

**PRESS RELEASE**

## **Structural steel specialist T T J wins \$31 million in steelworks projects; builds order book to \$130 million**

**SINGAPORE – 15 October 2015 – T T J Holdings Limited (“T T J” or together with its subsidiaries, the “Group”)** announced today that it has secured structural steelworks contracts for a series of projects in Singapore totalling \$31 million.

These new orders follow closely on the heels of its announcement of \$16 million worth of new projects awarded to the Group last month, pointing to the Group’s healthy order book build-up. Expected to be substantially completed between FY2016 and FY2017, these new jobs boosts T T J’s order book to \$130 million as at 15 October 2015.

Notably, T T J was awarded an additional contract from the same client for the same chemical plant project on Jurong Island that it secured earlier in May 2015, attesting to the quality of work the Group delivers and the trust that the client holds in T T J. Other new projects that the Group has secured include a building project in Jurong West and a number of defence-related projects in the public sector.

Chairman and Managing Director of the Group, Mr Teo Hock Chwee (张福水) said, “In the last two months, T T J has managed to clinch around \$47 million new jobs, some of them rather sizable, which are highly encouraging signals for us amid the current competitive operating landscape. We still have a busy and healthy tender book for a myriad of projects across diverse sectors and will actively go after opportunities that will yield positive returns for our stakeholders.”
