PRESS RELEASE

Yinda Infocomm’s investee company, TECH5, becomes General Partner and Contributor to the Good Health Pass Collaborative and Advocacy Advisory Committee of the ID2020

SINGAPORE, 24 May 2021 – Yinda Infocomm Limited (“**Yinda Infocomm**” or the “**Company**” and, together with its subsidiaries, the “**Group**”) is pleased to announce that TECH5 SA (“**TECH5**”) has joined ID2020 Alliance as a General Partner and a Contributor to the Good Health Pass Collaborative (“**GHPC**”) and Advocacy Advisory Committee of the ID2020 Alliance¹.

ID2020 is a global public-private partnership that harnesses the collective power of nonprofits, corporations, and governments to promote the adoption and ethical implementation of user-managed, privacy-protecting, and portable digital identity solutions. Its founding partners include Accenture, Microsoft, The Rockefeller Foundation, Gavi and Ideo.org². The GHPC is an open and inclusive initiative for the technology, health and travel sectors to create a blueprint for interoperable “digital health pass” systems to help build a safe path to restore international travel and restart the global economy³.

Mr Pierre Prunier, Chief Executive Officer of Yinda Infocomm, said, “**We would like to extend our heartiest congratulations to the management team of TECH5 on the recent inclusion in the ID2020 Alliance. We are proud to see one of our portfolio companies continue to achieve new milestones and being recognised as an innovative partner in the push for user-managed privacy-protecting, and portable digital ID. The TECH5 team combines deep technical expertise with programmatic knowhow to offer beneficial identity solutions at the leading edge of verification and authentication technologies. We continue to fully support TECH5 in its commitment to providing unabridged access to goods and services for all.**”

Mr. Machiel van der Harst, Co-Founder and CEO of TECH5, said “**I am happy to announce our partnership with ID2020, one of the most inspiring alliances that share our same founding principles. ID2020’s focus on Inclusive and Foundational ID as the framework for a modern and fair National ID implementation perfectly aligns with TECH5’s vision of Digital ID’s that should be private, inclusive and secure.**”

TECH5 recently launched its biometric Digital ID platform and as a vendor has a deep knowledge of the market needs, technology readiness and driving principles of digital ID
