IMPORTANT NOTICE

NOT FOR DISTRIBUTION, DIRECTLY OR INDIRECTLY, TO ANY PERSON OR ADDRESS IN OR INTO THE UNITED STATES.

IMPORTANT: You must read the following disclaimer before continuing. The following disclaimer applies to the offering circular following this page (the "**Offering Circular**"), and you are therefore advised to read this carefully before reading, accessing or making any other use of the Offering Circular. In accessing the Offering Circular, you agree to be bound by the following terms and conditions, including any modifications to them any time you receive any information from PT Bank Mandiri (Persero) Tbk (the "**Issuer**" or the "**Bank**") as a result of such access.

NOTHING IN THIS ELECTRONIC TRANSMISSION CONSTITUTES AN OFFER OF SECURITIES FOR SALE IN THE UNITED STATES OR ANY OTHER JURISDICTION WHERE IT IS UNLAWFUL TO DO SO. THE SECURITIES DESCRIBED HEREIN HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR THE SECURITIES LAWS OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES AND THE SECURITIES MAY NOT BE OFFERED, SOLD OR DELIVERED WITHIN THE UNITED STATES, EXCEPT PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND APPLICABLE STATE OR LOCAL SECURITIES LAWS.

THE OFFERING CIRCULAR MAY NOT BE FORWARDED OR DISTRIBUTED TO ANY OTHER PERSON AND MAY NOT BE REPRODUCED IN ANY MANNER WHATSOEVER, AND IN PARTICULAR, MAY NOT BE FORWARDED TO ANY U.S. ADDRESS. ANY FORWARDING, DISTRIBUTION OR REPRODUCTION OF THIS DOCUMENT IN WHOLE OR IN PART IS UNAUTHORISED. FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS. IF YOU HAVE GAINED ACCESS TO THIS TRANSMISSION CONTRARY TO ANY OF THE FOREGOING RESTRICTIONS, YOU ARE NOT AUTHORISED AND WILL NOT BE ABLE TO PURCHASE ANY OF THE SECURITIES DESCRIBED IN THE OFFERING CIRCULAR.

Confirmation of your Representation: The Offering Circular is being sent at your request and by accepting the e-mail and accessing the Offering Circular, you shall be deemed to have represented to us that the e-mail address that you gave us and to which this e-mail has been delivered is not located in the United States, its territories or possessions and that you consent to delivery of such Offering Circular and any amendments or supplements thereto by electronic transmission. The attached Offering Circular is being furnished in connection with an offshore transaction as defined in the Securities Act in compliance with Regulation S under the Securities Act ("**Regulation S**").

The following Offering Circular has not been approved by an authorised person in the United Kingdom. The securities may not be offered or sold other than to persons whose ordinary activities involve these persons in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the securities would otherwise constitute a contravention of Section 19 of the Financial Services and Markets Act 2000 (the "**FSMA**") by us. In addition, no person may communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of the securities other than in circumstances in which Section 21(1) of the FSMA does not apply to us.

You are reminded that the Offering Circular has been delivered to you on the basis that you are a person into whose possession the Offering Circular may be lawfully delivered in accordance with the laws of the jurisdiction in which you are located and you may not, nor are you authorised to, deliver the Offering Circular, electronically or otherwise, to any other person. If you have gained access to this transmission contrary to the foregoing restrictions, you are not allowed to purchase any of the securities described in the Offering Circular.

The materials relating to any offering of securities described in the Offering Circular do not constitute, and may not be used in connection with, an offer or solicitation in any place where offers or solicitations are not permitted by law. If a jurisdiction requires that the offering be made by a licensed broker or dealer and any of the dealers or any affiliate of any of the dealers is a licensed broker or dealer in that jurisdiction, the offering shall be deemed to be made by such dealer or such affiliate on behalf of the Bank in such jurisdiction.

The Offering Circular has been sent to you in an electronic form. You are reminded that documents transmitted via this medium may be altered or changed during the process of electronic transmission and consequently none of the Joint Lead Managers (as defined in the Offering Circular), the Bank, the Trustee (as defined in the Conditions) or the Agents (as defined in the Conditions) or any of their respective directors, officers, employees, agents, advisers, representatives or affiliates, or any person who controls any of them accepts any liability or responsibility whatsoever in respect of any difference between the Offering Circular distributed to you in electronic format and the hard copy version available to you on request from the Joint Lead Managers.

Actions that you May Not Take: If you receive this document by e-mail, you should not reply by e-mail to this notice, and you may not purchase any securities by doing so. Any reply electronic mail communications, including those you generate by using the "Reply" function on your electronic mail software, will be ignored or rejected.

You are responsible for protecting against viruses and other destructive items. Your use of this e-mail is at your own risk and it is your responsibility to take precautions to ensure that it is free from viruses and other items of a destructive nature.

PT Bank Mandiri (Persero) Tbk

(established with limited liability in the Republic of Indonesia)

US$750,000,000 Additional Tier 1 Perpetual Non-Cumulative Capital Securities

The Additional Tier 1 Perpetual Non-Cumulative Capital Securities (the **"Capital Securities"**) in the aggregate principal amount of US$750,000,000 will be issued by PT Bank Mandiri (Persero) Tbk (the "**Issuer**" or the "**Bank**").

The Capital Securities confer a right to receive Distributions (as defined in "*Terms and Conditions of the Capital Securities*" (the "**Conditions**")) on their principal amount, subject to adjustments following the occurrence of a Loss Absorption Event (as defined in the Conditions) in accordance with the Conditions from, and including, 10 September 2026 (the "**Issue Date**"). In respect of the period from, and including, the Issue Date to, but excluding, 10 September 2031 (the "**First Reset Date**"), the Initial Distribution Rate (as defined in the Conditions) shall be 7.35 per cent. per annum. In respect of the period from and including, the First Reset Date, and each Reset Date falling thereafter, to but excluding, the immediately following Reset Date, the relevant Reset Distribution Rate (as defined in the Conditions) shall be equal to the sum of the Reset Reference Rate (as defined in the Conditions) with respect to the relevant Reset Date plus 2.866 per cent. (the "**Initial Spread**"). Distribution on the Capital Securities shall be payable semi-annually in arrear in equal instalments on 10 March and 10 September in each year commencing on 10 March 2027. Distributions will not be cumulative and Distributions which are not paid in accordance with the Conditions will not accumulate or compound and holders of the Capital Securities ("**Securityholders**") will have no right to receive such Distributions at any time, even if subsequent Distributions are paid in the future, or be entitled to any claim in respect thereof against the Issuer. The Capital Securities are perpetual and have no maturity date. The Capital Securities will be issued only in registered form in the specified denomination of US$200,000 and integral multiples of US$1,000 in excess thereof. The Capital Securities will constitute direct, unsecured and subordinated obligations of the Bank and at all times rank *pari passu* without preference among themselves. Subject to the insolvency laws of Indonesia, upon the occurrence of any Winding-Up Proceeding (other than pursuant to a Permitted Reorganisation) (each as defined in the Conditions), the rights of the Securityholders to payment of principal and any Distribution under the Capital Securities shall, (i) be senior in right of payment to, and of all claims of the holders of, Junior Obligations (as defined in the Conditions); (ii) rank *pari passu* in right of payment to, and of all claims to the holders of, Parity Obligations (as defined in the Conditions); and (iii) be subordinated and rank junior in right of payment to, and of all claims to the holders of: (A) all unsubordinated creditors of the Bank (including its depositors); (B) any holders of Tier 2 Capital Instruments of the Bank; (C) the holders of other subordinated instruments or other obligations issued, entered into, or guaranteed by the Bank, and any other instrument or other obligations issued, entered into, or guaranteed by the Bank that ranks or is expressed to rank senior to the Capital Securities by operation of law or contract.

If a Loss Absorption Event occurs, the Bank will (i) deliver a Write Down Notice (as defined in the Conditions) to Securityholders, (ii) cancel any Distribution accrued and unpaid (if any) up to but excluding the relevant Loss Absorption Effective Date (as defined in the Conditions), and (iii) reduce the then Prevailing Principal Amount (as defined in the Conditions), subject to the maintenance of the specified denomination of the Capital Securities, in respect of each Capital Security (in whole or in part) by an amount equal to the Write Down Amount (as defined in the Conditions) per Capital Security.

Once any principal or Distribution under a Capital Security has been Written Down, it will be extinguished and will not be restored in any circumstances, including where the relevant Loss Absorption Event ceases to continue. No Securityholder may exercise, claim or plead any right to any Write Down Amount, and each Securityholder shall be deemed to have waived all such rights to such Write Down Amount. The occurrence of a Loss Absorption Event and the performance of Write Down will not be considered as an Enforcement Event (as defined in the Conditions) under the Capital Securities.

Subject to the satisfaction of the Conditions for redemption for Capital Securities, the Bank may redeem the Capital Securities in whole, but not in part, at their Prevailing Principal Amount plus Distribution accrued and unpaid (if any, and other than that not being paid in accordance with the Conditions) to (but excluding) the date fixed for redemption in the event of certain tax changes as described under "*Terms and Conditions of the Capital Securities – Redemption, Purchase and Variation – Redemption for Taxation Reasons*". Subject to the satisfaction of the Conditions for redemption for Capital Securities, the Bank may redeem all of the Capital Securities, but not some only, at their Prevailing Principal Amount plus Distribution accrued and unpaid (if any, and other than that not being paid in accordance with the Conditions) to (but excluding) the date fixed for redemption on the First Reset Date or on any Distribution Payment Date falling after the First Reset Date. See "*Terms and Conditions of the Capital Securities – Redemption, Purchase and Variation – Redemption at the Option of the Issuer*". Subject to the satisfaction of the Conditions for redemption for Capital Securities, the Bank may redeem the Capital Securities in whole, but not in part, at their Prevailing Principal Amount plus Distribution accrued and unpaid (if any, and other than that not being paid in accordance with the Conditions) to (but excluding) the date fixed for redemption if a Change of Qualification Event (as defined in the Conditions) has occurred and is continuing. See "*Terms and Conditions of the Capital Securities – Redemption, Purchase and Variation – Redemption for a Change of Qualification Event*". Subject to the satisfaction of the Conditions for redemption for Capital Securities, the Bank may redeem the Capital Securities in whole, but not in part, at their Prevailing Principal Amount plus Distribution accrued and unpaid (if any, and other than that not being paid in accordance with the Conditions) to (but excluding) the date fixed for redemption plus the Capital Trigger Event Premium (as defined in the Conditions) if a Capital Trigger Event (as defined in the Conditions) has occurred. See "*Terms and Conditions of the Capital Securities – Redemption, Purchase and Variation* – Redemption for a Capital Trigger Event".

Investing in the Capital Securities involves risks. See "*Risk Factors*" beginning on page 51 for a discussion of certain factors to be considered in connection with an investment in the Capital Securities.

The Capital Securities have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**"), or the securities laws of any other jurisdiction. The Capital Securities may not be offered or sold within the United States (as defined under Regulation S under the Securities Act), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. The Capital Securities are being offered and sold outside the United States in offshore transactions in compliance with Regulation S under the Securities Act. See "*Subscription and Sale*" for certain restrictions on the resale and transfer of the Capital Securities and distribution of this Offering Circular. This offering does not constitute a public offering in Indonesia under Law No. 8 of 1995 on Capital Market, as recently amended by Law No. 4 of 2023 on the Development and Strengthening of the Financial Sector and Law No. 4 of 2026 on Amendment to Law No. 4 of 2023 on Financial Sector Development and Strengthening ("**Law No. 8/1995**") and its implementing regulations and private placement under OJK Regulation 30/POJK.04/2019 on the Privately Issued Debt-Linked Securities and/or Sukuk ("**OJK Regulation No. 30**"). The Capital Securities may not be offered or sold in Indonesia or to Indonesian citizens, wherever they are domiciled, or to Indonesian residents, in a manner which constitutes a public offer or private placement under Law No. 8/1995 and its implementing regulations and OJK Regulation No. 30. The Capital Securities will be represented by one or more global certificates (each a "**Global Certificate**") in registered form and which will be registered in the name of a nominee of, and shall be deposited on or around the Issue Date with, a common depositary for, Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking S.A. ("**Clearstream**"). Beneficial interests in a Global Certificate will be shown on, and transfer thereof will be effected only through, records maintained by Euroclear and Clearstream. Except as described in the relevant Global Certificate, definitive Certificates for the Capital Securities will not be issued in exchange for interests in such Global Certificate.

Approval in-principle has been received for the listing and quotation of the Capital Securities on the Official List of the Singapore Exchange Securities Trading Limited (the "**SGX-ST**"). The SGX-ST assumes no responsibility for the correctness of any statements made, opinions expressed or reports contained herein. Admission to the Official List of the SGX-ST and quotation of the Capital Securities on the SGX-ST is not to be taken as an indication of the merits of the Bank, its subsidiaries, its associated companies or the Capital Securities. The Capital Securities will be traded on the SGX-ST in a minimum board lot size of US$200,000 for so long as the Capital Securities are listed on the SGX-ST and the rules of the SGX-ST so require.

The Capital Securities are expected to be rated "Ba2" by Moody's. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction, or withdrawal at any time by the assigning rating agency.

Joint Global Coordinators, Joint Bookrunners and Joint Lead Managers

HSBC **J.P. Morgan** **Mandiri Securities** **Standard Chartered Bank**

The date of this Offering Circular is 3 September 2026.

IMPORTANT NOTICE

The Bank accepts responsibility for the information contained in this Offering Circular. To the best of the knowledge of the Bank (having taken all reasonable care to ensure that such is the case) the information contained in this Offering Circular is in accordance with the facts and does not omit anything likely to affect the import of such information.

This Offering Circular has been prepared by the Bank for use in connection with the offer and sale of the Capital Securities outside the United States. The Hongkong and Shanghai Banking Corporation Limited, J.P. Morgan Securities plc, Mandiri Securities Pte. Ltd. and Standard Chartered Bank (together the "**Joint Lead Managers**") and the Bank reserve the right to reject any offer to purchase the Capital Securities, in whole or in part, for any reason. This Offering Circular does not constitute an offer to any person in the United States. Distribution of this Offering Circular to any person within the United States, is unauthorised and any disclosure without the prior written consent of the Bank of any of its contents to any person within the United States, is prohibited.

No person has been authorised to give any information or to make any representation other than those contained in this Offering Circular in connection with the issue or sale of the Capital Securities and, if given or made, such information or representation must not be relied upon as having been authorised by the Bank, the Trustee (as defined in the Conditions), the Joint Lead Managers or the Agents (as defined in the Conditions), or any of their respective directors, officers, employees, agents, representatives, advisers or affiliates, or any person who controls any of them. Save as expressly stated in this Offering Circular, nothing contained herein is, or may be relied upon as, a promise or representation as to the future performance or policies of the Bank. Neither the delivery of this Offering Circular nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Bank since the date hereof or the date upon which this Offering Circular has been most recently amended or supplemented or that there has been no adverse change in the financial position of the Bank since the date hereof or the date upon which this Offering Circular has been most recently amended or supplemented or that any other information supplied in connection with the issue and offering of the Capital Securities is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The Joint Lead Managers, the Trustee and the Agents or any of their respective directors, officers, employees, agents, representatives, advisers or affiliates, or any person who controls any of them have not separately verified all of the information contained in this Offering Circular. None of the Joint Lead Managers, the Trustee or the Agents, or any of their respective directors, officers, employees, agents, representatives, advisers or affiliates, or any person who controls any of them, is making any representation or warranty expressed or implied as to the merits of the Capital Securities or the subscription for, purchase or acquisition thereof, the creditworthiness or financial condition or otherwise of the Bank. Further, none of the Joint Lead Managers, the Trustee or the Agents, or any of their respective directors, officers, employees, agents, representatives, advisers or affiliates, or any person who controls any of them, makes any representation or warranty as to the Bank or as to the accuracy, reliability or completeness of the information set out herein and the documents which are incorporated by reference in, and form part of, this Offering Circular. To the fullest extent permitted by law, none of the Joint Lead Managers, the Trustee or the Agents, or any of their respective directors, officers, employees, agents, representatives, advisers or affiliates, or any person who controls any of them accepts any responsibility for the contents of this Offering Circular or for any other statement, made or purported to be made by the Joint Lead Managers, the Trustee or the Agents, or any of their respective directors, officers, employees, agents, representatives, advisers or affiliates, or any person who controls any of them or on their behalf in connection with the Bank or the issue and offering of the Capital Securities. Each Joint Lead Manager, the Trustee and each Agent and each of their respective directors, officers, employees, agents, representatives, advisers and affiliates, and each person who controls any of them, accordingly disclaims all and any liability whether arising in tort or contract

or otherwise (save as referred to above) which it might otherwise have in respect of this Offering Circular or any such statement. Neither this Offering Circular nor any other document or information (or any part thereof) delivered and supplied under or in relation to the Capital Securities is intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Bank, the Joint Lead Managers, the Trustee or the Agents or any of their respective directors, officers, employees, agents, representatives, advisers or affiliates, or any person who controls any of them, that any recipient of this Offering Circular or any other document or information (or any part thereof) delivered and supplied under or in relation to the Capital Securities of the Bank should purchase the Capital Securities.

Each potential purchaser of Capital Securities shall make its own assessment of the foregoing and other relevant matters including the financial condition and affairs and its appraisal of the creditworthiness of the Bank, and obtain its own independent legal or other advice thereon, and its investment shall be deemed to be based on its own independent investigation of the financial condition and affairs and its appraisal of the creditworthiness of the Bank. Accordingly, notwithstanding anything herein, none of the Bank, the Joint Lead Managers, the Trustee, the Agents, and any of their respective directors, officers, employees, agents, representatives, advisers and affiliates, and any person who controls any of them, shall be held responsible for any loss or damage suffered or incurred by the recipients of this Offering Circular or such other document or information (or such part thereof) as a result of or arising from anything expressly or implicitly contained in or referred to in this Offering Circular or such other document or information (or such part thereof) and the same shall not constitute a ground for rescission of any purchase or acquisition of any of the Capital Securities by a recipient of this Offering Circular or such other document or information (or such part thereof). None of the Joint Lead Managers, the Trustee or the Agents, or any of their respective directors, officers, employees, agents, representatives, advisers or affiliates, or any person who controls any of them undertakes to review the financial condition or affairs of the Bank during the life of the arrangements contemplated by this Offering Circular nor to advise any investor or potential investor in the Capital Securities of any information coming to the attention of any of the Joint Lead Managers, the Trustee, the Agents or any of their respective directors, officers, employees, agents, representatives, advisers or affiliates, or any person who controls any of them.

The issue of the Capital Securities by the Bank and any purchase or acquisition of the Capital Securities is in all respects conditional on the satisfaction of certain conditions set out in the Subscription Agreement (as defined elsewhere herein). Any offer, invitation to offer or agreement made in connection with the purchase or acquisition of the Capital Securities or pursuant to this Offering Circular shall (without any liability or responsibility) on the part of the Bank, any of the Joint Lead Managers lapse and cease to have any effect if (for any other reason whatsoever) the Capital Securities are not issued by the Bank pursuant to the Subscription Agreement.

This Offering Circular does not describe all of the risk factors and investment considerations (including those relating to each investor's particular circumstances) of an investment in the Capital Securities. Investors should consult their own financial, tax, accounting and legal advisers as to the risk factors and investment considerations arising from an investment in the Capital Securities and should possess the appropriate resources to analyse such investment and the suitability of such investment in their particular circumstances. In making an investment decision, investors must rely on their own examination of the Bank and the terms of the Capital Securities, including the merits and risks involved. Each person receiving this Offering Circular acknowledges that such person has not relied on the Joint Lead Managers, the Trustee or the Agents or any person who controls them, or any director, officer, employee, representative, agent, affiliate or adviser of any such person in connection with its investigation of the accuracy of such information or its investment decision.

IMPORTANT INFORMATION RELATING TO THE USE OF THIS OFFERING CIRCULAR AND OFFERS OF CAPITAL SECURITIES GENERALLY

This Offering Circular does not constitute an offer to sell or the solicitation of an offer to buy any Capital Securities in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Offering Circular and the offer or sale of Capital Securities may be restricted by law in certain jurisdictions. The Bank, the Joint Lead Managers, the Trustee, the Agents and any of their respective affiliates do not represent that this Offering Circular may be lawfully distributed, or that any Capital Securities may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Bank, the Joint Lead Managers, the Trustee, the Agents or any of their respective affiliates which is intended to permit a public offering of any Capital Securities or distribution of this Offering Circular in any jurisdiction where action for that purpose is required. Accordingly, no Capital Securities may be offered or sold, directly or indirectly, and neither this Offering Circular nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Offering Circular or any Capital Securities may come must inform themselves about, and observe, any such restrictions on the distribution of this Offering Circular and the offering and sale of Capital Securities. In particular, there are restrictions on the distribution of this Offering Circular and the offer or sale of Capital Securities in the United States, the European Economic Area (the "**EEA**"), the United Kingdom, Japan, Hong Kong, Singapore, Indonesia and the People's Republic of China (the "**PRC**"), see "*Subscription and Sale*".

If a jurisdiction requires that the offering be made by a licenced broker or dealer and the Joint Lead Managers or any affiliate of the Joint Lead Managers is a licenced broker or dealer in that jurisdiction, the offering shall be deemed to be made by that Joint Lead Manager or its affiliate on behalf of the Bank in such jurisdiction.

STABILISATION

In connection with the issue of the Capital Securities, The Hongkong and Shanghai Banking Corporation Limited (the "**Stabilisation Manager**") (or persons acting on its behalf) may, to the extent permitted by applicable laws and regulations, over-allot Capital Securities or effect transactions with a view to supporting the market price of the Capital Securities at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilisation Manager (or persons acting on its behalf) will undertake stabilisation action. Any stabilisation action or over-allotment may begin on or after the date on which adequate public disclosure of the offer of Capital Securities is made and, if begun, may be ended at any time, but must end no later than the earlier of 30 days after the issue date of the Capital Securities and 60 days after the allotment of the Capital Securities. Any stabilisation action or over-allotment must be conducted by the Stabilisation Manager (or persons acting on its behalf) in accordance with all applicable laws and rules.

IMPORTANT – PROHIBITION OF SALES TO EEA RETAIL INVESTORS

The Capital Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**") or (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Capital Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Capital Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT – PROHIBITION OF SALES TO UK RETAIL INVESTORS

The Capital Securities are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in the United Kingdom (the "**UK**"). For these purposes, a retail investor means a person who is not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"). Consequently no disclosure document required by FCA Product Disclosure Sourcebook ("**DISC**") for offering, selling or distributing the Capital Securities or otherwise making them available to retail investors in the UK has been prepared and therefore offering, selling or distributing the Capital Securities or otherwise making them available to any retail investor in the UK may be unlawful under DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024.

IMPORTANT NOTICE TO PROSPECTIVE INVESTORS

Prospective investors should be aware that certain intermediaries in the context of this offering of the Capital Securities, including certain Joint Lead Managers, are "capital market intermediaries" ("**CMIs**") subject to Paragraph 21 of the Code of Conduct for Persons Licensed by or Registered with the Securities and Futures Commission (the "**SFC Code**"). This notice to prospective investors is a summary of certain obligations the SFC Code imposes on such CMIs, which require the attention and cooperation of prospective investors. Certain CMIs may also be acting as "overall coordinators" ("**OCs**") for the offering and are subject to additional requirements under the SFC Code.

Prospective investors who are the directors, employees or major shareholders of the Issuer, a CMI or its group companies would be considered under the SFC Code as having an association ("**Association**") with the Issuer, the CMI or the relevant group company. Prospective investors associated with the Issuer or any CMI (including its group companies) should specifically disclose this when placing an order for the Capital Securities and should disclose, at the same time, if such orders may negatively impact the price discovery process in relation to this offering. Prospective investors who do not disclose their Associations are hereby deemed not to be so associated. Where prospective investors disclose their Associations but do not disclose that such order may negatively impact the price discovery process in relation to this offering, such order is hereby deemed not to negatively impact the price discovery process in relation to this offering.

Prospective investors should ensure, and by placing an order prospective investors are deemed to confirm, that orders placed are bona fide, are not inflated and do not constitute duplicated orders (i.e. two or more corresponding or identical orders placed via two or more CMIs). If a prospective investor is an asset management arm affiliated with any Joint Lead Manager, such

prospective investor should indicate when placing an order if it is for a fund or portfolio where the Joint Lead Manager or its group company has more than 50 per cent. interest, in which case it will be classified as a "proprietary order" and subject to appropriate handling by CMIs in accordance with the SFC Code and should disclose, at the same time, if such "proprietary order" may negatively impact the price discovery process in relation to this offering. Prospective investors who do not indicate this information when placing an order are hereby deemed to confirm that their order is not a "proprietary order". If a prospective investor is otherwise affiliated with any Joint Lead Manager, such that its order may be considered to be a "proprietary order" (pursuant to the SFC Code), such prospective investor should indicate to the relevant Joint Lead Manager when placing such order. Prospective investors who do not indicate this information when placing an order are hereby deemed to confirm that their order is not a "proprietary order". Where prospective investors disclose such information but do not disclose that such "proprietary order" may negatively impact the price discovery process in relation to this offering, such "proprietary order" is hereby deemed not to negatively impact the price discovery process in relation to this offering.

Prospective investors should be aware that certain information may be disclosed by CMIs (including private banks) which is personal and/or confidential in nature to the prospective investor. By placing an order, prospective investors are deemed to have understood and consented to the collection, disclosure, use and transfer of such information by the Joint Lead Managers and/or any other third parties as may be required by the SFC Code, including to the Issuer, any OCs, relevant regulators and/or any other third parties as may be required by the SFC Code, it being understood and agreed that such information shall only be used for the purpose of complying with the SFC Code, during the bookbuilding process for this offering. Failure to provide such information may result in that order being rejected.

NOTICE TO INVESTORS IN INDONESIA

The Capital Securities have not been offered or sold and will not be offered or sold in Indonesia or to any Indonesian nationals, corporations or residents, including by way of invitation, offering or advertisement, and this Offering Circular and any other offering material relating to the Capital Securities has not been distributed, and will not be distributed, in Indonesia or to any Indonesian nationals, corporations or residents in a manner which would constitute a public offering or private placement in Indonesia under Law No. 8/1995 and its implementing regulations and OJK Regulation No. 30. The Indonesian Financial Service Authority (*Otoritas Jasa Keuangan* or "**OJK**") has not reviewed or declared its approval or disapproval of the issue of the Capital Securities, nor has it made any determination as to the accuracy or adequacy of this Offering Circular. Any statement to the contrary is a violation of Indonesian law.

INDUSTRY AND MARKET DATA

Market data and certain industry forecasts used throughout this Offering Circular have been obtained based on, among other sources, internal surveys, market research, publicly available information and industry publications. Industry publications generally state that the information that they contain has been obtained from sources believed by the Bank to be reliable and accurate but that the accuracy and completeness of that information is not guaranteed. Similarly, internal surveys, industry forecasts and market research, while believed to be reliable, have not been independently verified, and none of the Bank, the Joint Lead Managers, the Trustee or the Agents or their respective affiliates, directors, employees, representatives, agents, officers or advisers, or any person who controls any of them, makes any representation as to the correctness, accuracy or completeness of that information. In addition, third-party information providers may have obtained information from market participants and such information may not have been independently verified. Accordingly, such information should not be unduly relied upon.

PRESENTATION OF FINANCIAL INFORMATION

Presentation of Historical Financial Information

Unless otherwise indicated, the financial information in this Offering Circular is presented on a consolidated basis. The selected consolidated financial information as of and for the years ended 31 December 2024 and 2025 and as of and for the six-month periods ended 30 June 2025 and 2026 is derived from: (i) the Bank's unaudited interim consolidated financial statements as of 30 June 2026 and for the six-month period then ended (the "**June 2026 Unaudited Financial Statements**") and (ii) the Bank's audited consolidated financial statements as of 31 December 2025 and 2024 and for the years ended 31 December 2025 and 2024 and six-month period ended 30 June 2025 (the "**Audited Financial Statements**"; together with the June 2026 Unaudited Financial Statements, the "**Financial Statements**"), which appear elsewhere in this Offering Circular. The Financial Statements were prepared by management in accordance with IFAS.

The Bank's audited consolidated financial statements as of 31 December 2025 and for the year ended 31 December 2025 and six-month period ended 30 June 2025 (the "**2025 Audited Financial Statements**") have been audited by KAP Purwanto Susanti dan Surja (a member firm of Ernst & Young Global Limited) ("**KAP PSS**"), an independent auditor, in accordance with Standards on Auditing established by the Indonesian Institute of Certified Public Accountants (the "**IICPA**"), as stated in its audit report dated 11 August 2026, which appears elsewhere in this Offering Circular. The Bank's audited consolidated financial statements as of and for the year ended 31 December 2024, which are presented as comparative information to the consolidated financial statements as of 31 December 2025 and for the year ended 31 December 2025 and six-month period ended 30 June 2025, have been reclassified as disclosed in Note 64 to the 2025 Audited Financial Statements and the June 2026 Unaudited Financial Statements respectively.

The Bank's audited consolidated financial statements as of and for the year ended 31 December 2024, prior to the aforementioned reclassification, were audited by KAP Rintis, Jumadi, Rianto & Rekan (a member firm of the PwC global network), independent accountants, in accordance with Standards on Auditing established by the IICPA, as stated in its audit report dated 5 February 2025, which appears elsewhere in this Offering Circular. KAP Rintis, Jumadi, Rianto & Rekan (a member firm of the PwC global network) did not perform any audit, review or other procedures with respect to the reclassification recorded by the Bank in the 2025 Audited Financial Statements and the June 2026 Unaudited Financial Statements.

The Bank's June 2026 Unaudited Financial Statements have been reviewed by KAP PSS, an independent auditor, in accordance with Standard on Review Engagements 2410 established by the IICPA, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" ("**SRE 2410**"). A review conducted in accordance with SRE 2410 established by the IICPA is substantially less in scope than an audit conducted in accordance with Standards on Auditing established by the IICPA and, as stated in its review report dated 11 August 2026, which appears elsewhere in this Offering Circular, KAP PSS did not audit and does not express any opinion on such unaudited interim consolidated financial statements.

The Bank's Financial Statements are prepared in accordance with the Indonesian Financial Accounting Standards (the "**IFAS**"), which differ in certain respects from International Financial Reporting Standards ("**IFRS**"), and are subject to accounting standards established by the Institute of Indonesia Chartered Accountants ("**IICA**") and are not comparable to the financial statements of a company prepared under IFRS.

The Bank's financial year ends on 31 December, and references in this Offering Circular to any specific year are to the 12-month period ended on 31 December of such year.

Exchange Rate Information

Unless otherwise indicated or otherwise required by the context, all references in this Offering Circular to "**Rupiah**" or "**Rp.**" are to the lawful currency of Indonesia. References to "**U.S. Dollars**", "**U.S. Dollar**" or "**US$**" are to United States dollars, the lawful currency of the United States of America. For convenience, certain Rupiah amounts have been translated into US dollar amounts, based on the prevailing exchange rate of Rp17,880 = US$1.00 as of 30 June 2026 being the Refinitiv Eikon spot rate at 3.00 p.m. (Western Indonesian Time) on that date for Rupiah against US dollars. Such translation should not be construed as representations that the Rupiah amounts referred to could have been, or could be, converted into US dollars at that or any other rate or at all. See "*Exchange Rates Information*" for further information regarding rates of exchange between the Rupiah and U.S. dollar.

Rounding

The financial information presented in a number of tables and in a number of other places in this Offering Circular has been rounded to the nearest whole number or the nearest decimal. Therefore, the sum of the numbers in a column may not conform exactly to the total figure given for that column. In addition, certain percentages presented in the tables in this Offering Circular reflect calculations based on the underlying information prior to rounding, and, accordingly, may not conform exactly to the percentages that would be derived if the relevant calculations were based on the rounded numbers.

CERTAIN DEFINED TERMS AND CONVENTIONS

The Bank has prepared the Offering Circular using a number of conventions, which you should consider when reading the information contained herein. Unless indicated otherwise, in this Offering Circular all references to (i) the "**Issuer**" or the "**Bank**" are to PT Bank Mandiri (Persero) Tbk and (ii) the "**Group**" are to the Bank and its subsidiaries (from time to time), taken as a whole.

Unless otherwise specified or the context requires, all references herein to "**Indonesia**" are to the Republic of Indonesia, to "**Government**" are to the government of Indonesia.

The English names of the Indonesian nationals, entities, departments, facilities, laws, regulations, certificates, titles and the like are translations of their Indonesian names and are included for identification purposes only.

Unless the context otherwise requires, references to "**2024**" and "**2025**" in the Offering Circular are to the Bank's financial years ended 31 December 2024 and 2025, respectively, and references to "**1H2025**" and "**1H2026**" are to the six-month periods ended 30 June 2025 and 2026, respectively.

Certain financial ratios that are commonly used to analyse the banking sector in Indonesia are presented in this Offering Circular. These financial ratios may be defined or calculated in different ways by different issuers. Accordingly, set out below is the manner in which these ratios are defined and presented in this Offering Circular, which potential purchasers of the Capital Securities should be aware may differ from the way other banks calculate these ratios:

- "**Average Earning Assets**" means the sum of earning assets of the relevant year divided by the number of months in that year as prescribed in Circular Letter of The Financial Services Authority No. 9/SEOJK.03/2020.

- "**Average Total Assets**" means the sum of total assets of the relevant year divided by the number of months in that year as prescribed in Circular Letter of The Financial Services Authority No. 9/SEOJK.03/2020.

- The "**Basel Committee**" means the Basel Committee on Banking Supervision of the Bank for International Settlements in Basel, Switzerland.

- "**CASA**" means current and savings deposit accounts. References in this Offering Circular to CASA deposit amounts refer to aggregate demand and savings deposit amounts as of the relevant date.

- "**CASA Ratio**" means the ratio of CASA divided by total deposits.

- "**Gross NPL Ratio**" means the ratio of the outstanding amount of loans classified as substandard, doubtful, and loss divided by the total outstanding amount of the loan portfolio.

- "**Liquidity Coverage Ratio**" or "**LCR**" means the ratio of (i) a bank's stock of unencumbered HQLA to (ii) such bank's net cash outflow for a 30-calendar day liquidity stress scenario. This ratio ensures that a bank has an adequate stock of unencumbered HQLA that can be converted into cash easily and immediately in private markets to meet its liquidity needs. See "*Risk Management – Basel III Reforms*" for further discussion of this ratio.

- "**High Quality Liquid Assets**" or "**HQLA**" means cash and other financial assets that can be easily and immediately converted into cash with minimal or no loss of value to meet a financial institution's liquidity needs, computed in line with the recommendations of the Basel Committee.

- "**Net Stable Funding Ratio**" or "**NSFR**" is defined as the amount of available stable funding relative to the amount of required stable funding. "**Available stable funding**" is defined as the portion of capital and liabilities expected to be reliable over one year. "**Required stable funding**" is a function of the liquidity characteristics and residual maturities of the various assets held by that institution as well as those of its off-balance sheet exposures.

- "**Net Open Position**" or "**NOP**" means the net sum of all foreign currency assets and liabilities of a financial institution, inclusive of all of its spot and forward transactions and off-balance sheet items in that foreign currency.

SUITABILITY OF INVESTMENT

The Capital Securities may not be a suitable investment for all investors. Each potential investor in the Capital Securities must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

(i) has sufficient knowledge and experience to make a meaningful evaluation of the Capital Securities, the merits and risks of investing in the Capital Securities and the information contained in this Offering Circular;

(ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Capital Securities and the impact the Capital Securities will have on its overall investment portfolio;

(iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Capital Securities, including where the currency for principal or distribution payments is different from the potential investor's currency;

(iv) understands thoroughly the terms of the Capital Securities and is familiar with the behaviour of any relevant indices and financial markets; and

(v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Capital Securities are legal investments for it, (2) Capital Securities can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Capital Securities. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Capital Securities under any applicable risk-based capital or similar rules.

ENFORCEABILITY OF FOREIGN JUDGMENTS AND INTERNATIONAL ARBITRATION AWARDS IN INDONESIA

The Capital Securities and the Trust Deed are governed by English law. The Bank is a public limited liability company established and existing in Indonesia, with a substantial portion of its assets in Indonesia. In addition, substantially all of the commissioners and directors of the Bank reside in Indonesia. As a result, it may not be possible for investors to effect service of process or to enforce any judgement within the foreign jurisdiction upon it or such persons outside of Indonesia, or to enforce in Indonesian courts any judgments including based upon the civil liability provisions of the foreign securities law against it or such persons in courts outside of Indonesia.

The Bank's Indonesian legal advisor, Ginting & Reksodiputro in association with A&O Shearman, has advised that judgments of non-Indonesian courts, are not enforceable in Indonesian courts and, as a result, it may not be possible to enforce judgments obtained in non-Indonesian courts against us. To obtain an Indonesian court judgment, a claimant would be required to pursue claims in Indonesian courts on the basis of Indonesian law. A foreign court judgment could be admissible as non-conclusive evidence in a proceeding on the underlying claim in an Indonesian court and may be given such evidentiary weight as the Indonesian court may deem appropriate in its sole discretion. Re-examination of the underlying claim de novo would be required before the Indonesian courts. There can be no assurance that the claims or remedies available under Indonesian laws will be the same or as extensive as those available in other jurisdictions. For more information on these risks, see "*Risk Factors – Risks Relating to the Capital Securities – Securityholders may not be able to enforce a foreign judgment in Indonesia against the Bank*" and "*Risk Factors – Risks Relating to Indonesia – Securityholders will be exposed to a legal system subject to considerable discretion and uncertainty and may have difficulty pursuing claims under the Capital Securities*".

With respect to international arbitration awards, pursuant to Articles 3, 11(1) and 11(2) of the Law No. 30 of 1999 on Arbitration and Alternative Dispute Resolution ("**Law No. 30/1999**"), a written arbitration agreement obviates the rights of the parties to bring a dispute in the Indonesian district court, which would otherwise have jurisdiction over civil disputes. Further, based on Law No. 30/1999, such court has no authority to hear disputes where parties are bound by an arbitration agreement and is required to reject and not participate in the resolution of disputes which have already been adjudicated by arbitration, except in limited circumstances as provided in the Law No. 30/1999.

The Republic of Indonesia is a party to and has ratified the New York Convention and accordingly, arbitration awards from the convention countries should be recognised in the Republic of Indonesia, subject to compliance with the requirements under the Law No. 30/1999. Under Law No. 30/1999, a foreign arbitration award must be registered with the registrar of the Central Jakarta District Court. The award is then enforced by obtaining an exequatur from the chairman of the Central Jakarta District Court. Once the exequatur is issued, the award is enforceable as a final court judgment.

There still remain practical risks in enforcing foreign arbitration awards in the Republic of Indonesia. Law No. 30/1999 requires enforcement of a foreign arbitration award to not be contrary to public order. However, Law No. 30/1999 and Indonesian regulations do not set out any definition of "public order" (*ketertiban umum*) within the meaning of Article 66 of Law No. 30/1999 and this can be subject to a broad interpretation, especially by Indonesian judges. There have been cases in the past where enforcement of foreign arbitral awards has been hindered or delayed by spurious arguments regarding public order. For example, the Supreme Court's refusal to enforce an international arbitration award in the case of *Astro Nusantara Intl BV et al. v PT First Media, Tbk.*, et al. decided in March 2013. The Singapore-seated Tribunal issued six arbitral awards including an interim final award which instructed the respondents not to commence or pursue further proceedings in Indonesia or elsewhere against the claimants. The Supreme Court refused enforcement of four of the awards on account of public order and reasoned that the Singapore International Arbitration Centre (SIAC) awards were interventionist in nature to the judicial process in Indonesia and limited the right to claim before a court.

In addition, there are a number of precedents whereby parties who lost (or expect to lose) an arbitration attempt to by-pass an arbitration agreement or award by bringing a lawsuit before an Indonesian district court on a theory of tort or fraud, and Indonesian courts have accepted the lawsuit on such basis and awarded damages to the losing party in the arbitration on the grounds of tort despite the clear agreement by the relevant parties to arbitrate. This increases the risk of parties commencing multiple proceedings in the Indonesian Courts in a bid to obtain a conflicting decision and thereby frustrate or delay an enforcement of foreign arbitration awards in Indonesia.

This is also partly because the legal system does not recognise the doctrine of *stare decisis* coupled with the judiciary's historic lack of familiarity with arbitration.

There were also a number of cases in which foreign arbitral awards were annulled by the Indonesian courts. Pursuant to Article 70 of Law No. 30/1999, an application to annul an arbitration award may be made if any of the following conditions are alleged to exist: (i) letters or documents submitted in the hearings are acknowledged to be false or forged or are declared to be forgeries after the award has been rendered, (ii) after the award has been rendered, documents are found which are decisive in nature and which were deliberately concealed by the opposing party, or (iii) the award was rendered as a result of fraud committed by one of the parties to the dispute.

The elucidation to Article 70 states that the basis for the annulment petition shall be evidenced by a court decision, and that if a court decides that the basis for the petition is with or without merit, then this court decision may be used as grounds for a judge to grant or reject the petition. Further, pursuant to Article 72(2) of Law No. 30/1999, if the application for annulment is granted, the chairman of the relevant Indonesian district court shall determine further if the arbitration award should be annulled in whole or in part.

INDONESIAN REGULATION OF OFFSHORE BORROWINGS

Under Presidential Decree No. 59/1972 on Offshore Commercial Borrowings dated 12 October 1972 as amended by Presidential Decree No. 15/1991 dated 18 March 1991 ("**Presidential Decree No. 59/1972**") and Presidential Regulation No. 86 of 2006 dated 18 October 2006 as amended by Presidential Regulation No. 91/2007 dated 19 September 2007, the Bank is required to report particulars of its offshore borrowings to the Minister of Finance of Indonesia and Bank Indonesia, i.e. on the acceptance, implementation, and repayment of loan principal and interest. Further, under the Ministry of Finance Decree No. KEP-261/MK/IV/5/73, dated 3 May 1973, as amended by the Ministry of Finance Decree No. 417/KMK.013/1989 dated 1 May 1989, and the Ministry of Finance Decree No. 279/KMK.01/1991 dated 18 March 1991, which implemented Presidential Decree No. 59/1972, the Bank is also required to submit periodic reports of such offshore loans to the Minister of Finance of Indonesia and Bank Indonesia on the effective date of the loan agreement and each subsequent three-month period. Further, pursuant to the Presidential Regulation No. 82 of 2020 on Corona Virus Disease (COVID-19) Handling Committee and National Economy Recovery (as amended by Presidential Regulation No. 108 of 2020 and revoked by Presidential Regulation No. 48 of 2023), Presidential Decree No. 39 of 1991 on Foreign Commercial Loan Management Coordination has been revoked and, as a result, the Offshore Commercial Borrowings Coordination Team (*Tim Koordinasi Pinjaman Komersial Luar Negeri – PKLN*) has been disbanded. Following the disbanding of the PKLN Team and pending the issuance of the relevant implementing regulations, there is uncertainty as to how periodic reports on foreign commercial loans will be handled.

On 31 December 2014, Bank Indonesia issued Bank Indonesia Regulation No. 16/22/PBI/2014 regarding the Reporting on Foreign Exchange Activities and Reporting on the Implementation of Prudential Principles in the Management of Non-Bank Corporation's Offshore Debt ("**PBI 16/22**") which was amended by Bank Indonesia Regulation No. 18/4/PBI/2016, dated 21 April 2016. The scopes of reporting under PBI 16/22 are (A) in connection with foreign exchange activities, all Indonesian residents, whether individuals or entities, who engage in foreign exchange activities are required to report (i) any trading of goods, services and other transactions between an Indonesian resident and a non-resident; (ii) any offshore financial assets and/or offshore financial liabilities and any change thereto; and/or (iii) offshore debt plan and/or its realisation to Bank Indonesia, and (B) in connection with the implementation of prudential principles, any non-bank entity which applies prudential principles is required to submit reports which cover (i) the implementation of prudential principles which have complied with an attestation procedure; (ii) a

report on the implementation of prudential principles; (iii) notification of compliance of credit ratings; and (iv) financial statements.

On 9 January 2019, Bank Indonesia issued Bank Indonesia Regulation No. 21/2/PBI/2019 dated 9 January 2019 on Reporting of Foreign Exchange Activity, as recently amended by Bank Indonesia Regulation No. 7 of 2024 on Bank's Foreign Funding Ratio ("**PBI 21/2**"), which became effective from 1 March 2019. This regulation revokes all provisions on the reporting of foreign exchange activities under PBI 16/22. Therefore, based on PBI 21/2, PBI 16/22 remains valid and only regulates the reporting of the implementation of the prudential principles. PBI 21/2 requires any entities engaged in activities that cause a movement of (i) financial assets and/or liabilities and/or risk participation transaction between an Indonesian resident and a non-Indonesian resident or (ii) offshore financial assets and/or liabilities and/or risk participation transaction between Indonesian residents, to submit a foreign exchange activities report with respect to any foreign exchange activities to Bank Indonesia. The relevant entities include bank and non-bank financial entities, non-financial entities, individuals and entities other than enterprises, whether in the form of legal entities or non-legal entities established by a government or the public. The report must include, among other things, information relating to (i) trade activities in goods, services or other transactions between an Indonesian resident and a non-Indonesian resident; (ii) principal data of risk participation transaction and/or offshore loan; (iii) plan to draw and/or repay the offshore loan and/or risk participation transactions; (iv) realisation to draw and/or repay the offshore loan and/or risk participation transactions; (v) the position and changes of offshore financial assets, offshore financial liabilities and/or risk participation transactions; and/or (vi) any plans to incur new offshore loans and/or their amendment. Bank Indonesia has issued implementing regulations for PBI 21/2, namely (i) the Members of the Board of Governor of Bank Indonesia Regulation No. 21/3/PADG/2019 dated 15 February 2019 on Offshore Debt of Bank and Other Bank's Liabilities in Foreign Exchange, as recently amended by the Members of the Board of Governor of Bank Indonesia Regulation No. 7 of 2024 on the Implementing Regulation on Bank's Foreign Funding Ratio ("**PADG 21/3**"); and (ii) the Members of the Board of Governor of Bank Indonesia Regulation No. 21/4/PADG/2019 dated February 28, 2019 on the Reporting of Foreign Exchange Activities in the Form of Offshore Debt and Risk Participation Transactions, as recently amended by the Members of the Board of Governor of Bank Indonesia Regulation No. 23/28/PADG/2021 ("**PADG 21/4**"). Both implementation regulations became effective on 1 March 2019. The report on foreign exchange activities must be submitted using an online system in accordance with each implementing regulation of PBI 21/2 as applicable, namely PADG 21/3 or PADG 21/4.

According to PADG 21/4, any individual or entity that obtains offshore debt in a foreign currency and/or Rupiah and conducting risk participation transactions pursuant to loan agreements, debt securities, trade credits or loans other than loans pursuant to loan agreements, debt securities and trade credit (i.e. a dividend loan and royalty loan) must report such activities to Bank Indonesia. There is no minimum amount requirement to trigger the reporting obligation with regard to offshore debt obtained by an entity (whether a financial or non-financial institution). In contrast, an individual's offshore debt is only required to be reported if such debt exceeds an amount of US$200,000 or its equivalent in any other currency. The reports consist of the main data report and/or amendments, the monthly recapitulation data report and offshore debt plan data report. The main data report must be submitted to Bank Indonesia by no later than the 15th day of the following month from 07:10 Western Indonesia time to 16:15 Western Indonesia time after the signing of the loan agreement or the issuance of the debt securities and/or the debt acknowledgment over the trade credits and/or other loans, and a monthly recapitulation data report must be submitted to Bank Indonesia by no later than the 15th day of the following month at 24:00 Western Indonesia time, until the offshore debt has been repaid in full and an offshore debt plan data report must be submitted to Bank Indonesia by no later than 15 March for a new offshore debt plan and 15 June for changes to the offshore debt plan.

In relation to the implementation of prudential principles as regulated under PBI 16/22 and PBI 16/21/2014 (as defined below), based on Bank Indonesia Circular Letter No. 17/3/DSta dated 6 March 2015 on the Reporting of the Implementation of Prudential Principles in the Management of Non-Bank Corporation's Offshore Debt as amended by Bank Indonesia Circular Letter No. 17/24/DSta dated 12 October 2015 ("**SEBI 17/3/DSta**"), non-bank corporations must submit:

- the prudential principle implementation activity report ("**KPPK report**"): (i) a non-attested KPPK Report, which is to be submitted on quarterly basis, no later than the end of the third month after the end of the relevant quarter; and (ii) an attested KPPK report (attested by a public accountant), which is to be submitted annually by no later than the end of June of the following year;

- information on the fulfilment of credit ratings, which is to be submitted at the latest at the end of the month following the execution or issuance of the offshore debt; and

- the financial statements of the company, consisting of: (i) unaudited financial statements, to be submitted on quarterly basis, by no later than the end of the third month after the end of the relevant quarter; and (ii) annual audited financial statements, which must be submitted by no later than end of June of the following year.

Bank Indonesia examines the accuracy of the foreign exchange activities report and the prudential principle implementation activity report. It can also request clarifications, evidence, records or other supporting documents from the relevant party or institutions, including direct inspection of the company or appoint a third-party to do so.

As of 1 January 2016, submissions of and corrections to the prudential principle implementation activity report shall be made online. The requirement to submit credit ratings fulfilment only applies to offshore debt executed or issued as of 1 January 2016.

Related to the reporting requirements under PBI 16/22, Bank Indonesia also issued Bank Indonesia Regulation No. 16/21/PBI/2014 on the Implementation of Prudential Principles in the Management of Non-Bank Corporation's Offshore Debt as amended by Bank Indonesia Regulation No. 18/4/PBI/2016 ("**PBI 16/21/2014**"), which is applicable to non-bank corporations that obtain offshore Debt in a foreign currency (non-Indonesian Rupiah). PBI 16/21/2014 is implemented through (i) Bank Indonesia Circular Letter No. 16/24/DKEM dated 30 December 2014, as amended by Bank Indonesia Circular Letter No. 17/18/DKEM dated 30 June 2015, and Bank Indonesia Circular Letter No. 18/6/DKEM dated 22 April 2016 and (ii) SEBI 17/3/DSta.

PBI 16/21/2014 requires non-bank corporations that have offshore debt in a foreign currency (non-Indonesian Rupiah) to maintain the following prudential principles, (i) minimum hedging requirements, (ii) minimum liquidity requirements and (iii) minimum credit ratings. The hedging requirements do not apply to non-bank corporations whose financial statements are presented in United States dollars and who fulfil the following criteria: (i) an export revenue to business revenue ratio of more than 50 per cent. in the previous calendar year, and (ii) approval from the Ministry of Finance to use United States dollars in their financial statements, which approval shall be evidenced by submitting supporting documents to Bank Indonesia.

The minimum hedging requirement is applied with a two-stage approach to avoid unnecessary difficulties for corporations having existing offshore debt. From 31 December 2015, the minimum hedging ratio is set at 25 per cent. of (i) the negative difference between the foreign exchange assets and the foreign exchange liabilities that will become due within three months from the end of the relevant quarter and (ii) the negative difference between the foreign exchange assets and the foreign exchange liabilities that will become due in the period of more than three months up to six months after the end of the relevant quarter.

On the minimum liquidity requirement, non-bank corporations that have offshore debt in a foreign currency are also required to comply with the minimum liquidity ratio of at least 70 per cent. by providing sufficient foreign exchange assets against foreign exchange liabilities that will become due within three months from the end of the relevant quarter.

The minimum credit rating requirement is required to be maintained at BB-(BB minus) or its equivalent from a particular rating agency recognised by Bank Indonesia which currently includes the domestic rating agencies PT Pemeringkat Efek Indonesia (with equivalent rating of BB-(id)), Fitch Ratings Indonesia ((Idn)BB-); and the following foreign rating agencies: Moody's Investors Service (Ba3), Standard & Poor's (BB-), Fitch Ratings (BB-), Japan Credit Rating Agency (BB-) and Rating and Investment Information Inc. (BB-). Such credit rating will be for both the relevant corporation (issuer rating) and/or any bonds (issue rating) in accordance with the type and period of such foreign currency offshore debt. Such rating shall be valid for two years as of the rating issuance. PBI 16/21/2014 provides that corporations may use their parent company credit rating if (i) such corporation enters into offshore debt in foreign currency with its parent company, or if the offshore debt is guaranteed by the parent company, or (ii) such corporation is a newly established corporation with a maximum three years since the corporation began commercial operation. The requirement to fulfil the minimum credit rating requirement is exempted for (i) the refinancing of offshore debt in foreign currency (such exemption is limited to refinancing which does not increase the outstanding amount of the previous debt or if it increases, such increase shall not exceed (a) US$2,000,000 or its equivalent or (b) 5 per cent. of the amount outstanding of such refinanced debt if such 5 per cent. figure is higher than US$2,000,000 or its equivalent); (ii) offshore debt in foreign currency for infrastructure project financing derived (a) all from an international bilateral/multilateral lending agency or (b) from a syndicated loan where more than 50 per cent. of the contribution comes from international bilateral/multilateral institutions; (iii) offshore debt in a foreign currency for a central or regional government infrastructure project financing; (iv) offshore debt in a foreign currency which is secured by international bilateral/multilateral institutions; (v) offshore debt in foreign currency in the form of trade credits; (vi) offshore debt in foreign currency in form of other loans; (vii) offshore debt in a foreign currency entered into by a finance company (a business entity which conducts financing activities for the procurement of goods and services) to the extent (a) such finance company has a minimum financial soundness of "healthy" as issued by OJK; and (b) such finance company fulfils the maximum gearing ratio as regulated by OJK; or (viii) offshore debt in a foreign currency by Lembaga Pembiayaan Ekspor Indonesia (Indonesia Eximbank). Non-bank corporations that have offshore debt in a foreign currency are obliged to submit a report to Bank Indonesia on the implementation of prudential principles and any exemptions, together with the relevant supporting documents. Bank Indonesia will monitor for compliance and may impose administrative sanctions in the form of warning letters for any failure to comply with the prudential principles. PBI 16/21/2014 does not specify any other sanction in the event the non-bank corporations ignore such warning letter, however Bank Indonesia may inform related parties, such as relevant offshore creditors, the Ministry of State-Owned Companies, which is now replaced by *Badan Pengaturan Badan Usaha Milik Negara* (State-Owned Companies Management Institution), (for state-owned non-bank corporations), the Ministry of Finance on behalf of Directorate General of Tax, OJK and the Indonesia Stock Exchange (the "**IDX**") (for publicly listed non-bank corporations) on the implementation of administrative sanctions.

On 14 May 2014, Bank Indonesia issued Bank Indonesia Regulation No. 16/10/PBI/2014 on The Receipt of Foreign Exchange Export Revenue and Drawdown of Offshore Debt, which has been amended by Bank Indonesia Regulation No. 17/23/PBI/2015 on 28 December 2015 ("**PBI 16/10/2014**") and partially revoked and replaced by Bank Indonesia Regulation No. 21/14/PBI/2019 dated 28 November 2019 on Foreign Exchange Export Revenues and Import Payments as amended by Bank Indonesia Regulation No. 22/21/PBI/2020 dated 29 December 2020 on Amendment of Bank Indonesia Regulation No. 21/14/PBI/2019, and on 6 April 2016 and as further amended with Bank Indonesia Regulation No. 5 of 2026 on the Second Amendment to Regulation of Bank Indonesia Number 7 of 2023 on Foreign Exchange Proceeds and Foreign Exchange

Imports Payments, Bank Indonesia issued Bank Indonesia Circular Letter No. 18/5/DSta on the Withdrawal of Foreign Exchange Offshore Loan. Based on PBI 16/10/2014, any drawdown from offshore debt (in foreign currencies) originating from (i) a non-revolving loan agreement (including offshore debt originating from a difference between the refinanced debt and the previous debt) or (ii) offshore debt securities (including acknowledgements of debt which is tradable in domestic or international financial and capital markets in the form of, among others, bonds, medium term notes, floating rate notes, promissory notes and commercial paper) must be withdrawn through foreign exchange banks (which include offshore bank branches in Indonesia) and must be reported to Bank Indonesia with the relevant supporting documents. The aggregate amount of the receipt of the offshore debt should be equal to the local commitments provided under such debt and every receipt of offshore debt through a foreign exchange bank should be equal to each offshore debt withdrawal. In the event that the aggregate amount of the offshore debt is less than the local commitments in excess of Rp.50,000,000 (or its equivalent in foreign currencies), the borrower must submit a written explanation and sufficient supporting documentation to Bank Indonesia before the expiration of the term of such debt. In the event that the amount of offshore debt received through the foreign exchange bank is less than the amount of each offshore debt withdrawal in excess of Rp.50,000,000 (or its equivalent in foreign currencies), such offshore debt received through the foreign exchange bank will be deemed to be equal to the amount of each offshore debt withdrawal only if the borrower submits sufficient supporting documents to Bank Indonesia. Withdrawals of such offshore debt must be reported to Bank Indonesia monthly using the recapitulation data report as regulated under PADG 21/4. These reports shall include supporting documents detailing that the receipt of offshore debt was withdrawn from the foreign exchange bank.

With respect to the foregoing reporting obligations to Bank Indonesia, the sanction that may be imposed by Bank Indonesia is as follows:

- any delay or failure to submit foreign exchange report on offshore debt plan may result in an administrative sanction in the form of a warning letter and/or notification to the relevant authority or institution which will be set by Bank Indonesia;

- any incompleteness and/or inaccuracy of information on a foreign exchange report (except for offshore debt plan) which is not corrected may result in an administrative sanction in the form of penalty at the amount of Rp.50,000 (fifty thousand Rupiah) per incomplete and/or inaccurate record, provided that the maximum amount of penalty imposed will not exceed Rp.10,000,000 (ten million Rupiah);

- any incompleteness and/or inaccuracy of information on the KPPK Report, may result in a penalty of Rp.500,000 (five hundred thousand Rupiah) per incompleteness and/or inaccuracy;

- any delay to submit the foreign exchange report (except for offshore debt plan) or the KPPK Report, including any supporting documents and financial statements (except for information on credit rating), may result in a penalty of Rp.500,000 (five hundred thousand Rupiah) per day of delay, provided that the maximum amount of penalty imposed will not exceed Rp.5,000,000 (five million Rupiah);

- any failure to submit the foreign exchange report (except for offshore debt plan) or the KPPK Report, including any supporting documents and financial statements (except for information on credit rating), may result in a penalty of Rp.10,000,000 (ten million Rupiah) per reporting period;

- in addition to the penalties above, a warning letter and/or notification to the relevant authority or institution will be issued by Bank Indonesia for any delay or failure to submit the KPPK Report, including its supporting documents and/or financial statements;

- any delay or failure to submit information regarding a credit rating may result in a warning letter and/or notification to the relevant authority or institution from Bank Indonesia; and

- any failure to comply with the obligation to withdraw the offshore debt through a foreign exchange bank in Indonesia may result in (among other things) a penalty of 0.25 per cent. (zero point two five percent) of the withdrawal amount which does not pass through the foreign exchange bank in Indonesia, provided that the maximum amount of penalty imposed will not exceed Rp.50,000,000 (fifty million Rupiah).

LANGUAGE OF THE TRANSACTION DOCUMENTS

Pursuant to Article 31 of Law No. 24 of 2009 on National Flag, Language and Coat of Arms, and National Anthem that was enacted on 9 July 2009 ("**Law No. 24/2009**"), agreements to which Indonesian parties are a party are required to be executed in Bahasa Indonesia, although, when a foreign entity is a party, a dual-language document in English or the national language of the relevant party is permitted.

On 7 July 2014, the Government issued an implementing regulation, i.e. Government Regulation No. 57 of 2014 on Development Fostering, and Protection of Language and Literature and Enhancement of the function of the Indonesian Language ("**Government Regulation 57/2014**"), to give effect to certain provisions of Law No. 24/2009. Government Regulation 57/2014 focuses on the promotion, fostering and protection of the Indonesian language and literature and, while it is silent on the question of contractual language, it does serve as a timely reminder that contracts involving Indonesian parties must be executed in Bahasa Indonesia (although versions in other languages are also permitted).

On 15 January 2014, Law No. 2 of 2014 on Amendment to Law No. 30 of 2004 on Notary Profession ("**Notary Law**") was issued. Pursuant to the Notary Law, a notarial deed made after 15 January 2014 must be drawn up in the Indonesian language. If the parties require, a notarial deed can be made in a foreign language and in such an event, the notary must translate the deed into the Indonesian language but, in the event of different interpretation as to the content of the deed, the Indonesian language deed shall prevail.

Pursuant to Law No. 24/2009, on 30 September 2019, the President of the Republic of Indonesia issued the Presidential Regulation No. 63 of 2019 on Use of Indonesian Language ("**Regulation No. 63/2019**") to implement the provisions under Law No. 24/2009. Regulation No. 63/2019 stipulates that Bahasa Indonesia must be used in memorandums of understanding or agreements that involve, among others, Indonesian private entities (including Indonesian limited liability companies). If the agreement involves a foreign party, the agreement may also be made in the national language of such foreign party or in English. This provision also implies that the Bahasa Indonesia version of the agreement needs to be executed at the same time as the English version of the agreement, or the agreement will need to be executed in a bilingual version. In addition, Regulation No. 63/2019 expressly confirms that parties to an agreement involving foreign parties may agree on any prevailing language of the agreement if there are any inconsistencies between the Bahasa Indonesia version and the foreign language version.

The Bank will execute dual English and Bahasa Indonesia versions of all transaction agreements to which it is party. All of these documents will provide that in the event of a discrepancy or inconsistency, the parties intend the English version to prevail which is in line with the provisions of Regulation No. 63/2019. Some concepts in the English language may not have a corresponding term in the Indonesian language and the exact meaning of the English text may not be fully captured by or accurately translated into the Indonesian language version. Further, the Bank cannot assure you that the Bahasa Indonesia language version will reflect the original intent of the parties or that the English version as the prevailing language in such transaction documents will be interpreted and enforced by the Indonesian courts as intended.

DISCLOSURE REGARDING FORWARD-LOOKING STATEMENTS

This Offering Circular contains "forward-looking" statements that relate to future events, which are, by their nature, subject to significant risks and uncertainties. All statements other than statements of historical fact contained in this Offering Circular, including, without limitation, those regarding the Bank's future financial position and results of operations, strategy, plans, objectives, goals and targets, future developments in the markets where they participate or are seeking to participate, and any statements preceded by, followed by or that include the words "believe", "expect", "aim", "intend", "will", "may", "project", "estimate", "anticipate", "predict", "seek", "should" or similar expressions, are forward-looking statements. The future events referred to in these forward-looking statements involve known and unknown risks, uncertainties and other factors, some of which are beyond the Bank's control, which may cause the actual results, performance or achievements to be materially different from those expressed or implied by the forward-looking statements. By their nature, forward-looking statements are subject to numerous assumptions, risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. Forward-looking statements are not guarantees of future performance and that the Bank's actual results of operations, financial condition and liquidity, and the development of the businesses in which the Bank operates, may differ materially from those made in or suggested by the forward-looking statements contained in this Offering Circular. In addition, even if the results of operations, financial condition and liquidity and the development of the businesses in which the Bank operates are consistent with the forward-looking statements contained in this Offering Circular, those results or developments may not be indicative of results or developments in subsequent periods.

The cautionary statements set forth above should be considered in connection with any subsequent written or oral forward-looking statements that the Bank or persons acting on its behalf may issue. The Bank does not undertake any obligation to review or confirm analysts' expectations or estimates or to release publicly any revisions to any forward-looking statements to reflect events or circumstances after the date of this Offering Circular.

Additional factors that could cause actual results, performance or achievements to differ materially include, but are not limited to, those discussed under "*Risk Factors*".

Any forward-looking statements that the Bank makes in this Offering Circular speak only as at the date of such statements, and the Bank undertakes no obligation to update such statements (whether audited or unaudited). Comparisons of results for current and any prior periods are not intended to express any future trends or indications of future performance, and should only be viewed as historical data.

SUMMARY

The summary below is only intended to provide a limited overview of information described in more detail elsewhere in this Offering Circular. As it is a summary, it does not contain all of the information that may be important to investors and terms defined elsewhere in this Offering Circular shall have the same meanings when used in this summary. Prospective investors should therefore read this Offering Circular in its entirety, including the section titled "Risk Factors", before making an investment decision.

Overview

As of 30 June 2026, the Bank is one of Indonesia's largest corporate lenders. As of 30 June 2026, the Bank's corporate loan portfolio, comprising loans to the 150 largest publicly listed, state-owned, and private companies in Indonesia, totalled Rp1,591.68 trillion (US$89.02 billion), including loans originated by the Government Institutional unit. The Bank's total consolidated loans (comprising consolidated loans, consumer financing receivables, and net investment finance leases, excluding allowance for impairment losses) of Rp1,677.45 trillion (US$93.82 billion) as of the same date. The Bank has a strong national profile with a highly recognisable brand, winning eight awards at the Finance Asia Awards 2026 across a wide range of categories, including "Best Bank", "Best Retail Bank", "Best Bank for Large Corp & MNCs", "Best Sustainable Bank", "Best Bank for SME's", "Best Bank for Financial Inclusion", "Best Bank for Use of Technology", and "Best Custodian Bank". The Bank also had the lowest NPL ratios among large Indonesian banks, at 1.01% (consolidated) on a gross basis as of 30 June 2026. Among Indonesian banks, the Bank also had one of the largest branch networks, deposit and temporary *syirkah* fund bases and loan and financing portfolios, with 2,149 branches, Rp1,763.17 trillion (US$98.61 billion) (consolidated), and Rp1,677.45 trillion (US$93.82 billion) (consolidated), respectively as of and for the year ended 30 June 2026.

As one of Indonesia's largest corporate lender, the Bank is a Domestic-Systemically Important Bank ("**D-SIB**"), with a 17.15% market share of deposits in the Indonesian banking industry as of 30 June 2026, a 17.60% market share of assets in the Indonesian banking industry as of 30 June 2026, and a 18.47% market share of loans in the Indonesian banking industry as of 30 June 2026 (on a consolidated basis, according to the Indonesian Financial Services Authority (*Otoritas Jasa Keuangan* – "**OJK**") Banking Statistics figures). The Bank's consolidated CASA Ratio reached 69.19% as of 30 June 2026 (total consolidated CASA (comprising demand and saving deposits) of Rp1,219.91 trillion divided by total deposits of Rp1,763.17 trillion as of 30 June 2026), as compared to the Bank's consolidated CASA Ratio of 67.97% as of 31 December 2025 (total consolidated CASA (comprising demand and saving deposits) of Rp1,431.38 trillion divided by total deposits of Rp2,105.76 trillion as of 31 December 2025) and the Bank's consolidated CASA Ratio of 74.83% as of 31 December 2024 (total consolidated CASA (comprising demand and saving deposits) of Rp1,271.21 trillion divided by total deposits of Rp1,698.90 trillion as of 31 December 2024). The Bank maintains Indonesia's second largest branch network (including micro branches) with 2,149 branches, supported by 13,014 ATMs and 40,101 employees, each as of 30 June 2026. The Bank's total consolidated loans (comprising consolidated loans and Sharia loan/financing[1], consumer financing receivables, and net investment finance leases, excluding allowance for impairment losses) grew by a year on year of 13.44% from Rp1,670.55 trillion (US$93.43 billion) as of 31 December 2024 to Rp1,894.99 trillion (US$105.98 billion) as of 31 December 2025. The Bank's total consolidated loans amounted to Rp1,677.45 trillion

[1] With effect from 1 February 2026, the Bank has deconsolidated the financial statements of Bank Syariah Indonesia as a result from losing control over Bank Syariah Indonesia. See "– *Recent Developments – Deconsolidation of Bank Syariah Indonesia*" for more details.

(US$93.82 billion) as of 30 June 2026. Total deposits decreased by 16.27% from Rp2,105.76 trillion (US$117.77 billion) as of 31 December 2025 to Rp1,763.17 trillion (US$98.61 billion) as of 30 June 2026 due to the deconsolidation of the Bank's Sharia banking operations[2].

The Bank believes that it is one of Indonesia's most profitable banks. The Bank's consolidated net profit after tax ("**NPAT**") increased from Rp55.78 trillion in 2024 to Rp56.29 trillion (US$3.15 billion) in 2025, and increased from Rp24.46 trillion for the six-month period ended 30 June 2025 ("**1H2025**") to Rp30.41 trillion (US$1.70 billion) for the six-month period ended 30 June 2026 ("**1H2026**").

The Bank's efforts to improve the quality of its products and services, as well as its overall operations, have earned it a number of industry accolades from both local and international institutions in 2026, including: "Best Digital Consumer Lending Service in Asia Pacific" and "Best Super-App Financial Service in Asia Pacific" by The Asian Banker, "Best Bank in Indonesia", "Best Digital Bank in Indonesia", and "Best Retail Bank in Indonesia" by Alpha Southeast Asia, "Best Bank", "Best Retail Bank", "Best Bank for Large Corp & MNCs", "Best Sustainable Bank" by Finance Asia, and Asia-Pacific's Best Companies of 2026 – Banking & Financial Services in Indonesia by Time.

The Bank conducts its business through the following operating segments:

- Wholesale Banking:
    - Corporate Banking;
    - Commercial Banking;
    - Government Institutional Relations; and
    - Treasury and International Banking;
- Retail Banking:
    - SMEs;
    - Micro;
    - Wealth management and
    - Individual/consumer; and
- Subsidiaries (consisting of Conventional Banking, Financing Company, Insurance, Investment Banking and Investment Management).

The Bank preserves close ties among its different business units and subsidiaries through cross-selling efforts, Group-wide branding, network optimisation, shared infrastructure and cost management.

[2] With effect from 1 February 2026, the Bank has deconsolidated the financial statements of Bank Syariah Indonesia as a result from losing control over Bank Syariah Indonesia. See "– *Recent Developments – Deconsolidation of Bank Syariah Indonesia*" for more details.

Competitive strengths

The Bank believes that its principal competitive strengths are:

Leading Indonesian corporate lender and Domestic-Systemically Important Bank ("D-SIB") with a highly diversified loan portfolio

The Bank has one of the largest corporate loan (including Government Institutional) portfolios among Indonesian banks, with Rp836.11 trillion (US$46.76 billion) of corporate loans as of 30 June 2026 and total consolidated loans and financing of Rp1,677.45 trillion (US$93.82 billion), making it one of the largest D-SIBs (as defined in and in accordance with OJK Regulation No. 5 of 2024). The Bank defines corporate borrowers as the 150 largest publicly listed, Government, other state-owned enterprises ("**SOEs**") and private company borrowers in Indonesia with gross annual sales of more than Rp2 trillion. The Bank is a lender to each of Indonesia's ten largest publicly listed companies which gives the Bank a strong national profile and highly recognisable brand. The Bank is a key lender to SOEs which account for 18.23% of total loans (standalone), as of 30 June 2026. The Bank is also active in the syndicated loan market, particularly for national infrastructure projects, and was the leading arranger of syndicated loans in Indonesia by value in 2025, based on Bloomberg data. In addition to loans, the Bank serves its anchor corporate borrowers with various investment banking, capital markets, cash management, treasury, payroll and insurance offerings.

In addition to corporate loans (including Government Institutional), which represented 52.53% of loans (standalone) and 49.84% of consolidated loans as of 30 June 2026, the Bank also diversified its business to middle market and retail segments that represented 21.56% and 25.63% respectively of its loan portfolio (standalone). The Bank had total loans (standalone) of Rp1,591.68 trillion (US$89.02 billion) as of 30 June 2026, the largest among Indonesian banks. Given the Bank's low-cost of funds, its total loan portfolio yields a net interest margin ("**NIM**") of 4.34%, as of 30 June 2026.

The Bank's strength in corporate lending generates ready synergies in other areas. The Bank from time to time has been expanding its payroll account base from employees of Indonesia's biggest private and Government institutions. These payroll account customers, considered as low-risk retail customers, continue to provide a stable, low-cost funding base as well as becoming the Bank's key target market when growing its retail loan portfolios.

One of the lowest cost, diversified and most stable funding bases among Indonesian banks

The Bank has the largest funding base and the second lowest cost of funds among Indonesian banks as of 30 June 2026. In addition to its depositor base, as one of Indonesia's largest banks, the Bank enjoys access to domestic and international wholesale funding sources such as loans and debt securities. This funding base translates into a cost of funds (standalone) of 2.01% per annum as of 30 June 2026, the second lowest among large Indonesian banks.

The Bank has the largest deposit base among Indonesian banks, with total deposits of Rp1,710.03 trillion (US$95.64 billion) as of 30 June 2026. This deposit base is low-cost, with a 70.50% ratio (standalone) of CASA (current account and savings deposits) to total deposit accounts. The Bank's average cost of funds is less sensitive to increases in interest rates given this ratio. The Bank's depositors span the entire range of banking customers, from the largest private and public sector corporates to retail depositors including both high-net-worth individuals and mass market depositors.

The Bank's diversified funding base gives it a strong liquidity and stable funding position, as evidenced by a Liquidity Coverage Ratio of 123.40% and a Net Stable Funding Ratio of 106.64% (standalone), each as of 30 June 2026.

Leading market position across full spectrum of financial services

The Bank has positioned itself as a one-stop provider of financial solutions for both wholesale and retail customers. The Bank believes it has the largest market share in wholesale lending in Indonesia (composed of the Bank's Corporate and Commercial Banking segments) as of 30 June 2026. In addition, the Bank believes it is among the three leading competitors in each key retail banking segment, including mortgages/housing loans (excluding Government subsidised loans), auto loans, credit cards and personal loans, as of 30 June 2026. The Bank capitalises on its market leadership in the Wholesale Banking segment, particularly in corporate loans, to accelerate growth in its Retail Banking segment, such as cross-selling retail products to the 5.73 million payroll accountholders (as of 30 June 2026) of the Bank's large corporate and Government customers.

In addition, the Bank believes that its subsidiaries are also leaders in their respective markets, creating further mutual cross-selling opportunities. Mandiri Sekuritas is a leading provider of financial advisory, capital markets and brokerage services to the Bank's corporate borrowers. AXA Mandiri life insurance products are currently offered exclusively to the Bank's customers. The Bank has also successfully promoted various consumer finance and credit card offerings to retail customers, especially its payroll account customers. The Bank captures the entire life cycle of its retail customers by offering pension loans through its subsidiary, Bank Mandiri Taspen.

Relative to the Bank's Rp48.33 trillion (US$2.70 billion) total interest and premium income in 1H2026, the Bank's subsidiaries contributed of net premium income of Rp0.50 trillion (US$0.03 billion) and other fee and commission income of Rp4.21 trillion (US$0.24 billion). Together, the Bank's eight[3] subsidiaries offer one of the most extensive product offerings among Indonesian banks, including but not limited to:

- Mandiri Sekuritas: Investment banking and capital markets services;
- AXA Mandiri Financial Services: Bank assurance (life insurance) products and services;
- Bank Mandiri Taspen: Niche banking focusing on pensioners as a target market;
- Mandiri Tunas Finance: Multi-finance products, particularly for auto loans for new cars;
- Mandiri Utama Finance: Customer financing services, including financing for both new and used vehicles;
- Bank Mandiri (Europe) Limited: Commercial banking that leverages the Group's ecosystem in overseas markets;
- Mandiri International Remittance Sdn. Bhd.: Remittance service provider; and
- Mandiri Capital Indonesia: Operates in venture capital business, including investing in start-up companies that focus on financial technology.

Strong business franchise and extensive distribution network

The Bank believes that it has one of the most extensive distribution networks among Indonesian banks, anchored by its branch network of 2,149 branches and supported by 13,014 ATMs and 40,101 employees, each as of 30 June 2026. In addition, the Bank has experienced rapid growth

[3] With effect from 1 February 2026, the Bank has deconsolidated Bank Syariah Indonesia financial statements as a result from losing control over Bank Syariah Indonesia. However, the Bank continues to hold a 51.47% ownership interest in Bank Syariah Indonesia. See "– *Recent Developments – Deconsolidation of Bank Syariah Indonesia*" for more details.

in its digital platforms in terms of registered users. As part of its efforts to optimise technology and accelerate the Bank's digital transformation, in 2021, the Bank launched the digital banking platforms, Livin' by Mandiri and Kopra by Mandiri, to serve its retail and wholesale customers respectively. The number of registered users of Livin' by Mandiri grew by 7.38% from approximately 37.25 million as of 31 December 2025 to approximately 40 million users as of 30 June 2026. The number of registered users of Kopra by Mandiri grew by 11.07% from 318,507 as of 31 December 2025 to 353,776 users as of 30 June 2026.

The Bank aims to expand its extensive distribution network even further by developing several digital distribution channels, given that customers increasingly transact online. These include its mobile banking products branded under Livin' by Mandiri, and its prepaid card service branded under "e-money". Additionally, the Bank has entered into several partnerships with fintech companies and invests in tech start-up companies through its subsidiary, Mandiri Capital Indonesia (in which the Bank had an effective shareholding interest of 99.99% as of 30 June 2026).

The Bank's strong branch banking and digital distribution networks have translated into approximately 48.73 million deposit accounts (including customer, retail and non-retail deposit accounts) and approximately 4.85 million loan accounts as of 30 June 2026, compared to approximately 46.8 million and 4.99 million as of 31 December 2025.

Strong corporate governance and employee engagement

The Bank emphasises the adoption of good corporate governance ("**GCG**") principles and practices at all levels, from the Board of Commissioners and Board of Directors to individual business units. The Bank has implemented a whistleblowing system which is currently managed by an independent third party and, since 2021, the Bank has also collaborated with the Corruption Eradication Commission (KPK) in relation to the handling of complaints in an effort to eradicate criminal acts of corruption.

In assessing the quality of its implementation of GCG, the Bank regularly participates in the Corporate Governance Perception Index ("**CGPI**") research and rating programme conducted by The Indonesian Institute of Corporate Governance ("**IICG**") whereby the results of the CGPI assessment are used by the Bank to evaluate and improve the implementation of GCG. CGPI participants are public companies (issuers), State-Owned Enterprises (*Badan Usaha Milik Negara/BUMN*), banks, and other private companies. In 2025, the Bank was awarded the "Most Trusted Company" for the 19th consecutive year, with an improved score of 95.36, an increase from its score of 95.30 in 2024.

In 2025, the Bank also participated in the ASEAN Corporate Governance Scorecard ("**ACGS**") assessment, which is an initiative organised by the ASEAN Capital Market Forum (ACMF) to assess, enhance, and promote corporate governance among participating ASEAN countries public listed companies ("**PLCs**"). In 2025, the Bank was recognised as ASEAN Top 50 Public Listed Companies (PLC), Top 5 PLC Indonesia and ASEAN Asset Class PLC.

As an example of its dedication to GCG, the Bank has published a media report on complaints of violations named Whistleblowing System – Letter to CEO ("**WBS-LTC**") since 2009. WBS-LTC aims to detect indications or acts of fraud and/or non-fraud, encourage awareness and concern for all employees as well as improve the company's reputation in the eyes of stakeholders.

The administration of the WBS-LTC reports is carried out by independent third parties to provide safe environments that give employees and stakeholders the confidence to report indications or acts of fraud and/or non-fraud.

The Bank has also been repeatedly recognised for its strong employee engagement and satisfaction. In 2025, the Bank received several awards, including the Gold Award for "Employee Engagement" by CC APAC and multiple recognitions at the Employee Experience Awards Indonesia, such as "Employee Experience Champion of the Year", "Overall Engagement Award", "Overall Leadership Award", and the Gold Award for "Best Graduate Training Programme". These recognitions are complemented by the Bank's consistently improving employee engagement scores over the years, as measured by a reputable third-party provider, which have remained above the industry benchmark. In addition, the Bank has established itself as an employer of choice, as evidenced by its ranking as the "#1 Best Place to Grow a Career" by LinkedIn Top Companies for three consecutive years.

Experienced and stable management team

The Bank's directors have an average of over 20 years' experience in the banking industry. Most of the Bank's senior executives have extensive experience in the banking industry and have received advanced degrees from universities outside of Indonesia. Under the leadership of its management team, the Bank has continued to demonstrate strong operating performance and has been successful in implementing its Corporate Plan 2020-2024. In recent times, the Bank has continued to deliver a strong financial performance, with the majority of its financial indicators surpassing those of the Indonesian banking industry. For instance, as at 30 June 2026, the Bank's consolidated loan balance grew by 18.83% year-on-year (reflecting the deconsolidation of the Bank's Sharia banking operations[4]) while its gross NPL ratio was successfully maintained at 1.01%. In comparison, the industry's loan growth and gross NPL ratio as of 30 June 2026 was 12.67% and 2.09%[5].

The Bank believes that it holds a leading position in the Indonesian banking industry as a result of the capabilities of its management. Among Indonesia's five largest banks, the Bank is one of the least dependent on interest income, with a fee-based income ratio (other operating income divided by sum of net interest income and other operating income) standing at 32.09% and 31.49% of its total income in 2025 and 1H2026 respectively. In addition, the Bank's gross NPL Ratio has steadily improved from 3.10% as of 31 December 2020 to 1.01% as of 30 June 2026 through more rigorous credit approval measures in the commercial segment. The Bank believes that its experienced management team will continue to provide it with a critical advantage in an increasingly competitive industry.

Robust financial profile

The Bank has shown strong and stable growth in consolidated operational income, from Rp144.08 trillion in 2024 to Rp154.76 trillion (US$8.66 billion) in 2025 and from Rp73.23 trillion for 1H2025 to Rp70.70 trillion (US$3.95 billion) for 1H2026. The Bank's consolidated operational income grew by 5.67% year-on-year ("**YoY**") between 2024 and 2025 and decreased 3.45% from 1H2025 and 1H2026, due to the deconsolidation of the Bank's Sharia banking operations[2]. In addition, the Bank maintains a strong capital base and a capital adequacy ratio ("**CAR**") (standalone) of 17.52% as of 30 June 2026, which is more than the minimum required CAR of 14.74%. This high ratio gives the Bank substantial stability to withstand market shocks and the capacity to capture future growth potential. The Bank believes that Indonesia's strong economy will continuously support the growth of its operations and financial performance.

However, the Bank continues to hold a 51.47% ownership interest in Bank Syariah Indonesia. See "– *Recent Developments – Deconsolidation of Bank Syariah Indonesia*" for more details.

[5] Source: OJK, "Siaran Pers: Stabilitas Sektor Jasa Keuangan Terjaga Mendukung Pengembangan dan Penguatan Sektor Keuangan", August 2026; Bank Indonesia, "BI-Rate Tetap 5.75%: Memperkuat Stabilitas, Mendorong Pertumbuhan Ekonomi", July 2026

Key strategies

The Bank, as a wholesale bank with all-rounder ecosystem potential, envisions itself as "The Best Financial Institution in Southeast Asia". The Bank is committed to delivering superior customer experience recognised at the regional level while maintaining its role as a catalyst for Indonesia's national economic growth. This aspiration reflects the Bank's commitment to create sustainable value for all stakeholders: customers, employees, shareholders, society, and regulator. To realise this vision, the Bank has established its mission of providing integrated and innovative financial solutions based on technology with excellent service, focused on customer satisfaction, financial inclusion, and increasing value for shareholders, to drive Indonesia's economic growth to be competitive on a global level.

As a financial institution with core competence in wholesale banking, the Bank aims to become the benchmark wholesale bank in Southeast Asia, positioning itself as the preferred financial partner for corporations, State-Owned Enterprises ("**SOEs**"), financial institutions, and governments. Strengthening its wholesale banking position will also serve as a key growth driver for its Retail Banking segment, supported by value-chain linkages within the Bank's wholesale client ecosystem. In the retail segment, the Bank strives to provide comprehensive, inclusive, and technology-driven banking solutions that serve all customer groups and generations. Through initiatives such as *Livin' by Mandiri*, the Bank continues to enhance financial inclusion and accessibility for individuals across various socio-economic levels, while also expanding services in wealth management and productive micro segments. This strategy reinforces the Bank's aspiration to promote financial prosperity by offering digital, accessible, and relevant banking services that meet the evolving needs of society.

In pursuing these goals, the Bank maintains a strong focus on enhancing synergy across the Group entities to establish a more efficient, innovative, and future-ready financial conglomerate. The Bank expects integration among business units to create added value for shareholders while delivering comprehensive products and services to customers, fostering a robust and holistic financial ecosystem. The Bank also continues to strengthen its corporate fundamentals to support aggressive, yet prudent and sustainable business growth. This strategic focus covers key areas such as People, IT Digital & Operations, Environmental, Social & Governance (ESG), and Risk Management.

In the area of human capital, the Bank is advancing organisational and cultural transformation to nurture a workforce capable of competing in both national and international markets. This transformation ensures that every individual possesses strong competencies and contributes meaningfully to Indonesia's economic growth. Within IT, Digital, and Operations, the Bank strives to become a customer-centric digital banking leader, focusing on continuous technological innovation and operational excellence. The transformation aims to build an innovative, integrated, and digital-ready banking ecosystem that meets customer needs efficiently and securely. Through quick, reliable, and affordable digital services, the Bank aims to enhance its operational efficiency and strengthen its competitive edge as a leading financial institution in Southeast Asia.

The Bank is equally committed to upholding Environmental, Social & Governance ("**ESG**") principles to advance its vision of becoming a "Sustainability Champion for a Better Future". This commitment is implemented through three main pillars: sustainable banking by providing financing for sustainable development; sustainable operations by adopting environmentally responsible practices; and sustainability beyond banking by engaging communities in long-term sustainability initiatives. In line with its targets of achieving Net Zero Emissions in Operations by 2030, the Bank has consistently integrated ESG principles across its business and operational activities which includes enhancing the management and monitoring of operational emissions, improving energy efficiency initiatives, and embedding climate-related considerations into internal policies and governance processes. In addition, the Bank has continued to align its financing portfolio with

applicable sustainability frameworks and integrate climate risk management and ESG principles within its credit and portfolio management processes in order to achieve its target of Net Zero in Financing by 2060.

In risk management, the Bank applies a proactive and adaptive approach to safeguard financial and operational stability. This integrated framework enables the Bank to identify, manage, and mitigate risks effectively in a dynamic business environment while maintaining full compliance with applicable regulations and global standards.

2026 focus

In 2026, the Bank will focus on enhancing profitability through solid business growth to maintain healthy and sustainable performance.

The Bank will reinforce ecosystem synergy across its Wholesale and Retail Banking segments, as well as its Subsidiaries segment, to optimise the value chain, increase the volume of loan disbursements and third-party funds, and expand its customer base through integrated cross-entity collaborations within the Group.

The Bank will continue to accelerate transactional growth and recurring fee-based income by optimising Livin', Kopra, and treasury services, in order to strengthen CASA growth, maintain efficient cost of funds, and ensure healthy liquidity, while increasing transaction volumes and margins.

In addition, the Bank will intensify end-to-end digital transformation and operational efficiency, strengthen execution discipline, and enhance employee capabilities to improve productivity, agility, and process stability.

The Bank remains committed to balanced and sustainable growth through prudent portfolio management, strong capital structure, and adaptive risk management.

Recent Developments

Deconsolidation of Bank Syariah Indonesia

In December 2025, shareholders of PT Bank Syariah Indonesia Tbk ("**Bank Syariah Indonesia**"), a subsidiary of the Bank, approved certain amendments to Bank Syariah Indonesia's articles of association. Following such amendments, BP BUMN (acting as the representative of the Government, holder of the Series A Dwiwarna Shares in Bank Syariah Indonesia) issued letter No. S-55/BP/01/2026 dated 27 January 2026. Pursuant to such letter, the Government revoked the Special Power of Attorney No. SKK-43/MBU/06/2022 dated 24 June 2022 that was previously granted by the Government to the Bank to exercise the Government's authority as holder of Series A Dwiwarna Shares in Bank Syariah Indonesia. The letter also detailed the grant of a new power of attorney by the Government to PT Danantara Asset Management (Persero) to exercise the same rights on behalf of the Government, replacing the Bank.

Notwithstanding the revocation of the abovementioned power of attorney, as of the date of this Offering Circular the Bank retains its majority stake of 51.47% in Bank Syariah Indonesia and continues to exercise significant influence over it. However, the revocation of the special power of attorney resulted in the Bank being deemed to have lost control over Bank Syariah Indonesia in accordance with the criteria of prevailing Indonesian financial accounting standards. Accordingly, with effect from 1 February 2026, the Bank has deconsolidated the financial statement of Bank Syariah Indonesia (the "**Deconsolidation**"), resulting in the Bank's derecognition of net assets of Bank Syariah Indonesia amounting to Rp49,419,851 and non-controlling interest in equity amounting to Rp23,844,295. With effect from 1 February 2026, the Bank has adopted equity

accounting in recording investment in Bank Syariah Indonesia according to the portion of share ownership in Bank Syariah Indonesia and recognises the share of profit or loss in Bank Syariah Indonesia according to the portion of share ownership based on the Statement of Financial Accounting Standards 228 "Investments in Associates and Joint Ventures".

As a result of the Deconsolidation, the Group's financial statements for the years ended 31 December 2024 and 2025, and for the six-month period ended 30 June 2025 may not be comparable to the Group's financials going forward, as they do not reflect the Group's financial position following the Deconsolidation. See "*Risk Factors – Risks relating to the Bank – The deconsolidation of PT Bank Syariah Indonesia Tbk will result in a significant decrease in the Bank's reported consolidated assets and revenue, and its historical financial results will no longer be comparable to future periods*" for more details.

SUMMARY OF THE OFFERING

The following summary of the offering contains basic information about the Capital Securities. It is not intended to be complete and is subject to important limitations and exceptions. Capitalised terms used in this summary and not otherwise defined shall have the meanings given to them in "Terms and Conditions of the Capital Securities". For a more complete understanding of the Capital Securities and risks related to an investment in the Capital Securities, please refer to "Terms and Conditions of the Capital Securities" and "Risk Factors" herein.

Issuer:	PT Bank Mandiri (Persero) Tbk
Legal Entity Identifier:	549300RSKQN4Z5ZSGH94
The Capital Securities:	US$750,000,000 Additional Tier 1 Perpetual Non-Cumulative Capital Securities.
Joint Global Coordinators, Joint Bookrunners and Joint Lead Managers:	The Hongkong and Shanghai Banking Corporation Limited J.P. Morgan Securities plc Mandiri Securities Pte. Ltd. Standard Chartered Bank
Trustee:	The Bank of New York Mellon, London Branch
Principal Paying Agent and Calculation Agent:	The Bank of New York Mellon, London Branch
Registrar and Transfer Agent:	The Bank of New York Mellon SA/NV, Dublin Branch
Issue Price:	100 per cent. of the principal amount of the Capital Securities.
Issue Date:	10 September 2026
Form and Denomination:	The Capital Securities will be issued in registered form in the specified denomination of US$200,000 and integral multiples of US$1,000 in excess thereof.
No Maturity Date:	The Capital Securities will be perpetual securities in respect of which there is no fixed redemption date. The Capital Securities may be redeemed by the Bank in the circumstances as described in Condition 6 (*Redemption, Purchase and Variation*). The Capital Securities are not redeemable at the option of the Securityholders and no Securityholder may request the Bank to redeem any Capital Security held by it or request the Bank to buyback any Capital Security held by it.

Status and Subordination:

The Capital Securities will constitute direct, unsecured and subordinated obligations of the Bank and shall at all times rank *pari passu* and without any preference among themselves.

Subject to the insolvency laws of Indonesia, upon the occurrence of any Winding-Up Proceeding (other than pursuant to a Permitted Reorganisation), the rights of the Securityholders to payment of principal of and Distributions on the Capital Securities, and any other obligations in respect of the Capital Securities, shall rank:

(i) senior in right of payment to, and of all claims of the holders of, Junior Obligations;

(ii) *pari passu* in right of payment to, and of all claims to the holders of, Parity Obligations;

(iii) subordinated and junior in right of payment to, and of all claims to the holders of:

  (a) all unsubordinated creditors of the Bank (including its depositors);

  (b) any holders of Tier 2 Capital Instruments of the Bank;

  (c) the holders of other subordinated instruments or other obligations issued, entered into, or guaranteed by the Bank, and any other instrument or other obligations issued, entered into, or guaranteed by the Bank that ranks or is expressed to rank senior to the Capital Securities by operation of law or contract.

The ranking of claims set out above applies to all obligations of the Bank, present or future, issued or guaranteed by the Bank that rank or are expressed to rank senior to, junior to or *pari passu* with the Capital Securities, as the case may be, by operation of law or contract, but at all times subject to such exceptions required by mandatory provisions of the insolvency laws of Indonesia or any other applicable laws and regulations.

Distributions:

The Capital Securities confer a right to receive Distribution on its Prevailing Principal Amount from and including 10 September 2026 (the "**Issue Date**") at a fixed rate per annum (expressed as a percentage) equal to the Distribution Rate, such Distribution being payable semi-annually in equal instalments in arrear on each Distribution Payment Date.

The Distribution Rate in respect of the Capital Securities for the period:

(i) from (and including) the Issue Date to (but excluding) 10 September 2031 (the "**First Reset Date**") shall be 7.35 per cent. per annum (the "**Initial Distribution Rate**"); and

(ii) from (and including) the First Reset Date and each Reset Date falling thereafter to (but excluding) the immediately following Reset Date shall be determined by the Calculation Agent on the Reset Determination Date as the sum of:

(A) the Initial Spread; and

(B) the Reset Reference Rate,

(the "**Reset Distribution Rate**" and, together with the Initial Distribution Rate, each a "**Distribution Rate**").

"**Reset Date**" means:

(i) the First Reset Date; and

(ii) each date falling every five calendar years after the First Reset Date,

in each case, not adjusted for Business Days.

Conditions to Distributions and Cancellation:

The Bank may, at its sole discretion, elect to cancel (in whole or in part) any Distribution on the Capital Securities in accordance with Condition 5 (*Distribution Restrictions*). The Bank may at its discretion use the funds arising from the cancellation of such Distribution to repay other debts that are due.

The Bank shall give notice to the Securityholders in accordance with Condition 15 (*Notices*) and to the Trustee and the Agents in writing of any cancellation (in whole or in part) of any Distribution at least 10 Business Days prior to the relevant Distribution Payment Date.

Any non-payment of such Distribution shall not constitute an Enforcement Event.

Non-Cumulative Distributions: The payments of Distributions are non-cumulative. If a Distribution is not paid in accordance with Condition 5(a) (*Optional Distribution Cancellation Event*) and/or Condition 5(b) (*Mandatory Distribution Cancellation Event*), the Bank is not under any obligation to pay that or any other Distributions that have not been paid thereafter, whether in a winding-up of the Bank or otherwise, and Securityholders will have no right to receive such Distribution at any time, even if subsequent Distributions are paid in the future, nor be entitled to any claim in respect thereof against the Bank. Such unpaid Distributions are non-cumulative and do not accrue interest, and any non-payment of such Distribution shall not constitute an Enforcement Event (as described in Condition 11 (*Enforcement Events*)).

There is no limit on the number of times or the extent of the amount with respect to which the Bank can elect not to pay Distributions pursuant to Condition 5 (*Distribution Restrictions*).

Distribution Stopper: If, on any Distribution Payment Date, payment of Distributions scheduled to be made on such date is not made in full by reason of Condition 5 (*Distribution Restrictions*), the Bank shall not, and the Bank shall procure that (in relation to any Parity Obligations) any other person which is the issuer thereof shall not:

(i) declare or pay any dividends or other distributions or make any other payment, and will procure that no dividend or other payment is made, in respect of any Junior Obligations (or contribute any monies to a sinking fund for the payment of any dividends or distributions in respect of any such Junior Obligations);

(ii) declare or pay, or permit any Subsidiary (where relevant) of the Bank to declare or pay, any dividends or other distributions in respect of its Additional Tier 1 Capital Instruments the terms of which provide that making payments of dividends or other distributions in respect thereof are fully at the discretion of the Bank (or contribute any monies to a sinking fund for the payment of any dividends or distributions in respect of any such Additional Tier 1 Capital Instruments), except where such dividend, distribution or other payment is made on a *pro rata* basis with payment on the Capital Securities; or

(iii) redeem, reduce, cancel, buy-back or acquire any of its Additional Tier 1 Capital Instruments or its Junior Obligations, or permit any Subsidiary (where relevant) of the Bank to redeem, reduce, cancel, buy-back or acquire any of its Additional Tier 1 Capital Instruments or its Junior Obligations (or contribute any monies to a sinking fund for the redemption, capital reduction, buy-back or acquisition of any such Additional Tier 1 Capital Instruments or Junior Obligations) except, in relation to Additional Tier 1 Capital Instruments, where such redemption, reduction, cancellation or buy-back is made on a pro rata basis with a *pro rata* purchase of Capital Securities,

in each case, unless or until the earlier of:

(I) the outstanding Capital Securities having been redeemed or repurchased and cancelled in full; or

(II) each outstanding Capital Security having been Written-off in its entirety in accordance with the Conditions;

(III) the next Distribution scheduled to be paid on any subsequent Distribution Payment Date (which, for the avoidance of doubt, shall exclude any Distribution that has been cancelled in accordance with the Conditions prior to such subsequent Distribution Payment Date) has been paid in full (or an amount equivalent to such next scheduled Distribution has been paid, or been irrevocably set aside in a separately designated trust account for payment to the Securityholders); or

(IV) the Bank is permitted to do so by an Extraordinary Resolution (as defined in the Trust Deed) of the Securityholders

Write Down on a Loss Absorption Event:

If a Loss Absorption Event occurs, the Bank shall irrevocably and without the need for the consent of the Trustee or the Securityholders:

(A) cancel any Distribution accrued and unpaid (if any) up to but excluding the relevant Loss Absorption Effective Date; and

(B) reduce the then Prevailing Principal Amount (subject to the maintenance of the specified denomination of the Capital Securities), in respect of each Capital Security (in whole or in part) by an amount equal to the Write Down Amount per Capital Security (a "**Write Down**", and "**Written Down**" shall be construed accordingly).

The Bank shall, as soon as reasonably practicable following its determination that a Loss Absorption Event has occurred, and in any event not more than five days following such determination (provided that later notice shall not constitute a default under the Capital Securities for any purpose or affect the Write Down of the Capital Securities on the Loss Absorption Effective Date) issue a Write Down Notice to Securityholders in accordance with Condition 15 (*Notices*) and to the Trustee and the Principal Paying Agent in writing. The Bank will use its reasonable endeavours to effect the relevant Write Down no later than 30 days from the date of the Write Down Notice.

Once any principal or Distribution under a Capital Security has been Written Down, it will be extinguished and will not be restored in any circumstances, including where the relevant Loss Absorption Event ceases to continue. No Securityholder may exercise, claim or plead any right to any Write Down Amount, and each Securityholder shall be deemed to have waived all such rights to such Write Down Amount (including, for the avoidance of doubt, its right to any Distribution on any principal that has been Written Down, including Distribution accrued but unpaid up to the relevant Loss Absorption Effective Date). The occurrence of a Loss Absorption Event and the performance of Write Down will not be considered as an Enforcement Event under the Capital Securities.

Any Write Down of any Capital Security under Condition 7(a) (*Write Down on a Loss Absorption Event*) will however be effective upon the date that the Bank specifies in the Write Down Notice notwithstanding any inability to operationally effect any such Write Down or any cancellation, modification, conversion or change in form as a result of the exercise of OJK under Condition 7 (*Loss Absorption upon a Loss Absorption Event*) in the relevant clearing system(s).

"**Loss Absorption Event**" means a Point of Non-Viability Event has occurred and the Bank receives a written instruction from OJK to Write Down the Capital Securities;

"**Point of Non-Viability Event**" means any of the following trigger events or any other events as determined by OJK in accordance with the Applicable Regulations:

(i) there being a plan from the competent authority to inject capital into the Bank because the business continuity of the Bank is deemed to be potentially disrupted; and/or

(ii) such other circumstances that OJK may, at its discretion, determine from time to time,

and the Issuer receives a written instruction from OJK to Write Down the Capital Securities.

Redemption at the Option of the Bank:

The Capital Securities are redeemable at the option of the Bank.

Subject to Condition 6(g) (*Conditions of redemption or variation for Capital Securities*), the Bank may, giving not less than 15 nor more than 60 days' prior notice to the Securityholders (which notice shall be irrevocable) and in writing to the Trustee and the Principal Paying Agent, redeem, all but not some only, of the Capital Securities on the First Reset Date or on any Distribution Payment Date falling after the First Reset Date. Any such redemption of Capital Securities shall be at their Prevailing Principal Amount plus Distribution accrued and unpaid (if any, and other than that not being paid in accordance with Condition 5(a) (*Optional Distribution Cancellation Event*) or Condition 5(b) (*Mandatory Distribution Cancellation Event*)) to (but excluding) the date fixed for redemption in accordance with the Conditions.

Redemption for a Change of Qualification Event:

Subject to Condition 6(g) (*Conditions of redemption or variation for Capital Securities*), if a Change of Qualification Event has occurred and is continuing, the Bank may, giving not less than 15 nor more than 60 days' prior notice to the Securityholders (which notice shall be irrevocable) and in writing to the Trustee and the Principal Paying Agent, redeem at any time, all but not some only of the Capital Securities, at their Prevailing Principal Amount plus Distribution accrued and unpaid (if any, and other than that not being paid in accordance with Condition 5(a) (*Optional Distribution Cancellation Event*) or Condition 5(b) (*Mandatory Distribution Cancellation Event*)) to (but excluding) the date fixed for redemption in accordance with the Conditions.

Prior to the issue of any notice of redemption, the Bank shall deliver to the Trustee a certificate in English signed by any Director of the Bank who is also an Authorised Signatory (as defined in the Trust Deed) of the Bank, stating that the Bank is entitled to effect such redemption, and the Trustee shall be entitled (but shall not be obliged) to accept such certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Securityholders.

"**Change of Qualification Event**" means that, as a result of any change (or pending change) in the regulatory classification of the Capital Securities under the Applicable Regulations or any decision by OJK on or after the Issue Date, the Capital Securities are (or would be) fully or partly excluded from:

(i) the Bank's or the Group's Additional Tier 1 capital; and/or

(ii) capital eligible for inclusion in the calculation of the Bank's or the Group's total capital adequacy ratio,

as such terms are used in the Applicable Regulations, save where such exclusion is solely by virtue of the Bank already having on issue securities with an aggregate principal amount up to or in excess of any applicable limit on the amount of such capital as permitted from time to time under such Applicable Regulations (as defined in the Conditions). Any decision by OJK not to accept the qualification of any Capital Securities as the Group's Additional Tier 1 capital shall be deemed to be a Change of Qualification Event.

Redemption for Taxation Reasons:

Subject to Condition 6(g) (*Conditions of redemption or variation for Capital Securities*), the Capital Securities may be redeemed at the option of the Bank in whole, but not in part, at any time on giving not less than 15 nor more than 60 days' prior notice to the Securityholders (which notice shall be irrevocable) and in writing to the Trustee and the Principal Paying Agent, at their Prevailing Principal Amount plus Distribution accrued and unpaid (if any, and other than that not being paid in accordance with Condition 5(a) (*Optional Distribution Cancellation Event*) or Condition 5(b) (*Mandatory Distribution Cancellation Event*)) to (but excluding) the date fixed for redemption in accordance with the Conditions, if the Bank satisfies the Trustee immediately prior to the giving of such notice that:

(i) on the date on which the next Distribution is due under the Capital Securities, the Bank has or will become obliged to pay additional amounts as provided or referred to in Condition 9 (*Taxation*) as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 9 (*Taxation*)), or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after 3 September 2026; or

(ii) the part of Distribution payable on the Capital Securities that is tax deductible by the Bank for Indonesian tax purposes is reduced or would otherwise be considered as payments of a type that are non-deductible for Indonesian income tax purposes as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 9 (*Taxation*)), or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after 3 September 2026,

(each such event a "**Capital Security Tax Event**") and, in the case of each of (i) or (ii), such obligation cannot be avoided by the Bank taking reasonable measures available to it, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Bank would be obliged to pay such additional amounts as set out in (i) above or payments of Distribution would be so treated as set out in (ii) above.

Redemption for a Capital Trigger Event:

Subject to Condition 6(g) (*Conditions of redemption or variation for Capital Securities*), if a Capital Trigger Event has occurred, the Bank will, no later than 30 days after the Capital Trigger Event Date and having given not less than 15 days' prior notice to the Securityholders (which notice shall be irrevocable) and in writing to the Trustee and the Principal Paying Agent, redeem all but not some only of the Capital Securities, at their Prevailing Principal Amount plus:

(i) Distribution accrued and unpaid (if any, and other than that not being paid in accordance with Condition 5(a) (*Optional Distribution Cancellation Event*) or Condition 5(b) (*Mandatory Distribution Cancellation Event*)) to (but excluding) the date fixed for redemption in accordance with the Conditions; plus

(ii) the Capital Trigger Event Premium.

Prior to the issue of any notice of redemption pursuant to Condition 6(e) (*Redemption for a Capital Trigger Event*), the Bank shall deliver to the Trustee a certificate in English signed by any Director of the Bank who is also an Authorised Signatory, stating that the Bank is entitled to effect such redemption, and the Trustee shall be entitled (but shall not be obliged) to accept such certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Securityholders.

For the purposes of determining whether a Capital Trigger Event has occurred, the Bank may calculate the Capital Adequacy Ratio on any Reporting Date based on information (whether or not published) available to management of the Bank, including information internally reported within the Bank pursuant to its procedures for monitoring the Capital Adequacy Ratio.

"**Capital Adequacy Ratio**" means, for any reporting period, the ratio of total capital (being the aggregate of eligible Tier 1 and Tier 2 capital recorded in the Bank's financials at the relevant period in accordance with the Applicable Regulations) to total risk-weighted assets of the Bank, on a standalone basis, as determined and calculated pursuant to the Applicable Regulations.

A "**Capital Trigger Event**" occurs when, on any Reporting Date (such date, the "**Capital Trigger Event Date**"), the Capital Adequacy Ratio of the Bank equals or exceeds 24.0 per cent., as reported by the Bank to OJK.

"**Capital Trigger Event Premium**" means, with respect to a Capital Security on any redemption date, the greater of:

(i) 0.25 per cent. of the Prevailing Principal Amount; and

(ii) the aggregate amount of any Distribution that had otherwise been cancelled, in whole or in part, by the Bank in accordance with the Conditions up to (but excluding) the date fixed for redemption in accordance with this Condition 6(e) (*Redemption for a Capital Trigger Event*).

"**Reporting Date**" means the date of the Bank's quarterly report (on standalone basis) provided to OJK as required under the Applicable Regulations and OJK Circular Letter No. 31/SEOJK.03/2025 on the Reporting of Conventional Commercial Bank Through System of the Financial Services Authority (as amended from time to time).

Variation instead of Redemption:

Subject to Condition 6(g) (*Conditions of redemption or variation for Capital Securities*), the Bank may at any time without any requirement for the consent or approval of the Securityholders or the Trustee, and having given not less than 15 nor more than 60 days' prior notice to the Securityholders (which notice shall be irrevocable) and to the Trustee and the Principal Paying Agent in writing, vary the terms of the Capital Securities so that they remain or, as appropriate, become Qualifying Securities provided that:

(i) such variation does not itself give rise to any right of the Bank to redeem the varied securities that is inconsistent with the redemption provisions of the Capital Securities which may adversely affect the Securityholders' interests in respect thereof;

(ii) neither a Capital Security Tax Event (as defined in Condition 6(b) (*Redemption for Taxation Reasons*)) nor a Change of Qualification Event arises as a result of such variation; and

(iii) the Bank is in compliance with the rules of any stock exchange on which the Capital Securities are for the time being listed or admitted to trading.

"**Qualifying Securities**" means securities which constitute direct obligations of the Bank which:

(I) qualify (in whole or in part) as Additional Tier 1 capital of the Bank pursuant to the Applicable Regulations;

(II) have terms not materially less favourable to a Securityholder than the terms of the Capital Securities (as reasonably determined by the Bank);

(III) include a ranking at least equal to that of the Capital Securities and other Parity Obligations;

(IV) if applicable, are assigned (or maintain) the same or higher credit rating(s) as were assigned to the Capital Securities immediately prior to such variation being effective;

(V) have at least the same Prevailing Principal Amount, Distribution Rate and Distribution Payment Dates as those applying to the Capital Securities immediately prior to such variation being effective;

(VI) are listed on the SGX-ST or another securities exchange of international standing for the quotation of debt securities offered and traded in the international markets if the Capital Securities were listed immediately prior to such variation being effective;

(VII) preserve any existing rights under the Capital Securities to any accrued Distributions which have not been paid in respect of the period from (and including) the Distribution Payment Date last preceding the date of effectiveness of the variation;

(VIII) where the effective date of such variation is prior to the First Reset Date, have the same first reset date as the Capital Securities; and

(IX) have the same redemption rights and amounts as the Capital Securities.

Conditions for Redemption or Variation:

Notwithstanding any other provision in the Conditions, the Capital Securities may not be redeemed, varied or purchased and cancelled without the prior consent of OJK (which consent shall take into account, among other things, the rentability/earnings (*rentabilitas*) condition of the Issuer in accordance with the Applicable Regulations.

Accordingly the Bank shall not redeem any of such Capital Securities pursuant to Conditions 6(a) (*No Fixed Redemption Date*), 6(b) (*Redemption for Taxation Reasons*), 6(c) (*Redemption at the Option of the Issuer*), 6(d) (*Redemption for a Change of Qualification Event*), 6(e) (*Redemption for a Capital Trigger Event*), 6(f) (*Variation instead of Redemption*), 6(h) (*Purchases*) and 11 (*Enforcement Events*) or purchase and cancel the Capital Securities unless the prior written consent of OJK thereto shall have been obtained provided, however, that if from time to time the consent of OJK is not a requirement of any such Capital Securities to constitute regulatory capital of the Bank for the purposes of, and as defined in, the Applicable Regulations, then the condition to the redemption or purchase and cancellation of the relevant Capital Securities set out in Condition 6(g) (*Conditions of redemption or variation for Capital Securities*) shall not apply for so long as such consent is not so required. Any refusal or failure by OJK to give its prior consent (as required by Applicable Regulations) in connection with the redemption of the Capital Securities or variation of the terms and conditions of such Capital Securities as contemplated above shall not constitute a default for any purpose.

	"**rentability/earnings (*rentabilitas*)**" refers to such term as used in, and interpreted by OJK, pursuant to the Applicable Regulations.
Enforcement Event; Limited Right of Acceleration:	Notwithstanding any other provisions of the Capital Securities, the Trustee shall not have any right to declare any payment of principal or Distribution under the Capital Securities immediately due and payable other than upon a non-payment and winding-up of the Bank. No Securityholder shall be entitled to proceed directly against the Bank or to institute Winding-Up Proceedings or to prove in any winding-up of the Bank unless the Trustee, having become so bound to proceed (in accordance with the terms of the Trust Deed and the Conditions) or being able to prove in such Winding-Up Proceedings, fails to do so within a reasonable period and such failure shall be continuing, in which case the Securityholder shall have only such rights against the Bank as those which the Trustee is entitled to exercise.
Governing Law:	English law save that the provisions in relation to subordination, set-off and payment void specified in Condition 3 (*Status and Subordination of the Capital Securities*) (and related provisions of the Trust Deed) shall be governed by, and construed in accordance with, the laws of Indonesia.
Dispute Resolution:	Any dispute, difference, controversy or claim arising out of or in connection with the Trust Deed (including the Conditions), the Agency Agreement, the Capital Securities (including any dispute relating to any non-contractual obligations arising from or in connection with the Trust Deed, the Agency Agreement, the Capital Securities and any question regarding the existence, validity, interpretation, performance, breach or the consequences of nullity or termination of the Trust Deed, the Agency Agreement, the Capital Securities) (a "**Dispute**") shall be referred to and finally resolved by arbitration administered by the Singapore International Arbitration Centre ("**SIAC**"), in accordance with the Arbitration Rules of the SIAC as amended from time to time (the "**Rules**"). The number of arbitrators shall be three and shall be appointed in accordance with the Rules. The seat or legal place of arbitration shall be Singapore. The language used in the arbitral proceedings shall be English. See Condition 19(b) *(Arbitration) for further details*.
Listing and Admission to Trading:	Approval in-principle has been received for the listing and quotation of the Capital Securities on the Official List of the SGX-ST. The Capital Securities will be traded on the SGX-ST in a minimum board lot size of US$200,000 for so long as the Capital Securities are listed on the SGX-ST and the rules of the SGX-ST so require.
Rating:	The Capital Securities are expected to be rated Ba2 by Moody's.
ISIN:	XS3470501993

Common Code:	347050199
Selling Restrictions:	The United States, the European Economic Area, the United Kingdom, Singapore, Hong Kong, the PRC, Japan and Indonesia and such other restrictions as may be required in connection with the offering and sale of Capital Securities. For a description of certain restrictions on offers, sales and deliveries of the Capital Securities and the distribution of offering material relating to the Capital Securities, see "*Subscription and Sale*" herein.
Use of Proceeds:	The net proceeds from the sale of the Capital Securities will be approximately US$749,400,000 (after deducting fees) which the Bank intends to use for replenishing its Additional Tier 1 Capital, its general funding purposes to strengthen its capital base, loan disbursements and to optimise the composition of its own long-term fund structure. See "*Use of Proceeds*".

SELECTED CONSOLIDATED FINANCIAL INFORMATION

The following tables present the Bank's selected consolidated financial information as of the dates and for the periods indicated. The selected consolidated financial information as of and for the years ended 31 December 2024 and 2025 and as of and for the six-month periods ended 30 June 2025 and 2026 is derived from: (i) the Bank's unaudited interim consolidated financial statements as of 30 June 2026 and for the six-month period then ended (the **"June 2026 Unaudited Financial Statements**") and (ii) the Bank's audited consolidated financial statements as of 31 December 2025 and 2024 and for the years ended 31 December 2025 and 2024 and six-month period ended 30 June 2025 (the **"Audited Financial Statements**"; together with the June 2026 Unaudited Financial Statements, the **"Financial Statements**"), which appear elsewhere in this Offering Circular. The Financial Statements were prepared by management in accordance with IFAS.

The Bank's audited consolidated financial statements as of 31 December 2025 and for the year ended 31 December 2025 and six-month period ended 30 June 2025 (the "**2025 Audited Financial Statements**") have been audited by KAP Purwanto Susanti dan Surja (a member firm of Ernst & Young Global Limited) ("**KAP PSS**"), an independent auditor, in accordance with Standards on Auditing established by the Indonesian Institute of Certified Public Accountants (the "**IICPA**"), as stated in its audit report dated 11 August 2026, which appears elsewhere in this Offering Circular. The Bank's audited consolidated financial statements as of and for the year ended 31 December 2024, which are presented as comparative information to the consolidated financial statements as of 31 December 2025 and for the year ended 31 December 2025 and six-month period ended 30 June 2025, have been reclassified as disclosed in Note 64 to the 2025 Audited Financial Statements and the June 2026 Unaudited Financial Statements respectively.

The Bank's audited consolidated financial statements as of and for the year ended 31 December 2024, prior to the aforementioned reclassification, were audited by KAP Rintis, Jumadi, Rianto & Rekan (a member firm of the PwC global network), independent accountants, in accordance with Standards on Auditing established by the IICPA, as stated in its audit report dated 5 February 2025, which appears elsewhere in this Offering Circular. KAP Rintis, Jumadi, Rianto & Rekan (a member firm of the PwC global network) did not perform any audit, review or other procedures with respect to the reclassification recorded by the Bank in the 2025 Audited Financial Statements and the June 2026 Unaudited Financial Statements.

The Bank's June 2026 Unaudited Financial Statements have been reviewed by KAP PSS, an independent auditor, in accordance with Standard on Review Engagements 2410 established by the IICPA, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" ("**SRE 2410**"). A review conducted in accordance with SRE 2410 established by the IICPA is substantially less in scope than an audit conducted in accordance with Standards on Auditing established by the IICPA and, as stated in its review report dated 11 August 2026, which appears elsewhere in this Offering Circular, KAP PSS did not audit and does not express any opinion on such unaudited interim consolidated financial statements. Consequently, such financial information should not be relied upon by potential investors to provide the same type or quality of information as information that has been subject to an audit. Potential investors must exercise caution when using such data to evaluate the Group's financial condition and results of operations.

IFAS differs in certain significant respects from IFRS. For a discussion of differences between IFAS and IFRS that are relevant to the Bank's IFAS financial statements, see "*Risk Factors – Risks relating to Indonesia – Indonesian corporate and other disclosure and accounting standards differ from those in the United States, countries in the European Union and other jurisdictions*".

With effect from 1 February 2026, the Bank has deconsolidated the financial statement of Bank Syariah Indonesia (the "**Deconsolidation**"). See "*Business – Recent Developments – Deconsolidation of Bank Syariah Indonesia*" for more details on the Deconsolidation. The Audited Financial Statements and the consolidated interim financial information for the six-month period ended 30 June 2025 in the June 2026 Unaudited Financial Statements do not reflect the Bank's or the Group's financial position following the Deconsolidation, and may not reflect the Group's current financial conditions or results of operation and should not be taken as an indication of the Group's future financial condition or results of operations. No *pro forma* financial information reflecting the effect of the Deconsolidation have been included in this Offering Circular as well. Potential investors should exercise caution when reviewing the historical Audited Financial Statements and the June 2026 Unaudited Financial Statements and evaluating the Group's financial performance and financial position. See "*Risk Factors – Risks relating to the Bank – Deconsolidation of PT Bank Syariah Indonesia Tbk's financial and operational results*" for more details.

The translation of Rupiah amounts into US dollars herein is provided solely for convenience. See "*Presentation of Financial and Other Information – Certain Defined Terms and Conventions*".

Financial ratios (standalone)

	As of and for the year ended 31 December		As of and for the six-month period ended 30 June	
	2024	2025	2025	2026
Financial Ratios				
Return on assets[(a)]	3.59%	3.19%	2.89%	3.10%
Return on equity[(b)]	24.19%	23.15%	21.06%	24.28%
Net interest margin ("**NIM**")[(c)]	4.93%	4.59%	4.61%	4.34%
Cost to income ratio[(d)] (efficiency ratio)	35.04%	41.23%	43.40%	35.60%
Tier 1 capital ratio[(e)]	18.92%	18.20%	17.18%	16.36%
Capital adequacy ratio[(f)]	20.10%	19.36%	18.35%	17.52%

Notes:

The Financial Ratios used are defined as follows:

(a) "**Return on assets**" means pre-tax profit (attributable to equity holders of the Bank) divided by Average Total Assets (being the sum of total assets of the relevant year divided by the number of months in that year as prescribed in Circular Letter of The Financial Services Authority No. 9/SEOJK.03/2020).

(b) "**Return on equity**" means net profit (attributable to equity holders of the Bank) divided by Average Tier 1 Capital (being the sum of core capital of relevant year divided by number of months in that year as prescribed in Circular Letter of The Financial Services Authority No. 9/SEOJK.03/2020) of the Bank.

(c) "**NIM**" means net interest margin or net interest income divided by Average Earning Assets (being the sum of earning assets of the relevant year divided by the number of months in that year as prescribed in Circular Letter of The Financial Services Authority No. 9/SEOJK.03/2020).

(d) "**Cost to income ratio**" means total other operating expenses divided by total operating income – net.

	For the year ended 31 December		For the six-month period ended 30 June	
	2024	2025	2025	2026
	(Rupiah billion)			
Standalone:				
Total operating expenses	37,661.62	47,533.96	23,884.13	21,605.57
Total operating income – net	107,479.67	115,297.77	55,036.88	60,683.56

(e) "**Tier 1 capital ratio**" means tier 1 capital divided by risk weighted assets.

(f) "**Capital adequacy ratio**" means total capital divided by risk weighted assets for credit risk, operational risk, and market risk. Risk-Weighted Assets (RWAs) are the aggregate amount of a bank's assets and off-balance sheet exposures weighted according to their respective risk levels as prescribed in Circular Letter of The Financial Services Authority No. 24/SEOJK.03/2021 for RWA credit risk, No. 6/SEOJK.03/2020 for RWA operational risk and No. 23/SEOJK.03/2022 for RWA market risk.

RISK FACTORS

Investors should carefully consider, among other things, the risks described below, as well as the other information contained in this Offering Circular, before making an investment decision. Any of the following risks could materially adversely affect the business, financial condition or results of operations of the Bank and, as a result, investors could lose all or part of their investment. The risks below are not the only risks the Bank faces. Additional risks and uncertainties not currently known to the Bank, or that it currently deems to be immaterial may also materially adversely affect the business, financial condition or results of operations of the Bank.

The Bank believes that the factors described below represent the principal risks inherent in investing in the Capital Securities, but the Bank's inability to pay any amounts on or in connection with any Capital Security may occur for other reasons which may not be considered significant risks by the Bank based on information currently available to it, or which it may not currently be able to anticipate, and the Bank does not represent that the statements below regarding the risks of holding any Capital Securities are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Offering Circular (including any document incorporated by reference) and reach their own views prior to making any investment decision. In making an investment decision, each investor must rely on its own examination of the Bank and the terms of the offering of the Capital Securities.

RISKS RELATING TO THE BANK

Financial and political instability in other countries may cause increased volatility in Indonesian financial markets

The Indonesian market and the Indonesian economy are influenced by the economic and market conditions in other countries. Global political and economic uncertainty in recent years has affected the Indonesian financial market as investor sentiment took a hit in Indonesia during such episodes. Although economic conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the securities of companies in other countries, including Indonesia. A loss of investor confidence in the financial systems of other markets may cause increased volatility in the Indonesian financial markets and, more generally, in the Indonesian economy. Any financial instability or disruptions could also have a negative impact on the Indonesian economy and could harm the Bank's business and its future financial performance.

Heightened tensions across the geopolitical landscape could have adverse implications for the Bank and its customers. Trade tensions between the United States and its major trading partners, most notably China, remain heightened and could significantly impact global trade. Since early 2025, the U.S. administration has implemented a series of tariff measures, including reciprocal tariffs on more than 60 trading partners, product-specific tariffs on steel, aluminium, automobiles and parts, copper and certain wood products, and a 40% penalty on transshipments. In February 2026, the U.S. Supreme Court invalidated the April 2025 "Liberation Day" reciprocal tariffs imposed under the International Emergency Economic Powers Act (IEEPA), although other tariffs, including Section 232 product tariffs (25-50%) and Section 301 tariffs on Chinese imports (25-100%), remain in place. In July 2026, the U.S. also finalised Section 301 tariffs affecting over 60 trading partners on forced-labour grounds. The resulting tariff regime remains fluid and subject to further legal, legislative and diplomatic developments. Certain countries and economies, such as China, Canada and the European Union, have responded with retaliatory tariffs on U.S. imports to varying degrees. The escalating trade tensions have created uncertainty in global markets.

Emerging economies, including Indonesia, are closely monitoring the potential spillover effects on trade flows and investment sentiment. These developments could keep inflationary pressures elevated and slow the pace of policy interest rate cuts by the United States Federal Reserve and

other major central banks. As of the June 2026 Federal Open Market Committee meeting, the U.S. federal funds target range was held at 3.50%-3.75%, with the Committee projecting only a single 25 basis point cut for the full year 2026 amid notable internal dissent. This is of particular concern for emerging economies such as Indonesia, where capital flows remain sensitive to global monetary policies. Any changes in the political, regulatory, and economic conditions of the U.S., or in U.S. policies that affect territories in which the Bank operates or the core sectors underlying the Bank's business model, could materially and adversely affect the Bank's business, financial condition, and results of operations.

Tensions are also set to continue in the areas of data and technology security and the maritime claims in the South and East China Seas, and as a result of China-Taiwan relations. In addition, the ongoing Russia-Ukraine conflict in Eastern Europe and the conflicts in the Middle East, including the Israeli-Palestinian conflict in Gaza and the "Twelve-Day War" between Israel and Iran in June 2025 (which involved direct U.S. military strikes on Iranian targets and remains under a fragile ceasefire subject to renewed escalation), have disrupted financial markets and have had adverse impacts on global supply chains and macroeconomic conditions, including through elevated energy prices and disruptions to shipping routes through the Red Sea and Suez Canal.

Financial market volatility and increased economic uncertainty may also arise due to specific country-related factors. For example, the Chinese government may maintain stringent regulatory oversight on specific sectors (such as property and platform technology companies) and rein in debt increases even as it attempts to stabilise the country's economic growth. To the extent that uncertainty regarding the global or regional macroeconomic outlook is heightened and starts to negatively impact consumer confidence and consumer credit factors globally or regionally, the Bank's business, financial condition and results of operations could be significantly and adversely affected.

There has also been continued and lingering political unrest in certain countries within the Southeast Asian region in recent years, including the protracted civil conflict in Myanmar following the 2021 military coup and periodic political instability, mass protests, and government transitions in Thailand. Such geopolitical risks could persist or emerge in the region, resulting in regional economic slowdown, financial and commodity market volatilities and capital flight from emerging markets.

In the event that the current adverse conditions in the global credit markets persist or if there is any significant financial disruption, this could cause increased volatility in the Indonesian financial markets and have an adverse effect on the Bank's business, future financial performance and the trading price of the Capital Securities.

The Bank's measures to further reduce its level of non-performing loans, particularly in its Micro segment, may not be successful

The Bank's ongoing efforts to reduce non-performing loans ("**NPLs**"), particularly in its Micro segment, may not succeed, and NPLs may increase despite the Bank's safeguards. As of 30 June 2026, the Bank had gross NPLs of Rp15,557.16 billion (US$870.09 million), with the largest concentrations in the other metal mining and textile sectors.

The Bank's business consists mainly of its Wholesale Corporate and Commercial loans, which accounted for 52.81% and 21.56% of the Bank's total loans, respectively, as of 30 June 2026. The Bank's Micro segment had a Gross NPL Ratio of 3.18%, compared to an overall standalone Gross NPL Ratio of 0.98% and a Gross NPL Ratio of 0.25%, 0.63%, 1.18% and 3.20% for the Corporate, Commercial SME and Consumer segments respectively, each as of 30 June 2026. In addition, 40.52% of the Bank's NPLs were in its Micro segment, as of 30 June 2026.

The risk of non-payment by the Bank's customers is affected by the credit profile of borrowers as well as by changes in economic and industry conditions.

Volatile or adverse economic conditions in Indonesia may adversely affect the ability of the Bank's borrowers to repay their indebtedness, and this may result in an increase in NPLs and provisioning, allowances for impairment losses on loans and charge-offs. As a result, NPLs may increase despite the Bank's safeguards, such as regular loan review, NPL projection for all loan segments with an increased emphasis on commercial loans, routine internal credit risk stress testing on the Bank's loan portfolio using both macro-wide scenarios, and specific sensitivity analyses such as modelling of movements in the price of crude palm oil and other commodities. The Bank also employs early warning mechanisms and early restructurings to anticipate changes in the financial condition of specific borrowers and maintains targeted levels of loan loss reserve ratios with the aim of ensuring that the Bank has sufficient capacity to absorb losses. The Bank's credit risk management strategy, including for its commercial segment, is based in part on the Bank's outlook for each of approximately 81 industry sectors and the effect of various factors such as movements in global and regional commodities prices on the relevant sectors.

Although the Bank continues to actively manage and monitor its loan portfolio, and seeks to improve the credit risk management policies, procedures and systems, no assurance can be made that such policies, procedures and systems are free from deficiencies. Failure of any credit risk management policies, procedures and systems may result in an increase in the level of NPLs and adversely affect the quality of the Bank's loan portfolio. In addition, the quality of the Bank's loan portfolio may also deteriorate due to various other reasons, including factors beyond the Bank's control. An increase in NPLs could have a material adverse effect on the Bank's business, cash flows, financial condition, results of operations and prospects.

The Bank's loans include borrowers in various sectors and the Bank has a high concentration of loans made to certain customers and certain sectors

As of 30 June 2026, the Bank's total exposure to its ten largest borrowers represented 20.01% of the Bank's total loans. These ten largest borrowers are headquartered and operate across Indonesia and across various sectors such as construction services, Government, energy, transportation support services, food & beverages industry, etc.

As of 30 June 2026, 7.83% of the Bank's standalone loans were made to the Government sector. In addition, the following sectors accounted for a substantial percentage of the Bank's loans: Palm oil plantation & crude palm oil ("**CPO**"), 6.34%; Energy, 5.61%; Non Infrastructure Construction Services, 5.07%; Coal Industry, 4.34%; and Food & Beverage Industry, 4.13%. As of 30 June 2026, the Bank had Rp15,557.16 billion (US$870.09 million) of NPLs, with the largest exposures in the other metal mining and textile sector. 40.52% of these NPLs were in the Micro segment respectively, and 97.45% of the Bank's NPLs are Rupiah-denominated.

Given the relative concentration of the Bank's wholesale loan portfolio by borrower and sector, if any loans to the top ten borrowers become non-performing, or if there are financial difficulties encountered in sectors in which the Bank's loans are concentrated, the overall quality of the Bank's total loan portfolio and the Bank's financial condition may be adversely affected.

Declines in commodity prices may negatively and adversely affect the Bank's customers

As of 30 June 2026, 6.34% of the Bank's loans were made to palm oil plantations and CPO. Other sectors linked to commodities account for smaller but substantial portions of the Bank's loan portfolio, such as 4.34% in the coal sector, and 1.20% in the copper mining sector. Any declines in the global prices of commodities could result in the lowering of the Government's tax revenue and capital expenditure spending.

Indonesia's economy is sensitive to changes in the global prices of commodities. Please see "*– Risks relating to Indonesia – Substantial decreases or increases in oil prices could adversely affect the Indonesian Economy*" for additional details. Commodity prices are determined by numerous factors beyond the Bank's control, including changes in the global and regional supply and demand for specific commodities such as fluctuations in production volumes, expansions in existing facilities and development of new facilities or reduction in operations. Commodity prices are also heavily influenced by global conditions such as crises caused by trade wars, the prolonged geopolitical tensions related to the Russia-Ukraine war as well as in the Middle East. Please see "*– Risks relating to the Bank – Financial and political instability in other countries may cause increased volatility in Indonesian financial markets*" for additional details. The global markets have in the past exhibited significant fluctuations in supply, demand and prices from year to year. Any mismatch between supply and demand, whether regionally or globally, could adversely affect such commodity prices and the prices that these customers received under their respective supply arrangements.

The Bank conducts both regular and ad hoc stress testing of its loan portfolio, using both macro-wide scenarios and specific sensitivity analyses such as modelling of movements in the price of crude palm oil and other commodities. However, there is no guarantee that such measures will be and remain effective as safeguards against the impact of commodity pricing fluctuations on the Bank's business and results of operations.

Increasing competition in the Indonesian banking industry may make it difficult for the Bank to maintain current levels of operating performance in the future

The Bank's NIM (standalone) for 2024, 2025 and the six-month period ended 30 June 2026 ("**1H2026**") was 4.93%, 4.59% and 4.34%, respectively. Such performance may be evidence of, and partly attributable to, relatively manageable levels of competition in the Indonesian banking industry. It is expected that Indonesia's growth and high NIM will attract new entrants to, and increase competition in, the Indonesian banking industry.

The Bank's primary competitors are major domestic banks operating in Indonesia. The Bank also faces competition for customers from a variety of financial services companies, such as multi-finance companies, which provide financing for trading, consumer loans and multipurpose loans, as well as entities owned by or affiliated with the Government that provide industrial development funding and export and import lending and services.

The Bank may also face increased competition in one or all of its product lines from financial institutions offering a wider array of commercial banking services and products than the Bank offers and that have larger lending limits, greater financial resources and stronger balance sheets than the Bank offers. Increased competition may result from:

- domestic banks entering into strategic alliances with foreign banks with significant financial and management resources;

- financial services companies specializing in products which the Bank offers directly or through its subsidiaries or strategic alliances, such as automotive financing, insurance sales, leasing and rural development loans;

- continued consolidation, both with and without Government assistance and policy changes, in the domestic and international banking sector; and

- growth in smaller private domestic banks, which may adapt more rapidly to changing market conditions and customer preferences than the Bank.

Even if the Bank's operations remain competitive or improve relative to other participants in the banking industry, increased competition may compress the Bank's net interest margin ("**NIM**") toward levels seen in other regional banking markets or make it difficult for the Bank to increase the size of its loan portfolio and deposit base. Any of these factors could materially and adversely affect the Bank's financial condition and results of operations.

The Bank's business is highly dependent on the maintenance and improvement of the reliability, availability and security of the Bank's information technology systems

Effective information and reporting systems are critical to the Bank's operations. Among other things, the Bank relies on timely access to reliable information in order to provide services to its customers and prudently manage its assets and liabilities, liquidity and overall financial condition. In addition, its ability to manage credit risk, market risk, interest rate risk and operational risk also depends on access to such information. There can be no assurance as to the adequacy of the Bank's reporting systems, that information technology ("**IT**") systems will not become outdated, or that its employees will be adequately trained to operate or manage such systems. Upgrades to the Bank's information and reporting systems take time and may entail significant technical and implementation risks. There can be no assurance that the systems will be adequate to address the Bank's information and reporting inadequacies or that the Bank will be able to respond to technological advances and changing banking industry standards and practices in a cost-effective and timely manner. If the Bank's systems are inadequate or become outdated or its employees are not adequately trained to or not able to directly operate and manage such systems, the Bank's business, prospects, financial condition and results of operations could be materially and adversely affected.

The Bank's business is highly dependent on the ability of its IT systems to accurately process a large number of transactions in a timely manner across diverse markets and products. The Bank has invested in its IT systems to improve the reliability, availability and security of the infrastructure to enable its business functions units and operating segments to deliver sustainable competitive advantages. As both the number and variety of services offered to customers grow, the Bank faces an increasing risk exposure through its IT systems. The Bank implements a comprehensive risks management framework which comprise Personal Data Protection and Information Security, Anti Fraud Strategy, and Cybersecurity Risk Management supported with tools to manage enterprise risk, including cyber risk and detect potential fraud. The Bank also has a dedicated risk unit that works hand-in-hand with the business unit (especially the IT unit) in its day-to-day operation. In order to prevent risks of disruptions in system availability, the Bank maintains back-up data for its key data processing systems and has established a disaster recovery centre at separate locations with mirrored database servers to carry on the Bank's principal functions in the event of a catastrophe or a failure of the Bank's primary systems. The Bank also seeks to protect its computer systems and network infrastructure from physical break-ins as well as security breaches and other fraud or disruptive problems, which could adversely affect the Bank's business. Additionally, the Bank prepares a Business Continuity Management Framework as a main pillar to ensure business continuity in case of disasters.

With the enactment of Law No. 27 of 2022 on Personal Data Protection (**Personal Data Protection Law**), the Bank has also designed and implemented a program to strengthen information security as part of its efforts to protect personal data. The program comprises of the following themes: (1) data security and cyber threats, where the Bank adopts strict security policies, regularly updates software and conducts security training for employees to raise awareness about cyber risks, implements automation and integration in development and security processes to minimise security risks or errors in technology use; (2) mitigation on the change of rules and compliance requirements, where the Bank establishes teams with focus on monitoring regulatory changes and creating adaptation strategies and strengthens monitoring and reporting systems to ensure timely compliance with the regulations; (3) technology complexity and system integration, where the Bank carefully plans every process in system development and integration

and improves communication and coordination between IT teams and business units to ensure alignment with business expectations; and (4) resource constraints, where the Bank reviews budgets and allocates resources more efficiently, seeks collaborative solutions or partnerships with technology providers or fintech companies to expand service coverage at lower costs, and enhances recruitment and training of IT personnel to tackle new technological challenges. Notwithstanding this program, any failure by the Bank to comply with the Personal Data Protection Law, or any actual or perceived breach of personal data held by the Bank, could subject the Bank to regulatory sanctions, claims and reputational harm.

The Bank's information technology systems, and the personal and other data held on such systems, are subject to the risk of failure, disruption, obsolescence, cyber-attacks, security breaches, physical break-ins, fraud and other malicious or disruptive events. Any such event could impair the Bank's ability to conduct its operations, result in the loss, corruption or unauthorised disclosure of confidential or personal data, and expose the Bank to litigation, regulatory action and reputational harm.

Although the Bank continues to implement security technologies, conduct vulnerability assessments and establish operational procedures to minimise security breaches and disruptions in the IT system and taken steps to ensure that the issues identified are addressed, there can be no assurance that such measures will adequately address all issues identified or that further weaknesses or issues will not be identified in the future. Any failure in identifying any weaknesses in the systems or security, or in adequately addressing such issues, in an adequate and timely manner could have a material adverse effect on the Bank's business, prospects, financial condition, results of operations and its reputation.

The Government is, and will continue to be, the Bank's ultimate controlling shareholder, and may influence the Bank's business practices and policies

As of the date of this Offering Circular, the Government (through State-Owned Enterprises Regulatory Agency – *Badan Pengaturan Badan Usaha Milik Negara* or "**BP BUMN**" and Danantara (as defined below)) and the Indonesia Investment Authority hold 52.00% and 8.00% of the Bank's issued and outstanding ordinary shares respectively. The Government (through the BP BUMN) also owns a non-transferable Series A Dwiwarna share (the "**Special Share**"), and the BP BUMN's rights with respect to the Special Share will not terminate unless the Bank's Articles of Association are amended, which would require the approval of the BP BUMN as holder of the Special Share. As the holder of the Special Share, the BP BUMN has rights which are not held by holders of the Bank's Series B common shares, such as the right to: (i) amend the Bank's Articles of Association and capital structure; (ii) nominate, appoint, and terminate members of the Bank's Board of Directors and Board of Commissioners; (iii) merge, consolidate, acquire, spin-off and dissolve the Bank's legal entity; (iv) determine remuneration for members of the Board of Directors and the Board of Commissioners; (v) approve asset transfers, equity participation changes, and non-operating long-term investments that require General Meeting of Shareholders approval; (vi) determine the use of net profit. See "*Shareholders*".

On 24 February 2025, the Government officially enacted Law No. 1 of 2025 on the Third Amendment to Law No. 19 of 2003 on State-Owned Enterprises (the "**New SOE Law**"), under which the Government established a new national investment management body, Investment Authority of Indonesia (IAI) of Daya Anagata Nusantara (*Badan Pengelola Investasi Daya Anagata Nusantara*) ("**Danantara**"). Danantara is wholly-owned by the Government and mandated to act as the holding company for certain state-owned enterprises, including the Bank. Under the New SOE Law, Danantara has been granted certain governance powers over such state-owned enterprises, which were previously held by the BP BUMN. This effectively creates a dual oversight framework for such SOEs, as governance powers will now be shared between Danantara and BP BUMN as prescribed under the New SOE Law. To implement the above mandate, Danantara has established two sub-holding companies, PT Danantara Asset Management (Persero) and PT

Danantara Investment Management (Persero). In accordance with the New SOE Law, the Government's shareholdings in certain SOEs, including the Bank, have been transferred to PT Danantara Asset Management (Persero). For the avoidance of doubt, the Government (through BP BUMN and Danantara) is and will remain the ultimate controlling shareholder of the Bank.

Although the Government is not involved in the Bank's daily management, the Government may use its controlling position to influence, and is likely to seek to influence, the Bank's strategy and operations. For example, the Government may direct the Bank to enter into transactions or extend loans for other than purely commercial considerations. The Government also has the ability to influence and control other Government-related entities, some of which are the Bank's competitors, and to direct opportunities to the Bank's competitors or favour their interests over the Bank's. If the Bank is required to act in the Government's interests and those interests differ from the Bank's interests, or the Government is to favour the Bank's other state-owned competitors over it, the Bank may suffer a material adverse effect on the Bank's financial condition, liquidity and results of operations.

Government bonds and other Government obligations represent a substantial portion of the Bank's assets, which may affect the Bank's results of operations, financial condition and capitalisation

As of 30 June 2026, the Bank held Rp260,263.05 billion (US$14,556.10 million) of Government bonds representing 10.30% of the Bank's consolidated total assets. Interest from the Bank's Government bonds represented 8.45% of the Bank's consolidated gross interest and Sharia income for 1H2026. Any delay or default in the payment of interest or principal by the Government when due will have a material adverse effect on the Bank's financial condition, liquidity and results of operations. As at the date of this Offering Circular, the Government (through BP BUMN and Danantara) holds 52.00% of shares in the Bank and is the Bank's ultimate controlling shareholder.

The Government has the power to alter, or reprofile, the material terms of Government recapitalisation bonds with the Bank's agreement or by legislation at any time. Government or regulatory actions with respect to the Bank's Government bonds could also adversely affect the Bank's financial performance, results of operations and capitalisation.

If the Bank's fair value through other comprehensive income (FVOCI) Government bonds were determined to be impaired, the cumulative unrealised gain or loss arising from the changes in fair value previously recognised in the statement of changes in equity would be recognised in the Bank's consolidated statement of income. Further, there can be no assurance that the Government's credit rating, and consequently the value of the Bank's holdings of Government bonds, will not decline in the future. Please also see "*– Risks relating to Indonesia – Downgrades of credit ratings of Indonesia and/or reclassification of market status could adversely affect the Indonesian financial markets and the Bank's ability to finance operations and grow*" for additional details. Consequently, any significant reduction in the value or liquidity of the Bank's Government bonds or any change in the rules applicable to the Bank's Government bonds, depending on the level and direction of interest rates at the time, could have a material adverse effect on the Bank's capitalisation, financial condition, liquidity and results of operations.

The deconsolidation of PT Bank Syariah Indonesia Tbk will result in a significant decrease in the Bank's reported consolidated assets and revenue, and its historical financial results will no longer be comparable to future periods

In December 2025, shareholders of PT Bank Syariah Indonesia Tbk ("**Bank Syariah Indonesia**"), a subsidiary of the Bank, approved certain amendments to Bank Syariah Indonesia's articles of association. Following such amendments, BP BUMN (acting as the representative of the Government, holder of the Series A Dwiwarna Shares in Bank Syariah Indonesia) issued letter No. S-55/BP/01/2026 dated 27 January 2026. Pursuant to such letter, the Government revoked

the Special Power of Attorney No. SKK-43/MBU/06/2022 dated 24 June 2022 that was previously granted by the Government to the Bank to exercise the Government's authority as holder of Series A Dwiwarna Shares in Bank Syariah Indonesia. The letter also detailed the grant of a new power of attorney by the Government to PT Danantara Asset Management (Persero) to exercise the same rights on behalf of the Government, replacing the Bank.

Notwithstanding the revocation of the abovementioned power of attorney, as of the date of this Offering Circular the Bank retains its majority stake of 51.47% in Bank Syariah Indonesia and continues to exercise significant influence over it. However, the revocation of the special power of attorney resulted in the Bank being deemed to have lost control over Bank Syariah Indonesia in accordance with the criteria of prevailing Indonesian financial accounting standards. Accordingly, with effect from 1 February 2026, the Bank has deconsolidated the financial statement of Bank Syariah Indonesia (the "**Deconsolidation**"), resulting in the Bank's derecognition of net assets of Bank Syariah Indonesia amounting to Rp49,419.85 billion and non-controlling interest in equity amounting to Rp23,844.30 billion. With effect from 1 February 2026, the Bank has adopted equity accounting in recording investment in Bank Syariah Indonesia according to the portion of share ownership in Bank Syariah Indonesia and recognises the share of profit or loss in Bank Syariah Indonesia according to the portion of share ownership based on the Statement of Financial Accounting Standards 228 "Investments in Associates and Joint Ventures".

The historical Audited Financial Statements and the consolidated interim financial information as of and for the six-month period ended 30 June 2025 in the June 2026 Unaudited Financial Statements included elsewhere in this Offering Circular do not reflect the Group's financial position following the Deconsolidation, and may not reflect the Group's current financial conditions or results of operation and should not be taken as an indication of the Group's future financial condition or results of operations. No *pro forma* financial information reflecting the effect of the Deconsolidation has been included in this Offering Circular. Therefore, the Group's financial results following the Deconsolidation may no longer be comparable to its financial results prior to the Deconsolidation (including the Group's historical Audited Financial Statements and the consolidated interim financial information as of and for the six-month period ended 30 June 2025 in the June 2026 Unaudited Financial Statements included elsewhere in this Offering Circular). Potential investors should exercise caution when reviewing the Group's historical Audited Financial Statements and June 2026 Unaudited Financial Statements and evaluating the Group's financial performance and financial position.

The June 2026 Unaudited Financial Statements contained in this Offering Circular have not been audited

The June 2026 Unaudited Financial Statements included in this Offering Circular have not been audited. Information contained in or derived from these financial statements may change if an audit had been conducted. None of the Joint Lead Managers, the Trustee, the Agents and any of their respective directors, officers, employees, advisers and affiliates makes any representation or warranty, express or implied, regarding the accuracy, completeness or sufficiency of such interim consolidated financial statements. Consequently, such financial information should not be relied upon by potential investors to provide the same type or quality of information as information that has been subject to an audit. Potential investors must exercise caution when using such data to evaluate the Group's financial condition and results of operations.

Changes to accounting standards may negatively affect the Bank's financial results

The Bank prepares its consolidated and unconsolidated financial statements in accordance with IFAS, and there may be new and revised accounting standards and interpretations in the future requiring the adoption of new accounting policies. Changes to IFAS or interpretations thereof may cause the Bank's future reported results and financial position to differ from current expectations, or historical results to differ from those previously reported due to the adoption of accounting

standards on a retrospective basis. Such changes may also affect the Bank's regulatory capital and ratios. There is no assurance that these changes will not have a significant impact on the presentation of the Bank's financial statements or have a significant impact on the Bank's results of operations. Investors should exercise caution when making comparisons of any financial figures against those from prior years in light of any changes made to accounting standards and, in turn, when evaluating the Bank's financial condition, results of operations and results.

The Bank may be adversely affected if the Government lowers its subsidy for KUR Micro loans

The Bank offers a substantial number of Government-subsidised micro loans (*Kredit Usaha Rakyat* or "**KUR**") which are backed by a loan insurance guarantee through Jamkrindo & Askrindo, a state-owned insurance company. Further, the Bank plans to substantially increase the volume of KUR loans it offers as a key strategy to expand its retail segment in the near future.

As of 30 June 2026, the Bank has a total of more than 979,345 active KUR borrowers with total outstanding loans (standalone) of Rp72.60 trillion (US$4.06 billion), equivalent to 4.56% of its total outstanding loans (standalone) and 69.85% of its total outstanding micro productive loans. If the Government were to lower or remove its subsidy of KUR loans, it would have an impact on the profitability of such loans and, in turn, may adversely affect the Bank's business, financial condition and results of operations.

If the Bank is unable to attract and retain qualified personnel, its business and operations may suffer

The Bank's business depends on its ability to attract and retain highly qualified personnel, including loan officers across its extensive network in Indonesia as well as employees with digital, data, and technology capabilities to support the Bank's ongoing digital transformation. The Bank competes with other banks, financial institutions, and technology companies in attracting and retaining such talent, and there can be no assurance that it will always be successful in doing so. In particular, the Bank relies on the expertise and leadership of its senior management and key personnel. While the Bank actively implements a robust succession management strategy and talent management programmes to manage, develop and retain leaders and successors, there is no assurance that it will always be successful in doing so. The departure of senior management or key talent, or the inability to recruit and retain qualified employees, could adversely affect the Bank's business, financial condition, and results of operations.

The collateral or guarantees securing the Bank's loans may not be sufficient, and the Bank may be unable to realise the full value of the collateral or guarantees

Most of the Bank's commercial loans, and a substantial amount of corporate loans, are secured by collateral, such as in the form of land and buildings, inventory, receivables, machineries, cash, etc. The value of such collateral may fluctuate or decline due to factors beyond the Bank's control, including macroeconomic factors and depreciation value or condition of collateral. For example, a decline in Indonesia's economic conditions may result in a decline in real estate prices, which may cause declines in the value of property securing the loan. While the Bank periodically reappraises the collateral used for loan facilities in accordance with its internal policies and takes precautions to maintain the coverage ratio of the credit facility controlled collateral in order to mitigate the Bank's risks, each decline in collateral value may diminish the amount which may be recovered from the collateral held by the Bank and increase the Bank's required allowance for impairment losses on loans.

In addition, in certain situations, the Bank's rights over the collateral may have lower priority compared to other rights during a liquidation process. In addition, in Indonesia, the procedure to realise the value of collateral in the form of fixed assets may still be restrictive and may hinder the

Bank's ability to assert its security interests over such collateral. Specifically, debtors frequently utilise the Indonesian court-supervised debt restructuring process known as Suspension of Debt Payment Obligations (Penundaan Kewajiban Pembayaran Utang or "PKPU"). Once a PKPU petition is granted by the court, the law imposes an automatic stay that prevents secured creditors from enforcing any security interests that such creditors may hold during the PKPU period. A PKPU process may last up to 270 days. For a more detailed discussion on this debt restructuring process, see "– Risks relating to Indonesia – Securityholders will be exposed to a legal system subject to considerable discretion and uncertainty and may have difficulty pursuing claims under the Capital Securities". Such difficulties may hinder the Bank from recovering the full security value upon default of the Bank's debtors.

The performance of the Bank's large portfolio of restructured loans is sensitive to deteriorating general economic conditions, including interest rate increases and such loans may become non-performing again

As of 31 December 2025 and 30 June 2026, the Bank's restructured loan portfolio (standalone) totalled Rp75,399.12 billion (US$4,216.95 million) and Rp78,459.65 billion (US$4,388.12 million) respectively, representing 5.04% and 4.93% of the Bank's total loan portfolio (standalone) respectively. Under Indonesian law, state-owned banks are subject to an audit by the Supreme Audit Board (*Badan Pemeriksa Keuangan*), which may find that any losses from restructuring loans by agreeing to reductions in the outstanding principal or from selling loans at a discount to third parties might cause losses to the state. See "*Risk Management – Information System of Risk Management – Types of risk – Credit risk*". As a result, the Bank may only restructure loans by offering reductions in interest and extensions of maturity dates for repayment of principal. The Bank must choose between such restructuring approaches or provisioning for such NPLs in full and writing them off.

The Bank's limited ability to restructure NPLs increases the likelihood that if the borrower's situation does not improve sufficiently after restructuring to enable it to make required payments on a timely basis, loans that are restructured become non-performing again. As such, the Bank faces a greater degree of exposure to deteriorating economic conditions in Indonesia than many of the Bank's private competitors. During such periods, the Bank may experience a higher rate of NPLs from the Bank's restructured loan portfolio, thereby resulting in a larger negative impact on the Bank's overall loan portfolio as compared to certain of the Bank's competitors. The Bank cannot assure you that its large portfolio of restructured loans will not have a material adverse effect on its business, financial condition and results of operations.

Restructured loans may become non-performing if the borrowers of such loans fail to adhere to the terms of such restructured loans

In case of restructuring, the Bank has agreed to reschedule principal payments and/or reduce interest payment (converting it into deferred interest) for a certain period of time. The amount of payment could be increased subject to the Bank's re-evaluation of the debtor's perceived ability to service its loan.

Although any reduction in interest rates on high-risk loans may likely improve the performance of such loans, if the Bank's customers are unable to make readjusted payments for their respective restructured loans, such restructured loans may become non-performing, thereby requiring additional provisions, which may adversely affect the Bank's financial condition.

Material asset-liability liquidity mismatch may lead to issues in managing the Bank's liquidity and interest rate risk

The Bank depends on stable, liquid and well-functioning capital and credit markets to fund its operations. Since 2008, the capital and credit markets in much of the world, including in the European Union and the United States, have experienced increased volatility and disruption,

making it more difficult for companies to access those markets. Although the global financial and credit crisis did not generally affect the Bank's business and financial position as acutely as it affected banks and corporations in the United States and certain other countries, the global financial crisis affected certain sectors of Indonesia's economy, such as exporters and natural resources companies, and the stability of the Indonesian currency and financial markets. A reoccurrence of the same or similar crisis may result in the deterioration of the credit quality of the Bank's export-related loan portfolio and may increase the number of its NPLs.

Most of the Bank's funding requirements are met through short-term and medium-term funding sources, primarily in the form of time deposits, savings accounts and current accounts. Most of the Bank's time deposits are for periods of one month or three months. Many of the Bank's assets, however, have long-term maturities, creating the potential for liquidity mismatches. 76.23% of the Government bonds and marketable securities held by the Bank as of 30 June 2026 have maturities of up to five years, while 40.54% of total Bank loans have longer maturities. Historically, the Bank has been able to roll over most of its deposits on maturity, but the Bank cannot ensure that the Bank will continue to be able to do so in the future.

Although the Bank has not experienced material liquidity problems in the past, there can be no assurance that the Bank can maintain sufficient liquidity to cover customer withdrawals in the future, especially in the event of a future economic crisis. If a substantial number of the Bank's depositors do not roll over deposited funds upon maturity, or decide to withdraw their current account deposits, the Bank's liquidity position would be adversely affected. In particular, the Bank may have to rely on borrowings from Bank Indonesia or other sources of financing which may not be available at commercially attractive terms or at all. Currently, the Bank still holds a significant amount of high quality liquid assets that can cover funding needs in time of crisis. However, any failure to obtain adequate funding, or a significant increase in funding costs, would have a material adverse effect on the Bank's liquidity, financial condition and results of operations.

Further, the Bank realises income from the margin between interest earned on the Bank's assets and interest paid on the Bank's liabilities. Because the Bank's interest-earning assets and interest-earning liabilities are generally repriced at different times, the Bank's performance can be affected by fluctuations in market interest rates. In June 2026, Bank Indonesia increased its benchmark seven-day (reverse) repo rate to 5.75% per annum, which reflected its commitment to keep inflation under control. Any decline in the Bank's interest rate spread may expose the Bank to interest rate risk. There can be no assurance that interest rates will not change in the future, and these changes may have a material adverse effect on the Bank's liquidity, financial condition and results of operations.

Fluctuations in the value of the Rupiah may materially and adversely affect the Bank's financial condition and results of operations

Historically, the Rupiah has been subject to significant depreciation and volatility against the U.S. dollar and other foreign currencies. Depreciation or volatility of the Rupiah, or changes in the Government's exchange rate policies, may result in significantly higher domestic interest rates, liquidity, shortages, sovereign and corporate loan defaults, capital or exchange controls and withholding of further financial assistance by multilateral institutions. This could result in a reduction of economic activity, an economic recession, loan defaults and increases in the prices of imports. These consequences could have a material adverse effect on the Indonesian economy and the Bank's financial condition and results of operations and ability to make payments on foreign currency denominated obligations, including the Capital Securities.

The Rupiah has generally been freely convertible and transferable, except that Indonesian banks are restricted from transferring Rupiah to any bank account (offshore and onshore) for the benefit of non-residents, which includes foreign individuals, foreign legal entities, and Indonesian citizens with a permanent resident status outside Indonesia and Indonesian or foreign banks domiciled

offshore. There can be no assurance that the current floating exchange rate policy of Bank Indonesia will not be modified, that additional depreciation of the Rupiah against other currencies, including the U.S. dollar, will not occur, or that the Government will take additional action to stabilise, maintain or increase the value of the Rupiah, or that any of these actions, if taken, will be successful. A sustained and significant appreciation in the value of the U.S. dollar against the Rupiah could have an adverse effect on the Bank's profitability.

Bank Indonesia also has the authority to request information and data concerning the foreign exchange activities of individuals and legal entities that are domiciled, or who plan to reside, in Indonesia for at least one year. Bank Indonesia regulations also require resident banks and companies to report to Bank Indonesia all data concerning their foreign currency activities.

The Bank may face foreign exchange risk due to mismatches between its assets and liabilities. As of 30 June 2026, the Bank had US dollar and other non-Rupiah-denominated loans of Rp364.65 trillion (US$20.39 billion), customer deposits in foreign exchange of Rp398.91 trillion (US$22.31 billion) and US dollar and other non-Rupiah-denominated fund borrowings of Rp143.92 trillion (US$8.05 billion). The Bank's aggregate Net Open Position in foreign currencies was 2.34% as of 30 June 2026, which did not exceed the 20.00% limit of the month-end position of the Bank's total Tier 1 and Tier 2 capital established by Bank Indonesia regulations.

If Rupiah exchange rates move in a manner adverse to the Bank's open positions in foreign currencies at a given time, such movements could cause the Bank to suffer losses, reduce the Bank's CAR and require the Bank to seek additional capital or breach Bank Indonesia capital adequacy regulations. There can be no assurance that any additional required capital would be available to the Bank at such time on acceptable terms or at all.

The Bank's deposit base may contract, leading to a potential increase in its cost of funding and decrease in its competitiveness

The Bank's primary source of funding is deposits. The Bank has the largest deposit base among Indonesian banks, with total consolidated deposits from customers (including deposits from customers classified as temporary *syirkah* fund) of Rp1,763.17 trillion (US$98.61 billion) as of 30 June 2026. The Bank's large deposit base translates into a cost of funds of 2.01% per annum (standalone) as of 30 June 2026. The Bank's CASA ratio reached 70.50% (standalone) as of 30 June 2026, total CASA (total current account and saving account) of Rp1,205.49 trillion divided by total deposits of Rp1,710.03 trillion.

In the past, the Indonesian banking system has experienced bank runs or simultaneous withdrawals by depositors due to a variety of reasons including lack of confidence in the Indonesian banking system or a particular bank. There is no guarantee that such simultaneous withdrawals will not occur in the future or that the Bank will be able to adequately respond to these. Further, in the Bank's experience, a substantial portion of time deposits are rolled over upon maturity, but no assurances can be given that this will continue to be the case. Simultaneous withdrawals by depositors and/or the failure by depositors to roll over maturing time deposits could materially and adversely affect the Bank's liquidity position and the Bank could be required to seek more expensive sources of short-term or long-term funding to finance its operations. To the extent the Bank is unable to obtain sufficient funding on acceptable terms, its financial condition and results of operations may be adversely affected and its cost of funding may increase and adversely affect the Bank's ability to compete.

The Bank has several policies in place to manage its liquidity to ensure that even under adverse conditions it has access to necessary funds at a reasonable cost. Although the Bank's policy is to maintain prudent liquidity risk management, as well as diversified and stable sources of funding, there can be no assurance that there will not be a liquidity crisis which might affect the Bank. Failure by the Bank to maintain and ensure adequate sources of funding may adversely affect the financial condition and results of operations of the Bank.

The Bank is subject to counterparty risks

Like most financial institutions, the Bank acts as an intermediary, primarily in domestic and international foreign exchange and derivative markets. The Bank has outstanding foreign currency transactions and foreign exchange/interest rate swap arrangements with a number of domestic and international banks, financial institutions and other entities, including those in Asian countries. As a result of such arrangements, the Bank is subject to credit risk from a number of different counterparties. Although the Bank believes that the overall credit quality of its counterparties is adequate, there can be no assurance that parties with significant exposure will not face difficulties in paying amounts on derivative contracts when due as a result of the default and/or bankruptcy of such counterparties or changes to liabilities and/or priority thereof imposed under resolution plans or "bail-in" regulations or any other unforeseen or adverse events occurring, which may adversely affect the financial condition and results of operations of the Bank.

The Bank may not be able to detect money laundering, terrorist financing, proliferation financing and other illegal or improper activities fully or on a timely basis, which could expose the Bank to additional liability and harm the Bank's business and reputation

The Bank may not be able to detect money laundering, terrorist financing, proliferation financing and other illegal or improper activities fully or on a timely basis, as perpetrators continually evolve their methods and often remain one step ahead of detection controls. Criminal actors may use complex layering techniques, to obscure the origin and movement of funds. Limitations in data quality, evolving typologies, and the sophistication of financial crime schemes may result in delayed identification of suspicious activities. Failure to detect such activities promptly could expose the Bank to regulatory sanctions, financial losses, and reputational damage.

To mitigate this risk, the Bank maintains internal policies and procedures that adopt prevailing laws and regulations and establish clear mechanisms for detecting, escalating, and reporting suspicious financial transactions to the relevant Financial Intelligence Unit (FIU). These policies consist of risk-based monitoring, customer due diligence standards, escalation protocols, and reporting timelines to ensure compliance with applicable anti-money laundering, counter-terrorist financing, and counter-proliferation financing requirements. The Bank also operates an AML monitoring system designed to identify unusual and potentially suspicious transaction patterns.

The system is periodically fine-tuned to reflect emerging typologies, regulatory expectations, and evolving risk profiles. In addition, the Bank provides continuous training and practical attachments for all employees to strengthen their ability to detect, analyse, and report suspicious transactions comprehensively and in accordance with regulatory requirements.

While the Bank has implemented policies, procedures and monitoring systems to detect and prevent money laundering, terrorist financing activities, or proliferation financing, such measures may not fully eliminate the risk that its controls could be circumvented. This can be caused by the evolving of financial crime schemes, complex layering techniques, and/or limitations in available and reliable data could delay the identification of suspicious activities.

The Bank may not be able to detect and prevent all fraud or other misconduct committed by the Bank's employees or third parties

There have been a number of publicised cases involving fraud or other misconduct by officers, employees or third parties in connection with financial institutions in Indonesia in recent years. Fraud and other misconduct by officers or employees (at the headquarter or branch levels) or third parties may be difficult to detect and prevent and could subject the Bank to financial losses and sanctions imposed by Governmental authorities or could seriously harm the Bank's reputation. Types of possible misconduct by third parties against the Bank may include, among other things, fraud, theft, robbery, and certain armed crimes.

To mitigate these risks, the Bank has established and continues to enhance its Anti-Fraud Strategy Framework, which encompasses prevention, detection, investigation, reporting, sanctions, monitoring, evaluation and remediation processes. The framework is aligned with the Bank's defined risk appetite and tolerance levels and is implemented in compliance with OJK Regulation No. 12 of 2024 regarding the Implementation of Anti-Fraud Strategy for Financial Services Institutions.

The Bank maintains a robust and well-established internal control environment supported by comprehensive oversight and monitoring mechanisms across its head office and branch network. Clear accountability structures, effective segregation of duties and independent assurance functions form the foundation of the Bank's governance framework. These controls are reinforced by regular risk assessments, structured review processes and established whistleblowing channels. The Bank further enhances its control capabilities through the deployment of technology-driven monitoring tools designed to enhance early detection and timely response, alongside continuous staff training and compliance programs that promote a strong culture of integrity and risk awareness throughout the organization.

Although the Bank has in the past and is at present continually increasing its efforts to detect and prevent officer, employee and third-party fraud or other misconduct, it is not always possible to detect or prevent such activities, and the precautions taken by the Bank may not be effective in all cases. The Bank may also need to implement more extensive or different measures and procedures in the future in response to changes in the legal and regulatory environment or to changes in technology and business practices, which could result in additional cost and may not be as effective in strengthening the Bank's compliance frameworks as anticipated. Accordingly, the Bank cannot ensure that the Bank's internal control policies and procedures will completely and effectively prevent all fraud or other misconduct committed. Any fraud or misconduct involving the Bank or its employees may adversely affect the Bank's business, financial condition and results of operations.

If the Bank cannot comply with minimum capital adequacy requirements, it would need to raise additional capital, and its ability to do so could be limited

OJK Regulation No. 11/POJK.03/2016 on Obligation to Provide Minimum Capital for Commercial Banks as most recently amended by OJK Regulation No. 27 of 2022 ("**OJK Regulation No. 11/2016**") requires a minimum total CAR of (i) at least 8.00% of the risk-weighted assets (known as *Aset Tertimbang Menurut Risiko* or "**ATMR**") for banks with a risk profile ranking of 1, (ii) at least 9.00% up to less than 10.00% of the ATMR for banks with a risk profile ranking of 2, (iii) at least 10.00% up to less than 11.00% of the ATMR for banks with a risk profile ranking of 3 and (iv) at least 11.00% up to 14.00% of the ATMR for banks with a risk profile ranking of 4 or 5. Under OJK Regulation No. 11/2016, the risk profile assigned to a given bank depends on the valuation of inherent risks and quality of the implementation of the risk management in its operation, with the valuation done through an Internal Capital Adequacy Assessment Process ("**ICAAP**") mechanism, notwithstanding the supervisory review and evaluation process conducted by the OJK. As of the date of this Offering Circular, the Bank's risk profile self-assessment is ranked 1. As of 30 June 2026, the minimum capital that must be provided based on the Bank's risk profile (using the ICAAP methodology) is 9.73%.

In addition to the minimum capital adequacy requirements, OJK Regulation No. 11/2016 requires banks to establish additional capital in the forms of (i) capital conservation buffer in the amount equals to 2.5% of the ATMR, (ii) countercyclical buffer in the amount equals to 0% up to 2.5% of the ATMR, and (iii) for systemic banks, capital surcharge in the amount equals to 1.0% up to 2.5% of the ATMR. The purpose of such additional capital is to act as buffers for absorbing risks caused by crisis conditions and/or excessive banking credit growth.

As of 30 June 2026, the Bank is regulated to have a Capital Conservation Buffer of 2.50% and a Capital Surcharge for Systemic Bank of 2.50%, whereas the Countercyclical Buffer is set at 0% by the regulator.

The Bank's total CAR and Tier 1 CAR (standalone) as of 30 June 2026 are 17.52% and 16.36% respectively, which exceed the minimum total CAR requirement 14.73% (CAR Based on Risk Profile + Buffers). In addition, as of 30 June 2026, the Bank has a capital conservation buffer of 2.50%, a capital surcharge for systemic bank of 2.50% and countercyclical buffer of 0.00%.

The following table provides a summary of the Bank's regulatory capital (standalone) as of the dates indicated.

	As of 31 December		As of 30 June
	2024	2025	2026
	(Rp billion)	(Rp billion)	(Rp billion)
Core Capital	229,933	238,082	228,963
Supplemental Capital	14,326	15,213	16,250

The Bank has completed the adoption of the Capital Accord of the Basel Committee ("**Basel III**"), as implemented in Indonesia, to meet the minimum capital adequacy requirements set out by OJK. In addition, the Bank has been implementing the recent requirements typically referred to as "Basel III Reforms" beginning January 2023. Under Basel III, banks are assigned a score to measure systemic importance and potential social loss in case of default, and assigned a bucket (1-5) based on that score. Higher buckets indicate higher levels of systemic importance, and thus higher applicable D-SIB capital surcharge. As a Bucket 4 bank, a capital conservation buffer of 2.50% and a D-SIB capital surcharge of 2.50% are applicable to the Bank.

Although the Bank is in compliance with the capital adequacy requirements of OJK as of the date of this Offering Circular, there can be no assurance that it will continue to be able to comply with such requirements. Any failure by the Bank to comply with minimum capital adequacy requirements and minimum additional capital thresholds, under current or future regulations (including Basel IV), would have a material adverse effect on its business, prospects, financial condition and results of operations. For example, if the Bank's capital adequacy requirements were to fall below 8.00%, under OJK Regulation No. 5 of 2024 on Determination of Status on Supervision and Handling of Issues of Commercial Banks, the Bank would be placed under "bank in restructuring" (*bank dalam penyehatan*) or "bank in resolution" (*bank dalam resolusi*) by OJK and may, among other things, be prohibited from making payments of interest or principal in respect of any outstanding subordinated bonds and from making any distributions. OJK may also further increase the minimum CAR requirements in the future in order to bring Indonesia's minimum CAR requirements in line with international standards. If this were to occur, the Bank cannot give any assurance that any additional required capital would be available on acceptable terms, or at all.

The Bank faces compliance risk from multiple regulatory and supervisory authorities

On 22 November 2011, the Government enacted Law No. 21 of 2011 on the Financial Services Authority or *Otoritas Jasa Keuangan* ("**Law No. 21 of 2011**"), as amended by **Law No. 4 of 2023** dated 12 January 2023 on the Development and Strengthening of the Financial Sector as amended by **Law No. 4 of 2026** dated 17 June 2026 on the Amendment to Law No. 4 of 2023 on Financial Sector Development and Strengthening (the "**Financial Sector Omnibus Law**"), and as amended by **Law No. 1 of 2026** dated 2 January 2026 on the Criminal Sanctions ("**Law No. 1/2026**") (the "**OJK Law**"). Under the OJK Law, OJK took over the supervision of capital markets, banks, insurance companies, pension funds, multi-finance and other financial institutions from 31 December 2012.

According to the OJK Law, OJK has the authority to regulate and supervise Indonesian banks in relation to certain aspects, including institution, soundness and prudence of Indonesian banks, as well as to protect consumers in the financial services industry. Additionally, OJK also has the authority to conduct inspections of Indonesian banks. Although several banking aspects have been under the directive and supervision of OJK, Bank Indonesia maintains its authority in determining monetary discretion and regulating the payment system. The existence of OJK's right to regulate and supervise certain aspects in the Indonesian banking industry does not necessarily curtail Bank Indonesia's authority to regulate and supervise Indonesian banks. Bank Indonesia maintains its authority to regulate and supervise Indonesian banks in relation to the other aspects not regulated or supervised by OJK.

In addition to OJK regulations, the Bank is also subject to banking, corporate and other laws, the central bank's (Bank Indonesia) regulations in effect in Indonesia, the requirement that the Bank be licensed to conduct its banking and financial services operations, banking laws and regulations of other jurisdictions where the Bank has branches or subsidiaries and IDX rules and personal data protection law.

If the Bank is unable to comply with the rules and regulations applicable to it, including those of foreign jurisdictions, it could be subject to penalties, fines, loss of its required regulatory permits and damage to its business reputation, which could have a material adverse effect on the Bank's financial condition and results of operations. In addition, changes in rules and other regulations and actions by Bank Indonesia, OJK or other authorities in the future may also significantly affect the Bank's industry in general and the Bank in particular in other ways. For a description of the regulatory framework the Bank is subject to, see "*Banking Regulation and Supervision*".

The regulatory and legal framework governing the Bank differs in certain material respects from that in effect in the United States and other countries and may continue to change as the Indonesian economy and commercial and financial markets evolve. Any changes in laws, regulations or regulatory policies, including changes in the interpretation or application of such laws, regulations and regulatory policies, may restrict the Bank's business activities, adversely affect the products and services which the Bank offers, the value of the Bank's assets or the Bank's business in general, and cause the Bank to incur increased expense and to devote considerable time to ensure compliance. Such changes may include changes with respect to capital requirements, solvency requirements, leverage and liquidity ratios, risk management, cross-border capital flows, local lending obligations, management compensation, consumer protection, and risk management, among other areas. Changes in laws, regulations and regulatory policies, or the interpretation or application thereof, will lead to greater regulatory oversight and scrutiny and increased compliance costs.

The Bank may not be successful in identifying and acquiring suitable business targets, which could adversely affect the Bank's growth and results of operations

The Bank's ability to identify and acquire suitable business targets is critical to its growth and financial performance. If the Bank is unable to identify and acquire targets that align with its strategy, this could limit its growth opportunities and negatively impact its results of operations. The process of identifying, evaluating, and acquiring targets requires careful planning and due diligence, and if any of these steps are not executed effectively, the Bank could acquire targets that are not a good fit for its business or overpay for acquisitions. In addition, financing such acquisitions or arrangements may require the Bank to incur debt, which could have an adverse effect on its business and results of operations, including potential downgrades in its credit ratings.

As such, the Bank cannot assure investors that it will be able to identify and enter into arrangements with suitable business partners or acquisition targets on commercially acceptable terms, if at all, or that it will have sufficient capital to fund such arrangements at levels that would

not adversely affect the Bank's financial position. Failure to identify and enter into viable arrangements with suitable targets in the future, or the failure to properly execute, integrate and draw synergies from acquisitions undertaken by the Bank, could adversely affect its growth as well as its business, financial condition and results of operations.

The Bank may not be able to implement its business strategies on schedule or within budget or at all

The Bank may not be able to fully implement its current and future business strategies on schedule or within budget or at all. The Bank's business strategy includes increasing the availability and scale of its existing products as well as developing new products to expand its business activities. The expansion of the Bank's business activities may expose it to a number of risks and challenges including, among other things, the following:

(i) new and expanded business activities may have less growth or profit potential than the Bank anticipates, and there can be no assurance that new business activities will become profitable at the level the Bank desires or at all;

(ii) the new business strategy may alter the risk profile of the Bank's portfolio;

(iii) the Bank may fail to identify and offer attractive new services in a timely fashion, putting it at a disadvantage with competitors;

(iv) the Bank's competitors may have substantially greater experience and resources for the new and expanded business activities and so the Bank may not be able to attract customers from its competitors; and

(v) economic conditions, such as changes in interest rates or inflation, could hinder the Bank's expansion.

Taking into consideration the fluctuations and changes in customer behaviour, rising smart device and social media usage as well as the increasing use of digital products of other non-bank entities for effecting payments, the landscape for banking services is evolving. While digitalisation has provided new business opportunities, it has also introduced new and increased cybersecurity risk exposures for the Bank. In particular, the Bank has allocated significant capital expenditure to enhance its digital capabilities and infrastructure and will continue to invest in key digital initiatives and infrastructure modernization. However, there can be no assurance that the Bank will achieve the expected benefits or returns from such capital expenditure, or that actual costs will not exceed budgeted amounts. Despite increased investments in digital technologies and new digital initiatives, digitalisation remains a fast moving and evolving landscape. There is no assurance that Bank's digital investments will keep pace with technological developments or evolving customer expectations, and the Bank may be required to incur additional unplanned capital expenditure to address emerging technological requirements, cybersecurity threats or competitive pressures.

In addition, the Bank's strategies are subject to significant business, economic and competitive uncertainties and contingencies, many of which are beyond the Bank's control and could delay or increase the costs of implementation. Such potential events include, but are not limited to, labour disputes, system upgrades, changes in costs or requirements related to compliance with applicable laws and regulations, delays in securing the necessary governmental approvals, a downturn in the economy and changes to plans for additional facilities necessitated by changes in market conditions.

Any inability by the Bank to implement its business strategy or disruptions to the Bank's strategic plans could result in the loss or delayed receipt of revenue, an increase in financing costs, or a failure to meet profit and earnings projections, any of which may adversely affect the Bank's business, financial condition and results of operations.

The ratings of third-party rating agencies could adversely affect the Bank's ability to obtain, renew or extend credit facilities, or otherwise raise funds

Third-party credit ratings are important indicators of a bank's creditworthiness, and a lower credit rating assigned by rating agencies can make it more difficult and expensive for such bank to access funding from lenders and investors. This is because a lower rating signals a higher level of risk, which can cause lenders to demand higher interest rates or more stringent terms for loans and other forms of financing.

Rating agencies from time to time review outstanding issuer and issue-specific ratings in light of changes in ratings criteria. If rating agencies were to downgrade their original ratings on the Bank's outstanding debt securities, certain holders of such debt securities may be required or may elect to sell bonds in the marketplace, and such sales could occur at a discount, which could affect the perceived value of the bonds and the Bank's ability to sell future bonds on favourable terms or at all. In addition, any downgrade or adverse change in outlook with respect to Indonesia's sovereign credit ratings could increase the Bank's funding costs and reduce demand for, or liquidity of, the Bank's debt securities, including as a result of investor and counterparty limits linked to sovereign ratings, and could further contribute to wider funding spreads. Please also see "*– Risks relating to Indonesia – Downgrades of credit ratings of Indonesia and/or reclassification of market status could adversely affect the Indonesian financial markets and the Bank's ability to finance operations and grow*" for additional details.

On 9 December 2025, S&P Global affirmed its BBB (stable) long term and A-2 short term for issuer credit rating on the Bank. On 6 February 2026, Moody's revised the Bank's long-term foreign currency credit rating to Baa2 (Negative), in line with the sovereign outlook. On 20 April 2026, Fitch affirmed the Bank's long-term foreign and local currency issuer default ratings of BBB but revised the outlook to "negative" in line with the sovereign outlook.

While, as of the date of this Offering Circular, the Bank is not aware of any reasonably expected further downgrades to its corporate credit rating or the ratings of its debt securities, such rating changes may occur without advance notice.

The Bank is subject to risks associated with its hedging activities and other derivative transactions

The Bank has entered into derivative transactions for hedging purposes as well as conducted derivative transactions on behalf of its customers. The Bank's derivative transactions are small in terms of value relative to its loan, deposit, and other transactions. The Bank may face risks such as credit risk, market risk, and operational risk associated with these transactions. At present, the Indonesian market has limited regulations with respect to derivative transactions and requires further improvement which increases the risks of such transactions that the Bank may enter into. Accordingly, the Bank's business, financial position and results of operations may be adversely affected given the volatility of the prices of these derivatives, which in turn may negatively affect the Bank's ability to service the Capital Securities and to satisfy its other obligations under the Capital Securities.

The Bank's business is inherently subject to the risk of market fluctuations

The Bank's business is directly subjected to risks including volatility in market movements and wider macroeconomic factors, including changes and increased volatility in exchange rates, interest rates, inflation rates, credit spreads, commodity, equity, bond and property prices and the risk that its customers act in a manner which is inconsistent with business, pricing and hedging assumptions. These movements may affect the Bank in multiple key areas. For instance, changes in interest rate levels, yield curves and spreads affect greatly the interest rate margin between lending and borrowing costs. Historically, there have been periods of high and volatile interbank

lending margins over official rates (to the extent banks have been willing to lend at all), which have exacerbated such risks. Competitive pressures on fixed rates or product terms in existing loans and deposits sometimes restrict the Bank in its ability to change interest rates given to customers in response to changes in official and wholesale market rates.

Any failure by the Bank to implement, or consistently follow, its risk management systems may adversely affect its financial condition and results of operations, and there can be no assurance that the Bank's risk management systems will be effective. In addition, the Bank's risk management systems may not be fully effective in mitigating risk exposure in all market environments or against all types of risks, including risks that are unidentified or unanticipated. Some methods of managing risk are based upon observed historical market behaviour. As a result, these methods may not predict future risk exposures, which could be significantly greater than the historical measures indicated.

The Bank's risk management controls may not be effective

The Bank has been proactively implementing its risk management framework, as well as improving its risk management and internal control capabilities. For more information about the Bank's risk management system, please refer to "*Risk Management*". The Bank's ability to implement and maintain strict internal controls may be affected by expansions in business scale and business scope, such as the complexity and vulnerability of digitalisation of the Bank's business and services (e.g., due to cyber-attacks), and the challenges it faces in the improvement of the quality of its sustainable finance implementation. If there are any deficiencies in the Bank's risk management, internal control or policies and procedures, the Bank may be subject to credit risk, liquidity risk, market risk or operational risk, which may materially and adversely affect the Bank's business, financial condition and results of operations.

The Bank engages in transactions with related parties that may not be on arm's-length terms

From time to time, the Bank may make loans to its key management personnel and its subsidiaries and companies controlled by or affiliated with the Bank. As of 30 June 2026, the Bank had outstanding loans to officers and such companies totalling Rp422,057.91 billion (US$23,605.03 million), as compared with Rp402,847.58 billion (US$24,158.78 million) as of 31 December 2025. There can be no assurance that such loans have been granted on identical or less favourable terms or conditions than a third-party bank would have extended.

The Bank or the Bank's customers may be subject to OFAC or other penalties if the Bank is determined to have violated any OFAC regulations or similar sanctions

The United States imposes a range of economic sanctions against certain foreign countries, terrorists, international narcotics traffickers and those engaged in activities related to the proliferation of weapons of mass destruction. The US sanctions are intended to advance certain US foreign policy and national interests, such as discouraging certain countries from acquiring weapons of mass destruction or engaging in human rights abuses. The US Department of the Treasury's Office of Foreign Assets Control (the "OFAC") is the principal government agency charged with administering and enforcing US economic sanctions programmes. These economic sanctions, as administered by OFAC, generally apply to US entities and, in certain cases, to foreign affiliates of US entities, or to transactions that involve, in some manner, US products or otherwise come within the jurisdiction of the United States. Other governments and international or regional organisations also administer similar economic sanctions. The Bank has conducted several screening procedures in relation to OFAC and other sanctions for its account opening, transaction, and other processes. However, if any of the Bank's overseas branches engages in any prohibited transactions by any means, or if it is otherwise determined that any of the Bank's transactions violated OFAC-administered or other sanctions regulations, the Bank could be

subject to penalties, and the Bank's reputation and ability to conduct future business in the United States or with US entities, or in other affected jurisdictions, could be affected, which may materially and adversely affect the Bank's business, financial condition and results of operations.

Global trends in banking regulations may affect the Bank's business

Like other major regional banks, the Bank is subject to extensive regulation by regulators and exchanges in each of the major markets where the Bank conduct its business or where its counterparties are located. These laws and regulations significantly affect the way in which the Bank does business and can restrict the scope of its existing businesses and limit the Bank's ability to expand its product offerings and pursue certain investments.

In response to the financial crisis, legislators and regulators around the world have adopted, continue to propose and are in the process of adopting, finalising and implementing a wide range of financial market reforms that are resulting in major changes to the way in which the Bank's global operations are regulated and conducted.

In particular, as a result of these reforms, the Bank is, subject to (among other things) significantly revised and expanded regulation and supervision, more intensive scrutiny of the Bank's businesses and any plans for expansion of those businesses, activities limitations, a systemic risk regime that imposes heightened capital and liquidity requirements and other enhanced prudential standards, resolution regimes and resolution planning requirements, and comprehensive derivatives regulations. For example, as a result of implementation of Basel III and Basel III Reforms, the Bank must apply certain minimum capital adequacy requirements and establish certain additional capital in the forms of capital conservation buffer, countercyclical buffer and capital surcharge. Any failure by the Bank to comply with minimum capital adequacy requirements and minimum additional capital thresholds under current or future regulations (including Basel IV), would have a material adverse effect on its business, prospects, financial condition and results of operations. Please see "– *If the Bank cannot comply with minimum capital adequacy requirements, it would need to raise additional capital, and its ability to do so could be limited*" for additional details. While certain portions of these reforms are effective, others are still subject to final rulemaking or transition periods. Many of the changes required by these reforms could affect the profitability of the Bank's businesses and the value of assets which the Bank holds, expose the Bank to additional costs. In addition, regulatory requirements that are being proposed by foreign policymakers and regulators may be inconsistent or conflict with regulations that the Bank are subject and, if adopted, may adversely affect the Bank. While there continues to be uncertainty about the full impact of these changes, the Bank is and will continue to be subject to a more complex regulatory framework, and will incur costs to comply with new requirements as well as to monitor for compliance in the future.

The Bank is subject to legal risk, including the risk of lawsuits and other legal proceedings, which could have a material adverse effect on its business, results of operations or financial condition

The Bank is involved in various legal proceedings on a day-to-day basis in connection with its business, including tax disputes.

The Bank has included provisions in its financial statements to cover possible liabilities arising from legal proceedings and tax disputes. For more information, see "*Business – Legal Proceedings*". The Bank's management makes estimates regarding the outcome of legal and tax matters and creates provisions when losses with respect to such matters are deemed probable and can be reasonably estimated. Based on the advice of internal counsel and external advisers, and the Bank's previous experience in similar cases or proceedings or other pending litigation, as of the date of this Offering Circular, the Bank believes that its current provisions are adequate to deal with the outcome of pending proceedings.

However, estimates by their nature are based on judgement and currently available information and involve a variety of factors, including, but not limited to, the type and nature of the litigation, claim or proceeding, the progress of the matter, the advice of legal counsel and other advisers, possible defences and previous experience in similar cases or proceedings. Given the complexity of the relevant circumstances underlying such proceedings, together with the issues relating to the interpretation of applicable law, it is inherently difficult to estimate the potential liability related to such risks, to evaluate the outcome of such litigation or the time when such liability may materialise. As such, there can be no assurance that such provisions will be sufficient to fully cover the possible losses arising from litigation, tax or other proceedings. Accordingly, the Bank may also be required to cover litigation losses and tax liabilities that exceed such provisions.

A negative outcome in one or more of its ongoing proceedings, even in light of its provisions, could have a material adverse effect on the business, results of operations or financial condition of the Bank.

RISKS RELATING TO INDONESIA

The Bank is subject to the political, economic, legal and regulatory environment in Indonesia as substantially all of its operations and assets are located in Indonesia. The Bank's business, financial condition and results of operations may be affected by changes in Government policies, laws and regulations. Investing in Indonesia and companies located in Indonesia involves many risks, including the following:

Securityholders will be exposed to a legal system subject to considerable discretion and uncertainty and may have difficulty pursuing claims under the Capital Securities

Indonesian legal principles relating to the rights of debtors and creditors and their implementation by Indonesian courts may differ materially from the legal principles that would apply or their implementation by the courts if the Bank was established in other jurisdictions such as the United States or the European Union. Neither the rights of debtors nor the rights of creditors under Indonesian law are as clearly established as under legislation or judicial precedent in most United States and European jurisdictions. In addition, under Indonesian law debtors may have rights and defences to actions filed by creditors that these debtors would not have in jurisdictions with more established legal regimes, such as those in the United States and the European Union member states.

Indonesia's legal system is a civil law system based on written statutes in which judicial and administrative decisions do not constitute binding precedent and, although the judiciary has taken steps to systematically publish decisions and make these electronically accessible, not all such decisions are so published or readily accessed. Many of Indonesia's commercial and civil laws and rules on judicial process were based on Dutch law in effect prior to Indonesia's independence in 1945 and some of the laws have not been revised to reflect the complexities of modern financial transactions and instruments. Indonesian courts may be unfamiliar with sophisticated commercial or financial transactions, leading in practice to uncertainty in the interpretation and application of Indonesian legal principles. The application of many Indonesian laws depends, in large part, upon subjective criteria such as the good faith of the parties to the transaction and principles of public policy, the practical effect of which is difficult or impossible to predict. Indonesian judges operate in an inquisitorial legal system and have very broad fact-finding powers and a high level of discretion in relation to the manner in which those powers are exercised.

In practice, Indonesian court decisions may omit, or may not be decided upon, a legal and factual analysis of the issues presented in a case. As a result, the administration and enforcement of laws and regulations by Indonesian courts and Governmental agencies may be subject to considerable discretion and uncertainty. Further, there is also no assurance that Indonesian courts would enforce, or even consent to, adjudicating agreements that are governed by non-Indonesian law.

On 2 September 2013, the holders of notes issued by BLD Investments Pte. Ltd and guaranteed by PT Bakrieland Development Tbk ("**Bakrieland**"), under a trust deed governed under English law, filed a suspension of debt payment petition with the Jakarta Commercial Court on grounds including that Bakrieland had failed to comply with its obligation to repay the principal amount of the notes when noteholders exercised their put option under the terms of the notes. In its decision dated 23 September 2013, the Jakarta Commercial Court ruled, among other things, that the trust deed relating to the notes is governed by English law, all disputes arising out of or in connection with the trust deed must be settled by English courts and, accordingly, that it does not have authority to examine and adjudicate this case.

Furthermore, in early 2016, an Indonesian company, PT Trikomsel Oke Tbk ("**Trikomsel**"), entered into suspension of debt payment proceedings (*Penundaan Kewajiban Pembayaran Utang* or "**PKPU**"). The administrators were reported to have rejected claims that arose from holders of their two Singaporean Dollar bonds and have taken the stance that the trustees under such bonds did not have any standing to make claims on behalf of bondholders. Further, they asserted that only individual bondholders that had filed claims on their own would be able to participate in the suspension of debt payment proceedings and to vote on any restructuring plan. On 28 September 2016, the suspension of debt payment obligations process was settled between Trikomsel and its creditors through the establishment of a composition plan (*rencana perdamaian*) which was approved by certain bondholders and then ratified by the Jakarta Commercial Court. Based on an announcement from Trikomsel on 5 October 2016, under the composition plan, the bondholders of two of the Singaporean Dollar bonds may be required to convert their notes into new shares to be issued by Trikomsel, thereby extinguishing the bonds.

In another example, in the PKPU proceeding of PT Delta Merlin Dunia Textile ("**Duniatex**") in 2020 the PKPU administrators rejected claims in connection with certain foreign currency bonds concluding that the relevant trustees did not have any standing to make claims on behalf of the relevant noteholders. The PKPU administrators further held that only individual noteholders that had filed claims on their own would be able to participate in the PKPU proceedings and to vote on the restructuring plan. This stance was further affirmed by the Commercial Court and the PKPU was settled in June 2020, through the ratification of a composition plan which was approved by certain noteholders of Duniatex and then ratified by the Jakarta Commercial Court.

As a result, investors may find it more difficult to pursue claims against the Bank in Indonesia than it would be to do so in other jurisdictions, such as the United States and the European Union, which may adversely affect the investors ability to obtain and enforce a judgement against the Bank in Indonesia and increase the investors' costs of pursuing, and the time required to pursue, claims against the Bank.

Downgrades of credit ratings of Indonesia and/or reclassification of market status could adversely affect the Indonesian financial markets and the Bank's ability to finance operations and grow

As of the date hereof, Indonesia's long-term foreign-currency sovereign ratings are "Baa2" by Moody's (negative), "BBB" by Fitch (negative) and "BBB" by S&P (stable). These ratings reflect an assessment of the Government's overall financial capacity to pay its obligations and its ability or willingness to meet its financial commitments as they become due and are an improvement over the sovereign rating granted by these international credit rating agencies to Indonesia following the 1997 financial crisis (although two of such agencies have recently revised their outlooks on Indonesia to negative). In addition, in January 2026, global index provider MSCI announced temporary measures affecting the treatment of Indonesian securities in its indexes and indicated that Indonesia could potentially be reclassified from "emerging market" to "frontier market" status if concerns relating to market investability, including transparency of shareholding structures, were not adequately addressed. In its June 2026 Market Classification Review, MSCI acknowledged certain reforms announced by the Indonesian market authorities but stated that material investability concerns remained. Indonesia has not been reclassified and continues to be

treated as an "emerging market". However, MSCI stated that, if sufficient progress is not evident by the November 2026 MSCI Index Review, it may consider a range of options, potentially including a consultation on the reclassification of Indonesia from "emerging market" to "frontier market" status.

There can be no assurance that S&P, Fitch, Moody's, MSCI or any other international credit rating agency or global index providers will not downgrade the credit ratings of Indonesia or reclassify the market status of Indonesia in the future. Any such downgrade or reclassification could adversely affect liquidity in the Indonesian financial markets, result in more cautious investor behaviour, the ability of the Government and Indonesian companies, including the Bank, to raise additional financing, and the interest rates and other commercial terms at which such financing is available, including potentially higher funding spreads, and could have a material adverse effect on the Bank's business, cash flows, financial condition, results of operations and prospects.

Labour activism and legislation could adversely affect the Bank, its customers and Indonesian companies in general, which in turn could affect the Bank's business, financial condition and results of operations

Laws and regulations that facilitate the formation of labour unions, combined with weak economic conditions, have in the past resulted, and may in the future, result in labour unrest and activism in Indonesia.

In 2000, the Government issued Law No. 21 of 2000 on Labour Union, permitting employees to form unions without intervention from their employers. In 2003, Law No. 13 of 2003 on Labour (the "**2003 Labour Law**") was issued, increasing the amount of mandatory severance, service and compensation payments payable to terminated employees. The 2003 Labour Law also requires the implementation of regulations that may substantially affect labour regulations in Indonesia, such as the requirement for bipartite forums with participation from employers and employees if the employer has at least 50 employees and the requirement for participation of more than 50.00% of the employees of a company in order for a collective labour agreement to be negotiated. The 2003 Labour Law also creates procedures that are more permissive to the staging of strikes. Under the 2003 Labour Law, employees who voluntarily resign are entitled to payments for, among other things, unclaimed annual leave, relocation expenses (if any), and other expenses. Although several labour unions challenged the 2003 Labour Law on constitutional grounds, the Indonesian Constitutional Court declared it valid, except for certain provisions, such as the procedures for terminating the employment of an employee who commits serious misconduct and criminal sanctions against an employee who instigates or participates in an illegal labour strike.

In 2020, the Law No. 11 of 2020 on Job Creation (as further amended under the Law No. 6 of 2023 on the Enactment of Government Regulation in Lieu of Law No. 2 of 2022 on Job Creation into law (the "**Job Creation Law**"), as most recently amended by Law No. 1/2026) and Government Regulation No. 35 of 2021 on Fixed-Term Employment Agreement, Outsourcing, Working Hours and Time-off, and Termination of Employment, introduced several further amendments to the 2003 Labour Law, as so amended, the "**Labour Law**"), including that employers may terminate employees based on 'efficiency' due to losses, where the 2003 Labour Law previously required that termination on this ground required closure of the company. Another change is that there is now only one severance payment formula applicable to all grounds of termination, where previously some grounds for termination granted a double severance payment (*pesangon*). There is also a total reduction in the severance formula that must be paid. A terminated employee will now be eligible for a maximum amount of 19 months' worth of pay only (previously 32 months), which consists of (i) 10 months' worth of severance pay and (ii) nine months' worth of long service pay, all provided by the employer. In addition, such employee will also be eligible for up to a maximum of six months' worth of pay, which will be paid through an Unemployment Benefit (*Jaminan Kehilangan Pekerjaan*) scheme from the Government. Also, it is expected that there will be several implementing regulations to be issued that will govern, among others, outsourcing and termination of employees by the Government.

Labour unrest and activism in Indonesia could disrupt the Bank's operations or those of its customers and could affect the financial condition of Indonesian companies in general, depressing the prices of Indonesian securities on the Indonesian stock exchanges and the value of the Rupiah relative to other currencies. Such events could materially and adversely affect the Bank's business, prospects, financial condition and results of operations.

Indonesian law requires agreements involving Indonesian parties to be written in the Indonesian language and allows parties thereto to elect a foreign language version of such agreement as the governing language; however, in the event of proceedings in an Indonesian court there can be no assurance that the judges will render their decision based on the foreign language version

Pursuant to Law No. 24 of 2009 on Flag, Language, Coat of Arms, and National Anthem that was enacted on 9 July 2009 ("**Law No. 24/2009**"), agreements in which Indonesian entities or individuals are parties must be made in the Indonesian language. In the event that foreign entities or individuals are also parties to the same agreements, such agreements may also be made in the language of such foreign parties or in the English language, provided that both the foreign language and Indonesian language versions are equally authoritative. Law No. 24/2009 is silent on the governing language if there is more than one language used in a single agreement or on the consequence in the event that applicable agreements are not prepared in the Indonesian language.

On 30 September 2019, the President of the Republic of Indonesia issued Presidential Regulation No. 63 of 2019 on The Use of Indonesian Language ("**PR No. 63/2019**") to implement the provisions under Law No. 24/2009. PR No. 63/2019 stipulates that the Indonesian language must be used in memorandums of understanding or agreements that involve, among others, Indonesian private entities (including Indonesian limited liability companies). If the agreement involves a foreign party, the agreement may also be made in the national language of such foreign party or in English. Under PR 63/2019, the foreign language version of such agreement will be deemed as an equivalent (*padanan*) to or a translation (*terjemahan*) of the Indonesian language version. This provision also implies that the Indonesian language version of the agreement needs to be executed at the same time as the English version of the agreement. In addition, PR No. 63/2019 expressly confirms that parties to an agreement involving foreign parties may agree on any prevailing language of the agreement if there are any inconsistencies between the Indonesian language version and the foreign language version.

In addition, with respect to state-owned enterprises such as the Bank, the BP BUMN (formerly known as the Minister of State-Owned Enterprises ("**MSOE**")) has also issued Circular Letter No. SE-12/MBU/2009, dated 3 November 2009, which recommends that any state-owned enterprise must use Indonesian language in every memorandum of understanding or agreement to which such state-owned enterprise is a party.

On 29 December 2023, the Chief Justice of the Supreme Court of the Republic of Indonesia issued Circular Letter No. 3 of 2023 which contains general statements of opinion on various legal issues. One of the issues addressed in such circular letter is the requirement to use Indonesian language under Law No. 24/2009. The circular letter states that the absence of an Indonesian language translation of an agreement involving a foreign party cannot be used as a basis to invalidate such an agreement, unless it can be proven that the absence of the Indonesian language translation is due to bad faith.

The Trust Deed and certain other documents entered into in connection with the issue of the Capital Securities thereunder were or will be signed in both English and Indonesian language as required under the foregoing laws and regulations. Both English and Indonesian language versions of such documents will be considered equally original. All of these documents expressly state or will expressly state that the English versions will prevail, which is in line with the

provisions of PR No. 63/2019. However, there is no assurance that the Indonesian language version of any such agreement reflects the original intent of the parties thereunder or reflect the relevant descriptions in this Offering Circular, as some concepts in the English language may not have a corresponding term in Indonesian language, or may not be fully captured by the Indonesian language version. Furthermore, when an English language document is submitted to Indonesian courts as evidence, the court would assess the Indonesian language version or translation of such document, irrespective of the parties' choice of governing language. If this occurs, there can be no assurance that the Capital Securities, including the terms under the Trust Deed, will be as described in this Offering Circular, or will be interpreted and enforced by the Indonesian courts as intended.

The interpretation and implementation of legislation on governance in Indonesia is uncertain and may adversely affect the Bank

Uncertainties in the interpretation and implementation of governance-related legislation may arise from two main factors, namely differences between central and regional government perspective, and variations in sectoral regulations issued by different ministries/agencies. While these do not necessarily reflect conflicting policies, they can influence the level of clarity and predictability experienced by our business.

Under Law No. 23 of 2014 on Regional Government (as amended by the Job Creation Law, and last amended by Law No. 1/2026), the division of authority between central and regional governments is established in a more structured way and is designed to strengthen the effectiveness of both governments. Under these laws, regional governments have greater powers and responsibilities over the use of national assets to create a more balanced and equitable financial relationship with the central government. Regional autonomy laws and regulations have changed the regulatory environment for companies in Indonesia by decentralising certain regulatory, tax and levies and other powers from the central government to regional governments which has led to some uncertainties, including differing restrictions in regional governments, a lack of implementing regulations on areas of regional autonomy and a lack of government personnel with relevant sector experience at some regional government levels. Moreover, limited precedent or other guidance exists on the interpretation and implementation of the regional authority laws and regulations.

These differences do not necessarily represent conflicting policies but reflect the specialised focus of each sector. Cross-ministerial coordination forums and integrated planning processes continue to improve alignment and provide clearer pathways for compliance, however there can be no assurance that conflicting or overlapping interpretation, implementation, and requirement would not occur.

The Bank faces legal and regulatory risks in the Republic of Indonesia

The Bank's businesses in the Republic of Indonesia are subject to various regulatory requirements of the Government and the Bank is also subject to certain licences, permits and approvals to operate its business. The breach of any law and regulation in the Republic of Indonesia by the Bank or an adverse application or interpretation of the relevant laws and regulations and requirements may materially and adversely affect the Bank's business. In the future, the Bank may be required to renew its licences, permits and approvals and/or obtain new licences, permits and approvals and there can be no assurance that the relevant authorities will issue any of such licences, permits or approvals (where such renewal is subject to discretion) in the timeframe within which the Bank anticipates or that such licences, permits and approvals as renewed will not be subject to conditions that are more stringent or restrictive than those currently imposed by the Bank's existing licences, permits and approvals. In addition, if the Bank is found to be in breach of any conditions of its licences, permits or approvals or if it does not hold the requisite licences, permits or approvals, it may be subject to penalties, fines, criminal or civil

sanctions and the relevant licence, permit or approval may be suspended, revoked or subject to additional conditions which could adversely affect the Bank's business, financial condition or results of operations.

Further, the principles and interpretation of Indonesian laws and regulations relating to matters such as corporate governance practices may be unclear and the application and enforcement of such corporate governance practices may be subject to uncertainty and considerable discretion. At times, the interpretation or application of laws and regulations may be unclear and the content of applicable laws and regulations may not be immediately available to the public. Under such circumstances, a consultation with the relevant authority in Indonesia may be necessary to obtain a better understanding or clarification of the applicable laws and regulations. The lack of certainty in the interpretation, implementation and enforcement of Indonesian laws and regulations may affect the Bank's business.

Certain other risks associated with the legal system in the Republic of Indonesia include: (i) the untested nature of judicial independence and the judiciary's insulation from economic, political or nationalistic influences; (ii) inconsistencies between and among laws; (iii) the possibility that laws coming into force in the future may have a retrospective effect; (iv) insufficient funding and staffing of courts compared to levels in developed countries; (v) difficulties in predicting or anticipating future developments in the legal system; (vi) cultural differences and differences in corporate governance practices; and (vii) the relative unfamiliarity of judges and courts with complex commercial or financial transactions.

The Bank is subject to risk of imposition or modification of exchange control restrictions

Currently, Indonesia has limited foreign exchange restrictions. The Rupiah is, in general, freely convertible. However, in an effort to maintain the stability of the Rupiah and to prevent non-residents from using the Rupiah for speculative purposes, Bank Indonesia regulations on the purchase of foreign currency restrict the movement of Rupiah from banks within Indonesia to (a) offshore banks, (b) offshore branches or offices of Indonesian banks or (c) any investment in Rupiah by foreign parties or Indonesian citizens domiciled or permanently residing outside Indonesia, without a legitimate underlying transaction, thereby limiting offshore trading to existing sources of liquidity.

Bank Indonesia also exercises significant supervisory authority over foreign exchange activity. Bank Indonesia has the authority to request information and data concerning the foreign exchange activities of all people and legal entities that are domiciled, or who plan to reside, in Indonesia for at least one year, and Bank Indonesia regulations also require resident banks and companies to report to Bank Indonesia all data concerning their foreign currency activities.

As the Capital Securities are denominated in a foreign currency, the Bank remains susceptible to the risks of future imposition or modification of exchange controls by Bank Indonesia. Such risks are usually dependent on various economic and political events over which the Bank does not have any control. The risk of being subject to exchange control restrictions in the future may impair the Bank's ability to fulfil its obligations under agreements with creditors outside of Indonesia or where the obligations are denominated in other currencies.

As a way to manage such potential risks, as of 30 June 2026, the Bank has a Net Open Position for foreign currencies of 2.34% of the Bank's total capital, as established by Bank Indonesia regulations.

Substantial decreases or increases in oil prices could adversely affect the Indonesian economy

Substantial fluctuations in oil prices, whether declines or increases, could adversely affect the Indonesian economy through multiple channels, reflecting Indonesia's dual role as a commodity exporter and a net oil importer. A significant increase in oil prices would raise import costs, widen the trade deficit, and increase fiscal pressures due to higher energy subsidy obligations, potentially contributing to inflation and weakening household purchasing power. Higher energy costs may also increase production and transportation expenses, weighing on business activity and economic growth.

Conversely, a sharp decline in oil prices could reduce Government revenue from the oil and gas sector, lower export earnings, and dampen investment in energy-related industries, particularly in upstream exploration and production. This may also affect fiscal revenues and economic activity in regions dependent on the oil and gas sector. In addition, oil price volatility could contribute to exchange rate fluctuations and increased capital flow volatility, affecting overall macroeconomic stability.

Indonesia has been undertaking structural efforts to reduce its reliance on oil, including expanding biodiesel and biofuel programs, accelerating the development of renewable energy sources, and strengthening downstream mineral industries to diversify export revenues. In parallel, policies aimed at improving energy efficiency and gradually reforming energy subsidies have helped mitigate fiscal vulnerability to oil price shocks. While these efforts are expected to enhance Indonesia's economic resilience over the medium to long term, oil price movements remain an important risk factor in the near term. There can be no assurance that any substantial increase or decrease in oil prices in Indonesia will not lead to political, social and economic instability, which in turn could have a material adverse effect on the Bank's business, financial condition and results of operations.

Geopolitical escalation, particularly in the Middle East, may also contribute to broader global "risk-off" conditions, which can increase volatility in foreign exchange rates and capital flows, and may adversely affect Indonesia's macroeconomic stability and the Bank's customers' repayment capacity.

Indonesia is subject to significant climate-related and natural disaster risks, including earthquakes, which could lead to social and economic instability

Indonesia is located along the Pacific "Ring of Fire," at the convergence of the Eurasian, Indo-Australian, and Pacific tectonic plates, making it one of the most seismically and volcanically active regions in the world. This geological setting exposes the country to frequent earthquakes, volcanic eruptions, and tsunamis, as seen in events such as the eruption of Mount Agung in 2017 and the partial collapse of Anak Krakatau in 2018, which caused significant transportation and economic disruptions.

In late November and December 2025, exceptionally heavy rain caused severe flooding and landslides across Aceh and other parts of Sumatra, majorly displacing thousands from their homes. Large areas of Aceh were flooded, forcing many communities to temporary shelters, which led to significant loss of life and injury.

In addition to geological risks, Indonesia is also increasingly exposed to climate-related physical risks, including more frequent and severe flooding, storms, droughts, sea level rise and other extreme weather events, which may be exacerbated by climate change. Climate-related events may create both acute shocks (e.g., severe flooding and storms) and chronic stresses (e.g., rising

temperatures and sea level rise), and may adversely affect economic activity, public health, infrastructure, agriculture and energy supply, and the ability of households and businesses to service their indebtedness.

These natural disasters can materially disrupt economic activity by damaging infrastructure, halting business operations, and affecting major cities and financial centres. Even if national macroeconomic indicators remain resilient, localised shocks can weaken investor confidence, trigger capital outflows, and increase market volatility. Further, given the Bank's presence across the Indonesian archipelago and exposure to individuals and small businesses throughout the country, the occurrence of any such natural disasters may disproportionately affect the Bank's results of operations and financial conditions. For example, significant seismic events, including earthquakes in Sumatra in 2025, may cause localised disruption to transportation, communications, commercial activity and critical infrastructure, and may increase credit and operational risks for the Bank in affected regions.

In the event that any natural disaster triggered large-scale recovery and relief efforts, such efforts may strain the Government's finances, potentially widening fiscal deficits and increasing sovereign borrowing. In extreme scenarios, such fiscal stress could impair the Government's ability to service sovereign debt, which may trigger broader financial instability through cross-default risks in the private sector, thereby materially and adversely affecting the Bank's business, financial condition and results of operations. Climate-related disasters may also increase the frequency and scale of such recovery and relief efforts and, over time, may require material adaptation and resilience expenditure by the public and private sectors.

Indonesian corporate and other disclosure and accounting standards differ from those in the United States, countries in the European Union and other jurisdictions

The Bank is subject to corporate governance and reporting requirements in Indonesia that differ, in significant respects, from those applicable to companies in certain other countries. One of the differences is due to the time lag of IFRS implementation in Indonesia. The amount of information made publicly available by issuers in Indonesia may be less than or different from that made publicly available by comparable companies in other more developed countries, and certain statistical and financial information of a type typically published by companies in other more developed countries may not be available. As a result, investors may not have access to the same level and type of disclosure that may be available in other countries, and comparisons with other companies in other countries may not be possible in all respects.

The Bank's consolidated financial statements are prepared in accordance with IFAS, which is an accounting standard converged from IFRS. However, due to the time lag of IFRS implementation in Indonesia, some of IFAS are different from IFRS implemented in the European Union and other jurisdictions, and also different from US GAAP. As a result, the Bank's consolidated financial statements and reported earnings could be different from those which would be reported under current IFRS or US GAAP. This Offering Circular does not contain a reconciliation of the Bank's consolidated financial statements to current IFRS and US GAAP, and there is no assurance that such a reconciliation would not reveal material differences.

Political instability in Indonesia, including as a result of terrorist activity, could adversely affect the economy, which in turn could affect the Bank's business, financial condition and results of operations

Political instability in Indonesia, including mass demonstrations, social unrest, separatist tensions, and terrorist activity, poses a potential risk to economic stability and investor confidence. Over the past two decades, Indonesia has experienced episodes of civil unrest related to political transitions, fuel subsidy reforms, anti-corruption measures, and controversial legislative changes. For instance, the confirmation by the Indonesia's Electoral Commission ("**KPU**") that the

incumbent President Joko Widodo had won the 2019 presidential election polls triggered riots and challenges to the Constitutional Court of Indonesia on fraud allegations. While the fraud allegations were ultimately rejected by the Constitutional Court of Indonesia, this episode highlights how political events can heighten uncertainty within Indonesia.

Most recently, in August and September 2025, Indonesia experienced widespread protests driven by a range of issues including, among others, high level of unemployment, police brutality and the increase of allowance granted to the House of Representatives members which were perceived as excessive. The protests spread across major cities and involved, among others, students and civil society groups. The protests particularly escalated following the death of a civilian during a protest.

Furthermore, during the last two decades, there have also been numerous bombing incidents directed towards the Indonesian Government, public and commercial buildings. For example, in March 2021, terrorist bombings at a cathedral in Makassar, South Sulawesi resulted in at least 20 people injured. Also in March 2021, an armed attacker arrived at the National Police headquarters in Jakarta, and was immediately fatally shot by the police. Most recently, in December 2022, a suicide bomber detonated an explosive at the Astana Anyar Police Station in Bandung, which again, such incident was affiliated with Jamaah Ansharut Daulah, a terrorist group, resulting in one fatality and 11 injuries.

Conflicts in the Middle East and past terrorist attacks in North America and Europe have also resulted in substantial and continuing economic volatility and social unrest globally and in Southeast Asia. Further developments stemming from these events or other similar events could cause further volatility. Any additional significant military or other response by affected countries or any further terrorist activities could also materially and adversely affect international financial markets and the Indonesian economy.

An outbreak of a contagious disease could adversely affect the Indonesian economy and the Bank

An outbreak, or even the perceived threat, of a contagious disease in Indonesia or the broader Asian region could materially disrupt economic activity and financial stability. Government containment measures such as travel restrictions, quarantines, mobility limits, or business closures may sharply reduce consumption, investment, tourism, and trade flows. These disruptions can lead to lower economic growth, weakened corporate earnings, rising unemployment, and heightened uncertainty across financial markets.

Such conditions may also strain the banking system through declining loan demand, deteriorating asset quality, and increased liquidity pressure if depositors withdraw funds amid panic. In extreme scenarios, fear-driven bank runs or operational interruptions could impair banking services and disrupt communities that rely on financial intermediation. Therefore, a widespread health crisis represents not only a public health risk but also a macro-financial shock that could materially and adversely affect the Bank's business, financial condition, and results of operations.

RISKS RELATING TO THE INDONESIAN BANKING INDUSTRY

Indonesian banks are generally exposed to higher credit risks and greater market volatility

Indonesian banks structurally face relatively high credit risk and market volatility, as domestic borrowers are sensitive to changes in global economic conditions, exchange-rate fluctuations, rising interest rates, and regulatory and political uncertainty. These conditions may affect borrowers' ability to make timely payments of principal and interest. In the event of default, the enforcement of security interests or guarantees may also be subject to legal, administrative, or operational constraints, thereby limiting banks' ability to recover their credit exposures.

These risks have become increasingly relevant as banking-sector loan growth has generally exceeded deposit growth in recent times, indicating increasingly limited liquidity headroom in the banking system. Although government fund placements and Bank Indonesia's macroprudential liquidity incentives continue to provide support, accelerated government spending, heightened requirements to stabilize the Rupiah, and increased issuance of monetary instruments may reduce liquidity availability within the banking system.

Higher Bank Indonesia rate levels and intensifying competition for deposits have also begun to increase banks' funding costs. In the short term, deposit rates may adjust more rapidly than lending rates, thereby putting pressure on net interest margins ("**NIM**"). Indonesian banks may respond by raising lending rates or tightening their credit underwriting standards. However, higher debt-servicing costs, at a time when economic activity and household purchasing power remain uneven, may weaken borrowers' repayment capacity and increase credit risk.

Credit risk is relatively higher in segments that rely on cyclical cash flows and have limited financial buffers, particularly micro, small, and medium-sized enterprises ("**MSMEs**"), trade, import-dependent manufacturing, and household consumption. Moderating growth in MSME and retail loans reflects both weaker demand and greater caution among Indonesian banks. In the household segment, pressure on purchasing power, rising living costs, and higher debt-service burdens may affect the quality of consumer loans, including multipurpose loans, motor vehicle loans, credit card receivables, and housing loans.

In the corporate segment, credit quality generally continues to be supported by the performance of large borrowers, government-related projects, and commodity sectors. However, companies that rely on imported raw materials, have unhedged foreign-currency liabilities, or are exposed to weaker global demand face greater risks. Rupiah and energy-price volatility may increase production costs, compress operating margins, and weaken borrowers' ability to meet their financial obligations.

Any significant political or economic event, including geopolitical tensions, capital outflows, exchange-rate depreciation, changes in fiscal or regulatory policies, or disruptions to domestic stability, could lead to a rapid deterioration in credit quality. Such conditions may result in a higher proportion of non-performing loans ("**NPLs**"), increased impairment provisions, and greater restructuring costs within the loan portfolio of Indonesian banks (including the Bank).

Higher credit risk may affect not only asset quality but also the funding costs and capital requirements of Indonesian banks (including the Bank). An increase in NPLs and provisioning expenses may weigh on profitability, while a higher perceived risk profile may make it more difficult or more expensive for the Bank to raise funding, including through equity issuances. Losses, liquidity pressures, margin compression, and higher capital costs arising from these conditions could have a material adverse effect on the Bank's business, prospects, financial condition, and results of operations.

High levels of inflation and changes in interest rates could adversely affect the Bank's financial condition and results of operations

High levels of inflation and changes in interest rates in Indonesia could adversely affect the Bank's financial condition through their impact on borrower repayment capacity, funding costs and overall credit demand. Rising inflation may erode household purchasing power and increase operating costs for businesses, particularly in interest-sensitive and lower-income segments, which could weaken borrowers' cash flow and increase the risk of loan delinquencies and non-performing loans.

Changes in interest rates, whether increases or decreases, reflecting monetary policy decisions to contain inflation and maintain macroeconomic stability, may increase borrowing costs for both corporate and retail customers when rates rise, which could reduce credit demand, slow loan growth and pressure borrowers with floating-rate loans, potentially affecting asset quality. Conversely, when policy rates decline, loan yields (particularly for floating-rate loans) may reprice downward more quickly than the Bank's funding costs, which could compress the Bank's NIM if reductions in deposit and wholesale funding costs do not occur at the same pace. When rates rise, the Bank's funding costs (including for interest-bearing deposits and wholesale funding) may increase, which could compress the Bank's NIM if increases in lending rates do not fully offset higher funding expenses.

Inflation and interest rate volatility may also dampen economic activity, affecting business expansion, investment and consumer spending, which could reduce demand for banking services and increase earnings volatility. Market conditions associated with interest rate movements (including the level, direction and volatility of interest rates) may also lead to valuation losses on fixed-income securities held by the Bank, particularly Government bonds, which could affect profitability and capital levels. Please also see "*– Risks relating to the Bank – Government bonds and other Government obligations represent a substantial portion of the Bank's assets, which may affect the Bank's results of operations, financial condition and capitalisation*" for additional details.

Changes in policy rates may affect the banking sector through multiple channels: higher rates may support NIM through loan repricing but may also suppress credit growth, increase funding competition and raise delinquencies, while declining rates may increase pricing competition and compress NIM.

While the Bank has a diversified loan portfolio and adopts prudent risk management and proactive asset-liability management practices, including repricing strategies and maintaining adequate liquidity and capital buffers, there can be no assurance that these may completely mitigate the impact of inflationary and interest rate pressures. If inflation expectations become unanchored or if rates need to remain restrictive longer than anticipated due to external volatility (e.g., global risk-off episodes), the resulting slowdown in economic activity could materially and adversely affect the Bank's financial condition and operating performance. Similarly, if interest rates decline more rapidly than anticipated, or if the transmission of rate cuts to asset yields outpaces reductions in funding costs, the Bank's margins and earnings may be adversely affected.

The Indonesian banking sector has faced significant financial and operating difficulties in the past, and there can be no assurance that it will not face financial and operating difficulties in the future

The 1997 Asian financial crisis placed substantial financial and operational pressure on the Indonesian banking industry. During that period, banks experienced sharp interest rate volatility, constrained access to liquidity, compressed or even negative interest margins, slower deposit growth, and deterioration in the quality of loans and other assets. Collateral values also declined, while non-performing loans increased significantly and loan growth contracted. A number of banks also experienced inadequate capital levels.

The crisis also resulted in a substantial depreciation of the Rupiah and a decline in Indonesia's foreign exchange reserves. In response, Indonesia required support from multilateral financial institutions and international creditor groups to help preserve the Government's ability to meet its debt obligations and restore economic stability.

As part of the recovery process, the Government established the Indonesian Bank Restructuring Agency ("IBRA") in 1998 to restructure the banking industry. Subsequently, in 1999, the Government, together with Bank Indonesia and IBRA, implemented various restructuring measures, including revoking banking licences and liquidating banks, merging a number of banks, disposing of ownership interests, and restructuring banks experiencing financial difficulties.

Since that period, the Government and Indonesian financial authorities have continued to reform the banking industry's structure, regulation, and supervision. These efforts have encompassed strengthening capital and liquidity requirements, improving corporate governance, developing comprehensive risk-management frameworks, enhancing financial reporting and disclosure standards, and refining procedures for handling troubled banks. Banks must also maintain adequate provisions, conduct periodic stress testing, and manage credit, market, liquidity, operational, legal, compliance, and other risks in a more structured manner.

Responsibility for financial system stability has been clarified among key institutions. The Financial Services Authority oversees regulation and microprudential supervision of the banking sector. Bank Indonesia manages monetary policy, macroprudential policy, and payment systems. The Indonesia Deposit Insurance Corporation administers deposit insurance and participates in the resolution of troubled banks. Coordination among these bodies and the Ministry of Finance occurs through the Financial System Stability Committee.

While these reforms have strengthened the banking industry's capacity to withstand financial and economic pressures relative to the period preceding the Asian financial crisis, greater resilience does not eliminate all risks. The effectiveness of regulatory measures in containing a crisis depends on the severity and speed of any disruption, its underlying causes, and its interconnection with the domestic and global economy.

If the Indonesian financial sector experiences further disruption or economic conditions deteriorate, Indonesian banks, including the Bank, may face rising non-performing loans, declining asset and collateral values, pressure on profitability, higher funding costs, and difficulties maintaining adequate liquidity and capital levels. Accordingly, there can be no assurance that the effects of a financial crisis, bank failure, or other economic disruption can be fully prevented or contained. The Government and relevant authorities may take additional measures to preserve stability, including bank mergers or takeovers, resolution or closure of troubled institutions, restrictions on business activities, adjustments to capital and liquidity requirements, changes to deposit insurance policies, provision of conditional liquidity facilities, interest rate increases, or foreign exchange restrictions.

Although such measures would generally aim to preserve financial stability and protect depositors, their implementation may reduce the Bank's operational flexibility, increase compliance and funding costs, restrict its ability to execute its business strategy, or affect its ownership and capital structure, any of which could materially and adversely affect the Bank's business, prospects, financial condition, and results of operations.

Indonesian banks have limited independent information regarding the credit history and status of potential borrowers

Banks in Indonesia have limited independent information regarding the credit history of potential borrowers in Indonesia, including repayment histories. Limited access to credit history information is a risk which Indonesian banks such as the Bank must consider when extending credit, since no third-party institution monitored credit histories in Indonesia prior to 1990. Currently, the most reliable information regarding the credit repayment history of potential Indonesian borrowers is provided by OJK through *Sistem Layanan Informasi Keuangan* (*SLIK* – Financial Information Service System). Since 2015, some private credit bureau companies such as PT Pefindo Biro Kredit (PBK) and PT Kredit Biro Indonesia Jaya (KBIJ) have started to provide credit history information and credit risk scoring services based on such information from Bank Indonesia and other sources. More recently, the OJK has established a category of alternative credit scoring providers known as **Alternative Credit Scoring ("PKA")** which forms part of the *Inovasi Keuangan Digital* (*IKD* – Financial Digital Innovation) initiative. As of May 2026, there were eight

companies listed in the credit scoring cluster. However, there is no guarantee that these credit scoring service providers can acquire enough data to determine the actual creditworthiness of potential borrowers.

Regulations for classification and provisioning of NPLs may result in inadequate provisions and are subject to change by Bank Indonesia and the OJK

Bank Indonesia and the OJK have revised its asset classification, loss provisioning and credit restructuring regulations in recent years in order to facilitate more accurate estimates of the probability that debtors will be able to fulfil their future obligations to classify loans, rather than relying on historical performance alone. Bank Indonesia reviews its policies with regard to loan classification from time to time. Such reviews may affect the classification of the Bank's assets and provision requirements. OJK regulations require that Indonesian banks classify NPLs into three categories corresponding to their risk of non-payment: sub-standard, doubtful and loss. In addition, Indonesian banks are required to classify performing loans in two categories: current and special mention. Generally, classification depends on a combination of a number of quantitative factors as well as, to a lesser extent, qualitative factors relating to the business prospects of the borrower and its affiliates, financial performance of the borrower, and the borrower's capacity for repayment. Loans delinquent for more than 90 days are considered to be non-performing. These requirements are subject to change by Bank Indonesia and the OJK.

In addition, the Bank is required to assess its classifications of outstanding loans by considering loan classifications made by other banks in Indonesia for facilities that they have extended to the same borrower or that they have extended to finance the same project. To the extent that other banks in Indonesia have classified loans in a lower category than the Bank, the Bank is required to adjust its classifications accordingly and make additional allowance for impairment losses on loans.

For loan classifications, OJK guidelines primarily focus on quantitative factors, such as the number of months a payment is in arrears and to a lesser degree, and on qualitative factors such as the business prospects of the borrower and its affiliates.

The Bank's loan classification and provisioning policies have a significant impact on the results of its operations. Although the Bank's loan classification and provisioning policies comply with current Bank Indonesia and OJK guidelines, there can be no assurance that its allowances are sufficient to reflect its actual future recovery on these loans or that the Bank will not have to make significant additional allowances for possible loan losses in future periods.

The Bank's payment obligations within Indonesia which are denominated in foreign currencies may be subject to sanctions

On 28 June 2011, the Government enacted Law No. 7 of 2011 on Currency, as amended by the Financial Sector Omnibus Law, which took immediate effect. The Currency Law is implemented by Bank Indonesia Regulation No. 17/3/PBI/2015 on the Mandatory Use of Rupiah within the territory of the Republic of Indonesia and Bank Indonesia Circular Letter No. 17/11/DKSP (the "**Currency Law**").

The Currency Law require the mandatory use of the Rupiah (as the local currency) within the Indonesian territory for the following transactions, whether cash or noncash:

(a) payment transactions;

(b) settlement of other payment obligations which must be satisfied with money; and/or

(c) other financial transactions (e.g., money transfer from the customers to banks).

The Currency Law provides certain exceptions to the mandatory use of Rupiah for (i) specific transactions in the framework of implementing the state budget, (ii) grants to be given to or received from offshore sources, (iii) international trade transactions, (iv) foreign currency bank deposits, (v) international financing transactions, or (vi) transactions in foreign currency conducted in accordance with applicable laws (e.g., foreign exchange banking activities or issuance of Government securities).

The Currency Law also prohibits the rejection of Rupiah in financial transactions within Indonesia, unless, among others, the rejector is uncertain of the authenticity of the Rupiah in question.

Further, the Currency Law stipulates that conditional exemptions may apply to certain infrastructure projects, such as electricity infrastructure, including power plants, including power development sourcing from geothermal and transmission or distribution of electricity. These exemptions apply if: (a) the project has been declared by the central or regional government as a strategic infrastructure project, as evidenced by a formal confirmation letter from the relevant ministry/institution with regards to the project owner; and (b) an exemption approval has been obtained from Bank Indonesia.

A failure to comply with the obligation to use Rupiah in cash transactions may result in criminal sanctions against the offender, in the form of fines and imprisonment. While a failure to comply with the obligation to use Rupiah in non-cash transactions will be subjected to administrative sanctions in the form of (i) written warnings, (ii) fines, or (iii) prohibition from undertaking payment activities. Bank Indonesia may also recommend to the relevant authority to revoke the business license or stop the business activities of the party which fails to comply with the obligation to use Rupiah in non-cash transactions.

The Bank has payment obligations denominated in foreign currencies under certain agreements. If it is required by the Currency Law to make such payments in Rupiah, the Bank may be in breach of its payment obligations under these contracts. There can be no assurance that the Currency Law will not materially and adversely affect the Bank's contractual obligations, which are denominated in US dollars within Indonesia.

RISKS RELATING TO THE CAPITAL SECURITIES

Securityholders may not be able to enforce a foreign judgment in Indonesia against the Bank

The Bank is a limited liability company incorporated under the laws of Indonesia. All of its Commissioners, Directors and executive officers reside in Indonesia. Substantially all of the Bank's assets and the assets of such persons are located in Indonesia. As a result, it may not be possible for investors to effect service of process upon the Bank or such persons outside of Indonesia or to enforce against the Bank or such persons judgments obtained in foreign courts, including judgments predicated upon the civil liability provisions of foreign securities laws.

Judgments of foreign courts, including judgments predicated upon the civil liability provisions of the foreign securities laws, are generally not enforceable in Indonesian courts, and there is doubt as to whether Indonesian courts will enter judgments in original actions brought in Indonesian courts predicated solely upon the civil liability provisions of foreign securities laws. If the investors attempted to file a lawsuit in Indonesian courts, then there is a risk that the Indonesian court would use Indonesian law in examining the lawsuit filed by the investors, despite the fact that the Capital Securities (and all of its ancillary documents) are governed by English law. As a result, investors may be required to pursue claims against the Bank in Indonesia under Indonesian law through Indonesian courts.

The claims and remedies available under Indonesian law may not be as extensive as those available in other jurisdictions. No assurance can be given that the Indonesian courts and Indonesian law will be able to protect the interests of investors in the same manner or to the same extent as would foreign courts. Indonesia's legal system is a civil law system based on written statutes and decided legal cases do not constitute binding precedent. The administration of laws and regulations by courts and Government agencies may be subject to considerable discretion. In addition, because relatively few disputes relating to commercial matters and modern financial transactions and instruments are brought before Indonesia's courts, such courts do not necessarily have the experience of courts in other countries. There is no certainty as to how long it will take for proceedings in Indonesian courts to be concluded, and the outcome of proceedings in Indonesian courts may be more uncertain than that of similar proceedings in other jurisdictions. Accordingly, it may not be possible for investors to obtain timely and equitable enforcement of their legal rights.

With respect to arbitration, including international arbitration, pursuant to Law No. 30/1999, a written arbitration agreement obviates the rights of the parties to bring a dispute in the Indonesian district court, which would otherwise have jurisdiction over civil disputes. Further, such court has no authority to hear disputes where parties are bound by an arbitration agreement and is required to reject and not participate in the resolution of disputes which have already been adjudicated by arbitration, except in limited circumstances as provided in Law No. 30/1999.

In general, Indonesian courts should honour such arbitration agreements and declare itself to have lack of authority in examining a dispute between parties that are bound by an arbitration agreement. However, there remains a risk of having parties who lost (or expect to lose) an arbitration attempt to by-pass an arbitration agreement or award by (i) bringing a lawsuit before an Indonesian court on a theory of tort or fraud, or (ii) attempt to file a moratorium or bankruptcy petition before the Indonesian commercial court to cramdown the claimed amount. Indonesian courts may accept these lawsuits despite the clear agreement by the relevant parties to arbitrate. The aim of such lawsuits explained would typically be to frustrate or delay the process of arbitration and/or enforcement of the international arbitration award or to obtain a conflicting decision issued by an Indonesian court which will ultimately be used as a basis to challenge the enforcement of the international arbitration award, once rendered.

In addition to the above, the international arbitration award must not be against public order in order to be enforceable in Indonesia. While Law No. 30/1999 does not provide the definition of "public order", the Supreme Court of Indonesia in the past (in *Astro Nusantara Intl BV et al. v PT First Media, Tbk., et al*) has interpreted that an international arbitration award which contradicts Indonesian laws and regulations (e.g., prohibiting an Indonesian legal entity/individual from filing a claim in Indonesian court) is interventionist to Indonesian judicial process, hence it qualifies as an international arbitration award that is against public order.

The Capital Securities are complex financial instruments and may not be a suitable investment for all investors

The Capital Securities are complex financial instruments. An investment in the Capital Securities involves certain risks including market risk, interest rate risk, foreign exchange risk, credit risk and liquidity risk. Each potential investor in the Capital Securities must determine the suitability of that investment in light of its own experience, objectives, financial position and other relevant circumstances. In particular, each potential investor should:

- have sufficient knowledge and experience to make a meaningful evaluation on the Capital Securities, the merits and risks of investing in the Capital Securities and the information contained in this Offering Circular or any applicable supplement in light of their own financial circumstances and investment objectives;

- have a good understanding of the loss absorption feature. A potential investor should not invest in the Capital Securities, unless it has the knowledge and expertise (either alone or with the help of a financial advisor) to be in a position to bear the risk of uncertainty with respect to the loss absorption feature of the Capital Securities, the likelihood of a Write Down and the effect of such Write Down on the value of such Capital Securities;

- have sufficient financial resources and liquidity to bear all of the risks of an investment in the Capital Securities, including where principal or distribution is payable in one or more currencies, or where the currency for principal or distribution payments is different from the potential investor's currency;

- understand thoroughly the terms of the Capital Securities, have a good understanding of the loss absorption feature and be familiar with the behaviour of any relevant indices and financial markets; and

- be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Sophisticated institutional investors generally do not purchase complex financial instruments as standalone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in the Capital Securities, which are complex financial instruments, unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the Capital Securities will perform under changing conditions, the resulting effects on the value of such Capital Securities and the impact this investment will have on the potential investor's overall investment portfolio.

Limited rights of enforcement and subordination of the Capital Securities could impair an investor's ability to enforce its rights or realise any claims on the Capital Securities

In most circumstances, the sole remedy against the Bank available to the Trustee (on behalf of the Securityholders) to recover any amounts owing in respect of the principal of or Distributions on the Capital Securities will be to institute proceedings for the winding-up of the Bank in Indonesia. See "*Terms and Conditions of the Capital Securities – Enforcement Events*". If the Bank defaults on the payment of principal or Distributions, the Trustee will only institute a proceeding in Indonesia for the winding-up of the Bank if it is so contractually obliged and has been indemnified and/or secured and/or pre-funded to its satisfaction at its sole discretion. The Trustee will have no right to accelerate payment of the Capital Securities in the case of default in payment or failure to perform a covenant except as they may be so permitted in the Trust Deed. See also "*– Securityholders may recover less as a result of the subordination of the Capital Securities*", "*– The insolvency laws of Indonesia may differ from those of any other jurisdiction with which Securityholders are familiar*" and "*– Securityholders may not be able to bring bankruptcy proceedings against the Bank in Indonesia or elsewhere*".

Securityholders may recover less as a result of the subordination of the Capital Securities

The Bank's obligations under the Capital Securities constitute direct, unsecured and subordinated obligations of the Bank, ranking *pari passu* without any preference among themselves. Subject to the insolvency laws of Indonesia, upon the occurrence of any Winding-Up Proceeding (other than pursuant to a Permitted Reorganisation), the rights of the Securityholders to payments of principal of and Distributions on such Capital Securities, and any other obligations in respect of the Capital Securities will:

- be subordinated and rank junior in right of payment to the prior payment in full of claims of;

- all unsubordinated creditors of the Bank (including its depositors);

- any holders of Tier 2 Capital Instruments (as defined in the Conditions) of the Bank;

- the holders of other subordinated instruments or other obligations issued, entered into, or guaranteed by the Bank, and any other instrument or other obligations issued, entered into, or guaranteed by the Bank that ranks or is expressed to rank senior to the Capital Securities by operation of law or contract;

- rank *pari passu* in right of payment to, and of all claims to the holders of, Parity Obligations; and

- be senior in right of payment to, and of all claims of the holders of, Junior Obligations.

The Capital Securities are also not deposits of the Bank and are not secured or guaranteed or insured by any of the assets of the Bank or of the Bank's subsidiaries or by the Republic of Indonesia or the Indonesia Deposit Insurance Corporation (*Lembaga Penjamin Simpanan*) (or any successor thereto). In a winding-up proceeding, the Securityholders may recover less than the holders of deposit liabilities or the holders of other unsubordinated liabilities of the Bank. In the event of a shortfall of funds on a winding-up proceedings of the Bank, there is a risk that an investor in the Capital Securities will lose all or part of its investment and will not receive a full return of the principal amount or any unpaid amounts due under the Capital Securities.

The Capital Securities and the Trust Deed also do not limit the Bank's ability, or the ability of any entity in the Group, to incur additional indebtedness, including indebtedness that ranks *pari passu* or senior in priority of payment to the Capital Securities, which may reduce the amount recoverable by the Securityholders, on a winding-up of the Bank. See also "– *The Capital Securities do not restrict the Bank's ability to incur additional debt or to take other actions that could negatively impact Securityholders*". As of 30 June 2026, the Bank had outstanding third-party liabilities (i.e. deposits from customers, deposits from other banks, securities sold under agreements to repurchase, acceptance payables, borrowings, bonds issued and subordinated securities with third parties) (on a standalone basis) of Rp1,592,261.09 billion (US$89,052.63 million). The Bank believes that all of these liabilities rank senior to the Bank's obligations under the Capital Securities. In the winding-up of the Bank and after payment of the claims of more senior creditors and of depositors, there may not be a sufficient amount to satisfy the amounts owing to the Securityholders. Therefore, Securityholders are likely to be in a worse position, in the event that the Bank winds-up, than holders of Tier 2 Capital Instruments or depositors of the Bank.

In addition, the subordination provisions set out in the Conditions will be effective only upon the occurrence of any Winding-Up Proceedings of the Bank. In the event that a Loss Absorption Event occurs, the rights of the Securityholders shall be subject to Condition 7 (*Loss Absorption upon a Loss Absorption Event*) instead. This may not result in the same outcome for the Securityholders as would otherwise occur under Condition 3 (*Status and Subordination of the Capital Securities*) upon the occurrence of any Winding-Up Proceedings. Furthermore, upon the occurrence of a Write Down of the Capital Securities, the right to receive Distributions on the Capital Securities will cease to accrue and all Distribution amounts that were not due and payable prior to the Write Down shall become null and void. Consequently, Securityholders will not be entitled to receive any Distributions that have accrued on such Capital Securities from (and including) the last Distribution Payment Date falling on or prior to the Loss Absorption Effective Date. See also "– *The Capital Securities may be subject to a full or partial Write Down on the occurrence of a Loss Absorption Event, which may be inherently unpredictable and beyond the control of the Bank*".

As there is no precedent for a winding-up of a major financial institution in Indonesia, there is uncertainty as to the manner in which such a proceeding would occur and the results thereof. See "– *Securityholders will be exposed to a legal system subject to considerable discretion and uncertainty and may have difficulty pursuing claims under the Capital Securities*." Although the Capital Securities may pay a higher rate of Distributions than comparable securities which are not subordinated, there is a risk that an investor of the Capital Securities will lose all or some of its investment should the Bank become insolvent. The subordination of payments under the Capital Securities will likely have an adverse effect on the market price of the Capital Securities. As a result, the market price of the Capital Securities may be more volatile than the market prices of other debt securities that are not subject to such subordination and may be more sensitive generally to adverse changes in the Bank's financial condition.

The insolvency laws of Indonesia may differ from those of any other jurisdiction with which Securityholders are familiar

As the Bank is incorporated under the laws of Indonesia, any bankruptcy proceeding relating to the Bank, even if brought in other jurisdictions, would likely involve bankruptcy laws in Indonesia, the procedural and substantive provisions of which may differ from comparable provisions of bankruptcy law in other jurisdictions with which the Securityholders are familiar. The application of these laws, or any conflict among them, could call into question whether any particular jurisdiction's laws should apply, adversely affect an investor's ability to enforce such rights under the Capital Securities in the relevant jurisdictions or limit any amounts that the investor may receive. Investors should analyse the risks and uncertainties carefully before investing in the Capital Securities.

Securityholders may not be able to bring bankruptcy proceedings against the Bank in Indonesia or elsewhere

Under Law No. 37 of 2004 on Bankruptcy and Suspension of Debt Payment Obligations, as recently amended by Law No. 4 of 2023 on the Development and Strengthening of the Financial Sector, only OJK may bring any bankruptcy proceedings in Indonesia against banks in Indonesia. Accordingly, neither Securityholders nor the Trustee may be able to bring or threaten to bring any potential bankruptcy proceedings against the Bank and thus enforce the Bank's obligations under the Capital Securities.

Securityholders also may not be able to bring bankruptcy proceedings against the Bank in other jurisdictions where the Bank has assets (including jurisdictions where the Bank's branches may be located), depending on the bankruptcy laws and regulations in the relevant jurisdiction. Even if such proceedings are successful, the Bank may have limited assets in those jurisdictions outside Indonesia.

The Capital Securities may be subject to a full or partial Write Down on the occurrence of a Loss Absorption Event, which may be inherently unpredictable and beyond the control of the Bank

Potential investors should consider the risk that a Securityholder may lose all of their investment in the Capital Securities, including the principal amount plus any accrued but unpaid Distributions in the event that a Loss Absorption Event occurs. The occurrence of a Loss Absorption Event may depend on a number of factors which may be outside of the Bank's control and OJK may require or may cause a Write Down in circumstances that are beyond the control of the Bank.

OJK Regulation No. 11/POJK.03/2016, as recently amended by OJK Regulation No. 27 of 2022 on the Minimum Capital Requirement for Banks and OJK Regulation No. 22 of 2025 on the Reporting of Conventional Commercial Bank through Financial Services Authority System as amended and replaced from time to time, requires that the terms and conditions of all Additional

Tier 1 capital instruments contain provisions which ensure their loss absorbency at the point of non-viability. In this regard, the terms and conditions of all Additional Tier 1 capital instruments must have a provision that such instruments be either written down in whole or in part or converted in whole or in part into ordinary shares upon the occurrence of the Loss Absorption Event. A "**Loss Absorption Event**" occurs when a Point of Non-Viability Event (as defined in the Conditions) has occurred and the Bank receives a written instruction from OJK to Write Down the Capital Securities.

OJK Circular Letter No. 20/SEOJK.03/2016 on Conversion Feature or Write Down, which relates to both Additional Tier 1 and Tier 2 capital instruments set outs parameters to be taken into account in assessing viability, namely:

- the ratio of the Common Equity Tier 1 being lower than or equal to 5.125 per cent. of the risk-weighted assets, either on an unconsolidated or consolidated basis; and/or

- there being a plan from the competent authority to inject capital into the bank because the business continuity of the bank is deemed to be potentially disrupted; and

- such other circumstances that OJK may, at its discretion, determine from time to time.

While OJK has set out a list of factors that it may take into account in assessing viability, it is not an exhaustive list and, ultimately, the circumstances in which OJK may exercise its discretion are not limited. The occurrence of a Loss Absorption Event may be inherently unpredictable and may depend on a number of factors which may be outside of the Bank's control. Due to the inherent uncertainty regarding the determination of whether a Loss Absorption Event exists, it will be difficult to predict when, if at all, a Write Down will occur. Accordingly, the trading behaviour in respect of securities which have a non-viability loss absorption feature is not necessarily expected to follow trading behaviour associated with other types of securities. Any indication that the Bank is trending towards a Loss Absorption Event could have a material adverse effect on the market price of the Capital Securities.

Upon the occurrence of a Loss Absorption Event, the Bank may be required, subject to the terms of the Capital Securities, and the discretion of OJK, irrevocably (without the need for the consent of the Securityholders) to effect either a full or partial Write Down of the outstanding principal and accrued and unpaid Distributions in respect of the Capital Securities. In the event that the Capital Securities are written-down, any written-down amount shall be irrevocably lost and Securityholders will cease to have any claims for any principal amount and accrued but unpaid Distributions which has been subject to Write Down. Any such Write Down or cancellation will be irrevocable and the Securityholders will, upon the occurrence of a Write Down, not receive any shares or other participation rights of the Bank or be entitled to any other participation in the upside potential of any equity or debt securities issued by the Bank or any other member of the Group, or be entitled to any subsequent write-up or any other compensation in the event of a potential recovery of the Bank or the Group. No Securityholder may exercise, claim or plead any right to any amount written-down, and each Securityholder shall be deemed to have waived all such rights to such amounts written-off. A Write Down of any amount in respect of the Capital Securities shall not constitute an Enforcement Event under the Conditions.

The regulations on non-viability loss absorption are new and untested and will be subject to interpretation and application by OJK. It is uncertain how OJK would determine the occurrence of a non-viability event, and it is possible that the grounds that constitute non-viability events may change (including that additional grounds are introduced). Accordingly, the operation of any such future legislation may have an adverse effect on the position of Securityholders. In addition, there is no assurance that OJK will not implement non-viability loss absorption requirements which are different from those currently envisaged for Indonesian banks.

Additionally, due to the inherent uncertainty regarding the determination of whether a Loss Absorption Event exists, it will be difficult to predict when, if at all, a Write Down will occur. Accordingly, the trading behaviour in respect of the Capital Securities is not necessarily expected to follow trading behaviour associated with other types of securities. Any indication that the Bank is trending towards a Loss Absorption Event could have a material adverse effect on the market price of the Capital Securities.

Securities that include a loss absorption feature are novel and complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as standalone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. See also "– *The Capital Securities are complex financial instruments and may not be a suitable investment for all investors*".

Upon the occurrence of a Loss Absorption Event, clearance and settlement of the Capital Securities will be suspended and there may be a delay in updating the records of the relevant Clearing System(s) to reflect the amount written-off.

Following the receipt of a Write Down Notice, all clearance and settlement of the Capital Securities will be suspended. As a result, Securityholders will not be able to settle the transfer of any Capital commencing from the date of the Write Down Notice, and any sale or other transfer of the Capital Securities that a Securityholder may have initiated prior to the date of the Write Down Notice that is scheduled to settle during a period from the date of the Write Down Notice to the Loss Absorption Effective Date will be rejected by the relevant Clearing System(s) and will not be settled within relevant Clearing System(s).

The update process of the relevant Clearing System(s) may only be completed after the date on which the Write Down is scheduled. Notwithstanding such delay, Securityholders may lose the entire value of their investment in the Capital Securities on the date on which the Write Down occurs. No assurance can be given as to the period of time required by the relevant Clearing System(s) to complete the update of their records or the availability of procedures in relevant Clearing System(s) to effect any Write Downs. Furthermore, the conveyance of notices and other communications by the relevant Clearing System(s) to their respective participants, by those participants to their respective indirect participants, and by the participants and indirect participants to beneficial owners of interests in the Global Certificate will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

The Capital Securities are perpetual securities and Securityholders have no right to require redemption

The Capital Securities are perpetual and have no maturity date. Securityholders have no ability to require the Bank to redeem the Capital Securities. The Bank can redeem the Capital Securities in certain circumstances as described in "*Terms and Conditions of the Capital Securities*", but the Bank is under no obligation to redeem the Capital Securities at any time. The Bank's ability to redeem Capital Securities is subject to the Bank obtaining the prior written consent of OJK (if then required) to the redemption and satisfying any conditions that OJK may impose at that time.

This means that Securityholders have no ability to cash in their investment, except if the Bank exercises its right to redeem the Capital Securities or by Securityholders selling their Capital Securities in the open market. There can be no guarantee that the Bank will exercise its right to redeem the Capital Securities or will be able to meet the conditions for redemption of the Capital Securities. Securityholders who wish to sell their Capital Securities may be unable to do so at a price at or above the amount they have paid for them, or at all, if insufficient liquidity exists in the market for the Capital Securities.

In addition, upon the occurrence of the events described in Condition 6(b) (*Redemption for Taxation Reasons*) or Condition 6(d) (*Redemption for a Change of Qualification Event*), the Capital Securities may be redeemed at their Prevailing Principal Amount together (if appropriate) with any Distribution accrued to (but excluding) the date fixed for redemption, as more particularly described in the Conditions. Also, if any Loss Absorption Event occurs, as more fully described in "*– The Capital Securities may be subject to a full or partial Write Down upon the occurrence of a Loss Absorption Event*", Securityholders may lose up to the full principal amount of the Capital Securities. Further, while the Issuer shall use best endeavours as further described in Condition 3(a) (*Status of the Capital Securities*) to ensure the Capital Securities will on or after the Issue Date be treated as Additional Tier 1 capital, any decision by OJK not to accept the qualification of any Capital Securities as the Group's Additional Tier 1 capital shall be deemed to be a Change of Qualification Event for the purposes of Condition 6(d) (*Redemption for a Change of Qualification Event*).

In addition, upon the occurrence of a Capital Trigger Event as described in Condition 6(e) (*Redemption for a Capital Trigger Event*), the Issuer will be required to redeem all but not some only of the Capital Securities at their Prevailing Principal Amount plus Distribution accrued and unpaid (if any, and other than that not being paid in accordance with Condition 5(a) (*Optional Distribution Cancellation Event*) or Condition 5(b) (*Mandatory Distribution Cancellation Event*)) to (but excluding) the date fixed for redemption as more particularly described in the Conditions. See further "*– Any redemption of the Capital Securities will be subject to obtaining prior consent of OJK*", "*– Limited rights of enforcement and subordination of the Capital Securities could impair an investor's ability to enforce its rights or realise any claims on the Capital Securities*" and "*– Securityholders may recover less as a result of the subordination of the Capital Securities*".

There can be no assurance that Securityholders will be able to reinvest the amount received upon redemption at a rate that will provide the same rate of return as their investment in the Capital Securities.

The Capital Securities may be redeemed at the Bank's option on the First Reset Date or on any Distribution Payment Date falling after the First Reset Date

The Capital Securities are redeemable at the option of the Bank on the First Reset Date or on any Distribution Payment Date falling after the First Reset Date at their Prevailing Principal Amount together (if appropriate) with any Distribution accrued to (but excluding) the date fixed for redemption. The date on which the Bank elects to redeem the Capital Securities may not accord with the preference of individual Securityholders. This may be disadvantageous to the Securityholders in light of market conditions or the individual circumstances of the Securityholders. There can be no assurance that Securityholders will be able to reinvest the amount received upon redemption at a rate that will provide the same rate of return as their investment in the Capital Securities.

Any redemption of the Capital Securities will be subject to obtaining prior consent of OJK

To be considered as Additional Tier 1 capital under the Applicable Regulations (as defined in the Conditions), the Capital Securities must satisfy certain requirements, among other things, they must not have a tenor and only can be fully redeemed at the earliest of five years and after obtaining approval from OJK.

Accordingly, the Bank may not redeem any of the Capital Securities without the prior written consent of OJK. OJK will take into account the conditions set out in the Applicable Regulations (as further described below) in providing its written consent for redemption of the Capital Securities.

Any delay in obtaining OJK consent (including any administration/bureaucracy issues), could have an effect on the Bank's ability to redeem the Capital Securities in a timely manner. Further, the Applicable Regulations stipulate that any Capital Securities to be redeemed must be replaced by capital instruments of the same or better quality (as long as they do not exceed any limit for Additional Tier 1 capital), unless the redemption of such Capital Securities would otherwise not cause a breach of the Minimum Capital Requirement (as defined in the Conditions).

Payments of Distribution on the Capital Securities are discretionary and such Distributions are non-cumulative; payments of Distribution are also subject to the direction of OJK

Payment of Distributions on any Distribution Payment Date is at the sole discretion of the Bank. Article 15(1)(g) of OJK Regulation No. 11/POJK.03/2016, as recently amended by OJK Regulation No. 27 of 2022 on the Minimum Capital Requirements for Banks, provides that for any repayment of returns and/or yields which cannot be ascertained both in terms of amount and time and cannot be accumulated between periods, the Bank has full authority to cancel the payment when the obligation to pay such returns and/or yields is due. Subject to the Conditions, the Bank may, at its sole discretion, elect to cancel, in whole or in part, any payment of Distribution. The Bank may make such election for any reason. In addition, the Bank will not be obliged to pay, and will not pay, any Distribution if:

- the aggregate of the amount of the Distribution (if paid in full), together with the sum of any dividends, distributions or other payments scheduled to then be paid or made during the Bank's then current fiscal year on any Parity Obligations or any instruments which effectively rank *pari passu* with any Parity Obligations shall exceed the Distributable Reserves as of the Distributable Reserves Determination Date;

- the Bank is prevented by applicable OJK regulations or other requirements of the OJK from making payment in full of dividends or other distributions when due on its Parity Obligations;

- the Bank is unable to make such payment of dividends, bonus to the Bank's management or distributions on its Parity Obligations without causing a breach of the OJK consolidated or unconsolidated capital adequacy requirements set out in the Applicable Regulations.

Any Distributions which are not paid on the applicable Distribution Payment Date shall not accumulate or be payable at any time thereafter, whether or not funds are, or subsequently become, available. A failure to pay such Distribution shall not constitute an Enforcement Event pursuant to the Conditions and there is no limit on the number of times or the amount that the Bank could decide not to pay Distributions. Securityholders will have no right thereto whether in a bankruptcy or dissolution as a result of the Bank's bankruptcy or otherwise.

Therefore, any Distributions not paid will be lost and the Bank will have no obligation to make payment of such Distributions thereon. If Distributions are not paid for whatever reason, the Capital Securities may trade at a lower price. If a Securityholder sells its Capital Securities during such a period, such Securityholder may not receive the same return on investment as a Securityholder who continues to hold its Capital Securities until Distributions are resumed.

There are no events of default under the Capital Securities

Issues of Capital Securities do not provide for events of default allowing acceleration of the Capital Securities except upon the winding-up of the Bank. Upon a payment default, the sole remedy available to the Securityholders for recovery of amounts owing in respect of any payment or principal of, or Distribution on, the Capital Securities will be the institution of proceedings in Indonesia for the winding-up of the Bank. See also "– *Limited rights of enforcement and subordination of the Capital Securities could impair an investor's ability to enforce its rights or realise any claims on the Capital Securities*".

Securityholders will not have voting rights at shareholders' meetings

Securityholders do not have any right to vote at any of the Bank's shareholders' meetings. Consequently, Securityholders cannot influence any decision made by the Bank's Board of Commissioners or any decision made by the shareholders concerning the Bank's capital structure, including the declaration of dividends in respect of the Bank's ordinary shares.

The Capital Securities do not restrict the Bank's ability to incur additional debt or to take other actions that could negatively impact Securityholders

The Bank is not restricted under the Conditions from incurring additional debt, which may be substantial or from repurchasing the Capital Securities and which may rank *pari passu* or senior to the Capital Securities. Under certain circumstances, such additional debt may be secured without equal and rateable security being extended to the Capital Securities. The incurrence of such debt may thus reduce the amount recoverable upon the Bank's winding up. In addition, the covenants applicable to the Capital Securities do not require the Bank to achieve or maintain any minimum financial results relating to their respective financial positions or results of operations. The Bank's ability to recapitalise, incur additional debt and take other actions that are not limited by the terms of the Capital Securities could limit its ability to make payments on the Capital Securities when due.

Tax treatment in respect of the Capital Securities is unclear

It is not clear whether the Capital Securities will be regarded as debt securities by the Directorate General of Taxes for the purposes of the Government Regulation No. 91/2021 ("**GR-91**"). The prevailing Indonesian tax laws and its implementing regulation also do not provide the specific definition of loan. There is also no assurance that the Capital Securities will be able to enjoy tax concessions should the relevant tax laws be amended or revoked at any time.

Under the Indonesian VAT Law, securities are not subject to VAT. However, the Indonesian VAT Law does not provide a specific definition of "securities" for this purpose. Accordingly, there is uncertainty as to whether the Capital Securities would be regarded as securities for Indonesian VAT purposes and, consequently, whether the sale, disposal or redemption of the Capital Securities would fall within such VAT treatment.

If the Capital Securities are not regarded as debt securities for the purposes of GR-91 and/or as securities for Indonesian VAT purposes and/or Securityholders are not eligible for the tax concessions under GR-91, the tax treatment for Securityholders may differ. Investors and Securityholders should consult their own accounting and tax advisers regarding the Indonesian tax consequences of their acquisition, holding and disposal of such Capital Securities.

As described under the Supervision and Regulation section of Capital Adequacy Requirements, OJK Regulation No. 11/2016, Additional Tier I capital consists of debt instruments that have capital characteristics, are subordinated and are perpetually non-cumulative subordinated. Certain requirements for Additional Tier I Capital under OJK Regulation No. 11/2016 may not be regarded as the characteristic of debt securities under the Indonesian tax regulation.

Pursuant to the Organization for Economic Co-Operation and Development ("**OECD**") Commentary under Article 10 concerning Taxation on Dividends and Article 11 concerning Taxation on Interest, if dividend payments have characteristics which are similar to distribution payments (for example, if the repayment of a loan is subordinated to the claims of other creditors; and the loan effectively bears the risks borne by the debtor), the interest on the bonds is considered as a dividend. In the case that a distribution payment is considered a dividend payment, the arrangement of tax relief shall refer to the payment of dividends instead of interest in the tax treaty.

Perpetual bonds are considered to have equity features as perpetual bonds are settled in the long-term, have the option to defer coupon payments and are subordinated to ordinary debts. Perpetual bonds may be considered as equity instruments and thus the payment thereon may not be tax deductible, if they satisfy certain conditions: (i) interest payments depend on profits earned; (ii) such instruments have the lowest priority in settlement (are subordinated to all competing creditors), and (iii) such instruments have a term (or a maturity) of more than 50 years and can only be claimed if the issuer goes bankrupt or is liquidated.

For the purposes of the Indonesian taxation, if a perpetual bond is categorised as an equity instrument, distributions relating to such bond may be categorised as dividend payments. Under Article 4 of the Income Tax Law, such dividends are tax objects (except dividends as regulated in the Job Creation Law). Dividend paid to Non-Indonesian Residents will be subject to Article 26 Income Tax withholding at the rate of 20 per cent., unless a lower rate is available under the applicable tax treaty, subject to the fulfilment of the beneficial ownership criteria and required administrative procedures. Furthermore, according to the provisions of Article 9 of the Income Tax Law, any distributions which are considered as dividends may not be deductible in determining the taxable income of the Issuer.

There are risks associated with modifying or amending the terms and conditions of the Capital Securities by way of a meeting of Securityholders or, in limited instances, without the consent of Securityholders

Investors should pay attention to any modification and waivers; modification and waivers may be made in respect of the Terms and Conditions and the Trust Deed by the Trustee or less than all of the Securityholders, and decisions may be made on behalf of all Securityholders that may be adverse to the interests of individual Securityholders.

The Conditions contain provisions for calling meetings of Securityholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Securityholders, including Securityholders who did not attend, vote or participate at the relevant meeting, written resolution or electronic consent and Securityholders who voted in a manner contrary to the majority. There is a risk that the decision of the majority of the Securityholders may be adverse to the interests of the individual Securityholders.

The Conditions also provide that the Trustee may (but shall not be obliged to) agree, without the consent of Securityholders, to:

- any modification of any of the provisions of the Trust Deed, the Agency Agreement or the Conditions which, in its opinion, is of a formal, minor or technical nature or is made to correct a manifest error or to comply with any mandatory provisions of applicable law or as required by Euroclear and/or Clearstream; and

- any other modification (except as mentioned in the Trust Deed), and any waiver or authorisation of any breach or proposed breach, of any of the provisions of the Trust Deed, the Agency Agreement or the Conditions that is, in the opinion of the Trustee, not materially prejudicial to the interests of the Securityholders.

Furthermore, any proposed modification to Conditions 3(a) (*Status of the Capital Securities*), 3(b) (*Subordination*), 3(c) (*Set-off and payment void*), 5 (*Distribution Restrictions*), 6(g) (*Conditions of redemption or variation for Capital Securities*), 7 (*Loss Absorption upon a Loss Absorption Event*) and 11(b) (*Entitlement*), and/or the Distribution Rate will be subject to obtaining the prior consent of OJK.

The Capital Securities are subject to restrictions on transfer and resale

The Capital Securities have not been and will not be registered under the Securities Act or the securities or blue sky laws of any state of the United States. The Capital Securities are being offered, and may be resold, outside of the United States within the meaning of and in compliance with Regulation S. Consequently, the Capital Securities are subject to restrictions on transfer and resale, which may negatively affect the liquidity of the Capital Securities. See "*Subscription and Sale*".

A change in the law which governs the Capital Securities may adversely affect Securityholders

The Capital Securities will be governed by English law (save that the provisions in relation to subordination, set-off and payment void specified in Condition 3 (*Status and Subordination of the Capital Securities*) (and related provisions of the Trust Deed) shall be governed by, and construed in accordance with, the laws of Indonesia). No assurance can be given as to the impact of any possible judicial decision or change to English law, Indonesian law or administrative practice after the Issue Date.

Where Global Certificates are held by or on behalf of Euroclear, Clearstream, investors will have to rely on their procedures for transfer, payment and communication with the Bank

The Capital Securities will initially be represented by beneficial interests in one or more Global Certificates. Such Global Certificates will be registered in the name of a nominee for, and deposited with, a common depositary for Euroclear and Clearstream (each of Euroclear and Clearstream, a "**Clearing System**"). Except in the circumstances described in the Global Certificate, investors will not be entitled to receive definitive Certificates. The relevant Clearing System(s) will maintain records of the beneficial interests in the Global Certificates. While the Capital Securities are represented by one or more Global Certificates, investors will be able to trade their beneficial interests only through the Clearing Systems.

While the Capital Securities are represented by one or more Global Certificates, the Bank will discharge its payment obligations under the Capital Securities by making payments to or to the order of the relevant Clearing System for distribution to their account holders. A holder of a beneficial interest in a Global Certificate must rely on the rules and the procedures of the relevant Clearing System(s) to receive payments under the Capital Securities. None of the Bank, the Trustee or the Agents has any responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Certificates.

Holders of beneficial interests in the Global Certificates will not have a direct right to vote in respect of the Capital Securities. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear, Clearstream to appoint appropriate proxies. Similarly, holders of beneficial interests in the Global Certificates will not have a direct right under the respective Global Certificates to take enforcement action against the Bank in the event of an Enforcement Event but will have to rely upon their rights under the Trust Deed.

The Trustee may request that the Securityholders provide an indemnity and/or security and/or prefunding to its satisfaction

In certain circumstances (including, without limitation, the giving of notice to the Bank pursuant to Condition 11 (*Enforcement Events*) and the taking of steps and/or actions and/or instituting proceedings pursuant to Condition 12 (*Meeting of Securityholders and Modifications*), the Trustee may, at its sole discretion, request the Securityholders to provide an indemnity and/or security and/or prefunding to its satisfaction before it takes steps and/or actions and/or institutes proceedings on behalf of the Securityholders. The Trustee shall not be obliged to take any such steps and/or actions and/or institute any such proceedings if not first indemnified and/or secured and/or prefunded to its satisfaction.

Negotiating and agreeing to any indemnity and/or security and/or prefunding can be a lengthy process and may impact on when such steps and/or actions can be taken and/or such proceedings can be instituted. The Trustee may not be able to take such steps and/or actions and/or institute any such proceedings notwithstanding the provision of an indemnity and/or security and/or prefunding to it, in breach of the terms of the Trust Deed or the Conditions and in such circumstances, or where there is uncertainty or dispute as to the applicable laws or regulations, to the extent permitted by the agreements and the applicable law, it will be for the Securityholders to take such steps and/or actions and/or institute such proceedings directly.

The Bank may not be able to fulfil its contractual obligations to the Securityholders

The ability of the Bank to make payments in respect of the Capital Securities may depend upon the due performance by the other parties to the transaction documents of the obligations thereunder including the performance by the Trustee, the Principal Paying Agent, the Transfer Agent and/or the Registrar of their respective obligations. Whilst the non-performance of any relevant parties will not relieve the Bank of its obligations to make payments in respect of the Capital Securities, the Bank may not, in such circumstances, be able to fulfil its obligations to the Securityholders.

Securityholders are exposed to financial risk

Distribution payment and principal repayment for debts occur at specified periods regardless of the performance of the Bank. The Bank may be unable to make Distribution payments, where applicable, or principal repayments, under the Capital Securities should it suffer serious decline in net operating cash flows.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent:

- the Capital Securities are legal investments for it;
- the Capital Securities can be used as collateral for various types of borrowing; and
- other restrictions apply to its purchase or pledge of any Capital Securities.

Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Capital Securities under any applicable risk-based capital or similar rules.

Securityholders should be aware that a definitive Certificate which has a principal amount that is not an integral multiple of the minimum specified denomination may be illiquid and difficult to trade.

In relation to any Capital Security which has a principal amount consisting of a minimum specified denomination plus a higher integral multiple of another smaller amount, it is possible that the Capital

Securities may be traded in amounts in excess of the minimum specified denomination that are not integral multiples of such minimum specified denomination. In such a case a Securityholder who, as a result of trading such amounts, holds a principal amount of less than the minimum specified denomination will not receive a definitive Certificate in respect of such holding (should definitive Certificates be printed) and would need to purchase a principal amount of Capital

Securities such that it holds an amount equal to one or more specified denominations. If definitive Certificates are issued, holders should be aware that a definitive Certificate which has a principal amount that is not an integral multiple of the minimum specified denomination may be illiquid and difficult to trade.

RISKS RELATING TO THE MARKET GENERALLY

There has been no prior market for the Capital Securities and an active trading market for the Capital Securities may not develop

There is no existing market for the Capital Securities and there can be no assurances that a secondary market for the Capital Securities will develop, or if a secondary market does develop, that it will provide the Securityholders with liquidity of investment or that it will continue for the life of the Capital Securities. Therefore, investors may not be able to sell their Capital Securities easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for the Capital Securities which are sensitive to interest rate, currency or market risks and are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. The Capital Securities generally would have a more limited secondary market and more price volatility than conventional debt securities. Consequently, any sale of Capital Securities by Securityholders in any secondary market which may develop may be at prices that may be higher or lower than the initial offering price depending on many factors, including prevailing interest rates, the Bank's performance and the market for similar securities. No assurance can be given as to the liquidity of, or trading market for, the Capital Securities and an investor in such Capital Securities must be prepared to hold such Capital Securities for an indefinite period of time or until their maturity.

Approval in-principle has been received for the listing and quotation of the Capital Securities on the SGX-ST. Such permission will be granted when the Capital Securities have been admitted to the Official List of the SGX-ST. However, the Capital Securities might not be or remain listed on the SGX-ST and a liquid trading market might not develop for the Capital Securities. Historically, the market for debt securities by South East Asian Banks has been subject to disruptions that have caused substantial volatility in the prices of such securities. There can be no assurance that the market for the Capital Securities will not be subject to similar disruptions. Any such disruption may have an adverse effect on the Securityholders.

Exchange rate risks and exchange controls may affect an investor's returns on the Capital Securities

The Bank will pay principal and Distribution on the Capital Securities in U.S. Dollar (the "**Currency**"). This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Currency. These include the risk that foreign exchange rates may significantly change (including changes due to devaluation of the Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Currency would decrease:

- the Investor's Currency-equivalent interest on the Capital Securities;
- the Investor's Currency-equivalent value of the principal payable on the Capital Securities; and

- the Investor's Currency-equivalent market value of the Capital Securities. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable foreign exchange rate.

As a result, investors may receive less interest or principal than expected, or no interest or principal.

Changes in market interest rates may adversely affect the value of the Capital Securities

Investment in the Capital Securities involves the risk that subsequent changes in market interest rates may adversely affect the value of the Capital Securities. Generally, a rise in interest rates may cause a fall in the price of the Capital Securities, resulting in a capital loss for the Securityholders. However, the Securityholders may reinvest the interest payments at higher prevailing interest rates. Conversely, when interest rates fall, the price of the Capital Securities may rise. The Securityholders may enjoy a capital gain but interest payments received may be reinvested at lower prevailing interest rates.

Inflation may adversely affect Securityholders' return on the Capital Securities

Securityholders may suffer erosion on the return of their investments due to inflation. Securityholders would have an anticipated rate of return based on expected inflation rates on the purchase of the Capital Securities. An unexpected increase in inflation could reduce the actual returns.

The market value of the Capital Securities may fluctuate

Trading prices of the Capital Securities are influenced by numerous factors, including the operating results, business and/or financial condition of the Bank, political, economic, financial and any other factors that can affect the capital markets, the industry and the Bank generally. Adverse economic developments, acts of war and health hazards in countries in which the Bank operates could have a material adverse effect on the Bank's operations, operating results, business, financial position, performance and consequently, the price of the Capital Securities.

A downgrade in ratings may affect the market price of the Capital Securities

The Capital Securities are expected to be rated "Ba2" by Moody's. This rating may not reflect the potential impact of all risks related to the structure, market, additional factors discussed above, and other factors that may affect the value of the Capital Securities. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time. Rating agencies may also revise or replace entirely the methodology applied to derive credit ratings. There is a risk that the credit rating of the Bank and of the Capital Securities may change as a result of changes in the Bank's operating performance or capital structure, or for some other reason. Moreover, no assurance can be given that a credit rating will remain for any given period of time or that a credit rating will not be lowered or withdrawn by the relevant rating agency if, in its judgment, circumstances in the future so warrant or if a different methodology is applied to derive such credit ratings. This could affect the market price and the liquidity of the Capital Securities.

TERMS AND CONDITIONS OF THE CAPITAL SECURITIES

The following, subject to alteration and completion and save for the paragraphs in italics, is the text of the terms and conditions of the Capital Securities that will be endorsed on each Certificate in definitive form (if issued).

The issue of the U.S.$750,000,000 Additional Tier 1 perpetual non-cumulative capital securities (the "**Capital Securities**") of PT Bank Mandiri (Persero) Tbk (the "**Issuer**") was authorised by a resolution of the board of directors of the Issuer passed on 5 June 2026. The Capital Securities are constituted by a trust deed (as amended and/or supplemented from time to time, the "**Trust Deed**") dated 10 September 2026 (the "**Issue Date**") between the Issuer and The Bank of New York Mellon, London Branch (the "**Trustee**", which expression shall whenever the context so admits include any successor and all persons for the time being the trustee or trustees under the Trust Deed) as trustee for the Securityholders (as defined below).

These terms and conditions (these "**Conditions**") include summaries of, and are subject to, the detailed provisions of the Trust Deed, which includes the forms of the Capital Securities, and the Securityholders (as defined below) are entitled to the benefit of, and are bound by, and are deemed to have notice of, all of the provisions of the Trust Deed, and are deemed to have notice of those provisions applicable to them of the agency agreement (as amended and/or supplemented from time to time, the "**Agency Agreement**") dated the Issue Date which has been entered into in relation to the Capital Securities between the Issuer, the Trustee, The Bank of New York Mellon, London Branch as the principal paying agent (the "**Principal Paying Agent**", which expression shall include any successor principal paying agent under the Agency Agreement), The Bank of New York Mellon SA/NV, Dublin Branch as registrar (the "**Registrar**", which expression shall include any successor registrar under the Agency Agreement), as transfer agent (the "**Transfer Agent**", which expression shall include any successor transfer agent under the Agency Agreement) The Bank of New York Mellon, London Branch as paying agent (the "**Paying Agent**", and together with the Principal Paying Agent and the Registrar, the "**Paying Agents**", which expression shall include any additional or successor paying agent) and as calculation agent (the "**Calculation Agent**", which expression shall include any successor calculation agent under the Agency Agreement) and the other paying agents, transfer agents and calculation agents appointed under it (each a "**Paying Agent**", a "**Transfer Agent**" or a "**Calculation Agent**", as applicable, and, together with the Registrar, the Transfer Agent, the Paying Agents and the Calculation Agent, the "**Agents**").

Copies of the Trust Deed and the Agency Agreement referred to above are available for inspection by Securityholders during normal business hours at the specified office for the time being of the Trustee being at 160 Queen Victoria Street, London EC4V 4LA, United Kingdom and at the specified office of the Agents or made available by e-mail upon prior written request and satisfactory proof of holding.

All capitalised terms that are not defined in these Conditions, will have the meanings given to them in the Trust Deed.

1 Form, Denomination and Title

(a) Form and Denomination

The Capital Securities are serially numbered and are in registered form issued in the specified denomination of U.S.$200,000 and integral multiples of U.S.$1,000 in excess thereof.

The Capital Securities are represented by registered certificates ("**Certificates**") and, save as provided in Condition 2(a) (*Transfer of Capital Securities*), each Certificate shall represent the entire holding of Capital Securities by the same Holder.

(b) Title

Title to the Capital Securities shall pass by registration in the register that the Issuer shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the "**Register**"). Except as ordered by a court of competent jurisdiction or as required by law, the Holder (as defined below) of any Capital Security shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it (or on the Certificate representing it) or its theft or loss (or that of the related Certificate) and no person shall be liable for so treating the Holder.

In these Conditions, "**Securityholder**" or "**Holder**" means the person in whose name a Capital Security is registered.

*Upon issue, the Capital Securities will be represented by a global certificate (the "**Global Certificate**") registered in the name of a nominee of, and deposited with, a common depositary for Euroclear and Clearstream. The Conditions are modified by certain provisions contained in the Global Certificate.*

Except in the limited circumstances described in the Global Certificate, owners of interests in Capital Securities represented by the Global Certificate will not be entitled to receive definitive Certificates in respect of their individual holdings of Capital Securities. The Capital Securities are not issuable in bearer form.

2 Transfers of Capital Securities and Delivery of New Certificates

(a) Transfer of Capital Securities

Subject to Condition 2(e) (*Closed Periods*) and the relevant provisions of the Agency Agreement, one or more Capital Securities may be transferred upon the surrender (at the specified office of the Registrar or any Transfer Agent) of the Certificate representing such Capital Securities to be transferred, together with the form of transfer endorsed on such Certificate(s) (or another form of transfer substantially in the same form and containing the same representations and certifications (if any), unless otherwise agreed in writing by the Issuer) duly completed and executed and any other evidence as the Registrar or, as the case may be, the Transfer Agent may require. In the case of a transfer of part only of a holding of Capital Securities represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred shall be issued to the transferor. All transfers of Capital Securities and entries on the Register will be made subject to the detailed regulations concerning transfers of Capital Securities, the initial form of which is scheduled to the Agency Agreement. The regulations may be changed by the Issuer, with the prior written approval of the Trustee and the Registrar, or by the Registrar, with the prior written approval of the Trustee. A copy of the current regulations will be made available for inspection by the Registrar at the Issuer's expense to any Securityholder following prior written request and proof of holding and identity to the satisfaction of the Registrar. No transfer of title to a Capital Security will be valid unless and until entered on the Register.

Transfers of interests in the Capital Securities evidenced by the Global Certificate will be effected in accordance with the rules and procedures of the relevant clearing systems. Transfers of interests in any Capital Securities that are the subject of a Write Down Notice (as defined in Condition 7(c) (Definitions)) issued in accordance with Condition 7 (Loss Absorption upon a Loss Absorption Event) shall not be permitted during any period specified in Condition 2(e) (Closed Periods).

(b) Exercise of Options or Partial Redemption in Respect of Capital Securities

In the case of an exercise of an Issuer's option in respect of, or a partial redemption of or a partial Write Down (as defined in Condition 7(a) (*Write Down on a Loss Absorption Event*)) of (as the case may be), a holding of Capital Securities represented by a single Certificate, a new Certificate shall be issued to the Securityholder to reflect the exercise of such option, such partial Write Down or in respect of the balance of the holding not redeemed or Written Down (as the case may be). In the case of a partial exercise of an option or a partial Write Down resulting in Capital Securities of the same holding having different terms, separate Certificates shall be issued in respect of those Capital Securities of that holding that have the same terms. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar or any Transfer Agent. In the case of a transfer of Capital Securities to a person who is already a Securityholder, a new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding.

(c) Delivery of New Certificates

Each new Certificate to be issued pursuant to Condition 2(a) (*Transfer of Capital Securities*) or Condition 2(b) (*Exercise of Options or Partial Redemption in Respect of Capital Securities*) shall be available for collection within seven business days of receipt by the Registrar or, as the case may be, any Transfer Agent of a duly completed form of transfer and surrender of the existing Certificate(s) for exchange. The new Certificate(s) shall be made available for collection at the specified office of the Registrar or such other Transfer Agent (as the case may be) to whom delivery or surrender of such form of transfer and Certificate(s) shall have been made or, at the option of the Holder making such delivery or surrender as aforesaid and as specified in the form of transfer, or otherwise in writing, be mailed by uninsured post at the risk of the Holder entitled to the new Certificate(s) to such address as may be so specified, unless such Holder requests otherwise and pays in advance to the Registrar or such other relevant Agent the costs of such other method of delivery and/or such insurance as it may specify.

In this Condition 2(c) (*Delivery of New Certificates*), "**business day**" means a day, other than a Saturday or a Sunday or a public holiday, on which banks are open for business in the place of the specified office of the Registrar or the other relevant Transfer Agent (as the case may be).

In the case of an exercise of an Issuer's option in respect of, or (as the case may be) a partial Write Down of, Capital Securities where a holding of Capital Securities is represented by a single Certificate, a new Certificate shall be issued to the relevant Securityholder to reflect the exercise of such option, or such partial Write Down, or in respect of the balance of the holding not redeemed or Written Down (as the case may be). New Certificates shall only be issued against surrender of the existing Certificates to the Registrar or the Transfer Agent (as the case may be).

Except in the limited circumstances described in the Global Certificate, owners of interests in the Capital Securities will not be entitled to receive physical delivery of Certificates.

(d) Transfer Free of Charge

Certificates, on transfer, shall be effected without charge by or on behalf of the Issuer, the Registrar or the other Transfer Agents, but upon:

(i) payment by the relevant Securityholder of any stamp duty, tax or other governmental charges that may be imposed in relation to it (or the giving of such indemnity and/or security and/or pre-funding as the Registrar or the other relevant Transfer Agent may require);

(ii) the Registrar or the relevant Transfer Agent (as the case may be) being satisfied in its absolute discretion with the documents of title or identity of the person making the application; and

(iii) the Registrar or the relevant Transfer Agent (as the case may be) being satisfied in its absolute discretion that the regulations concerning transfer of Capital Securities have been complied with.

(e) Closed Periods: No Securityholder may require the transfer of a Capital Security to be registered:

(i) during the period of 15 days ending on (and including) the due date for redemption of that Capital Security;

(ii) during the period of 15 days ending on (and including) any date on which Capital Securities may be called for redemption by the Issuer at its option pursuant to Condition 6(c) (*Redemption at the Option of the Issuer*);

(iii) after any such Capital Security has been called for redemption;

(iv) during the period of seven days ending on (and including) any Record Date (as defined in Condition 8(a)(i) (*Method of Payment*)); or

(v) during the period commencing from the date of the Write Down Notice (as defined in Condition 7(c) (*Definitions*)) and ending on (and including) the Loss Absorption Effective Date (as defined in Condition 7(c) (*Definitions*)).

3 Status and Subordination of the Capital Securities

(a) Status of the Capital Securities

The Capital Securities constitute direct, unsecured and subordinated (as set out in Condition 3(b) (*Subordination*)) obligations of the Issuer and shall at all times rank *pari passu* and without any preference among themselves. The rights and claims of the Securityholders (including any damages awarded for breach of obligations in respect thereof) are subordinated as described in Condition 3(b) (*Subordination*).

The Capital Securities are not deposits of the Issuer and are not secured or guaranteed or insured by any of the assets of the Issuer or of the Issuer's Subsidiaries (as defined below) or by the Republic of Indonesia ("**Indonesia**") or the Indonesia Deposit Insurance Corporation (*Lembaga Penjamin Simpanan*) (or any successor thereto).

The Issuer shall use its best endeavours to ensure the Capital Securities will, subject to OJK's approval, on or after the Issue Date be treated as Additional Tier 1 capital as provided under OJK Regulation No. 11/POJK.03/2016, dated 2 February 2016, on

Commercial Bank Minimum Capital Requirement, as amended by OJK Regulation No. 34/POJK.03/2016 on the First Amendment to OJK Regulation No. 11/POJK.03/2016 on Commercial Bank Minimum Capital Requirement and lastly by OJK Regulation No. 27 of 2022 on the Second Amendment to OJK Regulation No. 11/POJK.03/2016 on Commercial Bank Minimum Capital Requirement (as amended, supplemented and/or replaced from time to time, "**OJK Regulation No. 11/2016**").

(b) Subordination

Subject to the insolvency laws of Indonesia, upon the occurrence of any Winding-Up Proceeding (other than pursuant to a Permitted Reorganisation), the rights of the Securityholders to payment of principal of and Distributions on the Capital Securities, and any other obligations in respect of the Capital Securities, shall rank:

(i) senior in right of payment to, and of all claims of the holders of, Junior Obligations;

(ii) *pari passu* in right of payment to, and of all claims to the holders of, Parity Obligations;

(iii) subordinate and junior in right of payment to, and of all claims to the holders of:

(A) all unsubordinated creditors of the Issuer (including its depositors);

(B) any holders of Tier 2 Capital Instruments of the Issuer;

(C) the holders of other subordinated instruments or other obligations issued, entered into, or guaranteed by the Issuer, and any other instrument or other obligations issued, entered into, or guaranteed by the Issuer that ranks or is expressed to rank senior to the Capital Securities by operation of law or contract,

in each case, present and future, and in the manner provided in the Trust Deed and, in the event that:

(I) the Securityholders do not receive payment in full of principal due and payable in respect of the Capital Securities plus Distributions thereon accrued and unpaid (if any) to the date of repayment in any winding-up of the Issuer; and

(II) the winding-up order or resolution passed for the winding-up of the Issuer or the dissolution of the Issuer is subsequently stayed, discharged, rescinded, avoided, annulled or otherwise rendered inoperative,

then to the extent that such Securityholders did not receive payment in full of such principal of and distributions on such Capital Securities, such unpaid amounts shall remain payable in full; provided that payment of such unpaid amounts shall be subject to the provisions of this Condition 3 (*Status and Subordination of the Capital Securities*) and Condition 11 (*Enforcement Events*) and clause 5 and clause 7 of the Trust Deed.

The Issuer agrees to indemnify the Securityholders against any loss incurred as a result of any judgment or order being given or made for any amount due under the Capital Securities and such judgment or order being expressed and paid in a currency other than U.S. dollars. Any amounts due under such indemnification will be similarly subordinated in right of payment with other amounts due on the Capital Securities and payment thereof shall be subject to the provisions of this Condition 3 (*Status and Subordination of the Capital Securities*) and Condition 11 (*Enforcement Events*).

In the event of a winding-up of the Issuer that requires the Securityholders or the Trustee to provide evidence of their claim to principal or Distribution under the Capital Securities, such claims of the Securityholders will only be satisfied after all senior ranking obligations of the Issuer have been satisfied in whole. No amount may be claimed in respect of any Distribution that has been cancelled in accordance with Condition 5(a) (*Optional Distribution Cancellation Event*) or Condition 5(b) (*Mandatory Distribution Cancellation Event*).

*To the extent that Securityholders are entitled to any recovery with respect to the Capital Securities in any Indonesian bankruptcy proceedings, such holders may not be entitled in such proceedings to a recovery in U.S. dollars and may be entitled to a recovery in Indonesian Rupiah ("**Rupiah**"). The Issuer has agreed in Condition 17 (Currency Indemnity) to indemnify Securityholders against losses incurred as a result of any judgment or order being given or made for any amount due under the Capital Securities and such judgment or order being expressed and paid in a currency other than U.S. dollars. Any amounts due under the indemnification in Condition 17 (Currency Indemnity) will be subordinated in right of payment as described above.*

On a winding-up of the Issuer, there may be no surplus assets available to meet the claims of the Securityholders after the claims of the parties ranking senior to the Securityholders (as provided in Condition 3 (Status and Subordination of the Capital Securities)) have been satisfied.

The subordination provisions set out in Condition 3 (Status and Subordination of the Capital Securities) are effective only upon the occurrence of any Winding-Up Proceedings of the Issuer. In the event that a Loss Absorption Event occurs, the rights of holders of Capital Securities shall be subject to Condition 7 (Loss Absorption upon a Loss Absorption Event) in respect of any interest cancelled and any principal amount Written Down. This may not result in the same outcome for holders of Capital Securities as would otherwise occur under Condition 3 (Status and Subordination of the Capital Securities) upon the occurrence of any Winding-Up Proceedings.

The Trust Deed and the Agency Agreement will contain certain protections and disclaimers applicable to the Trustee and the Agents in relation to, *inter alia*, these Conditions. Each Securityholder shall be deemed to have authorised, directed and requested the Trustee, the Registrar and the other Agents, as the case may be, to take any and all necessary action to give effect to any such reduction as may be required by OJK.

In these Conditions:

"**Additional Tier 1 Capital Instruments**" means:

(i) any security issued by the Issuer; or

(ii) any other similar obligation issued by any Subsidiary of the Issuer,

that, in each case, constitutes Additional Tier 1 capital of the Issuer on an unconsolidated basis pursuant to the Applicable Regulations;

"**Applicable Regulations**" means, at any time, any requirements contained in the regulations, requirements, guidelines and policies of, and any decisions made by, OJK (or such other replacement or successor authority having primary responsibility for the prudential oversight and supervision of the Issuer), or other regulations or rules having effect in Indonesia, relating to capital adequacy and applicable to the Issuer at such

time including, as at the Issue Date, OJK Regulation No. 11/2016 (as amended, supplemented or replaced from time to time) and OJK Circular Letter No. 20/SEOJK.03/2016 on the Conversion into Ordinary Shares or Write Down Features of the Additional Tier 1 and Tier 2 Capital Instruments (as amended, supplemented or replaced from time to time);

"**Junior Obligation**" means all classes of the Issuer's ordinary share capital, any Tier 1 capital instruments of the Issuer pursuant to the Applicable Regulations which are not Additional Tier 1 Capital Instruments of the Issuer pursuant to the Applicable Regulations and any instrument or other obligation issued, entered into, or guaranteed by the Issuer that ranks or is expressed to rank junior to the Capital Securities by operation of law or contract;

"**OJK"** means the Indonesian Financial Services Authority (*Otoritas Jasa Keuangan*) or any successor entity which will act as the Issuer's regulatory entity in the event Indonesian Financial Services Authority (*Otoritas Jasa Keuangan*) ceases to act in such capacity;

"**Parity Obligation**" means any Additional Tier 1 Capital Instrument, and any other instrument or other obligation issued, entered into, or guaranteed by the Issuer that ranks or is expressed to rank *pari passu* with the Capital Securities by operation of law or contract, which for the avoidance of doubt excludes any Junior Obligation;

"**Permitted Reorganisation**" means a reconstruction or amalgamation the terms of which have previously been approved by an Extraordinary Resolution of the Securityholders;

"**Subsidiary**" means in relation to any person (the "**first person**") at any particular time, any other person (the "**second person**"):

(i) whose affairs and policies the first person controls or has power to control, whether by ownership of share capital, contract, the power to appoint or remove members of the governing body of the second person or otherwise; or

(ii) whose financial statements are, in accordance with applicable law and generally accepted accounting principles, consolidated with those of the first person;

"**Tier 2 Capital Instruments**" means any security or other similar obligation issued by the Issuer that constitutes Tier 2 capital of the Issuer pursuant to the Applicable Regulations; and

"**Winding-Up Proceeding**" means a proceeding in Indonesia in respect of the Issuer for the bankruptcy, liquidation, winding-up, receivership or other similar proceeding of the Issuer.

(c) Set-off and payment void

No Securityholder may exercise, claim or plead any right of set-off, counterclaim, reclaim or retention in respect of any amount owed to it by the Issuer arising under or in connection with the Capital Securities. Each Securityholder shall, by acceptance of any Capital Security, be deemed to have waived all such rights of set-off, counterclaim, reclaim or retention to the fullest extent permitted by law including to have waived any right to set-off or "*kompensasi*" or "*perjumpaan utang*" as provided in Articles 1425 through 1435 of the Indonesian Civil Code, Article 51(1) of Law No. 37 of 2004 on Bankruptcy and Suspension of Payment, and any similar right as provided under the

regulations of Bank Indonesia and/or OJK in relation to liquidation. If at any time any Securityholder receives payment or benefit of any sum in respect of the Capital Securities relating to them (including any benefit received pursuant to any such set-off, counter-claim, reclaim or retention) other than in accordance with Condition 11 (*Enforcement Events*), the payment of such sum or receipt of such benefit shall, to the fullest extent permitted by law, be deemed void for all purposes and such Securityholder by acceptance of such Capital Security shall agree as a separate and independent obligation that any such sum or benefit so received shall forthwith be paid or returned in full by such Securityholder to the Issuer upon demand by the Issuer or, in the event of the winding-up of the Issuer, the liquidator of the Issuer. Any sum so paid or returned shall then be treated for purposes of the Issuer's obligations as if it had not been paid by the Issuer, and its original payment shall be deemed not to have discharged any of the obligations of the Issuer under the Capital Securities.

4 Distribution and other Calculations

(a) Distribution on Capital Securities

Subject to Condition 5 (*Distribution Restrictions*), each Capital Security confers a right to receive distribution (each a "**Distribution**") on its Prevailing Principal Amount (as defined in Condition 7(c) (*Definitions*)) from and including the Issue Date at a fixed rate per annum (expressed as a percentage) equal to the Distribution Rate, such Distribution being payable semi-annually in equal instalments in arrear on each Distribution Payment Date.

The Distribution Rate in respect of the Capital Securities for the period:

(i) from (and including) the Issue Date to (but excluding) the First Reset Date shall be 7.35 per cent. per annum (the "**Initial Distribution Rate**"); and

(ii) from (and including) the First Reset Date and each Reset Date falling thereafter to (but excluding) the immediately following Reset Date shall be determined by the Calculation Agent on the Reset Determination Date as the sum of:

(A) the Initial Spread; and

(B) the Reset Reference Rate,

(the "**Reset Distribution Rate**" and, together with the Initial Distribution Rate, each a "**Distribution Rate**").

(b) Accrual of Distribution

Subject to Condition 5 (*Distribution Restrictions*), Distributions shall cease to accrue on each Capital Security on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused or unless default is otherwise made in respect of payment (including, for the avoidance of doubt, where any approval required from OJK in respect of redemption of the Capital Securities is not forthcoming), in which event Distributions shall continue to accrue (both before and after judgment) at the Distribution Rate on the Prevailing Principal Amount (as defined in Condition 7(c) (*Definitions*)) in the manner provided in this Condition 4 (*Distribution and other Calculations*) to the Relevant Date (as defined in Condition 9(a) (*Taxation*)).

(c) Calculation of Distribution and Determination of Relevant Reset Distribution Rate

The Calculation Agent shall, as soon as practicable on each Reset Determination Date, determine the Reset Distribution Rate in respect of the Reset Period.

The Calculation Agent will calculate the amount of Distribution in respect of any period by applying the applicable Distribution Rate to the Calculation Amount as soon as practicable. If Distribution is required to be paid in respect of a Capital Security on any date other than a Distribution Payment Date, it shall be calculated by applying the applicable Distribution Rate to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest cent (half a cent being rounded upwards) and multiplying such rounded figure by a fraction equal to the principal amount of such Capital Security divided by the Calculation Amount.

In these Conditions:

"**Calculation Amount**" means U.S.$1,000, subject to adjustment following occurrence of a Loss Absorption Event in accordance with Condition 7 (*Loss Absorption upon a Loss Absorption Event*); and

"**Day Count Fraction**" means, in respect of any period, the number of days in the relevant period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with twelve 30-day months and, in the case of an incomplete month, the number of days elapsed).

(d) Publication of Relevant Reset Distribution Rate

The Calculation Agent shall cause notice of the Reset Distribution Rate determined in accordance with this Condition 4 (*Distribution and other Calculations*) in respect of the Reset Period to be notified to the Trustee, the Issuer (who shall promptly, in accordance with Condition 15 (*Notices*), notify the Securityholders), each of the Paying Agents, and any other Calculation Agent appointed in respect of the Capital Securities that is to make a further calculation upon receipt of such information, in each case as soon as possible after its determination but in no event later than the third Business Day after the Reset Determination Date.

If the Capital Securities become due and payable under Condition 11 (*Enforcement Events*), the accrued Distribution per Calculation Amount and the Reset Distribution Rate payable in respect of the Capital Securities shall nevertheless continue to be calculated as previously in accordance with this Condition 4 (*Distribution and other Calculations*) but no publication of the Reset Distribution Rate so calculated need be made unless the Trustee otherwise requires.

(e) Determination of Calculation Agent Binding

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 4 (*Distribution and other Calculations*) by the Calculation Agent, shall (in the absence of manifest error) be final and binding upon the Issuer, any other Calculation Agent, the Trustee, the Principal Paying Agent, the Registrar, the Transfer Agent and all Securityholders and (in the absence of fraud, wilful default or gross negligence) no liability to the Securityholders, the Issuer or any other person shall attach to the Calculation Agent in connection with the performance of its duties and/or exercise or non-exercise by it of any of its powers and discretions.

(f) Calculation Agent

The Issuer shall procure that there shall at all times be one or more Calculation Agents where the Reset Distribution Rate is to be calculated by it and for so long as any Capital Security is outstanding. Where more than one Calculation Agent is appointed in respect of the Capital Securities, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under these Conditions. The Issuer may, from time to time replace the Calculation Agent with another leading investment, merchant or commercial bank or financial institution. If the Calculation Agent is unable to act as such or if the Calculation Agent fails duly to determine the Reset Distribution Rate in respect of the Reset Period as provided in Condition 4(c) (*Calculation of Distribution and Determination of Relevant Reset Distribution Rate*) or to comply with any other requirement, it shall notify the Issuer thereof as soon as reasonably practicable and the Calculation Agent shall be under no obligation to make such calculation or determination and (in the absence of gross negligence, wilful default or fraud on the part of the Calculation Agent) shall not incur any liability for not doing so. The Issuer shall then (with prior notification to the Trustee) appoint another leading investment, merchant or commercial bank or financial institution engaged in the interbank market to act as such in its place. Any Calculation Agent appointed in respect of the Capital Securities may not resign its duties without a successor having been appointed as aforesaid.

(g) Definitions

"**Business Day**" means a day, other than a Saturday or a Sunday or a public holiday, on which commercial banks and foreign exchange markets are open for general business in London, Jakarta (Indonesia) and New York City;

"**Distribution Payment Date**" means 10 March and 10 September in each year commencing on the Distribution Payment Date falling on 10 March 2027, not adjusted for non-Business Days;

"**First Reset Date**" means 10 September 2031;

"**Initial Spread**" means 2.866 per cent.;

"**Reset Date**" means:

(i) the First Reset Date; and

(ii) each date falling every five calendar years after the First Reset Date,

in each case, not adjusted for Business Days;

"**Reset Determination Date**" means, in respect of the Reset Period, the first Business Day of the Reset Period unless such day is not a Business Day, in which case it shall mean the immediately preceding Business Day prior to the first day of the Reset Period;

"**Reset Period**" means the period from (and including) a Reset Date to (but excluding) the immediately following Reset Date;

"**Reset Reference Rate**" means the then prevailing U.S. Treasury Rate; and

"**U.S. Treasury Rate**" means the rate in percentage per annum notified by the Calculation Agent to the Issuer, equal to the yield, under the heading that represents the average for the week immediately prior to the Reset Determination Date, as set forth in the most recently published statistical release designated "H.15" (which, as of the Issue

Date, is available at https://www.federalreserve.gov/releases/h15/) or any successor publication that is published by the Board of Governors of the Federal Reserve System, in each case that establishes yields on actively traded non-inflation indexed U.S. Treasury securities adjusted to constant maturity under the caption "Treasury constant maturities" for the maturity corresponding to five years. If such release (or any successor release) is not published during the week preceding the Reset Determination Date or does not contain such yields, "*U.S. Treasury Rate*" shall be obtained by the Issuer from an internationally recognised investment bank selected and appointed by the Issuer at the Issuer's own cost and shall be notified in writing by the Issuer to the Trustee and the Calculation Agent.

5 Distribution Restrictions

(a) Optional Distribution Cancellation Event

Unless a Distribution has already been cancelled in full pursuant to a Mandatory Distribution Cancellation Event, prior to any Distribution Payment Date the Issuer may, at its sole discretion, elect to cancel, in whole or in part, any payment of Distribution which is otherwise scheduled to be paid on a Distribution Payment Date by giving notice signed by any Director who is also an Authorised Signatory of such election (such notice, which shall be conclusive and binding on Securityholders, a "**Distribution Cancellation Notice**") to the Securityholders in accordance with Condition 15 (*Notices*) and to the Trustee and the Agents in writing at least 10 Business Days prior to the relevant Distribution Payment Date.

The Issuer shall have no obligation to pay any Distribution on any Distribution Payment Date if it validly elects not to do so in accordance with this Condition 5(a) (*Optional Distribution Cancellation Event*).

(b) Mandatory Distribution Cancellation Event

Notwithstanding that a Distribution Cancellation Notice has not been given in connection with a Mandatory Distribution Cancellation Event, the Issuer will not be obliged to pay, and will not pay, any Distribution on the applicable Distribution Payment Date, in whole or in part, as applicable, (and such Distribution will not be considered to be due or payable) if and to the extent that:

(i) the aggregate of the amount of the Distribution (if paid in full), together with the sum of any dividends, distributions or other payments scheduled to then be paid or made during the Issuer's then current fiscal year on any Parity Obligations or any instruments which effectively rank *pari passu* with any Parity Obligations shall exceed the Distributable Reserves as of the Distributable Reserves Determination Date;

(ii) the Issuer is prevented by applicable OJK regulations or other requirements of OJK from making payment in full of dividends or other distributions when due on its Parity Obligations; or

(iii) the Issuer is unable to make such payment of dividends, bonus to the Issuer's management or distributions on its Parity Obligations without causing a breach of OJK consolidated or unconsolidated capital adequacy requirements set out in the Applicable Regulations,

(each a "**Mandatory Distribution Cancellation Event**").

For the purpose of these Conditions:

"**Distributable Reserves**" means, at any time, the amounts for the time being available to the Issuer for distribution as a dividend in compliance with Art. 70 and 71 of Law No. 40 of 2007 on Limited Liability Company (the "**Company Law**"), as amended or modified from time to time ("**Available Amounts**") as of the date of the Issuer's latest audited balance sheet provided that, if the Issuer reasonably believes that the Available Amounts as of any Distributable Reserves Determination Date are lower than the Available Amounts as of the date of the Issuer's latest audited balance sheet and are insufficient to pay the Distributions and for payments on its Parity Obligations on the relevant Distribution Payment Date, then any one Director of the Issuer who is also an Authorised Signatory will be required to provide a certificate, on or prior to such Distributable Reserves Determination Date, to the Securityholders in accordance with Condition 15 (*Notices*) and to the Trustee and the Agents in writing, accompanied by a certificate of the Issuer's auditors for the time being of the Available Amounts as of such Distributable Reserves Determination Date (which certificate of the Directors will be binding absent manifest error) and "**Distributable Reserves**" as of such Distributable Reserves Determination Date for the purposes of such Distribution will mean the Available Amounts as set forth in such certificate; and

"**Distributable Reserves Determination Date**" means, with respect to any Distribution Payment Date, the day falling two Business Days prior to that Distribution Payment Date.

(c) Non-cumulative Distribution

If a Distribution is not paid in accordance with Condition 5(a) (*Optional Distribution Cancellation Event*) and/or Condition 5(b) (*Mandatory Distribution Cancellation Event*) on any Distribution Payment Date, the Issuer is not under any obligation to pay that or any other Distributions that have not been paid thereafter, whether in a winding-up of the Issuer or otherwise, and Securityholders will have no right to receive such Distribution at any time, even if subsequent Distributions are paid in the future, nor be entitled to any claim in respect thereof against the Issuer. Such unpaid Distributions are non-cumulative and do not accrue interest, and any non-payment of such Distribution shall not constitute an Enforcement Event (as described in Condition 11 (*Enforcement Events*)).

There is no limit on the number of times or the extent of the amount with respect to which the Issuer can elect not to pay Distributions pursuant to this Condition 5 (*Distribution Restrictions*).

(d) Distribution Stopper

If, on any Distribution Payment Date, payment of Distributions scheduled to be made on such date is not made in full by reason of this Condition 5 (*Distribution Restrictions*), the Issuer shall not, and the Issuer shall procure that (in relation to any Parity Obligations) any other person which is the issuer thereof shall not:

(i) declare or pay any dividends or other distributions or make any other payment, and will procure that no dividend or other payment is made, in respect of any Junior Obligations (or contribute any monies to a sinking fund for the payment of any dividends or distributions in respect of any such Junior Obligations);

(ii) declare or pay, or permit any Subsidiary (where relevant) of the Issuer to declare or pay, any dividends or other distributions in respect of its Additional Tier 1 Capital

Instruments the terms of which provide that making payments of dividends or other distributions in respect thereof are fully at the discretion of the Issuer (or contribute any monies to a sinking fund for the payment of any dividends or distributions in respect of any such Additional Tier 1 Capital Instruments), except where such dividend, distribution or other payment is made on a *pro rata* basis with payment on the Capital Securities; or

(iii) redeem, reduce, cancel, buy-back or acquire any of its Additional Tier 1 Capital Instruments or its Junior Obligations, or permit any Subsidiary (where relevant) of the Issuer to redeem, reduce, cancel, buy-back or acquire any of its Additional Tier 1 Capital Instruments or its Junior Obligations (or contribute any monies to a sinking fund for the redemption, capital reduction, buy-back or acquisition of any such Additional Tier 1 Capital Instruments or Junior Obligations) except, in relation to Additional Tier 1 Capital Instruments, where such redemption, reduction, cancellation or buy-back is made on a *pro rata* basis with a *pro rata* purchase of Capital Securities,

in each case, unless or until the earlier of:

(I) the outstanding Capital Securities having been redeemed or repurchased and cancelled in full; or

(II) each outstanding Capital Security having been Written-off in its entirety in accordance with these Conditions; or

(III) the next Distribution scheduled to be paid on any subsequent Distribution Payment Date (which, for the avoidance of doubt, shall exclude any Distribution that has been cancelled in accordance with these Conditions prior to such subsequent Distribution Payment Date) has been paid in full (or an amount equivalent to such next scheduled Distribution has been paid, or been irrevocably set aside in a separately designated trust account for payment to the Securityholders); or

(IV) the Issuer is permitted to do so by an Extraordinary Resolution (as defined in the Trust Deed) of the Securityholders.

(e) No default

Notwithstanding any other provision in these Conditions, the cancellation, non-payment or deferral of any Distribution pursuant to this Condition 5 (*Distribution Restrictions*) shall not constitute a default (including, without limitation, an Enforcement Event pursuant to Condition 11 (*Enforcement Events*)) on the part of the Issuer under the Capital Securities or for any other purpose.

6 Redemption, Purchase and Variation

(a) No Fixed Redemption Date

The Capital Securities are perpetual securities in respect of which there is no fixed redemption date. The Capital Securities may not be redeemed at the option of the Issuer other than in accordance with this Condition 6 (*Redemption, Purchase and Variation*).

(b) Redemption for Taxation Reasons

Subject to Condition 6(g) (*Conditions of redemption or variation for Capital Securities*), the Capital Securities may be redeemed at the option of the Issuer in whole, but not in part, at any time on giving not less than 15 nor more than 60 days' prior notice to the Securityholders in accordance with Condition 15 (*Notices*) (which notice shall be irrevocable) and in writing to the Trustee and the Principal Paying Agent, at their Prevailing Principal Amount plus Distribution accrued and unpaid (if any, and other than that not being paid in accordance with Condition 5(a) (*Optional Distribution Cancellation Event*) or Condition 5(b) (*Mandatory Distribution Cancellation Event*)) to (but excluding) the date fixed for redemption in accordance with these Conditions, if the Issuer satisfies the Trustee immediately prior to the giving of such notice that:

(i) on the date on which the next Distribution is due under the Capital Securities, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 9 (*Taxation*) as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 9 (*Taxation*)), or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after 3 September 2026; or

(ii) the part of Distribution payable on the Capital Securities that is tax deductible by the Issuer for Indonesian tax purposes is reduced or would otherwise be considered as payments of a type that are non-deductible for Indonesian income tax purposes as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 9 (*Taxation*)), or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after 3 September 2026,

(each such event a "**Capital Security Tax Event**") and, in the case of each of (i) or (ii) of this Condition 6(b) (*Redemption for Taxation Reasons*), such obligation cannot be avoided by the Issuer taking reasonable measures available to it, *provided that* no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts as set out in (i) above of this Condition 6(b) (*Redemption for Taxation Reasons*) above or payments of Distribution would be so treated as set out in (ii) above of this Condition 6(b) (*Redemption for Taxation Reasons*).

Prior to the publication of any notice of redemption pursuant to this Condition 6(b) (*Redemption for Taxation Reasons*), the Issuer shall deliver to the Trustee:

(I) a certificate in English signed by any Director who is also an Authorised Signatory of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred; and

(II) an opinion addressed to the Trustee of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts or payments of Distribution will no longer be considered deductible for Indonesian income tax purposes (in part or in whole), as the case may be, as a result of such change or amendment,

and the Trustee shall be entitled (but shall not be obliged) without further enquiry and without liability to any Securityholder or any other person to conclusively rely on such certificate and opinion as sufficient evidence of the satisfaction of the conditions

precedent set out in this Condition 6(b) (*Redemption for Taxation Reasons*), in which event the same shall be conclusive and binding on Securityholders, and the Trustee shall be protected and shall have no liability to any Securityholder or any person for so accepting and relying on such certificate or opinion.

(c) Redemption at the Option of the Issuer

Subject to Condition 6(g) (*Conditions of redemption or variation for Capital Securities*), the Issuer may, on giving not less than 15 nor more than 60 days' prior notice to the Securityholders in accordance with Condition 15 (*Notices*) (which notice shall be irrevocable) and in writing to the Trustee and the Principal Paying Agent, redeem, all but not some only, of the Capital Securities on the First Reset Date or on any Distribution Payment Date falling after the First Reset Date. Any such redemption of Capital Securities shall be at their Prevailing Principal Amount plus Distribution accrued and unpaid (if any, and other than that not being paid in accordance with Condition 5(a) (*Optional Distribution Cancellation Event*) or Condition 5(b) (*Mandatory Distribution Cancellation Event*)) to (but excluding) the date fixed for redemption in accordance with these Conditions.

All Capital Securities in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition 6(c) (*Redemption at the Option of the Issuer*).

(d) Redemption for a Change of Qualification Event

Subject to Condition 6(g) (*Conditions of redemption or variation for Capital Securities*), if a Change of Qualification Event has occurred and is continuing, the Issuer may, having given not less than 15 nor more than 60 days' prior notice to the Securityholders in accordance with Condition 15 (*Notices*) (which notice shall be irrevocable) and in writing to the Trustee and the Principal Paying Agent, redeem in accordance with these Conditions at any time, all but not some only of the Capital Securities, at their Prevailing Principal Amount plus Distribution accrued and unpaid (if any, and other than that not being paid in accordance with Condition 5(a) (*Optional Distribution Cancellation Event*) or Condition 5(b) (*Mandatory Distribution Cancellation Event*)) to (but excluding) the date fixed for redemption in accordance with these Conditions.

Prior to the issue of any notice of redemption pursuant to this Condition 6(d) (*Redemption for a Change of Qualification Event*), the Issuer shall deliver to the Trustee a certificate in English signed by any Director of the Issuer who is also an Authorised Signatory, stating that the Issuer is entitled to effect such redemption, and the Trustee shall be entitled (but shall not be obliged) to accept such certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Securityholders.

For the purposes of these Conditions:

"**Change of Qualification Event**" means that, as a result of any change (or pending change) in the regulatory classification of the Capital Securities under the Applicable Regulations or any decision by OJK on or after the Issue Date, the Capital Securities are (or would be) fully or partly excluded from:

(i) the Issuer's or the Group's Additional Tier 1 capital; and/or

(ii) capital eligible for inclusion in the calculation of the Issuer's or the Group's total capital adequacy ratio,

as such terms are used in the Applicable Regulations, save where such exclusion is solely by virtue of the Issuer already having on issue securities with an aggregate principal amount up to or in excess of any applicable limit on the amount of such capital as permitted from time to time under such Applicable Regulations. Any decision by OJK not to accept the qualification of any Capital Securities as the Group's Additional Tier 1 capital shall be deemed to be a Change of Qualification Event for the purposes of this Condition 6(d) (*Redemption for a Change of Qualification Event*).

For the purposes of this Condition 6(d) (*Redemption for a Change of Qualification Event*), "**Group**" means the Issuer and its prudential consolidated Subsidiaries.

(e) Redemption for a Capital Trigger Event

Subject to Condition 6(g) (*Conditions of redemption or variation for Capital Securities*), if a Capital Trigger Event has occurred, the Issuer will, no later than 30 days after the Capital Trigger Event Date and having given not less than 15 days' prior notice to the Securityholders in accordance with Condition 15 (*Notices*) (which notice shall be irrevocable) and in writing to the Trustee and the Principal Paying Agent, redeem all but not some only of the Capital Securities, at their Prevailing Principal Amount plus:

(i) Distribution accrued and unpaid (if any, and other than that not being paid in accordance with Condition 5(a) (*Optional Distribution Cancellation Event*) or Condition 5(b) (*Mandatory Distribution Cancellation Event*)) to (but excluding) the date fixed for redemption in accordance with these Conditions; plus

(ii) the Capital Trigger Event Premium.

Prior to the issue of any notice of redemption pursuant to this Condition 6(e) (*Redemption for a Capital Trigger Event*), the Issuer shall deliver to the Trustee a certificate in English signed by any Director of the Issuer who is also an Authorised Signatory, stating that the Issuer is entitled to effect such redemption, and the Trustee shall be entitled (but shall not be obliged) to accept such certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Securityholders.

For the purposes of determining whether a Capital Trigger Event has occurred on any Reporting Date, the Issuer may calculate the Capital Adequacy Ratio on such Reporting Date based on information (whether or not published) available to management of the Issuer at such Reporting Date, including information internally reported within the Issuer pursuant to its then prevailing internal procedures for monitoring the Capital Adequacy Ratio in accordance with Applicable Regulations.

In this Condition 6(e) (Redemption for a Capital Trigger Event):

"**Capital Adequacy Ratio**" means, for any reporting period, the ratio of total capital (being the aggregate of eligible Tier 1 and Tier 2 capital recorded in the Issuer's financial statements in respect of the relevant period in accordance with the Applicable Regulations) to total risk-weighted assets of the Issuer, on a standalone basis, as determined and calculated pursuant to the Applicable Regulations;

a "**Capital Trigger Event**" occurs when, on any Reporting Date (such date, the "**Capital Trigger Event Date**"), the Capital Adequacy Ratio of the Issuer equals or exceeds 24.0 per cent., as reported by the Issuer to OJK;

"**Capital Trigger Event Premium**" means, with respect to a Capital Security on any redemption date, the greater of:

(i) 0.25 per cent. of the Prevailing Principal Amount; and

(ii) the aggregate amount of any Distribution that had otherwise been cancelled, in whole or in part, by the Issuer in accordance with these Conditions up to (but excluding) the date fixed for redemption in accordance with this Condition 6(e) (*Redemption for a Capital Trigger Event*); and

"**Reporting Date**" means the date of the Issuer's quarterly report (on a standalone basis) provided to OJK as required under the Applicable Regulations and OJK Circular Letter No. 31/SEOJK.03/2025 on the Reporting of Conventional Commercial Banks through System of the Financial Services Authority (as amended from time to time).

As of 30 June 2026, after giving effect to the issue of the Capital Securities, the Issuer's Capital Adequacy Ratio (on a standalone basis) is 18.48 per cent. See "Supervision and Regulation" for further information regarding capital adequacy requirements and periodic reporting to OJK applicable to the Issuer.

(f) Variation instead of Redemption

Subject to Condition 6(g) (*Conditions of redemption or variation for Capital Securities*), the Issuer may at any time without any requirement for the consent or approval of the Securityholders or the Trustee, and having given not less than 15 nor more than 60 days' prior notice to the Securityholders in accordance with Condition 15 (*Notices*) (which notice shall be irrevocable) and to the Trustee and the Principal Paying Agent in writing, vary the terms of the Capital Securities so that they remain or, as appropriate, become Qualifying Securities provided that:

(i) such variation does not itself give rise to any right of the Issuer to redeem the varied securities that is inconsistent with the redemption provisions of the Capital Securities which may adversely affect the Securityholders' interests in respect thereof;

(ii) neither a Capital Security Tax Event (as defined in Condition 6(b) (*Redemption for Taxation Reasons*)) nor a Change of Qualification Event arises as a result of such variation; and

(iii) the Issuer is in compliance with the rules of any stock exchange on which the Capital Securities are for the time being listed or admitted to trading.

If a variation has occurred pursuant to, or otherwise in accordance with, this Condition 6(f) (*Variation instead of Redemption*), such event will not constitute an Enforcement Event as defined in Condition 11(a) (*Enforcement Event*).

Each of the Trustee and the relevant Agents shall use its reasonable endeavours (subject to other provisions in these Conditions, the Trust Deed and the Agency Agreement) to provide its consent to the variation of the terms of the Trust Deed and/or the Agency Agreement proposed by the Issuer so that the Capital Securities remain or, as appropriate, become Qualifying Securities, provided that neither the Trustee nor any relevant Agent shall be obliged to provide its consent to or participate in or assist with such variation if such variation requires changes to the Trust Deed and/or the Agency Agreement (including, for the avoidance of doubt, any supplemental trust deed or supplemental agency agreement) that, in the opinion of the Trustee or the relevant Agent (as the case may be), would have the effect of imposing more onerous

obligations upon the Trustee or the relevant Agent(s) (as the case may be) or exposing the Trustee or such Agent(s) (as the case may be) to any additional duties, responsibilities or liabilities, or decreasing or amending the protections or rights or exculpatory provisions, of the Trustee or such Agent(s) (as the case may be) in or in connection with these Conditions, the Trust Deed and/or the Agency Agreement (including, for the avoidance of doubt, any supplemental trust deed or supplemental agency agreement).

In this Condition 6(f) (*Variation instead of Redemption*):

"**Qualifying Securities**" means securities which constitute direct obligations of the Issuer which:

(I) qualify (in whole or in part) as Additional Tier 1 capital of the Issuer pursuant to the Applicable Regulations;

(II) have terms not materially less favourable to a Securityholder than the terms of the Capital Securities (as reasonably determined by the Issuer);

(III) include a ranking at least equal to that of the Capital Securities and other Parity Obligations;

(IV) if applicable, are assigned (or maintain) the same or higher credit rating(s) as were assigned to the Capital Securities immediately prior to such variation being effective;

(V) have at least the same Prevailing Principal Amount, Distribution Rate and Distribution Payment Dates as those applying to the Capital Securities immediately prior to such variation being effective;

(VI) are listed on the SGX-ST or another securities exchange of international standing for the quotation of debt securities offered and traded in the international markets if the Capital Securities were listed immediately prior to such variation being effective;

(VII) preserve any existing rights under the Capital Securities to any accrued Distributions which have not been paid in respect of the period from (and including) the Distribution Payment Date last preceding the date of effectiveness of the variation;

(VIII) where the effective date of such variation is prior to the First Reset Date, have the same first reset date as the Capital Securities; and

(IX) have the same redemption rights and amounts as the Capital Securities.

(g) Conditions of redemption or variation for Capital Securities

Notwithstanding any other provision in these Conditions, the Capital Securities may not be redeemed, varied or purchased and cancelled without the prior consent of OJK (which consent shall take into account, among other things, the rentability/earnings (*rentabilitas*) condition of the Issuer in accordance with the Applicable Regulations). Accordingly the Issuer shall not redeem or vary the terms and conditions of any of such Capital Securities pursuant to Conditions 6(a) (*No Fixed Redemption Date*), 6(b) (*Redemption for Taxation Reasons*), 6(c) (*Redemption at the Option of the Issuer*), 6(d) (*Redemption for a Change of Qualification Event*), 6(e) (*Redemption for a Capital*

Trigger Event), 6(f) (*Variation instead of Redemption*), 6(h) (*Purchases*) and 11 (*Enforcement Events*) or purchase and cancel the Capital Securities unless the prior written consent of OJK thereto shall have been obtained provided, however, that if from time to time the consent of OJK is not a requirement of any such Capital Securities to constitute regulatory capital of the Issuer for the purposes of, and as defined in, the Applicable Regulations, then the condition to the redemption or purchase and cancellation of the relevant Capital Securities set out in this Condition 6(g) (*Conditions of redemption or variation for Capital Securities*) shall not apply for so long as such consent is not so required. Any refusal or failure by OJK to give its prior consent (as required by Applicable Regulations) in connection with the redemption of the Capital Securities or variation of the terms and conditions of such Capital Securities as contemplated above shall not constitute a default for any purpose under these Conditions.

In these Conditions "**rentability/earnings (*rentabilitas*)**" refers to such term as used in, and interpreted by OJK, pursuant to the Applicable Regulations.

(h) Purchases

The Issuer and any of its Subsidiaries may (subject to Condition 6(g) (*Conditions of redemption or variation for Capital Securities*)) at any time purchase Capital Securities in the open market or otherwise at any price. The Capital Securities so purchased, while held by or on behalf of the Issuer or any such Subsidiary, shall not entitle the holder to vote at any meetings of the Securityholders and shall not be deemed to be outstanding for certain purposes, including without limitation for the purposes of calculating quorums at meetings of the Securityholders or for the purposes of Conditions 11 (*Enforcement Events*) or 12(a) (*Meetings of Securityholders*).

(i) Cancellation

All Capital Securities purchased by or on behalf of the Issuer or any of its Subsidiaries may be surrendered for cancellation by surrendering the Certificate representing such Capital Securities to the Registrar and, in each case, if so surrendered, shall, together with all Capital Securities redeemed by the Issuer, be cancelled forthwith. Any Capital Securities so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Capital Securities shall be discharged. Any Capital Security that is Written Down (as defined in Condition 7 (*Loss Absorption upon a Loss Absorption Event*)) in full in accordance with Condition 7 (*Loss Absorption upon a Loss Absorption Event*) shall be automatically cancelled.

(j) No Obligation to Monitor

Neither the Trustee nor any of the Agents shall be under any duty to monitor whether any event or circumstance has happened or exists pursuant to this Condition 6 (*Redemption, Purchase and Variation*) and none of them will be responsible or liable to the Securityholders or any other person for any loss arising from any failure by it to do so. Unless and until the Trustee or any Agent has notice in writing of the occurrence of any event or circumstance pursuant to this Condition 6 (*Redemption, Purchase and Variation*), it shall be entitled to assume that no such event or circumstance has occurred or exists. Neither the Trustee nor any of the Agents shall be responsible for calculating or verifying the calculations of any amount payable under or pursuant to any notice of redemption or the amount of any Distribution (other than the calculation of the amount of Distribution required to be made by the Calculation Agent as explicitly set out in Condition 4 (*Distribution and other Calculations*)), for reviewing, or verifying the accuracy or correctness of, any calculation or information upon which the Issuer

determines the Capital Adequacy Ratio, or for the content or integrity of any report, and shall not be liable to the Securityholders or any other person for not doing so.

7 Loss Absorption upon a Loss Absorption Event

(a) Write Down on a Loss Absorption Event

(i) If a Loss Absorption Event occurs, the Issuer shall irrevocably and without the need for the consent of the Trustee or the Securityholders:

(A) cancel any Distribution accrued and unpaid (if any) up to but excluding the relevant Loss Absorption Effective Date; and

(B) reduce the then Prevailing Principal Amount (subject to the maintenance of the specified denomination of the Capital Securities),

in respect of each Capital Security (in whole or in part) by an amount equal to the Write Down Amount per Capital Security (a "**Write Down**", and "**Written Down**" shall be construed accordingly).

The Issuer shall, as soon as reasonably practicable following its determination that a Loss Absorption Event has occurred, and in any event not more than five days following such determination (provided that later notice shall not constitute a default under the Capital Securities for any purpose or affect the Write Down of the Capital Securities on the Loss Absorption Effective Date) issue a Write Down Notice to Securityholders in accordance with Condition 15 (*Notices*) and to the Trustee and the Principal Paying Agent in writing. The Issuer will use its reasonable endeavours to effect the relevant Write Down no later than 30 days from the date of the Write Down Notice.

Once any principal or Distribution under a Capital Security has been Written Down, it will be extinguished and will not be restored in any circumstances, including where the relevant Loss Absorption Event ceases to continue. No Securityholder may exercise, claim or plead any right to any Write Down Amount, and each Securityholder shall be deemed to have waived all such rights to such Write Down Amount (including, for the avoidance of doubt, its right to any Distribution on any principal that has been Written Down, including Distribution accrued but unpaid up to the relevant Loss Absorption Effective Date). The occurrence of a Loss Absorption Event and the performance of Write Down will not be considered as an Enforcement Event under the Capital Securities.

(ii) Unless specified otherwise, all references in these Conditions (other than in this Condition 7 (*Loss Absorption upon a Loss Absorption Event*) and Condition 12(a) (*Meetings of Securityholders*)) to "principal amount" in respect of the Capital Securities shall be construed as a reference to the Prevailing Principal Amount of the Capital Securities and not the Initial Principal Amount of the Capital Securities. In particular:

(a) the amount of Distribution payable shall be calculated based on the Prevailing Principal Amount from time to time;

(b) the amount repayable by the Issuer in relation to any redemption of the Capital Securities pursuant to Condition 6(b) (*Redemption for Taxation Reasons*), Condition 6(c) (*Redemption at the Option of the Issuer*), Condition 6(d) (*Redemption for a Change of Qualification Event*) and 6(e)

(*Redemption for a Capital Trigger Event*) will be based on the Prevailing Principal Amount of such Capital Security as at the relevant redemption date; and

(c) the claim of Securityholders in a winding-up of the Issuer will be based on the Prevailing Principal Amount of the Capital Securities as at the time of such Winding-up.

(iii) The ability to operationally effect any Write Down of any Capital Securities or any cancellation, modification, conversion or change in form as a result of the exercise of OJK's authority under this Condition 7 (*Loss Absorption upon a Loss Absorption Event*) with respect to the clearing and/or settlement of any Capital Securities in or through the relevant clearing system(s) is subject to the availability of procedures to effect any such Write Down or such cancellation, modification, conversion or change in form in the relevant clearing system(s).

(iv) Any Write Down of any Capital Securities under Condition 7(a) (*Write Down on a Loss Absorption Event*) will however be effective upon the date that the Issuer specifies in the Write Down Notice notwithstanding any inability to operationally effect any such Write Down or any cancellation, modification, conversion or change inform as a result of the exercise of OJK's authority under this Condition 7 (*Loss Absorption upon a Loss Absorption Event*) in the relevant clearing system(s).

(v) The Trust Deed and the Agency Agreement may contain certain protections and disclaimers as applicable to the Trustee and the Agents in relation to this Condition 7. Each Securityholder shall be deemed to have authorised, directed and requested the Trustee, the Registrar and the other Agents, as the case may be, to take any and all necessary action to give effect to any Write Down following the occurrence of the Loss Absorption Event.

(b) Multiple Loss Absorption Events and Write Downs in part

(i) Where only part of the principal of any Additional Tier 1 Capital Instrument of the Issuer is to be Written Down, the Issuer shall use its best endeavours to conduct any Write Down such that:

(A) holders of the Capital Securities are treated rateably and equally;

(B) the total amount written down with respect to the Write Down of the Capital Securities and all other Additional Tier 1 Capital Instruments of the Issuer shall be equal to the difference between:

(I) the Write Down Amount (as applicable); and

(II) the aggregate principal amount of all Additional Tier 1 Capital Instruments of the Issuer that are capable of being converted or written-down under any applicable laws (and/or their terms of issue which are analogous to these Conditions); and

(C) the Write Down of any Capital Securities is conducted on a *pro rata* and proportionate basis with all other Additional Tier 1 Capital Instruments of the Issuer, to the extent that such Additional Tier 1 Capital Instruments are capable of being converted or written-down under any applicable laws (and/or their terms of issue which are analogous to these Conditions).

(ii) The Capital Securities may be subject to one or more Write Downs in part (as the case may be), except where the Prevailing Principal Amounts of the Capital Securities have been reduced to zero, in each case, subject to compliance with all applicable laws and regulations in force at the relevant time.

(c) Definitions

In this Condition 7 (*Loss Absorption upon a Loss Absorption Event*):

"**Initial Principal Amount**" means, in relation to each Capital Security, the amount of the denomination the relevant Capital Security was issued in on the Issue Date;

"**Loss Absorption Event**" means a Point of Non-Viability Event has occurred and the Issuer receives a written instruction from OJK to Write Down the Capital Securities;

"**Loss Absorption Measure**" means each of the loss absorption measures set out in Conditions 7(a)(i)(A) and 7(a)(i)(B) (*Write Down on a Loss Absorption Event*);

"**Loss Absorption Effective Date**" means the date on or by which the Loss Absorption Measure(s) set out in Condition 7(a)(i) (*Write Down on a Loss Absorption Event*) shall take effect and specified as such in the Write Down Notice, and which shall be a date that falls five or more Business Days after the issue of the Write Down Notice, subject to any instructions from OJK to the contrary. The Loss Absorption Effective Date may be changed by the Issuer to a later date by giving at least five Business Days' notice to the Securityholders in accordance with Condition 15 (*Notices*) and to the Trustee and the Principal Paying Agent in writing;

"**Point of Non-Viability Event**" means any of the following trigger events or any other events as determined by OJK in accordance with the Applicable Regulations:

(i) there being a plan from the competent authority to inject capital into the Issuer because the business continuity of the Issuer is deemed to be potentially disrupted; and/or

(ii) such other circumstances that OJK may, at its discretion, determine from time to time,

and the Issuer receives a written instruction from OJK to Write Down the Capital Securities;

"**Prevailing Principal Amount**" means, in relation to each Capital Security, the Initial Principal Amount of the relevant Capital Security as reduced (on one or more occasions) pursuant to any Write Down;

"**Write Down Amount**" means the amount of Distribution and/or principal to be Written Down as the Issuer determines is required and as is approved by OJK to be Written Down for the Loss Absorption Event to cease to continue. For the avoidance of doubt, the Write Down will be effected in full even in the event that the amount Written Down is not sufficient for the Loss Absorption Event to cease to continue; and

"**Write Down Notice**" means an irrevocable notice, which shall be signed by any Director of the Issuer who is also an Authorised Signatory, to the Securityholders in accordance with Condition 15 (*Notices*) and the Trustee and the Principal Paying Agent in writing, and which shall state the relevant Loss Absorption Measure being implemented (including, for the avoidance of doubt, the cancellation of Distribution

accrued and unpaid (if any)), the Write Down Amount and (subject to further notification) the Loss Absorption Effective Date (such statement of which shall, in the absence of manifest error, be binding on all parties and the Securityholders).

(d) Securityholder's authorisation

Each Securityholder shall be deemed to have authorised, directed and requested the Trustee, the Principal Paying Agent and the other Agents, as the case may be, to take any and all necessary action to give effect to any Loss Absorption Measure following the occurrence of the Loss Absorption Event.

8 Payments

(a) Method of Payment

(i) Payment of principal and Distribution will be made by transfer to the registered account of the Securityholder. Payments of principal and payments of Distribution due otherwise than on a Distribution Payment Date will only be made against surrender of the relevant Certificate at the specified office of any of the Agents. Distribution due on a Distribution Payment Date will be paid to the holder shown on the register of Securityholders at the close of business on the date (the "**Record Date**") being the 15th day before the relevant Distribution Payment Date.

(ii) For the purposes of this Condition 8(a) (*Method of Payment*), a Securityholder's "**registered account**" means the U.S. dollar denominated account maintained by or on behalf of it with a bank that processes payments in U.S. dollars, details of which appear on the register of Securityholders at the close of business, in the case of principal and Distribution due otherwise than on a Distribution Payment Date, on the second business day (as defined in Condition 8(e) (*Non-Business Days*) below) before the relevant Record Date.

*So long as the Global Certificate is held on behalf of Euroclear Bank SA/NV ("**Euroclear**"), Clearstream Banking S.A. ("**Clearstream**") or any other clearing system, each payment in respect of the Global Certificate will be made to the person shown as the Holder in the Register at the close of business of the relevant clearing system on the Clearing System Business Day before the due date for such payments, where "**Clearing System Business Day**" means a weekday (Monday to Friday, inclusive) except 25 December and 1 January.*

Distributions of amounts with respect to book-entry interests in the Capital Securities held through Euroclear or Clearstream will be credited, to the extent such amounts have been received by the Principal Paying Agent, to the cash accounts of Euroclear or Clearstream participants in accordance with the relevant system's rules and procedures.

(b) Payments subject to Laws

All payments will be subject in all cases to:

(i) any applicable fiscal or other laws, regulations and directives in the place of payment, but without prejudice to the provisions of Condition 9 (*Taxation*); and

(ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the

Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 9 (*Taxation*)) any law implementing an intergovernmental approach thereto,

and in such event, the Issuer will not be liable for any taxes or duties of whatever nature imposed or levied by such laws, regulations, directives or agreements.

No commission or expenses shall be charged to the Securityholders in respect of such payments.

(c) Payment Initiation

Payment instructions (for value the due date), or if that date is not a business day, for value the first following day which is a business day will be initiated on the due date for payment (or, if that date is not a business day, on the first following day which is a business day) or, in the case of payments of principal where the relevant Certificate has not been surrendered at the specified office of any Transfer Agent or of the Registrar, on a day on which the Principal Paying Agent is open for business and on which the relevant Certificate is surrendered.

(d) Delay in Payment

Securityholders will not be entitled to any interest or other payment for:

(i) any delay after the due date in receiving the amount due on a Capital Security if the due date is not a Business Day; or

(ii) if the Securityholder is late in surrendering or cannot surrender its Certificate (if required to do so).

(e) Non-Business Days

In this Condition 8 (*Payments*), "**business day**" means a day (other than a Saturday or a Sunday or a public holiday) on which banks and foreign exchange markets are open for general business in the place in which the specified office of the Principal Paying Agent is located and in Jakarta (Indonesia), London and New York City.

(f) U.S. Paying Agent

Payments in respect of Capital Securities may only be made at the specified offices of Paying Agents outside the United States of America, except that they may be made at the specified office of a Paying Agent in New York City if:

(i) the Issuer has appointed Paying Agents with specified offices outside the United States of America with the reasonable expectation that such Paying Agents would be able to make payment at such offices of the full amount payable on the Capital Securities in U.S. dollars when due;

(ii) payment of the full amount due in U.S. dollars at all specified offices of the Paying Agents outside the United States of America is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amount; and

(iii) the relevant payment is permitted by applicable United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

If a Certificate representing a Capital Security is presented for payment of principal at the specified office of any Paying Agent in the United States of America in circumstances where Distribution (if any is payable against presentation of the Certificate representing such Capital Security) is not to be paid there, the relevant Paying Agent will annotate the Certificate with the record of the principal paid and return it to the holder of such Certificate for the obtaining of payment elsewhere.

(g) Appointment of Agents

The Principal Paying Agent, the other Paying Agents, the Registrar and the Transfer Agents initially appointed by the Issuer and their respective specified offices are listed below. The Principal Paying Agent, the other Paying Agents, the Registrar and the Transfer Agents appointed under the Agency Agreement and any Calculation Agent appointed in respect of any Capital Securities act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any Securityholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Principal Paying Agent, any other Paying Agent, any Registrar, any Transfer Agent or any Calculation Agent in accordance with the Agency Agreement and to appoint additional or other Paying Agents or Transfer Agents in accordance with the Agency Agreement, provided that the Issuer shall at all times maintain:

(i) a Principal Paying Agent;

(ii) a Registrar;

(iii) a Transfer Agent;

(iv) a Calculation Agent; and

(v) such other agents as may be required by any other stock exchange on which the Capital Securities may be listed, in each case, as approved by the Trustee.

Notice of any such change or any change of any specified office shall promptly be given by the Issuer to the Securityholders.

9 Taxation

(a) Taxation

All payments of principal and Distribution (if any) by or on behalf of the Issuer in respect of the Capital Securities shall be made free and clear of, and without withholding or deduction for, or on account of, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within a Tax Jurisdiction unless such withholding or deduction is required by law. In that event, the Issuer shall pay such additional amounts as shall result in receipt by the Securityholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Capital Security:

(i) ***Within Indonesia***: presented for payment in the Republic of Indonesia;

(ii) ***Other connection***: to, or to a third party on behalf of, a Holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Capital Security by reason of such Holder having some connection with a Tax Jurisdiction other than the mere holding of the Capital Security; or

(iii) ***Presentation more than 30 days after the Relevant Date***: presented (or in respect of which the Certificate representing it is presented) for payment more than 30 days after the Relevant Date except to the extent that the Holder of it would have been entitled to such additional amounts on presenting it for payment on the thirtieth day.

Notwithstanding any other provision of these Conditions, in no event will the Issuer be required to pay any additional amounts in respect of the Capital Securities for, or on account of, any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, or any official interpretations thereof, or any law implementing an intergovernmental approach thereto.

As used in these Conditions, "**Relevant Date**" in respect of any Capital Security means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date which is the earlier of:

(i) the date on which payment in full of the amount outstanding and due is made; and

(ii) the seventh day after notice is duly given to the relevant Securityholders that, upon further presentation of the Capital Security (or relevant Certificate) being made in accordance with these Conditions, such payment will be made, provided that payment is in fact made upon such presentation being duly made.

(b) Definitions

References in these Conditions to:

"**principal**" shall be deemed to include any premium payable in respect of the Capital Securities and all other amounts in the nature of principal payable pursuant to Condition 6 (*Redemption, Purchase and Variation*) or any amendment or supplement to it;

"**Distribution**" shall be deemed to include all amounts of Distribution and all other amounts payable pursuant to Condition 5 (*Distribution Restrictions*) or any amendment or supplement to it;

"**principal**" and/or "**Distribution**" shall be deemed to include any additional amounts that may be payable under this Condition 9 (*Taxation*) or any undertaking given in addition to or in substitution for it under the Trust Deed; and

"**Tax Jurisdiction**" means Indonesia or any political subdivision or any authority thereof or therein having power to tax or any other jurisdiction or any political subdivision or any authority thereof or therein having power to tax to which the Issuer becomes subject in respect of payments made by it of principal and Distribution on the Capital Securities.

For the avoidance of doubt, neither the Trustee nor any Agent shall be responsible for paying any tax, duty, charges, withholding or other payment referred to in this Condition 9 (*Taxation*) or otherwise in connection with the Capital Securities or for determining whether any such amounts are payable or the amount thereof, and none of the Trustee or the Agents shall be responsible or liable for:

(i) determining whether a Securityholder or the Issuer is liable to pay any taxes or the amounts payable (if any) in connection with this Condition 9 (*Taxation*); or

(ii) determining the sufficiency or insufficiency or any amounts so paid.

None of the Trustee or the Agents shall be responsible or liable for any failure of the Issuer, any Securityholder or any other third party to pay such tax, duty, charges, withholding or other payment in any jurisdiction or to provide any notice or information to the Trustee or any Agent in relation to the Capital Securities in connection with payment of any such tax, duty, charges, assessments, withholding or other payment imposed by or in any jurisdiction, including without limitation any notice or information that would permit, enable or facilitate the payment of any principal, premium (if any), Distribution or other amount under or in respect of the Capital Securities without deduction or withholding for or on account of any tax, duty, charge, withholding or other payment imposed by or in any jurisdiction.

10 Prescription

Claims against the Issuer for payment in respect of the Capital Securities shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of Distribution) from the appropriate Relevant Date in respect of them.

11 Enforcement Events

(a) Enforcement Event

In the case of Capital Securities, if any of the following events (each, an "**Enforcement Event**") occurs and is continuing:

(i) ***Non-payment***: default is made in the payment of any amount of principal or of any amount of Distribution (if any) in respect of the Capital Securities on the due date for payment thereof and such default continues for a period of seven days in the case of principal or 14 days in the case of Distribution. For the avoidance of doubt, no Distribution will be due and payable if such Distribution has been cancelled or is deemed cancelled (in each case, in whole or in part) in accordance with these Conditions. Accordingly, no default in payment under the Capital Securities will have occurred or be deemed to have occurred for the non-payment of any Distribution that has been so cancelled or deemed cancelled in accordance with these Conditions; or

(ii) ***Winding Up***: the Issuer takes any corporate action or other steps are taken or legal proceedings are started for its winding up, dissolution or re-organisation (except in any such case for the purposes of a Permitted Reorganisation) or for the appointment of a receiver, administrator, administrative receiver, trustee or similar officer of it or of any or all of its revenue and assets,

then the Trustee may:

(A) (in the case of Condition 11(a)(i) (*Enforcement Event*) above) declare the Capital Securities due and payable and demand payment (if necessary as a preliminary step for the purpose of requesting OJK to institute proceedings for bankruptcy and/or winding-up of the Issuer) and request OJK to institute proceedings for bankruptcy and/or winding-up of the Issuer; and

(B) (in the case of Conditions 11(a)(i) or 11(a)(ii) (*Enforcement Event*) above) prove in a winding-up of the Issuer for the outstanding principal amount of the Capital Securities together with Distribution accrued and unpaid (if any), such claim being subordinated as set out in Condition 3(b) (*Subordination*).

If a Write Down has occurred pursuant to, or otherwise in accordance with Condition 7 (*Loss Absorption upon a Loss Absorption Event*), such event will not constitute an Enforcement Event under these Conditions. Securityholders will have no right to claim for payment of any principal amount Written Down, or any Distribution amounts cancelled as a result of a Write Down, and accordingly no right to participate in Winding-Up Proceedings in respect of such amounts.

(b) Entitlement

Without prejudice to Condition 11(a) (*Enforcement Event*), if the Issuer shall default in the performance of any obligation contained in the Trust Deed and/or the Capital Securities other than a default specified in Condition 11(a)(i) (*Enforcement Event*), the Trustee shall be entitled to every right and remedy given hereunder or thereunder or now or hereafter existing at law or in equity or otherwise, provided, however, that the Trustee shall have no right to enforce payment under or accelerate payment of any Capital Security except as provided in this Condition 11 (*Enforcement Events*) and clause 7 of the Trust Deed. If any court awards money damages or other restitution for any default with respect to the performance by the Issuer of its obligations contained in the Trust Deed or the Capital Securities, the payment of such money damages or other restitution shall be subject to the subordination provisions set out herein and in clause 5 and clause 7 of the Trust Deed.

(c) Trustee not bound to take action

The Trustee shall not be bound to take action as referred to in Conditions 11(a) (*Enforcement Event*), 11(b) (*Entitlement*) or any other action under these Conditions or the Trust Deed unless:

(i) it shall have been so requested in writing by Securityholders holding at least one-quarter in principal amount of the Capital Securities then outstanding or if so directed by an Extraordinary Resolution of the Securityholders; and

(ii) it shall have been indemnified and/or secured and/or pre-funded to its satisfaction at its sole discretion.

(d) No direct proceedings by Securityholders

No Securityholder shall be entitled to proceed directly against the Issuer or to institute Winding-Up Proceedings or to prove in any winding-up of the Issuer unless the Trustee, having become so bound to proceed (in accordance with the terms of the Trust Deed and these Conditions) or being able to prove in such Winding-Up Proceedings, fails to do so within a reasonable period and such failure shall be continuing, in which case the Securityholder shall have only such rights against the Issuer as those which the Trustee is entitled to exercise. No remedy against the Issuer, other than as referred to in Conditions 11(a) (*Enforcement Event*) and 11(b) (*Entitlement*), shall be available to the Trustee or any Securityholder whether for the recovery of amounts owing in relation to or arising from the Capital Securities and/or the Trust Deed or in respect of any breach by the Issuer of any of its other obligations relating to or arising from the Capital Securities and/or the Trust Deed.

Upon the occurrence of an Enforcement Event, the Issuer cannot be brought into any legal proceedings, either in court or other institution, for the purpose of accelerated payment of principal, Distribution or any other amount payable by the Issuer in respect of the Capital Securities. The available remedies to the Securityholders upon an Enforcement Event are:

(i) to request OJK to make petition of bankruptcy and/or winding-up of the Issuer; and

(ii) to declare that the Capital Securities are due and payable as well as demand the payment as a preliminary step for the purpose of requesting for petition of bankruptcy and/or winding-up of the Issuer.

Under applicable Indonesian bankruptcy laws, only OJK may bring any bankruptcy proceedings in Indonesia against entities such as the Issuer. Accordingly, the Trustee and the Securityholder will not directly be able to bring such proceedings against the Issuer in order to enforce the Issuer's payment obligations under the Capital Securities. The Trustee and the Securityholders also may not be able to bring bankruptcy proceedings against the Issuer in other jurisdictions where the Issuer has assets (i.e. jurisdictions in which the Issuer's branches may be located), depending on the bankruptcy laws and regulations in the relevant jurisdiction. Even if such proceedings are successful, the Issuer may have limited assets in those jurisdictions outside Indonesia. Any judgment of a non-Indonesian court will not be enforceable by the courts in Indonesia. However, a non-Indonesian judgment may be given evidentiary weight as an Indonesian court considers appropriate.

12 Meeting of Securityholders and Modifications

(a) Meetings of Securityholders

The Trust Deed contains provisions for convening meetings of the Securityholders (which meetings may be held at a physical place, by way of teleconference or video conference (or similar platform) or a combination of the foregoing) to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of any of these Conditions or any provisions of the Trust Deed (provided that in the case of Capital Securities, any proposed modification to Conditions 3(a) (*Status of the Capital Securities*), 3(b) (*Subordination*), 3(c) (*Set-off and payment void*), 5 (*Distribution Restrictions*), 6(g) (*Conditions of redemption or variation for Capital Securities*), 7 (*Loss Absorption upon a Loss Absorption Event*) and 11(b) (*Entitlement*), and/or the Distribution Rate will be subject to obtaining the prior consent of OJK). Such a meeting may be convened by the Issuer or the Trustee and shall be convened by the Trustee if required in writing by Securityholders holding not less than 10 per cent. in aggregate principal amount of the Capital Securities for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be one or more persons holding or representing not less than 50 per cent. in aggregate principal amount of the Capital Securities for the time being outstanding, or at any adjourned meeting one or more persons being or representing Securityholders whatever the aggregate principal amount of the Capital Securities held or represented, unless the business of such meeting includes consideration of proposals, *inter alia*:

(i) to amend the dates of redemption of the Capital Securities or any date for payment of Distribution on the Capital Securities;

(ii) to reduce or cancel the aggregate principal amount of, or any premium (if any) payable on redemption of, the Capital Securities;

(iii) to reduce the rate or rates of Distribution in respect of the Capital Securities or to vary the method or basis of calculating the rate or rates or amount of Distribution or the basis for calculating any Distribution amount in respect of the Capital Securities;

(iv) to vary the currency of payment or denomination of the Capital Securities; or

(v) to modify the provisions concerning the quorum required at any meeting of Securityholders or the majority required to pass an Extraordinary Resolution,

in which case the necessary quorum shall be one or more persons holding or representing not less than two-thirds in aggregate principal amount of the Capital Securities for the time being outstanding or at any adjourned meeting not less than one-third in aggregate principal amount of the Capital Securities for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on Securityholders (whether or not they were present at the meeting at which such resolution was passed).

The Trust Deed provides that:

(A) a resolution passed at a meeting duly convened and held in accordance with the Trust Deed by a majority consisting of not less than two-thirds of the votes cast on such resolution;

(B) a resolution in writing signed by or on behalf of the Securityholders of not less than two-thirds in aggregate principal amount of the Capital Securities for the time being outstanding; or

(C) consent given by Electronic Consent (as defined in the Trust Deed),

shall, in each case for all purposes be as valid and effective as an Extraordinary Resolution.

Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Securityholders. An Extraordinary Resolution passed by the Securityholders will be binding on all Securityholders whether or not they are present and/or voted at any meeting or participated in such written resolution or, as the case may be, such Electronic Consent.

(b) Modification of the Trust Deed and waiver

The Trustee may (but is not obliged to) agree, without the consent of the Securityholders to:

(i) any modification of any of the provisions of the Trust Deed, the Agency Agreement or these Conditions which, in its opinion, is of a formal, minor or technical nature or is made to correct a manifest error or to comply with any mandatory provisions of applicable law or as required by Euroclear and/or Clearstream; and

(ii) any other modification (except as mentioned in the Trust Deed), and any waiver or authorisation of any breach or proposed breach, of any of the provisions of the Trust Deed, the Agency Agreement or these Conditions that is in the opinion of the Trustee not materially prejudicial to the interests of the Securityholders.

Any such modification, authorisation or waiver shall be binding on the Securityholders and, unless the Trustee otherwise agrees, such waiver or authorisation shall be notified by the Issuer to the Securityholders as soon as practicable.

In the case of Capital Securities, any proposed modification to Conditions 3(a) (*Status of the Capital Securities*), 3(b) (*Subordination*), 3(c) (*Set-off and payment void*), 5 (*Distribution Restrictions*), 6(g) (*Conditions of redemption or variation for Capital Securities*), 7 (*Loss Absorption upon a Loss Absorption Event*) and 11(b) (*Entitlement*) and/or the Distribution Rate will be subject to obtaining the prior consent of OJK. The Issuer will use its best endeavours to obtain such consent and the Trustee and the Agents shall have no obligation or duty to monitor, assist or ensure that the Issuer obtains such consent. The Trustee may rely conclusively on a copy of such consent provided to it by the Issuer and so certified in English by any Director of the Issuer who is also an Authorised Signatory as being a true and complete copy of the original and the Trustee shall not be liable to Securityholders or any other person for not doing so.

Any such modification, authorisation or waiver shall be binding on the Securityholders and shall be notified to the Securityholders by the Issuer in accordance with Condition 15 (*Notices*) as soon as practicable.

(c) Entitlement of the Trustee

In connection with the exercise of its functions and/or duties and/or exercise of its rights, powers and/or discretions under the Trust Deed, the Agency Agreement and/or these Conditions (including but not limited to those referred to in this Condition 12 (*Meeting of Securityholders and Modifications*)) the Trustee shall have regard to the interests of the Securityholders as a class and shall not have regard to the consequences of such exercise for individual Securityholders and the Trustee shall not be entitled to require, nor shall any Securityholder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual Securityholders.

13 Replacement of Certificates

If a Certificate is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange or other relevant authority regulations, at the specified office of the Registrar or such Paying Agent or Transfer Agent, as the case may be, as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Securityholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, undertaking, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Certificate is subsequently presented for payment there shall be paid to the Issuer on demand the amount payable by the Issuer, the Principal Paying Agent and/or the Registrar in respect of such Certificates) and otherwise as the Issuer or the relevant Agent may require. Mutilated or defaced Certificates must be surrendered before replacements will be issued.

14 Further Issues

The Issuer may from time to time without the consent of the Securityholders create and issue further securities ranking *pari passu* and having the same terms and conditions as the Capital Securities in all respects (or in all respects except for the issue date and the first payment of Distribution on them) and so that such further issue shall be consolidated and form a single series with the outstanding Capital Securities. References in these Conditions to the Capital Securities include (unless the context requires otherwise) any other securities issued pursuant to this Condition 14 (*Further Issues*) and consolidated and forming a single series with the outstanding Capital Securities. Any such further Capital Securities shall be constituted by a deed supplemental to the Trust Deed.

15 Notices

Notices required to be given to the holders of the Capital Securities pursuant to the Conditions shall be mailed to them at their respective addresses in the Register and deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday or a public holiday) after the date of mailing.

So long as the Capital Securities are listed and/or admitted to trading, notices required to be given to the holders of the Capital Securities pursuant to these Conditions shall also be published (if such publication is required) in a manner which complies with the rules and regulations of any stock exchange or other relevant authority on which the Capital Securities are listed and/or admitted to trading.

If any such publication is not practicable, notice required to be given pursuant to these Conditions shall be validly given if published in another leading daily English language newspaper with general circulation in Asia. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above.

So long as the Capital Securities are represented by the Global Certificate and such Global Certificate is held in its entirety on behalf of Euroclear and/or Clearstream, there may be substituted for such publication in such newspapers the delivery of the relevant notice to Euroclear and/or Clearstream, for communication by it to the Securityholders except that if the Capital Securities are listed on any stock exchange and the rules of such stock exchange so require, notice will in any event be published in accordance with the preceding paragraphs. Any such notice shall be deemed to have been given to the Securityholders on the day on which the said notice was given to Euroclear and/or Clearstream. For the avoidance of doubt, no Agent shall be obliged to publish any notice other than via Euroclear and/or Clearstream.

Notices to be given by any Securityholders pursuant hereto (including to the Issuer) shall be in writing and given by lodging the same with the Registrar or such other Agent as may be specified in these Conditions.

Whilst the Capital Securities are represented by the Global Certificate, such notice may be given by any Securityholders to the Registrar or such other Agent through Euroclear and/or Clearstream in such manner as the Registrar or, as the case may be, such other Agent and Euroclear and/or Clearstream may approve for this purpose.

Notwithstanding the other provisions of this Condition 15 (*Notices*), in any case where the identities and addresses of all the Securityholders are known to the Issuer, notices to such holders may be given individually by recorded delivery mail to such addresses and will be deemed to have been given when received at such addresses.

16 Indemnification of the Trustee

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility, including, without limitation, provisions relieving it from taking steps and/or actions and/or instituting proceedings to enforce its rights under the Trust Deed, the Agency Agreement, and/or these Conditions and/or in respect of the Capital Securities or from taking any other actions unless first indemnified and/or secured and/or pre-funded to its satisfaction and entitling the Trustee to be paid or reimbursed for its fees, costs, expenses and indemnity payments and for any liabilities incurred by it in priority to the claims of the Securityholders. For the avoidance of doubt, in the event of a Write Down of any Capital Securities, the indemnification of the Trustee shall survive any such Write Down. The Trust

Deed provides that, when determining whether an indemnity and/or any security and/or pre-funding is satisfactory to it, the Trustee shall be entitled:

(a) to evaluate its risk in any given circumstance by considering the worst case scenario; and

(b) to require that any indemnity and/or security and/or pre-funding given to it by the Securityholders or any of them be given on a joint and several basis and be supported by evidence satisfactory to it as to the financial standing and creditworthiness of each counterparty and/or as to the value of the security and an opinion as to the capacity, power and authority of each counterparty and/or the validity and effectiveness of the security.

None of the Trustee or any of the Agents shall be responsible for the performance by the Issuer or any other person appointed by the Issuer in relation to the Capital Securities of the duties and obligations on their part expressed in respect of the same and, unless it has express written notice from the Issuer to the contrary, the Trustee and each Agent shall be entitled to assume that the same are being duly performed. None of the Trustee or any Agent shall be liable to any Securityholder, the Issuer, or any other person for any action taken by the Trustee or such Agent in accordance with the instructions, directions, requests or resolutions of the Securityholders given by Securityholders holding the requisite principal amount of Capital Securities outstanding or passed at a meeting of the Securityholders convened and held in accordance with the Trust Deed or passed as otherwise provided in the Trust Deed.

The Trustee shall be entitled to conclusively rely on any direction, request or resolution of Securityholders given by holders of the requisite principal amount of Capital Securities outstanding or passed at a meeting of Securityholders convened and held in accordance with the Trust Deed.

Whenever the Trustee is required or entitled by these Conditions, the Trust Deed and/or the Agency Agreement and/or any other transaction document to exercise any right, discretion or power, take any action, make any decision or give any direction or certification, the Trustee is entitled, prior to exercising any such right, discretion or power, taking any such action, making any such decision, or giving any such direction or certification, to seek directions from the Securityholders by way of an Extraordinary Resolution and shall have been indemnified and/or provided with security and/or pre-funded to its satisfaction against all action, proceedings, claims and demands to which it may be or become liable and all costs, charges, damages expenses (including but not limited to legal expenses) and liabilities which may be incurred by it in connection therewith, and the Trustee shall not be responsible or liable for any loss or liability incurred by the Issuer or any other person as a result of any delay in it exercising such discretion or power, taking such action, making such decision, or giving such right, direction or certification where the Trustee is seeking such directions or in the event that no such directions or certification are received.

The Trustee shall not be under any obligation to monitor, or take any steps to ascertain, compliance with the provisions of the Trust Deed, the Agency Agreement or these Conditions or whether an Enforcement Event has occurred, and shall not be liable to the Securityholders or any other person for not doing so.

The Trustee may accept and shall be entitled to rely without further investigation or inquiry and without liability to the Issuer, the Securityholders or any other person on any report, confirmation, opinion or certificate from or any advice or opinion of any lawyers, accountants, financial advisers, financial institution or any other expert, whether or not addressed to it and whether their liability in relation thereto is limited (by its terms or by any engagement letter

relating thereto or in any other manner) by reference to a monetary cap, methodology or otherwise and any such report, confirmation, opinion, certificate, advice or opinion shall be binding on the Issuer, the Securityholders.

Each Securityholder shall be solely responsible for making and continuing to make its own independent appraisal and investigation into the financial condition, creditworthiness, condition, affairs, status and nature of the Issuer, and the Trustee shall not at any time have any responsibility for the same and each of the Securityholders shall not rely on the Trustee in respect thereof.

The Trust Deed also contains provisions pursuant to which the Trustee is entitled, *inter alia*:

(i) to enter into business transactions with the Issuer or any person or body corporate associated (directly or indirectly) with the Issuer and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer;

(ii) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Securityholders; and

(iii) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

17 Currency Indemnity

Any amount received or recovered in a currency other than the currency in which payment under the relevant Capital Security, is due (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction, in the insolvency, winding-up or dissolution of the Issuer or otherwise) by any Securityholder in respect of any sum expressed to be due to it from the Issuer shall only constitute a discharge to the Issuer to the extent of the amount in the currency of payment under the relevant Capital Security that the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If the amount received or recovered is less than the amount expressed to be due to the recipient under any Capital Security, the Issuer shall indemnify it on demand against any loss sustained by it as a result. In any event, the Issuer shall indemnify the recipient on demand against the cost of making any such purchase. For the purposes of this Condition 17 (*Currency Indemnity*), it shall be sufficient for the recipient to demonstrate that it would have suffered a loss had an actual purchase been made. These indemnities constitute a separate and independent obligation from the Issuer's other obligations, and shall give rise to a separate and independent cause of action, and shall apply irrespective of any indulgence granted by any Securityholder and shall continue to be in full force and effect despite any other judgment, order, claim or proof for a liquidated amount in respect of any sum due under any Capital Security or any other judgment or order.

18 Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Capital Securities under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

19 Governing Law and Dispute Resolution

(a) Governing Law

The Trust Deed, the Agency Agreement, the Capital Securities (including the arbitration provision in Condition 19(b) (*Arbitration*)), and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law except that the provisions relating to subordination, set-off and payment void set out in Condition 3 (*Status and Subordination of the Capital Securities*) shall be governed by, and construed in accordance with, the laws of Indonesia.

(b) Arbitration

(i) Any dispute, difference, controversy or claim arising out of or in connection with the Trust Deed (including these Conditions), the Agency Agreement, the Capital Securities (including any dispute relating to any non-contractual obligations arising from or in connection with the Trust Deed, the Agency Agreement, the Capital Securities and any question regarding the existence, validity, interpretation, performance, breach or the consequences of nullity or termination of the Trust Deed, the Agency Agreement, the Capital Securities) (a "**Dispute**") shall be referred to and finally resolved by arbitration administered by the Singapore International Arbitration Centre ("**SIAC**"), in accordance with the Arbitration Rules of the SIAC as amended from time to time (for the purpose of this Condition 19(b) (*Arbitration*), the "**Rules**").

(ii) The Rules are deemed to be incorporated by reference into this Condition 19(b) (*Arbitration*) and capitalised terms used in this Condition 19(b) (*Arbitration*) which are not otherwise defined in these Conditions have the meaning given to them in the Rules.

(iii) The number of arbitrators shall be three. The arbitrators shall be appointed in accordance with the Rules.

(iv) The seat or legal place of arbitration shall be Singapore.

(v) The language used in the arbitral proceedings shall be English. All documents submitted in connection with the proceedings shall be in the English language, or, if in another language, accompanied by an English translation.

(vi) The parties hereby waive any rights of appeal to any court or tribunal of competent jurisdiction (including without limitation the courts of Indonesia, Singapore and England) to the fullest extent permitted by law in connection with any question of law arising in the course of the arbitration or with respect to any award made, except for actions relating to enforcement of the arbitration agreement or an arbitral award and except for actions seeking interim or other provisional relief in aid of arbitration proceedings in any court of competent jurisdiction.

(vii) Any monetary award shall be made and promptly payable in United States dollars free of any tax, deduction or offset, and the arbitral tribunal shall be authorised in its discretion to grant pre-award and post-award interest at commercial rates. Any costs, fees, or taxes incident to enforcing the award shall, to the maximum extent permitted by law, be charged against the party resisting such enforcement. The arbitral tribunal shall have the authority to award any remedy or relief proposed by the claimant(s) or respondent(s)

pursuant to the Trust Deed, the Agency Agreement or the Capital Securities, including without limitation, a declaratory judgement, specific performance of any obligation created under the Trust Deed, the Agency Agreement or the Capital Securities or the issuance of an injunction.

(viii) The award shall be final and binding upon the parties as from the date rendered. For the purpose of the enforcement of an award, the parties irrevocably and unconditionally submit to the jurisdiction of a competent court in any jurisdiction in which a party may have assets and waive any defences to such enforcement based on lack of personal jurisdiction or inconvenient forum.

(ix) All notices by one party to the other in connection with the arbitration, including service of any notice of arbitration, shall be in accordance with the provisions of Condition 15 (*Notices*) hereof.

(x) This arbitration agreement set forth in this Condition 19(b) (*Arbitration*) shall be binding upon the parties, their successors and assigns.

(c) Waiver of immunity

To the extent the Issuer or any of its properties, assets or revenues may have or may hereafter become entitled to, or have attributed to it, any right of immunity, on the grounds of sovereignty or otherwise, from any legal action, suit or proceeding in relation to ancillary proceedings which relate to arbitration proceedings contemplated in Condition 19(b) (*Arbitration*) ("**Ancillary Proceedings**"), from the giving of any relief in any such legal action, suit or proceeding, from set-off or counterclaim in Ancillary Proceedings, from the competent jurisdiction of any court in Ancillary Proceedings, from service of process for Ancillary Proceedings, from attachment upon or prior to judgment in Ancillary Proceedings, from attachment in aid of execution of judgment in Ancillary Proceedings, or from execution of judgment in Ancillary Proceedings, or other legal process or proceeding for the giving of any relief or for the enforcement of any judgment in Ancillary Proceedings or any arbitral award made or given in connection with any Dispute, in any competent jurisdiction in which proceedings may at any time be commenced, with respect to its obligations, liabilities or any other matter under or arising out of or in connection with the Capital Securities, the Trust Deed, the Agency Agreement or any of the transactions contemplated hereby or thereby, the Issuer hereby irrevocably and unconditionally waives, and agrees not to plead or claim, any such immunity and consents to such relief and enforcement.

(d) Language

The Capital Securities, the Trust Deed and the Agency Agreement will be executed in both English and Bahasa Indonesia to comply with the Law No. 24 of 2009 regarding National Flag, Language, Coat of Arms and National Anthem, Presidential Regulation No. 63 of 2019 on the Use of Indonesian Language and Circular Letter of the Minister of State Owned Enterprises of the Republic of Indonesia No. SE 12/MBU/2009 on Mandatory Use of Bahasa Indonesia on Agreements of State Owned Enterprises and the implementing regulations, and in the event of any inconsistency between the English and Bahasa Indonesia versions of these documents, the English version shall prevail and the relevant Bahasa Indonesia version will be deemed to be amended to conform with and to make the relevant Bahasa Indonesia version consistent with the relevant English version.

SUMMARY OF PROVISIONS RELATING TO THE CAPITAL SECURITIES WHILE IN GLOBAL FORM

The Global Certificate contains the following provisions which apply to the Capital Securities in respect of which they are issued whilst they are represented by the Global Certificate, some of which modify the effect of the Conditions. The Conditions have the same meaning as in the paragraphs below. The following is a summary of certain of those provisions.

The Capital Securities will be represented by a Global Certificate (the "**Global Certificate**") which will be registered in the name of a nominee of, and deposited with, a common depositary on behalf of Euroclear and Clearstream.

The Bank will promise to pay to the holder of the Capital Securities represented by the Global Certificate (subject to Condition 3(b) (*Subordination*) and Condition 7 (*Loss Absorption upon a Loss Absorption Event*)) (subject to surrender of the Global Certificate if no further payment falls to be made in respect of such Capital Securities) on such earlier date as the amount payable upon redemption under the Conditions may become due and repayable in accordance with the Conditions, the amount payable upon redemption under the Conditions in respect of the Capital Securities represented by the Global Certificate and to pay Distributions in respect of such Capital Securities from 10 March 2027 in arrear at the rates, on the dates for payment, in accordance with the method of calculation provided for in the Conditions save that the calculation is made in respect of the total aggregate amount of the Capital Securities represented by the Global Certificate together with such other sums and additional amounts (if any) as may be payable under the Conditions, in accordance with the Conditions. So long as the Global Certificate is held on behalf of Euroclear, Clearstream or any other clearing system, each payment will be made to the person shown as the holder in the Register at the close of business of the relevant clearing system on the Clearing System Business Day immediately before the due date for such payments, where "Clearing System Business Day" means a weekday (Monday to Friday, inclusive) except 25 December and 1 January.

Owners of interests in the Capital Securities in respect of which the Global Certificate is issued will be entitled to have title to the Capital Securities registered in their names and to receive individual definitive Certificates if either Euroclear or Clearstream or any other clearing system selected by the Bank and approved in writing by the Trustee, the Principal Paying Agent and the Registrar through which the Capital Securities are held (any such other clearing system being an "**Alternative Clearing System**") is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so. The individual definitive Certificates will be issued in an aggregate principal amount equal to the principal amount of the Global Certificate. Such exchange will be effected in accordance with the provisions of the Agency Agreement and the regulations concerning the transfer and registration of the Capital Securities scheduled thereto and, in particular, shall be effected without charge to any Securityholder or the Trustee, but against such indemnity and/or security as the Registrar or the relevant Transfer Agent may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such exchange. In such circumstances, the Bank will cause sufficient individual definitive Certificates to be executed and delivered to the Registrar for completion, authentication and despatch to the relevant Securityholders. A person with an interest in the Capital Securities in respect of which the Global Certificate is issued must provide the Registrar not less than 30 days' notice at its specified office of such holder's intention to effect such exchange and a written order containing instructions and such other information as the Bank and the Registrar may require to complete, execute and deliver such individual definitive Certificates.

In addition, the Global Certificate will contain provisions which modify the Conditions as they apply to the Capital Securities evidenced by the Global Certificate. The following is a summary of certain of those provisions:

Transfers

Transfers of interests in the Capital Securities will be effected through the records of Euroclear and Clearstream (or any Alternative Clearing System) and their respective participants in accordance with the rules and procedures of Euroclear and Clearstream (or any Alternative Clearing System) and their respective direct and indirect participants.

Meetings

For the purposes of any meeting of Securityholders, the holder of the Capital Securities represented by the Global Certificate shall (unless the Global Certificate represents only one Capital Security) be treated as two persons for the purposes of any quorum requirements of a meeting of Securityholders and as being entitled to one vote in respect of each US$1,000 in principal amount of the Capital Securities for which the Global Certificate is issued.

Bank's Redemption

The redemption options of the Bank provided for in the Conditions shall be exercised by the Bank giving notice to the Securityholders within the time limits set out in and containing the information required by the Conditions.

Cancellation

Cancellation of any Capital Security represented by the Global Certificate that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by a reduction in the aggregate principal amount of the Global Certificate representing such Capital Security in the register of the Securityholders, whereupon the principal amount hereof shall be reduced for all purposes by the amount so cancelled and endorsed.

Notices

For so long as all of the Capital Securities are represented by the Global Certificate and the Global Certificate is held on behalf of Euroclear and/or Clearstream or any Alternative Clearing System, notices to Securityholders may be given by delivery of the relevant notice to Euroclear or Clearstream or such Alternative Clearing System, for communication to accountholders entitled to an interest in the Capital Securities in substitution for notification as required by the Conditions.

Trustee's Powers

In considering the interests of Securityholders while the Global Certificate is registered in the name of a nominee for a clearing system, the Trustee may, to the extent it considers it appropriate to do so in the circumstances, but without being obligated to do so, (a) have regard to any information as may have been made available to it by or on behalf of the relevant clearing system or its operator as to the identity of its accountholders (either individually or by way of category) with entitlements in respect of the Capital Securities and (b) consider such interests on the basis that such accountholders were the Securityholders in respect of which the Global Certificate is issued.

Suspension of transfers on Loss Absorption Event

Subject to the procedures of Euroclear or Clearstream, transfers of the Capital Securities shall be suspended during the period commencing from the date of the Write Down Notice (as defined in Condition 7(c) (*Definitions*)) and ending on (and including) the Loss Absorption Effective Date (as defined in Condition 7(c) (*Definitions*)) (the "**Suspension Period**"). As a result, Securityholders will not be able to settle the transfer of any such Capital Securities from the commencement of the Suspension Period, and any sale or other transfer of such Capital Securities that a holder may have initiated prior to the commencement of the Suspension Period that is scheduled to settle during the Suspension Period will be rejected by Euroclear or Clearstream and will not be settled within Euroclear or Clearstream.

The Global Certificate shall not become valid for any purpose until authenticated by or on behalf of the Registrar.

USE OF PROCEEDS

The net proceeds from the issue of the Capital Securities, after deducting fees, commissions and other related expenses, are expected to be approximately US$749.4 million. The Bank intends to use such net proceeds for replenishing its Additional Tier 1 Capital, its general funding purposes to strengthen its capital base, loan disbursements and to optimise the composition of its own long-term fund structure.

EXCHANGE RATES INFORMATION

The following table shows the exchange rate of Rupiah for U.S. dollars based on the daily middle exchange rates published by Bank Indonesia during the periods indicated. The Rupiah middle exchange rate is calculated based on Bank Indonesia buying and selling rates. No representations are made that the Rupiah or U.S. dollar amounts referred to herein could have been or could be converted into U.S. dollars or Rupiah, as the case may be, at the rate indicated or any other rate or at all. In addition, these rates differ from the rates used for conversion into Rupiah of monetary assets and liabilities denominated in foreign currencies in the financial statements or for convenience translations in this Offering Circular.

	Exchange rates[1][2]			
	Low	High	Average	Period end
	(Rp. per US$)			
2021	13,875.01	14,648.00	14,311.96	14,269.01
2022	14,270.00	15,742.00	14,870.61	15,731.00
2023	14,632.00	15,946.00	15,255.05	15,416.00

Notes:

(1) For full years, the high and low amounts are determined, and the average shown is calculated, based upon the middle exchange rate announced by Bank Indonesia on the last day of each month during the year indicated.

(2) For each month, the high and low amounts are determined, and the average shown is calculated, based on the daily middle exchange rate announced by Bank Indonesia during the month indicated.

Exchange Controls

Law No. 24 of 1999 on the Flow of the Foreign Exchange System and Exchange Rate System provides that a person may hold and use foreign currency freely in Indonesia. The transfer of foreign exchange to and from abroad and the status of the offshore asset or liability of an Indonesian company that falls under certain criteria, however, are subject to disclosure and reporting obligations to Bank Indonesia.

Currently, Indonesia has limited foreign exchange controls. The Rupiah has been, and in general is, freely convertible. However, in order to maintain the stability of the Rupiah and prevent utilisation of the Rupiah for speculative purposes by non-residents, Bank Indonesia has introduced regulations to: (i) restrict the movement of Rupiah from banks within Indonesia to offshore banks or to an offshore branch or office of an Indonesian bank; or (ii) restrict any investment denominated in Rupiah with foreign parties and/or Indonesian parties domiciled or

permanently residing outside Indonesia (without underlying trade or investment reasons), both of which limit offshore trading to existing sources or liquidity. In addition, Bank Indonesia has the authority to request information and data concerning foreign currency activities of all people and legal entities that are domiciled or who plan to reside in Indonesia for at least one year. Bank Indonesia's regulations also require resident banks and companies with total assets or total annual gross revenues of Rp.100 billion or more to report all data concerning their foreign currency activities to Bank Indonesia (for example, insurance companies, finance companies or venture capital companies). However, if the transaction is conducted through a domestic bank and/or domestic non-bank financial institution, the requirement to report to Bank Indonesia applies instead to the relevant domestic bank or non-bank financial institution that carried out the transaction. The transactions that must be reported include receipt and payment of funds through bank accounts outside Indonesia.

Indonesian Law on Currency and Obligation to Use Rupiah in Indonesian Territory

On 28 June 2011, the Government passed Law No. 7 of 2011 on Currency, as recently amended by Law No. 4 of 2023 on the Development and Strengthening of the Financial Sector (the "**Currency Law**"), on 31 March 2015, Bank Indonesia issued Bank Indonesia Regulation No. 17/3/PBI/2015 ("**PBI 17/3/2015**") and on 1 June 2015 Bank Indonesia issued Circular Letter No. 17/11/DKSP ("**SEBI 17/11**"). Under the Currency Law and PBI 17/3/2015, all parties are required to use Rupiah for cash and non-cash transactions conducted within Indonesia, including (i) each transaction which has the purpose of payment; (ii) settlement of other obligations which must be satisfied with money; and/or (iii) other financial transactions (including deposits of Rupiah in various amounts and types of Rupiah denomination from customers to banks).

Subject to further requirements under PBI 17/3/2015, the obligation to use Rupiah does not apply to (i) certain transactions relating to the implementation of state revenue and expenditure; (ii) the receipt or provision of grants either from or to overseas; (iii) international trade transactions, which includes (a) export and/or import of goods to or from outside Indonesian territory and (b) activities relating to cross border trade in services; (iv) bank deposits denominated in foreign currencies; (v) international financing transactions; or (vi) transactions in foreign currency which are conducted in accordance with applicable laws and regulations, including, among others; (a) a bank's business activities in foreign currency which is conducted based on applicable laws regarding conventional and sharia banks, (b) securities in foreign currency issued by the Government in primary or secondary markets based on applicable laws, and (c) other transactions in foreign currency conducted based on applicable laws, including the law regarding Bank Indonesia, the law regarding investment and the law regarding Lembaga Pembiayaan Ekspor Indonesia (Indonesia Eximbank).

The Currency Law and PBI 17/3/2015 prohibit the rejection of Rupiah when offered as a means of payment, to settle obligations and/or with respect to other financial transactions within Indonesia, unless there is uncertainty regarding the authenticity of the Rupiah bills offered, or the parties to the transaction have agreed in writing to the payment or settlement of obligations in a foreign currency. Article 10 of PBI 17/3/2015 further explains that the exemption based on such a written agreement between the parties is only applicable to an agreement made with respect to one of the above exempted transactions or transactions related to a strategic infrastructure project.

PBI 17/3/2015 took effect from 31 March 2015, and the requirement to use Rupiah for non-cash transactions was effective from 1 July 2015. Written agreements which were signed prior to 1 July 2015 that contain provisions for the payment or settlement of obligations in foreign currency for non-cash transactions will remain effective until the expiry of such agreements. However, any extension and/or certain amendment of such agreements must comply with PBI 17/3/2015.

According to SEBI 17/11, a business operator in Indonesia must quote the price of goods and/or services in Rupiah and is prohibited from conducting dual quotations where the price of goods and/or services is listed both in Rupiah and a foreign currency, anywhere including on electronic media. The restriction applies to, among others, (i) price tags, (ii) service fees, such as agent fees in the sale and purchase of property, tourism services fee or consultancy services fee, (iii) leasing fees, such as apartment leases, housing leases, office leases, building leases, land leases, warehouse leases or vehicle leases, (iv) tariffs, such as loading/unloading tariff for cargo at the seaport or airplane ticket tariff, (v) price lists, such as a restaurant menu price list, (vi) contracts, such as clauses for pricing or fees, (vii) documents of offer, order, invoice, such as the price clause in an invoice, purchase order or delivery order, and/or (viii) payment evidence, such as the price listed in a receipt.

Further, SEBI 17/11 stipulates that conditional exemptions may apply to certain infrastructure projects, among others, (i) transportation infrastructure, including airport services, seaport procurement and/or services, railway infrastructure and facilities, (ii) road infrastructure, including toll roads and toll bridges, (iii) watering infrastructure, including standard water bearer channel, (iv) drinking water infrastructure, including standard water bearer building, transmission channels, distribution channels, drinking water treatment installation, (v) sanitation infrastructure, including wastewater treatment installation, collector channel and main channel, and waste facility which includes transporter and waste storage, (vi) informatics and technology infrastructure, including telecommunication network and e-government infrastructure, (vii) electricity infrastructure, including power plant, which includes power development sourcing from geothermal, transmission or distribution of electricity, and (viii) natural oil and gas infrastructure, including transmission and/or distribution of natural oil and gas. These exemptions apply if (a) the project has been declared by the central or regional government as a strategic infrastructure project, as evidenced by a formal confirmation letter from the relevant ministry/institution with regards to the project owner; and (b) an exemption approval has been obtained from Bank Indonesia.

A failure to comply with the obligation to use Rupiah in cash transactions will result in criminal sanctions in the form of fines and confinement. A failure to comply with the obligation to use Rupiah in non-cash transactions will be subjected to administrative sanctions in the form of (i) written warning, (ii) fines, and/or (iii) prohibition from undertaking payment activities. Bank Indonesia may also recommend the relevant authorities and institutions to conduct certain actions such as revoking the business licence or stopping the business activities of the party which fails to comply with the obligation to use Rupiah in non-cash transactions.

CAPITALISATION OF THE BANK

The following table sets forth the Bank's consolidated capitalisation as of 30 June 2026 on an actual basis and as adjusted to give effect to the offering of the Capital securities (after deducting fees, commissions and other related expenses). This table should be read in conjunction with the sections entitled "*Selected Consolidated Financial Information*", "*Description of the Bank's Assets and Liabilities*" and the Bank's Audited Consolidated Financial Statements and Unaudited Interim Financial Statements included elsewhere in this Offering Circular and the related notes thereto. The translation of Rupiah amounts into US dollars herein is provided solely for convenience. See "*Presentation of Financial and Other Information – Certain Defined Terms and Conventions*".

	As of 30 June 2026

There has been no significant change in the capitalisation or contingent liabilities of the Bank since 30 June 2026.

THE INDONESIAN BANKING INDUSTRY

The information in this section relating to the Indonesian banking industry has been derived or extracted from reports prepared by industry advisers or sources available in the public domain. The methodologies used for collecting the information and data presented in this section may differ from those of other sources and does not reflect all or even necessarily a comprehensive set of the actual transactions occurring in the Indonesian banking industry. This information has not been independently verified by the Bank, the Joint Lead Managers or their respective legal, financial or other advisors, and no representation is made as to the accuracy or completeness of this information. Industry sources and publications generally state that the information contained therein has been obtained from sources generally believed to be reliable, but their accuracy, completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Structure of the industry

Prior to 1988, the Indonesian banking industry consisted of commercial banks, savings banks and development banks, with Bank Indonesia as the central bank. The modern banking industry generally consists of (a) commercial banks (both Government or privately-owned) and (b) rural banks (*bank perkreditan rakyat* or "**BPRs**"). As of November 2022, there are 107 commercial banks, and 1,442 BPRs. Source: Indonesia Banking Statistics November 2022 volume 20 No. 12 published by the OJK.

Developments in the Indonesian banking industry

The following sections describe major developments in the Indonesian banking industry from 1983 to the present.

Deregulation: 1983-1991

In 1983, the Government began a programme of deregulation policies for the Indonesian banking industry, designed to encourage a sound, efficient and strong banking system. These policies eliminated credit ceilings, reduced liquidity credit requirements, improved banks' autonomy to set interest rates on loans, savings and deposits and introduced money market instruments.

Prior to 1988, the Indonesian banking industry consisted of commercial banks, savings banks and development banks. However, seven Government-related banks that provided over 60.0% of all outstanding credit remained dominant in the Indonesian banking industry. In an effort to further deregulate the industry, mobilise domestic savings and encourage competition among banks, the Ministry of Finance introduced a package of deregulatory reforms in October 1988, including a more lenient standard of licensing for new banks. In the following years, a large number of new banks became licensed and consequently, deposits and loans grew rapidly from 1989 to 1990.

In February 1991, the Government introduced policies that further detailed and refined the October 1988 deregulation package. The new policies included an increase of CAR to a minimum requirement of 8.0% of risk-weighted assets, applicable to the entire industry.

Economic growth: 1991-1996

The increase of the minimum CAR requirement to 8.0% of risk-weighted assets was a form of monetary tightening that impacted the growth rate of the Indonesian banking sector. From 1991 to 1993, deposits and loan growth rates declined and some consolidation occurred. During this period, some Government-related banks and many private banks experienced slower loan growth

and raised additional capital in order to raise their CAR to the minimum level required by Bank Indonesia. In August 1994, the Government set a 25.0% limit on banks' foreign exchange Net Open Position.

Most of 1992 and 1993 saw a gradual decline in deposit and loan interest rates, accompanied by a significant decline in asset quality and higher levels of NPLs. Beginning in early 1994, interest rates in Indonesia began to rise again, primarily in response to higher offshore interest rates resulting from the US Federal Reserve Board's increases in the discount rate and the US federal funds rate. After the reduction of the US federal funds rate in July 1995, however, interest rates in Indonesia stabilised somewhat and later declined slightly.

Economic crisis and recovery: 1997 to the present

The Asian financial crisis of 1997 resulted in serious liquidity problems for most of the Indonesian banks. During the economic crisis, liquidity difficulties emerged as a result of, among other causes, massive cash withdrawals from banks by depositors triggered by declining public confidence in the Indonesian banking system. As an increasing number of banks failed to comply with the mandatory reserve requirements, the Government intervened by offering liquidity support, extended to the banks on strict terms, through loans and guarantees to banks. See "*Risk Factors – Risks relating to the Indonesian Banking Industry*".

Indonesian Bank Restructuring Agency

IBRA was established by Presidential Decree No. 27/1998 on the Establishment of the Indonesian Bank Restructuring Agency dated 26 January 1998 as an autonomous agency of the Ministry of Finance in response to the economic crisis of 1997. IBRA's mandate was to: (i) handle administration of certain guarantees granted by the Government to commercial banks; (ii) monitor and restructure banks that had been declared unsound; and (iii) conduct all legal actions required within the framework of the restructuring of the banks. In short, the central mission of IBRA was to assist Indonesia's economic recovery through bank restructuring and corporate debt restructuring and to optimise the Government's return on funds loaned to banks as liquidity support and in the form of Government bonds in order to reduce the burden on the Government budget. See "*Risk Factors – Risks relating to the Indonesian Banking Industry*".

IBRA was granted extraordinary powers such as the authority to supervise banks, to acquire, manage, transfer and sell bank assets and to restructure and rehabilitate banks under its supervision. Through IBRA, the Government executed various bank closures, recapitalisations, and mergers and acquisitions to pursue the ultimate goal of having fewer but stronger commercial banks with extensive geographic coverage and offering a wide range of services.

Government guarantee programme and deposit insurance

In response to the economic crisis and to support the deteriorating Indonesian banking industry, the Government established Government guarantee and exchange offer programmes in 1998 to provide guarantees to bank depositors and creditors. In general, the obligations that were guaranteed under the Government guarantee programme included on-balance sheet and off-balance sheet obligations of Indonesian commercial banks (including overseas branches of such banks) owed to foreign and domestic depositors and creditors, including obligations denominated in Rupiah and foreign currencies, subject to certain limits.

The Government guarantee programme, which was implemented and administered by IBRA, was automatically extended every six months, subject to the authority of the Minister of Finance to announce that it did not intend to extend the programme prior to the end of any six-month term.

After IBRA was dissolved in early 2004, the Government guarantee programme was administered by a unit under the Ministry of Finance. The Government guarantee programme ended in September 2005, after the Indonesia Deposit Insurance Corporation (*Lembaga Penjamin Simpanan* or "**LPS**") was established under Law No. 24 of 2004 dated 22 September 2004, as most recently amended by Law No. 4 of 2026 on the Amendment to the Financial Sector Omnibus Law ("**IDIC Law**"), and commenced insuring bank payment obligations (deposits).

The LPS insures third-party (non-bank) funds and interbank deposits which include current accounts, time deposits, certificate of deposits, savings accounts and/or other forms of deposits that are treated the same as those types of deposits. The amount of a deposit insured by the LPS is the balance of the deposit which consists of principal and accrued interest or return at the date of revocation of a bank's license. The insured amount for each depositor in one bank is the sum of all balances of accounts the depositor maintains at such bank, in single or joint accounts to a maximum amount of Rp100.0 million, effective 22 March 2007. The insured deposit balance for each depositor is a maximum of Rp2.0 billion effective from 13 October 2008.

Exchange offer programmes

The exchange offer programmes were established pursuant to two agreements reached between Bank Indonesia and creditors of certain Indonesian banks. The first exchange offer programme was introduced in late 1998 pursuant to an agreement reached on 18 August 1998. The second exchange offer programme was introduced the following year pursuant to an agreement reached on 25 May 1999. These Government-sponsored programmes sought to assist in the restructuring of loans by changing interest rates or tenors, among other terms. Under the exchange offer programmes, Bank Indonesia provided an unconditional and irrevocable guarantee of the obligations of the relevant Indonesian banks.

Under the 1998 exchange offer programme, "eligible debt" was exchanged for new loans which were divided into four tranches with final maturity dates of one, two, three and four years. Participants in the 1999 exchange offer programme exchanged eligible debt for new loans which were divided into four tranches with final maturity dates of three, four, five and six years.

For the purpose of the 1998 exchange offer programme, eligible debt was defined as outstanding non-Rupiah-denominated (i) inter-bank deposit obligations and short-term debt of any obligor maturing prior to 1 April 1999 and (ii) current maturities of medium- and long-term debt of any obligor falling due prior to 1 April 1999. For the purpose of the 1999 exchange offer programme, eligible debt was defined as outstanding non-Rupiah-denominated (i) inter-bank deposit obligations and other short-term debt of any obligor matured or maturing prior to 1 January 2002 and (ii) current maturities of medium- and long-term debt of any obligor falling due prior to 1 January 2002 (other than as a result of acceleration, unless such acceleration occurred prior to 15 March 1999 pursuant to an existing contractual right). "Obligors" were defined as Government-related commercial banks and private banks and their foreign banking subsidiaries and overseas branches and agencies. See "*Risk Factors – Risks relating to the Capital Securities*".

Bank recapitalisation programme

In February 1999, the Minister of Finance and the Governor of Bank Indonesia created, under joint decree, a bank recapitalisation programme (the "**Bank Recapitalisation Programme**") to increase the CAR of eligible banks to at least 4.0%. For banks participating in the Bank Recapitalisation programme (except for Government-related banks, regional development banks and banks taken over by IBRA), controlling shareholders were obliged to inject cash equivalent to at least 20.0% of the capital shortfall required to reach a CAR of 4.0% The controlling shareholders could make the capital injection jointly with strategic investors or the entire amount could be made by strategic investors alone. For this purpose, "controlling shareholders" means

parties owning 25.0% or more of the total issued voting shares of a commercial bank or parties owning less than 25.0% but who directly or indirectly control such bank. Within three years, any shareholder was entitled to buy back the shares owned by the Government pursuant to call options. Further, the Government could sell its shares to the public after first offering the shares to such bank's existing shareholders.

On 13 March 1999, the Government determined that 74 banks were sufficiently sound to continue to operate without participating in the Bank Recapitalisation Programme. Nine banks were allowed to continue provided they were recapitalised under the Bank Recapitalisation Programme. These institutions included Bank Niaga, Bank Lippo, Bank Internasional Indonesia, Bank Bali, Bank Universal, Bank Umum Koperasi Indonesia (Bukopin), Bank Prima Express, Bank Arta Media and Bank Patriot. In July and September 1999, respectively, Bank Niaga and Bank Bali opted out of the Bank Recapitalisation Programme and IBRA took over their control.

Under a Joint Decree of the Minister of Finance and Governor of Bank Indonesia No. 117/KMK.017/1999 and No. 31/15/KEP/GBI dated 26 March 1999 on the Realisation of Bank Recapitalisation Programme for Banks Take Over, the Government acquired temporary investments in certain banks at the minimum amount to meet the minimum CAR of 4.0%. The required temporary investment by the Government was determined based on the due diligence review of an independent party appointed by IBRA. Five Government-related banks were also merged and recapitalised in July 1999 to increase the CAR of the merged entity to at least 4.0%. In June 2000, the Government, through IBRA, merged eight banks it had taken over (namely Bank Duta, Bank Rama, Bank Tamara, Bank Tiara Asia, Bank Nusa Nasional, Bank Pos Nusantara, Jayabank International and Bank Risjad Salim) into Bank Danamon.

In December 2001, the Government, through IBRA, announced plans to merge five commercial banks, Bank Bali, Bank Universal, Bank Arta Media, Bank Prima Express and Bank Patriot. The legal merger of these banks became effective on 30 September 2002, the resulting merged entity being known as Bank Permata.

Bank consolidation

The Indonesian banking sector has continued to experience consolidation from 2000 until the present, in part as a result of Bank Indonesia Regulation No. 7/15/PBI/2005, as amended by Bank Indonesia Regulation No. 9/16/PBI/2007 on the Minimum Core Capital for Commercial Banks ("**BI Regulation No. 7/2005**"), which required commercial banks to meet a minimum core capital requirement of Rp80.0 billion by the end of 2007 and a minimum core capital requirement of Rp100.0 billion by end of 2010. Following the implementation of this regulation, the Government merged Bank Bumi Daya, Bank Dagang Negara, Bank Ekspor Impor Indonesia and Bank Pembangunan Indonesia to create Bank Mandiri in 1999. Separately, PT Bank Artha Graha merged into PT Bank Inter-Pacific in 2005, PT Bank Hana purchased PT Bank Bintang Manunggal in 2007, PT Bank Commonwealth Indonesia merged with PT Bank Arta Niaga Kencana Tbk in 2007 and PT Bank Bukopin Tbk purchased PT Bank Persyarikatan Indonesia in 2008, among others.

BI Regulation No. 7/2005 was then fully revoked by OJK Regulation No. 12/POJK.03/2020 on Commercial Bank Consolidation ("**OJK Regulation No. 12/2020**"), which requires banks to meet a minimum core capital requirement of Rp3.0 trillion at the latest on 31 December 2022 through the following stages: (a) Rp1.0 trillion at the latest on 31 December 2020, (b) Rp2.0 trillion at the latest on 31 December 2021, (c) Rp3.0 trillion at the latest on 31 December 2022. OJK Regulation No. 12/2020 took effect since 17 March 2020. In November 2025, OJK announced its plan to remove KBMI 1 classification. If implemented, banks currently classified as KBMI 1 will be required to meet the requirements of KBMI 2 classification, including having a minimum core capital requirement of above Rp6.0 trillion to Rp14.0 trillion, which may require consolidation of

current KBMI 1 banks. Please see "Banking Regulation and Supervision – Core capital and banking business activities." However, to date, there has been no regulation enacted to reflect such plan.

Indonesian financial services institutions

On 27 October 2011, the Indonesian parliament approved the OJK Law. Pursuant to the transition provision of the OJK Law, (i) effective from 31 December 2012, all authority with respect to regulation and supervision of the financial sector, including the insurance and multi-finance sectors, was transferred from the Ministry of Finance as performed by Bapepam-LK to the OJK and (ii) effective from 31 December 2013, all authority with respect to regulation and supervision of the Indonesian banking sector was passed from Bank Indonesia to the OJK. As of 31 December 2013, the OJK is the primary Government entity overseeing Indonesian's banking system, with the authority to license, regulate, supervise, sanction and investigate.

Committee of Financial System Stability

On 15 April 2016, the Government issued Law No. 9 of 2016 on Prevention and Management of the Financial System Crisis, as most recently partially amended by Law No. 4 of 2026 on the Amendment to the Financial Sector Omnibus Law ("**Law No. 9/2016**"). Through Law No. 9/2016, the Government attempts to maintain the stability of the financial system. Resistance to external disruptions that may hit the financial system is one of the objectives of stability under this law. Law No. 9/2016 is an overarching law that encompasses the Government's major concerns in achieving the stability of the financial system, which are among others:

(a) Prevention of crisis of the financial system through a coordinated surveillance and maintenance of the stability of the financial system;

(b) Financial system crisis management; and

(c) Management for systematic banks (including, the domestic systematically important banks).

Under Law No. 9/2016, the Committee of Financial System Stability (*Komite Stabilitas Sistem Keuangan* or "**KSSK**") is established to enhance the coordination between the Government, Bank Indonesia, the OJK and the LPS.

Members of the KSSK comprise (i) the Ministry of Finance as the coordinator as well as a member with voting right, (ii) the Governor of Bank Indonesia as a member with voting right, (iii) the Head of the Board of Commissioner of the OJK as a member with voting right, and (iv) the Head of the Board of Commissioners of the LPS as a member without voting right. The KSSK is responsible for the prevention and the management of crisis suffered by the financial system. The KSSK is required to prepare a set of criteria and indicators to determine the stability level of the financial system. The president of Indonesia (the "**President**") would determine if a crisis has arisen based on the recommendation provided by the KSSK.

If the President determines that the financial system is in crisis, the KSSK must come up with recommendations to manage the crisis. One of the recommendations that can be proposed to the President is a banking restructuring programme. The LPS would be the institution in charge of the banking restructuring programme. Law No. 9/2016 further stipulates that funding for the banking restructuring programme may originate from:

(a) The relevant bank's shareholders or other parties in the form of a capital increase or conversion of certain debts into capital;

(b) The result of the relevant bank's assets and liabilities management;

(c) Contributions made by the banking industry; or

(d) Loans obtained by the LPS from other parties.

Foreign ownership

Historically, foreign banks were granted licenses only to operate as wholly-owned branches (with operating restrictions) and as joint venture banks or representative offices. In 1999, the Government pursuant to Government Regulation No. 29 of 1999 allowed banks with up to 99.0% foreign ownership to operate in Indonesia without any restrictions. As a result, ABN Amro Bank (now Royal Bank of Scotland Plc), American Express Bank Ltd (now closed), Bank of America, N.A., Bank of China Limited, Citibank N.A., Deutsche Bank AG, J.P. Morgan Chase Bank, N.A., Standard Chartered Bank, The Bangkok Bank Comp. Ltd., the Bank of Tokyo Mitsubishi UFJ Ltd and The Hongkong and Shanghai Banking Corporation Limited opened branches in Indonesia.

Since March 2002, foreign participation in the Indonesian banking sector has risen as major stakes in Indonesian banks have been sold to foreign investors. PT Bank Internasional Indonesia Tbk. (now PT Bank Maybank Indonesia Tbk.), PT Bank NISP Tbk. (now PT Bank OCBC NISP Tbk.), PT Bank Buana Tbk. (now PT Bank UOB Indonesia), PT Bank ICB Bumiputra Indonesia Tbk. (now PT Bank MNC Internasional Tbk.), PT Bank Permata Tbk., PT Bank Danamon Tbk. and PT Bank QNB Kesawan Tbk. (now PT Bank QNB Indonesia Tbk.) are now majority owned by foreign investors. In A number of other Indonesian banks are either majority or minority owned by foreign investors. In addition, certain foreign banks have been granted licenses to operate wholly-owned branches (with operating restrictions) or representative offices and as joint venture banks in Indonesia.

On 9 December 2016, OJK issued Regulation No. 56/POJK.03/2016 on Share Ownership of Commercial Banks ("**OJK Regulation No. 56/2016**"), which set out the following shareholding percentage requirements for Indonesian commercial banks:

- Financial institutions (including banks, finance companies, insurance companies and pension funds), either local or foreign, may own only up to 40.0% of an Indonesian bank;

- Non-financial institutions, special purpose vehicles and funds, either local or foreign, may own only up to 30.0% of an Indonesian bank; and

- Individuals may own only up to 20.0% of an Indonesian bank.

With special approval from the OJK, financial institutions in the form of banks may own more than 40.0% of an Indonesian bank. The approval may be granted upon satisfaction of certain criteria by the financial institution and its shareholders. However, within five years of the financial institution owning more than 40.0% of the Indonesian bank, public shareholders must own at least 20.0% of that Indonesian bank's capital.

Single presence policy

In order to expedite the consolidation of the banking industry in Indonesia, in 2006 Bank Indonesia introduced a "single presence" policy, with the purpose of simplifying Bank Indonesia's control and risk assessment by allowing entities to be a controlling shareholder in only one Indonesian bank.

Under the OJK Regulation No. 41/POJK.03/2019 on Merger, Consolidation, Acquisition, Integration and Conversion of Commercial Banks, a controlling shareholder is a shareholder that (i) owns 25.0% or more of the total issued shares of a bank or (ii) owns less than 25.0% of the total issued shares of a bank but has actual control (whether directly or indirectly) over such bank.

OJK's single presence policy is regulated by OJK Regulation No. 39/POJK.03/2017 on Sole Ownership in Indonesian Bank ("**OJK Regulation No. 39/2017**") as implemented by OJK Circular Letter No. 44/SEOJK.03/2017 dated 19 July 2017 ("**OJK Circular No. 44/2017**").

OJK Regulation No. 39/2017 provides that an entity may become a controlling shareholder in only one bank, with an exemption for (i) a controlling shareholder who becomes the controlling shareholder of two banks having business activities based on differing principles, for example, conventional and Sharia banking or (ii) a controlling shareholder who becomes the controlling shareholder of two banks and one of the banks is a joint venture bank.

A party which already controls more than one bank, or which acquires a bank which will result in that party controlling more than one bank, must comply with the single presence policy by:

(a) undertaking a merger or consolidation of the banks controlled by that party;

(b) forming a bank holding company (for this purpose, a bank holding company is defined as a legal entity incorporated in Indonesia which is formed and/or owned by the controlling shareholder for the purpose of consolidating and directly controlling all the activities of the banks which are its subsidiaries); or

(c) forming a holding function (for this purpose, holding function is defined as the function of a controlling shareholder (where the controlling shareholder in question is an Indonesian bank or the Government) of consolidating and directly controlling all the activities of the bank which are its subsidiaries).

The requirements for compliance with the single presence policy (including, requirement to undertake merger or consolidation, forming a bank holding company) must be carried out within one year of completion of a party's acquisition of shares in another bank, in the case where such acquisition results in such party becoming a controlling shareholder of more than one bank.

OJK Regulation No. 39/2017 describes exemptions for any controlling shareholder in two banks, as regards the implementation of the single presence policy. Specifically, shareholders are exempt from the policy under the following conditions: (i) if each controlled bank is being operated under different business principles (including conventional and Sharia banking); and (ii) if one of the controlled banks is a joint venture bank. The requirements for compliance with the single presence policy (including requirement to undertake merger or consolidation, forming a bank holding company) must be carried out within one year of completion of the acquisition of the shares in another bank, in the case where such acquisition results in a party becoming a controlling shareholder of more than one bank.

The requirement for compliance with the single presence policy (including requirement to forming a holding function) must be carried out within six months as at a party is already a controlling shareholder of more than one bank or such acquisition results in a party becoming a controlling shareholder of more than one bank (as the case may be).

The OJK may extend, in its discretion, the deadlines for compliance with the single presence policy as above, in circumstances where in the OJK's assessment the difficulties encountered by the controlling shareholder and/or the banks controlled by it are of such complexity that an extension is justified.

A controlling shareholder which fails to comply with the single presence policy is prohibited from controlling, and is prohibited from owning, more than 10.0% of voting shares in each of the relevant banks. Correspondingly, in a general meeting of shareholders, the banks in question can only register at most 10% of the total voting shares of the relevant bank as being held by the non-compliant controlling shareholder. Any shares above 10.0% held by the controlling

shareholder will be treated as shares with no voting rights until such time as those shares are sold to another party. A bank which fails to comply with this requirement will be subject to a fine of Rp500.0 million, and/or sanctions in the assessment of aspects of governance in the assessment of bank health level.

A non-compliant controlling shareholder which fails to comply with the single presence policy, must sell shares held by it in the bank, which are in excess of the permitted 10%, to another party within one year of the deadline set out above. A non-compliant controlling shareholder which fails to do so, will be prohibited from becoming a controlling shareholder of any bank in Indonesia for 20 years.

To encourage banking sector consolidation, OJK offers certain incentives for bank mergers. A bank which undertakes a merger or consolidation will be provided various incentives in the form of:

(a) time extension in relation to curing any legal lending limit requirement for banks which has been exceeded;

(b) ease of opening branches;

(c) temporary relaxation of application of corporate management of commercial banks; and/or

(d) other incentives, in accordance with the provisions of the regulations on incentives for banking consolidation.

The above incentives will be granted by OJK in accordance with the existing Bank Indonesia Regulation No. 8/17/PBI/2006, as amended by Bank Indonesia Regulation No. 9/12/PBI/2007 on Incentives for Banking Consolidation.

A bank which is planning to merge or consolidate must submit its merger plan to OJK prior to the merger or consolidation in order to utilise this incentive programme. The application can be submitted by one of the participating banks in the merger or consolidation or jointly and must be signed by the president director of all participating banks. Furthermore, to implement the OJK Regulation No. 39/2017 and give clarification in connection with the fulfilment of the single presence policy as set out above. OJK, on 19 July 2017 issued OJK Circular No. 44/2017. The OJK Circular No. 44/2017 clarified that in order to carry out a transfer of shares, it is necessary to observe the requirements and procedures relating to the merger, consolidation and acquisition of a commercial bank or requirements and procedures relating to the purchase of shares of a commercial bank, whichever is relevant. In the event of acquisition of a bank by a party which already become a controlling shareholder of one bank, the application for such acquisition approval to OJK shall be accompanied by the completion plan which relates to the satisfaction of the single presence policy obligation (e.g., undertaking merger or consolidation). Such acquisition plan shall become an integrated process with the merger and consolidation. The OJK Circular No. 44/2017 clarifies the procedure for fulfiling the single presence policy obligation in a merger or consolidation of a bank holding company and sets out the holding structure.

Basel II and Basel III Implementation

In 2008, Bank Indonesia commenced the implementation of Basel II in phases in order to encourage the Indonesian banking industry to meet international standards. Basel II requires the incorporation of additional market risk and operational risk considerations into the calculation of capital adequacy. The new capital adequacy requirements under Basel II were introduced in Indonesia on 1 January 2009 for banks with assets of more than Rp1.0 trillion. For other banks, the new capital adequacy requirements under Basel II were introduced in June 2009. Currently, Indonesia is gradually implementing Basel III in its regulations. For example, the elucidation of

OJK Regulation No. 11/2016 and OJK Regulation No. 63/POJK.03/2020 on Commercial Bank Reporting Through OJK Reporting System briefly explains that the regulation was formulated in an attempt to, among other things, adopt the international standards being introduced in Basel III. Based on the official guideline on Indonesian Banks Overview that was published by OJK, Basel III has been implemented in the Indonesian banking sector since 2014, and is being phased in until its full implementation in 2023 for all commercial banks.

The Financial Sector Omnibus Law

The Financial Sector Omnibus Law partially amends several provisions of Law No. 7 of 1992 on Banking as amended by Law No. 10 of 1998 and further amended by Governmental Regulation in lieu of Law No. 1 of 2020 (the "**Banking Law**"). The Financial Sector Omnibus Law includes several provisions applicable to commercial banks, among others:

(a) commercial banks can take an equity interest in financial service institutions and/or other banking sector supporting companies;

(b) commercial banks are required to be transparent in respect of interest rates to encourage rate setting efficiency. The interest rate transparency is achieved by publishing prime lending rates, including information on cost of funds, margin, and overhead cost;

(c) commercial banks are required to extend credit facility to micro, small and medium enterprises (further implementation of this obligation will be regulated by OJK); and

(d) commercial banks may access customer data and information from other financial providers, including organisers of the Financial Sector Technology Innovation ("*Inovasi Teknologi Sektor Keuangan – ITSK*"), to the extent approved by the respective customers.

Expansion of Banking Business

On 10 December 2024, OJK issued OJK Regulation No. 26 of 2024 on Expansion of Banking Business ("**OJK Regulation No. 26/2024**"). It notably allows banks to make capital participation in financial services institutions and companies that support the banking industry. These include:

(a) companies established to support the business activities of banks or their subsidiaries;

(b) companies whose primary business is to produce financial products using information technology;

(c) companies that provide supporting services to the banking industry; and

(d) offshore companies that meet the following criteria: (i) classified as financial services institutions by the relevant authority; and (ii) engage in business activities comparable to those of financial services institutions under OJK regulations.

OJK Regulation No. 26/2024 took effect on 13 December 2024.

BUSINESS

Overview

As of 30 June 2026, the Bank is one of Indonesia's largest corporate lenders. As of 30 June 2026, the Bank's corporate loan portfolio, comprising loans to the 150 largest publicly listed, state-owned, and private companies in Indonesia, totalled Rp1,591.68 trillion (US$89.02 billion), including loans originated by the Government Institutional unit. The Bank's total consolidated loans (comprising consolidated loans, consumer financing receivables, and net investment finance leases, excluding allowance for impairment losses) of Rp1,677.45 trillion (US$93.82 billion) as of the same date. The Bank has a strong national profile with a highly recognisable brand, winning eight awards at the Finance Asia Awards 2026 across a wide range of categories, including "Best Bank", "Best Retail Bank", "Best Bank for Large Corp & MNCs", "Best Sustainable Bank", "Best Bank for SME's", "Best Bank for Financial Inclusion", "Best Bank for Use of Technology", and "Best Custodian Bank". The Bank also had the lowest NPL ratios among large Indonesian banks, at 1.01% (consolidated) on a gross basis as of 30 June 2026. Among Indonesian banks, the Bank also had one of the largest branch networks, deposit and temporary *syirkah* fund bases and loan and financing portfolios, with 2,149 branches, Rp1,763.17 trillion (US$98.61 billion) (consolidated), and Rp1,677.45 trillion (US$93.82 billion) (consolidated), respectively as of and for the year ended 30 June 2026.

As one of Indonesia's largest corporate lender, the Bank is a Domestic-Systemically Important Bank ("**D-SIB**"), with a 17.15% market share of deposits in the Indonesian banking industry as of 30 June 2026, a 17.60% market share of assets in the Indonesian banking industry as of 30 June 2026, and a 18.47% market share of loans in the Indonesian banking industry as of 30 June 2026 (on a consolidated basis, according to the Indonesian Financial Services Authority (*Otoritas Jasa Keuangan* – "**OJK**") Banking Statistics figures). The Bank's consolidated CASA Ratio reached 69.19% as of 30 June 2026 (total consolidated CASA (comprising demand and saving deposits) of Rp1,219.91 trillion divided by total deposits of Rp1,763.17 trillion as of 30 June 2026), as compared to the Bank's consolidated CASA Ratio of 67.97% as of 31 December 2025 (total consolidated CASA (comprising demand and saving deposits) of Rp1,431.38 trillion divided by total deposits of Rp2,105.76 trillion as of 31 December 2025) and the Bank's consolidated CASA Ratio of 74.83% as of 31 December 2024 (total consolidated CASA (comprising demand and saving deposits) of Rp1,271.21 trillion divided by total deposits of Rp1,698.90 trillion as of 31 December 2024). The Bank maintains Indonesia's second largest branch network (including micro branches) with 2,149 branches, supported by 13,014 ATMs and 40,101 employees, each as of 30 June 2026. The Bank's total consolidated loans (comprising consolidated loans and Sharia loan/financing[1], consumer financing receivables, and net investment finance leases, excluding allowance for impairment losses) grew by a year on year of 13.44% from Rp1,670.55 trillion (US$93.43 billion) as of 31 December 2024 to Rp1,894.99 trillion (US$105.98 billion) as of 31 December 2025. The Bank's total consolidated loans amounted to Rp1,677.45 trillion (US$93.82 billion) as of 30 June 2026. Total deposits decreased by 16.27% from Rp2,105.76 trillion (US$117.77 billion) as of 31 December 2025 to Rp1,763.17 trillion (US$98.61 billion) as of 30 June 2026 due to the deconsolidation of the Bank's Sharia banking operations[2].

---

[1] With effect from 1 February 2026, the Bank has deconsolidated the financial statements of Bank Syariah Indonesia as a result from losing control over Bank Syariah Indonesia. See "– *Recent Developments – Deconsolidation of Bank Syariah Indonesia*" for more details.

[2] With effect from 1 February 2026, the Bank has deconsolidated the financial statements of Bank Syariah Indonesia as a result from losing control over Bank Syariah Indonesia. See "– *Recent Developments – Deconsolidation of Bank Syariah Indonesia*" for more details.

The Bank believes that it is one of Indonesia's most profitable banks. The Bank's consolidated net profit after tax ("**NPAT**") increased from Rp55.78 trillion in 2024 to Rp56.29 trillion (US$3.15 billion) in 2025, and increased from Rp24.46 trillion for the six-month period ended 30 June 2025 ("**1H2025**") to Rp30.41 trillion (US$1.70 billion) for the six-month period ended 30 June 2026 ("**1H2026**").

The Bank's efforts to improve the quality of its products and services, as well as its overall operations, have earned it a number of industry accolades from both local and international institutions in 2026, including: "Best Digital Consumer Lending Service in Asia Pacific" and "Best Super-App Financial Service in Asia Pacific" by The Asian Banker, "Best Bank in Indonesia", "Best Digital Bank in Indonesia", and "Best Retail Bank in Indonesia" by Alpha Southeast Asia, "Best Bank", "Best Retail Bank", "Best Bank for Large Corp & MNCs", "Best Sustainable Bank" by Finance Asia, and Asia-Pacific's Best Companies of 2026 – Banking & Financial Services in Indonesia by Time.

The Bank conducts its business through the following operating segments:

- Wholesale Banking:
    - Corporate Banking;
    - Commercial Banking;
    - Government Institutional Relations; and
    - Treasury and International Banking;
- Retail Banking:
    - SMEs;
    - Micro;
    - Wealth management and
    - Individual/consumer; and
- Subsidiaries (consisting of Conventional Banking, Financing Company, Insurance, Investment Banking and Investment Management).

The Bank preserves close ties among its different business units and subsidiaries through cross-selling efforts, Group-wide branding, network optimisation, shared infrastructure and cost management.

Competitive strengths

The Bank believes that its principal competitive strengths are:

Leading Indonesian corporate lender and Domestic-Systemically Important Bank ("D-SIB") with a highly diversified loan portfolio

The Bank has one of the largest corporate loan (including Government Institutional) portfolios among Indonesian banks, with Rp836.11 trillion (US$46.76 billion) of corporate loans as of 30 June 2026 and total consolidated loans and financing of Rp1,677.45 trillion (US$93.82 billion), making it one of the largest D-SIBs (as defined in and in accordance with OJK Regulation No. 5

of 2024). The Bank defines corporate borrowers as the 150 largest publicly listed, Government, other state-owned enterprises ("**SOEs**") and private company borrowers in Indonesia with gross annual sales of more than Rp2 trillion. The Bank is a lender to each of Indonesia's ten largest publicly listed companies which gives the Bank a strong national profile and highly recognisable brand. The Bank is a key lender to SOEs which account for 18.23% of total loans (standalone), as of 30 June 2026. The Bank is also active in the syndicated loan market, particularly for national infrastructure projects, and was the leading arranger of syndicated loans in Indonesia by value in 2025, based on Bloomberg data. In addition to loans, the Bank serves its anchor corporate borrowers with various investment banking, capital markets, cash management, treasury, payroll and insurance offerings.

In addition to corporate loans (including Government Institutional), which represented 52.53% of loans (standalone) and 49.84% of consolidated loans as of 30 June 2026, the Bank also diversified its business to middle market and retail segments that represented 21.56% and 25.63% respectively of its loan portfolio (standalone). The Bank had total loans (standalone) of Rp1,591.68 trillion (US$89.02 billion) as of 30 June 2026, the largest among Indonesian banks. Given the Bank's low-cost of funds, its total loan portfolio yields a net interest margin ("**NIM**") of 4.34%, as of 30 June 2026.

The Bank's strength in corporate lending generates ready synergies in other areas. The Bank from time to time has been expanding its payroll account base from employees of Indonesia's biggest private and Government institutions. These payroll account customers, considered as low-risk retail customers, continue to provide a stable, low-cost funding base as well as becoming the Bank's key target market when growing its retail loan portfolios.

One of the lowest cost, diversified and most stable funding bases among Indonesian banks

The Bank has the largest funding base and the second lowest cost of funds among Indonesian banks as of 30 June 2026. In addition to its depositor base, as one of Indonesia's largest banks, the Bank enjoys access to domestic and international wholesale funding sources such as loans and debt securities. This funding base translates into a cost of funds (standalone) of 2.01% per annum as of 30 June 2026, the second lowest among large Indonesian banks.

The Bank has the largest deposit base among Indonesian banks, with total deposits of Rp1,710.03 trillion (US$95.64 billion) as of 30 June 2026. This deposit base is low-cost, with a 70.50% ratio (standalone) of CASA (current account and savings deposits) to total deposit accounts. The Bank's average cost of funds is less sensitive to increases in interest rates given this ratio. The Bank's depositors span the entire range of banking customers, from the largest private and public sector corporates to retail depositors including both high-net-worth individuals and mass market depositors.

The Bank's diversified funding base gives it a strong liquidity and stable funding position, as evidenced by a Liquidity Coverage Ratio of 123.40% and a Net Stable Funding Ratio of 106.64% (standalone), each as of 30 June 2026.

Leading market position across full spectrum of financial services

The Bank has positioned itself as a one-stop provider of financial solutions for both wholesale and retail customers. The Bank believes it has the largest market share in wholesale lending in Indonesia (composed of the Bank's Corporate and Commercial Banking segments) as of 30 June 2026. In addition, the Bank believes it is among the three leading competitors in each key retail banking segment, including mortgages/housing loans (excluding Government subsidised loans), auto loans, credit cards and personal loans, as of 30 June 2026. The Bank capitalises on its market leadership in the Wholesale Banking segment, particularly in corporate loans, to

accelerate growth in its Retail Banking segment, such as cross-selling retail products to the 5.73 million payroll accountholders (as of 30 June 2026) of the Bank's large corporate and Government customers.

In addition, the Bank believes that its subsidiaries are also leaders in their respective markets, creating further mutual cross-selling opportunities. Mandiri Sekuritas is a leading provider of financial advisory, capital markets and brokerage services to the Bank's corporate borrowers. AXA Mandiri life insurance products are currently offered exclusively to the Bank's customers. The Bank has also successfully promoted various consumer finance and credit card offerings to retail customers, especially its payroll account customers. The Bank captures the entire life cycle of its retail customers by offering pension loans through its subsidiary, Bank Mandiri Taspen.

Relative to the Bank's Rp48.33 trillion (US$2.70 billion) total interest and premium income in 1H2026, the Bank's subsidiaries contributed of net premium income of Rp0.50 trillion (US$0.03 billion) and other fee and commission income of Rp4.21 trillion (US$0.24 billion). Together, the Bank's eight[3] subsidiaries offer one of the most extensive product offerings among Indonesian banks, including but not limited to:

- Mandiri Sekuritas: Investment banking and capital markets services;
- AXA Mandiri Financial Services: Bank assurance (life insurance) products and services;
- Bank Mandiri Taspen: Niche banking focusing on pensioners as a target market;
- Mandiri Tunas Finance: Multi-finance products, particularly for auto loans for new cars;
- Mandiri Utama Finance: Customer financing services, including financing for both new and used vehicles;
- Bank Mandiri (Europe) Limited: Commercial banking that leverages the Group's ecosystem in overseas markets;
- Mandiri International Remittance Sdn. Bhd.: Remittance service provider; and
- Mandiri Capital Indonesia: Operates in venture capital business, including investing in start-up companies that focus on financial technology.

Strong business franchise and extensive distribution network

The Bank believes that it has one of the most extensive distribution networks among Indonesian banks, anchored by its branch network of 2,149 branches and supported by 13,014 ATMs and 40,101 employees, each as of 30 June 2026. In addition, the Bank has experienced rapid growth in its digital platforms in terms of registered users. As part of its efforts to optimise technology and accelerate the Bank's digital transformation, in 2021, the Bank launched the digital banking platforms, Livin' by Mandiri and Kopra by Mandiri, to serve its retail and wholesale customers respectively. The number of registered users of Livin' by Mandiri grew by 7.38% from approximately 37.25 million as of 31 December 2025 to approximately 40 million users as of 30 June 2026. The number of registered users of Kopra by Mandiri grew by 11.07% from 318,507 as of 31 December 2025 to 353,776 users as of 30 June 2026.

[3] With effect from 1 February 2026, the Bank has deconsolidated Bank Syariah Indonesia financial statements as a result from losing control over Bank Syariah Indonesia. However, the Bank continues to hold a 51.47% ownership interest in Bank Syariah Indonesia. See "– *Recent Developments – Deconsolidation of Bank Syariah Indonesia*" for more details.

The Bank aims to expand its extensive distribution network even further by developing several digital distribution channels, given that customers increasingly transact online. These include its mobile banking products branded under Livin' by Mandiri, and its prepaid card service branded under "e-money". Additionally, the Bank has entered into several partnerships with fintech companies and invests in tech start-up companies through its subsidiary, Mandiri Capital Indonesia (in which the Bank had an effective shareholding interest of 99.99% as of 30 June 2026).

The Bank's strong branch banking and digital distribution networks have translated into approximately 48.73 million deposit accounts (including customer, retail and non-retail deposit accounts) and approximately 4.85 million loan accounts as of 30 June 2026, compared to approximately 46.8 million and 4.99 million as of 31 December 2025.

Strong corporate governance and employee engagement

The Bank emphasises the adoption of good corporate governance ("**GCG**") principles and practices at all levels, from the Board of Commissioners and Board of Directors to individual business units. The Bank has implemented a whistleblowing system which is currently managed by an independent third party and, since 2021, the Bank has also collaborated with the Corruption Eradication Commission (KPK) in relation to the handling of complaints in an effort to eradicate criminal acts of corruption.

In assessing the quality of its implementation of GCG, the Bank regularly participates in the Corporate Governance Perception Index ("**CGPI**") research and rating programme conducted by The Indonesian Institute of Corporate Governance ("**IICG**") whereby the results of the CGPI assessment are used by the Bank to evaluate and improve the implementation of GCG. CGPI participants are public companies (issuers), State-Owned Enterprises (*Badan Usaha Milik Negara/BUMN*), banks, and other private companies. In 2025, the Bank was awarded the "Most Trusted Company" for the 19th consecutive year, with an improved score of 95.36, an increase from its score of 95.30 in 2024.

In 2025, the Bank also participated in the ASEAN Corporate Governance Scorecard ("**ACGS**") assessment, which is an initiative organised by the ASEAN Capital Market Forum (ACMF) to assess, enhance, and promote corporate governance among participating ASEAN countries public listed companies ("**PLCs**"). In 2025, the Bank was recognised as ASEAN Top 50 Public Listed Companies (PLC), Top 5 PLC Indonesia and ASEAN Asset Class PLC.

As an example of its dedication to GCG, the Bank has published a media report on complaints of violations named Whistleblowing System – Letter to CEO ("**WBS-LTC**") since 2009. WBS-LTC aims to detect indications or acts of fraud and/or non-fraud, encourage awareness and concern for all employees as well as improve the company's reputation in the eyes of stakeholders.

The administration of the WBS-LTC reports is carried out by independent third parties to provide safe environments that give employees and stakeholders the confidence to report indications or acts of fraud and/or non-fraud.

The Bank has also been repeatedly recognised for its strong employee engagement and satisfaction. In 2025, the Bank received several awards, including the Gold Award for "Employee Engagement" by CC APAC and multiple recognitions at the Employee Experience Awards Indonesia, such as "Employee Experience Champion of the Year", "Overall Engagement Award", "Overall Leadership Award", and the Gold Award for "Best Graduate Training Programme". These recognitions are complemented by the Bank's consistently improving employee engagement scores over the years, as measured by a reputable third-party provider, which have remained above the industry benchmark. In addition, the Bank has established itself as an employer of choice, as evidenced by its ranking as the "#1 Best Place to Grow a Career" by LinkedIn Top Companies for three consecutive years.

Experienced and stable management team

The Bank's directors have an average of over 20 years' experience in the banking industry. Most of the Bank's senior executives have extensive experience in the banking industry and have received advanced degrees from universities outside of Indonesia. Under the leadership of its management team, the Bank has continued to demonstrate strong operating performance and has been successful in implementing its Corporate Plan 2020-2024. In recent times, the Bank has continued to deliver a strong financial performance, with the majority of its financial indicators surpassing those of the Indonesian banking industry. For instance, as at 30 June 2026, the Bank's consolidated loan balance grew by 18.83% year-on-year (reflecting the deconsolidation of the Bank's Sharia banking operations[4]) while its gross NPL ratio was successfully maintained at 1.01%. In comparison, the industry's loan growth and gross NPL ratio as of 30 June 2026 was 12.67% and 2.09%[5].

The Bank believes that it holds a leading position in the Indonesian banking industry as a result of the capabilities of its management. Among Indonesia's five largest banks, the Bank is one of the least dependent on interest income, with a fee-based income ratio (other operating income divided by sum of net interest income and other operating income) standing at 32.09% and 31.49% of its total income in 2025 and 1H2026 respectively. In addition, the Bank's gross NPL Ratio has steadily improved from 3.10% as of 31 December 2020 to 1.01% as of 30 June 2026 through more rigorous credit approval measures in the commercial segment. The Bank believes that its experienced management team will continue to provide it with a critical advantage in an increasingly competitive industry.

Robust financial profile

The Bank has shown strong and stable growth in consolidated operational income, from Rp144.08 trillion in 2024 to Rp154.76 trillion (US$8.66 billion) in 2025 and from Rp73.23 trillion for 1H2025 to Rp70.70 trillion (US$3.95 billion) for 1H2026. The Bank's consolidated operational income grew by 5.67% year-on-year ("**YoY**") between 2024 and 2025 and decreased 3.45% from 1H2025 and 1H2026, due to the deconsolidation of the Bank's Sharia banking operations[2]. In addition, the Bank maintains a strong capital base and a capital adequacy ratio ("**CAR**") (standalone) of 17.52% as of 30 June 2026, which is more than the minimum required CAR of 14.74%. This high ratio gives the Bank substantial stability to withstand market shocks and the capacity to capture future growth potential. The Bank believes that Indonesia's strong economy will continuously support the growth of its operations and financial performance.

Key strategies

The Bank, as a wholesale bank with all-rounder ecosystem potential, envisions itself as "The Best Financial Institution in Southeast Asia". The Bank is committed to delivering superior customer experience recognised at the regional level while maintaining its role as a catalyst for Indonesia's national economic growth. This aspiration reflects the Bank's commitment to create sustainable value for all stakeholders: customers, employees, shareholders, society, and regulator. To realise this vision, the Bank has established its mission of providing integrated and innovative financial solutions based on technology with excellent service, focused on customer satisfaction, financial inclusion, and increasing value for shareholders, to drive Indonesia's economic growth to be competitive on a global level.

As a financial institution with core competence in wholesale banking, the Bank aims to become the benchmark wholesale bank in Southeast Asia, positioning itself as the preferred financial partner for corporations, State-Owned Enterprises ("**SOEs**"), financial institutions, and governments. Strengthening its wholesale banking position will also serve as a key growth driver for its Retail Banking segment, supported by value-chain linkages within the Bank's wholesale client ecosystem. In the retail segment, the Bank strives to provide comprehensive, inclusive, and technology-driven banking solutions that serve all customer groups and generations. Through initiatives such as *Livin' by Mandiri*, the Bank continues to enhance financial inclusion and accessibility for individuals across various socio-economic levels, while also expanding services in wealth management and productive micro segments. This strategy reinforces the Bank's aspiration to promote financial prosperity by offering digital, accessible, and relevant banking services that meet the evolving needs of society.

In pursuing these goals, the Bank maintains a strong focus on enhancing synergy across the Group entities to establish a more efficient, innovative, and future-ready financial conglomerate. The Bank expects integration among business units to create added value for shareholders while delivering comprehensive products and services to customers, fostering a robust and holistic financial ecosystem. The Bank also continues to strengthen its corporate fundamentals to support aggressive, yet prudent and sustainable business growth. This strategic focus covers key areas such as People, IT Digital & Operations, Environmental, Social & Governance (ESG), and Risk Management.

In the area of human capital, the Bank is advancing organisational and cultural transformation to nurture a workforce capable of competing in both national and international markets. This transformation ensures that every individual possesses strong competencies and contributes meaningfully to Indonesia's economic growth. Within IT, Digital, and Operations, the Bank strives to become a customer-centric digital banking leader, focusing on continuous technological innovation and operational excellence. The transformation aims to build an innovative, integrated, and digital-ready banking ecosystem that meets customer needs efficiently and securely. Through quick, reliable, and affordable digital services, the Bank aims to enhance its operational efficiency and strengthen its competitive edge as a leading financial institution in Southeast Asia.

The Bank is equally committed to upholding Environmental, Social & Governance ("**ESG**") principles to advance its vision of becoming a "Sustainability Champion for a Better Future". This commitment is implemented through three main pillars: sustainable banking by providing financing for sustainable development; sustainable operations by adopting environmentally responsible practices; and sustainability beyond banking by engaging communities in long-term sustainability initiatives. In line with its targets of achieving Net Zero Emissions in Operations by 2030, the Bank has consistently integrated ESG principles across its business and operational activities which includes enhancing the management and monitoring of operational emissions, improving energy efficiency initiatives, and embedding climate-related considerations into internal policies and governance processes. In addition, the Bank has continued to align its financing portfolio with applicable sustainability frameworks and integrate climate risk management and ESG principles within its credit and portfolio management processes in order to achieve its target of Net Zero in Financing by 2060.

In risk management, the Bank applies a proactive and adaptive approach to safeguard financial and operational stability. This integrated framework enables the Bank to identify, manage, and mitigate risks effectively in a dynamic business environment while maintaining full compliance with applicable regulations and global standards.

2026 focus

In 2026, the Bank will focus on enhancing profitability through solid business growth to maintain healthy and sustainable performance.

The Bank will reinforce ecosystem synergy across its Wholesale and Retail Banking segments, as well as its Subsidiaries segment, to optimise the value chain, increase the volume of loan disbursements and third-party funds, and expand its customer base through integrated cross-entity collaborations within the Group.

The Bank will continue to accelerate transactional growth and recurring fee-based income by optimising Livin', Kopra, and treasury services, in order to strengthen CASA growth, maintain efficient cost of funds, and ensure healthy liquidity, while increasing transaction volumes and margins.

In addition, the Bank will intensify end-to-end digital transformation and operational efficiency, strengthen execution discipline, and enhance employee capabilities to improve productivity, agility, and process stability.

The Bank remains committed to balanced and sustainable growth through prudent portfolio management, strong capital structure, and adaptive risk management.

Recent Developments

Deconsolidation of Bank Syariah Indonesia

In December 2025, shareholders of PT Bank Syariah Indonesia Tbk ("**Bank Syariah Indonesia**"), a subsidiary of the Bank, approved certain amendments to Bank Syariah Indonesia's articles of association. Following such amendments, BP BUMN (acting as the representative of the Government, holder of the Series A Dwiwarna Shares in Bank Syariah Indonesia) issued letter No. S-55/BP/01/2026 dated 27 January 2026. Pursuant to such letter, the Government revoked the Special Power of Attorney No. SKK-43/MBU/06/2022 dated 24 June 2022 that was previously granted by the Government to the Bank to exercise the Government's authority as holder of Series A Dwiwarna Shares in Bank Syariah Indonesia. The letter also detailed the grant of a new power of attorney by the Government to PT Danantara Asset Management (Persero) to exercise the same rights on behalf of the Government, replacing the Bank.

Notwithstanding the revocation of the abovementioned power of attorney, as of the date of this Offering Circular the Bank retains its majority stake of 51.47% in Bank Syariah Indonesia and continues to exercise significant influence over it. However, the revocation of the special power of attorney resulted in the Bank being deemed to have lost control over Bank Syariah Indonesia in accordance with the criteria of prevailing Indonesian financial accounting standards. Accordingly, with effect from 1 February 2026, the Bank has deconsolidated the financial statement of Bank Syariah Indonesia (the "**Deconsolidation**"), resulting in the Bank's derecognition of net assets of Bank Syariah Indonesia amounting to Rp49,419,851 and non-controlling interest in equity amounting to Rp23,844,295. With effect from 1 February 2026, the Bank has adopted equity accounting in recording investment in Bank Syariah Indonesia according to the portion of share ownership in Bank Syariah Indonesia and recognises the share of profit or loss in Bank Syariah Indonesia according to the portion of share ownership based on the Statement of Financial Accounting Standards 228 "Investments in Associates and Joint Ventures".

As a result of the Deconsolidation, the Group's financial statements for the years ended 31 December 2024 and 2025, and for the six-month period ended 30 June 2025 may not be comparable to the Group's financials going forward, as they do not reflect the Group's financial position following the Deconsolidation. See "*Risk Factors – Risks relating to the Bank – The deconsolidation of PT Bank Syariah Indonesia Tbk will result in a significant decrease in the Bank's reported consolidated assets and revenue, and its historical financial results will no longer be comparable to future periods*" for more details.

Key milestones of the Bank

The following are the key milestones of the Bank:

Year	Milestone
1998	Established on 2 October 1998, the Bank was part of a banking restructuring programme implemented by the Government of Indonesia.
1999	In July 1999, four Government-owned Banks, Bank Ekspor Impor Indonesia, Bank Dagang Negara, Bank Bumi Daya, and Bank Pembangunan Indonesia were merged into one entity called Bank Mandiri.
2003	The Bank conducted an Initial Public Offering (IPO).
2005	The Bank launched Transformation Phase 1 to 2010, intending to become a superior bank at the level of regional champion. Transformation was carried out via four main strategies, namely cultural implementation, aggressive control of non-performing loans, increasing business growth that exceeds market growth averages, and developing and managing alliance programmes between directorates.
2006-2007	The Bank ran the 'Back on Track' Transformation Programme as part of Transformation Phase I which focused on reconstructing the fundamentals of the Bank.
2008-2009	Continuing the programme of the previous year, this year the Bank implemented Transformation Programme Phase 2, 'Outperform the Market', which focused on business expansion to ensure significant growth in various business segments and achieve a level of profit that exceeds the market average target.
2010	This year was the last phase in the Transformation series, 'Shaping the End Game', which had been running since 2005, where the Bank aimed to become the leading regional bank through consolidating its financial services business and prioritising opportunities for non-organic growth strategies. Through this transformation process, the Bank had consistently managed to improve its performance as reflected in improvements of various financial indicators.
2011	The Bank conducted a rights issue, issuing 2,336,838,591 shares at a price of Rp5,000 per share. This year was also the initial stage of the implementation of the Advanced Transformation in 2010-2014. In this phase, the Bank had revitalised its vision of becoming the 'most admired and progressive Indonesian Financial Institution'.
2012	Continued transformation in 2012 was carried out through Business Transformation, which focused on three main areas, namely Wholesale Transaction, Retail Deposit, and Payment and Retail Financing.
2014	The Bank succeeded in carrying out the second phase of the transformation and was preparing to continue Corporate Plan 2015-2020.

Year	Milestone
2015	This year was a new chapter in Transformation Phase 3 to become 'The Best Bank in ASEAN 2020'. Transformation Phase 3 would bring the Bank to becoming a regional player ready to compete in the ASEAN market to provide the best financial services for all customers and the community as well as to be the pride of Indonesia as the best ASEAN financial institution.
2016	The Bank carried out a number of Corporate actions such as the issuance of continuing bonds, Asset Backed Securities in the form of Participation Letters (EBA-SP), with its total asset value exceeding Rp1,000 trillion.
2017	The Bank began implementing the Corporate Plan Restart which was announced in September 2016. As a result of implementing this strategy, the Bank's annual net profit grew significantly by 49.5%.
2018	The Bank implemented the new culture in early 2018. The application of this new culture succeeded in making it rank 11th out of the world's 500 best companies in terms of work environment or 'The World Best Employers 2018' of *Forbes Magazine*. As a new source of funding, this year the Bank issued in Bank Mandiri continuing Bonds Phase III Year 2018 of Rp3 trillion. The company also issued Bank Mandiri Medium Term Notes I in 2018 to a total of Rp500 billion.
2019	The Bank issued Euro Medium Term Notes (EMTN) with a value of US$750 million (full amount), which were listed on the SGX-ST. This was the highest Global Bond transaction made by an Indonesian bank.
2020	The Bank raised Rp475 billion by securitising corporate loan assets through collective investment contract asset-backed securities (KIK EBA). In May, the Bank issued Rp1 trillion of domestic bonds, as well as US$500 million Euro Medium Term Notes. The EMTNs were listed on the SGX-ST.
2021	On 19 April 2021, the Bank issued its inaugural US dollar sustainability notes with a size of US$300 million and a maturity of five years under the Programme. This transaction was the first Green Social and Sustainability Bond issuance from the Indonesia Banking Sector in 2021 and recorded the largest oversubscription rate among all issuances from Indonesia in 2021 at more than 8.3x (final order book). The Bank also launched (i) Livin' by Mandiri – a retail app service which carries the concept of a branch in hand with complete financial services (comprehensive banking experience), including integration of the Group subsidiary services (full-suite financial services) and customer favourite digital ecosystem (open ecosystem); and (ii) Kopra by Mandiri – a wholesale digital platform that provides digital single access services, as well as being a centre for information and financial transaction activities for the business community of business actors in the Wholesale Banking segment with its ecosystem from end to end.

Year	Milestone
2022	As part of the Bank's commitment to accelerating digital migration for customers, in addition to launching Kopra by Mandiri and Livin' by Mandiri, the Bank simultaneously transformed 241 branches in Indonesia into Smart Branches on 29 July 2022, where customers experience a fast, easy and safe banking experience with the support of digital technology. Smart Branches are divided into three types, namely Digital Box, Hybrid Branch and Upgrade Branch. Each type of branch provides a different experience to meet various customer needs. The Bank also improved the Livin' by Mandiri application by launching the Livin' Sukha feature as a one-stop solution for all of the customers' lifestyle needs, which provides easy transactions in customers' daily lives. The Bank's share price reached an all-time high of Rp10,900 on 6 December 2022 and as of 30 December 2022 recorded a year-on-year growth of 41.3%. The Bank made additional equity participation in Bank Syariah Indonesia of Rp2.8 trillion in order to support business and operational activities as well as the Indonesian Sharia economy.
2023	The Bank held the Mandiri ESG Festival by launching digital carbon insetting, the first pre-paid card made of recycled materials in Indonesia, and NZE Operational 2030 commitment. The Bank's commitment to continue to provide the best service and performance received recognition from various parties, including LinkedIn Top Companies 2023 as the Best Place to Work to Develop a Career in Indonesia, Forbes World's Best Bank 2023 as the Number 1 State-Owned Bank in Indonesia, and AIBP Innovation Awards 2023 from the ASEAN Innovation Business Platform. The Bank also became Wise Platform's first partner in Indonesia, allowing it to provide money transfer services overseas. By integrating Wise Platform, a financial technology company that provides global money transfer services, the Bank is able to offer its approximately 16 million users the ability to send money affordably in five currencies. The Bank continues to demonstrate its commitment to supporting Indonesia's transition to NZE through the issuance of the Bank's Shelf-Registration Public Offering Phase I of 2023 Green Bond of Rp5 trillion. The Bank launched the new Livin' Sukha 2.0 service, which provides a more captivating customer experience by enabling access to entertainment content and daily lifestyle transactions. As of October 2023, Livin' by Mandiri has been downloaded approximately 34 million times with a transaction value of Rp2,600 trillion or an annual increase of 36% year-on-year. The Bank unveiled a new cross-border product, Kopra Beyond Borders, to meet the needs of corporate customers abroad. This makes integrated digital financial access for its customers easier to achieve. As of August 2023, a total of 677 transactions with a total value of Rp12,466 trillion have been successfully processed by the Bank. The growth of Kopra by Mandiri also increased by 133% year-on-year to approximately 146,000 registered users in 2023.

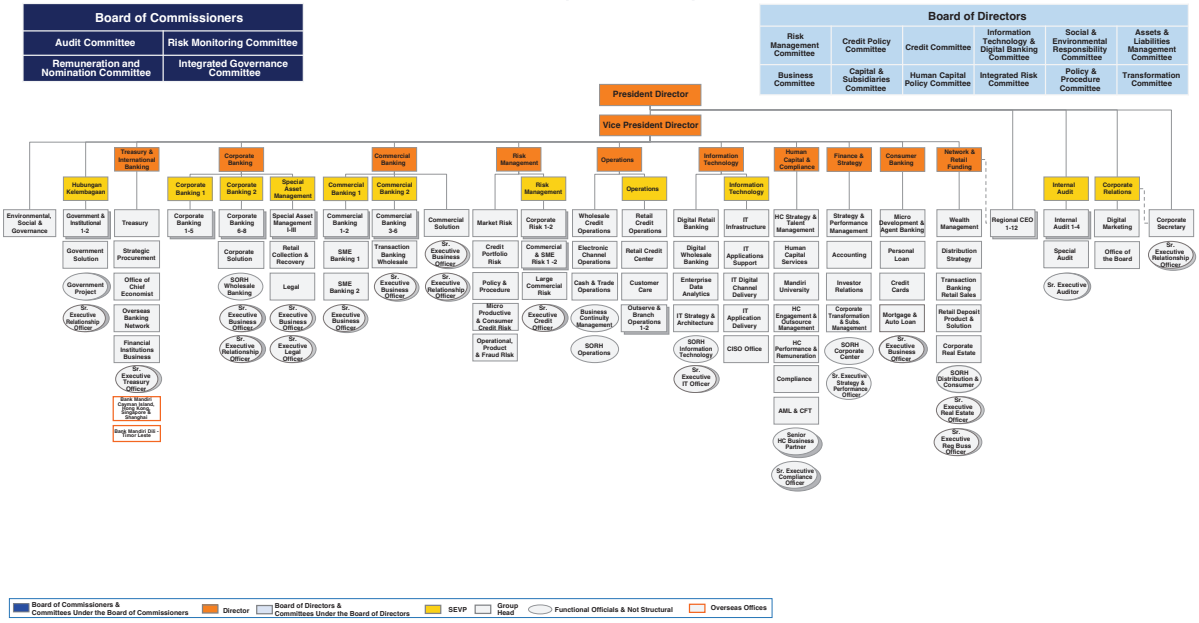
Year	Milestone
	The Bank became the market leader in channelling green financing amounting to Rp129 trillion, an increase of 21.4% year-on-year. This is a tangible form of the Bank's implementation of sustainable finance, as well as a demonstration of its commitment to support Indonesia's transition to NZE in 2060 and Indonesia's achievement of the UN SDGs.
2024	The Bank launched several digital service products to meet the increasingly diverse needs of customers who are increasingly dependent on mobile-based services: Mandiri Debit Contactless, Mandiri Kredit Contactless, and Tap to Pay. These products can be used with the "Tap" method on electronic data capture machines. As part of its efforts to optimise its business internationally, the Bank launched the Livin' by Mandiri Timor-Leste application, reflecting its commitment to meeting the needs of customers in Timor-Leste for financial services. The Bank expected the presence of Livin' by Mandiri Timor-Leste to serve as a digital financial solution for all segments of society in Timor-Leste.
2025	On 25 March 2025, the annual general meeting of shareholders approved the Bank's share buyback plan with a maximum total value of Rp1.17 trillion, inclusive of related execution costs and in accordance with applicable laws and regulations. The meeting also approved the transfer of treasury shares resulting from the buyback for the implementation of the Employee, Board of Directors, and Board of Commissioners Share Ownership Programs, as well as other transfers approved by the Financial Services Authority (OJK). The Board of Directors was authorised to execute and/or terminate the buyback process and manage the transfer of treasury shares in compliance with prevailing regulations and with the approval of the Series A Dwiwarna Shareholder. On 10 October 2025, the Bank published its Sustainability Bond Report 2025, reaffirming its commitment to sustainable finance with a green portfolio reaching Rp148 trillion. The report forms part of the Bank's annual transparency to investors and reflects the Bank's active role in supporting the transition toward a green economy and the achievement of the Sustainable Development Goals (SDGs).
2026	On 29 April 2026, the annual general meeting of shareholders approved the Bank's share buyback plan with a maximum total value of Rp1,167 trillion, inclusive of related execution costs and in accordance with applicable laws and regulations. The meeting also approved the transfer of treasury shares resulting from the buyback for the implementation of the Employee, Board of Directors, and Board of Commissioners Share Ownership Programs, as well as other transfers approved by the Financial Services Authority (OJK). The Board of Directors was authorised to execute and/or terminate the buyback process and manage the transfer of treasury shares in compliance with prevailing regulations and with the approval of the Series A Dwiwarna Shareholder.

Organisational structure

To better serve the needs of the Bank's customers and to support the Bank's focus on its business strategy, operational efficiency and performance, the Bank organises its revenue-generating operations by customer segments.

These segments are supported by the Bank's strategic function units, whose role is to provide operational support and to increase the operational efficiency of the groups. Each segment is also supported by the Bank's Risk Management Division, which seeks to ensure that the relevant risk management policies and procedures are properly implemented. See "*Risk Management*".

ORGANIZATIONAL STRUCTURE OF PT BANK MANDIRI (PERSERO) TBK



Operational segments

The Bank conducts its business through its operational segments. The Wholesale Banking segment is composed of the Corporate Banking, Commercial Banking, and Institutional Banking units. The Corporate Banking unit provides banking products and services to the 150 largest publicly listed and other Government and private companies, each with gross annual sales (GAS) of more than Rp2 trillion. The Commercial Banking unit provides banking services primarily to small and medium-sized enterprises with gross annual sales above Rp50 billion and up to Rp2 trillion, and provincial and municipal customers. The Institutional Banking unit services Government institutions, including state-owned pension funds, providing these customers principally with deposit products. The Bank's Retail Banking segment consists of the individual/consumer, SME, Micro, and Wealth Management sub-segments, providing a broad range of financial products and services tailored to these customer groups. The Treasury and International Banking segment manages the Bank's treasury activities, including foreign exchange transactions, fixed income, international banking, capital markets, and supervision of foreign offices.

The Bank offers other services including insurance and other financing (e.g., motor financing) via its subsidiaries.

The following table provides information on the net income (computed as the sum of net interest and fee-based income, less operating and provision expenses) contribution of the Bank's core business group customers on a consolidated basis:

	For the year ended 31 December					For the six-month period ended 30 June				
	2024		2025			2025		2026		
	(Rupiah trillion, except percentages)		(Rupiah trillion)	(US$ billion, except percentages)		(Rupiah trillion, except percentages)		(Rupiah trillion)	(US$ billion, except percentages)

(1) Includes elimination of internal transfer pricing or reclassification among operating segments and elimination for subsidiaries.

Credit policy and procedures

The Bank's Credit Policy and Procedures cover several main areas: Hierarchy Policy, Company Credit Policies and Procedures (which include the "**Credit Standard Procedures**" for each business segment) and the Credit Lending Process.

The Bank's Credit Policy and Procedures serve as guidelines for all of the Bank's units responsible for loan disbursements to ensure that the Bank's loan disbursements comply with prudent lending principles and maintain the asset quality of the Bank's loans.

In general, the credit granting process is governed by the Bank's Credit Policy and Procedures. The various stages of the Bank's credit granting process are further detailed below.

Target Market

Target Market is the Bank's early identification of business fields/potential borrowers as well as to be financed by a business unit in accordance with its business guidelines and priorities.

Credit Proposal

In assessing a credit application, the Bank adheres to the following principles:

- A credit proposal should be made in writing, for new credits, renewal of the credit tenor, additional credit limit or other credit applications.

- A credit proposal should contain information that meets the requirements set out in the Bank's regulations.

Credit Analysis

In conducting a credit analysis, the Bank considers the following principles:

- The granting of credit shall be based on sufficient and reasonable data and information on the (potential) borrower to conduct credit analysis and risk assessment.

- The type, format and depth of the credit analysis is in accordance with the amount and type of the credit.

- The granting of credit should be based on a written qualitative and quantitative analysis.

- The granting of credit should reflect the concept of total relationship between the (prospective) borrower and the Bank.

A credit analysis must, at a minimum, include an assessment of the character, capacity, capital, collateral, and business prospects of the borrower and an assessment of the source of repayment.

When granting credit, the Bank must consider the ability and capacity of the (prospective) borrower to repay the credit in accordance with the agreement. Credit analysis and risk assessment is based on data and information from the (prospective) debtor, taking into account applicable regulations.

Covenants

A covenant is a credit term that is determined by the Bank and agreed to by the borrower and is set out in the loan agreement that binds the borrower to undertake and/or not to undertake a particular action during the term of the credit facility.

The stipulation of a covenant by the Bank is based on its analysis of the borrower's credit structure.

Non-fulfilment of a covenant by the borrower constitutes an event of default and also functions as an early warning mechanism that entitles the Bank to take appropriate safeguarding measure in accordance with the relevant loan agreement between the Bank and such borrower.

Credit Recommendations

A credit recommendation is drawn up in writing based on the results of the credit analysis that has been conducted. The content of a credit recommendation will be in accordance with the conclusions of the credit analysis.

Credit Decisions

A credit decision takes into account the credit analysis and its recommendations. Any credit decision that differs from the recommendation should be explained in writing. To get obtain better information as part of the credit decision-making process, the Bank may retain an independent third party to provide a written description of the financial condition of the (prospective) debtor.

(1) Unassigned funds represented 0.32% of the total deposit portfolio (Rp5.27 trillion) that have not been allocated to a specific segment.

(2) Unassigned funds represented 0.24% of the total deposit portfolio (Rp4.06 trillion) that have not been allocated to a specific segment

The Bank's total deposits from customers (standalone) amounted to Rp1,710.03 trillion (US$95.64 billion) as of 30 June 2026 as compared to Rp1,674.68 trillion (US$93.66 billion) as of 31 December 2025 and Rp1,326.89 trillion as of 31 December 2024.

Net interest, sharia[6] and premium income

The Bank generates interest income from loans, Government bonds, marketable securities, placements with other banks and Bank Indonesia, and Sharia[7] revenue from margins and profit sharing. The Bank generated net interest, sharia[8] and premium income (consolidated) of Rp106.76 trillion (US$5.97 billion) in 2025 and net interest and premium income (consolidated) of Rp48.33 trillion (US$2.70 billion) for 1H2026. The following table shows the Bank's total net interest income (expense), by group (consolidated), as of the dates indicated:

	For the year ended 31 December					For the six-month period ended 30 June				
	2024		2025			2025		2026		
	(Rupiah trillion, except percentages)		(Rupiah trillion)	(US$ billion, except percentages)		(Rupiah trillion, except percentages)		(Rupiah trillion)	(US$ billion, except percentages)	
Wholesale	21.65	20.65%	24.19	1.35	22.66%	10.90	20.79%	16.18	0.91	33.49%
Corporate	12.37	11.87%	12.98	0.73	12.16%	5.85	11.16%	8.67	0.49	17.94%

The Bank's total operating income (consolidated) increased to Rp154.76 trillion (US$8.66 billion) in 2025, from Rp146.45 trillion in 2024, and decreased to Rp70.70 trillion (US$3.95 billion) in 1H2026, from Rp73.23 trillion in 1H2025 due to the deconsolidation of the Bank's Sharia banking operations[8].

Corporate Banking

Overview

The Corporate Banking unit of the Bank's Wholesale Banking segment serves Indonesia's leading publicly listed companies (both private and state-owned) and large unlisted companies with gross annual sales of more than Rp2 trillion. The Bank's Corporate Banking unit offers a range of banking products and services as well as financial advisory services, underwriting and securities trading and brokerage services through PT Mandiri Sekuritas, the Bank's investment banking subsidiary.

The Bank has a number of competitive strengths in the Corporate Banking segment, including:

- diversification across various priority sectors (such as plantation, electricity, food and beverage, mining, oil and gas, and fertiliser);

- strong capitalisation allowing the Bank to support the borrowing needs of large corporate clients with higher borrower limits; and

- a broad suite of banking and non-banking products, supported by a superior corporate governance process, risk management strategy and IT infrastructure.

The Bank's leading market position in the corporate segment provides opportunities to promote lending and fee-based services in other segments, including opportunities with the Bank's clients' employees and business partners throughout the value chains. The Bank cross-sells commercial, treasury, micro and retail banking services as well as consumer finance products.

The Bank's main strategies for developing the Corporate Banking business are:

(1) Portfolio strategy: maintaining the quality of its already strong portfolio by focusing on sectors in which the Bank has extensive expertise and experience, and also "green" sectors that have significant long-term potential.

(2) Business strategy: developing human resource and technology to optimise business interactions with customers, incorporating new financing techniques in the form of advanced structured financing, and leveraging on synergies among the subsidiaries of the Bank.

(3) Operational strategy: strengthening pipeline management execution and credit monitoring as well as enhancing cross-selling and transaction banking.

Lending products

The Bank's Corporate Banking loans include working capital, term and syndicated loan facilities, as well as non-funded loan facilities such as bank guarantees and letters of credit. The Bank's total loans to corporate customers (standalone, excluding loans managed by the Special Asset Management Group) increased from Rp515.39 trillion as of 31 December 2024 to Rp636.60 trillion (US$35.60 billion) as of 31 December 2025 and Rp710.00 trillion (US$39.70 billion) as of 30 June 2026. As of 30 June 2026, the corporate loan portfolio represented 44.60% of the Bank's total loan portfolio.

The Bank's key corporate loan products include:

- *Mandiri Kredit Investasi*: Credit facility provided to finance the needs for capital goods in order to rehabilitate, modernise, expand or establish new projects and/or other purposes pertaining to investments.

- *Mandiri Kredit Modal Kerja*: Loan facility provided to meet the need for working capital consumables in one business cycle and/or special working capital to finance inventory/ receivable/project or other special needs.

The Bank provides short term Rupiah- and US dollar-denominated working capital loans with maturities of up to one year, which may be rolled forward, and typically with floating interest rates.

As of 30 June 2026, working capital loans represented 25.43% of corporate loans (standalone) and 11.07% of the Bank's total consolidated loan and financing portfolio.

The Bank also provides long-term Rupiah and foreign currency loans for capital expenditure and project finance. These loans typically have maturities of two to 15 years and 6.31% interest rates. As of 30 June 2026, investment corporate loans represented 67.77% of the Bank's corporate loans (standalone) and 29.51% of the Bank's total consolidated loan and financing portfolio.

Most of the Bank's loans are bilateral loans in which it is the sole lender, although the Bank is active in syndicating larger corporate loans. As of 30 June 2026, syndicated loans represented 22.54% of corporate loans (standalone) and 9.81% of the Bank's total consolidated loan and financing portfolio. The Bank also acts as arranger, facility agent, security agent and escrow agent in connection with syndicated financings and provides syndicated loans through its overseas branches.

As of 30 June 2026, 70.07% of corporate loans (standalone) were denominated in Rupiah. Some of the Bank's loans to corporate customers are collateralised by tangible and financial assets, including the asset being financed in the case of the relevant investment or project loans.

Collateral may include land, building or machinery for an investment loan or inventory and receivables for a working capital loan. The Bank seeks to revalue collateral in the form of fixed assets periodically. The Bank typically values collateral based on its estimated fair market value, which may be higher than the amount it would be able to recover through a liquidation process.

Deposit products

The Bank offers its corporate customers demand deposit, time deposit and savings deposit products. As of 30 June 2026, the Bank had total deposits (standalone) of Rp484.26 trillion (US$27.08 billion) from 5,839 corporate customers. As of 30 June 2026, deposits from corporate customers represented 28.32% of the Bank's total deposits from customers. The Bank has focused on reducing its reliance on relatively costly time deposits and decreasing its cost of funds by improving the cash management infrastructure and selectively extending special rates for key corporate customers in accordance with customer profitability analysis. As of 30 June 2026, low-cost funds (comprising demand deposits and savings accounts) constituted 72.82% of the total deposits from corporate customers. In addition, as of 30 June 2026, 1,268 corporate customers have used the Corporate Banking's cash management services, a number that the Bank hopes to increase as part of the cross-selling product strategy to improve its funding mix.

The Bank offers demand deposit accounts denominated in Rupiah and several foreign currencies, including US dollars, Euros, Chinese Yuan, Japanese yen, Hongkong Dollar, Malaysian Ringgit, Singapore dollars, Australian Dollar, and pounds Sterling. Demand deposits bear interest at variable rates. As of 30 June 2026, demand deposits denominated in US dollars accounted for

39.43% of the total demand deposits (on a Rupiah basis) of corporate customers with 59.19% denominated in Rupiah. The Bank also offers time deposits, which unlike regular savings deposits, may not be withdrawn prior to an agreed maturity of 1, 3 and 6 months. At maturity, the principal and accrued interest is payable to the customer and the aggregate amount may be rolled. Customers may also choose to have their interest paid on a monthly basis. As of 30 June 2026, corporate customers accounted for aggregate time deposits of Rp131.62 trillion (US$7.36 billion), constituting 27.18% of total deposits (standalone) from corporate customers. As of 30 June 2026, the Rupiah-denominated time deposits to corporate customers represented 60.52% of total time deposits to corporate customers.

The Bank's cost of funds for Rupiah-denominated and foreign currency-denominated time deposits to corporate customers were 5.29% and 4.68% for the year ended 31 December 2025 and 5.75% and 4.45% for 1H2026 respectively, as compared to 5.32% and 4.22% for the year ended 31 December 2024 and 5.67% and 4.82% for 1H2025 respectively. Finally, the Bank also offers a payroll benefit service that allows employee payroll cheques of corporate customers to be deposited directly into employees' payroll accounts and provides special consumer products offerings to employees. This has both strengthened the Bank's corporate relationships and allowed it to leverage these relationships to expand its consumer lending and retail deposit bases.

The following table sets forth the deposits from customers by type and currency for Corporate Banking customers as of the dates indicated:

	As of 31 December					As of 30 June		
	2024		2025			2026		
	(Rupiah trillion, except percentages)		(Rupiah trillion)	(US$ billion, except percentages)		(Rupiah trillion)	(US$ billion, except percentages)	
By type								
Demand deposits (*giro*)	266.26	80.79%	282.75	15.81	69.89%	330.65	18.49	68.28%
Savings deposits (*tabungan*)	22.88	6.94%	19.37	1.08	4.79%	21.99	1.23	4.54%
Time deposits (*deposito*)	40.43	12.27%	102.48	5.73	25.33%	131.62	7.36	27.18%
Subtotal	**329.57**	**100.00%**	**404.60**	**22.63**	**100.00%**	**484.26**	**27.08**	**100.00%**
By currency								
Rupiah	191.48	58.10%	278.18	15.56	68.75%	292.74	16.37	60.45%
Non-Rupiah	138.09	41.90%	126.42	7.07	31.25%	191.52	10.71	39.55%
Subtotal	**329.57**	**100.00%**	**404.60**	**22.63**	**100.00%**	**484.26**	**27.08**	**100.00%**

The Bank's total deposits from customers in the Corporate Banking segment (i) increased to Rp404.60 trillion (US$22.63 billion) as of 31 December 2025, compared to Rp329.57 trillion as of 31 December 2024, primarily due to the increase in time deposits from Corporate Banking customers to Rp102.48 trillion (US$5.73 billion) as of 31 December 2025 compared to Rp40.43 trillion as of 31 December 2024 and (ii) increased to Rp484.26 trillion (US$27.08 billion) as of 30 June 2026, compared to Rp404.60 trillion (US$22.63 billion) as of 31 December 2025, primarily due to the increase in demand deposits from corporate banking customers to Rp330.65 trillion (US$18.49 billion) as of 30 June 2026 compared to Rp282.75 trillion (US$15.81 billion) as of 31 December 2025.

Other services

The Bank also provides its corporate customers with bank guarantees, letters of credit, foreign exchange facilities and cash management services in line with the long-term strategy to develop its wholesale transactional banking business. The Bank's business units are each directed to explore all of the potential transactional and payments system needs of the corporate customers

and their associated suppliers, distributors and customers. Through a closed-loop ecosystem strategy and treasury and syndication activities, the Bank is able to optimise the utilisation of third-party funds and enhance its profitability. In 2025, other operating income from corporate customers was Rp4,185.14 billion (US$234.07 million), an increase of 5.95% from Rp3,950.03 billion in 2024. For 1H2026, other operating income from corporate customers was Rp2,013.11 billion (US$112.59 million), an increase of 38.03% from Rp1,458.51 billion for 1H2025.

Commercial Banking

Overview

The Commercial Banking provides a range of lending (including multi-finance business entities) and deposit products as well as value-added, fee-based services to corporate entities with gross annual sales above Rp50 billion and up to Rp2 trillion or a credit limit of more than Rp25 billion along with their business groups. Commercial Banking customers also include provincial and funding customers across Indonesia such as rural banks, local government units, regional government-owned enterprises including local public hospitals and water utilities and universities. Primary targets for the Bank's Commercial Banking products include suppliers, contractors and sub-contractors that support the Bank's corporate banking customers across the value chain. Palm oil and crude palm oil plantations, sea transportation, multifinance, energy, and healthcare, account for the largest amounts of Commercial Banking loans as of the date of the Offering Circular.

The Bank believes that it has a number of competitive strengths in the Commercial Banking segment, namely:

- 33 widely dispersed units of Commercial Banking channels, including 18 Commercial Banking Centres located at 12 regions and 15 Large Commercial Banking units which serve specific sectors and bigger loan sizes. The organisation is fit to provide a wide range of services to customers across the regions and more specific support for larger Commercial Banking customers as well;

- extensive experience, geographic presence over regions and a strong customer base in the Commercial Banking segment; and

- large opportunities to develop a relationship with existing customers to leverage value chain business through financial solutions.

The Commercial Banking segment has become a key element of the business in the Bank, both in lending and funding. As of 30 June 2026, the Bank had Rp343.22 trillion (US$19.20 billion) in loans to Commercial Banking customers, representing 21.56% of the Bank's total loan portfolio (standalone). The yield of loans issued by the Commercial Banking segment was 6.97% as of 30 June 2026. As at 30 June 2026, most of the Bank's loan portfolio in the Commercial Banking segment comprised customers with credit limits of more than Rp529.83 trillion which amounts to 154.37% of the total portfolio. The Bank believes that its broad customer base provides opportunities to promote its value chain business.

The Bank's main strategies in developing the Commercial Banking business are:

(1) prioritising lending to existing funding and transaction banking customers and to leading participants in high-growth industry sectors across the Bank's regional network;

(2) expanding asset-based lending by maintaining a portfolio mix in accordance with the Bank's portfolio guidelines, with emphasis on financing with attractive and neutral sectors;

(3) growing deposits from borrowing customers and improving liability management, with a focus on increasing the deposit-to-loan ratio relative to working capital facilities;

(4) delivering transaction banking solutions through bundled products to increase third-party funds;

(5) streamlining business processes by deploying information technology systems to enhance operational efficiency, credit monitoring, and cost efficiency;

(6) developing the relationship manager function into a total-solutions provider, offering bundled products to serve all customer business ecosystem needs; and

(7) investing in training and development programmes for relationship managers.

Lending products

Commercial Banking loans (standalone) reached Rp343.22 trillion (US$19.20 billion) as of 30 June 2026, representing 21.56% of the Bank's loan portfolio, an increase of 6.67% compared to Rp 328.31 trillion (US$18.36 billion) as of 31 December 2025. Commercial Banking NPLs amounted to Rp2.16 trillion (US$0.12 billion) as of 30 June 2026. Commercial Banking's Gross NPL Ratio was 0.63% (standalone) as of 30 June 2026, as compared to 0.69% and 1.02% as of 31 December 2025 and 30 June 2025 respectively.

The Commercial Banking unit is currently focusing on lending in the water transportation, financial services and healthcare services sectors which are rated "attractive" and "neutral" by the Bank. In addition, while the palm oil sector is not categorised as an "attractive" sector, it remains one of the Commercial Banking unit's areas of expertise and continues to be selectively pursued by the Bank. The unit adopts the tagline "Total Solutions" and emphasises the bundling of various products for customers, the use of digital channels and generating fee income from low risk products. The Bank's bundled products target not only commercial customers but various parties with which such customers do business in their respective value chains. In addition to increasing loan growth, the Commercial Banking unit seeks to maintain loan quality by focusing on low-credit risk customers as identified by portfolio guidelines.

Deposit products

The Bank offers its Commercial Banking customers demand deposit, time deposit and savings deposit products, similar to those offered to its corporate customers. As of 30 June 2026, the Bank had total deposits of Rp197.63 trillion (US$11.05 billion) from 41,569 commercial customers (standalone). As of 30 June 2026, Rp150.68 trillion (US$8.43 billion) or 76.24% of Commercial Banking unit deposits were low-cost CASA (demand and savings deposits) and Rp46.95 trillion (US$2.63 billion) were time deposits (standalone). The Bank also offers cash management services to its Commercial Banking customers.

Government Institutional Relations

Overview

The Bank established its Government Institutional Relations segment in 2017 to achieve its aspirations as the "Preferred Bank of Choice for Institutional Customers" through the provision of financial solutions supported by the strength of the Mandiri Group collaboration. The primary customer base of the Bank's the Government Institutional Relations segment comprises the Ministries/Institutions Customers Public Service Agencies (BLU) and State-Owned Enterprises (especially non-listed) which currently totals more than 480 institutions.

To build a holistic relationship for its institutional customers, the Bank's Government Institutional Relations segment offers placement of funds (in the form of current accounts and deposits), financing facilities (Investment and Working Capital), system solutions for state revenue (tax, customs, PNBP) and other transaction solutions such as MVA and MHAS (Dashboard System Solution) for vertical hospital institutions and educational institutions.

As a collaboration leader for the Retail Banking segment and other segments, the Bank's Government Institutional Relations segment also covers more than one million retail customers related to Government institutions through the payroll package, KSM GVI package, KPR GVI package as well as Auto Loan (such as the Car Ownership Program and Motorcycle Ownership Program).

In addition, the Bank's Government Institutional Relations segment manages special units that actively participate in encouraging Government programmes. It actively contributes to Government programmes including the Family Hope Programme (PKH), Cash Social Aid (Bansos Sembako), Education Assistance, Mandiri Sahabatku programme, Natural Disaster & Social Disaster Social Handling Assistance, Makan Bergizi Gratis (MBG) Programme and Urban Livin Programme. Day to day, the Government Institutional Relations segment manages approximately 4.10 million beneficiaries of basic food programmes, 2.30 million beneficiaries of the Family Hope programmes, 680,000 beneficiaries of education assistance programmes, 12,700 empowering PMIs through Mandiri Sahabatku programme, 4,579 merchants in the Urban Livin' Programme, provision of social welfare and assistance in response to humanitarian crises), as well as 7,675 Nutritional Supplement Service Units (Satuan Pelayanan Penyediaan Gizi or SPPG) under the National Nutrition Agency (Badan Gizi National or BGN).

The Bank's main strategies for developing the Government Institutional Relations business are:

(a) increasing funding growth through:

    (i) optimising and deepening client relationships and customer transaction optimisation;

    (ii) expanding distribution channels, focusing on strategic areas and providing comprehensive solutions to customers; and

    (iii) acquisition of accounts with potential deposition of funds.

(b) increasing the growth of credit through:

    (i) customer focus on potential sectors to build long-term business relationships with a healthy loan growth and value chain business generation;

    (ii) proactive loan monitoring supported by adequate procedures and policies;

    (iii) development of information systems aimed at sharpening end-to-end credit processes; and

    (iv) receivable financing facilitation offer and increased working capital financing wallet share for existing customers.

(c) increasing fee-based income through:

    (i) enhancing cooperation in providing financial services such as a custody service remittance;

(ii) conducting promotion and socialisation on the use of channels/means of receipt of payment;

(iii) collaboration with IBFI Group to improve Custody business; and

(iv) providing state revenue transaction system solutions.

(d) continuing to support Government transaction activities, especially related to the distribution and receipt of the Government Expenditure Budget ("**APBN**") and non-APBN by accommodating the provision of products and services and optimising e-channels;

(e) supporting the sustainability of the realisation of Government programmes by encouraging collaboration both internally and externally by the Bank;

(f) leveraging the Bank's relationship with Government and institutional clients as entry points for new core businesses and affiliated companies through bundling product and payroll package solutions to customers in Government ministries, institutions and state-owned enterprises; and

(g) strengthening the Bank's risk management through the improvement of human resources competence as well as risk management control in order to increase business growth in a sustainable manner.

Lending products

As of 31 December 2025, the Bank had total loans to Government Institutional customers of Rp121.12 trillion (US$6.77 billion), representing 8.09% of the Bank's total loan portfolio (standalone), and an increase of 25.73% on an annual basis from Rp96.34 trillion as of 31 December 2024. The increase of the Government Institutional Relations loan segment was contributed to by foreign exchange financing. The amount of foreign currency financing has increased from the initial Rp50.32 trillion in 2024 to Rp70.75 trillion at the end of 2025.

As of 30 June 2026, the Bank had total loans to Government Institutional customers of Rp126.10 trillion (US$7.05 billion), representing 7.92% of the Bank's total loan portfolio (standalone), and an increase of 4.11% from Rp121.12 trillion (US$6.77 billion) as of 31 December 2025. This increase was primarily due to the increase in foreign exchange financing from the initial Rp70.75 trillion as of 31 December 2025 to Rp82.48 trillion as of 30 June 2026.

The credit quality of the Government Institutional Relations segment is reflected by its 0.00% NPLs ratio in its portfolio of Rp126.10 trillion, as of 30 June 2026. The success in maintaining the loan quality of the Government Institutional Relations segment was driven by the provision of highly selective financing that focuses on Government projects/programmes related to the APBN.

In addition to maintaining credit quality, the Bank also carries out the following:

- reviewing collections and watch list analysis periodically and in an orderly manner;
- monitoring the fulfilment of credit obligations before maturity;
- meeting and maintaining the terms and conditions set forth in the credit agreement; and
- improving business processes by increasing the effectiveness of the credit extension process simultaneously with customers in one debtor group and credit extension three months before maturity.

Deposit products

The Bank offers its Government Institutional customers demand deposit, time deposit and savings deposit products similar to corporate customers. As of 30 June 2026, the Bank had total deposits of Rp236.51 trillion (US$13.23 billion) from Government Institutional customers, a decrease from Rp272.71 trillion (US$15.25 billion) as of 31 December 2025.

Government Institution time deposits in this period reached Rp165.47 trillion as of 30 June 2026, a decrease from Rp192.76 trillion as of 31 December 2025. Time deposit products amounted to 69.97% of the total Government Institution Deposits portfolio as of 30 June 2026. Further, based on the type of customers who placed their funds, Government Institutional relationship fund customers are dominated by many Public Service Agency, Government Business Entity and Ministry customers who contributed more than 91.69% of the total deposits as of 30 June 2026.

Retail Banking

Overview

The Bank's Retail Banking segment serves the business and consumer financing needs of business entities and individuals across a range of banking products, providing loans (including mortgage loans and credit cards), third-party funds, payment transactions, and other financial services. It serves both micro and small business customers, as well as individual consumers, including priority customers.

The Bank's Retail Banking segment is divided into the following sub-segments:

- SMEs: entity or individual borrowers with gross annual sales of less than Rp50 billion or credit limits above Rp500 million and up to Rp50 billion, and certain other corporate borrowers such as cooperatives;

- Micro: entity or individual borrowers with productive credit limits up to Rp500 million or consumptive credit limits up to Rp1 billion;

- Wealth management: individuals with total funds under management with the Bank of at least Rp1 billion; and

- Individual/consumer: other individual customers.

The Retail Banking segment benefits from synergies among the Bank's business units and subsidiaries, such as Bank Mantap, Mandiri Tunas Finance, Mandiri Utama Finance, and Mandiri International Remittance.

The Bank has a number of competitive strengths in the retail banking segment, including:

- an extensive nationwide branch network, with 2,149 branches and supported by 13,014 ATMs;

- a large deposit customer base of 43.73 million retail deposit accounts; and

- opportunities to cross-sell to various counterparties of existing wholesale banking customers across their respective value chains, through payroll and supplier transaction accounts.

The Bank has grown its retail credit business into a core segment, alongside the Corporate Banking segment, and believes it has the potential for further growth while maintaining asset quality. The Bank's core retail loans (consisting of standalone SME, Consumer Loan, Credit Card

and Micro Loan) increased to Rp407.97 trillion (US$22.82 billion) as of 30 June 2026 from Rp404.72 trillion (US$22.64 billion) as of 31 December 2025. Retail Banking segment's Gross NPL Ratio (standalone) increased to 2.77% as of 30 June 2026 from 2.46% and 2.22% as of 31 December 2025 and 30 June 2025 respectively.

Lending products

As of 30 June 2026, consumer, micro loans and credit cards (standalone) were Rp322.61 trillion (US$18.04 billion), an increase of 0.84% from Rp319.90 trillion (US$17.89 billion) as of 31 December 2025.

Deposit products

The Bank offers its retail customers (in the SME, Micro, Individuals and Wealth Management sub-segments) various demand deposit, time deposit and savings deposit products. As of 30 June 2026, the Bank had total deposits of Rp1,710.03 trillion (US$95.64 billion) (standalone). As of 30 June 2026, deposits from retail customers represented 44.64% of the Bank's deposits (standalone). Growth in retail customers business was driven by saving products such as Mandiri Savings, Payroll Savings, Business Savings. Current Accounts and transactional products such as Kopra by Mandiri, Kopra Cash Lite, and Livin' by Mandiri.

The number of the Bank's retail deposit accounts (in the SME, Micro, Individuals and Wealth Management sub-segments consisting of current accounts, saving accounts and time deposits) decreased to 43.73 million accounts as of 30 June 2026 from 46.61 million accounts as of 31 December 2025.

Other products

The Bank also provides retail and micro customers with various products including debit cards, travellers' cheques, safety deposit boxes and automated utility bill payments. The Bank also taps its micro and retail network to distribute mutual fund, pension and insurance products on behalf of the Bank's Wealth Management unit, the Bank's subsidiaries and other partner institutions. For example, the Bank partners with PT Pertamina (Persero), Indonesia's state-owned oil and gas company, to provide payment and other services, including host-to-host payments, retail prepaid gasoline cards, and cash management services in relation to the distribution chain for Pertamina liquid fuel.

Micro Banking

Overview

The Bank's Micro Productive unit handles productive micro lending with a maximum limit of up to Rp500 million to both individual and corporate borrowers and also offers micro deposits (*TabunganMU*). Productive micro loan is divided into two products, namely Government subsidised micro productive loan (KUR or *Kredit Usaha Rakyat*) and non-subsidised micro productive loan (KUM or *Kredit Usaha Mikro*). Micro productive loans are offered through the Sales Generalist Productive unit, and deposits are offered through branchless banking agents.

KUR is a Government-subsidised credit programme aimed to support the development of micro, small and medium enterprises ("**MSMEs**"). Every year, the Government sets and allocates KUR disbursement targets for selected financial institutions, including the Bank. Based on the Regulation of the Coordinating Minister for Economic Affairs No. 1 of 2026 on the People's Business Credit, KUR is disbursed to MSMEs such as potential Indonesian overseas workers and apprentices, family members of overseas workers, workers in border areas and members of

MSME business groups such as the Joint Farmers and Fishermen Group (*Gabungan Kelompok Tani dan Gabungan Kelompok Nelayan* or Gapoktan).

In order to expand its Micro sub-segment, the Bank uses both sales force and digital channels to offer micro retail loan products to customers. Furthermore, the Bank also employs agent banking as part of its branchless banking business. Through these agents, the Bank is able to tap into the unbanked market to conduct financial transactions and provide financial products. The Bank's main strategies for developing its Micro business are as follows:

(1) improving competence of productive salesforce and consumptive salesforce as well as offering more attractive and competitive sales incentive schemes;

(2) sharpening the Group's ecosystem-based leads to target market focus, either through intensification or extensification;

(3) developing and improving early warning system tools for credit monitoring;

(4) improving the process that includes the micro credit process in the branch and utilisation of branchless banking agents in the acquisition of prospective micro debtors;

(5) penetration of KUM loans with limits of up to Rp500 million (approximately US$27,964.21) to new business sectors in order to better diversify KUM portfolios;

(6) disbursing micro productive loans to micro customers with a focus on potential sectors that support the growth of customer value chain businesses related to the Wholesale Banking segment;

(7) cooperation with e-Commerce and Financial Technology in the distribution of micro productive loans to e-Commerce users;

(8) increasing access to finance for micro-class productive businesses through Livin' Merchant by Mandiri;

(9) increasing the growth of deposits, among others, through the development of customer transaction service features both through digital channels and branchless banking agents as well as marketing programmes to encourage business customer transactions; and

(10) strengthening network and branchless banking support systems.

Lending products

As of 31 December 2025, the Bank had total loans to the micro productive segment of Rp99.32 trillion (US$5.55 billion), representing 6.63% of the Bank's total loan portfolio (standalone) and an increase of 9.38% on an annual basis from Rp90.80 trillion as of 31 December 2024. The growth of Micro productive loans in 2025 was driven by KUR loans, which increased from Rp63.91 trillion as of 31 December 2024 to Rp68.51 trillion (US$3.83 billion) (representing 68.98% of the Micro productive loan portfolio) as of 31 December 2025. This growth also demonstrates the Bank's commitment to actively participate in Government programmes to advance the micro and SME sectors in Indonesia.

As of 30 June 2026, the Bank had total loans to the micro productive segment of Rp103.94 trillion (US$5.81 billion), representing 6.53% of the Bank's total loan portfolio (standalone) and an increase of 4.65% from Rp99.32 trillion (US$5.55 billion) as of 31 December 2025. Similarly, the growth of Micro productive loans during this period was driven by KUR loans, which increased by

5.97% from Rp68.51 trillion (US$3.83 billion) as of 31 December 2025 to Rp72.60 trillion (US$4.06 billion) (representing 69.85% of the Micro productive loan portfolio) as of 30 June 2026.

As of 31 December 2025, the NPLs in the micro productive loan segment increased to 1.47% from 1.41% as of 31 December 2024. The increase in NPL in 2025 reflects a post-expansion normalisation and the Bank's NPLs remain well-controlled within the risk appetite, supported by strong coverage and solid capital adequacy. In order to maintain the NPLs, the Bank developed an early warning system and executed specific action plans to ensure debtors were able to fulfil their instalments. The aforementioned strategies allowed the Bank to maintain its micro productive loan quality in 2025. As of 30 June 2026, the Bank's NPLs in the micro productive loan segment amounted to 1.61%.

For the micro consumptive loans, the Bank's consumptive micro lending (*Kredit Serbaguna Mandiri* ("**KSM**")) loans decreased by 1.10% on annual basis from Rp97.23 trillion as of 31 December 2024 to Rp96.17 trillion (US$5.38 billion) as of 31 December 2025 and decreased by 2.12% from Rp96.17 trillion (US$5.38 billion) as of 31 December 2025 to Rp94.13 trillion (US$5.26 billion) as of 30 June 2026.

The NPLs in micro consumptive loans increased to 4.46% as of 31 December 2025 from 2.44% as of 31 December 2024, and to 4.92% as of 30 June 2026 from 3.58% as of 30 June 2025.

Deposit products

The Bank offers its micro banking customers deposits (demand deposit, time deposit and savings deposit products). As of 31 December 2025, deposits from micro customers decreased by 17.66% on an annual basis from Rp59.92 trillion in 2024 to Rp49.34 trillion (US$2.76 billion). Deposits from micro customers also decreased by 5.17% from Rp49.34 trillion (US$2.76 billion) as of 31 December 2025 to Rp46.79 trillion (US$2.62 billion) as of 30 June 2026.

SME Banking

Overview

The Bank's SME Banking unit handles lending to corporate and individual borrowers with gross annual sales of less than Rp50 billion or credit limits above Rp500 million and up to Rp50 billion and certain other corporate borrowers such as cooperatives.

The Bank's main strategies for developing the SME banking business are:

(1) sharpening and focusing the SME target market that is in line with the Bank's core business by prioritising value chain from wholesale banking ecosystem, customer related to government projects, and region's potential customers (expanding business through asset-based credit products; and

(2) improving process, system, and human resources to support the achievement of credit.

Lending products

The Bank's SME banking loans amounted to Rp85.36 trillion (US$4.77 billion) (standalone) as of 30 June 2026 with a NPL ratio of 1.18%. For the last five years, the SME Banking unit focused on improving business processes over loan growth and lending focusing on new SME borrowers in predetermined target markets. As of 30 June 2026, the trading, agriculture, transportation and construction sectors accounted for 51.57% of SME loans (standalone).

Deposit products

Deposits from SME customers increased by 9.27% from Rp280.06 trillion (standalone) as of 31 December 2024 to Rp306.03 trillion (US$17.12 billion) as of 31 December 2025, and decreased by 11.70% from Rp306.03 trillion (US$17.12 billion) as of 31 December 2025 to Rp270.21 trillion (US$15.11 billion) as of 30 June 2026.

Individual/consumer

As at 30 June 2026, the Bank has one of the largest corporate loan portfolio among Indonesian banks. The Bank aims to build upon its market leadership in corporate lending by cross-selling to the employees of its largest corporate clients, particularly payroll accountholders, and other counterparties across various corporate clients' respective value chains. The Bank's Corporate Banking and Retail Banking units and the Bank's subsidiaries collaborate to drive growth using this strategy. As a key driver of Retail Banking segment growth, the Bank's Consumer Loan unit serves the personal needs of such employees and other counterparties by providing key products such as KSM, housing loans and mortgages (KPR), auto loans (KKB), and credit cards. The Bank's Micro Consumptive unit handles KSM with a maximum limit of up to Rp1 billion for individual borrowers.

Consumer loans

The Bank's Consumer Loan unit offers consumer credit through credit cards, home mortgage loans, home equity loans, and personal loans (primarily to employees of the Bank's Corporate and Commercial Banking customers), and the products of Mandiri Tunas Finance and Mandiri Utama Finance (being the automotive and motorcycle finance subsidiaries (each 51.00% owned by the Bank as at 30 June 2026) that operate as part of the Consumer Loan unit).

The Bank believes that its Consumer Loan unit has a number of competitive strengths in the consumer finance sector, namely:

- the ability to cross-sell various consumer financing products, particularly payroll loans, to employees of its wholesale banking customers;

- the ability to expand the Bank's consumer financing products to the employees of the Bank's wholesale clients by leveraging its existing wholesale banking relationships and distribution network, including its digital channels;

- the ability to increase auto loan business through the Bank's subsidiaries, Mandiri Tunas Finance and Mandiri Utama Finance; and

- the Bank's recognised brand among Indonesian consumers.

The key strategies of its consumer loan unit include:

(1) improving product features to enhance competitiveness in the market;

(2) Improving loan processing through business process re-engineering for mortgage and KSM to reduce the end-to-end processing time that would boost overall productivity;

(3) digital channel customer acquisition through Livin' by Mandiri, to ease customers in fulfilling their financing needs (mortgage, auto loan and credit card);

(4) collaboration with the enterprise data analytics unit to supply data as branch leads in making sales;

(5) improving composition of the mortgage business with a focus on the primary segment of mortgages for the purchase of newly built residential properties from tier-1 developers and payroll-based employees;

(6) increasing digital presence of mortgages and auto loans through collaboration with a leading e-commerce marketplace in offering mortgages and increasing credit card transactions through digital commerce channels;

(7) improving collaboration with several leading e-commerce platforms in Indonesia to boost credit card transactions; and

(8) maintaining relationship with the Government to facilitate the Bank's involvement in strategic Government projects.

The following table sets forth the Bank's gross loans (standalone), by type, for the Bank's consumer customers:

	As of 31 December					As of 30 June		
	2024		2025			2026		
	(Rupiah trillion, except percentages)		(Rupiah trillion)	(US$ billion, except percentages)		(Rupiah trillion)	(US$ billion, except percentages)	
Mortgage	65.49	53.35%	69.88	3.91	56.16%	70.90	3.97	56.93%
Auto loans	35.00	28.52%	29.51	1.65	23.72%	26.33	1.47	21.14%
Credit card	19.25	15.68%	21.65	1.21	17.40%	21.98	1.23	17.65%
Others	3.01	2.45%	3.38	0.19	2.72%	5.33	0.30	4.28%
TOTAL CONSUMER LOANS	**122.75**	**100.00%**	**124.42**	**6.96**	**100.00%**	**124.54**	**6.97**	**100.00%**

For consumer loan products, the credit approval process involves evaluating an applicant's income, assets and liabilities, and employment history. The Bank rates applicants by various categories and has implemented a comprehensive credit approval process. The Bank determines the interest rates for the Bank's consumer lending products using a base lending rate plus risk premium.

Retail deposits

The key strategies for the Bank's retail deposit unit are:

(1) improving the acquisition pipeline within the business ecosystem potential and business processes enhancement to support accelerated customer acquisitions;

(2) increasing product usage, customer transactions and product holdings by maximising online channel potential;

(3) optimising potential business from payroll customers (corporate partners and individual payroll customers) through offering special benefits such as payroll package offers based on company size and existing business potential, special pricing schemes, product bundling and insurance; and

(4) increasing individual customer savings by leveraging online channels, partnering with anchor merchants, creating customer loyalty programmes and marketing campaigns that highlight transaction benefits or banking solutions.

The following table summarises the Bank's retail deposits by type of product:

	As of 31 December					As of 30 June		
	2024		2025			2026		
	(Rupiah trillion, except percentages)		(Rupiah trillion)	(US$ billion, except percentages)		(Rupiah trillion)	(US$ billion, except percentages)	
Demand deposit	119.28	16.61%	142.71	7.98	18.50%	110.96	6.21	14.54%

TOTAL	**717.91**	**100.00%**	**771.43**	**43.14**	**100.00%**	**763.29**	**42.70**	**100.00%**

Wealth management

The Bank's Wealth Management unit provides various mutual fund and securities products to premium retail customers and high-net-worth individuals, including:

- Money Market Mutual Fund: fund invested solely in domestic money market instruments and/or debt securities with maturities of less than one year.
- Fixed Income Mutual Fund: fund at least 80% of which is invested in debt securities, whether issued by the Government or corporations.
- Mixed/Balanced Mutual Fund: fund invested in equity securities, debt securities and/or domestic money market instruments, each of which does not exceed 79% of its assets.
- Equity Mutual Fund: fund at least 80% of which is invested in equity securities (shares/stocks) traded on the stock exchange.
- Index Mutual Fund: fund that attains investment returns that are similar to an index used as a reference.
- Protected Mutual Fund: fund actively managed to protect investors' initial investment or principal through a portfolio management mechanism.
- Limited Participation Mutual Fund: a type of mutual fund that pools funds from professional investors to invest in a portfolio of securities based on real sector activities.

The Bank's Wealth Management unit's mutual fund assets under management ("**AUM**") increased by 112.48% from Rp24.75 trillion (standalone) as of 31 December 2024 to Rp52.59 trillion (US$2.94 billion) (standalone) as of 31 December 2025, and decreased by 22.08% from Rp52.59 trillion (US$2.94 billion) (standalone) as of 31 December 2025 to Rp40.98 trillion (US$2.29 billion) (standalone) as of 30 June 2026.

Revenues from the Bank's Wealth Management unit's mutual fund business increased by 52.30% from Rp206.08 billion in 2024 to Rp313.86 billion (US$17.55 million) (standalone) in 2025, and increased by 52.29% from Rp118.55 billion (standalone) for 1H2025 to Rp273.47 billion (US$15.28 million) (standalone) for 1H2026.

Treasury and International Banking

Overview

The Treasury and International Banking segment includes treasury transactions (such as foreign exchange, money market, securities and derivatives transactions) transactions with financial institutions and transactions related to capital market products. Treasury transactions can be interbank or for wholesale and retail customers. The Bank's Treasury and International Banking Directorate ("**Treasury**") operates from the Bank's head office and through Regional Treasury Marketing networks spread throughout Indonesia.

The Bank's Financial Institutions unit serves other banks and non-bank financial institutions ("**IKNB**"). The unit covers domestic banks (excluding rural banks ("**BPRs**")) and international banks, private insurance companies and their affiliated derivative financial institutions (including insurance, reinsurance, insurance broker, and reinsurance brokers) as well as financial institution pension funds ("**DPLK**"). Transactions with financial institutions include trade finance transactions, remittances, insurance company funds and credit to banks. Meanwhile, capital markets related transactions include custodial, trust and short-term credit services to securities companies. Transactions with financial institutions and associated capital markets are implemented by the Financial Institutions Business Group, which is part of the Treasury and International Banking Directorate.

The Bank believes that it has demonstrated a record of strong performance and has a number of competitive strengths in the Treasury and International segment, including:

- fee income generated by the Treasury and International Banking segment amounted to Rp6.11 trillion (US$0.34 billion) and Rp2.90 trillion (US$0.16 billion) for 2025 and 1H2026 respectively, accounting for 12.73% and 12.94% of consolidated fee income respectively and increases of 100.68% and 19.55% from 2024 and 1H2025 respectively;

- a highly regarded brand among treasury and financial institution customers as evidenced by numerous recognitions and awards. In 2025, the Bank received recognitions from Bank Indonesia in relation to Banking Support for Conventional Monetary Control for the Nation, as the "Best Partner Bank for Foreign Exchange Monetary Control", Banking Support for PUVA Development for the Nation, as "Best Primary Dealer in Fulfilling Obligations", awards from Alpha Southeast Asia 2025 in categories including "Best FX Bank for Corporates & Financial Institutions", "Best FX Bank for Hedging Requirements" and "Best Online FX Platform end to end e-trading & eFX platform", an award from Global Finance in the category "Best FX Bank in Indonesia" and an award from Haymarket in category "Best for FX/Hedging Solutions";

- a strong customer base with more than 130,000 money market and foreign exchange services customers and 63,888 customers in custodial services as of 30 June 2026.

In 2025, the Treasury and International Banking segment accounted for 12.73% of the Bank's consolidated fee income and 1.74% of consolidated net interest, sharia[9] and premium income respectively. In 1H2026, the Treasury and International Banking segment accounted for 12.94% of the Bank's consolidated fee income and 0.09% of consolidated net interest and premium income respectively.

[9] With effect from 1 February 2026, the Bank has deconsolidated the financial statements of Bank Syariah Indonesia as a result from losing control over Bank Syariah Indonesia. See "– *Recent Developments – Deconsolidation of Bank Syariah Indonesia"* for more details.

Treasury services

Treasury provides money market and foreign exchange services, including inter-bank placements, repurchase market transactions, hedging transactions and products (including currency swaps, interest rate swaps and forward contracts) and dealing in Bank Indonesia Certificates and Government bonds. Treasury customers include financial institutions, corporate, commercial and retail customers.

In addition, Treasury is responsible for efficiently managing the Bank's liquidity position in compliance with Bank Indonesia regulations on minimum reserve requirements and Net Open Positions.

Treasury transactions are conducted through the Bank's head office by approximately 130 dealers and the Bank's Regional Treasury Marketing groups located in Medan, Batam, Palembang, Bandung, Semarang, Surabaya, Balikpapan, Denpasar and Makassar. As of 30 June 2026, the Bank's money market and foreign exchange service had more than 130,000 corporate, commercial, small medium enterprise, micro and retail customers. The Bank had an average daily turnover of foreign exchange transactions of US$1.05 billion in 2025 and US$1.56 billion in 1H2026. The Bank recorded a loss in its Net Interest Income from Treasury in 2025 of Rp1.86 trillion (US$0.10 billion), or 1.74% of its total net interest, sharia[10] and premium income for the same period. For 1H2026, the Bank recorded a gain in its Net Interest Income from Treasury of Rp0.04 trillion (US$2.32 million), or 0.09% of its total net interest and premium income for the same period.

Financial institutions coverage

The Bank also provides a variety of capital market services, including custodial, trustee, paying agent, security agent and escrow services. The Bank also provides foreign exchange lines and intraday facilities for stock transactions, bonds and OTC transactions in supporting the Bank's role as the payment bank for the IDX.

Custodial & Capital Market Services

As of 30 June 2026, the Bank was a third-party custodian for a portfolio of Rp781.88 trillion (US$43.73 billion), composed of Rp611.04 trillion (US$34.17 billion) of Government & Corporate bonds, Rp116.96 trillion (US$6.54 billion) of equities and Rp53.88 trillion (US$3.01 billion) of other securities. The Bank's custodial services include:

- safekeeping, transaction processing, settlement, and corporate action services for securities and other valuable assets, including securities listed on the IDX and Euroclear, Government Bonds and Bank Indonesia instruments, Corporate Bonds, as well as dual-listed securities such as American Depositary Receipts and Global Depositary Receipts;

- comprehensive services for the establishment and administration of investment products, including mutual funds, discretionary funds, and other specialised investment structures such as KIK EBA and other niche fund products, supported by integrated custody, reporting, and operational services; and

- provision of escrow agent, paying agent, receiving bank, and related agency services in connection with bond issuances, and safekeeping of securities pledged as collateral for credit facilities.

[10] With effect from 1 February 2026, the Bank has deconsolidated the financial statements of Bank Syariah Indonesia as a result from losing control over Bank Syariah Indonesia. See "– *Recent Developments – Deconsolidation of Bank Syariah Indonesia"* for more details.

Special Asset Management

SAM is a special unit at the Bank that manages the non-performing loan portfolio in the Wholesale Banking segment. Creating integrated solutions for the Bank's clients, SAM maintains or improves credit quality and recovers debts through providing financial solutions (restructuring, loan take over, cessie, etc) and/or asset disposal (auction, collateral sales, etc). In 2025 and 1H2026, the SAM group had recoveries on written-off assets (consisting of written-off loans) from Wholesale Banking segments of Rp3.24 trillion (US$0.18 billion) and Rp0.60 trillion (US$0.03 billion) respectively.

The Bank recorded total collections (Wholesale and Retail Banking segments) of Rp7.28 trillion (US$0.41 billion) and Rp6.79 trillion (US$0.42 billion) in 2025 and 2024, respectively, and Rp2.26 trillion (US$0.13 billion) and Rp3.09 trillion (US$0.17 billion) in 1H2026 and 1H2025, respectively.

Overseas operations

The Bank's overseas operations are strategically positioned in several major international trade and financial centres. It has five offshore branches located in the Cayman Islands, Hong Kong, Singapore, Dili of Timor Leste and Shanghai. In addition, the Bank has two offshore subsidiaries, being Mandiri International Remittance Sdn. Bhd. ("**MIR**"), a wholly-owned subsidiary in Malaysia, and Bank Mandiri Europe Limited ("**BMEL**"), a wholly-owned subsidiary in United Kingdom. The Bank is also actively seeking to grow its overseas banking operations. All of its overseas operations are independent profit centres and are managed in their respective countries.

As of 30 June 2026, the Bank's overseas branches and subsidiary had total assets of Rp246.67 trillion (US$13.80 billion), or 9.76% of its total assets. The Bank's Singapore branch is the largest overseas branch in terms of assets, with total assets of Rp91.40 trillion (US$5.11 billion) as of 30 June 2026.

The Bank's overseas operations focus primarily on trade finance and lending to Indonesia-related customers as well as local customers in certain niche markets and also targets remittance business from overseas workers. Through its overseas offices, the Bank provides trade-related facilities to overseas companies importing from Indonesia. The business will continue to generate significant growth for the Bank, in line with the Government's policy of increasing exports. The Bank also provides offshore lending directly to its Indonesian clients for their international operations and arranges and participates in foreign loan syndications. The Bank generally funds its offshore loans through international foreign currency borrowings or in the international inter-bank money market.

The Bank has built an extensive correspondent banking network, with reciprocal relationships spanning banks across the globe and complemented by a broad base of nostro account relationships, a significant number of which have also established credit limits in favor of the Bank, reflecting the Bank's strong credit profile, international reputation, and the confidence placed in the Bank by the global banking community. The overseas operations are required to comply with the Bank's central credit procedures and risk assessment criteria as well as all applicable local laws.

Distribution channels

As of 30 June 2026, the Bank had one of the largest branch networks among Indonesian banks. Its distribution network comprises branch offices, overseas offices, and other service channels, such as payment points, mobile cash units, ATMs, mobile banking for individuals (Livin' by Mandiri) and mobile/internet banking for businesses (Kopra by Mandiri).

Branch network

As of 30 June 2026, the Bank had 2,149 branches, supervised by 84 area offices and 12 regional offices throughout all provinces in Indonesia, as well as 7 overseas branches and offices.

The Bank has continued to upgrade the capabilities of its branch network and other distribution channels, particularly digital banking channel. In July 2022, the Bank launched 241 Smart Branches by Mandiri simultaneously across Indonesia, introducing a customer-centric service model supported by digital technology to deliver a faster, easier, safer, and more reliable branch experience.

In 2023, all of the Bank's micro branches were converted into regular branches with equal capabilities, enabling the entire branch network to provide a full range of services without limitations. Following the 2022 launch, the Smart Branch network continued to expand, reaching 2,110 Smart Branches as of 30 June 2026

Throughout 2026, the Bank will begin scaling the Smart Branch customer journey across all branches to further enhance service quality and customer satisfaction. In parallel, the Bank will start revitalising its mobile banking units (mobile cash) as an extension of branch services, strategically deployed to serve blank-spot areas that are not easily accessible by branches.

ATM network

The Bank's ATM network is one of the largest in Indonesia. As of 30 June 2026, the network comprised 13,014 ATMs, with more than 35.84 million ATM cards in circulation. The Bank has ATMs located at all of its branches and cash outlets as well as in shopping centres, office buildings and residential areas.

ATM cardholders can use the Bank's ATMs to withdraw funds, make balance inquiries and acquire a mini statement setting out the four most recent transactions, make payments on certain utility and credit card bills, purchase airline tickets and purchase prepaid phone vouchers, transfer funds (between their accounts including to or to another account holder) and register for electronic banking facilities through SMS, Mandiri Online and Call Mandiri. The Bank has also upgraded its ATMs to enable cash deposit and withdrawal transactions.

As of the end of 2017, the Bank had extended its ATM network through the integration with the vast LINK ATM network owned by Himbara Banks. Himbara is an association of state-owned banks comprising the Bank, PT Bank Negara Indonesia (Persero) Tbk, PT Bank Rakyat Indonesia (Persero) Tbk and PT Bank Tabungan Negara (Persero) Tbk. The Bank's customers can now seamlessly use ATM Merah Putih (Himbara's ATM network brand) as if it were the Bank's own ATM.

Kopra by Mandiri and Livin' by Mandiri

In 2021, the Bank launched Kopra by Mandiri which is a wholesale digital platform that provides digital single access services while also acting as a centre for information and financial transaction activities for the business community of business actors in the Wholesale Banking segment. Kopra by Mandiri integrates all wholesale transaction needs into one platform with single sign-on, featuring Cash Management, Forex Transactions, Value Chain Financing, Trade Finance, Smart Accounts and Online Custody. Kopra by Mandiri is equipped with two service variants, namely Kopra Portal and Kopra Host to Host.

As part of its continuous innovation journey, Kopra by Mandiri has consistently expanded its capabilities in building a connected financial ecosystem through the enhancement of its integrated Treasury Solutions. Throughout 2025, the Bank launched Kopra Investment: Time Deposit and

Kopra Deposit-Backed Loan. Kopra Investment: Time Deposit is a digital investment solution for corporate clients. Designed to help businesses manage and grow their funds flexibly without disrupting daily operations, Kopra Investment enables clients to place and manage time deposits digitally through Kopra, directly from their offices without the need to visit a physical branch. The solution allows clients to optimize idle funds through the opening and management of multiple deposits across various currencies with competitive interest rates. Clients can also set rollover instructions, withdraw funds, and monitor their investment portfolios in real time, providing greater flexibility, visibility, and control over their treasury activities.

Furthermore, clients can use their time deposits opened through Kopra by Mandiri as collateral to obtain working capital financing through the Kopra Deposit-Backed Loan. Through this solution, the entire process from application, verification, approval, to loan disbursement, can be completed seamlessly within the Kopra. Clients can leverage their active deposits as collateral, allowing them to continue earning returns on their deposits while gaining access to liquidity to support urgent business needs. In addition, the solution provides automated instalment payment reminders, helping clients manage their financing obligations more effectively.

Additionally, the Bank continues to strengthen its digital ecosystem through Kopra Partnership, an integration between Kopra by Mandiri and Livin' Merchant that connects wholesale clients directly with Indonesia's extensive merchant network. Through this solution, corporate and distributor clients can list and upload their products on Kopra by Mandiri, enabling retailers within the Livin' Merchant ecosystem to search, order, and pay for certain products digitally. Designed primarily for mid-sized distributors, particularly in the Fast-Moving Consumer Goods (FMCG) sector, Kopra Partnership helps clients expand their distribution reach without the need to establish direct retailer networks. By leveraging more than 3 million registered Livin' Merchant users, the majority of whom operate in the FMCG retail segment, the Bank enables wholesale clients to access a broader customer base.

As of 30 June 2026, the Bank had 353,776 registered Kopra by Mandiri users as compared to 318,507 as of 31 December 2025. The aggregate value and volume of the transactions through Kopra by Mandiri as of 30 June 2026 was Rp14.81 quadrillion and 0.79 billion, respectively, as compared to Rp27.68 quadrillion and 1.50 billion, respectively, as of 31 December 2025.

The Bank also launched Livin' by Mandiri in 2021 for its retail customers, which is a refinement of the Mandiri Online application, to increase the ease and convenience of accessing banking services. This app service exemplifies the concept of a branch in the hand, together with complete financial services (a comprehensive banking experience), integration of services from the Group's subsidiaries (full-suite financial services) and a digital ecosystem of third-party services (an open ecosystem).

Throughout 2026, Livin' by Mandiri continued to widen both its customer base and its product propositions. The platform expanded its addressable segment through two new savings products, the Personal Current Account and Livin' Next-G. Livin' Next-G opens a new acquisition path for children aged 10 to 16, the stage before they are eligible for a national ID, allowing the Bank to build the relationship as early as possible and to introduce digital financial habits within an environment that parents can monitor. Livin' by Mandiri also entered an entirely new business proposition through gold, giving customers two routes to ownership, either goal-based saving toward a gold purchase or a financing facility in which the gold itself serves as collateral. On the lending side, Livin' KA-SBN was introduced to let customers pledge their government bonds as collateral for funding. Banking services were also strengthened, most notably through Livin' Call, which allows customers to submit complaints and reach the call center directly from the app using Voice over Internet Protocol (VoIP) technology.

As of 30 June 2026, the Bank had 40.94 million registered users of Livin' by Mandiri as compared to 37.25 million as of 31 December 2025. The aggregate value and volume of the transactions via Livin' by Mandiri as of 30 June 2026 was Rp2.51 trillion and 2.70 billion, respectively, as compared to Rp4,448 trillion and 4.70 billion, respectively, as of 31 December 2025.

Separately, in June 2023, the Bank expanded its consumer reach by launching Livin' Merchant, an application that offers comprehensive point of sale services. The Livin' Merchant platform aims to digitize payment transactions for MSME merchants, with 3.60 million merchants onboarded nationwide, 63% of whom are located in non-urban areas.

In 2025 and 1H2026, the Bank processed Rp32.12 quadrillion (US$1.80 trillion) and Rp17.33 quadrillion (US$0.97 trillion) wholesale and retail digital transactions (combined) respectively, compared to Rp699.37 trillion (US$39.11 billion) and Rp363.02 trillion (US$20.30 billion) of ATM transactions in 2025 and 1H2026 respectively. The Bank's increasing volume of digital transactions also improves the Bank's data analytics.

E-money cards

The Bank's e-money card has a dominant market share in prepaid electronic payments, including toll road and parking building payments. In 2025 and 1H2026, the Bank had issued 5.65 million and 5.79 million Mandiri e-money cards respectively, as compared to 4.98 million in 2024. The transaction volume of e-money cards increased from Rp24.73 trillion in 2024 to Rp26.81 trillion (US$1.50 billion) and Rp14.32 trillion (US$0.80 billion) in 2025 and 1H2026 respectively.

Call centre and phone banking

The Bank established Mandiri Call, a comprehensive service designed to assist customers across various banking needs over the phone, e-mail and social media. With a large team, Mandiri Call serves a wide range of banking segments, including micro banking, SME (small and medium enterprises), retail, and corporate banking.

In line with the Bank's digital transformation, the reinforcement of contact center services is carried out through several strategic initiatives, including Livin' Call by Mandiri which improves service accessibility through the implementation of toll-free technology through Voice over Internet Protocol (VoIP) that makes it easier for customers to contact the contact center without any cost, expands reach for customers located overseas, and speeds up the data verification process when interacting with the Bank and Interactive Voice Response (IVR) Streamlining which simplifies the menu on the IVR from 8 menus to 3 menus aimed at enhancing customer experience by making it easier for customers to connect to an agent without going through long IVR menus and speeding up the verification process through OTP so that customer needs are met faster.

Digital banking and technology

In order to remain competitive in the rapidly evolving technology landscape, the Bank has established and will continue to update its IT strategy. The Bank's IT strategy encompasses three key priorities:

- Business alignment: Supporting digital initiatives in alignment with the Bank's Corporate Plan;

- Robust infrastructure: Implementing frameworks to ensure IT reliability, availability, scalability, and security, while driving innovation and enhancing risk management through emerging technologies; and

- Internal capability: Building internal expertise through people-focused programmes to execute the IT strategy.

Kopra by Mandiri delivers a highly personalised experience through a customisable dashboard featuring AI-powered cashflow forecasting, quick cross-border reporting, and diverse transaction options. This is integrated with optimised liquidity solutions, allowing clients to independently manage closed-loop ecosystems via self-setup virtual accounts, simplified collections, and flexible execution timing for maximum operational efficiency.

In 2025, Livin' by Mandiri continued to strengthen and refine its banking value propositions to ensure comprehensive coverage of customer needs while enhancing the overall user experience to deliver a more seamless, intuitive, and secure digital journey. With more than 150 integrated banking features, Livin' by Mandiri introduced industry-leading innovations and expanded services tailored to evolving customer demands. Key enhancements included the launch of the Deposit-Backed Loan (KAD) as an expansion of retail lending solutions, enabling customers to instantly access financing against their time deposits as a new liquidity option. Livin' by Mandiri also expanded its investment offerings through the Secondary Bonds Launch, providing access to secondary-market bonds and broader wealth management opportunities. Cross-Border QR coverage was further extended to additional countries, including Japan.

In parallel, Livin' by Mandiri also implemented UI/UX improvements, featuring updated interface design and navigation to improve clarity, reduce transaction friction, and accelerate task completion. The platform also broadened the coverage of Livin' Auto and Livin' Mortgage by integrating with additional car dealers and more than 500 property developers, including Sukha ecosystem partners. These enhancements collectively reinforce Livin' by Mandiri's commitment to delivering secure, innovative, and customer-centric digital banking services while supporting sustainable growth and financial inclusion.

Moving forward, Livin' by Mandiri remains committed to continuous innovation. Several key enhancements will be introduced to further engage the next generation of customers, broaden Livin' by Mandiri 's user base, and strengthen low-cost funding in alignment with the Bank's strategic vision. Service care capabilities will be enhanced to enable faster, simpler, and cost-efficient resolution of transaction-related issues, thereby creating a more responsive customer support experience. Livin' by Mandiri will also introduce improvements to support more automated and seamless management of recurring payment obligations, thus enhancing customer convenience and payment reliability. Collectively, these initiatives reinforce Livin' by Mandiri's commitment to delivering innovative and customer-centric digital banking solutions.

Underpinning these developments is the Bank's continued investment in scalable technology infrastructure, cybersecurity, advanced data analytics, and technology resilience capabilities. Supported by robust governance frameworks and business continuity measures, the Bank seeks to ensure the security, reliability, and availability of its digital platforms while maintaining its ability to adapt to evolving technological developments and customer needs.

Cybersecurity

As part of its commitment to safeguarding customer data, protecting critical information assets, and ensuring the resilience, availability, and reliability of its digital services and business operations, the Bank established a dedicated Chief Information Security Officer (CISO) Office Group in 2018. The CISO Office Group operates under the Senior Executive Vice President (SEVP) of Information Technology and reports to the Director of Information Technology.

The CISO Office Group has established a comprehensive cybersecurity framework built on three strategic pillars: Governance, Protection, and Operations. The framework complies with regulations issued by OJK and Bank Indonesia and is aligned with internationally recognized standards and industry best practices, including ISO/IEC 27001, the NIST Cybersecurity Framework, the COBIT Framework, the PCI Security Standards, and the CIS Benchmarks. Through this framework, the Bank maintains the confidentiality, integrity, and availability of customer data while strengthening the security and resilience of its digital ecosystem.

To further enhance its cybersecurity posture, the CISO Office Group implements a multilayered defense strategy supported by best-in-class security technologies to protect the Bank's applications, infrastructure, and critical information assets.

As part of its ongoing commitment to cybersecurity excellence, the Bank has obtained ISO/IEC 27001:2022 certification covering its Security Operations Center (SOC), which manages cybersecurity threats across banking systems and cyber operations, as well as IT operations supporting KOPRA by Mandiri and Livin' by Mandiri. The Bank has also obtained ISO/IEC 17025:2017 accreditation for its Digital Forensic Laboratory from the National Accreditation Committee, achieved the highest level of the Cyber Security Maturity Assessment conducted by BSSN, and regularly conducts comprehensive cybersecurity testing and assessment activities (including penetration testing, adversarial attack simulation exercises, social engineering exercises, and tabletop exercises) performed by independent external assessors to validate the effectiveness, resilience, and reliability of its cybersecurity capabilities.

Competition

The Bank's primary competitors across all principal businesses are other large domestic banks as well as foreign banks operating in Indonesia. The Bank also faces indirect competition from a variety of other types of financial services companies, such as multi-finance and securities companies, savings cooperatives, leasing and factoring companies and venture capital companies, as well as from certain Government-owned or affiliated entities that provide industrial development funding and export/import lending and services. Internationally, the Bank competes with a variety of banks and financial institutions, many of which have extensive worldwide operations, in providing banking and financial services to Indonesian customers with overseas operations. The Bank's investment banking, insurance and Syariah banking businesses also face competition from companies that specialise in those industries.

As the development and reform of the Indonesian financial sector continues, the Bank expects to face increasing competition from financial institutions that may offer a wider array of banking services and products or have larger lending limits or stronger balance sheets. In addition, the Bank's domestic competitors have formed, and can be expected to continue to form, strategic alliances with foreign banks with significantly greater financial, management and other resources.

In Corporate Banking, the Bank competes principally on pricing (for both loans and deposits), monitoring relationships and the ability to provide specific solutions to its customers' needs. The Bank's principal competitors in Corporate Banking are state-owned and private banks, such as PT Bank Rakyat Indonesia (Persero) Tbk, PT Bank Negara Indonesia (Persero) Tbk and PT Bank Central Asia Tbk, as well as foreign banks, such as Citibank, HSBC and Standard Chartered Bank.

In Micro and Retail Banking, the Bank competes on service, convenience and the breadth of its branch and retail banking network, which allows the Bank to attract less price-sensitive, low-cost depositors. The Bank's principal competitors are PT Bank Rakyat Indonesia (Persero) Tbk, PT Bank Negara Indonesia (Persero) Tbk and PT Bank Central Asia Tbk.

In treasury advisory services for corporate clients, the Bank typically competes with a number of other Indonesian banks, and foreign banks with branches in Indonesia such as Deutsche Bank and Citibank.

Indonesia has many banks targeting commercial and consumer customers. In commercial and consumer banking, the Bank competes principally on the reach of its distribution network, range of products offered and customer service. In commercial and consumer banking, the Bank's principal competitors are state-owned banks, such as PT Bank Rakyat Indonesia (Persero) Tbk, PT Bank Negara Indonesia (Persero) Tbk, and PT Bank Tabungan Negara (Persero) Tbk. In

addition, the Bank also faces competition from private national banks such as PT Bank Central Asia Tbk, PT Bank CIMB Niaga Tbk, PT Bank Danamon Indonesia Tbk, and PT Bank Permata Tbk.

In investment banking, the Bank competes primarily on its well-established institutional and corporate relationships within Indonesia and the historic strength of its Corporate Banking business. The Bank's and PT Mandiri Sekuritas' principal competitors are domestic and regional investment banks, including CIMB, Bahana Securities and PT BRI Danareksa Sekuritas.

In life insurance, the Bank is able to leverage its product expertise and extensive customer base to effectively compete in a highly fragmented market with its joint venture partner National Mutual International Pty. Limited ("**NMI**") (Part of the AXA Group), an internationally-recognised insurance group company. NMI's principal competitors of this joint venture consist of domestic providers and international financial institutions such as PT Prudential Life Assurance, PT Asuransi Allianz Utama Indonesia and PT AIA Financial Indonesia.

In automotive and motorcycle finance, the Bank is able to build on the extensive market penetration of its joint venture partner, PT Tunas Ridean, one of Indonesia's largest auto dealership networks. The Bank's primary competitors in automotive and motorcycle finance are PT BCA Finance, PT Astra Sedaya Finance and PT Adira Dinamika Multi Finance.

Principal subsidiaries and affiliates

The Bank conducts certain of the Bank's banking activities and all of the Bank's non-banking activities through the Bank's subsidiaries, joint ventures and affiliates, the Bank's principal subsidiaries and affiliates, their business activities and the Bank's ownership interest and investment in each of these companies, as of 30 June 2026 are set out below.

Securities

Established on 31 July 2000, PT Mandiri Sekuritas is the surviving securities company from the merger of several securities companies, such as Bumi Daya Sekuritas, Exim Securities and Merincorp Securities Indonesia. Mandiri Sekuritas obtained the business as a security portfolio trading intermediary and security portfolio underwriter. As of 30 June 2026, the Bank owns 99.99% of the share capital of PT Mandiri Sekuritas.

As part of Indonesia's sovereign wealth fund (Danatara)'s push to raise the output of Indonesia's state-owned companies through consolidation and restructuring, the Bank (through PT Mandiri Sekuritas) transferred its shares in PT Mandiri Manajemen Investasi to PT Danantara Asset Management ("**DAM**") on 22 July 2026. This share transfer is expected to strengthen the business synergies and complement existing capabilities within DAM's ecosystem. Following the transfer, PT Mandiri Sekuritas no longer owns any of the share capital of PT Mandiri Manajemen Investasi.

Multifinance

PT Mandiri Tunas Finance was established on 17 May 1989 under the name of PT Tunas Financindo Corporation (later renamed PT Tunas Financindo Sarana). Later, in February 2009, the Bank acquired the company and renamed it into PT Mandiri Tunas Finance. As at 30 June 2026, the Bank holds 51.00% of the shareholding and the remaining 49.00% is held by PT Tunas Ridean. Mandiri Tunas Finance is engaged in consumer financing activities. PT Mandiri Utama Finance is a subsidiary of the Bank which provides financing services covering investment financing, working capital financing, and multipurpose financing, of which the main focus is currently the financing of motor vehicles for retail customers and companies in the form of financing consumers, as well as leasing. As of 30 June 2026, the Bank maintained its 99.99% interest in PT Mandiri Utama Finance.

Insurance

PT AXA Mandiri Financial Services is a joint venture insurance company between the Bank and National Mutual International Pty Limited. As of 30 June 2026, the Bank owned 51.00% ownership in AXA Mandiri Financial Services.

Niche banking

PT Bank Mandiri Taspen was previously known as PT Bank Sinar Harapan Bali (Bank Sinar). Over time, on 3 May 2008, Bank Sinar was officially acquired by the Bank. As of 30 June 2026, the Bank owns 51.10% and PT Taspen owns 48.44% of Bank Mandiri Taspen, respectively, with the remaining 0.46% stake held by other entities.

Venture Capital

Mandiri Capital Indonesia is a venture capital company and was established on 23 June 2015. As of 30 June 2026, the Bank owns 99.99% and PT Mandiri Sekuritas owns 0.01% of Mandiri Capital Indonesia.

Overseas

The Bank's Overseas subsidiaries include: Bank Mandiri (Europe) Limited and Mandiri International Remittance Sdn. Bhd., both wholly owned by the Bank.

The Bank's subsidiaries contributed 10.13% and 11.10% of the Bank's consolidated net income for 2025 and 1H2026 respectively.

Properties

As of 30 June 2026, the total acquisition value, accumulated depreciation, and book value of the property and equipment owned by the Bank are Rp55.84 trillion (US$3.12 billion), Rp5.13 trillion (US$0.29 billion) and Rp50.70 trillion (US$2.84 billion), respectively.

As of 30 June 2026, the Bank has land parcels in various locations in Indonesia with land rights in the form of ownership rights of 1,347 certificates with a total area of approximately 2.74 million square metres and building use rights of 112 certificates with a total area of approximately 182,674 square metres, all of which are registered on behalf of the Bank. In addition, the Bank also controls land parcels with land rights in the form of three certificates with an area of approximately 3,132 square metres and building use rights of five certificates with a total area of approximately 6,276 square metres, all of which are still registered on behalf of other parties.

In addition, the Bank also controls land parcels based on other evidence, namely sale and purchase agreements, land use permits, and land use determinations with a total area of 13,208 square metres. Thus, the Bank owns or controls a total land area of approximately 2.95 million square metres as of 30 June 2026.

Intellectual Property

The Bank has registered trademark rights for several bank products, logos and/or services, including, among others: (i) Mandiri's logo in blue, gold, orange, and white colours as a name, (ii) Mandiri's logo with black letters and symbols, as a name, (iii) the phrase "melayani dengan hati, menuju yang terbaik/passion to serve, passion to perform", in a black colour as a tagline, (iv) the phrase "terdepan, terpercaya, tumbuh bersama anda" in a black colour as a tagline, (v) the phrase "satu hati, satu negeri, satu bank/one heart, one nation, one bank" in a black colour, as a tagline, (vi) Mandiri logo in a black letters and symbols, as a name, (vii) Mandiri's logo in blue, gold

and orange colours as a name, (viii) Livin' by Mandiri and (ix) Kopra by Mandiri. All of these trademarks are registered in the Directorate General of Intellectual Property Rights. In addition, the Bank also has seven copyrights, among others in the logo of "mandiri" and "PT Bank Mandiri" which are registered in the Bank's name with the certificate numbers as follows: (i) A158786, (ii) A158787, (iii) A158788, (iv) A158789, (v) 043 630, (vi) 043 632 and (vii) 043 633.

As of the date of this Offering Circular, all of the intellectual property owned by the Bank is still valid and not related to any legal disputes.

Insurance

The Bank's policy is to adequately insure all of the insurable properties the Bank owns against fire, earthquake and other usual risks. As of 30 June 2026, the Bank had insured the Bank's buildings, including official residences, office buildings and other buildings, with a total coverage amount of Rp19.17 trillion (US$1.07 billion), which the Bank believes is adequate to cover the possibility of losses arising in relation to the Bank's buildings.

The Bank also maintains insurance for operational risks such as the loss of cash in transit/cash in safe or risk caused by theft/burglary, RSMDCC, Personal Accident, Fidelity Guarantee, earthquake and flood.

The Bank does not maintain business interruption insurance covering loss of revenue in the event that the Bank's operations are affected by unexpected events.

As of the date of this Offering Circular, most of the Bank's fixed assets are insured by PT Asuransi Kredit Indonesia.

Employees

As of 30 June 2026, the Bank had 40,082 employees, of which 32,915 were permanent employees, 6,164 were temporary employees and 1,003 were trainees. Only the Bank's permanent employees are entitled to participate in pension plans and certain other benefits or be unionised.

The Bank believes that, because of the Bank's reputation as Indonesia's largest commercial bank and the Bank's attractive compensation packages, the Bank is able to attract and retain quality employees. The Bank considers its relations with the Bank's employees to be satisfactory. The Bank maintains and manages five pension funds, of which four were originally established by each of the four predecessor banks. The five pension funds are as follows: (i) Dana Pensiun Bank Mandiri Satu (DPBM-Satu); (ii) Dana Pensiun Bank Mandiri Dua (DPBM-Dua); (iii) Dana Pensiun Bank Mandiri Tiga (DPBM-Tiga); (iv) Dana Pensiun Bank Mandiri Empat (DPBM-Empat); and (v) Dana Pensiun Bank Mandiri (DPBM). Under the rules of all of the above pension funds, the Bank is the founder.

These four pension funds (DPBM-Satu, DPBM-Dua, DPBM-Tiga, and DPBM-Empat) originated from the predecessor banks are defined benefit plans for which the Bank has the ultimate obligation to fund shortfalls. DPBM was, however, established as a defined contribution pension programme. Under this programme, employees are required to pay to the pension fund 5% of their basic pension income. The Bank is required to pay 10% of their basic pension income to the pension fund.

Legal proceedings

As of the date of this Offering Circular, the Bank is involved in a number of legal proceedings in connection with its banking business, and the management of the Bank does not believe that these proceedings, if determined adversely, would have a material adverse effect on its business, financial condition or results of operations.

As of 30 June 2026, the Bank had a total potential financial exposure arising from outstanding legal proceedings amounting to Rp278.35 billion (US$15.57 million) and had provided an outstanding provision of Rp19.23 billion (US$1.08 million) in respect of ongoing or pending litigation proceedings against it. As of the date of this Offering Circular, the management of the Bank believes that the provision is adequate to cover possible losses arising from legal claims against the Bank.

Good corporate governance

The Bank remains committed to upholding the highest standards of corporate governance as a cornerstone of its operations. The Bank's commitment is driven by a steadfast belief that strong governance practices are essential to maintaining the trust of its stakeholders, ensuring long-term sustainability, and fostering a culture of transparency and accountability throughout its organisation.

To implement GCG practices, the Bank adheres to the basic principles of corporate governance in accordance with the Indonesia Corporate Governance General Guidelines that have been updated by the Governance Policy National Committee (KNKG), namely Ethical Conduct, Accountability, Transparency, and Sustainability.

The organs of the Bank consist of the General Meeting of Shareholders (GMS), the Board of Commissioners and the Board of Directors. Its administration adopts a two-tier system, namely Board of Commissioners and Board of Directors, who have specific authority and responsibility based on their respective functions as specified in the Articles of Association and the laws and regulations.

The Bank will continue to implement GCG by referring to relevant regulations and guidelines for GCG implementation developed by both national and international institutions.

The implementation of the Bank's GCG policies is based on a governance framework consisting of three aspects:

(1) governance structure;

(2) governance process; and

(3) governance outcome.

Corporate social responsibility

The Bank implements corporate social responsibility ("**CSR**") through its social and environmental responsibility programme (the "**SER Programme**"). As part of the Bank's business approach, the social and environmental responsibility programme of the Bank reflects its commitment to sustainable development by providing economic, social, environmental, legal and governance benefits based on the principles of integration, purpose, scalability and accountability.

With regard to the social and environmental responsibility distribution guidelines, the SER Programme aims to:

- provide benefits for economic, social, environmental, legal and corporate governance development;

- contribute to value creation for the Bank through the principles of integration, purpose, scalability and accountability; and

- empower micro and small businesses as well as the community around the Bank to be more resilient and independent.

The SER Programme is based on the following four pillars:

- Social responsibility – for the achievement of quality basic human rights in a fair and equal manner to improve the welfare of the whole community;

- Environmental responsibility – for the sustainable management of natural resources and the environment as whole;

- Economic responsibility – for the achievement of quality economic growth through sustainable employment and business opportunities, innovation, inclusive industry, adequate infrastructure and affordable clean energy, through the support of partnerships; and

- Legal and governance responsibility – for the realisation of legal predictability as well as effective, transparent, accountable and participatory governance to create security stability and strengthen the rule of law.

The SER Programme is carried out by applying the following principles:

- Integrated – based on risk analysis and business processes that are related to stakeholders;

- Purposeful – having clear direction as to how to achieve the Bank's goals;

- Scalable – contributing and providing benefits that generate positive improvements or added value for stakeholders and the Bank; and

- Accountable – preventing the potential for misuse and irregularities.

RISK MANAGEMENT

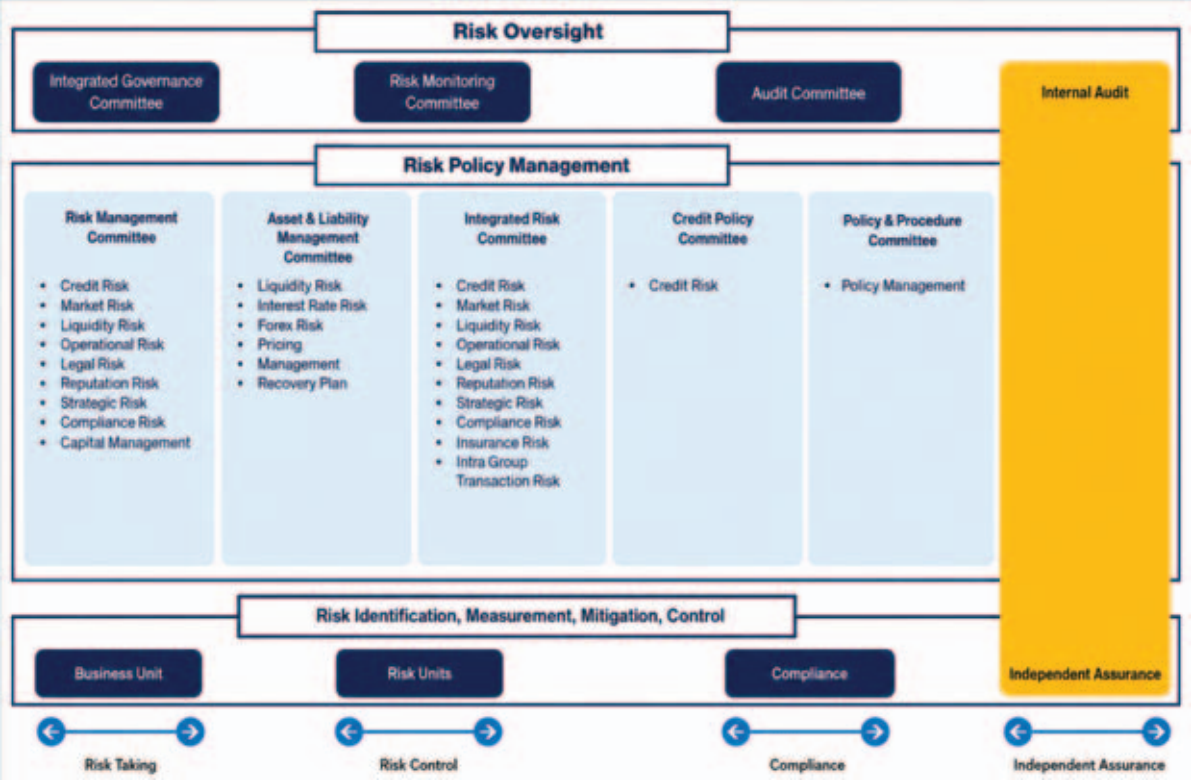
Risk Management

The Bank's risk management principles are conducted proactively to achieve a healthy and sustainable financial and operational growth as well as to take care of the optimal risk-adjusted return level in accordance with the desired risk appetite. As a manifestation of the Bank's commitment in conducting a good company management practice, particularly in risk management, the Bank has established policy, process, competency, accountability, reporting and supporting technology in order to make the risk management in the Bank effective and efficient.

Risk Management Framework

The Bank's risk management framework is stipulated in the risk governance structure of the Bank and encompasses three main parts which are Risk Oversight, Risk Policy & Management, and Risk Identification, Measurement Mitigation, and Control. These components are then supported by the Audit Working Unit as independent assurer to guarantee the effectiveness of the risk management implementation.

The work and risk governance framework of the Bank as mentioned above is illustrated in the diagram as follows:



In addition to the committees above, there are other committees that are not directly related to the implementation of Governance, Risk, Compliance (GRC), but oversee/manage specific risks (e.g., Business, IT & Digital, HC, Transformation, Social & Environment Responsibility Committee).

Risk management system

Four pillars of risk management implementation

The Bank applies four pillars of Risk Management implementation, as follows:

Active monitoring by the Board of Commissioners and the Board of Directors

The Board of Commissioner of the Bank performs the risk oversight role through the Audit Committee, Risk Monitoring Committee (*Komite Pemantau Risiko*) ("**KPR**") and Integrated Governance Committee (*Komite Tata Kelola Terintegrasi*) ("**KTKT**"). The Board of Directors of the Bank is responsible for Risk Policy & Management through various Executive Committees, including the Risk Management Committee, Asset & Liability Management Committee, Integrated Risk Committee, Credit Policy Committee, and Policy & Procedure Committee. At the operational level, risk management working units carry out risk management activities (identification, measurement, mitigation and control) together with the relevant business units and compliance unit.

Duties of the Board of Commissioners

The duties, responsibilities, and authorities of the Board of Commissioners in relation to the active monitoring of Risk Management activities includes the following:

(1) evaluating and approving the Risk Management Policy;

(2) evaluating the strategies formulated and determined by the Board of Directors in managing risks in accordance with regulatory taxonomy and other risks such as country risk and cyber risk;

(3) evaluating the Board of Directors' responsibility for the implementation of the Risk Management Policy;

(4) evaluating and deciding the Board of Directors' application related to transactions that require the approval of the Board of Commissioners;

(5) requesting explanation and/or accountability of the Board of Directors on Financing to certain large borrowers;

(6) providing approval for funding to related parties;

(7) conducting active oversight, which includes, among other things, understanding the nature and level of risks faced by the Bank, assessing the adequacy of risk management quality, and linking the risk level with the Bank's capital adequacy;

(8) conducting active supervision related to anti-fraud measures, which includes at least the following:

   (a) developing anti-fraud awareness and culture at all levels of the organisation, including anti-fraud declarations and clear communication about behaviours categorized as fraud;

   (b) ensuring the signing of an integrity pact by all organisational ranks of the Bank;

   (c) preparing and supervising the implementation of a code of conduct related to fraud prevention for all levels of the organisation;

(d) preparing and supervising the implementation of a comprehensive anti-fraud strategy;

(e) developing the quality of human resources (HR), particularly those related to enhancing awareness and control of fraud;

(f) monitoring and evaluating fraud incidents and determining follow-up actions; and

(g) developing effective communication channels for the Bank's internal and external parties, ensuring that all executives and employees understand and comply with the applicable policies and procedures, including those for fraud control;

(9) providing approval, oversight and evaluation on the implementation of the Recovery Plan;

(10) for the Resolution Plan, the Board of Commissioners shall:

(a) supervise to ensure the Bank fulfils its obligations in preparing, improving, and/or taking corrective actions based on the resolvability assessment results of the Resolution Plan;

(b) evaluate the Resolution Plan, its improvements, and/or updates prepared by the Board of Directors;

(c) approve the Resolution Plan, its improvements, and/or updates; and

(d) supervise the implementation of plans to address potential obstacles in executing resolution action options;

(11) maintaining and monitoring the Bank's soundness rating and taking the necessary measures to maintain and/or improve the Bank's soundness rating.

To implement risk management as regulated by the State-Owned Enterprises Regulatory Agency (BP BUMN), the Board of Commissioners is responsible for determining the Bank's Risk Classification based on the level of Risk Intensity. This assessment takes into account the size and complexity of the Bank, as proposed by the Board of Directors, in accordance with applicable regulations.

In the implementation of Integrated Risk Management, the Board of Commissioners is responsible for the following:

1. directing, approving, and evaluating the Integrated Risk Management policy;

2. evaluating the implementation of the Integrated Risk Management policy by the Board of Directors of the Main Entity; and

3. ensuring the implementation of Integrated Risk Management is in line with the characteristics and complexity of the Financial Conglomerate's business.

Duties of the Board of Directors

The duties, responsibilities and authorities of the Board of Directors in relation to risk management activities includes the following:

1. developing and proposing Risk Management policies and strategies in writing and comprehensively;

2. being responsible for the implementation of the Risk Management Policy and managing the risk exposure taken by the Bank as a whole;

3. evaluating and deciding on transactions that require the approval of the Board of Directors;

4. developing a culture of Risk Management at all levels;

5. actively supervising the Board of Directors regarding anti-fraud measures, in line with the duties and responsibilities of the Board of Commissioners;

6. ensuring the improvement of human resource competencies related to Risk Management;

7. ensuring that the Risk Management function operates independently;

8. conducting periodic reviews to ensure:

    a. the accuracy of the risk assessment methodology;

    b. the adequacy of the Risk Management information system implementation; and

    c. the accuracy of Risk Management policies and procedures, as well as the setting of risk limits and/or risk thresholds;

9. conducting active supervision, which includes, among other tasks, understanding the nature and level of risks faced by the Bank, assessing the adequacy of the quality of risk management, and linking the risk level with the Bank's capital adequacy;

10. developing and implementing the Bank's Recovery Plan, which includes:

    a. preparing a realistic and comprehensive Recovery Plan;

    b. presenting the Recovery Plan to shareholders at the General Meeting of Shareholders (GMS) for approval;

    c. communicating the Recovery Plan across all levels of the Bank's organisation;

    d. regularly evaluating and conducting stress testing of the Recovery Plan;

    e. effectively and promptly implementing the Recovery Plan;

11. developing and implementing a Resolution Plan, which includes:

    a. preparing, improving, and/or taking corrective actions on the Resolution Plan based on the results of the resolvability test, adhering to the principles of completeness, accuracy, timeliness, and integrity;

    b. ensuring the accuracy and completeness of data, information, and/or documents in preparing, improving, and/or taking corrective actions based on the results of the resolvability test;

    c. submitting the Resolution Plan, improvements, and/or updates to the Board of Commissioners for approval;

d. submitting the Resolution Plan, improvements, and/or corrective actions based on the results of the resolvability test to the Deposit Insurance Corporation within the specified timeframe set by applicable regulations; and

e. implementing plans to address potential obstacles in executing resolution action options;

12. maintaining and monitoring the Bank's Soundness Rating and taking the necessary measures to maintain and/or improve it; and

13. implementing other Risk Management functions in accordance with laws and regulations, the articles of association, and/or decisions made by the General Meeting of Shareholders (RUPS) or BP BUMN.

To implement risk management in accordance with that regulated by BP BUMN, the Board of Directors also has the duty to determine the classification of Subsidiary Company Risks based on the level of Risk Intensity, taking into account the dimensions of size and complexity, in accordance with applicable regulations.

In order to implement the integrated risk management policies, the Board of Directors is responsible for the following:

(1) developing written and comprehensive risk management policy and strategy;

(2) implementing the established integrated risk management policy;

(3) developing a risk culture as part of implementing integrated risk management in financial conglomerates;

(4) ensuring the effectiveness of human resource management which includes the competence, qualifications and adequacy of human resources in the Main Entity to carry out the integrated risk management function;

(5) ensuring that the implementation of integrated risk management has been carried out independently;

(6) periodically evaluating the results of the integrated risk management unit review of the integrated risk management process; and

(7) ensuring the implementation of integrated risk management in accordance with the characteristics and complexity of the financial conglomerates business.

Sufficiency of policies, procedures, and determination of limits

The Bank has the Risk Management Policy as the main guidelines in implementing risk management. Specific business units, such as credit, treasury and operations units, are subject to more specific policies and procedures where the limit setting for portfolio and transactional levels is regulated. All policies and procedures in the Bank are evaluated and updated at least once a year.

In accordance with OJK Circular No. 34/SEOJK.03/2016 on the Implementation of Risk Management for Commercial Banks, to effectively control risk, the Bank's policies and procedures must reflect its risk management strategies by considering the risk appetite. Risk appetite is defined as the types and level of risk the Bank would take/face that is within the Bank's capacity to manage, to achieve business goals.

The Bank's Risk Appetite is realised through the Risk Appetite Framework, a strategic decision-making approach that illustrates the Bank's risk strategy. Risk Appetite is reflected in the Bank's business strategy and objectives.

Risk Appetite is articulated in the form of a Risk Appetite Statement (RAS), which serves as the formal guideline in the risk-taking process to achieve business targets. The RAS is crucial as it offers clear and consistent direction to all levels of the Bank regarding its capacity for risk-taking.

Adequacy of risk identification, measurement, monitoring, and control process and risk management information system.

The Bank has implemented an Identification, Measurement, Monitoring, Risk Control, and Risk Management Information System through an Enterprise Risk Management ("**ERM**") platform. The Bank implements ERM with a two-prong approach, to ensure that risks are properly mitigated in both day-to-day business processes and under unexpected conditions and downturns through capital reserves.

Internal control system

The Bank implements an internal control system over the risk management function by implementing the three lines model policy, which in its implementation is the joint responsibility of the first line, second line and third line of defence.

The Bank requires the relevant business units to adhere to three lines of defence with the following conditions:

(1) the business unit as the risk owner is the first line of defence responsible for its risk management;

(2) the risk management unit serves as a second line of defence, in an oversight function; and

(3) the internal audit unit serves as the third line of defence that performs assurance and consulting activities to evaluate the adequacy of the Bank's internal control system, risk management, and governance processes, in compliance with applicable laws and regulations, as well as Bank policies.

In addition, Bank specifically implements a 1.5 line function to support closer risk monitoring and oversight of day-to-day business activities.

Risk management principles

The Bank adheres to the following risk management principles:

(1) **Capital.** The Bank provides capital according to the risk appetite and maintains the capital level in accordance with prevailing regulations. As of 31 December 2025, the Bank's total capital adequacy ratio ("**CAR**") was 19.36%.

(2) **Transparency.** The Bank transparently conveys relevant information in the risk-taking process and risk-taking process itself.

(3) **Independence.** The Bank's management acts professionally and is free from the pressure and influence of other parties.

(4) **Integrated.** The Bank applies the Integrated Risk Management to Financial Services Institutions that are members of the financial conglomerates of the Bank in accordance with regulatory provisions.

(5) **Sustainable.** Risk control is continuously developed to better fit with existing business conditions and best practices.

(6) **Accountability.** The Bank implements policies and procedures to ensure management accountability to stakeholders.

(7) **Responsibility.** The Bank acts on the principles of prudence and compliance with applicable laws and regulations.

(8) **Fairness.** The Bank considers the interests of all stakeholders based on the principles of fairness and equality (equal treatment).

Basel II and III

The Implementation of Basel II and ERM

Implementation Aspect	Scope of Implementation
Credit Risk	Development and Improvement of Basel II Risk Parameters for the implementation of Internal Rating Based Approach.
Market Risk	Measurement of treasury transaction risks, Treasury trading limits, treasury system infrastructure and implementation of Interest Rate Risk in the Banking Book ("**IRRBB**").
Liquidity Risk	Improvement of liquidity limits, core deposit analysis, Risk Appetite Statement, liquidity stress testing, and improvement of Assets and Liabilities Management ("**ALM**") System.
Operational Risk	Development of Framework and Governance Operational Risk Management ("**ORM**").
Capital Management	Improvement of Economic Capital model, and development of framework Portfolio Optimisation and Capital Optimisation.
Internal Capital Adequacy Assessment Process ("ICAAP")	Implementation of Risk Appetite Statement, Stress Testing, Capital Planning, and synchronisation with related regulation of Risk Based Bank Rating ("**RBBR**").

Application of Basel II and III

A summary of the application of Basel II by the Bank is set out in the table below.

Basel II			OJK Regulation	Implementation by the Bank
Pillar 1	Credit Risk	Standardised Approach	OJK Circular No. 42/SEOJK.03/2016 on Calculation of Credit Risk-Weighted Assets ("**RWA**") Using Standardised Approach for Commercial Banks (now superseded by OJK Circular No. 24/SEOJK.03/2021 (as amended) – see "– *Basel III Reforms*" below)	Implemented and reported in accordance with applicable regulation starting January 2012 (reporting position as of December 2011). The RWA for Credit Risk under the Basel III reforms has been effectively implemented since January 2023.
		Internal Rating Based Approach	OJK Circular No. 34/SEOJK.03/2021 on the Banking Accounting Manual for Conventional Commercial Banks	Implementation of the Probability of Default, Loss Given Default and Exposure At Default models as the calculation of Expected Credit Loss in accordance with PSAK109 standards.
	Market Risk	Standard Method	OJK Circular No. 38/SEOJK.03/2016 on Calculation of Capital Adequacy with Market RWA (now superseded by OJK Circular No. 23/SEOJK.03/2022 (as amended))	Implemented and reported in accordance with applicable regulation starting August 2012 (reporting position as of December 2012).
	Operational Risk	Basic Indicator Approach ("**BIA**")	OJK Circular No. 24/SEOJK.03/2016 on Calculation of Operational RWA using BIA (now superseded by OJK Circular No. 6/SEOJK.03/2020 (as amended))	Implemented and reported in accordance with applicable regulation, starting February 2010 (reporting position as of January 2010). (now superseded by OJK Circular No. 6/SEOJK.03/2020)
Pillar 2	ICAAP		OJK Circular No. 26/SEOJK.03/2016 on CAR Requirement Based on Risk Profile & Capital Adequacy Maintained Assets (CEMA)	The ICAAP methodology embodies the implementation of Risk Appetite Statement, Stress Testing, Capital Planning and synchronisation with the regulation related to Risk Based Bank Rating (RBBR). Implemented and reported periodically starting from June 2016 (reporting position as of May 2016).
Pillar 3	Disclosure		OJK Circular No. 9/SEOJK.03/2020 on Transparency and Publication of Commercial Banks' Reports ("**SEOJK 9/2020**") (now superseded by OJK Circular No. 29/SEOJK.03/2025 on the Transparency and Publication of Conventional Banks Report ("**SEOJK 29/2025**"))	The Bank has implemented risk exposure and capital disclosure in accordance with SEOJK 9/2020 starting September 2020 and previously implemented in accordance with consultative paper starting from January 2013. SEOJK No. 29/2025 will be implemented from September 2026.

A summary of the application of Basel III by the Bank is set out in the table below.

Basel III		Current OJK Regulation	Implementation by the Bank
CAR & Buffer	CAR Risk Profile & Capital Conservation	OJK Regulation No. 27 of 2022 and OJK Regulation No. 34/ POJK.03/2016, both amending OJK Regulation No. 11/POJK.03/ 2016 on Minimum Capital Adequacy Requirements for Commercial Banks	Has been implemented in stages since 1 January 2016 in accordance with applicable OJK and Bank Indonesia regulations.
	Countercyclical Buffer	Bank Indonesian Regulation No. 17/22/PBI/2015 on Mandatory Countercyclical Buffer	
	SIB Capital Surcharge	OJK Regulation No. 5/POJK.03/ 2014 on the Determination of Supervisory Status and Handling of Issues in Commercial Banks	
Liquidity Ratio	Liquidity Coverage Ratio ("**LCR**")	OJK Regulation No. 42/POJK.03/ 2015 on Liquidity Coverage Ratio as amended by POJK No. 19 of 2024	Implemented and Reported since December 2015.
	Net Stable Funding Ratio ("**NSFR**")	OJK Regulation No. 50/POJK.03/ 2017 on Net Stable Funding Ratio as amended by POJK No. 20 of 2024	Implemented and Reported since January 2018.
Leverage Ratio	Leverage Ratio	OJK Regulation No. 31/POJK.03/ 2019 on Leverage Ratio for Commercial Banks	The calculation has been reported since March 2015.
Securitisation	Securitisation	OJK Regulation No. 11/POJK.03/ 2019 on Prudential Principles in Asset Securitisation Activities for Commercial Banks	Implemented and reported in accordance with the applicable OJK regulation, starting from April 2019.
Large Exposures	Large Exposures	OJK Regulation No. 32/POJK.03/ 2018 on Maximum Amount in Credit Lending and Large Exposure for Commercial Banks, as amended by OJK Regulation No. 38/POJK.03/2019	Implemented and reported in accordance with the applicable OJK regulation, starting from June 2019.
Interest Rate Risk in the Banking Book	Interest Rate Risk in the Banking Book	OJK Circular No. 12/SEOJK.03/ 2018 on Risk Management and Risk Measurement Standard Approach for Interest Rate Risk in the Banking Book for Commercial Banks	Implemented and submitted starting from June 2019.

In order to provide added value to stakeholders and as a form of the Bank's compliance in fulfilling the capital adequacy requirements set by regulators, the Bank always guarantees and ensures that the capital structure is strong enough to support the Bank's current business development strategy and maintain business sustainability in future.

The Bank's risk management policies in the capital aspect includes diversifying capital sources in accordance with long-term strategic plans and efficient capital allocation in business segments that have an optimal risk-return profile (including placements with Subsidiaries). This aims to meet the expectations of stakeholders including investors and regulators.

The Bank ensures that it has sufficient capital to cover credit risk, market risk and operational risk, both based on regulatory capital and internal requirements (based on the ICAAP). In accordance with OJK Regulation No. 27 of 2022 and OJK Regulation No. 34/POJK.03/2016 (both of which amend OJK Regulation No. 11/POJK.03/2016 on Minimum Capital Adequacy Requirements for Commercial Banks), the Bank has fulfilled the additional capital buffer as required, namely capital conservation and capital surcharge (where the countercyclical buffer is set at 0% by Bank Indonesia). The Bank refers to OJK regulations and Bank Indonesia regulations as well as international best standards (Basel II & Basel III) in calculating the minimum capital adequacy for credit risk, market risk, operational risk and other risks.

With regard to the calculation of the minimum capital adequacy under Pillar 1 of Basel II, the Bank uses the Basel II Standardised Approach and has included the External Rating component in calculating RWA for credit risk. In line with the implementation of the Basel III reforms effective since January 2023, the Bank has aligned its credit risk RWA calculation with the revised Standardised Approach requirements and applicable capital buffer provisions as stipulated by the regulator.

The Bank also manages a range of risk models that are in line with the Advanced Internal Rating Based Approach (A-IRB Approach) concept, namely the Basel II Risk Parameter component consisting of the Probability of Default, Loss Given Default and Exposure At Default models for the wholesale, retail and consumer segments. These models are used in the framework of Expected Credit Loss which is required in calculating Allowance for Impairment Loss based on PSAK 109.

For market risk, the Bank uses the Basel III Standardised Approach and internally uses Value at Risk. For operational risk, the Bank refers to the Basel II BIA.

The Bank regularly perform internal stress testing which is carried out periodically aims to measure the impact of worsening macroeconomic factors on the Bank's financial conditions, as well as prepare relevant mitigations for any potential threats that may arise. The scenarios and assumptions for the Bank's internal stress testing, as prepared by Office of Chief Economist, are based on current global economic challenges due to, *inter alia*, increase of uncertainties from the geopolitical tension, supply chain disruptions, significant increase in benchmark rate to curb inflation especially in developed countries, capital outflow from emerging markets, global economic slowdown, and the potential for stagflation or recession. These in-depth analyses are used to help the Bank in prioritising contingency plans, such as managing allowance for impairment losses and evaluating portfolio and relationship strategy.

In addition, the Bank periodically conducts bottom-up stress testing, where the supervisor reviews the Bank's capital adequacy and contingency plans in particularly adverse scenarios. As of the date of this Offering Circular, the Bank has managed to maintain its capital level above internal and regulatory threshold in past stress testing cycles.

As part of implementing Basel III in Indonesia, the Bank has reported the fulfilment of monthly LCR and the fulfilment of quarterly NSFR, as well as conducting quarterly Leverage Ratio calculations in accordance with OJK regulations. The Bank has also implemented Interest Rate Risk in the Banking Book ("**IRRBB**") standards as prescribed by Basel and the OJK pursuant to OJK Circular No. 12/SEOJK.03/2018 on Implementation of Risk Management and Risk Measurement in the Standard Approach for Interest Rate Risk in the Banking Book (IRRBB) for Commercial Banks. The scope of implementation includes integrating IRRBB into the Bank's internal risk management policies, reviewing measurement methodologies, setting up internal limits, and improving systems and tools used to manage the risk.

As part of the implementation of Basel II/Basel III Pillar 3 – Market Disclosure, the Bank discloses information on risk exposure and the Bank's capital in accordance with the Basel Committee on Banking Supervision document related to the revised Pillar 3 disclosure requirements, OJK Regulation No. 18/2025 and SEOJK 29/2025, both on Transparency and Publication of Commercial Banks. The disclosure of the Bank's risk exposure and capital has been made publicly available on the Bank's website (https://bankmandiri.co.id/en/home) and the published reports include Leverage Ratio, Disclosure of Capital, Disclosure of Capital and Quantitative & Qualitative Information on Risk Exposure and Key Metrics reports.

Basel III Reforms

A summary of the application of latest Basel III framework (the "**Basel III Reforms**") by the Bank is set out in the table below.

Basel III Reforms		OJK Regulation	Implementation by the Bank
Credit RWA	Credit RWA with Standard Approach	OJK Circular No. 24/SEOJK.03/2021 on Calculation of Credit RWA using Standard Approach for Commercial Banks, as amended by SEOJK 29/2025 ("**SEOJK 24/2021**")	The first calculation Credit RWA according to this OJK circular has been reported in respect of the position of January 2023.
Operational RWA	Operational RWA with Standard Approach	OJK Circular No. 6/SEOJK.03/2020 on Calculation of Operational RWA using Standardised Approach for Commercial Banks, as amended by SEOJK 29/2025 ("**SEOJK 6/2020**")	The first calculation of Operational RWA according to this OJK circular has been reported in respect of the position of year 2023.
Market RWA	Market RWA with Standardised Approach	OJK Circular No. 23/SEOJK.03/2022 on Calculation of Market RWA using Standardised Approach for Commercial Banks, as amended by SEOJK 29/2025 ("**SEOJK 23/2022**")	The first calculation of Market RWA according to this OJK circular has been reported in respect of the position of January 2024.
Exposure to Central Counterparty (CCP)	Exposure to Central Counterparty (CCP)	OJK Circular No. 16/SEOJK.03/2023 about the Calculation of Capital for Banks' Exposure to Central Counterparty Institutions, as amended by SEOJK 29/2025	Has been implemented and reported in accordance with the applicable SEOJK, starting from the position in September 2024.

In finalising its Basel III supervisory framework, the Basel Committee on Banking Supervision has implemented new rules for measuring credit, operational and market risk. Following a one-year deferral to increase the operational capacity of banks and supervisors in response to the Covid-19 pandemic, the reforms of Basel III for Credit RWA and Operational RWA calculations are effective from January 2023 based on SEOJK 24/2021 and SEOJK 6/2020. Meanwhile the reforms of Basel III for Market RWA calculations are effective from January 2024 based on SEOJK 23/2022.

In implementing the Basel III Reforms, the Bank has already performed enhancement on the ERM System and Operational Risk Management System to make sure that the process will produce calculation accurately and effectively. The calculation of Credit, Operational, and Market RWA, based on the Standardised Approach according to SEOJK 24/2021, SEOJK 06/2020, and SEOJK 23/2022 which adopts the Basel III Reforms, aims to make the Credit, Operational, and Market RWA more risk sensitive and granular.

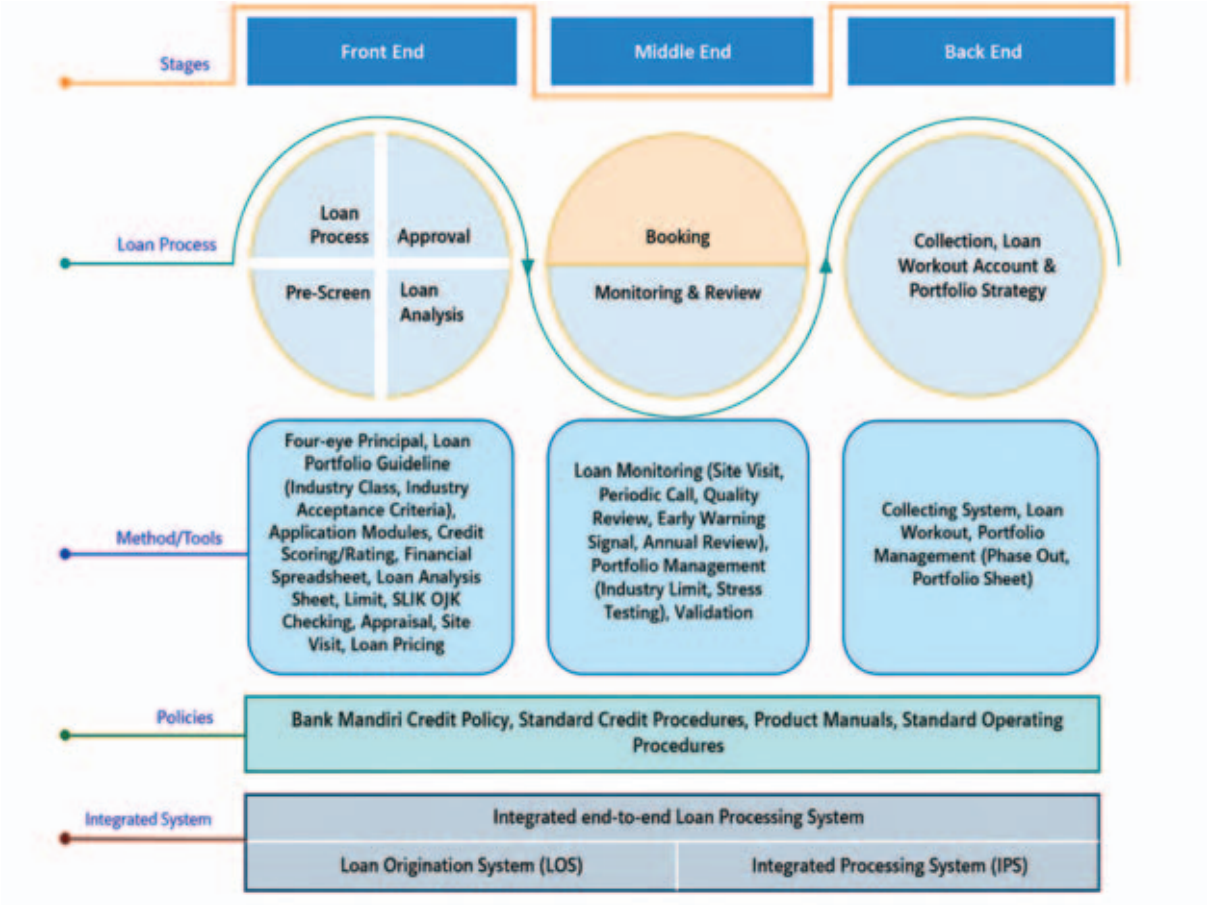
Types of risk

The Bank manages ten risk types:

Credit risk

The Bank's loan management process began with determining the target market and continued by conducting risk assessment and monitoring of loan approval. In extending loans, the Bank prioritises the principles of prudence by placing the credit analysis function performed by the independent business unit and the credit risk unit, through the "four-eyes" principle. The Bank is guided by the Bank Mandiri Credit Policy in managing credit risk on an end-to-end basis. Operationally, this policy is set forth in the Bank's standard credit procedures and Product Manual.

In implementing risk management of credit concentration at the debtor level, the Bank consistently monitors the legal lending limit ("**BMPK**"). In general, credit process and credit risk management at the Bank are conducted on an end-to-end basis and integrated by business unit, credit operation unit and credit risk management unit. The following is the credit risk management scheme.



Market risk

The Bank's market risk management is carried out by an independent unit that is in line with the segregation of duties principle. Market risk in relation to the Bank's trading book and banking book are managed separately.

The Bank Mandiri Risk Management Framework was developed on the basis of internal and external factors including but not limited to bank business, regulatory requirements, methodological developments based on global best practices, and risk data analysis. The authority and responsibility associated with the implementation of risk management were regulated in the Bank's Risk Management Policy ("**KMNR**").

As for the guidance in the implementation of market risk management, both the Bank's trading book and banking book portfolios are regulated in its Standard Procedures of Treasury ("**SPT**") and Standard Procedures of Asset & Liability Management ("**SP ALM**").

Market risk – Trading book

In relation to the Bank's trading book activities (or its purchase and sale of securities and other financial instruments), market risk arises from potential losses resulting from changes in interest rates and exchange rates, including derivatives instruments. In line with the segregation of duties principle, the following units manage this particular market risk:

(a) the front office unit (Treasury) is the transaction-implementing unit;

(b) the middle office unit (Risk Management) is responsible for monitoring, assessing and reporting risks arising from any trading activities performed by the Treasury unit; and

(c) the back-office unit (Operations) is responsible for recording and valuing all exposures from daily trading activity using market rates from independent sources.

Market risk – Banking book

Banking book market risk arises because changes in interest rates and exchange rates may affect banking book activities (i.e., the Bank's acceptance of deposits, borrowing and lending money and sale of assets in relation to its lending activities and outside its trading activities) and adversely affect the Bank's profitability (earnings perspective) and the economic value of its capital (economic value perspective). Management of the Bank's banking book market risk is carried out by optimising its balance sheet structure to obtain maximum returns in accordance with the targeted level of acceptable risk. In addition, the Bank also sets limits for internal provisions and provisions under applicable laws and regulations which are monitored periodically by the relevant work unit.

Liquidity risk

Liquidity risk is the risk that the Bank will be unable to meet maturing obligations from cash flow funding sources and/or from high-quality liquid assets that can be pledged, without disrupting the Bank's activities and financial condition. In order to manage liquidity risk in a measured and comprehensive manner, the Bank implements the following strategies:

(a) Determine limits that refer to internal provisions and regulatory provisions;

(b) Perform periodic liquidity risk stress testing to determine the impact of changes in market factors and internal factors on extreme conditions (crises) on liquidity conditions;

(c) Arrange and conduct periodic reviews of the Bank's Liquidity Contingency Plan ("**LCP**") and Recovery Plan that regulate its procedures to encounter deteriorating liquidity conditions including alternative funding strategies. The determination of liquidity conditions and financing strategies in the LCP and Recovery Plan has considered internal and external conditions; and

(d) Monitor external indicators, for instance indONIA, USD interbank, Rupiah interest rate, yield from SUN and UST with a 10-year tenor, Outstanding IDR banking liquidity, USD/IDR exchange rate, credit spread of default swaps (CDS), Composite Stock Price Index (CSPI), as well as current market information. This monitoring aims to increase awareness of less stable economic conditions, either due to a global crisis or various domestic issues.

Operational risk

Operational risk arises from inadequacy and/or malfunction in internal processes, human error, system failure, and/or external events that affect the Bank's operations, including risks related to cybersecurity.

Operational risks are inherent in every product, activity, and operational process of the Bank as part of its business activities. Failure to manage operational risk in a product, activity, or process will damage the Bank financially and non-financially. It can also trigger other risks, such as reputational, strategic, legal, market, credit, compliance, and liquidity risks. Effective and consistent operational risk management is important to minimize the emergence of those other risks.

Furthermore, to effectively manage operational risk and adapt continuously to evolving technological trends, the Bank carefully oversees cyber risk, a derivative of operational risk, through a proactive and comprehensive risk management approach. By fostering robust risk awareness among stakeholders and implementing a cyber risk management framework through comprehensive cybersecurity actions, the Bank will establish and sustain strong cyber resilience over time.

Operational risk, including cyber risk, management is carried out by all elements of the Bank, including the Board of Directors, with active supervision by the Board of Commissioners. The Board understands the risk involved and has a key role in supporting and monitoring risk management activities at the operational unit level.

The organization, duties and responsibilities in managing the Operational Risk consist of:

(a) Risk Management Committee (RMC), a Board of Directors committee, has strategic duties, responsibilities, and authorities to lead the preparation and adjustment or improvement of risk management.

(b) Risk & Control Owner unit is fully responsible for managing operational risk, ensuring the effectiveness and compliance of control measures across all operational activities, and ensuring compliance with applicable regulations.

(c) Operational Risk Management (ORM) Unit is responsible for formulating and evaluating operational risk, including cyber risk, management policies, strategies, frameworks, tools, and systems, as well as communicating these throughout the Bank. It is also responsible for calculating operational risk capital, or the operational risk reserve.

(d) Senior Operational Risk (SOR) Unit by segment, is responsible for implementing operational risk management policies, strategies, frameworks, tools, and systems in collaboration with the Risk & Control Owner in each segment, carrying out control testing, handling incidents and problems that arise, and monitoring the fulfillment of action plans.

(e) The Internal Audit Unit is responsible for carrying out independent assurance function to ensure that 1st and 2nd line of model are functioning effectively and properly.

The process of managing operational risk includes identification, assessment, monitoring, and mitigation. These stages provide the foundation for Risk & Control Owners as they pursue their assigned task areas and advance the Bank's business goals. The Bank also routinely conducts control testing to confirm that control activities have been carried out, detect weaknesses, and improve controls so they remain effective and result in measurable, acceptable risks for the Bank.

Legal risk

Legal risk is the risk due to lawsuits and/or weaknesses in legal aspects. Legal risk arises partly because of the absence of supporting laws and regulations or weaknesses in contracts, such as the non-compliance with the requirements for a contract or imperfect collateral binding. Risk management mechanisms including the process of identification, measurement, and control and monitoring referred to the applicable provisions on risk management. Each work unit must identify and manage the risks, including but not limited to legal risks, that attach to any product or activity created or executed by the Bank, so as not to have a widespread impact and trigger other risks, including but not limited to reputational risk.

Reputational risk

Reputational risk arises as a result of declining stakeholder trust due to negative sentiments surrounding the Bank.

Reputational risk is managed via monitoring, supervision, handling, and settlement coordinated by the Corporate Secretary with support from relevant work units, such as Customer Care, Legal, Operational, Product & Fraud Risk, IT Application Development & IT Application Support, and Business Continuity Management.

The management of reputational risk follows internal provisions and applicable laws. In its implementation, reputational risk management is carried out by creating positive perceptions via conventional media and positive content on social media.

Strategic risk

Strategic risk is the risk arising from inappropriate strategic decision-making and/or implementation, as well as the failure to anticipate changes in the business environment. The Bank has established the Risk Management Committee, the Risk Management Work Unit and working committees under these bodies to support comprehensive, integrated, measurable and controlled strategic risk management.

The Bank continuously reviews and evaluates the performance of its various units against established targets, together with the corrective measures taken, in the context of prevailing internal and external conditions. The Bank also continues to strengthen management support programmes for financial performance through the development of automated budgeting system and enhancement of portfolio management system.

Compliance risk

Compliance risk arises when the Bank does not comply with and/or does not enforce the applicable laws and regulations. Each of the Bank's units is fully responsible for ensuring that their respective activities comply with all applicable laws and regulations. The Board of Commissioners, the Board of Directors, the Director in charge of the compliance function, the Compliance Unit, and all employees have specific roles to ensure compliance awareness in all of the Bank's activities.

The Bank has established compliance risk management policies and procedures subject to applicable rules and regulations. The main objective of the compliance risk management policies and procedures is to build compliance culture and to minimise the potential risks of the Bank's business activities.

The compliance risk management process is divided into several phases, namely identification, assessment, monitoring and mitigation of potential risks.

Intra-group transaction risk

Risk of intra-group transactions is the risk that is due to the dependence of one entity, directly or indirectly, on another entity in the same financial conglomerate for the purpose of fulfiling the obligations underwritten as well as unwritten agreements, regardless of whether fund transfers are followed. Implementation of intra-group transaction risk management is performed by the Bank and its subsidiaries in accordance with the Bank's business strategy.

The Bank identified and analysed the activities that could increase intra-group transaction risk and affect the Bank's performance. The risk identification is performed on the Bank's and its subsidiaries' business activities by considering the complexity of the transactions. The Bank combines qualitative and quantitative approaches in the process of measuring intra-group transaction risk and monitors such risk on a regular basis.

Insurance risk

Insurance risk is a risk that is due to failure of an insurance company to meet its obligations to policy holders as a result of insufficient process for risk selection (underwriting), determination of premium (pricing), use of reinsurance, and/or handling of claims. The Bank implements insurance risk management with respect to its subsidiaries engaged in the insurance business.

The Bank identifies and analyses the activities that could increase insurance risk and affect the Bank's performance. The identification of such risks is made in the business activities of each relevant subsidiary, taking into account their characteristics. The Bank combines qualitative and quantitative approaches in measuring insurance risk and periodically monitors such risk.

The Bank's Individual Risk Profile

The assessment of Bank Mandiri Individual Risk Profile as of 30 June 2026 is categorised as rating 1 (Low Risk), with the assessment of Inherent Risk categorised as rating 2 (Low to Moderate) and the assessment of Quality of Risk Management Implementation categorised as rating 1 (Strong), as follows:

Type of Risk	Inherent Risk Rating	KPMR Rating	Risk Level Rating
Credit Risk	Low to Moderate	Satisfactory	Low to Moderate
Market Risk	Low	Strong	Low
Liquidity Risk	Low to Moderate	Strong	Low
Operational Risk	Moderate	Satisfactory	Low to Moderate
Legal Risk	Low	Strong	Low
Strategic Risk	Low	Strong	Low
Compliance Risk	Low to Moderate	Strong	Low
Reputation Risk	Low	Strong	Low
Composite Rating	Low to Moderate	Strong	Low

Efforts to instill a Bank-wide culture of risk management

In order to realise its vision, the Bank implements a risk culture in all its operational and business activities in order to mitigate risks that have the potential to disrupt the Bank's sustainability. The risk awareness culture begins with the establishment of a RAS, which is used in the business decision process, and its discipline is monitored intensively.

At the policy and procedure level, efforts to increase a risk awareness culture are carried out by incorporating risk assessment and risk mitigation in every preparation of standard business activity procedures and the Bank's product manuals.

Furthermore, the promotion of a risk awareness culture is also encouraged by attaching risk awareness to the corporate culture. One of the themes of the cultural work programme is "Bergerak Berdampak" in which all Bank employees are expected to pursue business growth accompanied by precise risk calculations so that performance achievement can be sustainable in the long term.

In order to support the various programmes instilled to promote a risk awareness culture, the Bank uses several communication media to ensure messages are conveyed in a broad range such as risk sharing forums, email blasts, video, e-learning, articles, risk surveys, etc. so that a risk culture can be embodied in an open, efficient and effective risk management framework.

Integrated risk management

The Bank has been implementing risk consolidation and integration by gradually aligning its risk management principles and practices between the Bank and its consolidated subsidiaries since 2008, pursuant to OJK Regulation No. 38/POJK.03/2017 on the Implementation of Consolidated Risk Management for Banks with Controlled Subsidiaries (as amended, "**OJK Regulation No. 38/2017**") and OJK Regulation No. 17/POJK.03/2014 on the Implementation of Integrated Risk Management for Financial Conglomeration as partially revoked by OJK Regulation No. 30 of

2024 on Financial Conglomeration and Financial Conglomeration Holding Company ("**OJK Regulation No. 17/2014**"). These stages have always been an essential strategic initiative of the risk management working unit in the Bank which is regularly discoursed with the OJK in a special forum to discuss about risk profile and (Risk Based) Bank Rating.

The Bank acknowledges that its viability is affected by risk exposure, which arises directly, or indirectly from its subsidiaries' activities. Due to this, the Bank has implemented a consolidation and integration management system for subsidiaries operating in and outside Indonesia which are adapted to the local regulations where a subsidiary operates while remaining in line with the principles of risk management. The concept of integration undertaken by the Bank is generally divided into two major parts, as follows:

(1) first line, which relates to the fulfilment of the provisions of OJK Regulation No. 38/2017, OJK Regulation No. 17/2014 and OJK Regulation No. 4/POJK.03/2016 on Soundness Level of Commercial Banks; and

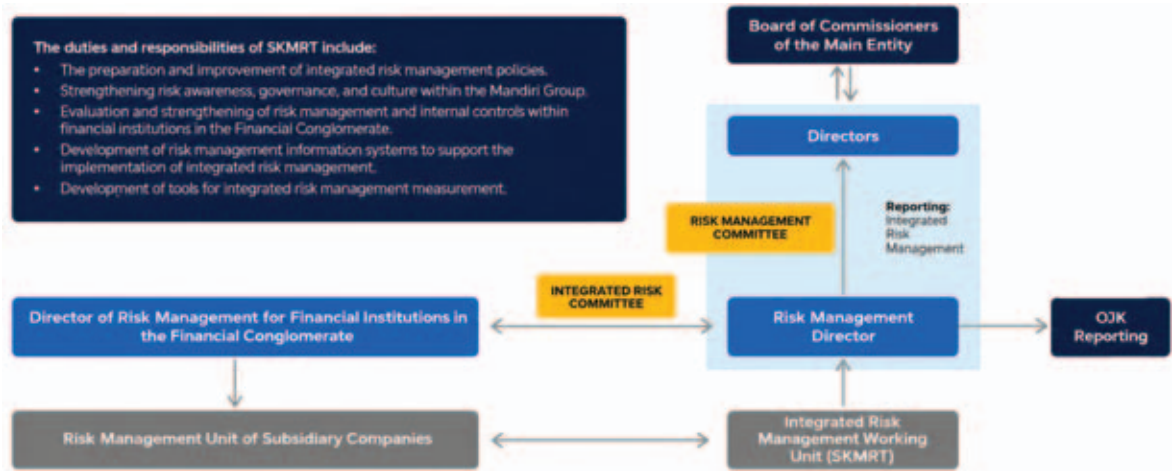
(2) second line, which serves more as an internal approach for the Bank as a whole, covers risk management frameworks, tools, systems and governance. Gradually, the Bank has consolidated risk management with financial services institutions member included in financial conglomeration (as per 27 January 2026 – according to Badan Pengaturan (BP) BUMN Republik Indonesia's approval, Bank Mandiri is no longer having control rights to Bank Syariah Indonesia (BSI) and excluded from Financial Conglomeration Holding Company Bank Mandiri. However Bank Mandiri still as major shareholder of BSI and other subsidiaries; Bank Mandiri Europe Ltd, Bank Mandiri Taspen, Mandiri Sekuritas, Mandiri Manajemen Investasi, AXA Mandiri Financial Services, Mandiri Tunas Finance, Mandiri Utama Finance, Mandiri International Remittance, and Mandiri Capital Indonesia).

    (notes: as per 16 September 2025 – according to OJK's approval and the implementation of OJK Regulation No. 30 of 2024 on Financial Conglomeration and Holding Company of Financial Conglomeration ("**OJK Regulation No. 30/2024**"), the financial conglomeration structure of Bank Mandiri currently consists of Bank Mandiri as the Financial Holding Company with 20 (twenty) members of the Financial Conglomerate operating across various sectors, i.e: remaining subsidiaries, Financial Institution Pension Fund (DPLK), Bank Mandiri Pension Fund (DPBM), and second tier subsidiaries, in which the implementation of integrated risk management are still referring to the existing OJK Regulation No. 17/2014).

Related to that, the Bank has internal guidelines named the Mandiri Group Principle Guidelines (MGPG) and Integrated Good Corporate Governance Guidelines, which contain technical guidance regarding the implementation of risk management among the Bank and its subsidiaries. It is one of the Bank's most prominent measures on risk management, and is related to OJK Regulation No. 18/POJK.03/2014 on the Implementation of Integrated Governance for Financial Conglomeration as partially revoked by OJK Regulation No. 30/2024.

In order to implement integrated risk management policies comprehensively, the Bank established the Risk Management Committee consisting of the Director or Executive Officer in charge of the risk management function of the Bank, and the Integrated Risk Committee which also comprises Directors and/or Officials from all subsidiaries. The Integrated Risk Committee provides recommendations for the adequacy of risk management implementation in each subsidiary and the implementation of integrated risk management, which are then approved by the Risk Management Committee, leading to the preparation, the adjustment/improvement, and the establishment and implementation of integrated risk management policies. In addition, the Bank also established an Integrated Risk Management Working Unit (Satuan Kerja Manajemen Risiko Terintegrasi or the "SKMRT") which reports directly to the Director in charge of managing the risk function.

The following diagram outlines the duties and responsibilities of SKMRT:



DESCRIPTION OF THE BANK'S ASSETS AND LIABILITIES

The following information should be read together with the Consolidated Financial Statements included elsewhere in this Offering Circular. All amounts presented in this section are in accordance with IFAS. See "*Risk factors – Risks relating to Indonesia – Indonesian corporate and other disclosure and accounting standards differ from those in the United States, countries in the European Union and other jurisdictions*".

Average interest-earning assets and interest-bearing liabilities

The following tables present, for the periods indicated, condensed average balances for interest-earning assets and interest-bearing liabilities, together with interest income and yields earned on average interest-earning assets and interest expense and rates paid on average interest-bearing liabilities (standalone).

	As of and for the Year Ended 31 December

Notes:

(1) The average size is based on the averages of monthly balances.

(2) The average yield on average interest-earning assets is the ratio of interest income to average interest-earning assets on an annualized basis. The average cost of funds on average interest-bearing liabilities is the ratio of interest expense to average interest-bearing liabilities on an annualized basis.

(3) The average size of loans includes NPLs and Supply Chain Financing.

(4) Other assets include non-letter of credit, non-domestic letter of credit (SKBDN), UPAS letter of credit transaction, and pre-export financing facilities.

(5) Other liabilities include trade transaction, interest expenses and B2B financing interest expenses.

Analysis of changes in net Interest Income – volume and rate analysis

The following tables set forth, for the periods indicated, a summary of the net changes in interest income or expense for interest-earning assets and interest-bearing liabilities, and the allocation of such changes. The net changes in interest income/expense can be attributed to: (i) changes in average balance, (ii) changes in average rates (average yield or average cost of funds, as the case may be), and (iii) changes in both average balances and average rates. For purposes of the tables below, the net changes in interest income/expense have been reflected in the tables below as attributable either to changes in average balances or changes in average rate, and the net

changes in interest income/expense due to changes in both average balances and average rates have been allocated and added solely to the increase or decrease due to changes in average rates.

An increase or decrease in interest income/expense due to changes in average balances has been computed based on (i) the change in average balances between the current year/period and the prior year/period, multiplied by (ii) the average rate (average yield or average cost of funds, as the case may be) for the current year/period, for the relevant line item.

An increase or decrease in interest income/expense due to changes in average rates has been computed based on (i) the change in average yields or average costs of funds between the current year/period and the prior year/period, multiplied by (ii) the average balance for the prior year/period, for the relevant line item.

	As of 31 December 2025 as compared to 31 December 2024		As of 30 June 2026 as compared to 30 June 2025

Securities portfolio

The Bank's securities portfolio is managed by its Treasury and International Banking operating segment. It consists of a variety of debt securities and, in accordance with SFAS, is divided into three classifications:

Fair value through profit or loss. Securities measured at fair value through profit or loss are managed within an active buying and selling business; or those which upon initial recognition are determined by the Bank to be measured at fair value through profit or loss. The Bank measures the securities at fair value. Gains or losses on changes in fair value are recognised in profit or loss.

Fair value through other comprehensive income. Securities measured at fair value through other comprehensive income are the securities managed in a business model whose objectives are met by obtaining contractual cash flows and selling the securities. The securities also pass the solely payment of principal and interest criteria required by PSAK 109/IFRS 9. The Bank sells the securities for liquidity management purposes or yield enhancement through fee-based income. At initial recognition, the Bank measures the securities at the fair value plus or minus the transaction cost. Subsequently, the Bank measures the securities at fair value. Gains or losses on changes in fair value are recognised in other comprehensive income, which constitutes part of shareholder's equity. Interest, amortisation of premium/discount and transaction cost, and securities' credit losses provision are recognised in the Bank's profit or loss.

At amortised cost. Securities are measured at amortised cost if both of the following conditions are met: the securities are managed in a business model that aims to hold securities in order to obtain contractual cash flows and pass the solely payment of principal and interest criteria required by PSAK 109/IFRS9. At initial recognition, the Bank measures securities at fair value plus or minus transaction costs. Interest, amortisation of premium/discount and transaction cost, and securities' credit losses provision are recognised in the Bank's profit or loss.

As of 30 June 2026, the Bank's consolidated securities portfolio (including Government bonds) was classified as follows: Rp131,204.30 billion (US$7,338.05 million) for fair value through profit or loss (**FVPL**), Rp133,521.99 billion (US$7,467.67 million) as fair value through other comprehensive income (**FVOCI**) and Rp135,363.51 billion (US$7,570.67 million) as at amortised cost.

Securities

The following tables set forth the book values of the Bank's consolidated securities portfolio (including Government bonds) as of the dates indicated:

	As of and for the Year Ended 31 December			
	2024		2025	
	Amount	Percentage Amount of Total	Amount	Percentage Amount of Total
	(Rupiah in billion)		(Rupiah in billion)	
Fair value through profit or loss

Corporate debt and other securities	36,123.54	9.44%	62,693.70	15.04%
Fair value through other comprehensive income				
Government bonds	82,065.67	21.45%	106,034.35	25.43%
Corporate debt and other securities	46,994.43	12.28%	54,814.11	13.15%
At amortised cost				
Government bonds	175,596.82	45.89%	153,095.72	36.72%
Corporate debt and other securities	12,223.59	3.20%	6,575.46	1.58%
Total book value	**382,614.22**	**100.00%**	**416,900.82**	**100.00%**
Add/(Less)				
Unamortised premium/(discount)	(27.02)		0.78	
Unrealised gain on increase in fair value of marketable securities	215.01		684.64	
Allowance for impairment losses	(51.49)		(40.72)	
NET BOOK VALUE[(1)]	**382,750.72**		**417,545.52**	

	As of 30 June 2026	
	Amount	Percentage Amount of Total
	(Rupiah in billion)	
Fair value through profit or loss		
Government bonds	31,175.04	7.79%
Corporate debt and other securities	100,029.26	25.00%
Fair value through other comprehensive income		
Government bonds	100,467.31	25.11%
Corporate debt and other securities	33,054.68	8.26%
At amortised cost		
Government bonds	128,620.70	32.15%
Corporate debt and other securities	6,742.81	1.69%
Total book value	**400,089.80**	**100.00%**
Less		
Unamortised discounts	(14.19)	
Unrealised gain on increase in fair value of marketable securities	487.91	
Allowance for impairment losses	(5.84)	
NET BOOK VALUE(1)	**400,557.68**	

Note:

(1) Net book value is the aggregate of: (i) the historical cost of securities which are classified as amortised cost and at cost (less any permanent diminution and unamortised discount or premium) and (ii) the marked value of securities held in the FVPL and FVOCI. For securities which are classified as amortised cost and FVOCI, the amounts are net of allowance for impairment losses.

As of 30 June 2026, the Bank's Government bonds were made up of fixed rate bonds of Rp260,263.05 billion (US$14,556.10 million).

The following tables set forth the book values of the Bank's consolidated Government bonds as of the dates indicated in more detail categorized by type of account:

	As of and for the Year Ended 31 December			
	2024		2025	
	Amount	Percentage Amount of Total	Amount	Percentage Amount of Total
	(Rupiah in billion)		(Rupiah in billion)	
Fair value through profit or loss

Total interest-earning securities	**44,054.85**	**2,463.91**	**57,333.35**	**3,206.57**	**11,184.55**	**625.53**	**2,561.34**	**143.25**	**115,134.09**	**6,439.26**
TOTAL BOOK VALUE[(1)]	**133,188.79**	**7,449.03**	**156,408.29**	**8,747.68**	**72,010.13**	**4,027.41**	**38,482.59**	**2,152.27**	**400,089.80**	**22,376.39**

Note:

(1) The book value is the aggregate of the historical cost of securities which are classified as amortised cost (exclude any permanent diminution and unamortised discount/premium) and exclude marked-to-market value of securities held in the trading and available for sale accounts.

Loan portfolio

As of 30 June 2026, the Bank's consolidated gross loan portfolio amounted to Rp1,630.50 trillion (US$91.19 billion), or 64.51% of its total assets. As of 30 June 2026, the Bank's gross loan portfolio (standalone) amounted to Rp1,591.68 trillion (US$89.02 billion), or 67.75% of its total assets. The Bank offers borrowers a variety of credit facilities including working capital loans, term loans, syndicated loans, consumer loans and loans made pursuant to certain Government programmes.

The Bank also offers letters of credit and bank guarantees, particularly for trade finance. As of 30 June 2026, the Bank had outstanding irrevocable letters of credit amounting to Rp20,399.02 billion (US$1,140.88 million) and had issued bank guarantees amounting to Rp163,900.86 billion (US$9,166.71 million). The Bank also had issued standby letters of credit amounting to Rp21,168.18 billion (US$1,183.90 million) as of 30 June 2026.

Types of loans

As of the dates indicated, on a consolidated basis, the Bank's loan portfolio, classified by currency and type of loan, was as follows:

	As of 31 December		As of 30 June
	2024	2025	2026
		(Rupiah billion)	
By currency:			
Rupiah	1,337,836.06	1,512,669.52	1,265,591.08

Less: allowance for impairment losses on loans	(49,354.64)	(48,033.75)	(38,456.09)
TOTAL LOANS (NET)	**1,573,861.97**	**1,801,934.21**	**1,592,039.56**

Notes:

(1) Loans having stated schedule of repayments and stated maturity.

(2) Working capital facilities are pre-approved lines of credit consisting of term loans, instalment loans, current accounts and overdraft facilities. Amounts reflect drawdown amounts; commitments under such facilities may be higher.

(3) Government programme loans consist of small-scale investment loans, permanent working capital loans, and working capital loans for which funds are provided by the Government at subsidized interest rates.

(4) Export loans consist of loans to industries which generate foreign currency income.

(5) Consumer loans include personal loans.

(6) Syndicated loans represent loans provided to customers under syndicated loan agreements with other banks.

(7) Loans to the Company's employees consist of interest-bearing loans which are intended for acquisition of vehicles, houses and other personal properties and are repayable over a term of one to 28 years through monthly payroll deductions.

One of the functions of the Bank's Assets and Liabilities Committee is to monitor the market interest rate movements and to measure the movements' impact on the Bank's portfolio. In addition, the Bank will determine its strategy to adjust interest rates both on its deposit and loan portfolio. The annualized average interest rate charged on loans provided by the Bank for 1H2025 and 1H2026 (excludes sharia loans/financing) were 8.37% and 7.57%, respectively, for Rupiah loans and 6.20% and 5.75%, respectively, for foreign currencies loans.

Maturity

The following table presents the maturity distribution of the Bank's consolidated loan portfolio based on currency, as of 30 June 2026:

	Total
	Amount
	(Rupiah billion)
Rupiah	
Less than 1 year	146,006.84
1-2 years	102,605.49

Total loans (gross)	**1,630,495.65**
Less: allowance for impairment losses on loans	(38,456.09)
TOTAL LOANS (NET)	**1,592,039.56**

Loan concentrations

Industry concentrations

Historically, the manufacturing sector has represented the largest single sector of the Bank's consolidated loan portfolio. It is believed that the manufacturing sector will continue to be an important source of credit demand.

The following tables set forth, for the periods indicated, the Bank's consolidated gross loans classified by the industry of the borrower and as a percentage of the Bank's consolidated gross loans in Rupiah or US dollars, respectively, as of the dates indicated. The industry sectors used below follow Bank Indonesia's Industry classification scheme:

	As of 31 December[1]			
	2024		2025	
	(Rupiah billion)	(Percentage of Total)	(Rupiah billion)	(Percentage of Total)

Notes:

(1) Excludes consumer financing receivables and net investment finance leases.

(2) The Bank's lending to the agricultural sector includes financing of palm oil, rubber and coconut plantations.

(3) Financing of trading activities (defined as the export, import and other trading of commodities and products manufactured by others) has been a significant component of this business. Financing of trading activities generally is short-term in nature.

(4) Construction sector loans, consisting of performance, advance bonds and working capital facilities, are extended to Government and private sector entities to finance building, civil engineering works, mechanical and electrical systems, utilities and other infrastructure projects. Bank Indonesia does not have a separate category for real estate-related exposures. Real estate exposures are captured under the "construction" and "others" sectors. Collateral is required for all real estate loans.

(5) Other services include, among other things, loans to real estate agents, leasing companies, hospitals and professionals.

(6) Loans to this sector consist of loans to transportation and logistics operators as well as telecommunication companies.

(7) Others includes personal loans.

Business group and individual borrower concentrations

Pursuant to OJK regulations, a commercial bank may not provide funds (i) in excess of 25% of such bank's total capital to any unaffiliated single customer, or (ii) in aggregate in excess of 10% of such bank's total capital to all affiliated customers or business groups or (iii) in excess of 30% of such bank's total capital to any single state-owned customer or business group involved in infrastructure projects. Exposure is defined to include loans, contingent liabilities, negotiable instruments, inter-bank placements, participations and derivative transactions. See "*Legal Lending Limits*". The Bank is in compliance with these lending limits.

The Bank's 10 largest cash loans and non-funded facilities (standalone) as of 30 June 2026 aggregated Rp247.35 trillion (US$13.83 billion) for cash loans (standalone), representing 28.69% of its total cash loan portfolio (standalone), and Rp74.82 trillion (US$4.18 billion) for non-funded facilities (standalone), representing 54.18% of its total non-funded facility portfolio (standalone).

The following table sets forth the Bank's 10 largest exposures to business group borrowers and individual borrowers for cash loans (standalone) as of 30 June 2026. This information includes restructured loans and NPLs.

	As of 30 June 2026					
	Primary business[1]	**Total loan facilities**		**Outstanding principal balance of loans**[2]		**Loan Classification**[3]
		(Rupiah billion)	**(US$ million)**	**(Rupiah billion)**	**(US$ million)**	
Borrower A	Non-Infrastructure Construction Services	66,000.00	3,691.28	55,000.00	3,076.06	Current
Borrower B	Energy & Water	49,618.14	2,775.06	32,852.43	1,837.38	Current
Borrower C	Transportation Support Services	23,668.00	1,323.71	19,632.13	1,097.99	Current
Borrower D	Palm Oil Plantations & CPO	19,488.79	1,089.98	18,094.40	1,011.99	Current
Borrower E	Copper Mining	18,241.15	1,020.20	17,858.21	998.78	Current
Borrower F	Financial Services	18,300.00	1,023.49	16,945.22	947.72	Current
Borrower G	Wholesale Trade of Agricultural & Forestry Products	14,200.00	794.18	11,976.16	669.81	Current
Borrower H	Transportation Support Services	15,197.55	849.97	11,332.97	633.84	Current
Borrower I	Oil & Gas Industry	11,750.00	657.16	10,110.00	565.44	Current
Borrower J	Infrastructure Construction Services	10,894.00	609.28	9,918.39	554.72	Current
TOTAL		**247,357.62**	**13,834.32**	**203,719.91**	**11,393.73**	

Notes:

(1) See "*Legal Lending Limits*" for a description of Bank Indonesia's definition of business groupings.

(2) Outstanding principal balance is the total facility which has been drawn down upon agreement of the borrower and the Bank, but does not include past due interest payments.

(3) Loan classification consists of five categories: current, special mention, substandard, doubtful and loss. For group borrowers, the Bank makes allowances based on the lowest rating within a borrower group. This column represents the lowest loan classification for a borrower within each group.

The following table sets forth the 10 largest exposures to business groups and individual borrowers as of 30 June 2026 for non-funded facilities. This information includes restructured loans and non-performing facilities:

	As of 30 June 2026				
	Primary business[1]	**Total loan facilities**		**Outstanding principal balance of loans**[2]	
		(Rupiah billion)	**(US$ million)**	**(Rupiah billion)**	**(US$ million)**
Borrower A	Transportation Support Services	11,701.01	654.42	11,701.01	654.42
Borrower B	Infrastructure Construction Services	10,215.88	571.36	10,215.88	571.36
Borrower C	Non-Infrastructure Construction Services	10,031.14	561.03	10,031.14	561.03
Borrower D	Oil & Gas Wholesale Trade	7,811.28	436.87	7,811.28	436.87
Borrower E	Shipbuilding Industry	7,070.55	395.44	7,070.55	395.44
Borrower F	Pulp & Paper Industry	6,871.74	384.33	6,871.74	384.33
Borrower G	Fertilizer & Pesticide Industry	6,075.01	339.77	6,075.01	339.77
Borrower H	Machinery & Equipment Industry	5,929.40	331.62	5,929.40	331.62
Borrower I	Non-Infrastructure Construction Services	5,369.41	300.30	5,369.41	300.30
Borrower J	Pulp & Paper Industry	3,743.94	209.39	3,743.94	209.39
TOTAL		**74,819.36**	**4,184.53**	**74,819.36**	**4,184.53**

Notes:

(1) See "*Legal Lending limits*" for a description of Bank Indonesia's definition of business groupings.

(2) Non-funded facilities consist primarily of guarantees and letters of credit.

The following table sets forth the 10 largest exposures as of 30 June 2026 for cash loans and non-funded facilities:

	As of 30 June 2026						
	Industry	Total outstanding principal balance of cash loans		Outstanding total non-funded facility		Total exposure[1]	
		(Rupiah billion)	(US$ million)	(Rupiah billion)	(US$ million)	(Rupiah billion)	(US$ million)
Borrower A	Non-Infrastructure Construction Services	55,000.00	3,076.06	4.02	0.23	55,004.02	3,076.29
Borrower B	Energy & Water	32,852.43	1,837.38	3,388.70	189.52	36,241.13	2,026.91
Borrower C	Infrastructure Construction Services	9,918.39	554.72	10,215.88	571.36	20,134.28	1,126.08
Borrower D	Transportation Support Services	19,632.13	1,097.99	–	–	19,632.13	1,097.99
Borrower E	Copper Mining	17,858.21	998.78	1,125.78	62.96	18,983.99	1,061.74
Borrower F	Palm Oil Plantations & CPO	18,094.40	1,011.99	90.51	5.06	18,184.91	1,017.05
Borrower G	Financial Services	16,945.22	947.72	–	–	16,945.22	947.72
Borrower H	Wholesale Trade of Agricultural & Forestry Products	11,976.16	669.81	–	–	11,976.16	669.81
Borrower I	Transportation Support Services	11,332.97	633.84	1.40	0.08	11,334.37	633.91
Borrower J	Oil & Gas Industry	10,110.00	565.44	–	–	10,110.00	565.44
TOTAL		**203,719.91**	**11,393.73**	**14,826.30**	**829.21**	**218,546.20**	**12,222.94**

Note:

(1) Exposure is the total facility used which can be drawn down at the sole discretion of the borrower or upon the agreement of the borrower and the lenders (including both funded and non-funded facilities) and does not include past due interest payments.

Geographic profile

As of 30 June 2026, 90.13% of the Bank's loans (standalone) were booked in Indonesia. The remaining 9.87% consists of the Bank's standalone loans booked outside Indonesia through its overseas operations.

Interest rates

The majority of the Bank's loans bear variable rates of interest. The Bank is generally entitled to adjust loan interest rates at any time according to market conditions and its internal condition, except housing loans introduced in 2007 that have a fixed rate applicable in the initial years of such loans.

The effective average annualized interest rate paid by borrowers to the Bank during the six-month period ended 30 June 2026 was 7.40% for Rupiah loans. The effective average annualized interest rate paid by borrowers to the Bank during the six-month period ended 30 June 2026 was 5.69% for foreign currency loans.

Non-Performing Loans

The following table sets forth information concerning written-off loans (standalone) by business segment as of the dates and for the periods indicated:

	As of and for the years ended 31 December		For the six-month period ended 30 June
	2024	2025	2026
	(Rupiah billion)		
Loan write-offs (standalone)			
Special Asset Management	2,427.74	1,439.87	116.06
Small Medium Enterprise	791.21	253.27	198.01
Micro banking	4,649.86	2,196.64	1,410.11
Individual/consumer	3,228.27	2,528.31	1,091.08
Total loan write-offs (standalone)	**11,097.08**	**6,418.09**	**2,815.26**
Gross loans at beginning of period	1,085,787.43	1,310,779.40	1,497,108.66
Gross loans at end of period	1,310,779.40	1,497,108.66	1,591,678.06

NPLs (on a gross basis) represented 1.01% of the Bank's consolidated total loans as of 30 June 2026. The following table sets forth information with respect to the Bank's consolidated performing loans and NPLs (excluding non-funded facilities, gross of deferred income) as of the dates indicated:

	As of 31 December		As of 30 June
	2024	2025	2026
	(Rupiah billion)		
Performing loans			
Rupiah	1,321,359.83	1,493,574.42	1,250,051.22
Foreign Currency	283,827.45	335,980.70	364,508.50
Non-performing loans			
Rupiah	16,476.23	19,095.10	15,539.86
Foreign Currency	1,553.10	1,317.74	396.07

The following table presents nonaccrual and restructured loans (standalone) for the periods indicated:

	As of 31 December		As of 30 June
	2024	2025	2026
	(Rupiah billion except percentages)		
Non-performing loans			
Restructured loans[1]	73,466.35	75,399.12	78,459.65
Non-performing loans	12,609.24	14,367.70	15,557.16
Non-performing loans to total gross loans[2]	0.97%	0.96%	0.98%
Non-performing assets[3]	14,332.58	16,294.62	17,425.44
Total earning assets[4]	2,151,504.27	2,424,628.24	2,663,609.99
Non-performing assets to total earning assets[5]	0.67%	0.67%	0.65%

Notes:

(1) Restructured loans include performing and non-performing restructured loans.

(2) Non-performing loans to total gross loans computed based on the NPLs to total gross loans (excluding loan to other banks).

(3) Non-performing assets means the balance of financial assets which are classified into three categories: substandard; doubtful; and loss.

(4) Total earning assets constitute the Bank's fund provisions for gaining revenue, which are in the forms of credits, securities, interbank placements, acceptance claims, claims on securities purchased under resale agreements (reverse repurchase agreements), derivative claims, equity participations, and any other equivalent form of fund provisions.

(5) Non-performing assets to total earning assets is a ratio that compares non-performing assets to total earning assets.

The following tables set forth information concerning the Bank's allowance for impairment losses on loans (standalone) as of the dates and for the periods indicated.

	As of 31 December		As of 30 June
	2024	2025	2026
	(Rupiah billion except percentages)

Notes:

(1) Allowance for impairment losses on loans in rupiah categorised as "Investment" as of 31 December 2025, 31 December 2024 and 30 June 2026 (including allowance for financial assets that are measured at fair value through other comprehensive income) amounted to Rp14.58 billion, Rp17.66 billion and Rp10.44 billion respectively, which is booked in equity.

(2) Allowance for impairment losses on loans in rupiah categorised as "Syndicated" as of 31 December 2025, 31 December 2024 and 30 June 2026 (including allowance for financial assets that are measured at fair value through other comprehensive income) amounted to Rp6.08 billion, Rp58.16 billion and Rp5.68 billion respectively, which is booked in equity.

(3) Allowance for impairment losses on loans in foreign currencies categorised as "Syndicated" as of 31 December 2025, 31 December 2024 and 30 June 2026 (including allowance for financial assets that are measured at fair value through other comprehensive income) amounted to Rp10.39 billion, Rp6.95 billion, and Rp12.24 billion respectively, which is booked in equity.

(4) Computed based on the average of the loan balance (standalone) at the beginning and at the end of the period indicated.

As of 30 June 2026, Rp78,479.50 billion (US$4,389.23 million) (excluding consumer financing receivables and net investment finance leases) of the Bank's consolidated gross loan portfolio of Rp1,630,495.65 billion (US$91,191.03 million) had been restructured. As of 30 June 2026, Rp15,935.93 billion (US$891.27 million) of the Bank's consolidated gross loan portfolio consisted of non-performing loans.

The Bank's Credit Recovery Unit, which is part of the Credit Committee, is responsible for the supervision and management of NPLs, being loans classified as "substandard", "doubtful" or "loss" according to Bank Indonesia's guidelines.

As of 30 June 2026, the Bank's 10 largest NPLs (excluding non-funded facilities) amounted to Rp4,209.29 billion (US$235.42 million), and accounted for 27.06% of bank's gross NPL portfolio (standalone). The following table sets forth information regarding its 10 largest NPLs (excluding non-funded facilities) as of 30 June 2026.

	As of 30 June 2026				
	Economic Sector	**Type of Banking Arrangement**	**Gross Principal Outstanding**	**Gross Principal Outstanding**	**Current Loan Classification**
			(%)	**(Rupiah billion)**	
Borrower A	Other Metal Mining	Investment	9.52%	1,481.65	Loss

Borrower J	Non-Financial Service	Working Capital	0.29%	45.00	Loss
TOTAL			**27.06%**	**4,209.29**	

Loan portfolio classification

Bank Indonesia requires banks to categorise each loan into one of five categories and to set minimum loan allowances based on these categories.

The following table classifies the Bank's consolidated gross loans by Bank Indonesia loan performance categories as of the dates indicated:

	As of 31 December[1]				As of 30 June[1]	
	2024		2025		2026	
	Outstanding amount	**Percentage of Total**	**Outstanding amount**	**Percentage of Total**	**Outstanding amount**	**Percentage of Total**
	(Rupiah billion)	**(%)**	**(Rupiah billion)**	**(%)**	**(Rupiah billion)**	**(%)**
Current	1,554,885.47	95.79	1,779,952.42	96.22	1,611,309.95	96.06%
Special mention	50,301.81	3.10	49,602.70	2.68	49,208.28	2.93%
Substandard	2,834.51	0.17	2,842.82	0.15	1,565.96	0.09%
Doubtful	2,942.43	0.18	2,926.56	0.16	3,237.19	0.19%
Loss	12,252.39	0.75	14,643.46	0.79	12,128.10	0.72%
TOTAL	**1,623,216.61**	**100.00**	**1,849,967.96**	**100.00**	**1,677,449.47**	**100.00%**

Note:

(1) Excludes consumer financing receivables and net investment finance leases.

As of 30 June 2026, 1.26% of the Bank's consolidated Rupiah-denominated loans and financing by value, were non-performing and 0.11% of its foreign currency-denominated loans and financing by value, were non-performing.

The following table classifies consolidated loans in Rupiah and foreign currency by Bank Indonesia loan performance categories as of 30 June 2026:

	As of 30 June 2026[1]		
	Outstanding amount		Percentage of Total
	(Rupiah billion)	(US$ million)	(%)
Rupiah

Notes:

(1) Excludes consumer financing receivables and net investment finance leases.

(2) Other includes consumer loans.

Restructuring and settlement of NPLs

The Bank's NPLs are restructured on a case-by-case basis upon a determination by the Bank's management that restructuring would be the best means of realising repayment. The Bank generally restructures loans to debtors that it believes have good operating prospects and are cooperative, but had or are expected to have temporary liquidity difficulties or are in circumstances where the restructuring involves a partial repayment of the outstanding amounts.

Loan restructuring is performed in accordance with written procedures of the Credit Recovery Unit which include specific loan restructuring strategies and the circumstances under which they may be applied.

The Bank emphasises recovery and settlement of NPLs and has attempted to institutionalise this focus across its organisation. Generally, the Bank divides its loan restructurings into two categories:

"Simple restructurings" involving the rescheduling of repayments or a reduction of interest rates for companies that meet certain criteria such as adequate working capital, minimal intra-group liabilities and operate in a viable industry sector.

"Complex restructurings" involving more complex steps such as debt for equity swaps for companies which have negative equity, low cash flows and other features that do not allow for a "simple restructuring".

According to OJK regulations, after restructuring, loans previously classified as "doubtful" or "loss" can be reclassified as "substandard", while loans previously classified as "current", "special mention" or "substandard" may not be reclassified. Upon the signing of a restructuring agreement with a borrower, the Bank upgrades the NPLs to "substandard". In accordance with OJK regulations, the NPLs may only return to performing status ("current" or "special mention") and accrue interest in the Bank's financial statements in accordance with its new terms after the borrower has made at least three consecutive payments in accordance with the restructured contractual terms. However, even where the borrower has satisfied this requirement, the Bank may still not reclassify the loan as performing if there remain concerns about the borrower's ability to meet its payment obligations. The Bank usually allows several months of testing before reclassifying the loan as "current". After the Bank has classified a restructured loan as "current" and it has continued to show operational and financial improvement, the Bank typically transfers it from its Credit Recovery Unit to the relevant business unit.

For simple restructurings involving reductions in interest rates, the Bank charges interest on the restructured loans at rates above its cost of funds but below the relevant market lending rate. In addition, in cases where the borrower may take an extended period before it returns to financial health, the Bank has restructured, and may continue to restructure, loans with smaller payments due in earlier periods and larger payments in later periods. During the earlier periods, a restructured loan may become performing in accordance with the Bank's classifications of performing loans. However, as larger payments become due, it is possible that a borrower may not meet these payments and the loan may, once again, become non-performing.

In the restructuring of certain loans, depending on the complexity of the restructuring, the Bank has utilised external advisers to assist it in determining a borrower's ability to repay a loan under the restructured terms. In connection with certain restructurings, the Bank has extended the credit terms.

As of 30 June 2026, the Bank had restructured loans of Rp78,459.65 billion (US$4,388.12 million). The following table sets forth information on the Bank's 10 largest restructured loans as of 30 June 2026:

	As of 30 June 2026			
	Economic sector	**Total outstanding**		**Current loan classification**
		(Rupiah billion)	**(US$ million)**	
Debtor #1	Construction Infrastructure Service	7,547.63	422.13	Current
Debtor #2	Metal Industry & Wholesale Trade	7,185.14	401.85	Special Mention
Debtor #3	Metal Industry & Wholesale Trade	5,166.43	288.95	Current

Debtor #10	Nickel Mining	1,394.97	78.02	Current
TOTAL		**37,856.11**	**2,117.23**	

Allowance for impairment losses on loans

The Bank's policy is to classify its loans in accordance with the Bank regulator's policies and applicable accounting requirements. PSAK 109 requires the Bank to use an "expected credit loss" methodology for asset impairments. PSAK 109 requires recognition of impairment losses to be conducted on a forward-looking basis, whereby impairment loss is recognised before the occurrence of any credit losses (default). Under this approach, the Bank is required to consider current conditions and "reasonable and supportable" forward-looking information that is available without undue cost or effort when estimating expected credit losses.

The following table sets forth the components of the Bank's consolidated allowance for impairment losses on loans and Sharia loans/financing:

	As of 31 December		As of 30 June
	2024	2025	2026
	(Rupiah billion except percentages)		(Rupiah billion except percentages)
Beginning balance	53,098.62	49,354.65	48,033.75
First implementation of SFAS 413	–	–	3,859.99
Allowance during year/period	10,270.33	8,323.54	4,492.01
Write-offs	(13,745.22)	(9,295.35)	(3,238.46)
Impact of loss of control over Subsidiary	–	–	(14,825.34)
Others[(1)]	(269.09)	(349.09)	134.14
Ending balance[(2)]	49,354.64	48,033.75	38,456.09
Total loans – net	**1,573,861.97**	**1,801,934.21**	**1,592,039.56**
Percentage of write-offs during the period to total loans outstanding net at end of period[(3)]	0.87%	0.52%	0.20%
Minimum Allowance for impairment losses based on Financial Services Authority Regulation	14,148.78	16,533.16	13,304.04
Coverage Ratio[(4)]	348.83%	290.53%	289.06%

Notes:

(1) Others includes the effect of foreign currency translation.

(2) Ending balance as of 31 December 2025, 31 December 2024 and 30 June 2026 excluded allowance for financial assets that are measured at fair value through other comprehensive income. Such allowance for financial assets amounted to Rp31.05 billion, Rp82.77 billion and Rp28.36 billion respectively, and was booked in equity.

(3) Computed based on the loan write-offs during the period divided by the total net loan balance (on a consolidated basis) at the end of the period.

(4) Total allowance for impairment losses on loans divided by minimum allowance for impairment losses based on the FSA Regulation.

The following table sets forth information on provisions for the Bank's consolidated net total loans as of 30 June 2026, classified by borrower category:

	As of 30 June 2026[1]						
	Current	Special mention	Substandard	Doubtful	Loss	Total	Total
			(Rupiah billion)				(US$ million)
Total loans	**1,568,402.72**	**46,157.00**	**1,401.52**	**2,881.23**	**11,653.18**	**1,630,495.65**	**91,191.03**
Less: allowance for impairment losses	(13,242.14)	(15,740.47)	(690.48)	(1,564.83)	(7,218.17)	(38,456.09)	(2,150.79)
TOTAL LOANS – NET	**1,555,160.58**	**30,416.53**	**711.04**	**1,316.40**	**4,435.01**	**1,592,039.56**	**89,040.24**

Note:

(1) Excludes consumer financing receivables and net investment finance leases.

Deposits

MANAGEMENT

In accordance with Indonesian law, the Bank has a Board of Commissioners and a Board of Directors. The two boards are separate and no individual may be a member of both boards. The rights and obligations of each member of the Bank's Board of Commissioners and the Board of Directors are regulated by the Bank's Articles of Association (the "**Articles**"), the decisions of the Bank's shareholders in general meetings, Law No. 40/2007, as well as regulations of OJK and the IDX.

Board of Commissioners

The Bank's Board of Commissioners, which has the task of supervising the Bank's management, must have a minimum of three members, including the President Commissioner, and is appointed by shareholders at the annual general meeting of shareholders, provided that all candidates for election must be nominated by the holder of the Special Share. See "*Banking Regulation and Supervision – Bank Management*".

The principal function of the Board of Commissioners is to supervise the policies of the Board of Directors. As required under OJK Regulation No. 17 of 2023 on the Good Governance of Commercial Banks ("**OJK Regulation No. 17/2023**") and OJK Circular Letter No. 14/SEOJK.03/2025 on Implementation of Good Corporate Governance for Commercial Banks ("**OJK Circular No. 14/2025**"), at least 50% of the member of the Board of Commissioners must be independent within the meaning of OJK Regulation No. 17/2023 and OJK Circular No.14/2025.

The members of the Board of Commissioners of the Bank as of the date of this Offering Circular are as follows:

Commissioner	Position
Zulkifli Zaini	President Commissioner (Independent)
M. Rudy Salahuddin Ramto	Deputy President Commissioner
Luky Alfirman	Commissioner
Yuliot	Commissioner
Mia Amiati	Independent Commissioner
Bintoro Kunto Pardewo	Independent Commissioner

Zulkifli Zaini has served as President Commissioner (Independent) since December 2025. He has also served as an Independent Commissioner of PT Bank Mandiri (Persero) Tbk (2025), Commissioner of PT Bank Saqu (2023-2025), and Independent Commissioner of PT Perkebunan Nasional III (Persero) (2021-2025). Additionally, Mr. Zaini served as President Director of PT Perusahaan Listrik Negara (Persero) (2019-2021). He was also a Commissioner of PT Bank Permata (Persero) (2017-2019) and previously served as an Independent Commissioner and Finance Director at Indonesia Infrastructure Finance (2016-2017). Mr. Zaini obtained a Master of Business Administration (MBA) with a concentration in Finance and International Business from Washington University in 1994. He also holds a Bachelor's degree in Civil Engineering from the Bandung Institute of Technology (1980).

M. Rudy Salahuddin Ramto has served as Vice President Commissioner since December 2025. Mr. Rudy also serves as Secretary of the Ministry of Investment and Downstreaming/Chief Secretary of BKPM (2025). Additionally, he previously served as Commissioner of PT. Aneka Tambang (ANTAM), Tbk (2025) and Deputy for Industry, Labor, and Tourism Coordination at the Coordinating Ministry for Economic Affairs (2024-2025). Mr. Rudy holds a Bachelor's degree in Civil Engineering from the University of Indonesia (1993), a Bachelor's degree in Law from the

Open University (2024), a degree in Engineering Management from The George Washington University (1995), and a degree in Engineering Management and Systems Engineering from The George Washington University (2002).

Luky Alfirman has served as a Commissioner since March 2025. He also serves as the Director General of Budget in the Ministry of Finance of the Republic of Indonesia since November 2022. In addition, he is also serving as a member of the Board of Commissioners of the Indonesia Deposit Insurance Agency (LPS) as an *ex-officio* representative of the Ministry of Finance since December 2019. He served as a member of the Board of Commissioner of PT Perusahaan Gas Negara (2019-2025). Mr. Alfirman has obtained a Doctoral degree (Ph.D) in Economics from the University of Colorado (2004), and a Master's degree from the same institution (2000). He also holds a Bachelor's degree in industrial engineering from the Bandung Institute of Technology (1994).

Yuliot has served as Commissioner since March 2025. He is currently serving as Vice Minister of Energy and Mineral Resources since October 2024. He served as Vice-Minister of Investment (2024), Deputy for Investment Implementation Control (2023-2024) and Deputy for Investment Climate Development (2020-2023) at the Ministry of Investment/BKPM. Mr. Yuliot holds a Master's degree in Economics and Management from PPM School of Management in 2023. He also obtained a Bachelor's degree in Animal Husbandry Production from Andalas University in 1987.

Mia Amiati has served as Independent Commissioner since March 2025. She is also currently serving as a Lecturer at Univeritas Hasanudin since 2024. She served as Head of the East Java High Prosecutor's Office (2022-2025). Additionally, she served as the Director of Attorney Strategic Development (2021-2022) and as the Riau High Prosecutor's Office Junior Attorney General for Intelligence. Dr. (H.C.) Iskandar earned a Honorary Doctorate title in Human Resource Development from Universitas Airlangga in 2024. She also obtained her Doctorate degree in Law from Padjadjaran University in 2000, a Master's degree in Law from STIH IBLAM Djakarta Islamic University in 1994 and a Doctorandus degree in Indonesian Literature in 1987 from Padjajaran University.

Bintoro Kunto Pardewo has served as an Independent Commissioner since December 2025. He previously served as Deputy Director of Bank Indonesia (2021-2025) and as Executive Analyst at Bank Indonesia (2019-2021). In addition, Mr. Bintoro previously served as Senior Analyst supporting the Board of Governors and Enterprise Risk Management (2013-2019). Mr. Zaini obtained a Bachelor's Degree in Mechanical Engineering (1994) from the University of Indonesia. He also holds a Master's Degree in Business Administration from Iowa State University (1997). And he also holds a Doctoral Studies in Finance – ABD (All But Dissertation) from the University of Indonesia (2021).

Board of Directors

Under the Articles, the Board of Directors is required to be made up of at least three directors, including the President Director. The Board of Directors has the authority to make decisions binding on the Bank, subject to prior written consent or recommendation from the Board of Commissioners and/or approval from the general meeting of shareholders for certain actions. As required under OJK Regulation No. 46/POJK.03/2017 on the Implementation of Compliance Function of Conventional Bank ("**OJK Regulation No. 46/2017**"), the Bank must appoint one member of the Board of Directors as a compliance director.

The members of the Board of Directors of the Bank as of the date of this Offering Circular are as follows:

Director	Position
Riduan	President Director
Henry Panjaitan	Vice President Director
Timothy Utama	Director of Operations
Eka Fitria	Director of Human Capital and Compliance
Danis Subyantoro	Director of Risk Management
Totok Priyambodo	Director of Commercial Banking
Mochamad Rizaldi	Director of Corporate Banking
Saptari	Director of Consumer Banking
Ari Rizaldi	Director of Treasury and International Banking
Novita Widya Anggraini	Director of Finance and Strategy
Jan Winston Tambunan	Director of Network and Retail Funding
Sunarto	Director of Information Technology

Riduan has served as the Bank's President Director since August 2025. He was appointed as the Bank's Vice President Director (2025), Director of Corporate Banking (2024-2025), Director of Commercial Banking (2019-2024), Director of Finance and Investment of PT Askes (Persero) and BPJS Kesehatan (2013-2016) and Senior Executive Vice President Middle Corporate of the Bank (2017-2019). Henry Panjaitan has served as the Bank's Vice President Director since August 2025. He served as the Director of Business Guarantees of PT Jaminan Kredit Indonesia (PERSERO) (2022-2025). He also served as Director of Treasury and International Banking of PT Bank Negara Indonesia (Persero) Tbk (2020-2022). Additionally, he served as the Jakarta BSD Regional Leader (2020) and International Division Leader (2019-2020) of PT Bank Negara Indonesia (Persero). Mr. Panjaitan obtained a Master's degree in Banking from The University of New South Wales in 2002 and a Master's degree in Financial Management from Universitas Indonesia in 2003. He also holds a Bachelor's degree in Economics from Universitas Padjadjaran, completed in 1991.

Timothy Utama has served as the Bank's Director of Operations since August 2025. His career includes serving as Director of Information Technology (2021-2025), Managing Director of Treasury and Trade Solutions at Citibank Indonesia (20182021), Managing Director of Operations and Technology at Citibank Indonesia (20162018), and Managing Director of Technology and Operations at Singapore Exchange (SGX) (20122016). Mr. Utama obtained his bachelor's degree in business administration from Texas A&M University, USA (1988).

Eka Fitria has served as the Bank's Director of Human Capital and Compliance since March 2025. Before occupying this position, she served as the Bank's Director of Treasury and International Banking (2023-2025), Group Head of International Banking & Financial Institution (2021-2023), Deputy Group Head of Treasury (2020-2021) and General Manager of Bank Mandiri Hongkong Branch (2017-2020). Ms. Fitria holds a Bachelor of Law (International Law) from the Padjadjaran University (2001) and Master of Business Administration from the IE Business School (2011).

Danis Subyantoro has served as the Bank's Director of Risk Management since March 2024. Prior to this, he served as the Bank's Senior Executive Vice President Internal Audit (2021-2024), Senior Executive Vice President Wholesale Risk (2020-2021) and Group Head Corporate Risk (2018--2020). Mr. Subyantoro holds a Bachelor's Degree in Agriculture from Universitas Gajah Mada (1993).

Totok Priyambodo has served as the Bank's Director of Commercial Banking since March 2024. Before occupying this position, he served as Commissioner of PT Mandiri Tunas Finance (2022-2024), SEVP Commercial Banking (2020-2023), Commissioner of PT Mandiri AXA General Insurance (2020-2023), and Group Head Commercial Banking 6 Group (2018-2020).

Mochamad Rizaldi has served as the Bank's Director of Corporate Banking since March 2025. He served as a Commissioner of PT Mandiri Sekuritas (2024-2025) and Senior Executive Vice President of Corporate Banking of PT Bank Mandiri (Persero) Tbk (2024-2025). Additionally, he also served as President Commissioner of PT Asuransi Jiwa Inhealth (2023-2024) and Senior Executive Vice President of Asset Management of PT Bank Mandiri (Persero) Tbk (2021-2024). Mr. Rizaldi holds a Bachelor's degree in Computer and Informatics Engineering from the Bandung Institute of Technology, which he completed in 2004.

Saptari has served as the Bank's Director of Consumer Banking since March 2025. He served as a Commissioner of PT Mandiri Tunas Finance (2024-2025) and as Senior Executive Vice President of Micro & Consumer Finance of PT Bank Mandiri (Persero) Tbk. (2024-2025). Additionally, he served as Group Head of Commercial Banking 1 (2022-2024) and Executive Business Officer of Commercial Banking (2021-2022). Mr. Saptari earned a Bachelor's degree in Accounting from Universitas Gadjah Mada in 1994.

Ari Rizaldi has served as the Bank's Director of Treasury and International Banking since March 2025. He served as Director of Treasury & International Banking of PT Bank Syariah Indonesia Tbk (2024-2025). Prior to that, he served as Group Head of Treasury of PT Bank Mandiri (Persero) Tbk (2020-2024). Earlier in his career, Mr. Rizaldi served as the Deputy Group Head of Treasury (2020) and Acting Deputy Group Head of Treasury (2019). Mr. Rizaldi holds a Bachelor's degree in Accounting from Universitas Andalas in 1995.

Novita Widya Anggraini has served as the Bank's Director of Finance and Strategy since March 2025. She served as Director of Finance of PT Bank Negara Indonesia (Persero) Tbk (2020-2025). Additionally, she served as the Group Head of Strategy & Performance Management (2020), Group Head of Accounting (2017-2020), and Department Head of Performance Management (2015-2017) of PT Bank Mandiri (Persero) Tbk. Ms. Anggraini earned a Bachelor's degree in Accounting from Universitas Islam Indonesia in 2000.

Jan Winston Tambunan has served as the Bank's Director of Network and Retail Funding since March 2025. He served as Regional CEO IV/Jakarta 2 from November (2023-2025), and as Regional CEO 9/Kalimantan from (2022-2023). Additionally, he served as Head of Regional Credit and Business Development 1 of PT Bank Mandiri (Persero) Tbk (2021-2022) and the General Manager of the Dili Branch of PT Bank Mandiri (Persero) Tbk (2018-2020). Mr. Tambunan earned a Bachelor's degree in Economics (Accounting) from Universitas Putera Bangsa in 1997.

Sunarto has served as the Bank's Director of Information Technology since August 2025. He served as a Commissioner of PT Mitra Transaksi Indonesia (YOKKE) (2023-2025) and as Senior Executive Vice President of Digital Banking of PT Bank Mandiri (Persero) Tbk (2023-2025). Before that, he served of PT Bank Mandiri (Persero) Tbk as Group Head of Digital Retail Banking (2021-2023) and Group Head of Digital Banking Product (2019- 2021). Mr. Sunarto earned a Master's degree in Business Administration from Carnegie Mellon University in 2013 and a Bachelor's degree in Information Systems from STMIK Bina Nusantara in 2004.

In performing its duties, the Board of Directors is assisted by the Senior Executive Vice Presidents. As at the date of this Offering Circular, the Senior Executive Vice Presidents are as follows:

Senior Executive Vice President	Position
Adi Pranantias	Senior Executive Vice President of Internal Audit
Frans Gunawan L	Senior Executive Vice President of Commercial Banking 2
Wildan Sanjoyo	Senior Executive Vice President of Risk Management
M. Wisnu Trihanggodo	Senior Executive Vice President of Corporate Relations
Dadang Ramadhan Putranto	Senior Executive Vice President of Institutional Relations
Faiz Firdausi	Senior Executive Vice President of Special Asset Management
Budi Purwanto	Senior Executive Vice President of Corporate Banking 2
Susila Hardiyantoro	Senior Executive Vice President of Information Technology
Lourentius Aris Budiyanto	Senior Executive Vice President of Operations
Eny Kurniasih M. Mukkarromah	Senior Executive Vice President of Corporate Banking 1
Eryawan Nurjariadi	Senior Executive Vice President of Commercial Banking 1

Committees under the Board of Commissioners

The Bank has established four statutory committees of the Board of Commissioners, namely the Risk Monitoring Committee, the Audit Committee, the Remuneration and Nomination Committee and the Integrated Governance Committee.

Risk Monitoring Committee

The Risk Monitoring Committee was established by the Board of Commissioners of the Bank as required under: (i) OJK Regulation No. 17/2023, (ii) MSOE Regulation No. PER-2/MBU/03/2023 on Guidelines for Governance and Significant Corporate Activities of State-Owned Enterprises ("**MSOE Regulation GCG**"), and (iii) MSOE Regulation No. PER-3/MBU/03/2023 on Organs and Human Resources of State-Owned Enterprises ("**MSOE Regulation No. 3/2023**"), in order to help the Board of Commissioners to perform its duties and responsibilities in supervising and counselling the Directors to obtain sufficient confidence that the implementation of risk management of the Bank will meet the adequacy element of the procedure and risk management methodology, so that the Bank's business activities will always be under control to the limit of acceptable and profitable to the Bank.

The Risk Monitoring Committee has the duties and responsibilities to help the Board of Commissioners to perform its supervisory and counselling duties to the Board of Directors by providing opinions in the form of suggestions and recommendations on but not limited to evaluating the conformity between the Bank's risk management policy and integrated risk management policy with the implementation of such policies.

Audit Committee

The Bank's Audit Committee is regulated under (i) OJK Regulation No. 55/POJK.04/2015 on the Establishment and Work Guidelines of the Audit Committee ("**OJK Regulation No. 55/2015**"), (ii) OJK Regulation No. 17/2023, (iii) MSOE Regulation GCG, and (iv) MSOE Regulation No. 3/2023. It is responsible for providing independent and professional advice to the Board of Commissioners with respect to the reports or other issues which have been submitted by the Board of Directors to the Board of Commissioners, identifying any issues that need the attention of the Board of Commissioners and performing other duties in connection with the duties of the Board of Commissioners. Further, the Bank's Audit Committee also seeks to ensure proper application of financial reporting standards and procedures and to ensure the quality and transparency of financial reports. The Bank's Audit Committee acts as an independent professional adviser to the Commissioners. Among other things, the Bank's Audit Committee reviews the compensation arrangements of the Directors and Commissioners in accordance with prevailing regulations and procedures.

Remuneration and Nomination Committee

The Bank's Remuneration and Nomination Committee is regulated under (i) OJK Regulation No. 34/POJK.04/2014 for the Remuneration and Nomination Committee of Issuer or Public Company ("**OJK Regulation No. 34/2014**"), (ii) OJK Regulation No. 17/2023, (iii) MSOE Regulation GCG, and (iv) MSOE Regulation No. 3/2023. The Remuneration and Nomination Committee acts as an independent adviser to the Board of Commissioners and is responsible for formulating the selection criteria and performance evaluation of the Commissioners and Directors, as well as assisting the Commissioners in determining the remuneration for a Directors and evaluating the process of such determination.

Integrated Governance Committee

The Integrated Governance Committee was established by the Board of Commissioners under (i) OJK Regulation No. 18/POJK.03/2014 on Integrated Governance for Financial Conglomerate, as partially revoked by OJK Regulation No. 45/POJK.03/2020 on Financial Conglomerate, and its implementing directive, (ii) OJK Regulation No. 17/2023, (iii) MSOE Regulation GCG, and (iv) MSOE Regulation No. 3/2023, to assist and facilitate the Board of Commissioners in performing its duties and functions to supervise the implementation of the integrated governance guidance on each institution within the financial conglomerate of the Bank, to supervise the implementation of the duties and functions of the Board of Directors of the Bank, to provide directions or advices to the Board of Directors of the Bank regarding the implementation of integrated governance guidance, and to evaluate and provide directions to improve the integrated governance guidance.

SHAREHOLDERS

The following table depicts the holders of the Bank's issued and fully-paid shares as of 30 June 2026.

Issued and fully paid shares	Number of shares	Nominal value per share (Rp)	Value of shares (Rp)	Percentage of ownership (%)
Badan Pengaturan BUMN				
Series A Dwiwarna share	485,333,333	125	60,666,666,625	0.52
PT Danantara Asset Management (DAM)				
Series B ordinary shares	48,048,000,001	125	6,006,000,000,125	51.48
Indonesia Investment Authority				
Series B ordinary shares	7,466,666,666	125	933,333,333,250	8.00
Board of Commissioners, Directors and Public				
Series B ordinary shares	37,333,333,332	125	4,666,666,666,500	40.00
Total issued and fully paid-in capital	**93,333,333,332**	**125**	**11.666.666.666.500**	**100.00**

As of the date of this Offering Circular, the Government (through the BP BUMN and DAM) and the Indonesia Investment Authority hold 52.00% and 8.00% of the Bank's issued and outstanding ordinary shares, respectively. No other party holds more than 5.00% of the issued and outstanding ordinary shares of the Bank.

All of the Bank's shares are registered under the name of the holder recorded in the Register. The Special Share is not transferable and may only be owned by the Government. The Government's rights with respect to the Special Share will not terminate unless the Bank's articles of association are amended, which would require the approval of the Government as the holder of the Special Share. All candidates for election to the Board of Commissioners and the Board of Directors must be nominated and approved by the holder of the Special Share.

RELATIONSHIP WITH THE GOVERNMENT AND RELATED PARTY TRANSACTIONS

The Bank and its subsidiaries have entered into a range of transactions with the Government and Government-related entities controlled by the Government as well as other Government-related entities and it is expected that the Bank will enter into similar transactions in the future. Transactions between the Bank and the Government and Government-related entities, as well as transactions between the Bank and entities owned by the Bank as a result of debt-to-equity swaps, are not considered to be related party transactions under IFAS, and have not been disclosed as transactions with related parties in the Bank's financial statements included elsewhere in this Offering Circular. Each of the Bank's related party transactions has been conducted on an arm's length basis and on terms that are no worse than terms for similar transactions with unaffiliated third parties. In the Bank's ordinary course of business, it has dealt with and will from time to time deal with other companies owned or controlled by the Government.

Government as shareholder

As an SOE, the majority of shareholding in the Bank is held directly and indirectly by the Government. The Government's shareholding in the Bank has changed over the years to address certain regulatory mandates. As at the date of this Offering Circular, the Government holds 52.00% of shares in the Bank through the SOE Regulatory Agency (*Badan Pengaturan Badan Usaha Milik Negara* – "**BP BUMN**"), which holds the Series A Dwiwarna Share and through PT Danantara Asset Management ("**DAM**"), which holds a majority of the Bank's Series B ordinary shares.

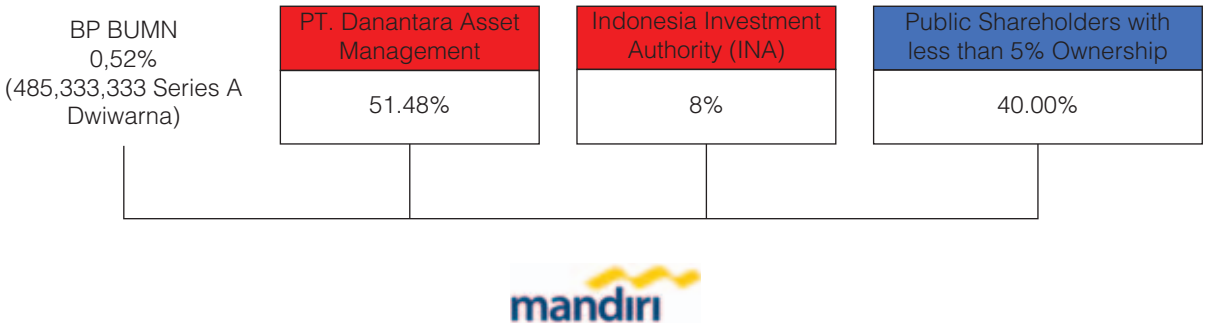
Recent changes to the Government's shareholding in the Bank as of 30 June 2026 are as follows:

- In 2021, part of the Government's Series B ordinary shares in the Bank was transferred to the Indonesia Investment Authority in implementation of Government Regulation of the Republic of Indonesia No. 111 of 2021 on the Addition of the State Equity Participation of the Republic of Indonesia into the Capital of the Investment Management Institution. This share transfer resulted in the Indonesia Investment Authority holding 8.00% Series B ordinary shares in the Bank, which it maintains as at the date of this Offering Circular.

- In 2025, to implement the New SOE Law, the MSOE (now BP BUMN), as representative of the Government, transferred all Series B Shares that the Government then held to DAM. This share transfer is an implementation of the establishment Badan Pengelola Investasi Daya Anagata Nusantara ("**Danantara**"). Danantara, through its sub-holding companies, DAM and PT Danantara Investment Management, is tasked to act as Indonesia's national holding company and consolidate the Government's holdings of common shares in certain state-owned enterprises.

- In 2026, to implement Law No. 16 of 2025, DAM transferred 485,333,332 Series B shares of the Bank to BP BUMN and the Bank's shareholders approved the conversion of such Series B shares into the Series A shares.

The Bank's shareholding chart as of 30 June 2026 is as follows:



Notwithstanding the establishment of Danantara as the national investment management body and the institutional restructuring of the Government's oversight over state-owned enterprises, we remain fully controlled by the Government (through BP BUMN) though the ownership of Series A Dwiwarna Share, which gives the Government (through BP BUMN) preferential rights which are not held by the shareholders of the Bank's Series B shares, including the right to (i) amend the Bank's Articles of association, (ii) amend the Bank's capital structure, (iii) nominate, appoint and/or terminate members of the Board of Directors and/or members of the Board of Commissioners, (iv) merge, consolidate, acquire, spin-off and dissolve the Bank, (v) decide on the remuneration for members of Board of Directors and Board of Commissioners, (vi) transfer or pledge the Bank's assets, if any of such action requires approval by the holders of Series A Dwiwarna Share at a general meeting of shareholders ("**GMS**"), (vii) capital participation or reduction of capital participation in other companies, if any such action requires GMS approval that must be approved by the holders of Series A Dwiwarna Share, (viii) use the Bank's net profit, and (ix) allow investment and non-operating long-term financing which requires GMS approval that must be approved by the holders of Series A Dwiwarna Share. Accordingly, the Government will have effective control of these matters even if its ownership of the Bank's shares were to decline to less than a majority.

Although the Government does not involve itself in the Bank's daily management, as the Bank's ultimate controlling shareholder (directly or indirectly through Danantara), the Government is interested in the Bank's performance both in terms of the benefits it provides to the Government, such as the Bank's ability to provide a return on the Government's investment in it, as well as the Bank's ability to operate on a commercial basis.

The Bank's policy is to not enter into transactions with affiliates, including other Government-related entities, unless the terms are no less favourable to the Bank than those that could be obtained by the Bank on an arm's length basis from an unaffiliated third party. BP BUMN has advised the Bank that the Government, in its capacity as the Bank's ultimate controlling shareholder, will not cause it to enter into transactions with other entities under the control of the Government unless the terms are consistent with the Bank's policy. Although the Bank lends to some Government-related entities on an unsecured basis depending on the credit quality of the borrower and certain other factors, the Bank believes that this is consistent with commercial arm's length terms, based on its risk assessment of such entities and similarity to terms extended by other Indonesian Government-related banks to Government-related entities.

Under OJK regulations, any transaction in which there is a conflict of interest must be approved by a majority of the shareholders who do not have a conflict of interest in the proposed transaction. The OJK has the power to enforce this rule, and the Bank's shareholders may also be entitled to seek enforcement or bring enforcement actions based on this rule.

Transactions between the Bank and other Government-related entities could constitute "conflict of interest" transactions under OJK regulations, and the approval of disinterested shareholders

would have to be obtained if a conflict of interest were to exist. The Bank believes that many transactions conducted with Government related entities in the ordinary course between the Government and the Bank are on an arm's length, commercial basis and do not constitute "conflict of interest" transactions for which a disinterested shareholder vote would be required. Such transactions might include the extension of credit by the Bank to Government-related entities or deposits with the Bank by Government-related entities.

Government as regulator

The supervision and operational aspects of the Indonesian banking sector are carried out by the OJK and certain aspects by Bank Indonesia. In particular, the OJK has the authority to regulate and supervise the institutional, soundness and prudential aspects in the Indonesian banking sector, while Bank Indonesia has the authority to regulate and supervise the Indonesian monetary and payment system. See "*Banking Regulation and Supervision*".

Government as customer

Many of the Bank's customers are Government-related entities. The Government and Government-related entities in the aggregate accounted for 91.69% of the Bank's deposits (standalone) and 7.92% of the Bank's loans (standalone) as of 30 June 2026. See "*Description of the Bank's Assets and Liabilities*".

The table below sets out the relevant amounts of deposits and loans (standalone) as of 31 December 2025 and 30 June 2026 respectively:

	As of 31 December 2025			As of 30 June 2026		
	(Rupiah billion)	(US$ million)	%	(Rupiah billion)	(US$ million)	%
Deposit						
Government and institutional segment	240,140.54	13,430.68	88.06	216,858.94	12,128.58	91.69
Others	32,569.58	1,821.56	11.94	19,647.35	1,098.85	8.31
Total deposits	**272,710.12**	**15,252.24**	**100.00**	**236,506.29**	**13,227.42**	**100.00**
Government and institutional segment	114,861.10	6,424.00	94.83	124,753.53	6,977.27	98.93
Others	6,260.01	350.11	5.17	1,350.38	75.52	1.07
TOTAL LOANS	**121,121.11**	**6,774.11**	**100.00**	**126,103.91**	**7,052.79**	**100.00**

Transactions with the Government

Recapitalisation programme

In May 1999, the Government implemented a recapitalisation programme for the Bank by issuing Government recapitalisation bonds. See "*The Indonesian Banking Industry*".

Standby letters of credit and loan conversions

The Bank has issued letters of credit and guarantee facilities to a number of Government-related entities, as of 30 June 2026, collectively amounted to for Rp86.60 billion (US$4.84 million).

Deposits

As of 31 December 2024, 31 December 2025 and 30 June 2026, 7.76%, 16.28% and 13.83%, respectively, of the Bank's deposits were from Government-related entities.

Loans

As of 31 December 2024, 31 December 2025 and 30 June 2026, 7.35%, 8.09% and 7.92%, respectively, of the Bank's loans were extended to SOEs and Government-related entities.

Channelling loans

The Bank provides and administers for the Government channelling loans to corporate and Government-related entities (as channelling agent/bank). Such loans finance certain socio-economic investments and projects in Indonesia, such as channelling loans from Bank Indonesia, from former of PIR Plantations to farmers for community plantation development, and of Industrial Plantation Forest Reforestation (DR HTI) from the Ministry of Environment and Forestry (KHLK).

Fund borrowings

The Bank provides, channels and administers fund borrowings from the Government and serves loans to corporates and individuals as an executing bank. Such loans finance certain socio-economic investments and projects in Indonesia, such as two-step loans from the Ministry of Finance based on the primary loan agreement between the Republic of Indonesia and the Asian Development Bank ("**ADB**") for Microcredit Project (Loan 1327-INO) and two-step loans from the Ministry for Public Work and Housing (*Kementerian PUPR*) in the Housing Finance Liquidity Facility Program for first-time home owners.

Cash management

For a number of the Bank's customers which are state-owned, the Bank provides integrated cash management and trade solutions.

Transfer of certain investments and non-core fixed assets

Properties

As of 30 June 2026, the total acquisition value, accumulated depreciation, and book value of the property owned by the Bank was Rp55.84 trillion, Rp5.13 trillion and Rp50.70 trillion, respectively.

The Bank has land parcels in various locations in Indonesia with land rights in the form of 1,347 certificates of ownership rights, with a total area of approximately 2.74 million square metres, and 112 certificates of building use rights, with a total area of approximately 182,674 square metres, all of which are registered on behalf of the Bank. In addition, the Bank also controls land parcels with land rights in the form of three certificates with an area of approximately 3,132 square metres and five certificates of building use rights with a total area of approximately 6,276 square metres, all of which are still registered on behalf of other parties.

In addition, the Bank also controls land parcels based on other evidence, namely sale and purchase agreements, land use permits, and land use determinations with a total area of 13,208 square metres. Thus, the Bank owns or controls a total land area of approximately 2.95 million square metres.

Board of Commissioners and Board of Directors

All candidates for election to the Board of Commissioners and to the Board of Directors must be nominated by the Government as the holder of the Special Share.

Other arrangements with and on behalf of the Government

In the past, the Bank been requested to perform certain functions with, or on behalf of, the Government. There can be no assurance that the Government will not request the Bank to perform such functions again in the future. See *"Risk Factors – Risks Relating to the Bank".*

Insurance

The Bank's policy is to ensure that all of the insurable properties the Bank owns are adequately insured against fire, earthquake and other usual risks. As of 30 June 2026, the Bank had insured the Bank's buildings, including official residences, office buildings and other buildings, up to a total coverage amount of Rp19.17 trillion, which the Bank believes is adequate to cover the possibility of losses arising in relation to the Bank's insurable properties. Most of the Bank's fixed assets are insured by PT Asuransi Kredit Indonesia are third-party entities.

Loans

Loans granted to the Bank's employees consist of interest-bearing facilities with annual interest rates of 5.00% for mortgage loans, 6.00% for auto loans, and 7.00% for multipurpose loans with maximum tenors of 30 years, 5 years, and 5 years, respectively. The loans are paid through monthly payroll deductions.

Transactions with the Bank's subsidiaries

From time to time, the Bank also enters into various transactions or arrangements with the Bank's subsidiaries, including those subsidiaries that are not wholly owned by the Bank, including but not limited transactions or arrangements relating to (i) placement of funds such as current account, bank deposits, and other forms of replacement, (ii) vehicle joint financing facilities to the Bank's subsidiaries' customers, either for new or used vehicles, (iii) offering subsidiaries' bancassurance products through the Bank's distribution channels, and (iv) custodian services.

For more information regarding the Bank's transactions and balances with related parties, refer to the Bank's Audited Consolidated Financial Statements and the Unaudited Interim Financial Statements included elsewhere in this Offering Circular.

BANKING REGULATION AND SUPERVISION

The following information has been derived from various Indonesian laws and regulations, Government and other public sources and information provided by the Government and has not been independently verified by the Bank and the Joint Lead Managers or their respective legal, financial or other advisors.

Bank Indonesia

In 1992, Bank Indonesia became the primary Government entity overseeing Indonesia's banking system under the following laws and regulations:

(a) The Banking Law; and

(b) Law No. 23 of 1999 on Bank Indonesia dated 17 May 1999 as amended by Law No. 3 of 2004, Government Regulation In Lieu of Law No. 2 of 2008 dated 13 October 2008, and most recently the Financial Sector Omnibus Law (the "**BI Law**").

Prior to 1992, the Indonesian banking system was supervised both by Bank Indonesia and the Minister of Finance. In January 1998, in response to the economic crisis, the Government established the Indonesian Bank Restructuring Agency ("**IBRA**") in order to supervise banks in restructuring. The powers and authority given to IBRA as a temporary "special Government agency" are set out in Article 37A of the Banking Law, in conjunction with Government Regulation No. 17 of 1999 dated 27 February 1999 on IBRA and its amendments. On 27 February 2004, through the implementation of Presidential Decree No. 15 of 2004 on the Cessation of Duty and Abolishment of IBRA, the Government terminated IBRA. The Minister of Finance continues to play a role in Indonesia's banking system through the issuance of regulations relating to the administration of Government bonds issued under the Bank Recapitalisation Programme, by virtue of its responsibility for restructuring Government-related banks.

Under the BI Law, Bank Indonesia is technically an independent state institution, free from Government interference. Its objectives are to achieve and maintain the stability of the Rupiah. Bank Indonesia's principal functions are to achieve and maintain the stability of the Rupiah, the payment system and the financial system. Bank Indonesia has power to formulate and implement policies designed to foster conducive economic conditions that support the growth of real sector and job creation, regulate monetary affairs and determine policies on an ongoing basis, consistently and transparently, including to manage interest rates, exchange rates and liquidity by way of monetary operations in money market and foreign exchange market, and regulating statutory reserve requirements in Rupiah and foreign exchange. Bank Indonesia also provides guidelines and makes determinations regarding the efficiency of payment system and conducts inter-bank clearing and settlement. Formerly, Bank Indonesia was also given the authority to regulate and supervise banks (see "– *The Indonesian Financial Services Authority (OJK)*"). Since 17 June 2026, Bank Indonesia is subject to evaluation from the House of Representatives (*Dewan Perwakilan Rakyat* or DPR), whose recommendations arising from such evaluation are final and binding, pursuant to the Financial Sector Omnibus Law.

The Banking Law and BI Law are the principal statutes governing commercial bank licensing and regulation. These laws grant extensive banking sector enforcement and other powers to Bank Indonesia. Nowadays, authorities in the banking sector have been assigned to OJK (see "– *The Indonesian Financial Services Authority (OJK)*"). Nonetheless, insofar as regulations, decrees and guidelines issued by Bank Indonesia and the Minister of Finance remain valid, Indonesian banks remain to be subject to those regulations, decrees and guidelines.

The Indonesian Financial Services Authority (OJK)

On 22 November 2011, the Government enacted the OJK Law, which created a new independent institution, the OJK. The OJK took over the supervision and regulation of capital markets, insurance, pension fund and multi-finance companies from Bapepam-LK since 31 December 2012 and since 31 December 2013, OJK has exercised the microprudential regulation and supervision of banks, while Bank Indonesia continues to exercise macroprudential authority and other powers assigned under the BI Law. Since 17 June 2026, OJK is subject to evaluation from DPR, whose recommendations arising from such evaluation are final and binding, pursuant to the Financial Sector Omnibus Law.

In the banking sector, the OJK took over the following micro prudential duties and authority previously held by Bank Indonesia, including in:

(a) issuing permits and approvals relating to, among others, (i) establishment of banks, (ii) opening of a bank's offices, (iii) articles of association and business plans of banks, (iv) ownership, management and human resources of banks, (v) mergers, consolidation and acquisition of banks, and (vi) revocation of banking business licenses;

(b) regulating and supervising the business activities of banks;

(c) regulating and supervising the soundness level of banks (including the liquidity, solvability, assets quality, CAR and legal lending limits of banks);

(d) regulating and supervising the implementation of prudential principles by banks (including risk management, GCG and "**know-your-customer**" principles to prevent money laundering, financing for terrorism, proliferation of weapons of mass destruction and banking crimes); and

(e) conducting examinations and supervisory inspections of banks

Although in principle the OJK has the authority to conduct examinations on banks, Bank Indonesia (with prior written notice to the OJK) will remain entitled to directly conduct special audits on certain systematically important banks, if such audits are required by Bank Indonesia in the context of its macro prudential function and duties. Bank Indonesia no longer conducts microprudential assessments of banks' soundness, which fall within OJK authority. If examinations conducted by the OJK reveal that a bank is having liquidity problems or experiencing a decline in its soundness level, the OJK will inform Bank Indonesia to take necessary actions in its role as a lender of last resort. In this circumstance, Bank Indonesia may conduct its own audit on a bank with prior written notice to the OJK. Moreover, the OJK must coordinate with Bank Indonesia to formulate regulations pertaining to supervision of the banking sector.

Licensing and limitation of business activities of banks

Under the Banking Law and BI Law, any party engaged in banking activities, which include deposit taking and the use of such deposits for lending, must obtain a license for such purpose from the OJK. The OJK's approval is also required in order to open branch offices and overseas representative offices. Indonesian banks are subject to a number of restrictions on the operation of their business and the conduct of their corporate affairs. In particular, an Indonesian bank is prohibited from:

(a) holding shares in other companies, with the following exceptions:

    (i) share participation in financial institutions (which include banks, leasing companies, venture capital companies, securities companies, and insurance companies), subject to certain OJK requirements;

(ii) share participation in other companies that support the banking industry (e.g., fintech companies), subject to certain OJK requirements;

(iii) temporary share participation in non-financial institutions in connection with permitted restructuring of non-performing loans or sharia financing, with the obligation to divest;

(b) engaging in the insurance business (except for share or capital participation in insurance companies as described above or marketing of insurance products in cooperation with an insurance company); and

(c) engaging in any activity prohibited by the Banking Law, such as acting as an underwriter.

Under OJK Regulation No. 26/2024, as of 13 December 2024, Indonesian banks are allowed to hold shares in financial services institutions and companies that support the banking industry, thereby broadening Indonesian banks' capability in making equity investments. See "*The Indonesian Banking Industry – Expansion of Banking Business*".

Bank ownership

General overview of share ownership in Indonesian banks

Under OJK Regulation No. 56/2016, the limitation of share ownership in an Indonesian bank is based on the "category of shareholders" and "relationship between shareholders". Based on the category of the shareholders, the ownership limitations are as follows:

(a) banks and non-bank financial institutions, whether foreign or local legal entities, can only own shares up to 40.0% of an Indonesian bank's paid-up capital. Share ownership exceeding the 40.0% limitation would be subject to certain requirements and approval from the OJK;

(b) legal entities that are non-financial institutions (including foreign funds), be it a foreign or local legal entity, can only own shares up to 30.0% of the paid-up capital of an Indonesian bank; and

(c) individuals (natural persons) can only own up to 20.0% of shares of the paid-up capital of an Indonesian bank.

The ownership limitation based on "relationship between shareholders" is applicable if a shareholder has relationship with another shareholder in an Indonesian bank. If the relationship is established, these shareholders will qualify as one party. Shareholders having any of the following relationships will be deemed as one party:

(a) relationships based on ownership over the shareholders;

(b) family relationship up to the second degree; and

(c) a cooperation or a mutual action to achieve a mutual goal when the shareholders control such bank (acting in concert) with or without a written agreement, for which they have an option or other rights to own the bank.

After being classified as one party, the above ownership limitation based on the "category of shareholders" will apply, both at the "party" level and at the individual shareholder level. The following mechanisms are applicable to determine the ownership limitation for a party:

(a) on the party level, the maximum ownership for a party is whichever is higher between the limitations applicable to each of the shareholders; and

(b) on the individual shareholder level, the maximum ownership for each shareholder refers to the limitation based on the "category of shareholder".

Financial institutions in the form of banks may own more than 40.0% of an Indonesian bank subject to approval from OJK and certain criteria which are applicable to the (bank) shareholder and the bank itself. The bank itself must go public with a minimum of 20.0% of its equity owned by public shareholders within five years of such OJK approval and must obtain the requisite approvals to issue debt securities which may be treated as equity. The Government is exempt from these requirements.

Fit and proper test for controlling shareholder of Indonesian banks

A prospective primary party (including controlling shareholder) of an Indonesian bank must pass a fit and proper test held by the OJK before it can become a controlling shareholder of an Indonesian bank. Under OJK Regulation No. 27/POJK.03/2016 on Fit and Proper Test for Primary Parties of Financial Service Institutions (the "**OJK FPT Regulation**") and OJK Circular No. 39/SEOJK.03/2016 on Fit and Proper Test for Prospective Controlling Shareholders, Directors and Commissioners of Banks (the "**OJK FPT Circular**") as its implementing regulation, a controlling shareholder is defined as a party or a group of parties that has 25% or more shares in a bank or has less than 25% but it is proven that the shareholder is exercising control over the management and policy of such bank, directly or indirectly. The approval of the OJK under the fit and proper test is also required for any prospective controlling shareholder that purchases a bank's shares through the stock exchange.

Further, OJK Regulation No. 34/POJK.03/2018 on Re-Assessment of Primary Parties in Financial Services Institution as amended by OJK Regulation No. 14/POJK.03/2021 and OJK Regulation 22 of 2025 ("**OJK Regulation No. 34/2018**") sets out requirements for reassessment of primary parties (including controlling shareholders) in the case of indications of involvement in and/or responsibility for issues of integrity, financial feasibility, financial reputation, and/or competence within the relevant financial institution, with certain criteria as set out in this regulation. The OJK will access these criteria based on evidence, data, and/or information obtained from supervision or other information.

The OJK FPT Circular regulates the consequences of failing to pass a fit and proper test, as follows:

(a) if due to the candidate's failure to meet integrity standards, such candidate:

  (i) would not able to exercise its right as a controlling shareholder;

  (ii) would not able to exercise its rights as a shareholder to attend, vote, have its shares to be calculated towards the quorum of the general meeting of shareholders of a bank, and rights relating to dividends; and

  (iii) must transfer the shares to such bank within a year after the candidate is determined as "unfit" by the OJK; or

(b) if due to issues regarding financial feasibility, such candidate:

  (i) would not able to exercise its right as a controlling shareholder;

  (ii) would only be allowed to exercise the following rights as a shareholder: to attend, vote, and have its shares to be calculated towards the quorum of the general meeting of shareholders of such bank;

(iii) would only be entitled to dividends up to the amount attributable to its shareholding prior to it becoming a controlling shareholder; and

(iv) must transfer an amount of shares to such bank until it is no longer a controlling shareholder. within a year after such candidate is determined as "unfit" by the OJK.

According to OJK Regulation No. 34/2018, a re-assessment can be held anytime based on discovery of information or data that indicates any integrity or financial feasibility issues as prescribed therein.

If a controlling shareholder of a bank who has passed the fit and proper test is later found to be unfit due to failure to meet integrity standards, such shareholder would not able to act as (1) a controlling shareholder or own shares in any financial institution (including to act as controlling shareholder, exercise its rights as a shareholder and have its shares to be calculated towards the quorum of the general meeting of shareholders of the bank, and rights relating to dividends and must transfer the shares to such bank) and/or (2) a member of the board of directors or the board of commissioners in any financial institutions, executive officer of a bank, president of branch offices of a bank, vice president of an Indonesian branch of banks domiciled abroad, or head of representative office of banks domiciled abroad.

If found unfit due to financial feasibility issues, the controlling shareholder is not able to act as (1) a controlling shareholder or owns shares in the banking industry (including to act as controlling shareholder, exercise its rights as a shareholder and have its shares to be calculated towards the quorum of the general meeting of shareholders of such bank, and rights relating to dividends and must transfer the shares to such bank) and/or (2) a member of the board of directors or the board of commissioners in any financial institutions, executive officer of a bank, president of branch offices of a bank, vice president of an Indonesian branch of banks domiciled abroad, or head of representative office of banks domiciled abroad if failure to meet financial feasibility standards is due to the party's financial reputation.

The above sanctions may be imposed for a range between three (3) to twenty (20) years depending on the reasons for integrity or financial feasibility issues. Commercial banks must also provide an explanation of the status of the controlling shareholder in its shareholder register.

Regulatory Matters of Shares Ownership in Publicly-Listed Banks

Under Government Regulation No. 29 of 1999 ("**GR No. 29/1999**") on Purchase of Shares of Commercial Banks, a bank can only list a maximum of 99.0% of its shares in the stock exchange and any of those shares may be purchased by foreign investors. The remaining 1.0% must be held by Indonesian investors and cannot be listed.

Pursuant to GR No. 29/1999, where a person purchases shares in a transaction that is not considered as an acquisition of a bank, such person must report the transaction within 10 days. Pursuant to Law No. 21 of 2011 on the Financial Services Authority, certain authority of BI is transferred to OJK, accordingly, the report shall currently be submitted to the OJK. In addition, according to the Indonesian Capital Market Law and OJK Regulation No. 4 of 2024 on Report on Ownership or Any Change in Share Ownership of a Public Company and Report on the Activities of Pledging Shares of a Public Company, any party holding, whether directly or indirectly, at least 5% of issued shares with voting rights in a public company, must file a report to OJK regarding their shareholding. Any change to such shareholding that results in less than 5% shareholding or any change to the whole percentage of shareholding (rounded-down) in one or a series of transaction(s) must also be reported. For example, following a transaction, if share ownership decreases from 8.1% to 7.9%, a report must be made to reflect the change of percentage from 8% to 7%. Meanwhile, a decrease from 8.2% to 8.1% would not give rise to the reporting obligation, given that in such a case, the ownership would be deemed as remaining unchanged at 8%. Each such report must be made to OJK within five business days of the relevant change. Furthermore,

each member of the board of directors and the board of commissioners of a public company must also report to OJK on their direct and indirect shareholding in the relevant public company, irrespective of the percentage. Any changes to such shareholding is also reportable. The report is due five business days after the relevant change has occurred.

Starting early 2026, following the issuance of OJK Board of Commissioners Decree No. 1/KDK.04/2026, IDX and KSEI discloses shares ownership above 1% in publicly-listed companies, available monthly in IDX's website.

Bank management

Management of Indonesian Banks under Regulations in Banking Sector

In Indonesia, a commercial bank is managed by a board of directors under the supervision of a board of commissioners. Pursuant to OJK Regulation No. 17 of 2023 on Good Governance of Commercial Banks ("**OJK Regulation No. 17/2023**"), the management composition of a commercial bank must include a minimum of three directors and a minimum of three commissioners. The total number of commissioners must not exceed the total number of directors and at least 50.0% of commissioners must be independent commissioners. All directors and at least one commissioner must be domiciled in Indonesia.

In case of banks with foreign ownership, the OJK further elaborates in OJK Regulation No. 37/POJK.03/2017 on Utilisation of Foreign Labour and Transfer of Knowledge Program in the Banking Sector ("**OJK Regulation No. 37/2017**") that commercial banks which shares are owned at least 25.0% by foreign investors can have foreign citizens on their board of directors and board of commissioners, provided that at least 50.0% of the members of the board of commissioners are Indonesian citizens and a majority of the members of the board of directors are domiciled in Indonesia.

In performing the good corporate governance principle, the board of directors must at least establish the following bodies:

(1) Internal audit workgroup

The responsibilities of the internal audit workgroup include:

(a) assisting the president director and the board of commissioners in conducting supervision by describing audit results; and

(b) making analysis and evaluation in financial, operational, accounting and other activities through direct or indirect examination.

(2) Risk management workgroup and risk management committee

In implementing an effective risk management, commercial banks have the obligation to establish risk management committee and risk management workgroup.

The risk management committee consists of at least the majority of the board of directors. A bank's risk management committee must provide recommendations to the president director for the purpose of, among others:

(a) Setting up policies, strategies and guidelines for the implementation of risk management;

(b) improving the implementation of the risk management; and

(c) justifying irregularities of certain business decisions.

(3) Compliance workgroup

The compliance workgroup is a workgroup that assists the compliance director in implementing its function.

In order to support the performance of its duties, the board of commissioners must at least establish the following committees:

(4) Audit committee

All members of the audit committee must be independent and consist of the following:

(a) an independent commissioner;

(b) an independent party having financial or accounting skills; and

(c) an independent party having legal or banking skills or syariah banking skills (for Banks that conduct syariah business activities).

No members of the board of directors may become members of the audit committee.

The audit committee is responsible for the supervision and evaluation of plan and audit performance as well as the follow up of the audit result in order to assess the sufficiency of internal control including financial reporting process. In conducting its task, the audit committee must at least perform supervision and evaluation of:

(a) the work of the internal audit workgroup;

(b) the conformity of audits conducted by the public accountant firm with the prevailing standard of audit;

(c) the conformity of the financial report with the prevailing accounting standards; and

(d) the work of board of directors over the results of internal audit workgroup, public accountant, and OJK supervision.

The audit committee will provide a recommendation to the board of commissioners by conducting follow-up over findings made by the internal audit workgroup, public accountants and the financial services authority supervision team.

(5) Risk monitoring committee

The risk monitoring committee must consist of at least the following:

(a) an independent commissioner;

(b) an independent party having financial skills or syariah banking skills (for Banks that conduct syariah business activities); and

(c) an independent party having risk management skills.

The majority of members of the risk monitoring committee consist of independent commissioners and independent parties. No members of the board of directors may become members of the risk monitoring committee.

The risk monitoring committee is responsible for providing recommendations to the board of commissioners on (i) the evaluation of the conformity between the risk management policy and its implementation; and (ii) the monitoring the conformity of the risk management committee and the risk management workgroup.

(6) Nomination and remuneration committee

The nomination and remuneration committee must consist of at least the following:

(a) an independent commissioner;

(b) a non-independent commissioner; and

(c) an executive officer in charge of human resources or a Bank employee representative.

Under OJK Regulation No. 34/2014, for the purposes of implementing good corporate governance, an issuer or a public company is required to have the function of nomination and remuneration conducted by the board of commissioners. The board of commissioners may form a nomination and remuneration committee consisting of at least three members, with an independent commissioner acting as the head of the committee, while the other members may be: (i) members of the board of commissioners; (ii) persons from outside the relevant issuer or public company; or (iii) persons serving managerial positions under the board of directors in charge of human resources.

The Nomination and remuneration committee is responsible for assisting the board of commissioners in (i) performance evaluation, development and nomination of the members of the board of directors and the board of commissioners; and (ii) the remuneration policy for the members of the board of directors and the board of commissioners.

OJK Regulation No. 17/2023 further stipulates that the president director must be independent from the controlling shareholders. The independence will be based on the relationship in the management, ownership, and/or financial relationship as well as family relationships with the controlling shareholder. With regards to the relationship between the president director and the controlling shareholder, the OJK elaborates that the president director is not allowed to:

(a) receive remuneration, financial aid, or loan from the controlling shareholder;

(b) have position as a member of the board of directors, board of commissioners or as an executive officer of the controlling shareholder;

(c) own shares of the controlling shareholder or together with the controlling shareholder, own shares of a bank (except for shares obtained from a management shares option programme which shall not exceed 5.0% of the issued capital of such bank); and

(d) have a family relationship up to the second degree with the controlling shareholder. If the controlling shareholder is a legal entity, the family relationship between the president director and the controlling shareholder will be imposed up to the ultimate shareholder of the controlling shareholder.

Members of the board of directors may not hold a concurrent position as a member of the board of commissioners, board of directors, or as an executive officer of other banks, companies or other institutions, except as a commissioner to perform a supervisory function in the bank's non-bank subsidiary. The members of the board of directors may not hold shares in any other companies representing more than 25.0% of the company's issued capital. This restriction is applicable regardless of:

- whether the members of the board of directors are holding the shares individually, and

- whether a member of the board of directors is holding the shares together with other members of the board of directors.

Additionally, the majority members of the board of directors may not have family relationship up to the second degree with other members of the board of directors or members of the board of commissioners.

Members of the board of commissioners are not permitted to hold a concurrent position as a member of the board of commissioners or the board of directors, or an executive officer of (i) a financial institution or company (whether bank or non-bank); or (ii) of more than one non-financial institution or company, in Indonesia or abroad, except as:

- a member of the board of commissioners or the board of directors, or an executive officer performing a supervisory function in one non-bank subsidiary controlled by the bank;

- a non-independent commissioner performing functional duties of the bank's shareholder in the form of a legal entity within the bank's group; or

- a member of the board of commissioners of a non-profit organisation or institution.

The majority members of the board of commissioners must not have family relationships up to the second degree with the other members of the board of commissioners or board of directors.

Candidates for the board of commissioners and the board of directors must be approved by the OJK under the OJK FPT Regulation before their appointments.

Under OJK Regulation No. 46/2017, an Indonesian bank must have a compliance director and form a compliance working unit. The compliance director must at least be responsible for (i) formulating strategies to encourage the creation of a compliance culture, (ii) proposing compliance policies or principles of compliance to be determined by the board of directors, (iii) establishing compliance system and procedure used to set the bank's internal rules and guidelines, (iv) ensuring that all policies, procedures and business activity undertaken or implemented by the bank are in conformity with the provision set out by the OJK, as well as with the relevant prevailing laws and regulations, (v) minimising compliance risk, (vi) taking precautions so that policies taken by the board of directors of the bank or the heads of overseas branch offices are in conformity with the provision set out by the OJK, as well as with the relevant prevailing laws and regulations, and (vii) performing other tasks relevant to compliance functions.

Under OJK Regulation No. 18/POJK.03/2014 on the Implementation of the Integrated Governance of a Financial Conglomerate and OJK Regulation No. 30 of 2024 on Financial Conglomerates and Parent Companies of Financial Conglomerates, Indonesian banks that are financial conglomerates are required to establish an integrated governance committee. The integrated governance committee is responsible for evaluating the integrated

governance of a banking conglomerate and providing recommendations to the parent entity's board of commissioners to improve the integrated governance guidelines. The integrated governance committee at least consists of: (i) an independent commissioner who is the chief in one of the committees of the parent entity and serves as the chief and member of the integrated governance committee; (ii) an independent commissioner who represents and was appointed by the bank within the financial conglomerate and serves as a member of the integrated governance committee; (iii) an independent party as a member of the integrated governance committee; and (iv) a member of the bank's sharia supervisory board who serves as a member of the integrated governance committee.

Management of publicly-listed banks under regulations in the capital markets sector

The appointment of the members of the board of directors and the board of commissioners of a bank that is a public company must comply with the Law No. 40 of 2007 on Limited Liability Companies as amended by the Job Creation Law No. 6 of 2023 ("**Law No. 40/2007**") and OJK Regulation No. 33/POJK.04/2014 on Board of Directors and Board of Commissioners of Issuers or Publicly-Traded Companies ("**OJK Regulation No. 33/2014**").

Under OJK Regulation No. 33/2014, the board of directors and the board of commissioners of a public company must have at least two members. In the case of publicly listed banks, the three-person minimum requirement under OJK Regulation No. 17/2023 applies. One of the members of the board of directors is to be appointed as the president director and one of the members of the board of commissioners is to be appointed as the president commissioner.

Pursuant to Law No. 40/2007 and as applied by OJK Regulation No. 33/2014, each member of the board of directors is jointly and severally liable for the losses of the public company caused by the fault or negligence of the member of the board of directors in conducting their duties. No personal liability would be imposed upon such members of the board of directors if they can prove that:

- the losses were not due to their fault or negligence;
- they carried out the management in good faith and with prudence in the interest of and in accordance with the purpose and objectives of the public company;
- they do not have a direct or indirect conflict of interest in the actions of management that caused the losses; and
- they took actions to prevent the losses from arising or continuing.

The provisions above are also applicable to the member of the board of commissioners.

OJK Regulation No. 33/2014 allows members of the board of directors and the board of commissioners of a public company to hold dual positions under certain conditions. However, this is not applicable for the members of the board of directors and the board of commissioners of a bank as OJK Regulation No. 17/2023 specifically restricts or limits them from holding dual positions in other entities outside of the bank group of companies. Further, OJK Regulation No. 33/2014 provides that if the board of commissioners consists of only two commissioners, then one of them shall be an independent commissioner and if the board of commissioners consist of more than two commissioners, then the independent commissioners must make up at least 30.0% of the total number of commissioners. In the case of a commercial bank that is a public company however, the foregoing provisions of OJK Regulation No. 33/2014 are overridden by the provisions of OJK Regulation No. 17/2023.

Moreover, a publicly listed company is also required to:

- in compliance with OJK Regulation No. 33/2014 and OJK Regulation No. 55/POJK.04/2015 on the Establishment and Work Implementation Guidelines of the Audit Committee, have an audit committee composed of three members including at least one independent commissioner and two external independent members, with one member having capabilities in the accounting or financial sector. The audit committee reports to the board of commissioners; and

- in compliance with OJK Regulation No. 35/POJK.04/2014 on Corporate Secretaries of Issuers or Public Companies, appoint a corporate secretary to monitor developments in capital market rules and regulations and serve as the principal contact for the OJK, the IDX and the public.

Capital adequacy requirements

Under OJK Regulation OJK Regulation No. 11/2016 as lastly amended by OJK Regulation No. 27 of 2022, Indonesian banks are required to maintain minimum capital in accordance with their risk profile. The risk profile depends on the valuation of inherent risks and quality of the implementation of the risk management in a bank's operations. The valuation is done by every bank through the Internal Capital Adequacy Assessment Process (the "**ICAAP**") mechanism. Each bank must apply ICAAP in accordance with the scale, characteristics and complexity of its business. The valuation through ICAAP must assess the adequacy of, at least:

- the active monitoring by the board of directors and board of commissioners;

- the capital positions;

- monitoring and reporting mechanisms; and

- the internal controls of a bank.

Upon completion of valuation, a bank will stipulate under which risk profile ranking it falls by taking into account (i) OJK Regulation No. 11/2016 and (ii) OJK Circular No. 26/SEOJK.03/2016 on Capital Adequacy Ratio Requirement Based on Risk Profile and Capital Adequacy Maintained Assets. The OJK then will evaluate the ranking through the Supervisory Review and Evaluation Process (the "**SREP**"). In the event of any discrepancy between the ICAAP valuation and SREP result, the SREP result will apply.

Under OJK Regulation No. 11/2016, banks are required to maintain at the minimum a total capital level of at least:

- 8.0% of the risk-weighted assets for banks in the category of risk profile rank 1;

- 9.0% up to less than 10.0% of the risk-weighted assets for banks in the category of risk profile rank 2;

- 10.0% up to less than 11.0% of the risk-weighted assets for banks in the category of risk profile rank 3; and

- 11.0% up to 14.0% of the risk-weighted assets for banks in the category of risk profile rank 4 or 5.

An additional capital is required for the purpose of buffers for absorbing risks caused by crisis conditions and/or excessive banking credit growth. Such additional capital shall be in the form of:

- capital conservation buffer in the amount equals to 2.5% of the risk-weighted assets;
- countercyclical buffer in the amount equals to 0% up to 2.5% of the risk-weighted assets; and
- for systemic banks, capital surcharge in the amount equals to 1.0% up to 2.5% of the risk-weighted assets.

The OJK is also authorised to stipulate higher minimum capital requirements if it is of the view that the relevant bank is facing a potential loss which thereby requires greater amount of capital.

For banks having their head offices in Indonesia, regulatory capital consists of:

- Tier 1 Capital, consisting of Common Equity Tier 1 capital (i.e. paid-up capital and disclosed reserves) and Additional Tier 1 capital; and
- Tier 2 capital.

Regulation No. 11/2016 further stipulates that disclosed reserves constituting Common Equity Tier 1 capital may include, among other things:

(a) other comprehensive income in a form of (i) positive margin from the financial statement, (ii) potential profit from the increase of asset value (available to be sold), and (iii) surplus of fixed assets revaluation; and

(b) other disclosed reserve in a form of (i) paid-in capital of the common equity Tier I agio, (ii) general reserve, (iii) profit from previous years, (iv) profit from the current year, (v) capital reserve funds and (vi) other forms of reserve as approved by the OJK.

These disclosed reserves should be reduced by, among other things:

(c) other comprehensive income in a form of (i) negative margin from the financial statement, and (ii) potential loss from the increase of asset value (available to be sold); and

(d) other disclosed reserve in a form of (i) disagio of the Common Equity Tier 1 capital, (ii) loss from previous years, (iii) loss from the current year, (iv) negative margin between asset deletion over productive assets and value decrease loss reserve over the productive assets, and (v) negative margin between the adjustment value over the valuation report from financial instrument in the trading book and adjustment value based on accounting principles standard, (vi) non-productive asset deletion, and (vii) other reduced factors as agreed by the OJK.

Additional Tier 1 capital may be in the form of, among others:

(a) subordinated perpetual equity-like debt instruments with non-cumulative yield payments;

(b) perpetual non-cumulative preference shares, with or without call option;

(c) perpetual and non-cumulative hybrid instruments; and

(d) *agio* or *disagio* capital instruments in the form of shares or other capital instruments that satisfy the requirements of Additional Tier 1 capital.

To be considered as Additional Tier 1 capital, the capital instrument must meet the following criteria:

(a) issued and fully paid-up;

(b) is perpetual without requirement to redeem;

(c) repurchase or payment of principal must be with prior approval from the OJK and the issuing bank must not cause the holders of such instrument to expect that such approval will be obtained with certainty;

(d) does not have a step-up feature;

(e) can be converted into ordinary shares or written down if the issuing bank has reached a point of non-viability, and such loss absorption feature must be stipulated in the issuance documentation or agreements;

(f) rank junior to the claims of holders of Additional Tier 2 capital, depositors and creditors, at the time of liquidation, which must be stipulated in the issuance documentation or agreements;

(g) the amount or time of the yields cannot be determined and cannot be accumulated between periods and such bank has full access to cancel the payment of yields at the time the obligation to pay such yields arises;

(h) not secured or guaranteed by such bank or any of its subsidiaries;

(i) not subject to any arrangement that may improve seniority, either legally or economically;

(j) does not have a dividend or profit payment feature that is sensitive to credit risks;

(k) may be callable, and if callable, such feature may only be executed at least five (5) years after the capital instrument is issued and upon prior approval from the OJK, with the documentation for the issuance of the capital instrument clearly stating this requirement. The relevant bank should also not give any expectation on the repurchase or perform any activity which may give an expectation of repurchase of the capital instrument;

(l) cannot be subscribed to by the issuing bank and/or its subsidiaries;

(m) not funded by the issuing bank, whether directly or indirectly;

(n) not subject to any arrangement that may impede the process of instrument issuance in the future;

(o) in certain cases, if an additional capital instrument is needed by way of instrument issuance by other entity outside the consolidation coverage, then the funds derived from the issuance must be assigned to such bank immediately; and

(p) must be approved by the OJK in order for its inclusion in the calculation of regulatory capital component.

Additional Tier 2 capital may be in the form of, among others:

(a) capital instruments in the form of shares or other capital instruments that satisfy the requirements of Additional Tier 2 capital;

(b) *agio* or *disagio* derived from the issuance of capital instruments categorised as Additional Tier 2 capital; and

(c) general reserve on loss of earning assets of a maximum 1.25% of the risk-weighted assets for credit risk.

To be considered as Additional Tier 2 capital, the capital instrument must meet the following criteria:

(a) issued and fully paid-up;

(b) has a tenor of five (5) years or more and only can be fully repaid after obtaining an approval from the OJK;

(c) can be converted into ordinary shares or written down if the issuing bank has reached a point of non-viability, and such loss absorption feature must be stipulated in the issuance documentation or agreements;

(d) rank junior to, among others, depositors and creditors, which must be stipulated in the issuance documentation or agreements;

(e) payment of principal or coupon(s) is deferred and accumulated cumulatively if such payment will cause such bank to breach its CAR requirement (on a standalone or consolidated basis);

(f) not secured or guaranteed by such bank or any of its subsidiaries;

(g) does not have a dividend or profit payment feature that is sensitive to credit risks;

(h) does not have a step-up feature;

(i) may be callable, and if callable, such feature may only be executed at least five (5) years after the capital instrument is issued and upon prior approval from the OJK, with the documentation for the issuance of the capital instrument clearly stating this requirement. The relevant bank should also not give any expectation on the repurchase or perform any activity which may give an expectation of repurchase of the capital instrument;

(j) does not have any requirements on the prepayment of interest or principal in the issuance documentation or agreements;

(k) cannot be subscribed to by the issuing bank and/or its subsidiaries;

(l) not funded by the issuing bank, whether directly or indirectly;

(m) in certain cases, if an additional capital instrument is needed by way of instrument issuance by other entity outside the consolidation coverage, then the funds derived from the issuance must be assigned to the issuing bank immediately; and

(n) must be approved by the OJK in order for its inclusion in the calculation of regulatory capital component.

The amount of the capital instrument that may be calculated as Additional Tier 2 capital is the amount of Additional Tier 2 capital minus amortisation, calculated on a straight-line basis in the remaining five (5) year period of the instrument. Further, for the purpose of calculating capital adequacy requirements for Additional Tier 2 capital, the amount of Tier 2 capital recognised in regulatory capital must not exceed 100.0% of Tier 1 capital.

All banks must include credit risk and operational risk in calculating their CAR and maintaining their capital adequacy requirement. However, certain banks meeting the criteria set out below must also include market risk in the calculation of CAR and maintenance of their capital adequacy requirement. The criteria are as follows:

(a) banks that individually meet one of the following criteria:

  (i) banks with total assets of Rp10.0 trillion or more; or

  (ii) banks with foreign exchange licenses (the "**Foreign Exchange Banks**") that have trading positions in relation to commercial paper and derivative transactions of Rp20.0 billion or more; or

  (iii) non-Foreign Exchange Banks that have trading positions in relation to commercial paper and interest derivative transactions of Rp25.0 billion or more; and/or

(b) a bank which, when consolidated with its subsidiary, meets one of the following criteria:

  (i) a Foreign Exchange Bank that has trading positions in relation to commercial paper, including financial instruments which are being exposed to equity risk (Risiko Ekuitas), and/or through derivative transactions, and/or through financial instruments which are being exposed to commodity risk (Risiko Komoditas) in its trading book and/or banking book of Rp20.0 billion or more; or

  (ii) a non-Foreign Exchange Bank that has trading positions in relation to commercial paper, including financial instruments which are being exposed to equity risk, and/or through derivative transactions, and/or financial instruments which are being exposed to commodity risk in its trading book and/or banking book of Rp25.0 billion or more;

(c) a bank that has an office network and/or subsidiary in other countries or branch offices of banks domiciled outside Indonesia.

As of the date of this Offering Circular, the Bank has a self-assessed risk profile of 1 and is thus subject to a minimum CAR requirement of 6.0% of its credit, market and operational risk-weighted assets.

Under Bank Indonesia Regulation No. 5/13/PBI/2003 on Net Open Position for Commercial Banks, as last amended by Bank Indonesia Regulation No. 17/5/PBI/2015 ("**Bank Indonesia Regulation No. 5/2003**"), banks must maintain its Net Open Position (calculated under Bank Indonesia Regulation No. 5/2003 as the sum of the absolute values of (i) the net difference between the foreign exchange assets and the liabilities on its balance sheet and (ii) the total net difference between assets and liabilities which are commitment or contingent in an administrative account for each foreign exchange) at a maximum of 20.0% of such bank's capital.

Core capital and banking business activities

OJK Regulation No. 12/POJK.03/2021 on Commercial Banks as amended by OJK Regulation No. 22 of 2025 ("**OJK Regulation No. 12/2021**") stipulates the type of business activities and office network based on a bank's core capital.

OJK Regulation No. 12/2021 is applicable not only to Indonesian commercial banks but also to Indonesian Sharia banks. OJK Regulation No. 12/2021 categorises banks into four types by reference to the size of their core capital:

(a) Bank Group Based on Core Capital (*Kelompok Bank Berdasarkan Modal Inti* – KBMI) 1 is each bank whose core capital reaches Rp6.0 trillion;

(b) KBMI 2 is each bank whose core capital is in excess of Rp6.0 trillion until Rp14.0 trillion;

(c) KBMI 3 is each bank whose core capital is in excess of Rp14.0 trillion until Rp70.0 trillion; and

(d) KBMI 4 is each bank whose core capital is in excess of Rp70.0 trillion.

Core capital is defined as (i) for banks which are established as Indonesian legal entities, core capital which consists of paid-in capital, disclosed reserves and innovative capital instrument; and (ii) for branch offices of offshore banks, business funds which have been allocated as Capital Equivalency Maintained Assets, both as further governed in the relevant capital adequacy ratio regulation.

The categorisation of banks for Sharia business units is based on the core capital of their parent commercial banks. The core capital categorisation determines, among others, the scope of banking activities allowed to be undertaken by the relevant bank.

In November 2025, OJK announced its plan to remove KBMI 1 classification. If implemented, banks that at the time are classified as KBMI 1 banks will be required to meet a minimum core capital requirement of above Rp6.0 trillion to Rp14.0 trillion in order to be classified as KBMI 2 bank. However, to date, no OJK Regulation has been enacted to formalise such plan. Please see "*The Indonesian Banking Industry – Bank consolidation*."

Capital participation

According to OJK Regulation No. 22 of 2022 on Capital Participation by Commercial Banks as partially revoked by OJK Regulation No. 26/2024, the total capital participation portfolio of banks cannot exceed 35% of the Bank's capital. This includes the total capital participation of all investees, including the increase of capital participation, which is due to accumulated profits or changes in exchange rates, and share dividend. Banks cannot receive capital participation from investee or undertaking a capital participation on a shareholder's company, whether directly or indirectly. If the Bank fails to abide by this limitation, they will be subject to administrative sanctions.

Office network

In general, banks wishing to open offices must satisfy the bank soundness level requirement (including which must be 1, 2 or 3 for the prior year). Further, they are required to fulfil the core capital allocation requirements in line with their locations and the type of their offices (theoretical capital).

Legal lending limits

Legal lending limits are applicable to commercial banks pursuant to (i) OJK Regulation No. 26/POJK.03/2021 on Credit Disbursement Limits and Major Funds Provision for Sharia Banks ("**OJK Regulation No. 26/2021**"), and (ii) OJK Regulation No. 32/POJK.03/2018 on Maximum Credit Disbursement Limits and Major Funds Provision for Commercial Banks as amended by OJK Regulation No. 38/POJK.03/2019 ("**OJK Regulation No. 32/2018**"). These regulations stipulate the ratio (measured in percentage) of a bank's total capital that may be extended to affiliate or non-affiliate customers (including individual borrowers and groups of borrowers). The types of credit provision that these regulations specifically focus on are, among other things, (i) securities, (ii) derivative transaction, (iii) placements, (iv) reverse repurchase notes, (v) acceptance notes, (vi) credit, (vii) administrative account transactions, (viii) repo, (ix) equity participations, (x) temporary equity participation and (xi) other similar forms of funds allocation similar to those mentioned in (i) to (xi). The ratios of lending limitation range from 10.0% to 25.0% depending on the party that receives the credit.

OJK Regulation No. 32 of 2018 also provide for exemptions from legal lending limit requirements in the case of certain fund allocations, including (i) fund allocations fully secured by cash collateral, (ii) fund allocations fully secured by prime banks, (iii) inter-bank placements in prime banks, (iv) interbank placement in Indonesian banks for daily liquidity management purposes, (iv) equity participations in a subsidiary by the bank applying risk management in a consolidated manner, (v) provision of funds to the central Government; (vi) placement in Bank Indonesia and (vii) fund allocation with guarantee from the Government of the Republic of Indonesia.

Banks are required to submit periodic reports to the OJK, specifying any non-compliance with, or violations of, the legal lending limits and the amount of funds extended to affiliates and non-affiliates.

Statutory reserves and liquidity requirement

Bank Indonesia issued Bank Indonesia Regulation (PBI) No. 11 of 2024 on Monetary Controls ("**PBI No. 11/2024**") as the prevailing regulatory framework for monetary operations, including statutory reserve requirements. The implementation provisions are further stipulated under Regulation of Member of Board of Governor (PADG) No. 24/8/PADG/2022, as most recently amended by PADG No. 31 of 2025. Under such regulations, commercial banks are required to fulfil daily and average statutory reserve requirements in Rupiah and foreign currency with Bank Indonesia.

The statutory reserve in Rupiah is determined by an average amount of 9.0% of its deposits from customers in Rupiah in a certain period, which must be fulfilled as follows: (i) 0.0% on a daily basis and (ii) 9.0% on an average basis. The statutory reserve in foreign currency is determined in the average amount of 4.0% of its deposits from customers in foreign currency in a certain period, which must be fulfilled as follows: (i) 2.0% on a daily basis, and (ii) 2.0% on an average basis.

The monetary penalty for a shortfall in statutory reserves denominated in Rupiah on a daily basis equal to 125.0% of the overnight rate of the Indonesia Overnight Index Average ("**IndONIA**") on the day of the infringement for each day when there is a shortfall. While the monetary penalty imposed for a shortfall on an average basis for two reporting periods equals to 125.0% of the average overnight IndONIA during the shortfall statutory reserves period.

The monetary penalty for a shortfall in statutory reserves denominated in foreign currency on a daily basis equals 0.04% of the difference between the mandatory daily balance and the actual balance recorded in Bank Indonesia's accounting system on the day of the infringement for each day when there is a shortfall. Meanwhile, the monetary penalty for a shortfall on an average basis is 0.04% of the difference between the mandatory average balance and the actual balance, both calculated over two reporting periods.

Liquidity coverage ratio and net stable funding ratio requirement

Requirements for Liquidity Coverage Ratio ("**LCR**") is regulated under OJK Regulation No. 42/POJK.03/2015 on Mandatory Liquidity Coverage Ratio for Commercial Banks as most recently amended by OJK Regulation No. 19 of 2024 ("**OJK Regulation No. 19/2024**")**.** LCR is the ratio of "High Quality Liquid Assets ("**HQLA**") (cash or financial assets that can be easily converted into cash with minimal to no value depreciation to meet a bank's liquidity needs for a 30-day liquidity stress scenario) to net cash outflows that must be fulfilled by such bank. Banks that are within KBMI 2, KBMI 3 and KBMI 4 categories and foreign banks must comply with this regulation.

Assets that can be regarded as HQLA must meet the following characteristics:

(a) fundamental characteristics, namely:

    (i) low risk;

    (ii) ease and certainty of valuation;

    (iii) low correlation with risky assets; and

    (iv) listed on a recognised exchange.

(b) market-related characteristics, namely:

    (i) active and sizable market;

    (ii) low volatility; and

    (iii) flight to quality.

Additionally, assets that can be regarded as HQLA must also satisfy operational and diversification requirements. The operational requirements are designed to ensure that HQLA is managed in a way that a bank can immediately use the stock of assets as a source of contingent funds that is available for such bank to convert into cash through outright sale or repo, to fill funding gaps between cash inflows and outflows at any time during the thirty (30) day stress period, with no restriction on the use of the liquidity generated. Banks must have policies and limits in place to avoid concentration with respect to asset types, issuers and currencies.

LCR must be calculated in Rupiah. Banks must maintain an LCR of at least 100%. However, the OJK is authorised to determine a higher threshold for the LCR if it deems that a certain bank so requires. Banks must calculate and report the LCR on daily, monthly and quarterly bases. The calculation and reporting obligations can be made either on an individual or a consolidated basis. The monthly report must be submitted to the OJK at the latest fifteen (15) days after the end of the reporting month for individual LCR report and thirty (30) days after the end of the reporting month for consolidated LCR report. Other than being calculated and reported, the quarterly report must also be published on a bank's website. Starting from March 2019, banks must start publishing the quarterly report online and on a widely circulated newspaper at the same time.

Banks must notify the OJK if it is unable or potentially unable to meet the 100% LCR requirement. In this case, banks must analyse their liquidity condition and report it to the OJK. Further, banks must undertake necessary steps to recover their liquidity condition. OJK Regulation No. 42/2015 phases the LCR fulfilment steps. Banks in the KBMI 4 category must fulfil 70% LCR by 31 December 2015, 80% LCR by 31 December 2016, 90% LCR by 31 December 2017 and 100% LCR by 31 December 2018.

Requirements for Net Stable Funding Ratio ("**NSFR**") are regulated by OJK Regulation No. 50/POJK.03/2017 on Mandatory NSFR Fulfilment for Commercial Banks as partially amended by OJK Regulation No. 20 of 2024 ("**OJK Regulation No. 20/2024**"). NSFR is defined as the amount of available stable funding relative ("**ASF**") to the amount of required stable funding ("**RSF**"). This ratio should be equal to at least 100% on an on-going basis. ASF is defined as the portion of capital and liabilities expected to be stable for one (1) year to fund banks' activities. However, the OJK is authorised to determine a higher threshold for the NSFR. Banks that fall into KBMI 2, KBMI 3 or KBMI 4 categories and foreign banks must comply with this regulation.

Under OJK Regulation No. 20/2024, banks must supervise their NSFR fulfilments monthly and submit the NSFR calculation reports either on an individual or a consolidated basis. In supervising the NSFR, banks must make their NSFR working papers to be submitted on a quarterly basis to the OJK. At the latest 15 days after the end of the reporting month, NSFR working paper and NSFR report must be submitted to the OJK on an individual basis for banks with NSFR that is less than 100%. At the latest 30 days after the end of the reporting month, i) an action plan to fulfil NSFR on an individual and consolidated basis for banks with NSFR that is less than 100% at the latest as well as NSFR working paper, ii) an NSFR working paper on a consolidated basis, and iii) NSFR report on a consolidated basis shall be submitted to the OJK. The report must at least contain NSFR calculation and NSFR development analysis.

Banks must also publish their quarterly NSFR report through their websites, as well as publishing their quarterly NSFR report online.

Commercial paper

Under Bank Indonesia Regulation No. 6 of 2024 on Money Markets and Foreign Exchange Markets ("**Bank Indonesia Regulation No. 6/2024**"), Bank Indonesia regulates the issuance and trading of commercial paper. Under this regulation, a bank is required to report its commercial paper transactions to Bank Indonesia.

A bank is allowed to act as supporting institution for commercial paper issuance and settlement provided that it has the function as an issuance arranger and custodian. In order to conduct such activities, such bank must be registered with Bank Indonesia. Bank Indonesia will grant its approval based on assessment on (i) validity of the institution aspect of the relevant bank; and capability of the relevant bank in performing its functions.

A bank is also allowed to provide a guarantee in respect of a non-bank corporation for the purpose of commercial paper issuance by that non-bank corporation that fulfils certain requirements, among other things, being a non-listed company with equity at least Rp50.0 billion.

Bank Business Plan

A commercial bank's business plan is regulated under OJK Regulation No. 5/POJK.03/2016 on Bank Business Plan (as amended in part by OJK Regulation No. 12/POJK.03/2021 and OJK Regulation No. 13/POJK.03/2021) and OJK Circular Letter No. 12/SEOJK.03/2021 on Bank Business Plan (collectively "**OJK RBB Regulations**"). The OJK RBB Regulations require commercial banks to prepare and submit to the OJK, on an annual basis, a written document setting out the bank's planned business activities over the short term (one year) and medium-term (three years) (a "**Bank Business Plan**").

A Bank Business Plan must include, at the minimum, the following:

(a) executive summary;

(b) management policies and strategies;

(c) implementation of risk management and bank's present performance;

(d) projection of financial report along with assumptions used;

(e) projection of ratios and other certain accounts;

(f) funding plan;

(g) fund placement plan;

(h) equity participation plan;

(i) capital plan;

(j) plan for developments of organisation and human resources;

(k) plan for issuance of new products and/or implementations of new activities;

(l) plan for development and/or changes in office networks; and

(m) other information.

A Bank Business Plan must be prepared by the board of directors and approved by the board of commissioners, and then submitted to the OJK at the latest at the end of November of the year preceding the year covered by the Bank Business Plan. A submitted Bank Business Plan may be subject to comments from the OJK.

In preparing a Bank Business Plan, a bank must have regard to (a) external and internal factors which may affect the business of the bank, (b) prudential principles, (c) the implementation of risk management, and (d) sound banking principles.

A submitted Bank Business Plan may only be revised once. The bank may submit a revision only if either or both of the following conditions are met:

(a) there are external or internal factors that significantly affects the bank's operation; and/or

(b) there are significant factors affecting the bank's performance, as determined by the OJK's.

Market Entry Approval

Bank Indonesia Regulation No. 21/1/PBI/2019 on Offshore Bank Loans and Other Bank Liabilities in Foreign Currencies as partially amended by Bank Indonesia Regulation No. 7 of 2024 on Banks' Foreign Funding Ratio ("**Bank Indonesia Regulation No. 21/2019**") stipulates that the obligations of banks are divided into (i) short-term obligation, including offshore borrowings and other form of obligations of banks, with original maturity less than a year, and (ii) long-term obligation, including offshore borrowings and other form of obligations of banks, with original maturity more than one year. Bank Indonesia Regulation No. 21/2019 also categorises offshore borrowings into four, depending on its origination, i.e.: (i) offshore borrowings obtained under loan agreements; (ii) offshore borrowings obtained under debt securities; (iii) offshore borrowings generated by demand deposits, deposits, savings, and call money; and (iv) other forms of offshore borrowings.

An Indonesian bank that intends to obtain a long-term offshore borrowing must obtain a market entry approval from Bank Indonesia. Approval is not required for short-term obligations unless such short-term obligation is extended so that it becomes a long-term obligation. In order to be eligible for a market entry approval, a long-term offshore borrowing must be included in the relevant bank's Bank Business Plan, unless such long-term offshore borrowing is contemplated pursuant to the OJK's instruction in limited scenarios. The actual long-term obligation obtained by the relevant bank must not exceed the amount set out in the Bank Business Plan.

In assessing a long-term offshore borrowing's eligibility for a market entry approval, Bank Indonesia will consider the completeness of the supporting documents, terms and conditions of the long-term offshore borrowing, macro and financial market economic conditions, condition of the financial system, the relevant bank's financial and other conditions, and other matters deemed necessary by Bank Indonesia to consider.

After obtaining a long-term offshore borrowing a bank must submit a market entry realisation report to Bank Indonesia by no later than: (i) seven (7) business days after the date of market entry, if in the form of a loan agreement or privately placed debt securities; or (ii) seven (7) business days after the date of transaction settlement, if in the form of publicly offered debt securities.

Limits on foreign exchange exposure and supervision of foreign exchange activities

Bank Indonesia Regulation No. 5/2003 limits a commercial bank's net open position, both the total and the balance sheet position, to a maximum of 20.0% of its capital at the end of each business day. Each bank is responsible for managing the information to support the supervision of Net Open Position. A bank must report to Bank Indonesia when that 20.0% threshold is crossed. Under Bank Indonesia Regulation No. 5/2003, net open position is defined as the sum of the absolute values of (i) the net differences between asset and liabilities balances for each foreign currency, and (ii) the net differences between claims and liabilities in the form of both commitments and contingencies in administrative accounts for each foreign currency, all of which are denominated in Rupiah.

Under Bank Indonesia Regulation No. 21/15/PBI/2019 on the Monitoring of Foreign Exchange Activities of Banks and Customers ("**Bank Indonesia Regulation No. 21/15/2019**"), banks must submit foreign exchange reports to Bank Indonesia. Such reports include (i) a "transaction report" that covers, among others, bank's transactions affecting offshore financial liabilities and assets of the relevant bank, (ii) a "position report" that covers position and mutation of each account on the offshore financial liabilities and asset of the relevant bank; and (iii) a "supporting report" that covers (a) export transaction details, (b) list of supporting documents of the foreign exchange export results, (c) special account of the foreign exchange export results, (d) transaction of foreign exchange export and foreign exchange import payment, and (e) other related reports.

Under Bank Indonesia Regulation No. 6/2024, any purchase or sale of foreign currency against Rupiah (including by way of a call spread option) exceeding certain thresholds must have an underlying transaction. The threshold depends on the type of transaction. For example, for today, tomorrow or spot cash purchases of foreign currency against Rupiah, the threshold is US$100,000 or its equivalent per month for each customer. If a sale or purchase exceeds the prescribed threshold, the buyer or seller of foreign currency must submit appropriate underlying transaction documents to the foreign exchange bank servicing the sale or purchase. Underlying transactions include the following activities: (a) current accounts; (b) financial accounts; (c) capital accounts; (d) loans to citizens for the purposes of trade and investment; (e) domestic and international trade of goods and services; and (f) other transactions as may be determined by Bank Indonesia.

Under Bank Indonesia Regulation No. 17/3/PBI/2015 dated 31 March 2015 on the Obligation to Use Rupiah in the Territory of Indonesia and Bank Indonesia Circular No. 17/11/DKSP dated 1 June 2015 governing the same ("**Bank Indonesia Regulation No. 17/3/2015**"), each party is required to use Rupiah for cash and non-cash transactions conducted within the territory of Indonesia, including (i) each transaction which has the purpose of payment; (ii) settlement of other obligations which must be satisfied with money; and/or (iii) other financial transactions (including deposits of Rupiah in various amounts and types of Rupiah denomination from customers to banks). Subject to further requirements under Bank Indonesia Regulation No. 17/3/2015, the obligation to use Rupiah does not apply to (i) certain transactions relating to the implementation of state revenue and expenditure; (ii) the receipt or provision of grants either from or to overseas; (iii) international trade transactions, which includes (a) export and/or import of goods to or from outside Indonesian territory; and (b) activities relating to cross border trade in services; (iv) bank deposits denominated in foreign currencies; (v) international financing transactions; and (vi) transactions in foreign currency which are conducted in accordance with applicable laws, including, among others (a) a bank's business activities in foreign currency which is conducted based on applicable laws regarding conventional and sharia banks; (b) securities in foreign

currency issued by the Government in primary or secondary markets based on applicable laws; and (c) other transactions in foreign currency conducted based on applicable laws, including laws regarding Bank Indonesia and laws regarding investment.

Interest rate regulation

Bank Indonesia does not formally regulate the interest rates charged by banks on credits or paid on deposits. It does, however, indirectly monitor interest rates being charged and paid by Indonesian banks on an informal basis to help ensure that changes in rates offered by banks are not likely to frustrate the Government's monetary policies and are consistent with an environment of healthy competition among banks.

Supervision on bank products and activities

OJK Regulation 13/POJK.03/2021 on Implementation of Commercial Bank Products ("**OJK Regulation 13/2021**") categorises bank products/activities for the interest of customers into primary products and advanced products. Primary products are products that are related to a bank's acquisition of deposits, granting of loans and other main banking activities prescribed under OJK Regulation 13/2021. Meanwhile, a product is considered advanced if such product is:

(a) technology-based;

(b) related to an activity or a product of a non-bank financial institution (e.g., bancassurance);

(c) required to be approved by another regulatory authority (e.g., Bank Indonesia with respect to payment system); and/or

(d) complex (e.g., non-vanilla derivatives, structured products, trust).

If a commercial bank intends to market new products to customers, such bank would be subject to various requirements prescribed under OJK Regulation 13/2021.

The plan to implement such new products and activities must be included in the bank products implementation plan (*rencana penyelenggaraan produk bank* – "**RPPB**"). RPPBs must be prepared by the bank annually on a forward-looking basis. An RPPB must be submitted to the OJK by the end of November of the year preceding the RPPB year. It is subject to review by the OJK and can be amended up to three times in the relevant RPPB year, each by the end of March, June and September.

Further requirements depend on the type of product. For new primary products, the bank is required to submit to the OJK a new product realisation report within five business days after implementing a new primary product. Meanwhile, for new advanced products, on top of the foregoing realisation report, a prior approval from the OJK is also required before it can be implemented. A bank can only submit a request for approval to the OJK for a new advanced product after having concluded a limited trial for such product. A new advanced product may be exempted from this limited trial requirement based on OJK's assessment.

OJK may instruct a bank to suspend or discontinue any of its existing products if the product:

(a) is not validly authorised by the OJK;

(b) deviates from the approval request or notification received by the OJK;

(c) inconsistent with any relevant realisation report;

(d) inconsistent with sharia principles, if applicable;

(e) contrary to laws and regulations;

(f) considered by the OJK as potentially having material adverse effect to the bank's financial condition;

(g) considered by the OJK as significantly detrimental to the bank from a legal or reputational perspective due to customers' reports or claims;

(h) considered by the OJK as having adverse effect to the stability of financial system; and/or

(i) is not implemented with sufficient risk management; and/or

(j) considered by the OJK necessary to be suspended or discontinued due to any other reason.

Furthermore, OJK Regulation 13/2021 provides a different set of rules for activities that a bank carries out for the bank's own interests (being products that are not related to customers' interests). Activities for a bank's own interests consist of:

(a) activities related to implementing risk management;

(b) activities related to the execution of fund placement strategies; and/or

(c) other activities that support the business continuity of the bank.

Securitisations, derivatives, obtaining loans, issuing debt securities and equity investments are among the activities that can be carried out by a bank for its own interest. Any plan to implement activities for the bank's own interests that changes the bank's capital composition or other activities that are specifically regulated by the OJK must be approved by the OJK. Other activities that do not fall under the ambit of the aforementioned activities only need to be reported to the OJK.

Bank soundness level

OJK Regulation No. 4/POJK.03/2016 on Assessment of Soundness Level of Commercial Banks requires banks to conduct business on the basis of prudential principles with the objective of maintaining or improving their bank rating and to conduct a bank rating self-assessment on a semi-annual basis. A bank soundness level takes into account various aspects affecting the condition or performance of a bank by means of quantitative and/or qualitative ratings of the following factors:

(a) risk profile;

(b) good corporate governance;

(c) profitability (earnings); and

(d) capital.

The assessment of the risk factors mentioned above constitutes the assessment to the inherent risks and the quality of the risk management implementation in a bank's operational activity. The assessment will be conducted against the following:

(a) credit risk;

(b) market risk;

(c) liquidity risk;

(d) operational risk;

(e) legal risk;

(f) strategy risk;

(g) compliance risk; and

(h) reputation risk.

The rating is also affected by the degree to which a bank complies with the various regulatory requirements. The composite rating is determined by a comprehensive and structured analysis on the rating of each of the factors above. There are five composite ratings:

(a) composite rating 1, indicating that the bank is in excellent condition and highly capable to withstand significant negative changes from business conditions and other external conditions;

(b) composite rating 2, indicating that the bank is in sound condition and capable to withstand significant negative changes from business conditions and other external factors;

(c) composite rating 3, indicating that the bank is in fairly sound condition and fairly capable to withstand significant negative changes from business conditions and other external factors;

(d) composite rating 4, indicating that the bank is in poor condition and less capable to withstand significant negative changes from business conditions and other external factors; and

(e) composite rating 5, indicating that the bank is in unsound condition and incapable to withstand significant negative changes from business conditions and other external factors.

The result of the bank rating self-assessment conducted by a bank must be reported to the OJK.

For the purpose of bank supervision, the OJK is required to conduct a bank rating on a semi-annual basis. Similar to the bank rating self-assessment, the OJK will rate each Indonesian bank to assess whether a bank is being managed in line with prudent banking principles and in accordance with regulations. The bank rating will be conducted by examining the periodic reports submitted by the bank and/or other information in the public domain. If the result of the bank rating conducted by the OJK differs from the result of the bank rating conducted by the bank, the result of the bank rating conducted by the OJK will prevail.

On the basis of the bank rating, the OJK may request the board of directors, board of commissioners and/or controlling shareholders to submit an action plan stating the corrective actions that must be implemented by the bank with regard to any significant problems, including timeframes for resolution over a specific period. If necessary, the OJK may request the bank to make adjustments to this action plan. Banks are required to submit an action plan implementation report no later than (i) 10 (ten) business days after the estimated completion date of the action plan's finalization or (ii) 10 (ten) business days after the end of every month which is conducted on a monthly basis, should there be significant problems interrupting the completion of the action plan's finalization. The OJK is also entitled to assess the implementation of the action plan.

Periodic reports

Reporting obligations under regulations in banking sector

OJK Regulation No. 18 of 2025 on Transparency and Publication of Bank Report requires Indonesian banks to submit reports to the OJK and publish certain information on an annual, quarterly, monthly, and incidental bases, depending on the type of report. These reports include, among others, financial statements (audited on an annual basis), capital and risk exposure report, prime lending rate (*suku bunga dasar kredit*). These reports must be published in a bank's website.

Reporting obligations under company law and regulations in capital markets sector

Under Law No. 40/2007, a limited liability company's board of directors must submit an annual report to the general meeting of shareholders. The annual report must include, among others, the company's financial statement (consisting of at least a balance sheet, profit and loss statement, cash flow report, statement of changes in equity and notes to such financial statement).

Furthermore, if a limited liability company is publicly listed, it is also subject to IDX and OJK regulations for periodical submission of financial reports. Incidental reports are also required by the OJK and IDX to announce any material public information or events that may affect the price of securities or investors' decisions to the public, no later than the commencement of the first IDX trading session on the subsequent trading day (which is at 9AM Jakarta time). Such events include mergers and changes in control or a significant change in management. See "– *Capital Market Regulations – Periodic reports*".

Audits and inspections

The OJK conducts periodic audits of all Indonesian banks and is entitled to conduct inspections and investigations and to request additional information to ensure compliance with its regulations or obtain information it may need for enforcement purposes. Bank Indonesia may also direct special audits on certain systemically important banks and/or other banks (in the context of its macro prudential function and duties), by submitting prior notice to the OJK. Furthermore, if the bank is a state-owned bank, such bank may also be subject to audits by the State Audit Board (*Badan Pemeriksa Keuangan* – BPK).

Deposit guarantee programme

In 1998, the Government, in response to the economic crisis and to support the deteriorating Indonesian banking industry, established a Government guarantee programme and an exchange offer programme to provide guarantees to bank depositors and creditors.

On 22 September 2004, the Government issued the IDIC Law as amended from time to time, including by the Financial Sector Omnibus Law (Law No. 4 of 2023 on the Development and Strengthening of the Financial Sector) (the "IDIC Law"). The enactment of the IDIC Law terminated the Government guarantee programme and replaced it with a deposit guarantee programme.

Pursuant to the IDIC Law, the LPS manages and administers the Government guarantee programme. This institution is a separate legal entity that is directly responsible to the President of the Republic of Indonesia. The deposit guarantee obligation is limited to the savings of customers in the form of current accounts, time deposits, deposits certificates, savings and/or other similar forms. The value of the guarantee per customer in one bank was previously limited to Rp100.0 million, but the value was then increased to Rp2.0 billion with the enactment of Government Regulation No. 66 of 2008 on the Value of Deposits Guaranteed by the LPS, dated

13 October 2008. The premium for the guarantee is to be paid by a bank twice each year (no later than 31 January for the first half of the year and no later than 31 July for the second half of the year) amounting to 0.1% of the average monthly balance of the total deposits of each preceding period. No later than 90 days after the revocation of a bank's license, LPS is obliged to pay the claim of the guarantee to the depositing customers of such bank, after conducting reconciliation and verification of the data. The payment will be in Rupiah and may be made in cash and/or in another form equivalent to it. The claim under the guarantee will not be paid if, pursuant to reconciliation and verification, (i) the data on the customer's deposits is not recorded at the bank; (ii) the depositing customer is a party that gains an unfair benefit; or (iii) the depositing customer contributed to the insolvency of the bank.

All banks, including commercial banks and BPRs, are obliged to participate in the deposit guarantee programme. Failure to comply with the provisions regulated under the IDIC Law will result in a bank being charged with administrative penalties and penal sanctions.

Trading of Government recapitalisation bonds

Pursuant to Bank Indonesia Regulation No. 1/10/PBI/1999 as amended by Bank Indonesia Regulation No. 2/10/PBI/2000 on Government Obligation Portfolio for Commercial Banks Member of Recapitalisation Programme, banks holding Government recapitalisation bonds issued as part of the Bank Recapitalisation Programme may trade up to 10.0% of their holding of such bonds in the secondary market. Only bonds which are eligible to be traded may be used as security. In accordance with these regulations, any such bond trade must be reported to the OJK.

Anti-money Laundering Legislation

Indonesia has enacted laws and regulations governing the prevention of Money Laundering ("**ML**"), Terrorist Financing ("**TF**"), and Proliferation Financing of Weapons of Mass Destruction ("**PF**"), among others:

1. Law No. 8 of 2010 on the Prevention and Eradication of Money Laundering as most recently amended by Law No. 1/2026 ("**Law 8/2010**");

2. Law No. 9 of 2013 on the Prevention and Eradication of Terrorism Financing as most recently amended by Law No. 1/2026 ("**Law 9/2013**"); and

3. Joint Regulation of the Ministry of Foreign Affairs, the Indonesian National Police ("**POLRI**"), the Financial Transaction Reports and Analysis Center (*Pusat Pelaporan dan Analisis Transaksi Keuangan* – "**PPATK**"), and the Nuclear Energy Regulatory Agency No. 4 of 2017, No. 1 of 2017, No. 9 of 2017 and No. 5 of 2017 on the Listing of Individuals and Corporates in the Proliferation Financing List for Weapons of Mass Destruction and the Immediate Freezing of Funds Owned by Listed Individuals or Corporates, as most recently amended by the Joint Regulation of the Ministry of Foreign Affairs, POLRI, PPATK, and the Nuclear Energy Regulatory Agency No. 7 of 2023, No. 2 of 2023, No. 12 of 2023 and No. 2 of 2023 ("**Joint Regulation 2023**").

In summary, the aforementioned regulations govern, among others, elements of crime in ML and TF; the suspension or blocking of suspicious transactions; the imposition of criminal and administrative sanctions; the implementation of Know Your Customer (KYC) principle; and the duties and authorities of the Financial Intelligence Unit of PPATK, and other authorities in Indonesia to prevent and eradicate ML/TF/PF.

These regulations require Bank to fulfil reporting obligations related to the implementation of anti-money laundering, counter terrorist financing, and counter proliferation financing of weapons of mass destruction programs to relevant regulator, including:

1. Suspicious Transaction Report ("**STR**")

If a suspicious financial transaction is identified, the Bank shall submit STR no later than 3 (three) business days after the financial service provider becomes aware of the suspicious elements. Suspicious financial transaction includes:

a. Transactions that deviate from the customer's profile, characteristics, or usual transaction patterns;

b. Transactions suspected of being conducted to avoid mandatory reporting requirements;

c. Transactions conducted or attempted using assets suspected to originate from criminal activities;

d. Transactions requested by PPATK to be reported due to suspected criminal proceeds;

e. Transactions intended to be used and/or known to be used for terrorist acts; or

f. Transactions involving individuals or entities listed in the suspected terrorist and terrorist organization list.

In relation to these reports, Bank is subject to anti-tipping-off provisions, prohibiting disclosure to any party regarding cases under analysis or reported as STR.

2. Cash Transaction Report ("**CTR**")

The bank shall report cash transactions of at least Rp500,000,000 (five hundred million rupiah) or its equivalent in foreign currencies, whether conducted in a single transaction or multiple transactions within 1 (one) business day, no later than 14 (fourteen) business days from the transaction date.

3. International Fund Transfer Instruction Report ("**IFTI Report**")

The bank shall report any fund transfer transactions to and from overseas, regardless of amount, no later than 14 (fourteen) business days from the transaction date.

4. Integrated Customer Information System

The Bank is required to report to PPATK all new customers' profile information of both individual and corporate customers. These reports must be submitted quarterly, no later than the 15th day of the following reporting month.

5. Immediate Blocking Without Delay Report/Nil Report regarding List of Suspected Terrorists and Terrorist Organizations and List of Proliferation of Weapons of Mass Destruction Funding

If a customer or beneficial owner's identity matches the Terrorist or Proliferation List, the Bank shall conduct a blocking immediately without delay and without prior notification and submit a report on the immediate blocking or nil report (if no match is found) to relevant Authorities.

Furthermore, in fulfilling those reporting requirements, Bank is exempted from any otherwise applicable rules providing for banking confidentiality.

The Financial Services Authority (OJK), as the supervisory and regulatory authority, has issued OJK Regulation No. 8 of 2023 concerning the Implementation of Anti-Money Laundering, Counter-Terrorism Financing, and Counter-Proliferation Financing (AML, CTF, CPF) Programs in the Financial Services Sector. Under this regulation, Bank is required to implement AML, CFT, and CPF programs effectively through:

1. **Active oversight by the Board of Directors and Board of Commissioners** to ensure implementation in accordance with policies and procedures, including conduct discussions on AML/CFT/CPF implementation during Board meetings;

2. **Policies and procedures** to mitigate and manage ML/TF/PF risks and govern AML/CFT/CPF implementation, among others covering KYC procedure and process, AML/CFT/CPF reporting obligation, monitoring on the *DTTOT/DPPSPM* lists, and action of blocking immediately without delay and without prior notification regarding *DTTOT/DPPSPM*. Banks must review these policies at least annually or as needed;

3. **Internal controls**, including independent reviews of AML/CFT/CPF program implementation;

4. **Management Information Systems** capable of effectively identifying, analysing, monitoring, and reporting customer transaction characteristics and patterns;

5. **Human Resources and Training**, including pre-employment screening, Know Your Employee procedures, and AML/CFT/CPF training conducted at least once per year.

Customer relations

The OJK has issued OJK Regulation No. 18/POJK.03/2017 on Reporting and Requesting Borrowers' Information through the financial information services system as most recently amended by OJK Regulation No. 11 of 2024, regulating the central credit bureau which is intended to maintain comprehensive information on individual and corporate borrowers and their credit facilities. Under the regulation, banks and other financial institutions are required to report regularly to the OJK information about borrowers, funds facility, collateral, guarantor, management and owners, and borrower's financial reports.

OJK regulations also require Indonesian banks to provide their customers with complete and accurate information on their product offerings. In addition, any publication of a customer's personal data must receive the prior approval of the customer concerned, with reference to applicable regulatory requirements and the Bank's internal policies on personal data protection. Indonesian banks are also required to establish and maintain a system for monitoring and resolving customer complaints. Banks are required to resolve complaints addressed by the customers within 10 (ten) business days of receipt. This period may be extended for an additional period of 10 (ten) business days.

Further Supervision by OJK

A bank facing liquidity or other problems that jeopardises its business activities may face further supervision by the OJK. As one of the implementing regulation of Law No. 9/2016, OJK Regulation No. 5 of 2024 on Determination of Supervision Status and Problem Handling for Commercial Banks ("**OJK Regulation No. 5/2024**") defines a systemic bank as a bank that could cause partial or total failure of other banks or the financial services sector, either operationally or financially, if it experiences disruption or failure. Such a failure could occur due to (i) the size of the systemic bank's assets, capital and liabilities, (ii) the extent of the systemic bank's network or banking transaction complexity, or (iii) the systemic bank's relationship with other financial services sectors. The OJK is responsible to supervise and determine the supervision status of a bank.

These levels of supervision allow the OJK to apply appropriate oversight and intervention measures based on the risk posed by the bank's operations. In supervising banks, the OJK is authorised, among other things, to:

(a) request a bank to collect and submit data/documents from any premise related to the Bank;

(b) request a bank to collect and submit data/documents and information from any party that, according to the OJK's assessment, has influence on such bank;

(c) order a bank to block certain accounts; and/or

(d) order a bank to take certain actions.

Under OJK Regulation 5/2024, OJK may determine that a bank is under normal supervision (*pengawasan normal*), in restructuring (*dalam penyehatan*) or in resolution (*dalam resolusi*). Any change in a bank's supervisory status will be notified by the OJK to the LPS and Bank Indonesia.

A bank would be considered as being under normal supervision if it does not meet the criteria of a bank under restructuring or under resolution. However, the OJK may determine if a bank under normal supervision is experiencing difficulties that endanger their business continuity, even if the bank does not yet meet the criteria for a bank under restructuring or under resolution. 'In restructuring' is an increase in the supervisory status of a bank that was previously under normal supervision with the aim of restoring the condition of such a bank. The OJK may determine that a bank is under restructuring if such a bank:

(a) has a composite rating of 4 or 5 in two consecutive assessment periods;

(b) has Rupiah statutory reserves ratio which is less than the ratio prescribed by the OJK (and based on OJK's assessment and the bank has a principal liquidity problem or declining development in the short-term period); and/or

(c) has a CAR which is at least 8.0% but lower than the required ratio based on the bank's risk profile.

Meanwhile, 'in resolution' is a supervisory status declared by the OJK when a bank is experiencing financial difficulties that endanger its business continuity and cannot be restructured under the OJK's authority. The OJK may determine that a bank is under resolution if such a bank:

(a) has a CAR of less than 8.0% and the OJK determines that such a bank can no longer be restructured (*disehatkan*); and/or

(b) has Rupiah statutory reserves ratio which is equal to 0% and the OJK determines that this ratio cannot be adjusted so that it complies with regulatory requirements.

The exercise of the OJK's authority with respect to a bank in resolution will be carried out in coordination with the LPS.

OJK Regulation 5/2024 empowers the OJK to take certain steps and request the relevant bank to do certain things. If the OJK determines that determine a bank under normal supervision is experiencing difficulties that endanger their business continuity, the OJK may:

(a) limit the authority of the bank's General Meeting of Shareholders (GMS) or its equivalent, the board of commissioners or its equivalent, the board of directors or its equivalent, and shareholders or their equivalent;

(b) request and/or order the bank's shareholders or their equivalent to increase the bank's capital;

(c) require shareholders or their equivalent to replace members of the board of commissioners or its equivalent, and/or the board of directors or its equivalent;

(d) request and/or order the bank to write off bad credit or disbursements and calculate the bank's losses against its capital;

(e) request the bank to merge or consolidate with another bank;

(f) request the bank's shareholders or their equivalent to sell the bank's ownership to buyers;

(g) request and/or order the bank to transfer the management of all or part of the bank's activities to another party;

(h) request and/or order the bank to sell some or all of the bank's assets and/or liabilities to another party and/or transfer the bank's liabilities to another party;

(i) order the bank's shareholders or their equivalent to provide loans to the bank;

(j) order the bank's shareholders or their equivalent to support the implementation of the duties of the OJK and the LPS in resolving the bank's issues;

(k) appoint a statutory manager and order the bank to support the implementation of the statutory manager's duties;

(l) order the bank not to carry out certain transactions with related parties and/or other parties determined by the OJK;

(m) restrict certain business activities of the bank; and/or

(n) order the bank to take any other steps deemed necessary by the OJK.

If a bank is in restructuring, in addition to the above authorities, the OJK may also, among other things:

(o) prohibit the bank from selling or reducing the amount of assets, except for certain Government-related or interbank assets;

(p) instruct the bank to report any change of its shareholding composition which is less than 10.0%; and

(q) prohibit any change of shareholding composition of the bank for its (i) shareholders having shares equal to or more than 10.0% of the issued capital, and/or (ii) controlling shareholders, including all related parties controlling the bank, unless with prior consent from the OJK.

Within three days after being placed 'in restructuring' status, a bank must submit the following reports to the OJK, among others:

(r) latest financial statements including the balance sheet, profit and loss statement and administrative accounts;

(s) latest details of the productive assets, classified based on the quality;

(t) latest composite rating;

(u) information and documentation on the (i) latest list of its aggregate customers savings, detailed list of its receivables and liabilities to related parties, and (iii) other information required by the OJK;

(v) latest financial statement from its subsidiary companies (other than temporary capital participation in terms of debt restructuring);

(w) its latest group structure, including its direct owner and ultimate shareholders; and

(x) a cash flow projection report for a period of the next one (1) month, broken down on a daily basis or based on the frequency and reporting period stipulated by the OJK.

If LPS decides not to rescue a bank in resolution, the OJK may revoke the bank's license after having been informed by the LPS. Under IDIC Law and LPS Regulation No. 1/PLPS/2022 on Liquidation of Banks as amended by LPS Regulation No. 1 of 2025, if a bank's license is revoked, LPS shall establish a liquidation committee.

OJK Regulation No. 5/2024 requires systemic banks to submit a recovery plan to the OJK. The recovery plan must be approved by the shareholders in a general meeting and the board of commissioners of the bank. Further, the president director, the president commissioner and the controlling shareholder of the bank must sign the recovery plan. There are certain indicators to use as a guide to the recovery plan that must be set out by the bank, such as (i) capitalisation, (ii) liquidity, (iii) profitability, and (iv) asset quality. The controlling shareholder or the ultimate shareholder is required first take capital actions before seeking external funding if the bank faces capitalisation problems, by conducting:

(a) capital deposit;

(b) postponement of dividend distribution;

(c) distribution of stock dividend;

(d) calculation of the accumulation of loss suffered by a shareholder in accordance to its responsibility based on type of owned shares;

(e) conversion of loans or investment instruments which have a capital characteristic owned by the shareholders to an ordinary share; and/or

(f) write-down of loans or investment instruments which have a capital characteristic owned by the shareholders.

If internal capital actions are insufficient for the bank's recovery, it may seek external funding, including but not limited to:

(a) conduct a rights issue;

(b) conduct a private placement (issuing of shares not through an initial public offering);

(c) convert the debt instruments or investments with capital characteristics owned by third parties into ordinary shares; and/or

(d) conduct a write-down of debt instruments or investments with capital characteristics owned by third parties.

The recovery plan must be submitted to the OJK for its review and approval. If a bank is determined as a systemic bank by the OJK, that bank must submit its recovery plan to OJK at the latest six months after its determination date.

Systemic banks must update their recovery plans annually. Along with the update, the said banks must also conduct stress testing to their recovery plans. An updated recovery plan must be submitted to the OJK annually before the end of November or one month after the stress testing of recovery plan under some circumstances.

In the event that a bank fails to comply with regulations issued by the OJK, the OJK has the authority to (i) the imposition of monetary penalties, (ii) prohibition on issuing new products, (iii) suspension of all or part of the activities of the bank, (iv) prohibition on expanding business activities, and (v) decrease in the assessment of the Bank's soundness level. The OJK also has the authority to sanction bank executives, including the board of commissioners and the board of directors, with a written warning and/or a prohibition from serving as a key individual in financial service institutions (such as holding executive roles in entities regulated under OJK regulations) if violations are severe.

Capital Market Regulations

Banks in the form of public companies are also required by the OJK to comply with various regulations which require public companies to meet, among others, more extensive corporate and disclosure standards. Administrative sanctions may be imposed on the banks that are public companies that fail to comply with the prevailing capital market laws and regulations.

Material transactions

Under OJK issued OJK Regulation No. 17/POJK.04/2020 on Material Transactions and Change of Business Activities ("**Material Transaction Rules**"), any transaction (either completed through one transaction or a series of related transactions) for a particular purpose having a transaction value of 20% or more of the public company's equity, as determined by the latest audited annual financial statements, limited reviewed or audited quarterly financial statements or other audited interim financial statements, whichever is the latest, is considered as a material transaction. If a transaction constitutes a material transaction, the public company must announce the same to the public, obtain an appraisal report from an independent appraiser, and report the same to the OJK. If the value of the material transaction exceeds 50% of the public company's equity, it must also be pre-approved by the general meeting of shareholders ("**GMS**"). Certain exemptions can be applied to these requirements.

An announcement relating to a material transaction must be made to the public through the public company's and the IDX's website no later than the end of the second business day after the date of execution of the agreement(s) related to the material transaction or on the same day as the GMS announcement date. The announcement is required to include a summary of the transaction, an explanation of the considerations and reasons for such material transaction and the effect of the transaction on the company's financial condition, a summary of the appraisal report (including its purpose, the object, the parties involved, the assumptions, qualifications and methodology used in the appraisal report, the conclusion on the value of the transaction, and the fairness opinion on the transaction), which must not be dated more than six (6) months prior to the date of the material transaction or date of GMS in the event the transaction constitutes as a material transaction that requires GMS approval, the amount borrowed or lent, and a summary of the terms and conditions of the borrowing or lending. Publicly-listed companies must submit evidence of an announcement as referred to above, including the independent appraisal report to the OJK by the end of the second business day after the date of execution of the agreement(s) related to the material transaction or on the same day as GMS announcement date, in the event the transaction constitutes as a material transaction that requires GMS approval.

A material transaction must be approved by the independent shareholders if the transaction: (a) is subject to GMS' approval and is an affiliated transaction; (b) contains a conflict of interest; and/or (c) potentially disrupts the going concern of the public companies.

Affiliated party transactions and conflict of interest transactions

In order to protect the rights of minority shareholders, OJK Regulation No. 42/POJK.04/2020 on Affiliated Party Transactions and Conflict of Interest Transactions ("**Affiliated Transaction Rules**") regulates how a public company may enter into a transaction with its affiliates. There are two types of related party transactions under the Affiliated Transaction Rules, namely, affiliated party transactions and conflict of interest transactions. An affiliated party transaction is defined as a transaction entered into between a public company (or a company that is directly or indirectly controlled by a public company) and its affiliates or affiliates of a member of the board of directors, a member of the board of commissioners, a principal shareholder (owner of directly or indirectly, at least 20% of the voting rights of all shares with voting rights) or the controller of the public company. An affiliated party transaction (whether in a single transaction or in a series of transactions for a specific purpose or activity) does not require prior approval by a company's independent shareholders, unless (i) the value of the affiliated party transaction exceeds the threshold of a "material transaction" within the meaning of the Material Transaction Rules that requires GMS approval, (ii) the affiliated party transaction may potentially disrupt business continuity of the company (e.g., the transaction in *pro forma* would cause the public company to experience a decrease of 80% or more in its revenue or suffer a net loss for the current financial year) or (iii) the OJK deems that the affiliated party transaction requires an approval by the company's independent shareholders. Subject to certain exemptions, the company must publicly disclose to the public and report to OJK information on the transaction, which shall include a summary of an independent appraiser's report. Any transaction (including an affiliated party transaction) may, however, contain a conflict of interest.

A "conflict of interest" is defined as a difference between the economic interest of the public company and the personal interest of its member of the board of directors, member of the board of commissioners, principal shareholder or controller which may cause an economic loss for the public company. If the transaction is considered to be a conflict of interest transaction, then, subject to certain exemptions, it must be approved in advance by a resolution of independent shareholders who are not involved in the relevant conflict of interest and who are not affiliated with the board of directors, board of commissioners or a principal shareholder who may have a conflict of interest. OJK has the power to enforce the Affiliated Transaction Rules and the Bank's shareholders may also be entitled to seek enforcement or bring enforcement action.

Periodic Reports

As a publicly listed company, the Bank is required by OJK regulations to periodically submit financial reports, including annual financial statements and semi-annual financial statements, pursuant to OJK Regulation No. 14/POJK.04/2022 on Submission of Periodic Financial Statements. OJK replaced and assumed the function, duty and authority of the Bapepam-LK with effect from 31 December 2012. In addition, IDX requires publicly listed companies to submit annual and interim (quarterly) financial statements pursuant to IDX Regulation No. I-E on Obligations of Information Submission ("**IDX Regulation No. I-E**"). Under Law No. 40 of 2007, as amended by Law No. 6 of 2023 the board of directors must submit an annual report to a general meeting of shareholders. Pursuant to OJK Regulation No. 31/POJK.04/2015 on Disclosure on Material Information or Facts by Issuers or Public Companies as partially revoked by OJK Regulation No. 45 of 2024 ("**OJK Regulation No. 31/2015**") and IDX Regulation No. I-E, publicly listed companies are required to report to OJK and IDX and are required to announce any material public information or facts that may affect the price of securities or investors' decision to the public, by no later than before the start of the first trading session on the business day following the date of the relevant event. Further, pursuant to OJK Regulation No. 31/2015, the

announcement shall include the following: (i) the date of the event, (ii) the types of material information, (iii) a description of the material information, and (iv) the impact caused by such material information. Publicly listed companies are also required to submit an annual report to OJK and IDX consisting of a summary of material financial data, the board of directors' and board of commissioners' report, company profile, management analysis and discussion, corporate governance, corporate social responsibility, audited annual financial statement, and statement letter on the responsibilities of the board of directors and the board of commissioners in relation to the content in the financial statement pursuant to OJK Regulation No. 29/POJK.04/2016 on the Annual Reports from Issuers or Public Companies ("**OJK Regulation 29/2016**") and IDX Regulation No. I-E. The annual report must be submitted to OJK and IDX no later than four months following the end of a financial year.

Personal Data Protection Law

On 17 October 2022, the Government enacted Law No. 27 of 2022 on Personal Data Protection (**"Law 27/2022"**). Pursuant to Law 27/2022, an individual (defined as 'data subject') has rights to be informed on the purpose of request and use of their personal data, correct and update their personal data, request access to their personal data, dispose personal data that is no longer required or is subject to a deletion request from the data subject, withdraw their consent for data use at any time, object to automated decision-making including profiling, request a restriction on the processing of their personal data, and move, copy or transfer their personal data from one IT environment to another.

In summary, Law 27/2022 requires any party that processes personal data for their own interests (defined as 'data controller') including a bank, to: (i) have lawful basis before it processes personal data, being an explicit consent, contractual obligation, legal obligation, vital interests, public interests and legitimate interests; (ii) conduct a data protection impact assessment if the company plans to conduct data processing that has a high risk on the data subject's rights or interests, (iii) put the appropriate security safeguards in place, (iv) notify the affected data subjects and the data protection authority of any personal data breaches, (iv) be able to demonstrate how it complies with requirements under Law 27/2022; (v) appoint a data protection officer if it is, among others, carry out a large-scale processing of specific personal data, and (vi) comply with certain conditions if it were to transfer personal data outside of Indonesia. Furthermore, if any party processes personal data for the benefit of a data controller (defined as 'data processor', typically third-party service providers of the data controller), the data controller would be responsible for such data processing, including in making sure that there are sufficient grounds for the data processor to conduct such processing.

Failure to comply with provisions of Law 27/2022 may lead to imposition of administrative sanctions, ranging from written reprimands, suspension of personal data processing activities, destruction of personal data, to monetary fines. The monetary fines may go up to 2.0% of the violating party's annual revenue.

TAXATION

The following summary is based on applicable tax laws, regulations, decisions, administrative guidelines, and circulars, and practices that are in effect on the date of this Offering Circular, and is subject to changes, including changes that could have retroactive effect. The following summary does not take into account or discuss the tax laws of any jurisdictions other than the ones described below. The summary represents a general guide only. The summary is not to be regarded as advice on the tax position of any Securityholder or of any person acquiring, selling or otherwise dealing with the Capital Securities or on any tax implications arising from the acquisition, sale or other dealings in respect of the Capital Securities. The following summary does not purport to be a comprehensive description of all of the tax considerations that may be relevant to a decision to purchase, own or dispose of the Capital Securities and does not purport to deal with the tax consequences applicable to all categories of investors, some of which may be subject to special rules. Prospective purchasers in all jurisdictions are advised to consult their own tax advisers as to tax consequences applicable to the acquisition, ownership and disposition of the Capital Securities, including, in particular, the effect of any foreign, state or local tax laws to which they are subject.

Indonesian Taxation

The following is a summary of certain Indonesian income tax consequences relevant to prospective Securityholders that are not tax residents in Indonesia and that have no permanent establishment ("**PE**") in Indonesia. The summary only covers taxes imposed by Indonesia under Indonesian tax laws and the implementing regulations. The summary does not address any laws other than the tax laws in force in Indonesia and as they are applied in practice as of the date of this Offering Circular.

The summary represents a general guide only and should not be relied upon by individual or corporate Securityholders. It is recommended that Securityholders in all jurisdictions seek independent tax advice relevant to their facts and circumstances.

General

Resident tax payers, individual or company, are subject to income tax in Indonesia. Generally, a foreign individual (non-Indonesian citizen) is considered to be a non-resident of Indonesia if the individual does not reside in Indonesia or does not stay (or intend to stay as indicated by obtaining documents in the form of permanent stay permit card; temporary stay permit visa; limited stay permit; contracts or agreements to carry out business; and/or other documents that could indicate the intention to reside) in Indonesia for more than 183 days within a twelve-month period. In the event of potential double tax residency, the tie breaker rules may be applied in accordance with the relevant requirements under the applicable tax treaty which normally include an assessment of the individual's permanent home, place of main activities, habitual abode and/or other criteria. An Indonesian citizen is naturally considered as an Indonesian tax resident even if the individual works or resides overseas. However, Indonesian individual may be considered a "non-resident individual" if the Indonesian individual resides overseas for more than 183 days within a twelve-month period and obtains a "non-effective taxpayer status" from the Indonesian Tax Authorities. A company can be considered to be a non-resident of Indonesia if the company is not established or domiciled in Indonesia and does not have a fixed place of business or permanent establishment in Indonesia. A non-resident may also be subject to Indonesian taxation if the non-resident earns or receives income (i) by conducting business or activities through a PE in Indonesia or (ii) sourced from Indonesia.

In determining the tax residency and allocation of taxing rights on income between two countries, of an individual or company, consideration will also be given to the provision of any applicable tax

treaty which Indonesia has concluded with other countries. In this section, both a non-resident individual and a non-resident company will be referred to as "non-resident taxpayers" unless the context states otherwise.

Under Government Regulation No. 9/2021 ("**GR-9**") dated 2 February 2021, Non-resident taxpayers who derive Indonesian interest income, including premium, discount and reward in connection with the guaranteed repayment of debt, are generally subject to a final withholding tax on that income at a rate of 10 per cent., as long as the income is not effectively connected with a PE of the non-resident taxpayer in Indonesia. If the income is effectively connected with a PE in Indonesia, such income shall be regarded as income earned by the PE, and is taxable in the same manner as for resident taxpayers. This withholding tax may be reduced or exempted under the provisions of any applicable tax treaty. Income effectively connected with the PE is also subject to additional income tax (*i.e.* branch profit tax) at the rate of 20 per cent. on the taxable income after-tax.

Taxation on distribution, including premium and discount, and other payments related to the Capital Securities

Payments of principal under the Capital Securities by the Bank are not subject to withholding tax in Indonesia. Under GR-9, the withholding tax rate on interest including premium, discount, and remuneration in connection with debt repayment guarantees related to the Capital Securities paid to a non-resident taxpayer with no PE is 10 per cent. or the relevant reduced rate under an applicable tax treaty between Indonesia and countries in which relevant Securityholders are tax residents. Since GR-9/2021 is already effective, only a few tax treaties provide a rate lower than 10% i.e. Kuwait and the Netherlands, where the withholding tax rate for interest is only at 5%, and United Arab Emirates where the WHT for interest is 7%. Such distribution by the issuer would be categorised as interest under the Indonesian law in these situations and will be subject to tax withholding in the manner described above.

To use the reduced rate under an applicable tax treaty, a non-resident individual or company must satisfy the eligibility requirements under the applicable tax treaty and domestic tax regulations, including the requirement that the interest recipient shall be the beneficial owner of the income. See "– *Application of tax treaties under Indonesian tax regulations*" below. However, as described under Condition 9 (*Taxation*), and subject to the limitations therein, Securityholders will generally be entitled to additional amounts to cover the Indonesian withholding tax irrespective of whether such Securityholders qualify for tax treaty relief. In addition, non-resident taxpayers need to observe the anti-avoidance measures, namely the Multilateral Instrument, which has been brought in force in Indonesia and meet the underlying "Principal Purpose Test" ("**PPT**") based on the Article being passed into the relevant Tax Treaty (see "– *The use of tax treaty relief and Multilateral Instruments*" below).

Payment of principal under the Capital Securities to an Indonesian (whether an individual or a corporation) who is a tax resident or a PE in Indonesia ("**Indonesian Tax Resident**") is not subject to tax. Interest due (including premium or discount, any other payments in the nature of interest such as additional amount and applicable premium) to any Securityholders who are Indonesian Tax Residents including mutual fund taxpayers (other than banks operating in Indonesia and government-approved pension funds which are exempt from withholding tax) are subject to a final withholding tax rate of 10 per cent.

Under Government Regulation No. 91/2021, which became effective on 30 August 2021 ("**GR-91**"), interest (including premium and discount) paid or due to be paid by the Bank under the Capital Securities, to Indonesian Tax Residents, will be subject to final withholding tax in Indonesia at the statutory rate of 10 per cent., except for banks and the Minister of Finance-approved financing companies.

The use of tax treaty relief

Indonesia has signed tax treaties with a number of countries including Australia, Belgium, Canada, France, Germany, Japan, the Netherlands, Singapore, Sweden, Switzerland, the United Kingdom and the United States of America.

Where a tax treaty exists, the eligibility requirements of that treaty are satisfied if there is no misuse of the tax treaty, fulfil the beneficial ownership test, and the administrative requirements under Indonesian tax regulations are met. Then a reduced rate of withholding tax based on the tax treaty may be applicable in the case of interest (or payments in the nature of interest such as premiums and discounts). In this regard, the term "interest" may be defined differently in various tax treaties to which Indonesia is a party.

To obtain the benefit of an applicable tax treaty, the non-resident taxpayer must be the actual owner of the economic benefits of the income (referred to as beneficial owner of the income) and comply with the eligibility requirements for application of the treaty in Indonesia. Please refer to "– *Application of tax treaties under Indonesian tax regulations*", "– *Beneficial ownership tests*", and "– *Certificate of domicile*". However, as discussed in Condition 9 (*Taxation*) and subject to the limitations therein, a holder of the Capital Securities will generally be entitled to additional amounts to cover the Indonesian withholding tax irrespective of whether such holder of the Capital Securities qualifies for and establishes its eligibility for a reduced rate of withholding under any tax treaty. Pursuant to Article 13 of the Government Regulation No. 94/2010 as further amended by Government Regulation No. 55/2022 regarding Adjustment of Regulation in the Field of Income Tax, any withholding or deduction, and Income Tax attributable to all payments under, or with respect to the Capital Securities that will be borne by the Bank, cannot be deducted in determining the amount of the Bank's taxable income.

In an effort prevent Base Erosion and Profit Shifting ("**BEPS**"), the Government of Indonesia issued Presidential Regulation Number 77 Year 2019 concerning "Ratification of the Multilateral Convention to Implement Tax Treaty Related Measures to Prevent BEPS" which was entered into force on the same date on 12 November 2019 ("**PP-77**"). This regulation officially ratified and approved Multilateral Instrument on implementation of Tax Treaty. Indonesia signed the Multilateral Instrument on 7 June 2017. The Multilateral Instrument is a multilateral treaty that enables jurisdictions to swiftly modify their bilateral tax treaties to implement measures designed to better address multinational tax avoidance. These measures were developed as part of the OECD/G20 Base BEPS. For a bilateral tax treaty to be modified by the Multilateral Instrument, both treaty partners need to have:

- signed and ratified the Multilateral Instrument (that is, the Multilateral Instrument needs to have entered into force for both treaty partners); and

- identified that particular bilateral tax treaty as a treaty to be covered by the Multilateral Instrument.

The extent to which the Multilateral Instrument will modify Indonesia's bilateral tax treaties will depend on the final adoption positions taken by other countries. In PP-77, the Government of Indonesia stated its final adoption positions with regards to the scope of Multilateral Instrument, including:

- Article 3 – Transparent entities

- Article 4 – Dual resident entities

- Article 5 – Application of methods for elimination of double taxation

- Article 6 – Purpose of a covered tax agreement
- Article 7 – Prevention of treaty abuse
- Article 8 – Dividend transfer transactions
- Article 9 – Capital gains from alienation of shares or interests of entities deriving their value principally from immovable property
- Article 10 – Anti-abuse rule for permanent establishments situated in third jurisdictions
- Article 11 – Application of tax agreements to restrict a Party's right to tax its own residents
- Article 12 – Artificial avoidance of permanent establishment status through commissionaire arrangements and similar strategies
- Article 13 – Artificial avoidance of permanent establishment status through the specific activity exemptions
- Article 14 – Splitting-up of contracts
- Article 16 – Mutual agreement procedure
- Article 17 – Corresponding adjustments
- Article 35 – Entry into Force

As of the date of the Offering Circular, Indonesia has 71 tax treaties, but not all of these tax treaties will be affected by the MLI – Indonesia has only submitted 47 tax treaties to be included as Covered Tax Agreements ("**CTA**") and out of which, 39 of these jurisdictions have also chosen Indonesia as their CTA. By 27 November 2023, Indonesia has submitted 60 tax treaties to be covered by the Convention. Accordingly, MLI will not affect the existing tax treaties between Indonesia and those jurisdictions that have not been included in either side of CTA. On 13 June 2024, the President of Republic of Indonesia issued Presidential Regulation Number 63 of 2024, which amended the Presidential Regulation Number 77 Year 2019, updating its list of reservations and notifications to include 13 additional jurisdictions, thereby bringing the total to 60 CTAs.

On 26 November 2020, Indonesia submitted notification to the OECD which confirms the completion of internal procedures for the MLI. 22 tax treaties are listed by Indonesia in the notification document (in line with the number of jurisdictions that have chosen Indonesia as their CTA and ratified their MLI).

On 18 February 2021, the Director General of Taxes (the "**DGT**") issued 21 Circulars from No. SE-05/PJ/2021 up to SE-25/PJ/2021 to announce that the MLI with respective jurisdictions (*including Australia, Belgium, Canada, Denmark, Finland, France, India, Japan, Luxembourg, Netherlands, New Zealand, Poland, Portugal, Qatar, Russia, Serbia, Singapore, Slovakia, South Korea, United Arab Emirates, and United Kingdom*) entered into force, entered into effect and implemented key changes to the relevant tax treaty articles (except for Sweden) – MLI-synthesised text is now available as it is attached to each of the DGT Circulars.

Subsequently, the DGT issued additional circular letters in 2022, 2023, 2024 and 2025 to announce the application of the MLI to further jurisdictions. As of the date of this Offering Circular, the DGT has issued 38 circular letters confirming the application of the MLI to Indonesia's tax treaties with 37 jurisdictions.

Based on the DGT Circulars, the MLI provisions dealing with Indonesian tax came into effect on 1 January 2021 for tax withheld at source and on 1 January 2022 for other taxes. On the other hand, the MLI provisions dealing with the tax for the counterpart jurisdictions also came into effect on 1 January 2021 for tax withheld at source, except for India which came into effect on 1 April 2021. For other taxes, the effectiveness date vary depending on the ratification timeline of each treaty partner.

One of the mandatory minimum standards and the backbone of the MLI is the PPT pursuant to Article 7 of the MLI. PPT regulates that tax treaty benefits will be denied if it is reasonable to conclude that one of the principal purposes of a transaction or arrangement is only obtaining that tax treaty benefit.

Singapore and Indonesia are both part of the MLI signatories and have ratified and synthesised the MLI provision in the existing Tax Treaty.

Specifically, the following new Article 27A is inserted immediately after Article 27 (Diplomatic Agents and Consular Officers):

"*ARTICLE 27A – PREVENTION OF TREATY ABUSE*

Notwithstanding any provisions of this Agreement, a benefit under this Agreement shall not be granted in respect of an item of income or capital if it is reasonable to conclude, having regard to all relevant facts and circumstances, that obtaining that benefit was one of the principal purposes of any arrangement or transaction that resulted directly or indirectly in that benefit, unless it is established that granting that benefit in these circumstances would be in accordance with the object and purpose of the relevant provisions of this Agreement."

This PPT requirement is on a self-assessment basis – it needs to be self-declared in the Form-DGT as regulated under MoF 112/2025 (please refer to below – "*Application of tax treaties under Indonesian tax regulations*").

Application of tax treaties under Indonesian tax regulations

The Application of tax treaties is currently stipulated under the Ministry of Finance ("MoF") Regulation No. 112/2025 dated 30 December 2025, effective from 31 December 2025. The general principle of this regulation is that treaty provisions shall not be applied if the foreign income recipient fails to satisfy the administrative and substance requirements, or when there is misuse of such tax treaty provisions, even if the foreign income recipient is a resident of a country which has a tax treaty with Indonesia.

Based on MoF 112/2025, an Indonesian Tax Resident required to withhold taxes may apply the relevant tax treaty provisions if all of the following conditions are met:

(a) the income recipient is not an Indonesian tax resident.

(b) the income recipient is an individual or a corporate tax resident of a treaty country.

(c) there is no misuse of tax treaty.

(d) the income recipient is the beneficial owner of the income as required in the tax treaty.

MoF 112/2025 states that there is no misuse of tax treaty if:

(a) non-residents have the following:

    (i) economic substance in the establishment or in the execution of its transaction;

    (ii) the same legal form as the economic substance in the establishment or in the execution of its transaction;

    (iii) business activities that are managed by its own management and the management has sufficient authority to carry out the transaction;

    (iv) sufficient and adequate fixed assets and non-fixed assets to conduct business activities in the home country other than the assets generating income from Indonesia;

    (v) sufficient and qualified personnel with certain expertise and skill in accordance with the business run by the Company; and

    (vi) active business other than receiving dividends, interest, and/or royalties from Indonesia.

(b) there are no arrangements in the transaction, either directly or indirectly, which are intended to obtain benefits from the implementation of a double taxation convention, such as:

    (i) reduction of tax; and/or

    (ii) becoming not subject to taxes in any country or jurisdiction (double non-taxation), which is contrary to the intent and purpose of concluding a double taxation convention.

In cases where tax treaty abuse arises, the Indonesian tax withholder is not allowed to apply the tax treaty benefits and must withhold Income Tax in accordance with Article 26 of the Indonesian Tax Law No. 7 Year 1983 as recently amended by Harmonization of Tax Regulations No. 7 year 2021 at the rate of 10 per cent. in relation with payment of interest included premium, discount, and remuneration in connection with debt repayment related to the Capital Securities paid to a non-resident taxpayer with no PE as regulated under the implementing regulation GR-9.

If there is a difference between the legal form of a structure/scheme and the economic substance, the tax regulations will be applied in accordance with the economic substance (also known as the 'substance over form' principle).

Beneficial ownership tests

MoF 112/2025 further elaborates the substance requirements and business purpose tests for the foreign taxpayers, including the requirement that the legal form of an entity or transaction corresponds with its economic substance, whether in the entity's establishment or in the execution of its transaction. Under MoF 112/2025, the economic substance, misuse of tax treaty and beneficial ownership considerations are assessed under an integrated framework in determining whether a foreign taxpayer is eligible to claim tax treaty benefits in Indonesia.

An individual taxpayer must fulfil beneficial ownership tests if required under the relevant tax treaty by not acting as agent or nominee.

In addition, a non-individual taxpayer must fulfil beneficial ownership tests if required under the relevant tax treaty where they generate income in the form of dividends, interest, or royalties. The beneficial ownership tests consist of the following:

1. the entity is not acting as an agent, nominee, or conduit;

2. the entity has controlling rights or disposal rights on the income, or the assets or rights that generate the income;

3. no more than 50 per cent. of the entity's income is used to satisfy claims by other persons;

4. the entity bears the risk on its own assets, capital, or the liabilities; and

5. the entity has no contract/s which obliges the entity to transfer the income received to residents of a third country.

When assessing the 50% base erosion rule under MoF 112/2025, the following are not included:

(a) Provision of compensation to employees which is given reasonably in an employment relationship; and

(b) Other costs normally expended by the Foreign Taxpayer in running its business

Non-Indonesian tax residents must satisfy the above requirements as regulated by the tax regulations in order to apply tax treaty benefits in Indonesia. The relevant DGT tax residency form (DGT Form) must be provided to the Indonesian party required to withhold taxes and submitted to the Coretax (Indonesian online tax reporting system) once for the period covered/stated in the DGT form. Failure to meet all the requirements and to provide the complete DGT form in a timely manner will preclude the non-Indonesian tax residents from applying tax treaty benefits.

Certificate of domicile

The latest DGT Form format applicable in 2026 is stipulated under Minister of Finance Regulation No. 112 year 2025.

Part II of the DGT form needs to be signed off by the competent foreign tax authority. The sign-off of foreign residency by the foreign tax authority may be substituted with a standard Certificate of Residence ("**CoR**") issued by the competent foreign tax authority (in this case, the foreign tax authority does not need to sign off on Part II of the DGT form, although the rest of the form must still be completed by the non-Indonesian tax resident). To use the CoR issued by the foreign tax authority, such CoR must meet the following requirements:

(a) it must be in the English language;

(b) in the form of an original document or photocopy document that has been legalised by the Tax Service Office where one of the Tax Withholders is registered as a Taxpayer;

(c) it must contain:

  (i) the name of the non-resident taxpayer;

  (ii) the date of issuance;

  (iii) the applicable fiscal year of the CoR; and

(iv) the signature of the authorised official of the foreign tax office, or mark equal to signature according to the common practice in the treaty partner country, and the name of such official.

Part II of the DGT form also requires the period covered to be stated, with maximum of 12 months. The DGT form with the certified Part II DGT form or the CoR that is commonly validated or issued by the competent tax authority used in lieu thereof may be applicable for 12 (twelve) months.

The DGT form must be submitted electronically by the Company as the tax withholder to the Director General of Taxation through the official website of Coretax and shall only be done once to receive benefits of the tax treaty during the period specified in the DGT form. After the submission, the Indonesian tax withholder shall receive the DGT form acknowledgement receipt to be given to the non-resident taxpayer.

In order to use the tax treaty benefits, the Indonesian tax withholder shall attach the acknowledgement receipt of the DGT form with the relevant monthly Article 26 withholding income tax return. In the case that there is income received or earned by a non-resident taxpayer but no tax is withheld in Indonesia according to the tax treaty, the Indonesian tax withholder is still obliged to arrange reporting of the CoR.

The misuse of tax treaty and beneficial ownership tests are presented in Part IV for Individual and V for non-Individual of the DGT form for non-Indonesian tax residents. Furthermore, as the responsibility to withhold rests with Indonesian tax residents, the Indonesian withholding party must examine a DGT form provided by a non-Indonesian tax resident whether the responses in the DGT form indicate misuse of a tax treaty or failure to satisfy the beneficial ownership requirements as follows:

(1) The withholding party must perform an examination of whether there is any misuse of tax treaty by ensuring whether any question in questions 5 to 10 in Part V of the DGT form is answered with a “no”, in which case tax treaty benefits shall not be applied.

(2) The withholding party must perform an examination of whether the main objective of the transaction arrangement is to take advantage of a tax treaty in a manner contrary to its objective. The withholding party must ensure that if Part V, question 11 of the DGT form is answered with a “yes”, and tax treaty benefits shall not be applied.

(3) The withholding party must perform an examination to identify whether the non-Indonesian tax resident qualifies as the beneficial owner as prescribed in the relevant tax treaty. In this regard, tax treaty benefits should not be applied if the DGT form contains any of the following answers:

    (a) “Yes” in Part IV, Point 3 (for individual);

    (b) “Yes” in Part V, Point 12;

    (c) “No” for at least one of the questions in Part V, Point 13-15; or

    (d) “Yes” in Part V, Item 16;

In such cases, tax treaty benefits cannot be applied.

Taxation on sale or disposition of Capital Securities

Under Government Regulation No. 91/2021 ("**GR-91**"), non-resident individuals and corporations without a PE in Indonesia may be subject to Indonesian withholding tax on any gain derived from the sale or other disposal of capital securities to an Indonesian resident individual or corporation. A gain on such sales would be subject to Indonesian withholding tax to the extent such gain is treated by the DGT as interest. Therefore, any gain from the sale of Capital Securities to an Indonesian tax resident by an investor that is not an Indonesian tax resident, where the transaction is conducted through a securities company, dealer or bank in Indonesia (either as intermediary or principal), will be subject to the 10 per cent. Indonesian withholding tax normally applicable to interest, subject to the Capital Securities being regarded as bonds for Indonesian tax purposes.

However, if the non-resident taxpayer with no PE in Indonesia, is a tax resident of a jurisdiction that has a tax treaty with Indonesia, for which the gains on disposal of the Capital Securities are defined as interest under the tax treaty, the reduced withholding tax rate may be available. Some tax treaties may define the gains on disposal of the Capital Securities not as interest, but as capital gains, for which exemption from withholding tax may be available depending on the relevant tax treaty provision. The reduced/exempted withholding tax applicable to a non-resident individual or corporation who resides in a country that has a tax treaty with Indonesia is also subject to the satisfaction of the applicable treaty eligibility requirements by the Securityholders and reporting requirements by the withholding Indonesian party under the relevant tax treaty and domestic tax regulations (see "*– The use of tax treaty relief" and "– Certificate of domicile*").

For an Indonesian Tax Resident, any gain derived from the sale or other disposal of bonds, including the capital securities (to the extent the Capital Securities are regarded as bonds for the purposes of GR-91) will be subject to final withholding tax in Indonesia at the statutory rate of 10 per cent. Under GR-91, this final withholding tax is not applicable if the recipient is a bank, in which such income is generally subject to corporate income tax under the ordinary income tax regime. Under Government Regulation No. 55/2022 ("**GR-55**") the Corporate Income Tax rate is 22 per cent. Through the implementation of Government Regulation No. 55/2022 ("**GR-55**"), a publicly listed company that satisfies the applicable requirements may be entitled to a corporate income tax rate which is 3 percentage points lower than the prevailing corporate income tax rate, which is 19 per cent. Under GR-91, a pension fund approved by the Minister of Finance will be exempted from withholding tax on any gain derived from the sale or other disposal of Capital Securities.

As discussed under "*Tax treatment in respect of the Capital Securities is unclear*", the Capital Securities are perpetual securities with no fixed redemption date and it is unclear whether the Capital Securities will be regarded as debt securities for the purposes of GR-91. Accordingly, if the Capital Securities are not regarded as debt securities for Indonesian tax purposes, the Indonesian tax treatment of any gain derived from the sale or other disposal of the Capital Securities may differ from that described above.

Any gain derived by an Indonesian Tax Resident from the sale or other disposal of capital securities, to the extent the capital securities are regarded as bonds for the purposes of GR-91, will technically be subject to final withholding tax in Indonesia at the statutory rate of 10 per cent., except for banks and Minister of Finance-approved financing companies. However, as the Capital Securities are issued and traded overseas, if there is no withholding tax mechanism in place overseas, gain from the sale of the Capital Securities to a non-resident of Indonesia should not have any withholding tax implications.

Other Indonesian taxes

There are no Indonesian estates, inheritance, succession or gift taxes generally applicable to the acquisition, ownership or disposition of the Capital Securities. Any payment in accordance with disposition and redemption of the Capital Securities made by the Bank to Securityholders is not subject to value-added tax ("**VAT**") as securities and interest are not VAT objects.

Stamp duty

Through the implementation of Law No. 10 Year 2020 regarding Stamp Duty, starting 1 January 2021, the nominal stamp duty of Rp.10,000 (approximately US$0.55) applies on a "per document" basis and is applied on agreements and transaction documents and is unrelated to the value of the transaction documented. Stamp duty applies to certain documents made, executed or brought into Indonesia or intended to be used as evidence in civil proceedings. Documents subject to stamp duty include notarial deeds, documents evidencing or recording the receipt of money, and securities instruments. The nominal amount of Indonesian stamp duty applied to any kind of securities transaction with a value greater than Rp.5,000,000 is Rp.10,000. Generally, the stamp duty is due at the time the document is executed. Stamp duty is payable by the party who benefits from the executed document unless all parties involved decide otherwise.

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "**foreign financial institution**" may be required to withhold on certain payments it makes ("**foreign passthru payments**") to persons that fail to meet certain certification, reporting or related requirements. The Bank is a foreign financial institution for these purposes. A number of jurisdictions (including Indonesia) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("**IGAs**"), which modify the way in which FATCA applies in their jurisdictions. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Capital Securities, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Capital Securities, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Capital Securities, proposed regulations have been issued that provide that such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register. In the preamble to the proposed regulations, the U.S. Treasury Department indicated that taxpayers may rely on these proposed regulations until the issuance of final regulations. Additionally, Capital Securities characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are filed with the U.S. Federal Register generally would be grandfathered for purposes of FATCA withholding unless materially modified after such date. However, if additional notes (as described under "*Terms and Conditions of the Capital Securities*") that are not distinguishable from previously issued Capital Securities are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Capital Securities, including the Capital Securities offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in the Capital Securities.

General

The tax treatment of non-resident Securityholders in jurisdictions outside Indonesia may vary depending on the tax laws applicable to such holder by reason of domicile or business activities and such holder's particular situation. This Offering Circular does not discuss the tax implications for such non-resident holders under laws other than those of Indonesia.

SUBSCRIPTION AND SALE

The Joint Lead Managers have, pursuant to a subscription agreement dated 3 September 2026 (the "**Subscription Agreement**") entered into between the Bank and the Joint Lead Managers, agreed, subject to the provisions of the Subscription Agreement, to subscribe or procure subscribers for the aggregate principal amount of Capital Securities set out opposite its name below:

Name of Joint Lead Manager	Principal Amount of the Capital Securities
The Hongkong and Shanghai Banking Corporation Limited	US$187,500,000
J.P. Morgan Securities plc	US$187,500,000
Mandiri Securities Pte. Ltd.	US$187,500,000
Standard Chartered Bank	US$187,500,000
Total	**US$750,000,000**

The Joint Lead Managers initially propose to offer the Capital Securities at the Issue Price listed on the cover page of this Offering Circular. If a jurisdiction requires that the issue of the Capital Securities be made by a licensed broker or dealer and the Joint Lead Managers or any affiliate of the Joint Lead Managers is a licensed broker or dealer in that jurisdiction, the issue of the Capital Securities shall be deemed to be made by such Joint Lead Manager or such affiliate on behalf of the Issuer in such jurisdiction.

The Bank will be paying a combined management and underwriting commission to the Joint Lead Managers and will reimburse the Joint Lead Managers in respect of certain of their expenses. The Bank has also agreed to indemnify the Joint Lead Managers against certain liabilities incurred in connection with the issue of the Capital Securities. The Subscription Agreement may be terminated in certain circumstances prior to payment of the Issue Price to the Bank.

The Capital Securities are a new issue of securities for which there currently is no market. Approval in-principle has been received for the listing and quotation of the Capital Securities on the SGX-ST. However, no assurance can be given as to the liquidity of any trading market for the Capital Securities. A liquid or active public trading market for the Capital Securities may not develop. If an active trading market for the Capital Securities does not develop, the market price and liquidity of the Capital Securities may be adversely affected. If the Capital Securities are traded, they may trade at a discount from their initial offering price, depending on prevailing interest rates, the market for similar securities, the performance of the Bank and other factors.

Each of the Joint Lead Managers or its affiliates may purchase the Capital Securities for its or their own account and enter into transactions, including, without limitation, credit derivatives, including asset swaps, repackaging and credit default swaps relating to the Capital Securities or the securities of the Issuer and their respective subsidiaries or associates at the same time as the offer and sale of the Capital Securities or in secondary market transactions. Such transactions would be carried out as bilateral trades with selected counterparties and separately from any existing sale or resale of the Capital Securities to which this Offering Circular relates (notwithstanding that such selected counterparties may also be purchaser of the Capital Securities). Each Joint Lead Manager and/or its affiliate(s) may purchase Capital Securities and be allocated Capital Securities for asset management and/or proprietary purposes, acting as investor for their own accounts and not with a view to distribution, and may in that capacity may retain, purchase or sell for its own account such securities and any securities of the Issuer or related investments and may offer or sell such securities or other investments otherwise than in connection with the offering of the Capital Securities. Accordingly, references herein to the Capital

Securities being offered should be read as including any offering of the Capital Securities to the Joint Lead Managers and/or their respective affiliates acting in such capacity. Such persons do not intend to disclose the extent of any such investment or transactions otherwise than in accordance with any legal or regulatory obligation to do so.

The Joint Lead Managers and their affiliates are full service financial institutions engaged in various activities which may include securities trading, commercial and investment banking, financial advice, investment management, principal investment, hedging, financing and brokerage activities. The Joint Lead Managers and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with the Issuer or its subsidiaries, jointly controlled entities or associates from time to time. They have received, and may in the future receive, customary fees and commissions for these transactions. In addition to the transactions noted above, the Joint Lead Managers and their affiliates may, from time to time, engage in other transactions with, and perform services for, the Issuer or its subsidiaries, jointly controlled entities or associates in the ordinary course of their business. In addition, the Joint Lead Managers and certain of their respective subsidiaries and affiliates may hold shares or other securities in the Issuer as beneficial owners, on behalf of clients or in the capacity of investment advisors.

Selling restrictions

No action has been taken or will be taken in any jurisdiction that would permit a public offering of the Capital Securities or possession or distribution of this Offering Circular or any amendment or supplement thereto or any other offering or publicity material relating to the Capital Securities, in any country or jurisdiction where action for that purpose is required. The Bank will have no responsibility for, and each Joint Lead Manager will obtain any consent, approval or permission required by it for, the offer, sale or delivery by it of the Capital Securities under the laws and regulations in force in any jurisdiction to which it is subject or in or from which it makes any offer, sale or delivery. The Joint Lead Managers are not authorised to make any representation or use any information in connection with the issue, subscription and sale of the Capital Securities, other than as contained in this Offering Circular or any amendment or supplement thereto.

If a jurisdiction requires that the offering of the Capital Securities be made by a licensed broker or dealer and if the Joint Lead Managers or any affiliate of the Joint Lead Managers is a licensed broker or dealer in that jurisdiction, the offering of the Capital Securities shall be deemed to be made by the Joint Lead Managers or its affiliate on behalf of the Bank in such jurisdiction.

United States

The Capital Securities have not been and will not be registered under the Securities Act and may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act ("**Regulation S**"). Accordingly, the Capital Securities are being offered and sold only outside the United States in offshore transactions in reliance on, and in compliance with, Regulation S.

European Economic Area – Prohibition of Sales to EEA Retail Investors

Each Joint Lead Manager has represented and agreed that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Capital Securities to any retail investor in the EEA. For the purposes of this provision, the expression "retail investor" means a person who is one (or more) of the following:

(a) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); or

(b) a customer within the meaning of Directive (EU) 2016/97 (as amended, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II.

United Kingdom

Prohibition of Sales to UK Retail Investors

Each Joint Lead Manager has represented and agreed that it has not offered, sold, distributed or otherwise made available and will not offer, sell or otherwise make available any Capital Securities to any retail investor in the United Kingdom. For the purposes of this provision, the expression "**retail investor**" means a person who is not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**").

Other regulatory restrictions

Each Joint Lead Manager has represented and agreed that:

(a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Capital Securities in circumstances in which Section 21(1) of the FSMA does not apply to the Bank; and

(b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Capital Securities in, from or otherwise involving the United Kingdom.

Singapore

Each Joint Lead Manager has acknowledged that this Offering Circular has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, each Joint Lead Manager has represented and agreed that it has not offered or sold any Capital Securities or caused the Capital Securities to be made the subject of an invitation for subscription or purchase and will not offer or sell any Capital Securities or cause the Capital Securities to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this Offering Circular or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Capital Securities, whether directly or indirectly, to any person in Singapore other than (i) to an institutional investor (as defined in Section 4A of the Securities and Futures Act 2001 of Singapore, as modified or amended from time to time (the "**SFA**")) pursuant to Section 274 of the SFA or (ii) to an accredited investor (as defined in Section 4A of the SFA) pursuant to and in accordance with the conditions specified in Section 275 of the SFA.

Hong Kong

Each Joint Lead Manager has represented and agreed that:

(a) it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any Capital Securities other than (a) to "professional investors" as defined in the Securities and Futures Ordinance (Cap. 571) of Hong Kong (the "**SFO**") and any rules made under the SFO; or (b) in other circumstances which do not result in the document being a "prospectus" as defined in the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong (the "**C(WUMP)O**") or which do not constitute an offer to the public within the meaning of the C(WUMP)O; and

(b) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Capital Securities, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Capital Securities which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" as defined in the SFO and any rules made under the SFO.

Important Notice to CMIs (including private banks)

This notice to CMIs (including private banks) is a summary of certain obligations the SFC Code imposes on CMIs, which require the attention and cooperation of other CMIs (including private banks). Certain CMIs may also be acting as OCs for this offering and are subject to additional requirements under the SFC Code.

Prospective investors who are the directors, employees or major shareholders of the Issuer, a CMI or its group companies would be considered under the SFC Code as having an Association with the Issuer, the CMI or the relevant group company. CMIs should specifically disclose whether their investor clients have any Association when submitting orders for the Capital Securities. In addition, private banks should take all reasonable steps to identify whether their investor clients may have any Associations with the Issuer or any CMI (including its group companies) and inform the Joint Lead Managers accordingly.

CMIs are informed that the marketing and investor targeting strategy for this offering includes institutional investors, sovereign wealth funds, pension funds, hedge funds, family offices and high net worth individuals, in each case, subject to the selling restrictions and any MiFID II product governance set out elsewhere in this Offering Circular.

CMIs should ensure that orders placed are bona fide, are not inflated and do not constitute duplicated orders (i.e. two or more corresponding or identical orders placed via two or more CMIs). CMIs should enquire with their investor clients regarding any orders which appear unusual or irregular. CMIs should disclose the identities of all investors when submitting orders for the Capital Securities (except for omnibus orders where underlying investor information may need to be provided to any OCs when submitting orders). Failure to provide underlying investor information for omnibus orders, where required to do so, may result in that order being rejected. CMIs should not place "X-orders" into the order book.

CMIs should segregate and clearly identify their own proprietary orders (and those of their group companies, including private banks as the case may be) in the order book and book messages.

CMIs (including private banks) should not offer any rebates to prospective investors or pass on any rebates provided by the Issuer. In addition, CMIs (including private banks) should not enter into arrangements which may result in prospective investors paying different prices for the Capital Securities.

The SFC Code requires that a CMI disclose complete and accurate information in a timely manner on the status of the order book and other relevant information it receives to targeted investors for them to make an informed decision. In order to do this, those Joint Lead Managers in control of the order book should consider disclosing order book updates to all CMIs.

When placing an order for the Capital Securities, private banks should disclose, at the same time, if such order is placed other than on a "principal" basis (whereby it is deploying its own balance sheet for onward selling to investors). Private banks who do not provide such disclosure are hereby deemed to be placing their order on such a "principal" basis. Otherwise, such order may be considered to be an omnibus order pursuant to the SFC Code. Private banks should be aware that placing an order on a "principal" basis may require the relevant affiliated Joint Lead Manager(s) (if any) to categorise it as a proprietary order and apply the "proprietary orders" requirements of the SFC Code to such order and will result in that private bank not being entitled to, and not being paid, any rebate.

In relation to omnibus orders, when submitting such orders, CMIs (including private banks) that are subject to the SFC Code should disclose underlying investor information in respect of each order constituting the relevant omnibus order (failure to provide such information may result in that order being rejected). Underlying investor information in relation to omnibus orders should consist of:

- The name of each underlying investor;
- A unique identification number for each investor;
- Whether an underlying investor has any "Associations" (as used in the SFC Code);
- Whether any underlying investor order is a "Proprietary Order" (as used in the SFC Code);
- Whether any underlying investor order is a duplicate order.

Underlying investor information in relation to omnibus order should be sent to: investor.info.hk.bond.deals@jpmorgan.com; hk_syndicate_omnibus@hsbc.com.hk; dcm.group@mandirisekuritas.co.id; and synhk@sc.com.

To the extent information being disclosed by CMIs and investors is personal and/or confidential in nature, CMIs (including private banks) agree and warrant: (A) to take appropriate steps to safeguard the transmission of such information to any OCs; and (B) that they have obtained the necessary consents from the underlying investors to disclose such information to any OCs. By submitting an order and providing such information to any OCs, each CMI (including private banks) further warrants that they and the underlying investors have understood and consented to the collection, disclosure, use and transfer of such information by any OCs and/or any other third parties as may be required by the SFC Code, including to the Issuer, relevant regulators and/or any other third parties as may be required by the SFC Code, for the purpose of complying with the SFC Code, during the bookbuilding process for this offering. CMIs that receive such underlying investor information are reminded that such information should be used only for submitting orders in this offering. The Joint Lead Managers may be asked to demonstrate compliance with their obligations under the SFC Code, and may request other CMIs (including private banks) to provide evidence showing compliance with the obligations above (in particular, that the necessary consents have been obtained). In such event, other CMIs (including private banks) are required to provide the relevant Joint Lead Manager with such evidence within the timeline requested.

Indonesia

The Capital Securities have not been, and will not be, registered with OJK in Indonesia, and therefore, the Capital Securities may not be offered or sold within the territory of Indonesia or to Indonesian citizens outside of the territory of Indonesia in a manner which constitutes a public offering under Law No. 8 of 1995 on Capital Markets, as recently amended by Law No. 4 of 2023 on the Development and Strengthening of the Financial Sector and Law No. 4 of 2026 on Amendment to Law No. 4 of 2023 on Financial Sector Development and Strengthening and the

implementing regulations or private placement under OJK Regulation No. 30/POJK.04/2019 on the Privately Issued Debt-Linked Capital Securities and/or Sukuk. Accordingly, Each Joint Lead Manager has represented and agreed that it will not, directly or indirectly, expressly or implicitly:

(a) offer or sell the Capital Securities to parties in Indonesia and/or Indonesian citizens and institutions or other form of Indonesian legal entity outside of Indonesia; and

(b) offer the Capital Securities by way of mass media, including any newspaper, magazine, film, television, radio or other electronic media or any letter, brochure or other printed matter, distributed to parties in Indonesia and/or Indonesian citizens outside of Indonesia.

PRC

Each Joint Lead Manager has represented and agreed that the Capital Securities are not being offered or sold and may not be offered or sold, directly or indirectly, in the PRC (for such purposes, not including the Hong Kong and Macau Special Administrative Regions or Taiwan), except as permitted by applicable laws of the PRC.

Japan

The Capital Securities have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended, the "**Financial Instruments and Exchange Act**"). Accordingly, Each Joint Lead Manager has represented and agreed that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Capital Securities in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organised under the laws of Japan) or to others for re-offering or re-sale, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Act and other relevant laws and regulations of Japan.

GENERAL INFORMATION

1 Incorporation and Authorisations

The Bank is established with limited liability under the laws of the Republic of Indonesia. The Bank's registered office is located at Wisma Danantara Indonesia 8th Floor, Jl. Jenderal Gatot Subroto Kav. 36-38, Jakarta 12190, Indonesia.

The Bank has obtained all necessary consents, approvals and authorisations as may be required in connection with the issue of Capital Securities. The issue of Capital Securities was authorised by the Board of Directors of the Bank pursuant to a resolution of the Board of Directors passed on 5 June 2026.

2 Listing

Approval in-principle has been received for the listing and quotation of the Capital Securities on the Official List of the SGX-ST. The SGX-ST assumes no responsibility for the correctness of any statements made, opinions expressed or reports contained herein. Admission of the Capital Securities to the Official List of the SGX-ST and quotation of the Capital Securities on the SGX-ST is not to be taken as an indication of the merits of the Bank, its subsidiaries, its associated companies or the Capital Securities.

The Capital Securities will be traded on the SGX-ST in a minimum board lot size of US$200,000 for so long as the Capital Securities are listed on the SGX-ST and the rules of the SGX-ST so require.

For so long as any Capital Securities are listed on the SGX-ST and the rules of the SGX-ST so require, the Bank shall appoint and maintain a paying agent in Singapore, where the Capital Securities may be presented or surrendered for payment or redemption, in the event that a Global Certificate is exchanged for definitive Certificates. In addition, in the event that a Global Certificate is exchanged for definitive Certificates, an announcement of such exchange will be made by the Bank through the SGX-ST and such announcement will include all material information with respect to the delivery of the definitive Certificates, including details of the paying agent in Singapore.

3 Clearing Systems

The Capital Securities have been accepted for clearance through the Euroclear and Clearstream systems (which are the entities in charge of keeping the records) under Common Code 347050199 and the ISIN XS3470501993.

4 Legal Entity Identifier

The Legal Entity Identifier of the Bank is 549300RSKQN4Z5ZSGH94.

5 No Significant Change

Except as disclosed in this Offering Circular, there has been no significant change in the financial or trading position of the Bank since 30 June 2026 and no material adverse change in the financial position or prospects of the Bank since 30 June 2026.

6 Litigation

The Bank is not involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Bank is aware) during the

12 months preceding the date of this Offering Circular which may have or has had in the recent past material adverse effects on the financial position or profitability of the Bank.

7 Independent Auditors

The selected consolidated financial information as of and for the years ended 31 December 2024 and 2025 and as of and for the six-month periods ended 30 June 2025 and 2026 is derived from the Bank's Financial Statements, which appear elsewhere in this Offering Circular. The Financial Statements were prepared by management in accordance with IFAS.

The Bank's 2025 Audited Financial Statements have been audited by **KAP PSS**, an independent auditor, in accordance with Standards on Auditing established by the IICPA, as stated in its audit report dated 11 August 2026, which appears elsewhere in this Offering Circular. The Bank's audited consolidated financial statements as of and for the year ended 31 December 2024, which are presented as comparative information to the consolidated financial statements as of 31 December 2025 and for the year then ended, have been reclassified as disclosed in Note 64 to the 2025 Audited Financial Statements and the June 2026 Unaudited Financial Statements respectively.

The Bank's audited consolidated financial statements as of and for the year ended 31 December 2024, prior to the aforementioned reclassification, were audited by KAP Rintis, Jumadi, Rianto & Rekan (a member firm of the PwC global network), independent accountants, in accordance with Standards on Auditing established by the IICPA, as stated in its audit report dated 5 February 2025, which appears elsewhere in this Offering Circular. KAP Rintis, Jumadi, Rianto & Rekan (a member firm of the PwC global network) did not perform any audit, review or other procedures with respect to the reclassification recorded by the Bank in the 2025 Audited Financial Statements and the June 2026 Unaudited Financial Statements.

The Bank's June 2026 Unaudited Financial Statements have been reviewed by KAP PSS, an independent auditor, in accordance with SRE 2410. A review conducted in accordance with SRE 2410 established by the IICPA is substantially less in scope than an audit conducted in accordance with Standards on Auditing established by the IICPA and, as stated in its review report dated 11 August 2026, which appears elsewhere in this Offering Circular, KAP PSS did not audit and does not express any opinion on such unaudited interim consolidated financial statements.

8 Documents

For so long as any Capital Securities remain outstanding, copies of the Trust Deed and the Agency Agreement will be available for inspection by Securityholders during normal business hours at the specified office of the Trustee (being at the date of this Offering Circular at 160 Queen Victoria Street, London EC4V 4LA, United Kingdom) and at the specified office of the Agents or made available by e-mail upon prior written request and satisfactory proof of holding.

Laporan atas Reviu Informasi Keuangan Konsolidasian Interim

Laporan No. 00426/2.1505/JL.0/07/0242-2/1/VIII/2026

Pemegang Saham, Dewan Komisaris, dan Direksi

PT Bank Mandiri (Persero) Tbk

Pendahuluan

Kami telah mereviu laporan keuangan konsolidasian interim PT Bank Mandiri (Persero) Tbk ("**Bank**") dan entitas anaknya (secara kolektif disebut sebagai "**Grup**") terlampir yang tidak diaudit, yang terdiri dari laporan posisi keuangan konsolidasian interim tanggal 30 Juni 2026, serta laporan laba rugi dan penghasilan komprehensif lain konsolidasian, laporan perubahan ekuitas konsolidasian, dan laporan arus kas konsolidasian interim untuk periode enam bulan yang berakhir pada tanggal tersebut, serta catatan atas laporan keuangan konsolidasian interim termasuk informasi kebijakan akuntansi material. Manajemen bertanggung jawab atas penyusunan dan penyajian wajar laporan keuangan konsolidasian interim yang tidak diaudit tersebut sesuai dengan Standar Akuntansi Keuangan di Indonesia. Tanggung jawab kami adalah untuk menyatakan suatu kesimpulan atas laporan keuangan konsolidasian interim yang tidak diaudit tersebut berdasarkan reviu kami.

Ruang lingkup reviu

Kami melaksanakan reviu kami berdasarkan Standar Perikatan Reviu 2410, "Reviu atas Informasi Keuangan Interim yang Dilaksanakan oleh Auditor Independen Entitas", yang ditetapkan oleh Institut Akuntan Publik Indonesia ("IAPI"). Suatu reviu atas informasi keuangan interim terdiri dari pengajuan pertanyaan, terutama kepada pihak yang bertanggung jawab atas bidang keuangan dan akuntansi, serta penerapan prosedur analitis dan prosedur reviu lainnya.

Report on Review of Interim Consolidated Financial Information

Report No. 00426/2.1505/JL.0/07/0242-2/1/VIII/2026

The Shareholders and the Boards of Commissioners and Directors
PT Bank Mandiri (Persero) Tbk

Introduction

*We have reviewed the accompanying unaudited interim consolidated financial statements of PT Bank Mandiri (Persero) Tbk (the "**Bank**") and its subsidiaries (collectively referred to as the "**Group**"), which comprise the interim consolidated statement of financial position as of 30 June 2026, and the interim consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity, and consolidated statement of cash flows for the six-month period then ended, and notes to the interim consolidated financial statements, including material accounting policy information. Management is responsible for the preparation and fair presentation of such unaudited interim consolidated financial statements in accordance with Indonesian Financial Accounting Standards. Our responsibility is to express a conclusion on such unaudited interim consolidated financial statements based on our review.*

Scope of review

We conducted our review in accordance with Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", established by the Indonesian Institute of Certified Public Accountants ("IICPA"). A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures.

Laporan atas Reviu Informasi Keuangan Konsolidasian Interim (lanjutan)

Laporan No. 00426/2.1505/JL.0/07/0242-2/1/VIII/2026 (lanjutan)

Ruang lingkup reviu (lanjutan)

Suatu reviu memiliki ruang lingkup yang secara substansial kurang daripada suatu audit yang dilaksanakan berdasarkan Standar Audit yang ditetapkan oleh IAPI dan sebagai konsekuensinya, tidak memungkinkan kami untuk memeroleh keyakinan bahwa kami akan mengetahui seluruh hal signifikan yang mungkin teridentifikasi dalam suatu audit. Oleh karena itu, kami tidak menyatakan suatu opini audit.

Kesimpulan

Berdasarkan reviu kami, tidak ada hal-hal yang menjadi perhatian kami yang menyebabkan kami percaya bahwa laporan keuangan konsolidasian interim terlampir yang tidak diaudit tidak menyajikan secara wajar, dalam semua hal yang material, posisi keuangan konsolidasian interim PT Bank Mandiri (Persero) Tbk dan entitas anaknya tanggal 30 Juni 2026, serta kinerja keuangan dan arus kas konsolidasian interimnya untuk periode enam bulan yang berakhir pada tanggal tersebut, sesuai dengan Standar Akuntansi Keuangan di Indonesia.

Report on Review of Interim Consolidated Financial Information (continued)

Report No. 00426/2.1505/JL.0/07/0242-2/1/VIII/2026 (continued)

Scope of review (continued)

A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing established by the IICPA and consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying unaudited interim consolidated financial statements does not present fairly, in all material respects, the interim consolidated financial position of PT Bank Mandiri (Persero) Tbk and its subsidiaries as of 30 June 2026 and its interim consolidated financial performance and cash flows for the six-month period then ended, in accodance with Indonesian Financial Accounting Standards.

Laporan Auditor Independen

Laporan No. 02091/2.1505/AU.1/07/0242-1/1/VIII/2026

Pemegang Saham, Dewan Komisaris, dan Direksi

PT Bank Mandiri (Persero) Tbk

Opini

Kami telah mengaudit laporan keuangan konsolidasian PT Bank Mandiri (Persero) Tbk ("**Bank**") dan entitas anaknya (secara kolektif disebut sebagai "**Grup**") terlampir, yang terdiri dari laporan posisi keuangan konsolidasian tanggal 31 Desember 2025, serta laporan laba rugi dan penghasilan komprehensif lain konsolidasian, laporan perubahan ekuitas konsolidasian, dan laporan arus kas konsolidasian untuk tahun yang berakhir pada tanggal 31 Desember 2025 dan untuk periode enam bulan yang berakhir pada tanggal 30 Juni 2025, serta catatan atas laporan keuangan konsolidasian termasuk informasi kebijakan akuntansi material.

Menurut opini kami, laporan keuangan konsolidasian terlampir menyajikan secara wajar, dalam semua hal yang material, posisi keuangan konsolidasian Grup tanggal 31 Desember 2025, serta kinerja keuangan dan arus kas konsolidasiannya untuk tahun yang berakhir pada tanggal 31 Desember 2025 dan untuk periode enam bulan yang berakhir pada tanggal 30 Juni 2025, sesuai dengan Standar Akuntansi Keuangan di Indonesia.

Independent Auditor's Report

Report No. 02091/2.1505/AU.1/07/0242-1/1/VIII/2026

The Shareholders and the Boards of Commissioners and Directors
PT Bank Mandiri (Persero) Tbk

Opinion

*We have audited the accompanying consolidated financial statements of PT Bank Mandiri (Persero) Tbk (the "**Bank**") and its subsidiaries (collectively referred to as the "**Group**"), which comprise the consolidated statement of financial position as of 31 December 2025, and the consolidated statements of profit or loss and other comprehensive income, consolidated statements of changes in equity, and consolidated statements of cash flows for the year ended 31 December 2025 and for the six-month period ended 30 June 2025, and notes to the consolidated financial statements including material accounting policy information.*

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of 31 December 2025, and its consolidated financial performance and cash flows for the year ended 31 December 2025 and for the six-month period ended 30 June 2025, in accordance with Indonesian Financial Accounting Standards.

Laporan Auditor Independen (lanjutan)

Laporan No. 02091/2.1505/AU.1/07/0242-1/1/VIII/2026 (lanjutan)

Basis opini

Kami melaksanakan audit kami berdasarkan Standar Audit yang ditetapkan oleh Institut Akuntan Publik Indonesia ("**IAPI**"). Tanggung jawab kami menurut standar tersebut diuraikan lebih lanjut dalam paragraf Tanggung Jawab Auditor terhadap Audit atas Laporan Keuangan Konsolidasian pada laporan kami. Kami independen terhadap Grup berdasarkan ketentuan etika yang relevan dalam audit kami atas laporan keuangan konsolidasian di Indonesia, dan kami telah memenuhi tanggung jawab etika lainnya berdasarkan ketentuan tersebut. Kami yakin bahwa bukti audit yang telah kami peroleh adalah cukup dan tepat untuk menyediakan suatu basis bagi opini kami.

Hal audit utama

Hal audit utama adalah hal-hal yang, menurut pertimbangan profesional kami, merupakan hal yang paling signifikan dalam audit kami atas laporan keuangan konsolidasian periode kini. Hal audit utama tersebut disampaikan dalam konteks audit kami atas laporan keuangan konsolidasian secara keseluruhan, dan dalam merumuskan opini kami atas laporan keuangan konsolidasian terkait, dan kami tidak menyatakan suatu opini terpisah atas hal audit utama tersebut. Untuk setiap hal audit utama di bawah ini, penjelasan kami tentang bagaimana audit kami merespons hal tersebut disampaikan dalam konteks tersebut.

Kami telah memenuhi tanggung jawab yang diuraikan dalam paragraf Tanggung Jawab Auditor terhadap Audit atas Laporan Keuangan Konsolidasian pada laporan kami, termasuk sehubungan dengan hal audit utama yang dikomunikasikan di bawah ini. Oleh karena itu, audit kami mencakup pelaksanaan prosedur yang didesain untuk merespons penilaian kami atas risiko kesalahan penyajian material dalam laporan keuangan konsolidasian terlampir. Hasil prosedur audit kami, termasuk prosedur yang dilakukan untuk merespons hal audit utama di bawah ini, menyediakan basis bagi opini kami atas laporan keuangan konsolidasian terlampir.

Independent Auditor's Report (continued)

Report No. 02091/2.1505/AU.1/07/0242-1/1/VIII/2026 (continued)

Basis for opinion

*We conducted our audit in accordance with Standards on Auditing established by Indonesian Institute of Certified Public Accountants ("**IICPA**"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements paragraph of our report. We are independent of the Group in accordance with the ethical requirements relevant to our audit of the consolidated financial statements in Indonesia, and we have fulfilled our other ethical responsibilities in accordance with such requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.*

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. Such key audit matters were addressed in the context of our audit of the consolidated financial statements taken as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on such key audit matters. For each of the key audit matters below, our description of how our audit addressed such key audit matters is provided in such context.

We have fulfilled the responsibilities described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements paragraph of our report, including in relation to the key audit matter communicated below. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the accompanying consolidated financial statements. The results of our audit procedures, including the procedures performed to address the key audit matter below, provide the basis for our opinion on the accompanying consolidated financial statements.

A member firm of Ernst & Young Global Limited

Laporan Auditor Independen (lanjutan)

Laporan No. 02091/2.1505/AU.1/07/0242-1/1/VIII/2026 (lanjutan)

Hal audit utama (lanjutan)

Cadangan kerugian penurunan nilai atas kredit yang diberikan dan piutang/pembiayaan syariah

Penjelasan atas hal audit utama:

Seperti yang dijelaskan dalam Catatan 12 atas laporan keuangan konsolidasian terlampir, pada tanggal 31 Desember 2025, total kredit yang diberikan dan piutang/pembiayaan syariah Grup adalah Rp1.849.967.956 juta dengan cadangan kerugian penurunan nilai atau kerugian kredit ekspektasian ("KKE") atas kredit yang diberikan dan piutang/pembiayaan syariah adalah sebesar Rp48.033.747 juta dan ditetapkan berdasarkan Pernyataan Standar Akuntansi Keuangan (PSAK) yang berlaku.

Untuk menentukan penyisihan kerugian penurunan nilai, Grup mengadopsi model kompleks yang menggunakan sejumlah parameter yang bergantung pada data input internal dan eksternal, melibatkan penilaian dan asumsi manajemen yang subjektif dengan tingkat ketidakpastian yang tinggi.

Kredit yang diberikan

Penerapan model KKE oleh Grup dalam menghitung penyisihan kerugian kredit dari kredit yang diberikan adalah signifikan bagi audit kami karena melibatkan pelaksanaan pertimbangan manajemen yang signifikan. Area pertimbangan yang utama termasuk: menentukan segmentasi kredit berdasarkan risiko kredit, menentukan model untuk perhitungan KKE, menentukan definisi gagal bayar, identifikasi eksposur kredit yang mengalami pemburukan kualitas kredit secara signifikan dan menentukan asumsi signifikan yang digunakan pada model KKE, termasuk faktor ekonomi makro berorientasi masa depan.

Report No. 02091/2.1505/AU.1/07/0242-1/1/VIII/2026 (continued)

Key audit matters (continued)

Allowance for impairment losses on loans and sharia receivables/financing

Description of key audit matter:

As described in Note 12 to the accompanying consolidated financial statements, as of 31 December 2025, the Group's loans and sharia financing/receivables was Rp1,849,967,956 million and the allowance for impairment losses or expected credit losses ("ECL") on loans and sharia financing/receivables was Rp48,033,747 million and was determined based on the applicable Statement of Financial Accounting Standards (SFAS).

To determine the allowance for impairment losses, the Group adopted a complex model that used a number of parameters relied on internal and external data inputs and involved subjective management judgment and assumptions subject to high degree of uncertainty.

Loans

The Group's application of the ECL in calculating the allowance for credit losses of loans to customers is significant to our audit as it involves the exercise of significant management judgment. Key areas of judgment include determining credit segmentation based on credit risk, determining the model to calculate ECL, defining default, identification of credit exposures with significant deterioration in credit quality and determining significant assumptions used in the ECL model, including forward-looking macroeconomic factors.

Hal audit utama (lanjutan)

Cadangan kerugian penurunan nilai atas kredit yang diberikan dan piutang/pembiayaan syariah (lanjutan)

Penjelasan atas hal audit utama: (lanjutan)

Piutang/pembiayaan syariah

Penyisihan kerugian penurunan nilai piutang murabahah dihitung berdasarkan PSAK 402 "Akuntansi Murabahah" dan ISAK 402 "Penurunan Nilai Piutang Murabahah". Cadangan kerugian penurunan nilai untuk dana qardh, pembiayaan mudharabah dan pembiayaan musyarakah ditentukan berdasarkan PSAK yang berlaku. Grup juga menerapkan Peraturan Otoritas Jasa Keuangan (POJK) No. 2/POJK.03/2022 "Penilaian Kualitas Aset Bank Umum Syariah dan Unit Usaha Syariah".

Respons audit:

Kredit yang diberikan

Kami mengevaluasi dan menguji rancangan dan efektivitas operasional pengendalian utama atas proses pemberian kredit, segmentasi, penilaian kualitas kredit internal secara regular, serta pencatatan dan pengawasan kredit yang diberikan. Kami memeroleh pemahaman tentang metodologi dan model keuangan untuk perhitungan penyisihan penurunan nilai, serta melakukan validasi atas data masukan dan asumsi utama yang digunakan dalam menghitung penyisihan penurunan nilai dengan membandingkan ke data historis Grup dan informasi pasar yang dapat diobservasi.

Key audit matters (continued)

Allowance for impairment losses on loans and sharia receivables/financing (continued)

Description of the key audit matter: (continued)

Shariah receivables/financing

The allowance for impairment losses for murabahah receivables was calculated based on SFAS 402 "Accounting for Murabahah" and IFAS 402 "Impairment of Murabahah Receivables". The allowance for impairment losses for funds of qardh, mudharabah financing and musyarakah financing was determined based on prevailing SFAS. The Group also implemented Financial Services Authority Regulation (POJK) No. 2/POJK.03/2022 "Asset Quality Ratings for Sharia Bank and Sharia Business Unit".

Audit response:

Loans

We evaluated and assessed the design and operating effectiveness of key controls over the origination, segmentation, regular internal credit quality assessments, and recording and monitoring of the loans. We gained understanding over methodologies and financial model of the calculation of the allowance for impairment, and validated inputs and key assumptions used in calculating the allowance for impairment by comparing to the Group's historical data and observable market data.

Hal audit utama (lanjutan)

Cadangan kerugian penurunan nilai atas kredit yang diberikan dan piutang/pembiayaan syariah (lanjutan)

Respons audit: (lanjutan)

Kredit yang diberikan (lanjutan)

Kami menguji pengendalian umum teknologi informasi (TI) atas sistem perhitungan penyisihan kerugian penurunan nilai serta pengendalian aplikasi TI atas kelengkapan data.

Kami juga menguji tiga tahapan kualitas kredit portofolio sesuai dengan kriteria tahapan (*staging*) yang ditetapkan oleh manajemen untuk kredit yang diberikan. Kami juga menguji konsistensi antara pengalaman historis dan kondisi sekarang dengan kerugian terkini pada portofolio serta menilai kewajaran penyesuaian asumsi masa depan, analisis faktor ekonomi makro, dan beberapa skenario probabilitas tertimbang untuk kredit yang diberikan.

Untuk penyisihan penurunan nilai yang ditentukan secara individual, kami menguji sampel kredit yang diberikan untuk mengevaluasi apakah identifikasi dilakukan secara tepat waktu terhadap eksposur dengan penurunan kualitas kredit yang signifikan atau yang telah mengalami penurunan nilai. Untuk kredit yang diberikan yang diidentifikasi mengalami penurunan nilai, kami menilai asumsi utama atas arus kas masa depan yang akan diterima yang berasal dari kegiatan operasi, termasuk nilai jaminan yang dapat direalisasikan berdasarkan informasi pasar yang tersedia atau penilaian yang dilakukan oleh pakar manajemen atau manajemen sendiri.

Report No. 02091/2.1505/AU.1/07/0242-1/1/VIII/2026 (continued)

Key audit matters (continued)

Allowance for impairment losses on loans and sharia receivables/financing (continued)

Audit response: (continued)

Loans (continued)

We tested the information technology (IT) general controls over the allowance for impairment losses calculation system as well as the IT application controls over the completeness of the data.

We also tested the classification into the three-stage credit quality of loan portfolios in accordance with staging criteria established by the management regarding loans. We evaluated consistency of historical experience and the current circumstances with recent losses in the portfolios and assessed the reasonableness of forward-looking adjustments, macroeconomic factor analysis and probability-weighted multiple scenarios for loans.

With respect to individually assessed allowance for impairment losses, we tested a sample of loans to evaluate whether the timely identification was made for exposures with significant deterioration in credit quality or exposures which have been impaired. For loans identified to be impaired, we assessed key assumptions on the expected future cash flows from operating activities, including the realizable value of collateral based on available market information or valuation prepared by the management's expert or the management itself.

Laporan Auditor Independen (lanjutan)

Laporan No. 02091/2.1505/AU.1/07/0242-1/1/VIII/2026 (lanjutan)

Hal audit utama (lanjutan)

Valuasi estimasi terbaik liabilitas kontrak asuransi dan marjin jasa kontraktual

Penjelasan atas hal audit utama:

Seperti yang dijelaskan dalam Catatan 27, liabilitas kontrak asuransi, atas laporan keuangan konsolidasian, nilai liabilitas kontrak asuransi, yang terutama terdiri dari liabilitas estimasi terbaik dan marjin jasa kontraktual masing-masing sebesar Rp32.164.590 juta dan Rp3.295.245 juta pada tanggal 31 Desember 2025.

Liabilitas estimasi terbaik (LET)

Kewajiban untuk menentukan penyelesaian klaim masa depan melibatkan model dalam menentukan penyelesaian arus kas yang kompleks dan sensitif terhadap asumsi ekonomi dan non-ekonomi yang ditetapkan oleh manajemen. Diperlukan pertimbangan dalam menetapkan asumsi ekonomi, khususnya tingkat diskonto (termasuk penyesuaian premi ilikuiditas) dan asumsi imbal hasil investasi dan dalam menentukan asumsi non-ekonomi sehubungan dengan mortalitas, morbiditas (termasuk biaya klaim medis), persistensi, dan beban (termasuk atribusi PSAK 117).

Terdapat risiko bahwa asumsi tidak mencerminkan lingkungan ekonomi dan demografi serta pengalaman operasional Grup. Dikarenakan adanya unsur pertimbangan dalam penetapan asumsi non-ekonomi dan sensitivitas atas saldo kontrak asuransi terhadap perubahan kecil dalam asumsi, maka terdapat risiko inheren atas estimasi oleh manajemen di area ini.

Independent Auditor's Report (continued)

Report No. 02091/2.1505/AU.1/07/0242-1/1/VIII/2026 (continued)

Key audit matters (continued)

Valuation of the best estimate insurance contract liabilities and contractual service margin

Description of the key audit matter:

As described in Note 27, insurance contract liabilites, to the consolidated financial statements, the insurance contract liabilities mainly consist of the best estimate liabilities and contractual service margin of Rp32,164,590 million and Rp3,295,245 million, respectively, as of 31 December 2025.

Best estimate liabilities (BEL)

The determination of the BEL is calculated using complex fulfilment cashflow models and is sensitive to economic and non-economic assumptions set by management. Judgment is involved in setting economic assumptions, particularly discount rates (including the illiquidity premium adjustment) and investment return assumptions; and in determining non-economic assumptions with respect to mortality, morbidity (including medical claims costs), persistency, and expenses (including SFAS 117 attribution).

There is a risk that assumptions do not reflect the economic environment and the Group's demographic and operating experience. Due to the element of judgment in setting non-economic assumptions and the sensitivity of the insurance contract balances to small changes in assumptions, there is an inherent risk of management's estimation in this area.

Laporan No. 02091/2.1505/AU.1/07/0242-1/1/VIII/2026 (lanjutan)

Hal audit utama (lanjutan)

Valuasi estimasi terbaik liabilitas kontrak asuransi dan marjin jasa kontraktual (lanjutan)

Penjelasan atas hal audit utama: (lanjutan)

Liabilitas estimasi terbaik (LET) (lanjutan)

Kami menganggap integritas dan kesesuaian atas model dalam menentukan penyelesaian arus kas yang digunakan dalam saldo LET sangat penting dalam penilaian saldo kontrak asuransi. Kami juga mempertimbangkan risiko-risiko utama terkait kesesuaian pengaturan asumsi ekonomi dan non ekonomi, model yang diterapkan pada model penyelesaian arus kas, kelengkapan dan keakuratan data pemegang polis sebagai signifikan.

Marjin jasa kontrak (MJK)

Amortisasi dari MJK diukur dari servis yang diberikan, sesuai dengan unit jasa pertanggungan, dan sesuai dengan saldo awal MJK yang disesuaikan dengan mutasi selama periode, termasuk penambahan terhadap MJK selama periode dari bisnis baru, akresi bunga untuk kontrak asuransi yang diukur menggunakan Model Pengukuran Umum (MPU), perubahan nilai wajar dari aset yang mendasari untuk kontrak yang diukur dengan Pendekatan Biaya Variabel (PBV) dan perubahan dalam arus kas pemenuhan yang terjadi dari perubahan asumsi non-ekonomi, dan untuk PBV, perubahan asumsi ekonomi, yang terkait dengan jasa masa depan.

Perhitungan MJK adalah komplek dan melibatkan asumsi yang mengandung subjektivitas dalam menentukan unit jasa pertanggungan dan pergerakan dalam MJK.

Independent Auditor's Report (continued)

Report No. 02091/2.1505/AU.1/07/0242-1/1/VIII/2026 (continued)

Key audit matters (continued)

Valuation of the best estimate insurance contract liabilities and contractual service margin (continued)

Description of the key audit matter: (continued)

Best estimate liabilities (BEL) (continued)

We consider the integrity and appropriateness of fulfilment cashflow models used to determine BEL to be critical to the valuation of insurance contract balances. We also consider the key risks that relate to appropriateness of economic and non-economic assumption settings, model applied to the fulfillment cashflow models, completeness and accuracy of policyholder data as significant.

Contractual service margin (CSM)

The release of CSM is measured based on the level of service provided, as measured by coverage units, and is based on the opening CSM adjusted for movements in the period, including additions to the CSM during the period in respect of new business, interest accretion for contracts measured using General Measurement Model (GMM), the change in fair value of underlying items for contracts measured using Variable Fee Approach (VFA) and changes in fulfilment cashflows arising from changes in non-economic assumptions, and for VFA, changes in economic assumptions, that relate to future service.

The calculations of CSM are complex and involved subjectivity of assumptions in determining coverage units and movements in the CSM.

Key audit matters (continued)

Valuation of the best estimate insurance contract liabilities and contractual service margin (continued)

Audit response:

Best estimate liabilities (BEL)

We gained an understanding of management's valuation of the best estimate insurance contract liabilities. We evaluated the valuation of the best estimate insurance contract liabilities, by involving auditor's expert. We obtained an understanding over management's process for setting economic and non-economic assumptions. For economic assumptions, we tested discount rates (along with the illiquidity premium assumptions) and investment return assumptions for a sample of currencies by reference to yield curves and compared the information used to the prevailing SFAS. For non-economic assumptions, we compared the key assumptions other than expense assumptions set by management with the results of management's experience, and regulatory developments around product featured and compared the expense assumptions to the historical and current expenses levels and policy relating to the attribution of expenses to insurance contracts.

We tested that the assumptions used in the models were consistent with approved basis. We obtained an understanding of management's processes over the appropriateness of model changes, completeness and accuracy of policy data.

Tanggung jawab auditor terhadap audit atas laporan keuangan konsolidasian

Tujuan kami adalah untuk memeroleh keyakinan memadai tentang apakah laporan keuangan konsolidasian secara keseluruhan bebas dari kesalahan penyajian material, baik yang disebabkan oleh kecurangan maupun kesalahan, dan untuk menerbitkan laporan auditor independen yang mencakup opini kami. Keyakinan memadai merupakan suatu tingkat keyakinan tinggi, namun bukan merupakan suatu jaminan bahwa audit yang dilaksanakan berdasarkan Standar Audit yang ditetapkan oleh IAPI akan selalu mendeteksi kesalahan penyajian material ketika hal tersebut ada. Kesalahan penyajian dapat disebabkan oleh kecurangan maupun kesalahan dan dianggap material jika, baik secara individual maupun secara agregat, dapat diekspektasikan secara wajar akan memengaruhi keputusan ekonomi yang diambil oleh pengguna berdasarkan laporan keuangan konsolidasian tersebut.

Sebagai bagian dari suatu audit berdasarkan Standar Audit yang ditetapkan oleh IAPI, kami menerapkan pertimbangan profesional dan mempertahankan skeptisisme profesional selama audit. Kami juga:

- Mengidentifikasi dan menilai risiko kesalahan penyajian material dalam laporan keuangan konsolidasian, baik yang disebabkan oleh kecurangan maupun kesalahan, mendesain dan melaksanakan prosedur audit yang responsif terhadap risiko tersebut, serta memeroleh bukti audit yang cukup dan tepat untuk menyediakan basis bagi opini kami. Risiko tidak terdeteksinya kesalahan penyajian material yang disebabkan oleh kecurangan lebih tinggi dari yang disebabkan oleh kesalahan, karena kecurangan dapat melibatkan kolusi, pemalsuan, penghilangan secara sengaja, pernyataan salah, atau pengabaian atas pengendalian internal.

Independent Auditor's Report (continued)

Report No. 02091/2.1505/AU.1/07/0242-1/1/VIII/2026 (continued)

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements taken as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing established by the IICPA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Standards on Auditing established by the IICPA, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- *Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to such risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or override of internal control.*

Laporan Auditor Independen (lanjutan)

Laporan No. 02091/2.1505/AU.1/07/0242-1/1/VIII/2026 (lanjutan)

Tanggung jawab auditor terhadap audit atas laporan keuangan konsolidasian (lanjutan)

Sebagai bagian dari suatu audit berdasarkan Standar Audit yang ditetapkan oleh IAPI, kami menerapkan pertimbangan profesional dan mempertahankan skeptisisme profesional selama audit. Kami juga: (lanjutan)

- Memeroleh suatu pemahaman tentang pengendalian internal yang relevan dengan audit untuk mendesain prosedur audit yang tepat sesuai dengan kondisinya, tetapi bukan untuk tujuan menyatakan opini atas keefektivitasan pengendalian internal Grup.

- Mengevaluasi ketepatan kebijakan akuntansi yang digunakan serta kewajaran estimasi akuntansi dan pengungkapan terkait yang dibuat oleh manajemen.

- Menyimpulkan ketepatan penggunaan basis akuntansi kelangsungan usaha oleh manajemen dan, berdasarkan bukti audit yang diperoleh, apakah terdapat suatu ketidakpastian material yang terkait dengan peristiwa atau kondisi yang dapat menyebabkan keraguan signifikan atas kemampuan Grup untuk mempertahankan kelangsungan usahanya. Ketika kami menyimpulkan bahwa terdapat suatu ketidakpastian material, kami diharuskan untuk menarik perhatian dalam laporan auditor independen kami ke pengungkapan terkait dalam laporan keuangan atau, jika pengungkapan tersebut tidak memadai, memodifikasi opini kami. Kesimpulan kami didasarkan pada bukti audit yang diperoleh hingga tanggal laporan auditor independen kami. Namun, peristiwa atau kondisi masa depan dapat menyebabkan Grup tidak dapat mempertahankan kelangsungan usaha.

Independent Auditor's Report (continued)

Report No. 02091/2.1505/AU.1/07/0242-1/1/VIII/2026 (continued)

Auditor's responsibilities for the audit of the consolidated financial statements (continued)

As part of an audit in accordance with Standards on Auditing established by the IICPA, we exercise professional judgment and maintain professional skepticism throughout the audit. We also: (continued)

- *Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.*

- *Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.*

- *Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our independent auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusion is based on the audit evidence obtained up to the date of our independent auditor's report. However, future events or conditions may cause the Group to cease to continue as going concern.*

Laporan No. 02091/2.1505/AU.1/07/0242-1/1/VIII/2026 (lanjutan)

Tanggung jawab auditor terhadap audit atas laporan keuangan konsolidasian (lanjutan)

Sebagai bagian dari suatu audit berdasarkan Standar Audit yang ditetapkan oleh IAPI, kami menerapkan pertimbangan profesional dan mempertahankan skeptisisme profesional selama audit. Kami juga: (lanjutan)

- Mengevaluasi penyajian, struktur, dan isi laporan keuangan konsolidasian secara keseluruhan, termasuk pengungkapannya, dan apakah laporan keuangan konsolidasian mencerminkan transaksi dan peristiwa yang mendasarinya dengan suatu cara yang mencapai penyajian wajar.

- Memeroleh bukti audit yang cukup dan tepat terkait informasi keuangan entitas atau aktivitas bisnis dalam Grup untuk menyatakan opini atas laporan keuangan konsolidasian. Kami bertanggung jawab atas arahan, supervisi, dan pelaksanaan audit grup. Kami tetap bertanggung jawab sepenuhnya atas opini audit kami.

Kami mengomunikasikan kepada pihak yang bertanggung jawab atas tata kelola mengenai, antara lain, ruang lingkup dan saat yang direncanakan atas audit serta temuan audit signifikan, termasuk setiap defisiensi signifikan dalam pengendalian internal yang teridentifikasi oleh kami selama audit.

Kami juga memberikan suatu pernyataan kepada pihak yang bertanggung jawab atas tata kelola bahwa kami telah mematuhi ketentuan etika yang relevan mengenai independensi, dan mengomunikasikan kepada pihak tersebut seluruh hubungan, serta hal-hal lain yang dianggap secara wajar berpengaruh terhadap independensi kami, dan, jika relevan, pengamanan terkait.

Report No. 02091/2.1505/AU.1/07/0242-1/1/VIII/2026 (continued)

Auditor's responsibilities for the audit of the consolidated financial statements (continued)

As part of an audit in accordance with Standards on Auditing established by the IICPA, we exercise professional judgment and maintain professional skepticism throughout the audit. We also: (continued)

- *Evaluate the overall presentation, structure, and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.*

- *Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the group audit. We remain solely responsible for our audit opinion.*

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Laporan Auditor Independen (lanjutan)

Laporan No. 02091/2.1505/AU.1/07/0242-1/1/VIII/2026 (lanjutan)

Tanggung jawab auditor terhadap audit atas laporan keuangan konsolidasian (lanjutan)

Dari hal-hal yang dikomunikasikan kepada pihak yang bertanggung jawab atas tata kelola, kami menentukan hal-hal tersebut yang paling signifikan dalam audit atas laporan keuangan konsolidasian periode kini dan oleh karenanya menjadi hal audit utama. Kami menguraikan hal audit utama tersebut dalam laporan auditor independen kami kecuali peraturan perundang-undangan melarang pengungkapan publik tentang hal audit utama tersebut atau ketika, dalam kondisi yang sangat jarang terjadi, kami menentukan bahwa suatu hal tidak boleh dikomunikasikan dalam laporan auditor independen kami karena konsekuensi yang merugikan dari mengomunikasikan hal tersebut akan diekspektasikan secara wajar melebihi manfaat kepentingan publik atas komunikasi tersebut.

Independent Auditor's Report (continued)

Report No. 02091/2.1505/AU.1/07/0242-1/1/VIII/2026 (continued)

Auditor's responsibilities for the audit of the consolidated financial statements (continued)

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe such key audit matters in our independent auditor's report unless laws or regulations preclude public disclosure about such key audit matters or when, in extremely rare circumstances, we determine that a key audit matter should not be communicated in our independent auditor's report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

1. INFORMASI UMUM

a. Pendirian usaha

PT Bank Mandiri (Persero) Tbk (selanjutnya disebut "Bank Mandiri" atau "Bank") didirikan pada tanggal 2 Oktober 1998 di Negara Republik Indonesia dengan Akta Notaris Sutjipto, S.H., No. 10, berdasarkan Peraturan Pemerintah No. 75 Tahun 1998 tanggal 1 Oktober 1998. Akta pendirian dimaksud telah disahkan oleh Menteri Kehakiman Republik Indonesia berdasarkan Surat Keputusan No. C2-16561.HT.01.01.TH.98 tanggal 2 Oktober 1998, serta diumumkan pada Tambahan No. 6859 dalam Berita Negara Republik Indonesia No. 97 tanggal 4 Desember 1998.

Bank Mandiri didirikan melalui penggabungan usaha PT Bank Bumi Daya (Persero) ("BBD"), PT Bank Dagang Negara (Persero) ("BDN"), PT Bank Ekspor Impor Indonesia (Persero) ("Bank Exim") dan PT Bank Pembangunan Indonesia (Persero) ("Bapindo") (selanjutnya secara bersama-sama disebut "Bank Peserta Penggabungan").

Berdasarkan Pasal 3 Anggaran Dasar Bank Mandiri, ruang lingkup kegiatan Bank Mandiri adalah melakukan usaha di bidang perbankan sesuai dengan ketentuan dan peraturan perundang-undangan yang berlaku. Bank Mandiri mulai beroperasi pada tanggal 1 Agustus 1999. Entitas Induk Bank adalah Pemerintah Republik Indonesia melalui Kementerian BUMN yang merupakan Kementerian dalam Pemerintah Indonesia yang membidangi urusan pembinaan badan usaha milik negara.

Anggaran Dasar Bank Mandiri telah mengalami beberapa kali perubahan, sebagaimana terakhir berdasarkan Akta Pernyataan Keputusan Rapat Umum Pemegang Saham Tahunan No. 29, tanggal 25 Mei 2026, yang dibuat di hadapan Fathiah Helmi, S.H., Notaris di Jakarta. Perubahan tersebut telah diberitahukan kepada Menteri Hukum Republik Indonesia sesuai dengan surat penerimaan pemberitahuan No. AHU-AH.01.03-016335 dan terdaftar pada Daftar Perseroan No. AHU-0125641.AH.01.11. Tahun 2026 tanggal 9 Juni 2026.

1. GENERAL INFORMATION

a. Establishment

PT Bank Mandiri (Persero) Tbk (hereinafter referred to as "Bank Mandiri" or the "Bank") was established on 2 October 1998 in the Republic of Indonesia based on Notarial Deed No. 10 of Sutjipto, S.H., under Government Regulation No. 75 Year 1998 dated 1 October 1998. The deed of establishment was approved by the Ministry of Justice of the Republic of Indonesia in its Decision Letter No. C2-16561.HT.01.01.TH.98 dated 2 October 1998 and was published in Supplement No. 6859 of State Gazette of the Republic of Indonesia No. 97 dated 4 December 1998.

Bank Mandiri was established through the merger of PT Bank Bumi Daya (Persero) ("BBD"), PT Bank Dagang Negara (Persero) ("BDN"), PT Bank Ekspor Impor Indonesia (Persero) ("Bank Exim") and PT Bank Pembangunan Indonesia (Persero) ("Bapindo") (hereinafter collectively referred to as the "Merged Banks").

Based on Article 3 of the Bank's Articles of Association, Bank Mandiri is engaged in banking activities in accordance with prevailing laws and regulations. The Bank commenced its operations on 1 August 1999. The Bank's Parent Entity is the Government of the Republic of Indonesia through the Ministry of State-Owned Enterprises which is the Ministry within the Indonesian Government that is in charge of state-owned enterprises development affairs.

The Articles of Association of Bank Mandiri has been amended several times, the latest amendment under Deed of Extraordinary General Meeting of Shareholders No. 29, dated 25 May 2026 made before Fathiah Helmi, S.H., notary in Jakarta. This amendment has been submitted to and approved by the Ministry of Laws of the Republic of Indonesia, in its Decision Letter No. AHU-AH.01.03-016335 and registered in the Company Register No. AHU-0125641.AH.01.11. Year 2026, dated on 9 June 2026.

1. INFORMASI UMUM (lanjutan)

b. Penggabungan usaha

Pada akhir bulan Februari 1998, Pemerintah Republik Indonesia (selanjutnya disebut "Pemerintah") mengumumkan rencana untuk melakukan restrukturisasi atas Bank Peserta Penggabungan.

Sehubungan dengan rencana restrukturisasi tersebut, Pemerintah mendirikan Bank Mandiri pada bulan Oktober 1998 dengan melakukan penyetoran tunai dan pengalihan saham Pemerintah pada Bank Peserta Penggabungan (Catatan 40a dan 40b). Selisih antara harga transfer dan nilai buku saham pada saat restrukturisasi tidak dihitung karena dinilai tidak praktis. Seluruh kerugian yang timbul selama periode restrukturisasi diakui dalam Program Rekapitalisasi.

Rencana restrukturisasi tersebut dirancang untuk menggabungkan usaha Bank Peserta Penggabungan ke dalam Bank Mandiri pada bulan Juli 1999 dan rekapitalisasi Bank Mandiri. Restrukturisasi Bank Peserta Penggabungan ke dalam Bank Mandiri juga mencakup:

i. Restrukturisasi kredit yang diberikan;
ii. Restrukturisasi aset non-kredit yang diberikan;
iii. Rasionalisasi kantor cabang di dalam dan luar negeri;
iv. Rasionalisasi sumber daya manusia.

Berdasarkan Akta Notaris Sutjipto, S.H., No. 100 tanggal 24 Juli 1999, Bank Peserta Penggabungan secara hukum melakukan penggabungan usaha ke dalam Bank Mandiri. Akta Penggabungan Usaha tersebut disahkan oleh Menteri Kehakiman Republik Indonesia dengan Surat Keputusan No. C-13.781.HT.01.04.TH.99 tanggal 29 Juli 1999 dan disetujui oleh Gubernur Bank Indonesia dengan Surat Keputusan No. 1/9/KEP.GBI/1999 tanggal 29 Juli 1999. Penggabungan tersebut dinyatakan sah oleh Kepala Kantor Departemen Perindustrian dan Perdagangan Jakarta Selatan melalui Surat Keputusan No. 09031827089 tanggal 31 Juli 1999.

Pada tanggal efektif penggabungan usaha:

i. Semua aset dan liabilitas Bank Peserta Penggabungan dialihkan ke Bank Mandiri sebagai Bank Hasil Penggabungan;
ii. Semua operasi dan aktivitas bisnis Bank Peserta Penggabungan dialihkan dan dioperasikan oleh Bank Mandiri;

***1. GENERAL INFORMATION** (continued)*

b. Merger

At the end of February 1998, the Government of the Republic of Indonesia (hereinafter referred to as "Government") announced its plan to restructure the Merged Banks.

In connection with the restructurisation plan, the Government established Bank Mandiri in October 1998 through the payment of cash and the transfer the Government's shares of the Merged Banks (Note 40a and 40b). The difference between the transfer price and the book value of the shares at the time of the restructurisation was not calculated as it was considered not practicable to do so. All losses incurred during the year of restructuring were recognised in the Recapitalisation Program.

The restructurisation plan was designed to merge the Merged Banks' business into Bank Mandiri on July 1999 and the recapitalisation of Bank Mandiri. The restructurisation of the Merged Banks into Bank Mandiri also covered the following:

i. Restructurisation of loans;
ii. Restructurisation of non-loan assets;
iii. Rationalisation of domestic and overseas offices;
iv. Rationalisation of human resources.

Based on the Notarial Deed of Sutjipto, S.H., No. 100 dated 24 July 1999, the Merged Banks were legally merged into Bank Mandiri. The Merger Deed was legalised by the Ministry of Justice of the Republic of Indonesia in its Decision Letter No. C-13.781.HT.01.04.TH.99 dated 29 July 1999 and approved by the Governor of Bank Indonesia in its Decision Letter No. 1/9/KEP.GBI/1999 dated 29 July 1999. The merger was declared effective by the Department Chief of the South Jakarta Industry and Trade Office in its Decision Letter No. 09031827089 dated 31 July 1999.

Effective from the date of the merger:

i. All assets and liabilities of the Merged Banks were transferred to Bank Mandiri as the Surviving Bank;
ii. All operations and business activities of the Merged Banks were transferred and operated by Bank Mandiri;

1. INFORMASI UMUM (lanjutan)

b. Penggabungan usaha (lanjutan)

Pada tanggal efektif penggabungan usaha: (lanjutan)

iii. Bank Mandiri mendapat tambahan modal disetor sebesar Rp1.000.000 (nilai penuh) atau setara dengan 1 (satu) lembar saham yang merupakan sisa saham yang dimiliki oleh Pemerintah pada masing-masing Bank Peserta Penggabungan (Catatan 40a dan 40b).

Pada tanggal efektif dimaksud, Bank Peserta Penggabungan secara hukum dibubarkan tanpa proses likuidasi dan Bank Mandiri sebagai Bank Hasil Penggabungan menerima seluruh hak dan liabilitas dari Bank Peserta Penggabungan.

c. Rekapitalisasi

Dalam rangka mengatasi kondisi ekonomi yang memburuk di Indonesia pada sektor perbankan, pada tanggal 31 Desember 1998, Pemerintah telah mengeluarkan Peraturan Pemerintah No. 84 Tahun 1998 tentang Program Rekapitalisasi Bank Umum yang bertujuan untuk meningkatkan permodalan bank umum agar dapat memenuhi Rasio Kecukupan Modal (*Capital Adequacy Ratio* yang selanjutnya disebut "CAR") minimum sesuai dengan ketentuan yang ditetapkan. Keikutsertaan bank umum dalam Program Rekapitalisasi didasarkan pada persyaratan dan prosedur yang ditetapkan dalam Surat Keputusan Bersama Menteri Keuangan dan Gubernur Bank Indonesia No. 53/KMK.017/1999 dan No. 31/12/KEP/GBI tanggal 8 Februari 1999. Berdasarkan Surat Keputusan Bersama tersebut, Pemerintah antara lain harus melakukan Program Rekapitalisasi Bank Umum terhadap seluruh Bank Milik Negara, Bank Pembangunan Daerah dan Bank Umum yang berstatus "*Bank Take Over*" oleh Badan Penyehatan Perbankan Nasional ("BPPN").

Pada tanggal 28 Mei 1999, Pemerintah mengeluarkan Peraturan Pemerintah No. 52 Tahun 1999 (PP No. 52/1999) tentang penambahan penyertaan modal Pemerintah Republik Indonesia pada Bank Mandiri melalui penerbitan Obligasi Rekapitalisasi Pemerintah oleh Menteri Keuangan dengan nilai maksimum Rp137.800.000. Pelaksanaan PP No. 52/1999 diatur dalam Surat Keputusan Bersama Menteri Keuangan dan Gubernur Bank Indonesia No. 389/KMK.017/1999 dan No. 1/10/KEP/GBI tanggal 29 Juli 1999.

***1. GENERAL INFORMATION** (continued)*

***b. Merger** (continued)*

Effective from the date of the merger: (continued)

iii. Bank Mandiri received additional paid-in capital amounted to Rp1,000,000 (full amount) or equivalent to 1 (one) share representing the remaining shares owned by the Government in the Merged Banks (Note 40a and 40b).

On the effective date, the Merged Banks were legally dissolved without liquidation process and Bank Mandiri, as the Surviving Bank, received all the rights and obligations from the Merged Banks.

c. Recapitalisation

In response to the effects of the adverse economic conditions on the banking sector in Indonesia, on 31 December 1998, the Government issued Government Regulation No. 84 Year 1998 regarding Recapitalisation Program for Commercial Banks, which was designed to increase the paid-in capital of commercial banks to enable them to meet the minimum requirement of Capital Adequacy Ratio ("CAR") in accordance with prevailing regulation. The eligibility of commercial banks for inclusion in the Recapitalisation Program is based on requirements and procedures set forth in the Joint Decrees No. 53/KMK.017/1999 and No. 31/12/KEP/GBI dated 8 February 1999 of the Ministry of Finance and the Governor of Bank Indonesia. Based on the Joint Decrees, the Government, among others, shall implement the Recapitalisation Program for Commercial Banks with respect to all State-Owned Banks, Regional Development Banks, and Commercial Banks, with the status of "Bank Take Over", by the Indonesian Bank Restructuring Agency (Badan Penyehatan Perbankan Nasional or "BPPN").

On 28 May 1999, the Government issued Government Regulation No. 52 of 1999 (PP No. 52/1999) regarding additional capital investment by the Government of Republic of Indonesia in Bank Mandiri through issuance of Government Recapitalisation Bonds to be issued then by the Ministry of Finance with a value of up to Rp137,800,000. The implementation of PP No. 52/1999 was set forth in Joint Decrees of the Ministry of Finance and the Governor of Bank Indonesia No. 389/KMK.017/1999 and No. 1/10/KEP/GBI dated 29 July 1999.

1. INFORMASI UMUM (lanjutan)

c. Rekapitalisasi (lanjutan)

Selama Obligasi Rekapitalisasi Pemerintah tersebut belum diterbitkan, pada saat itu Bank Mandiri mengakui adanya "Tagihan kepada Pemerintah" sebesar Rp137.800.000 sesuai dengan penegasan Komitmen Pemerintah melalui surat dari Menteri Keuangan No. S-360/MK.017/1999 tanggal 29 September 1999 dan persetujuan Menteri Negara Pendayagunaan BUMN melalui surat No. S-510/M-PBUMN/1999 tanggal 29 September 1999.

Sesuai dengan Surat Bank Indonesia No. 1/1/GBI/DPIP tanggal 11 Oktober 1999 perihal Penerbitan Obligasi/Surat Utang Pemerintah dalam rangka penyertaan modal Pemerintah Republik Indonesia di Bank Mandiri, Bank Indonesia menyetujui tagihan kepada Pemerintah tersebut di atas termasuk dalam modal inti Bank Mandiri *(Tier I)* dalam perhitungan Rasio Kecukupan Modal (CAR) pada tanggal 31 Juli 1999 sampai dengan 30 September 1999, dengan syarat bahwa selambat-lambatnya tanggal 15 Oktober 1999, Obligasi/Surat Utang Pemerintah telah diterima oleh Bank Indonesia.

Berdasarkan Peraturan Pemerintah No. 97 Tahun 1999 tanggal 24 Desember 1999 tentang Penambahan Penyertaan Modal Negara Republik Indonesia ke dalam Modal Perusahaan Perseroan (Persero) PT Bank Mandiri dalam Rangka Program Rekapitalisasi Bank Umum, Pemerintah menambah penyertaan modal sampai sejumlah maksimum Rp42.200.000, sehingga penyertaan secara keseluruhan menjadi setinggi-tingginya sebesar Rp180.000.000.

Dalam rangka pelaksanaan Peraturan Pemerintah No. 52 dan No. 97 Tahun 1999 tersebut di atas, maka dalam Perjanjian Rekapitalisasi Sementara antara Pemerintah dengan Bank Mandiri beserta perubahannya, Pemerintah telah mengeluarkan Obligasi Rekapitalisasi Pemerintah dalam 2 (dua) tahap, yaitu sebesar Rp103.000.000 pada tanggal 13 Oktober 1999 dan Rp75.000.000 pada tanggal 28 Desember 1999, sehingga pada tanggal 31 Desember 1999 jumlah keseluruhan Obligasi Rekapitalisasi Pemerintah yang diterbitkan berdasarkan perjanjian tersebut menjadi sebesar Rp178.000.000.

***1. GENERAL INFORMATION** (continued)*

***c. Recapitalisation** (continued)*

While the Government Recapitalisation Bonds had not yet been issued, at the point in time, Bank Mandiri accounted the bonds as "Due from the Government" amounted to Rp137,800,000 in accordance with the Government's Commitment through the Ministry of Finance's letter No. S-360/MK.017/1999 dated 29 September 1999 and the approval of the Ministry of State-Owned Enterprises in letter No. S-510/M-PBUMN/1999 dated 29 September 1999.

Based on Bank Indonesia Letter No. 1/1/GBI/DPIP dated 11 October 1999, regarding Issuance of Government Bonds/Debentures in connection with the Government of Republic of Indonesia's capital investment in Bank Mandiri, Bank Indonesia agreed to include the above receivable as Bank Mandiri's core capital (Tier I) for the purposes of calculating Capital Adequacy Ratio (CAR) as of 31 July 1999 until 30 September 1999, with a condition that not later than 15 October 1999 the Government Bonds/Debentures should have been received by Bank Indonesia.

Based on Government Regulation No. 97 year 1999 dated 24 December 1999 regarding the Addition of State Capital of the Republic of Indonesia into the Capital of the Company (Persero) of PT Bank Mandiri in Relation to the Commercial Bank Recapitalisation Program, the Government increased its capital investment to a maximum of Rp42,200,000, so that the total maximum of investment become amounted to Rp180,000,000.

In relation to the implementation of the above Government Regulations No. 52 and No. 97 year 1999, in the Temporary Recapitalisation Agreement between the Government and Bank Mandiri and its amendment, the Government issued Government Recapitalisation Bonds in 2 (two) tranches which amounted to Rp103,000,000 on 13 October 1999 and Rp75,000,000 on 28 December 1999 so that as of 31 December 1999 the total Government Recapitalisation Bonds issued in accordance with the aforementioned agreements become amounted to Rp178,000,000.

1. INFORMASI UMUM (lanjutan)

c. Rekapitalisasi (lanjutan)

Berdasarkan Kontrak Manajemen pada tanggal 8 April 2000 antara Bank Mandiri dan Pemerintah, ditetapkan jumlah kebutuhan rekapitalisasi Bank Mandiri adalah sebesar Rp173.931.000 atau lebih kecil dari jumlah Obligasi Rekapitalisasi Pemerintah. Dari kelebihan tersebut, sebesar Rp1.412.000 digunakan sebagai tambahan modal disetor, sedangkan sisanya sebesar Rp2.657.000 dikembalikan kepada Pemerintah pada tanggal 7 Juli 2000 dalam bentuk Obligasi Rekapitalisasi Pemerintah sebanyak 2.657.000 unit.

Sesuai Surat Menteri Keuangan Republik Indonesia No. S-174/MK.01/2003 tanggal 24 April 2003 tentang pengembalian kelebihan Obligasi Rekapitalisasi Pemerintah yang sebelumnya digunakan sebagai tambahan modal, Bank Mandiri telah mengembalikan Obligasi Rekapitalisasi Pemerintah sebesar Rp1.412.000 kepada Pemerintah pada tanggal 25 April 2003 (Catatan 40b).

Menteri Keuangan Republik Indonesia mengeluarkan Surat Keputusan ("KMK-RI") No. 227/KMK.02/2003 tanggal 23 Mei 2003 dan KMK-RI No. 420/KMK-02/2003 tanggal 30 September 2003 yang antara lain memutuskan jumlah final tambahan penyertaan modal Pemerintah di Bank Mandiri sebesar Rp173.801.315 (Catatan 40b).

d. Penawaran umum perdana saham dan kuasi-reorganisasi

Penawaran umum perdana saham Bank Mandiri

Bank Mandiri telah menyampaikan pernyataan pendaftaran sehubungan dengan Penawaran Umum Perdana Saham (*Initial Public Offering* yang selanjutnya disebut "IPO") kepada Otoritas Jasa Keuangan ("OJK"), dahulu Badan Pengawas Pasar Modal dan Lembaga Keuangan ("Bapepam dan LK"), pada tanggal 2 Juni 2003 dan telah dinyatakan efektif berdasarkan Surat Ketua Bapepam dan LK No. S-1551/PM/2003 tanggal 27 Juni 2003.

Nama perusahaan berubah dari semula PT Bank Mandiri (Persero) menjadi PT Bank Mandiri (Persero) Tbk berdasarkan perubahan Anggaran Dasar yang dilaksanakan dengan Akta Notaris Sutjipto, S.H., No. 2 tanggal 1 Juni 2003.

***1. GENERAL INFORMATION** (continued)*

***c. Recapitalisation** (continued)*

Based on the Management Contract dated 8 April 2000 between Bank Mandiri and the Government, the total amount of recapitalisation required by Bank Mandiri was Rp173,931,000, or less than the amount of the Government Recapitalisation Bonds. The excess of Rp1,412,000 was used as additional paid-in capital and the remaining excess balance of Rp2,657,000 was returned to the Government on 7 July 2000 in the form of Government Recapitalisation Bonds equivalent to 2,657,000 units.

Based on the Letter from the Ministry of Finance of the Republic of Indonesia No. S-174/MK.01/2003 dated 24 April 2003 regarding the return of the excess of Government Recapitalisation Bonds, which was previously used as additional paid-in capital, Government Recapitalisation Bonds amounted to Rp1,412,000 were returned to the Government by Bank Mandiri on 25 April 2003 (Note 40b).

The Ministry of Finance of Republic of Indonesia issued Decree Letter ("KMK-RI") No. 227/KMK.02/2003 dated 23 May 2003 and KMK-RI No. 420/KMK-02/2003 dated 30 September 2003, among others, confirmed that the final amount of the addition of the Government's capital investment participation in Bank Mandiri amounted to Rp173,801,315 (Note 40b).

d. Initial public offering of share and quasi-reorganisation

Initial public offering of Bank Mandiri's share

Bank Mandiri had submitted its registration for an Initial Public Offering ("IPO") to Financial Services Authorities ("FSA"), previously the Capital Market Supervisory Board and Financial Institution ("Bapepam and LK") on 2 June 2003 and became effective based on the Letter from the Chairman of Bapepam and LK No. S-1551/PM/2003 dated 27 June 2003.

The Bank's name was changed from PT Bank Mandiri (Persero) to PT Bank Mandiri (Persero) Tbk based on an amendment to the Articles of Association which has been executed with Notarial Deed of Sutjipto, S.H., No. 2 dated 1 June 2003.

1. INFORMASI UMUM (lanjutan)

d. Penawaran umum perdana saham dan kuasi-reorganisasi (lanjutan)

Penawaran umum perdana saham Bank Mandiri (lanjutan)

Perubahan nama Bank ini telah disetujui oleh Menteri Hukum dan Hak Asasi Manusia Republik Indonesia berdasarkan Surat Keputusan No. C-12783.HT.01.04.TH.2003 tanggal 6 Juni 2003 dan telah diumumkan pada Berita Negara Republik Indonesia No. 63 tanggal 8 Agustus 2003, Tambahan Berita Negara Republik Indonesia No. 6590.

Pada tanggal 14 Juli 2003, Bank Mandiri melakukan IPO atas 4.000.000.000 lembar Saham Biasa Seri B, dengan nilai nominal Rp500 (nilai penuh) per lembar saham yang dijual dengan harga Rp675 (nilai penuh) per lembar saham. Penawaran umum kepada masyarakat tersebut merupakan divestasi atas 20,00% saham Bank Mandiri milik Pemerintah (Catatan 40a).

Pada tanggal 14 Juli 2003, sebanyak 19.800.000.000 lembar Saham Biasa Seri B Bank Mandiri telah dicatatkan di Bursa Efek Jakarta dan Bursa Efek Surabaya berdasarkan surat persetujuan dari Bursa Efek Jakarta No. S-1187/BEJ.PSJ/07-2003 tanggal 8 Juli 2003 dan Bursa Efek Surabaya No. JKT-028/LIST/BES/VII/2003 tanggal 10 Juli 2003.

Kuasi-reorganisasi

Untuk menghilangkan konsekuensi negatif karena dibebani dengan saldo rugi, Bank Mandiri melakukan kuasi-reorganisasi sesuai keputusan Rapat Umum Pemegang Saham Luar Biasa ("RUPS-LB") tanggal 29 Mei 2003.

Penyesuaian kuasi-reorganisasi telah dibukukan pada tanggal 30 April 2003, saldo rugi sebesar Rp162.874.901 dieliminasi ke akun tambahan modal disetor/agio saham.

Anggaran Dasar Bank Mandiri telah mengalami perubahan sehubungan dengan perubahan tambahan modal disetor karena adanya kuasi-reorganisasi sesuai dengan Akta Notaris Sutjipto, S.H., No. 130 tanggal 29 September 2003.

***1. GENERAL INFORMATION** (continued)*

***d. Initial public offering of share and quasi-reorganisation** (continued)*

***Initial public offering of Bank Mandiri's share** (continued)*

The change of the Bank's name had approved by the Ministry of Law and Human Rights of the Republic of Indonesia in its Decision Letter No. C-12783.HT.01.04.TH.2003 dated 6 June 2003 that was published in the State Gazette Republic of Indonesia No. 63 dated 8 August 2003, Supplement State Gazette of Republic of Indonesia No. 6590.

On 14 July 2003, Bank Mandiri had an IPO of its 4,000,000,000 Series B common shares through, with a nominal value of Rp500 (full amount) per share with an initial selling price of Rp675 (full amount) per share. The IPO to public represents a divestment of 20.00% of the ownership of the Government's share in Bank Mandiri (Note 40a).

On 14 July 2003, 19,800,000,000 of Bank Mandiri's Series B common shares were listed on the Jakarta Stock Exchange and Surabaya Stock Exchange based on Jakarta Stock Exchange's Approval Letter No. S-1187/BEJ.PSJ/07-2003 dated 8 July 2003 and Surabaya Stock Exchange's Approval Letter No. JKT-028/LIST/BES/VII/2003 dated 10 July 2003.

Quasi-reorganisation

In order for Bank Mandiri to eliminate the negative consequences of being burdened by accumulated losses, the Bank undertook quasi-reorganisation as approved in the Extraordinary General Meeting of Shareholders ("RUPS-LB") on 29 May 2003.

The quasi-reorganisation adjustments were booked on 30 April 2003, which the accumulated losses of Rp162,874,901 were eliminated against additional paid-in capital/agio.

Bank Mandiri's Articles of Association were amended due to the changes in additional paid-in capital as a result of quasi-reorganisation, based on Notarial Deed of Sutjipto, S.H., No. 130 dated 29 September 2003.

Penawaran umum terbatas saham Bank Mandiri (lanjutan)

Bapepam dan LK berdasarkan Surat Pelaksana Ketua Bapepam dan LK No. S-807/BL/2011 tanggal 27 Januari 2011 menyatakan bahwa pendaftaran PUT dengan HMETD Bank Mandiri tersebut telah efektif. Bank Mandiri juga telah memperoleh persetujuan pemegang saham sesuai hasil keputusan RUPS-LB tanggal 28 Januari 2011 sebagaimana terdapat dalam Akta Notaris Dr. A. Partomuan Pohan, S.H., LLM No. 15 tanggal 25 Februari 2011 yang telah dilaporkan kepada Menteri Hukum dan Hak Asasi Manusia Republik Indonesia dengan bukti penerimaan laporan No. AHU-AH.01.10-07446 tanggal 10 Maret 2011 dan telah didaftarkan pada Daftar Perseroan No. AHU-0019617.AH.01.09 Tahun 2011 tanggal 10 Maret 2011.

Total HMETD yang diterbitkan Bank Mandiri adalah sebanyak 2.336.838.591 lembar saham dengan harga sebesar Rp5.000 (nilai penuh) per lembar yang telah ditetapkan pada tanggal 25 Januari 2011 dan pelaksanaan periode perdagangan HMETD dimulai tanggal 14 Februari 2011 sampai dengan tanggal 21 Februari 2011.

Pemerintah Republik Indonesia sebagai pemegang saham mayoritas Bank Mandiri, tidak melaksanakan haknya untuk memperoleh HMETD, namun mengalihkannya kepada pemegang saham publik lainnya, sehingga komposisi persentase kepemilikan saham Pemerintah pada Bank Mandiri menjadi berkurang atau mengalami dilusi dari sebesar 66,68% sebelum periode pelaksanaan HMETD menjadi sebesar 60,00% setelah pelaksanaan HMETD.

***1. GENERAL INFORMATION** (continued)*

***f. Public offering of subordinated bonds and medium term notes, public offering of bonds and medium term notes, limited public offering of shares, changes in share capital of Bank Mandiri and repurchase of Bank Mandiri shares** (continued)*

***Limited public offering of Bank Mandiri shares** (continued)*

Capital Market Supervisory Board and Financial Institution on 27 January 2011 based on the Bapepam and LK Acting Chief Letter No. S-807/BL/2011 stated that the LPO with HMETD of Bank Mandiri had been effective. The Bank also obtained an approval from the shareholders based on the decision of Extraordinary General Meeting of Shareholder dated on 28 January 2011 as stated in Notary Deed by Dr. A. Partomuan Pohan, S.H., LLM No. 15 dated 25 February 2011 and had been reported to the Ministry of Law and Human Rights Republic of Indonesia with the receipt No. AHU-AH.01.10-07446 dated 10 March 2011 and also registered it to Company Listing No. AHU-0019617.AH.01.09 Year 2011 dated 10 March 2011.

Total number of HMETD issued by Bank Mandiri was 2,336,838,591 shares at a price of Rp5,000 (full amount) per share which had been determined on 25 January 2011 and the execution period of Pre-emptive Rights trading started from 14 February 2011 until 21 February 2011.

The Government of the Republic of Indonesia as the controlling shareholder of Bank Mandiri, did not execute its right to acquire the HMETD, and transferred it to other public shareholders. As a result of this, Government's ownership in Bank Mandiri was reduced or diluted from 66.68%, prior to the execution of HMETD, to 60.00% after the execution of the HMETD.

Pemecahan nilai nominal saham Bank Mandiri:

Berdasarkan keputusan RUPS-LB tanggal 21 Agustus 2017 yang dituangkan dalam Akta No. 36, tanggal 24 Agustus 2017, yang dibuat di hadapan Ashoya Ratam S.H., M.Kn., pemegang saham Bank Mandiri antara lain menyetujui pemecahan nilai nominal saham (*stock split*) Bank dari Rp500 (nilai penuh) per saham menjadi Rp250 (nilai penuh) per saham sehingga modal ditempatkan menjadi sejumlah 46.666.666.666 lembar saham yang terdiri atas 1 (satu) lembar saham Seri A Dwiwarna dan 46.666.666.665 lembar saham Seri B.

Berdasarkan keputusan RUPS Tahunan tanggal 14 Maret 2023 yang dituangkan dalam Akta No. 12 tanggal 16 Maret 2023, yang dibuat di hadapan Utiek R. Abdurachman S.H., MLI., M.Kn., pemegang saham Bank Mandiri antara lain menyetujui pemecahan nilai nominal saham (*stock split*) Bank dari Rp250 (nilai penuh) per saham menjadi Rp125 (nilai penuh) per saham sehingga modal ditempatkan menjadi sejumlah 93.333.333.332 lembar saham yang terdiri atas 1 (satu) lembar saham Seri A Dwiwarna dan 93.333.333.331 lembar saham Seri B.

Untuk saham Seri A Dwiwarna milik Negara Republik Indonesia akan tetap dipertahankan 1 (satu) saham dan sisanya akan diperhitungkan untuk menambah saham Seri B milik Negara Republik Indonesia. Pelaksanaan *stock split* berlaku efektif pada tanggal 6 April 2023.

Stock split of Bank Mandiri:

Based on the decision of the Extraordinary General Meeting of Shareholders ("RUPS-LB") dated 21 August 2017 as stated in the Notarial Deed of Ashoya Ratam, S.H., M.Kn., No. 36 dated 24 August 2017, the shareholders of Bank Mandiri, approved the stock split of the Bank from Rp500 (full amount) per share to Rp250 (full amount) per share which resulted increase in issued capital into 46,666,666,666 shares consisting of 1 (one) Dwiwarna Series A share and 46,666,666,665 Series B shares.

Based on the decision of the Annual General Meeting of Shareholders ("RUPS") dated 14 March 2023, as stated in the Notarial Deed of Utiek R. Abdurachman S.H., MLI., M.Kn., No. 12 dated 16 March 2023, the shareholders of Bank Mandiri, among others, approved a stock split of the Bank from Rp250 (full amount) per share to Rp125 (full amount) per share. This results in an increase in the issued capital to a total of 93,333,333,332 shares, consisting of 1 (one) Dwiwarna Series A shares and 93,333,333,331 Series B common shares.

For the Dwiwarna Series A shares owned by the Republic of Indonesia, 1 (one) share will be retained, and the remaining will be allocated to increase the Series B common shares owned by the Republic of Indonesia. The stock split was effective on 6 April 2023.

PT Bank Syariah Indonesia (Persero) Tbk (dahulu PT Bank Syariah Mandiri)

Pada tanggal 12 Oktober 2020, PT Bank Mandiri (Persero) Tbk ("Bank Mandiri"), PT Bank Rakyat Indonesia (Persero) Tbk ("BRI"), PT Bank Negara Indonesia (Persero) Tbk ("BNI"), PT Bank Syariah Mandiri ("BSM"), PT Bank BRI Syariah Tbk ("BRIS"), dan PT Bank BNI Syariah ("BNIS") telah menandatangani *Conditional Merger Agreement* ("CMA") atau Perjanjian Penggabungan Bersyarat dalam rangka penggabungan usaha BSM, BRIS, dan BNIS (Bank Peserta Penggabungan).

Berdasarkan CMA, setelah tanggal efektif penggabungan, BRIS akan menjadi entitas yang menerima penggabungan secara hukum atau *surviving legal entity* dan seluruh pemegang saham BNIS dan BSM akan menjadi pemegang saham dari entitas yang menerima penggabungan berdasarkan rasio penggabungan.

Izin Penggabungan diperoleh dari OJK melalui Salinan Keputusan Dewan Komisioner OJK No. 4/KDK.03/2021 tanggal 27 Januari 2021 tentang Pemberian Izin Penggabungan BSM dan BNIS ke dalam BRIS serta Izin Perubahan Nama dengan Menggunakan Izin Usaha PT Bank BRI Syariah Tbk Menjadi Izin Usaha Atas Nama PT Bank Syariah Indonesia Tbk Sebagai Bank Hasil Penggabungan.

***PT Bank Syariah Indonesia (Persero) Tbk** (formerly PT Bank Syariah Mandiri)*

On 12 October 2020, PT Bank Mandiri (Persero) Tbk ("Bank Mandiri"), PT Bank Rakyat Indonesia (Persero) Tbk ("BRI"), PT Bank Negara Indonesia (Persero) Tbk ("BNI"), PT Bank Syariah Mandiri ("BSM"), PT Bank BRI Syariah Tbk ("BRIS"), and PT Bank BNI Syariah ("BNIS") have signed a Conditional Merger Agreement ("CMA") for the business merger of BSM, BRIS, and BNIS (Merger Participating Banks).

Based on CMA, after the effective date of the merger, BRIS will become the surviving legal entity and all shareholders of BNIS and BSM will become shareholders of the entity receiving the amalgamation based on the amalgamation ratio.

The Merger Approval was obtained from the FSA through a copy of the Decree of the FSA Board of Commissioners No. 4/KDK.03/2021 dated 27 January 2021 regarding the Granting of Permits to Merge BSM and BNIS into BRIS as well as Permits to Change Names by Using PT Bank BRI Syariah Tbk Business Permit to Become Business Permit in the Name of PT Bank Syariah Indonesia Tbk as the Merged Bank.

1. INFORMASI UMUM (lanjutan)

g. Entitas Anak (lanjutan)

PT Bank Syariah Indonesia (Persero) Tbk (dahulu PT Bank Syariah Mandiri) (lanjutan)

BRIS awalnya didirikan dengan nama PT Bank Jasa Arta ("BJA") berdasarkan Akta Pendirian No. 4 tanggal 3 April 1969 yang dibuat dihadapan Liem Toeng Kie, S.H., notaris di Jakarta. Akta pendirian ini disahkan oleh Menteri Kehakiman Republik Indonesia dalam Surat Keputusan No. J.A.5/70/4 tanggal 28 Mei 1970 dan telah diumumkan dalam Berita Negara Republik Indonesia No. 43 tanggal 28 Mei 1971, Tambahan No. 242/1971.

BJA memperoleh izin usaha untuk beroperasi sebagai bank umum dari Menteri Keuangan Republik Indonesia No. D.15.1-4-40 tanggal 3 Juli 1969. Sejak tanggal 16 Oktober 2008, BJA telah memperoleh izin perubahan kegiatan usaha bank, dari bank konvensional menjadi bank umum yang melaksanakan kegiatan usaha berdasarkan prinsip syariah dari Bank Indonesia.

Perubahan nama dan kegiatan usaha berdasarkan prinsip syariah dari BJA menjadi PT Bank Syariah BRI didasarkan pada Pernyataan Keputusan Persetujuan Bersama Seluruh Pemegang Saham Perseroan Terbatas BJA, sesuai dengan Akta No. 45 tanggal 22 April 2008 yang dibuat di hadapan Fathiah Helmi, S.H., notaris di Jakarta.

Pada tahun 2009, PT Bank Syariah BRI melakukan perubahan nama menjadi PT Bank BRI Syariah sesuai dengan Akta Keputusan Persetujuan Bersama Seluruh Pemegang Saham PT Bank Syariah BRI No. 18 tanggal 14 April 2009 dibuat dihadapan Fathiah Helmi, S.H., notaris di Jakarta yang selanjutnya diubah dengan Akta Keputusan Persetujuan Bersama Seluruh Pemegang Saham PT Bank Syariah BRI No. 20 tanggal 17 September 2009, dibuat di hadapan Fathiah Helmi, S.H., notaris di Jakarta, yang telah mendapat persetujuan dari Menteri Hukum dan Hak Asasi Manusia Republik Indonesia dalam Surat Keputusan No. AHU-53631.AH.01.02.TH2009 tanggal 5 November 2009 yang telah diumumkan dalam Berita Negara Republik Indonesia No. 96 tanggal 1 Desember 2009, Tambahan No. 27908 dan Surat Keputusan Gubernur Bank Indonesia No. 11/63/KEP.GBI/DpG/2009 tanggal 15 Desember 2009.

***1. GENERAL INFORMATION** (continued)*

***g. Subsidiaries** (continued)*

***PT Bank Syariah Indonesia (Persero) Tbk** (formerly PT Bank Syariah Mandiri) (continued)*

BRIS was initially established under the name of PT Bank Jasa Arta ("BJA") based on the Deed of Establishment No. 4 dated 3 April 1969 of Liem Toeng Kie, S.H., notary in Jakarta. The deed has been approved by the Minister of Law of Republic of Indonesia in its Decision Letter No. J.A.5/70/4 dated 28 May 1970 and has been published in the State Gazette of Republic of Indonesia No. 43 dated 28 May 1971, Supplement No. 242/1971.

BJA obtained its business license to operate as a commercial bank from Minister of Finance of the Republic of Indonesia No. D.15.1-4-40 dated 3 July 1969. Since 16 October 2008, BJA has obtained license from Bank Indonesia to change its business activities, from a conventional bank into a commercial bank based on sharia principles.

The changes in name and business activity based on sharia principles from BJA to PT Bank Syariah BRI was based on BJA Shareholders' Approval Decision Statement, as stated in the Deed No. 45 dated 22 April 2008 made before Fathiah Helmi, S.H., notary in Jakarta.

In 2009, PT Bank Syariah BRI changed its name to PT Bank BRI Syariah based on PT Bank Syariah BRI Shareholders' Approval Decision Statement, as stated in Notarial Deed No. 18 dated 14 April 2009 made before Fathiah Helmi, S.H., notary in Jakarta which was subsequently amended by PT Bank Syariah BRI Shareholders' Approval Decision Statement, as stated in Notarial Deed No. 20 dated 17 September 2009 made, before Fathiah Helmi, S.H., notary in Jakarta, which has been approved by the Minister of Law and Human Rights of the Republic of Indonesia in its Decision Letter No. AHU-53631.AH.01.02.TH2009 dated 5 November 2009. It was announced in the State Gazette of the Republic of Indonesia No. 96 dated 1 December 2009, Supplement No. 27908 and Decision Letter from the Governor of Bank Indonesia No. 11/63/KEP.GBI/DpG/2009 dated 15 December 2009.

1. INFORMASI UMUM (lanjutan)

g. Entitas Anak (lanjutan)

PT Bank Syariah Indonesia (Persero) Tbk (dahulu PT Bank Syariah Mandiri) (lanjutan)

Pada tanggal 27 Desember 2013, PT Bank BRI Syariah mendapatkan izin sebagai bank devisa berdasarkan surat keputusan Gubernur Bank Indonesia No. 15/139/KEP.GBI/DpG/2013.

Perjanjian Antar Pemegang Saham Bank Hasil Penggabungan tanggal 26 Januari 2021 antara Bank Mandiri, BNI, dan BRI menyetujui bahwa Bank Mandiri merupakan pihak yang melakukan Pengendalian atas Bank Hasil Penggabungan.

Selanjutnya keputusan RUPS-LB BRIS terkait penggabungan BSM dan BNIS kedalam BRIS dinyatakan kembali dalam Akta Pernyataan Keputusan Rapat PT Bank BRI Syariah Tbk No. 37 tanggal 14 Januari 2021 yang dibuat di hadapan notaris Jose Dima Satria S.H., M.Kn., notaris di Jakarta.

Perubahan ini telah diterima dan dicatat oleh Menteri Hukum dan Hak Asasi Manusia Republik Indonesia dalam surat keputusan No. AHU-AH.01.10-0011384 tanggal 28 Januari 2021 yang berlaku efektif 1 Februari 2021.

Transaksi pembentukan PT Bank Syariah Indonesia Tbk tersebut merupakan kombinasi bisnis entitas sepengendali di mana pemegang saham pengendali (*ultimate shareholder*) dari Bank Mandiri, BNI dan BRI adalah Pemerintah Republik Indonesia. Oleh karena itu, transaksi diperlakukan berdasarkan metode penyatuan kepemilikan sesuai Pernyataan Standar Akuntansi Keuangan ("PSAK") 338 "Kombinasi Bisnis Entitas Sepengendali".

Perbedaan antara jumlah imbalan yang dialihkan dan jumlah tercatat investasi yang diperoleh dari transaksi ini diakui sebagai "Selisih Nilai Transaksi Kombinasi Bisnis Entitas Sepengendali" dan disajikan sebagai bagian "Tambahan Modal Disetor" di bagian ekuitas pada laporan posisi keuangan konsolidasian. Ekuitas dari PT BRIsyariah Tbk dan PT Bank BNI Syariah sebelum tanggal penggabungan disajikan sebagai "ekuitas *merging entities*" pada bagian ekuitas.

***1. GENERAL INFORMATION** (continued)*

***g. Subsidiaries** (continued)*

***PT Bank Syariah Indonesia (Persero) Tbk** (formerly PT Bank Syariah Mandiri) (continued)*

On 27 December 2013, PT Bank BRI Syariah obtained a license to operate as foreign exchange bank based on the Decision Letter of the Governor of Bank Indonesia No. 15/139/KEP.GBI/DpG/2013.

Agreement between Shareholders of the Merged Bank dated 26 January 2021 between Bank Mandiri, BNI, and BRI agreed that Bank Mandiri is a party who exercises control over the Merged Bank.

Subsequently, the decision of the BRIS' RUPS-LB regarding the merger of BSM and BNIS into BRIS was restated in the Deed of Statement of Meeting Resolutions of PT Bank BRI Syariah Tbk No. 37 dated 14 January 2021 made before notary Jose Dima Satria S.H., M.Kn., notary in Jakarta.

This amendment was accepted and recorded by the Minister of Law and Human Rights of the Republic of Indonesia in its Decision Letter No. AHU-AH.01.10-0011384 dated 28 January 2021 which was effective on 1 February 2021.

The transaction for the establishment of PT Bank Syariah Indonesia Tbk is a business combination of entities under common control where the controlling shareholder (ultimate shareholder) of Bank Mandiri, BNI and BRI is the Government of the Republic of Indonesia. Therefore, transactions are treated based on the pooling of interest method in accordance with Statement of Financial Accounting Standards ("SFAS") 338 "Business Combination of Entities Under Common Control".

The difference between the amount of consideration transferred and the carrying amount of the investment obtained from this transaction is recognised as "Difference in Value from Business Combination Transactions of Entities Under Common Control" and presented as "Additional Paid-in Capital" in the equity section in the consolidated statement of financial position. Prior to the date of the merger, the equity of PT BRIsyariah Tbk and PT Bank BNI Syariah is presented as "merging entities equity" in the equity section.

PT Bank Syariah Indonesia Tbk	10.905.424	11.232.496	327.072	*PT Bank Syariah Indonesia Tbk*

Selanjutnya, keputusan RUPS-LB BRIS antara lain terkait Perubahan Anggaran Dasar BRIS dinyatakan kembali dalam Akta Pernyataan Keputusan Rapat Perubahan Anggaran Dasar Perubahan Nama PT Bank BRI Syariah Tbk No. 38 tanggal 14 Januari 2021 yang dibuat di hadapan Jose Dima Satria S.H., M.Kn., notaris di Jakarta yang antara lain perubahan nama menjadi PT Bank Syariah Indonesia Tbk.

Furthermore, the decisions of the BRIS' RUPS-LB, among others related to the Amendment to the BRIS Articles of Association, were restated in the Deed of Statement of Meeting Resolutions on the Amendment of the Articles of Association for the Change of Name of PT Bank BRI Syariah Tbk No. 38 dated 14 January 2021 made before Jose Dima Satria S.H., M.Kn., notary in Jakarta, which, among others, changed its name to PT Bank Syariah Indonesia Tbk.

Perubahan ini telah mendapat persetujuan Menteri Hukum dan Hak Asasi Manusia Republik Indonesia dalam Surat Keputusan No. AHU-0006268.AH.01.02 tahun 2021, dan telah diterima dan dicatatkan Menteri Hukum dan Hak Asasi Manusia Republik Indonesia dalam Surat Keputusan No. AHU-AH.01.03.0061498 dan No. AHU-AH.01.03.0061501 yang seluruhnya ditetapkan tanggal 1 Februari 2021.

This change was approved by the Minister of Law and Human Rights of the Republic of Indonesia in its Decision Letter No. AHU-0006268.AH.01.02 year 2021, and has been received and recorded by the Minister of Law and Human Rights of the Republic of Indonesia in its Decision Letter No. AHU-AH.01.03.0061498 and No. AHU-AH.01.03.0061501 which are all set on 1 February 2021.

Selanjutnya perubahan Anggaran Dasar PT Bank Syariah Indonesia Tbk melalui Akta Pernyataan Perubahan Anggaran Dasar PT Bank Syariah Indonesia Tbk No. 146 tanggal 24 Juni 2022 yang dibuat di hadapan Jose Dima Satria S.H., M.Kn., notaris di Jakarta mengenai penambahan klasifikasi saham Entitas Anak sehingga mengakibatkan Perubahan Komposisi Kepemilikan Entitas Anak dan Perubahan Pengendalian dari Negara Republik Indonesia yang semula Pemegang Saham Pengendali Terakhir (PSPT) menjadi Pemegang Saham Pengendali (PSP) dan telah diterima dan dicatat oleh Menteri Hukum dan Hak Asasi Manusia Republik Indonesia dalam Surat Keputusan No. AHU-AH.01.03-0269107 tanggal 22 Juli 2022 perihal Penerimaan Pemberitahuan Perubahan Anggaran Dasar PT Bank Syariah Indonesia Tbk.

Furthermore, changes to the PT Bank Syariah Indonesia Tbk Articles of Association through the Deed of Statement of Amendment to the Articles of Association of PT Bank Syariah Indonesia Tbk No. 146 dated 24 June 2022 made before Jose Dima Satria, S.H., M.Kn., notary in Jakarta, regarding the addition of the classification of the Subsidiary's shares resulting in a Change in the Composition of Subsidiary's Ownership and a Change in Control from the Republic of Indonesia which was originally Ultimate Controlling Shareholders (PSPT) to Controlling Shareholders (PSP) and has been accepted and recorded by the Minister of Law and Human Rights of the Republic of Indonesia in its Decision Letter No. AHU-AH.01.03-0269107 dated 22 July 2022 regarding Acceptance of Notification of Amendments to the Articles of Association of PT Bank Syariah Indonesia Tbk.

1. INFORMASI UMUM (lanjutan)

g. Entitas Anak (lanjutan)

PT Bank Syariah Indonesia (Persero) Tbk (dahulu PT Bank Syariah Mandiri) (lanjutan)

Selanjutnya, perubahan Anggaran Dasar PT Bank Syariah Indonesia Tbk melalui Akta Pernyataan Keputusan Rapat Perubahan Anggaran Dasar PT Bank Syariah Indonesia Tbk No. 191 tanggal 29 Desember 2022 dibuat di hadapan Muhammad Muazzir, S.H., M.Kn., sebagai pengganti dari Jose Dima Satria S.H., M.Kn., notaris di Jakarta mengenai modal ditempatkan dan disetor PT Bank Syariah Indonesia Tbk melalui mekanisme Penambahan Modal dengan Memberikan Hak Memesan Efek Terlebih Dahulu I ("PMHMETD I").

Anggaran Dasar ini terkait modal ditempatkan dan disetor PT Bank Syariah Indonesia Tbk menjadi sebanyak 46.129.260.138 (empat puluh enam miliar seratus dua puluh sembilan juta dua ratus enam puluh ribu seratus tiga puluh delapan) lembar saham dengan nilai nominal seluruhnya sebesar Rp23.064.630.

Anggaran Dasar ini telah diterima dan dicatat oleh Menteri Hukum dan Hak Asasi Manusia Republik Indonesia dalam Surat Keputusan No. AHU-AH.01.03-0497431 tanggal 29 Desember 2022 perihal Penerimaan Pemberitahuan Perubahan Anggaran Dasar PT Bank Syariah Indonesia Tbk ("BSI").

Perubahan Anggaran Dasar BSI melalui Akta Pernyataan Keputusan Rapat Umum Pemegang Saham Tahunan PT Bank Syariah Indonesia Tbk No. 37 tanggal 17 Mei 2024 yang dibuat dihadapan Ashoya Ratam S.H., M.Kn., notaris di Jakarta mengenai penyesuaian Anggaran Dasar BSI dengan ketentuan-ketentuan baru yang terkait dengan BSI sebagai Bank Umum Syariah dan telah mendapatkan persetujuan dari Menteri Hukum dan Hak Asasi Manusia Republik Indonesia dalam Surat Keputusan No. AHU-0035266.AH.01.02.Tahun 2024 tanggal 13 Juni 2024 dan telah diterima dan dicatat oleh Menteri Hukum dan Hak Asasi Manusia Republik Indonesia dalam Surat Keputusan No. AHU-AH.01.03-0145286 tanggal 13 Juni 2024 perihal Penerimaan Pemberitahuan Perubahan Anggaran Dasar PT Bank Syariah Indonesia Tbk.

***1. GENERAL INFORMATION** (continued)*

***g. Subsidiaries** (continued)*

***PT Bank Syariah Indonesia (Persero) Tbk** (formerly PT Bank Syariah Mandiri) (continued)*

Furthermore, the latest changes to the PT Bank Syariah Indonesia Tbk Articles of Association through the Deed of Statement of Meeting Resolutions on Amendments to the Articles of Association of PT Bank Syariah Indonesia Tbk No. 191 dated 29 December 2022 made before Muhammad Muazzir, S.H., M.Kn., as a replacement for Jose Dima Satria S.H., M.Kn., notary in Jakarta regarding the issued and paid-up capital of PT Bank Syariah Indonesia Tbk through the Capital Increase mechanism by Providing Pre-emptive Rights I ("PMHMETD I").

This Article of Association regarding PT Bank Syariah Indonesia Tbk's issued and paid-up capital become 46,129,260,138 (forty six billion one hundred and twenty nine million two hundred sixty thousand one hundred thirty eight) shares with a total nominal value of Rp23,064,630.

This Article of Association has been received and recorded by the Minister of Law and Human Rights of the Republic of Indonesia in its Decision Letter No. AHU-AH.01.03-0497431 dated 29 December 2022 regarding Acceptance of Notification of Amendments to the Articles of Association of PT Bank Syariah Indonesia Tbk ("BSI").

The amendment to BSI's Articles of Association was made through the Deed of Decision of the Annual General Meeting of Shareholders PT Bank Syariah Indonesia Tbk No. 37 dated 17 May 2024, which made before Ashoya Ratam S.H., M.Kn., a notary in Jakarta, regarding the adjustment of BSI's Articles of Association with new provisions related to BSI as a Sharia Commercial Bank. BSI had received approval from the Minister of Law and Human Rights of the Republic of Indonesia in its Decision Letter No. AHU-0035266.AH.01.02.Year 2024 dated 13 June 2024, and was received and recorded by the Minister of Law and Human Rights of the Republic of Indonesia in its Decision Letter No. AHU-AH.01.03-0145286 dated 13 June 2024, regarding the Receipt of Notification of Amendments to the Articles of Association of PT Bank Syariah Indonesia Tbk.

1. INFORMASI UMUM (lanjutan)

g. Entitas Anak (lanjutan)

PT Bank Syariah Indonesia (Persero) Tbk (dahulu PT Bank Syariah Mandiri) (lanjutan)

Selanjutnya perubahan Anggaran Dasar terakhir diputuskan dalam RUPS-LB BSI tanggal 22 Desember 2025, dengan keputusannya antara lain menyetujui perubahan Anggaran Dasar Perseroan dalam rangka penyesuaian dengan peraturan perundang-undangan dan kebijakan antara lain (a) Undang-Undang No. 19 Tahun 2003 tentang Badan Usaha Milik Negara sebagaimana diubah terakhir dengan Undang-Undang No. 16 Tahun 2025 tentang Perubahan keempat atas Undang-Undang No. 19 Tahun 2003 tentang Badan Usaha Milik Negara dan (b) Peraturan Otoritas Jasa Keuangan No. 2 Tahun 2024 mengenai Penerapan Tata Kelola Syariah Bagi Bank Umum Syariah dan Unit Usaha Syariah berikut peraturan pelaksanaannya.

Perubahan Anggaran Dasar BSI ini berlaku efektif sejak tanggal 23 Januari 2026, yaitu sejak diterbitkannya Keputusan Menteri Hukum Republik Indonesia Nomor AHU-0003351.AH.01.02.TAHUN 2026 tentang Persetujuan Perubahan Anggaran Dasar Perseroan Terbatas PT Perusahaan Perseroan (Persero) PT Bank Syariah Indonesia Tbk dan Penerimaan Pemberitahuan Perubahan Anggaran Dasar PT Perusahaan Perseroan (Persero) PT Bank Syariah Indonesia Tbk dari Menteri Hukum Republik Indonesia Nomor AHU-AH.01.03-0019406.

Dengan telah efektifnya perubahan Anggaran Dasar BSI maka secara administrasi BSI telah berstatus sebagai Persero sehingga penulisan nama BSI pada pasal 1 Anggaran Dasar disesuaikan menjadi "PT Bank Syariah Indonesia (Persero) Tbk" sebagaimana diatur dalam peraturan perundang-undangan yang berlaku.

BSI melaksanakan layanan *bullion* berdasarkan persetujuan OJK sebagaimana Surat OJK No S-53/PB.22/2025 tanggal 12 Februari 2025 perihal Penyelenggaraan Kegiatan Usaha Bulion PT Bank Syariah Indonesia Tbk. Izin yang diperoleh BSI tersebut mencakup kegiatan perdagangan emas dan penitipan emas sesuai dengan ketentuan POJK No. 17 Tahun 2024 tentang Penyelenggaraan Kegiatan Usaha Bulion. Bank memperoleh tambahan izin layanan *bullion* dalam hal simpanan emas berdasarkan surat OJK No S-259/PB.22/2025 tanggal 10 November 2025.

***1. GENERAL INFORMATION** (continued)*

***g. Subsidiaries** (continued)*

***PT Bank Syariah Indonesia (Persero) Tbk** (formerly PT Bank Syariah Mandiri) (continued)*

Subsequently, the most recent amendment to the Articles of Association was decided at the RUPS- LB of BSI on 22 December 2025, with decisions including approving changes to the Company's Articles of Association in order to comply with laws and regulations and policies, including (a) Law No. 19 of 2003 regarding State-Owned Enterprises, as last amended by Law No. 16 of 2025 regarding the Fourth Amendment to Law No. 19 of 2003 regarding State-Owned Enterprises, and (b) Financial Services Authority Regulation No. 2 of 2024 regarding the Implementation of Sharia Governance for Sharia Commercial Banks and Sharia Business Units, along with its implementing regulations.

The amendment to the BSI's Articles of Association shall become effective as of 23 January 2026, being the date of issuance of the Decree of the Minister of Law of the Republic of Indonesia Number AHU-0003351.AH.01.02.TAHUN 2026 regarding the Approval of the Amendment to the Articles of Association of the Limited Liability Company PT Perusahaan Perseroan (Persero) PT Bank Syariah Indonesia Tbk and the Acceptance of Notification of Amendments to the Articles of Association of PT Perusahaan Perseroan (Persero) PT Bank Syariah Indonesia Tbk from the Minister of Law and Human Rights of the Republic of Indonesia Number AHU-AH.01.03-0019406.

With the effective change of the BSI's Articles of Association, the BSI's is administratively effective as a State-Owned Enterprise, so the name of BSI in Article 1 of the Articles of Association is adjusted to "PT Bank Syariah Indonesia (Persero) Tbk" as regulated by the applicable laws and regulations.

BSI conducts bullion services based on the approval of OJK as stated in OJK Letter No. S-53/PB.22/2025 dated 12 February 2025, regarding the Implementation of Bullion Business Activities of PT Bank Syariah Indonesia Tbk. The license obtained by BSI includes gold trading and gold custody activities in accordance with the provisions of POJK No. 17 of 2024 regarding the Implementation of Bullion Business Activities. The bank obtained an additional bullion service license for gold deposits based on OJK Letter No. S-259/PB.22/2025 dated 10 November 2025.

1. INFORMASI UMUM (lanjutan)

g. Entitas Anak (lanjutan)

PT Bank Syariah Indonesia (Persero) Tbk (dahulu PT Bank Syariah Mandiri) (lanjutan)

Layanan bulion dilakukan melalui *digital channel* BYOND yang memungkinkan BSI menyediakan berbagai produk terkait emas bagi nasabahnya, seperti jual-beli, penitipan dan simpanan emas sesuai prinsip syariah.

Dalam rangka penyesuaian tata kelola atas pengelolaan BSI, perubahan Anggaran Dasar BSI tersebut ditindaklanjuti dengan Surat No. S-55/BP/01/2026 tanggal 27 Januari 2026 dari Badan Pengaturan BUMN (dahulu Kementerian BUMN) selaku Wakil Pemerintah Negara Republik Indonesia ('BP BUMN') sebagai Pemegang Saham Seri A Dwiwarna pada BSI dengan detail sebagai berikut:

i) Pencabutan Surat Kuasa Khusus ('SKK') No. SKK-43/MBU/06/2022 tanggal 24 Juni 2022 dari BP BUMN kepada Bank untuk melakukan sejumlah tindakan yang menjadi kewenangan dan/atau hak Pemegang Saham Seri A Dwiwarna pada BSI; dan

ii) Pemberian Surat Kuasa Khusus kepada PT Danantara Asset Management (Persero) ('DAM') selaku Holding Operasional BUMN berdasarkan UU BUMN, terkait pengalihan sejumlah tindakan yang menjadi kewenangan dan atau hak Pemegang Saham Seri A Dwiwarna termasuk perubahan tata kelola atas BSI sehubungan dengan SKK yang diberikan kepada DAM dari BP BUMN sebagai pemegang saham Seri A Dwiwarna BSI.

Pencabutan atas SKK yang diterima oleh Bank di tanggal 27 Januari 2026 mengakibatkan hilangnya pengendalian Bank atas BSI sesuai dengan kriteria dari standar akuntansi keuangan yang berlaku di Indonesia.

Bank tetap mempertahankan kepemilikan saham di BSI sebesar 51,47% dan memiliki pengaruh signifikan atas BSI.

Sejak tanggal 1 Februari 2026, Bank telah melakukan dekonsolidasi atas laporan keuangan BSI sebagai dampak dari kehilangan pengendalian tersebut, yang mengakibatkan Bank menghentikan pengakuan aset neto BSI sebesar Rp49.419.851 dan kepentingan non-pengendali di ekuitas sebesar Rp23.844.295.

1. GENERAL INFORMATION *(continued)*

g. Subsidiaries *(continued)*

PT Bank Syariah Indonesia (Persero) Tbk *(formerly PT Bank Syariah Mandiri) (continued)*

Bulion services are conducted through the digital channel BYOND, which allows BSI to provide various gold-related products for its customers, such as buying and selling, custody, and gold deposits in accordance with Sharia principles.

In order to align the governance framework of the supervision of BSI, the amendment to AoA was subsequently followed up by a letter No. S-55/BP/01/2026 dated 27 January 2026 from the State Owned Enterprises Governance (formerly Ministry of State-Owned Enterprises), acting as the Representative of the Government of the Republic of Indonesia ('BP BUMN'), as a holder of Series A Dwiwarna Shares in BSI, with the following details:

i) Revocation of the Special Power of Attorney No. SKK-43/MBU/06/2022 dated 24 June 2022 granted by BP BUMN to the Bank, authorizing the Bank to carry out actions constituting the authority and/or right of the holder of Series A Dwiwarna Shares in BSI; and

ii) Granting of a Special Power of Attorney to PT Danantara Asset Management (Persero) ('DAM'), as the Operational Holding of Sate-Owned Enterprises pursuant to the State-Owned Enterprises Law, in relation to the transfer of certain actions constituting the authority and/or rights of Series A Dwiwarna Shares including the changes of governance of BSI in relation to the Special Power of Attorney given to DAM from the BP BUMN as a shareholder of Series A Dwiwarna of BSI.

The revocation of Special Power of Attorney received by the Bank on 27 January 2026 resulted the Bank lost control over BSI in accordance with the criteria of prevailing Indonesian financial accounting standards.

The Bank continues to hold 51.47% share ownership in BSI and exercise a significant influence over BSI.

Since 1 February 2026, the Bank has deconsolidated the financial statement of BSI as a result from losing control over BSI, leading the Bank to derecognized recognition of net assets of BSI amounting to Rp49,419,851 and non-controlling interest in equity amounting to Rp23,844,295.

PT AXA Mandiri Financial Services (lanjutan)

Nama Entitas Anak lalu berubah menjadi PT Asuransi Jiwa Mandiri dan selanjutnya berubah menjadi PT AXA Mandiri Financial Services.

Perubahan ini disetujui oleh Menteri Kehakiman dan Hak Asasi Manusia dalam surat No. C-28747.HT.01.04.TH.2003 pada tanggal 10 Desember 2003 dan diumumkan pada Lembaran Berita Negara Republik Indonesia No. 64, Tambahan No. 7728 tanggal 10 Agustus 2004 dengan komposisi pemegang saham NMI sebesar 51,00% dan Bank Mandiri sebesar 49,00%.

Pada Rapat Umum Pemegang Saham tanggal 17 Mei 2010 (dalam pasal 7), pemegang saham Bank Mandiri telah menyetujui pembelian saham oleh Bank Mandiri sebesar 2,00% dari total saham yang diterbitkan dan disetor penuh secara langsung dari NMI.

Sebelum tanggal 1 Januari 2011, *goodwill* yang timbul dari akuisisi AXA Mandiri sebesar Rp40.128 diamortisasi dengan menggunakan metode garis lurus selama 5 (lima) tahun dengan pertimbangan atas estimasi manfaat ekonomis atas *goodwill* tersebut. Efektif tanggal 1 Januari 2011, sesuai PSAK 103 "Kombinasi Bisnis", *goodwill* tidak diamortisasi tapi diuji penurunan nilai setiap tahunnya. Bank Mandiri secara berkala melakukan evaluasi terhadap penurunan nilai *goodwill* tersebut sesuai PSAK 236 "Penurunan Nilai Aset" (Catatan 2r).

Saldo *goodwill* pada tanggal 30 Juni 2026, 31 Desember 2025 dan 2024 adalah sebesar Rp37.194. Kantor Pusat AXA Mandiri terletak di AXA Tower, Jalan Prof. Dr. Satrio Kav. 18, Jakarta Selatan 12940.

PT Mandiri Utama Finance

Pada tanggal 16 April 2014, Bank Mandiri bersama PT Asco Investindo ("ASCO") dan PT Tunas Ridean ("TURI"), telah menandatangani perjanjian kesepakatan awal untuk mendirikan sebuah perusahaan pembiayaan untuk mengakselerasi penyaluran pembiayaan Bank Mandiri khususnya pada segmen pembiayaan kendaraan bermotor.

***1. GENERAL INFORMATION** (continued)*

***g. Subsidiaries** (continued)*

***PT AXA Mandiri Financial Services** (continued)*

The Subsidiary's name was then changed to PT Asuransi Jiwa Mandiri and subsequently changed to PT AXA Mandiri Financial Services.

This change was approved by the Ministry of Justice and Human Rights in its Decision Letter No. C-28747.HT.01.04.TH.2003 dated 10 December 2003, and was published in State Gazette of the Republic of Indonesia No. 64, Supplement No. 7728 dated 10 August 2004 with shareholders composition consists of NMI 51.00% and Bank Mandiri amounting to 49.00%.

At the General Meeting of Shareholders on 17 May 2010 (in article 7), Bank Mandiri's shareholders approved the purchase of shares by Bank Mandiri amounting to 2.00% of the total shares issued and fully paid up directly from NMI.

Prior to 1 January 2011, goodwill arising from the acquisition of AXA Mandiri amounted to Rp40,128 was amortised using the straight-line method over 5 (five) years with the estimation of economic benefits of the goodwill. Effective on 1 January 2011, in accordance with SFAS 103 "Business Combinations", goodwill is not amortised but tested for impairment annually. Bank Mandiri periodically evaluates the impairment of goodwill in accordance with SFAS 236, "Impairment of Assets" (Note 2r).

The balance of goodwill on 30 June 2026, 31 December 2025 and 2024 amounted to Rp37,194. The Head Office of AXA Mandiri is located at AXA Tower, Jalan Prof. Dr. Satrio Kav. 18, South Jakarta 12940.

PT Mandiri Utama Finance

On 16 April 2014, Bank Mandiri and PT Asco Investindo ("ASCO") and PT Tunas Ridean ("TURI"), signed an agreement of preliminary agreement to set up a financing company to accelerate Bank Mandiri financing portfolio distribution, especially in the segment of vehicle financing.

PT Mandiri Utama Finance (lanjutan)

Pada tanggal 22 Oktober 2014, Bank Mandiri bersama ASCO dan TURI telah menandatangani perjanjian pemegang saham di mana telah disepakati pendirian suatu perusahaan pembiayaan dengan modal dasar Rp400.000 dengan komposisi kepemilikan adalah Bank Mandiri (51%), ASCO (37%) dan TURI (12%). Selanjutnya, pada tanggal 23 Desember 2014 sebagaimana disebutkan dalam surat No. S-137/PB.31/2014, Bank Mandiri telah memperoleh izin prinsip penyertaan modal pada perusahaan pembiayaan baru tersebut dari OJK Pengawasan Bank.

Akta ini telah disahkan oleh Kementerian Hukum dan Hak Asasi Manusia Republik Indonesia dalam Surat Keputusan No. AHU-0003452.AH.01.01 Tahun 2015 tanggal 26 Januari 2015.

Bersamaan dengan penandatanganan akta pendirian tersebut dilakukan penempatan modal sebesar Rp100.000 dan Bank Mandiri juga melakukan penyetoran modal sebesar Rp51.000 sesuai dengan komposisi kepemilikan saham Bank Mandiri di PT Mandiri Utama Finance (MUF).

Pasca penandatanganan akta pendirian, MUF menyampaikan permohonan izin usaha perusahaan pembiayaan kepada OJK Industri Keuangan Non Bank ("OJK IKNB"). Atas permohonan tersebut, OJK IKNB telah menerbitkan Surat Keputusan Dewan Komisioner Otoritas Jasa Keuangan No. KEP-81/D.05/2015 tentang "Pemberian Izin Usaha Perusahaan Pembiayaan kepada PT Mandiri Utama Finance" pada tanggal 25 Juni 2015 yang disampaikan melalui surat OJK No. SR-3516/NB.111/2015 tanggal 26 Juni 2015 perihal "Pemberian Izin Usaha Perusahaan Pembiayaan PT Mandiri Utama Finance".

Pada tanggal 24 Agustus 2015, MUF mulai melaksanakan tahapan kegiatan operasional awal melalui kerja sama dengan *dealer-dealer* dan *showroom-showroom* utama serta pencairan pembiayaan kendaraan bermotor kepada nasabah terbatas untuk memenuhi persyaratan OJK IKNB, dan pada akhirnya di bulan Januari 2016, MUF telah dapat beroperasi komersial secara penuh melalui jaringan kantor yang sudah mendapatkan izin dari OJK IKNB.

***PT Mandiri Utama Finance** (continued)*

On 22 October 2014, Bank Mandiri with ASCO and TURI signed a shareholders' agreement for establishment of a financing company with an authorised capital of Rp400,000 and an ownership composition of the Bank Mandiri (51%), ASCO (37%) and TURI (12%). Subsequently, on 23 December 2014, in accordance with letter No. S-137/PB.31/2014, Bank Mandiri obtained a principle license of equity participation in the new financing company from Bank Supervision FSA.

The deed was approved by the Ministry of Law and Human Rights of the Republic of Indonesia in Decree Letter No. AHU-0003452.AH.01.01 Year 2015 dated 26 January 2015.

Concurrent with the signing of the deed of incorporation, a capital placement of Rp100,000 had been done and the Bank also made capital injection amounted to Rp51,000 as stipulated in the Bank's shareholding composition in PT Mandiri Utama Finance (MUF).

After the signing of the establishment deed, MUF submitted application of financing company business license to FSA Non-Bank Financial Industry ("FSA IKNB"). Upon request, the FSA IKNB has issued a decree letter of IKNB Board of Commissioners of the FSA No. KEP-81/D.05/2015 regarding the "Granting Financing Company to PT Mandiri Utama Finance" on 25 June 2015 through FSA letter No. SR-3516 /NB.111/2015 dated 26 June 2015, regarding "Granting Financing Company Business License to PT Mandiri Utama Finance".

On 24 August 2015, MUF has performed the initial operational activities through cooperation with primary dealers and showrooms, as well as vehicle financing disbursement to limited customers to meet the requirements of the FSA IKNB, and fully operated commercially on January 2016 through its branches which already have operational permit from FSA IKNB.

Jumlah karyawan Bank Mandiri pada tanggal 30 Juni 2026 sebanyak 40.101 orang (tidak diaudit) (31 Desember 2025: sebanyak 38.751 orang) (tidak diaudit) dan (31 Desember 2024: sebanyak 38.898 orang) (tidak diaudit)).

The number of Bank Mandiri employees as of 30 June 2026 was 40,101 persons (unaudited) (31 December 2025: 38,751 persons) (unaudited) and (31 December 2024: 38,898 persons) (unaudited)).

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL

Laporan keuangan konsolidasian Bank dan Entitas Anak ("Grup") ini diselesaikan dan disetujui untuk diterbitkan oleh Direksi pada tanggal 11 Agustus 2026.

Laporan keuangan konsolidasian disusun dan disajikan sesuai dengan Standar Akuntansi Keuangan di Indonesia yang mencakup Pernyataan dan Interpretasi yang dikeluarkan oleh Dewan Standar Akuntansi Keuangan Ikatan Akuntan Indonesia dan Dewan Standar Akuntansi Syariah Ikatan Akuntan Indonesia serta peraturan regulator pasar modal yaitu Peraturan No. VIII.G.7 tentang Penyajian dan Pengungkapan Laporan Keuangan Emiten atau Perusahaan Publik.

a. Dasar penyusunan laporan keuangan konsolidasian

Kebijakan akuntansi utama yang diterapkan dalam penyusunan laporan keuangan konsolidasian Bank dan Entitas Anak adalah seperti dijabarkan di bawah ini.

Laporan keuangan konsolidasian disusun berdasarkan harga perolehan, kecuali untuk aset keuangan yang diklasifikasikan dalam kelompok nilai wajar melalui penghasilan komprehensif lain, aset dan liabilitas keuangan yang diukur pada nilai wajar melalui laba rugi dan seluruh instrumen derivatif yang diukur berdasarkan nilai wajar. Laporan keuangan konsolidasian disusun berdasarkan akuntansi berbasis akrual, kecuali laporan arus kas konsolidasian.

Laporan arus kas konsolidasian disusun dengan menggunakan metode langsung dengan mengelompokkan arus kas dalam aktivitas-aktivitas operasional, investasi, dan pendanaan.

Pos-pos dalam penghasilan komprehensif lainnya disajikan terpisah antara akun-akun yang akan direklasifikasikan ke laba rugi dan akun-akun yang tidak akan direklasifikasikan ke laba rugi.

Sejak tanggal 1 Februari 2026, Bank telah menghentikan pengakuan atas aset dan liabilitas BSI, sedangkan sebelum tanggal 1 Februari 2026, laporan keuangan BSI yang bergerak dalam bidang perbankan syariah disusun berdasarkan:

- PSAK 401 "Penyajian Laporan Keuangan Syariah".
- PSAK 402 "Akuntansi *Murabahah*".
- PSAK 404 "Akuntansi *Istishna*".

2. MATERIAL ACCOUNTING POLICY INFORMATION

The consolidated financial statements of Bank and its Subsidiaries ("Group") were completed and authorised for issuance by the Board of Directors on 11 August 2026.

The consolidated financial statements have been prepared and presented in accordance with the Indonesian Financial Accounting Standards which comprised of the Statements and Interpretations issued by the Board of Financial Accounting Standards of the Indonesian Institute of Accountants and Board of Sharia Accounting Standards of the Indonesian Institute of Accountants and capital market regulation No. VIII.G.7 regarding Financial Statements Presentation and Disclosure for Issuer or Public Companies.

a. Basis of preparation of the consolidated financial statements

The principal accounting policies adopted in preparing the consolidated financial statement of the Bank and Subsidiaries are set out below.

The consolidated financial statements have been prepared under the historical cost, except for financial assets classified as fair value through other comprehensive income, financial assets and liabilities measured at fair value through profit or loss and all derivative instruments which have been measured at fair value. The consolidated financial statement is prepared under the accrual basis of accounting, except for the consolidated statements of cash flows.

Consolidated statements of cash flows are prepared using the direct method by classifying cash flows in operating, investing, and financing activities.

Items within other comprehensive income are classified separately, between accounts which will be reclassified to profit or loss and will not be reclassified to profit or loss.

Since 1 February 2026, the Bank has stop recognising BSI's assets and liabilities, whereas before 1 February 2026, the financial statement of BSI engaged in sharia banking have been prepared based on:

- *SFAS 401 "Presentation of Financial Statements for Sharia Banking".*
- *SFAS 402 "Accounting for Murabahah".*
- *SFAS 404 "Accounting for Istishna".*

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

a. Dasar penyusunan laporan keuangan konsolidasian (lanjutan)

Laporan keuangan Entitas Anak yang bergerak dalam bidang perbankan syariah disusun berdasarkan: (lanjutan)

- PSAK 405 "Akuntansi *Mudharabah*".
- PSAK 406 "Akuntansi *Musyarakah*".
- PSAK 407 "Akuntansi *Ijarah*".
- PSAK 410 "Akuntansi Sukuk".
- PSAK 411 "Akuntansi *Wa'd*".
- PSAK 412 "Akuntansi Wakaf".
- PSAK 413 "Penurunan Nilai" .
- PSAK lain selama tidak bertentangan dengan prinsip syariah dan Pedoman Akuntansi Perbankan Syariah Indonesia (PAPSI).

Penyusunan laporan keuangan sesuai dengan Standar Akuntansi Keuangan di Indonesia mengharuskan penggunaan estimasi dan asumsi. Hal tersebut juga mengharuskan manajemen untuk membuat pertimbangan dalam proses penerapan kebijakan akuntansi Grup. Area yang kompleks atau memerlukan tingkat pertimbangan yang lebih tinggi atau area di mana asumsi dan estimasi dapat berdampak signifikan terhadap laporan keuangan konsolidasian diungkapkan di Catatan 3.

Seluruh angka dalam laporan keuangan konsolidasian ini, dibulatkan dan disajikan dalam jutaan Rupiah ("Rp"), kecuali dinyatakan lain.

b. Perubahan kebijakan akuntansi

Pada tanggal 1 Januari 2026, terdapat standar baru dan penyesuaian atau amendemen terhadap beberapa standar yang masih berlaku yang relevan dengan operasi Grup yang berlaku efektif sejak tanggal tersebut yaitu sebagai berikut:

1. Amendemen PSAK 109 "Instrumen Keuangan".

   Amendemen ini menambahkan dan mengklarifikasi ketentuan dalam PSAK 109 terkait penghentian pengakuan liabilitas keuangan, serta mengklarifikasi penilaian karakteristik arus kas untuk aset keuangan dengan fitur *ESG-linked*, aset keuangan dengan fitur *non-recourse*, dan instrumen yang terikat secara kontraktual seperti *tranche*.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

a. Basis of preparation of the consolidated financial statements *(continued)*

The financial statement of a Subsidiary engaged in sharia banking have been prepared based on: (continued)

- *SFAS 405 "Accounting for Mudharabah".*
- *SFAS 406 "Accounting for Musyarakah".*
- *SFAS 407 "Accounting for Ijarah".*
- *SFAS 410 "Accounting for Sukuk".*
- *SFAS 411 "Accounting for Wa'd".*
- *SFAS 412 "Accounting for Wakaf".*
- *SFAS 413 "Impairment".*
- *Other prevailing SFAS, as long as it does not contradict with Sharia principle on Accounting Guidelines for Indonesian Sharia Banking (PAPSI).*

The preparation of financial statements in accordance with Indonesian Financial Accounting Standards that requires the use of estimates and assumptions. It also requires management to make judgements in the process of applying the accounting policies of the Group. The area that is complex or requires a higher level of consideration or areas where assumptions and estimates could have a significant impact on the consolidated financial statements is disclosed in Note 3.

All figures in the consolidated financial statements, are rounded and presented in millions Rupiah ("Rp"), unless otherwise stated.

b. Changes in accounting policies

On 1 January 2026, there are new and revised or amended towards several standards that are relevant to the Group operation which is effective for application from that date as follows:

1. *Amendment to SFAS 109 "Financial Instruments".*

   This amendment adds to and clarify the requirements in SFAS 109 relating to the derecognition of financial liabilities and clarify the assessment of cash flow characteristics for financial assets with ESG-linked features, financial assets with non-recourse features, and contractually linked instruments such as tranches.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

b. Perubahan kebijakan akuntansi (lanjutan)

Pada tanggal 1 Januari 2026, terdapat standar baru dan penyesuaian atau amendemen terhadap beberapa standar yang masih berlaku yang relevan dengan operasi Grup yang berlaku efektif sejak tanggal tersebut yaitu sebagai berikut: (lanjutan)

2. Amendemen PSAK 107 "Instrumen Keuangan: Pengungkapan tentang Klasifikasi dan Pengukuran Instrumen Keuangan".

   Amendemen ini mengubah ketentuan terkait persyaratan pengungkapan investasi pada instrumen ekuitas yang diukur pada nilai wajar melalui penghasilan komprehensif lain dan menambah ketentuan terkait instrumen keuangan dengan persyaratan kontraktual yang mengubah waktu atau jumlah arus kas kontraktual.

3. Amendemen PSAK 338 "Kombinasi Bisnis Entitas Sepengendali".

   Amendemen ini mencakup ruang lingkup dan penerapan dari metode penyatuan kepemilikan (*pooling of interest*) dan pelepasan di ekuitas (*disposal in equity*) sebagai konsep akuntansi yang digunakan dalam PSAK 338.

   Perubahan utama dalam amendemen ini mencakup pengecualian entitas investasi dari ruang lingkup PSAK 338, serta tambahan definisi bisnis alihan, entitas penerima, dan entitas pengalih. Amendemen ini juga mencakup rujukan jumlah tercatat bisnis alihan dan penyajian informasi prakombinasi bisnis ketika terjadi ketidakpraktisan dalam penerapan metode penyatuan kepemilikan.

Dampak atas penerapan amendemen tersebut di atas tidak material terhadap laporan keuangan konsolidasian Grup.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

b. Changes in accounting policies *(continued)*

On 1 January 2026, there are new and revised or amended towards several standards that are relevant to the Group operation which is effective for application from that date as follows: (continued)

2. Amendment to SFAS 107 "Financial Instruments: Disclosures on Classification and Measurement of Financial Instruments".

   The amendment revises the disclosure requirements for investments in equity instruments measured at fair value through other comprehensive income and introduces additional requirements for financial instruments with contractual terms that modify the timing or amount of contractual cash flows.

3. Amendment to SFAS 338 "Business Combination Under Common Control".

   This amendment covers the scope and application of the pooling of interest method and disposal in equity as accounting concepts used in SFAS 338.

   The main changes in this amendment include the exclusion of investment entities from the scope of SFAS 338, as well as additional definitions of the transferred business, receiving entity, and transferring entity. This amendment also includes references to the carrying amount of the transferred business and the presentation of pre-combination business information when there is impracticality in applying the pooling of interest method.

The impact of the implementation of the amendments mentioned above are not material to the Group's consolidated financial statements

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

b. Perubahan kebijakan akuntansi (lanjutan)

Pada tanggal 1 Januari 2026, terdapat standar baru dan penyesuaian atau amendemen terhadap beberapa standar yang masih berlaku yang relevan dengan operasi Grup yang berlaku efektif sejak tanggal tersebut yaitu sebagai berikut: (lanjutan)

4. PSAK 413 "Penurunan Nilai"

Sejak tanggal 1 Januari 2026, PT Bank Syariah Indonesia (Persero) Tbk (BSI), Entitas Anak sampai dengan tanggal 31 Januari 2026, melakukan penerapan dini PSAK 413, "Penurunan Nilai". PSAK 413 mengatur tentang penurunan nilai (CKPN) atas aset keuangan syariah dan pembentukan provisi kafalah penjaminan risiko kredit. Perhitungan penurunan nilai berdasarkan PSAK 413 menggunakan konsep ekspektasi kerugian (*expected loss*) yang perhitungannya mencerminkan jumlah tidak bias dan probabilitas tertimbang (*unbiased and probability-weigthed amount*) dan informasi wajar dan didukung oleh informasi/data (*reasonable and supportable information*), serta tidak mencerminkan nilai waktu atas uang (*time value of money*). Pengukuran ekspektasi kerugian mencakup juga arus kas dari agunan dan peningkatan (*enhancement*) lain dari risiko kredit. Pengukuran ekspektasi kerugian dilakukan pada level instrumen keuangan secara individual atau kolektif sesuai kesamaan risiko kredit. Dampak penerapan PSAK 413 dibebankan ke saldo laba (*retained earning*) di saldo laba awal periode penerapan yaitu 1 Januari 2026.

Dalam PSAK 413, pengakuan dan pengukuran menggunakan dua model yaitu model umum dan model sederhana. Model umum diterapkan pada aset keuangan syariah yang umur awalnya lebih dari 12 bulan dan piutang murabahah yang mengandung unsur pembiayaan signifikan. Aset keuangan syariah tersebut dibedakan menjadi aset yang risiko kreditnya buruk (penyisihan untuk ekspektasi kerugian sepanjang umur) dan tidak buruk (penyisihan untuk ekspektasi kerugian 12 bulan). Model sederhana diterapkan pada aset keuangan syariah yang lain dan penyisihannya untuk ekspektasi kerugian sepanjang umur.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

b. Changes in accounting policies *(continued)*

On 1 January 2026, there are new and revised or amended towards several standards that are relevant to the Group operation which is effective for application from that date as follows: (continued)

4. SFAS 413 "Impairment"

Since 1 January 2026, PT Bank Syariah Indonesia (Persero) Tbk (BSI), a Subsidiary until 31 January 2026, has implemented early adoption of SFAS 413, "Impairment". SFAS 413 regulates impairment (ECL) on sharia financial assets and the establishment of kafalah provisions for credit risk guarantees. The impairment calculation based on SFAS 413 uses the expected loss concept, which reflects an unbiased and probability-weighted amount and reasonable and supportable information/data, and does not reflect the time value of money. The measurement of expected loss also includes cash flows from collateral and other enhancements of credit risk. The measurement of expected loss is carried out at the level of financial instruments either individually or collectively according to the similarity of credit risk. The impact of the implementation of SFAS 413 is charged to retained earnings at the beginning balance of the implementation period, which is 1 January 2026.

In SFAS 413, recognition and measurement use two models, namely the general model and the simplified model. The general model is applied to sharia financial assets with an initial maturity of more than 12 months and murabahah receivables that contain significant financing elements. These sharia financial assets are distinguished into assets with poor credit risk (allowance for lifetime expected losses) and those without poor credit risk (allowance for 12-month expected losses). The simplified model is applied to other Sharia financial assets with an allowance for lifetime expected losses.

c. Instrumen keuangan

i. Aset keuangan

Grup mengklasifikasikan aset keuangannya dalam kategori (a) aset keuangan yang diukur pada nilai wajar melalui laba rugi, (b) aset keuangan yang diukur pada nilai wajar melalui penghasilan komprehensif lain dan (c) aset keuangan yang diukur pada biaya perolehan diamortisasi.

c. Financial instruments

i. Financial assets

The Group classified its financial assets in the following categories (a) financial assets measured at fair value through profit or loss, (b) financial assets measured at fair value through other comprehensive income, and (c) financial assets measured at amortised cost.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

i. Aset keuangan (lanjutan)

Grup memiliki instrumen keuangan utang dan instrumen keuangan ekuitas. Grup selanjutnya mengukur semua investasi ekuitas pada nilai wajar. Saat pengakuan awal, Grup dapat membuat pilihan yang tak terbatalkan untuk menyajikan perubahan selanjutnya pada nilai wajar investasi dalam instrumen ekuitas dalam penghasilan komprehensif lain.

Grup menggunakan 2 (dua) dasar untuk mengklasifikasikan aset keuangan yaitu model bisnis Grup dalam mengelola aset keuangan dan karakteristik arus kas kontraktual pembayaran pokok dan bunga (*Solely Payment of Principal and Interest* ("SPPI")) dari aset keuangan.

Pengujian SPPI

Sebagai langkah pertama dari proses klasifikasi, Grup menilai persyaratan kontraktual keuangan untuk mengidentifikasi apakah mereka memenuhi pengujian SPPI.

Pokok pinjaman untuk tujuan pengujian ini didefinisikan sebagai nilai wajar dari aset keuangan pada pengakuan awal dan dapat berubah selama umur aset keuangan (misalnya, jika ada pembayaran pokok atau amortisasi premi/diskon).

Elemen bunga yang paling signifikan dalam perjanjian kredit biasanya adalah pertimbangan atas nilai waktu dari uang dan risiko kredit. Untuk membuat penilaian SPPI, Grup menerapkan pertimbangan dan memperhatikan faktor-faktor yang relevan seperti mata uang di mana aset keuangan didenominasikan dan periode pada saat suku bunga ditetapkan.

Penilaian model bisnis

Grup menentukan model bisnisnya berdasarkan tingkat yang paling mencerminkan bagaimana Grup mengelola kelompok atas aset keuangannya untuk mencapai tujuan bisnisnya.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

i. Financial assets *(continued)*

The Group has debt financial instruments and equity financial instruments. The Group further measures all equity investments at fair value. On initial recognition, the Group may make an irrevocable choice to subsequent changes in the fair value of investments in equity instruments in other comprehensive income.

The Group used 2 (two) methods to classify its financial assets, which based on the Group's business model in managing the financial asset, and the contractual cash flow of the financial assets Solely Payment of Principal and Interest ("SPPI").

SPPI test

As a first step of its classification process, the Group assesses the contractual terms of financial to identify whether they meet the SPPI test.

Principal for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).

The most significant element of interest within a credit contract are typically the consideration for the time value of money and credit risk. To perform the SPPI assessment, the Group applies judgement and considers relevant factors such as the currency in which the financial asset is denominated, and the period for which the interest rate is set.

Business model assessment

The Group determines its business model at the level that best reflects how the group manages a group of financial assets to achieve its business objective.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

i. Aset keuangan (lanjutan)

Penilaian model bisnis (lanjutan)

Model bisnis Grup tidak dinilai berdasarkan masing-masing instrumennya, tetapi pada tingkat portofolio secara agregat yang lebih tinggi dan didasarkan pada faktor-faktor yang dapat diamati seperti:

- Bagaimana kinerja model bisnis dan aset keuangan yang dimiliki dalam model bisnis tersebut dievaluasi dan dilaporkan kepada personel manajemen kunci;
- Risiko yang mempengaruhi kinerja model bisnis (dan aset keuangan yang dimiliki dalam model bisnis tersebut) dan khususnya, bagaimana cara risiko tersebut dikelola;
- Bagaimana manajer bisnis dikompensasi (misalnya, apakah kompensasi didasarkan pada nilai wajar dari aset yang dikelola atau pada arus kas kontraktual yang tertagih);
- Frekuensi, nilai dan waktu penjualan yang diharapkan, juga merupakan aspek penting dari penilaian Grup.

Penilaian model bisnis didasarkan pada skenario yang diharapkan secara wajar tanpa mempertimbangkan skenario "*worst case*" atau "*stress case*".

Jika arus kas setelah pengakuan awal direalisasikan dengan cara yang berbeda dari yang awal diharapkan, Grup tidak mengubah klasifikasi aset keuangan dimiliki yang tersisa dalam model bisnis tersebut, tetapi memasukkan informasi tersebut dalam melakukan penilaian atas aset keuangan yang baru atau yang baru dibeli selanjutnya.

(a) Aset keuangan yang diukur pada nilai wajar melalui laba rugi

Aset keuangan diukur pada nilai wajar melalui laba rugi kecuali tes model bisnis dan tes arus kas kontraktual menunjukkan bahwa aset keuangan masuk ke dalam klasifikasian diukur pada biaya perolehan diamortisasi atau nilai wajar melalui penghasilan komprehensif lain.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

i. Financial assets *(continued)*

Business model assessment (continued)

The Group's business model is not assessed by each instrument, but at a higher level of aggregated portfolios and is based on observable factors such as:

- *How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel;*
- *The risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular the way those risks are managed;*
- *How business managers are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected);*
- *The expected frequency, value, and timing of sales are also important aspects of the Group's assessment.*

The business model assessment is based on reasonably expected scenarios without taking "worst case" or "stress case" scenarios.

If cash flows after initial recognition are realised in a way that is different from the Group's initial expectations, the Group does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

(a) Financial assets measured at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless the business model test and the contractual cash flow test show that financial assets entering into classifications are measured at amortised cost or fair value through other comprehensive income.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

i. Aset keuangan (lanjutan)

Penilaian model bisnis (lanjutan)

(a) Aset keuangan yang diukur pada nilai wajar melalui laba rugi (lanjutan)

Klasifikasi ini ditujukan untuk instrumen keuangan yang dimiliki untuk diperdagangkan atau pada saat pengakuan awal telah ditetapkan oleh Grup untuk diukur pada nilai wajar melalui laba rugi.

Aset keuangan dikategorikan sebagai dimiliki untuk diperdagangkan jika diperoleh atau dimiliki terutama untuk tujuan dijual atau dibeli kembali dalam waktu dekat atau jika merupakan bagian dari portofolio instrumen keuangan tertentu yang dikelola bersama dan terdapat bukti mengenai pola ambil untung dalam jangka pendek yang terkini.

Untuk entitas anak asuransi, aset keuangan dikategorikan sebagai aset keuangan diukur pada nilai wajar melalui laba rugi, jika dimiliki untuk mencadangkan liabilitas asuransi yang diukur pada nilai wajar dari aset terkait. Instrumen keuangan yang dikelompokkan ke dalam kategori ini diakui pada nilai wajarnya pada saat pengakuan awal. Biaya transaksi diakui secara langsung ke dalam laporan laba rugi dan penghasilan komprehensif lain konsolidasian.

Keuntungan dan kerugian yang timbul dari perubahan nilai wajar, penjualan instrumen keuangan dan pendapatan bunga dari instrumen keuangan dalam kelompok nilai wajar melalui laba rugi dicatat di akun pendapatan dari kelompok nilai wajar melalui laba rugi - neto pada laporan laba rugi dan penghasilan komprehensif lain konsolidasian.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

i. Financial assets *(continued)*

Business model assessment (continued)

(a) Financial assets measured at fair value through profit or loss (continued)

This classification is intended for held for trading financial instruments or at the time of initial recognition has been determined by the Group to be measured at fair value through profit or loss.

A financial asset is classified as held for trading, if it has been acquired or held principally for the purpose of selling or buying in the near term or on initial recognition it is part of a portfolio of identified financial instruments that the entity manages together and has a recent actual pattern of short-term profit-taking.

Financial assets for subsidiary in insurance industry classified at fair value through profit or loss if the financial assets are held to cover its insurance liabilities which measure at fair value of the underlying assets. Financial instruments classified into this category are recognised at fair value on initial recognition, transaction costs are recognised directly in the consolidated statements of profit or loss and other comprehensive income.

Gains and losses arising from changes in fair value, sale of financial instruments and interest income on financial instruments measured at fair value through profit or loss are recognised in the consolidated statement of profit or loss and other comprehensive income recorded as income from fair value through profit or loss classification - net.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

i. Aset keuangan (lanjutan)

Penilaian model bisnis (lanjutan)

(b) Aset keuangan yang diukur pada nilai wajar melalui penghasilan komprehensif lain

Aset keuangan dikelola dalam model bisnis yang tujuannya akan terpenuhi dengan mendapatkan arus kas kontraktual dan menjual aset keuangan dan persyaratan kontraktual dari aset keuangan yang pada tanggal tertentu memperoleh arus kas yang semata dari pembayaran pokok dan bunga (*solely payments of principal and interest*) dari jumlah pokok terutang.

Pada saat pengakuan awalnya, instrumen utang yang diukur pada nilai wajar melalui penghasilan komprehensif lain diakui pada nilai wajarnya ditambah biaya transaksi dan selanjutnya diukur pada nilai wajarnya di mana keuntungan atau kerugian atas perubahan nilai wajar, keuntungan atau kerugian atas selisih kurs dan kerugian penurunan nilai, diakui sebagai penghasilan komprehensif lain. Dividen dari instrumen ekuitas diakui di dalam pos laba rugi.

Kerugian kredit ekspektasian diakui sebagai penambah dari penghasilan komprehensif lain di dalam laporan posisi keuangan (tidak mengurangi jumlah tercatat aset keuangan dalam laporan keuangan). Pendapatan bunga dihitung menggunakan metode suku bunga efektif.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

i. Financial assets *(continued)*

Business model assessment (continued)

(b) Financial assets measured at fair value through other comprehensive income

Financial assets are managed in a business model which objectives will be fulfilled by obtaining contractual cash flows and selling financial assets and contractual requirements of financial assets which on a certain date received cash flow solely from payment of principal and interest of the amount owed.

At the initial recognition, debt instruments measured at fair value through other comprehensive income are recognised at the fair value plus the transaction costs and subsequently measured at fair value where the gain or loss from changes in fair value, gain or loss from the exchange rate, and impairment, are recognised as other comprehensive income. Dividend from equity instrument is recognised in profit or loss.

Expected credit losses are recognised as additions of other comprehensive income in the statement of financial position (not reducing the number of recorded financial assets in financial statements). Interest income is calculated using the effective interest rate method.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

i. Aset keuangan (lanjutan)

Penilaian model bisnis (lanjutan)

(b) Aset keuangan yang diukur pada nilai wajar melalui penghasilan komprehensif lain (lanjutan)

Grup selanjutnya mengukur semua investasi ekuitas pada nilai wajar. Jika manajemen Grup telah memilih untuk menyajikan keuntungan dan kerugian nilai wajar atas investasi ekuitas dalam penghasilan komprehensif lain, tidak ada reklasifikasi keuntungan dan kerugian nilai wajar ke laba rugi setelah penghentian pengakuan investasi tersebut. Dividen dari instrumen ekuitas diakui di dalam pos laba rugi.

(c) Aset keuangan yang diukur pada biaya perolehan diamortisasi

Aset keuangan diukur pada biaya perolehan diamortisasi jika aset keuangan dikelola dalam model bisnis yang bertujuan untuk memiliki aset keuangan dalam rangka mendapatkan arus kas kontraktual dan persyaratan kontraktual dari aset keuangan yang pada tanggal tertentu memperoleh arus kas semata dari pembayaran pokok dan bunga (*solely payments of principal and interest*) dari jumlah pokok terutang.

Pada saat pengakuan awal, aset keuangan yang diukur pada biaya perolehan diamortisasi diakui pada nilai wajarnya ditambah biaya transaksi dan selanjutnya diukur pada biaya perolehan diamortisasi dengan menggunakan suku bunga efektif.

Pendapatan bunga dari aset keuangan yang diukur pada biaya perolehan diamortisasi dicatat dalam laporan laba rugi dan penghasilan komprehensif lain konsolidasian dan diakui sebagai “Pendapatan bunga”. Ketika penurunan nilai terjadi, kerugian penurunan nilai diakui sebagai pengurang dari nilai tercatat aset keuangan dan diakui di dalam laporan keuangan konsolidasian sebagai “Pembentukan cadangan kerugian penurunan nilai”.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

i. Financial assets *(continued)*

Business model assessment (continued)

(b) Financial assets measured at fair value through other comprehensive income (continued)

The Group further measures all equity investments at fair value. If Group management has chosen to present fair value gains and losses on equity investments in other comprehensive income, there is no reclassification of fair value gains and losses to profit or loss upon derecognition of those investments. Dividends from equity instruments are recognised in profit or loss.

(c) Financial assets measured at amortised cost

Financial assets are measured at amortised cost if the financial asset is managed in a business model to obtain a contractual cash flow and the contractual arrangement of a financial asset at certain date to obtain cash flow solely from payments of principal and interest of the amount owed.

At initial recognition, the financial assets measured at amortised cost are recognised at the fair value plus the transaction costs and subsequently measured at amortised cost by using the effective interest rate.

Interest income from financial assets measured at amortised cost is recorded in the consolidated statements of profit or loss and other comprehensive income and is recognised as "Interest income". When the decline in value occurs, the impairment loss is recognised as a deduction to the carrying amount of the financial asset and is recognised in the financial statements as "Allowance for impairment losses".

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

i. Aset keuangan (lanjutan)

Penilaian model bisnis (lanjutan)

Pengakuan

Bank menggunakan akuntansi tanggal perdagangan untuk mencatat transaksi efek-efek dan obligasi pemerintah.

ii. Liabilitas keuangan

Grup mengklasifikasikan liabilitas keuangan dalam kategori (a) liabilitas keuangan yang diukur pada nilai wajar melalui laba rugi, dan (b) liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi.

(a) Liabilitas keuangan yang diukur pada nilai wajar melalui laba rugi

Kategori ini terdiri dari dua sub-kategori: liabilitas keuangan diklasifikasikan sebagai nilai wajar melalui laba rugi dan liabilitas keuangan yang pada saat pengakuan awal telah ditetapkan oleh Grup untuk diukur pada nilai wajar melalui laba rugi.

Liabilitas keuangan diklasifikasikan sebagai nilai wajar melalui laba rugi jika diperoleh terutama untuk tujuan dijual atau dibeli kembali dalam waktu dekat atau jika merupakan bagian dari portofolio instrumen keuangan tertentu yang dikelola bersama dan terdapat bukti mengenai pola ambil untung dalam jangka pendek yang terkini. Derivatif diklasifikasikan sebagai liabilitas nilai wajar melalui laba rugi kecuali ditetapkan dan efektif sebagai instrumen lindung nilai arus kas.

Keuntungan dan kerugian yang timbul dari perubahan nilai wajar liabilitas keuangan yang diklasifikasikan sebagai nilai wajar melalui laba rugi dicatat dalam laporan laba rugi dan penghasilan komprehensif lain konsolidasian sebagai pendapatan dari kelompok nilai wajar melalui laba rugi - neto. Beban bunga dari liabilitas keuangan diklasifikasikan sebagai nilai wajar melalui laba rugi dicatat di akun pendapatan dari kelompok nilai wajar melalui laba rugi - neto.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

i. Financial assets *(continued)*

Business model assessment (continued)

Recognition

The Bank use transactions date record to transactions in securities and government bonds.

ii. Financial liabilities

The Group classifies its financial liabilities into the category of (a) financial liabilities measured at fair value through profit or loss, and (b) financial liabilities measured at amortised cost.

(a) Financial liabilities measured at fair value through profit or loss

This category comprises of two sub-categories: financial liabilities classified as fair value through profit or loss and financial liabilities designated by the Group as at fair value through profit or loss upon initial recognition.

A financial liability is classified as fair value through profit or loss, if it is acquired or incurred principally for the purpose of selling or repurchasing it in the near term or if it is part of a portfolio of identified financial instruments that are managed together and for which there is evidence of a recent actual pattern of short-term profit-taking. Derivatives are also categorised as fair value through profit or loss liabilities unless they are designated and effective as hedging instruments.

Gains and losses arising from changes in fair value of financial liabilities classified as fair value through profit or loss are recorded in the consolidated statements of profit or loss and other comprehensive income as income from fair value through profit or loss - net. Interest expense from financial liability classified as trading are recorded as income from fair value through profit or loss - net.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

ii. Liabilitas keuangan (lanjutan)

(a) Liabilitas keuangan yang diukur pada nilai wajar melalui laba rugi (lanjutan)

Jika Grup pada pengakuan awal telah menetapkan instrumen utang tertentu sebagai nilai wajar melalui laba rugi (opsi nilai wajar), maka selanjutnya, penetapan ini tidak dapat diubah.

Perubahan nilai wajar terkait dengan liabilitas keuangan yang ditetapkan untuk diukur pada nilai wajar melalui laba rugi diakui di dalam pendapatan dari kelompok nilai wajar melalui laba rugi - neto.

Beban bunga dari liabilitas keuangan yang ditetapkan untuk diukur pada nilai wajar melalui laba rugi dicatat di akun pendapatan dari kelompok nilai wajar melalui laba rugi - neto.

(b) Liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi

Grup mengklasifikasikan seluruh liabilitas keuangan sehingga setelah pengakuan awal liabilitas keuangan diukur pada biaya perolehan diamortisasi, kecuali:

1. Liabilitas keuangan yang diukur pada nilai wajar melalui laba rugi;
2. Liabilitas keuangan yang timbul ketika pengalihan aset keuangan tidak memenuhi syarat penghentian pengakuan atau ketika pendekatan keterlibatan berkelanjutan diterapkan;
3. Kontrak jaminan keuangan;
4. Komitmen untuk menyediakan pinjaman dengan suku bunga di bawah pasar; dan
5. Imbalan kontijensi yang akan diselesaikan dengan kas, di mana Grup bertindak selaku pihak pengakuisisi dalam kombinasi bisnis.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

ii. Financial liabilities *(continued)*

(a) Financial liabilities measured at fair value through profit or loss (continued)

If the Group designated certain debt securities upon initial recognition as at fair value through profit or loss (fair value option), then this designation cannot be changed subsequently.

Changes of fair value related to financial liabilities designated at fair value through profit or loss are recognised in income from fair value through profit or loss - net.

Interest expense from financial liabilities designated at fair value through profit or loss are recorded as income from fair value through profit or loss - net.

(b) Financial liabilities at amortised cost

The Group classifies all financial liabilities after initial recognition as measured at amortised cost, except:

1. *Financial liabilities measured at fair value through profit or loss;*
2. *Financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach is applied;*
3. *Financial guarantee contracts;*
4. *Commitment to provide loans at below market interest rates; and*
5. *Contingent reward recognised by the acquirer in the business combination.*

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

ii. Liabilitas keuangan (lanjutan)

(b) Liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi (lanjutan)

Pada saat pengakuan awal, liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi diukur pada nilai wajar dikurangi biaya transaksi. Setelah pengakuan awal, Grup mengukur seluruh liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi dengan menggunakan metode suku bunga efektif. Amortisasi suku bunga efektif diakui sebagai "Beban bunga".

iii. Penghentian pengakuan

Penghentian pengakuan aset keuangan dilakukan ketika hak kontraktual atas arus kas yang berasal dari aset keuangan tersebut berakhir, atau ketika aset keuangan tersebut telah ditransfer dan secara substansial seluruh risiko dan manfaat atas kepemilikan aset tersebut telah ditransfer (jika secara substansial seluruh risiko dan manfaat tidak ditransfer, maka Grup melakukan evaluasi untuk memastikan keterlibatan berkelanjutan atas kendali yang masih dimiliki tidak mencegah penghentian pengakuan).

Agunan yang diserahkan oleh Grup di dalam perjanjian efek-efek yang dijual dengan janji untuk dibeli kembali dan transaksi *securities lending* dan *borrowing* tidak dihentikan pengakuannya karena Grup secara substansial masih memiliki seluruh risiko dan manfaat atas agunan tersebut, berdasarkan kesepakatan bahwa harga pembelian kembali telah ditentukan di awal, sehingga kriteria penghentian pengakuan tidak terpenuhi.

Aset keuangan yang dialihkan kepada pihak ketiga tetapi tidak memenuhi syarat penghentian pengakuan disajikan di dalam laporan posisi keuangan konsolidasian sebagai "Aset lain-lain - Tagihan atas efek-efek dan obligasi pemerintah yang diagunkan", di mana pihak penerima memiliki hak untuk menjual atau mentransfer kembali.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

ii. Financial liabilities *(continued)*

(b) Financial liabilities at amortised cost (continued)

At initial recognition, financial liabilities at amortised cost measured at fair value are deducted by transaction cost. After initial recognition, the Group measures all financial liabilities at amortised cost using the effective interest rate method. Effective interest rate amortisation is recognised as "Interest expense".

iii. Derecognition

Financial assets are derecognised when the contractual rights to receive the cash flows from these assets have expired or matured or the assets have been transferred and substantially all the risks and rewards of ownership of the assets are also transferred (if substantially all the risks and rewards have not been transferred, the Group evaluates to ensure that continuing involvement on the basis of any retained powers of control does not prevent derecognition).

Collateral that is provided by the Group under the agreement of securities sold under agreements to repurchase and securities lending and borrowing transactions are not derecognised because the Group substantially has all the risks and benefits of the collateral, based on the requirement that the repurchase price that has been determined at the beginning, so that the criteria for derecognition are not met.

Financial assets that are transferred to third parties but do not qualify for derecognition criteria are presented in the consolidated statements of financial position as "Other assets - Receivables from securities and government bonds pledged as collateral", which the recipient has the right to sell or transfer back.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

iii. Penghentian pengakuan (lanjutan)

Penghentian Pengakuan Liabilitas Keuangan

Penghentian pengakuan liabilitas keuangan dilakukan jika liabilitas keuangan tersebut telah berakhir karena kewajiban yang ditetapkan dalam kontrak telah dilepaskan, dibatalkan atau kedaluwarsa atau apabila terdapat perubahan yang substansial dalam persyaratan suatu liabilitas keuangan, maka kontrak liabilitas keuangan sebelum perubahan akan dihapus dan Grup akan mengakui liabilitas keuangan baru.

Hapus buku

Dalam hal penghapusbukuan aset keuangan merupakan kelanjutan dari tindakan penyelesaian aset keuangan dengan cara pengambilalihan agunan, maka jumlah yang dihapusbuku adalah sebesar selisih kurang antara nilai wajar agunan yang diambil alih setelah memperhitungkan taksiran biaya penjualan dengan nilai tercatat aset keuangan.

Aset keuangan dapat dihapus buku apabila cadangan kerugian penurunan nilai telah dibentuk 100%.

Penghapusbukuan dilakukan secara keseluruhan terhadap nilai tercatat aset keuangan dengan mendebit cadangan kerugian penurunan nilai.

iv. Modifikasi atas arus kas aset keuangan

Penilaian apakah modifikasi atau restrukturisasi atas suatu aset keuangan menghasilkan atau tidak menghasilkan penghentian pengakuan, dilakukan oleh unit bisnis yang berwenang melakukan restrukturisasi aset keuangan tersebut.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

iii. Derecognition *(continued)*

Derecognition of Financial Liabilities

Financial liabilities are derecognised when the financial liabilities have expired because the obligations specified in the contract have been released, canceled or expired or if there is a substantial change in the terms of a financial liability, the financial liability contract before the change will be written off and the Group will recognize the new financial liability.

Write-offs

In the case of financial assets' write-off is a continuation of the financial assets' settlement by taking over collaterals, the written-off amount is approximately equal to the difference between the fair value of repossessed assets after taking into account the financial assets' cost of sales and carrying amount.

Financial assets can be written-off when the allowance for impairment losses have been 100% established.

Full write-off is done to the financial assets' carrying amount by debiting the allowance for impairment losses.

iv. Modification of financial assets cash flow

An assessment of whether a financial asset has been modified or restructured substantially or not substantially derecognised is carried out by a business unit whose authorised to modify or restructure financial assets.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

iv. Modifikasi atas arus kas aset keuangan (lanjutan)

Grup mengakui aset keuangan dimodifikasi atau direstrukturisasi secara substansial dan menghasilkan penghentian pengakuan ketika:

(a) aset keuangan (atau bagiannya) berakhir, yaitu jika debitur secara hukum dibebaskan dari tanggung jawab utama atas aset tersebut (atau bagiannya), baik melalui proses hukum maupun oleh kreditur pembuatan kontrak kredit baru (sebagai contoh, opsi *equity conversion*); atau

(b) terdapat konversi mata uang.

Grup menilai apakah modifikasi atau restrukturisasi atas suatu aset keuangan menghasilkan atau tidak menghasilkan penghentian pengakuan dengan cara berikut:

(a) Modifikasi aset keuangan yang menghasilkan penghentian pengakuan aset keuangan

1. Saat arus kas kontraktual atas aset keuangan direstrukturisasi atau dimodifikasi (antara lain ketika kredit direstrukturisasi) di mana restrukturisasi atau modifikasi tersebut menghasilkan penghentian pengakuan aset keuangan, Grup akan mencatat aset keuangan tersebut sebagai aset keuangan baru/modifikasian pada tanggal modifikasi/restrukturisasi.
2. Selisih nilai tercatat aset keuangan sebelum modifikasi/restrukturisasi dengan nilai wajar aset setelah modifikasi/restrukturisasi diakui di laba rugi.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

iv. Modification of financial assets cash flow *(continued)*

Modifications or restructuring to financial assets are considered substantial and the Group will cease to recognize the original financial assets when:

(a) the financial asset (or portion thereof) expires, that is, if the debtor is legally released from primary responsibility for the asset (or any portion thereof), either by legal process or by the creditor entering into a new credit contract (for example, the equity conversion option); or

(b) there is a currency conversion.

The Group will measure the substantially and not substantially modified financial assets as follows:

(a) Substantial modification of financial assets

1. When the contractual cashflow on a financial asset is restructured or modified (including when a credit is restructured) and the restructuring or modification results in derecognition of the financial asset, therefore the Group will record the financial asset as a new/modified financial asset on the modification/restructuring date.

2. The difference between the gross amount of the initial financial assets and the fair value of the modified or restructuring assets recorded as profit or loss.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

iv. Modifikasi atas arus kas aset keuangan (lanjutan)

Grup menilai apakah modifikasi atau restrukturisasi atas suatu aset keuangan menghasilkan atau tidak menghasilkan penghentian pengakuan dengan cara berikut: (lanjutan)

(a) Modifikasi aset keuangan yang menghasilkan penghentian pengakuan aset keuangan (lanjutan)

3. Pendapatan atau biaya transaksi yang terjadi sehubungan dengan kejadian modifikasi diakui sebagai bagian dari keuntungan atau kerugian atas modifikasi tersebut.
4. Grup melakukan penilaian apakah aset keuangan baru/modifikasian merupakan aset yang berasal dari aset keuangan memburuk atau *Purchased or Originated Credit-Impaired ("POCI") Financial Asset*.
5. Pengakuan pendapatan bunga atas aset yang berasal dari aset keuangan memburuk ditentukan berdasarkan suku bunga efektif yang telah disesuaikan dengan risiko kredit (*risk-adjusted effective interest rate*) untuk mendiskontokan arus kas aset keuangan yang telah dimodifikasi.

(b) Modifikasi aset keuangan yang tidak menghasilkan penghentian pengakuan aset keuangan

1. Saat Grup melakukan renegosiasi atau modifikasi arus kas kontraktual atas aset keuangan (antara lain ketika kredit direstrukturisasi) yang tidak memenuhi kriteria modifikasi aset keuangan yang substansial di atas, maka restrukturisasi atau modifikasi tersebut tidak menghasilkan penghentian pengakuan aset keuangan.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

iv. Modification of financial assets cash flow *(continued)*

The Group will measure the substantially and not substantially modified financial assets as follows: (continued)

(a) Substantial modification of financial assets (continued)

3. Transaction income or costs incurred in connection with a modification event recognised as part of gain or loss on the modification.

4. Group assess whether new/modified financial assets are assets originating from impaired financial assets or Purchased or Originated Credit-Impaired ("POCI") Financial Asset.

5. Recognition of interest income on assets originating from Impaired financial assets is calculated based on an effective interest rate adjusted for credit risk (risk-adjusted effective interest rate) to discount the cash flows of modified financial assets.

(b) Non-substantial modification of financial assets

1. When the Group renegotiates or modifies contractual cash flows of financial assets (including when loans are restructured) that do not meet the criteria for substantial modification of financial assets above, the restructuring or modification does not result in derecognition of the financial assets.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

iv. Modifikasi atas arus kas aset keuangan (lanjutan)

Grup menilai apakah modifikasi atau restrukturisasi atas suatu aset keuangan menghasilkan atau tidak menghasilkan penghentian pengakuan dengan cara berikut: (lanjutan)

(b) Modifikasi aset keuangan yang tidak menghasilkan penghentian pengakuan aset keuangan (lanjutan)

2. Jumlah tercatat bruto aset keuangan dihitung sebesar nilai kini (net present value) dari arus kas neto kontraktual yang telah dimodifikasi atau direstrukturisasi yang didiskontokan menggunakan suku bunga efektif awal.
3. Grup kemudian mengakui keuntungan atau kerugian dari modifikasi (yaitu sebesar perubahan jumlah tercatat bruto aset keuangan) dalam laporan laba rugi.
4. Pendapatan atau biaya transaksi yang terjadi sehubungan dengan kejadian modifikasi diakui sebagai penyesuaian terhadap jumlah tercatat aset keuangan yang telah dimodifikasi dan diamortisasi selama sisa jangka waktu aset keuangan modifikasian tersebut dengan menggunakan suku bunga efektif awal.
5. Selisih antara jumlah tercatat bruto aset keuangan sebelum dan sesudah modifikasi atau restrukturisasi diakui sebagai kerugian atau keuntungan aset keuangan modifikasian, yang merupakan penyesuaian terhadap jumlah tercatat bruto awal dan diamortisasi selama sisa jangka waktu aset keuangan dengan menggunakan suku bunga efektif awal.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

iv. Modification of financial assets cash flow *(continued)*

The Group will measure the substantially and not substantially modified financial assets as follows: (continued)

(b) Non-substantial modification of financial assets (continued)

2. The gross carrying amount of financial assets is computed at the net present value of modified or restructured contractual cash flows, discounted at the initial effective interest rate.

3. The Group then recognizes the gain or loss from the modification (i.e the change in the gross carrying amount of the financial asset) in the profit or loss.
4. Transaction income or costs incurred in connection with a modification event are recognised as an adjustment to the carrying amount of the modified financial asset and amortised over the remaining term of the modified financial asset using the initial effective interest rate.

5. The difference between the gross carrying amount of a financial asset before and after modification or restructuring is recognised as a gain or loss of the modified financial asset, which is an adjustment to the initial gross carrying amount and is amortised over the remaining term of the financial asset using the initial effective interest rate (unwinding interest).

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

v. Reklasifikasi aset keuangan

Grup diperkenankan untuk melakukan reklasifikasi atas aset keuangan yang dimiliki jika Grup mengubah model bisnis untuk pengelolaan aset keuangan dan Grup tidak diperkenankan untuk melakukan reklasifikasi atas liabilitas keuangan.

Perubahan model bisnis sifatnya harus berdampak secara signifikan terhadap kegiatan operasional Grup seperti memperoleh, melepaskan, atau mengakhiri suatu lini bisnis. Selain itu, Grup perlu membuktikan adanya perubahan tersebut kepada pihak eksternal.

Grup akan mereklasifikasi seluruh aset keuangan yang terkena dampak dari perubahan model bisnis. Perubahan tujuan model bisnis Grup harus berdampak sebelum tanggal reklasifikasi.

Yang bukan merupakan perubahan model bisnis adalah:
(a) perubahan intensi berkaitan dengan aset keuangan tertentu (bahkan dalam situasi perubahan signifikan dalam kondisi pasar).
(b) hilangnya sementara pasar tertentu untuk aset keuangan.
(c) pengalihan aset keuangan antara bagian dari Grup dengan model bisnis berbeda.

Dampak reklasifikasi aset keuangan

Grup menerapkan reklasifikasi secara prospektif dari tanggal reklasifikasi. Grup tidak menyajikan kembali keuntungan, kerugian (termasuk keuntungan atau kerugian penurunan nilai), atau bunga yang diakui sebelumnya.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

v. Reclassification of financial assets

The Group is allowed to reclassify the financial assets owned if the Group changes the business model for managing the financial assets and the Group is not allowed to reclassify the financial liabilities.

Changes in the business model should significantly impact the Group's operational activities such as acquiring, disposal or discontinued a line of business. In addition, the Group needs to prove the change of business model to external parties.

The Group will reclassify all financial assets impacted by changes in the business model. The changes of the Group's business model must occur before the reclassification date.

The following are not considered as change in business model:
(a) the change of intention related to certain financial assets (even in situations of significant changes in market conditions).
(b) temporary loss of certain markets for financial assets.
(c) the transfer of financial assets between parts of the Group and different business models.

Impact of reclassificaton of financial assets

The Group applies the reclassifications prospectively from the reclassification date. The Group does not restate gain, losses (including gains and impairment losses), or previously recognised interest.

vii. Saling hapus instrumen keuangan

Aset keuangan dan liabilitas keuangan saling hapus disajikan dalam laporan posisi keuangan konsolidasian jika memiliki hak yang berkekuatan hukum untuk melakukan saling hapus atas jumlah yang telah diakui tersebut dan berniat untuk menyelesaikan secara neto atau untuk merealisasikan aset dan menyelesaikan liabilitasnya secara simultan.

vii. Offsetting financial instruments

Financial assets and liabilities are offset and the net amount presented in the consolidated statement of financial position when there is a legally enforceable right to offset the recognised amounts and an intention to settle on a net basis or realised the asset and settle the liability simultaneously.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

vii. Saling hapus instrumen keuangan (lanjutan)

Hak yang berkekuatan hukum berarti:

a. tidak terdapat kontinjensi di masa yang akan datang, dan
b. hak yang dapat dipaksakan secara hukum pada kondisi-kondisi berikut ini:
   i. kegiatan bisnis normal;
   ii. kondisi kegagalan usaha; dan
   iii. kondisi gagal bayar atau bangkrut.

viii. Cadangan kerugian penurunan nilai aset keuangan

Penerapan PSAK 109 “Instrumen Keuangan” telah mengubah metode perhitungan kerugian penurunan nilai dari pendekatan kerugian yang telah terjadi (*incurred loss)* dalam PSAK 239 “Instrumen Keuangan: Pengakuan dan Pengukuran” dengan pendekatan kerugian kredit ekspektasian.

Ruang lingkup penurunan nilai

a) Aset keuangan dalam klasifikasi selain yang diukur pada nilai wajar melalui laba rugi

   1) Penurunan nilai atas aset keuangan pada biaya perolehan diamortisasi diakui sebagai pengurang dari nilai tercatat aset di dalam laporan posisi keuangan konsolidasian, dan diakui di dalam laporan laba rugi konsolidasian sebagai "Beban Pembentukan Cadangan Kerugian Penurunan Nilai".

   2) Penurunan nilai atas aset keuangan (di luar instrumen ekuitas) yang diukur pada nilai wajar melalui penghasilan komprehensif lain diakui sebagai penambah dari penghasilan komprehensif lainnya di dalam laporan posisi keuangan konsolidasian (tidak mengurangi jumlah tercatat aset keuangan dalam laporan keuangan) sebagai "Keuntungan/Kerugian yang Belum Direalisasikan", dan diakui di dalam laporan laba rugi konsolidasian sebagai "Beban Pembentukan Cadangan kerugian penurunan nilai".

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

vii. Offsetting financial instruments *(continued)*

This means that the right to offset:

a. must not be contingent on a future event, and
b. must be legally enforceable in all of the following circumstances:
   i. the normal course of business;
   ii. the event of default; and
   iii. the event of insolvency or bankruptcy.

viii. Allowance for impairment losses of financial assets

The implementation of SFAS 109 "Financial Instruments" has changed the method of calculating impairment losses from the incurred loss approach in SFAS 239 "Financial Instruments: Recognition and Measurement" with the expected credit loss approach.

Scope of impairment

a) Financial assets in other than those measured at fair value through profit or loss

   1) Impairment of financial assets at amortised cost is recognised as a deduction from the asset's carrying amount in the consolidated statement of financial position, and recognised in the consolidated income statement as "Allowance for Impairment Losses".

   2) Impairment of financial assets (excluding equity instruments) measured at fair value through other comprehensive income is recognised as an addition to other comprehensive income in the consolidated statement of financial position (not reducing the carrying amount of financial assets in the financial statements) as "Unrealised Gain or Loss" and recognised in the consolidated income statement as "Allowance for Impairment Losses".

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

viii. Cadangan kerugian penurunan nilai aset keuangan (lanjutan)

Ruang lingkup penurunan nilai (lanjutan)

b) Komitmen Pinjaman atau Kelonggaran Tarik yang Sifatnya Tidak Dapat Dibatalkan (*Committed*)

1) Penurunan nilai atas komitmen pinjaman diakui sebagai provisi pada komponen liabilitas Bank yang dicatat secara terpisah dari aset pinjaman yang terkait sebagai "Estimasi kerugian atas komitmen dan kontijensi", kecuali Grup tidak dapat mengidentifikasi secara terpisah.

2) Dalam kondisi tersebut, penurunan nilai atas komitmen pinjaman dan aset pinjaman diakui bersama sebagai pengurang dari nilai tercatat aset di dalam laporan posisi keuangan konsolidasian.

c) Kontrak Jaminan Keuangan Penurunan nilai atas kontrak jaminan keuangan diakui sebagai provisi pada komponen liabilitas Bank sebagai "Estimasi kerugian atas komitmen dan kontinjensi".

Evaluasi penurunan nilai yang dilakukan secara periodik

Pada setiap tanggal laporan posisi keuangan konsolidasian, Grup mengevaluasi apakah terdapat peningkatan risiko kredit yang signifikan atau terdapat bukti objektif terjadinya penurunan nilai.

Kriteria yang digunakan oleh Grup untuk menentukan bukti objektif dari penurunan nilai adalah sebagai berikut:

a) Kesulitan keuangan signifikan yang dialami penerbit atau pihak peminjam;

b) Pelanggaran kontrak, seperti peristiwa gagal bayar atau peristiwa tunggakan bunga atau pokok;

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

viii. Allowance for impairment losses of financial assets *(continued)*

Scope of impairment *(continued)*

b) Loan Commitments or Committed Unused Loan Facilities

1) Impairment of loan commitments is recognised as provision for the Bank's liability component which is recorded separately from the related loan assets as "Estimated losses on commitments and contingencies", unless the Group cannot identify it separately.

2) In that case, the impairment of loan commitments and loan assets is recognised together as a deduction from the carrying amount of the assets in the consolidated statement of financial position.

c) Financial Guarantee Contract Impairment of financial guarantee contracts is recognised as a provision under the Bank's liability component as "Estimated losses on commitments and contingencies".

Periodic evaluation on impairment of financial assets

The Group assesses at each reporting date whether there is a significant increase in credit risk or objective evidence that a financial asset or group of financial assets is impaired.

The criteria that the Group uses to determine that there is objective evidence of impairment loss include:

a) Significant financial difficulty of the issuer or obligor;

b) A breach of contract, such as a default or delinquency in interest or principal payments;

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

viii. Cadangan kerugian penurunan nilai aset keuangan (lanjutan)

Evaluasi penurunan nilai yang dilakukan secara periodik (lanjutan)

Kriteria yang digunakan oleh Grup untuk menentukan bukti objektif dari penurunan nilai adalah sebagai berikut: (lanjutan)

c) Pihak pemberi pinjaman, untuk alasan ekonomi atau kontraktual sehubungan dengan kesulitan keuangan yang dialami pihak peminjam, telah memberikan konsesi pada pihak peminjam yang tidak mungkin diberikan jika pihak peminjam tidak mengalami kesulitan tersebut;

d) Terjadi kemungkinan bahwa pihak peminjam akan dinyatakan pailit atau melakukan reorganisasi keuangan lainnya;

e) Hilangnya pasar aktif dari aset keuangan akibat kesulitan keuangan; atau

f) Pembelian atau penerbitan aset keuangan dengan diskon sangat besar yang mencerminkan kerugian kredit yang terjadi.

Grup menggunakan kriteria tambahan untuk menentukan kualitas aset instrumen keuangan sesuai dengan Peraturan Otoritas Jasa Keuangan (POJK) No. 40/POJK.03/ 2019 tanggal 19 Desember 2019 tentang Penilaian Kualitas Aset Bank Umum.

Selanjutnya, Grup mengelompokkan aset keuangan berdasarkan hasil evaluasi tersebut yang mencerminkan tingkat risiko kredit aset keuangan.

a) *Stage* 1

Pada tanggal evaluasi penurunan nilai, risiko kredit atas instrumen keuangan tidak meningkat secara signifikan sejak pengakuan awal.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

viii. Allowance for impairment losses of financial assets *(continued)*

Periodic evaluation on impairment of financial assets *(continued)*

The criteria that the Group uses to determine that there is objective evidence of impairment loss include: (continued)

c) The lender, for economic or legal reasons relating to the borrower's financial difficulty, granting to the borrower a concession that the lender would not otherwise consider if the borrower is not having that financial difficulty;

d) There is a probability that the borrower will enter bankruptcy or other financial reorganisation;

e) The disappearance of an active market for that financial asset because of financial difficulties; or

f) Purchase or issuance of financial asset at significant discount which reflects the credit loss that occurs.

The Group uses additional criteria to determine the quality of financial instrument assets in accordance with the Financial Services Authority Regulation (POJK) No. 40/POJK.03/ 2019 dated 19 December 2019 regarding Asset Quality Assessment for Commercial Banks.

Furthermore, the Group classifies financial assets based on the evaluation results, which reflect the level of credit risk of the financial assets.

a) Stage 1

At the evaluation date of impairment, credit risk on financial instruments does not increase significantly since initial recognition.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

viii. Cadangan kerugian penurunan nilai aset keuangan (lanjutan)

Evaluasi penurunan nilai yang dilakukan secara periodik (lanjutan)

a) *Stage* 1 (lanjutan)

Hal ini dapat dibuktikan dengan terjadinya seluruh hal berikut, yaitu:

Untuk Jenis Aset Keuangan Non-Surat Berharga:
1) Tidak terdapat tunggakan pokok dan/atau bunga lebih dari 30 hari;
2) Instrumen keuangan memiliki kualitas 1 atau 2; dan
3) Tidak direstrukturisasi.

Aset Keuangan Surat Berharga:
1) Memiliki peringkat investasi;
2) Tidak terdapat tunggakan kupon dan/atau kewajiban lain yang sejenis; dan
3) Belum jatuh tempo.

Atas hal tersebut, Grup akan mengukur penyisihan kerugian untuk instrumen keuangan tersebut sejumlah kerugian kredit ekspektasian 12 bulan.

b) *Stage* 2

Pada tanggal evaluasi, risiko kredit atas instrumen keuangan telah meningkat secara signifikan sejak pengakuan awal yang dapat dibuktikan.

Untuk Jenis Aset Keuangan Non-Surat Berharga, dengan terjadi salah satu dari hal berikut:
1) Terdapat tunggakan pokok dan/atau bunga yang telah melebihi 30 hari sampai dengan 90 hari;
2) Instrumen keuangan memiliki kualitas 2; atau
3) Terjadi restrukturisasi atas aset keuangan yang tidak menyebabkan pengakuan aset yang berasal dari aset keuangan yang memburuk, di mana sebelum restrukturisasi aset berada pada *stage* 1 atau 2.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

viii. Allowance for impairment losses of financial assets *(continued)*

Periodic evaluation on impairment of financial assets *(continued)*

a) Stage 1 (continued)

This can be proven by the occurrence of all of the following, namely:

For Types of Non-Securities Financial Assets:
1) There are no arrears of principal and/or interest for more than 30 days;
2) The financial instrument has a collectability of 1 or 2; and
3) Not restructured.

Securities Financial Assets:
1) Having investment grade;
2) There are no arrears of coupons and/or other similar obligations; and
3) Not yet due.

For this reason, the Group will measure the allowance for impairment losses for the financial instrument at the amount of an expected credit loss for 12 months.

b) Stage 2

At the evaluation date, credit risk on financial instruments has increased significantly since initial recognition which can be proven.

For Types of Non-Securities Financial Assets, if one of the following occurs:

1) There are arrears of principal and/or interest more than 30 days to 90 days;
2) The financial instrument has a collectability of 2; or
3) There was a restructuring of financial assets that did not result in the recognition of assets originating from impaired financial assets, which before restructuring the assets were at stage 1 or 2.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

viii. Cadangan kerugian penurunan nilai aset keuangan (lanjutan)

Evaluasi penurunan nilai yang dilakukan secara periodik (lanjutan)

b) *Stage* 2 (lanjutan)

Untuk Jenis Aset Keuangan Surat Berharga:
1) Memiliki peringkat paling rendah 1 (satu) tingkat di bawah peringkat investasi;
2) Tidak terdapat tunggakan kupon dan/atau kewajiban lain yang sejenis; dan
3) Belum jatuh tempo.

Grup akan mengukur penyisihan kerugian untuk instrumen keuangan pada *stage* ini sejumlah kerugian kredit ekspektasian sepanjang umurnya.

c) *Stage* 3 *(Default)*

Pada tanggal evaluasi, terdapat bukti objektif bahwa aset keuangan mengalami penurunan nilai yang dapat dibuktikan.

Untuk Jenis Aset Keuangan Non-Surat Berharga, dengan terjadinya salah satu dari hal berikut, yaitu:
1) Terdapat tunggakan pokok dan/atau bunga lebih dari 90 hari;
2) Instrumen keuangan memiliki kualitas 3, 4, atau 5; atau
3) Terjadi restrukturisasi atas aset keuangan yang tidak menyebabkan pengakuan aset yang berasal dari aset keuangan yang memburuk, di mana sebelum restrukturisasi aset telah berada pada *stage* 3.

Untuk Jenis Aset Keuangan Surat Berharga:
1) Memiliki peringkat investasi, terdapat tunggakan kupon dan/atau kewajiban lain yang sejenis, dan belum jatuh tempo; atau
2) Kriteria lain yang tidak memenuhi kriteria pada *stage* 1 dan 2 untuk jenis aset keuangan surat berharga.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

viii. Allowance for impairment losses of financial assets *(continued)*

Periodic evaluation on impairment of financial assets *(continued)*

b) Stage 2 (continued)

For Types of Securities Financial Assets:

1) Has a rating of at least 1 (one) level below investment grade;

2) There are no arrears of coupons and/or other similar obligations; and

3) Not yet due.

At this stage, the Group will measure the allowance for impairment losses for the financial instrument at the amount of the expected credit losses over its lifetime.

c) Stage 3 (Default)

At the evaluation date, there is objective evidence that the financial asset is impaired which can be proven.

For Types of Non-Securities Financial Assets, if one of the following occurs:

1) There are arrears principal and/or interest of more than 90 days;
2) The financial instrument has a collectability of 3, 4, or 5; or
3) There was a restructuring of financial assets that did not result in the recognition of assets originating from impaired financial assets, where prior to restructuring the assets were at stage 3.

For Types of Securities Financial Assets:

1) Has an investment grade, has arrears of coupons and/or other similar obligations, and has not yet matured; or
2) Other criteria that do not meet the criteria on stage 1 and 2 for types of securities financial assets.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

viii. Cadangan kerugian penurunan nilai aset keuangan (lanjutan)

Evaluasi penurunan nilai yang dilakukan secara periodik (lanjutan)

c) *Stage* 3 *(Default)* (lanjutan)

Grup akan mengukur penyisihan kerugian untuk instrumen keuangan pada *stage* ini sejumlah kerugian kredit ekspektasian sepanjang umurnya.

Khusus untuk aset keuangan yang penurunan nilainya dievaluasi secara individual, Grup dapat menetapkan aset keuangan tersebut pada kelompok *stage* 3 (dari sebelumnya ada di kelompok *stage* 2), meskipun aset keuangan dimaksud belum memenuhi kriteria kelompok *stage* 3.

d) Aset yang Dibeli atau Berasal dari Aset Keuangan yang Memburuk

Kriteria aset yang dibeli sebagai aset keuangan memburuk

Aset keuangan yang dibeli dikelompokkan sebagai aset keuangan memburuk jika memenuhi kriteria berikut:
a. Hilangnya pasar aktif dari aset keuangan; atau
b. Pembelian aset keuangan dengan diskon sangat besar atau jauh di bawah harga par.

Kriteria dan pengukuran aset yang berasal dari aset keuangan memburuk

a. Aset keuangan yang dimodifikasi/ renegosiasi dan menghasilkan penghentian pengakuan aset keuangan dikelompokkan sebagai aset yang berasal dari aset keuangan memburuk jika memenuhi kriteria berikut:
   1. *Waive* atas tunggakan bunga termasuk dengan Tunggakan Bunga yang Dijadwalkan (TBYD) dan Bunga yang Ditangguhkan (BYDT) sebesar 100% (seratus persen); atau
   2. Kredit dikonversi menjadi penyertaan modal sementara.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

viii. Allowance for impairment losses of financial assets *(continued)*

Periodic evaluation on impairment of financial assets *(continued)*

c) Stage 3 (Default) (continued)

The Group will measure the allowance for losses for financial instruments at this stage at the amount of the expected credit losses over its lifetime.

Specifically for financial assets which impairment value is evaluated individually, the Group may designate these financial assets in the stage 3 group (from the previous stage 2 group), even though those financial assets do not meet the criteria for stage 3 group.

d) Purchased or Originated Credit-Impaired Financial Asset ("POCI")

The criteria for assets purchased as an impaired financial assets

A purchased financial asset is classified as an impaired financial asset if it meets the following criteria:
a. Loss of active market of financial assets; or
b. Purchase of financial assets at a very large discount or significant below par.

Criteria for assets originating from impaired financial assets

a. Financial assets that are modified/renegotiated resulting in derecognition of financial assets are classified as assets originating from impaired financial assets if they meet the following criteria:

   1. Waive on interest arrears including Scheduled Interest Arrears and Deferred Interest of 100% (one hundred percent); or

   2. Loans are converted into temporary equity participation (temporary investment in shares).

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

viii. Cadangan kerugian penurunan nilai aset keuangan (lanjutan)

Evaluasi penurunan nilai yang dilakukan secara periodik (lanjutan)

d) Aset yang Dibeli atau Berasal dari Aset Keuangan yang Memburuk (lanjutan)

Kriteria dan pengukuran aset yang berasal dari aset keuangan memburuk (lanjutan)

b. Pada tanggal pelaporan, Grup hanya mengakui perubahan kumulatif atas kerugian kredit ekspektasian sepanjang umurnya sejak pengakuan awal aset keuangan sebagai penyisihan kerugian atas aset keuangan yang dibeli atau yang berasal dari aset keuangan memburuk.
c. Pada setiap tanggal pelaporan, Grup mengakui dalam laba rugi jumlah perubahan kerugian kredit ekspektasian sepanjang umurnya sebagai keuntungan atau kerugian penurunan nilai.
d. Jika aset keuangan terbukti berdasarkan fakta atau informasi yang relevan bahwa aset keuangan membaik, maka Grup akan mencatat di laporan laba rugi sebagai pengurang "Beban Pembentukan Cadangan Kerugian Penurunan Nilai".
e. Jika kondisi aset keuangan terbukti memburuk, maka Grup akan mencatat di laporan laba rugi sebagai penambah "Beban Pembentukan Cadangan Kerugian Penurunan Nilai".

Grup menggunakan kriteria untuk menentukan kategori aset keuangan yang mengalami penurunan nilai berdasarkan pengelompokan tingkat risiko aset keuangan di atas. Aset keuangan pada kelompok *stage* 3 dan POCI merupakan aset keuangan yang mengalami penurunan nilai.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

viii. Allowance for impairment losses of financial assets *(continued)*

Periodic evaluation on impairment of financial assets *(continued)*

d) Purchased or Originated Credit-Impaired Financial Asset ("POCI") (continued)

Criteria for assets originating from impaired financial assets (continued)

b. At the reporting date, the Group recognizes only the cumulative changes in the lifetime expected credit losses since the initial recognition of the financial asset as an allowance for impairment losses on financial assets purchased or originating from impairment financial assets.

c. At each reporting date, the Group recognizes in profit or loss the amount of changes in lifetime expected credit losses as an impairment gain or loss.

d. If the financial assets are proven based on facts or relevant information that the financial assets are improving, the Group will recognize in the income statement as a deduction for "Allowance for Impairment Losses".

e. If the condition of the financial asset are proven to be impaired, the Group will recognize it in the income statement as an addition to "Allowance for Impairment Losses".

The Group uses criteria to determine the category of financial assets that have impaired based on the grouping of the risk levels of financial assets above. Financial assets in stage 3 group and POCI are financial assets that have impaired.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

viii. Cadangan kerugian penurunan nilai aset keuangan (lanjutan)

Metode penurunan nilai

Grup melakukan evaluasi penurunan nilai dengan metode sebagai berikut:

a. Metode Individual

Kriteria individual

Grup mengevaluasi penurunan nilai secara individual apabila Grup memiliki informasi yang wajar dan terdukung untuk mengukur kerugian kredit ekspektasian sepanjang umurnya pada instrumen secara individual dan aset keuangan memiliki kriteria sebagai berikut:

a. Aset keuangan per debitur memiliki nilai *outstanding* kumulatif lebih dari Rp25.000 (dua puluh lima miliar Rupiah);
b. Kredit segmen *Corporate*, Kelembagaan, *Financial Institutions*, *Commercial*, dan SME *Banking*; dan
c. Aset keuangan termasuk dalam kategori *stage* 2 akibat dari restrukturisasi, *stage* 3, atau POCI.

Grup juga dapat menetapkan aset keuangan untuk dievaluasi secara individual meskipun aset keuangan dimaksud belum memiliki kriteria untuk dievaluasi secara individual.

Jika aset keuangan terdapat bukti objektif penurunan nilai dari aset keuangan yang dievaluasi secara individual namun tidak terdapat kerugian penurunan nilai, maka aset keuangan tersebut tetap dimasukkan ke dalam klasifikasi aset keuangan yang akan dievaluasi penurunan nilainya secara individual. Namun, Grup membentuk cadangan kerugian penurunan nilai atas aset keuangan tersebut berdasarkan *probability of default* yang dihasilkan dari evaluasi penurunan nilai kredit secara kolektif.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

viii. Allowance for impairment losses of financial assets *(continued)*

Impairment method

The Group evaluates the impairment using the following methods:

a. Individual Method

Individual criteria

The Group evaluates impairment individually when the Group has reasonable and supportable information to measure the lifetime expected credit losses on an individual instrument and the financial assets have the following criteria:

a. Financial assets per debtor with a cumulative outstanding amount of more than Rp25,000 (twenty five billion Rupiah);
b. Loans for the Corporate, Institutional, Financial Institutions, Commercial, and SME Banking segments; and
c. Financial assets fall into the stage 2 category as a result of a restructuring, stage 3, or POCI.

The Group may also designate financial assets to be evaluated individually even though the financial assets have not yet meet criteria for individual evaluation.

If a financial asset has objective evidence of impairment from a financial asset that is evaluated individually but there is no impairment loss, the financial asset is still classified as a financial asset that will be assessed for impairment individually. However, the Group establishes allowance for impairment losses on these financial assets based on the probability of default resulting from a collective evaluation of loans impairment.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

viii. Cadangan kerugian penurunan nilai aset keuangan (lanjutan)

Metode penurunan nilai (lanjutan)

Grup melakukan evaluasi penurunan nilai dengan metode sebagai berikut: (lanjutan)

a. Metode Individual (lanjutan)

Evaluasi Penurunan Nilai

Evaluasi penurunan nilai secara individual didasarkan pada konsep estimasi jumlah probabilitas tertimbang kerugian aset keuangan. Konsep tersebut menggunakan pembobotan masing-masing dari 3 (tiga) skenario yaitu skenario optimis, skenario normal, dan skenario pesimis.

1. Optimis

Skenario dengan asumsi terdapat kenaikan atau ekspansi dalam perekonomian yang berakibat pada menguatnya nilai variabel seperti pertumbuhan ekonomi meningkat atau apresiasi nilai tukar.

2. Normal

Skenario yang memiliki peluang terbesar untuk terjadi dibandingkan 2 (dua) skenario lainnya. Nilai variabel dalam skenario *baseline* adalah hasil proyeksi dengan asumsi pergerakan ekonomi tanpa adanya peristiwa luar biasa, guncangan atau gejolak ekonomi.

3. Pesimis

Skenario dengan asumsi terdapat pelemahan atau kontraksi dalam perekonomian yang berakibat melemahnya nilai variabel seperti penurunan pertumbuhan ekonomi atau depresiasi nilai tukar.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

viii. Allowance for impairment losses of financial assets *(continued)*

Impairment method *(continued)*

The Group evaluates the impairment using the following methods: (continued)

a. Individual Method (continued)

Impairment Evaluation

Individual impairment evaluation is based on the concept of an estimated weighted probability of loss of financial assets. This concept uses the weighting of each of the 3 (three) scenarios, which are the optimistic scenario, the normal scenario, and the pessimistic scenario.

1. Optimistic

A scenario with the assumption that there is an increase or expansion in the economy which results in the strengthening of variable values such as increased economic growth or exchange rate appreciation.

2. Normal

The scenario that has the greatest chance of occurring compared to the other 2 (two) scenarios. The variable value in the baseline scenario is the projection result assuming economic movements without any extraordinary events, shocks or economic turmoil.

3. Pessimistic

Scenarios with the assumption that there is a weakening or contraction in the economy that results in weakening of variable values such as a decrease in economic growth or depreciation of the exchange rate.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

viii. Cadangan kerugian penurunan nilai aset keuangan (lanjutan)

Metode penurunan nilai (lanjutan)

Grup melakukan evaluasi penurunan nilai dengan metode sebagai berikut: (lanjutan)

a. Metode Individual (lanjutan)

Evaluasi Penurunan Nilai (lanjutan)

Setiap skenario menghasilkan nilai kini arus kas yang didiskontokan, di mana arus kas tersebut didasarkan pada seluruh informasi yang tersedia dengan *experienced credit judgement* serta mencerminkan seluruh informasi yang memperhatikan berbagai faktor seperti:

1. Kekuatan finansial dan kemampuan debitur untuk membayar kembali kewajiban.
2. Jenis dan jumlah agunan.
3. Ketersediaan garansi.
4. Prospek usaha nasabah di masa datang.
5. Probabilitas penjualan agunan.
6. Kerugian historis.
7. Faktor makroekonomi yang relevan.

Selisih estimasi jumlah probabilitas tertimbang dengan jumlah *outstanding* aset keuangan mencerminkan jumlah kerugian penurunan nilai individual.

Metode evaluasi penurunan nilai secara individual didasarkan pada 2 (dua) konsep, yaitu estimasi jumlah kerugian aset keuangan dan estimasi jumlah yang dapat diperoleh kembali.

Metode yang digunakan adalah *discounted cash flow* atau metode *fair value of collateral.* Bank menggunakan metode *fair value of collateral* sebagai arus kas masa datang apabila memenuhi salah satu kondisi berikut:

1. Kredit bersifat *collateral dependent*, yaitu jika pelunasan kredit hanya bersumber dari agunan;
2. Sulit untuk menentukan jumlah dan waktu penerimaan estimasi arus kas yang berasal dari pokok kredit dan/atau bunga dengan andal; dan/atau

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

viii. Allowance for impairment losses of financial assets *(continued)*

Impairment method *(continued)*

The Group evaluates the impairment using the following methods: (continued)

a. Individual Method (continued)

Impairment Evaluation (continued)

Each scenario provides a discounted present value of cash flows, where the cash flows are based on all available information with experienced credit judgment and reflect all information that takes into account various factors such as:

1. *Financial strength and the debtor's repayment capacity.*
2. *Type and amount of collateral.*
3. *Availability of warranty.*
4. *Customers' future business prospects.*
5. *Probability of collateral sale.*
6. *Historical losses.*
7. *Relevant macroeconomic factors.*

The difference between the weighted probability and the total outstanding of financial assets reflects the amount of the individual impairment loss.

The individual impairment evaluation method is based on 2 (two) concepts, which are the estimated amount of loss on financial assets and the estimated amount that can be recovered.

The method used are discounted cash flow or fair value of collateral method. The Bank uses the fair value of collateral method as future cash flows if it meets one of the following conditions:

1. *Loans is collateral dependent, if loans repayment source only from collateral;*
2. *It is difficult to reliably determine the amount and timing of receipt of the estimated cash flow from loan principal and/or interest; and/or*

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

viii. Cadangan kerugian penurunan nilai aset keuangan (lanjutan)

Metode penurunan nilai (lanjutan)

Grup melakukan evaluasi penurunan nilai dengan metode sebagai berikut: (lanjutan)

a. Metode Individual (lanjutan)

Evaluasi Penurunan Nilai (lanjutan)

Metode yang digunakan adalah *discounted cash flow* atau metode *fair value of collateral.* Bank menggunakan metode *fair value of collateral* sebagai arus kas masa datang apabila memenuhi salah satu kondisi berikut: (lanjutan)

3. Pengambilalihan agunan kemungkinan besar terjadi dan didukung dengan aspek legal pengikatan agunan.

b. Metode Kolektif

Kriteria Kolektif

Bank mengevaluasi penurunan nilai secara kolektif apabila aset keuangan memiliki kesamaan dalam karakteristik risiko aset keuangan dengan tujuan untuk memfasilitasi analisis yang didesain untuk memungkinkan peningkatan risiko kredit secara signifikan dapat diidentifikasi tepat waktu.

Kriteria aset keuangan yang dievaluasi secara kolektif adalah sebagai berikut:

1. Aset keuangan per debitur merupakan aset keuangan *non-performing* atau memiliki *days past due* > 90 hari dan memiliki nilai kumulatif sebesar ⩽ Rp25.000 (dua puluh lima milyar rupiah) untuk Segmen *Corporate*, Kelembagaan, *Financial Institutions*, *Commercial* dan SME *Banking*;
2. Aset keuangan *performing* atau memiliki *days past due* ⩽ 90 hari dan tidak direstrukturisasi untuk segmen *Corporate*, Kelembagaan, *Financial Institutions*, *Commercial* dan SME *Banking*; dan
3. Seluruh kredit segmen *Micro Banking* dan *Consumer*.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

viii. Allowance for impairment losses of financial assets *(continued)*

Impairment method *(continued)*

The Group evaluates the impairment using the following methods: (continued)

a. Individual Method (continued)

Impairment Evaluation (continued)

The method used are discounted cash flow or fair value of collateral method. The Bank uses the fair value of collateral method as future cash flows if it meets one of the following conditions: (continued)

3. Foreclosure of collateral is likely to occur and is supported by legal binding aspects of collateral.

b. Collective Method

Collective Criteria

The Bank assesses impairment collectively if the financial assets share the same risk characteristics of the financial assets with the purpose of facilitating analysis which is designed to allows a significant increase in credit risk to be identified in a timely manner.

The criteria for financial assets that are evaluated collectively are as follows:

1. Financial assets per debtor are non-performing financial assets or have days past due > 90 days and have a cumulative value of ⩽ Rp25,000 (twenty five billion rupiah) for the Corporate, Institutional, Financial Institutions, Commercial, and SME Banking segments;
2. Performing financial assets or having days past due ⩽ 90 days and were not restructured for the Corporate, Institutional, Financial Institutions, Commercial, and SME Banking segments; and
3. All loans in the Micro Banking and Consumer segments.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

viii. Cadangan kerugian penurunan nilai aset keuangan (lanjutan)

Metode penurunan nilai (lanjutan)

Grup melakukan evaluasi penurunan nilai dengan metode sebagai berikut: (lanjutan)

b. Metode Kolektif (lanjutan)

Kriteria Kolektif (lanjutan)

Secara garis besar, seluruh portofolio kredit yang evaluasi penurunan nilainya tidak dihitung menggunakan metode individual, akan dievaluasi menggunakan metode kolektif.

Evaluasi Penurunan Nilai

Evaluasi penurunan nilai secara kolektif didasarkan pada konsep *Probability of Default* (PD), *Loss Given Default* (LGD) dan *Exposure at Default* (EAD) yang mempertimbangkan informasi masa lalu, terkini, dan masa mendatang.

a. *Probability of Default*

Bank menggunakan metode *Basel, Vasicek, Roll Rate Transition Matrix* maupun pendekatan lainnya dalam menentukan nilai PD dari setiap debitur.

Metode *Basel* dilakukan dengan menentukan hubungan antara PD suatu debitur dengan karakteristik internal dari debitur yang bersangkutan. Model Basel yang telah didapatkan digunakan sebagai dasar penentuan nilai PD dari setiap debitur.

Metode *Vasicek* adalah metode penentuan PD menggunakan formula korelasi aset yang telah ditentukan oleh *Basel Committee*.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

viii. Allowance for impairment losses of financial assets *(continued)*

Impairment method *(continued)*

The Group evaluates the impairment using the following methods: (continued)

b. Collective Method (continued)

Collective Criteria (continued)

In general, all loan portfolios for which impairment evaluation is not calculated using the individual method will be evaluated using the collective method.

Impairment Evaluation

The evaluation of collective impairment is based on the concepts of Probability of Default (PD), Loss Given Default (LGD), and Exposure at Default (EAD) which consider past, current, and future information.

a. Probability of Default

The Bank uses the Basel, Vasicek, Roll Rate Transition Matrix, and other approaches in determining the PD value of each debtor.

The Basel method is performed by determining the relationship between a debtor's PD with the internal characteristics of that debtor. The Basel model that has been obtained is used as the basis for determining the PD value of each debtor.

The Vasicek method is a method of determining PD using the asset correlation formula that has been determined by the Basel Committee.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

viii. Cadangan kerugian penurunan nilai aset keuangan (lanjutan)

Metode penurunan nilai (lanjutan)

Grup melakukan evaluasi penurunan nilai dengan metode sebagai berikut: (lanjutan)

b. Metode Kolektif (lanjutan)

Evaluasi Penurunan Nilai (lanjutan)

a. *Probability of Default (lanjutan)*

Metode *Roll Rate Transition Matrix* menggunakan *historical transition bucket* PD. *Bucket* PD yang digunakan dalam perhitungan *historical* adalah sebagai berikut:
1. *Bucket* 1: Lancar
2. *Bucket* 2: 1-30 *days past due* (dpd)
3. *Bucket* 3: 31-60 dpd
4. *Bucket* 4: 61-90 dpd
5. *Bucket* 5: > 90 dpd

PD *Forward-Looking Macro Adjustment* adalah metode yang digunakan untuk menentukan nilai PD *forward looking* dari pendekatan baik *Basel* maupun *Roll Rate* berdasarkan hubungan historis antara makro ekonomi dengan nilai PD Bank

b. *Loss Given Default*

Bank menggunakan metode *Basel* dan *Historical* dalam menentukan nilai LGD dari setiap debitur. LGD menggambarkan persentase nominal fasilitas yang tidak akan dapat dipulihkan oleh Bank terhadap debitur *default*. LGD biasa dihitung dengan formula 1-*Recovery Rate*. *Recovery rate* dihitung mempertimbangkan *Time Value of Money* dari pengembalian kewajiban yang telah default. Tingkat suku bunga yang digunakan untuk menghitung *Time Value of Money* dari *Recovery* adalah *Effective Interest Rate* (EIR).

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

viii. Allowance for impairment losses of financial assets *(continued)*

Impairment method *(continued)*

The Group evaluates the impairment using the following methods: (continued)

b. Collective Method (continued)

Impairment Evaluation (continued)

a. Probability of Default (continued)

The Roll Rate Transition Matrix method uses the historical transition bucket PD. PD buckets used in historical calculations are as follows:

1. Bucket 1: Current
2. Bucket 2: 1-30 days past due (dpd)
3. Bucket 3: 31-60 dpd
4. Bucket 4: 61-90 dpd
5. Bucket 5: > 90 dpd

PD Forward-Looking Macro Adjustment is a method used to determine the forward looking PD value of both Basel and Roll Rate approaches based on the historical relationship between the macro economy and the PD value of the Bank.

b. Loss Given Default

The Bank uses Basel and Historical methods in determining the LGD value of each debtor. LGD describes the nominal percentage of the facility that the Bank will not be able to recover against the default debtor. Regular LGD is calculated with formula 1-Recovery Rate. The recovery rate is calculated by considering the Time Value of Money from the recovery of the default obligation. The interest rate used to calculate the Time Value of Money of Recovery is the Effective Interest Rate (EIR).

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

viii. Cadangan kerugian penurunan nilai aset keuangan (lanjutan)

Metode penurunan nilai (lanjutan)

Grup melakukan evaluasi penurunan nilai dengan metode sebagai berikut: (lanjutan)

b. Metode Kolektif (lanjutan)

Evaluasi Penurunan Nilai (lanjutan)

b. *Loss Given Default* (lanjutan)

Metode *Basel* dilakukan dengan menentukan hubungan antara LGD suatu debitur dengan karakteristik internal dari debitur yang bersangkutan. Model Basel yang telah didapatkan digunakan sebagai dasar penentuan nilai LGD dari setiap debitur.

Metode *Historical* dilakukan dengan menghitung rata-rata nilai LGD dalam periode jangka panjang pada segmen yang dimaksud.

Forward-Looking Macro Adjustment pada LGD adalah metode yang digunakan untuk menentukan nilai LGD *forward looking* berdasarkan hubungan historis antara makroekonomi dengan nilai LGD Bank. Jika tidak didapatkan hubungan antara makroekonomi dengan nilai LGD Bank, maka Bank tidak dapat menggunakan *Forward-Looking* dalam penentuan nilai LGD.

c. *Exposure at Default*

Dalam menentukan nilai EAD dari setiap debitur, Bank menggunakan metode *Basel*, *Prepayment Rate* dan *Expected Lifetime*. EAD menggambarkan *exposure* yang akan ditanggung Bank jika terdapat debitur yang *default*.

Metode *Basel* dalam perhitungan EAD dilakukan dengan menentukan hubungan antara EAD suatu debitur dengan karakteristik internal dari debitur yang bersangkutan.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

viii. Allowance for impairment losses of financial assets *(continued)*

Impairment method *(continued)*

The Group evaluates the impairment using the following methods: (continued)

b. Collective Method (continued)

Impairment Evaluation (continued)

b. Loss Given Default (continued)

The Basel method is carried out by determining the relationship between a debtor's LGD and the internal characteristics of the debtor concerned. The Basel model that has been obtained is used as the basis for determining the LGD value of each debtor.

Historical method is done by calculating the average value of LGD in the long term observation period in the respective segment.

Forward-Looking Macro Adjustment in LGD is a method used to determine the forward looking LGD value based on the historical relationship between macroeconomics and the Bank's LGD value. If there is no relationship between macroeconomics and the Bank's LGD value, the Bank may not use Forward-Looking in determining the LGD value.

c. Exposure at Default

In determining the EAD value of each debtor, the Bank uses the Basel, Prepayment Rate, and Expected Lifetime method. EAD describes the exposure that will be borne by the Bank if there is a debtor become defaults.

The Basel method in calculating EAD is performed by determining the relationship between a debtor's EAD and the internal characteristics of the respective debtor.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

viii. Cadangan kerugian penurunan nilai aset keuangan (lanjutan)

Metode penurunan nilai (lanjutan)

Grup melakukan evaluasi penurunan nilai dengan metode sebagai berikut: (lanjutan)

b. Metode Kolektif (lanjutan)

Evaluasi Penurunan Nilai (lanjutan)

c. *Exposure at Default* (lanjutan)

Metode *Prepayment Rate* ialah metode yang mempelajari *behaviour* dari tingkat pembayaran debitur yang lebih besar dibandingkan dengan besaran pembayaran fasilitas yang telah dijadwalkan.

Metode *Expected Lifetime* ialah metode yang mempelajari *behaviour* dari tingkat penyelesaian fasilitas (lunas atau hapus buku) debitur dibandingkan dengan jadwal penyelesaian fasilitas.

d. *Expected Credit Loss*

Secara umum formula untuk menghitung ECL secara kolektif adalah pengkalian antara *Probability of Default*, *Loss Given Default*, dan *Exposure at Default*.

Dalam menghitung besarnya cadangan kerugian penurunan nilai kolektif, Bank menggunakan nilai saldo rekening kredit dari yang penurunan nilainya dievaluasi secara kolektif.

Metode perhitungan pada masing-masing *stage* adalah sebagai berikut:
1. *Stage* 1: 12-*months* ECL
2. *Stage* 2: *Lifetime* ECL
3. *Stage* 3: *Lifetime* ECL

Perhitungan cadangan kerugian penurunan nilai sesuai pada masing-masing *stage* sesuai pada karakteristik *staging*.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

viii. Allowance for impairment losses of financial assets *(continued)*

Impairment method *(continued)*

The Group evaluates the impairment using the following methods: (continued)

b. Collective Method (continued)

Impairment Evaluation (continued)

c. Exposure at Default (continued)

The Prepayment Rate method is a method that studies the behavior of the debtor's payment rate that is bigger than the scheduled facility payment amount.

The Expected Lifetime method is a method that studies the behavior of the debtor's level of settlement (paid off or write off) compared to the facility settlement schedule.

d. Expected Credit Loss

In general, the formula for calculating collective ECL is the multiplication of Probability of Default, Loss Given Default, and Exposure at Default.

In calculating the amount of collective impairment, the Bank uses the loan carrying value which the impairment value is assessed collectively.

The calculation method for each stage is as follows:
1. *Stage 1: 12-months ECL*
2. *Stage 2: Lifetime ECL*
3. *Stage 3: Lifetime ECL*

Calculation of impairment is done for each stage according to the characteristics of the staging.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

viii. Cadangan kerugian penurunan nilai aset keuangan (lanjutan)

Metode penurunan nilai (lanjutan)

Grup melakukan evaluasi penurunan nilai dengan metode sebagai berikut: (lanjutan)

b. Metode Kolektif (lanjutan)

Evaluasi Penurunan Nilai (lanjutan)

d. *Expected Credit Loss* (lanjutan)

12-*Months* ECL adalah perhitungan kerugian ekspektasian yang dihitung untuk 1 tahun ke depan.

ECL-*Lifetime* adalah perhitungan kerugian ekspektasian yang dihitung untuk sisa tenor fasilitas.

Dalam perhitungan ECL setiap tahun menggunakan *discount factor* dengan formula yang Grup telah rumuskan.

Probability weighted dalam perhitungan cadangan kerugian penurunan nilai telah ditentukan oleh Grup mencakup persentase skenario optimis, normal, dan pesimis.

Total rata-rata tertimbang atas estimasi arus kas dimaksud menjadi pengurang atas nilai tercatat kredit yang di mana selisihnya akan menjadi cadangan kerugian penurunan nilai kredit.

Pendapatan bunga sebelum dan sesudah penurunan nilai

Sebelum terjadinya penurunan nilai (*stage* 1 dan 2), pendapatan bunga dihitung menggunakan metode bunga efektif yaitu dengan menerapkan suku bunga efektif atas jumlah tercatat bruto aset keuangan kecuali untuk aset keuangan yang dibeli atau yang berasal dari aset keuangan memburuk.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

viii. Allowance for impairment losses of financial assets *(continued)*

Impairment method *(continued)*

The Group evaluates the impairment using the following methods: (continued)

b. Collective Method (continued)

Impairment Evaluation (continued)

d. Expected Credit Loss (continued)

12-Months ECL is the calculation of the expected loss for the next 1 year.

ECL-Lifetime is the calculation of the expected loss which is calculated for the remaining tenor of the facility.

Every year in calculating the ECL uses the discount factor based on formula that the Group has formulated.

The probability weighted in the calculation of impairment has been determined by the Group which includes the percentage of optimistic, normal, and pessimistic scenarios.

The total weighted of the estimated cash flow becomes a deduction from the carrying amount of the loans, where the difference will be the allowance for impairment on loans.

Interest income before and after impairment

Prior to impairment (stage 1 and 2), interest income is calculated using the effective interest method, by applying an effective interest rate to the gross carrying amount of financial assets except for financial assets purchased or originated from impaired financial assets.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

viii. Cadangan kerugian penurunan nilai aset keuangan (lanjutan)

Pendapatan bunga sebelum dan sesudah penurunan nilai (lanjutan)

Pendapatan bunga dari aset keuangan yang mengalami penurunan nilai (*stage* 3 atau POCI) dilakukan dengan menerapkan suku bunga efektif atas jumlah tercatat neto aset keuangan yaitu jumlah saldo setelah dikurangi dengan kerugian akibat penurunan nilai untuk:

a) Aset Keuangan yang Dibeli atau Berasal dari Aset Keuangan Memburuk ("POCI")

Untuk aset keuangan tersebut, Grup menerapkan suku bunga efektif yang disesuaikan dengan risiko kredit atas biaya perolehan diamortisasi dari aset keuangan sejak pengakuan awal.

b) *Stage* 3

Untuk aset keuangan tersebut, Grup menerapkan suku bunga efektif atas biaya perolehan diamortisasi dari aset keuangan di periode pelaporan, yaitu nilai yang telah dikurangi kerugian akibat penurunan nilai.

Pendapatan bunga selanjutnya diakui atas dasar suku bunga yang digunakan untuk mendiskonto arus kas masa depan dalam pengukuran kerugian penurunan nilai atau yang disebut dengan *unwinding interest*.

Penyisihan kerugian aset produktif Entitas Anak berbasis syariah

Sejak tanggal 1 Januari 2026

Sejak tanggal 1 Januari 2026, Entitas Anak sampai dengan tanggal 31 Januari 2026, melakukan penerapan dini PSAK 413, dalam mengukur kerugian penurunan nilai atas aset keuangan syariah yang memiliki hak kontraktual untuk menerima arus kas dengan jumlah dan waktu yang telah ditentukan.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

viii. Allowance for impairment losses of financial assets *(continued)*

Interest income before and after impairment *(continued)*

Interest income from impaired financial assets (stage 3 or POCI) is calculated by applying an effective interest rate on the net carrying amount of financial assets, which is the outstanding amount after deducting losses due to impairment for:

a) Financial Assets Purchased or Originated Credit-Impaired Financial Assets ("POCI")

For these financial assets, the Group applies a risk-adjusted effective interest rate on the amortised cost of the financial assets since initial recognition.

b) Stage 3

For these financial assets, the Group applies an effective interest rate on the amortised cost of financial assets in the reporting period, which is the amount that has been reduced by any impairment losses.

Interest income is subsequently recognised based on of the interest rate used to discount future cash flows in measuring impairment losses or what is known as unwinding interest.

Allowance for possible losses on earning assets of Subsidiary based on sharia

Since 1 January 2026

Effective 1 January 2026, the Subsidiary, until 31 January 2026, early adopted SFAS 413 in measuring impairment losses on sharia financial assets that have contractual rights to receive cash flows with specified amounts and timing.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

viii. Cadangan kerugian penurunan nilai aset keuangan (lanjutan)

Penyisihan kerugian aset produktif Entitas Anak berbasis syariah (lanjutan)

Sejak tanggal 1 Januari 2026 (lanjutan)

Penerapan PSAK 413 "Penurunan Nilai" telah menggunakan konsep ekspektasi kerugian yang mensyaratkan pembentukan penyisihan untuk ekspektasi kerugian penurunan nilai. Perhitungannya mencerminkan jumlah tidak bias dan probabilitas tertimbang dan informasi wajar dan tersokong, serta tidak mencerminkan nilai waktu atas uang.

Aset produktif terdiri dari giro dan penempatan pada Bank Indonesia dalam bentuk Sertifikat Bank Indonesia Syariah (SBIS), Fasilitas Simpanan Bank Indonesia Syariah (FASBIS), Tagihan *Reverse Repo* SBSN BI, *Term Deposit* Valas Syariah BI, giro pada bank syariah lain, penempatan pada bank syariah lain, investasi pada surat berharga, penyertaan modal sementara, piutang *murabahah*, pembiayaan *musyarakah* dan *Mudharabah* dan pembiayaan syariah lainnya (termasuk pinjaman *qardh*), dan komitmen dan kontinjensi yang memiliki risiko kredit seperti bank garansi dan *letter of credit* ("LC") yang tidak dapat dibatalkan dan *standby letter of credit.*

Penurunan nilai diukur menggunakan model ekspektasi kerugian (*expected credit loss*/ECL), yang mencerminkan estimasi kerugian kredit secara tidak bias dan berbasis probabilitas, dengan mempertimbangkan informasi masa lalu, kondisi saat ini, serta estimasi kondisi ekonomi masa depan. Dalam PSAK 413, pengukuran kerugian tidak mempertimbangkan nilai waktu atas uang sehingga arus kas masa depan tidak didiskontokan.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

viii. Allowance for impairment losses of financial assets *(continued)*

Allowance for possible losses on earning assets of Subsidiary based on sharia *(continued)*

Since 1 January 2026 (continued)

The implementation of SFAS 413 "Impairment" adopts an expected loss concept which requires the recognition of an allowance for expected impairment losses. The calculation reflects an unbiased and probability-weighted amount and reasonable and supportable information, and does not reflect the time value of money.

Earning assets consist of current account and placements with Bank Indonesia in the form of Bank Indonesia Sharia Certificate (Sertifikat Bank Indonesia Syariah (SBIS)), Bank Indonesia Sharia Deposit Facility (Fasilitas Simpanan Bank Indonesia Syariah (FASBIS)), Reverse Repo Receivables State Sharia Certificates (Surat Berharga Syariah Negara (SBSN)) BI, Term Deposit Foreign Currency Sharia BI, current accounts with other sharia banks, placement with other sharia banks, investment in marketable securities, temporary equity participation, murabahah receivables, musyarakah and Mudharabah financing and other sharia financing (including funds of qardh), and commitments and contingencies with credit risk, such as bank guarantees, irrevocable letter of credit ("LC") and standby letter of credit.

Impairment is measured using the expected credit loss (ECL) model, which reflects an unbiased and probability-weighted estimate of credit losses, by considering past events, current conditions, and estimates of future economic conditions. Under SFAS 413, impairment measurement does not consider the time value of money, therefore future cash flows are not discounted.

Penyisihan kerugian aset produktif Entitas Anak berbasis syariah (lanjutan)

Sejak tanggal 1 Januari 2026 (lanjutan)

Pengukuran ECL dilakukan secara individual maupun kolektif berdasarkan kesamaan karakteristik risiko kredit, dengan mempertimbangkan parameter utama seperti *probability of default* (PD), *loss given default* (LGD), dan *exposure at default* (EAD), termasuk mempertimbangkan nilai agunan.

Kerugian penurunan nilai dan pembalikannya diakui dalam laporan laba rugi, kecuali untuk aset keuangan syariah yang diukur pada nilai wajar melalui penghasilan komprehensif lain (FVOCI), di mana dampaknya diakui dalam penghasilan komprehensif lain tanpa mengurangi nilai tercatat aset.

Bank menetapkan definisi gagal bayar (*default*) yang konsisten dengan kebijakan manajemen risiko internal, termasuk indikator kuantitatif seperti tunggakan pembayaran dan indikator kualitatif lainnya.

Sejak tanggal 1 Januari 2026, PT Bank Syariah Indonesia (Persero) Tbk (BSI), Entitas Anak sampai dengan tanggal 31 Januari 2026, melakukan penerapan dini PSAK 413 dan dampak penerapan awal diakui sebagai penyesuaian terhadap saldo laba awal.

Sebelum tanggal 1 Januari 2026

Cadangan kerugian penurunan nilai atas piutang *murabahah* yang dinilai secara kolektif dihitung berdasarkan PSAK 402 "Akuntansi *Murabahah*" dan ISAK 402 "Penurunan Nilai Piutang *Murabahah*".

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

viii. Allowance for impairment losses of financial assets *(continued)*

Allowance for possible losses on earning assets of Subsidiary based on sharia *(continued)*

Since 1 January 2026 (continued)

ECL is measured on an individual and collective basis based on similar credit risk characteristics, by considering key parameters such as probability of default (PD), loss given default (LGD), and exposure at default (EAD), including consideration of collateral.

Impairment losses and reversals are recognised in profit or loss, except for sharia financial assets measured at fair value through other comprehensive income (FVOCI), where the impact is recognised in other comprehensive income without reducing the carrying amount of the assets.

The Bank determines the definition of default in accordance with its internal risk management policies, including quantitative indicators such as past due status and other qualitative indicators.

Effective 1 January 2026, PT Bank Syariah Indonesia (Persero) Tbk (BSI), a Subsidiary, until 31 January 2026, early adopted SFAS 413 and the impact of the initial application is recognised as an adjustment to opening retained earnings.

Before 1 January 2026

Allowance for impairment losses on murabahah receivable is calculated based on collective method according to SFAS 402 "Accounting for Murabahah" and Interpretation of Financial Accounting Standard ("IFAS") 402 "Impairment Loss for Murabahah Receivables".

Penyisihan kerugian aset produktif Entitas Anak berbasis syariah (lanjutan)

Sebelum tanggal 1 Januari 2026 (lanjutan)

Pedoman pembentukan penyisihan kerugian aset produktif berdasarkan POJK tersebut adalah sebagai berikut:

1. Cadangan umum, sekurang-kurangnya sebesar 1% dari aset produktif yang digolongkan lancar, tidak termasuk SBIS dan surat berharga yang diterbitkan pemerintah berdasarkan prinsip syariah, serta bagian aset produktif yang dijamin dengan jaminan pemerintah dan agunan tunai berupa giro, tabungan, deposito, setoran jaminan, dan/atau emas yang diblokir dan disertai dengan surat kuasa pencairan.

2. Cadangan khusus, sekurang-kurangnya sebesar:
   - 5% dari aset produktif yang digolongkan Dalam Perhatian Khusus setelah dikurangi nilai agunan;
   - 15% dari aset produktif yang digolongkan Kurang Lancar setelah dikurangi nilai agunan;
   - 50% dari aset produktif yang digolongkan Diragukan setelah dikurangi nilai agunan; dan
   - 100% dari aset produktif yang digolongkan Macet setelah dikurangi nilai agunan.

3. Kewajiban untuk membentuk penyisihan kerugian aset produktif tidak berlaku bagi aset produktif untuk transaksi sewa dengan perpindahan hak milik berupa akad *ijarah* atau *ijarah muntahiyah bittamlik*. Entitas Anak wajib membentuk penyusutan/amortisasi terhadap aset *ijarah muntahiyah bittamlik*.

c. Financial instruments *(continued)*

viii. Allowance for impairment losses of financial assets *(continued)*

Allowance for possible losses on earning assets of Subsidiary based on sharia *(continued)*

Before 1 January 2026 (continued)

The guidelines for the establishment of allowance for impairment losses on earning assets based on the aforementioned FSA Regulation are as follows:

1. General reserve, shall be at least 1% of total earning assets classified as current, excluding Bank Indonesia Sharia Certificates and debt securities issued by the Government based on sharia principles, and part of earning assets guaranteed by government and cash collateral in the form of demand deposits, saving deposits, time deposits, guarantee deposits, and/or gold which are pledged and accompanied with the power of attorney to liquidate.

2. Special reserve shall be at least:
   - *5% of earning assets classified as Special Mention after deducting collateral value;*
   - *15% of earning assets classified as Substandard after deducting collateral value;*
   - *50% of earning assets classified as Doubtful after deducting collateral value; and*
   - *100% of earning assets classified as Loss after deducting collateral value.*

3. The requirement to establish allowance for impairment losses shall not be applicable for earning assets under leasing transactions in the form of ijarah or ijarah muntahiyah bittamlik. The Subsidiary is required to depreciate/ amortize the assets of ijarah muntahiyah bittamlik.

c. Instrumen keuangan (lanjutan)

viii. Cadangan kerugian penurunan nilai aset keuangan (lanjutan)

Penyisihan kerugian aset produktif Entitas Anak berbasis syariah (lanjutan)

Sebelum tanggal 1 Januari 2026 (lanjutan)

Khusus untuk kualitas surat berharga dan penempatan pada Entitas Anak ditetapkan menjadi 3 (tiga) golongan yaitu lancar, kurang lancar dan macet. Sedangkan untuk kualitas penyertaan modal kualitasnya ditetapkan menjadi 4 (empat) golongan yaitu lancar, kurang lancar, diragukan dan macet.

Untuk *Murabahah*, Entitas Anak mengevaluasi apakah terdapat bukti objektif bahwa aset keuangan atau kelompok aset keuangan mengalami penurunan nilai. Aset keuangan atau kelompok aset keuangan diturunkan nilainya dan kerugian penurunan nilai telah terjadi hanya jika, terdapat bukti objektif mengenai penurunan nilai tersebut sebagai akibat dari satu atau lebih peristiwa yang terjadi setelah pengakuan awal tersebut (peristiwa yang merugikan), yang berdampak pada estimasi arus kas masa depan atas aset keuangan atau kelompok aset yang dapat diestimasi secara andal.

Cadangan kerugian penurunan nilai atas piutang *murabahah* yang dinilai secara kolektif dihitung berdasarkan PSAK 239 "Instrumen Keuangan: Pengakuan dan Pengukuran".

Sesuai dengan PSAK 402 "Akuntansi *Murabahah*" dan Pedoman Akuntansi Perbankan Syariah Indonesia (PAPSI), Entitas Anak menghitung CKPN individual untuk piutang murabahah sesuai dengan ketentuan di ISAK 402 "Penurunan Nilai Piutang *Murabahah*".

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

viii. Allowance for impairment losses of financial assets *(continued)*

Allowance for possible losses on earning assets of Subsidiary based on sharia *(continued)*

Before 1 January 2026 (continued)

For marketable securities and placements to the Subsidiary, the collectability is classified into 3 (three) categories: current, substandard, and loss. collectabilty of investment in shares is determined into 4 (four) categories: current, substandard, doubtful and loss.

For Murabahah, the Subsidiary evaluates whether there is an objective evidence that the financial assets or group of financial assets are impaired. The financial assets or group of financial assets are impaired and the impairment loss occurred only if there is an objective evidence regarding the impairment as a result of one or more events that occurred after initial recognition which impacts the estimated future cash flows that can be reliably estimated.

The allowance for impairment on murabahah receivables is calculated using collective assessment according to SFAS 239 "Financial Instruments: Recognition and Measurement".

In accordance with SFAS 402 "Accounting for Murabahah" and Indonesia Sharia Banking Accounting Guidelines (PAPSI), the Subsidiary calculates individual allowance for impairment losses for murabahah receivables in accordance with IFAS 402 "Impairment of Murabahah Receivables".

c. Instrumen keuangan (lanjutan)

viii. Cadangan kerugian penurunan nilai aset keuangan (lanjutan)

Penyisihan kerugian aset produktif Entitas Anak berbasis syariah (lanjutan)

Sebelum tanggal 1 Januari 2026 (lanjutan)

Entitas Anak menetapkan piutang *murabahah* yang harus dievaluasi penurunan nilainya secara individual, jika memenuhi salah satu kriteria di bawah ini:
1) Piutang *murabahah* memiliki kolektibilitas kurang lancar, diragukan dan macet, dan memiliki saldo nilai piutang secara individual di atas atau sama dengan Rp10.000; dan
2) Piutang *murabahah* yang direstrukturisasi atau pernah direstrukturisasi dan yang secara individual memiliki saldo nilai piutang di atas Rp10.000.

Entitas Anak menetapkan piutang *murabahah* yang harus dievaluasi penurunan nilainya secara kolektif, jika memenuhi salah satu kriteria di bawah ini:
1) Piutang *murabahah* yang secara individual memiliki nilai signifikan namun tidak memiliki bukti objektif penurunan nilai;
2) Piutang *murabahah* yang secara individual memiliki nilai tidak signifikan; dan
3) Piutang murabahah yang direstrukturisasi yang secara individual memiliki nilai tidak signifikan.

Perhitungan cadangan kerugian penurunan nilai atas aset keuangan yang dinilai secara kolektif dikelompokkan berdasarkan karakteristik risiko piutang yang sama dengan mempertimbangkan segmentasi piutang berdasarkan pengalaman kerugian masa lalu (*probability of default*).

Entitas Anak menggunakan metode analisis migrasi yang merupakan suatu metode analisis statistik, untuk menilai cadangan kerugian penurunan nilai atas piutang yang diberikan secara kolektif. Entitas Anak menggunakan data historis 5 (lima) tahun dalam menghitung *Probability of Default* ("PD") dan *Loss Given Default* ("LGD").

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

viii. Allowance for impairment losses of financial assets *(continued)*

Allowance for possible losses on earning assets of Subsidiary based on sharia *(continued)*

Before 1 January 2026 (continued)

The Subsidiary determines murabahah receivables to be evaluated for impairment through individual evaluation if one of the following criteria is met:
1) Murabahah receivables which have collectability status as substandard, doubtful and loss, and have an individual receivables balance of above or equal to Rp10,000; and
2) Murabahah receivables that are restructured or had been restructured and which individually have a balance of receivables above or equal Rp10,000.

The Subsidiary determines murabahah receivables to be evaluated for impairment through collective evaluation if one of the following criteria is met:
1) Murabahah receivables which individually have significant value but there is no objective evidence of impairment;
2) Murabahah receivables which individually have insignificant value; and
3) Restructured murabahah receivables which individually have insignificant value.

The calculation of allowance for impairment losses on financial assets which are evaluated collectively, grouped based on similar receivable risk characteristics and taking into account the receivable segmentation on the basis of historical loss experience (probability of default).

The Subsidiary uses the migration analysis method which is a statistical analysis method to assess allowance for impairment losses on collective receivables. The Subsidiary uses 5 (five) years historical data to compute for the Probablitity of Default ("PD") and Loss Given Default ("LGD").

Kontrak jaminan keuangan dan komitmen

Kontrak jaminan keuangan adalah kontrak yang mengharuskan penerbit untuk melakukan pembayaran yang ditetapkan untuk mengganti uang pemegang kontrak atas kerugian yang terjadi karena debitur tertentu gagal untuk melakukan pembayaran pada saat jatuh tempo, sesuai dengan ketentuan dari instrumen utang.

Jaminan keuangan tersebut diberikan kepada bank-bank, lembaga keuangan dan badan-badan lainnya atas nama debitur untuk menjamin kredit dan fasilitas-fasilitas perbankan lainnya.

Jaminan keuangan awalnya diakui dalam laporan keuangan konsolidasian sebesar nilai wajar pada tanggal jaminan diberikan. Nilai wajar dari jaminan keuangan pada saat dimulainya transaksi pada umumnya sama dengan provisi yang diterima untuk jaminan diberikan dengan syarat dan kondisi normal.

Setelah pengakuan awal, liabilitas Bank atas jaminan tersebut diukur pada jumlah yang lebih tinggi antara jumlah awal, dikurangi amortisasi provisi dan estimasi terbaik dari jumlah yang diharapkan akan terjadi untuk menyelesaikan jaminan tersebut. Estimasi ini ditentukan berdasarkan pengalaman transaksi yang sejenis dan kerugian historis masa lalu, dilengkapi dengan penilaian manajemen.

Estimasi ini ditentukan berdasarkan kemiripan transaksi dan sejarah kerugian di masa lalu, dilengkapi dengan justifikasi dari manajemen. Pendapatan provisi yang diperoleh diamortisasi selama jangka waktu jaminan dengan menggunakan metode garis lurus.

Financial guarantee contracts and commitments

Financial guarantee contracts are contracts that require the issuer to make specified payments to reimburse the contracts holder for a loss incurred because a specified debtor defaulted to make payments when due, in accordance with the terms of a debt instrument.

Such financial guarantees are given to banks, financial institutions and other institutions on behalf of customers to secure loans and other banking facilities.

Financial guarantees are initially recognised in the consolidated financial statements at fair value on the date which the guarantee was given. The fair value of a financial guarantee at inception is likely to equal with the provision received because all guarantees are agreed on arm's length terms.

Subsequent to initial recognition, the Bank's liabilities under such guarantees are measured at the higher amount between the initial amount, less amortisation of provision recognised, and the best estimates of the amount required to settle the guarantee. These estimation are determined based on experience of similar transactions and history of past losses, supplemented by the judgement from management.

These estimation are determined based on experience of similar transactions and history of past losses, supplemented by the judgement from management. The provision income earned is amortised over the period of guarantees using the straight-line method.

Kontrak jaminan keuangan dan komitmen (lanjutan)

Bank menentukan cadangan kerugian penurunan nilai aset keuangan atas kontrak jaminan keuangan yang memiliki risiko kredit dan komitmen berdasarkan nilai yang lebih tinggi antara nilai amortisasi (nilai tercatat) dan nilai kini atas pembayaran liabilitas yang diharapkan akan terjadi (ketika pembayaran atas jaminan tersebut menjadi *probable*) atau nilai cadangan kerugian penurunan nilai yang dihitung berdasarkan data kerugian historis untuk evaluasi penurunan nilai secara kolektif.

ix. Investasi pada sukuk

Sebelum pengakuan awal, Grup menentukan klasifikasi investasi pada sukuk berdasarkan tujuan investasi Grup.

Klasifikasi dalam investasi sukuk terdiri dari:

- Biaya perolehan

  Jika investasi tersebut dimiliki dalam suatu model usaha yang bertujuan utama untuk memperoleh arus kas kontraktual; dan terdapat persyaratan kontraktual untuk menentukan tanggal tertentu pembayaran pokok dan/atau hasilnya. Biaya perolehan sukuk *ijarah* dan sukuk *Mudharabah* termasuk biaya transaksi. Selisih antara biaya perolehan dan nilai nominal diamortisasi secara garis lurus selama jangka waktu sukuk.

- Diukur pada nilai wajar melalui penghasilan komprehensif lain

  Jika investasi tersebut dimiliki dalam suatu model usaha yang bertujuan utama untuk memperoleh arus kas kontraktual dan melakukan penjualan sukuk dan terdapat persyaratan kontraktual menentukan tanggal tertentu pembayaran pokok dan/atau hasilnya.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

viii. Allowance for impairment losses of financial assets *(continued)*

Allowance for possible losses on earning assets of Subsidiary based on sharia *(continued)*

Before 1 January 2026 (continued)

Financial guarantee contracts and commitments (continued)

The Bank determines impairment losses on financial assets of financial guarantee contracts that have credit risk and commitment based on the value that is higher between the amortised value (carrying value) and the present value of the liabilities that are expected to occur (when payment under the guarantee has become probable) or impairment losses that are calculated based on historical loss data for a collective evaluation of impairment.

ix. Investment in sukuk

Before the initial recognition, the Group determines the classification of investment in sukuk based on the Group's investment objective.

Investment in sukuk can be measured as follows:

- *Acquisition cost*

  If the investment is held within a business model that aims to collect contractual cash flows and there is a contractual requirement to determine the specific date of principal payments and/or the returns. The acquisition cost for sukuk ijarah and sukuk Mudharabah includes transaction cost. The difference between acquisition cost and nominal value is amortised using straight-line method during the period of the sukuk instrument.

- *Measured at fair value through other comprehensive income*

  If the investment is held within a business model which its primary purpose is to obtain contractual cash flows and sell off sukuk and there is a contractual requirements determined by specific date of payment of principal and/or results.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

ix. Investasi pada sukuk (lanjutan)

Klasifikasi dalam investasi sukuk terdiri dari: (lanjutan)

- Diukur pada nilai wajar melalui penghasilan komprehensif lain (lanjutan)

  Biaya perolehan sukuk *ijarah* dan sukuk *Mudharabah* termasuk biaya transaksi. Selisih antara biaya perolehan dan nilai nominal diamortisasi secara garis lurus selama jangka waktu sukuk. Perubahan nilai wajar diakui dalam penghasilan komprehensif lain. Pada saat penghentian pengakuan saldo, perubahan nilai wajar dalam penghasilan komprehensif lain direklasifikasi ke laba rugi sebagai penyesuaian reklasifikasi.

- Diukur pada nilai wajar melalui laba rugi

  Biaya perolehan sukuk *ijarah* dan sukuk *Mudharabah* yang diukur pada nilai wajar melalui laba rugi tidak termasuk biaya transaksi. Untuk investasi pada sukuk yang diukur pada nilai wajar melalui laba rugi, selisih antara nilai wajar dan jumlah tercatat diakui dalam laba rugi.

x. Sukuk *Mudharabah* yang diterbitkan

Sukuk *Mudharabah* yang diterbitkan disajikan sebesar nilai nominal. Biaya-biaya yang timbul dari penerbitan surat berharga dicatat sebagai beban yang ditangguhkan yang disajikan dalam akun "Aset lain-lain" dan diamortisasi secara garis lurus selama jangka waktu sukuk *Mudharabah*.

xi. Penentuan nilai wajar

Nilai wajar adalah pengukuran berbasis pasar. Pengukuran/penetapan nilai wajar bertujuan untuk mengestimasi harga di mana transaksi teratur (*orderly transaction*) untuk menjual aset atau mengalihkan liabilitas akan terjadi antara pelaku pasar (*market participants*) pada tanggal pengukuran.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

ix. Investment in sukuk *(lanjutan)*

Investment in sukuk can be measured as follows: (continued)

- *Measured at fair value through other comprehensive income (continued)*

  The acquisition cost of sukuk ijarah and sukuk Mudharabah includes transaction costs. The difference between the acquisition cost and nominal value is amortised on straight-line basis over the terms of sukuk. The changes in fair value are recognised in other comprehensive income. At the time of derecognition, the changes in fair value in other comprehensive income are reclassified to profit or loss as a reclassification adjustment.

- *Measured at fair value through profit or loss*

  The acquisition cost of sukuk ijarah and sukuk Mudharabah is measured at fair value through profit or loss excluding transaction costs. For investments in sukuk which are measured at fair value through profit or loss, the difference between the fair value and the carrying amount is recognised in profit or loss.

x. Sukuk Mudharabah issued

Sukuk Mudharabah issued is recognised at nominal amount. Transaction costs from the issuance of sukuk Mudharabah are recognised as deferred expense and presented as "Other assets" and amortised using straight-line over the terms of sukuk Mudharabah.

xi. Determination of fair value

Fair value is a market-based measurement. The measurement/determination of fair value aims to estimate the price at which an orderly transaction to sell an asset or transfer a liability would occur between market participants at the measurement date.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

xi. Penentuan nilai wajar (lanjutan)

Ketika tidak terdapat pasar aktif atau harga suatu instrumen keuangan yang identik tidak dapat diobservasi, Grup dapat mengukur nilai wajar menggunakan teknik penilaian sesuai jenis instrumen keuangan.

Grup dapat melakukan pengukuran nilai wajar, dengan hirarki sebagai berikut:
1. Input *Level* 1, yaitu harga kuotasian (tanpa penyesuaian) di pasar aktif untuk aset atau liabilitas yang identik yang dapat diakses Grup pada tanggal pengukuran.
2. Input *Level* 2, yaitu input selain harga kuotasian yang termasuk dalam *level* 1 yang dapat diobservasi untuk aset atau liabilitas, baik secara langsung atau tidak langsung.
3. Input *Level* 3, yaitu input yang tidak dapat diobservasi untuk aset atau liabilitas.

Pengukuran nilai wajar mengasumsikan bahwa transaksi untuk menjual aset atau mengalihkan liabilitas terjadi:
- Di pasar utama untuk aset dan liabilitas tersebut; atau
- Jika tidak terdapat pasar utama, di pasar yang paling menguntungkan untuk aset atau liabilitas tersebut.

Nilai wajar suatu aset atau liabilitas diukur menggunakan asumsi yang akan digunakan pelaku pasar ketika menentukan harga aset dan liabilitas tersebut dengan asumsi bahwa pelaku pasar bertindak dalam kepentingan ekonomi terbaiknya.

Pengukuran nilai wajar aset non-keuangan memperhitungkan kemampuan pelaku pasar untuk menghasilkan manfaat ekonomi dengan menggunakan aset dalam penggunaan tertinggi dan terbaiknya atau dengan menjualnya kepada pelaku pasar lain yang akan menggunakan aset tersebut dalam penggunaan tertinggi dan terbaiknya.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

xi. Determination of fair value *(continued)*

When there is no active market or the price of an identical financial instrument cannot be observed, the Group can measure fair value using valuation techniques according to the type of financial instrument.

The Group can measure fair value, with the following hierarchy:
1. Input Level 1, the quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date.

2. Input Level 2, the input other than quoted price included in level 1 that can be observed for assets or liabilities, either directly or indirectly.

3. Input Level 3, the unobservable input for an asset or liability.

A fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:
- *In the principal market for the asset or liability; or*
- *In the absence of a principal market, in the most advantageous market for the asset or liability.*

The fair value of an asset or a liability should be measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset at its highest and best use or by selling it to another market participant that would use the asset at its highest and best use.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

c. Instrumen keuangan (lanjutan)

xi. Penentuan nilai wajar (lanjutan)

Nilai wajar untuk instrumen keuangan yang diperdagangkan di pasar aktif, seperti efek-efek dan obligasi pemerintah, ditentukan berdasarkan nilai pasar yang berlaku pada tanggal laporan posisi keuangan konsolidasian menggunakan harga yang dipublikasikan secara rutin dan berasal dari sumber yang terpercaya, seperti Bloomberg, Reuters atau harga yang diberikan oleh broker (harga kuotasian). Investasi dalam unit reksa dana dinyatakan sebesar nilai pasar sesuai nilai aset bersih dari reksa dana pada tanggal laporan posisi keuangan konsolidasian.

Instrumen keuangan dianggap memiliki kuotasi di pasar aktif, jika harga kuotasi tersedia sewaktu-waktu dan dapat diperoleh secara rutin dari bursa, pedagang efek (*dealer*), perantara efek (*broker*) dan harga tersebut mencerminkan transaksi pasar yang aktual dan rutin dalam suatu transaksi yang wajar. Jika kriteria di atas tidak terpenuhi, maka pasar aktif dinyatakan tidak tersedia. Indikasi-indikasi dari pasar tidak aktif adalah terdapat selisih yang besar antara harga penawaran dan permintaan atau kenaikan signifikan dalam selisih harga penawaran dan permintaan dan hanya terdapat beberapa transaksi terkini.

Untuk efek-efek yang tidak mempunyai harga pasar, estimasi atas nilai wajar efek-efek ditetapkan dengan mengacu pada nilai wajar instrumen lain yang substansinya sama atau dihitung berdasarkan arus kas yang diharapkan terhadap aset bersih efek-efek tersebut.

Untuk obligasi pemerintah yang tidak memiliki nilai pasar, estimasi nilai wajar ditentukan dengan menggunakan model internal berdasarkan nilai kini dari arus kas masa depan yang diharapkan (pendekatan *next-repricing method*) dengan menggunakan faktor *deflator*.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

c. Financial instruments *(continued)*

xi. Determination of fair value *(continued)*

The fair value of financial instruments traded in active markets, such as marketable securities and government bonds, is determined based on quoted market prices at the consolidated statement of financial position date using price that published regularly and from credible sources such as quoted market prices from Bloomberg, Reuters or broker's quoted price. Investments in mutual fund units are stated at market value, in accordance with the net value of mutual fund assets at the consolidated statement of financial position date.

A financial instrument is deemed to be quoted in an active market if quoted prices are available at any time and can be obtained regularly from stock exchanges, dealers, and brokers and these prices reflect actual and regular market transactions in a fair transaction. If the criteria above are not met, the active market is declared unavailable. Indications of an inactive market are that there is a large gap between the bid and ask prices or a significant increase in the difference between the bid and ask prices, and there are only a few recent transactions.

For marketable securities with no quoted market price, a reasonable estimate of the fair value is determined by reference to the current market value of another instrument which substantially has the same characteristic or calculated based on the expected cash flows of the underlying net asset base of the marketable securities.

For government bonds with no quoted market prices, a reasonable estimate of the fair value is determined using the internal model based on the present value of expected future cash flows using the next-repricing method approach with a deflator factor.

c. Instrumen keuangan (lanjutan)

xii. Reformasi acuan suku bunga

Untuk pengukuran instrumen keuangan yang menggunakan biaya perolehan diamortisasi (aset keuangan instrumen utang yang diklasifikasikan sebagai biaya perolehan diamortisasi dan nilai wajar melalui penghasilan komprehensif lain, serta liabilitas keuangan yang diukur pada biaya perolehan diamortisasi), perubahan arus kas kontraktual masa depan dari instrumen keuangan tersebut yang terjadi akibat reformasi suku bunga (perubahan suku bunga acuan kontraktual dari sebelumnya suku bunga LIBOR menjadi suku bunga acuan alternatif) akan mengubah tingkat suku bunga efektif instrumen keuangan tersebut. Perubahan arus kas kontraktual tersebut tidak mempengaruhi biaya perolehan diamortisasi instrumen keuangan dimaksud, dan tidak berdampak pada laba atau rugi (penerapan praktis). Penerapan praktis tersebut dapat diterapkan jika dan hanya jika 2 (dua) persyaratan berikut terpenuhi:

1. Perubahan arus kas kontraktual tersebut diperlukan sebagai akibat langsung dari reformasi acuan suku bunga; dan
2. Suku bunga acuan alternatif pengganti secara ekonomis setara (*economically equivalent*) dengan suku bunga acuan yang digunakan sebelumnya.

d. Prinsip-prinsip konsolidasian

Laporan keuangan konsolidasian meliputi laporan keuangan Bank Mandiri dan Entitas Anak yang mayoritas sahamnya dimiliki atau dikendalikan oleh Bank Mandiri.

Pengendalian didapat ketika Bank terekspos atau memiliki hak atas imbal hasil variabel dari keterlibatannya dengan Entitas Anak dan memiliki kemampuan untuk mempengaruhi imbal hasil tersebut melalui kekuasaannya atas Entitas Anak.

c. Financial instruments *(continued)*

xii. Interest rate benchmark reform

For the measurement of financial instruments using amortised cost (financial assets of debt instruments classified as amortised cost and fair value through other comprehensive income, as well as financial liabilities measured at amortised cost), changes in the future contractual cash flows of those financial instruments occurs as a result of interest rate reform (change in the contractual benchmark interest rate from the previous LIBOR interest rate to an alternative benchmark interest rate) will change the effective interest rate of the financial instrument. The change in contractual cash flows does not affect the amortised cost of the financial instrument, and has no impact on profit or loss (practical expedient). Such practical expedient can be applied if and only if the following 2 (two) requirements are met:

1. *The change in contractual cash flows is necessary as a direct result of the reform of benchmark interest rates; and*
2. *The alternative reference interest rate is economically equivalent to the previously used benchmark interest rate.*

d. Principles of consolidation

The consolidated financial statements include the financial statement of Bank Mandiri and its Subsidiaries in which the majority shares are owned or controlled by Bank Mandiri.

Control is presumed to exist where the Bank is exposed, or has rights, to variable returns from its involvement with the Subsidiaries and has ability to use its power to affect its returns from its involvement with the Subsidiaries.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

d. Prinsip-prinsip konsolidasian (lanjutan)

Bank mengendalikan Entitas Anak jika dan hanya jika Bank memiliki hak berikut ini:

a) Kekuasaan atas Entitas Anak (hak yang ada saat ini yang mempengaruhi kemampuan kini untuk mengarahkan aktivitas relevan yang secara signifikan mempengaruhi imbal hasil Entitas Anak).
b) Eksposur atau hak atas imbal hasil variabel dari keterlibatannya dengan Entitas Anak.
c) Kemampuan untuk menggunakan kekuasaannya atas Entitas Anak untuk mempengaruhi jumlah imbal hasil Bank.

Pada laporan keuangan konsolidasian Bank Mandiri, semua saldo dan transaksi yang signifikan antar perusahaan yang dikonsolidasi telah dieliminasi. Kepentingan non-pengendali atas laba bersih Entitas Anak disajikan sebagai pengurang dari laba bersih konsolidasian untuk mendapatkan jumlah laba yang menjadi hak pemilik entitas Bank. Kepentingan non-pengendali dalam aset bersih disajikan sebagai bagian dari ekuitas kecuali kepentingan non-pengendali yang berasal dari konsolidasi atas reksa dana disajikan sebagai bagian dari liabilitas dalam laporan posisi keuangan konsolidasian.

Laporan keuangan konsolidasian disusun dengan menggunakan kebijakan akuntansi yang sama untuk peristiwa dan transaksi sejenis dalam kondisi yang sama. Kebijakan akuntansi yang digunakan dalam laporan keuangan konsolidasian telah diterapkan secara konsisten oleh Entitas Anak, kecuali bila dinyatakan lain.

Bila pengendalian atas suatu entitas diperoleh atau berakhir dalam tahun berjalan, hasil usaha entitas tersebut dimasukkan dalam laporan laba rugi dan penghasilan komprehensif lain konsolidasian sejak tanggal pengendalian dimulai atau sampai dengan tanggal pengendalian berakhir.

Transaksi kombinasi bisnis entitas sepengendali, berupa pengalihan bisnis yang dilakukan dalam rangka reorganisasi entitas-entitas yang berada dalam suatu kelompok usaha yang sama, bukan merupakan perubahan kepemilikan dalam arti substansi ekonomi, sehingga transaksi tersebut tidak dapat menimbulkan laba atau rugi bagi kelompok usaha secara keseluruhan ataupun bagi entitas individual dalam kelompok usaha tersebut.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

d. Principles of consolidation *(continued)*

The Bank controls the Subsidiaries if and only if the Bank acquires these rights:

a) Power over the Subsidiaries (has existing rights that affect the current ability to direct the relevant activities, that significantly affect the Subsidiaries' returns).
b) Exposure or rights of variable returns from its involvement with the Subsidiaries.
c) The ability to use its power over the Subsidiaries to affect the amount of the Bank's returns.

In the consolidated financial statements of Bank Mandiri, all significant inter-company balances and transactions have been eliminated. The non-controlling interest net income of Subsidiaries is presented as a deduction to consolidated net income in order to present the Bank's income. Non-controlling interest in net assets is presented as part of equity in the consolidated statement of financial position, except for non-controlling interest from mutual fund consolidation is presented as part of liabilities in the consolidated statement of financial position.

The consolidated financial statements are prepared using a consistent accounting policy for transactions and events in similar circumstances. The accounting policies adopted in preparing the consolidated financial statements have been consistently applied by the Subsidiaries, unless otherwise stated.

If the control on an entity is obtained or ends in the current year, the entity's net income is included in the consolidated statement of profit or loss and other comprehensive income from the date of acquisition of the control or until the date the control ceased.

Business combination transaction amongst entities under common control, in the form of transfer of business conducted for the reorganisation of entities under common control, does not represent a change of ownership in terms of economic substance, therefore, there shall be no gain or loss recognised by the group as a whole and by individual entities within the group.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

d. Prinsip-prinsip konsolidasian (lanjutan)

Oleh karena transaksi kombinasi bisnis entitas sepengendali tidak mengakibatkan perubahan substansi ekonomi kepemilikan atas bisnis yang dipertukarkan, maka transaksi tersebut diakui pada jumlah tercatat berdasarkan metode penyatuan kepemilikan.

Perubahan dalam bagian kepemilikan Bank pada Entitas Anak yang tidak mengakibatkan hilangnya pengendalian dicatat sebagai transaksi ekuitas, dalam hal ini transaksi dengan pemilik dalam kapasitasnya sebagai pemilik. Setiap perbedaan antara jumlah kepentingan nonpengendali disesuaikan dan nilai wajar imbalan yang diberikan atau diterima diakui secara langsung dalam ekuitas dan diatribusikan pada pemilik Entitas Induk.

Entitas yang menerima/melepas bisnis, dalam kombinasi/pelepasan bisnis entitas sepengendali, mengakui selisih antara jumlah imbalan yang dialihkan/diterima dan jumlah tercatat dari setiap transaksi kombinasi bisnis sebagai komponen ekuitas dan menyajikannya dalam pos tambahan modal disetor/agio saham.

Berdasarkan PSAK 338, unsur-unsur laporan keuangan dari entitas yang bergabung, untuk periode terjadinya kombinasi bisnis entitas sepengendali dan untuk periode komparatif sajian, disajikan sedemikian rupa seolah-olah penggabungan tersebut telah terjadi sejak awal periode entitas yang bergabung dalam sepengendalian.

e. Transaksi dan saldo dalam mata uang asing

Entitas Anak dan kantor cabang luar negeri

Bank Mandiri menyelenggarakan catatan akuntansinya dalam mata uang Rupiah.

Bank Mandiri menyelenggarakan catatan akuntansinya dalam mata uang Rupiah. Untuk tujuan konsolidasian, laporan keuangan dalam mata uang asing milik cabang dan Entitas Anak luar negeri Bank Mandiri dijabarkan ke dalam mata uang Rupiah dengan dasar kurs Reuters untuk kurs sebelum 17 Oktober 2022 dan kurs *Refinitiv Eikon* untuk kurs setelah 17 Oktober 2022 sebagai berikut:
(1) Aset dan liabilitas, komitmen dan kontinjensi - menggunakan kurs spot pada tanggal laporan posisi keuangan konsolidasian.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

d. Principles of consolidation *(continued)*

Since the business combination transaction amongst entities under common control does not cause any change in the economic substance of ownership of the transferred business, therefore the transaction is recognised at book value using the pooling interest method.

Changes in the Bank's ownership interest in Subsidiaries that do not result in a loss of control are accounted for as an equity transaction, in this case a transaction with owners in their capacity as owners. Any difference between the amount of the adjusted non-controlling interest and the fair value of the consideration paid or received shall be recognised directly in equity and attributable to the owners of the Parent Entity.

The entity that accepts/releases a business in a combination/separation of business amongst entities under common control, shall recognise the difference between benefits being transferred or received and the recorded amount of every business combination transaction as equity and present it under additional paid-in capital/share premium.

Based on SFAS 338, the elements of the financial statements of the merged entities, for the period in which the business combination merged entities under common control occurred and for the comparative period presented, are presented in such a way as if the combination had occurred since the beginning of the period when the entities were under common control.

e. Foreign currency transactions and balances

Subsidiaries and overseas branches

Bank Mandiri maintains its accounting records in Indonesian Rupiah.

Bank Mandiri maintains its accounting records in Indonesian Rupiah. For consolidation purposes, the financial statement of the overseas branches and overseas Subsidiaries of Bank Mandiri denominated in foreign currencies are translated into Rupiah using the Reuters exchange rate for exchange rates before 17 October 2022 and the Refinitiv Eikon exchange rate for exchange rates after 17 October 2022 as follows:
(1) Assets and liabilities, commitments and contingencies - using the spot rates at the consolidated statement of financial position date.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

e. Transaksi dan saldo dalam mata uang asing (lanjutan)

Entitas Anak dan kantor cabang luar negeri (lanjutan)

Bank Mandiri menyelenggarakan catatan akuntansinya dalam mata uang Rupiah. Untuk tujuan konsolidasian, laporan keuangan dalam mata uang asing milik cabang dan Entitas Anak luar negeri Bank Mandiri dijabarkan ke dalam mata uang Rupiah dengan dasar kurs Reuters untuk kurs sebelum 17 Oktober 2022 dan kurs *Refinitiv Eikon* untuk kurs setelah 17 Oktober 2022 sebagai berikut: (lanjutan)

(2) Pendapatan, beban, laba dan rugi - menggunakan kurs tengah rata-rata yang berlaku pada bulan terjadinya transaksi.
(3) Akun ekuitas - menggunakan kurs historis pada tanggal transaksi.
(4) Laporan arus kas - menggunakan kurs *spot* pada tanggal laporan posisi keuangan konsolidasian, kecuali akun-akun laba rugi menggunakan kurs tengah rata-rata dan unsur-unsur ekuitas menggunakan kurs historis.

Selisih yang timbul dari proses penjabaran laporan keuangan tersebut disajikan sebagai "Selisih kurs karena penjabaran laporan keuangan dalam mata uang asing" pada kelompok ekuitas dalam laporan posisi keuangan konsolidasian.

Transaksi dan saldo dalam mata uang asing

Transaksi dalam mata uang asing dicatat ke dalam Rupiah menggunakan kurs pada saat terjadinya transaksi. Pada tanggal laporan posisi keuangan konsolidasian, semua aset dan liabilitas moneter dalam mata uang asing dijabarkan ke dalam mata uang Rupiah dengan menggunakan kurs *spot Revinitif Eikon* pada pukul 15.00 WIB untuk tanggal 30 Juni 2026, 31 Desember 2025 dan 2024. Keuntungan atau kerugian yang timbul dibebankan pada laporan laba rugi dan penghasilan komprehensif lain konsolidasian tahun berjalan.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

e. Foreign currency transactions and balances *(continued)*

Subsidiaries and overseas branches (continued)

Bank Mandiri maintains its accounting records in Indonesian Rupiah. For consolidation purposes, the financial statement of the overseas branches and overseas Subsidiaries of Bank Mandiri denominated in foreign currencies are translated into Rupiah using the Reuters exchange rate for exchange rates before 17 October 2022 and the Refinitiv Eikon exchange rate for exchange rates after 17 October 2022 as follows: (continued)

(2) Revenues, expenses, income and losses - using the average middle rates during each month when the transaction occurs.
(3) Shareholders' equity accounts - using historical rates on the date of transaction.
(4) Statement of cash flows - using the spot rates at the reporting date, except for profit and loss statement balances which are translated using the average middle rates and shareholders' equity balances which are translated using historical rates.

The differences arising from the translation adjustment are presented as "Differences arising from the translation of financial statements in foreign currencies" under the shareholders' equity section in the consolidated statement of financial position.

Transactions and balances in foreign currencies

Transactions in foreign currencies are recorded in Rupiah using rates on the date of the transactions. At the consolidated statement of financial position date, all foreign currencies monetary assets and liabilities are translated into Rupiah using the Revinitif Eikon spot rates at 3.00 p.m. WIB (Western Indonesian Time) on 30 June 2026, 31 December 2025 and 2024. The resulting gains or losses are credited or charged to the current year's consolidated statement of profit or loss and other comprehensive income.

Mata uang asing lainnya yang tidak diungkapkan di atas tidak dianggap signifikan dalam penjabaran transaksi dalam mata uang asing Bank Mandiri dan Entitas Anak.

Other foreign currencies that are not disclosed as above is considered not material in the translation of transaction in foreign currencies of the Bank Mandiri and Subsidiaries.

f. Transaksi dengan pihak-pihak berelasi

Bank Mandiri dan Entitas Anak melakukan transaksi dengan pihak-pihak berelasi seperti yang didefinisikan dalam PSAK 224 "Pengungkapan Pihak-pihak Berelasi" dan peraturan regulator pasar modal yaitu Peraturan No. VIII.G.7 tentang Penyajian dan Pengungkapan Laporan Keuangan Emiten atau Perusahaan Publik.

Pihak berelasi adalah orang atau entitas yang terkait dengan entitas yang menyiapkan laporan keuangannya (entitas pelapor). Yang termasuk pihak berelasi adalah sebagai berikut:

1) Orang yang:
   a) Memiliki pengendalian atau pengendalian bersama atas entitas pelapor;
   b) Memiliki pengaruh signifikan atas entitas pelapor; atau
   c) Merupakan personil manajemen kunci entitas pelapor atau entitas induk entitas pelapor.

f. Transactions with related parties

The Bank and Subsidiaries enter into transactions with parties which are defined as related parties in accordance with SFAS 224 "Related Party Disclosures" and capital market regulation No. VIII.G.7 regarding Financial Statements Presentation and Disclosure for Issuer or Public Companies.

A related party is a person or entity that is related to the entity that prepares its financial statements (reporting entity). The related parties are as follows:

1) A person who:
   a) Has control or joint control over the reporting entity;
   b) Has significant influence over the reporting entity; or
   c) The key management personnel of the reporting entity or the parent of the reporting entity.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

f. Transaksi dengan pihak-pihak berelasi (lanjutan)

Pihak berelasi adalah orang atau entitas yang terkait dengan entitas yang menyiapkan laporan keuangannya (entitas pelapor). Yang termasuk pihak berelasi adalah sebagai berikut: (lanjutan)

2) Suatu entitas berelasi dengan entitas pelapor jika memenuhi salah satu hal sebagai berikut:
   a) Entitas dan entitas pelapor adalah anggota dari kelompok usaha yang sama;
   b) Suatu entitas adalah entitas asosiasi atau ventura bersama dari entitas lain;
   c) Kedua entitas tersebut adalah ventura bersama dari pihak ketiga yang sama;
   d) Suatu entitas adalah ventura bersama dari entitas ketiga dan entitas yang lain adalah entitas asosiasi dari entitas ketiga;
   e) Entitas tersebut adalah suatu program imbalan pasca kerja untuk imbalan kerja dari salah satu entitas pelapor atau entitas yang terkait dengan entitas pelapor;
   f) Entitas yang dikendalikan atau dikendalikan bersama oleh orang yang diidentifikasi sebagaimana dimaksud dalam angka 1); atau
   g) Orang yang diidentifikasi sebagaimana dimaksud dalam angka 1) huruf a) memiliki pengaruh signifikan atas entitas atau merupakan personil manajemen kunci entitas;
   h) Entitas yang dikendalikan, dikendalikan bersama atau dipengaruhi secara signifikan oleh Pemerintah yaitu Menteri Keuangan atau Pemerintah Daerah yang merupakan pemegang saham dari entitas.

3) Pihak yang bukan merupakan pihak berelasi adalah sebagai berikut:
   a) Dua entitas hanya karena mereka memiliki direktur atau personil manajemen kunci yang sama atau karena personil manajemen kunci dari satu entitas mempunyai pengaruh signifikan atas entitas lain;
   b) Dua venturer hanya karena mereka mengendalikan bersama atas ventura bersama;

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

f. Transactions with related parties *(continued)*

A related party is a person or entity that is related to the entity that prepares its financial statements (reporting entity). The related parties are as follows: (continued)

2) An entity is related to a reporting entity if any of the following are met:
   a) The entity and the reporting entity are members of the same group;
   b) An entity is an associate or joint venture of the other entity;
   c) Both entities are joint ventures from the same third party;
   d) An entity is a joint venture of a third entity and the other entity is an associate of the third entity;
   e) The entity is a post-employment benefit plan for the benefits of employees either from the reporting entity or an entity related to the reporting entity;
   f) The entity is controlled or jointly controlled by a person identified as referred to in point 1); or
   g) A person identified as referred to point 1) letter a) has significant influence over the entity or the entity's key management personnel;
   h) The entity is controlled, jointly controlled or significantly influenced by the Government, which is the Minister of Finance or the local governments which is the shareholder of the entity.

3) Parties which are not related parties are as follows:
   a) Two entities simply because they have the same director or key management personnel or because the key management personnel of one entity have significant influence over the other entity;
   b) Two joint venturers simply because they share joint control of a joint venture;

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

Pihak berelasi adalah orang atau entitas yang terkait dengan entitas yang menyiapkan laporan keuangannya (entitas pelapor). Yang termasuk pihak berelasi adalah sebagai berikut: (lanjutan)

3) Pihak yang bukan merupakan pihak berelasi adalah sebagai berikut: (lanjutan)

c) Penyandang dana, serikat dagang, entitas pelayanan publik, dan departemen dan instansi pemerintah yang tidak mengendalikan, mengendalikan bersama atau memiliki pengaruh signifikan atas entitas pelapor, semata-mata dalam pelaksanaan urusan normal dengan entitas;

d) Pelanggan, pemasok, pemegang hak waralaba, distributor atau agen umum dengan siapa entitas mengadakan transaksi usaha dengan *volume* signifikan, semata-mata karena ketergantungan ekonomis yang diakibatkan oleh keadaan.

Semua transaksi signifikan dengan pihak-pihak berelasi, telah diungkapkan pada Catatan 56.

g. Kas dan setara kas

Kas (terutama terdiri dari kas di *khasanah* dan kas di ATM) dan setara kas mencakup kas, giro pada Bank Indonesia, giro pada bank lain dan investasi jangka pendek likuid lainnya dengan jangka waktu jatuh tempo 3 (tiga) bulan atau kurang sejak tanggal perolehan.

h. Giro pada Bank Indonesia dan bank lain

Giro pada Bank Indonesia dan Bank lain diklasifikasikan sebagai biaya perolehan diamortisasi. Lihat Catatan 2c untuk kebijakan akuntansi atas biaya perolehan diamortisasi.

Giro Wajib Minimum

Pemenuhan Giro Wajib Minimum ("GWM") mengacu pada Peraturan Bank Indonesia (PBI) No. 11 Tahun 2024 tanggal 31 Desember 2024 tentang Pengendalian Moneter yang mencabut PBI No.20/3/PBI/2018 tanggal 29 Maret 2018 tentang Giro Wajib Minimum dalam Rupiah dan Valuta Asing Bagi Bank Umum Konvensional, Bank Umum Syariah, dan Unit Usaha Syariah beserta ketentuan perubahannya.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

A related party is a person or entity that is related to the entity that prepares its financial statements (reporting entity). The related parties are as follows: (continued)

4) Parties which are not related parties are as follows: (continued)

c) Fund providers, trade unions, public service, and ministries and agencies of government that does not control, jointly control or have significant influence over the reporting entity, solely in the execution of normal business with the entity;

d) Customers, suppliers, franchisors, distributors or general agents with whom an entity enter, into transactions with significant volumes of business solely because of economic dependence due to circumstances.

All significant transactions with related parties have been disclosed in Note 56.

g. Cash and cash equivalents

Cash (mainly consists of cash in vault and cash in ATMs) and cash equivalents consist of cash, current accounts with Bank Indonesia, current accounts with other banks and other short term liquid investments with original maturities of 3 (three) months or less since the date of acquisition.

h. Current accounts with Bank Indonesia and other banks

Current accounts with Bank Indonesia and other banks are classified as amortised cost. Refer to Note 2c for the accounting policy of amortised cost.

The Minimum Statutory Reserve

Fulfillment of the Minimum Statutory Reserves ("GWM") refers to Bank Indonesia Regulation (PBI) No. 11 of 2024 dated 31 December 2024, regarding Monetary Control, which repeals PBI No. 20/3/PBI/2018 dated 29 March 2018 regarding Statutory Reserves in Rupiah and Foreign Exchange for Conventional Commercial Banks, Sharia Commercial Banks, and Sharia Business Units along with its amendments.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

h. Giro pada Bank Indonesia dan bank lain (lanjutan)

Giro Wajib Minimum (lanjutan)

PBI tersebut dijelaskan lebih lanjut melalui Peraturan Anggota Dewan Gubernur (PADG) No. 24/8/PADG/2022 tanggal 30 Juni 2022 tentang Peraturan Pelaksanaan Pemenuhan Giro Wajib Minimum dalam Rupiah dan Valuta Asing bagi Bank Umum Konvensional, Bank Umum Syariah, dan Unit Usaha Syariah sebagaimana telah diubah sebanyak 4 (empat) kali melalui PADG No. 2 tahun 2023 tanggal 24 Maret 2023, PADG No. 12 tahun 2023 tanggal 27 September 2023, PADG No. 8 tahun 2025 tanggal 27 Maret 2025, dan PADG No. 31 tahun 2025 tanggal 23 Desember 2025.

PADG baru tersebut mengatur bahwa pemenuhan GWM dalam Rupiah Bank Umum Konvensional (BUK) ditetapkan sebagai berikut:

a. Secara harian sebesar 0% (nol persen); dan
b. Secara rata-rata untuk:
   1) Periode 1 Juli 2022 sampai dengan 31 Agustus 2022 sebesar 7,5% (tujuh koma lima persen); dan
   2) Periode 1 September 2022 dan seterusnya sebesar 9% (sembilan persen).

GWM dalam Rupiah untuk Entitas Anak yang menjalankan kegiatan usaha dengan prinsip syariah wajib dipenuhi sebesar:
a. Secara harian sebesar 0% (nol persen); dan
b. Secara rata-rata untuk:
   1) Periode 1 Juli 2022 sampai dengan 31 Agustus 2022 sebesar 6% (enam persen); dan
   2) Periode 1 September 2022 dan seterusnya sebesar 7,5% (tujuh koma lima persen).

Selain itu, Bank Indonesia melakukan penguatan kebijakan untuk mendorong pertumbuhan ekonomi melalui ketentuan insentif GWM dalam Rupiah yang dituangkan dalam PBI No. 9 tahun 2025 tanggal 26 November 2025 tentang Kebijakan Insentif Likuiditas Makroprudensial yang mencabut PBI No. 11 tahun 2023 tanggal 18 September 2023 tentang Kebijakan Insentif Likuiditas Makroprudensial, sebagaimana diatur lebih lanjut melalui PADG No. 27 tahun 2025 tanggal 1 Desember 2025 tentang Peraturan Pelaksanaan Kebijakan Insentif Likuiditas Makroprudensial.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

h. Current accounts with Bank Indonesia and other banks *(continued)*

The Minimum Statutory Reserve (continued)

The provided text elaborates on the regulation through the Board of Governors' Regulation (PADG) No. 24/8/PADG/2022 dated 30 June 2022, regarding the Implementation Regulation for Meeting the Minimum Mandatory Reserve in Rupiah and Foreign Currency for Conventional Commercial Banks, Sharia Commercial Banks, and Sharia Business Units, as amended 4 (four) times through PADG No. 2 year 2023 dated 24 March 2023, PADG No. 12 year 2023 dated 27 September 2023, PADG No. 8 year 2025 dated 27 March 2025 and PADG No. 31 year 2025 dated 23 December 2025.

The new PADG regulates that the fulfillment of Minimum Statutory Reserves in Rupiah for Conventional Commercial Banks (BUK) is determined as follows:
a. On a daily basis of 0% (zero percent); and
b. On average for:
   1) Period 1 July 2022 to 31 August 2022 of 7.5% (seven point five percent); and
   2) Period 1 September 2022 onwards of 9% (nine percent).

GWM in Rupiah for Subsidiaries that carry out business activities with sharia principles must be met as follows:
a. On a daily basis of 0% (zero percent); and
b. On average for:
   1) Period 1 July 2022 to 31 August 2022 of 6% (six percent); and
   2) Period 1 September 2022 onwards of 7.5% (seven point five percent).

In addition, Bank Indonesia has strengthened policies to encourage economic growth through the provision of GWM incentives in Rupiah, outlined in PBI No. 9 year 2025 dated 26 November 2025, on the Macroprudential Liquidity Incentive Policy, as further regulated by PBI No. 11 year 2023 dated 18 September 2023, on the Implementing Regulation of the Macroprudential Liquidity Incentive Policy, which has been further provided through PADG No. 27 year 2025 dated 1 December 2025 regarding the Implementing Regulation of the Macroprudential Liquidity Incentive Policy.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

h. Giro pada Bank Indonesia dan bank lain (lanjutan)

Giro Wajib Minimum (lanjutan)

Bank Indonesia memberikan Kebijakan Insentif Likuiditas Makroprudensial (KLM) GWM dalam Rupiah kepada Bank yang melaksanakan: (a) penyaluran kredit atau pembiayaan kepada sektor tertentu yang ditetapkan oleh Bank Indonesia; (b) penetapan suku bunga kredit atau persentase imbalan pembiayaan yang sejalan dengan arah kebijakan Bank Indonesia; dan/atau (c) hal lainnya yang ditetapkan oleh Bank Indonesia.

Adapun berdasarkan PADG No. 27 tahun 2025 tanggal 1 Desember 2025 tentang Peraturan Pelaksanaan Kebijakan Insentif Likuiditas Makroprudensial, besaran insentif makroprudensial paling besar adalah sebesar 5,5% (lima koma lima persen).

Penyangga Likuiditas Makroprudensial

Penyangga Likuiditas Makroprudensial, selanjutnya disebut PLM, adalah cadangan likuiditas minimum dalam Rupiah yang wajib dipelihara oleh BUK dalam bentuk surat berharga yang memenuhi persyaratan tertentu, yang besarnya ditetapkan oleh Bank Indonesia sebesar persentase tertentu dari DPK BUK dalam Rupiah. Sedangkan bagi Bank Umum Syariah (BUS), Penyangga Likuiditas Makroprudensial Syariah (PLM Syariah) adalah cadangan likuiditas minimum dalam Rupiah yang wajib dipelihara oleh BUS dalam bentuk surat berharga syariah yang memenuhi persyaratan tertentu, yang besarnya ditetapkan oleh Bank Indonesia sebesar persentase tertentu dari DPK BUS dalam Rupiah.

Pemenuhan PLM mengacu pada PBI No. 20/4/PBI/2018 tanggal 29 Maret 2018 tentang Rasio Intermediasi Makroprudensial dan Penyangga Likuiditas Makroprudensial bagi Bank Umum Konvensional, Bank Umum Syariah, dan Unit Usaha Syariah.

Peraturan ini sebagaimana diubah terakhir dengan PBI No. 2 Tahun 2026 tanggal 30 Januari 2026 tentang Perubahan Kelima Atas PBI Nomor 20/4/PBI/2018 tentang Rasio Intermediasi Makroprudensial Dan Penyangga Likuiditas Makroprudensial Bagi Bank Umum Konvensional, Bank Umum Syariah, Dan Unit Usaha Syariah.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

h. Current accounts with Bank Indonesia and other banks *(continued)*

The Minimum Statutory Reserve (continued)

Bank Indonesia provides the Macroprudential Liquidity Incentive (KLM) in the form of Rupiah Reserve Requirements to Banks that implement: (a) credit extension or financing to specific sectors determined by Bank Indonesia; (b) the determination of lending interest rates or financing return rates consistent with the policy direction of Bank Indonesia; and/or (c) other matters as determined by Bank Indonesia.

Based on PADG No. 27 year 2025 dated 1 December 2025 regarding the Implementing Regulation of the Macroprudential Liquidity Incentive Policy, the maximum macroprudential incentive is 5.5% (five point five percent).

Macroprudential Liquidity Buffer

Macroprudential Liquidity Buffer, will be mentioned as MLB is a minimum statutory reserve which should be maintained in Rupiah by Conventional Commercial Bank in the form of securities that met certain requirements and the amount will be determined by Bank Indonesia in certain percentage of Conventional Commercial Bank Third Party Fund in Rupiah. For Sharia Conventional Bank Macroprudential Liquidity buffer (MLB Sharia) is minimum statutory reserve which should be maintained by Sharia Commercial Bank in the form of sharia securities that met certain requirements and the amount will be determined by Bank Indonesia in certain percentage of sharia commercial bank's Third Party Funds in Rupiah.

The requirement of the latest MLB refers to PBI No. 20/4/PBI/2018 dated 29 March 2018 regarding Macroprudential Intermediation Ratio and Macroprudential Liquidity Buffer for Conventional Commercial Bank, Sharia Commercial Banks, and Sharia Business Units.

This regulation, as last amended by PBI No. 2 of 2026 dated 30 January 2026 regarding the Fifth Amendment to PBI Number 20/4/PBI/2018 on the Macroprudential Intermediation Ratio and Macroprudential Liquidity Buffer for Conventional Commercial Banks, Islamic Commercial Banks, and Sharia Business Units.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

h. Giro pada Bank Indonesia dan bank lain (lanjutan)

Giro Wajib Minimum (lanjutan)

Penyangga Likuiditas Makroprudensial (lanjutan)

PBI tersebut dijelaskan lebih lanjut melalui PADG No. 1 Tahun 2026 tanggal 30 Januari 2026 yang merupakan perubahan atas PADG No. 23 Tahun 2025 tanggal 20 Oktober 2025 tentang Rasio Intermediasi Makroprudensial Dan Penyangga Likuiditas Makroprudensial Bagi Bank Umum Konvensional, Bank Umum Syariah, Dan Unit Usaha Syariah di mana besaran PLM ditentukan sebesar 4% (empat persen) dari DPK BUK dalam Rupiah dan besaran PLM untuk Entitas Anak yang menjalankan kegiatan usaha dengan prinsip syariah adalah sebesar 2,5% (dua koma lima persen) dari DPK Entitas Anak dalam Rupiah.

Rasio Intermediasi Makroprudensial

Rasio Intermediasi Makroprudensial (RIM) dahulu disebut sebagai *Loan to Funding Ratio* (LFR). Berdasarkan PBI No. 20/4/PBI/2018 tanggal 29 Maret 2018 tentang Rasio Intermediasi Makroprudensial dan Penyangga Likuiditas Makroprudensial bagi Bank Umum Konvensional, Bank Umum Syariah, dan Unit Usaha Syariah, penyebutan LFR berubah menjadi RIM dengan kewajiban pemenuhan Giro RIM mulai berlaku pada tanggal 16 Juli 2018. Peraturan tersebut telah disempurnakan sebanyak 5 (lima) kali menjadi PBI No. 21/12/PBI/2019 tanggal 25 November 2019, PBI No. 22/17/PBI/2020 tanggal 30 September 2020, PBI No. 23/17/PBI/2021 tanggal 17 Desember 2021, PBI No. 24/16/PBI/2022 tanggal 31 Oktober 2022, dan PBI No. 2 Tahun 2026 tanggal 30 Januari 2026.

PBI tersebut dijelaskan lebih lanjut melalui PADG No. 1 Tahun 2026 tanggal 30 Januari 2026 yang merupakan perubahan atas PADG No. 23 Tahun 2025 tanggal 20 Oktober 2025 tentang Rasio Intermediasi Makroprudensial Dan Penyangga Likuiditas Makroprudensial Bagi Bank Umum Konvesional, Bank Umum Syariah, dan Unit Usaha Syariah.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

h. Current accounts with Bank Indonesia and other banks *(continued)*

The Minimum Statutory Reserve (continued)

Macroprudential Liquidity Buffer (continued)

The PBI is further elaborated through PADG No. 1 of 2026 dated 30 January 2026, which constitutes an amendment to PADG No. 23 of 2025 dated 20 October 2025 regarding the Macroprudential Intermediation Ratio and Macroprudential Liquidity Buffer for Conventional Commercial Banks, Islamic Commercial Banks, and Sharia Business Units, whereby the PLM is set at 4% (four percent) of BUK third-party funds in Rupiah, and the PLM for Subsidiaries conducting business activities based on sharia principles is set at 2.5% (two point five percent) of the Subsidiary's third-party funds in Rupiah.

Macroprudential Intermediation Ratio

The Macroprudential Intermediation Ratio (RIM) was previously referred to as the Loan to Funding Ratio (LFR). Based on PBI No. 20/4/PBI/2018 dated 29 March 2018 regarding the Macroprudential Intermediation Ratio and Macroprudential Liquidity Buffer for Conventional Commercial Banks, Islamic Commercial Banks, and Sharia Business Units, the term LFR was changed to RIM, with the requirement to fulfill the RIM Current Account (Giro RIM) becoming effective on 16 July 2018. The regulation has been amended 5 (five) times, namely by PBI No. 21/12/PBI/2019 dated 25 November 2019, PBI No. 22/17/PBI/2020 dated 30 September 2020, PBI No. 23/17/PBI/2021 dated 17 December 2021, PBI No. 24/16/PBI/2022 dated 31 October 2022, and PBI No. 2 of 2026 dated 30 January 2026.

The PBI is further elaborated through PADG No. 1 of 2026 dated 30 January 2026, which constitutes an amendment to PADG No. 23 of 2025 dated 20 October 2025 regarding the Macroprudential Intermediation Ratio and Macroprudential Liquidity Buffer for Conventional Commercial Banks, Islamic Commercial Banks, and Sharia Business Units.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

h. Giro pada Bank Indonesia dan bank lain (lanjutan)

Rasio Intermediasi Makroprudensial (lanjutan)

Berdasarkan Peraturan tersebut, RIM adalah rasio hasil perbandingan antara poin a dan b di bawah ini:

a. 1. Kredit yang diberikan kepada pihak ketiga dalam Rupiah dan valuta asing;

2. Surat berharga korporasi dalam Rupiah dan valuta asing yang memenuhi persyaratan tertentu yang dimiliki Bank.

b. 1. DPK bank dalam bentuk giro, tabungan dan simpanan berjangka/deposito dalam Rupiah dan valuta asing, tidak termasuk dana antarbank;
2. Surat berharga dalam Rupiah dan valuta asing yang memenuhi persyaratan tertentu, yang diterbitkan oleh Bank untuk memperoleh sumber pendanaan;
3. Pinjaman yang diterima dalam Rupiah dan valuta asing yang memenuhi persyaratan tertentu, yang diterima oleh BUK untuk memperoleh sumber pendanaan.

Giro Rasio Intermediasi Makroprudensial

Giro atas pemenuhan RIM yang selanjutnya disebut Giro RIM adalah saldo pada rekening Giro Rupiah pada Bank Indonesia *Real Time Gross Settlement* (BI-RTGS) dan dana Bank Indonesia *Fast Payment* (BI-Fast) yang wajib dipelihara oleh Bank.

Dalam hal RIM berada dalam kisaran target RIM maka Giro RIM ditetapkan sebesar 0% (nol persen) dari DPK dalam Rupiah. Sedangkan apabila RIM berada di luar kisaran target RIM, maka Giro RIM ditetapkan sebesar hasil perkalian antara Parameter Disinsentif Bawah atau Parameter Disinsentif Atas, selisih antara RIM dan Target RIM, serta DPK dalam Rupiah.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

h. Current accounts with Bank Indonesia and other banks *(continued)*

Macroprudential Intermediation Ratio (continued)

Based on those Regulations, RIM is the ratio of the results of the comparison of point a and b below:

a. 1. Loans to third party in Rupiah and foreign currencies;

2. Corporate marketable securities in Rupiah and foreign currencies which meet certain requirements.

b. 1. TPF bank in terms of current account, saving account and time deposits in rupiah and foreign currencies excluding interbank fund;
2. Marketable securities issued by the bank in Rupiah and foreign currencies which meet certain requirement which issued for funding;
3. Fund borrowing in Rupiah and foreign currencies which met certain requirements that were received by BUK for funding.

Macroprudential Intermediation Ratio Current Accounts

Current accounts for RIM fulfillment, hereinafter referred to as RIM Current Account, are the current accounts balance in Rupiah current accounts. Account at Bank Indonesia Real Time Gross Settlement (BI-RTGS) and Bank Indonesia Fast Payment (BI-FAST) which must be maintained by the Bank.

In the event that RIM falls within RIM's target range, RIM's Current Account is set at 0% (zero percent) of TPF in Rupiah. Meanwhile, if RIM is outside the range of RIM's target, RIM's current accounts are determined as the result of the multiplication of the Lower Disincentive Parameter or Upper Disincentive Parameter, the difference between RIM and RIM's target, and TPF in rupiah.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

h. Giro pada Bank Indonesia dan bank lain (lanjutan)

Giro Rasio Intermediasi Makroprudensial (lanjutan)

Besaran dan parameter yang digunakan dalam pemenuhan Giro RIM ditetapkan sebagai berikut:
a. Batas bawah Target RIM sebesar 84% (delapan puluh empat persen);
b. Batas atas Target RIM sebesar 94% (sembilan puluh empat persen);
c. Kewajiban Penyediaan Modal Minimum (KPMM) Insentif sebesar 14% (empat belas persen);

d. Parameter Disinsentif Bawah ditetapkan:

1. Sebesar 0 (nol), jika BUK memiliki rasio kredit bermasalah secara bruto lebih besar dari atau sama dengan 5% (lima persen);
2. Sebesar 0 (nol), jika BUK memiliki:
   a) Rasio kredit bermasalah secara bruto lebih kecil dari 5% (lima persen); dan
   b) KPMM lebih kecil dari atau sama dengan KPMM Insentif;
3. Sebesar 0,1 (nol koma satu), jika BUK memiliki:
   a) Rasio kredit bermasalah secara bruto lebih kecil dari 5% (lima persen); dan
   b) KPMM lebih besar dari KPMM Insentif dan lebih kecil dari atau sama dengan 19% (sembilan belas persen);
4. Sebesar 0,15 (nol koma satu lima), jika BUK memiliki:
   a) Rasio kredit bermasalah secara bruto lebih kecil dari 5% (lima persen); dan
   b) KPMM lebih besar dari 19% (sembilan belas persen);

e. Parameter Disinsentif Atas ditetapkan:

1. Sebesar 0 (nol), jika BUK memiliki KPMM lebih besar dari KPMM Insentif; atau

2. Sebesar 0 (nol), jika BUK memiliki KPMM lebih kecil dari atau sama dengan KPMM Insentif.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

h. Current accounts with Bank Indonesia and other banks *(continued)*

Macroprudential Intermediation Ratio Current Accounts (continued)

The amounts and parameters used in fulfilling RIM Current Account are determined as follows:
a. The lower limit of RIM's Target of 84% (eighty four percent);
b. The upper limit of RIM's Target of 94% (ninety four percent);
c. Minimum Capital Adequacy Requirement (CAR) Incentive of 14% (fourteen percent);

d. The Lower Disincentive Parameters are defined as follows:
1. Amounting to 0 (zero), if the BUK has gross non-performing loan ratio greater than or equal to 5% (five percent);

2. Amounting to 0 (zero), if the BUK has:
a) Gross non-performing loan ratio is less than 5% (five percent); and

b) CAR is greater than or equal to Incentive CAR;
3. Amounting to 0.1 (zero point one), if the CCB has:
c) Gross non-performing loan ratio is less than 5% (five percent); and

b) CAR is greater than incentive CAR and less than or equal to 19% (nineteen percent);

4. Amounting to 0.15 (zero point one five), if BUK has:
a) Gross Non-Performing Loans Ratio is less than 5% (five percent); and

b) CAR is greater than 19% (nineteen percent);

e. Upper Disincentive Parameters are determined as follows:
1. In the amount of 0 (zero), if the BUK has a CAR higher than the Incentive CAR; or

2. In the amount of 0 (zero), if the BUK has a CAR less than or equal to the Incentive CAR.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

i. Penempatan pada Bank Indonesia dan bank lain

Penempatan pada Bank Indonesia dan bank lain merupakan penempatan dana dalam bentuk *Deposit Facility* (DF), Fasilitas Simpanan Bank Indonesia Syariah (FASBIS), Pasar Uang Antar Bank, Pasar Uang Antar Bank syariah, deposito berjangka dan lain-lain.

Penempatan pada Bank Indonesia dan bank lain disajikan sebesar biaya perolehan diamortisasi dengan menggunakan suku bunga efektif dikurangi dengan cadangan kerugian penurunan nilai.

Sesuai dengan Peraturan Otoritas Jasa Keuangan (POJK) No. 40/POJK.03/2019 tanggal 19 Desember 2019 tentang Penilaian Kualitas Aset Bank Umum, seluruh bentuk penempatan pada Bank Indonesia ditetapkan memiliki kualitas lancar.

Penempatan pada Bank Indonesia dan bank lain diklasifikasikan sebagai biaya perolehan diamortisasi. Lihat Catatan 2c untuk kebijakan akuntansi atas biaya perolehan diamortisasi.

j. Efek-efek

Efek-efek yang dimiliki terdiri dari efek-efek yang diperdagangkan di pasar uang seperti Sertifikat Bank Indonesia (SBI), Sertifikat Bank Indonesia Syariah (SBIS), Surat Perbendaharaan Negara (SPN), *Negotiable Certificates of Deposits, Medium Term Notes, Treasury Bills* yang diterbitkan oleh pemerintah negara lain dan Pemerintah Republik Indonesia, wesel ekspor, efek-efek yang diperdagangkan di pasar modal seperti unit reksa dana, serta efek-efek yang diperdagangkan di bursa efek seperti saham dan obligasi, termasuk obligasi syariah perusahaan.

Efek-efek diklasifikasikan sebagai aset keuangan dalam kelompok diukur pada nilai wajar melalui laba rugi, nilai wajar melalui penghasilan komprehensif lain, dan biaya perolehan diamortisasi. Lihat Catatan 2c untuk kebijakan akuntansi atas aset keuangan dalam kelompok diukur pada nilai wajar melalui laba rugi, nilai wajar melalui penghasilan komprehensif lain, dan biaya perolehan diamortisasi.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

i. Placements with Bank Indonesia and other banks

Placements with Bank Indonesia and other banks represent placements in the form of Bank Indonesia Deposit Facility, sharia FASBI (Fasilitas Simpanan Bank Indonesia Syariah (FASBIS)), interbank call money, sharia interbank call money, time deposits and others.

Placements with Bank Indonesia and other banks are stated at amortised cost using effective interest rate less any allowance for impairment losses.

In accordance with Regulation of Financial Services Authority (POJK) No. 40/POJK.03/2019 dated 19 December 2019 regarding the Quality Assessment of Commercial Banks, all forms of placements with Bank Indonesia are determined to have current quality.

Placements with Bank Indonesia and other banks are classified as amortised cost. Refer to Note 2c for the accounting policy of amortised cost.

j. Marketable securities

Marketable securities consist of securities traded in the money market such as Certificates of Bank Indonesia (Sertifikat Bank Indonesia (SBI)), Sharia Certificates of Bank Indonesia (Sertifikat Bank Indonesia Syariah (SBIS)), Government Treasury Bills (Surat Perbendaharaan Negara (SPN)) Negotiable Certificates of Deposits, Medium Term Notes, Treasury Bills issued by government of other country and Government of Republic of Indonesia, export bills, securities traded on the capital market such as mutual fund units and securities traded on the stock exchanges such as shares and bonds including sharia corporate bonds.

Marketable securities are classified as financial assets at fair value through profit or loss, fair value through other comprehensive income, and at amortised cost. Refer to Note 2c for the accounting policy of financial assets through fair value through profit or loss, fair value through other comprehensive income, and at amortised cost.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

j. Efek-efek (lanjutan)

Investasi dalam unit reksa dana dinyatakan sebesar nilai pasar sesuai nilai aset bersih dari reksa dana pada tanggal laporan posisi keuangan konsolidasian.

Untuk efek-efek yang diperdagangkan di pasar keuangan yang terorganisasi, nilai wajar tersebut umumnya ditentukan dengan mengacu pada harga pasar kuotasian yang terjadi di bursa efek pada akhir hari pada tanggal laporan posisi keuangan konsolidasian. Untuk efek-efek yang tidak mempunyai harga pasar, estimasi atas nilai wajar efek-efek ditetapkan dengan mengacu pada nilai wajar instrumen lain yang substansinya sama atau dihitung berdasarkan arus kas yang diharapkan terhadap aset bersih efek-efek tersebut. Penurunan nilai wajar permanen atas efek-efek untuk biaya perolehan diamortisasi dan nilai wajar melalui penghasilan komprehensif lain dibebankan pada laporan laba rugi dan penghasilan komprehensif lain konsolidasian periode berjalan.

Pemindahan efek ke klasifikasi dimiliki biaya perolehan diamortisasi dari klasifikasi nilai wajar melalui penghasilan komprehensif lain dicatat sebesar nilai wajarnya. Keuntungan atau kerugian yang belum direalisasi tetap dilaporkan dalam komponen ekuitas dan diamortisasi dengan metode suku bunga efektif selama sisa umur efek tersebut ke laporan laba rugi dan penghasilan komprehensif lain konsolidasian.

k. Obligasi pemerintah

Obligasi pemerintah adalah surat utang yang diterbitkan oleh Pemerintah Republik Indonesia. Obligasi pemerintah terdiri dari obligasi pemerintah yang diperoleh dalam rangka program rekapitalisasi dan obligasi pemerintah yang dibeli dari pasar.

Obligasi pemerintah diklasifikasikan sebagai aset keuangan dalam kelompok diukur pada nilai wajar melalui laba rugi, nilai wajar melalui penghasilan komprehensif lain, dan biaya perolehan diamortisasi. Lihat Catatan 2c untuk kebijakan akuntansi atas aset keuangan dalam kelompok diukur pada nilai wajar melalui laba rugi, nilai wajar melalui penghasilan komprehensif lain, dan biaya perolehan diamortisasi.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

j. Marketable securities *(continued)*

Investments in mutual funds units are stated at market value, in accordance with the net assets value of mutual funds at the date of the consolidated statement of financial position.

For marketable securities which are traded in organised financial markets, the fair value is generally determined by reference to quoted market prices by the stock exchanges at the end of business day on the consolidated statement of financial position date. For marketable securities with no quoted market price, a reasonable estimate of the fair value is determined by reference to the current market value of another instrument which substantially has the same characteristic or calculated based on the expected cash flows of the underlying net asset of the marketable securities. Any permanent impairment in the fair value of marketable securities classified as amortised cost and fair value through other comprehensive income is charged to current year's consolidated statement of profit or loss and other comprehensive income.

Reclassification of marketable securities to amortised cost from fair value through other comprehensive income classification is recorded at fair value. Unrealised gains or losses are recorded in the equity section and will be amortised up to the maturity date of the marketable securities using the effective interest rate method over the remaining tenor of marketable securities to consolidated statement of profit or loss and other comprehensive income.

k. Government bonds

Government bonds represent bonds issued by the Government of the Republic of Indonesia. Government bonds consist of government bonds from the recapitalisation program and government bonds purchased from the market.

Government bonds are classified as financial assets at fair value through profit or loss, fair value through other comprehensive income and at amortised cost. Refer to Note 2c for the accounting policy of financial assets at fair value through profit or loss, fair value through other comprehensive income, and at amortised cost.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

l. Tagihan lainnya - transaksi perdagangan

Tagihan lainnya - transaksi perdagangan adalah tagihan sebagai akibat dari perjanjian pemberian fasilitas perdagangan kepada debitur yang akan ditagih pada saat jatuh tempo.

Tagihan lainnya diklasifikasikan sebagai aset keuangan dalam kelompok biaya perolehan diamortisasi. Lihat Catatan 2c untuk kebijakan akuntansi aset keuangan dalam kelompok biaya perolehan diamortisasi.

m. Tagihan atas efek-efek yang dibeli dengan janji dijual kembali dan liabilitas atas efek-efek yang dijual dengan janji dibeli kembali

Tagihan atas efek-efek yang dibeli dengan janji dijual kembali diklasifikasikan sebagai aset keuangan dalam kelompok biaya perolehan diamortisasi. Lihat Catatan 2c untuk kebijakan akuntansi atas aset keuangan dalam kelompok biaya perolehan diamortisasi.

Tagihan atas efek-efek yang dibeli dengan janji dijual kembali disajikan sebagai aset dalam laporan posisi keuangan konsolidasian sebesar harga pembelian kembali yang disepakati dikurangi dengan bunga dibayar dimuka yang belum diamortisasi dan cadangan kerugian penurunan nilai. Selisih antara harga beli dan harga jual kembali yang disepakati diperlakukan sebagai pendapatan bunga dibayar dimuka dan diakui sebagai pendapatan bunga selama jangka waktu sejak efek-efek tersebut dibeli hingga dijual kembali dengan menggunakan metode suku bunga efektif.

Efek-efek yang dijual dengan janji untuk dibeli kembali diklasifikasikan sebagai liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi. Lihat Catatan 2c untuk kebijakan akuntansi atas liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi.

Entitas Anak mencatat transaksi *reverse repo* syariah mengacu ke PSAK 411 "Akuntansi *Wa'd*" yang diterapkan secara prospektif. Pada saat pengakuan awal, Entitas Anak mengklasifikasikan surat berharga syariah dalam kategori diukur pada nilai wajar melalui penghasilan komprehensif lain. Keuntungan atau kerugian dari perubahan nilai wajar diakui dalam penghasilan komprehensif lain.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

l. Other receivables - trade transactions

Other receivables - trade transactions represent receivables resulting from contracts for trade-related facilities given to customers, which will be collected on maturity.

Other receivables - trade transactions are classified as financial assets at amortised cost. Refer to Note 2c for the accounting policy of amortised cost.

m. Securities purchased under agreements to resell and securities sold under agreements to repurchase liabilities

Securities purchased under agreements to resell are classified as financial assets at amortised cost. Refer to Note 2c for the accounting policy financial assets of amortised cost.

Securities purchased under agreements to resell are presented as assets in the consolidated statement of financial position at the agreed resale price less unamortised prepaid interest and allowance for impairment losses. The difference between the purchase price and the agreed resale price is treated as deferred (unamortised) interest income and amortised as income over the period, commencing from the acquisition date to the resale date using the effective interest rate method.

Securities sold under agreements to repurchase are classified as financial liabilities at amortised cost. Refer to Note 2c for the accounting policy for financial liabilities at amortised cost.

The Subsidiaries recognised the reverse repo sharia in accordance with SFAS 411 "Accounting Wa'd" which applied prospectively. At initial recognition, Subsidiaries classified sharia securities as measured at fair value through other comprehensive income. Gains or losses arising from changes in fair value are recognised in other comprehensive income.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

n. Tagihan derivatif dan liabilitas derivatif

Seluruh instrumen derivatif (termasuk transaksi valuta asing untuk tujuan pendanaan dan perdagangan) dicatat dalam laporan posisi keuangan konsolidasian berdasarkan nilai wajarnya. Nilai wajar tersebut ditentukan berdasarkan harga pasar dengan menggunakan kurs *Revinitif Eikon* pada tanggal laporan atau metode diskonto arus kas.

Tagihan derivatif disajikan sebesar keuntungan yang belum direalisasi dari kontrak derivatif. Liabilitas derivatif disajikan sebesar kerugian yang belum direalisasi dari kontrak derivatif.

Keuntungan atau kerugian dari kontrak derivatif disajikan dalam laporan keuangan konsolidasian berdasarkan tujuan Bank atas transaksi yaitu untuk (1) lindung nilai atas nilai wajar, (2) lindung nilai atas arus kas, (3) lindung nilai atas investasi bersih pada kegiatan operasi luar negeri dan (4) instrumen perdagangan, sebagai berikut:

1. Keuntungan atau kerugian dari kontrak derivatif yang ditujukan dan memenuhi syarat sebagai instrumen lindung nilai atas nilai wajar dan keuntungan atau kerugian atas perubahan nilai wajar aset dan liabilitas yang dilindungi, diakui sebagai laba atau rugi yang dapat saling hapus dalam periode akuntansi yang sama. Setiap selisih yang terjadi menunjukkan terjadinya ketidakefektifan lindung nilai dan secara langsung diakui sebagai laba atau rugi tahun berjalan.
2. Bagian efektif dari keuntungan atau kerugian atas kontrak derivatif yang ditujukan sebagai lindung nilai atas arus kas dilaporkan sebagai penghasilan komprehensif lain. Bagian yang tidak efektif dari lindung nilai dilaporkan sebagai laba atau rugi tahun berjalan.
3. Keuntungan atau kerugian dari kontrak derivatif yang ditujukan sebagai lindung nilai atas investasi bersih pada kegiatan operasi luar negeri dilaporkan sebagai penghasilan komprehensif lain, sepanjang transaksi tersebut dianggap efektif sebagai transaksi lindung nilai.
4. Keuntungan atau kerugian dari kontrak derivatif yang tidak ditujukan sebagai instrumen lindung nilai (atau kontrak derivatif yang tidak memenuhi persyaratan sebagai instrumen lindung nilai) diakui sebagai laba atau rugi pada tahun berjalan.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

n. Derivative receivables and derivative payables

All derivative instruments (including foreign currency transactions for funding and trading purposes) are recognised in the consolidated statement of financial position at their fair values. Fair value is determined based on market value using Revinitif Eikon rate at reporting date or discounted cash flow method.

Derivative receivables are presented at the amount of unrealised gain from derivative contracts. Derivative payables are presented at the amount of unrealised loss from derivative contracts.

Gains or losses from derivative contracts are presented in the consolidated financial statements based on its purpose designated upon acquisition, for (1) fair value hedge, (2) cash flow hedge, (3) net investment in a foreign operation hedge, and (4) trading instruments as follows:

1. *Gain or loss on a derivative contract designated and qualified as a fair value hedging instrument and the gain or loss arising from the changes in fair value of hedged assets and liabilities is recognised as gain or loss that can be set off one another during the same accounting year. Any difference representing hedge ineffectiveness and directly recognised as gain or loss in the current year.*
2. *The effective portion arising from gain or loss of derivative contracts designated as cash flow hedge instruments is reported as other comprehensive income. The hedge ineffective portion is recognised as a gain or loss in the current year.*
3. *Gain or loss arising from derivative contract that is designated as a net investment hedge in a foreign operation is reported as other comprehensive income, as long as the transactions are effectively recognised as hedge transactions.*
4. *Gain or loss arising from derivative contract that is not designated as a hedging instrument (or derivative contract that does not qualify as a hedging instrument) is recognised as gain or loss in current year.*

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

n. Tagihan derivatif dan liabilitas derivatif (lanjutan)

Tagihan derivatif diklasifikasikan sebagai aset keuangan dalam kelompok diukur pada nilai wajar melalui laba rugi, sedangkan liabilitas derivatif diklasifikasikan sebagai liabilitas keuangan dalam kelompok diukur pada nilai wajar melalui laba rugi. Lihat Catatan 2c untuk kebijakan akuntansi untuk aset keuangan dan liabilitas keuangan dalam kelompok diukur pada nilai wajar melalui laba rugi.

o. Kredit yang diberikan dan piutang/ pembiayaan syariah

Kredit yang diberikan adalah penyediaan uang atau tagihan yang dapat disetarakan dengan kas, berdasarkan persetujuan atau kesepakatan pinjam-meminjam dengan debitur yang mewajibkan debitur untuk melunasi utang berikut bunganya setelah jangka waktu tertentu dan tagihan yang berasal dari transaksi perdagangan yang telah jatuh tempo yang belum diselesaikan dalam waktu 15 hari.

Kredit sindikasi, kredit dalam rangka pembiayaan langsung dan pembiayaan bersama serta penerusan dinyatakan sebesar saldonya sesuai dengan porsi kredit yang risikonya ditanggung oleh Bank Mandiri dan Entitas Anak.

Piutang/pembiayaan syariah

Di dalam kredit yang diberikan termasuk pembiayaan oleh PT Bank Syariah Indonesia (Persero) Tbk (dahulu PT Bank Syariah Mandiri ("BSM")), Entitas Anak sampai dengan tanggal 31 Januari 2026, berupa piutang, pembiayaan syariah dan pinjaman *qardh*.

Mudharabah adalah kerja sama suatu usaha antara pihak pertama (*malik*, *shahibul maal* atau Entitas Anak) yang menyediakan seluruh modal dan pihak kedua (*amil*, *mudharib* atau nasabah) yang bertindak selaku pengelola dana dengan membagi keuntungan usaha sesuai dengan persentase tertentu yang disepakati dalam akad, sedangkan kerugian ditanggung sepenuhnya oleh Entitas Anak kecuali jika pihak kedua melakukan kesalahan yang disengaja, lalai atau menyalahi perjanjian. Pembiayaan *Mudharabah* dinyatakan sebesar saldo pembiayaan dikurangi dengan penyisihan kerugian.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

n. Derivative receivables and derivative payables *(continued)*

Derivative receivables are classified as financial assets at fair value through profit or loss, meanwhile derivative payables are classified as financial liabilities at fair value through profit or loss. Refer to Note 2c for the accounting policy of financial assets and liabilities at fair value through profit or loss.

o. Loans and sharia receivables/financing

Loans represent the provision of cash or cash equivalent receivables based on lending agreements with borrowers, which the borrowers are required to repay their debts with interest after a specified period, and matured trade finance facilities which have not been settled within 15 days.

Syndicated loans, direct financing and joint financing, and channelling loans are stated at their outstanding balances in proportion to the risks borne by the Bank and its Subsidiaries.

Sharia receivables/financing

Included in loans are financing provided by PT Bank Syariah Indonesia (Persero) Tbk (previously PT Bank Syariah Mandiri ("BSM")), a Subsidiary until 31 January 2026, in the form of sharia receivables, sharia financing and funds of qardh.

Mudharabah financing is a co-operation for certain project between first party (malik, shahibul maal or Subsidiary) as owner of fund and second party (amil, mudharib or debtors) as fund manager and the profit will be shared in accordance with percentage as stated in the agreement, meanwhile losses will be borne by the Subsidiary except if the second party does negligence, error or violate the agreement. Mudharabah financing is stated at the outstanding financing balance less allowance for possible losses.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

o. Kredit yang diberikan dan piutang/ pembiayaan syariah (lanjutan)

Piutang/pembiayaan syariah (lanjutan)

Musyarakah adalah kerja sama di antara dua pihak atau lebih untuk suatu usaha tertentu di mana masing-masing pihak memberikan porsi dana dengan ketentuan bahwa keuntungan akan dibagi sesuai dengan persentase yang disepakati, sedangkan kerugian ditanggung sesuai dengan porsi dana masing-masing. Pembiayaan *musyarakah* permanen adalah *musyarakah* dengan ketentuan bagian dana setiap mitra ditentukan sesuai akad dan jumlahnya tetap hingga akhir masa akad. Pembiayaan *musyarakah* menurun (*musyarakah mutanaqisha*) adalah *musyarakah* dengan ketentuan bagian dana salah satu mitra akan dialihkan secara bertahap kepada mitra lainnya sehingga bagian dananya akan menurun dan pada akhir masa akad mitra lain tersebut akan menjadi pemilik penuh usaha tersebut. Pembiayaan *musyarakah* dinyatakan sebesar saldo pembiayaan dikurangi dengan penyisihan kerugian.

Akad *murabahah* adalah akad pembiayaan suatu barang dengan menegaskan harga beli kepada pembeli dan dibayar dengan harga yang lebih tinggi sebagai marjin yang disepakati. *Murabahah* adalah transaksi penjualan barang dengan menyatakan harga perolehan dan keuntungan (marjin) yang disepakati oleh penjual dan pembeli.

Piutang *murabahah* diklasifikasikan sebagai aset keuangan dalam kategori pinjaman yang diberikan dan piutang sesuai PSAK 239 "Instrumen Keuangan: Pengakuan dan Pengukuran".

Piutang *murabahah* pada awalnya diukur pada nilai bersih yang dapat direalisasi ditambah dengan biaya transaksi/pendapatan administrasi yang dapat diatribusikan secara langsung dan biaya tambahan untuk memperoleh aset keuangan tersebut, dan setelah pengakuan awal diukur pada biaya perolehan diamortisasi menggunakan metode tingkat imbal hasil efektif dikurangi cadangan kerugian penurunan nilai.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

o. Loans and sharia receivables/financing *(continued)*

Sharia receivables/financing (continued)

Musyarakah financing is a co-operation between two or more parties for a certain business wherein each party provides a portion of fund on condition that the profit shall be shared based on the agreed percentage, whereas losses shall be borne in accordance with the portion of the fund of each party. Permanent musyarakah financing is musyarakah in which the fund portion of each partner is stated explicitly in the contract and remains the same until the contract expires. Declining musyarakah financing (musyarakah mutanaqisha) is musyarakah in which the fund portion of one of the partners will be transferred in several stages to the other partner, resulting in the declining of fund portion of one of the partners, and at the end of contract, the other partner will become the sole owner of the business. Musyarakah financing is stated at the outstanding financing balance less allowance for possible losses.

Murabahah contracts are the financing of goods by confirming purchase price to a buyer and the buyer pays it at a higher price as an agreed profit. Murabahah is the transaction of sales of goods by stating the acquisition cost and income (margin) that has been agreed by the seller and buyer.

Murabahah receivables is classified as financial assets under loans and receivables according to SFAS 239 "Financial Instruments: Recognition and Measurements".

Murabahah receivables initially is stated at net realizable value plus transaction cost/directly attributable administration fee and additional acquisition cost to acquire those financial assets and after initial recognition, it is measured at amortised cost using the effective interest rate method less the allowance for impairment losses.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

o. Kredit yang diberikan dan piutang/ pembiayaan syariah (lanjutan)

Piutang/pembiayaan syariah (lanjutan)

Piutang *murabahah* dinyatakan sebesar jumlah piutang setelah dikurangi dengan marjin yang ditangguhkan yang dapat direalisasikan dengan cadangan kerugian penurunan nilai. Entitas Anak menetapkan cadangan kerugian penurunan nilai atas piutang sesuai dengan kualitas piutang *murabahah* berdasarkan penelaahan atas masing-masing saldo piutang.

Piutang *istishna* adalah pembiayaan barang dalam bentuk pemesanan pembuatan barang tertentu dengan kriteria dan persyaratan tertentu yang disepakati antara pemesan atau pembeli (*mustashni*) dan penjual atau pembuat (*shani*). Piutang *istishna* disajikan sebesar tagihan kepada pembeli dikurangi penyisihan kerugian.

Pinjaman *qardh* adalah pinjaman dana kepada nasabah dengan ketentuan bahwa nasabah wajib mengembalikan dana yang diterimanya pada waktu yang telah disepakati. Atas transaksi ini, Entitas Anak mendapatkan *ujrah* (imbalan) dan diakui pada saat diterima. Pinjaman *qardh* meliputi pembiayaan dengan akad *hawalah* dan *rahn*. Akad *hawalah* adalah akad pengalihan utang dari pihak yang berutang (nasabah) kepada pihak lain (Entitas Anak) yang wajib menanggung atau membayar.

Rahn merupakan transaksi gadai barang atau harta dari nasabah kepada Entitas Anak dengan uang sebagai gantinya. Barang atau harta yang digadaikan tersebut dinilai sesuai harga pasar dikurangi persentase tertentu. Atas transaksi ini, Entitas Anak mendapatkan *ujrah* (imbalan) dan diakui pada saat diterima. *Rahn* disajikan sebesar saldo dikurangi penyisihan kerugian.

Kredit yang diberikan dan piutang/pembiayaan syariah diklasifikasikan sebagai aset keuangan dalam kelompok pinjaman yang diberikan dan piutang. Lihat Catatan 2c untuk kebijakan akuntansi atas aset keuangan dalam kelompok pinjaman yang diberikan dan piutang.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

o. Loans and sharia receivables/financing *(continued)*

Sharia receivables/financing (continued)

Murabahah receivables is stated at the balance of the receivable less realizable deferred margin and allowance for possible losses. The Subsidiary calculates the allowance for impairment losses on receivables according to the murabahah receivables quality based on review on each of receivables balance.

Istishna receivables is the financing of goods in the form of manufacturing the ordered goods with the agreed criteria and specification by both of orderer or buyer (mustashni) and manufacturer or seller (shani). Istishna receivables is presented based on the outstanding billings less allowance for possible losses.

Qardh borrowings is borrowings at the condition that the borrower should repay the loan at specified period of time. The Subsidiary will obtain a fee (ujrah) from this transaction, which is recognised upon receipt. Qardh included hawalah and rahn financing agreement. Hawalah is transfer of debts from debtors to other party (Subsidiary) which obligates to bear or pay.

Rahn represents the pledge of goods or assets owned by the customer to the Subsidiary for an equivalent amount of money. Assets or goods pledged are appraised based on market value, less a certain deduction percentage. The Subsidiary will obtain a fee (ujrah), which is recognised upon receipt. Rahn is stated at its outstanding balance less allowance for possible losses.

Loans and sharia receivables/financing are classified as financial assets in loans and receivables category. Refer to Note 2c for the accounting policy of financial assets for loans and receivables.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

o. Kredit yang diberikan dan piutang/ pembiayaan syariah (lanjutan)

Restrukturisasi kredit yang diberikan

Restrukturisasi kredit dilakukan kepada debitur yang berpotensi atau mengalami kesulitan dalam memenuhi kewajibannya. Restrukturisasi kredit meliputi modifikasi persyaratan kredit, konversi kredit menjadi saham atau instrumen keuangan lainnya dan/atau kombinasi dari keduanya.

Kerugian yang timbul dari restrukturisasi kredit yang berkaitan dengan modifikasi persyaratan kredit diakui dalam bentuk cadangan kerugian penurunan nilai bila nilai sekarang dari jumlah penerimaan kas yang akan datang yang telah ditentukan dalam persyaratan kredit yang baru, termasuk penerimaan yang diperuntukkan sebagai bunga maupun pokok, adalah lebih kecil dari nilai kredit yang diberikan yang tercatat sebelum restrukturisasi.

Untuk restrukturisasi kredit dengan cara konversi kredit yang diberikan menjadi saham atau instrumen keuangan lainnya, kerugian dari restrukturisasi kredit diakui dalam bentuk cadangan kerugian penurunan nilai apabila nilai wajar penyertaan saham atau instrumen keuangan yang diterima dikurangi estimasi biaya untuk menjualnya adalah lebih kecil dari nilai buku kredit yang diberikan.

Bank memiliki ketentuan internal mengenai debitur yang layak untuk dikeluarkan dari daftar kredit yang direstrukturisasi, yaitu apabila kredit/debitur telah memenuhi kriteria sebagai berikut:

i. Kualitas kredit telah dikategorikan Lancar (kolektibilitas 1) sesuai dengan hasil reviu berdasarkan 3 (tiga) pilar penetapan kualitas kredit dari Bank Indonesia;
ii. Tingkat suku bunga yang dikenakan atas fasilitas kredit berjalan merupakan tingkat suku bunga komersial yang diberikan kepada debitur sesuai dengan segmen kredit yang bersangkutan di atas *base lending rate;*
iii. Tidak terdapat Tunggakan Bunga yang Dijadwalkan Kembali (TBYD) dan Bunga yang Ditangguhkan (BYDT) yang masih belum selesai.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

o. Loans and sharia receivables/financing *(continued)*

Loan restructuring

Loan restructuring is done for debtors who has potential or experiencing difficulties in fulfilling their obligations. Restructuring includes modification of loan terms, conversion of loans into share/stock or other financial instruments and/or a combination of both.

Losses on loan restructuring due to modification of the terms of the loans are recognised as part of allowance for impairment losses only if the present value of total future cash receipts specified in the new terms of the loans including receipts designated as interest and loan principal, are less than the carrying amount of loans before restructuring.

For loan restructuring which involve a conversion of loans into share/stock or other financial instruments, a loss on loan restructuring is recognised as part of allowance for impairment losses if the fair value of the share or financial instruments received, deducted by estimated expenses to sell the share or other financial instruments, is less than the carrying amount of loans.

The Bank formed internal regulation regarding the debtors that are eligible to be removed from the list of restructured loans, i.e., when the loan/debtor has met the following criteria:

i. Credit quality has been categorised as Current (collectability 1) according to the review results by 3 (three) pillars of credit quality on Bank Indonesia;
ii. The interest rate charged on the current loan facility is the commercial interest rate to debtors in accordance with the relevant credit segments above the base lending rate;
iii. There are no Deferred Delinquency Interest (TBYD) and Deferred Interest (BYDT) which have not yet been settled.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

p. Piutang pembiayaan konsumen

Piutang pembiayaan konsumen Entitas Anak diakui pada awalnya dengan nilai wajar ditambah biaya-biaya transaksi dan dikurangi *yield enhancing income* yang dapat diatribusikan secara langsung dan selanjutnya diukur dengan biaya perolehan diamortisasi menggunakan metode suku bunga efektif.

Piutang pembiayaan konsumen Entitas Anak diklasifikasikan sebagai biaya perolehan diamortisasi. Lihat Catatan 2c untuk perlakuan akuntansi aset keuangan dalam kelompok biaya perolehan diamortisasi.

Penyelesaian kontrak sebelum masa pembiayaan konsumen berakhir diperlakukan sebagai pembatalan kontrak pembiayaan konsumen dan laba atau rugi yang terjadi diakui dalam laporan laba rugi dan penghasilan komprehensif lain konsolidasian tahun berjalan pada tanggal terjadinya transaksi.

Restrukturisasi kredit dapat dilakukan dengan cara pengalihan kredit, melanjutkan kredit, mengangsur kembali, mengubah jatuh tempo, mengubah tenor dan/atau menambah uang muka.

Pendapatan pembiayaan konsumen yang belum diakui milik Entitas Anak merupakan selisih antara jumlah keseluruhan pembayaran angsuran yang akan diterima dari konsumen dengan jumlah pokok pembiayaan, yang akan diakui sebagai pendapatan pembiayaan konsumen selama jangka waktu kontrak menggunakan metode suku bunga efektif.

Piutang pembiayaan konsumen merupakan jumlah piutang setelah dikurangi dengan bagian pembiayaan bersama di mana risiko kredit ditanggung oleh pemberi pembiayaan bersama sesuai dengan porsinya (*without recourse*), pendapatan pembiayaan yang belum diakui dan cadangan kerugian penurunan nilai.

Piutang pembiayaan konsumen yang dibiayai bersama pihak-pihak lain di mana masing-masing pihak menanggung risiko kredit sesuai dengan porsinya (*without recourse*) disajikan di laporan posisi keuangan konsolidasian secara bersih.

***2. MATERIAL ACCOUNTING POLICY INFORMATION** (continued)*

p. Consumer financing receivables

The Subsidiaries consumer financing receivables are recognised initially at fair value, plus transaction costs and deducted by yield enhancing income that is directly attributable, and subsequently measured at amortised cost using the effective interest rate method.

The Subsidiaries consumer financing receivables are classified at amortised cost. Refer to Note 2c for the accounting policy of financial assets classified at amortised cost.

Early termination before end of consumer financing is treated as a cancellation of receivables' terms existing contract and the resulting gain or loss is credited or charged to the current year's consolidated statement of profit or loss and other comprehensive income at the transaction date.

Loan/financing restructuring can be done by transfer of financing, financing continuation, re-installment payment, change the due date, change the tenor and/or increase the down payment.

Subsidiaries' unearned consumer financing income is the difference between total installments to be received from customers and the total financing principal which is recognised as consumer financing income over the term of the contract using effective interest rate.

Consumer financing receivables are net of joint financing receivables after deducted with joint financing portion where joint financing providers bear credit risk in accordance with its portion (without recourse), unearned consumer financing income and allowance for impairment losses.

Joint financing receivables that are jointly financed with other parties, bears credit risk in accordance with their financing portion (without recourse) are presented on a net basis in the consolidated statement of financial position.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

p. Piutang pembiayaan konsumen (lanjutan)

Pendapatan pembiayaan konsumen dan beban bunga yang terkait dengan pembiayaan bersama *without recourse* disajikan secara bersih di laporan laba rugi dan penghasilan komprehensif lain konsolidasian.

Dalam pembiayaan bersama *without recourse*, Entitas Anak berhak menentukan tingkat bunga yang lebih tinggi kepada pelanggan dari tingkat bunga yang ditetapkan dalam perjanjian dengan pemberi pembiayaan bersama. Selisihnya merupakan pendapatan dan disajikan sebagai bagian dari "Pendapatan pembiayaan konsumen".

q. Investasi bersih dalam sewa pembiayaan

Investasi bersih dalam sewa pembiayaan diklasifikasikan sebagai biaya perolehan diamortisasi. Lihat Catatan 2c untuk kebijakan akuntansi atas biaya perolehan diamortisasi.

Penyewa pembiayaan memiliki hak opsi untuk membeli aset yang disewa-pembiayaankan pada akhir masa sewa pembiayaan dengan harga yang telah disetujui bersama pada saat dimulainya perjanjian sewa pembiayaan.

Penyelesaian kontrak sebelum masa sewa pembiayaan berakhir diperlakukan sebagai pembatalan kontrak sewa dan laba atau rugi yang timbul diakui dalam laporan laba rugi dan penghasilan komprehensif lain konsolidasian tahun berjalan.

r. Aset tetap, aset dan liabilitas sewa dan aset takberwujud

i. Aset tetap dan perangkat lunak

Pada tanggal 1 April 2016, Grup melakukan perubahan kebijakan akuntansi atas tanah dari model biaya menjadi model revaluasi. Tanah disajikan sebesar nilai wajar.

Penilaian terhadap tanah dilakukan oleh penilai independen eksternal yang memiliki sertifikasi. Penilaian atas aset tersebut dilakukan secara berkala untuk memastikan bahwa nilai wajar aset yang direvaluasi tidak berbeda secara material dengan nilai tercatatnya.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

p. Consumer financing receivables *(continued)*

Consumer financing income and interest expense related to joint financing without recourse are also presented on a net basis in the consolidated statement of profit or loss and other comprehensive income.

In joint financing without recourse, the Subsidiaries has the right to set higher interest rates to customers than those that are stated in the joint financing agreements with joint financing providers. The difference is recognised as revenue and disclosed part of as "Consumer financing income".

q. Net investment finance leases

Net investment finance leases are classified at amortised cost. Refer to Note 2c to the accounting policy for at amortised cost.

The lessee has the right option to purchase the leased asset at the end of the lease period at a price which has mutually agreed upon at the commencement of the agreement.

Early termination before end of finance leases' terms is treated as a cancellation of an existing contracts and the resulting gain or loss is recognised in the current year consolidated statement of profit or loss and other comprehensive income.

r. Fixed assets, leased assets and liabilities, and intangible assets

i. Fixed assets and software

On 1 April 2016, the Group changed their accounting policy relating to land from cost model into revaluation model. The land is stated at fair value.

Appraisal of the land is performed by a certified external independent appraiser. Assessment of those assets are conducted regularly to ensure that the fair value of the revalued asset is not materially different from its carrying value.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

r. Aset tetap, aset dan liabilitas sewa dan aset takberwujud (lanjutan)

i. Aset tetap dan perangkat lunak(lanjutan)

Jika nilai wajar dari aset yang direvaluasi mengalami perubahan yang signifikan dan fluktuatif, maka perlu direvaluasi secara tahunan, sedangkan jika nilai wajar dari aset yang direvaluasi tidak mengalami perubahan yang signifikan dan fluktuatif, maka perlu dilakukan revaluasi minimal 3 tahun sekali.

Kenaikan nilai tercatat yang timbul dari revaluasi tanah dicatat sebagai "Selisih bersih revaluasi aset tetap" dan disajikan sebagai "Penghasilan komprehensif lain". Penurunan nilai tercatat yang timbul dari revaluasi dicatat sebagai beban pada tahun berjalan. Apabila aset tersebut memiliki saldo "Selisih bersih revaluasi aset tetap" yang disajikan sebagai "penghasilan komprehensif lain", maka selisih penurunan nilai tercatat tersebut dibebankan terhadap "Selisih bersih revaluasi aset tetap" dan sisanya diakui sebagai beban tahun berjalan.

Grup melakukan revaluasi di tahun 2016 untuk tujuan akuntansi dan pajak di mana entitas memperoleh persetujuan dari otoritas perpajakan. Jumlah pajak yang telah dibayar diakui di penghasilan komprehensif lain dan terakumulasi dalam ekuitas dan di-*offset* pada bagian selisih bersih revaluasi aset tetap.

Aset tetap, kecuali tanah, dinyatakan sebesar biaya perolehan dikurangi akumulasi penyusutan dan penyisihan penurunan nilai. Biaya perolehan termasuk biaya penggantian bagian aset tetap saat biaya tersebut terjadi, jika memenuhi kriteria pengakuan aset tetap.

Selanjutnya, pada saat inspeksi yang signifikan dilakukan, biaya inspeksi itu diakui ke dalam jumlah tercatat (*carrying amount*) aset tetap sebagai suatu penggantian jika memenuhi kriteria pengakuan. Semua biaya pemeliharaan dan perbaikan yang tidak memenuhi kriteria pengakuan diakui dalam laporan laba rugi dan penghasilan komprehensif lain konsolidasian pada saat terjadinya. Perangkat lunak diakui sebagai aset takberwujud.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

r. Fixed assets, leased assets and liabilities, and intangible assets *(continued)*

i. Fixed assets and software *(continued)*

If the fair value of the revalued asset change significantly and fluctuative, it is necessary to revaluate the assets on an annual basis, whereas if the fair value of the revalued asset does not change significantly, it is necessary to revalued at a minimum every 3 years.

The increase in the carrying value arising from the revaluation of land is recorded as "Net differences in fixed assets revaluation" and is presented as "Other comprehensive income". Any impairment arising from the revaluation is recorded as expense of the current year. If the asset had a balance of "Net differences in fixed assets revaluation" that is presented as "other comprehensive income", then the impairment difference recorded is charged against "Net differences in fixed assets revaluation" and the rest is recognised as expense of the current year.

Group conducted revaluation in 2016, for accounting and tax purposes where the Group obtained approval from the tax authorities. The amount of taxes paid is recognised in other comprehensive income and accumulated in equity and offset against Net differences in fixed assets revaluation.

Fixed assets except for land are stated at cost less accumulated depreciation and impairment losses. Such cost includes the cost of replacing part of the fixed assets when that cost is incurred, if the recognition criteria are met.

Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the fixed assets as a replacement if the recognition criteria are fulfilled. All other repair and maintenance costs that do not have future economic benefit are recognised in the consolidated statement of profit or loss and other comprehensive incomes as incurred. Software is recognised as intangible assets.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

r. Aset tetap, aset dan liabilitas sewa dan aset takberwujud (lanjutan)

i. Aset tetap dan perangkat lunak (lanjutan)

Penyusutan dan amortisasi dihitung dengan menggunakan metode garis lurus selama umur manfaat ekonomis aset tetap dan aset takberwujud yang diestimasi. Estimasi umur manfaat ekonomis dan persentase penyusutan dan amortisasi per tahun adalah sebagai berikut:

	Tahun/*Years*	**Persentase/*Percentage***	
Bangunan	20	5%	*Buildings*
Perlengkapan, peralatan kantor, komputer dan kendaraan bermotor	4-5	20% - 25%	*Furniture and fixtures, office equipment, computer and vehicles*
Perangkat lunak	5	20%	*Software*

Jumlah tercatat aset tetap dihentikan pengakuannya pada saat dilepaskan atau saat tidak ada manfaat ekonomis masa depan yang diharapkan dari penggunaan atau pelepasannya. Laba atau rugi yang timbul dari penghentian pengakuan aset tetap (dihitung sebagai perbedaan antara jumlah neto hasil pelepasan dan jumlah tercatat dari aset tetap) dimasukkan dalam laporan laba rugi dan penghasilan komprehensif lain konsolidasian pada tahun berjalan aset tetap tersebut dihentikan pengakuannya.

Pada setiap akhir tahun buku, nilai residu, umur manfaat ekonomis dan metode penyusutan dikaji ulang dan jika tidak sesuai dengan keadaan akan disesuaikan secara prospektif.

Aset tetap dalam pembangunan dinyatakan sebesar biaya perolehan dan disajikan sebagai bagian dari aset tetap. Ketika aset dalam pembangunan telah selesai dan siap digunakan, akumulasi biaya perolehan direklasifikasikan ke akun aset tetap yang sebenarnya.

Sesuai dengan PSAK 216 “Aset Tetap”, biaya perolehan hak atas tanah dalam bentuk hak guna usaha, hak guna bangunan dan hak pakai diakui sebagai aset tetap. Biaya perolehan tersebut merupakan biaya yang dapat diatribusikan secara langsung untuk memperoleh hak atas tanah tersebut termasuk biaya pengurusan legal hak atas tanah ketika tanah diperoleh pertama kali.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

r. Fixed assets, leased assets and liabilities, and intangible assets *(continued)*

i. Fixed assets and software *(continued)*

Depreciation and amortisation are calculated using the straight-line method over the estimated useful life of fixed assets and intangible assets. The estimated useful life and percentage of depreciation and amortisation per annum are as follows:

Fixed assets are derecognised upon disposal or when no future economic benefits are expected from their use or disposal. Any gain or loss arising from the derecognition of the fixed asset (calculated as the difference between the net disposal proceeds and the carrying amount of the fixed asset) is included in the consolidated statement of profit or loss and other comprehensive income in the year which the fixed asset is derecognised.

The fixed asset’s residual values, useful life and methods of depreciation are reviewed, and adjusted prospectively if appropriate at the end of each financial year.

Construction in progress of fixed asset is stated at cost and presented as part of fixed assets. Accumulated costs are reclassified to the appropriate fixed assets account when the assets are substantially complete and ready for their intended use.

In accordance with SFAS 216 "Fixed Assets", the cost of land rights in the form of right to cultivate, right to build and use rights are recognised as fixed assets. The acquisition cost is the cost that are directly attributable to obtain land rights, including the cost of legal rights to the land when the land was first acquired.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

r. Aset tetap, aset dan liabilitas sewa dan aset takberwujud (lanjutan)

i. Aset tetap dan perangkat lunak (lanjutan)

Hak atas tanah dalam bentuk hak guna usaha, hak guna bangunan dan hak pakai tidak disusutkan, kecuali terdapat bukti yang mengindikasikan bahwa perpanjangan atau pembaruan hak atas tanah tersebut kemungkinan besar atau pasti tidak diperoleh.

PSAK 236 "Penurunan Nilai Aset" mensyaratkan bahwa nilai tercatat aset tetap dikaji ulang setiap tanggal laporan posisi keuangan konsolidasian untuk menilai apakah aset tetap tersebut nilai tercatatnya lebih tinggi dari nilai terpulihkan (*recoverable amounts*) dari aset tetap tersebut. Jika nilai tercatat aset tetap melebihi taksiran nilai terpulihkan dari aset tetap tersebut, nilai tercatat aset tetap harus diturunkan menjadi nilai terpulihkan dari aset tetap tersebut.

ii. Aset dan liabilitas sewa

Grup telah menerapkan PSAK 116 "Sewa" sejak tanggal 1 Januari 2020.

PSAK 116 menerapkan persyaratan baru atau amendemen sehubungan dengan akuntansi sewa. Standar ini memperkenalkan perubahan signifikan untuk akuntansi penyewa dengan menghapus perbedaan antara sewa operasi dan pembiayaan, serta mensyaratkan pengakuan aset hak guna dan pengakuan liabilitas sewa pada saat dimulainya sewa untuk seluruh sewa, kecuali untuk sewa jangka pendek dan sewa aset bernilai rendah. Berbeda dengan akuntansi penyewa, persyaratan untuk akuntansi pesewa sebagian besar tidak berubah.

PSAK 116 menentukan apakah kontrak merupakan, atau mengandung sewa atas dasar jika penyewa memiliki hak untuk mengendalikan penggunaan aset selama suatu jangka waktu tertentu untuk dipertukarkan dengan imbalan.

Grup menggunakan tingkat diskonto tunggal untuk portofolio sewa dengan karakteristik yang hampir sama.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

r. Fixed assets, leased assets and liabilities, and intangible assets *(continued)*

i. Fixed assets and software *(continued)*

Land rights in the form of right to cultivate, right to build and use right are not amortised, unless there is evidence to indicate that the extension or renewal of land rights is likely to or definitely not obtained.

SFAS 236 "Impairment of Assets" requires that the carrying amounts of fixed assets are reviewed at each consolidated statement of financial position date to assess whether they are recorded in excess of their recoverable amounts of the fixed assets. If the carrying value exceeds this estimated recoverable amount, assets are written down to their recoverable amounts of the fixed assets.

ii. Leased assets and liabilities

The Group has implemented SFAS 116 "Lease" since 1 January 2020.

SFAS 116 applies new or amended requirements with respect to lease accounting. This standard introduces significant changes to lessee accounting by eliminating the distinction between operating and financing leases, and requires recognition of right-of-use assets and recognition of lease liabilities at lease inception for all leases, except for short-term leases and leases of low-value assets. In contrast to lessee accounting, the requirements for lessor accounting are mostly unchanged.

SFAS 116 determines whether a contract is, or contains a lease on the basis that the lessee has the right to control the use of the asset for a specified period of time in exchange for certain consideration.

The Group uses a single discount rate for lease portfolios with similar characteristics.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

r. Aset tetap, aset dan liabilitas sewa dan aset takberwujud (lanjutan)

ii. Aset dan liabilitas sewa (lanjutan)

Grup menerapkan pendekatan pengakuan dan pengukuran tunggal untuk seluruh sewa, kecuali untuk sewa jangka pendek dan sewa aset bernilai rendah. Grup mengakui liabilitas sewa untuk melakukan pembayaran sewa dan aset hak guna yang mewakili hak untuk menggunakan aset pendasar.

Grup mengakui aset hak guna pada tanggal dimulainya sewa. Aset hak guna diukur pada biaya perolehan, dikurangi akumulasi penyusutan dan kerugian penurunan nilai, dan disesuaikan untuk setiap pengukuran kembali liabilitas sewa. Liabilitas sewa merupakan jumlah pembayaran sewa yang masih harus dibayar hingga akhir masa sewa yang didiskontokan dengan menggunakan suku bunga pinjaman inkremental. Biaya aset hak guna mencakup jumlah liabilitas sewa yang diakui, biaya langsung awal yang dibayarkan, biaya pemulihan dan pembayaran sewa yang dilakukan pada atau sebelum tanggal mulai sewa dikurangi insentif sewa yang diterima. Aset hak guna disusutkan dengan metode garis lurus selama jangka waktu yang lebih pendek antara masa sewa dengan estimasi masa manfaat aset, sebagai berikut:

- Bangunan	: 20 tahun/*years*	*Buildings*	-
- Mesin kantor	: 5 tahun/*years*	*Office machines*	-
- Komputer perangkat keras	: 5 tahun/*years*	*Computer hardware*	-
- Komputer perangkat lunak	: 5 tahun/*years*	*Computer software*	-
- Inventaris kantor	: 5 tahun/*years*	*Office equipment*	-
- Inventaris rumah dinas dan mess	: 5 tahun/*years*	*Equipment of official houses and mess*	-
- Kendaraan bermotor	: 5 tahun/*years*	*Vehicle*	-

Jika kepemilikan aset sewa dialihkan ke Grup pada akhir masa sewa atau pembayaran sewa mencerminkan pelaksanaan opsi pembelian, penyusutan dihitung menggunakan estimasi masa manfaat ekonomis aset. Aset hak guna diuji penurunan nilainya sesuai dengan PSAK 236 "Penurunan Nilai Aset".

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

r. Fixed assets, leased assets and liabilities, and intangible assets *(continued)*

ii. Leased assets and liabilities *(continued)*

The Group applies a single recognition and measurement approach to all leases, except for short-term leases and low-value asset leases. The Group recognises a lease liabilities to make lease payments and rights of use assets that represent the right to use the underlying asset.

The Group recognised the right of use assets at the inception date of the lease. The right of use assets are measured at cost, less accumulated depreciation and impairment losses, and adjusted for any remeasurement of the lease liabilities. Lease liabilities are the amount of lease payments accrued until the end of the lease term, discounted using the incremental loan interest rate. The cost of right of use assets includes the amount of lease liability recognised, initial direct costs paid, recovery costs and lease payments made on or before the start date of the lease less lease incentives received. Right of use assets are depreciated using the straight-line method over the shorter period between the lease term and the estimated useful life of the asset, as follows:

If the ownership of the leased asset is transferred to the Group at the end of the lease term or the lease payments reflect the exercise of the purchase option, depreciation is calculated using the estimated useful life of the asset. Right of use assets are assessed for impairment in accordance with SFAS 236 "Impairment of Assets".

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

r. Aset tetap, aset dan liabilitas sewa dan aset takberwujud (lanjutan)

ii. Aset dan liabilitas sewa (lanjutan)

Pada tanggal dimulainya sewa, Grup mengakui liabilitas sewa yang diukur pada nilai kini dari pembayaran sewa masa depan yang akan dilakukan selama masa sewa. Pembayaran sewa termasuk pembayaran tetap (termasuk pembayaran tetap secara-substansi) dikurangi piutang insentif sewa, pembayaran sewa variabel yang bergantung pada indeks atau suku bunga, dan jumlah yang diharapkan akan dibayar dalam jaminan nilai residu.

Pembayaran sewa juga termasuk harga eksekusi opsi pembelian yang wajar jika dipastikan akan dilakukan oleh Grup dan pembayaran penalti untuk mengakhiri sewa, jika jangka waktu sewa mencerminkan Grup mengeksekusi opsi penghentian sewa. Pembayaran sewa variabel yang tidak bergantung pada indeks atau suku bunga diakui sebagai beban pada periode di mana peristiwa atau kondisi yang memicu pembayaran terjadi.

Dalam menghitung nilai kini dari pembayaran sewa, Grup menggunakan suku bunga pinjaman inkremental penyewa pada tanggal dimulainya sewa karena suku bunga implisit dalam sewa tidak dapat ditentukan. Setelah tanggal dimulainya sewa, jumlah liabilitas sewa ditingkatkan untuk mencerminkan pertambahan bunga dan dikurangi pembayaran sewa yang dilakukan. Selain itu, jumlah tercatat liabilitas sewa diukur kembali jika terdapat modifikasi, perubahan jangka waktu sewa, perubahan pembayaran sewa, atau perubahan dalam penilaian opsi untuk membeli aset pendasar.

Sewa jangka pendek dengan durasi kurang dari 12 bulan dan sewa aset bernilai rendah, serta elemen-elemen sewa tersebut, sebagian atau seluruhnya tidak menerapkan prinsip-prinsip pengakuan yang ditentukan oleh PSAK 116.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

r. Fixed assets, leased assets and liabilities, and intangible assets *(continued)*

ii. Leased assets and liabilities *(continued)*

At the inception date of the lease, the Group recognises lease liabilities which measured at the present value of future lease payments to be made over the lease term. Lease payments include fixed payments (including substantially fixed payments) less lease incentive receivables, variable lease payments that are index or interest rate dependent, and the amount expected to be paid in a residual value guarantee.

Lease payments also include the reasonable exercise price for the purchase option if it is determined to be made by the Group and the payment of a penalty to terminate the lease, if the lease term reflects the Group exercising the lease termination option. Variable lease payments that are not dependent on an index or interest rate are recognised as an expense in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses the incremental loan interest rate of the lessee at the inception date of the lease because the interest rate implicit in the lease cannot be determined. After the inception date of the lease, the amount of the lease liability is increased to reflect the increase in interest and less lease payments made. In addition, the carrying amount of the lease liability is remeasured if there are modifications, changes in the term of the lease, changes in lease payments, or changes in the valuation of the option to purchase the underlying asset.

Short-term leases with a duration of less than 12 months and leases of low value assets, as well as elements of such leases, partially or wholly do not apply the recognition principles prescribed by SFAS 116.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

r. Aset tetap, aset dan liabilitas sewa dan aset takberwujud (lanjutan)

ii. Aset dan liabilitas sewa (lanjutan)

Grup akan mengakui pembayaran sewa tersebut dengan dasar garis lurus selama masa sewa dalam laporan laba rugi dan penghasilan komprehensif lain konsolidasian. Beban ini ditunjukkan pada beban umum dan administrasi dalam laporan laba rugi.

Penerapan pencatatan PSAK 116 berlaku untuk seluruh sewa (kecuali sebagaimana yang disebutkan sebelumnya), yaitu sebagai berikut:

(a) Menyajikan aset hak-guna sebagai bagian dari aset tetap dan liabilitas sewa disajikan sebagai bagian dari liabilitas lain-lain dalam laporan posisi keuangan konsolidasian, yang diukur pada nilai kini dari pembayaran sewa masa depan;
(b) Mencatat penyusutan aset hak-guna dan bunga atas liabilitas sewa dalam laporan laba rugi dan penghasilan komprehensif lain konsolidasian; dan
(c) Memisahkan jumlah pembayaran ke bagian pokok (disajikan dalam kegiatan pendanaan) dan bunga (disajikan dalam kegiatan operasional) dalam laporan arus kas konsolidasian.

iii. Aset takberwujud

Aset takberwujud terdiri dari perangkat lunak dan *goodwill*.

Perangkat lunak yang dibeli oleh Bank dan Entitas Anak dicatat sebesar biaya perolehan dikurangi akumulasi amortisasi dan akumulasi kerugian penurunan nilai. Metode amortisasi, estimasi masa manfaat dan nilai residual ditelaah pada setiap akhir tahun pelaporan dan disesuaikan jika diperlukan.

Goodwill diakui apabila terdapat selisih lebih antara harga perolehan dan bagian Bank Mandiri atas nilai wajar aset dan liabilitas yang dapat diidentifikasi pada tanggal akuisisi dan disajikan sebagai aset lain-lain. Bank melakukan evaluasi penurunan nilainya secara berkala.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

r. Fixed assets, leased assets and liabilities, and intangible assets *(continued)*

ii. Leased assets and liabilities *(continued)*

The Group will recognise the lease payment on a straight-line basis over the lease term in the consolidated statement of profit or loss and other comprehensive income. This expense is shown under general and administrative expenses in the income statement.

The implementation of SFAS 116 payment applies to all leases (except as stated earlier), as follows:

(a) Present right of use assets as part of fixed assets and leased liabilities are presented as part of other liabilities in the consolidated statement of financial position, measured at the present value of future lease payments;
(b) Record the depreciation of right of use assets and the interest of lease liability in the consolidated statement of profit or loss and other comprehensive income; and
(c) Separating the total payment into principal (presented in financing activities) and interest (presented in operating activities) in the consolidated statement of cash flows.

iii. Intangible assets

Intangible assets consist of software and goodwill.

Software purchased by the Bank and Subsidiaries is recorded at cost less accumulated amortisation and accumulated impairment losses. Amortisation method, estimated useful life and residual value are reviewed at end of reporting period and adjusted if necessary.

Goodwill is recognised when there is a positive difference between the acquisition cost and the Bank Mandiri's portion of the fair value of identified assets and liabilities at the acquisition date. Goodwill is presented as other assets. The Bank conducts an assessment of goodwill impairment regularly.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

s. Penyertaan saham

Penyertaan saham terdiri dari investasi jangka panjang terutama pada perusahaan non-publik dan penyertaan sementara hasil restrukturisasi kredit pada perusahaan debitur yang timbul akibat konversi kredit yang diberikan.

Penyertaan saham untuk tujuan investasi dengan kepemilikan di bawah 20% dan tidak terdapat pengaruh signifikan merupakan aset keuangan yang diklasifikasikan sebagai nilai wajar melalui laba rugi atau biaya perolehan diamortisasi. Lihat Catatan 2c untuk kebijakan akuntansi atas nilai wajar melalui laba rugi dan biaya perolehan diamortisasi.

Penyertaan sementara akan dihapusbuku dari laporan posisi keuangan konsolidasian apabila telah melampaui jangka waktu 5 tahun sesuai dengan Peraturan Otoritas Jasa Keuangan (POJK) No. 40/POJK.03/2019 tanggal 19 Desember 2019 tentang Penilaian Kualitas Aset Bank Umum.

Penyertaan saham untuk tujuan investasi dengan kepemilikan saham sebesar 20% atau lebih dan terdapat pengaruh signifikan merupakan investasi pada entitas asosiasi. Investasi Bank Mandiri pada entitas asosiasi diukur dengan menggunakan metode ekuitas. Pengakuan awal investasi pada entitas asosiasi diakui sebesar biaya perolehan. Jumlah tercatat pada investasi pada entitas asosiasi ditambah atau dikurangkan untuk mengakui bagian Bank Mandiri atas laba rugi, penerimaan distribusi, perubahan yang diakui langsung pada ekuitas entitas asosiasi setelah tanggal perolehan.

t. Cadangan kerugian penurunan nilai aset non-produktif

Aset non-produktif adalah aset Bank Mandiri dan Entitas Anak, antara lain dalam bentuk agunan yang diambil alih, properti terbengkalai, rekening antar kantor dan *suspense account*.

Grup membentuk cadangan kerugian penurunan nilai atas agunan yang diambil alih dan properti terbengkalai sebesar selisih antara nilai tercatat dan nilai wajar setelah dikurangi biaya untuk menjual. Sedangkan untuk rekening antar kantor dan *suspense account*, adalah sebesar selisih antara nilai tercatat dan nilai pemulihan.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

s. Investments in shares

Investments in shares represent long-term investments mostly in non-publicly-listed companies and temporary investments from loan restructuring in debtor companies arising from conversion of loans.

Investments in shares under 20% and with no significant control are financial assets classified as fair value through profit/loss or amortised cost. Refer to Note 2c for the accounting policy for fair value through profit/loss or amortised cost.

Temporary investment is written-off from the consolidated statement of financial position if it has exceeded the 5 year period in accordance with Financial Services Authority Regulation (POJK) No. 40/POJK.03/2019 dated 19 December 2019 regarding Asset Quality Assessment of Commercial Banks.

Investments in shares for investment purposes with a share ownership of 20% or more and with significant influence are investments in associates. Bank Mandiri's investment in associates is measured at equity method. The initial recognition of investment in associates is recognised at cost of acquisition. The carrying amount of the investment in associates is adjusted to recognise Bank Mandiri's share of profit or loss, receipt of distributions, and changes directly recognise in the equity of the associates after the acquisition date.

t. Allowance for impairment losses on non-earning assets

Non-earning assets of Bank Mandiri and the Subsidiaries consist of repossessed assets, abandoned properties, inter-office accounts and suspense accounts.

The Group provides an allowance for impairment of repossessed assets and abandoned property equal to the difference between the asset's carrying amount and its fair value less costs to sell. As for the inter-office account and suspense account, the allowance is equivalent to difference between the carrying value and the recovery value.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

u. Tagihan dan liabilitas akseptasi

Tagihan akseptasi diklasifikasikan sebagai aset keuangan dalam kelompok biaya perolehan diamortisasi. Lihat Catatan 2c untuk kebijakan akuntansi atas aset keuangan dalam kelompok biaya perolehan diamortisasi.

Liabilitas akseptasi diklasifikasikan sebagai liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi. Lihat Catatan 2c untuk kebijakan akuntansi atas liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi.

v. Aset lain-lain

Aset lain-lain antara lain terdiri dari pendapatan bunga, provisi dan komisi yang masih akan diterima, tagihan, agunan yang diambil alih, properti terbengkalai, piutang *ijarah,* rekening antar kantor dan lain-lain.

Tagihan terdiri dari tagihan atas obligasi pemerintah yang diagunkan Bank Mandiri, tagihan Entitas Anak atas tagihan reksa dana dan tagihan kepada pemegang polis.

Agunan Yang Diambil Alih ("AYDA") adalah aset yang diperoleh Bank Mandiri dan Entitas Anak, baik melalui pelelangan maupun di luar pelelangan berdasarkan penyerahan secara sukarela oleh pemilik agunan atau berdasarkan kuasa untuk menjual di luar lelang dari pemilik agunan dalam hal debitur tidak memenuhi liabilitasnya kepada Bank Mandiri dan Entitas Anak. AYDA merupakan agunan kredit yang diberikan yang telah diambil alih sebagai bagian dari penyelesaian kredit yang diberikan dan disajikan pada "Aset lain-lain".

Aset yang tidak digunakan (properti terbengkalai) adalah aset dalam bentuk properti yang dimiliki Bank Mandiri dan Entitas Anak, di mana bagian properti tersebut secara mayoritas tidak digunakan untuk kegiatan usaha operasional Bank Mandiri dan Entitas Anak.

AYDA dan properti terbengkalai disajikan sebesar nilai bersih yang dapat direalisasi (*net realizable value*). Nilai bersih yang dapat direalisasi adalah nilai wajar agunan yang diambil alih dikurangi dengan estimasi biaya untuk menjual AYDA tersebut. Selisih antara nilai bersih yang dapat direalisasi dengan hasil penjualan AYDA diakui sebagai keuntungan atau kerugian pada periode berjalan pada saat dijual.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

u. Acceptance receivables and payables

Acceptance receivables are classified as financial assets at amortised cost. Refer to Note 2c for the accounting policy of financial assets for financial assets at amortised cost.

Acceptance payables are classified as financial liabilities at amortised cost. Refer to Note 2c for the accounting policy for financial liabilities at amortised cost.

v. Other assets

Other assets include accrued income for interest, provision and commissions, receivables, repossessed assets, abandonded properties, ijarah receivables, inter-office accounts and others.

Receivables consist of receivables from government bonds pledged by Bank Mandiri, mutual fund receivables from Subsidiaries and receivables from policyholders.

Repossessed assets represent assets acquired by Bank Mandiri and its Subsidiaries, both from auction and non auction based on voluntary transfer by the debtor or based on debtor's approval to sell the collateral not through auction when the debtor do not fulfill their obligations to Bank Mandiri and Subsidiaries. Repossessed assets represent loan collateral that were taken over as part of loans settlement and presented in "Other assets".

Abandoned properties represent Bank Mandiri and Subsidiaries' fixed assets in the form of properties which majority part of the property were not used for Bank Mandiri and Subsidiaries' business operational activity.

Repossessed assets and abandoned properties are presented at their net realizable values. Net realizable value is the fair value of the repossessed assets less estimated costs to sell the repossessed assets. Differences between the net realizable value and the proceeds from disposal of the repossessed assets are recognised as current year's gain or loss at the year of disposal.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

v. Aset lain-lain (lanjutan)

Ijarah adalah akad pemindahan hak guna (manfaat) atas suatu aset dalam waktu tertentu dengan pembayaran sewa (*ujrah*) tanpa diikuti dengan pemindahan kepemilikan aset itu sendiri. *Ijarah muntahiyah bittamlik* adalah penyediaan dana dalam rangka memindahkan hak guna atau manfaat dari suatu barang atau jasa berdasarkan transaksi sewa dengan opsi pemindahan kepemilikan barang kepada penyewa.

Perpindahan hak milik objek sewa kepada penyewa dalam *ijarah muntahiyah bittamlik* dapat dilakukan dengan hibah. Piutang pendapatan *ijarah* diakui pada saat jatuh tempo sebesar sewa yang belum diterima dan disajikan sebesar nilai bersih yang dapat direalisasikan, yakni sebesar saldo piutang.

Beban-beban yang berkaitan dengan pemeliharaan AYDA dan properti terbengkalai dibebankan ke laporan laba rugi dan penghasilan komprehensif lain konsolidasian periode berjalan pada saat terjadinya. Bila terjadi penurunan nilai yang bersifat permanen, maka nilai tercatatnya dikurangi untuk mengakui penurunan tersebut dan kerugiannya dibebankan pada laporan laba rugi dan penghasilan komprehensif lain konsolidasian tahun berjalan. Lihat Catatan 2t untuk kebijakan akuntansi atas penyisihan kerugian AYDA dan properti terbengkalai.

w. Liabilitas segera

Liabilitas segera dicatat pada saat timbulnya liabilitas, baik kepada masyarakat maupun kepada bank lain. Liabilitas segera diklasifikasikan sebagai liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi.

x. Simpanan dari nasabah

Simpanan dari nasabah adalah dana yang ditempatkan oleh masyarakat (tidak termasuk bank) kepada Bank dan Entitas Anak yang bergerak di bidang perbankan berdasarkan perjanjian penyimpanan dana. Termasuk dalam pos ini adalah giro, tabungan, deposito berjangka dan bentuk simpanan lain yang dipersamakan dengan itu.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

v. Other assets *(continued)*

Ijarah is a contract involving the transfer of right of use (benefit) of an asset for a specific period which the lessee pays rent (ujrah) without the transfer of ownership of the asset itself. Ijarah muntahiyah bittamlik is the provision of funds to transfer the right of use or benefit of goods or services based on a lease transaction with an option to transfer ownership of the goods to the lessee.

The transfer of ownership of the leased object to the lessee in ijarah muntahiyah bittamlik can be executed as a grant. Ijarah revenue receivables are recognised at the due date which equal to the outstanding rent amount and presented at the net realizable value, which is the outstanding balance of the receivables.

Expenses for maintaining repossessed assets and abandoned properties are recognised in the current year's consolidated statement of profit or loss and other comprehensive income as incurred. Any permanent impairment loss that occurred will be deducted from the carrying amount and be charged to the current year's consolidated statement of profit or loss and other comprehensive income. Refer to Note 2t for changes in accounting policy to determine impairment losses on repossessed assets and abandoned properties.

w. Obligations due immediately

Obligations due immediately are recorded at the time the obligations occurred to customers or other banks. Obligations due immediately are classified as financial liabilities at amortised cost.

x. Deposits from customers

Deposits from customers are the funds placed by customers (excluding banks) to the Bank and Subsidiaries which operate in banking industry based on a fund deposit agreement. Included in this account are demand deposits, saving deposits, time deposits and other similar deposits.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

x. Simpanan dari nasabah (lanjutan)

Giro merupakan simpanan dari nasabah yang dapat digunakan sebagai alat pembayaran, yang penarikannya dapat dilakukan setiap saat melalui cek, kartu Anjungan Tunai Mandiri ("ATM"), atau dengan cara pemindahbukuan dengan bilyet giro atau sarana perintah pembayaran lainnya.

Tabungan merupakan simpanan dari nasabah yang penarikannya hanya dapat dilakukan melalui *counter* dan ATM atau dengan cara pemindahbukuan melalui *SMS Banking, Phone Banking,* dan *Internet Banking* jika memenuhi persyaratan yang disepakati, tetapi penarikan tidak dapat dilaksanakan dengan menggunakan cek atau instrumen setara lainnya.

Deposito berjangka merupakan simpanan dari nasabah yang penarikannya hanya dapat dilakukan pada waktu tertentu sesuai dengan perjanjian antara nasabah dengan Bank. Deposito berjangka dinyatakan sebesar nilai perolehan diamortisasi sesuai dengan perjanjian antara pemegang deposito berjangka dengan Bank.

Termasuk di dalam giro adalah giro dan tabungan *wadiah*. Giro *wadiah* dapat digunakan sebagai instrumen pembayaran dan dapat ditarik setiap saat melalui cek dan bilyet giro. Giro *wadiah* serta tabungan *wadiah* mendapatkan bonus sesuai dengan kebijakan Entitas Anak. Simpanan dari nasabah dalam bentuk giro *wadiah* dan tabungan *wadiah* dinyatakan sebesar liabilitas Entitas Anak.

Simpanan dari nasabah diklasifikasikan sebagai liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi. Biaya tambahan yang dapat diatribusikan secara langsung dengan perolehan simpanan dari nasabah diperhitungkan dalam jumlah simpanan yang diterima dan diamortisasi sepanjang estimasi umur simpanan tersebut. Lihat Catatan 2c untuk kebijakan akuntansi atas liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

x. Deposits from customers *(continued)*

Demand deposits represent deposits of customers that may be used as instruments of payment, and which may be withdrawn at any time by cheque, Automated Teller Machine card ("ATM") or by overbooking through written transfer instruction (bilyet giro) or other orders of payment or transfers.

Saving deposits represent deposits of customers that may only be withdrawn over the counter and via ATMs or funds transfers by SMS Banking, Phone Banking, and Internet Banking when certain agreed conditions are met, but which may not be withdrawn by cheque or other equivalent instruments.

Time deposits represent customers deposits that may only be withdrawn after a certain time based on the agreement between the customer and the Bank. Time deposits are stated at amortised cost in the certificates between the Bank and the holders of time deposits.

Included in demand deposits are wadiah demand deposits and wadiah saving deposits. Wadiah demand deposits can be used as payment instruments and can be withdrawn at any time using cheque and written transfer instruction (bilyet giro). Wadiah demand deposits and wadiah saving deposits earn bonus based on Subsidiary's policy. Wadiah demand deposits and wadiah saving deposits are stated at the Subsidiary's liability amount.

Deposits from customers are classified as financial liabilities at amortised cost. Incremental costs directly attributable to acquistion of deposits from customers are included in the amount of deposits and amortised over the expected life of the deposits. Refer to Note 2c for the accounting policy for financial liabilities at amortised cost.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

y. Simpanan dari bank lain

Simpanan dari bank lain terdiri dari liabilitas terhadap bank lain, baik lokal maupun luar negeri, dalam bentuk giro, tabungan, *interbank call money* dengan periode jatuh tempo menurut perjanjian kurang dari atau 90 hari, deposito berjangka dan *negotiable certificates of deposits*. Simpanan dari bank lain dicatat sebagai liabilitas terhadap bank lain.

Di dalam simpanan dari bank lain termasuk simpanan syariah dalam bentuk giro *wadiah*.

Simpanan dari bank lain diklasifikasikan sebagai liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi. Biaya tambahan yang dapat diatribusikan secara langsung dengan perolehan simpanan diperhitungkan dalam jumlah simpanan yang diterima dan diamortisasi sepanjang estimasi umur simpanan tersebut. Lihat Catatan 2c untuk kebijakan akuntansi atas liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi.

z. Liabilitas kontrak asuransi

Kontrak asuransi adalah kontrak yang diterbitkan oleh perusahaan asuransi di mana perusahaan asuransi menerima risiko asuransi yang signifikan dari pemegang polis. Risiko asuransi yang signifikan didefinisikan sebagai kemungkinan membayar manfaat yang signifikan kepada tertanggung apabila suatu kejadian atas risiko yang diasuransikan terjadi dibandingkan dengan manfaat minimum yang akan dibayarkan apabila risiko yang diasuransikan tidak terjadi. Skenario-skenario yang diperhatikan adalah skenario yang mengandung unsur komersial.

Sejak tanggal 1 Januari 2025

Berdasarkan PSAK 117, kontrak asuransi dikelompokkan menjadi kelompok-kelompok untuk tujuan pengukuran. Kelompok kontrak asuransi ditentukan dengan mengidentifikasi portofolio kontrak asuransi, di mana setiap portofolio terdiri dari kelompok kontrak dengan risiko yang serupa yang dikelola bersama.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

y. Deposits from other banks

Deposits from other banks represent liabilities to local or overseas banks, in the form of demand deposits, saving deposits, interbank call money with original maturities of 90 days or less based on agreement, time deposits and negotiable certificate of deposits. Deposits from other banks are recorded as liability to other banks.

Included in the deposits from other banks are sharia deposits in a form of wadiah demand deposits.

Deposits from other banks are classified as financial liabilities at amortised cost. Incremental costs directly attributable to acquisition of deposits from other banks are included in the amount of deposits and amortised over the expected life of the deposits. Refer to Note 2c for the accounting policy for financial liabilities at amortised cost.

z. Insurance contract liabilities

Insurance contract is a contract issued by insurance companies which the insurer accepts significant insurance risk from the policyholders. Significant insurance risk is defined as the possibility of paying significantly more benefit to the policyholder upon the occurrence of insured event on the risk covered compared to the minimum benefit payable in a scenario where the insured event on the risk covered does not occur. Scenarios that are considered are those with commercial substance.

Since 1 January 2025

Under SFAS 117, insurance contracts are aggregated into groups for measurement purposes. Groups of insurance contracts are determined by identifying portfolios of insurance contracts, where each portfolio comprise group of contracts with similar risks which are managed together.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

z. Liabilitas kontrak asuransi (lanjutan)

Sejak tanggal 1 Januari 2025 (lanjutan)

Portofolio tersebut dibagi lebih lanjut berdasarkan profitabilitas kontrak menjadi tiga kategori yaitu kontrak yang merugikan, kontrak yang tidak memiliki risiko signifikan untuk menjadi merugikan, dan kontrak yang tersisa. Kontrak asuransi juga dikelompokkan menjadi kohort tahunan (yaitu berdasarkan tahun penerbitan). Portofolio kontrak reasuransi yang dimiliki dinilai untuk agregasi secara terpisah dari portofolio kontrak asuransi yang diterbitkan.

Kontrak asuransi diukur menggunakan Modal Pengukuran Umum (MPU), Pendekatan Biaya Variabel (PBV), atau *Premium Allocation Approach* (*PAA*). Entitas anak umumnya menggunakan MPU dan PBV (untuk kontrak yang memiliki fitur partisipasi langsung, misalnya kontrak *unit-link*), tergantung pada karakteristik spesifik dari kontrak asuransi tersebut.

Pengakuan awal dan batasan kontrak

Kelompok kontrak asuransi diukur pada pengakuan awal sebagai total dari:

- Arus kas pemenuhan, yang terdiri dari estimasi terbaik nilai kini arus kas masa depan dalam batas kontrak yang diharapkan akan muncul, serta penyesuaian risiko eksplisit untuk risiko non-keuangan; dan
- *Contractual Service Margin (CSM*) yang mewakili penundaan keuntungan yang muncul pada pengakuan awal.

Entitas anak mengakui kelompok kontrak asuransi yang diterbitkan dari yang paling awal di antara hal-hal berikut:

- Awal periode perlindungan kelompok kontrak;
- Tanggal ketika pembayaran premi pertama dari pemegang polis dalam kelompok jatuh tempo; dan
- Untuk kelompok kontrak yang merugikan, segera setelah fakta dan keadaan menunjukkan bahwa kelompok tersebut merugikan.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

z. Insurance contract liabilities *(continued)*

Since 1 January 2025 (continued)

The portfolios are further divided based on the profitability of contracts into three categories including onerous contracts, contracts with no significant risk of becoming onerous, and the remaining contracts. The insurance contracts are also grouped into annual cohorts (i.e., by year of issue). Portfolios of reinsurance contracts held are assessed for aggregation separately from portfolios of insurance contracts issued.

Insurance contracts are measured under the General Measurement Model (GMM), Variable Fee Approach ("VFA") or Premium Allocation Approach ("PAA"). The Subsidiary predominantly uses the GMM and VFA (for contract that have direct participation features, such as unit-linked contracts), depending on the specific characteristics of the insurance contracts.

Initial recognition and contract boundary

Groups of insurance contracts are measured on initial recognition as the total of:

- *Fulfilment cash flows, comprising the best estimate of the present value of future cash flows within the contract boundary that are expected to arise and an explicit risk adjustment for non-financial risk; and*
- *A Contractual Service Margin (CSM) that represents the deferral of any day-one gains arising on initial recognition.*

The Subsidiary recognises groups of insurance contracts issued from the earliest of the following:

- *The beginning of the coverage period of the group of contracts;*
- *The date when first premium payment from policyholder in the group becomes due; and*
- *For a group of onerous contracts, as soon as facts and circumstances indicate that the group is onerous.*

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

z. Liabilitas kontrak asuransi (lanjutan)

Sejak tanggal 1 Januari 2025 (lanjutan)

Pengakuan awal dan batasan kontrak (lanjutan)

Batas kontrak mendefinisikan arus kas masa depan yang mana termasuk dalam pengukuran kontrak. Akhir batas kontrak dianggap terjadi pada saat Entitas Anak tidak lagi memiliki hak dan kewajiban substansial berdasarkan kontrak asuransi untuk memberikan layanan atau memaksa pemegang polis untuk membayar premi.

Liabilitas kepada pemegang polis Entitas Anak dicatat di laporan posisi keuangan konsolidasian sebagai bagian dari "Liabilitas Kontrak Asuransi" berdasarkan perhitungan aktuaris dengan menggunakan asumsi aktuarial.

Entitas Anak memisahkan jumlah yang diakui dalam laporan laba rugi dan penghasilan komprehensif lainnya menjadi hasil layanan asuransi, yang terdiri dari pendapatan asuransi dan biaya layanan asuransi, serta pendapatan atau biaya keuangan asuransi.

Contractual Service Margin ("CSM")

CSM disesuaikan pada setiap periode pelaporan untuk perubahan arus kas masa depan yang diharapkan yang disebabkan oleh perubahan asumsi teknis atau asumsi estimasi terbaik (kematian, morbiditas, umur panjang, *lapse* atau penarikan, biaya. Namun, jika perubahan negatif pada arus kas masa depan yang didiskontokan lebih besar dari sisa CSM, selisihnya segera diakui dalam laporan laba rugi dan penghasilan komprehensif lain konsolidasian karena kontrak asuransi menjadi merugi dan CSM tidak boleh negatif. *Interest* juga diakumulasikan pada CSM dengan tingkat bunga yang dikunci pada saat pengakuan awal kontrak (yaitu tingkat diskonto yang digunakan pada saat awal untuk menentukan nilai sekarang dari arus kas masa depan yang diperkirakan).

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

z. Insurance contract liabilities *(continued)*

Since 1 January 2025 (continued)

Initial recognition and contract boundary (continued)

The contract boundary defines which future cash flows are included in the measurement of a contract. The end of the contract boundary is considered to be at the point when the Subsidiary no longer has substantive rights and obligations under the insurance contract to provide services or compel the policyholder to pay premiums.

Liabilities to policyholders Subsidiary are recorded in the consolidated statement of financial position as part of "Insurance Contract Liabilities" based on actuarial calculations using actuarial assumptions.

The Subsidiary disaggregates the amounts recognised in the statement of profit or loss and other comprehensive income into a insurance service result, comprising insurance revenue and insurance service expenses, and insurance finance income or expenses.

Contractual Service Margin ("CSM")

The CSM is adjusted at each subsequent reporting period for changes in expected future cash flows driven by changes in technical assumptions or best estimate assumptions (death, morbidity, longevity, surrenders, expenses). However, if negative changes in future discounted cash flows are greater than the remaining CSM, the difference is immediately recognised in the consolidated statement of profit or loss and other comprehensive income as the insurance contract become onerous and the CSM cannot be negative. Interest is also accreted on the CSM at rates locked in at initial recognition of a contract (i.e., discount rate used at inception to determine the present value of the estimated future cash flows).

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

z. Liabilitas kontrak asuransi (lanjutan)

Sejak tanggal 1 Januari 2025 (lanjutan)

Contractual Service Margin ("CSM") (lanjutan)

CSM akan *released* ke laba atau rugi berdasarkan unit pertanggungan, mencerminkan jumlah manfaat yang diberikan dan durasi pertanggungan yang diharapkan dari kontrak yang tersisa dalam kelompok kontrak asuransi. Mengingat keragaman kontrak asuransi, definisi unit pertanggungan melibatkan penggunaan penilaian dengan mempertimbangkan tingkat pertanggungan yang ditetapkan dalam kontrak berdasarkan maksimum manfaat asuransi (misalnya manfaat kematian, saldo pinjaman yang belum dibayar, nilai akun pemegang polis ditambah manfaat kematian, maksimum manfaat kesehatan) dan durasi pertanggungan yang diharapkan dari kontrak.

Komponen kerugian

Entitas anak telah mengelompokkan kontrak yang merugikan pada pengakuan awal secara terpisah dari kontrak dalam portofolio yang sama yang tidak merugikan pada pengakuan awal. Kelompok yang tidak merugikan pada pengakuan awal juga dapat menjadi merugikan jika asumsi dan pengalaman berubah. Entitas Anak telah menetapkan komponen kerugian dari kewajiban untuk perlindungan yang tersisa untuk setiap kelompok merugikan yang menggambarkan kerugian masa depan yang diakui.

Komponen kerugian dilepaskan berdasarkan alokasi sistematis dari perubahan selanjutnya dalam arus kas pemenuhan kepada: (i) komponen kerugian; dan (ii) kewajiban untuk perlindungan yang tersisa, tidak termasuk komponen kerugian. Komponen kerugian juga diperbarui untuk perubahan selanjutnya dalam estimasi arus kas pemenuhan yang terkait dengan layanan masa depan.

Alokasi sistematis dari perubahan selanjutnya ke komponen kerugian mengakibatkan jumlah total yang dialokasikan ke komponen kerugian menjadi sama dengan nol pada akhir periode perlindungan dari sekelompok kontrak karena komponen kerugian akan terwujud dalam bentuk klaim yang terjadi.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

z. Insurance contract liabilities *(continued)*

Since 1 January 2025 (continued)

Contractual Service Margin ("CSM") (continued)

The CSM will be released into profit or loss based on coverage units, reflecting the quantity of the benefits provided and the expected coverage duration of the remaining contracts in the insurance group of contract. Given the variety of insurance contracts, the definition of coverage units involves the use of judgement by considering both the level of coverage defined within the contract based on the maximum of insurance benefit (e.g., a death benefit, outstanding loan balance, the policyholders' account value plus death benefit, maximum of health benefit) and the expected coverage duration of the contract.

Loss components

The Subsidiary has grouped contracts that are onerous at initial recognition separately from contracts in the same portfolio that are not onerous at initial recognition. Groups that were not onerous at initial recognition can also subsequently become onerous if assumptions and experience changes. The Subsidiary has established a loss component of the liability for remaining coverage for any onerous group depicting the future losses recognised.

The loss component is released based on a systematic allocation of the subsequent changes in the fulfilment cash flows to: (i) the loss component; and (ii) the liability for remaining coverage excluding the loss component. The loss component is also updated for subsequent changes in estimates of the fulfilment cash flows related to future service.

The systematic allocation of subsequent changes to the loss component results in the total amounts allocated to the loss component being equal to zero by the end of the coverage period of a group of contracts since the loss component will have been materialised in the form of incurred claims.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

z. Liabilitas kontrak asuransi (lanjutan)

Sejak tanggal 1 Januari 2025 (lanjutan)

Komponen kerugian (lanjutan)

Entitas Anak menggunakan proporsi pada pengakuan awal untuk menentukan alokasi sistematis dari perubahan selanjutnya dalam arus kas masa depan antara komponen kerugian dan kewajiban untuk perlindungan yang tersisa, tidak termasuk komponen kerugian.

Setiap bunga, keuntungan atau kerugian dari kenaikan atau penurunan nilai pasar investasi dicatat sebagai pendapatan atau beban, disertai dengan pengakuan kenaikan atau penurunan liabilitas kepada pemegang polis *unit-link* di laporan laba rugi dan penghasilan komprehensif lain konsolidasian dan liabilitas kepada pemegang polis *unit-link* di laporan posisi keuangan konsolidasian.

Pendapatan dan biaya keuangan asuransi

Pendapatan atau biaya keuangan asuransi terdiri dari perubahan dalam jumlah tercatat dari kelompok kontrak asuransi yang timbul dari:
- Pengaruh nilai waktu uang dan perubahan dalam nilai waktu uang.
- Pengaruh risiko keuangan dan perubahan dalam risiko keuangan.

Sebelum tanggal 1 Januari 2025

Entitas Anak menerbitkan kontrak asuransi yang menerima risiko asuransi yang signifikan dari pemegang polis. Entitas Anak mendefinisikan risiko asuransi yang signifikan sebagai kemungkinan membayar manfaat pada saat terjadinya suatu kejadian yang diasuransikan, yang setidaknya 10% lebih besar dari manfaat yang dibayarkan jika kejadian yang diasuransikan tidak terjadi. Jika suatu kontrak asuransi tidak mengandung risiko asuransi yang signifikan, maka kontrak tersebut diklasifikasikan sebagai kontrak investasi.

Entitas Anak menerbitkan kontrak asuransi untuk produk asuransi tradisional dan produk asuransi yang dikaitkan dengan investasi. Kedua jenis produk ini mempunyai risiko asuransi yang signifikan.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

z. Insurance contract liabilities *(continued)*

Since 1 January 2025 (continued)

Loss components (continued)

The Subsidiary uses the proportion on initial recognition to determine the systematic allocation of subsequent changes in future cash flows between the loss component and the liability for remaining coverage excluding the loss component.

Any interest, gain or loss due to increases or decreases in market value of investments are recorded as income or expense, with a corresponding recognition of increase or decrease in liability to unit-link policyholders in the statement of profit or loss and other comprehensive income and liability to unit-link policyholders in the consolidated statement of financial position.

Insurance finance income and expense

Insurance finance income or expenses comprise the change in the carrying amount of the group of insurance contracts arising from:
- *The effect of the time value of money and changes in the time value of money.*
- *The effect of financial risk and changes in financial risk.*

Before 1 January 2025

The Subsidiary issue insurance contracts that accepted significant insurance risk from the policyholders. The Subsidiary define significant insurance risk as the possibility of having to pay benefits on the occurrence of an insured event of at least 10% more than the benefits payable if the insured event did not occur. When an insurance contract does not have significant insurance risk, it is classified as investment contract.

The Subsidiary issue insurance contracts for traditional insurance product and investment-linked insurance product. Both of these products have significant insurance risk.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

z. Liabilitas kontrak asuransi (lanjutan)

Sebelum tanggal 1 Januari 2025 (lanjutan)

Produk-produk dari Entitas Anak dibagi berdasarkan kategori sebagai berikut:

- Asuransi jiwa tradisional *non-participating*, memberikan perlindungan untuk menutupi risiko kematian, kecelakaan, penyakit kritis dan kesehatan dari pemegang polis. Jumlah uang pertanggungan akan dibayarkan pada saat terjadinya risiko yang ditanggung.
- *Unit-link*, produk asuransi dengan pembayaran premi tunggal maupun reguler yang dikaitkan dengan investasi yang memberikan kombinasi manfaat proteksi dan manfaat investasi.

Ketika sebuah kontrak telah diklasifikasi sebagai kontrak asuransi, reklasifikasi terhadap kontrak tersebut tidak dapat dilakukan kecuali ketentuan perjanjian kemudian diamendemen. Seluruh produk asuransi yang diterbitkan oleh Entitas Anak mempunyai risiko asuransi yang signifikan.

Entitas Anak memisahkan komponen deposit dari kontrak *unit-link* seperti yang disyaratkan oleh PSAK 104 jika kondisi-kondisi di bawah ini terpenuhi:

- Entitas Anak dapat mengukur komponen "deposit" secara terpisah (termasuk opsi penyerahan melekat, yaitu tanpa memperhitungkan komponen "asuransi");
- Kebijakan akuntansi Entitas Anak tidak mensyaratkan untuk mengakui semua hak dan liabilitas yang timbul dari komponen "deposit".

Entitas Anak tidak memisahkan komponen deposit dikarenakan hanya salah satu kondisi di atas yang terpenuhi.

Pengujian kecukupan liabilitas

Pengujian kecukupan liabilitas dilakukan pada tanggal pelaporan untuk kontrak secara individual ataupun per kelompok produk, ditentukan sesuai dengan cara Entitas Anak memperoleh, memelihara dan mengukur profitabilitas dari kontrak asuransi tersebut.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

z. Insurance contract liabilities *(continued)*

Before 1 January 2025 (continued)

The Subsidiary's products are divided into the following main categories:

- *Traditional non-participating life insurance, provide protection to cover the risk of death, accident, critical illness, and health of the insured. The basic of sum insured will be paid upon the occurrence of the risks covered.*
- *Unit-link, insurance product with single or regular premium payment which is linked to investment products, which provides a combined benefit of protection and investment.*

Once a contract has been classified as an insurance contract, no reclassification could be performed subsequently unless the terms of the agreement are later amended. All insurance products issued by the Subsidiary have significant insurance risk.

The Subsidiary separate the deposit component from unit-link contract as required by SFAS 104 when both the following conditions are met:

- *The Subsidiary can measure separately the "deposit" component (including any embedded submission option, i.e., without taking into account the "insurance" component);*
- *The Subsidiary's accounting policies do not require to recognise all rights and obligations arising from the "deposit" component.*

The Subsidiary does not separate the deposit component because only one of the above conditions is met.

Liability adequacy test

Liability adequacy testing is performed at reporting date for contract individually or group of products determined in accordance with the Subsidiary's method of acquiring, servicing and measuring the profitability of its insurance contracts.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

z. Liabilitas kontrak asuransi (lanjutan)

Sebelum tanggal 1 Januari 2025 (lanjutan)

Pengujian kecukupan liabilitas (lanjutan)

Untuk asuransi jiwa, liabilitas kepada pemegang polis khususnya liabilitas untuk klaim masa depan diuji untuk menentukan apakah liabilitas tersebut cukup untuk menutupi semua arus kas keluar di masa depan termasuk semua manfaat yang dijamin dan manfaat tambahan yang dijamin (jika ada) , manfaat partisipasi yang tidak dijamin (jika ada), semua biaya untuk penerbitan polis dan pemeliharaan polis, serta mencerminkan arus kas masuk masa depan yaitu penerimaan premi masa depan.

Liabilitas dihitung berdasarkan diskonto dari arus kas untuk semua arus kas yang terkait yaitu arus kas keluar dan arus kas masuk seperti yang disebutkan di atas dengan menggunakan seperangkat asumsi estimasi terbaik terkini yang ditetapkan oleh aktuaris Entitas Anak, termasuk asumsi tingkat mortalita, morbidita, tingkat pembatalan polis, biaya, tingkat inflasi dan tingkat suku bunga. Entitas Anak yang bergerak dalam bidang asuransi jiwa menerapkan metode *Gross Premium Reserve* dalam perhitungan cadangan premi atas manfaat polis masa depan kepada pemegang polis dengan menggunakan asumsi aktuaria berdasarkan asumsi estimasi terbaik dan marjin atas risiko pemburukan, sehingga pengujian kecukupan liabilitas tidak diperlukan lagi.

Reasuransi

Entitas Anak mereasuransikan sebagian porsi risikonya kepada perusahaan reasuradur. Jumlah premi yang dibayar atau porsi premi atas transaksi reasuransi prospektif diakui selama periode kontrak asuransi sesuai dengan proporsi jumlah proteksi reasuransi yang diterima.

Aset reasuransi termasuk saldo yang diharapkan dibayarkan oleh perusahaan reasuransi untuk ceded liabilitas manfaat polis masa depan, ceded estimasi liabilitas klaim dan ceded cadangan atas premi yang belum merupakan pendapatan. Jumlah manfaat yang ditanggung oleh reasuradur diperkirakan secara konsisten sesuai dengan liabilitas yang terkait dengan polis reasuransi.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

z. Insurance contract liabilities *(continued)*

Before 1 January 2025 (continued)

Liability adequacy test (continued)

For life insurance, the liabilities to policyholder in particular the liabilities for future claim are tested to determine whether the liabilities sufficient to cover all related future cash out flow including all guaranteed benefit and guaranteed additional benefit (if any), non-guaranteed participation benefit feature (if any), all expenses for policies issuance and maintenance, as well as reflecting the future cash inflow, i.e. future premium receipt.

The liabilities are calculated based on discounted cash flow basis for all related cash flows i.e. both of cash outflows and cash inflows as mentioned above using a set of most recent best estimate assumptions set by the Subsidiary' appointed actuary, includes mortality, morbidity, lapses, expenses, inflation rates, and interest rate. Subsidiary operate in life insurance use Gross Premium Reserve in the premium allowance calculation for future policy benefits to the policyholders using actuary assumptions with best estimate and margin for adverse deviation, therefore liability adequacy test is not required.

Reinsurance

The Subsidiary reinsure a portion of its risk to reinsurance companies. The amount of premium paid or portion of premium from prospective reinsurance transactions is recognised over the reinsurance contract in proportion with the protection received.

Reinsurance assets include balances expected to be recovered from reinsurance companies for ceded liability for future policy benefits, ceded estimated claim liabilities and ceded unearned premiums allowance. Recovery amount from reinsurers are estimated in a consistent manner with the liability associated with the reinsurance policy.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

z. Liabilitas kontrak asuransi (lanjutan)

Sebelum tanggal 1 Januari 2025 (lanjutan)

Reasuransi (lanjutan)

Entitas Anak menyajikan aset reasuransi secara terpisah sebagai aset atas liabilitas manfaat polis masa depan, cadangan atas premi yang belum merupakan pendapatan dan estimasi liabilitas klaim.

Jika aset reasuransi mengalami penurunan nilai, Entitas Anak mengurangi nilai tercatat dan mengakui kerugian penurunan nilai tersebut dalam laporan laba rugi dan penghasilan komprehensif lain konsolidasian. Aset reasuransi mengalami penurunan nilai jika ada bukti objektif, sebagai akibat dari suatu peristiwa yang terjadi setelah pengakuan awal aset reasuransi, bahwa Entitas Anak tidak dapat menerima seluruh jumlah karena di bawah syarat-syarat kontrak dan dampak pada jumlah yang akan diterima dari reasuradur dapat diukur secara andal.

Liabilitas manfaat polis masa depan

Liabilitas manfaat polis masa depan merupakan nilai sekarang estimasi manfaat polis masa depan yang akan dibayarkan kepada pemegang polis atau ahli warisnya dikurangi dengan nilai sekarang dari estimasi premi masa depan yang akan diterima dari pemegang polis dan diakui pada saat pengakuan pendapatan premi.

Liabilitas manfaat polis masa depan ditentukan dan dihitung dengan menggunakan metode tertentu oleh aktuaris Entitas Anak berdasarkan standar praktik Aktuaria yang berlaku umum.

Entitas Anak menghitung liabilitas manfaat polis masa depan dengan menggunakan metode *Gross Premium Reserve* yang mencerminkan nilai kini estimasi pembayaran seluruh manfaat yang diperjanjikan termasuk seluruh opsi yang disediakan, nilai kini estimasi seluruh manfaat asuransi dan biaya yang dikeluarkan dan juga mempertimbangkan penerimaan premi di masa depan.

Kenaikan/(penurunan) liabilitas manfaat polis masa depan diakui dalam laporan laba rugi dan penghasilan komprehensif lain konsolidasian tahun berjalan.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

z. Insurance contract liabilities *(continued)*

Before 1 January 2025 (continued)

Reinsurance (continued)

Subsidiary present separately reinsurance asset of future policy benefit liabilities, unearned premium allowance, and estimated claim liabilities.

If a reinsurance asset is impaired, the Subsidiary deducted the carrying amount accordingly and recognise that impairment loss in the consolidated statement of profit or loss and other comprehensive income. A reinsurance asset is impaired if there is objective evidence, as a result of an event that occurred after initial recognition of the reinsurance asset, that the Subsidiary may not receive all amounts due to it is below the requirement of the contract, and the impact on the amounts that the Subsidiary will receive from the reinsurer can be reliably measured.

Liability for future policy benefits

The liabilities for future policy benefits represent the present value of estimated future policy benefits to be paid to policyholders or their heirs less present value of estimated future premiums to be received from the policyholders and recognised consistently with the recognition of premium income.

The liabilities for future policy benefits are determined and computed based on certain method by the Subsidiary' actuary based on generally accepted actuarial practice standards.

The Subsidiary calculate the liability for future policy benefits using Gross Premium Reserve method that reflect the present value of estimated payments of all the guaranteed benefits including all the embedded options available, the present value estimated of all insurance benefit and handling costs incurred and also considering the future premium receipt.

Increase/(decrease) in liabilities for future policy benefits are recognised in the current year's consolidated statement of profit or loss and other comprehensive income.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

z. Liabilitas kontrak asuransi (lanjutan)

Sebelum tanggal 1 Januari 2025 (lanjutan)

Liabilitas manfaat polis masa depan (lanjutan)

Liabilitas kepada pemegang polis *unit-link* diakui pada saat penerimaan dana dikonversi menjadi unit setelah dikurangi biaya-biaya dan akan bertambah atau berkurang sesuai dengan nilai aset bersih efektif yang berlaku.

Penerimaan dana dari nasabah untuk produk *unit-link* non-syariah diakui sebagai pendapatan premi bruto dalam laporan laba rugi dan penghasilan komprehensif lain konsolidasian.

Liabilitas kepada pemegang polis *unit-link* diakui di laporan posisi keuangan konsolidasian dan dihitung menggunakan metode cadangan atas premi yang belum merupakan pendapatan yang dihitung dengan menggunakan metode harian berdasarkan biaya asuransi atas risiko mortalitas atau risiko morbiditas ditambah cadangan atas akumulasi dana investasi pemegang polis.

Setiap bunga, keuntungan atau kerugian dari kenaikan atau penurunan nilai pasar investasi dicatat sebagai pendapatan atau beban, disertai dengan pengakuan kenaikan atau penurunan liabilitas kepada pemegang polis *unit-link* di laporan laba rugi dan penghasilan komprehensif lain konsolidasian dan liabilitas kepada pemegang polis *unit-link* di laporan posisi keuangan konsolidasian.

Penerimaan dana dari nasabah untuk produk *unit-link* syariah diakui sebagai liabilitas kepada pemegang polis *unit-link* di laporan posisi keuangan konsolidasian sebesar jumlah yang diterima setelah dikurangi bagian *fee* untuk Entitas Anak dalam rangka mengelola pendapatan dari produk *unit-link*.

Liabilitas untuk manfaat kontraktual yang diharapkan akan timbul di masa depan dicatat pada saat premi diakui. Liabilitas ditetapkan sebagai penjumlahan atas nilai diskonto yang diharapkan dari pembayaran manfaat dan biaya administrasi masa depan yang berkaitan langsung dengan kontrak asuransi, dikurangi dengan nilai diskonto yang diharapkan atas premi yang dibutuhkan untuk memenuhi manfaat dan biaya administrasi berdasarkan asumsi penilaian yang digunakan (penilaian premi).

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

z. Insurance contract liabilities *(continued)*

Before 1 January 2025 (continued)

Liability for future policy benefits (continued)

The liability to unit-link policyholders are recognised at the time the funds received are converted into units, net of related expenses and will increase or decrease in accordance with effective net asset value.

Funds received from customers for non-sharia unit-link products are recognised as gross premium income in the consolidated statement of profit or loss and other comprehensive income.

Liabilities to unit-link policyholders are recognised in the consolidated statement of financial position and computed based on unearned premium reserves using daily method from insurance cost of mortality or mobidity risk plus reserves for the accumulated invested fund of unit-link policyholders.

Any interest, gain or loss due to increases or decreases in market value of investments are recorded as income or expense, with a corresponding recognition of increase or decrease in liability to unit-link policyholders in the statement of profit or loss and other comprehensive income and liability to unit-link policyholders in the consolidated statement of financial position.

Funds received from customers for sharia unit-link products are recognised as liabilities to unit-link policyholders in the consolidated statement of financial position for the amount received net of the portion representing the Subsidiary fees in managing the unit-link product income.

A liability for contractual benefits that are expected to be incurred in the future is recorded when the premiums are recognised. The liability is determined as the sum of the expected discounted value of the benefit payments and the future administration expenses that are directly related to the insurance contract, less the expected discounted value of the premiums that would be required to meet the benefits and administration expenses based on the valuation assumptions used (the premiums valuation).

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

z. Liabilitas kontrak asuransi (lanjutan)

Sebelum tanggal 1 Januari 2025 (lanjutan)

Liabilitas manfaat polis masa depan (lanjutan)

Liabilitas tersebut didasarkan pada asumsi-asumsi seperti kematian, persistensi, biaya pemeliharaan yang ditetapkan pada saat kontrak asuransi dikeluarkan. Sebuah marjin untuk penyimpangan yang merugikan termasuk dalam asumsi yang digunakan.

aa. Efek-efek yang diterbitkan

Efek-efek yang diterbitkan oleh Bank Mandiri dan Entitas Anak, termasuk obligasi, subordinasi *notes, medium term notes*, *traveller's cheques* dan Sertifikat Investasi *Mudharabah* Antarbank (SIMA) pada pengukuran awal disajikan sebesar nilai wajar ditambah dengan biaya transaksi yang dapat diatribusikan langsung dengan perolehan/penerbitan efek-efek yang diterbitkan. Biaya transaksi kemudian diamortisasi dengan suku bunga efektif sampai dengan jatuh tempo dari efek-efek yang diterbitkan.

Efek-efek yang diterbitkan diklasifikasikan sebagai liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi. Lihat Catatan 2c untuk kebijakan akuntansi atas liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi.

ab. Pinjaman yang diterima

Pinjaman yang diterima merupakan dana yang diterima dari bank lain, Bank Indonesia atau pihak lain dengan liabilitas pembayaran kembali sesuai dengan persyaratan perjanjian pinjaman.

Pada pengukuran awal, pinjaman yang diterima disajikan sebesar nilai wajar dikurangi dengan biaya transaksi yang dapat diatribusikan langsung dengan perolehan/penerbitan pinjaman yang diterima. Pinjaman yang diterima diklasifikasikan sebagai liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi. Lihat Catatan 2c untuk kebijakan akuntansi untuk liabilitas keuangan yang diukur dengan biaya perolehan diamortisasi.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

z. Insurance contract liabilities *(continued)*

Before 1 January 2025 (continued)

Liability for future policy benefits (continued)

That liability is based on assumptions such as mortality, persistency, maintenance expense and established at the time the contract is issued. A margin for adverse deviation is included in the used assumptions.

aa. Debt securities issued

Debt securities issued by the Bank and its Subsidiaries, including bonds, subordinated notes, medium term notes, travelers' cheques and Interbank Mudharabah Investment Certificate (SIMA), are initially measured at fair value plus directly attributable transaction costs to the debt securities issued. Subsequently, transactions cost are amortised using effective interest rate up to the maturity of debt securities issued.

Debt securities issued are classified as financial liabilities at amortised cost. Refer to Note 2c for the accounting policy for financial liabilities at amortised cost.

ab. Fund borrowings

Fund borrowings represent funds received from other banks, Bank Indonesia or other parties with the obligation of repayment in accordance with the requirements of the loan agreement.

Fund borrowings are initially measured at fair value less directly attributable transaction costs to the borrowed/issued fund. Fund borrowings are classified as financial liabilities at amortised cost. Refer to Note 2c for the accounting policy for financial liabilities at amortised cost.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

ab. Pinjaman yang diterima (lanjutan)

Fasilitas pengelolaan likuiditas berdasarkan prinsip syariah Bank Indonesia (PASBI) yang diterima oleh Entitas Anak Syariah diklasifikasikan dalam akun "Pinjaman yang Diterima". Bank Indonesia dan Entitas Anak sepakat melakukan akad *wakalah bil ististmar* untuk pengelolaan dana dengan agunan berupa surat berharga syariah. Dana yang diterima diakui sebagai liabilitas kepada Bank Indonesia.

Bank melakukan pengelolaan dana untuk kegiatan investasi usaha secara keseluruhan (*mutlaqah*). Pengembalian dana kelolaan dan pembayaran hasil pengelolaan (*istitsmar*) dilakukan pada saat pelunasan.

ac. Pinjaman dan efek-efek subordinasi

Pinjaman dan efek-efek subordinasi pada pengukuran awal disajikan sebesar nilai wajar dikurangi dengan biaya transaksi yang dapat diatribusikan langsung dengan perolehan/ penerbitan pinjaman dan efek-efek subordinasi. Biaya transaksi kemudian diamortisasi dengan suku bunga efektif sampai dengan jatuh tempo dari pinjaman dan efek-efek subordinasi.

Pinjaman dan efek-efek subordinasi diklasifikasikan sebagai liabilitas keuangan yang diukur dengan biaya perolehan yang diamortisasi. Lihat Catatan 2c untuk kebijakan akuntansi untuk liabilitas keuangan yang diukur dengan biaya perolehan yang diamortisasi.

ad. Perpajakan

Bank Mandiri dan Entitas Anak menerapkan PSAK 212 "Pajak Penghasilan", yang mengharuskan Bank Mandiri dan Entitas Anak memperhitungkan konsekuensi pajak kini dan pajak di masa depan (penyelesaian) dari jumlah tercatat aset (liabilitas) yang diakui dalam laporan posisi keuangan, dan transaksi-transaksi serta peristiwa lain yang terjadi dalam tahun berjalan.

Beban pajak terdiri dari pajak kini dan pajak tangguhan. Pajak diakui dalam laporan laba rugi dan penghasilan komprehensif lain konsolidasian, kecuali jika pajak tersebut terkait dengan transaksi atau kejadian yang langsung diakui ke ekuitas. Dalam hal ini, pajak tersebut masing-masing diakui dalam penghasilan komprehensif lain atau ekuitas.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

ab. Fund borrowings *(continued)*

The sharia liquidity management facility of Bank Indonesia (Prinsip Syariah Bank Indonesia or "PASBI") received by Sharia Subsidiaries is classified as "Fund Borrowings". Bank Indonesia and the Subsidiary mutually agree to enter into a wakalah bil ististmar contract for fund management, guaranteed by sharia securities. The funds received are recognised as liabilities to Bank Indonesia.

The Bank undertakes fund management for whole business investment activities (mutlaqah). The return of managed funds and the distribution of investments return (istitsmar) occur upon maturity.

ac. Subordinated loans and marketable securities

Subordinated loans and marketable securities are initially measured at fair value less directly attributable transaction costs. Subsequently, transactions costs are amortised using the effective interest rate up to the maturity of subordinated loans and marketable securities.

Subordinated loans and marketable securities are classified as financial liabilities at amortised cost. Refer to Note 2c for the accounting policy for financial liabilities at amortised cost.

ad. Income tax

Bank Mandiri and Subsidiaries apply SFAS 212 "Income Tax" which requires Bank Mandiri and Subsidiaries to take into account the consequnces of the current and future tax (settlement) from the carrying amount of assets (liabilities) that are recognised in the consolidated statement of financial position, transactions and other events occured in the current period.

The tax expense comprises current and deferred tax. Tax is recognised in the consolidated statement of profit or loss and other comprehensive income, except to the extent that it relates to items recognised directly in equity. In this case, the tax is recognised in other comprehensive income or directly in equity, respectively.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

ad. Perpajakan (lanjutan)

Manajemen Grup mengevaluasi secara periodik implementasi terhadap peraturan perpajakan yang berlaku terutama yang memerlukan interpretasi lebih lanjut mengenai pelaksanaannya termasuk juga evaluasi terhadap surat ketetapan pajak yang diterima dari kantor pajak. Lebih lanjut, Bank Mandiri membentuk cadangan, jika dianggap perlu berdasarkan jumlah yang diestimasikan akan dibayarkan ke kantor pajak.

Bank Mandiri dan Entitas Anak menerapkan metode liabilitas laporan posisi keuangan (*balance sheet liability method*) untuk menentukan beban pajak penghasilan. Menurut metode liabilitas laporan posisi keuangan, aset dan utang pajak tangguhan diakui untuk semua perbedaan temporer antara nilai aset dan liabilitas yang tercatat di laporan posisi keuangan dengan dasar pengenaan pajak atas aset dan liabilitas tersebut pada setiap tanggal pelaporan. Metode ini juga mensyaratkan adanya pengakuan manfaat pajak di masa datang yang belum digunakan apabila besar kemungkinan bahwa manfaat tersebut dapat direalisasikan di masa yang akan datang.

Aset pajak tangguhan diakui apabila terdapat kemungkinan besar bahwa jumlah laba fiskal pada masa datang akan memadai untuk mengompensasi aset pajak tangguhan yang muncul akibat perbedaan temporer.

Pajak tangguhan dihitung dengan menggunakan tarif pajak yang berlaku atau secara substansial diberlakukan pada periode di mana aset tersebut direalisasi atau liabilitas tersebut diselesaikan. Perubahan nilai tercatat aset dan liabilitas pajak tangguhan yang disebabkan oleh perubahan tarif pajak dibebankan pada laporan laba rugi dan penghasilan komprehensif lain konsolidasian tahun berjalan, kecuali untuk transaksi-transaksi yang sebelumnya telah langsung dibebankan atau dikreditkan ke ekuitas.

Koreksi atas liabilitas pajak diakui pada saat surat ketetapan pajak diterima, atau apabila diajukan keberatan dan/atau banding, maka koreksi diakui pada saat keputusan atas keberatan dan/atau banding tersebut diterima.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

ad. Income tax *(continued)*

The Group's management periodically evaluates the implementation of prevailing tax regulations especially for those that are subject to further interpretation for its implementation, including evaluation on tax assessment letters received from tax authorities. Futhermore, Bank Mandiri establishes provisions based on the necessary amounts expected to be paid to the tax authorities.

Bank Mandiri and Subsidiaries apply the balance sheet liability method to determine income tax expense. Under the balance sheet liability method, deferred tax assets and liabilities are recognised for all temporary differences arising between the tax base of assets and liabilities and their carrying amount in the consolidated statement of financial position at each reporting date. This method also requires the recognition of unused future tax benefits, to the extent that realisation of such benefits are probable in the future.

Deferred tax assets are recognised only to the extent that is probable that future taxable income will be sufficient to compensate deferred tax asset arising from temporary differences.

Deferred tax is calculated using tax rates enacted or substantively applied to the period during which the asset is realised or the liability is settled. The changes to the carrying value of deferred tax assets and liabilities due to the changes of tax rates are charged in the current year, consolidated statement of profit or loss and other comprehensive income except for transactions which previously have been directly charged or credited to equity.

Adjustments to taxation obligations are recognised when tax assessment letter is received or, if objection/appeal is submitted, adjustments are recognised when the result of objection/appeal is received.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

ad. Perpajakan (lanjutan)

Manajemen juga dapat membentuk pencadangan terhadap liabilitas pajak di masa depan sebesar jumlah yang diestimasikan akan dibayarkan ke kantor pajak jika berdasarkan evaluasi pada tanggal laporan posisi keuangan konsolidasian terdapat risiko pajak yang *probable*. Asumsi dan estimasi yang digunakan dalam perhitungan pembentukan cadangan tersebut memiliki unsur ketidakpastian.

Taksiran pajak penghasilan Bank Mandiri dan Entitas Anak dihitung untuk masing-masing perusahaan sebagai badan hukum terpisah. Aset pajak kini *(current tax assets)* dan liabilitas pajak kini *(current tax liabilities)* untuk badan hukum yang berbeda tidak disalinghapuskan dalam laporan keuangan konsolidasian. Utang pajak penghasilan badan dan utang pajak lainnya Bank Mandiri dan Entitas Anak disajikan sebagai "Utang pajak" di laporan posisi keuangan konsolidasian.

Aset dan liabilitas pajak tangguhan dapat saling hapus apabila terdapat hak yang berkekuatan hukum untuk melakukan saling hapus antara aset dan liabilitas pajak kini dan apabila aset dan liabilitas pajak penghasilan tangguhan dikenakan oleh otoritas perpajakan yang sama, baik atas entitas kena pajak yang sama atau berbeda dan adanya niat untuk melakukan penyelesaian saldo-saldo tersebut secara neto.

ae. Dana *syirkah* temporer

Dana *syirkah* temporer adalah dana yang diterima oleh Entitas Anak. Entitas Anak mempunyai hak untuk mengelola dan menginvestasikan dana, baik sesuai dengan kebijakan Entitas Anak atau kebijakan pembatasan dari pemilik dana, dengan keuntungan dibagikan sesuai dengan kesepakatan.

Hubungan antara Entitas Anak dan pemilik dana *syirkah* temporer merupakan hubungan kemitraan berdasarkan akad *Mudharabah muthlaqah, Mudharabah muqayyadah* atau *musyarakah*.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

ad. Income tax *(continued)*

Management provides provision for future tax liability at the estimated amount that will be payable to the tax office if there is a probable tax exposure, based on management's assessment as of the date of consolidated statement of financial position. Assumptions and estimation used in the calculation of provision may involve element of uncertainty.

The estimated corporate income tax of Bank Mandiri and Subsidiaries are calculated for each company as a separate legal entity. Current tax assets and current tax liabilities for different legal income entities cannot be set-off in the consolidated financial statements. Corporate tax payables and other tax payables of Bank Mandiri and Subsidiaries are presented as "Taxes payable" in the consolidated statement of financial position.

Deferred income tax assets and liabilities are offsetted if there is a legally enforceable right to offset current tax assets against current tax liabilities and if the deferred income tax assets and liabilities relate to income taxes levied by the same taxation authority on either for the same taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

ae. Temporary syirkah funds

Temporary syirkah funds represent funds received by a Subsidiary. The Subsidiary has the right to manage and invest funds in accordance with either the Subsidiary's policy or restriction set by the depositors with the agreed profit sharing.

Relationship between the Subsidiary and the owner of temporary syirkah funds are based on partnership Mudharabah muthlaqah, Mudharabah muqayyadah or musyarakah.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

ae. Dana *syirkah* temporer (lanjutan)

Contoh dari dana *syirkah* temporer adalah penerimaan dana dari investasi *Mudharabah muthlaqah, Mudharabah muqayyadah* dan akun lain yang sejenis.

1) *Mudharabah muthlaqah* adalah *Mudharabah* di mana pemilik dana (*shahibul maal*) memberikan kebebasan kepada pengelola dana (*mudharib*/Entitas Anak) dalam pengelolaan investasinya.
2) *Mudharabah muqayyadah* adalah *Mudharabah* di mana pemilik dana memberikan batasan kepada pengelola dana, antara lain mengenai tempat, cara dan atau obyek investasi.

Dana *syirkah* temporer tidak dapat digolongkan sebagai liabilitas. Hal ini karena Entitas Anak tidak mempunyai liabilitas, ketika mengalami kerugian, untuk mengembalikan jumlah dana awal dari pemilik dana kecuali akibat kelalaian atau wanprestasi Entitas Anak. Dana *syirkah* temporer tidak dapat digolongkan sebagai ekuitas karena mempunyai waktu jatuh tempo dan pemilik dan tidak mempunyai hak kepemilikan yang sama dengan pemegang saham seperti hak *voting* dan hak atas realisasi keuntungan yang berasal dari aset lancar dan aset non investasi.

Dana *syirkah* temporer merupakan salah satu unsur laporan posisi keuangan konsolidasian, yang memberikan hak kepada Entitas Anak untuk mengelola, termasuk untuk mencampur dana dimaksud dengan dana lainnya.

Pemilik dana *syirkah* temporer memperoleh bagian atas keuntungan sesuai kesepakatan dan menerima kerugian berdasarkan jumlah dana dari masing-masing pihak. Pembagian hasil dana *syirkah* temporer dapat dilakukan dengan konsep bagi hasil atau bagi untung.

af. Pendapatan dan beban bunga serta pendapatan dan beban syariah

(i) Konvensional

Pendapatan dan beban bunga untuk semua instrumen keuangan dengan *interest bearing* dicatat dalam "Pendapatan bunga" dan "Beban bunga" di dalam laporan laba rugi dan penghasilan komprehensif lain konsolidasian menggunakan metode suku bunga efektif.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

ae. Temporary syirkah funds *(continued)*

The examples of temporary syirkah funds are investment funds received from Mudharabah muthlaqah, Mudharabah muqayyadah and other similar accounts.

1) Mudharabah muthlaqah represents Mudharabah in which the fund owner (shahibul maal) entrusts the fund manager (mudharib/Subsidiary) in managing its investment.
2) Mudharabah muqayyadah represents Mudharabah in which the fund owner sets restrictions to the fund manager regarding, among others, the place, the means and/or the object of investment.

Temporary syirkah funds cannot be classified as liability because the Subsidiary does not have any liability to return the fund to the owners when experience losses, except for losses due to the Subsidiary's management negligence or default. On the other hand, temporary syirkah funds also cannot be classified as equity, because of the existence of maturity period and the depositors do not have the same rights as the shareholders, such as voting rights and the rights of realised gain from current asset and other non-investment accounts.

Temporary syirkah funds represent one of the consolidated statement of financial position accounts which is in accordance with sharia principle that provide right to the Subsidiary to manage fund, including to combine the funds with the other funds.

The owner of temporary syirkah funds receive parts of profit in accordance with the agreement and receive loss based on the proportion to the total funds. The profit distribution of temporary syirkah funds might be based on profit sharing or revenue sharing concept.

af. Interest income and expense and sharia income and expense

(i) Conventional

Interest income and expense for all interest-bearing financial instruments are recognised as "Interest income" and "Interest expense" in the consolidated statement of profit or loss and other comprehensive income using the effective interest method.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

af. Pendapatan dan beban bunga serta pendapatan dan beban syariah (lanjutan)

(i) Konvensional (lanjutan)

Metode suku bunga efektif adalah metode yang digunakan untuk menghitung biaya perolehan diamortisasi dari aset keuangan atau liabilitas keuangan dan metode untuk mengalokasikan pendapatan bunga atau beban bunga selama periode yang relevan.

Suku bunga efektif adalah suku bunga yang secara tepat mendiskontokan estimasi pembayaran atau penerimaan kas di masa datang selama perkiraan umur dari instrumen keuangan, atau jika lebih tepat, digunakan periode yang lebih singkat untuk memperoleh nilai tercatat bersih dari aset keuangan atau liabilitas keuangan.

Pada saat menghitung suku bunga efektif, Grup mengestimasi arus kas dengan mempertimbangkan seluruh persyaratan kontraktual dalam instrumen keuangan tersebut, namun tidak mempertimbangkan kerugian kredit di masa datang. Perhitungan ini mencakup seluruh komisi, provisi dan bentuk lain yang diterima oleh para pihak dalam kontrak yang merupakan bagian tak terpisahkan dari suku bunga efektif, biaya transaksi dan seluruh premi atau diskon lainnya.

Jika aset keuangan atau kelompok aset keuangan serupa telah diturunkan nilainya sebagai akibat kerugian penurunan nilai, maka pendapatan bunga yang diperoleh setelahnya diakui atas bagian aset keuangan yang tidak mengalami penurunan nilai dari aset keuangan yang mengalami penurunan nilai, berdasarkan suku bunga yang digunakan untuk mendiskonto arus kas masa datang dalam menghitung kerugian penurunan nilai.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

af. Interest income and expense and sharia income and expense *(continued)*

(i) Conventional (continued)

The effective interest method is a method used for calculating the amortised cost of financial assets and liabilities and method for allocating the interest income or interest expense over the relevant period.

The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or, when appropriate, a shorter period to obtain the net carrying amount of the financial asset or financial liability.

When calculating the effective interest rate, the Group estimates cash flows considering all contractual terms of the financial instrument but does not consider future credit losses. The calculation includes all commissions, provision and other fees received between parties in the contract that are an integral part of the effective interest rate, transaction costs and all other premiums or discounts.

Once a financial asset or a group of similar financial assets has been written down as a result of an impairment loss, subsequently, interest income is recognised for the non-impaired portion of the impaired financial assets using the interest rate used to discount the future cash flows for measuring the impairment loss.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

af. Pendapatan dan beban bunga serta pendapatan dan beban syariah (lanjutan)

(ii) Pendapatan syariah

Di dalam pendapatan dan beban bunga terdapat pendapatan dan beban berdasarkan prinsip syariah. Pendapatan pengelolaan dana oleh Entitas Anak sebagai *mudharib* terdiri atas pendapatan pembiayaan dengan akad *murabahah, istishna, ijarah* dan pendapatan dari bagi hasil yaitu *Mudharabah, musyarakah* dan pendapatan usaha utama lainnya.

Pengakuan keuntungan transaksi *murabahah* dengan pembayaran tangguh atau secara angsuran dilakukan selama periode akad sesuai dengan metode tingkat imbal hasil efektif.

Berdasarkan PSAK 402, pendapatan *murabahah* yang termasuk marjin ditangguhkan dan pendapatan administrasi, diakui dengan menggunakan metode setara tingkat imbal hasil efektif, yaitu tingkat imbal hasil setara yang akan mendiskonto secara tepat estimasi pembayaran atau penerimaan kas di masa datang sepanjang perkiraan umur instrumen keuangan tersebut atau, jika lebih tepat untuk masa yang lebih singkat untuk nilai tercatat bersih dari aset keuangan atau liabilitas keuangan.

Perhitungan dilakukan dengan memperhitungkan seluruh syarat dan ketentuan kontraktual dari instrumen keuangan dan biaya tambahan yang timbul secara langsung untuk instrumen tersebut dan merupakan bagian tidak terpisahkan dari tingkat imbal hasil.

Pendapatan *istishna* diakui dengan menggunakan metode persentase penyelesaian atau metode akad selesai.

Pendapatan *ijarah* diakui selama masa akad secara proporsional.

Pendapatan bagi hasil *musyarakah* yang menjadi hak mitra pasif diakui dalam periode terjadinya hak bagi hasil sesuai *nisbah* yang disepakati.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

af. Interest income and expense and sharia income and expense *(continued)*

(ii) Sharia income

Included in interest income and expense are sharia income and expense based on sharia principle. The Subsidiary's income as a fund manager (mudharib) consists of income from murabahah and istishna transactions, income from ijarah (leasing), income from profit sharing of Mudharabah, musyarakah financing and other main operating income.

Murabahah transaction income recognition through deferred payment or installment is executed during the period of the contract based on effective rate of return method (annuity).

According to SFAS 402, murabahah income which includes deferred margin and administrative income are recognised as income using method that equivalent to the effective rate of return method, which is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, for the net carrying amount of the financial asset or financial liability.

The calculation takes into account all contractual terms and condition the financial assets and includes any fees or incremental costs that are directly attributable to the assets and are integral part of the effective rate of return.

Income from istishna is recognised using the percentage of completion or full completion method.

Income from ijarah is recognised proportionally during the contract period.

Profit sharing income for passive partner in musyarakah is recognised in the period when the profitsharing rights arise in accordance with the agreed profit sharing ratio.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

af. Pendapatan dan beban bunga serta pendapatan dan beban syariah (lanjutan)

(ii) Pendapatan syariah (lanjutan)

Pendapatan bagi hasil *Mudharabah* diakui dalam periode terjadinya hak bagi hasil sesuai *nisbah* yang disepakati dan tidak diperkenankan mengakui pendapatan dari proyeksi hasil usaha.

Setoran dari debitur dengan kualitas *non-performing* diperlakukan sebagai pengembalian harga perolehan atau pokok piutang/pembiayaan.

Kelebihan pembayaran di atas harga perolehan atau pokok piutang/pembiayaan diakui sebagai pendapatan pada saat diterimanya. Khusus untuk transaksi *ijarah,* setoran dari debitur dengan kualitas *non-performing* diperlakukan sebagai pelunasan piutang sewa.

Hak nasabah atas bagi hasil dana *syirkah* temporer merupakan bagian bagi laba milik nasabah yang didasarkan pada prinsip *Mudharabah muthlaqah*, *Mudharabah muqayyadah* dan *Mudharabah musytarakah* atas hasil pengelolaan dana mereka oleh Entitas Anak. Pendapatan yang dibagikan adalah pendapatan yang telah diterima.

(iii) Hak pihak ketiga atas bagi hasil dana *syirkah* temporer

Pembagian laba dilakukan berdasarkan prinsip bagi hasil yaitu dihitung dari pendapatan Entitas Anak yang diterima berupa laba bruto (*gross profit margin*).

Jumlah pendapatan marjin dan bagi hasil atas pembiayaan yang diberikan dan atas aset produktif lainnya akan dibagikan kepada nasabah penyimpan dana dan Entitas Anak, dihitung secara proporsional sesuai dengan alokasi dana nasabah dan Entitas Anak yang dipakai dalam pembiayaan yang diberikan dan aset produktif lainnya yang disalurkan.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

af. Interest income and expense and sharia income and expense *(continued)*

(ii) Sharia income (continued)

Profit sharing income for Mudharabah is recognised in the period when the profit sharing rights arise in accordance with agreed profit sharing ratio and the recognition based on projection of income is not allowed.

Any payment from non-performing debtors recognised is treated as the repayment cost or loan/financing principal.

Excess payment over the cost or loan/financing principal recognised as income when the cash received. Specific for ijarah transactions, any payment from non-performing debtors recognised as the settlement of ijarah receivables.

Customers' (fund owner) share on the return of temporary syirkah funds represent fund owners' share of the profit of Subsidiary derived from managing of such funds under Mudharabah mutlaqah, Mudharabah muqayyadah and Mudharabah musytarakah principles. The profit sharing is determined on the earned income.

(iii) Third parties' share on return of temporary syirkah funds

Distribution of profit is based on profit sharing principle which is calculated from the Subsidiary's earned income which in the form of gross profit margin.

Total margin income and profit sharing on financing given to debtors and other productive assets will be distributed to the fund owner and Subsidiary, calculated proportionally according to the fund allocation of fund owner and subsidiary that were used in the financing given to debtors and other productive assets.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

(iii) Hak pihak ketiga atas bagi hasil dana *syirkah* temporer (lanjutan)

Selanjutnya, jumlah pendapatan marjin dan bagi hasil yang tersedia untuk nasabah dari fasilitas pembiayaan yang diberikan dan aset produktif lainnya yang disalurkan tersebut kemudian dibagihasilkan ke nasabah penabung dan deposan sebagai *shahibul maal* dan Entitas Anak sebagai *mudharib* sesuai dengan porsi *nisbah* bagi hasil yang telah disepakati bersama sebelumnya. Pendapatan marjin dan bagi hasil dari pembiayaan yang diberikan dan aset produktif lainnya yang disalurkan yang memakai dana Entitas Anak, seluruhnya menjadi milik Entitas Anak, termasuk pendapatan dari transaksi Entitas Anak berbasis imbalan.

ag. Pendapatan asuransi - neto

Sejak tanggal 1 Januari 2025

Pendapatan asuransi

Pendapatan asuransi Entitas Anak mencerminkan penyediaan perlindungan dan layanan lain yang timbul dari sekelompok kontrak asuransi dengan jumlah yang mencerminkan imbalan yang diharapkan diterima Entitas Anak sebagai imbalan atas layanan tersebut. Pendapatan asuransi dari sekelompok kontrak asuransi merupakan bagian yang relevan untuk periode tersebut, yang tercerminkan dari:

- Biaya layanan asuransi, tidak termasuk jumlah yang dialokasikan untuk komponen kerugian dari kewajiban untuk perlindungan yang tersisa.
- Pelepasan *Contractual Service Margin* (CSM).
- Jumlah yang terkait dengan arus kas akuisisi asuransi.

Pelepasan penyesuaian risiko untuk risiko non-keuangan, tidak termasuk jumlah yang dialokasikan untuk komponen kerugian dari kewajiban untuk perlindungan yang tersisa.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

(iii) Third parties' share on return of temporary syirkah funds (continued)

Furthermore, available margin income and profit sharing for fund owner from financing facilities given to debtors and other distributed earning assets are distributed to fund owners and depositor as shahibul maal and the Subsidiary as mudharib based on a predetermined and agreed profit sharing with nisbah portion. Margin income and profit sharing from financing facilities given to debtors and other distributed earning assets using the Subsidiary's funds, are entirely shared for the Subsidiary, including income from the Subsidiary's fee-based transactions.

ag. Insurance revenue - net

Since 1 January 2025

Insurance revenue

The insurance revenue of the Subsidiary reflects the provision of coverage and other services arising from a group of insurance contracts at an amount that reflects the consideration expected to be received by the Subsidiary in exchange for those services. The insurance revenue from a group of insurance contracts is the relevant portion for that period, which is reflected in:

- *Insurance service expenses, excluding any amounts allocated to the loss component of the liability for remaining coverage.*
- *The Contractual Service Margin (CSM) release.*
- *Amounts related to insurance acquisition cash flows.*

The risk adjustment release for non-financial risk, excluding any amounts allocated tothe loss component of the liability for remaining coverage

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

ag. Pendapatan asuransi - neto (lanjutan)

Sejak tanggal 1 Januari 2025 (lanjutan)

Biaya jasa asuransi

Biaya jasa asuransi mencerminkan beban yang timbul dari pelaksanaan jasa asuransi selama periode pelaporan. Biaya jasa asuransi meliputi:

- Beban akuisisi amortisasi yang terkait dengan kontrak asuransi
- Kerugian dan pembalikan kerugian atas kontrak yang merugikan
- Klaim dan manfaat yang dibayarkan (termasuk biaya penyelesaian klaim)
- Biaya lain yang secara langsung berhubungan dengan penyediaan jasa asuransi

Entitas Anak mengakui biaya jasa asuransi pada saat terjadinya dan mengukurnya sebesar jumlah yang dibayarkan atau terutang, serta menyesuaikan nilai kini dari estimasi arus kas keluar masa depan untuk memenuhi kewajiban kontrak asuransi.

Estimasi arus kas masa depan didasarkan pada asumsi terbaik manajemen mengenai mortalitas, morbiditas, tingkat pembatalan, biaya operasional, serta tingkat diskonto yang mencerminkan nilai waktu atas uang dan risiko non-keuangan.

Sebelum tanggal 1 Januari 2025

Pendapatan premi kontrak asuransi jangka pendek diakui sebagai pendapatan selama periode risiko sesuai dengan proporsi jumlah proteksi asuransi yang diberikan. Pendapatan premi kontrak asuransi jangka panjang diakui sebagai pendapatan pada saat polis jatuh tempo.

Pendapatan premi yang diterima sebelum jatuh tempo polis dicatat sebagai titipan premi di laporan posisi keuangan konsolidasian.

Beban klaim dan manfaat terdiri dari klaim yang telah diselesaikan, klaim dalam proses penyelesaian dan estimasi atas klaim yang telah terjadi namun belum dilaporkan (IBNR).

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

ag. Insurance revenue - net *(continued)*

Since 1 January 2025 (continued)

Insurance service expense

Insurance service expense reflects the costs incurred in providing insurance services during the reporting period. Insurance service expense includes:

- *Amortised acquisition expenses related to insurance contracts*
- *Losses and reversal of losses on onerous contracts*
- *Claims and benefits paid (including claims handling costs)*
- *Other expenses directly attributable to the provision of insurance services*

The Subsidiaries recognises insurance service expenses as they are incurred and measures them at the amount paid or payable, adjusted by the present value of expected future cash outflows to fulfill the insurance contract obligations.

The estimation of future cash flows is based on management's best estimates, including assumptions related to mortality, morbidity, lapse rates, operating expenses, and discount rates that reflect the time value of money and non-financial risks.

Before 1 January 2025

Premium income received from short-term insurance contracts is recognised as revenue over the period of risk coverage in proportion to the amounts of insurance protection provided. Premium income from long-term insurance contracts is recognised as revenue when the policy is due.

Premiums income received before the due date of the respective policies is stated as policyholders' deposits in the consolidated statement of financial position.

Claims and benefits expense consist of settled claims, claims that are still in process of settlement and estimates of claims incurred but not yet reported (IBNR).

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

ag. Pendapatan asuransi - neto (lanjutan)

Sebelum tanggal 1 Januari 2025 (lanjutan)

Klaim dan manfaat diakui sebagai beban pada saat terjadinya liabilitas untuk memberikan proteksi. Klaim reasuransi yang diperoleh dari perusahaan reasuradur diakui dan dicatat sebagai pengurang beban klaim dan manfaat pada periode yang sama dengan periode pengakuan beban klaim dan manfaat.

Jumlah klaim dalam penyelesaian, termasuk klaim yang telah terjadi namun belum dilaporkan, dinyatakan berdasarkan estimasi menggunakan teknik perhitungan teknis oleh aktuaris. Perubahan dalam estimasi liabilitas klaim, sebagai hasil dari evaluasi lebih lanjut dan perbedaan antara estimasi klaim dengan klaim yang dibayarkan, diakui sebagai biaya tambahan atau pengurang biaya pada periode terjadinya perubahan.

ah. Pendapatan provisi dan komisi

Pendapatan provisi dan komisi dan biaya transaksi yang dapat diatribusikan secara langsung yang berkaitan dengan kegiatan pemberian kredit, piutang pembiayaan konsumen dan investasi bersih dalam sewa pembiayaan diakui sebagai bagian/(pengurang) dari nilai perolehan kredit, piutang pembiayaan konsumen dan investasi bersih dalam sewa pembiayaan dan akan diakui sebagai pendapatan bunga dengan cara diamortisasi berdasarkan metode suku bunga efektif.

Untuk kredit, piutang pembiayaan konsumen dan investasi bersih dalam sewa pembiayaan yang diberikan dan dilunasi sebelum jatuh temponya, saldo pendapatan provisi dan/atau komisi dan biaya transaksi yang dapat diatribusikan secara langsung yang belum diamortisasi, diakui pada saat kredit yang diberikan, piutang pembiayaan konsumen dan investasi bersih dalam sewa pembiayaan dilunasi.

Pendapatan provisi dan komisi lainnya yang tidak berkaitan langsung dengan kegiatan perkreditan atau jangka waktu tertentu diakui pada saat terjadinya transaksi.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

ag. Insurance revenue - net *(continued)*

Before 1 January 2025 (continued)

Claims and benefits are recognised as expenses when the liabilities to cover claims are incurred. Claim recoveries from reinsurance companies are recognised and recorded as deduction from claims and benefits expenses consistent in the same period with the claim and benefits expenses recognition.

Total claims in process of settlement, including claims incurred but not yet reported, are stated at estimated amounts determined based on the actuarial technical insurance calculations. Changes in estimated claims liabilities as a result of further evaluation and the difference between estimated claims and paid claims are recognised as addition to or deduction from expenses in the period which the changes occurred.

ah. Fees and commissions income

Fees and commissions income and transaction costs that are directly attributable to lending activities, consumer financing receivables and net investment finance lease, are recognised as a part/(deduction) of outstanding loan, consumer financing receivables and net investment finance lease and will be recognised as interest income by amortisation using effective interest rate method.

The directly attributable unamortised fees and commissions balances relating to loans, consumer financing receivables and net investment finance lease which is settled prior to maturity are recognised upon settlement date of such loans, consumer financing receivables and net investment finance lease.

Other fees and commissions income which are not directly related to lending activities or a specific period are recognised as revenue on the transaction date.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

ai. Imbalan kerja

Liabilitas pensiun

Bank Mandiri menyelenggarakan program pensiun iuran pasti yang pesertanya adalah pegawai aktif Bank Mandiri sejak tanggal 1 Agustus 1999, serta program pensiun manfaat pasti yang berasal dari masing-masing dana pensiun Bank Peserta Penggabungan. Program ini didanai melalui pembayaran kepada pengelola dana pensiun sebagaimana ditentukan dalam perhitungan aktuaria yang dilakukan secara berkala.

Liabilitas imbalan pensiun Bank Mandiri dan Entitas Anak dihitung dengan membandingkan manfaat yang akan diterima oleh karyawan dari program pensiun pada usia pensiun normal dengan manfaat yang akan diterima berdasarkan UU Ketenagakerjaan No. 13/2003 di mana telah diperbaharui menggunakan UU Cipta Kerja No. 11/2020 sebagaimana diubah dengan UU No. 6/2023 tentang Penetapan Peraturan Pemerintah Pengganti Undang-Undang No. 2 Tahun 2022 Tentang Cipta Kerja Menjadi Undang-Undang berdasarkan Perjanjian Kerja Bersama yang telah diperbaharui pada akhir 2021 setelah dikurangi dengan akumulasi kontribusi karyawan dan hasil investasinya.

Apabila manfaat pensiun lebih kecil dari pada manfaat menurut UU Cipta Kerja No. 11/2020, maka Bank dan Entitas Anak membayar kekurangan tersebut.

Program pensiun berdasarkan UU Ketenagakerjaan adalah program imbalan pasti karena UU Ketenagakerjaan menentukan rumus tertentu untuk menghitung jumlah minimum imbalan pensiun. Program pensiun iuran pasti adalah program pensiun yang iurannya ditetapkan dalam peraturan dana pensiun dan seluruh iuran serta hasil pengembangannya dibukukan pada rekening masing-masing peserta sebagai manfaat pensiun sebagaimana tercantum dalam UU No. 4 tahun 2023 tanggal 12 Januari 2023 tentang Pengembangan dan Penguatan Sektor Keuangan.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

ai. Employee benefits

Pension liability

Bank Mandiri established a defined contribution pension plan covering substantially all of its eligible active employees since 1 August 1999 and also defined benefit pension plans, which were derived from each of the Merged Banks' pension plan. This program is funded through payment to pension fund's management as defined in the actuarial calculation which done regularly.

Bank Mandiri and Subsidiaries' pension liability have been calculated by comparing the benefit that will be received by an employee at normal pension age from the Pension Plans with the benefit that will be received as stipulated under the Employment UU No. 13/2003 which has been updated using the Employment Regulations No. 11/2020 as amended by UU No. 6/2023 regarding Government In Lieu Of UU No. 2 Of 2022 regarding Stipulation Employment Regulations Become Law based on the Collective Labor Agreement which was renewed at the end of 2021 after deducting accumulated employee contributions and the results of its investments.

If the pension benefit from the Pension Plans is less than the benefit as required by the Employment Regulations No. 11/2020, the Bank and Subsidiaries will have to pay such shortage.

The pension plan based on the Labor Law is a defined benefit plan because the Labor Law sets a certain formula to calculate the minimum pension benefit. A defined contribution plan is a pension plan that defines an amount of pension contribution based on pension fund regulation and all contribution including investment return are recorded in its account's member as pension benefit as stated in UU No. 4 year 2023 dated 12 January 2023 regarding Development and Strengthening Financial Sector.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

ai. Imbalan kerja (lanjutan)

Liabilitas pensiun (lanjutan)

Liabilitas program pensiun imbalan pasti yang diakui di laporan posisi keuangan konsolidasian adalah nilai kini dari liabilitas imbalan pasti pada tanggal laporan posisi keuangan konsolidasian setelah dikurangi dengan nilai wajar aset program, serta disesuaikan dengan keuntungan atau kerugian aktuaria dan biaya jasa lalu yang belum diakui. Liabilitas manfaat pasti dihitung setiap tahun oleh aktuaris independen menggunakan metode *projected unit credit* secara reguler untuk periode tidak lebih dari satu tahun. Nilai kini liabilitas manfaat pasti ditentukan dengan mendiskontokan estimasi arus kas keluar masa depan dengan menggunakan tingkat diskonto imbal hasil obligasi pemerintah dalam mata uang yang sama dengan mata uang imbalan yang akan dibayarkan dan waktu jatuh tempo yang kurang lebih sama dengan waktu jatuh tempo imbalan yang bersangkutan.

Akumulasi keuntungan atau kerugian aktuarial yang belum diakui yang terjadi diakui sebagai "Penghasilan komprehensif lain" dan disajikan pada bagian ekuitas. Biaya jasa lalu dibebankan langsung pada laba rugi.

Biaya imbalan pasca-kerja yang diakui selama tahun berjalan terdiri dari biaya jasa dalam laba rugi, bunga neto atas liabilitas imbalan pasti neto dalam laba rugi dan pengukuran kembali liabilitas imbalan pasti neto dalam penghasilan komprehensif lain.

Bunga neto atas imbalan pasti neto merupakan komponen pendapatan bunga dari aset program, biaya bunga atas liabilitas imbalan pasti dan bunga atas dampak batas atas dari aset.

Pengukuran kembali liabilitas imbalan pasti neto terdiri dari:
- Keuntungan dan kerugian aktuarial;
- Imbal hasil atas aset program, tidak termasuk jumlah yang dimasukkan dalam bunga neto atas liabilitas imbalan pasti neto; dan
- Setiap perubahan dampak batas atas aset, tidak termasuk jumlah yang dimasukkan dalam bunga neto atas liabilitas imbalan pasti neto.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

ai. Employee benefits *(continued)*

Pension liability *(continued)*

The defined benefit pension liability recognised in the consolidated statement of financial position is the present value of the defined benefit liability at the consolidated statement of financial position date less the fair value of plan assets, adjusted with unrealised actuarial gains or losses and past service cost. The defined benefit liability is calculated annually by independent actuaries using the projected unit credit method on a regular basis for periods not exceeding one year. The present value of the defined benefit liability is determined by discounting the estimated future cash outflows using the discount rate of government bonds' yield that are denominated in the currency in which the benefit will be paid, and that have terms to maturity approximating the terms of the related pension liability.

The accumulated unrealised actuarial gains or losses incurred are recognised as "Other comprehensive income" and is presented in the equity section. Past service cost is directly charged to profit or loss.

The post-employment benefits expense recognised during the current year consists of service cost in profit or loss, net interest on the net defined benefit liability in profit or loss and remeasurement of the net defined benefit liabilities in other comprehensive income.

Net interest on the net defined benefit liability is the interest income component of plan assets, interest expense of defined benefit liability and interest on the effect of asset ceiling.

Remeasurements of the net defined benefit liability consists of:
- *Actuarial gains and losses;*
- *Return on plan assets, excluding amount included in net interest on the net defined benefit liability; and*
- *Any change in effect of the asset ceiling, excluding amount including in net interest on the net defined benefit liability.*

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

ai. Imbalan kerja (lanjutan)

Liabilitas pensiun (lanjutan)

Keuntungan dan kerugian aktuarial dapat timbul dari penyesuaian yang dibuat berdasarkan pengalaman dan perubahan asumsi-asumsi aktuarial.

Liabilitas imbalan jangka panjang lainnya

Liabilitas imbalan jangka panjang lainnya terdiri dari cuti besar berimbalan dan penghargaan masa dinas.

Hak atas imbalan ini pada umumnya diberikan apabila karyawan bekerja hingga mencapai usia pensiun dan memenuhi masa kerja tertentu. Prakiraan biaya imbalan ini dicadangkan sepanjang masa kerja karyawan dan dihitung menggunakan metodologi yang sama dengan metodologi yang digunakan dalam perhitungan program pensiun imbalan pasti, namun disederhanakan. Liabilitas ini dinilai setiap tahun oleh aktuaris independen yang berkualifikasi.

Pembagian tantiem

Bank Mandiri mencatat tantiem dengan menggunakan basis akrual dan membebankannya pada laporan laba rugi dan penghasilan komprehensif lain konsolidasian tahun berjalan.

aj. Laba per saham

Laba per saham dihitung dengan membagi laba bersih konsolidasian akhir tahun berjalan dengan jumlah rata-rata tertimbang saham yang ditempatkan dan disetor selama tahun berjalan.

Jumlah rata-rata tertimbang saham yang beredar yang digunakan dalam menghitung laba per saham dasar dan dilusian pada tanggal 30 Juni 2026, 31 Desember 2025 dan 2024 masing - masing sebesar 93.241.583.332 (nilai penuh), 93.320.458.332 (nilai penuh), dan 93.333.333.332 (nilai penuh) lembar saham.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

ai. Employee benefits *(continued)*

Pension liability *(continued)*

Actuarial gains and losses may arise from the adjustments made based on the experience and changes in actuarial assumption.

Other long-term employee benefit liabilities

Other long-term employe benefit liabilities consist of paid leave and service awards.

The entitlement of these benefits are provided to the employees if employees work until reaching the retirement age and the completion of a minimum certain service period. The estimated costs for these benefits are accrued over the period of employment of respective employee calculated using similar methodology used for defined benefit pension plans but is simpler. These obligations are calculated annually by qualified independent actuaries.

Tantiem distribution

Bank Mandiri records tantiem on an accrual basis and charges it to the consolidated statement of profit or loss and other comprehensive income for the year.

aj. Earnings per share

Earnings per share is calculated by dividing the consolidated net profit at end of year with the weighted average number of shares issued and fully paid-in during the year.

The weighted-average number of outstanding shares used in computing basic and diluted earnings per share as of 30 June 2026, 31 December 2025 and 2024 are 93,241,583,332 (full amount), 93,320,458,332 (full amount), 93,333,333,332 (full amount) shares, respectively.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

ak. Segmen operasi

Segmen operasi adalah suatu komponen dari entitas:
(a) Yang terlibat dalam aktivitas bisnis yang mana memperoleh pendapatan dan menimbulkan beban (termasuk pendapatan dan beban terkait dengan transaksi dengan komponen lain dari entitas yang sama);
(b) Hasil operasinya dikaji ulang secara reguler oleh pengambil keputusan operasional untuk membuat keputusan tentang sumber daya yang dialokasikan pada segmen tersebut dan menilai kinerjanya; dan
(c) Tersedia informasi keuangan yang dapat dipisahkan.

Sesuai dengan PSAK 108 "Segmen Operasi", Grup menyajikan segmen operasi berdasarkan laporan internal grup yang disajikan kepada pengambil keputusan operasional. Pengambil keputusan operasional adalah Direksi.

Informasi segmen per 30 Juni 2026, 31 Desember 2025 dan 2024 disajikan sesuai Keputusan Direksi:
1. No. KEP.DIR/048/2026 tanggal 3 Juli 2026;
2. No. KEP.DIR/088/2025 tanggal 22 Desember 2025;
3. No. KEP.DIR/051/2024 tanggal 17 Juli 2024,

di mana segmen operasi dibagi ke dalam segmen-segmen usaha sebagai berikut: *Corporate Banking, Commercial Banking*, Hubungan Kelembagaan, *Retail Banking* (termasuk *Wealth*), *Treasury & International Banking*, Kantor Pusat, Entitas Anak Syariah, Entitas Anak - Asuransi, dan Entitas Anak lainnya.

Segmen geografis adalah komponen Bank dan Entitas Anak yang dapat dibedakan dalam menghasilkan jasa pada lingkungan (wilayah) ekonomi tertentu dan komponen itu memiliki risiko dan imbalan yang berbeda dengan risiko dan imbalan pada komponen yang beroperasi pada lingkungan (wilayah) ekonomi lain. Segmen geografis dibagi ke dalam wilayah Indonesia, Asia (Singapura, Malaysia, Hong Kong, Timor Leste, dan Shanghai), Eropa Barat (Inggris), dan Cayman Islands.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

ak. Operating segment

An operating segment is a component of an entity:

(a) That is involved in business activities to generate income and expenses (include income and expenses relating to the transactions with other components from the same entity);
(b) Whose operating results are reviewed regularly by decision maker for operational activities for decision making on allocation of resources in respective segment and performance evaluation of works; and
(c) For which separate financial information is available.

In accordance with SFAS 108 "Operating Segment", the Group presents operating segment based on internal reports that are presented to the decision-maker for operational activities. The decision maker for operational activities is the Board of Directors.

Segment information as of 30 June 2026, 31 December 2025 and 2024 onwards presented in accordance with the Board of Directors Decree:
1. No. KEP.DIR/048/2026 *dated 3 July 2026;*
2. No. KEP.DIR/088/2025 dated 22 December 2025;
3. No. KEP.DIR/051/2024 dated 17 July 2024,

In which the operating segments are divided into the following business segments: Corporate Banking, Commercial Banking, Institutional Relationship, Retail Banking (including Wealth), Treasury & International Banking, Head Office, Sharia Subsidiary, Subsidiary - Insurance and Other Subsidiaries.

A geographical segment represents a component of the Bank and its Subsidiaries that provides services in different economic environment and has a different risk and reward compared to others operating in different economic environment. Geographical segments are divided into Indonesia, Asia (Singapore, Malaysia, Hong Kong, Timor Leste, and Shanghai), Western Europe (England) and Cayman Islands.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

al. Tanggung jawab sosial dan lingkungan

Berdasarkan Peraturan Menteri Badan Usaha Milik Negara No. PER-01/MBU/03/2023 tentang Penugasan Khusus dan Program Tanggung Jawab Sosial dan Lingkungan Badan Usaha Milik Negara tanggal 24 Maret 2023, alokasi dana tidak dialokasikan dari saldo laba berdasarkan hasil keputusan Rapat Umum Pemegang Saham ("RUPS") akan tetapi diakui dan dibebankan ke laporan laba dan rugi dan penghasilan komprehensif lain konsolidasian tahun berjalan.

am. Saham treasuri

Saham treasuri merupakan modal saham yang diperoleh dan dimiliki kembali dari yang sebelumnya telah diterbitkan Bank. Saham treasuri disajikan sebesar nilai yang dibayar, termasuk biaya tambahan yang secara langsung dapat diatribusikan (dikurangi pajak penghasilan) dan sebagai pengurang dari ekuitas sampai saham tersebut dibatalkan atau diterbitkan kembali. Ketika saham tersebut selanjutnya dijual kembali, maka nilai yang diterima, dikurangi biaya tambahan transaksi yang terkait dan dampak pajak penghasilan yang terkait disajikan di ekuitas.

an. Penggabungan usaha entitas sepengendali

Transaksi penggabungan usaha antara Entitas Anak, PT Bank Syariah Mandiri (BSM), dengan PT Bank BRI Syariah Tbk (BRIS) dan PT Bank BNI Syariah (BNIS) merupakan penggabungan usaha antar entitas sepengendali. Transaksi penggabungan usaha antar entitas sepengendali, berupa pengalihan bisnis termasuk aset maupun liabilitas terkait dalam rangka reorganisasi entitas-entitas yang berada dalam suatu kelompok yang sama bukan merupakan perubahan kepemilikan dalam arti substansi ekonomi.

Oleh karena itu, transaksi tersebut diakui pada jumlah tercatat berdasarkan metode penyatuan kepemilikan. Selisih antara imbalan yang diterima/dialihkan dan jumlah tercatat investasi dicatat di ekuitas disajikan sebagai bagian dari pos tambahan modal disetor.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

al. Social and environmental responsibility

Based on Minister of State-Owned Enterprises Regulation No. PER-01/MBU/03/2023 regarding Special Assignments and Social and Environmental Responsibility Programs of State-Owned Enterprises dated 24 March 2023, fund allocation was no longer allocated from retained earnings based on the decision of the General Shareholders Meeting ("RUPS"), instead, it is recognised and charged to the current year consolidated statement of profit or loss and other comprehensive income.

am. Treasury shares

Treasury shares are share capital that is acquired and owned back which from shares previously issued by the Bank. Treasury shares are stated at the amount paid, including directly attributable additional costs (less income tax) and as a deduction from equity until the shares are canceled or reissued. When the shares are subsequently sold back, the amount received is deducted by the related transaction surcharge and the related income tax effect is presented in equity.

an. Business combination of common control entities

The transaction of business combination between Subsidiaries, PT Bank Syariah Mandiri (BSM), with PT Bank BRI Syariah Tbk (BRIS) and PT Bank BNI Syariah (BNIS) is a business combination between entities under common control. Business combination transaction between entities under common control, in the form of business transfer including transfer of the related assets and liabilities in relation to the reorganisation of entities under the same group, do not constitute a change of ownership in terms of economics susbtance.

Therefore, the transaction is recognised at carrying value based on the pooling of the interest method. The difference between the total consideration received or paid and the carrying amount of investment is recorded under equity and presented as a component of additional paid in capital.

2. INFORMASI KEBIJAKAN AKUNTANSI MATERIAL (lanjutan)

an. Penggabungan usaha entitas sepengendali (lanjutan)

Pada informasi keuangan Entitas Induk, Bank membukukan nilai investasi di entitas baru menggunakan nilai terdahulu, di mana investasi dibukukan sebesar nilai buku.

ao. Aset dan liabilitas tidak lancar (atau kelompok lepasan) dikuasai untuk dijual

Aset tidak lancar (atau kelompok lepasan) yang dikuasai untuk dijual merupakan aset yang nilai tercatatnya akan dipulihkan terutama melalui transaksi penjualan daripada penggunaan berlanjut dalam bisnis dan penjualannya sangat mungkin terjadi. Aset ini dicatat pada nilai yang lebih rendah antara jumlah tercatat dan nilai wajar setelah dikurangi biaya untuk menjual, kecuali untuk aset-aset seperti aset pajak tangguhan, aset yang terkait dengan imbalan kerja, dan aset keuangan, yang secara khusus dikecualikan.

Aset tidak lancar (atau kelompok lepasan) yang dikuasai untuk dijual tidak dilakukan penyusutan dan amortisasi selama diklasifikasikan sebagai aset tidak lancar yang dikuasai untuk dijual. Kerugian penurunan nilai atas aset tidak lancar (atau kelompok lepasan) yang dikuasai untuk dijual diakui pada laba rugi sebesar selisih antara nilai tercatat dengan nilai wajar setelah dikurangi dengan biaya untuk menjual. Keuntungan selisih antara nilai tercatat dengan nilai wajar setelah dikurangi biaya untuk menjual diakui pada laba rugi maksimal sebesar akumulasi rugi penurunan nilai yang telah diakui sebelumnya.

Aset tidak lancar (atau kelompok lepasan) yang dikuasai untuk dijual disajikan secara terpisah dari aset lainnya dalam laporan posisi keuangan. Liabilitas (atau kelompok lepasan) yang dikuasai untuk dijual disajikan secara terpisah dari liabilitas lainnya dalam laporan posisi keuangan.

3. PENGGUNAAN ESTIMASI DAN PERTIMBANGAN AKUNTANSI YANG PENTING

Beberapa estimasi dan asumsi dibuat dalam rangka penyusunan laporan keuangan konsolidasian di mana dibutuhkan pertimbangan manajemen dalam menentukan metodologi yang tepat untuk penilaian aset dan liabilitas.

2. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

an. Business combination of common control entities *(continued)*

In the Parent Entity financial information, the Bank records its investment value in the new entity at cost using the predecessor value, where the investment is recorded at book value.

ao. Non-current assets and liabilities (or disposal group) held for sale

Non-current assets (or disposal groups) held for sale are assets whose carrying amount will be recovered primarily through a sale transaction rather than through continued use in the business, and their sale is highly probable. These assets are recorded at the lower of carrying amount and fair value, with fewer costs to sell, except for assets such as deferred tax assets, assets related to employee benefits, and financial assets, which are specifically exempted.

Non-current assets (or disposal groups) held for sale are not depreciated or amortised while classified as held for sale. Impairment losses on non-current assets (or disposal groups) held for sale are recognised in the income statement as the difference between the carrying amount and the fair value less costs to sell. Gains on the difference between the carrying amount and the fair value, less costs to sell, are recognised in the income statement up to the amount of any previously recognised impairment loss.

Non-current assets (or disposal groups) held for sale are presented separately from other assets in the statement of financial position, and liabilities (or disposal groups) held for sale are presented separately from other liabilities in the statement of financial position.

3. USE OF CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Several estimates and assumptions are created in the preparation of the consolidated financial statements in which management judgment is required in determining the methodology in the valuation of assets and liabilities.

3. PENGGUNAAN ESTIMASI DAN PERTIMBANGAN AKUNTANSI YANG PENTING (lanjutan)

Manajemen membuat estimasi dan asumsi yang berimplikasi pada pelaporan nilai aset dan liabilitas atas tahun keuangan satu tahun ke depan. Semua estimasi dan asumsi yang diharuskan oleh Standar Akuntansi Keuangan di Indonesia adalah estimasi terbaik serta berdasarkan pada standar yang berlaku. Estimasi dan pertimbangan dievaluasi secara terus menerus dan berdasarkan pengalaman masa lalu dan faktor-faktor lain termasuk harapan atas kejadian yang akan datang.

Walaupun estimasi dan asumsi ini dibuat berdasarkan pengetahuan terbaik manajemen atas kejadian dan tindakan saat ini, hasil yang timbul mungkin berbeda dengan estimasi dan asumsi semula.

Sumber utama ketidakpastian estimasi

a. Cadangan kerugian penurunan nilai aset keuangan

Evaluasi atas kerugian penurunan nilai aset keuangan yang dicatat pada biaya perolehan diamortisasi dan efek utang yang diklasifikasikan sebagai nilai wajar melalui pendapatan komprehensif lain dijelaskan di Catatan 2c.

Cadangan kerugian penurunan nilai terkait dengan pihak lawan spesifik dalam seluruh cadangan kerugian penurunan nilai dibentuk atas tagihan yang penurunan nilainya dievaluasi secara individual berdasarkan estimasi terbaik manajemen atas nilai tunai arus kas yang diharapkan akan diterima. Dalam menghitung cadangan kerugian penurunan nilai, manajemen membuat pertimbangan mengenai kondisi keuangan dari pihak lawan dan nilai neto yang dapat direalisasi dari agunan yang diterima. Setiap aset yang mengalami penurunan nilai dievaluasi dan strategi penyelesaiannya serta estimasi arus kas yang dinilai dapat diperoleh kembali dan disetujui secara independen oleh *Credit Risk Management Unit*.

Evaluasi cadangan kerugian penurunan nilai secara kolektif meliputi kerugian kredit yang melekat pada portofolio tagihan dengan karakteristik ekonomi yang serupa ketika terdapat kenaikan risiko kredit yang signifikan atau terdapat bukti objektif bahwa telah terjadi penurunan nilai tagihan dalam portofolio tersebut, namun penurunan nilai secara individu belum dapat diidentifikasi.

***3. USE OF CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS** (continued)*

Management makes estimation and assumptions that affect the reported amounts of assets and liabilities within the one next financial year. All estimation and assumptions required in conformity with Statement of Financial Accounting Standard are the best estimation undertaken in accordance with the applicable standards. Estimation and judgements are evaluated on a continuous basis, and are based on past experience and other factors, including expectations with regard to future events.

Although these estimations and assumptions are based on management's best knowledge of current events and activities, actual results may differ from those estimations and assumptions.

Key sources of estimation uncertainty

a. Allowance for impairment losses of financial assets

Evaluation of impairment losses on financial assets which is recognised at amortised cost and debt securities classified as fair value through other comprehensive income are described in Note 2c.

Allowance for impairment losses related to a specific counterparty as part of the entire allowance for impairment losses are established for receivables that are individually evaluated for impairment based on management's best estimate of the present value of cash flows expected to be received. In calculating the allowance for impairment losses, management makes judgements regarding of the financial condition of the counterparty and the net realizable value of the collateral received. Each impaired asset is evaluated, and its settlement strategy and estimation of cash flows considered recoverable are independently approved by the Credit Risk Management Unit.

Collectively assessed impairment allowances cover credit losses inherent in portfolios with similar economic characteristics when there is a significant increase in credit risk or objective evidence to suggest the impairments are exist within the portfolio, but the individual impaired items cannot yet be identified.

3. PENGGUNAAN ESTIMASI DAN PERTIMBANGAN AKUNTANSI YANG PENTING (lanjutan)

a. Cadangan kerugian penurunan nilai aset keuangan (lanjutan)

Dalam menentukan perlunya untuk membentuk cadangan kerugian penurunan nilai secara kolektif, manajemen mempertimbangkan faktor-faktor seperti kualitas kredit, besarnya portofolio, konsentrasi kredit, dan faktor-faktor ekonomi. Dalam mengestimasi cadangan yang dibutuhkan, asumsi-asumsi dibuat untuk menentukan model kerugian ekspektasian dan untuk menentukan parameter input yang diperlukan, berdasarkan pengalaman historis, kondisi ekonomi saat ini, dan prakiraan kondisi ekonomi di masa mendatang (*forecasting*). Ketepatan dari cadangan ini bergantung pada seberapa tepat estimasi arus kas masa depan untuk menentukan cadangan individual serta asumsi model dan parameter yang digunakan dalam penentuan cadangan kolektif.

b. Menentukan nilai wajar instrumen keuangan

Dalam menentukan nilai wajar aset dan liabilitas keuangan yang tidak mempunyai harga pasar, Grup menggunakan teknik penilaian seperti yang dijelaskan dalam Catatan 2c untuk instrumen keuangan yang tidak diperdagangkan secara aktif dan memiliki informasi harga yang terbatas, nilai wajar yang kurang objektif dan membutuhkan berbagai tingkat penilaian tergantung pada likuiditas, konsentrasi, faktor ketidakpastian pasar, asumsi harga, dan risiko lainnya.

c. Imbalan pensiun

Program-program pensiun ditentukan berdasarkan perhitungan dari aktuaria. Perhitungan aktuaria menggunakan asumsi-asumsi seperti tingkat diskonto, tingkat pengembalian investasi, tingkat kenaikan gaji, tingkat kematian, tingkat pengunduran diri dan lain-lain (Catatan 2ai dan 51). Perubahan asumsi ini akan mempengaruhi nilai liabilitas pensiun.

Grup menentukan tingkat diskonto yang sesuai pada akhir periode pelaporan, yakni *zero coupon bond* yang digunakan untuk menentukan nilai kini dari estimasi arus kas keluar masa depan yang diharapkan untuk menyelesaikan liabilitas pensiun.

***3. USE OF CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS** (continued)*

***a. Allowance for impairment losses of financial assets** (continued)*

In determining the need to establish allowance for collective impairment, management considers factors such as credit quality, size of portfolio, credit concentrations, and economic factors. In estimating the required allowance, the assumptions made to determine expected default and loss model and to determine the required input parameters which are based on historical experience and estimated future economic conditions (forecasting). The accuracy of this allowance depends on how precise the estimated future cash flows to determine the individual allowance and the model assumptions and parameters used in determining collective allowance.

b. Determining fair values of financial instruments

In determining the fair value for financial assets and financial liabilities for which there is no observable market price, the Group uses the valuation techniques as described in Note 2c for financial instruments that are traded infrequently and have limited pricing information, fair value is less objective and requires varying degrees of judgement depending on liquidity, concentration, uncertainty of market factors, pricing assumptions and other risks.

c. Pension benefits

Pension programs are determined based on actuarial valuation. The actuarial valuation uses assumptions such as discount rate, expected rate of return on investments, future salary increases, mortality rate, resignation rate and others (refer to Note 2ai and 51). Any changes in those assumptions will impact the balance of employee benefit liability.

The Group determines the appropriate discount rate at the end of each year, which is the zero coupon bond that used to determine the present value of estimated future cash outflows expected to settle the pension benefit liability.

3. PENGGUNAAN ESTIMASI DAN PERTIMBANGAN AKUNTANSI YANG PENTING (lanjutan)

Sumber utama ketidakpastian estimasi (lanjutan)

c. Imbalan pensiun (lanjutan)

Dalam menentukan tingkat suku bunga yang sesuai, Grup mempertimbangkan imbal hasil obligasi pemerintah yang didenominasikan dalam mata uang imbalan akan dibayar dan memiliki jangka waktu yang serupa dengan jangka waktu liabilitas pensiun yang terkait. Asumsi kunci liabilitas pensiun lainnya sebagian ditentukan berdasarkan kondisi pasar saat ini.

d. Kontrak asuransi

Entitas anak mendasarkan asumsi dan estimasinya pada parameter yang tersedia saat laporan keuangan disusun. Namun, keadaan yang ada dan asumsi tentang perkembangan di masa depan dapat berubah akibat perubahan pasar atau keadaan yang muncul di luar kendali Entitas Anak. Perubahan semacam itu akan tercermin dalam asumsi saat perubahan tersebut terjadi.

Sejak tanggal 1 Januari 2025

PSAK 117 berlaku untuk kontrak asuransi yang diterbitkan, kontrak reasuransi yang diterbitkan (bisnis masuk), kontrak reasuransi yang dimiliki (bisnis keluar), dan kontrak investasi dengan fitur partisipasi diskresioner, asalkan Entitas Anak juga menerbitkan kontrak asuransi.

Contractual Service Margin ("CSM")

Entitas Anak melakukan estimasi signifikan dalam pengukuran *Contractual Service Margin (CSM)* dalam penilaian liabilitas asuransi. CSM mewakili laba yang belum direalisasi atas kontrak asuransi dan diamortisasi secara sistematis selama periode pertanggungan.

Estimasi yang digunakan dalam penentuan CSM mencakup proyeksi arus kas masa depan, asumsi tingkat diskonto, estimasi penyesuaian risiko dan asumsi lainnya seperti mortalitas, morbiditas, dan persistensi.

Perubahan asumsi atau estimasi ini dapat berdampak signifikan terhadap jumlah CSM yang diakui. Entitas Anak melakukan tinjauan dan pembaruan estimasi secara berkala, setidaknya setiap akhir periode pelaporan, sesuai dengan perkembangan informasi dan pengalaman aktual.

***3. USE OF CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS** (continued)*

***Key sources of estimation uncertainty** (continued)*

***c. Pension benefits** (continued)*

In determining the appropriate discount rate, the Group considers the government bonds' yields denominated in currency and have similar period with payments that will be made and have terms to maturity approximating the terms of the related employee benefit liability. Other key assumptions for pension benefit liability mostly are determined based on current market conditions.

d. Insurance contracts

The Subsidiary based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Subsidiary. Such changes are reflected in the assumptions when they occur

Since 1 January 2025

SFAS 117 applies to insurance contracts issued, reinsurance contracts issued (inward business), reinsurance contracts held (outward business) and investment contracts with discretionary participation features provided the The Subsidiary also issues insurance contracts.

Contractual Service Margin ("CSM")

The Subsidiary makes significant estimates in measuring the Contractual Service Margin (CSM). The CSM represents the unearned profit for insurance contracts and is systematically amortised over the coverage period.

The estimates used in determining the CSM include projections of future cash flows, discount rate assumptions, risk adjustment estimates and other assumptions such as mortality, morbidity, and persistency.

Changes in these assumptions or estimates may have a significant impact on the amount of CSM recognised. The Subsidiary reviews and updates its estimates periodically, at least at each reporting date, in line with emerging experience and updated information.

3. PENGGUNAAN ESTIMASI DAN PERTIMBANGAN AKUNTANSI YANG PENTING (lanjutan)

Sumber utama ketidakpastian estimasi (lanjutan)

d. Kontrak asuransi (lanjutan)

Sejak tanggal 1 Januari 2025 (lanjutan)

Probability-weighted atas proyeksi arus kas masa depan

Perkiraan arus kas masa depan mencerminkan pandangan Entitas Anak terhadap kondisi saat ini pada tanggal pelaporan, dan perkiraan terhadap variabel pasar yang relevan konsisten dengan harga pasar yang dapat diamati.

Dalam memperkirakan arus kas masa depan, Entitas Anak mempertimbangkan ekspektasi saat ini terhadap peristiwa masa depan yang mungkin mempengaruhi arus kas tersebut.

Ada berbagai asumsi ekonomi dan non-ekonomi yang digunakan sebagai masukan dalam proses perkiraan arus kas masa depan, termasuk, namun tidak terbatas pada, asumsi operasional seperti morbiditas, mortalitas, persisten, dan biaya, serta asumsi ekonomi seperti *risk free rates* dan *illiquidity premium.*

Penyesuaian risiko untuk risiko non-keuangan

Pengukuran penyesuaian risiko harus mencerminkan kompensasi yang diperlukan oleh Entitas Anak untuk menanggung ketidakpastian terkait jumlah dan waktu arus kas masa depan yang timbul dari risiko non-keuangan saat Entitas Anak memenuhi kontrak asuransi.

Asumsi biaya yang digunakan dalam perkiraan arus kas masa depan

Entitas Anak memperkirakan perkiraan biaya masa depan yang berkaitan dengan pelaksanaan kontrak menggunakan tingkat biaya saat ini yang disesuaikan dengan inflasi. Sebagian besar biaya diakui sebagai biaya yang dapat diatribusikan (biaya langsung) yang terdiri dari biaya akuisisi dan pemeliharaan, kecuali biaya litigasi dan Tanggung Jawab Sosial Perusahaan (CSR) yang mana diklasifikasikan sebagai biaya yang tidak dapat diatribusikan.

***3. USE OF CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS** (continued)*

***Key sources of estimation uncertainty** (continued)*

***d. Insurance contracts** (continued)*

Since 1 January 2025 (continued)

Probability-weighted estimates of future cash flows

The estimates of future cash flows reflect the Subsidiary's view of current conditions at the reporting date and estimates of any relevant market variables are consistent with observable market prices.

When estimating future cash flows, the Subsidiary takes into account current expectations of future events that might affect those cash flows.

There is a wide range of economic and non-economic assumptions that are used as inputs in the future cash flows estimation process including, but not limited to, operating assumptions such as morbidity, mortality, persistency and expenses, and economic assumptions such as risk free rates and illiquidity premium.

Risk adjustment for non-financial risk

The measurement of risk adjustment should reflect the compensation required by the Subsidiary for bearing the uncertainty around the amount and timing of the future cash flows that arises from non-financial risk as the Subsidiary fulfils insurance contracts.

Expense assumption used in future cash flow estimation

The Subsidiary estimates future cost projections related to contract execution using the current cost rate adjusted for inflation. Most costs are recognised as attributable costs (direct costs) consisting of acquisition and maintenance costs, except for litigation costs and Corporate Social Responsibility (CSR) costs, which are classified as non-attributable costs.

3. PENGGUNAAN ESTIMASI DAN PERTIMBANGAN AKUNTANSI YANG PENTING (lanjutan)

Sumber utama ketidakpastian estimasi (lanjutan)

d. Kontrak asuransi (lanjutan)

Sejak tanggal 1 Januari 2025 (lanjutan)

Tingkat diskonto

Entitas anak akan menerapkan pendekatan *bottom-up* dengan menggunakan kurva imbal hasil yang konsisten dengan pasar berdasarkan suku bunga bebas risiko dan penerapan premi illikuiditas.

Sebelum tanggal 1 Januari 2025

Liabilitas kepada pemegang polis (manfaat polis masa depan dari produk non-*unit link* dan estimasi liabilitas klaim) Entitas Anak dicatat di laporan posisi keuangan konsolidasian sebagai bagian dari liabilitas kontrak asuransi berdasarkan perhitungan aktuaris dengan menggunakan asumsi aktuarial yaitu asumsi estimasi terbaik dan marjin atas risiko pemburukan.

e. Aset pajak tangguhan

Aset pajak tangguhan diakui atas seluruh perbedaan temporer yang dapat dikurangkan, sepanjang besar kemungkinannya bahwa penghasilan kena pajak akan tersedia sehingga perbedaan temporer tersebut dapat digunakan. Estimasi signifikan oleh manajemen disyaratkan dalam menentukan jumlah aset pajak tangguhan yang dapat diakui, berdasarkan saat penggunaan dan tingkat penghasilan kena pajak serta strategi perencanaan pajak masa depan. Bank tidak memperhitungkan sebagian manfaat aset pajak tangguhan karena manajemen Bank berpendapat bahwa aset pajak tangguhan tersebut tidak dapat terpulihkan di masa yang akan datang.

f. Penyusutan dan estimasi umur manfaat aset tetap

Biaya perolehan aset tetap disusutkan dengan menggunakan metode garis lurus berdasarkan taksiran masa manfaat ekonomisnya. Manajemen Bank mengestimasi masa manfaat ekonomis aset tetap antara 4 (empat) sampai dengan 20 (dua puluh) tahun.

***3. USE OF CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS** (continued)*

***Key sources of estimation uncertainty** (continued)*

***d. Insurance contracts** (continued)*

Since 1 January 2025 (continued)

Discount rates

The Subsidiary will adopt a bottom-up approach using a market consistent yield curve based on risk free rate and applying illiquidity premium.

Before 1 January 2025

Liabilities to policyholders (future policy benefits from non-unit linked products and estimated claim liabilities) of Subsidiaries are recorded in the consolidated statement of financial position as part of insurance contract liabilities based on actuarial calculations using actuarial assumptions, which is the best estimate assumptions and margin for risk of deterioration.

e. Deferred tax assets

Deferred tax assets are recognised for all deductible temporary differences, as long as taxable income most likely will be available so that the temporary differences can be utilised. Significant estimation by management are required in determining the amount of deferred tax assets that can be recognised, based on utilisation period and the level of taxable income and future tax planning strategies. The Bank does not consider some of the benefits of deferred tax assets as management believes that those part of deferred tax assets will not be recoverable in the future.

f. Depreciation and estimated useful life of fixed assets

Cost of acquisition of fixed assets are depreciated using the straight-line method based on their estimated economic useful life. Bank's management estimates the useful lives of the fixed assets between 4 (four) to 20 (twenty) years.

3. PENGGUNAAN ESTIMASI DAN PERTIMBANGAN AKUNTANSI YANG PENTING (lanjutan)

Sumber utama ketidakpastian estimasi (lanjutan)

f. Penyusutan dan estimasi umur manfaat aset tetap (lanjutan)

Perubahan tingkat pemakaian dan perkembangan teknologi dapat mempengaruhi masa manfaat ekonomis dan nilai sisa aset, dan karenanya biaya penyusutan masa depan mungkin direvisi.

Nilai tercatat atas aset tetap Bank diungkapkan pada Catatan 18.

g. Penurunan nilai aset non-keuangan

Bank Mandiri dan Entitas Anak mengevaluasi penurunan nilai aset non-keuangan apabila terdapat kejadian atau perubahan keadaan yang mengindikasikan bahwa nilai tercatat aset non-keuangan tidak dapat dipulihkan kembali. Faktor-faktor penting yang dapat menyebabkan penurunan nilai aset non-keuangan adalah sebagai berikut:

a) Performa yang tidak tercapai secara signifikan terhadap ekspektasi historis atau proyeksi hasil operasi di masa yang akan datang;
b) Perubahan yang signifikan dalam cara penggunaan aset atau strategi bisnis secara keseluruhan; dan
c) Industri atau tren ekonomi yang secara signifikan bernilai negatif.

Manajemen Bank dan Entitas Anak mengakui kerugian penurunan nilai apabila nilai tercatat aset melebihi nilai terpulihkannya. Nilai terpulihkan adalah nilai yang lebih tinggi antara nilai wajar dikurang biaya pelepasan dengan nilai pakai aset (atau unit penghasil kas). Nilai terpulihkan diestimasi untuk aset individual atau, jika tidak memungkinkan, untuk unit penghasil kas yang mana aset tersebut merupakan bagian daripada unit tersebut.

h. Revaluasi atas nilai wajar tanah

Grup menggunakan spesialis penilai independen untuk menilai nilai wajar atas tanah. Tanah dinilai berdasarkan referensi atas bukti berdasarkan pasar, menggunakan nilai yang dapat diukur setelah disesuaikan dengan faktor pasar spesifik seperti lokasi dan kondisi dari tanah.

***3. USE OF CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS** (continued)*

***Key sources of estimation uncertainty** (continued)*

***f. Depreciation and estimated useful life of fixed assets** (continued)*

Changes in the level of usage and technological developments could affect the economic useful lives and residual value of assets, and therefore future depreciation charges may be revised.

The carrying value of the Bank's fixed assets is disclosed in Note 18.

g. Impairment of non-financial assets

Bank Mandiri and its Subsidiaries assess impairment of non-financial assets whenever there are events or changes in circumstances indicate that the carrying value of non-financial assets cannot be recovered. Important factors that could cause impairment of non-financial assets are as follows:

a) Performance is not achieved significantly against historical expectations or projected operating results in the future;

b) A significant change in the way of the asset usage or the overall business strategy; and

c) Industry or economic trends are significantly negative.

The Management of the Bank and its Subsidiaries recognise an impairment loss if the carrying amount of the asset exceeds its recoverable amount. Recoverable amount is the higher value between the fair value minus costs of disposal and the value in use of the asset (or cash-generating unit). Recoverable amount is estimated for individual assets or, if not possible, for the cash-generating unit in which the asset is part of the unit.

h. Revaluations of land

The Group engaged independent valuation specialists to assess fair value of land. Lands were valued by reference to market-based evidence, using comparable prices adjusted for specific market factors such as location and condition of land.

3. PENGGUNAAN ESTIMASI DAN PERTIMBANGAN AKUNTANSI YANG PENTING (lanjutan)

Sumber utama ketidakpastian estimasi (lanjutan)

i. Menentukan jangka waktu kontrak dengan opsi perpanjangan dan penghentian kontrak - Grup sebagai penyewa

Grup menentukan jangka waktu sewa sebagai jangka waktu sewa yang tidak dapat dibatalkan, bersama dengan periode yang dicakup oleh opsi untuk memperpanjang masa sewa jika dipastikan akan dilaksanakan, atau periode apa pun yang dicakup oleh opsi untuk menghentikan sewa, jika cukup wajar untuk tidak dilakukan.

Grup memiliki beberapa kontrak sewa yang mencakup opsi perpanjangan dan penghentian jangka waktu sewa. Grup menerapkan penilaian dalam mengevaluasi apakah dapat dipastikan jika akan menggunakan opsi untuk memperpanjang atau menghentikan sewa. Hal tersebut dilakukan dengan mempertimbangkan seluruh fakta dan keadaan yang relevan yang memberikan insentif ekonomi untuk melakukan perpanjangan atau penghentian sewa. Setelah tanggal dimulainya, Grup menilai kembali masa sewa, jika terdapat peristiwa atau perubahan signifikan dalam keadaan yang berada dalam kendali dan mempengaruhi apakah penyewa cukup pasti untuk mengeksekusi opsi memperpanjang atau menghentikan sewa.

Pertimbangan akuntansi yang penting

Pertimbangan akuntansi yang penting dalam menerapkan kebijakan akuntansi Bank dan Entitas Anak meliputi:

a. Usaha yang berkelanjutan

Manajemen Bank dan Entitas Anak telah melakukan penilaian atas kemampuan Bank dan Entitas Anak untuk melanjutkan kelangsungan usahanya dan berkeyakinan bahwa Bank dan Entitas Anak memiliki sumber daya untuk melanjutkan usahanya di masa mendatang. Selain itu, manajemen tidak mengetahui adanya ketidakpastian material yang dapat menimbulkan keraguan yang signifikan terhadap kemampuan Bank dan Entitas Anak untuk mempertahankan kelangsungan hidupnya. Oleh karena itu, laporan keuangan konsolidasian telah disusun atas dasar usaha yang berkelanjutan.

***3. USE OF CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS** (continued)*

***Key sources of estimation uncertainty** (continued)*

i. Determine the contract term with options for extension and termination of the contract - the Group as lessee

The Group determines the lease term as the term of the lease that cannot be canceled, together with the period covered based on the option to extend the lease if it is determined to be exercised, or any period covered by the option to terminate the lease, if it is reasonably not to do so.

The Group has several lease contracts that include options for extension and termination of the lease terms. The Group applies its judgment in evaluating whether it is certain to exercise the option to extend or terminate the lease. This is done by considering all relevant facts and circumstances that provide economic incentives to extend or terminate the lease. After the commencement date, the Group reassesses the lease term, if there is a significant event or change in circumstances which is under its control and affects whether the lessee is certain enough to exercise the option to extend or terminate the lease.

Significant accounting judgements

Accounting judgements that are important in applying accounting policies of the Bank and its Subsidiaries include:

a. Going concern

The Management of the Bank and its Subsidiaries have assessed the ability of the Bank and its Subsidiaries to continue its business and believes that the Bank and Subsidiaries have the resources to continue their business in the future. In addition, management is not aware of any material uncertainties that may cause significant doubt on the ability of the Bank and Subsidiaries to maintain its viability. Therefore, the consolidated financial statements have been prepared on the basis of a going concern.

3. PENGGUNAAN ESTIMASI DAN PERTIMBANGAN AKUNTANSI YANG PENTING (lanjutan)

Pertimbangan akuntansi yang penting (lanjutan)

Pertimbangan akuntansi yang penting dalam menerapkan kebijakan akuntansi Bank dan Entitas Anak meliputi: (lanjutan)

b. Klasifikasi aset dan liabilitas keuangan

Manajemen Bank dan Entitas Anak menetapkan klasifikasi atas aset dan liabilitas tertentu sebagai aset keuangan dan liabilitas keuangan dengan mempertimbangkan bila definisi yang ditetapkan PSAK 109 telah dipenuhi sejak 1 Januari 2020. Dengan demikian, aset keuangan dan liabilitas keuangan diakui sesuai dengan kebijakan akuntansi Bank dan Entitas Anak seperti diungkapkan pada Catatan 2.c.vi.

***3. USE OF CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS** (continued)*

***Significant accounting judgements** (continued)*

Accounting judgements that are important in applying accounting policies of the Bank and its Subsidiaries include: (continued)

b. Classification of financial assets and liabilities

The Management of the Bank and its Subsidiaries determine the classification of certain assets and liabilities as financial assets and financial liabilities by considering whether the definitions set under SFAS 109 have been fulfilled since 1 January 2020. Accordingly, financial assets and financial liabilities are recognised in accordance with the accounting policy of the Bank and its Subsidiaries as disclosed in Note 2.c.vi.

Manajemen berpendapat bahwa jumlah cadangan kerugian penurunan nilai penempatan pada Bank Indonesia dan bank lain telah memadai.

Management believes that the allowance for impairment losses on placements with Bank Indonesia and other banks is adequate.

f. Informasi mengenai pengelompokan berdasarkan kelompok "tidak mengalami penurunan nilai" dan "mengalami penurunan nilai" untuk aset keuangan dari Entitas Anak syariah diungkapkan pada Catatan 62A.

f. Information in respect of classification of "non-impaired" and "impaired" from sharia Subsidiary are disclosed in Note 62A.

g. Pada tanggal 30 Juni 2026, penempatan dengan saldo USDNihil (31 Desember 2025: USD Nihil dan 31 Desember 2024: USD1.535.315 (nilai penuh) dijaminkan untuk fasilitas pinjaman yang diterima dari bank lain (Catatan 36f).

g. As of 30 June 2026, placements with a balance of USDNil (31 December 2025: USDNil and 31 December 2024: USD1,535,315 (full amount) were pledged for fund borrowings from other banks (Note 36f).

h. Berdasarkan kolektibilitas sesuai POJK:

Kolektibilitas penempatan pada Bank Indonesia dan bank lain sesuai POJK diungkapkan pada Catatan 65e.

h. By collectability based on FSA regulation:

Collectability of placements with Bank Indonesia and other banks in accordance with FSA regulation are disclosed in Note 65e.

Pada tanggal 30 Juni 2026, 31 Desember 2025 dan 2024, Entitas Anak memiliki kontrak *swap* nilai tukar dan suku bunga yang memenuhi kriteria dan berlaku efektif sebagai lindung nilai arus kas. Keuntungan/ kerugian atas perubahan nilai wajar sehubungan dengan bagian efektif dari arus kas lindung nilai diakui sebagai penghasilan komprehensif lain.

As of 30 June 2026, 31 December 2025 and 2024, the Subsidiary had cross currency and interest rate swap contracts which meet the criteria and effectively applied as cashflow hedge. The gain/loss from fair value changes related to effective portion of cashflow hedge are recognised as other comprehensive income.

12. KREDIT YANG DIBERIKAN DAN PIUTANG/ PEMBIAYAAN SYARIAH (lanjutan)

B. Berikut adalah informasi penting lainnya sehubungan dengan kredit yang diberikan dan piutang/pembiayaan syariah: (lanjutan)

c. Agunan kredit

Kredit yang diberikan dan piutang/ pembiayaan syariah pada umumnya dijamin dengan agunan yang diikat dengan hak tanggungan atau surat kuasa untuk menjual, deposito berjangka atau jaminan lain yang dapat diterima oleh Bank Mandiri dan Entitas Anak. Simpanan dari nasabah dan simpanan dari bank lain yang dijadikan jaminan tunai untuk kredit yang diberikan dan diblokir untuk tujuan lain pada tanggal 30 Juni 2026, 31 Desember 2025 dan 2024 adalah masing-masing sebesar Rp104.682.839 dan Rp80.249.661 dan Rp94.124.176 (Catatan 21c, 22c, 23e, 24c dan 26d).

d. Kredit sindikasi

Kredit sindikasi merupakan kredit yang diberikan kepada debitur melalui perjanjian pembiayaan bersama dengan bank-bank lain sebagai kreditur. Selain sebagai kreditur, Bank juga dapat berperan sebagai agen (agen fasilitas, agen jaminan, agen penampungan) yang menjalankan fungsi administratif untuk kepentingan seluruh kreditur dan debitur.

Pada tanggal 30 Juni 2026, 31 Desember 2025 dan 2024 jumlah persentase pembiayaan Bank Mandiri yang berperan sebagai kreditur dan agen fasilitas adalah masing-masing berkisar antara 0,68% sampai dengan 91,43%, 0,68% sampai dengan 91,43%, dan 1,17% sampai dengan 97,15% dari jumlah total keikutsertaan Bank Mandiri pada kredit sindikasi. Sementara jumlah persentase pembiayaan Bank Mandiri yang berperan hanya sebagai anggota sindikasi pada tanggal 30 Juni 2026, 31 Desember 2025 dan 2024 adalah masing-masing berkisar antara 4,70% sampai dengan 78,26%, 4,70% sampai dengan 78,26% dan 0,21% sampai dengan 55,02% dari jumlah keseluruhan keikutsertaan Bank Mandiri pada kredit sindikasi.

***12. LOANS AND SHARIA RECEIVABLES/FINANCING** (continued)*

B. Other significant information related to loans and sharia receivables/financing: (continued)

c. Loan collaterals

Loans and sharia receivables/financing are generally secured by pledged collateral bound with powers of attorney in respect of the rights to sell, time deposits or other collateral acceptable by Bank Mandiri and its Subsidiaries. Deposits from customers and deposits from other banks that were pledged as cash collateral for loans and blocked for other purposes as of 30 Juni 2026, 31 December 2025 and 2024 amounted to Rp104,682,839 and Rp80,249,661 and Rp94,124,176, respectively (Note 21c, 22c, 23e, 24c and 26d).

d. Syndication loans

Syndication loans represent loans granted to debtors through joint financing agreements with other banks as creditor. Apart from being creditor, the Bank also act as an agent (facility agent, guarantee agent, shelter agent) which operates administrative function for all of creditors and debtors' interest.

As of 30 June 2026, 31 December 2025 and 2024, the percentage of Bank Mandiri financing as a creditor and facility agent is between 0.68% to 91.43%, 0.68% to 91.43% and 1.17% to 97.15% from total participation of Bank Mandiri in syndication loans. While the percentage of Bank Mandiri financing as syndication member as of 30 June 2026, 31 December 2025 and 2024 is between 4.70% to 78.26%, 4.70% to 78.26% and 0.21% to 55.02% from total participation of Bank Mandiri in syndication loans.

12. KREDIT YANG DIBERIKAN DAN PIUTANG/ PEMBIAYAAN SYARIAH (lanjutan)

B. Berikut adalah informasi penting lainnya sehubungan dengan kredit yang diberikan dan piutang/pembiayaan syariah: (lanjutan)

e. Kredit yang diberikan dan piutang/pembiayaan syariah kepada pihak berelasi

Total kredit yang diberikan dan piutang/pembiayaan syariah kepada pihak berelasi dan persentase terhadap total aset konsolidasian diungkapkan pada Catatan 56.

Termasuk dalam kredit yang diberikan dan piutang/pembiayaan syariah kepada pihak berelasi adalah kredit yang diberikan kepada karyawan kunci Bank Mandiri dan Entitas Anak. Kredit yang diberikan dan piutang/pembiayaan syariah kepada karyawan kunci Bank Mandiri dan Entitas Anak terdiri dari kredit dengan rata-rata tingkat suku bunga sebesar 6,00% per tahun yang digunakan untuk membeli kendaraan bermotor dan/atau rumah dengan jangka waktu 1 (satu) sampai 22 (dua puluh dua) tahun yang dibayar melalui pemotongan gaji karyawan setiap bulan.

f. Bank Mandiri memiliki sejumlah perjanjian penerusan kredit dengan lembaga keuangan internasional (Catatan 61).

***12. LOANS AND SHARIA RECEIVABLES/FINANCING** (continued)*

B. Other significant information related to loans and sharia receivables/financing: (continued)

e. Loans and sharia receivables/financing to related parties

Total loans and sharia receivables/financing to related parties and its percentage to the total consolidated assets are disclosed in Note 56.

Loans and sharia receivables/financing to related parties included loans to key personnel of Bank Mandiri and Subsidiaries. The loans and sharia receivables/financing to Bank Mandiri and Subsidiaries key personnel consist of loans with average interest-bearing rate amounted to 6.00% per annum which are used for the acquisition of vehicles and/or houses, and are repayable within 1 (one) to 22 (twenty two) years through monthly payroll deductions.

f. Bank Mandiri has several channeling loan agreements with several international financial institutions (Note 61).

Manajemen berpendapat bahwa jumlah cadangan kerugian penurunan nilai kredit yang diberikan dan piutang/pembiayaan syariah telah memadai.

Management believes that the allowance for impairment losses on loans and sharia receivables/financing is adequate.

12. KREDIT YANG DIBERIKAN DAN PIUTANG/ PEMBIAYAAN SYARIAH (lanjutan)

B. Berikut adalah informasi penting lainnya sehubungan dengan kredit yang diberikan dan piutang/pembiayaan syariah: (lanjutan)

h. Penghapusbukuan kredit macet

Pada periode enam bulan yang berakhir pada tanggal 30 Juni 2026 dan tahun yang berakhir pada tanggal 31 Desember 2025 dan 2024, Bank Mandiri melaksanakan penghapusbukuan kredit macet masing-masing sebesar Rp2.815.255, Rp6.418.091 dan Rp11.097.083 (Bank Mandiri saja).

Adapun kriteria debitur yang dapat dihapusbukukan meliputi:

a. Fasilitas kredit telah digolongkan macet;
b. Fasilitas kredit telah dibentuk cadangan kerugian penurunan nilai sebesar 100% (seratus persen) dari pokok kredit macetnya;
c. Telah dilakukan berbagai upaya penagihan dan penyelamatan, namun tidak berhasil;
d. Usaha debitur sudah tidak mempunyai prospek atau kinerja debitur buruk atau tidak ada kemampuan membayar; dan
e. Hapus buku dilakukan terhadap seluruh kewajiban kreditnya, termasuk yang berasal dari *non-cash loan* sehingga penghapusbukuan tidak boleh dilakukan pada sebagian kreditnya (*partial write-off*).

i. Kredit yang dihapusbukukan dicatat di ekstra-komtabel. Bank terus melakukan usaha-usaha penagihan atas kredit yang telah dihapusbukukan. Kredit ekstra-komtabel ini tidak disajikan dalam laporan posisi keuangan konsolidasian. Ikhtisar mutasi kredit ekstra-komtabel adalah sebagai berikut (Bank Mandiri saja):

***12. LOANS AND SHARIA RECEIVABLES/FINANCING** (continued)*

B. Other significant information related to loans and sharia receivables/financing: (continued)

h. Written-off of non-performing loans

For the six-month period ended 30 June 2026 and for the year ended 31 December 2025 and 2024, Bank Mandiri had written-off non-performing loans amounted to Rp2,815,255, Rp6,418,091 and Rp11,097,083 (for Bank Mandiri only), respectively.

The criteria for loan write-offs are as follows:

a. Loan facility has been classified as loss;
b. Loan facility has been provided with 100% (one hundred percent) allowance for impairment loss from the loss loan principal;
c. Collection and recovery efforts have been performed, but the result is unsuccessful;
d. The debtors' business has no prospect or has bad performance or they do not have the loan repayment ability; and
e. The write-offs are performed for all loan obligations, including non-cash loan facilities, and the write-offs shall not be written-off partially.

i. Written-off loans are recorded in extra-comptable. The Bank continues pursuing for collection of the written-off loans. These loans are not reflected in the consolidated statement of financial position. A summary of movements of extra-comptable loans are as follows (for Bank Mandiri only):

	30 Juni 2026/ *30 June 2026* (Tidak diaudit/ *unaudited*)	**31 Desember 2025/ *31 December 2025***	**31 Desember 2024/ *31 December 2024***

l. Pada tanggal 30 Juni 2026, nilai tercatat atas saldo kredit yang diberikan Bank Mandiri kepada PT Garuda Indonesia (Persero) Tbk ("Garuda") sebagai dampak dari restrukturisasi adalah sebesar Rp1.042.347 atau sebesar 24% dari nilai kontraktual pinjaman. Nilai ini akan terpulihkan secara bertahap sesuai dengan konsep akuntansi setelah tanggal restrukturisasi hingga tanggal jatuh tempo. Bank Mandiri tetap memiliki nilai tagih atas kredit yang diberikan kepada Garuda sebesar Rp4.334.746 sesuai nilai kontraktual pinjaman sebagaimana tercantum dalam perjanjian perdamaian yang telah dihomologasi oleh Pengadilan Niaga pada Pengadilan Negeri Jakarta Pusat, sehingga tidak terdapat penghapusan jumlah tagihan pokok dan bunga yang ditangguhkan Bank Mandiri terhadap Garuda.

m. Berdasarkan kolektibilitas sesuai POJK:

Kolektibilitas kredit yang diberikan dan piutang/pembiayaan syariah sesuai POJK diungkapkan pada Catatan 65k.

l. On 30 June 2026, book value of the outstanding loans from Bank Mandiri to PT Garuda Indonesia (Persero) Tbk ("Garuda") as a result of the restructuring are amounted to Rp1,042,347 or 24% of the contractual amount. This value will be recovered gradually in accordance with the accounting concept after the restructuring date until the maturity date. Bank Mandiri still has a claim value for loans disbursed to Garuda amounted to Rp4,334,746 according to the contractual value of the loan as stated in the settlement agreement which has been homologated by the Commercial Court at the Central Jakarta District Court, thus there is no write-off of the principal and deferred interest by Bank Mandiri against Garuda.

m. By collectability based on FSA regulation:

Collectability of loans and sharia receivables/financing in accordance with FSA regulation are disclosed in Note 65k.

Sewa dibayar dimuka terutama merupakan sewa atas bangunan yang digunakan sebagai kantor cabang Grup dan rumah dinas di seluruh Indonesia. Grup mengakui aset hak guna dan liabilitas sewa untuk semua sewa dengan kontrak jangka waktu tertentu yang dibayar secara periodik, kecuali untuk sewa jangka waktu pendek dan memiliki aset pendasar bernilai rendah.

Prepaid rent mostly consists of rentals on buildings which are used as the Group branch's offices and official residence across Indonesia. Group recognises the right-of-use assets and liabilities for all leases with time contracts, which payable periodically, except for short term list and leases with low value underlying assets.

b. Lain-lain

Bank menyewa beberapa aset termasuk kendaraan, rumah dinas, gedung kantor, ruang ATM dan lain-lain. Rata-rata masa sewa adalah 2 (dua) tahun.

b. Others

Bank entered into rental agreement for a number of assets including vehicle, office house, office building, ATM spaces and others. The average lease term is 2 (two) years.

18. ASET TETAP (lanjutan)

b. Lain-lain (lanjutan)

Bank juga memiliki sewa tertentu dengan masa sewa 12 bulan atau kurang dan sewa aset bernilai rendah. Bank menerapkan pengecualian untuk sewa jangka pendek dan sewa bernilai rendah untuk sewa tersebut.

1. Perjanjian Kerjasama Pembangunan, Pengoperasian dan Penyerahan (*Build, Operate, Transfer*)

Pada tanggal 28 Desember 2018 telah ditandatangani Perjanjian Kerjasama Pembangunan, Pengoperasian dan Penyerahan (*Build, Operate, Transfer*) atas aset di Jalan Proklamasi No. 31 Jakarta untuk jangka waktu 27 tahun dengan Mitra Kerjasama PT Wijaya Karya Bangunan Gedung Tbk dalam rangka optimalisasi aset strategis milik Bank Mandiri dengan mengutamakan kerjasama sinergi BUMN.

2. Revaluasi

Revaluasi Tahun 2015 - 2016

Berdasarkan Peraturan Menteri Keuangan Republik Indonesia (PMK) No. 191/PMK.010/2015 tanggal 15 Oktober 2015 tentang Penilaian Kembali Aktiva Tetap Untuk Tujuan Perpajakan Bagi Permohonan yang Diajukan Pada Tahun 2015 dan Tahun 2016, dengan perubahan pertama melalui Peraturan Menteri Keuangan No. 233/PMK.03/2015 tanggal 21 Desember 2015 dan perubahan kedua Peraturan Menteri Keuangan No. 29/PMK.03/2016 tanggal 19 Februari 2016. Grup telah menugaskan perusahaan jasa penilai terdaftar untuk melaksanakan penilaian (revaluasi) aset tetap atas tanah.

Penilaian atas tanah dilakukan oleh penilai independen eksternal Kantor Jasa Penilai Publik (KJPP) Amin, Nirwan, Alfiantori dan Rekan (ANA) dan KJPP Muttaqin, Bambang, Purwanto, Rozak, Uswatun dan Rekan (MBPRU). Penilaian dilakukan sesuai dengan dan tunduk kepada ketentuan-ketentuan dari Konsep dan Prinsip Umum Penilaian (KPUP) poin 17 dalam Standar Penilaian Indonesia (SPI) tahun 2015.

b. Others (continued)

Bank also has certain lease with leases terms 12 months or less and low value underlying asset. Bank applied the exception for the short term leases and low value leases.

1. The Joint Agreement of Build, Operate, Transfer

On 28 December 2018, the Bank has signed the joint agreement of Build, Operate, and Transfer for asset at Jl. Proklamasi No. 31 Jakarta for 27 years period with PT Wijaya Karya Bangunan Gedung Tbk in order to optimize the strategic assets of Bank Mandiri by prioritizing the cooperation through SOE synergy.

2. Revaluation

Revaluation Year 2015 - 2016

Based on Minister of Finance of the Republic of Indonesia Regulation (PMK) No. 191/PMK.010/2015 dated 15 October 2015 regarding Revaluation of Fixed Assets for Tax Purposes for Applications Filed in 2015 and 2016, with the first amendment through the Minister of Finance Regulation No. 233/PMK.03/2015 dated 21 December 2015 and the second amendment of the Minister of Finance Regulation No. 29/PMK.03/2016 dated 19 February 2016. The Group has assigned registered independent appraisers to assess (revaluate) its fixed asset (land).

The valuations of land are performed by the external independent appraisers, Public Appraiser Firm (KJPP) Amin, Nirwan, Alfiantori and Partners (ANA) and KJPP Muttaqin, Bambang, Purwanto, Rozak, Uswatun and Partners (MBPRU). Appraisals are performed based on the Concept and General Principles of Appraisers (KPUP) article 17 in Indonesian Appraisal Standards (SPI) year 2015.

b. Lain-lain (lanjutan)

2. Revaluasi (lanjutan)

Revaluasi Tahun 2015 - 2016 (lanjutan)

Dalam pengukuran nilai wajar tanah, KJPP memperhitungkan kemampuan peserta pasar untuk menghasilkan manfaat ekonomi dengan penggunaan tertinggi dan terbaik atas aset atau dengan menjual aset ke peserta pasar lain yang akan menggunakan aset pada kondisi tertinggi dan penggunaan terbaik. Metode penilaian yang digunakan oleh KJPP adalah pendekatan pasar dan pendekatan biaya.

Berdasarkan Laporan Penilaian dari KJPP MBPRU tanggal 21 Desember 2015 atas aset tanah di Entitas Anak dan 11 April 2016 atas aset tanah Bank, yang ditandatangani oleh Ir. Muhammad A. Mutaqin, M.Sc.,Mappi (Cert.) serta KJPP ANA tanggal 13 April 2016 atas aset tanah Bank yang ditandatangani oleh Ir. Muhammad Amin, M.Sc., Mappi (Cert.), nilai aset tetap berikut mengalami kenaikan nilai adalah sebagai berikut:

***18. FIXED ASSETS** (continued)*

b. Others (continued)

2. Revaluation (continued)

Revaluation Year 2015 - 2016 (continued)

In the fair value measurement of the land, the KJPP consider market participants ability to generate economic benefits by using the assets in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The valuation method used by the KJPP are market approach and cost approach.

Based on the Assessment Report of the KJPP MBPRU dated 21 December 2015 on land of Subsidiaries and 11 April 2016 on land of the Bank, signed by Ir. Muhammad A. Mutaqin, M.Sc.,Mappi (Cert.) and KJPP ANA dated 13 April 2016 on land of the Bank signed by Ir. Muhammad Amin, M.Sc., Mappi (Cert.), the value of fixed assets and its increase are as follows:

Aset tetap	Nilai pasar/ *Fair value*	Nilai buku/ *Book value*	Kenaikan nilai (sebelum pajak)/ *Increase in value (before tax)*	*Fixed assets*
Tanah	28.822.150	2.880.116	25.942.034	*Land*

Untuk menentukan nilai pasar tersebut, KJPP ANA dan KJPP MBPRU menggunakan metodologi penilaian Pendekatan Pasar (*Market Approach*) SPI 2015-KPUP 17 dengan metode perbandingan langsung.

Hasil revaluasi aset tetap untuk Bank tersebut telah disetujui oleh Direktorat Jenderal Pajak (DJP) melalui Kepala Kantor Wilayah DJP Wajib Pajak Besar melalui Surat Keputusan No. KEP-418/WPJ.19/2016 tanggal 25 Mei 2016. Hasil revaluasi aset tetap Entitas Anak juga telah disetujui oleh DJP pada tanggal 8 Januari 2016.

To determine the fair value, KJPP ANA and KJPP MBPRU uses the assessment to methodology of Market Approach SPI 2015-KPUP 17 with direct comparison method.

The results of revaluation of fixed assets of the Bank were approved by the Directorate General of Taxes (DGT) through the Head of Regional Office Large Tax Payer through Decree No. KEP-418/WPJ.19/2016 dated 25 May 2016. The results of revaluation of fixed assets of Subsidiaries had been approved by the DGT on 8 January 2016.

***18. FIXED ASSETS** (continued)*

b. Others (continued)

2. Revaluation (continued)

Revaluation Year 2022 (continued)

To determine market value, the KJPP Muttaqin, Bambang, Purwanto, Rozak, Uswatun and Partners and KJPP Dasa'at Yudistira and Partners use Market Approach methodology of SPI 2018-KPUP 15.2 with direct comparison method.

Revaluation Year 2025

In 2025, the Bank conducted a revaluation of land. The land valuation was carried out by independent external appraisers Dasa'at Yudistira and Partners and Iwan Bachron and Partners. The valuation was performed in accordance with and subject to the provisions of the General Valuation Concepts and Principles, point 17, issued in 2018.

In measuring the fair value of land, the Public Appraisal Firm (KJPP) considers the ability of market participants to generate economic benefits through the highest and best use of the asset or by selling the asset to other market participants who would use the asset under its highest and best use. The valuation methods applied by the KJPP include the market approach, income approach, and cost approach.

Based on the Valuation Reports issued by KJPP Dasa'at Yudistira and Partners dated 18 December 2025 (signed by Dasa'at Alam Ratu, S.P., MAPPI (Cert.)), with Registered Certificate Number (STTD): STTD.PP-93/PM.02/2023 dated 16 August 2023, and KJPP Iwan Bachron and Partners dated 18 December 2025 (signed by Iwan Bachron G., S.E., M.Ec.Dev., MAPPI (Cert.)), with Registered Certificate Number (STTD): STTB.PP-11/PJ-1/PM.02/2023 dated 5 June 2023, the carrying amounts of fixed assets and the related increases in value are as follows:

Aset tetap	Nilai pasar/ *Fair value*	Nilai buku/ *Book value*	Kenaikan nilai (sebelum pajak)/ *Increase in value (before tax)*	*Fixed assets*
Tanah	43.361.460	39.701.003	3.660.457	*Land*

18. ASET TETAP (lanjutan)

b. Lain-lain (lanjutan)

2. Revaluasi (lanjutan)

Revaluasi Tahun 2025 (lanjutan)

Untuk menentukan nilai pasar tersebut, KJPP Dasa'at Yudistira dan Rekan dan KJPP Iwan Bachron dan Rekan menggunakan metodologi penilaian Pendekatan Pasar *(Market Approach)* SPI 2018-KPUP 15.2 dengan metode perbandingan langsung.

3. Penilaian pada nilai wajar aset yang dimiliki Bank pada tanggal 30 Juni 2026, 31 Desember 2025 dan 2024 adalah untuk tanah dengan menggunakan nilai revaluasi (nilai buku), sedangkan untuk bangunan menggunakan Nilai Jual Objek Pajak (NJOP). Pada tanggal 30 Juni 2026, nilai buku tanah dan NJOP bangunan yang dimiliki Bank masing-masing bernilai Rp43.367.757 dan Rp6.882.599. Pada tanggal 31 Desember 2025, nilai buku tanah dan NJOP bangunan yang dimiliki Bank masing-masing sebesar Rp45.951.924 dan Rp6.882.153. Pada tanggal 31 Desember 2024, nilai buku tanah dan NJOP bangunan yang dimiliki Bank masing-masing sebesar Rp42.215.459 dan Rp5.906.576.

4. Nilai tanah Bank berdasarkan model biaya pada tanggal 30 Juni 2026, 31 Desember 2025 dan 2024 adalah masing-masing sebesar Rp4.435.186, Rp6.473.195 dan Rp6.397.188.

Tabel di bawah ini menyajikan instrumen non-keuangan yang diakui pada nilai wajar berdasarkan hierarki yang digunakan Bank untuk menentukan dan mengungkapkan nilai wajar dari instrumen non-keuangan:

(i) Tingkat 1: Dikutip dari harga pasar aktif untuk aset atau liabilitas yang identik;
(ii) Tingkat 2: Teknik valuasi di mana seluruh input yang memiliki efek signifikan terhadap nilai wajar yang tercatat dapat diobservasi baik secara langsung atau tidak langsung;
(iii) Tingkat 3: Teknik valuasi di mana seluruh input yang memiliki efek signifikan terhadap nilai wajar yang tercatat tidak dapat diobservasi dari data pasar.

***18. FIXED ASSETS** (continued)*

b. Others (continued)

2. Revaluation (continued)

Revaluation Year 2025 (continued)

To determine the market value, KJPP Dasa'at Yudistira and Partners and KJPP Iwan Bachron and Partners applied the Market Approach valuation methodology in accordance with SPI 2018-KPUP 15.2, using the direct comparison method.

3. Assessment in the fair value of assets owned by the Bank on 30 June 2026, 31 December 2025 and 2024 uses revaluation method for lands and Sales Value of Taxable Object for Buildings ("NJOP"). As of 30 June 2026, the revaluation value of land and NJOP owned by the Bank was Rp43,367,757 and Rp6,882,599 respectively. As of 31 December 2025, the revaluation value of land and NJOP owned by the Bank was Rp45,951,924 and Rp6,882,153, respectively. As of 31 December 2024, the revaluation value of land and NJOP owned by the Bank was Rp42,215,459 and Rp5,906,576, respectively.

4. The value of land based on cost model as of 30 June 2026, 31 December 2025 and 2024 amounted to Rp4,435,186, Rp6,473,195 and Rp6,397,188, respectively.

The table below presents non-financial instruments recognised at fair value based on the hierarchy used by the Bank to determine and disclose the fair value of non-financial instruments:

(i) Level 1: Quoted prices on active markets for identical assets or liabilities;
(ii) Level 2: Valuation technique in which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly;
(iii) Level 3: Valuation techniques in which all inputs have a significant effect on the recorded fair value that cannot be observed from market data.

18. ASET TETAP (lanjutan)

b. Lain-lain (lanjutan)

Tabel di bawah ini menyajikan instrumen non-keuangan yang diakui pada nilai wajar berdasarkan hierarki yang digunakan Bank untuk menentukan dan mengungkapkan nilai wajar dari instrumen non-keuangan: (lanjutan)

***18. FIXED ASSETS** (continued)*

b. Others (continued)

The table below presents non-financial instruments recognised at fair value based on the hierarchy used by the Bank to determine and disclose the fair value of non-financial instruments: (continued)

	30 Juni 2026 (Tidak diaudit)/*30 June 2026 (Unaudited)*				
	Tingkat 1/ *Level 1*	**Tingkat 2/ *Level 2***	**Tingkat 3/ *Level 3***	**Nilai wajar/ *Fair value***	
Tanah	-	43.367.757	-	43.367.757	*Land*

	31 Desember 2025/*31 December 2025*				
	Tingkat 1/ *Level 1*	**Tingkat 2/ *Level 2***	**Tingkat 3/ *Level 3***	**Nilai wajar/ *Fair value***	
Tanah	-	45.951.924	-	45.951.924	*Land*

	31 Desember 2024/31 December 2024				
	Tingkat 1/ *Level 1*	**Tingkat 2/ *Level 2***	**Tingkat 3/ *Level 3***	**Nilai wajar/ *Fair value***	
Tanah	-	42.215.459	-	42.215.459	*Land*

5. Nilai wajar tingkat 2 dari tanah dihitung dengan menggunakan pendekatan perbandingan harga pasar dan estimasi pendapatan dan biaya yang dihasilkan oleh aset. Harga pasar dari tanah yang paling mendekati disesuaikan dengan perbedaan atribut utama seperti ukuran aset, lokasi dan penggunaan aset. Input yang paling signifikan dalam pendekatan penilaian ini adalah asumsi harga per meter.

6. Hak atas tanah diperoleh berdasarkan Sertifikat Hak Milik ("SHM") dan sertifikat Hak Guna Bangunan ("HGB") yang dapat diperbarui dengan masa yang akan berakhir antara 2025 sampai tahun 2053. Mengacu pada praktek di masa lampau, Group memiliki keyakinan dapat memperpanjang HGB tersebut.

5. The fair value of land for level 2 is calculated using the comparison of market price approach and estimation of income and expenses generated by the asset. The market price of the land that most closely adjusted for differences in the primary attributes such as asset size, location and usage of assets. The most significant input in this assessment approach is the assumption of the price per meter.

6. Land rights are held under Ownership Title Certificates ("SHM") and renewable Right to Build Certificates ("HGB"), with expiration dates ranging from 2025 to 2053. Based on historical precedent, the Group is confident in its ability to renew the HGBs upon their expiry.

b. Lain-lain (lanjutan)

7. Pada tanggal 30 Juni 2026, Bank Mandiri telah mengasuransikan aset tetap (tidak termasuk hak atas tanah, aset dalam pembangunan dan aset hak guna) untuk menutupi kemungkinan kerugian terhadap risiko kebakaran, pencurian dan bencana alam (*Property All Risk* (PAR), *Earthquakes* (EQ), *Machinery Breakdown* (MB), Terorisme dan Sabotase (TS)).

   Asuransi tersebut kepada PT Asuransi Cakrawala Proteksi Indonesia, PT Asuransi Astra Buana, PT Estika Jasatama, PT Asuransi Dayin Mitra Tbk, PT Asuransi Ramayana Tbk, PT Mandiri AXA General Insurance, PT Asuransi Wahana Tata, PT Zurich Asuransi Indonesia Tbk, PT Asuransi Umum Mega, dan PT Asuransi Perisai Listrik Indonesia, keseluruhannya adalah pihak ketiga, serta PT Asuransi Kredit Indonesia, PT Asuransi Jasa Raharja Putera, PT Asuransi Tugu Pratama Indonesia, PT Asuransi Jiwa Inhealth Indonesia, PT Asuransi Staco Mandiri, dan PT Krida Upaya Tunggal yang merupakan pihak berelasi, dengan nilai jumlah pertanggungan asuransi pada tanggal 30 Juni 2026, 31 Desember 2025 dan 2024 masing - masing berkisar Rp37.943.392, Rp31.542.889 dan Rp11.532.100. Manajemen berpendapat bahwa nilai pertanggungan tersebut telah memadai untuk menutupi kemungkinan kerugian yang terjadi atas aset tetap yang dipertanggungkan. Aset tetap yang telah terdepresiasi penuh namun masih digunakan oleh Bank Mandiri antara lain berupa mesin-mesin kantor, peralatan percetakan, peralatan kantor, dan perumahan.

***18. FIXED ASSETS** (continued)*

b. Others (continued)

7. As of 30 June 2026, the Bank has insured its fixed assets (excluding land rights, construction in progress and the right of use assets) to cover potential losses against fire, theft and natural disaster (Property All Risk (PAR), Earthquakes (EQ), Machinery Breakdown (MB), Terorism and Sabotase (TS)).

   The insurance was placed with PT Asuransi Cakrawala Proteksi Indonesia, PT Asuransi Astra Buana, PT Estika Jasatama, PT Asuransi Dayin Mitra Tbk, PT Asuransi Ramayana Tbk, PT Mandiri AXA General Insurance, PT Asuransi Wahana Tata, PT Zurich Asuransi Indonesia Tbk, PT Asuransi Umum Mega, and PT Asuransi Perisai Listrik Indonesia are all third parties, while PT Asuransi Kredit Indonesia, PT Asuransi Jasa Raharja Putera, PT Asuransi Tugu Pratama Indonesia, PT Asuransi Jiwa Inhealth Indonesia, PT Asuransi Staco Mandiri, and PT Krida Upaya Tunggal are related parties. The total amount of insurance coverage as of 30 June 2026, 31 December 2025 and 2024 was approximately Rp37,943,392, Rp31,542,889 and Rp11,532,100, respectively. Management believes that the insurance coverage is adequate to cover potential losses on the insured fixed assets. Fully depreciated fixed assets that are still in use by Bank Mandiri include, among others, office machines, printing equipment, office equipment, and housing facilities.

Perangkat lunak diamortisasi selama umur ekonomis yaitu 5 tahun (Catatan 2.r.i).

Software is amortised over its economic useful life, which is 5 years (Note 2.r.i).

Pada tanggal 30 Juni 2026, 31 Desember 2025 dan 2024, termasuk dalam aset takberwujud adalah aset *brand* Yokke dari Entitas Anak PT Mandiri Capital Indonesia (MCI) senilai RpNihil, Rp974 dan Rp12.646 (neto - setelah akumulasi amortisasi) diamortisasi selama umur ekonomis 7 tahun dengan metode garis lurus.

As of 30 June 2026, 31 December 2025 and 2024, included in intangible assets is the Yokke brand assets from Subsidiary, namely PT Mandiri Capital Indonesia (MCI) amounted to RpNil, Rp974 and Rp12,646 (net - accumulated amortisation) amortised over its economic useful life of 7 years using the straight-line method.

Pada tanggal 30 Juni 2026, 31 Desember 2025 dan 2024, aset dalam pembangunan masing-masing sebesar Rp691.733, Rp1.515.355 dan Rp4.017.152. Estimasi persentase tingkat penyelesaian perangkat lunak pada tanggal 30 Juni 2026 adalah berkisar 5,00% - 90,00% (31 Desember 2025: 42,00% - 90,00%), (31 Desember 2024: 5,00% - 85,00%).

As of 30 June 2026, 31 December 2025 and 2024, construction in progress for software amounted to Rp691,733, Rp1,515,355 and Rp4,017,152, respectively. The estimated percentage of completion of software as of 30 June 2026 was ranging between 5.00% - 90.00% (31 December 2025: 42.00% - 90.00%), (31 December 2024: 5.00% - 85.00%).

Goodwill merupakan nilai selisih antara nilai perolehan dan nilai wajar dari aset bersih yang diakuisisi. Pada tanggal 30 Juni 2026, 31 Desember 2025 dan 2024 senilai Rp519.286. Secara berkala, *Goodwill* dievaluasi terhadap penurunan nilai. Nilai terpulihkan *Goodwill* ditentukan berdasarkan perhitungan nilai pakai menggunakan model arus kas terdiskonto. Nilai tersebut dikategorikan berada dalam kategori pengukuran nilai wajar level 3.

Goodwill arises from the difference between the cost of acquisition with the fair value of Subsidiaries assets acquired. As of 30 June 2026, 30 December 2025 and 2024 amounted to Rp519,286. Goodwill is evaluated for impairment. The recoverable amount of Goodwill is determined based on the calculation of value in use using a discounted cash flow model. This value is categorized under fair value measurement level 3.
