Yangzijiang Maritime Accelerates Vessel Monetisation Strategy with the Sale of 4 Newbuild Bulk Carriers

- **Signed contracts for the sale of 4 newbuild bulk carriers, which are scheduled to be delivered between April 2027 and May 2028.**

- **Separately, the first of the 4 new medium-range tankers, which were held for sale under contracts with an aggregate value of US$180 million announced in November 2025, was delivered in 30 July 2026, with the next tanker expected to be delivered in November 2026 and the remaining 2 expected to be delivered in 2027.**

- **Together, the Group has entered into sale contracts to monetise a total of 12 newbuild vessels for an aggregate gross value of US$500 million over a 9-month period.**

- **These vessel sale transactions are expected to contribute positively to the Group's financial performance in FY2026, FY2027 and FY2028, subject to completion, delivery schedules and applicable accounting recognition, barring unforeseen circumstances.**

Singapore, 6 August 2026 – Yangzijiang Maritime Development Ltd. ("**Yangzijiang Maritime**" or the "**Company**", and together with its subsidiaries, the "**Group**"), a one-stop maritime financial solutions provider, is pleased to announce that the Group has recently signed contracts for the sale of 4 newbuild bulk carriers (approximately 40,000 DWT each), which are slated for delivery between April 2027 and May 2028.

The Group's business model is anchored on:
1. Identifying high-potential maritime investment opportunities; including securing maritime assets at favourable prices; and
2. Unlocking value through flexible monetisation strategies, including vessel resales, chartering income and capital management.

Executive Chairman and CEO of Yangzijiang Maritime, Mr. Ren Yuanlin said, "Our ability to consistently originate, invest, monetise, and recycle maritime assets is central to the Group's long-term growth strategy and a core differentiator of Yangzijiang Maritime.

The continuous sale of our newbuilds demonstrates the repeatability of this business model, allowing us to crystallise value at attractive points in the market cycle, reinvest capital into the next pipeline of opportunities.

Looking ahead, supported by our disciplined capital allocation strategy execution and proven business model, we believe the Group is well positioned to capitalise on emerging opportunities, deliver sustainable earnings growth, and create long-term value for our shareholders within the global maritime industry."
