To: The Shareholders of Spackman Entertainment Group Limited

Dear Shareholder,

1. INTRODUCTION

The Directors are proposing to seek Shareholders' approval at the forthcoming AGM for the proposed renewal of the Share Buy Back Mandate.

The purpose of this Appendix is to provide Shareholders with information relating to, and to seek Shareholders' approval for, the proposed renewal of the Share Buy Back Mandate to be tabled at the forthcoming AGM. The notice of the AGM is set out on pages 139 to 144 of the Annual Report 2023.

The SGX-ST takes no responsibility for the contents of this Appendix, including the accuracy, completeness or correctness of any of the information, statements or opinions made or reports contained in this Appendix.

2. THE PROPOSED RENEWAL OF THE SHARE BUY BACK MANDATE

2.1 Background

The Share Buy-Back Mandate was first approved by Shareholders at the annual general meeting of the Company held on 21 April 2015 and last renewed by Shareholders at the annual general meeting held on 28 April 2023. The Share Buy-Back Mandate will, unless renewed again, expire on the date of the forthcoming AGM to be held on 30 April 2024. Accordingly, approval is being sought from the Shareholders at the forthcoming AGM for the proposed renewal of the Share Buy-Back Mandate.

If approved by Shareholders at the forthcoming AGM, the authority conferred by the Share Buy Back Mandate will continue to be in force until the next AGM of the Company (whereupon it will lapse, unless renewed at such meeting) or until it is varied or revoked by the Company in general meeting (if so varied or revoked prior to the next AGM) or when share buy-backs pursuant to the Share Buy-Back Mandate have been carried out to the full extent mandated.

2.2 Rationale for the Share Buy Back Mandate

The Share Buy Back Mandate will give the Directors the flexibility to purchase or acquire the Shares of the Company if and when circumstances permit. The Directors believe that share buy-backs provide the Company and its Directors with a mechanism to facilitate the return of surplus cash over and above its ordinary capital requirements, in an expedient and cost-efficient manner. It also allows the Directors to exercise greater control over the Company's share capital structure, dividend payout and cash reserves with a view to enhancing the EPS and/or NAV per Share.

Pursuant to the Companies Act, Shares purchased or otherwise acquired pursuant to the Share Buy Back Mandate may be held or dealt with as Treasury Shares.

If and when circumstances permit, the Directors will decide whether to effect the Share purchases via on-market purchases or off-market purchases, after taking into account the amount of surplus cash available, the prevailing market conditions and the most cost-effective and efficient approach.

Shareholders should note that purchases or acquisitions of Shares pursuant to the Share Buy Back Mandate will only be made when the Directors believe that such purchases or acquisitions would be made in circumstances which would not have a material adverse effect on the financial position of the Company or the Group and when the Directors believe that such purchases or acquisitions would benefit the Company and its Shareholders.

2.3 Terms of the Share Buy Back Mandate

The authority and limitations placed on purchases and acquisitions of Shares by the Company under the Share Buy Back Mandate are summarised below:

2.3.1 Maximum Number of Shares

Only Shares which are issued and fully paid-up may be purchased or acquired by the Company.

The total number of Shares that may be purchased or acquired by the Company pursuant to the Share Buy Back Mandate during the Relevant Period is limited to that number of Shares representing not more than 10% of the total Shares of the Company excluding treasury shares and subsidiary holdings, ascertained as at the date of the AGM at which the Share Buy Back Mandate is approved (the “**Approval Date**”), unless the Company has effected a reduction of the share capital of the Company in accordance with the applicable provisions of the Companies Act, at any time during the Relevant Period, in which event the total number of Shares of the Company shall be taken to be the total number of Shares of the Company as altered. For purposes of calculating the percentage of issued shares above, any of the Shares which are held as Treasury Shares will be disregarded.

For illustrative purposes only, based on the existing issued and paid-up share capital of the Company as at the Latest Practicable Date comprising 1,836,391,319 Shares, assuming no further Shares are issued on or prior to the AGM, not more than 183,639,131 Shares (representing 10% of the issued Shares of the Company excluding treasury shares and subsidiary holdings as at the date of the AGM) may be purchased or acquired by the Company pursuant to the Share Buy Back Mandate.

2.3.2 Duration of Authority

Purchases or acquisitions of Shares may be made during the Relevant Period, at any time and from time to time, on and from the Approval Date, up to the earlier of:

- (a) the conclusion of the next AGM or the date by which such AGM is required by law to be held;
- (b) the date on which the buy-back of the Shares are carried out to the full extent mandated; or

- (c) the date on which the authority conferred in the Share Buy Back Mandate is varied or revoked by the Shareholders in a general meeting.

The Share Buy Back Mandate may be renewed at each AGM or any other general meeting of the Company.

2.3.3 Manner of Purchase of Shares

Purchases of Shares may be made by way of:

- (a) on-market purchases (“**Market Purchase**”), transacted on the SGX-ST through the ready market and which may be transacted through one or more duly licensed stockbrokers appointed by the Company for the purpose; and/or
- (b) off-market purchases (“**Off-Market Purchase**”) (if effected otherwise than on the SGX-ST) in accordance with any equal access scheme(s) as defined in Section 76C of the Companies Act.

The Directors may impose such terms and conditions which are not inconsistent with the Share Buy Back Mandate, the Catalist Rules and the Companies Act as they consider fit in the interest of the Company in connection with or in relation to any equal access scheme(s). An Off-Market Purchase must, however, satisfy all the following conditions:

- (i) offers for the purchase or acquisition of Shares shall be made to every person who holds Shares to purchase or acquire the same percentage of their Shares;
- (ii) all of those persons shall be given a reasonable opportunity to accept the offers made to them; and
- (iii) the terms of all the offers shall be the same, except that there shall be disregarded:
 - (aa) differences in consideration attributable to the fact that offers may relate to Shares with different accrued dividend entitlements;
 - (bb) (if applicable) differences in consideration attributable to the fact that the offers relate to Shares with different amounts remaining unpaid; and
 - (cc) differences in the offers introduced solely to ensure that each person is left with a whole number of Shares.

In addition, the Catalist Rules provides that, in making an Off-Market Purchase, the Company must issue an offer document to all Shareholders, which must contain at least the following information:

- (a) the terms and conditions of the offer;
- (b) the period and procedures for acceptances;
- (c) the reasons for the proposed Share buy-back;

- (d) the consequences, if any, of Share buy-back by the Company that will arise under the Takeover Code or other applicable Takeover rules;
- (e) whether the Share buy-back, if made, would have any effect on the listing of the Shares on Catalist;
- (f) details of any Share buy-back made by the Company in the previous 12 months (whether by way of Market Purchases or Off-Market Purchases in accordance with an equal access scheme), setting out the total number of Shares purchased, the purchase price per Share or the highest and lowest prices paid for the purchases, where relevant, and the total consideration paid for the purchases; and
- (g) whether the Shares purchased by the Company will be cancelled or kept as Treasury Shares.

2.3.4 Maximum Purchase Price

The purchase price (excluding brokerage, stamp duties, applicable goods and services tax and other related expenses) to be paid for the Shares will be determined by the Directors. However, the purchase price to be paid for the Shares pursuant to the purchase or acquisition of the Shares, must not exceed:

- (a) in the case of a Market Purchase, 105% of the Average Closing Price (as defined hereinafter); and
- (b) in the case of an Off-Market Purchase pursuant to an equal access scheme, 120% of the Average Closing Price (as defined hereinafter),

(the “**Maximum Price**”) in either case, excluding related expenses of the purchase.

For the above purposes:

“**Average Closing Price**” means the average of the closing market prices of the Shares over the last five (5) market days, on which transactions in the Shares were recorded, preceding the day of the Market Purchase by the Company or, as the case may be, preceding the day of the making of the offer pursuant to the Off-Market Purchase, and deemed to be adjusted for any corporate action that occurs after the relevant five (5)-day period.

“**day of the making of the offer**” means the day on which the Company announces its intention to make an offer for the purchase of Shares from Shareholders, stating the purchase price (which shall not be more than the Maximum Price calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase.

2.4 Status of Purchased Shares under the Share Buy Back Mandate

At the time of each purchase of Shares by the Company, the Directors will decide whether the Shares purchased will be cancelled or kept as Treasury Shares, or partly cancelled and partly kept as Treasury Shares, as the Directors deem fit in the interest of the Company at that time.

2.4.1 Cancellation

Any Share which is purchased or acquired by the Company shall, unless held as Treasury Shares to the extent permitted under the Companies Act, be deemed cancelled immediately on purchase or acquisition, and all rights and privileges attached to that Share will expire on cancellation. The total number of Shares will be diminished by the number of Shares purchased or acquired by the Company and which are not held as Treasury Shares.

All Shares purchased or acquired by the Company (other than Treasury Shares held by the Company to the extent permitted under the Companies Act) will be automatically de-listed from Catalist, and certificates (if any) in respect thereof will be cancelled and destroyed by the Company as soon as reasonably practicable following settlement of any such purchase or acquisition.

2.4.2 Treasury Shares

Under the Companies Act, Shares purchased or acquired by the Company may be held or dealt with as Treasury Shares. Some of the provisions on Treasury Shares under the Companies Act are summarised below:

(i) Maximum Holdings

The number of Shares held as Treasury Shares cannot at any time exceed 10% of the total number of issued Shares excluding Treasury Shares and subsidiary holdings. Any Shares in excess of this limit shall be disposed of or cancelled in accordance with Section 76K of the Companies Act within six (6) months or such further periods as ACRA may allow.

(ii) Voting and Other Rights

The Company cannot exercise any right in respect of Treasury Shares. In particular, the Company cannot exercise any right to attend or vote at meetings and for the purposes of the Companies Act, the Company shall be treated as having no right to vote and the Treasury Shares shall be treated as having no voting rights.

In addition, no dividend may be paid, and no other distribution of the Company's assets may be made, to the Company in respect of Treasury Shares. However, the allotment of Shares as fully paid bonus shares in respect of Treasury Shares is allowed. A subdivision of any Treasury Shares into Treasury Shares of a larger amount, or consolidation of any Treasury Shares into Treasury Shares of a smaller amount, is also allowed so long as the total value of the Treasury Shares after the subdivision or consolidation is the same as before.

(iii) Disposal and Cancellation

Where Shares are held as Treasury Shares, the Company may at any time:

(aa) sell the Treasury Shares for cash;

(bb) transfer the Treasury Shares for the purposes of, or pursuant to an employees' share scheme of the Company;

- (cc) transfer the Treasury Shares as consideration for the acquisition of Shares in, or assets of, another company or assets of a person;
- (dd) cancel the Treasury Shares; or
- (ee) sell, transfer or otherwise use the Treasury Shares for such other purposes as may be prescribed by the Minister for Finance of Singapore.

The Company, upon undertaking any sale, transfer, cancellation and/or use of Treasury Shares, will comply with Rule 704(31) of the Catalist Rules, which provides that an issuer must make an immediate announcement thereof, stating the following:

- (a) date of the sale, transfer, cancellation and/or use;
- (b) purpose of such sale, transfer, cancellation and/or use;
- (c) number of Treasury Shares sold, transferred, cancelled and/or used;
- (d) number of Treasury Shares before and after such sale, transfer, cancellation and/or use;
- (e) percentage of the number of Treasury Shares against the total number of Shares outstanding before and after such sale, transfer, cancellation and/or use; and
- (f) value of the Treasury Shares if they are used for a sale or transfer, or cancelled.

2.5 Source of Funds for Share Buy Back

In purchasing or acquiring Shares, the Company may only apply funds legally available for such purchase in accordance with its Constitution, and the applicable laws in Singapore. The Company may not buy Shares on Catalist for a consideration other than cash or, in the case of a Market Purchase, for settlement otherwise than in accordance with the Catalist Rules. As stated in the Companies Act, the Share buy-back may be made out of the Company's profits or capital so long as the Company is solvent (as defined in Section 76F(4) of the Companies Act).

In determining whether the Company is solvent, the Directors must have regard to the most recently audited financial statements, other relevant circumstances, and may rely on valuations or estimates of assets or liabilities. In determining the value of contingent liabilities, the Directors may take into account the likelihood of the contingency occurring, as well as any counter-claims by the Company.

When Shares are purchased or acquired, and cancelled:

- (a) if the Shares are purchased or acquired entirely out of the capital of the Company, the Company shall reduce the amount of its share capital by the total amount of the purchase price paid by the Company for the Shares (excluding brokerage, stamp duties, applicable goods and services tax, clearance fees and other related expenses) (the "**Purchase Price**") and the amount available for the distribution of dividends by the Company will not be reduced;

- (b) if the Shares are purchased or acquired entirely out of profits of the Company, the Company shall reduce the amount of its profits and the amount available for distribution of dividends by the total amount of the Purchase Price; or
- (c) where the Shares are purchased or acquired out of both the capital and the profits of the Company, the Company shall reduce the amount of its share capital and profits proportionately by the total amount of the Purchase Price.

The Company may use internal resources and/or external borrowings to finance purchases of its Shares pursuant to the Share Buy Back Mandate.

The Directors do not propose to exercise the Share Buy Back Mandate in a manner and to such extent that the liquidity and capital adequacy position of the Group would be materially adversely affected.

2.6 Takeover Implications under the Takeover Code

The Takeover implications arising from any purchase or acquisition by the Company of its Shares are set out below.

2.6.1 Appendix 2 of the Takeover Code

Appendix 2 of the Takeover Code contains the Share Buy-back Guidance Note applicable as at the Latest Practicable Date. The Takeover implications arising from any purchase or acquisition by the Company of its Shares are set out in paragraph 2.6 of this Appendix.

2.6.2 Obligation to make a Takeover offer

Rule 14 of the Takeover Code ("**Rule 14**") requires, *inter alia*, that except with the consent of the SIC, where:

- (a) any person acquires, whether by a series of transactions over a period of time or not, shares which (taken together with shares held or acquired by persons acting in concert with him) carry 30% or more of the voting rights of a company; or
- (b) any person who, together with persons acting in concert with him, holds not less than 30% but not more than 50% of the voting rights and such person, or any person acting in concert with him, acquires in any period of six (6) months additional shares carrying more than 1% of the voting rights,

such person shall extend immediately an offer on the basis set out below to the holders of any class of shares in the capital which carries votes and in which such person or persons acting in concert with him hold shares. In addition to such person, each of the principal members of the group of persons acting in concert with him may, according to the circumstances of the case, have the obligation to extend an offer.

In calculating the percentages of voting rights of such person and their concert parties, Treasury Shares shall be excluded.

2.6.3 Persons acting in concert

Persons acting in concert comprise individuals or companies who, pursuant to an agreement or understanding (whether formal or informal) co-operate, through the acquisition by any of them of shares in a company to obtain or consolidate effective control of that company.

Unless the contrary is established, the following persons, *inter alia*, will be presumed to be acting in concert, namely, (a) a company with any of its directors (together with their close relatives, related trusts as well as companies controlled by any of the directors, their close relatives and related trusts) and (b) a company, its parent, subsidiaries and fellow subsidiaries, and their associated companies and companies of which such companies are associated companies, all with each other. For this purpose, ownership or control of 20% but not more than 50% of the voting rights of a company will be regarded as the test of associated company status.

Consequently, a Director and persons acting in concert (as such term is defined in the Takeover Code) with him could, depending on the level of increase in his/her or their interest in the Company, become obliged to make a mandatory offer in accordance with Rule 14 as a result of the Company's buy-back of Shares.

Unless exempted, Directors of the Company and persons acting in concert with them will incur an obligation to make a Takeover offer under Rule 14 if, as a result of the Company purchasing or acquiring its Shares, the voting rights of such Directors and their concert parties would increase to 30% or more, or if the voting rights of such Directors and their concert parties fall between 30% and 50% of the Company's voting rights, the voting rights of such Directors and their concert parties would increase by 1% in any period of six (6) months.

Further details of the interests of the Directors and Substantial Shareholders of the Company in the Shares of the Company as at the Latest Practicable Date are set out in Section 3 of this Appendix.

2.6.4 Effect of Rule 14 and Appendix 2 of the Takeover Code

In general terms, the effect of Rule 14 and Appendix 2 of the Takeover Code is that, unless exempted, Directors and persons acting in concert with them will incur an obligation to make a Takeover offer under Rule 14 if, as a result of the Company purchasing or acquiring Shares:

- (a) the voting rights of such Directors and persons acting in concert with them would increase to 30% or more; or
- (b) in the event that such Directors and persons acting in concert with them hold between 30% and 50% of the Company's voting rights, if the voting rights of such Directors and persons acting in concert with them would increase by more than 1% in any period of six (6) months.

Under Appendix 2 of the Takeover Code, a Shareholder not acting in concert with the Directors will not be required to make a Takeover offer under Rule 14 if, as a result of the Company purchasing or acquiring its Shares:

- (i) the voting rights of such Shareholder would increase to 30% or more; or

- (ii) if such Shareholder holds between 30% and 50% of the Company's voting rights, the voting rights of such Shareholder would increase by more than 1% in any period of six (6) months.

Such Shareholder need not abstain from voting in respect of the ordinary resolution authorising the Share Buy Back Mandate.

Shareholders who are in doubt as to their obligations, if any, to make a mandatory Takeover offer under the Takeover Code as a result of any purchase or acquisition of Shares by the Company should consult their professional advisers and/or SIC and/or other relevant authorities at the earliest opportunity.

2.7 Financial Impact

It is not possible for the Company to realistically calculate or quantify the impact of purchases that may be made pursuant to the Share Buy Back Mandate on the financial effects as it would depend on factors such as the aggregate number of Shares purchased or acquired, the purchase prices paid at the relevant time, and the amount (if any) borrowed by the Company to fund the purchases, whether the purchase or acquisition is made out of profits or capital, and whether the Shares purchased are held in treasury or cancelled. The financial effects presented in this Section of this letter are based on the assumptions set out below:

- (a) Information as at the Latest Practicable Date

As at the Latest Practicable Date, the Company has 1,836,391,319 issued Shares.

- (b) Illustrative Financial Effects

Purely for illustrative purposes, on the basis of 1,836,391,319 Shares in issue as at the Latest Practicable Date and assuming no further Shares are issued and no Shares are held by the Company as Treasury Shares on or prior to the AGM, the purchase by the Company of 10% of its issued Shares excluding treasury shares and subsidiary holdings will result in the purchase of 183,639,131 Shares.

In the case of Market Purchases by the Company and assuming that the Company purchases or acquires 183,639,131 Shares at the Maximum Price of S\$0.002 for each Share (being the price equivalent to 105% of the Average Closing Price of the Shares for the five consecutive Market Days on which the Shares were traded on Catalist immediately preceding the Latest Practicable Date), the maximum amount of funds required for the purchase or acquisition of 183,639,131 Shares is approximately S\$367,278 (or US\$278,537) as translated based on the exchange rate of US\$1 to S\$1.32 as at 29 December 2023)¹.

In the case of Off-Market Purchases by the Company and assuming that the Company purchases or acquires 183,639,131 Shares at the Maximum Price of S\$0.002 for each Share (being the price equivalent to 120% of the Average Closing Price of the Shares for the five consecutive Market Days on which the Shares were traded on Catalist immediately preceding the Latest Practicable Date), the maximum amount of funds required for the purchase or acquisition of 183,639,131 Shares is approximately S\$367,278 (or US\$278,537) as translated based on the exchange rate of US\$1 to S\$1.32 as at 29 December 2023)¹.

¹ Source: <https://www.mas.gov.sg/>, Monetary Authority of Singapore, exchange rate of US\$1 to S\$1.3186, as of 29 December 2023.

For illustrative purposes only and on the basis of the assumptions set out above and assuming that the buy-back will be funded by the Company solely from its internal funds, the financial effects of:

- (i) the acquisition of 10% of the issued Shares of the Company excluding treasury shares and subsidiary holdings by the Company in a Market Purchase or Off-Market Purchase pursuant to the Share Buy Back Mandate by way of purchases made entirely out of capital and held as treasury shares (“**Scenario A**”); and
- (ii) the acquisition of 10% of the issued Shares of the Company excluding treasury shares and subsidiary holdings by the Company in a Market Purchase or Off-Market Purchase pursuant to the Share Buy Back Mandate by way of purchases made entirely out of capital and cancelled (“**Scenario B**”),

on the audited consolidated financial results of the Group for FY2023, are set out below.

Based on the audited financial statements of the Company and the Group for FY2023, the Company and the Group has no distributable profits to effect any Share buyback. As such, the financial effects of the purchase or acquisition of Shares by the Company pursuant to the Share Buyback Mandate by way of Market Purchases and Off-Market Purchases made entirely out of profits is not disclosed in this Appendix.

The actual impact will depend on the number and price of the Shares bought back. As stated, the Directors do not propose to exercise the Share Buy Back Mandate to such an extent that it would have a material adverse effect on the working capital requirements and/or gearing of the Group. The purchase of the Shares will only be effected after considering relevant factors such as the working capital requirement, availability of financial resources, the expansion and investment plans of the Group, and the prevailing market conditions. The Share Buy Back Mandate will be exercised with a view to enhance the EPS and/or NAV per Share of the Group.

Shareholders should note that the financial effects illustrated above, based on the respective aforesaid assumptions, are for illustrative purposes only. In particular, it is important to note that the above analysis is based on the audited accounts of the Group for FY2023, and is not necessarily representative of the future financial performance of the Group.

It should be noted that although the Share Buy Back Mandate would authorise the Company to purchase or otherwise acquire up to 10% of the issued Shares excluding treasury shares and subsidiary holdings, the Company may not necessarily purchase or acquire or be able to purchase or otherwise acquire the entire 10% of the issued Shares. In addition, the Company may cancel, or hold as Treasury Shares, all or part of the Shares purchased or otherwise acquired. The Company will take into account both financial and non-financial factors (for example, stock market conditions and the performance of the Shares) in assessing the relative impact of a share purchase before execution.

2.8 Taxation

Shareholders who are in doubt as to their respective tax positions or any such tax implications or who may be subject to tax in a jurisdiction other than Singapore should consult their own professional advisors.

2.9 Interested Persons

The Company is prohibited from knowingly buying Shares on Catalist from an interested person, that is, a Director, the chief executive officer of the Company or Controlling Shareholder of the Company or any of their Associates, and an interested person is prohibited from knowingly selling his Shares to the Company.

2.10 Reporting Requirements under the Companies Act

Within 30 days of the passing of a Shareholders' resolution to approve the purchases of Shares by the Company, the Company shall lodge a copy of such resolution with ACRA. Within 30 days of a purchase of Shares on Catalist or otherwise, the Company shall lodge with ACRA the notice of the purchase in the prescribed form, such notification including, *inter alia*, details of the purchase, the total number of Shares purchased by the Company, the total number of Shares cancelled, the number of Shares held as treasury shares, the Company's issued ordinary share capital before the purchase and after the purchase of Shares, the amount of consideration paid by the Company for the purchase, and whether the Shares were purchased out of the profits or the capital of the Company.

2.11 Catalist Rules

2.11.1 As at the Latest Practicable Date, approximately 84.15% of the issued share capital of the Company (excluding treasury shares and subsidiary holdings) are held in the hands of the public. Assuming that the Company repurchased the maximum of 10% of its issued share capital (excluding treasury shares and subsidiary holdings) as at the Latest Practicable Date from members of the public by way of a Market Purchase, the percentage of Shares held by the public would be approximately 82.39%.

Accordingly, the Company is of the view that there is a sufficient number of issued Shares held in the hands of the public which would permit the Company to undertake purchases or acquisitions of its issued Shares excluding treasury shares and subsidiary holdings up to the full 10% limit pursuant to the Share Buy

Back Mandate without affecting the listing status of the Shares on the SGX-ST, and that the number of Shares remaining in the hands of the public will not fall to such a level as to cause market illiquidity or to adversely affect the orderly trading of Shares.

The Directors will use their best efforts to ensure that the Company does not effect buy back of Shares if the buy-back of Shares would result in the number of Shares remaining in the hands of the public falling to such a level as to cause market illiquidity or adversely affect the listing status of the Company or adversely affect the orderly trading of the Shares.

- 2.11.2 Under the Catalist Rules, a listed company may only purchase shares by way of a market acquisition at a price which is not more than 5% above the average closing market price. The term average closing market price is defined as the average of the closing market prices of Shares over the last five (5) market days, on which transactions in the Shares were recorded, before the day on which purchases are made. The Maximum Price for a Share in relation to Market Purchases by the Company, referred to in Section 2.3.4 of this Appendix, conforms to this restriction.

Additionally, the Catalist Rules also specifies that a listed company shall report all purchases or acquisitions of its Shares to the SGX-ST not later than 9.00 a.m.:

- (a) in the case of a Market Purchase, on the Market Day following the day of purchase of any of its Shares; and
- (b) in the case of an Off-Market Purchase under an equal access scheme, on the second Market Day after the close of acceptances of the offer.

Such announcement shall include, *inter alia*, details of the total number of Shares authorised for purchase, the date of purchase, the total number of Shares purchased, the purchase price per Share or (in the case of Market Purchases) the purchase price per Share or the highest price and lowest price per Share, the total consideration paid for the Shares and the number of issued Shares after purchase, in the form prescribed under the Catalist Rules.

While the Catalist Rules does not expressly prohibit any purchase of Shares by a listed company during any particular time, because the listed company would be regarded as an “insider” in relation to any proposed purchase or acquisition of its issued Shares, the Company will not undertake any purchase or acquisition of Shares pursuant to the Share Buy Back Mandate at any time after any matter or development of a price-sensitive nature has occurred or has been the subject of consideration and/or a decision of the Board until such price-sensitive information has been publicly announced. Further, in conformity with the best practices on dealing with securities under the Catalist Rules, the Company will not purchase or acquire any Shares through Market Purchases during the period commencing two weeks before the announcement of the Company’s financial statements for each of the first three quarters of its financial year, or one month immediately preceding the announcement of the Company’s full year financial statements.

2.12 Details of the Shares Bought by the Company in the Previous 12 Months
