5. If there are any changes in the accounting policies and methods of computation, including any required by an accounting standard, what has changed, as well as the reasons for, and the effect of, the change.

The Group has adopted a new financial reporting framework, Singapore Financial Reporting Standards (International) (SFRS(I)s), on 1 January 2018 and has prepared its first set of financial information under SFRS(I)s for the second quarter and half year ended 30 June 2018.

In adopting SFRS(I)s, the Group required to apply all of the specific transition requirements in SFRS(I) 1 *First-time Adoption of Singapore Financial Reporting Standards (International)*. The Group's opening balance sheet under SFRS(I)s has been prepared as at 1 January 2017, which is the Group's date of transition to SFRS(I)s.

#### a) Application of SFRS(I) 1

The Group has elected for the optional exemption to reset its cumulative translation differences for all foreign operations to nil at the date of transition at 1 January 2017. As a results, cumulative translation losses of \$4,644,000 was reclassified from other reserve (foreign exchange translation account) to revenue reserve as at 1 January 2017.

#### b) Adoption of SFRS(I)s

The adoption of SFRS(I)s, amendments and interpretations of SFRS(I)s did not have any significant impact on the financial statements of the Group except the following:

#### i) Adoption of SFRS(I) 15

SFRS(I) 15 is effective for financial years beginning on or after 1 January 2018. In accordance with the requirement of SFRS(I) 1, the Group will adopt SFRS(I) 15 retrospectively.

SFRS(I) 15 establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. Under SFRS(I) 15, an entity recognised revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer.

Following the presentation requirement in SFRS(I) 15, the Group has presented due from customer for contract work-in-progress as contract assets and due to customers for contract work-in-progress as contract liabilities.

It must also discuss any material factors that affected the cash flow, working capital, assets or liabilities of the group during the current financial period reported on.

#### Review of Group's performance For the 3 months ended 30 June 2018 (2Q2018)

Revenue in 2Q2018 was \$19.7 million, a decrease of 1.3% from 2Q2017. The decrease was due mainly to a decrease in the number of stock crewboats sold.

The decrease in cost of sales corresponded to a decrease in the number of stock crewboats sold.

Gross profit in 2Q2018 was \$6.1 million, an increase of 13.3% from 2Q2017. The increase was due mainly to higher contribution from shipbuilding projects.

The increase in gross profit margin in 2Q2018 compared with 2Q2017 was due mainly to higher contributions from shipbuilding projects and chartering activities.

The increase in other operating income was due mainly to the sale of vessels from the Group's operating fleet.

The increase in administrative expenses was due mainly to higher personnel cost arising from an increase in headcount and wages, in line with an increase in shipbuilding and chartering activities.

The increase in other operating expenses was due mainly to a net foreign exchange loss of \$1.0 million in 2Q2018, compared to a net foreign exchange gain of \$85,000 in 2Q2017. This was partially offset by lower depreciation costs in 2Q2018 versus an allowance for doubtful debts in 2Q2017.

As a result of the above, the Group posted a profit of \$3.6 million in 2Q2018, compared to a profit of \$335,000 in 2Q2017.

#### For the 6 months ended 30 June 2018 (1H2018)

Revenue in 1H2018 was \$45.7 million, a decrease of 8.8% from 1H2017. The decrease was due mainly to a decrease in the number of stock crewboats sold, and was partially offset by an increase in chartering activities.

The decrease in cost of sales corresponded to a decrease in the number of stock crewboats sold.

Gross profit in 1H2018 was \$12.9 million, an increase of 18.9% from 1H2017. The increase was due mainly to higher contribution from shipbuilding projects and chartering activities.

The increase in gross profit margin in 1H2018 compared with 1H2017 was due mainly to higher contributions from shipbuilding projects and chartering activities.

The increase in other operating income was due mainly to more vessels sold from the Group's operating fleet.

The increase in administrative expenses was due mainly to higher personnel cost arising from an increase in headcount and wages, in line with an increase in shipbuilding and chartering activities.

The decrease in other operating expenses was due mainly to lower depreciation costs and no allowance for doubtful debts in 1H2018, compared to higher depreciation costs and an allowance for doubtful debts in 1H2017. This year-on-year decrease in other operating expenses in 1H2018 was partially offset by a higher net foreign exchange loss of \$564,000 in 1H2018, compared to a lower net foreign exchange loss of \$331,000 in 1H2017.

As a result of the above, the Group posted a profit of \$5.7 million in 1H2018, compared to a profit of \$2.3 million in 1H2017.

#### **Changes in Balance Sheet**

The increase in Inventories was due mainly to more vessels under construction.

The net decrease in trade receivables and other receivables was due mainly to differences in payment arrangements and timing of collections during the period.

The increase in trade payables and other payables and accruals was due mainly to timing of payment made during the period.

#### **Review of Group Cashflow**

The net cash of \$1.2 million from operating activities was mostly generated by shipbuilding activity.

The net cash of \$10.6 million from investing activities arose mostly from the sale of vessels from the Group's operating fleet, which was partially offset by an investment in quoted shares.

The net cash of \$2.7 million used in financing activities was due to the repayment of term loans and a dividend payment as approved by the Company's shareholders at its Annual General Meeting held on 24 April 2018.

As a result of the above cash movements, the Group's cash and cash equivalents increased to \$47.7 million as at 30 June 2018, from \$38 million as at 31 December 2017.

9. Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results.

Not applicable.

10. A commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.

While sentiments are gradually improving in certain sectors of the offshore industry, the industry as a whole continues to be weighed down by excessive equipment and depressed charter rates, which are keeping margins compressed across the board.

The outlook for the Group's core crewboat business appears to be improving, but margins are expected to remain under pressure for the foreseeable future.

The Group has already responded to these external factors by cutting costs and diversifying into other marine sectors, such as passenger ferries and government projects, while continuing to innovate its fast craft designs and on-board systems.

The Group will continue to manage its cash flow conservatively and expects to secure new shipbuilding projects going forwards.

There were no significant interested persons transactions under general mandate of or over \$\$100,000 in value entered into during the financial period ended 30 June 2018.

There were no other significant interested persons transactions of or over S\$100,000 in value entered into during the financial period ended 30 June 2018.

14. Confirmation that the issuer has procured undertaking from all its directors and executive officers (in the format set out in Appendix 7.7) under Rule 720 (1).

The Company has obtained the undertakings from all its Directors and executive officers.

### CONFIRMATION BY THE BOARD PURSUANT TO RULE 705 (5) OF THE LISTING MANUAL

The Board of Directors hereby confirms that, to the best of its knowledge, nothing has come to its attention which may render the unaudited financial results of the Group for the second quarter and half year ended 30 June 2018 to be false or misleading in any material aspects.

#### BY ORDER OF THE BOARD

Tung May Fong Finance & Administration Director 10 August 2018
