REPORT ON CORPORATE
GOVERNANCE

CHAIRMAN'S MESSAGE

JONATHAN TAHIR

Executive Chairman and Chief Executive Officer

“In light of the global economic outlook, the Group will adhere to its business and investment strategy of keeping a strong balance sheet with sufficient resources for future investment needs for long term and sustainable growth.”

DEAR SHAREHOLDERS,

On behalf of the Board of Directors (the “**Board**”), I am pleased to report that, for the financial year ended 31 March 2020 (“**FY2020**”), MYP Ltd.’s (the “**Company’s**”) and its subsidiaries’ (the “**Group’s**”) financial performance was steady. While Singapore’s economy in 2019 expanded by only 0.7%, much slower than the 3.4% growth recorded in 2018,¹ due to a globally weak electronics sector and the worsening trade impasse between the United States (“**US**”) and China, the real estate sector proved to be comparatively resilient. Office rents in Grade A Central Business District (“**CBD**”) space still registered rental increases of about 5.4% year on year in the first half of 2019; this tapered off in the second half on weakening economic growth, rising vacancy and increasing resistance by tenants to higher rentals.²

FY2020 FINANCIAL AND OPERATIONAL REVIEW

Group revenue in FY2020 increased by 2.5% to S\$23.3 million from S\$22.8 million in FY2020 despite the absence of income from the Group’s previously divested property, MYP Plaza at 135 Cecil Street. The higher revenue was mainly due to improved occupancy rates of existing investment properties.

The Group registered expenses of S\$24.0 million, which was 14.8% lower than FY2019’s expenses of S\$28.1 million on the back of decrease in depreciation mainly due to write-off of renovation costs in FY2019 and certain fully depreciated plant and equipment in FY2020 still in use; decrease in direct operating expenses due mainly to the disposal of MYP Plaza; and decrease in other expenses such as commission, legal and professional fees, rental expense for management office as well as write-off of

CHAIRMAN'S MESSAGE

certain plant and equipment incurred in respect of the disposal of MYP Plaza in FY2019 which are non-recurring in nature. Despite lower expenses and net finance costs, the Group incurred a net loss of S\$2.1 million (net loss of S\$2.0 million in FY2019) due to higher interest rate on a bank loan.

The Group had a net cash outflow of S\$23.4 million as compared to a cash inflow of S\$26.7 million in FY2019. Cash generated from operating activities stood at S\$13.2 million (FY2019: S\$12.1 million). Higher net cash generated from operating activities was due to increase in revenue. Decrease in cash generated from investing activities was due to the absence of non-recurring proceeds from disposal of an investment property and no placement of bank deposits, offset by withdrawal of bank deposits, purchase of other assets and higher interest income received. Net cash used in financing activities decreased on account of lower repayment of bank borrowings, lower interest paid, offset by higher repayment of amount owing to a shareholder, cash inflow from changes in debt service reserve and payment of transaction costs related to the renewal of a bank loan. Consequently, as at 31 March 2020, the Group's cash and cash equivalent, stood at S\$20.9 million as

compared to S\$44.4 million as at the corresponding period in the previous financial year. Net asset value per ordinary share stood at 21.8 cents.

As a result of the Group's net loss and given the importance of maintaining a strong balance sheet with sufficient liquidity given the current weak global economic conditions brought about by the COVID-19 pandemic, the Board is not recommending any dividend for this financial year.

INVESTMENT HIGHLIGHTS AND PERFORMANCE

The Group's remaining investment properties, MYP Centre at 9 Battery Road, a 28-storey 999-year leasehold skyscraper with a total net lettable area of approximately 154,718 sq. ft. and ABI Plaza at 11 Keppel Road, a 12-storey freehold office building with a total net lettable area of approximately 92,510 sq. ft., continued to provide good rental returns in FY2020. As at the fourth quarter of FY2020, they recorded occupancies in line with the market.³ MYP Centre's occupancy was 93.1% while ABI Plaza's was 99.3% (85.5% and 85.8% respectively as at the fourth quarter of FY2019).

The rental yields of the Group's two properties are largely in line with the overall office real estate sector performance in Singapore. Overall, Grade A CBD rents grew by 7% in 2019, moderating from 15% in 2018.⁴

As for our residential portfolio, the two units at Sky@Eleven and the single unit at St. Regis Residences, remained tenanted as at 31 March 2020.

THE COVID-19 PANDEMIC IMPACT ON THE PROPERTY MARKET

Pre-Covid 19 Pandemic, the overall outlook for the office property sector in 2020 was positive. Grade A office rents in the CBD were expected to grow albeit at a slower rate, driven once again by flexible workspaces and the technology sector.⁵ With shortening business cycles, there has been greater demand for flexibility in terms of space and lease durations resulting in the expectation that co-working spaces will continue to drive market demand. Office rental demand was also specifically anticipated to come from the info-communications technology ("ICT") sector as increasing digitalisation of the economy drives its growth. While technology firms were mostly expected to take up office space outside the prime CBD areas, there was anticipated to be some increased demand from the ICT sector in the prime CBD space as well.⁶

CHAIRMAN'S MESSAGE

While the full effects of the Covid-19 Pandemic are still evolving, the property market in Singapore is anticipated to be more resilient than other sectors for several reasons. Firstly, the Singapore government has rolled out various relief and stimulus packages in its four budgets, totaling S\$92.9 billion or 19.2% of the country's GDP.⁷ These are to help businesses as well as households ride through the impact of the COVID-19 pandemic. Some of these measures include rental reliefs which will alleviate the rental obligations of small and medium-sized businesses and property tax rebates which landlords are mandated to pass on to tenants. Secondly, supply of Grade A office space is still limited and while rents are not expected to rise, they might remain flat for the year ahead. Consequently, office demand is expected to be more balanced, relying on the traditional heavyweights of finance, insurance and technology. With vacancy levels trending upwards over the next few years, demand expected to moderate further and supply of Grade A office remaining limited, there is likely to be a narrowing of landlord's and tenant's rental expectation gap, which augurs well for more stable rentals.⁸

LOOKING AHEAD TO FY2021

While the economy was on its way to a steady recovery towards the end of 2019, the unforeseen COVID-19 outbreak has turned the tide on any hope of a more optimistic 2020.

Singapore is forecasted to enter a deep recession, perhaps the deepest it has experienced. The Ministry of Trade and Industry has downgraded GDP forecast to between "-7.0 to -4.0 per cent"⁹ on the back of the considerable deterioration in the global economic environment. The US, Eurozone and China economies are all anticipated to contract sharply, given the curtailment of economic activities as countries instituted lockdowns, international borders shut, and supply chains were disrupted. Further exacerbating the situation is the escalating trade dispute between the US and China and the dampened growth in some ASEAN economies, weighed down by weak external demand and domestic consumption as a result of the COVID-19 outbreak. Singapore's reliance on open economies and the free flow of goods and services will be severely tested given the abovementioned scenarios.

CHAIRMAN'S MESSAGE

**OUR BUSINESS STRATEGY IN COPING WITH CURRENT AND FUTURE ECONOMIC CONDITIONS**

In light of the global economic outlook, the Group will adhere to its business and investment strategy of keeping a strong balance sheet with sufficient resources for future investment needs for long term and sustainable growth. Despite the economic downturn, we will continue to explore investment opportunities with the aim of acquiring yield accretive assets for greater returns to shareholders which may become available in the current economic environment. We will, simultaneously, pay close attention to cost management and cash preservation in the coming year. We will also closely monitor external factors, including any regulatory measures as well as fiscal and monetary policies which may impact the Group's performance and thus, take appropriate steps to address them accordingly.

We will work closely with our tenants in providing the necessary support they need and stand by them to address their rental concerns during this downturn. We are in full compliance with various government regulatory measures that have been rolled out to help tenants keep their business afloat. We are wholly supportive of the various government measures to revive the economy and will do our part as a responsible corporate citizen.

IN APPRECIATION

In conclusion, I would like to extend our heartfelt thanks to our business partners and especially our tenants for their unwavering support. I would also like to express my thanks to the management and staff for another year of hard work and dedication and our shareholders for their continued investment in the Group. To the Board, I extend my gratitude for their guidance and counsel.

FY2021 will be a very challenging year, not only for us but for all businesses. I trust that with the talents and capabilities of the management and staff of the Group, coupled with hard work, astuteness in business decisions and prudence in financial matters, we will be able to ride out the storm and emerge stronger for the eventual economic recovery.

REPORT ON CORPORATE GOVERNANCE

The Board of Directors (the “**Board**”) and the management of MYP LTD. (the “**Company**”) are committed to achieving and maintaining a high standard of corporate governance which are essential to the stability and sustainability of the performance of the Company and its subsidiaries (the “**Group**”), promotion of corporate transparency, accountability and integrity of the Group, protection of the interests of the Company’s shareholders (“**Shareholders**”) and maximisation of long-term shareholders’ value.

The Group has substantively complied with the recommendations of the revised Code of Corporate Governance 2018 (“**Code**”), issued on 6 August 2018, through effective self-regulatory corporate practices to protect and enhance the interests of its shareholders.

This report describes the Company’s corporate governance processes and activities in respect of the financial year ended 31 March 2020 (“**FY2020**”) with specific reference made to the underlying principles and provisions of the Code, as required under the Singapore Exchange Securities Trading Limited (“**SGX-ST**”) Listing Manual. The Company is also guided by the voluntary Practice Guidance which was issued to complement the Code and which sets out best practice standards for companies. Where there are deviations from the Code, appropriate explanations are provided.

1. BOARD MATTERS

a. The Board’s Conduct of Affairs (Principle 1)

The Board currently comprises five directors. The principal functions of the Board are as follows:–

- Formulate corporate strategies, financial objectives and directions for the Group;
- Ensure effective management leadership of the highest quality and integrity;
- Provide oversight in the proper conduct of the Group’s businesses;
- Oversee and/or evaluate the adequacy of the internal audit, risk management, financial reporting and compliance processes;
- Set corporate values and standards to ensure proper accountability within the Group and the obligations to shareholders and other stakeholders are understood and met;
- Oversee and ensure high standards of corporate governance for the Group; and
- Consider sustainability issues such as environmental factors.

All directors exercise due diligence and independent judgement in dealing with the business affairs of the Group and are obliged to act in good faith and to take objective decisions in the best interest of the Group. Directors facing conflict of interest has recused himself/herself from discussions and decisions involving the issues of conflict.

The Board also deliberates and makes decisions on material acquisitions and disposal of assets, corporate restructuring, dividend payments and other returns to shareholders and on matters that may involve a conflict of interest for any director.

All new directors are given an orientation of the Group’s business and governance practices, and all directors have access to information and further training on new developments, including new laws, regulations and changing commercial risks, at the Company’s expense.

REPORT ON CORPORATE GOVERNANCE

In addition, a newly appointed Director who has no prior experience as a director of a listed company in Singapore must undergo mandatory training organised by Singapore Institute of Directors in relation to the roles and responsibilities of a director of a listed company. There was no new Director appointed during FY2020.

To efficiently discharge its responsibilities, the Board has established several board committees, namely, Audit Committee (“**AC**”), Nominating Committee (“**NC**”) and Remuneration Committee (“**RC**”) (collectively, the “**Board Committees**”). These committees are given specific responsibilities and they are empowered by the Board to deal with matters within the limits of authority set out in the terms of reference of their appointments, and reporting back to the Board. They assist the Board operationally without the Board losing authority over major issues.

The Board held at least four scheduled meetings each year to review and deliberate on the key activities and business strategies of the Group, including significant acquisitions and disposals, annual budget, financial performance and to endorse the release of the quarterly and annual financial results. When necessary, additional meetings are held to address significant transactions or issues arising from the business operations of the Group.

Following the recent amendments to Rule 705(2) of the Listing Manual of Singapore Exchange Securities Trading Limited (“**Amended Listing Rules**”) which took effect from 7 February 2020, the Company ceased to release announcements of its unaudited financial results of the Group on quarterly basis. The Company releases announcements pertaining to the unaudited financial results of the Group on a half-yearly basis as required under the Amended Listing Rules.

As such, in line with the Group’s transition to a half-yearly reporting of its financial results, the Board would, moving forward, hold at least two scheduled meetings each year instead. Notwithstanding the meetings to be convened on a half-yearly basis, the Board will also convene ad-hoc meetings as and when circumstances require for review and deliberation of the key activities and business strategies of the Group.

The Constitution of the Company provides for directors to conduct meetings by teleconferencing or videoconferencing. When a physical meeting is not possible, timely communication with members of the Board can be achieved through electronic means. The Board and Board Committees may also make decisions through circulating resolutions.

The frequency of Board, AC, NC and RC meetings held during the financial year and the attendance at those meetings are set out below:-

Name of Director	Number of meetings attended during the financial year ended 31 March 2020

REPORT ON CORPORATE GOVERNANCE

Access to Information

The Board is provided with timely and complete information prior to Board meetings and on an on-going basis and board papers are distributed in advance of each meeting of Directors. The Company circulates copies of the minutes of the meetings of all board committees to all members of the Board to keep them informed of on-going developments within the Group. New members are briefed on the business activities of the Group.

The appointment and the removal of the Company Secretary are subject to the approval of the Board.

The Board has separate and independent access to the senior management and the Company Secretary at all times. If necessary, the Board may, in furtherance of their duties, obtain independent professional advice at the Company's expense.

The Company Secretary attends all board meetings, ensures that established procedures and regulatory requirements as well as board policies are complied with and that the directors receive appropriate training as necessary.

b. Board Composition and Guidance (Principle 2)

The Company believes that there should be a strong and independent element on the Board in order for it to exercise objective judgment on corporate and business affairs. Hence, the Board comprises five (5) Directors, four (4) of whom are Non-Executive Directors, of which three (3) are independent that make up a majority of the Board, and the AC, the RC and the NC are constituted in compliance with the Code. The Company also believes that the Independent Directors should be selected for their diverse expertise so that they can provide a balance of views.

The Board considers an Independent Director as one that has no relationship with the Company, its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the director's independent business judgement with a view to the best interests of the Company.

Each independent director is required to complete a director's independence confirmation annually based on the relevant guidelines as set out in the Code and Rule 210(5)(d) of the Listing Rules.

The NC conducted its annual review of the Directors' independence and confirmed their independence in accordance with the guidelines as set out in the Code, Rule 210(5)(d) of the Listing Rules and also considered any other salient factors. There is no Director who is deemed independent by the Board, notwithstanding the existence of a relationship as stated in the Code that would otherwise deem him/her not to be independent.

As Independent Non-Executive Directors make up a majority of the Board, there is a strong independent element on the Board and no individual or groups of individuals are able to dominate the Board's decision-making process. The Independent Non-Executive Directors have the necessary skills and experience to assist the Board in decision making and to provide a check and balance to the Board as they are not involved in the day-to-day operations of the Company. The NC was satisfied that the Company has complied with the guideline of the Code of Corporate Governance 2012, including at least one-third of the Board is made up of Independent Directors.

REPORT ON CORPORATE GOVERNANCE

As the Chairman of the Board is not an Independent Director, the NC has reviewed the composition of the Board and was satisfied that the Independent Directors make up a majority of the Board provides the Board with independent and objective judgment on the corporate affairs of the Group.

The Company is in compliance with the relevant provisions requiring majority of the Board to be made up of Independent Directors and Non-Executive Directors as set out below:–

Provision 2.2 Independent directors make up a majority of the Board where the Chairman is not independent; and

Provision 2.3 Non-executive directors make up a majority of the Board.

The Board believes that the Executive Chairman and CEO has always acted and will continue to act at all times in the best interest of shareholders as a whole and will strive to protect and enhance the long-term shareholder values and the financial performance of the Group.

There is no Independent Director who has served on the Board for more than nine (9) years since the date of his/her first appointment. As such, there is no rigorous review in this aspect, taking into account the need for progressive refreshing of the Board.

Notwithstanding the above, the Board also notes the amendments to the SGX Listing Rules, which will take effect from 1 January 2022, which requires the re-appointment of directors who have served the Board beyond nine (9) years from the date of their first appointment to be subjected to a two-tier shareholders' vote. In this respect, the Board will consider developing its Board's succession plans at the appropriate time.

The Board is of the opinion that it would be most effective to draw on the appropriate core competencies and diversity of experience from the longer serving directors while concurrently taking progressive steps to review and consider opportunities to refresh the Board as and when deemed required.

The NC is responsible for examining the size and composition of the Board and Board Committees. Having considered the scope and nature of the Group's businesses and the requirements of the business, the NC is of the view that the current board size and the existing composition of the Board and its committees exhibit a level of independence that sufficiently enables the Board and its committees to exercise objective judgment on corporate affairs independently from the Management. The NC is also of the view that no individual or small groups of individuals dominate the Board's decision-making processes. The Board has determined, taking into account the views of the NC, that each Independent Director is independent in character and judgement and that there are no relationships or circumstances which are likely to interfere, or could appear to interfere, with the exercise of the Director's independent judgement.

Our directors' profiles are set out on pages 6 to 8 of this Annual Report. Our Board members have the appropriate breadth and depth of expertise and experience.

REPORT ON CORPORATE GOVERNANCE

The current Board comprises Directors who as a group provide the appropriate balance and mix of skills, knowledge, experience and gender as well as relevant core competencies as follows:-

Balance and Diversity of the Board		
Core Competencies	Number of Directors	Proportion of Board
Accounting or finance	5	100%
Business management	5	100%
Legal or corporate governance	3	60%
Relevant industry knowledge or experience	5	100%
Strategic planning experience	5	100%
Customer based experience or knowledge	3	60%
Gender		
Male	4	80%
Female	1	20%

To assist the NC in its annual review of the Directors' mix of skills, and experiences that the Board requires to function competently and efficiently, the Directors have completed their assessment forms and provide additional information (if any) in their respective areas of specialization and expertise.

The NC will continuously review the composition of the Board so that it will have the necessary competency to be effective. The NC will further consider other aspects of diversity, and assist the Board to put in place a board diversity policy and progress for implementation of such policy, so as to avoid groupthink and foster constructive debate.

The Non-Executive Directors constructively challenged and helped develop the Group's proposals on business strategies. Management's progress in implementing such agreed business strategies were monitored by the Non-Executive Directors.

The Non-Executive Directors would meet on a need-basis without the presence of the Management to discuss on relevant matters and chairman of such meeting will provide feedback to the Board and/or Chairman as appropriate.

c. Role of Executive Chairman ("Chairman") and Chief Executive Officer ("CEO")
(Principle 3)

Mr Jonathan Tahir is the Executive Chairman and CEO of the Group. His role is to oversee the overall management, strategic planning and business operations and development as well as finance and risk management of the Group.

The Board is of the opinion that it is not necessary to separate the roles of the Chairman and the CEO after taking into account the size, scope and nature of the operations of the Group. Although the roles of Chairman and CEO are not separate, the Board is of the view that there are sufficient independent elements, safeguards and checks to ensure that the process of decision making by the Board is independent and based on collective decisions without any individual or groups of individuals exercising any considerable concentration of power or influence and there is accountability for good corporate governance.

REPORT ON CORPORATE GOVERNANCE

The Board is of the view that it is currently in the best interests of the Group to adopt a single leadership structure having Mr Jonathan Tahir as the Executive Chairman and CEO of the Group to facilitate the decisionmaking process of the Group and is thereby better able to guide discussions and ensures that the Board is properly briefed in a timely manner on pertinent issues and developments. In this respect, the Board is also of the view that there is a balance of power and authority with the Board comprises three (3) Independent Directors, one (1) Non-Executive Director and one (1) Executive Director as well as various Committees all chaired by the Independent Directors. As the Board and its committees consist of a majority of independent directors, the Board believes that there are sufficient safeguards and checks to ensure that the process of decision-making by the Board is independent and based on collective decisions without any individual or group of individuals exercising any considerable concentration of power or influence, as such, no lead independent director has been appointed. The Company will review should such a need arise.

The Board has established and set out the division of responsibilities between the roles of Chairman and the roles of CEO notwithstanding that these roles are assumed by the same person.

The Chairman is assisted by the management team in the daily operations and administration of the Group's business activities and in the effective implementation of the Group's business strategies. Information on key executives is set out on page 19 of this Annual Report.

The Chairman also oversees the workings of the Board, ensuring that the Board is able to perform its duties and that there is a flow of information between the Board and the management. He reviews most of the board papers before they are presented to the Board. The management staff who have prepared the papers, or who may provide additional insights, are invited to present the papers or attend the board meetings. He promotes an open environment for debate, and ensures that independent directors are able to speak freely and contribute effectively. He also plays a pivotal role in fostering constructive dialogue among stakeholders, the Board and the Management at various meetings.

d. **Board Membership** **(Principle 4)**

We believe that board renewal must be an on-going process to ensure good governance and maintain relevance to the changing needs of the Group's businesses.

Nominating Committee

To achieve a formal and transparent process for the appointment and re-appointment of directors to the Board, the NC is responsible for identifying and selecting new directors. The Chairperson of the NC is an independent director and is not associated with any substantial shareholder, and the majority of the NC members are independent. The NC currently comprises:-

Mrs Elizabeth Ho Nee Wong Ching Wai	Chairperson
Professor Tan Chin Tiong	Member
Mr Jonathan Tahir	Member

REPORT ON CORPORATE GOVERNANCE

The NC's key terms of reference, describing its responsibilities, include:–

- (a) Reviewing and recommending the appointment and re-appointment of the Directors having regard to the Director's contribution and performance, including attendance, preparedness and participation;
- (b) Determining on an annual basis whether or not a Director is independent in accordance to the Code;
- (c) Reviewing the succession, training and professional development programs for the Board and key management personnel;
- (d) Reviewing a Director's multiple board representations on various companies and deciding whether or not such Director is able to and has been adequately carrying out his/her duties as Director; and
- (e) Deciding on how the Board's performance is to be evaluated and proposing objective performance criteria, subject to the approval by the Board.

The NC selects and recommends the appointment and re-appointment of new directors to the Board after assessing the candidates' qualifications, attributes and past experience. The candidates' independence, expertise, background and skills will also be considered before the NC interviews the shortlisted candidates and makes its recommendations to the Board. This is to ensure a balanced board and to improve its overall effectiveness.

All the directors are subject to the provisions of the Company's Constitution whereby one-third of the directors are required to retire and subject themselves to re-election ("**one-third rotation rule**") by the shareholders at every annual general meeting ("**AGM**").

A newly appointed director will have to submit himself for re-election at the AGM immediately following his appointment and, thereafter, he is subjected to the one-third rotation rule.

At the forthcoming AGM, Mr Jonathan Tahir and Professor Tan Chin Tiong are due for re-election pursuant to the Constitution of the Company. The NC has recommended and the Board has agreed for Mr Jonathan Tahir and Professor Tan Chin Tiong to retire and seek re-election at the forthcoming AGM.

The NC determines the independence of Directors annually in accordance with the provisions set out in the Code and Rule 210(5)(d) of the Listing Rules and the declaration form completed by each Non-Executive Director disclosing the required information. The NC is of the opinion that in respect of FY2020, the Board has been able to exercise objective judgment on corporate affairs independently and that the Board's decision making process is not dominated by any individual or small group of individuals.

The NC ensures that new directors are aware of their duties and obligations. The NC also decides if a director is able to and has been adequately carrying out his duties as a director of the company. The NC also determines annually whether a Director with multiple board representations is able to and has been adequately carrying out his duties as a Director of the Company. The NC takes into account the results of the assessment of the effectiveness of the individual Director and the respective Directors' actual conduct on the Board. The NC is satisfied that for FY2020, all the Directors have been able to and have adequately carried out their duties as Directors notwithstanding their multiple board representations.

REPORT ON CORPORATE GOVERNANCE

Currently, none of the Directors hold more than four directorships in other listed companies. The Board has not fixed the maximum number of listed company board representations and other principal commitments which any Director may hold. It will do so when deemed necessary.

The Board does not encourage approving the appointment of alternate directors except in exceptional cases. If an alternate director is appointed, the alternate director should be familiar with the Group's affairs and be appropriately qualified. Currently, there is no alternate director on the Board.

The detailed information of the Directors seeking re-election as required under Appendix 7.4.1 of the SGX-ST Listing Manual can be found on pages 85 to 90.

Key information of each director is set out on pages 6 to 8 of this Annual Report.

e. **Board Performance** **(Principle 5)**

The NC has implemented a formal evaluation process and is responsible for assessing:-

- the effectiveness of the Board as a whole and its board committees; and
- the contribution by the Chairman and each individual director to the effectiveness of the Board.

The Board's performance is assessed through its ability to steer the Group in the right direction and the support it renders to the management during difficult times. For the purpose of evaluating directors' and board committees' performance, the NC takes into consideration a number of performance criteria and factors including the directors' attendance, participation and contributions at the main board and board committee meetings and other Company's activities.

The Directors and Committees' Members were requested to complete respective appraisal forms to assess the overall effectiveness of the Board, the various Board committees and the individual Directors for FY2020. The results of the appraisal exercise were tabulated, analysed and considered by the NC which then made recommendations to the Board to ensure continuous improvement of the corporate governance of the Company and effectiveness of the Board as a whole and of each Board Committee separately as well as the contribution by the Chairman and each Individual Director.

The NC uses its best efforts to ensure that directors appointed to the Board possess the necessary background, experience, skills and knowledge in management, business and finance, which are critical to the Group's business; and that each director is able to contribute his/her perspective, thus allowing effective decisions to be made. The NC conducts reviews of the Board's performance taking into account inputs from the other Board members.

Based on the above review, the NC is satisfied that the Board, as a whole, and its Board Committees, has been effective, and that each Director has contributed sufficiently to the effective functioning of the Board.

No external facilitators were used in the performance assessment for FY2020.

REPORT ON CORPORATE GOVERNANCE

2. REMUNERATION MATTERS

Procedures for developing remuneration policies (*Principle 6*)

Level and mix remuneration (*Principle 7*)

Disclosure on remuneration (*Principle 8*)

We believe in adopting a formal and transparent procedure for fixing the remuneration packages of the directors and key management personnel so as to ensure that the level of remuneration should be appropriate to attract, retain and motivate the directors and key management needed to run the Group's business successfully.

a. Remuneration Committee

The RC was formed to achieve this formal and transparent process to evaluate the remuneration packages of the directors and key management. The RC comprises entirely of Non-Executive Directors, majority of whom, including the Chairman, are independent:

Mr Kishore Prabhakar Sardesai	Chairman
Dr Clement Wang Kai	Member
Mrs Elizabeth Ho Nee Wong Ching Wai	Member

The RC's key terms of reference, describing its responsibilities, include:

- (a) To review and recommend to the Board a general framework of remuneration and specific remuneration package covering all aspects of remuneration, including but not limited to directors' fees, salaries, allowances, bonuses, options, share-based incentives and awards and benefits-in-kind as well as termination terms, of the Directors and key management personnel;
- (b) To review and ensure that the level and structure of remuneration of the Directors and key management personnel should be aligned with the long-term interest and risk policies of the Company;
- (c) To structure a significant and appropriate proportion of executive directors' and key management personnel's remunerations so as to link rewards to corporate and individual performance; and to ensure such remunerations should be aligned with the interests of shareholders and promote the long-term success of the Company; and
- (d) To review and ensure the remuneration of non-executive directors should be appropriate to the level of contribution, taking into account factors such as effort and time spent, and responsibilities of the directors, and they should not be over-compensated to the extent that their independence may be compromised.

The RC meets at least once a year. In its deliberations, the RC takes into consideration the industry practices and norms for remuneration packages. The RC may obtain independent professional advice at the Company's expense. The RC did not engage any remuneration consultant in respect of remuneration matters for FY2020.

No director is involved in any discussion relating to his own remuneration, the terms and conditions of service or the review of his own performance.

All directors are paid a fixed board fee and no additional fees are payable to a director for appointment as a chairperson or member of a particular committee. The recommendations made by the RC in relation to such board fees are subject to approval by shareholders at the AGM.

REPORT ON CORPORATE GOVERNANCE

The RC reviews the Company's obligations arising in the event of termination of the key management personnel's contracts of service, to ensure that such contracts of service contain fair and reasonable termination clauses which are not overly generous.

As the Company does not have any long-term incentive in the components of the remuneration packages of the key executives, the RC is of the view that the institution of contractual provisions in the employment to reclaim any incentive components of their remuneration paid in prior years is not necessary.

In determining the remuneration of the key executives, the RC reviewed their respective achievements and assessed their performance for the financial year under review.

b. Disclosure on Directors' Fees and Remuneration

The directors' fees and remuneration paid/payable by the Group are as follows:–

	The Group	
	2020 \$'000	2019 \$'000
Paid and payable by the Group:		
Directors' fees		
– Directors of the Company	400	400
– Other directors of subsidiaries	–	–
Directors' remuneration		
– Directors of the Company	–	–
– Other directors of subsidiaries	–	–
	400	400

The following table shows the composition (in percentage terms) of the remuneration of the directors for the financial year ended 31 March 2020.

Name of directors	Directors'				Total	Total Remuneration in Compensation Bands
	Salaries %	Bonuses %	Fees %	Others %		
– Mr Jonathan Tahir	–	–	100	–	100	\$S\$100,001 –

REPORT ON CORPORATE GOVERNANCE

c. Key Executives and Remuneration Policy

The Company adopts a remuneration policy for staff comprising a fixed component and a variable component. The fixed component is in the form of a base salary and allowances. The variable component is in the form of a variable bonus that is linked to the Company and each individual's performance.

Details of remuneration paid to the key executives of the Group (who are not directors) for the year ended 31 March 2020 are all below \$250,000. A breakdown of the level and mix of the remuneration of the key executives is as follows:–

Name of key executives	Salary %	Bonus %	Directors' fees %	Other benefits %	Total %	Total Remuneration in Compensation Bands
– Ms Beatrice Goh	92	8	–	–	100	S\$100,001– S\$200,000
– Ms Liang Bo	92	8	–	–	100	<S\$100,000

The Company is required to disclose at least the top five key management personnel and their remuneration in the Company's annual report as required under Provision 8.1 of the Code. The Company currently has two key management personnel, as disclosed in its Annual Report 2020.

Provision 8.1 stipulates that the Company should disclose the names, amounts and breakdown of remuneration of each individual director and the CEO. However, to maintain confidentiality on the remuneration policies of the Company, the Board is of the view that it is in the best interests of the Company to keep the disclosure of remuneration of each individual Director and Key Management Personnel in remuneration bands.

The aggregate amount of the total remuneration paid to the key executives (who are not Directors or CEO) is \$208,000 (including CPF contribution thereon and bonus) for the financial year ended 31 March 2020 (2019: \$202,000).

During the financial year ended 31 March 2020, the Group does not have any employees who are substantial shareholders of the Company or are immediate family members of a Director, the CEO or a substantial shareholder of the Company.

The Company has no share-based compensation scheme or any long-term incentive scheme involving the offer of shares or options in place.

3. ACCOUNTABILITY AND AUDIT

Risk Management and Internal Controls (*Principle 9*)

Audit Committee (*Principle 10*)

Accountability and Audit Committee

The Board is responsible for providing a balanced and understandable assessment of the Company's performance, position and prospects, including interim and other price sensitive reports.

The Board ensures by confirming with Management and the external auditors that the financial statements are prepared according to applicable accounting policies and accounting standards as well as comply with other legislative and regulatory requirements.

REPORT ON CORPORATE GOVERNANCE

The AC comprises entirely of Non-Executive Directors, all of whom, including the Chairman, are independent, and have accounting or related financial management expertise or experience:–

Mr Kishore Prabhakar Sardesai	Chairman
Mrs Elizabeth Ho Nee Wong Ching Wai	Member
Professor Tan Chin Tiong	Member

The AC's scope of work is governed by written terms of reference. Specifically, the AC meets on a periodic basis to perform the following functions:–

- Nominates the external auditors for appointment or re-appointment and reviews the level of audit fees;
- Reviews the audit plans and scope of work of the internal and external auditors;
- Reviews the findings of the internal and external auditors and the response from management;
- Reviews the adequacy and effectiveness of the internal audit function, and the independence and objectivity of the internal auditors;
- Reviews the internal and external auditors' evaluation of the adequacy of the Group's system of accounting and internal controls;
- Reviews any interested person transactions;
- Reviews the Group's financial results announcements and the financial statements of the Group and of the Company as well as the auditors' report thereon before they are submitted to the Board for approval;
- Reviews legal and regulatory matters that may have a material impact on the financial statements;
- Reports actions and minutes of the AC to the Board; and
- Reviews the cost effectiveness of the audit and the independence and objectivity of the external auditors.

The AC is given full access to, and receives full cooperation from the management. The AC has full discretion to invite any director or management staff to attend its meetings. It is empowered to investigate any matters relating to the Group's accounting, auditing, internal controls and/or financial practices that are brought to its attention; and has full access to records, resources and personnel to enable it to discharge its functions properly and effectively.

During the financial year, the AC met with the external auditors to discuss and review the financial statements as well as the internal auditors on compliance with established internal controls of the Group.

Formal procedures are in place for the internal and external auditors to report their findings and recommendations to the management and AC. The internal and external auditors have unrestricted access to the AC. In addition, the AC meets up with the internal auditors and external auditors at least once a year without the presence of the management, in order to have free and unfiltered access to information that it may require.

The AC has reviewed the independence of the Company's external auditors and is satisfied with the independence and objectivity of the external auditors. The aggregate amount of fees paid/payable to the external auditors of the Company and subsidiaries for audit services was \$110,000 and \$20,000 was paid to internal auditors for internal audit services

REPORT ON CORPORATE GOVERNANCE

in respect of financial year 31 March 2020. There were no non-audit services provided by the external auditors for the financial year ended 31 March 2020.

The AC has recommended that KPMG LLP be nominated for re-appointment as auditors at the forthcoming Annual General Meeting. In recommending the re-appointment of the auditors, the AC considered and reviewed a number of key factors, including amongst other things, adequacy of the resources and experience of supervisory and professional staff as well as the audit engagement partner to be assigned to the audit, and the size and complexity of the Group and its businesses and operations. The Group has also complied with Rules 712 and 715(1) of the SGX-ST Listing Manual in relation to the appointment of its external auditors.

The Group has in place the Whistle-Blower Policy and Procedures, pursuant to which staff may, in confidence and safely, raise concerns about possible improprieties in matters of financial reporting or other matters. This helps to ensure that arrangements are in place for the independent investigation of such matters and for appropriate follow up action. Details of the whistle-blowing policy have been made available to all employees of the Group.

The AC members take measures to keep abreast of changes of accounting standards and issues which have a direct impact on financial statements through attending training and seminars as well as receiving updates from the Group's external auditor. No former partner or director of the Company's existing auditing firm or auditing corporation is a member of the AC.

Internal Audit

The internal audit function of the Group has been outsourced to Foo Kon Tan Advisory Services Pte Ltd to strengthen the internal audit function and promote sound risk management, including financial, operational and compliance controls and good corporate governance.

The IA reports directly to the AC Chairman on audit matters, and to the Executive Chairman and CEO on administrative matters. The AC is satisfied that the appointed IA meets and has carried out its function according to the standards set by internationally recognised professional bodies including the Standards for the Professional Practice of Internal Auditing set by The Institute of Internal Auditors.

The AC is satisfied that the internal audit function is independent, effective, adequately resourced and comprehensively covers the major activities within the Group.

Risk Management and Internal Controls

The Board is committed to maintaining a sound system of internal controls to safeguard Shareholders' investments and the Group's assets. The Board oversees the management in the design, implementation and monitoring of risk management and internal control systems and is responsible for determining the nature and the extent of the significant risks which the Company is willing to take in achieving its strategic objectives and value creation. The Company currently does not have a Board Risk Committee as the Board is of the view that the Board and AC, with the help of the management, is sufficient in addressing the risk management and internal controls of the Company.

The AC and the Board review on an annual basis the adequacy of the Group's internal controls, operational and compliance controls, and risk management policies and systems established by the management. The system of internal controls and risk management established by the Company are designed to manage, rather than eliminate the risk of failure in achieving the Group's strategic objectives. The management is involved in regular reviews of the risks that are significant to the fulfilment of the objectives of the business. However, it should be recognised that such systems are designed to provide reasonable assurance, but not an absolute guarantee against material misstatement or loss. During

REPORT ON CORPORATE GOVERNANCE

FY2020, the Company's appointed internal auditor, Foo Kon Tan Advisory Services Pte Ltd, has conducted an internal audit review based on an agreed scope of review. In respect of FY2020 under review, the Board has received a written assurance from the Executive Chairman and CEO and Financial Controller:–

- (a) confirming that the Group's financial records have been properly maintained and the Group's consolidated financial statements for FY2020 give a true and fair view of the Group's operations and finances; and
- (b) confirming that the Group's risk management and internal control systems in place were adequate and effective to address the financial, operational, compliance and information technology risks, and risk management systems in the context of the current scope of the Group's business operations.

Based on (i) the internal controls established and maintained by the Group, (ii) work performed by the internal and external auditors, (iii) reviews performed by the management, the AC and the Board, and (iv) the aforementioned letter of assurance provided by the Executive Chairman and CEO and Financial Controller, the Board with the concurrence of the AC, is of the opinion that the Group's internal controls, addressing financial, operational, compliance and information technology risks, and risk management systems were adequate and effective for FY2020 to address the risks that the Group considers relevant and material to its operations.

The Board notes that no system of internal controls and risk management can provide absolute assurance in this regard, or absolute assurance against the occurrence of material errors, poor judgement in decision-making, human error, losses, fraud or other irregularities. However, the Board, together with the AC and the management, will review the adequacy and effectiveness of the internal control framework on an on-going basis and address any specific issues or risks whenever necessary.

a. Risk Management

The Group has identified the following key risk areas:–

- Investment risk
- Operational risk
- Compliance and legal risk
- Financial risk

i. Investment risk

Investments and acquisitions are undertaken only after extensive and satisfactory due diligence work has been conducted and must be consistent with the Group's strategies in focusing on the Group's businesses. All major investment proposals are carefully evaluated and must meet minimum threshold hurdles and be assessed to be within tolerable risks parameters and they must be submitted to the Board of Directors for approval.

ii. Operational risk

The Group's operating risk is managed at each operating unit and monitored at the Group level. As operational risk cannot be eliminated completely, the Group has to weigh the cost and benefit in managing these risks. The Group maintains sufficient insurance coverage taking into account the cost of cover and the risk profiles of the business in which it operates. The Internal Audit team complements the management's role by providing an independent perspective on the controls that help to mitigate any operational risks.

REPORT ON CORPORATE GOVERNANCE

iii. Compliance and legal risk

Although the operating business units are responsible for ensuring compliance with the relevant laws and regulations, the Group also obtained advice from external legal advisors where necessary.

iv. Financial risk

The Group's financial risk management's objectives and policies are set out in note 22 of the Notes to the Financial Statements, found on pages 69 to 77 of the Annual Report.

b. Dealings in Company's Securities

The Group has implemented appropriate guidelines on dealings in the Company's securities in compliance with the best practices as set out in Rule 1207(19) of the SGX-ST Listing Manual. All Directors and staff of the Group are not allowed to trade in the Company's securities during the periods commencing two week and one month before the announcement of the Company's quarterly and full year financial results respectively. To facilitate compliance, reminders are issued to all directors and staff prior to the applicable trading black-outs. Our directors and staff, who are expected to observe insider trading laws at all times, are also discouraged from dealing in the Company's securities on short-term considerations.

Following the recent amendments to Rule 705(2) of the Amended Listing Rules which took effect from 7 February 2020, the Company releases announcements pertaining to the unaudited financial results of the Group on a half-yearly basis as required under the Amended Listing Rules.

4. SHAREHOLDER RIGHTS AND ENGAGEMENT

Shareholder Rights and Conduct of General Meeting (*Principle 11*)

Engagement with Shareholders (*Principle 12*)

Shareholder Rights and Engagement with Shareholders

The Company's corporate governance practices promote the fair and equitable treatment to all shareholders. To facilitate shareholders' ownership rights, the Company ensures that all material information is disclosed on a comprehensive, accurate and timely basis via SGXNET, especially information pertaining to the Company's business development and financial performance which could have a material impact on the price or value of its shares, so as to enable shareholders to make informed decisions in respect of their investments in the Company.

All shareholders receive the annual report and notices of all shareholder meetings. The notices for such meetings are also advertised in a local newspaper and made available on SGXNET. The chairpersons of the various board committees and the external auditors are invited to be present at our general meetings, to address any queries from our shareholders.

The Company is firmly committed to corporate governance and transparency by disclosing to its stakeholders, including its shareholders, as much relevant information as is possible, in a timely, fair and transparent manner as well as to hearing its shareholders' views and addressing their concerns.

By supplying shareholders with reliable and timely information, the Company is able to strengthen the relationship with its shareholders based on trust and accessibility.

General meetings have been and are still the principal forum for dialogue with shareholders. At these meetings, shareholders are given opportunities to participate through open discussions and to vote on resolutions tabled.

REPORT ON CORPORATE GOVERNANCE

To promote a better understanding of shareholders' views, the Board actively encourages shareholders to participate during the Company's general meetings. These meetings provide excellent platform for the Company to obtain shareholders' views on value creation.

The Company does not have a formal dividend policy. The form, frequency and amount of dividends declared each year will take into consideration the earnings, general financial condition, results of operations, capital requirements, cash flow, general business conditions and other factors as the Board may deem appropriate. Given the Company's investment strategy of keeping a strong balance sheet with sufficient resources for future investment purposes for long-term and sustainable growth, no dividend was declared in respect of the financial year ended 31 March 2020.

Conduct of Shareholder Meetings

At general meetings, shareholders of the Company will be given the opportunity to present their views and to put questions regarding the Group to Directors and Management. The Directors and Management will be present at these meetings to address any questions that shareholders may have. The external auditors will also be present to assist the Board in addressing queries by shareholders.

Currently, the Constitution of the Company allows a member of the Company to appoint up to two proxies to attend and vote at general meetings. Pursuant to Section 181 of the Companies Act, Chapter 50 of Singapore (the "**Companies Act**"), a member of the Company who is a relevant intermediary is entitled to appoint more than two proxies to attend and vote in his stead. "**Relevant intermediary**" has the meaning ascribed to it in Section 181 of the Companies Act.

The Company practises having separate resolutions at general meetings on each substantially separate issue. Where the resolutions are "bundled", the Company will explain the reasons and material implications in the notice of meeting. The Company also makes available minutes of general meetings, including relevant substantial comments or queries from shareholders relating to the agenda of the general meetings and responses from the Board or the Management, to Shareholders upon their requests. The Company does not publish minutes of general meetings on its corporate website as contemplated by the Code. There are potential adverse implications, including commercial and legal implications, for the Company if the minutes of general meetings are published to the public at large. The Company is of the view that its position is consistent with the intent of Principle 11 of the Code as shareholders have a right to attend general meetings either in person or by proxy, where they may exercise their right to speak and vote and have the opportunity to communicate their views on various matters affecting the Company. Further, shareholders, including those who did not attend the relevant general meeting, have a statutory right to be furnished copies of minutes of general meetings in accordance with Section 189 of the Companies Act. The Company is therefore of the view that, consistent with the intent of Principle 11 of the Code, as between themselves, shareholders are treated fairly and equitably by the Company.

The Company will conduct voting by poll and an announcement detailing the results, including the total number of votes cast for and against each resolution and the respective percentages will be announced via SGXNet after the conclusion of the general meeting. At present, the Company does not conduct voting by poll via electronic polling method as shareholders' turn-out at general meetings have been manageable.

As the authentication of shareholder identity and other related security and integrity issues still remain a concern, the Company has decided for the time being, not to implement absentia voting methods such as voting via mail, e-mail or fax.

Pursuant to the Company's announcement released via the SGXNET on 29 May 2020, SGX RegCo has automatically extended by 60 days the deadline for issuer with financial year-end on or before 31 March 2020 to hold its AGM in light of the latest government advisories and measures amid the COVID-19 situation which could make the holding of AGM and the performance of statutory audits for full-year financial results challenging. The Company's financial year-end is 31 March 2020 and the indicative timeline to convene its AGM is on or before the due date of 29 September 2020.

REPORT ON CORPORATE GOVERNANCE

("AGM Extended Deadline"). The Company has scheduled to hold its AGM in respect of FY2020 before the timeline on 7 September 2020.

Due to the COVID-19 restriction orders in Singapore, the Company will apply and adopt the alternative arrangements for the convening, holding and conducting of the AGM for FY2020 in accordance with the COVID-19 (Temporary Measures) Act 2020 and the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020 (the "Order"), as set out in the second column of the First Schedule of the Order. Minutes of the AGM to be held on 7 September 2020 will be published on the SGXNET and also at the Company's corporate website within one (1) month after the AGM date.

5. MANAGING STAKEHOLDERS RELATIONSHIPS

Engagement with Stakeholders (Principle 13)

The Group has identified stakeholders as those who are impacted by the Group's business and operations as well as those who have a material impact on the Group's business and operations as provided in the Group's 2019 Sustainability Report, the Company has regularly engaged its stakeholders through various channels to ensure that the business interests of the Group are aligned with those stakeholders, to understand and address the concerns so as to improve services and products standards, as well as to sustain business operations for long-term growth. The Company takes a pragmatic approach in managing stakeholders' expectations to support its long-term strategy. Pertinent information and news are regularly conveyed to the stakeholders through SGXNet.

Additionally, the Company maintains a corporate website at www.myp.com.sg to communicate and engage with stakeholders through the contact information of the Company which can be found on the website.

6. INTERESTED PERSON TRANSACTIONS

The Company has established a procedure for recording and reporting interested person transactions. There was no significant interested person transaction for the financial year ended 31 March 2020 except for Mr Jonathan Tahir providing non-interest bearing loans and he and his close family member providing non-interest bearing guarantees to secure our Group's obligations for the bank loans. Mr Jonathan Tahir also provided financial and other support as necessary to the Group.

The Company did not obtain any general mandate from Shareholders for interested person transactions pursuant to Rule 920 of the SGX-ST Listing Manual. There is no value at risk to the Company arising from the above transactions.

7. MATERIAL CONTRACTS

There were no other material contracts or loan entered into by the Company and its subsidiaries involving the interests of the Executive Chairman and CEO, any director or controlling shareholder, which are either subsisting at the end of the financial year or, if not then subsisting, entered into since the end of the previous financial year, save for the shareholder loans in the aggregate amount of \$58,192,000 as at 31 March 2020 extended by Mr Jonathan Tahir to Grace Shine Pte Ltd, Affreton Pte Ltd, Salveur Pte Ltd and the Company.

REPORT ON CORPORATE GOVERNANCE

8. CORPORATE DISCLOSURE

The Company believes that a high level of disclosure is essential to enhance the standard of corporate governance. Hence, the Company is committed to provide a high level of disclosure in all public announcements, press releases and annual reports.

9. CORPORATE SOCIAL RESPONSIBILITIES

The Company has always fostered a socially responsible corporate culture amongst its management and staff. Our management team and employees are our assets. We recognise that the success of our Group is due in great part to our dedicated and passionate team of employees working together to deliver high quality services to our customers. Therefore, we take great care of employees by providing them a safe and healthy work premises and offer them opportunities to continually enhance and develop their core skills and knowledge base. In addition, we also provide classroom training and product knowledge, safety and product handling, new market trends and technologies so that our staff stays up-to-date with the latest developments and trends within the industry. New employees will also be provided with mandatory orientation programmes to familiarise them with the Group's corporate identity, policy and standard operating procedures.

10. SUSTAINABILITY REPORTING

The Company is working towards the issuance of its sustainability report for FY2020 within 1 month after the AGM Extended Deadline and such report will be made available to the shareholders on the SGXNet and the Company's website.

DIRECTORS' STATEMENT

We are pleased to submit this annual report to the members of the Company together with the audited financial statements for the financial year ended 31 March 2020.

In our opinion:

- (a) the financial statements set out on pages 36 to 81 are drawn up so as to give a true and fair view of the financial position of the Group and of the Company as at 31 March 2020, the changes in equity of the Group and the Company, and the financial performance and cash flows of the Group for the year ended on that date in accordance with the provisions of the Singapore Companies Act, Chapter 50 and Singapore Financial Reporting Standards (International); and
- (b) at the date of this statement, having regard to the continued financial and other support as necessary from a shareholder at least for the next twelve months, see note 2(c), there are reasonable grounds to believe that the Group will be able to pay its debts as and when they fall due.

The Board of Directors has, on the date of this statement, authorised these financial statements for issue.

DIRECTORS

The directors in office at the date of this statement are as follows:

Jonathan Tahir
Clement Wang Kai
Kishore Prabhakar Sardesai
Elizabeth Ho Nee Wong Ching Wai

The Share Option Scheme (the 'Option Scheme') of the Company was approved and adopted by its members at an Extraordinary General Meeting held on 6 January 2006. The Option Scheme is administrated by the Company's Remuneration Committee.

Other information regarding the Option Scheme is set out below:

- (a) The subscription price of the options may be set at:
- equal to the average of the last dealt prices of the Company's shares on the Singapore Exchange (SGX) for the three consecutive trading days immediately preceding the date of the offer of the option (the Market Price Option); or
 - a discount to the market price of the Company's shares on the SGX provided the maximum discount which may be given does not exceed twenty per cent of the market price in respect of that option (the Incentive Option).
- (b) The Market Price Option may be exercised one year after the relevant date of offer. The Incentive Option may be exercised two years after the relevant date of offer.
- (c) Options granted to Group executives will cease to be exercisable after the tenth anniversary of the relevant date of offer unless they have been cancelled or have lapsed prior to that date. Options granted to non-executive directors and associated companies' executives will cease to be exercisable after the fifth anniversary of the relevant date of offer unless they have been cancelled or have lapsed prior to that date.

Date of grant refers to the vesting date whereby the employees become unconditionally entitled to the options.

No share options were granted during the financial year and there were no share options outstanding as at the reporting date.

There were no unissued shares of the Company or its subsidiaries under options granted by the Company or its subsidiaries as at the end of the financial year.

DIRECTORS' STATEMENT

SHARE-BASED INCENTIVE

The Company's Performance Share Plan (the 'Share Plan') was approved at the Company's Extraordinary General Meeting held on 6 January 2006. The Company's Remuneration Committee administers the Share Plan.

The Share Plan is a share-based incentive to reward participants by the award of new shares (the 'Shares') in the Company, which are given free of charge to the participants according to the extent to which their performance targets are achieved at the end of a specified performance period.

The selection of a participant and the number of Shares granted to a participant shall be determined at the absolute discretion of the Remuneration Committee, which shall take into account the participant's rank, job performance, years of service, potential for future development and contributions to the success and development of the Group.

Since the commencement of the Share Plan, no Shares have been awarded.

AUDIT COMMITTEE

The members of the Audit Committee during the year and at the date of this report are:

Kishore Prabhakar Sardesai (Chairman), non-executive director
Elizabeth Ho Nee Wong Ching Wai, non-executive director
Tan Chin Tiong, non-executive director

The Audit Committee performs the functions specified in Section 201B of the Act, the SGX Listing Manual and the Code of Corporate Governance.

The Audit Committee has held four meetings since the last directors' statement. In performing its functions, the Audit Committee met with the Company's external and internal auditors to discuss the scope of their work, the results of their examination and evaluation of the Company's internal accounting control system.

The Audit Committee also reviewed the following:

- assistance provided by the Company's officers to the internal and external auditors;
- quarterly financial information and annual financial statements of the Group and the Company prior to their submission to the directors of the Company for adoption; and
- interested person transactions (as defined in Chapter 9 of the SGX Listing Manual).

The Audit Committee has full access to management and is given the resources required for it to discharge its functions. It has full authority and the discretion to invite any director or executive officer to attend its meetings. The Audit Committee also recommends the appointment of the external auditors and reviews the level of audit and non-audit fees.

The Audit Committee is satisfied with the independence and objectivity of the external auditors and has recommended to the Board of Directors that the auditors, KPMG LLP, be nominated for re-appointment as auditors at the forthcoming Annual General Meeting of the Company.

In appointing our auditors for the Company and subsidiaries, we have complied with Rules 712 and 715 of the SGX Listing Manual.

INDEPENDENT AUDITORS' REPORT

MYP LTD.

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of MYP Ltd. ('the Company') and its subsidiaries ('the Group'), which comprise the statements of financial position of the Group and Company as at 31 March 2020, the statements of changes in equity of the Group and the Company for the financial year then ended, the consolidated statement of comprehensive income and the consolidated statement of cash flows of the Group for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 36 to 81.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 ('the Act') and Singapore Financial Reporting Standards (International) ('SFRS(I)s') so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 March 2020, the consolidated changes in equity of the Group and the changes in equity of the Company and the consolidated financial performance and consolidated cash flows of the Group for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with Singapore Standards on Auditing ('SSAs'). Our responsibilities under those standards are further described in the '*Auditors' responsibilities for the audit of the financial statements*' section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ('ACRA Code') together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Valuation of investment properties (Refer to Note 11 to the financial statements)	
<i>The key audit matter</i>	<i>How the matter was addressed in our audit</i>
<p>As at 31 March 2020, the Group's investment properties comprise two commercial properties and three units of residential properties. These investment properties are valued at \$832,900,000 which represents 96% of the Group's total assets.</p> <p>The fair values of investment properties are determined by an external independent valuer using the market comparison approach. These valuations are reviewed and approved by the Board of Directors.</p> <p>The valuation process involves significant judgement in determining the appropriate valuation methodology to be used, and in estimating the underlying assumptions to be applied. The 2019 Novel Coronavirus ("COVID-19") pandemic has resulted in significant economic uncertainty in the current and future economic environment and there is heightened uncertainty inherent in estimating the impact of the pandemic to the various underlying assumptions used in the valuation of investment properties.</p>	<p>We evaluated the independence, objectivity and competency of the external valuer and read their terms of engagement to ascertain whether there are matters that might have affected the scope of their work and their objectivity.</p> <p>We compared the valuation methodology used against those used in the past and those applied by other valuers for similar property type. We compared the key assumptions used which included price per square metre with available market data derived from independent sources, taking into consideration the comparability. Where the rates were outside the expected range, we undertook further procedures to understand the effect of additional factors and, when necessary, held further discussions with the valuers. We also discussed with the external valuer to understand how they have considered the implications of COVID-19 and market uncertainty in the valuations.</p>
Our findings	
The valuer is a member of generally-recognised professional bodies for valuers and have considered their own independence in carrying out their work. The valuation methodology adopted is in line with generally accepted market practices and key assumptions applied are consistent with available market data.	

Other information

Management is responsible for the other information contained in the annual report. Other information is defined as all information in the annual report other than the financial statements and our auditors' report thereon.

We have obtained all other information prior to the date of this auditors' report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and directors for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

INDEPENDENT AUDITORS' REPORT

MEMBERS OF THE COMPANY
MYP LTD.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless the law or regulations preclude public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditors' report is Sarina Lee.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 MARCH 2020

These notes form an integral part of the financial statements.

The financial statements were authorised for issue by the Board of Directors on 28 July 2020.

1 DOMICILE AND ACTIVITIES

MYP Ltd. (the 'Company') is a company incorporated in Singapore and listed on the Singapore Exchange. The address of the Company's registered office is 9 Battery Road, #09-03 MYP Centre, Singapore 049910.

The financial statements of the Group as at and for the year ended 31 March 2020 comprise the Company and its subsidiaries (together referred to as the 'Group' and individually as 'Group entities').

The principal activity of the Company is that of investment holding. The principal activities of the Group are those of investment holding and investment in real estate assets.

2 BASIS OF PREPARATION

(a) Statement of compliance

The financial statements have been prepared in accordance with Singapore Financial Reporting Standards (International) ('SFRS(I)').

This is the first set of the Group's annual financial statements in which SFRS(I) 16 *Leases* has been applied. The related changes to significant accounting policies are described in note 2(f).

(b) Basis of measurement

The financial statements have been prepared on the historical cost basis, except as disclosed in the accounting policies set out in note 3.

(c) Going concern

As at 31 March 2020, the Group has net current liabilities of \$33,527,000 (2019: \$119,707,000). Notwithstanding this, the financial statements of the Group have been prepared on a going concern basis, as a shareholder has undertaken to provide continuous financial and other support as necessary, to the Group at least for the next twelve months from the date of this report to enable the Group to continue its operations and meet its financial obligations as and when they fall due.

(d) Functional and presentation currency

These financial statements are presented in Singapore dollars ('\$'), which is the Company's functional currency. All financial information presented in Singapore dollars have been rounded to the nearest thousand, unless stated otherwise.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 MARCH 2020

2 BASIS OF PREPARATION (CONTINUED)

(e) Use of estimates and judgements

The preparation of the financial statements in conformity with SFRS(I) requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about estimation uncertainties that have a significant risk of resulting in a material adjustment within the next financial year are included in note 23 – Determination of fair values.

(f) Changes in accounting policies

New standards and amendments

The Group has applied the following SFRS(I)s, amendments to and interpretations of SFRS(I) for the first time for the annual period beginning on 1 April 2019:

- SFRS(I) 16 *Leases*
- SFRS(I) INT 23 *Uncertainty over Income Tax Treatments*
- *Prepayment Features with Negative Compensation* (Amendments to SFRS(I) 9)
- *Income Tax Consequences of Payments on Financial Instruments Classified as Equity* (Amendments to SFRS(I) 1-12)
- *Borrowing Costs Eligible for Capitalisation* (Amendments to SFRS(I) 1-23)
- *Plan Amendment, Curtailment or Settlement* (Amendments to SFRS(I) 1-19)
- *Amendments to SFRS(I) 9, SFRS(I) 1-39 and SFRS(I) 7 Interest Rate Benchmark Reform*

Other than SFRS(I) 16, the application of these amendments to standards and interpretations does not have a material effect on the financial statements.

SFRS(I) 16 *Leases*

The Group applied SFRS(I) 16 using the modified retrospective approach, under which the cumulative effect of initial application is recognised in retained earnings at 1 April 2019. Accordingly, the comparative information presented for 2019 is not restated – i.e. it is presented, as previously reported, under SFRS(I) 1-17 and related interpretations. The details of the changes in accounting policies are disclosed below. Additionally, the disclosure requirements in SFRS(I) 16 have not generally been applied to comparative information.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 MARCH 2020

2 BASIS OF PREPARATION (CONTINUED)

(f) Changes in accounting policies (Continued)

SFRS(I) 16 Leases (Continued)

Definition of a lease

Previously, the Group determined at contract inception whether an arrangement was or contained a lease under SFRS(I) INT 4 *Determining whether an Arrangement contains a Lease*. The Group now assesses whether a contract is or contains a lease based on the definition of a lease, as explained in SFRS(I) 16.

On transition to SFRS(I) 16, the Group elected to apply the practical expedient to grandfather the assessment of which transactions are leases. The Group applied SFRS(I) 16 only to contracts that were previously identified as leases. Contracts that were not identified as leases under SFRS(I) 1-17 and SFRS(I) INT 4 were not reassessed for whether there is a lease under SFRS(I) 16. Therefore, the definition of a lease under SFRS(I) 16 was applied only to contracts entered into or changed on or after 1 April 2019.

As a lessor

The Group leases out its investment property. The Group has classified these leases as operating leases.

The adoption of SFRS(I) 16 *Leases* did not have a material effect on the Group's statement of financial position.

Early adoption of Amendments to SFRS(I) 9, SFRS(I) 1-39 and SFRS(I) 7 Interest Rate Benchmark Reform

The Group has early adopted amendments to SFRS(I) 9, SFRS(I) 1-39 and SFRS(I) 7 on 1 April 2019. The Group applied the interest rate benchmark reform amendments retrospectively to hedging relationship that existed at 1 April 2019 or were designated thereafter and that are directly affected by interest rate benchmark reform. These amendments also apply to the gain or loss recognised in other comprehensive income that existed on 1 April 2019. The adoption of amendments to SFRS(I) 9, SFRS(I) 1-39 and SFRS(I) 7 did not have a material impact on the financial statements.

The details of the accounting policies are disclosed in note 3(m) for related disclosures about the risks and hedge accounting.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 MARCH 2020

3 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to all periods presented in these financial statements, except as explained in note 2(f), which addresses changes in accounting policies.

Certain comparative amounts have been reclassified to better reflect the nature of the amounts in 2019 (see note 26).

(a) Basis of consolidation

(i) Business combinations

The Group accounts for business combinations using the acquisition method when control is transferred to the Group.

The Group measures goodwill at the date of acquisition as:

- the fair value of the consideration transferred; plus
- the recognised amount of any non-controlling interests in the acquiree; plus
- if the business combination is achieved in stages, the fair value of the pre-existing equity interest in the acquiree,

over the net recognised amount (generally fair value) of the identifiable assets acquired and liabilities assumed. Any goodwill that arises is tested annually for impairment.

When the excess is negative, a bargain purchase gain is recognised immediately in profit or loss.

The consideration transferred does not include amounts related to the settlement of pre-existing relationships. Such amounts are generally recognised in profit or loss.

Any contingent consideration payable is recognised at fair value at the date of acquisition and included in the consideration transferred. If the contingent consideration that meets the definition of a financial instrument is classified as equity, it is not remeasured and settlement is accounted for within equity. Otherwise, other contingent consideration is remeasured at fair value at each reporting date and subsequent changes to the fair value of the contingent consideration are recognised in profit or loss.

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the acquiree's net assets in the event of liquidation are measured either at fair value or at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets, at the date of acquisition. The measurement basis taken is elected on a transaction-by-transaction basis. All other non-controlling interests are measured at acquisition-date fair value, unless another measurement basis is required by SFRS(I)s.

Costs related to the acquisition, other than those associated with the issue of debt or equity securities, that the Group incurs in connection with a business combination are expensed as incurred.

Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(a) Basis of consolidation (Continued)

(ii) Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

The accounting policies of subsidiaries are in line with the policies adopted by the Group. Losses applicable to the non-controlling interests in a subsidiary are allocated to the non-controlling interests even if doing so causes the non-controlling interests to have a deficit balance.

(iii) Loss of control

When the Group loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary, and any related non-controlling interests and other components of equity. Any resulting gain or loss is recognised in profit or loss. Any interest retained in the former subsidiary is measured at fair value when control is lost.

(iv) Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements. Unrealised gains arising from transactions with equity-accounted investees are eliminated against the investment to the extent of the Group's interest in the investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

(v) Subsidiaries in the separate financial statements

Investments in subsidiaries are stated in the Company's statement of financial position at cost less accumulated impairment losses.

(b) Foreign currencies

Foreign currency transactions and balances

Transactions in foreign currencies are translated to the respective functional currencies of the Group entities at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to the functional currency at the exchange rate at that date.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are translated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary items in a foreign currency that are measured in terms of historical cost are translated using the exchange rate at the date of transaction. Foreign currency differences arising on translation are recognised in the profit or loss, except for differences arising on the translation of monetary items that in substance form part of the Group's net investment in a foreign operation, which are recognised in other comprehensive income.

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(c) Revenue recognition

Rental and service income

The Group leases out its investment properties to tenants. Rental and service income from investment property are recognised in profit or loss on a straight-line basis over the term of the lease. Deposit is collected upon execution of lease agreement. Payment is due first day of each month. Lease incentives granted are recognised as an integral part of the total rental income, over the term of the lease. Contingent rentals, which include gross turnover rental, are recognised as income in the accounting period on a receipt basis. No contingent rentals are recognised if there are uncertainties due to the possible return of amounts received.

Other supplemental and ad-hoc income

Other supplemental and ad-hoc income is recognised on accrual basis at the point in time where goods and services are transferred to customers.

Dividend income

Dividend income is recognised when the right to receive payment is established.

(d) Government grants

Government grants are recognised initially as deferred income at fair value when there is reasonable assurance that they will be received and the Group will comply with the conditions associated with the grant. Grants that compensate the Group for expenses incurred are recognised in profit or loss as 'other income' on a systematic basis in the same periods in which the expenses are recognised.

(e) Leases

The Group has applied SFRS(I) 16 using the modified retrospective approach and therefore the comparative information has not been restated and continues to be reported under SFRS(I) 1-17 and SFRS(I) INT 4. The details of accounting policies under SFRS(I) 1-17 and SFRS(I) INT 4 are disclosed separately.

Policy applicable from 1 April 2019

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group uses the definition of a lease in SFRS(I) 16.

This policy is applied to contracts entered into, on or after 1 April 2019.

As a lessor

At inception or on modification of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 MARCH 2020

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(e) Leases (Continued)

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Group makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, the Group considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

The Group recognises lease payments received from investment property under operating leases as income on a straight-line basis over the lease term as part of 'revenue'.

Generally, the accounting policies applicable to the Group as a lessor in the comparative period were not different from SFRS(I) 16.

Leases – Policy applicable before 1 April 2019

For contracts entered into before 1 April 2019, the Group determined whether the arrangement was or contained a lease based on the assessment of whether:

- fulfilment of the arrangement was dependent on the use of a specific asset or assets; and
- the arrangement had conveyed a right to use the asset. An arrangement conveyed the right to use the asset if one of the following was met:
 - the purchaser had the ability or right to operate the asset while obtaining or controlling more than an insignificant amount of the output;
 - the purchaser had the ability or right to control physical access to the asset while obtaining or controlling more than an insignificant amount of the output; or
 - facts and circumstances indicated that it was remote that other parties would take more than an insignificant amount of the output, and the price per unit was neither fixed per unit of output nor equal to the current market price per unit of output.

As a lessor

When the Group acted as a lessor, it determined at lease inception whether each lease was a finance lease or an operating lease.

To classify each lease, the Group made an overall assessment of whether the lease transferred substantially all of the risks and rewards incidental to ownership of the underlying asset. If this was the case, then the lease was a finance lease; if not, then it was an operating lease. As part of this assessment, the Group considered certain indicators such as whether the lease was for the major part of the economic life of the asset.

Rental and service income from investment property is recognised as "revenue" on a straight-line basis over the term of the lease.

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(f) Finance income and finance costs

The Group's finance income and finance costs include:

- interest income;
- interest expense and the amortisation of transaction cost on bank borrowings;
- hedge ineffectiveness recognised in profit or loss; and
- the reclassification of net gains and losses previously recognised in other comprehensive income ('OCI') on cash flow hedges of interest rate risk.

Interest income or expense is recognised using the effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

(g) Income tax

Tax expense comprises current and deferred tax. Current tax and deferred tax are recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

The Group has determined that interest and penalties related to income taxes, including uncertain tax treatments, do not meet the definition of income taxes, and therefore accounted for them under SFRS(I) 1-37 *Provisions, Contingent Liabilities and Contingent Assets*.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, measured using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to income taxes, if any.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss; and
- temporary differences related to investments in subsidiaries to the extent that the Group is able to control the timing of the reversal of the temporary difference and it is probable that they will not reverse in the foreseeable future.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 MARCH 2020

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(g) Income tax (Continued)

The measurement of deferred taxes reflects the tax consequences that would follow the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. For investment property measured at fair value, the presumption that the carrying amount of the investment property will be recovered through sale has not been rebutted. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on tax rates and tax laws that have been enacted or substantially enacted by the reporting date, and reflects uncertainty related to income taxes, if any.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

In determining the amount of current and deferred tax, the Group takes into account the impact of uncertain tax positions and whether additional taxes and interest may be due. The Group believes that its accruals for tax liabilities are adequate for all open tax years based on its assessment of many factors, including interpretations of tax law and prior experience. This assessment relies on estimates and assumptions and may involve a series of judgements about future events. New information may become available that causes the Group to change its judgement regarding the adequacy of existing tax liabilities; such changes to tax liabilities will impact tax expense in the period that such a determination is made.

(h) Loss per share

The Group presents basic and diluted loss per share data for its ordinary shares. Basic loss per share is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted-average number of ordinary shares in issue during the year. Diluted loss per share is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted-average number of ordinary shares in issue, for the effects of all dilutive potential ordinary shares.

(i) Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenue and incur expenses, including revenue and expenses that relate to transactions with any of the Group's other components. All operating segment's operating results are reviewed regularly by the chief operating decision maker to make decisions about resources to be allocated to the segment and to assess its performance, and for which discrete financial information is available.

Segment results that are reported to the chief operating decision maker include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly corporate assets, head office expenses, and tax assets and liabilities.

Segment capital expenditure is the total cost incurred during the year to acquire plant and equipment.

YEAR ENDED 31 MARCH 2020

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(j) Plant and equipment

Recognition and measurement

Items of plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses.

Cost includes expenditure that is directly attributable to the acquisition of the asset.

When parts of an item of plant and equipment have different useful lives, they are accounted for as separate items (major components) of plant and equipment.

The gain or loss on disposal of an item of plant and equipment (calculated as the difference between the net proceeds from disposal and the carrying amount of the item) is recognised in profit or loss.

Subsequent costs

The cost of replacing a component of an item of plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the component will flow to the Group, and its cost can be measured reliably. The carrying amount of the replaced component is derecognised. The costs of the day-to-day servicing of plant and equipment are recognised in profit or loss as incurred.

Depreciation

Depreciation is based on the cost of an asset less its residual value. Significant components of individual assets are assessed and if a component has a useful life that is different from the remainder of that asset, that component is depreciated separately.

Depreciation is recognised as an expense in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of plant and equipment. Depreciation is recognised from the date that the plant and equipment are installed and are ready for use.

The estimated useful lives for the current and comparative years are as follows:

Renovations, furniture and fittings	3 – 5 years
Office equipment and computers	3 – 5 years
Motor vehicle	10 years

Depreciation methods and useful lives are reviewed at the end of each reporting period and adjusted if appropriate.

(k) Other assets

Items of other assets include art pieces which are carried at cost on initial recognition and reviewed annually for impairment loss. The other assets held by the Group have infinite useful lives as there is no foreseeable limit to the period during which the other assets are expected to generate net cash inflows.

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(l) Investment property

Investment property is property held either to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods and services or for administrative purposes. Investment property is measured at cost on initial recognition and subsequently at fair value with any change therein recognised in profit or loss.

Cost includes expenditure that is directly attributable to the acquisition of the investment property.

Any gain or loss on disposal of an investment property (calculated as the difference between the net proceeds from disposal and the carrying amount of the item) is recognised in profit or loss. When an investment property that was previously classified as plant and equipment is sold, any related amount included in the revaluation reserve is transferred to retained earnings.

When the use of property changes such that it is reclassified as plant and equipment, its fair value at the date of reclassification becomes its cost for subsequent accounting.

(m) Financial instruments

(i) Recognition and initial measurement

Non-derivative financial assets and financial liabilities

Trade receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at fair value through profit or loss ('FVTPL'), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

(ii) Classification and subsequent measurement

Non-derivative financial assets

On initial recognition, a financial asset is classified as measured at: amortised cost; fair value through other comprehensive income ('FVOCI') – debt investment; FVOCI – equity investment; or FVTPL.

Financial assets are not reclassified subsequent to their initial recognition unless the Group changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

Financial assets at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 MARCH 2020

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(m) Financial instruments (Continued)

(ii) Classification and subsequent measurement (Continued)

Financial assets: Business model assessment

The Group makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Group's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Group's continuing recognition of the assets.

Non-derivative financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Group considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Group considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable rate features;
- prepayment and extension features; and
- terms that limit the Group's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

(m) Financial instruments (Continued)

(ii) Classification and subsequent measurement (Continued)

Non-derivative financial assets: Subsequent measurement and gains and losses

Financial assets at amortised cost

These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Non-derivative financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Directly attributable transaction costs are recognised in profit or loss as incurred.

Other financial liabilities are initially measured at fair value less directly attributable transaction costs. They are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss.

(iii) Derecognition

Financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The Group enters into transactions whereby it transfers assets recognised in its statement of financial position, but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognised.

Financial liabilities

The Group derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Group also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

(m) Financial instruments (Continued)

(iv) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

(v) Cash and cash equivalents

Cash and cash equivalents comprise cash balances and short-term deposits with maturities of three months or less that are subject to an insignificant risk of changes in their fair value, and are used by the Group in the management of its short-term commitments.

(vi) Derivative financial instruments and hedge accounting

The Group holds derivative financial instruments to hedge its interest rate exposures.

Derivatives are initially measured at fair value and any directly attributable transaction costs are recognised in profit or loss as incurred. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein are generally recognised in profit or loss.

At inception of designated hedging relationships, the Group documents the risk management objective and strategy for undertaking the hedge. The Group also documents the economic relationship between the hedged item and the hedging instrument, including whether the changes in cash flows of the hedged item and hedging instrument are expected to offset each other.

Specific policies applicable from 1 April 2019 for hedges directly affected by interbank offer rates (IBOR) reform

A fundamental reform of major interest rate benchmarks is being undertaken globally to replace or reform IBOR with alternative nearly risk-free rates (referred to as 'IBOR reform'). The Group has exposure to interbank offered rates (IBORs) on its financial instruments that will be replaced or reformed as part of this market-wide initiatives. There is significant uncertainty over the timing and the methods of transition for replacing existing benchmark interbank offered rates with alternative rates.

The Group early adopted the principles of the amendments to SFRS(I) 9, SFRS(I) 1-39 and SFRS(I) 7 issued in December 2019 in relation to the project on interest rate benchmark reform (the 'amendments').

A hedging relationship is directly affected by the uncertainties arising from the IBOR reform with respect to the hedged risk and the timing amount of the interest rate benchmark-based cash flows of the hedged item and the hedging instruments. For the purpose of evaluating whether the hedging relationships is expected to be highly effective (i.e. prospective effective assessment), the Group assumes that the benchmark interest rate on which the cash flows are based is not altered as a result of IBOR reform.

The Group will cease to apply the amendments to its effectiveness assessment of the hedging relationship at the earlier of, when the uncertainty arising from the interest rate benchmark reform is no longer present with respect to the hedged risk and the timing and the amount of the interest rate benchmark-based cash flows of the hedged item and hedging instrument; and when the hedging relationship is discontinued.

(m) Financial instruments (Continued)

(vi) Derivative financial instruments and hedge accounting (Continued)

Specific policies applicable from 1 April 2019 for hedges directly affected by interbank offer rates (IBOR) reform (Continued)

Cash flow hedges

The Group designates certain derivatives as hedging instruments to hedge the variability in cash flows associated with highly probable forecast transactions arising from changes in interest rates.

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognised in OCI and accumulated in the hedging reserve. The effective portion of changes in the fair value of the derivative that is recognised in OCI is limited to the cumulative change in fair value of the hedged item, determined on a present value basis, from inception of the hedge. Any ineffective portion of changes in the fair value of the derivative is recognised immediately in profit or loss.

If the hedge no longer meets the criteria for hedge accounting or the hedging instrument is sold, expires, is terminated or is exercised, then hedge accounting is discontinued prospectively. When hedge accounting for cash flow hedges is discontinued, the amount that has been accumulated in the hedging reserve and the cost of hedging reserve remains in equity until, for a hedge of a transaction resulting in recognition of a non-financial item, it is included in the non-financial item's cost on its initial recognition or, for other cash flow hedges, it is reclassified to profit or loss in the same period or periods as the hedged expected future cash flows affect profit or loss.

If the hedged future cash flows are no longer expected to occur, then the amounts that have been accumulated in the hedging reserve and the cost of hedging reserve are immediately reclassified to profit or loss.

(vii) Share capital

Ordinary shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity. Income taxes relating to transaction costs of an equity transaction is accounted for in accordance with SFRS(I) 1-12 *Income Taxes*.

(viii) Intra-group financial guarantees in the separate financial statements

Financial guarantees are financial instruments issued by the Company that require the issuer to make specified payments to reimburse the holder for the loss it incurs because a specified debtor fails to meet payment when due in accordance with the original or modified terms of a debt instrument.

Financial guarantees issued are initially measured at fair value. Subsequently, they are measured at the higher of the loss allowance determined in accordance with SFRS(I) 9 and the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of SFRS(I) 15.

Expected credit losses ('ECLs') are a probability-weighted estimate of credit losses. ECLs are measured for financial guarantees issued as the expected payments to reimburse the holder less any amounts that the Company expects to recover.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 MARCH 2020

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(n) Impairment

(i) Non-derivative financial assets

The Group recognises loss allowances for ECLs on financial assets measured at amortised costs and intra-group financial guarantee contracts ('FGC').

Loss allowances of the Group are measured on either of the following bases:

- 12-month ECLs: these are ECLs that result from default events that are possible within the 12 months after the reporting date; or
- Lifetime ECLs: these are ECLs that result from all possible default events over the expected life of a financial instrument.

Simplified approach

The Group applies the simplified approach to provide for ECLs for all trade receivables. The simplified approach requires the loss allowance to be measured at an amount equal to lifetime ECLs.

General approach

The Group applies the general approach to provide for ECLs on all other financial instruments and FGCs. Under the general approach, the loss allowance is measured at an amount equal to 12-month ECLs at initial recognition.

At each reporting date, the Group assesses whether the credit risk of a financial instrument has increased significantly since initial recognition. When credit risk has increased significantly since initial recognition, loss allowance is measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and includes forward-looking information.

If credit risk has not increased significantly since initial recognition or if the credit quality of the financial instruments improves such that there is no longer a significant increase in credit risk since initial recognition, loss allowance is measured at an amount equal to 12-month ECLs.

The Group considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or
- the financial asset is more than 90 days past due.

The Company considers a FGC to be in default when the debtor of the loan is unlikely to pay its credit obligations to the creditor and the Company in full, without recourse by the Company to actions such as realising security (if any is held).

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

(n) Impairment (Continued)

(i) Non-derivative financial assets (Continued)

Measurement of ECLs

ECLs are probability-weighted estimates of credit losses. Credit losses are measured at the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Group expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

Credit-impaired financial assets

At each reporting date, the Group assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being more than 90 days past due;
- the restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

Presentation of allowance for ECLs in the statement of financial position

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of these assets.

Loss allowances for FGC are recognised as a financial liability to the extent that they exceed the initial carrying amount of the FGC less the cumulated income recognised.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

(n) Impairment (Continued)

(ii) Non-financial assets

The carrying amounts of the Group's non-financial assets, other than investment property, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. An impairment loss is recognised if the carrying amount of an asset or its related cash-generating unit ('CGU') exceeds its estimated recoverable amount.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

Impairment losses are recognised in profit or loss. Impairment losses recognised in respect of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to the CGU (group of CGUs), and then to reduce the carrying amounts of the other assets in the CGU on a *pro rata* basis.

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if no impairment loss had been recognised.

(o) Employee benefits

Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid under short-term cash bonus or employees' entitlements to annual leave when they accrue to employees, if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the obligation can be estimated reliably.

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in profit or loss in the periods during which related services are rendered by employees.

19 DERIVATIVE FINANCIAL LIABILITIES

The Group uses interest rate swaps to manage its exposure to interest rate movements on certain floating rate interest-bearing bank loans by swapping the interest expense of bank loans from floating rates to fixed rates.

At the reporting date, the Group has interest rate swap contracts with a total notional amount of \$182,000,000 (2019: \$182,000,000). The interest rate swap contracts will mature in December 2021.

20 AMOUNT OWING TO A SHAREHOLDER

The amount owing to a shareholder is unsecured, interest-free and has no fixed term of repayment. The repayment of shareholder loan amounting to \$22,395,000 by a subsidiary is subject to written consent by a bank.

21 RELATED PARTIES

Other related party transactions

Other than as disclosed elsewhere in the financial statements, there were no other significant transactions with related parties.

Key management personnel

Key management personnel of the Group are those persons having authority and responsibility for planning, directing and controlling the activities of the Group. The Board of Directors of the Group are considered as key management of the Group.

22 FINANCIAL INSTRUMENTS

(a) Overview

The Group has exposure to the following risks from its use of financial instruments:

- credit risk
- liquidity risk
- market risk

This note presents information about the Group's exposure to each of the above risks, the Group's objectives, policies and processes for measuring and managing risks and the Group's management of capital. Further quantitative disclosures are included throughout these consolidated financial statements.

(b) Risk management framework

The Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Board of Directors oversees how management monitors compliance with the Group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group.

22 FINANCIAL INSTRUMENTS (CONTINUED)

(c) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or a counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables and cash and cash equivalents.

The carrying amount of financial assets in the statements of financial position represent the Group's and the Company's maximum exposures to credit risk. The Group and the Company do not hold any collateral in respect of their financial assets.

Trade receivables

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The Group has in place policies to ensure that services are rendered to customers with an appropriate credit history and rating.

Exposures to credit risk

The carrying amount of financial assets represents the Group and the Company's maximum credit exposure. The maximum exposure to credit risk at the end of the reporting period is as follows:

	Group		Company	
	2020 \$'000	2019 \$'000	2020 \$'000	2019 \$'000
Trade and other receivables*	3,556	617	412	372

	27,664	98,170	513	413

* Excludes prepayment

Expected credit loss assessment for trade receivables

The Group uses an allowance matrix to measure the ECLs of trade receivables from tenants.

Loss rates are based on actual credit loss experience over the past 3 years. These rates are adjusted to reflect differences between economic conditions during the period over which the historic data has been collected, current conditions and the Group's view of economic conditions over the expected lives of the receivables. The exposure to credit risk and ECL for trade receivables as at 31 March 2020 is insignificant.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 MARCH 2020

22 FINANCIAL INSTRUMENTS (CONTINUED)

(c) Credit risk (Continued)

Expected credit loss assessment for trade receivables (Continued)

The following table provides information about the exposure to credit risk and ECLs for trade receivables:

	Group	
	2020 \$'000	2019 \$'000
Not past due	5	71
Past due 1-30 days	52	86
Past due more than 30 days	–	1
	57	158

The Group limits its exposure to credit risk from trade receivables by collecting deposits from its tenants as collateral.

Non-trade amounts due from a subsidiary

The Company held non-trade receivables from its subsidiary of \$176,000 (2019: \$276,000). Impairment on these balances has been measured on the 12-month expected loss basis which reflects the low credit risk of the exposures. The amount of the allowance on these balances is insignificant.

Cash and cash equivalents and time deposits

The Group held cash and cash equivalents and time deposits of \$24,108,000 (2019: \$97,553,000) and the Company held cash and cash equivalents of \$101,000 (2019: \$41,000) as at 31 March 2020. The cash and cash equivalents are held with banks which are regulated.

Impairment on cash and cash equivalents and time deposits have been measured on the 12-month expected loss basis and reflects the short maturities of the exposures. The Group considers that its cash and cash equivalents and time deposits have low credit risk based on the external credit ratings of the counterparties. The amount of the allowance on cash and cash equivalents and time deposits was negligible.

Guarantees

The Group's policy is to provide financial guarantees only for wholly-owned subsidiaries' liabilities.

The maximum exposure of the Company in respect of the intra-group financial guarantee at the reporting date is \$360,400,000 (2019: \$364,000,000). At the reporting date, the Company does not consider it probable that a claim will be made against the Company under the intra-group financial guarantee.

22 FINANCIAL INSTRUMENTS (CONTINUED)

(d) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation. This is achieved through monitoring the cash flow requirements closely.

Typically the Group ensures that it has sufficient cash on demand to meet expected operational expenses, including the servicing of financial obligations; this excludes the potential impact of extreme circumstances that cannot reasonably be predicted, such as natural disasters. The Group is also supported financially by a shareholder.

At the reporting date, the Group has contractual commitment to repay the trade and other payables, secured bank borrowings and amount owing to a shareholder. The following are the contractual maturities of financial liabilities, including estimated interest payments and excluding the impact of netting agreements:

(e) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates, will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Interest rate risk

The Group's exposure to interest rate risk arises primarily from bank borrowings with variable interest rates. The Group adopts a policy of managing its interest rate exposure by maintaining a debt portfolio with both fixed and floating interest rates. Where appropriate, the Group uses interest rate derivatives to hedge interest rate exposure for specific underlying debt obligations.

The Group determines the existence of an economic relationship between the hedging instrument and hedged item based on the reference interest rates, tenors, repricing dates and maturities and the notional or par amounts.

Interest rate derivatives are used to manage interest rate risk, to the extent that the perceived cost is considered to outweigh the benefit from the flexibility of variable borrowings, and the Group actively monitors the need and timing for such derivatives. Where used, interest rate derivatives are classified as cash flow hedges if effective and stated at fair value within the Group's statement of financial position.

Interest rate benchmark reform

A fundamental review and reform of major interest rate benchmarks is being undertaken globally. There is uncertainty as to the timing and the methods of transition for replacing existing benchmark interbank offered rates ('IBORs') with alternative rates. In Singapore, the fundamental review and reform of the two key Singapore Dollar interest rate benchmarks that are widely referenced in financial contracts, namely Singapore interbank offered rates (SIBORs) and Singapore swap offer rates ('SORs'), and the transition from SOR to the Singapore Overnight Rate Average (SORA), is also ongoing.

As a result of these uncertainties, significant accounting judgement is involved in determining whether certain hedge accounting relationships that hedge the variability of foreign exchange and interest rate risk due to expected changes in IBORs continue to qualify for hedge accounting as at 31 March 2020. IBOR continues to be used as a reference rate in financial markets and is used in the valuation of instruments with maturities that exceed the expected end date for IBOR. In Singapore, SIBOR and SOR continue to be used as reference rates in financial markets and are used in the valuation of instruments with maturities that exceed the expected end date for SIBOR and SOR. Therefore, the Group believes the current market structure supports the continuation of hedge accounting as at 31 March 2020.

At 31 March 2020, the Group has interest rate swaps classified as cash flow hedges with notional amount of \$182.0 million (2019: \$182.0 million) which pay fixed interest rates averaging 2.09% (2019: 2.09%) per annum and receive variable rates equal to the SOR on the notional amount.

Sensitivity analysis for interest rate risk

A change of 10 bp in interest rates at the reporting dates would have increased/(decreased) loss before tax and equity by the amounts shown below. This analysis assumes that all other variables remain constant.

	Loss before tax		Equity	
	10 bp increase \$'000	10 bp decrease \$'000	10 bp increase \$'000	10 bp Decrease \$'000

Management is of the view that the above sensitivity analysis may not be representative of the inherent interest rate risk as year-end exposure may not reflect the actual exposure and circumstances during the year.

(f) Capital management

The primary objective of the Group's capital management is to have a strong capital base to maintain investor, creditor and market confidence and to sustain future development of the business.

The Group defines capital to include funds raised through the issuance of ordinary share capital, capital reserve and retained earnings.

The Group manages its capital to ensure entities in the Group will be able to continue as a going concern while maximising the return to stakeholders through optimisation of the debt and equity balance. The Group actively reviews its capital structure and considers the cost of capital and the associated risks. The Group balances its overall capital structure where appropriate through the payment of dividends, return of capital to shareholders, new share issues as well as the issue of new debt or the redemption of existing debt.

The Group and the Company are not subjected to any externally imposed capital requirement.

The carrying amounts of financial assets and liabilities with a maturity of less than one year (including trade and other receivables, cash and cash equivalents, trade and other payables and amount owing to a shareholder) are assumed to approximate their fair values because of the short period to maturity. Bank borrowings are assumed to approximate their fair value because they are repriced on a regular basis.

NOTES TO THE FINANCIAL STATEMENTS

23 DETERMINATION OF FAIR VALUES

A number of the Group's accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. Fair values have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in note 22(g) and below.

Financial derivatives

The fair value of interest rate swaps is based on broker quotes. Similar contracts are traded in an active market and the quotes reflect the actual transactions in similar instruments.

Investment properties

External independent valuation companies, having appropriate recognised professional qualifications, values the Group's investment property portfolio annually. The fair values are based on open market values, being the estimated amount for which a property could be exchanged on the date of the valuation between a willing buyer and a willing seller in an arm's length transaction after proper marketing wherein the parties had each acted knowledgeably, prudently and without compulsion. In determining the fair value, the valuers have used valuation techniques which involved certain estimates. The valuers have considered the market comparison approach (2019: market comparison approach) in arriving at the open market value as at date of valuation.

The market comparison approach involves using price per square metre of buildings derived from observable market data of comparable sales of similar property in Singapore based on recent market transactions. Adjustments have been made to the key assumptions of comparable properties for differences on key attributes such as location, tenure, time factor, age, frontage/facing, condition, and size. In relying on the valuation reports, management has exercised its judgement and is satisfied that the valuation methods and estimates are reflective of current market conditions.

The Group is of the view that the valuation methods and estimates are reflective of current market conditions and have taken into account the impact of COVID-19 outbreak based on information available as at 31 March 2020. Due to the unknown future impact that COVID-19 might have on the real estate market, the Group will continue to monitor the situation and seek professional advice on the property values as and when necessary.

Fair value hierarchy

Fair value information on financial instruments is disclosed in note 22(g).

The table below analyses recurring non-financial assets and derivative financial liabilities carried at fair value. The different levels are defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3: unobservable inputs for the asset or liability.

The fair value of interest rate swaps is based on bank quotes on the reporting date.

Level 3 fair value

Reconciliation from the beginning balance to the ending balance for Level 3 fair value measurements is set out in note 11.

The following table shows the key unobservable inputs used in the valuation models:

Type	Valuation technique	Key unobservable inputs	Inter-relationship between key unobservable inputs and fair value measurement
Investment properties			
Commercial properties	Market comparison approach	\$20,008 to \$36,730 (2019: \$21,614 to \$32,464) per square metre	The estimated fair value would increase if the price per square meter were higher.
Residential properties	Market comparison approach	\$16,447 to \$25,015 (2019: \$16,706 to \$25,930) per square metre	The estimated fair value would increase if the price per square meter were higher.

Key unobservable inputs

Key unobservable inputs correspond to price per square meter, premium or discount on the quality of the buildings or units. The price per square meter is derived from specialised publications from the related markets and comparable transactions. The premium or discount on the quality of the buildings or units are derived based on professional judgement of the valuers, taking into account key attributes such as location, tenure, time factor, age, frontage/facing, condition and size.

24 LEASES

Leases as lessor

The Group leases out its investment property consisting of its owned commercial properties as well as leased property (see note 11). All leases are classified as operating leases from a lessor perspective.

Operating lease

The Group leases out its investment property. The Group has classified these leases as operating leases, because they do not transfer substantially all of the risks and rewards incidental to the ownership of the assets.

The following table sets out a maturity analysis of lease payments, showing the undiscounted lease payments to be received after the reporting date.

25 SEGMENT REPORTING

(a) Operating segments

For the years ended 31 March 2020 and 2019, the Group engages only in the business of property investment. As such, no segment information by operating segment has been presented.

(b) Geographical segments

No segment information by geographical location has been presented as the Group's activities are primarily carried out in Singapore.

(c) Information about major customers

Rental income of approximately \$12,519,000 (2019: \$11,435,000) are derived from two (2019: two) external tenants. For the purpose of this disclosure, a major customer is defined as one in which revenue from transactions with a single customer amounts to 5 per cent (2019: 5 per cent) or more of the Group's revenue.

26 COMPARATIVE INFORMATION

The Group has reclassified the art pieces from 'plant and equipment' to 'other assets' to better reflect the nature of these amounts. As a result, the following classifications were made to the statement of financial position as at 31 March 2019:

	As previously reported \$'000	Reclassification \$'000	As reclassified \$'000

27 SUBSEQUENT EVENT

The Group has been closely monitoring the COVID-19 outbreak since early 2020, given the disruptions and uncertainty that it has on global economic prospects. The Group has assessed the inherent risk of the outbreak and has put in place mitigating measures including those directed by the respective authorities. As at the date of this report, the Group has considered substantially all available information in their assessment of the impact of COVID-19 on the Group, including the Singapore COVID-19 (Temporary Measures) Act 2020 which provides temporary relief from legal action for businesses and individuals who are unable to fulfil their contractual obligations due to COVID-19. However, as the situation continues to evolve, the Group is unable to ascertain the full impact of COVID-19 in the medium-to-longer term. The Group will continue to monitor the situation and take the appropriate measures to deal with the implications of COVID-19 in accordance with guidelines, regulations and legislations provided by the authorities and will take the necessary actions to ensure the long-term sustainability of the Group.

NOTICE OF ANNUAL GENERAL MEETING

MYP LTD.

(Company Registration No. 200509721C)
(Incorporated in the Republic of Singapore)

NOTICE IS HEREBY GIVEN that the Annual General Meeting of MYP Ltd. (the “Company”) will be convened and held by way of electronic means on Monday, 7 September 2020 at 2:00 p.m. to transact the following business:–

AS ORDINARY BUSINESS

1. To receive and adopt the Audited Financial Statements of the Company for the financial year ended 31 March 2020, the Directors’ Statement and the Report of the Auditors thereon. **(Resolution 1)**
2. To approve the payment of Directors’ Fees of S\$400,121 for the financial year ended 31 March 2020. **(Resolution 2)**
3. To re-elect the following Directors retiring pursuant to Article 115 of the Company’s Constitution:–
 - (a) Mr Jonathan Tahir; and **(Resolution 3)**
 - (b) Professor Tan Chin Tiong. **(Resolution 4)**

(See Explanatory Note 1)
4. To re-appoint Messrs KPMG LLP as Auditors of the Company and to authorise the Directors to fix their remuneration. **(Resolution 5)**

AS SPECIAL BUSINESS

To consider and, if thought fit, to pass, with or without modifications, the following resolution as Ordinary Resolution:–

5. **AUTHORITY TO ALLOT AND ISSUE SHARES**

“THAT pursuant to Section 161 of the Companies Act, Chapter 50 of Singapore and Rule 806 of the Listing Manual of the Singapore Exchange Securities Trading Limited (“SGX-ST”), authority be and is hereby given to the Directors of the Company to issue and allot new shares (“Shares”) in the capital of the Company (whether by way of rights, bonus or otherwise), and/or make or grant offers, agreements or options (collectively, “Instruments”) that might or would require Shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible into Shares at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may, in their absolute discretion, deem fit provided that:

- (a) the aggregate number of Shares (including Shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed fifty per centum (50%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) in the capital of the Company at the time of the passing of this Resolution, of which the aggregate number of Shares and convertible securities to be issued other than on a pro-rata basis to all shareholders of the Company shall not exceed twenty per centum (20%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) in the share capital of the Company;

NOTICE OF ANNUAL GENERAL MEETING

- (b) (subject to such manner of calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of Shares that may be issued under sub-paragraph (a) above, the total number of issued Shares (excluding treasury shares and subsidiary holdings) shall be based on the total number of issued Shares (excluding treasury shares and subsidiary holdings) of the Company as at the date of the passing of this Resolution, after adjusting for:

- (i) new Shares arising from the conversion or exercise of convertible securities;
- (ii) new Shares arising from exercising share options or vesting of share awards, provided the options or awards were granted in compliance with Part VIII of Chapter 8 of the Listing Manual of the SGX-ST; and
- (iii) any subsequent bonus issue, consolidation or subdivision of Shares;

adjustments in accordance with sub-paragraphs (i) and (ii) above are only to be made in respect of new Shares arising from convertible securities, share options or share awards which were issued and outstanding or subsisting at the time of the passing of this Resolution and, in relation to an Instrument, the number of Shares shall be taken to be that number as would have been issued had the rights therein been fully exercised or effected on the date of the making or granting of the Instrument;

- (c) and that such authority shall, unless revoked or varied by the Company in general meeting, continue in force until:
- (i) the conclusion of the Company's next Annual General Meeting or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier; or
 - (ii) in the case of Shares to be issued in accordance with the terms of convertible securities issued, made or granted pursuant to this Resolution, until the issuance of such Shares in accordance with the terms of such convertible securities."

(See Explanatory Note 2)

(Resolution 6)

6. To transact any other business which may properly be transacted at an Annual General Meeting of the Company.

On behalf of the Board

Jonathan Tahir
Executive Chairman and Chief Executive Officer
14 August 2020

NOTICE OF ANNUAL GENERAL MEETING

Explanatory Notes:-

1. Mr Jonathan Tahir (Executive Chairman and Chief Executive Officer) will, upon re-election as Director of the Company, continue to serve as a member of the Nominating Committee. He is considered non-independent for the purposes of Rule 704(8) of the Listing Manual of the SGX-ST.

Professor Tan Chin Tiong (Independent Non-Executive Director) will, upon re-election as Director of the Company, continue to serve as a member of the Audit Committee and Nominating Committee. He is considered independent for the purposes of Rule 704(8) of the Listing Manual of the SGX-ST.

Detailed information of Mr Jonathan Tahir and Professor Tan Chin Tiong can be found under the "Board of Directors" and "Disclosure of Information on Directors seeking re-election pursuant to Rule 720(6) of the Listing Manual of the SGX-ST" sections in the Company's Annual Report 2020.

2. The proposed Ordinary Resolution 6, if passed, will empower the Directors of the Company from the date of the Annual General Meeting until the date of the next Annual General Meeting, to allot and issue Shares and convertible securities in the Company up to an amount not exceeding fifty per centum (50%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) in the capital of the Company, of which up to twenty per centum (20%) may be issued other than on a pro-rata basis. For the purpose of this resolution, the total number of issued Shares (excluding treasury shares and subsidiary holdings) is based on the Company's total number of issued Shares (excluding treasury shares and subsidiary holdings) at the time this proposed Ordinary Resolution is passed after adjusting for new Shares arising from the conversion or exercise of convertible securities, the exercise of share options or the vesting of share awards, provided the options or awards were granted in compliance with Part VIII of Chapter 8 of the Listing Manual of the SGX-ST and any subsequent bonus issue, consolidation or subdivision of Shares.

PERSONAL DATA PRIVACY

By submitting an instrument appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the Annual General Meeting and/or any adjournment thereof, a member of the Company (i) consents to the collection, use and disclosure of the member's personal data by the Company (or its agents or service providers) for the purpose of the processing, administration and analysis by the Company (or its agents or service providers) of proxies and representatives appointed for the Annual General Meeting (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the Annual General Meeting (including any adjournment thereof), and in order for the Company (or its agents or service providers) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the "Purposes"), (ii) warrants that where the member discloses the personal data of the member's proxy(ies) and/or representative(s) to the Company (or its agents or service providers), the member has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents or service providers) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (iii) agrees that the member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member's breach of warranty.

Notes:

1. The AGM is being convened, and will be held, by electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020. **Printed copies of this notice of AGM (the "Notice") will not be sent to members.** Instead, this Notice will be sent to members by electronic means via an announcement on the SGX website at the URL <https://www.sgx.com/securities/company-announcements> and may be accessed at the Company's website at the URL <http://myp.com.sg>.
2. Alternative arrangements relating to attendance at the AGM via electronic means (including arrangements by which the AGM can be electronically accessed via live audio-visual webcast or live audio-only stream), submission of questions to the Chairman of the Meeting in advance of the AGM, addressing of substantial and relevant questions at the AGM and voting by appointing the Chairman of the Meeting as proxy at the AGM, are set out in the Company's announcement accompanying this Notice dated 14 August 2020. This announcement may be accessed at the Company's website at the URL <http://myp.com.sg>, and on the SGX website at the URL <https://www.sgx.com/securities/company-announcements>.
3. **Due to the various control and safe distancing measures put in place in Singapore to prevent the spread of COVID- 19, members will not be able to attend the AGM in person. A member (whether individual or corporate) must submit his/her/its proxy form appointing the Chairman of the Meeting as his/her/its proxy to attend, speak and vote on his/her/its behalf at the AGM if such member wishes to exercise his/her/its voting rights at the AGM.** The accompanying proxy form for the AGM will be announced together with this Notice and may be accessed at the Company's website at the URL <http://myp.com.sg>, and the SGX website at the URL <https://www.sgx.com/securities/company-announcements>.

Where a member (whether individual or corporate) appoints the Chairman of the Meeting as his/her/its proxy, he/she/it must give specific instructions as to voting, or abstentions from voting, in respect of a resolution in the proxy form, failing which the appointment of the Chairman of the Meeting as proxy for that resolution will be treated as invalid.

CPF or SRS investors who wish to appoint the Chairman of the Meeting as proxy should approach their respective CPF Agent Banks or SRS Operators to submit their votes at least seven working days before the AGM.

4. The Chairman of the Meeting, as proxy, need not be a member of the Company.

NOTICE OF ANNUAL GENERAL MEETING

5. The instrument appointing the Chairman of the Meeting as proxy must be submitted to the Company in the following manner:
- (a) via the following URL <https://sg.conveneagm.com/mypltd> (the "MYP AGM Website") in the electronic format accessible on the MYP AGM Website; or
 - (b) if submitted by post, be lodged at the office of the Company's Share Registrar, Tricor Barbinder Share Registration Services (a division of Tricor Singapore Pte. Ltd.) at 80 Robinson Road, #11-02, Singapore 068898; or
 - (c) if submitted electronically, be submitted via email to the Company's Share Registrar at sg.is.proxy@sg.tricorglobal.com,

in either case not less than 48 hours before the time appointed for the AGM.

A member who wishes to submit an instrument of proxy must first download, complete and sign the proxy form, before submitting it by post to the address provided above, or before scanning and sending it by email to the email address provided above.

In view of the current COVID-19 situation and the related safe distancing measures which may make it difficult for members to submit completed proxy forms by post, members are strongly encouraged to submit completed proxy forms electronically via the MYP AGM website or email.

6. The Annual Report 2020 may be accessed at the Company's website at the URL <http://myp.com.sg> and on the SGX website at the URL <https://www.sgx.com/securities/annual-reports-related-documents>.
7. Members will not be able to ask questions during the live audio-visual webcast or audio-only stream of the AGM. Members who wish to ask questions relating to the resolutions to be tabled at the AGM must pre-register and submit their questions in advance of the AGM.
8. Questions must be submitted to the Company in the following manner by **5:00 p.m. on 31 August 2020**:
- (a) via the MYP AGM website; or
 - (b) if submitted electronically, be submitted via email to the Company at agm.questions@myp.com.sg.

When sending questions, members should also provide their full name as it appears on the CDP/CPF/SRS records, address, contact number, email address, number of shares in the Company and the manner in which the shares are held in the Company (e.g. via CDP, CPF or SRS) for verification.

9. The Management and the Board of Directors of the Company will endeavour to address all substantial and relevant questions received from members prior to the AGM by publishing the responses to those questions on SGXNET at the URL <https://www.sgx.com/securities/company-announcements> and the Company's website at the URL <http://myp.com.sg>. Where substantial and relevant questions submitted by members are unable to be addressed prior to the AGM, the Company will address them during the AGM through the live audio-visual webcast and live audio-only stream.
