SUNRIGHT RETURNS TO PROFITABILITY IN FY2026

[Singapore, 28 September 2026](#): - Sunright Limited (SGX: Sunright) today reported its unaudited financial results for the second half and full year ended 31 July 2026.

Sunright returned to profitability in FY2026, marking a significant step forward from the previous financial year.

For FY2026, the Group's revenue increased 18% to SGD85.9 million from SGD73.0 million in FY2025. Net profit was SGD1.4 million, representing a significant improvement from the net loss of SGD5.8 million in the previous year.

The improved performance reflects the recovery in business activity, together with the Group's continued focus on operational discipline and execution, prudent resource management and careful capital investments, as well as efforts to unlock value from underutilized assets.

Commenting on the results, Mr. Lim, CEO of Sunright said, "After a challenging FY2025, the improvement in both our top and bottom lines marks an important step forward for the Group. Our customers' evolving requirements continue to inspire us to develop new solutions to meet their needs."

Looking ahead, industry forecasts point to continued strong growth in the global semiconductor market, with worldwide semiconductor revenue projected to reach approximately USD1.6 trillion in 2026. Growth is expected to be driven by strong demand for memory, AI accelerators and networking semiconductors, supported by continued investment in AI infrastructure.

Mr. Lim added: “We are encouraged by the opportunities emerging across AI, advanced power and next-generation semiconductor applications. We will continue to build on the progress achieved in FY2026.”
