**VOLUNTARY RESUMPTION OF QUARTERLY REPORTING – UPDATE**

---

The board of directors (the “**Board**”) of Procurri Corporation Limited (the “**Company**”, and together with its subsidiaries, the “**Group**”) refers to its announcements in relation to the voluntary resumption of quarterly reporting dated 1 March 2023 and the IT security incident dated 21 April 2023.

As a result of the recent IT security incident, the Board has decided that it would be prudent to take some time to further verify data before releasing the financial results. Accordingly, the Group will not be proceeding with the voluntary resumption of quarterly reporting for the period ending 31 March 2023. The next unaudited financial results announcement of the Company will be for the half-year period ending 30 June 2023, followed by the voluntary resumption of quarterly reporting for the period ending 30 September 2023.

The Company will continue to keep shareholders updated on material developments relating to the Company and the Group in compliance with its continuing disclosure obligations, as and when appropriate.
