2. Basis of Preparation

The condensed interim consolidated financial statements for 1HFY2021 have been prepared in accordance with SFRS(I) 1-34 Interim Financial Reporting issued by the Accounting Standards Council Singapore. The condensed interim consolidated financial statements do not include all the information required for a complete set of financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance of the Group since the last annual consolidated financial statements for the year ended 31 December 2020.

The accounting policies and methods of computations adopted are consistent with those adopted by the Company in its most recently audited consolidated financial statements for the year ended 31 December 2020, which were prepared in accordance with SFRS(I)s, except for the adoption of new and revised standards as set out in Note 2.2 of the condensed interim consolidated financial statements.

The condensed interim consolidated financial statements are presented in Malaysia Ringgit ("RM") which is the Company's functional currency.

2.1 Going Concern

The condensed interim consolidated financial statements have been prepared on a going concern basis, which assumes that the Group will be able to meet its debt obligations as and when they fall due within the next twelve months.

The COVID-19 pandemic and the measures adopted by the Government of Malaysia to contain the spread of COVID-19 have affected the Group's operations. Such measures include a nationwide lockdown known as Movement Control Order ("MCO"), which resulted in the Group's theme parks remaining closed from 13 January 2021 to 5 March 2021 and from 6 May 2021 to the date of this announcement, and other measures such as domestic travel restrictions and quarantine arrangements which are also implemented to contain the spread of COVID-19.

The onset of the COVID-19 pandemic in 2020 has severely impacted the theme park industry and since the outbreak of the COVID-19 pandemic, the Group has experienced significant disruption to its theme park operations in the following respect:

- The temporary closure of its theme park operations due to the lockdown measures implemented by the Government of Malaysia;
- Decline in visitors in view of lockdown measures, domestic restrictions and quarantine arrangements;
- Disruption in labour workforce; and
- Significant uncertainty concerning when the on and off government lockdowns will be lifted, control measures will be eased and the long-term effects of the COVID-19 pandemic on the Group's theme park operations.

The COVID-19 pandemic continues to affect the theme park industry in 1HFY2021 with the sudden spike of Delta variant cases. As the COVID-19 pandemic is still evolving rapidly, there is no assurance that the spread of COVID-19 will be contained in the near term and the duration of the COVID-19 pandemic and the extent of its adverse effects cannot be determined with certainty at present. As such, in the event that the containment of COVID-19 does not improve in the near term, and results in a prolonged global economic recession, this may have a protracted negative impact on economic and business activities in the Malaysia which may impact the number of visitors to the Group's theme parks.

Management has taken into considerations all of the above when preparing the Group's condensed interim consolidated financial statements.

The Group reported a net loss of RM5.67 million and an operating cash outflow of RM4.46 million for 1HFY2021. The Group recorded a negative working capital (current assets minus current liabilities) of RM9.52 million as at 30 June 2021.

Notwithstanding the above, the condensed interim consolidated financial statements have been prepared on a going concern basis. To support the condensed interim consolidated financial statements having been prepared on going concern basis and to ensure the adequacy of funds required to meet the Group's obligations and working capital needs, the Group has prepared an 18-month consolidated cash flow forecast from 1 July 2021. In preparing the 18-month consolidated cash flow forecast, the Group exercised judgement and made certain key assumptions which take into consideration the following factors:

- (i) With reference to the loan agreement dated 20 November 2020 entered into between Mr Tan Boon Seng ("Mr Tan") (who is both a director and a shareholder of the Company) and the Group's subsidiary, Sim Leisure Escape Sdn Bhd ("SLE"), for a total loan amount of RM7.00 million of which the Group has drawn-down a total of RM5.30 million as of 30 June 2021. There is a balance of RM1.70 million that can still be drawndown upon request for working capital purposes.
- (ii) The Company's wholly-owned subsidiary, SLE, disposed of 20% of the equity interest in Rakan Riang Sdn Bhd ("RRSB"), to Mr Tan on 12 July 2021 for a consideration of RM1.06 million. The consideration shall be payable by way of a partial setoff against the current portion of the loan amount of RM1,854,855 (as at 30 June 2021) due by the Group to Mr Tan.
- (iii) The Group has obtained an undertaking from Mr Tan to, *inter alia*, provide the necessary financial support to the Group to enable it to continue its operations and to pay its debts as and when they fall due. The Audit Committee has assessed and is confident that Mr Tan has the financial capability to provide the required financial support.
- (iv) The Group is expected to continue to receive a monthly cooperation fee of RM0.55 million per month (or RM6.60 million per year), which will be billed on a quarterly basis in accordance with a Cooperation Agreement dated 9 December 2020 entered into between the Group and Sim Leisure Gulf Contracting L.L.C., which is an interested person transaction ("IPT"). This IPT transaction was approved by the shareholders of the Company during the Company's extraordinary general meeting held on 20 November 2020.
- (v) The Group has obtained an undertaking from the Company's controlling shareholder, Mr Sim Choo Kheng ("Mr Sim") to provide the necessary financial support to the Group and Company to enable it to continue its operations and to pay its debts as and when they fall due. The Audit Committee has assessed and is confident that Mr Sim has the financial capability to provide the required financial support.
- (vi) The Group has obtained loan moratorium of its term loans from banks to temporarily halt repayments on the principal and/or interest of its term loans for the respective agreed-upon periods of time.

- (vii) The Group has negotiated with certain creditors regarding deferred repayment plans, implemented cost reduction initiatives, as well as deferred non-essential capital and operating expenditure. The Group will continue to do the aforementioned in order to preserve working capital and liquidity and monitor the situation so as to adapt its response to developments as they arise during this time of severe macroeconomic uncertainties.
- (viii) The Group has obtained rebates or discounts from certain lessors on its rental payable for the lease of certain properties for the Group's operations, and such rebates or discounts will be reflected in the Group's financial statements for the full year ending 31 December 2021. The Group is currently in the progress of negotiating with such lessors for a higher amount of rebates or discounts to be granted.

In view of the above, the directors of the Company believe that the Group and the Company will be able to continue operations in the foreseeable future, and that the preparation of the accompanying condensed interim consolidated financial statements on a going concern basis is appropriate.

If the going concern assumptions were inappropriate, the Group may be unable to discharge its liabilities in the normal course of business and, adjustments may have to be made to reflect the situation that assets may need to be realised other than in the normal course of business and at amounts which could differ significantly from the amounts at which they are currently recorded in the statements of financial position. In addition, the Group may have to reclassify non-current assets and liabilities to current assets and liabilities respectively. No such adjustments have been made to the condensed interim consolidated financial statements.

2.2 New and amended standards adopted by the Group

The Group and the Company have adopted all the new and revised SFRS(I)S and SFRS(I) Interpretations that are relevant to its operations and effective for the annual period beginning on 1 January 2021. The adoption of these new and revised SFRS(I)s and SFRS(I) Interpretations has no material effect on the performance and financial position of the Group and of the Company for the current financial period reported on. The Group did not have to change its accounting policies or make retrospective adjustments as a result of adopting these new and revised standards and interpretations.

2.3 Uses of estimates and judgements

In preparing the condensed interim consolidated financial statements, management has made judgement, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those described in the annual audited consolidated financial statements as at and for the year ended 31 December 2020.

3. Seasonal operations

The Group's businesses are not affected significantly by seasonal or cyclical factors during the financial period reported on.

4. Property, plant and equipment

During 1HFY2021, the Group acquired property, plant and equipment with an aggregate cost of RM480,951 (30/06/2020: RM4.57 million). Cash payments of RM337,591 (30/06/2020: RM4.57 million) were made to purchase such property, plant and equipment during 1HFY2021.

8. Segment and revenue information

8.1 Reportable segments

Revenue from theme park operations and events is derived from ticketing, food and beverages, merchandising sales and locker sales from operating theme parks in Malaysia. The Group also provides team building events in the theme parks.

14. Subsequent events

14.1 Disposal of shares in Rakan Riang Sdn. Bhd.

Pronto Generasi Sdn Bhd is 40%-owned by Mr Tan, who is a director and controlling shareholder of the Company. Accordingly, Pronto Generasi Sdn Bhd is an associate of Mr Tan.

14.2 Entry into a Theme Park agreement in relation to the project management of the construction; and the operation and maintenance of an Escape Theme Park in Cameron Highland.

The Company had on 9 July 2021 entered into a theme park agreement between the Company's indirect wholly-owned subsidiary, Sim Leisure Cameron Sdn. Bhd., and Hektar Muda Sdn Bhd ("HMSB") and HMSB's subsidiary, Hektar Muda Assets Sdn Bhd, in relation to the project management of the construction; and the operation and maintenance of an environmentally sustainable ESCAPE theme park in Cameron Highlands, Malaysia. Please refer to the Company's announcement dated 9 July 2021 for more information.

The financial effects of the above transaction have not been included in this condensed interim consolidated financial statements for 1HFY2021. 1. Review

The condensed interim consolidated statement of financial position of Sim Leisure Group Ltd. and its subsidiaries as at 30 June 2021 and the related condensed consolidated profit or loss and other comprehensive income, condensed interim consolidated statement of changes in equity and condensed interim consolidated statement of cash flows for 1HFY2021 and the explanatory notes have not been audited or reviewed by the Company's auditors.

- 2. Where the latest financial statements are subject to an adverse opinion, qualified opinion or disclaimer of opinion:-

Not applicable. The Group's latest audited financial statements for the financial year ended 31 December 2020 are not subject to an adverse opinion, qualified opinion or disclaimer of opinion issued by the Company's auditors.

3. Review of the Group's Performance

(a) Review of Financial Performance of the Group

Revenue

The Group's revenue for 1HFY2021 increased by RM0.83 million, or 19.5%, to RM5.12 million as compared to RM4.29 million for 1HFY2020. Please refer to the table below for a breakdown of the revenue recorded:

	Group	
	1HFY2021	1HFY2020
Type of good or services	RM	RM
Admission fees to theme parks	1,277,323	2,916,154
Sale of food, beverages and merchandise	249,945	608,275
Services rendered	233,479	760,742
Cooperation fee	3,264,958	-
Sponsorship income	93,587	
Total	5,119,292	4,285,171

The increase in revenue for 1HFY2021 was mainly contributed by: (i) the cooperation fee received from Sim Leisure Gulf Contracting L.L.C. ("SL Gulf") pursuant to the cooperation agreement entered between the Company's 60%-owned subsidiary, Sim Leisure Creative Pte. Ltd., and SL Gulf on 9 December 2020 ("Cooperation Agreement"); and (ii) the sponsorship income generated by the Company's subsidiary, RRSB, during 1HFY2021.

Such sponsorship income comprises sponsorship fees and other monies due from sponsors of RRSB under existing sponsorship agreements in respect of the promotion of such sponsors' image or branding at KidZania Kuala Lumpur or at any activity or programme conducted by RRSB.

Please also refer to the Company's circular to shareholders dated 5 November 2020 for more information in relation to the Cooperation Agreement.

However, the increase in revenue was hugely offset by the decrease in revenue from admission fees to theme parks, sale of food, beverages and merchandise and services rendered in respect of the Group's theme parks due to the decrease in the numbers of visitors to the Group's theme parks and the continuous closure of these theme parks due to the MCO imposed by Malaysia government in response to the COVID-19 pandemic.

Cost of sales

Cost of sales was higher by RM1.02 million, or 30.2%, from RM3.36 million in 1HFY2020 to RM4.38 million in 1HFY2021. The increase was mainly due to the increase in revenue in 1HFY2021 and higher staff costs, and other operational expenses were incurred following the completion of the acquisition of RRSB in December 2020.

Gross Profit

As a result of the above, the Group's gross profit margin decreased by 7.1 percentage points, from 21.6% for 1HFY2021 to 14.5% for 1HFY2021. The Group's gross profit margin for 1HFY2021 was mainly attributable to the cooperation fees revenue received from SL Gulf.

Other income

Other income remained relatively stable at RM0.16 million for 1HFY2021 and 1HFY2020. The slight increase of RM3,021 was mainly due to the wage subsidy received from the Malaysia government under the wage subsidy programme in order to provide assistance and relief to Malaysian companies during the MCO period.

Administrative expenses

Administrative expenses comprise mainly administrative staff costs, advertisement and promotion expenses, travelling expenses, legal and professional fees, depreciation of plant and equipment, repair and maintenance expenses as well as lease expenses. Administrative expenses increased by RM1.87 million, or 54.6%, from RM3.47 million in 1HFY2020 to RM5.36 million in 1HFY2021. The increase in administrative expenses was mainly due to the additional costs (such as depreciation of plant and equipment, and right-of-use assets) incurred to operate the business of RRSB subsequent to the completion of the acquisition of RRSB in December 2020, and the increase in legal and professional fees arising from corporate actions undertaken by the Group.

Due to the continuous MCO imposed by the Malaysian government, the management has implemented cost management strategies to combat the impact of the COVID-19 pandemic. This resulted in a drop in repair and maintenance expenses.

In addition, the Group realised foreign exchange gain of RM7,543 in 1HFY2021 due mainly to the strengthening of Singapore dollars ("SGD") against RM in 1HFY2021. In 1HFY2020, the Group realised a foreign exchange loss of RM88,136 due mainly to the payment of dividend of approximately RM4.0 million in SGD and purchase of theme park assets and equipment in 1HFY2020.

Finance costs

Finance costs increased by RM0.92 million, from RM0.18 million in 1HFY2020 to RM1.10 million in 1HFY2021. The increase in finance costs was mainly due to (i) additional loan drawdown for working capital purpose of the Group; (ii) higher interest rates incurred due to restructuring of a loan in the financial year ended 31 December 2020 to reduce the Group's capital repayment obligations; and (iii) interest incurred on lease liabilities.

Profit before income tax

As a result of the above, the Group recorded a net loss after tax of RM5.67 million for 1HFY2021 as compared to a net loss after tax of RM2.56 million for 1HFY2020.

(b) Review of Financial Position of the Group

Non-current assets

Non-current assets, which comprised property, plant and equipment, right-of-use assets and intangible assets, decreased by RM3.13 million or 2.7%, from RM85.17 million as at 31 December 2020 to RM83.06 million as at 30 June 2021. The decrease in property, plant and equipment and right-of-use assets was due to the depreciation and amortisation of RM3.61 million being recognised for 1HFY2021.

Current assets

Current assets decreased by RM2.35 million or 19.5%, from RM12.05 million as at 31 December 2020 to RM9.70 million as at 30 June 2021. The decrease was mainly due to (i) decrease in cash and bank balances of RM5.53 million for the purpose of operational expenses; (ii) repayment of loans; and (iii) payment for the upgrading of the assets of RRSB subsequent to the completion of acquisition of RRSB in December 2020. The decrease was partially offset by the increase in trade receivables of RM3.70 million which arose from the completion of acquisition of RRSB. The absence of inventories for 1HFY2021 was due to the change of RRSB's operating policy in 1HFY2021 to outsource all sales of merchandise items to a third party. This is in line with the practice of the Group's other theme parks.

Equity

Equity decreased by RM5.67 million, or 8.76%, from RM64.71 million as at 31 December 2020 to RM59.05 million as at 30 June 2021. The decrease was due to the loss recorded for 1HFY2021 of RM5.67 million.

Non-current liabilities

Non-current liabilities decreased by RM1.20 million, or 2.72%, from RM44.36 million as at 31 December 2020 to RM43.15 million as at 30 June 2021. The decrease was mainly due to the decrease in lease liabilities of RM1.53 million as a result of reclassification from non-current liabilities to current liabilities and the decrease in contract liabilities (being deferred revenue of admission fees to theme parks) of RM0.08 million as a result of utilisation by the customers.

Current liabilities

Current liabilities increased by RM1.39 million, or 7.78%, from RM17.83 million as at 31 December 2020 to RM19.22 million as at 30 June 2021. The increase was mainly due to an increase in lease liabilities of RM1.62 million in relation to right-of-use assets as a result of reclassification from non-current liabilities to current liabilities as well as trade and other payables of RM1.03 million due to an increase in operational costs incurred for RRSB. However, the increase was partially offset by the decrease in (i) borrowings of RM0.67 million mainly due to repayment of debt; and (ii) contract liabilities (being deferred revenue of admission fees to theme parks) of RM0.65 million due to utilisation by the customers.

Working Capital Position

The Group recorded a negative working capital position of RM9.52 million as at 30 June 2021 and a negative working capital position of RM5.78 million as at 31 December 2020.

(c) Review of Statement of Cash Flow of the Group

The Group's net cash used in operating activities amounted to RM4.46 million for 1HFY2021, which comprised operating cash outflow before the change in working capital of approximately RM0.72 million and net working capital outflow of RM3.71 million which was mainly due to payment to suppliers and operational expenses.

The Group's net cash flows used in financing activities for 1HFY2021 amounted to approximately RM0.73 million. This was mainly due to repayment of finance lease obligations, lease liabilities, loans and borrowings as well as interest paid.
