NTEGRATOR WINS ANOTHER CONTRACT WITH A REGIONAL TELECOMMUNICATIONS PROVIDER WORTH APPROXIMATELY S\$4.0 MILLION

- *Ntegrator to provide manhole installation and pipe laying services for approximately 7.8km long 16-way underground pipelines in the Changi area in Singapore*
- *Group's contract winning momentum in the region continued by adding onto its outstanding order book of S\$65.9 million as of 30 June 2021*

Singapore, February 16, 2022 – Ntegrator International Ltd (“Ntegrator” or the “Group”), a leading regional communications network specialist and systems integrator, today secured a contract worth approximately S\$4.0 million from a leading network service provider in the region to construct approximately 7.8km long 16-way underground pipelines in the Changi area in Singapore¹. The contract will commence on 1st April 2022 and is expected to be completed by the end of 2022. The Group had already been working on multiple projects with the same customer.

The scope of the contract includes but is not limited to the following: provision of labour for pipe laying works and project management services with all related agencies and other contractors for mill and patch etc.

Commenting on the contract win, Mr. Christian Kwok-Leun Yau Heilesen, Executive Director of Ntegrator, said: ***“As we see more and more traditional telecom players across the region seeking to divest their infrastructure assets, this would in turn create demand for the upgrading and maintenance of their infrastructure assets as they seek to maximize the valuation of their assets. Given our competency in the telecom infrastructure industry, we would stand to benefit from an inflow of these opportunities from both existing asset owners and new asset owners to strengthen our order book and grow our shareholder returns going forward.”***

Mr Jimmy Chang, Managing Director of Ntegrator, added: ***“We are extremely delighted to be awarded with yet another contract from a returning customer. Being selected for multiple projects with a regional telecom provider is a further testament to our proven capability to deliver timely and quality installation works in our field of expertise – manhole installation and telecom pipe laying. We will continue to hunt for similar opportunities in the region while enhancing our reputation as being the prime solutions provider for major telecom players in the region.”***

The contract is not expected to have any material impact on earnings of the Group for the financial year ending 31 December 2022.
