

FOR IMMEDIATE RELEASE

Secura's subsidiary to partner M1 as its Cyber Advisory and Consultancy Partner

- ***Wholly-owned subsidiary, Red Sentry Pte. Ltd., will provide Vulnerability Assessment, Penetration Testing and Device Control services to M1's corporate customers***

SINGAPORE, 1 September 2016 – Secura Group Limited (新保安集团有限公司) (“**Secura**” or the “**Company**” and together with its subsidiaries, the “**Group**”), one of the leading providers of security products, services and solutions in Singapore, today announced that its wholly-owned subsidiary, Red Sentry Pte. Ltd. (“**Red Sentry**”), has entered into a strategic alliance with M1 Net Ltd (“**M1**”), a wholly-owned subsidiary of one of Singapore’s leading telecommunications service providers, M1 Limited.

Red Sentry will partner M1 as its Cyber Advisory and Consultancy Partner to provide cyber security consultancy, products and services, including Vulnerability Assessment, Penetration Testing and Device Control, to M1’s corporate customers. With increasing cyber-attacks and invasion of privacy, these value-added services provided by Red Sentry will help M1’s corporate customers protect and secure their information technology systems.

Secura completed the acquisition of Red Sentry in June 2016 and has since successfully integrated its business with the Group’s existing cyber security services business operated by another wholly-owned subsidiary, Soverus Technology Pte Ltd, to become one of Singapore’s leading cyber security solutions providers.

Mr. Paul Lim (林春伟), Chief Executive Officer of Secura said, “We are delighted to partner M1 as their Cyber Advisory and Consultancy Partner to enhance the cyber security of their corporate clients.

This arrangement between Red Sentry and M1 is a big leap forward for Secura's cyber security business. M1 is a leading connectivity provider and this alliance enables us to tap into M1's vast enterprise customer base, which will provide a growth springboard for our cyber security business. With Red Sentry's strong product expertise and track record, we are confident that this will be the start of a mutually beneficial alliance for both companies."

Commenting on this partnership, **Mr Willis Sim, Chief Corporate Sales and Solutions Officer, M1** said, "As a champion of business connectivity solutions, we are pleased to partner Red Sentry to offer their services to our customers through M1 Cyber Security Solutions Suite."

Secura launched its cyber security business in January 2015 and has achieved significant growth in the sales of cyber security-related products and professional services. The Group is expanding its suite of cyber security services for enterprise customers in the business-to-business market in both Singapore and the region. The Group also intends to extend its cyber security services to the consumer market by 2017.

ABOUT SECURA GROUP LIMITED

Secura Group Limited (新保安集团有限公司) is one of the leading providers of integrated suite of security products, services and solutions based in Singapore. The Group was formed through a merger of two groups of companies – the Secura group of companies that provides security printing services, and the Soverus group of companies that provides security consultancy and other services.

Through the Secura group of companies, the Group owns one of the largest cheque printing businesses in Singapore. The Group's other security services are undertaken by the Soverus group of companies, which offers security guarding, cyber security, homeland security, and other security products and services.

As a security agency with an established track record, the Group has consistently been awarded 'A' Grading (Excellent) by the Police Licensing & Regulatory Department from 2012 to 2016. The Group has a well-diversified customer base comprising more than 550 customers in various industries, including multinational corporations, financial institutions and government agencies.

Secura's substantial shareholders include, among others, Mr Peter Lim, Mr Wee Ee Chao and City Developments Limited.
