FY2025 Trading Update

Winking Studios Limited (AIM / SGX: WKS) ("Winking Studios" or the "Company" and together with its subsidiaries, the "Group"), one of Asia's largest AAA game art outsourcing studios and an established game development company, announces a trading update for the financial year ended 31 December 2025 ("FY2025"), ahead of the release of its FY2025 results.

Winking Studios expects to report a revenue increase of at least 40% as compared to financial year ended 31 December 2024's ("FY2024") revenue of US\$31.9m, which is marginally higher than current market expectations¹ (based on a preliminary review of the Group's unaudited financial statements announced to-date for FY2025). Shanghai Mineloder Digital Technology Co., Ltd. ("Mineloder"), acquired in April 2025, was a significant driver of the improved revenue performance, alongside mid-to-high single-digit organic growth from our other studios.

The Group's Adjusted EBITDA² for FY2025³ is expected to be higher by a range of between 7% to 13% than FY2024⁴'s Adjusted EBITDA of US\$4.8m.

In FY2025, Winking Studios continued to successfully deliver against its strategic expansion and consolidation objectives, acquiring Mineloder and investing in production capacity and capabilities in Southeast Asia, including the launch of Vertic Studios, its high-end art production brand. Supported by a healthy balance sheet, the Group remains focused on continuing to strengthen its core platform in Asia, pursuing disciplined M&A, and progressing its plans to build a stronger commercial presence in Western markets.

As at 31 December 2025, the Group's indicative artist bookings have totalled at least US\$48.6 million over the next 24 months (subject to final confirmation from customers). Of this, approximately US\$34.6 million is expected to be recognised in FY2026 as revenue.

Further details of the Group's financial performance will be set out in the Company's unaudited financial statements for FY2025 which are expected to be announced on 27 February 2026.
