loss, unless the asset is carried at revalued amount, in which case, such reversal is treated as a revaluation increase. However, to the extent that an impairment loss on the same revalued asset was previously recognised as an expense, a reversal of that impairment is also recognised in profit or loss.

#### 2.11 Financial assets

#### (a) Classification and measurement

The Group classifies its financial assets in the following measurement categories:

- Amortised cost;
- Fair value through other comprehensive income (FVOCI); and
- Fair value through profit or loss (FVPL).

The classification depends on the Group's business model for managing the financial assets as well as the contractual terms of the cash flows of the financial asset.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

The Group reclassifies debt instruments when and only when its business model for managing those assets changes.

For the financial year ended 31 December 2021

#### 2. Significant accounting policies (continued)

#### **2.11** Financial assets (continued)

#### (a) **Classification and measurement** (continued)

#### At initial recognition

At initial recognition, the Group measures a financial asset at its fair value plus transaction costs that are directly attributable to the acquisition of the financial asset, except for financial assets at fair value through profit or loss. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

#### At subsequent measurement

#### (i) Debt instruments

Debt instruments mainly comprise of cash and bank balances, trade and other receivables, amounts due from joint ventures, subsidiaries, and debt securities.

There are three subsequent measurement categories, depending on the Group's business model for managing the asset and the cash flow characteristics of the asset:

- Amortised cost: Debt instruments that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt instrument that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in interest income using the effective interest rate method.
- FVOCI: Debt instruments that are held for collection of contractual cash flows and for sale, and where the assets' cash flows represent solely payments of principal and interest, are classified as FVOCI. Movements in fair values are recognised in Other Comprehensive Income (OCI) and accumulated in fair value reserve, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses, which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and presented in "Other gains - net". Interest income from these financial assets is recognised using the effective interest rate method and presented in "interest income".
- FVPL: Debt instruments that are held for trading as well as those that do not meet the criteria for classification as amortised cost or FVOCI are classified as FVPL. Movement in fair values and interest income is recognised in profit or loss in the period in which it arises and presented in "Other gains net" and "Other income" respectively.

#### (ii) Equity instruments

The Group subsequently measures all its equity investments at their fair values. Equity investments are classified as FVPL with movements in their fair values recognised in profit or loss in the period in which the changes arise and presented in Note 6 "Other gains – net", except for those equity securities which are not held for trading. The Group has elected to recognise changes in fair value of equity securities not held for trading in other comprehensive income as these are strategic investments for enhancement of return on capital and the Group considers this to be more relevant. Dividends from equity investments are recognised in profit or loss.

66

For the financial year ended 31 December 2021

#### 2. Significant accounting policies (continued)

#### **2.11** Financial assets (continued)

#### (b) Impairment

The Group assesses on a forward looking basis the expected credit losses associated with its debt financial assets carried at amortised cost and FVOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 34(b) details how the Group determines whether there has been a significant increase in credit risk.

For trade receivables and contract assets, the Group applies the simplified approach permitted by the SFRS(I) 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

#### (c) Recognition and derecognition

Regular way purchases and sale of financial assets are recognised on trade date – the date on which the Group commits to purchase or sell the asset.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership.

On disposal of a debt instrument, the difference between the carrying amount and the sale proceeds is recognised in profit or loss. Any amount previously recognised in other comprehensive income relating to that asset is reclassified to profit or loss.

On disposal of an equity investment, the difference between the carrying amount and sale proceed is recognised in profit or loss if there was no election made to recognise fair value changes in other comprehensive income. If there was an election made, any difference between the carrying amount and sales proceed amount would be recognised in other comprehensive income and transferred to retained profits along with the amount previously recognised in other comprehensive income relating to that asset.

#### 2.12 Leases

#### (a) When the Group is the lessee:

At the inception of the contract, the Group assesses if the contract contains a lease. A contract contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Reassessment is only required when the terms and conditions of the contract are changed.

#### (i) Right-of-use assets

The Group recognised a right-of-use asset and lease liability at the date which the underlying asset is available for use. Right-of-use assets are measured at cost which comprises the initial measurement of lease liabilities adjusted for any lease payments made at or before the commencement date and lease incentive received. Any initial direct costs that would not have been incurred if the lease had not been obtained are added to the carrying amount of the right-of-use assets.

These right-of-use assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term.

For the financial year ended 31 December 2021

#### 2. Significant accounting policies (continued)

#### 2.12 Leases (continued)

- (a) When the Group is the lessee: (continued)
  - *(i) Right-of-use assets (continued)*

Right-of-use assets (except for those which meets the definition of an investment property) are presented within "Property, plant and equipment".

Right-of-use asset which meets the definition of an investment property is presented within "Investment properties" and accounted for in accordance with Note 2.7.

#### (ii) Lease liabilities

The initial measurement of lease liability is measured at the present value of the lease payments discounted using the implicit rate in the lease, if the rate can be readily determined. If that rate cannot be readily determined, the Group shall use its incremental borrowing rate.

Lease payments include the following:

- Fixed payment (including in-substance fixed payments), less any lease incentives receivables;
- Variable lease payment that are based on an index or rate, initially measured using the index or rate as at the commencement date;
- Amount expected to be payable under residual value guarantees;
- The exercise price of a purchase option if is reasonably certain to exercise the option; and
- Payment of penalties for terminating the lease, if the lease term reflects the Group exercising that option.

For contracts that contain both lease and non-lease components, the Group allocates the consideration to each lease component on the basis of the relative stand-alone price of the lease and non-lease component. The Group has elected to not separate lease and non-lease component for property leases and account these as one single lease component.

Lease liability is measured at amortised cost using the effective interest method. Lease liability shall be remeasured when:

- There is a change in future lease payments arising from changes in an index or rate;
- There is a change in the Group's assessment of whether it will exercise an extension option; or
- There are modifications in the scope or the consideration of the lease that was not part of the original term.

Lease liability is remeasured with a corresponding adjustment to the right-of-use asset or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

For the financial year ended 31 December 2021

#### 2. Significant accounting policies (continued)

#### 2.12 Leases (continued)

#### (a) When the Group is the lessee: (continued)

#### (iii) Short-term and low value leases

The Group has elected to not recognise right-of-use assets and lease liabilities for short-term leases that have lease terms of 12 months or less and leases of low value leases, except for sublease arrangements. Lease payments relating to these leases are expensed to profit or loss on a straight-line basis over the lease term.

#### (iv) Variable lease payments

Variable lease payments that are not based on an index or a rate are not included as part of the measurement and initial recognition of the lease liability. The Group shall recognise those lease payments in profit or loss in the periods that triggered those lease payments. There are no such variable lease payments for the Group.

#### (b) When the Group is the lessor:

#### (i) Operating leases

Leases of investment properties and property, plant and equipment where the Group retains substantially all risks and rewards incidental to ownership are classified as operating leases. Rental income from operating leases (net of any incentive given to the lessees) is recognised in profit or loss on a straight-line basis over the lease term. Income from leasing of equipment is recognised on its utilisation basis.

Initial direct costs incurred by the Group in negotiating and arranging operating leases are added to the carrying amount of the leased assets and recognised as an expense in profit or loss over the lease term on the same basis as the lease income.

Contingent rents are recognised as income in profit or loss when earned.

#### (ii) Subleases

In classifying a sublease, the Group as an intermediate lessor classifies the sublease as a finance or an operating lease with reference to the right-of-use asset arising from the head lease, rather than the underlying asset.

When the sublease is assessed as an operating lease, the Group recognise lease income from sublease in profit or loss within "Other income". The right-of-use asset relating to the head lease is not derecognised.

For contracts which contains lease and non-lease components, the Group allocates the consideration based on a relative stand-alone selling price basis.

For the financial year ended 31 December 2021

#### 2. Significant accounting policies (continued)

#### 2.13 Financial guarantees

The Company has issued corporate guarantees to banks for borrowings of its subsidiaries and joint ventures. These guarantees are financial guarantees as they require the Company to reimburse the banks if the subsidiaries and joint ventures fail to make principal or interest payments when due in accordance with the terms of their borrowings. Intra-group transactions are eliminated on consolidation.

Financial guarantees are initially recognised at their fair values plus transaction costs and subsequently measured at the higher of:

- (a) premium received on initial recognition less the cumulative amount of income recognised in accordance with the principles of SFRS(I) 15; and
- (b) the amount of expected loss computed using the impairment methodology under SFRS(I) 9.

#### 2.14 Assets classified as held-for-sale

Non-current assets are classified as held-for-sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sales is highly probable and the asset is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held-for-sale are measured at the lower of their previous carrying amount and fair value less cost to sell.

#### 2.15 Borrowings

Borrowings are presented as current liabilities unless the Group has an unconditional right to defer settlement for at least 12 months after the balance sheet date, in which case they are presented as non-current liabilities.

Borrowings are initially recognised at fair value (net of transaction costs) and subsequently carried at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

#### 2.16 Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. They are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). Otherwise, they are presented as non-current liabilities.

Trade and other payables are initially recognised at fair value, and subsequently carried at amortised cost using the effective interest method.

#### 2.17 Inventories

Inventories are carried at the lower of cost and net realisable value. Cost is determined using either the firstin, first-out basis or the weighted average basis. The cost of finished goods and work-in-progress comprises raw materials, direct labour, other direct costs and related production overheads (based on normal operating capacity) but excludes borrowing costs. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and applicable variable selling expenses.

70

For the financial year ended 31 December 2021

### 2. Significant accounting policies (continued)

#### 2.18 Income taxes

Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a tax authority will accept an uncertain tax treatment. The Group measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

Deferred income tax is recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

A deferred income tax liability is recognised on temporary differences arising on investments in subsidiaries, joint ventures and associated companies, except where the Group is able to control the timing of the reversal of the temporary differences and it is probable that the temporary differences will not reverse in the foreseeable future.

A deferred income tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.

Deferred income tax is measured:

- (a) at the tax rates that are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date; and
- (b) based on the tax consequence that will follow from the manner in which the Group expects, at the balance sheet date, to recover or settle the carrying amounts of its assets and liabilities except for investment properties. Investment property measured at fair value is presumed to be recovered entirely through sale.

Current and deferred income taxes are recognised as income or expense in profit or loss, except to the extent that the tax arises from a business combination or a transaction which is recognised directly in equity. Deferred tax arising from a business combination is adjusted against goodwill on acquisition.

### 2.19 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is more likely than not that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Group has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it.

71

For the financial year ended 31 December 2021

### 2. Significant accounting policies (continued)

#### 2.20 Employee compensation

Employee benefits are recognised as an expense, unless the cost qualifies to be capitalised as an asset.

#### (a) Defined contribution plans

Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into separate entities such as the Central Provident Fund on a mandatory, contractual or voluntary basis. The Group has no further payment obligations once the contributions have been paid.

#### (b) Employee leave entitlement

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the balance sheet date.

#### (c) Share-based compensation

A listed subsidiary of the Group operates an equity-settled, share-based performance share plan. The value of the employee services received in exchange for the grant of shares of the listed subsidiary is recognised as an expense with a corresponding increase in the share-based payment reserve over the vesting period. The total amount to be recognised over the vesting period is determined by reference to the fair value of the shares granted on grant date.

At each balance sheet date, the Group revises its estimates of the number of shares under the performance share plan that are expected to be awarded on the vesting date and recognises the impact of the revision of the estimates in profit or loss, with a corresponding adjustment to the share-based payment reserve over the remaining vesting period.

When shares of the listed subsidiary are awarded, this is accounted for as a transaction with non-controlling interests [Note 2.4(b)]. Any difference between the change in the carrying amounts of non-controlling interests and the related balance previously recognised in the share-based payment reserve is recognised within equity attributable to the equity holders of the Company.

### 2.21 Borrowing costs

Borrowing costs are recognised in profit or loss using the effective interest method except for those costs that are directly attributable to the construction or development of properties and assets under construction. This includes those costs on borrowings acquired specifically for the construction or development of properties and assets under construction, as well as those in relation to general borrowings used to finance the construction or development of properties and assets under construction.

The actual borrowing costs incurred during the period up to the date when the qualifying asset is ready for its intended use or sale less any investment income on temporary investment of these borrowings, are capitalised in the cost of the property under development. Borrowing costs on general borrowings are capitalised by applying a capitalisation rate to construction or development expenditures that are financed by general borrowings.

For the financial year ended 31 December 2021

### 2. Significant accounting policies (continued)

#### 2.22 Currency translation

#### (a) Functional and presentation currency

Items included in the financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The financial statements are presented in Singapore Dollar, which is the functional currency of the Company.

#### (b) Transactions and balances

Transactions in a currency other than the functional currency ("foreign currency") are translated into the functional currency using the exchange rates at the dates of the transactions. Currency exchange differences resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the closing rates at the balance sheet date are recognised in profit or loss. However, in the consolidated financial statements, currency translation differences arising from borrowings in foreign currencies and other currency instruments designated and qualifying as net investment hedges and net investment in foreign operations, are recognised in other comprehensive income and accumulated in the currency translation reserve.

When a foreign operation is disposed of or any loan forming part of the net investment of the foreign operations is repaid, a proportionate share of the accumulated currency translation differences is reclassified to profit or loss, as part of the gain or loss on disposal.

Foreign exchange gains and losses impacting profit or loss are presented in the income statement within Note 6 "Other gains - net".

Non-monetary items measured at fair values in foreign currencies are translated using the exchange rate at the date when the fair values are determined.

#### (c) Translation of Group entities' financial statements

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into presentation currency as follows:

- (i) assets and liabilities are translated at the closing exchange rates at the reporting date;
- (ii) income and expenses are translated at average exchange rates (unless the average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated using the exchange rates at the dates of the transactions); and
- (*iii*) all resulting currency translation differences are recognised in other comprehensive income and accumulated in the currency translation reserve. These currency translation differences are reclassified to profit or loss on disposal or partial disposal of the entity giving rise to such reserve.

Goodwill and fair value adjustments arising on the acquisition of foreign operations are treated as assets and liabilities of the foreign operations and translated at the closing rates at the reporting date.

### 2.23 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Executive Committee whose members are responsible for allocating resources and assessing performance of the operating segments.

73

For the financial year ended 31 December 2021

### 2. Significant accounting policies (continued)

#### 2.24 Cash and bank balances

For the purpose of presentation in the consolidated statement of cash flows, cash and bank balances include cash on hand and deposits with financial institutions which are subject to an insignificant risk of change in value. For cash subjected to restriction, assessment is made on the economic substance of the restriction and whether they meet the definition of cash and bank balances.

#### 2.25 Share capital and treasury shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are deducted against the share capital account.

When any entity within the Group purchases the Company's ordinary shares ("treasury shares"), the carrying amount which includes the consideration paid and any directly attributable transaction cost is presented as a component within equity attributable to the Company's equity holders, until they are cancelled, sold or reissued.

When treasury shares are subsequently cancelled, the cost of treasury shares are deducted against the share capital account if the shares are purchased out of capital of the Company, or against the retained profits of the Company if the shares are purchased out of earnings of the Company.

#### 2.26 Dividends

Dividends to the Company's shareholders are recognised when the dividends are approved for payment.

### 3. Critical accounting estimates and assumptions

Estimates and assumptions are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

#### (a) Estimation of total contract sum and contract costs for construction contracts

The Group has significant ongoing construction contracts as at 31 December 2021 that are non-cancellable. For these contracts, revenue is recognised over time by reference to the Group's progress towards completion of the contract. The measure of progress is determined based on the proportion of contract costs incurred to date to the estimated total contract costs ("input method").

Management has to estimate the total contract sum and total contract costs to complete, which are used in the input method to determine the Group's recognition of construction revenue. When it is probable that the total contract costs will exceed the total construction revenue, a provision for onerous contracts is recognised immediately.

Significant assumptions are used to estimate the total contract sum and the total contract costs which affect the accuracy of revenue recognition based on the percentage-of-completion and recoverability of contract assets recognised.

Estimation of total contract sum includes variation orders where management had assessed to be recoverable from the customers. In making this assessment, management has relied on its past experience, the work of specialists and advice from external legal counsels to consider if they are recoverable as well as the recoverable amount. The estimates will be revised until an agreement has been reached with the customers.

74

For the financial year ended 31 December 2021

#### **3. Critical accounting estimates and assumptions** *(continued)*

#### (a) Estimation of total contract sum and contract costs for construction contracts (continued)

If the estimated value of the variation orders that are recoverable decreases by 5% from management's estimates, the Group's profit before income tax (2020: loss before income tax) will decrease (2020: increase) by approximately \$\$3,236,000 (2020: \$\$3,361,000).

Total contract cost includes the estimated remaining cost to complete. Management has estimated the remaining cost to complete based on its past experience, use of specialists, as well as taking into account estimated changes to costs arising from market conditions, and the measures required to adhere to the applicable COVID-19 workplace safety measures of the respective governments in the countries the Group operate in as at 31 December 2021.

If the remaining estimated contract costs increase by 1% from management's estimates, the Group's profit before income tax (2020: loss before income tax) will decrease (2020: increase) by approximately \$\$1,656,000 (2020: \$\$1,679,000).

#### (b) Assessment on impairment of goodwill

Goodwill is tested for impairment annually and whenever there is indication that the goodwill may be impaired. In performing the impairment test, the recoverable amount of the "Bio-Refinery and Renewable Energy" cash-generating unit ("CGU") in which goodwill has been attributable to as at 31 December 2021, is determined using value-in-use ("VIU") calculation.

Significant judgements are used to estimate the gross margin, terminal growth rate and discount rate applied in computing the VIU of the CGU as at 31 December 2021. In making these estimates, management has relied on past performance, its expectation of market developments in Malaysia, and the industry trends for the CGU. Specific estimates are disclosed in Note 26. Based on the estimated VIU calculation, no impairment loss is recognised against the carrying value of the CGU as at 31 December 2021.

### (c) Valuation of investment properties

Investment properties are stated at their fair values based on valuations performed by independent professional valuers, using valuation methods that involve certain estimates (Note 22).

Valuation methods used are direct comparison method, income method and cost method. Direct comparison method involves the comparison of recent sales transactions of similar properties. Income method involves estimation of income and expenses, taking into account expected future changes in economic and social conditions, which may affect the value of the properties. Cost method involves the estimation of the current cost required to replace the property.

The most significant inputs to the valuation methods would be monthly rental per square metre, yield rate, market value per square metre, and cost per square metre respectively. Management is of the view that the valuation methods and estimates are reflective of the current market conditions.

For the financial year ended 31 December 2021

## 4. Revenue

## (a) Disaggregation of revenue

		ction and Materials	Real I	Estate	Leisu Hospi		То	tal

	11,352	7,347	12,448

For the financial year ended 31 December 2021

### 4. **Revenue** (continued)

#### (b) Contract assets and liabilities (continued)

Contract assets primarily relates to the Group's right to consideration for work completed but not yet billed at reporting date on construction contracts, sale of products, and sale of development properties. The decrease in contract assets in current financial year was mainly due to billing to customers. The decrease in contract assets for construction contracts and sales of products in previous financial year was mainly due to billing to customers, and the increase in contracts assets for sales of development properties in previous financial year was mainly due to sales recognised on launch, but yet to be billed as at the end of the previous financial year.

Contract liabilities primarily relates to the Group's obligation to transfer goods or services to customers for which the Group has received advances from customers for construction contracts. The increase in contract liabilities in current financial year was mainly due to more advances received from customers. The decrease in contract liabilities in previous financial year was mainly due to less advances received from customers.

		Group	
		2021	2020
(i)	Revenue recognised in relation to contract liabilities	S\$'000	S\$'000
	Revenue recognised in current year that was included in the contract liability balance at the beginning of the year		
	- Construction contracts	6,900	8,778
(ii)	Unsatisfied performance obligations		
	Aggregate amount of the transaction price allocated to contracts that are partially or fully unsatisfied as at 31 December		
	- Construction contracts	669,781	570,401
	- Sale of development properties	37,905	36,644

Management expects that the aggregate amount of the transaction price allocated to unsatisfied performance obligations as of 31 December 2021 will be recognised as revenue as the Group continue to perform to complete the construction, which is expected to occur over the next few years up to 2028 (2020: 2028). The amount disclosed above does not include variable consideration which is subject to significant risk of reversal.

As permitted under the SFRS(I) 15, the aggregated transaction price allocated to unsatisfied contracts of periods one year or less, or are billed based on time incurred, is not disclosed.

(Write-back of allowance for)/ allowance for impairment of property, plant and equipment (Note 23)	(169)	224
Purchases of raw material, finished goods and consumables	51,328	33,161
Rental expenses	706	2,221
Repair and maintenance expenses	2,473	2,371
Utilities	1,086	849
Other expenses	4,822	8,990
	248,119	260,082

Rental expenses included COVID-19 related rent concessions received from lessors of S\$ nil (2020: S\$540,000) to which the Group accounted for in accordance with Note 2.1.

Government grant income of S\$ nil (2020: S\$281,000) relating to property tax rebates have been received from the Singapore Government to help businesses deal with the impact from COVID-19. These property tax rebates have been offset against other expenses during the financial year.

## 8. Employee compensation

Salaries, bonus and other costs	42,312	35,807
Share-based compensation expense [Note 31(b)(iii)]	15	24
Employer's contribution to defined contribution plans including Central Provident Fund	2,406	2,794
	44,733	38,625

For the financial year ended 31 December 2021

### 8. **Employee compensation** (continued)

Government grant income of \$\$1,287,000(2020: \$\$7,313,000) under the Jobs Support Scheme ("JSS"), \$\$552,000 (2020: \$\$3,176,000) relating to foreign worker levy rebates and waivers ("FWRW") and \$\$ nil (2020: \$\$453,000) relating to Construction Restart Booster ("CRB") were recognised and presented as an offset against salaries, bonus and other costs. The JSS is a temporary scheme introduced in the Singapore Budget 2020 to help enterprises retain local employees. Under the JSS, employers will receive cash grants in relation to the gross monthly wages of eligible employees. The FWRW were also introduced in the Singapore Budget 2020 to ease the labour costs of business employers who hire foreign workers amid the COVID-19 pandemic. The CRB is part of the Construction Support Package announced by the Singapore Government in June 2020 to help construction firms defray costs incurred on workforce-based measures to comply with COVID-safe requirements. The JSS and FWRW have been extended to 2021 by the Government.

The compensation to key management personnel, including directors' remuneration, is separately disclosed in Note 35(b).

#### 9. Finance expenses

	Gro	Group		
	2021	2020		
	S\$'000	S\$'000

[Note 10(a)]	30	(322)		
Balance at 31 December	88	(267)		_

For the financial year ended 31 December 2021

## **10. Income taxes** (continued)

### (b) Movement in the net current income tax (receivables)/liabilities (continued)

The amounts of current income tax (receivables)/liabilities are presented in the balance sheet as follows:

	Group		Com	pany
	2021	2020	2021	2020
	S\$'000	S\$'000	S\$'000	S\$'000
<u>Current assets</u>				
Income tax receivables	(730)	(730)	_	-
<u>Current liabilities</u>				
Current income tax liabilities	818	463		_

### (c) Deferred income tax

The movement in the net deferred income tax is as follows:

	Group		
	2021 S\$'000	2020 S\$'000	
Balance at 1 January	7,775	8,124	
Currency translation differences	2	_	
Tax expense [Note 10(a)]	(499)	(349)	
Balance at 31 December	7,278	7,775	

#### (d) Movements in deferred income tax

The movements in the Group's deferred income tax liabilities and assets (prior to offsetting of balances within the same tax jurisdiction) during the financial year are as follows:

Group	Accelerated tax depreciation S\$'000	Fair value adjustment on investment properties S\$'000	Unrealised foreign exchange gain S\$000	Unremitted foreign sourced income S\$'000	Total S\$'000
Deferred income tax liabilities					
Balance at 1 January 2021	1,160	6,522	5	138	7,825
Credited to profit or loss	(315)	(162)	(5)	-	(482)
Currency translation differences	1	-	-	-	1
Balance at 31 December 2021	846	6,360	-	138	7,344
Balance at 1 January 2020	1,615	6,626	91	-	8,332
(Credited)/charged to profit or loss	(455)	(104)	(86)	138	(507)
Balance at 31 December 2020	1,160	6,522	5	138	7,825

For the financial year ended 31 December 2021

### **10. Income taxes** (continued)

#### (d) Movements in deferred income tax (continued)

	Profits from construction contracts taxed in advance	Provision	Unrealised foreign exchange loss	Total
Group	S\$'000	S\$'000	S\$'000	S\$'000
Deferred income tax assets				
Balance at 1 January 2021	(10)	(40)	-	(50)
Charged/(credited) to profit or loss	9	40	(66)	(17)
Currency translation differences	(1)	-	2	1
Balance at 31 December 2021	(2)	-	(64)	(66)
Balance at 1 January 2020	(116)	(92)	_	(208)
Charged to profit or loss	106	52	-	158
Balance at 31 December 2020	(10)	(40)		(50)

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when the deferred income taxes relate to the same fiscal authority.

The amounts, determined after appropriate offsetting, are shown on the balance sheets as follows:

	Gro	Group	
	2021	2020	
	S\$'000	S\$'000	
Deferred income tax liabilities	7,278	7,775	

#### (e) Unutilised tax losses and capital allowances

As at 31 December 2021, the Group has unutilised tax losses of approximately S\$64,030,000 (2020: S\$63,726,000), unabsorbed capital allowances of approximately S\$7,453,000 (2020: S\$8,095,000) and investment allowance of approximately S\$7,256,000 (2020: S\$4,952,000) which can, subject to meeting certain statutory requirements by those companies with unrecognised tax losses and capital allowances in their respective countries of incorporation, be carried forward and utilised against future taxable profits. The unutilised tax losses and capital allowance do not have expiry dates. The deferred tax benefits on the unutilised tax losses and capital allowances of subsidiaries have not been recognised in the financial statements because of the uncertainty of future utilisation.

(f) There is no tax charge relating to each component of other comprehensive income.

For the financial year ended 31 December 2021

## 11. Earnings/(loss) per share

### (a) Basic earnings/(loss) per share

Basic earnings/(loss) per share is calculated by dividing the net profit/(loss) attributable to equity holders of the Company by the weighted average number of ordinary shares outstanding during the financial year.

	Group	
	2021	2020
Net profit/(loss) attributable to equity holders of the Company (S\$'000) Weighted average number of ordinary shares in issue for computation	6,900	(14,806)
of basic earnings per share ('000)	412,459	412,459
Basic earnings/(loss) per share (in cents)	1.67	(3.59)

## (b) Diluted earnings/(loss) per share

For the current financial year, warrants of the Group's subsidiary, Koh Brothers Eco Engineering Limited ("KBE Warrants"), are included in the calculation of diluted earnings per share above because they are dilutive.

For the previous financial year, no adjustment was made to the diluted earnings per share because all the outstanding KBE Warrants are antidilutive.

### 12. Cash and bank balances

	Group		Com	pany

Less: Current portion	491	489
Non-current portion	10,705	792

For the financial year ended 31 December 2021

## **13.** Investment securities (continued)

(c)

## (b) Financial assets, at FVOCI (continued)

Financial assets, at FVOCI are analysed as follows:

	Group	
	2021	2020
	S\$'000	S\$'000
Listed securities		
- SGD corporate fixed rate notes of 3.00% to 6.90% (2020: 3.00% to 6.80%) per annum due between		
June 2022 to October 2026 (2020: July 2021 to October 2026)	2,282	1,281
- Equity securities – USA	8,914	-
	11,196	1,281
Financial assets, at amortised cost		
Balance at 1 January	3,000	_
Transfer from financial assets, at fair value through		
profit or loss [Note 13(a)]	-	3,000
Disposal	(761)	-
Balance at 31 December	2,239	3,000
Financial assets, at amortised cost comprise the following:		
Current		
Unquoted SGD 10.00% fixed rate note	2,239	3,000

During the previous financial year, the issuer of the unquoted convertible notes [Note 13(a)] negotiated with the Group to restructure the notes when it was due in 2020. This was accounted for as an extinguishment of the existing unquoted convertible note, and origination of a new SGD 10.00% fixed rate note due in 2021.

During the current financial year, the fixed rate note was further restructured (the "Further Addendum"), and the Group has received \$\$761,000 pursuant to the Further Addendum agreement.

For the financial year ended 31 December 2021

## 14. Trade and other receivables

	Group		Com	pany
	2021	2020	2021	2020
	S\$'000	S\$'000	S\$'000	S\$'000
Current				
<u>Trade receivables</u>				
Due from non-related parties	41,886	29,005	-	_
Less: Allowance for impairment of trade receivables [Note 34(b)]	(797)	(1,487)	-	_
Trade receivables – net	41,089	27,518	-	_
Other receivables				
Deposit	2,550	5,325	7	7
Prepayments	7,798	3,214	-	-
Other receivables – non-related parties	6,132	5,174	-	-
Less: Allowance for impairment of other receivables - non-related parties	(276)	(284)	-	-
	57,293	40,947	7	7
Non-current Other receivables				
Due from non-related parties [Note 14(ii)]	30,127	29,393		_

- (i) Write-back of allowance for impairment of trade receivables of S\$658,000 (2020: allowance for impairment of S\$645,000) is recognised as reversal of expense (2020: recognised as expense) and included in "distribution and marketing expenses".
- (*ii*) As at 31 December 2021, the non-current other receivables due from non-related parties are unsecured and bear interest at 3.50% (2020: 3.50%) per annum.

For the financial year ended 31 December 2021

## 15. Amounts due from/(to) joint ventures

	Gro	up
	2021	2020
	S\$'000	S\$'000
Current assets		
Trade receivables from joint ventures	971	854
Loans to joint ventures [Note 15(i)]	51,551	49,055
Less: Allowance for impairment of loans [Note 15(ii)]	(7,277)	(5,900)
	44,274	43,155
	45,245	44,009
<u>Current liabilities</u>		
Amounts due to a joint venture (trade)	(423)	(945)
Amounts due to joint ventures (non-trade) [Note 15(iii)]	(37,355)	(37,395)
	(37,778)	(38,340)

(*i*) The loans to the joint ventures are unsecured, interest-free and repayable on demand, except for loan amounting to S\$14,232,000 (2020: S\$11,554,000) which bears interest at 1.00% (2020: 1.00%) per annum and is repayable on demand.

- (*ii*) Allowance for impairment of loans to joint ventures of S\$1,377,000 (2020: S\$1,469,000) is recognised as expense.
- (iii) The current non-trade amounts due to joint ventures are unsecured, interest-free and repayable on demand, except for an amount of S\$36,500,000 (2020: S\$36,500,000) which bears interest at 1.50% (2020: 1.50%) per annum and is repayable on demand.

## 16. Inventories

Raw materials	2,401	246
Finished goods	7,890	2,463
	10,291	2,709

The cost of inventories recognised as an expense and included in "cost of sales" amounted to S\$43,746,000 (2020: S\$35,885,000).

## 17. Development properties

Development properties in progress	128,402	122,057

For the financial year ended 31 December 2021

### **17. Development properties** (continued)

Details of the Group's major development properties in progress as at 31 December 2021 are as follows:

Property	Tenure of land	Percentage of completion at 31.12.2021/ expected date of completion	Site area/gross floor area (sq m)	Effective interest in property
Site for residential development at Holland Road, Singapore	Freehold	39%/2023	4,428/6,819	100%

#### 18. Other current assets

	Gro	oup
	2021	2020
	S\$'000	S\$'000
Project consumables	4,799	5,940

Project consumables are non-project specific in nature. These are carried at lower of cost or net realisable value.

## 19. Investment in associated companies

Balance at 1 January	280	1,351
Share of profit/(loss)	159	(1,071)
Balance at 31 December	439	280

(*i*) There are no associated companies as at 31 December 2021 and 2020, which in the opinion of the directors, are individually material to the Group.

(*ii*) At the date of these financial statements, the directors are of the view that SDK Consortium, an associated partnership of the Group, is able to repay its bank borrowing in full, and hence it is not probable that the Group is required to settle its share of the partnership's total banking facility of S\$13,601,000.

(iii) Details of the associated companies are set out in Note 38. The associated companies have share capital consisting solely of ordinary shares, which are held directly by the Group, except for SDK Consortium which is incorporated as a partnership. The country of incorporation is also their principal place of business.

For the financial year ended 31 December 2021

## 20. Investment in joint ventures

	Gro	Group	
	2021	2020	
	S\$'000	S\$'000	
Balance at 1 January	99,516	104,453	
Share of profits	2,880	6,844	
Dividends received during the year	(5,757)	(12,028)	
Voluntary liquidation	(2,539)	_	
Currency translation differences	102	247	
Balance at 31 December	94,202	99,516	

There are no contingent liabilities relating to the Group's interest in the joint ventures.

Details of the joint ventures are set out in Note 38. The joint ventures have share capital consisting solely of ordinary shares, which are held directly by the Group. The country of incorporation is also their principal place of business.

### Summarised financial information of joint ventures

Set out below are the summarised financial information for material joint ventures. The information reflects the amounts presented in the financial statements of the joint ventures (and not the Group's share of those amounts), adjusted for differences in accounting policies between the Group and the joint ventures.

Material joint ventures have been aggregated by the businesses undertaken as they have similar risks and returns characteristics as follows:

- Property investment Canberra Development Pte Ltd
- Property development FEC Skypark Pte Ltd, Phileap Pte Ltd and Daeryun Koh Brothers PFV Co Ltd (2020: FEC Skypark Pte Ltd, Phileap Pte Ltd and Daeryun Koh Brothers PFV Co Ltd)

For the financial year ended 31 December 2021

## 20. Investment in joint ventures (continued)

### Transactions with non-controlling interests

#### Change in ownership interest in subsidiaries due to dilution of equity interest

On 15 March 2021, a subsidiary of the Company, Koh Brothers Eco Engineering Limited ("KBE"), entered into a share subscription agreement with a non-related party, Penta-Ocean Construction Co. Ltd ("POC"), pursuant to which POC will subscribe for 810,000,000 new ordinary shares in the capital of KBE at an issue price of S\$0.047, amounting to S\$36,834,000 net of expenses. This transaction was completed on 8 June 2021 and as a result, the Company's shareholding interest in KBE decreased from 76.94% to 54.82%.

For the financial year ended 31 December 2021

## 21. Investment in subsidiaries and amounts due from/(to) subsidiaries (continued)

#### Transactions with non-controlling interests (continued)

Change in ownership interest in subsidiaries due to stepped acquisition of remaining equity interest

On 29 January 2020, the Company exercised 233,000,000 warrants in KBE at the exercise price of S\$0.05 per warrant for a total cash consideration of S\$11,650,000. Following the warrants exercise, the Company's shareholding interest in KBE increased from 74.35% to 77.29%.

The effect of changes in the ownership interest of KBE on the equity attributable to owners of the Company is summarised as follows:

	Group		
	2021	2020	
	S\$'000	S\$'000	
Carrying amount of non-controlling interests			
(disposed of)/acquired in KBE	(2,015)	3,138	
(Decrease)/increase in parent's equity	(2,015)	3,138	
Investment properties			
Balance at 1 January	95,224	94,564	
Addition	-	1,373	
Fair value gain/(loss) recognised in profit or loss (Note 6)	7,089	(317)	
Reclassification to property, plant and equipment (Note 23)	-	(523)	
Currency translation difference	(144)	127	
Balance at 31 December	102,169	95,224	

The following amounts are recognised in profit or loss:

22.

Rental income (Note 4)	2,258	2,212
Direct operating expenses arising from investment properties that generated rental income	(1,529)	(1,410)

(*i*) Investment properties with carrying values totalling S\$94,900,000 (2020: S\$87,200,000) are mortgaged to banks for credit facilities granted (Notes 28 and 29).

For the financial year ended 31 December 2021

## **22.** Investment properties (continued)

(ii) Details of the investment properties are set out below:

Property	Tenure of land	Site area/gross floor area (sq ft)
The First City Complex comprising commercial units, office units and service apartments at Pulau Batam, Indonesia	Right-of-use for 20 years from October 2018	200,456 186,066
11 shop units at Alocassia Apartments at 383 Bukit Timah Road, Singapore	Freehold	44,863* 22,895
45 apartment units at Alocassia Apartments at 383 Bukit Timah Road, Singapore	Freehold	44,863* 35,166
2 residential units at Lincoln Suites at 1 Khiang Guan Avenue, Singapore	Freehold	3,456
5 officetel units at 225-6 Nonhyeon-dong, Gangnam-gu, Seoul, South Korea	Freehold	3,834

\* The 11 shop units and 45 apartment units are located within the same building.

Fair value hierarchy – Recurring fair value measurements

	Fair	Fair value measurements using				
Description	Quoted prices in active markets for identical assets (Level 1) S\$'000	Significant other observable inputs (Level 2) S\$'000	Significant unobservable inputs (Level 3) S\$'000

31 December 2020						
- Investment properties	-	-	95,224			

For the financial year ended 31 December 2021

### 22. Investment properties (continued)

#### Valuation technique and inputs used in Level 3 fair value measurements

The following table represents the valuation techniques and key inputs that were used to determine the fair value of investment properties categorised under Level 3 of the fair value hierarchy:

Description	Fair value as at 31 December 2021 (S\$'000)	Valuation technique(s)	Unobservable inputs <sup>1</sup>	Range of unobservable inputs	Relationship of unobservable inputs to fair value
Investment properties - Singapore	94,900 (2020: 87,200)	Income method	Monthly rental per square metre	S\$90 to S\$120 (2020: S\$90 to S\$120) per square metre	The higher the rental value per square metre, the higher the fair value.
			Yield rate	4% (2020: 4%)	The lower the yield rate, the higher the fair value.
		Adjusted market comparison method	Market value per square metre	\$\$20,000 to \$\$40,000 (2020: \$\$20,000 to \$\$30,000) per square metre	The higher the market value per square metre, the higher the fair value.
Investment properties - Indonesia	4,620 (2020: 5,420)	Cost method	Cost per square metre	S\$375 to S\$516 (2020: S\$375 to S\$516 ) per square metre	The higher the replacement cost per square metre, the higher the fair value.
Investment properties – South Korea	2,649 (2020: 2,604)	Adjusted market comparison method	Market value per square metre	S\$20,000 (2020: S\$20,000) per square metre	The higher the market value per square metre, the higher the fair value.

<sup>1</sup> There were no significant inter-relationships between unobservable inputs.

#### Valuation processes of the Group

The fair value of investment properties are determined annually by independent professional valuers at the end of every financial year based on the properties' highest and best use. They are carried at fair value at the balance sheet date.

At each financial year, management:

- provides all major inputs to the independent valuation report;
- assesses property valuation movements when compared to the prior year valuation reports; and
- holds discussions with the independent valuers.

Changes in Level 3 fair values are analysed at each reporting date during management meetings. As part of this discussion, a report is presented to the Audit and Risk Committee that explains the reasons for the fair value movements.

For the financial year ended 31 December 2021

### 23. Property, plant and equipment (continued)

(*i*) Right-of-use of assets acquired under leasing arrangements are presented together with the owned assets of the same class. Details of such leased assets are disclosed in Note 24(a).

During the previous financial year, the Group renegotiated and modified existing lease contracts for leasehold land by extending the lease terms at the revised lease payments. As the extensions are not part of the terms and conditions of the original lease contracts, they were accounted for as lease modifications with additions to the right-of-use assets, classified under "Property, plant and equipment". The corresponding remeasurement to lease liabilities were recorded under "Bank borrowings and lease liabilities" (Notes 28 and 29).

- (ii) The valuation made in 1993, in connection with the listing of the Company, was performed by Messrs Knight Frank, Cheong Hock Chye & Baillieu (Property Consultants) Pte Ltd, a firm of independent valuers based on an open market existing use basis as at 31 December 1993.
- (iii) Write-back of allowance for impairment of S\$169,000 (2020: allowance for impairment of S\$224,000) is recognised as a credit in "Other expenses" (2020: recognised as "Other expenses") in the statement of comprehensive income. The write-back of allowance for impairment during the financial year was due to change in estimated recoverable value of plant and machineries. The impairment charge in previous financial year was due to the carrying amount of the affected freehold land exceeding its recoverable amount, based on fair value determined by an independent valuer less estimated cost of disposal.
- *(iv)* If the revalued property, plant and equipment had been included in the financial statements at cost less accumulated depreciation, their net book values would be as follows:

	Gro	Group		
	2021	2020		
	S\$'000	S\$'000		
Freehold land	15,293	15,293		
Buildings on freehold land	3,242	3,287		

(v) At 31 December 2021, freehold land, buildings on freehold land and leasehold land and buildings with a carrying value of S\$50,452,000 (2020: S\$33,269,000) are mortgaged to banks for credit facilities granted in respect of short-term bank loans and term loans (Notes 28 and 29).

For the financial year ended 31 December 2021

## 23. Property, plant and equipment (continued)

(vi) The Group's major properties included in property, plant and equipment are as follows:

Name and location	Description	Tenure
Koh Brothers Building 11 Lorong Pendek Singapore	Industrial building	Freehold
Oxford Hotel 218 Queen Street Singapore	Hotel	Freehold
65 Sungei Kadut Drive Singapore	Factory-cum-office building	35 years from 16 December 1990
PTD 103250, Jalan Idaman3/9 Taman Perindustrian Senai Johor, Malaysia	Factory-cum-office building	Freehold
1 Tuas South Street 6 Singapore	Industrial building	22.5 years from 2 May 2013
15 Genting Lane Singapore	Industrial land	Freehold
1 Jalan Bioteknologi 3 Kawasan Perindustrian SiLC Johor, Malaysia	Industrial building	Freehold
Lot 6 Jalan Pasaran 23/5 Selangor Darul Ehsan, Malaysia	Factory-cum-office building	99 years from 15 August 1997

### 24. Leases – The Group as a lessee

#### Nature of the Group's leasing activities

#### Leasehold land

The Group leases various leasehold land from non-related parties under non-cancellable lease agreements. The leases have varying terms, escalation clauses and renewal rights. These land are recognised within Property, plant and equipment (Note 23).

There are no externally imposed covenants on these lease arrangements.

For the financial year ended 31 December 2021

## 24. Leases – The Group as a lessee (continued)

Nature of the Group's leasing activities (continued)

#### Plant and machinery, motor vehicles and office equipment

The Group leases certain plant and machinery, motor vehicles and office equipment from non-related parties under operating leases. Some of these lease arrangements prohibit the Group from subleasing the equipment to third parties.

		Group		
		2021	2020	
		S\$'000	S\$'000	
(a)	Carrying amounts of ROU assets classified within Property, plant and equipment			
	Leasehold land and buildings	2,782	10,855	
	Plant and machinery	25,277	26,910	
	Motor vehicles	1,109	1,033	
		29,168	38,798	
(b)	Depreciation charge during the year			
	Leasehold land and buildings	2,271	3,636	
	Plant and machinery	2,511	1,848	
	Motor vehicles	445	694	
		5,227	6,178	
(c)	Interest expense			
	Interest expenses on lease liabilities (Note 9)	744	992	
(d)	Lease expense not capitalised in lease liabilities			
	Lease expense – short-term leases	498	2,616	
	Lease expense – low value leases	208	145	
		706	2,761	

(e) Total cash outflow for all the leases in 2021 was S\$10,282,000 (2020: S\$11,786,000).

(f) Addition of ROU assets during the financial year were S\$894,000 (2020: S\$553,000).

For the financial year ended 31 December 2021

### 25. Leases - The Group as a lessor

#### Nature of the Group's leasing activities

The Group leases out commercial space to non-related parties under non-cancellable lease agreements. To reduce credit risk, the Group obtains security deposits from the lessees. The lessees are required to pay either absolute fixed annual increases to the lease payments or contingent rents computed based on their sales achieved during the lease period.

Rental income from investment properties are disclosed in Note 22.

Undiscounted lease payments from the operating leases to be received after the reporting date are as follows:

	Gro	Group	
	2021	2020 S\$'000	
	S\$'000		
Less than one year	673	864	
One to two years	98	169	
Total undiscounted lease payment	771	1,033	

#### 26. Goodwill

Cost		
Balance at 1 January and 31 December	5,078	5,078

#### Impairment tests for goodwill

Goodwill arising from the Group's acquisition of Koh Brothers Eco Engineering Limited and its subsidiaries is allocated to the "Bio-Refinery and Renewable Energy" cash-generating unit ("CGU").

The Group tests the CGU annually for impairment or more frequently if there are indicators that the goodwill might be impaired.

The recoverable amount of the CGU was determined based on value-in-use calculation. Cash flow projections used in the value-in-use calculations were based on financial budgets approved by management covering a one-year period.

#### Key inputs used for value-in-use calculations

	Gr	Group	
	2021	2020	
Gross margin [1]	18%	21%	
Terminal growth rate <sup>(2)</sup>	2%	2%	
Discount rate <sup>(3)</sup>	14%	14%	

<sup>(1)</sup> Budgeted gross margin

<sup>(2)</sup> Weighted average growth rate used to extrapolate cash flows beyond the budget period

<sup>(3)</sup> Pre-tax discount rate applied to the pre-tax cash flow projections

Management determined budgeted gross margin based on past performance and its expectations of market developments. The weighted average growth rates used were consistent with forecasts included in industry reports. The discount rates used were pre-tax and reflected specific risks relating to the relevant segments. The sensitivity analysis of the recoverable amount of the CGU is set out in Note 3(b).

For the financial year ended 31 December 2021

## 27. Trade and other payables

	Group		Company	
	2021	2020	2021	2020
	S\$'000	S\$'000	S\$'000	S\$'000
Current				
<u>Trade payables</u>				
Due to non-related parties	45,061	56,873	-	-
Retention due to subcontractors on construction contracts	7,934	18,760	-	-
<u>Other payables</u>				
Accruals for operating expenses	10,567	11,091	1,097	1,201
Sundry payables	1,787	244	-	-
Deposits and advances received	3,163	3,640	-	-
Due to directors [Note 27(i)]	682	683	505	505
Indirect taxes payable	1,478	1,139	-	-
Due to non-related parties [Note 27(ii)]	5,070	5,070	-	-
Provision for onerous contracts [Note 27(iii)]	41	23	-	-
	75,783	97,523	1,602	1,706
Non-current				
Retention due to subcontractors on construction contracts	6,943	4,649	-	_

(i) The amounts due to directors are unsecured, interest-free and repayable on demand.

- *(ii)* The current other payables due to non-related parties had been in previous year fully amortised based on cash flows discounted at market borrowing rates of equivalent instrument of 5% per annum.
- *(iii)* Provision for onerous contracts

	Group	
	<b>2021</b> 2020	
	S\$'000	S\$'000
Balance at 1 January	23	129
Provision made	18	23
Provision utilised		(129)
Balance at 31 December	41	23

Provision for onerous contracts is in respect of remaining expected losses arising from noncancellable construction contracts where the expected total contract costs exceed the total contract sum and is expected to be utilised as these contracts progress towards completion.

For the financial year ended 31 December 2021

## 28. Bank borrowings and lease liabilities

	Gro	Group	
	2021	2020

- Unsecured	4,852	3,949	3,585	8,324
	6,658	4,948	184,578	179,329

Details of the term loans are as follows:

(i) Terms loans amounting to \$\$27,289,000 (2020: \$\$27,289,000) are secured by way of a first legal mortgage on a freehold property [Note 23(v)]. Term Loan I amounting to \$\$6,489,000 (2020: \$\$6,489,000) is interest servicing only for the first 2.5 years and will subsequently be converted into a 19 years 9 months term loan repayable in equal instalment and mature on 29 June 2042. Term loan II amounting to \$\$20,800,000 (2020: \$\$20,800,000) is interest servicing only for the first 5 years (2020: 5 years) and will subsequently be converted into a 25 years term loan repayable in equal instalment thereafter and mature on 30 June 2047.

For the financial year ended 31 December 2021

#### **29. Bank borrowings** (continued)

- (ii) Term loans of \$\$15,200,000 (2020: \$\$15,200,000) are secured by way of a first legal mortgage over an investment property of the Group [Note 22(i)], assignments of all rights, title, benefits and interests in connection with any insurance policies, leases, tenancy agreements and/or sale and purchase agreements with respect to the property. The loans are fully repayable by 24 January 2023.
- (iii) Term loans of \$\$28,763,000 (2020: \$\$24,800,000) are secured by way of a first legal mortgage over an investment property of the Group [Note 22(i)], assignments of all rights, title, benefits and interests in connection with any insurance policies, leases, tenancy agreements and/or sale and purchase agreements with respect to the property. The loans are fully repayable on 24 January 2023.
- (iv) Term loans of \$\$2,604,000 (2020: \$\$2,951,000) are secured by way of a first legal mortgage over the Group's investment properties [Note 22(i)]. The loans are repayable for the first 24 instalments from the date of first partial disbursement of the loan and thereafter converted into a term loan with equal monthly instalment of 15 years up to 31 March 2030.
- (v) Term loans of S\$218,000 in 2020 were secured by way of a first legal mortgage on freehold land [Note 23(v)]. The loans were repayable in 60 monthly instalments commencing from January 2016 and fully repaid in 2021.
- (vi) A term loan of S\$99,000,000 (2020: S\$99,000,000) is secured by way of a first legal mortgage over the Group's development properties (Note 17). The term loan is fully repayable on 7 December 2023 (2020: 7 June 2022) or 6 months after the date of issuance of the Temporary Occupation Permit, whichever is earlier.
- (vii) A term loan of S\$1,943,000 (2020: S\$2,546,000) is secured by way of a first legal mortgage on freehold land [Note 23(v]]. It is repayable in 60 monthly instalments commencing from 5 December 2018.
- (viii) A term loan of S\$3,637,000 (2020: S\$7,273,000) is unsecured and repayable in 36 monthly instalments commencing from April 2020.
- (ix) A term loan of S\$4,800,000 (2020: S\$5,000,000) is unsecured and interest servicing only for the first 12 months commencing October 2020 and will subsequently be converted into a 48 months term loan repayable in equal monthly instalments thereafter.
- (x) A term loan of \$\$8,000,000 (2020: \$\$ nil) is secured by way of a first legal mortgage over the Group's freehold land and building (Note 23), assignments of all rights, title, benefits and interests in connection with any insurance policies, leases, tenancy agreements and/or sale and purchase agreements with respect to the land and building. The term loan shall be interest servicing only for the first 5 years commencing February 2021 and will subsequently be converted into an 18 years term loan with monthly instalment repayment computed on monthly rests basis.
- (xi) The carrying amounts of the non-current term loans approximate their fair values, as the term loans bear interest at variable rates, which are re-priced within a period of up to six months. These term loans can be contractually re-priced at one, two, three or six-monthly intervals.
- (xii) The weighted average effective interest rate at the balance sheet date is 1.72% (2020: 1.80%) per annum.

For the financial year ended 31 December 2021

#### 30. Notes payables

The Company has established a S\$250 million Multicurrency Medium Term Note programme, under which the Company may, from time to time, issue notes in series or tranches in Singapore Dollars or in other currencies, in various amounts and tenors and interest rates agreed between Company and the relevant dealer. The net proceeds arising from the issue of notes will be used for general corporate purposes, financing investments and general working capital of the Group.

The Company issued the second series of notes amounting to S\$70,000,000 in October 2017. The notes bear a fixed rate of 5.10% per annum payable semi-annually in arrear and are due on 27 October 2022.

At the balance sheet date, the fair value of the notes payables is S\$69,671,000 (2020: S\$64,122,000).

#### 31. Share capital, treasury shares and reserves

#### (a) Share capital and treasury shares

Transfer to retained profits upon disposal of equity financial assets, at FVOCI	3,000	_
Fair value loss on financial assets, at FVOCI [Note 13(b)]	(4,150)	(1,381)
Less: Non-controlling interests	2	49
Balance at 31 December	(4,807)	(3,916)
(ii) Capital reserve		
Balance at 1 January	1,596	1,577
Transfer to retained profits upon disposal of a subsidiary	-	19
Balance at 31 December	1,596	1,596

As at 31 December 2021 and 2020, capital reserve comprises goodwill in relation to acquisitions of subsidiaries prior to 1 January 2001.

#### (iii) Share-based payment reserve

Balance at 1 January	9	4
Performance share plan of a subsidiary		
- Value of employee services (Note 8)	15	24
- Performance shares awarded	(7)	(19)
Balance at 31 December	17	9

#### Performance share plan of a subsidiary

On 20 April 2017, the shareholders of a listed subsidiary, Koh Brothers Eco Engineering Limited ("KBE"), approved a new performance share plan to be known as the "Koh Brothers Eco Engineering Limited Performance Share Plan 2017" ("KBE PSP"). Under the KBE PSP, the total number of shares which may be delivered (whether in the form of shares or in the form of cash in lieu of shares) shall not exceed 20% of the total number of issued shares (excluding treasury shares) from time to time. The KBE PSP shall continue in force at the discretion of its Remuneration Committee subject to a maximum period of 10 years commencing on the date on which KBE PSP is adopted.

For the financial year ended 31 December 2021

#### 31. Share capital, treasury shares and reserves (continued)

#### (b) Other reserves (continued)

*(iii)* Share-based payment reserve (continued)

#### <u>Performance share plan of a subsidiary</u> (continued)

During the previous financial year, KBE awarded 1,117,282 new ordinary shares of KBE to its employees. The award comprised of (i) 328,702 fully paid-up ordinary shares of KBE, free of payment, which vested on 29 December 2020; and (ii) 788,580 fully paid-up ordinary shares of KBE, free of payment and will vest in accordance with the vesting schedule commencing on 29 December 2020 and ending on the ninth anniversary of the date of grant, subject to certain vesting conditions (including service condition).

During the current financial year, there is no new ordinary share of KBE awarded to its employee. However, 133,120 ordinary shares of KBE were vested on 29 December 2021.

Details of the performance share plan granted by KBE are disclosed in KBE's audited consolidated financial statements for the financial year ended 31 December 2021, which is publicly available.

#### (c) Retained profits

Retained profits of the Group are distributable except for accumulated losses of associated companies amounting to S\$656,000 (2020: retained profit of S\$497,000). Retained profits of the Company are fully distributable.

#### (d) Currency translation reserve

	Group	
	2021	2020
	S\$'000	S\$'000
Balance at 1 January	(9,432)	(9,475)
Change in ownership interests in subsidiaries	617	(75)
Net currency translation differences of financial statements of foreign operations	(553)	305
Reclassification on disposal of a subsidiary	-	(248)
Less: Non-controlling interests	(14)	61
Balance at 31 December	9,382	(9,432)

For the financial year ended 31 December 2021

#### 32. Dividend

	Com	Company	
	2021	2020	
	S\$'000	S\$'000	
Final dividend paid in respect of the previous financial year			
ended of nil cent (2020: 0.25 cent) per share	_	1,031	

At the forthcoming Annual General Meeting, a final cash dividend of 0.20 Singapore cent per share amounting to a total of S\$825,000 will be recommended. These financial statements do not reflect these dividends, which will be accounted for in shareholders' equity as an appropriation of retained profits in the financial year ending 31 December 2022.

#### 33. Commitments

#### **Capital commitments**

Capital expenditures contracted for at the balance sheet date but not recognised in the financial statements are as follows:

	Gro	Group	
	2021	2020	
	S\$'000	S\$'000	
Property, plant and equipment	150	245	

The contracts are entered into with non-related parties.

#### 34. Financial risk management

#### **Financial risk factors**

The Group's activities expose it to market risk (including currency risk, interest rate risk and price risk), credit risk and liquidity risk. The Group's overall risk management strategy seeks to minimise adverse effects from the unpredictability of financial markets on the Group's financial performance. Where possible, the Group seeks to match assets and liabilities of the same currency. Derivative financial instruments are only used where necessary to reduce exposure to fluctuation in foreign exchange rates and interest rates.

#### (a) Market risk

(i) Currency risk

The Group operates mainly in Asia with operations primarily in Singapore, Malaysia, Indonesia, and South Korea. Entities in the Group transact predominantly in their respective functional currencies, except for balances between entities in the Group.

Currency risk arises within entities in the Group when transactions are denominated in foreign currencies such as the Singapore Dollar ("SGD"), United States Dollar ("USD"), and others. The Group monitors the foreign currency exchange rate movements closely to ensure that its exposures are minimised. The Group also has investments in foreign subsidiaries and is exposed to currency translation risk.

For the financial year ended 31 December 2021

#### 34. Financial risk management (continued)

#### (a) Market risk (continued)

#### (i) Currency risk (continued)

The Group's currency exposure is as follows:

	SGD	USD	Others	Total
Group	S\$'000	S\$'000	S\$'000	S\$'000

Net currency exposure	1,423	9,663	1,024	12,110
<i>,</i> ,	,	,	,	,

As at 31 December 2021 and 2020, the Company's business operations are not exposed to significant foreign currency risks as it has no significant transactions denominated in foreign currencies. All financial assets and financial liabilities are mainly denominated in SGD.

If the USD changes against the SGD by 5% (2020: 5%) respectively with all other variables including tax rate being held constant, the effects arising from the net financial assets and liabilities on profit after tax and other comprehensive income will be as follows:

	Increase/(decrease)		
	Profit after tax		
	2021	2020	
Group	S\$'000	S\$'000	
USD against SGD			
- Strengthened	866	401	
- Weakened	(866)	(401)	

For the financial year ended 31 December 2021

#### 34. Financial risk management (continued)

- (a) Market risk (continued)
  - (ii) Interest rate risk

Cash flow interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fair value interest rate risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market interest rates. The Group has no significant interest-bearing assets. The Group's exposure to cash flow interest rate risks arises mainly from the Group's debt obligations. The Group manages its cash flow interest rate risks by adopting a preference for fixed rate instruments over variable-rate instruments.

The Group's borrowings at variable rates are denominated mainly in SGD. If the SGD interest rates increase/decrease by 1% (2020: 1%) with all other variables including tax rate being held constant, the profit after tax will be lower/higher by S\$2,105,000 (2020: S\$2,114,000) as a result of higher/ lower interest expense on these borrowings.

(iii) Price risk

The Group is exposed to equity and debt securities price risk arising from the quoted investments held by the Group which are classified either as financial assets, at fair value through profit or loss or financial assets, at FVOCI. These securities are listed in Singapore. The Group is not exposed to commodity price risk.

If prices for the equity and debt securities listed in Singapore change by 10% (2020: 10%) with all other variables including tax rate being held constant, the profit after tax and other comprehensive income will be:

	Increase/(decrease)		
	Other comprehensive income		
	2021	2020	
Group	S\$'000	S\$'000	
Listed in Singapore			
- Increased by 10%	1,120	128	
- Decrease by 10%	(1,120)	(128)	
	Increase/(decrease)		
	Profit af	iter tax	
	2021	2020	
Company	S\$'000	S\$'000	
Listed in Singapore			
- Increased by 10%	-	22	
- Decreased by 10%		(22)	

For the financial year ended 31 December 2021

#### 34. Financial risk management (continued)

#### (b) Credit risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in financial loss to the Group. The Group adopts the policy of dealing only with:

- Customers of appropriate credit standing and history, where cash term, advance payments, bankers' guarantees and performance bonds are required for customers of lower credit standing; and
- High credit quality counterparties.

The Group's investments in quoted debt instruments are considered to be low risk investments. The credit ratings of the investments are monitored for credit deterioration. The trade receivables of the Group comprise five debtors (2020: five debtors) that accounted for approximately 55% (2020: 55%) of the balance.

As the Group and the Company do not hold any collateral, the maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented on the balance sheet, except for corporate guarantees as follows:

Group	2021 S\$'000	2020 S\$'000
Corporate guarantees provided to banks on		
- Joint ventures' loan	202,532	202,532
Company		
Corporate guarantees provided to banks on		
- Subsidiaries' loan	210,155	212,060
- Joint ventures' loan	202,532	202,532

Information on trade receivables provided to key management are as follows:

#### Group

By geographical areas		
Singapore	34,714	25,082
Malaysia	2,540	1,383
Others	3,835	1,053
	41,089	27,518

	41,089	27,518

For the financial year ended 31 December 2021

#### 34. Financial risk management (continued)

#### (b) Credit risk (continued)

The movement in credit loss allowance are as follows:

	Group		
	2021	2020	
	S\$'000	S\$'000	
Trade receivables <sup>(1)</sup>			
Balance at 1 January	1,487	2,012	
Loss allowance recognised in profit or loss on:			
- Assets acquired/originated	-	645	
- Reversal of unutilised amounts	(658)	-	
	(658)	645	
Currency translation difference	(32)	(49)	
Allowance written off	-	(1,121)	
Balance at 31 December	797	1,487	

<sup>(1)</sup> Loss allowance measured at lifetime expected credit loss

The Group's contract assets and other receivables are subject to immaterial credit loss. Within other receivables are non-trade amounts due from non-related parties of \$\$30,127,000 (2020: \$\$29,393,000) [Note 14(ii)] which are considered to have low credit risk. This was based on management's assessment of the debtors' financial position and performance, cash flows, valuation of residential properties held and their ability to repay via realisation of these residential properties.

The Company's debt financial assets are subject to immaterial credit loss.

#### *(i) Trade receivables and contract assets*

In measuring the expected credit losses ("ECL"), trade receivables and contract assets are grouped based on shared credit risk characteristics and days past due. The contract assets relate mainly to unbilled work in progress, which have substantially the same risk characteristics as the trade receivables for the same type of contracts.

The Group has therefore concluded that the expected loss rates for trade receivables are a reasonable approximation of the loss rates for the contract assets.

In calculating the expected credit loss rates, the Group considers historical loss rates for each category of customers and adjusts for forward-looking macroeconomic data. The Group has identified the gross domestic product ("GDP") growth of the countries in which it sells goods and services to be the most relevant factor, and accordingly adjust the historical loss rates based on expected changes in this factor.

The Group considers a financial asset as in default when the counterparty fail to make contractual payments for a prolonged period of time when they fall due, and the Group may also consider internal and external information, such as significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the debtor's ability to meet its obligation. Financial assets are written off when there is no reasonable expectation of recovering the contractual cash flow, such as a debtor failing to engage in a repayment plan with the Group and it is becoming probable that the debtor will enter bankruptcy or other financial reorganisation. Where receivables have been written off, the Group continues to engage in enforcement activity to attempt to recover the receivables due. Where recoveries are made, these are recognised in profit or loss.

For the financial year ended 31 December 2021

#### 34. Financial risk management (continued)

#### (b) Credit risk (continued)

#### *(i) Trade receivables and contract assets (continued)*

Management has assessed and concluded that the expected credit loss rate for trade receivables past due less than 1 year is immaterial, while the expected credit loss rate for trade receivables past due more than 1 year approximates 50% to 100%, except for specific cases where management has assessed the amount is still fully recoverable.

The Group's credit risk exposure in relation to trade receivables and contract assets under SFRS(I) 9 are set out as follows:

Group	Current S\$'000	✓ 1 to 6 months S\$'000	– Past due – 7 to 12 months S\$'000	Over 12 months S\$'000	Total S\$'000

Loss allowance		_	_	-	_

For the financial year ended 31 December 2021

#### 34. Financial risk management (continued)

#### (b) Credit risk (continued)

(ii) Financial guarantee contracts

The Company has issued financial guarantees to banks for borrowings of its subsidiaries and joint ventures. These guarantees are subject to the impairment requirements of SFRS(I) 9. The Company has assessed that its subsidiaries have strong financial capacity to meet the contractual cash flow obligations in the near future and hence, does not expect significant credit losses arising from these guarantees.

#### (c) Liquidity risk

The table below analyses the maturity profile of the Group's and Company's financial liabilities based on contractual undiscounted cash flows.

	Less than 1 year	Between 1 and 2 years	Between 2 and 5 years	Over 5 years
Group	S\$'000	S\$'000	S\$'000	S\$'000

The Group and Company manage the liquidity risk by maintaining sufficient cash and marketable securities to enable them to meet their normal operating commitments and having an adequate amount of committed credit facilities.

For the financial year ended 31 December 2021

#### 34. Financial risk management (continued)

#### (d) Capital risk

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern and to maintain an optimal capital structure so as to maximise shareholder value. In order to maintain or achieve an optimal capital structure, the Group may adjust the amount of dividend payment, issue new shares, buy back issued shares, obtain new borrowings or sell assets to reduce borrowings.

The gearing ratio is calculated as net debt divided by shareholders' funds. Net debt is calculated as notes payables, bank borrowings and lease liabilities less cash and bank balances.

	Group		
	2021	2020	
	S\$'000	S\$'000	
Net debt	251,117	258,859	
Shareholders' funds	287,111	287,888	
Gearing ratio (times)	0.87	0.90	

The Group and the Company are in compliance with all externally imposed capital requirements for the financial years ended 31 December 2021 and 2020.

#### (e) Fair value measurements

The following presents the assets and liabilities measured at fair value and classified by level of the following fair value measurement hierarchy:

- (i) quoted price (unadjusted) in active markets for identical assets or liabilities (Level 1);
- (*ii*) inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (is as prices) or indirectly (i.e. derived from prices) (Level 2); and
- (iii) inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3).

See Note 22 for disclosure of the investment properties that are measured at fair value.

Group	Level 1 S\$'000	Level 2 S\$'000	Level 3 S\$'000	Total S\$'000

Financial assets, at FVOCI	11,196	-	_	11,196
<b>31 December 2020</b> Assets				
Financial assets, at FVOCI	1,281	_	_	1,281

For the financial year ended 31 December 2021

#### 34. Financial risk management (continued)

(e) Fair value measurements (continued)

Company	Level 1 S\$'000	Level 2 S\$'000	Level 3 S\$'000	Total S\$'000
31 December 2021				
Assets				
Financial assets, at fair value through profit or loss		-	-	-
31 December 2020				
Assets				
Financial assets, at fair value through profit or loss	218	_	_	218

The fair value of financial instruments traded in active markets (such as trading and available-for-sale securities) is based on quoted market prices at the balance sheet date. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in Level 1.

The fair value of financial instruments that are not traded in active market is determined by using valuation techniques. The Group uses a variety of methods and makes assumptions that are based on market conditions existing at each balance sheet date. Quoted market prices or dealer quotes for similar instruments with adjustment on the market price of linked listed equity securities and interest rate curve are used to estimate the fair value of unquoted short-term structured notes. These instruments are classified as Level 2.

#### (f) Financial instrument by category

The carrying amounts of financial assets measured at fair value (fair value through profit and loss and FVOCI) are disclosed in Note 13.

The aggregate carrying amounts of financial assets and liabilities at amortised cost are as follows:

	Group		Company			
	<b>2021</b> 2020		<b>2021</b> 2020		2021	2020
	S\$'000	S\$'000	S\$'000	S\$'000		
Financial assets at amortised cost	222,258	215,984	40,916	42,386		
Financial liabilities at amortised cost	466,732	501,197	98,918	101,651		

For the financial year ended 31 December 2021

#### 35. Related party transactions

In addition to the related party information disclosed elsewhere in the financial statements, the Group has significant transactions with related parties on terms agreed between the parties concerned as shown below:

#### (a) Sales and purchases of goods and services

		Group		
		2021	2020	
		S\$'000	S\$'000	
(i)	Progressive billing recognised from sale of residential property to related parties	349	698	
(ii)	Construction works performed by a related party		876	_

Related party comprises companies which are controlled or significantly influenced by the Group's key management personnel and their close family members.

Outstanding balances at 31 December 2021 and 2020, arising from sale/purchase of goods and services, are disclosed in Notes 14, 15, and 27.

#### (b) Key management personnel compensation

Key management personnel compensation is analysed as follows:

Salaries and other short-term employee benefits	7,298	6,234
Post-employment benefits – contribution to Central Provident Fund	272	207
	7,570	6,441

Included in the above was total directors' fees to directors of the Company amounting to S\$487,000 (2020: S\$454,500).

#### 36. Segment information

Management has determined the operating segments based on the reports reviewed by the Executive Committee ("Exco") that are used to make strategic decisions. The Exco comprises the Chief Executive Officer and Executive Directors.

The Exco considers the business from a business segment perspective. Management manages and monitors the business in three main business segments which are Construction and Building Materials, Real Estate and Leisure & Hospitality. The Exco assesses the performance of these business segments based on sales, segment results, segment assets and segment liabilities.

- (a) Construction and Building Materials This business segment undertakes construction activities for "Engineering and Construction", "Bio-Refinery and Renewable Energy" segments and sales of building materials. Management has aggregated the above businesses under Construction and Building Materials as they have similar economic growth prospects.
- (b) Real Estate This business segment involves real estate development and rental of properties.
- (c) Leisure & Hospitality This business segment involves hotel and leisure operations.

For the financial year ended 31 December 2021

#### **36.** Segment information (continued)

The segment information and the reconciliations of segment results to profit before tax and segment assets and liabilities to total assets and liabilities are as follows:

Group (S\$'000)	Construction and Building Materials	Real Estate	Leisure & Hospitality	Others	Total

#### **36.** Segment information (continued)

The measurement of segment sales, results, assets and liabilities are as follows:

- (a) Inter-segment transactions are determined on an arm's length basis. The sales from external parties reported to the Exco are measured in a manner consistent with that in the statement of comprehensive income.
- (b) The Exco assesses the performance of the business segments based on a measure of earnings before interest and tax for continuing operations. This measurement excludes the income or expenses that are not expected to recur regularly in every period. Interest income and finance expenses are not allocated to segments, as this type of activity is driven by the Group Treasury, which manages the cash performance of the Group.
  - (i) The amounts provided to the Exco with respect to total assets are measured in a manner consistent with that of the financial statements. All assets are allocated to reportable segments other than income tax receivables, short-term bank deposits and investment securities.
  - (ii) The amounts provided to the Exco with respect to total liabilities are measured in a manner consistent with that of the financial statements. All liabilities are allocated to the reportable segments other than current income tax liabilities, deferred income tax liabilities, bank borrowings, notes payables, and lease liabilities.

#### **Geographical information**

The Group's three business segments operate in four main geographical areas: Singapore, Malaysia, Indonesia and others.

The following table presents sales and non-current assets information for the main geographical areas for the financial years ended 31 December 2021 and 2020.

	Gr	oup
	2021	2020
	S\$'000	S\$'000
Total sales		
Singapore	219,440	215,263
Malaysia	10,411	6,822
Indonesia	11,983	3,439
Others	10,787	17,542
	252,621	243,066
Total non-current assets		
Singapore	336,924	341,025
Malaysia	11,565	11,818
Others	9,242	14,713
	357,731	367,556

#### Information about major customers

Revenue of approximately 53% (2020: 49%) are derived from two (2020: two) major customers. These revenues are attributable to the Construction and Building Materials segment.

For the financial year ended 31 December 2021

#### 37. Property held-for-sale

During the financial year, the Group has entered an agreement with a non-related party to dispose off the leasehold property and other related assets located at 50 Tuas Crescent for a gross consideration of S\$14,900,000. Accordingly, the Group reclassified the non-current assets and liabilities associated with the disposal group as Property held-for-sale.

In accordance to SFRS(I) 5 *Non-current Assets Held for Sale and Discontinued Operation*, the assets and liabilities associated with the property were presented as a disposal group classified as held-for-sale as at 31 December 2021. The disposal group was previously presented under property, plant and equipment of the Group.

Details of the assets and liabilities of disposal group classified as held-for-sale were as follows:

	As at 31 December 2021
	S\$'000
Leasehold land and buildings (Note 23)	8,142
Plant and machineries (Note 23)	169
Lease liabilities (Note 28)	(5,095)
	3,216

Subsequent to year end, the above transaction was completed after satisfaction of all the conditions set out in the agreement.

For the financial year ended 31 December 2021

#### 38. Significant Group companies

<sup>h</sup> Audited by Baker Tilly HYT, Malaysia

<sup>1</sup> In accordance with Rule 716 of The Singapore Exchange Securities Trading Limited – Listing Rules, the Audit and Risk Committee and Board of Directors of the Company confirmed that they are satisfied that the appointment of different auditors for its subsidiaries, joint venture companies and associated companies would not compromise the standard and effectiveness of the audit of the Group.

" These partnerships are regarded as joint operations in accordance with SFRS(I) 11 Joint Arrangements as the joint venture agreements for these partnerships require unanimous consent from all parties and the partners have direct rights to the assets of the partnership and are jointly and severally liable for the liabilities incurred by the partnership. Therefore these partnerships are classified as joint operations and the Group recognise its direct right to the jointly held assets, liabilities, revenues and expenses as described in Note 2.4(d).

For the financial year ended 31 December 2021

#### 39. New or revised accounting standards and interpretations

Below are the mandatory standards, amendments and interpretations to existing standards that have been published, and are relevant for the Group's accounting periods beginning on or after 1 January 2022 and which the Group has not early adopted:

Amendments to SFRS(I) 1-1 Presentation of Financial Statements: Classification of Liabilities as Current or Noncurrent (effective for annual periods beginning on or after 1 January 2023)

The narrow-scope amendments to SFRS(I) 1-1 Presentation of Financial Statements clarify that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. Classification is unaffected by the expectations of the entity or events after the reporting date (e.g. the receipt of a waiver or a breach of covenant). The amendments also clarify what SFRS(I) 1-1 means when it refers to the 'settlement' of a liability.

The amendments could affect the classification of liabilities, particularly for entities that previously considered management's intentions to determine classification and for some liabilities that can be converted into equity.

Amendments to SFRS(I) 1-16 Property, Plant and Equipment: Proceeds before Intended Use (effective for annual periods beginning on or after 1 January 2022)

The amendment to SFRS(I) 1-16 Property, Plant and Equipment (PP&E) prohibits an entity from deducting from the cost of an item of PP&E any proceeds received from selling items produced while the entity is preparing the asset for its intended use. It also clarifies that an entity is 'testing whether the asset is functioning properly' when it assesses the technical and physical performance of the asset. The financial performance of the asset is not relevant to this assessment.

Entities must disclose separately the amounts of proceeds and costs relating to items produced that are not an output of the entity's ordinary activities.

**Amendments to SFRS(I) 1-37 Provisions, Contingent Liabilities and Contingent Assets**: Onerous Contracts – Cost of Fulfilling a Contract (effective for annual periods beginning on or after 1 January 2022)

An onerous contract is a contract in which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it. The unavoidable costs under a contract reflect the least net cost of exiting from the contract, which is the lower of the costs of fulfilling it and any compensation or penalties arising from failure to fulfil it. The amendment to SFRS(I) 1-37 clarifies that the direct costs of fulfilling a contract include both the incremental costs of fulfilling the contract and an allocation of other costs directly related to fulfilling contracts.

The Group does not expect any significant impact arising from applying these amendments.

#### 40. Events occurring after balance sheet date

#### Listing of Oiltek International Limited

On 3 March 2022, an indirect subsidiary of the Group, Oiltek International Limited ("OIL"), was successfully admitted and listed on Catalist Board of the Singapore Exchange Securities Trading Limited. Following the OIL listing, the Group's effective shareholding interest in OIL and its subsidiaries will be reduced from approximately 43.88% to approximately 36.97%. However, OIL remains an indirect subsidiary of the Group as it remains a subsidiary of Koh Brothers Eco Engineering Limited.

#### 41. Authorisation of financial statements

These financial statements were authorised for issue in accordance with a resolution of the Board of Directors of Koh Brothers Group Limited on 16 March 2022.

#### SHAREHOLDINGS HELD BY PUBLIC

Based on the information available to the Company as at 15 March 2022, approximately 43.69% of the issued ordinary shares of the Company is held by the public, and therefore the Company complied with Rule 723 of the Listing Manual issued by the Singapore Exchange Securities Trading Limited.

(Resolution 12)

**NOTICE IS HEREBY GIVEN** that the Annual General Meeting of Koh Brothers Group Limited (the "Company") will be held by way of electronic means (see Notes 1 to 8) on Tuesday, 26 April 2022 at 3.00 p.m. for the following purposes:

#### **ORDINARY BUSINESS**

1.	To receive and adopt the Directors' Statement, Audited Financial Statements and Auditors' Report for the financial year ended 31 December 2021.	(Resolution 1)
2.	To declare a final dividend of 0.20 Singapore cent per share for the financial year ended 31 December 2021.	(Resolution 2)
3.	To re-elect Mr Koh Tiat Meng, the Director retiring by rotation pursuant to Regulation 110 of the Company.	(Resolution 3)
4.	To re-elect Mr Koh Keng Siang, the Director retiring by rotation pursuant to Regulation 110 of the Company.	(Resolution 4)
5.	To re-elect Mr Koh Keng Hiong, the Director retiring by rotation pursuant to Regulation 110 of the Company.	(Resolution 5)
6.	To re-elect Mr Lee Sok Khian John, the Director retiring by rotation pursuant to Regulation 110 of the Constitution of the Company.	(Resolution 6)
7.	To re-elect Mr Ong Seet Joon, the Director retiring by rotation pursuant to Regulation 114 of the Constitution of the Company.	(Resolution 7)
8.	To re-elect Mr Ong Kheng Chye, the Director retiring by rotation pursuant to Regulation 114 of the Constitution of the Company.	(Resolution 8)
9.	To re-elect Mr Goh Mou Lih, the Director retiring by rotation pursuant to Regulation 114 of the Constitution of the Company.	(Resolution 9)
10.	To approve the sum of S\$487,000 as Directors' fees for the financial year ended 31 December 2021. (FY2020: S\$454,500)	(Resolution 10)
11.	To re-appoint PricewaterhouseCoopers LLP as the Auditor of the Company and to authorise the Directors to fix its remuneration.	(Resolution 11)

#### **SPECIAL BUSINESS**

To consider and, if thought fit, to pass with or without modifications, the following resolutions as Ordinary Resolutions:

#### 12. Proposed Renewal of Share Issue Mandate

That authority be and is hereby given to the Directors of the Company to:

- (a) (i) issue shares in the capital of the Company ("shares") whether by way of rights, bonus or otherwise; and/or
  - (ii) make or grant offers, agreements or options (collectively, "Instruments") that might or would require shares to be issued during the continuance of this authority or thereafter, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible into shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may in their absolute discretion deem fit; and

(b) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue shares in pursuance of any Instrument made or granted by the Directors while this Resolution was in force,

#### provided that:

- (1) the aggregate number of shares to be issued pursuant to this Resolution (including shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed 50% of the total number of issued shares of the Company excluding treasury shares and subsidiary holdings (as calculated in accordance with paragraph (2) below), of which the aggregate number of shares to be issued other than on a pro rata basis to shareholders of the Company (including shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) shall not exceed 20% of the total number of issued shares excluding treasury shares and subsidiary holdings (as calculated in accordance with paragraph (2) below);
- (2) (subject to such manner of calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of shares that may be issued under paragraph (1) above, the percentage of the total number of issued shares of the Company excluding treasury shares and subsidiary holdings shall be based on the total number of issued shares excluding treasury shares and subsidiary holdings at the time this Resolution is passed, after adjusting for:
  - new shares arising from the conversion or exercise of any convertible securities;
  - new shares arising from exercising share options or vesting of share awards, provided the share options or share awards were granted in compliance with the Listing Manual of the SGX-ST; and
  - (iii) any subsequent bonus issue, consolidation or subdivision of shares,

provided further that adjustments in accordance with sub-paragraphs (2)(i) and (ii) above are only to be made in respect of new shares arising from convertible securities, share options or share awards which were issued and outstanding or subsisting at the time of the passing of this Resolution;

- (3) in this Resolution, "subsidiary holdings" shall have the meaning ascribed to it in the listing rules of the SGX-ST; and
- (4) (unless revoked or varied by the Company in general meeting) the authority conferred by this Resolution shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier.

#### 13. Proposed Renewal of Share Purchase Mandate

(Resolution 13)

That:

- (a) for the purposes of Sections 76C and 76E of the Companies Act 1967 of Singapore ("Companies Act"), as may be amended or modified from time to time, the exercise by the Directors of the Company of all the powers of the Company to purchase or otherwise acquire issued and fully paid ordinary shares in the capital of the Company (the "Shares") not exceeding in aggregate the Prescribed Limit (as hereinafter defined), at such price or prices as may be determined by the Directors of the Company from time to time up to the Maximum Price (as hereinafter defined), whether by way of:
  - (i) market purchases (each a "Market Purchase") on the SGX-ST; and/or
  - (ii) off-market purchases (each an "Off-Market Purchase") effected otherwise than on the SGX-ST in accordance with any equal access scheme(s) as may be determined or formulated by the Directors of the Company as they consider fit, which scheme(s) shall satisfy all the conditions prescribed by the Companies Act,

and otherwise in accordance with all other laws, regulations and listing rules of the SGX-ST as may for the time being be applicable, be and is hereby authorised and approved generally and unconditionally (the "Share Purchase Mandate");

- (b) unless varied or revoked by the Company in general meeting, the authority conferred on the Directors of the Company pursuant to the Share Purchase Mandate in paragraph (a) of this Resolution may be exercised by the Directors of the Company at any time and from time to time during the period commencing from the date of the passing of this Resolution and expiring on the earliest of:
  - (i) the date on which the next Annual General Meeting of the Company is held;
  - the date by which the next Annual General Meeting of the Company is required by law to be held; or
  - the date on which purchases or acquisitions of Shares are carried out to the full extent mandated;
- (c) in this Resolution:

"subsidiary holdings" shall have the meaning ascribed to it in the listing rules of the SGX-ST;

"**Prescribed Limit**" means 10% of the total number of issued Shares of the Company (excluding subsidiary holdings and any Shares which are held as treasury shares) as at the date of the passing of this Resolution; and

"Maximum Price", in relation to a Share to be purchased or acquired, means an amount (excluding brokerage, stamp duties, applicable goods and services tax and other related expenses) not exceeding:

- (i) in the case of a Market Purchase, 105% of the Average Closing Price (as hereinafter defined); and
- (ii) in the case of an Off-Market Purchase, 120% of the Average Closing Price (as hereinafter defined),

where:

"Average Closing Price" means the average of the Closing Market Prices of the Shares over the last five Market Days (as hereinafter defined) on the SGX-ST, on which transactions in the Shares were recorded, immediately preceding the day of the Market Purchase or, as the case may be, the date of the making of the offer (as hereinafter defined) pursuant to the Off-Market Purchase, and deemed to be adjusted for any corporate action that occurs during such five-Market Day period and the day of the Market Purchase or, as the case may be, the date of the making of the offer pursuant to the Off-Market Purchase;

"Closing Market Price" means the last dealt price for a Share transacted through the SGX-ST's trading system as shown in any publication of the SGX-ST or other sources;

"date of the making of the offer" means the day on which the Company announces its intention to make an offer for the purchase or acquisition of Shares from shareholders of the Company, stating the purchase price (which shall not be more than the Maximum Price calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase;

"Market Day" means a day on which the SGX-ST is open for trading in securities; and

(d) the Directors of the Company be and are hereby authorised to complete and do all such acts and things (including executing such documents as may be required) as they may consider expedient or necessary to give effect to the transactions contemplated by this Resolution.

By Order of the Board

Koh Keng Siang Managing Director and Group CEO

11 April 2022

#### **Explanatory Notes:**

Ordinary Resolution 7:	Mr Ong Seet Joon will, upon re-appointment as a Director of the Company, remain as an Independent Director and the Chairman of the Share Purchase Committee. He is considered independent for the purposes of the Listing Manual of the SGX-ST.
Ordinary Resolution 8:	Mr Ong Kheng Chye will, upon re-appointment as a Director of the Company, remain as an Independent Director and a member of the Remuneration Committee. He is considered independent for the purposes of the Listing Manual of the SGX-ST.
Ordinary Resolution 9:	Mr Goh Mou Lih will, upon re-appointment as a Director of the Company, remain as an Independent Director of the Company and a member of the Share Purchase Committee. He is considered independent for the purposes of the Listing Manual of the SGX-ST.
Ordinary Resolution 12:	This Resolution is to empower the Directors from the date of the Annual General Meeting until the date of the next Annual General Meeting to issue further shares and Instruments in the Company, including a bonus or rights issue. The maximum number of shares of which the Directors may issue under this Resolution shall not exceed the quantum set out in the Resolution.
Ordinary Resolution 13:	This Resolution is to renew the Share Purchase Mandate which was approved by shareholders on 27 April 2021. Please refer to the Appendix to this Notice of Annual General Meeting for more details.

#### Notes:

- The Annual General Meeting will be held by way of electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020. Printed copies of this Notice of Annual General Meeting will not be sent to members. Instead, this Notice of Annual General Meeting will be sent to members by electronic means via publication on the Company's website at https://www.kohbrothers.com/for-investors and the SGXNet.
- 2. The proceedings of the Annual General Meeting will be broadcasted "live" through an audio-and-video webcast and an audio-only feed. Members and investors holding shares in the Company through the Central Provident Fund ("CPF") or Supplementary Retirement Scheme ("SRS") ("CPF/SRS investors") who wish to follow the proceedings through a "live" webcast via their mobile phones, tablets or computers or listen to the proceedings through a "live" audio feed via telephone must pre-register at <u>https://complete-corp.com/koh-brothers-group-agm/</u> no later than 3.00 p.m. on 23 April 2022 ("Registration Cut-Off Time"). Following verification, an email containing instructions on how to access the "live" webcast and audio feed of the proceedings of the Annual General Meeting will be sent to authenticated members and CPF/SRS investors by 5.00 p.m. on 25 April 2022. Members and CPF/SRS investors who do not receive any email by 5.00 p.m. on 25 April 2022, but have registered by the Registration Cut-Off Time, should contact the Company at <u>kohbrothersgroup-agm@complete-corp.com</u>.

Investors holding Shares through relevant intermediaries (as defined in Section 181 of the Companies Act) ("Investors") (other than CPF/SRS investors) will not be able to pre-register at <a href="https://complete-corp.com/koh-brothers-group-agm/">https://complete-corp.com/koh-brothers-group-agm/</a> for the "live" broadcast of the Annual General Meeting. An Investor (other than CPF/SRS investors) who wishes to participate in the "live" broadcast of the Annual General Meeting should instead approach his/her relevant intermediary as soon as possible in order for the relevant intermediary to make the necessary arrangements for him/her/it to participate in the "live" broadcast of the Annual General Meeting. The relevant intermediary is required to submit a consolidated list of participants (setting out in respect of each participant, his/her name, email address and NRIC/Passport number) to the polling agent, Complete Corporate Services Pte. Ltd, via email to <a href="https://complete-corp.com">kohbrothersgroup-agm@complete-corp.com</a> by no later than 3.00 p.m. on 23 April 2022.

- 3. To minimise physical interactions and COVID-19 transmission risks, a member will not be able to attend the Annual General Meeting in person. A member will also not be able to vote online on the resolutions to be tabled for approval at the Annual General Meeting. A member (whether individual or corporate) must appoint the Chairman of the Annual General Meeting ("Chairman") as his/her/its proxy to attend, speak and vote on his/her/its behalf at the Annual General Meeting if such member wishes to exercise his/her/its voting rights at the Annual General Meeting. The Chairman, as proxy, need not be a member of the Company. The instrument for the appointment of proxy ("proxy form") may be accessed at the Company's website at https://www.kohbrothers.com/for-investors or the SGXNet. Where a member (whether individual or corporate) appoints the Chairman as his/her/its proxy, he/she/it must give specific instructions as to voting, or abstentions from voting, in respect of a resolution in the proxy form, failing which the appointment of the Chairman as proxy for that resolution will be treated as invalid.
- 4. The proxy form is not valid for use by Investors and shall be ineffective for all intents and purposes if used or purported to be used by them. An Investor who wishes to vote should instead approach his/her relevant intermediary as soon as possible to specify his/her voting instructions in order for the relevant intermediary to make the necessary arrangements to pre-register. A CPF/SRS investor who wishes to vote should approach his/her CPF Agent Bank or SRS Operator to submit his/her voting instructions by 5.00 p.m. on 14 April 2022, being 7 working days before the date of the Annual General Meeting.

#### 5. The proxy form must be submitted to the Company in the following manner:

- (a) if submitted by post, be lodged at the registered office of the Company at 11 Lorong Pendek, Koh Brothers Building, Singapore 348639 (Attn: The Company Secretary); or
- (b) if submitted electronically, be submitted via email to kohbrothersgroup-agm@complete-corp.com,

in either case, by 3.00 p.m. on 23 April 2022, being 72 hours before the time appointed for holding the Annual General Meeting.

A member who wishes to submit the proxy form must first download, complete and sign the proxy form, before submitting it by post to the address provided above, or before scanning and sending it by email to the email address provided above.

### In view of the current COVID-19 situation in Singapore, members are strongly encouraged to submit completed proxy forms electronically via email.

6. In the case of members of the Company whose Shares are entered against their names in the Depository Register, the Company may reject any proxy form lodged if such members are not shown to have Shares entered against their names in the Depository Register (as defined in Part IIIAA of the Securities and Futures Act 2001 of Singapore), as at 72 hours before the time appointed for holding the Annual General Meeting as certified by The Central Depository (Pte) Limited to the Company.

- 7. Members and Investors will not be able to ask questions "live" during the broadcast of the Annual General Meeting. Members and CPF/SRS investors may submit questions relating to the business of the Annual General Meeting no later than 5.00 p.m. on 18 April 2022:
  - (a) via the pre-registration website at <u>https://complete-corp.com/koh-brothers-group-agm/;</u>
  - (b) by email to kohbrothersgroup-agm@complete-corp.com; or
  - (c) by post to the registered office of the Company at 11 Lorong Pendek, Koh Brothers Building, Singapore 348639 (Attn: The Company Secretary).

### In view of the current COVID-19 situation in Singapore, members and CPF/SRS investors are strongly encouraged to submit their questions via the pre-registration website or by email.

Members and CPF/SRS investors submitting questions are required to state their full name, NRIC/Passport/Company Registration number, address and manner in which they hold their shares in the Company, for verification purposes, failing which the Company shall be entitled to treat their submission as invalid and not respond to the questions submitted.

Investors (other than CPF/SRS investors) will not be able to submit questions relating to the business of the Annual General Meeting via the methods stated above. Instead, they should approach their relevant intermediaries as soon as possible in order for the relevant intermediaries to make the necessary arrangements for them to submit questions in advance of the Annual General Meeting.

The Company will answer all substantial and relevant questions by 3.00 p.m. on 21 April 2022. Any substantial or relevant questions received after the deadline of 21 April 2022 will be addressed prior to or at the AGM itself.

8. All documents (including the Annual Report, proxy form, this Notice of Annual General Meeting and the Appendix to this Notice of Annual General Meeting) or information relating to the business of the Annual General Meeting have been, or will be, published on SGXNet and/or the Company's website at <a href="https://www.kohbrothers.com/for-investors">https://www.kohbrothers.com/for-investors</a>. Printed copies of the documents will not be despatched to members. Members and CPF/SRS investors are advised to check SGXNet and/or the Company's website regularly for updates.

#### **Personal Data Privacy:**

By submitting the proxy form appointing the Chairman to attend, speak and vote at the Annual General Meeting and/or any adjournment thereof, a member of the Company consents to the collection, use and disclosure of the member's personal data by the Company (and/or its agents or service providers) for the purpose of the processing and administration and analysis by the Company (and/or its agents or service providers) of the appointment of the Chairman as proxy for the Annual General Meeting (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes, and other documents relating to the Annual General Meeting (including any adjournment thereof), and in order for the Company (and/or its agents or service providers) to comply with any applicable laws, listing rules, regulations and/or guidelines.

In the case of a member who is a relevant intermediary, by submitting an instrument containing personal data of individuals including the consolidated list of Investors set out in Note 2 of this Notice of Annual General Meeting, such member (i) warrants that it has obtained the prior consent of such individuals for the collection, use and disclosure by the Company (and/or its agents or service providers) of the personal data of such individuals in connection with their participation in the broadcast of the Annual General Meeting (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes, and other documents relating to the Annual General Meeting (including any adjournment thereof), and in order for the Company (and/or its agents or service providers) to comply with any applicable laws, listing rules, regulations and/or guidelines, and (ii) agrees that the member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member's breach of warranty.

### ADDITIONAL INFORMATION ON DIRECTORS SEEKING RE-ELECTION

#### KOH BROTHERS GROUP LIMITED

(Unique Entity Number: 199400775D) (Incorporated in Singapore)

**PROXY FORM** 

#### IMPORTANT

1.	The Meeting [as defined below] will be held by way of electronic means pursuant to the COVID-19 [Temporary Measures] [Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders] Order 2020. Printed copies of the Notice of the Meeting and this Proxy Form will not be sent to members. Instead, the Notice of the Meeting and this Proxy Form will be sent to members by electronic means via publication on the Company's website at <u>https://www.kohbrothers.com/for-investors</u> and the SGXNet.
2.	Alternative arrangements relating to attendance at the Meeting via electronic means (including arrangements by which the Meeting can be electronically accessed via "live" audio-and-video webcast or "live" audio-only stream), submission of questions to the Chairman in advance of the Meeting, addressing of substantial and relevant questions prior to the Meeting and voting by appointing the Chairman as proxy at the Meeting, are set out in the Notice of the Meeting and the accompanying Company's announcement dated 11 April 2022. This announcement may be accessed at the Company's website at <a href="https://www.kohbrothers.com/for-investors">https://www.kohbrothers.com/for-investors</a> and the SGXNet.
3.	To minimise physical interactions and COVID-19 transmission risks, members will not be able to attend the Meeting in person. A member will also not be able to vote online on the resolutions to be tabled for approval at the Meeting. A member (whether individual or corporate) who wishes to exercise his/her/its vote must appoint the Chairman as his/her/its proxy to attend, speak and vote on his/her/its behalf at the Meeting if such member wishes to exercise his/her/its voting rights at the Meeting. In appointing the Chairman as proxy, a member must give specific instructions as to voting, or abstentions from voting, in the proxy form, failing which the appointment will be treated as invalid.
4.	This proxy form is not valid for use by investors holding shares in the Company ("Shares") through relevant intermediaries (as defined in Section 181 of the Companies Act 1967 of Singapore) ["Investors") [including investors holding through Central Provident Fund ["CPF"] and Supplementary Retirement Scheme ("SRS") ["CPF/SRS investors")] and shall be ineffective for all intents and purposes if used or purported to be used by them. An Investor who wishes to vote should instead approach his/her relevant intermediary as soon as possible to specify voting instructions. A CPF/SRS investor who wishes to vote should approach his/her CPF Agent Bank or SRS Operator by <b>5.00 p.m. on 14 April 2022</b> , being at least 7 working days before the date of the Meeting, to submit his/her voting instructions.
5.	By submitting this proxy form, the member accepts and agrees to the personal data privacy terms set out in the Notice of the Meeting.
6.	Please read the notes overleaf which contain instructions on, inter alia, the appointment of the Chairman as a member's proxy to attend, speak and vote on his/her/ its behalf at the Meeting.

I/We,	(Name)	(NRIC/Passport/Co Reg No.)
of		(Address)

being a member/members of Koh Brothers Group Limited (the "Company") hereby appoint the Chairman of the Annual General Meeting (the "Chairman") as my/our proxy/proxies to attend, speak and vote for me/us on my/our behalf at the Annual General Meeting (the "Meeting") of the Company to be held by way of electronic means on Tuesday, 26 April 2022 at 3.00 p.m. and at any adjournment thereof.

[Voting will be conducted by poll. Please indicate with a " $\checkmark$ " in the spaces whether you wish your vote(s) to be cast for or against, or abstain from voting, in respect of all your Shares for each Resolution as set out in the Notice of the Meeting. Alternatively, you may indicate the number of Shares that you wish to vote for or against, and/or abstain from voting, for each Resolution in the relevant box. In the absence of specific directions in respect of a Resolution, the appointment of the Chairman as your proxy for that Resolution will be treated as invalid.]

X

(Please read notes overleaf before completing this form.)

#### Notes:

- 1. If the member has shares entered against his name in the Depository Register (maintained by The Central Depository (Pte) Limited), he should insert that number of shares. If the member has shares registered in his name in the Register of Members (maintained by or on behalf of the Company), he should insert that number of shares. If the member has shares entered against his name in the Depository Register and registered in his name in the Register of Members, he should insert the aggregate number of shares. If no number is inserted, this form of proxy will be deemed to relate to all the shares held by the member.
- 2. To minimise physical interactions and COVID-19 transmission risks, members will not be able to attend the Meeting in person. A member will also not be able to vote online on the resolutions to be tabled for approval at the Meeting. A member (whether individual or corporate) must appoint the Chairman as his/her/its proxy to attend, speak and vote on his/her/its behalf at the Meeting if such member wishes to exercise his/her/its voting rights at the Meeting. This proxy form may be accessed at the Company's website at <a href="https://www.kohbrothers.com/for-investors">https://www.kohbrothers.com/for-investors</a> and the SGXNet. Where a member (whether individual or corporate) appoints the Chairman as his/her/its proxy, he/she/it must give specific instructions as to voting, or abstentions from voting, in respect of a resolution in the proxy form, failing which the appointment of the Chairman as proxy for that resolution will be treated as invalid.
- 3. This proxy form is not valid for use by Investors and shall be ineffective for all intents and purposes if used or purported to be used by them. An Investor who wishes to vote should instead approach his/her relevant intermediary as soon as possible to specify his/her voting instructions. A CPF/SRS investor who wishes to vote should approach his/her CPF Agent Bank or SRS Operator by 5.00 p.m. on 14 April 2022, being 7 working days before the date of the Meeting, to submit his/her voting instructions.
- 4. The proxy form must be submitted to the Company in the following manner:
  - (a) if submitted by post, be lodged at the registered office of the Company at 11 Lorong Pendek, Koh Brothers Building, Singapore 348639 (Attn: The Company Secretary); or
  - (b) if submitted electronically, be submitted via email to kohbrothersgroup-agm@complete-corp.com,

in either case, by 3.00 p.m. on 23 April 2022, being 72 hours before the time appointed for holding the Meeting.

A member who wishes to submit the proxy form must first download, complete and sign the proxy form, before submitting it by post to the address provided above, or before scanning and sending it by email to the email address provided above.

# In view of the current COVID-19 situation and the related safe distancing measures which may make it difficult for members to submit completed proxy forms by post, members are strongly encouraged to submit completed proxy forms electronically via email.

- 5. The instrument appointing the Chairman of the Meeting as proxy must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing the Chairman of the Meeting as proxy is executed by a corporation, it must be executed either under its seal or under the hand of an officer or attorney duly authorised. Where an instrument appointing the Chairman of the Meeting as proxy is signed on behalf of the appointor by an attorney, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company) be lodged with the instrument of proxy or, if the instrument of proxy is submitted electronically via email, be emailed with the instrument of proxy, failing which the instrument may be treated as invalid.
- 6. A corporation which is a member may authorise by a resolution of its Directors or other governing body such person as it thinks fit to act as its representative at the Meeting in accordance with its Constitution and Section 179 of the Companies Act 1967 of Singapore.
- 7. The Company shall be entitled to reject the instrument appointing a proxy or proxies if it is incomplete, improperly completed or illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument (including any related attachment) appointing the Chairman of the Meeting as proxy. In addition, in the case of shares entered in the Depository Register, the Company may reject any instrument appointing the Chairman of the Meeting as proxy lodged if the member, being the appointor, is not shown to have shares entered against his name in the Depository Register as at 72 hours before the time appointed for holding the Meeting, as certified by The Central Depository (Pte) Limited to the Company.
