FY2014 RESULTS GUIDANCE

The Board of Directors (the “**Board**”) of Metal Component Engineering Limited (the “**Company**”, together with its subsidiaries, the “**Group**”), after evaluating the preliminary financial results of the Group for the financial year ended 31 December 2014 (“**FY2014**”), wishes to issue a results guidance to its shareholders.

While revenue for FY2014 is expected to be generally flat as compared to the financial year ended 31 December 2013, the Group expects to record a net loss for FY2014 mainly due to weak performance of its hard disk drive (HDD) business. This trend is generally in line with that experienced by the Group in the half year ended 30 June 2014 (“**HY2014**”), as reflected in the Group’s financial statements for HY2014 and announced by the Company on 14 August 2014.

Further details of the Group’s financial performance will be disclosed when the Group finalises its financial results for FY2014 and the Company announces its full year results no later than 1 March 2015.

Shareholders and potential investors of the Company are advised to exercise caution in dealing in the Company’s securities. When in doubt, shareholders and potential investors are advised to seek independent advice from their professional advisors before trading or making any investment decision on the Company’s securities.
