In addition to the Tender Offer Consideration, the Company will also pay Noteholders (whose Notes are tendered after the Early Tender Deadline but at or prior to the Tender Expiration Deadline and accepted for purchase by the Company) the Accrued Interest Payment (as defined in the Tender Offer Memorandum), as provided in the Tender Offer Memorandum, on or about August 29, 2022 (the “**Final Settlement Date**”).

Maximum Acceptance Amount

The Company proposes to accept for purchase the Notes tendered in the Tender Offer of up to U.S.\$75,000,000 (the “**Maximum Acceptance Amount**”) on the terms and subject to the conditions contained in the Tender Offer Memorandum.

The Maximum Acceptance Amount may be increased or reduced at the Company’s sole discretion, subject to applicable law and regulation, in which case the final Maximum Acceptance Amount will be announced as soon as reasonably practicable. The Company reserves the right, in its sole and absolute discretion, to purchase the Notes in excess of or below the Maximum Acceptance Amount, subject to applicable law.

Clearing Price

The Company will pay for each US\$1,000 in principal amount of the Notes validly tendered and accepted by it for purchase pursuant to the Offer a cash purchase price (the “**Clearing Price**”) as determined pursuant to the Modified Dutch Auction Procedure, as defined below.

Modified Dutch Auction Procedure

The Tender Offer will be conducted through the Modified Dutch Auction Procedure, pursuant to which the Company will determine, in their sole discretion, the Clearing Price (expressed as an amount per U.S.\$1,000 of the principal amount of the Notes validly tendered), taking into account the aggregate principal amount of the Notes so tendered and the prices at which such Notes are so tendered.

The Clearing Price will not be less than U.S.\$900 per U.S.\$1,000 (the “**Minimum Purchase Price**”) and not be greater than U.S.\$930 (the “**Maximum Purchase Price**”) of the principal amount of the Notes, and will otherwise be the lowest purchase price for such Notes that will allow the Company to accept for purchase the Maximum Acceptance Amount. The Clearing Price includes the Early Tender Offer Premium of U.S.\$30.00 per U.S.\$1,000 principal amount of Notes, and accordingly only Notes validly tendered and not validly withdrawn at or before the Early Tender Deadline will be eligible to receive the full amount of the Clearing Price. Notes validly tendered after the Early Tender Deadline but at or before the Tender Expiration Deadline will be eligible to receive the Clearing Price minus the Early Tender Offer Premium.

The Clearing Price (which will be equal to the Early Tender Offer Consideration) for the Notes will be determined by the Company in its sole discretion by consideration of the purchase prices of all validly tendered (and not validly withdrawn) Notes on or prior to the Early Tender Deadline in the manner as set out in the Tender Offer Memorandum.

The Company will not accept for purchase any Notes tendered at prices greater than the Clearing Price so determined in accordance with the Modified Dutch Auction Procedure.

Tender Instructions

At or before the Early Tender Deadline, Tender Instructions relating to the Notes may be submitted on a “non-competitive” or a “competitive” basis as follows:

- a “**Non-Competitive Tender Instruction**” is a Tender Instruction that either (i) does not specify a purchase price for the Notes, or (ii) specifies a purchase price less than or equal to the Minimum Purchase Price. Each Non-Competitive Tender Instruction, whether falling within (i) or (ii) above, will be deemed to have specified the Minimum Purchase Price as the purchase price for the tendered Notes; and
- a “**Competitive Tender Instruction**” is a Tender Instruction that specifies a purchase price (i) greater than the Minimum Purchase Price and (ii) less than or equal to the Maximum Purchase Price for the Notes. Purchase prices may only be specified in increments of U.S.\$0.50 per U.S.\$1,000 principal amount in such Competitive Tender Instructions.

Tender Instructions that specify a purchase price greater than the Maximum Purchase Price will not be accepted and will not be used for purposes of calculating the Clearing Price.

After the Early Tender Deadline and at or before the Tender Expiration Deadline, Noteholders may tender their Notes at the Clearing Price, but may not submit a Non-Competitive Tender Instruction or Competitive Tender Instruction.

Noteholders who submit a tender above the Clearing Price will not have their Notes accepted in the Tender Offer.

Each Tender Instruction should specify the aggregate principal amount of the Notes which is the subject of such Tender Instruction.

A separate Tender Instruction must be completed on behalf of each beneficial owner due to potential proration.

Acceptance Priority and Proration

If the Tender Offer is oversubscribed at the Early Tender Deadline, (i) the Company will not accept for purchase any Notes tendered after the Early Tender Deadline and (ii) the Company will accept for purchase the Notes tendered at or prior to the Early Tender Deadline as follows:

- first, the Company will accept for purchase all Notes validly tendered at or prior to the Early Tender Deadline with a purchase price that is less than the Clearing Price; and
- second, the Company will accept for purchase all Notes validly tendered at or prior to the Early Tender Deadline with a purchase price equal to the Clearing Price on a prorated basis, such that the Company will not accept for purchase Notes of an aggregate principal amount in excess of the Maximum Acceptance Amount. The proration factor will be calculated by dividing (i) the aggregate principal amount of Notes with a purchase price that is equal to the Clearing Price which the Company would need to purchase to reach the Maximum Acceptance Amount by (ii) the aggregate principal amount of the Notes validly tendered with a purchase price equal to the Clearing Price.

If the Tender Offer is not oversubscribed at the Early Tender Deadline but is oversubscribed at the Tender Expiration Deadline, the Company will accept for purchase such Notes tendered after the Early Tender Deadline on a prorated basis, such that the Company will not accept for purchase Notes for an aggregate principal amount in excess of the Maximum Acceptance Amount. The proration factor will be calculated by dividing (i) the aggregate principal amount of Notes validly tendered after the Early Tender Deadline and at or prior to the Tender Expiration Deadline which the Company would need to purchase to reach the Maximum Acceptance Amount by (ii) the aggregate principal amount of the Notes validly tendered after the Early Tender Deadline and at or prior to the Tender Expiration Deadline.

All Notes not accepted as a result of pro-rationing and all tenders of Notes with a purchase price in excess of the Clearing Price will be rejected.

Conditions of the Tender Offer

The Company is concurrently offering to purchase its outstanding U.S.\$750,000,000 5.950% Senior Secured Notes due 2022 (together with the Tender Offer, the “**Concurrent Tender Offers**”). The Company intends to unwind certain of its hedge transactions in connection with the Concurrent Tender Offers. The mark to market valuation of the hedge transactions expected to be unwound in connection with the Concurrent Tender Offers should not be negative (the “**Hedge Unwind Condition**”). If the Hedge Unwind Condition is not satisfied or waived by the Company in its sole discretion, the Company will not accept any validly tendered Notes pursuant to the Tender Offer.

The Company reserves the right, in its sole discretion and subject to applicable laws, to extend, re-open, withdraw, amend and/or terminate the Tender Offer, and to amend or waive any of the terms and conditions of the Tender Offer at any time following the commencement of the Tender Offer (subject to applicable law and as provided in the Tender Offer Memorandum).

Tender Instructions must be submitted in respect of a minimum principal amount of Notes of no less than U.S.\$200,000, being the minimum denomination of the Notes, and may be submitted in integral multiples of U.S.\$1,000 in excess thereof. A separate Tender Instruction must be submitted on behalf of each beneficial owner due to potential pro-ration. Tender Instructions may be submitted in the form of either a Non-Competitive Tender Instruction or a Competitive Tender Instruction, as described in the Tender Offer Memorandum.
