Dear Sir/Madam

THE PROPOSED RENEWAL OF THE GENERAL MANDATE FOR INTERESTED PERSON TRANSACTIONS

1. INTRODUCTION

The Company will be holding its AGM at Suntec Singapore Convention & Exhibition Centre, 1 Raffles Boulevard, Suntec City, Level 3, Room 333 on Wednesday, 29 April 2026 at 10.00 a.m. (the “**AGM**”).

The purpose of this Appendix is to provide Shareholders with information relating to, and to seek their approval at the AGM for the proposed renewal of the general mandate for interested person transactions (the “**IPT General Mandate**”).

If you are in any doubt as to the course of action you should take, you should consult your stockbroker, bank manager, solicitor, accountant or other professional adviser immediately.

The SGX-ST assumes no responsibility for the accuracy or correctness of any statements or opinions made, or reports contained, in this Appendix.

2. THE PROPOSED RENEWAL OF THE GENERAL MANDATE FOR INTERESTED PERSON TRANSACTIONS

2.1 Background

On 20 July 2016, the Shareholders had originally adopted the IPT General Mandate. At extraordinary general meetings of the Company held on 30 April 2018, 31 December 2018 and 25 November 2019, the Shareholders had approved certain modifications to the IPT General Mandate. At the annual general meeting of the Company held on 29 April 2025 (the “**FY2024 AGM**”), the Shareholders had last approved the renewal of the IPT General Mandate, the details and terms of which were set out in the appendix to the notice of annual general meeting dated 14 April 2025.

The IPT General Mandate enables the Company, its subsidiaries and associated companies that are considered to be “entities at risk” within the meaning of Chapter 9 of the Listing Manual (the “**EAR Group**”), to enter in the ordinary course of business into any of the mandated transactions with specified classes of Interested Persons, provided that such transactions are made on normal commercial terms and are not prejudicial to the interests of the Company and its minority Shareholders.

2.2 Annual Renewal of the IPT General Mandate

The IPT General Mandate approved at the FY2024 AGM will, unless renewed at the AGM, expire on the date of the AGM, being 29 April 2026. If the proposed resolution for the renewal of the IPT General Mandate is approved at the forthcoming AGM, the IPT General Mandate shall, unless revoked or varied by the Company in general meeting, continue in force until the date on which the next annual general meeting of the Company is held or is required to be held, whichever is the earlier date. Accordingly, it is proposed that the IPT General Mandate be renewed at the AGM, to take effect until the conclusion of the next annual general meeting of the Company.

2.3 Particulars of the IPT General Mandate to be Renewed

The nature of the interested person transactions, the classes of Interested Persons, and the review procedures for determining transaction prices in respect of which the IPT General Mandate is sought to be renewed remain unchanged. Particulars of the IPT General Mandate, including the rationale for the IPT General Mandate, the benefits to be derived by the Company, as well as the review procedures for determining transaction prices with the specified classes of Interested Persons, are set out in paragraph 2.6 of this Appendix.

2.4 Audit and Risk Management Committee’s Confirmation

Pursuant to Rule 920(1)(c) of the Listing Manual, the Audit and Risk Management Committee confirms that:

- (a) the methods or procedures for determining the transaction prices have not changed since the IPT General Mandate was last approved by Shareholders at the FY2024 AGM; and
- (b) the methods or procedures referred to in sub-paragraph (a) above are sufficient to ensure that the mandated transactions carried out thereunder will be on normal commercial terms, and will not be prejudicial to the interests of the Company and its minority Shareholders.

2.5 Chapter 9 of the Listing Manual

Chapter 9 of the Listing Manual governs transactions between a listed company, as well as transactions by its subsidiaries and associated companies that are considered to be “at risk”, with the listed company’s interested persons.

Except for certain transactions which, by reason of the nature of such transactions, are not considered to put the listed company at risk to its interested person and hence are excluded from the ambit of Chapter 9, when Chapter 9 applies to a transaction with an interested person and the value of the transaction alone or in aggregation with other transactions conducted with the same interested person during the financial year reaches or exceeds certain materiality thresholds (which are based on the listed company’s latest audited consolidated net tangible assets (“**NTA**”)), the listed company is required to make an immediate announcement, or to make an immediate announcement and seek its

shareholders' approval for the transaction. In particular, shareholders' approval is required for an interested person transaction of a value equal to, or exceeding:

- (a) 5% of the listed company's latest audited consolidated NTA; or
- (b) 5% of the listed company's latest audited consolidated NTA, when aggregated with the values of all other transactions entered into with the "same interested person" (as such term is construed under Chapter 9 of the Listing Manual) during the same financial year.

Based on the audited consolidated financial statements of the Group for the financial year ended 31 December 2025, the consolidated NTA of the Group was RMB3,844.8 million (equivalent to approximately S\$718.1 million). Accordingly, in relation to the Group, for the purposes of Chapter 9 of the Listing Manual, in the current financial year and until the audited consolidated financial statements of the Group for the financial year ending 31 December 2026 are published, 5% of the Group's latest audited consolidated NTA would be RMB192.2 million (equivalent to approximately S\$35.9 million).

Chapter 9 of the Listing Manual, however, allows the Company to seek a mandate from its Shareholders for recurrent interested person transactions which are of a revenue or trading nature or for those necessary for its day-to-day operations. These transactions may not include the purchase or sale of assets, undertakings or businesses which are not part of the Company's day-to-day operations.

For the purposes of Chapter 9 of the Listing Manual:

- (i) an "**approved exchange**" means a stock exchange that has rules which safeguard the interests of shareholders against interested person transactions according to similar principles as Chapter 9;
- (ii) an "**associate**" in relation to an interested person who is a director, chief executive officer or controlling shareholder, includes an immediate family member (that is, the spouse, child, adopted child, step-child, sibling or parent) of such director, chief executive officer or controlling shareholder, the trustees of any trust of which the director/his immediate family, the chief executive officer/his immediate family or the controlling shareholder/his immediate family is a beneficiary, or in the case of a discretionary trust, is a discretionary object, and any company in which the director/his immediate family, the chief executive officer/his immediate family or the controlling shareholder/his immediate family has or have an aggregate interest (directly or indirectly) of 30% or more, and, where a controlling shareholder is a corporation, its subsidiary or holding company or fellow subsidiary or a company in which it and/or they have (directly or indirectly) an interest of 30% or more;
- (iii) an "**associated company**" means a company in which at least 20% but not more than 50% of its shares are held by the listed company or group;
- (iv) an "**entity at risk**" means:
 - (i) the listed company;
 - (ii) a subsidiary of the listed company that is not listed on the SGX-ST or an approved exchange; or

- (iii) an associated company of the listed company that is not listed on the SGX-ST or an approved exchange, provided that the listed company and/or its subsidiaries (the “**listed group**”), or the listed group and its interested person(s), has control over the associated company;
- (v) an “**interested person**” means a director, chief executive officer or controlling shareholder of the listed company or an associate of such director, chief executive officer or controlling shareholder. The SGX-ST may deem any person or entity to be an interested person if the person or entity has entered into, or proposes to enter into: (a) a transaction with an entity at risk; and (b) an agreement or arrangement with an interested person in connection with that transaction;
- (vi) a “**primary interested person**” means a director, chief executive officer or controlling shareholder of the listed company;
- (vii) an “**interested person transaction**” means a transaction between an entity at risk and an interested person;
- (viii) a “**transaction**” includes the provision or receipt of financial assistance; the acquisition, disposal or leasing of assets; the provision or receipt of goods or services; the issuance or subscription of securities; the granting of or being granted options; and the establishment of joint ventures or joint investments, whether or not entered into in the ordinary course of business, and whether entered into directly or indirectly (for example, through one or more interposed entities); and
- (ix) in interpreting the term “**same interested person**” for the purpose of aggregation of the values of all transactions entered into with the same interested person during the same financial year under Rules 905, 906 and 907 of Chapter 9 of the Listing Manual, the following applies:
 - (i) transactions between (A) an entity at risk and a primary interested person; and (B) an entity at risk and an associate of that primary interested person, are deemed to be transactions between an entity at risk with the same interested person.

Transactions between (1) an entity at risk and a primary interested person; and (2) an entity at risk and another primary interested person, are deemed to be transactions between an entity at risk with the same interested person if the primary interested person is also an associate of the other primary interested person.

- (ii) transactions between an entity at risk and interested persons who are members of the same group are deemed to be transactions between the entity at risk with the same interested person.

If an interested person (which is a member of a group) is listed, its transactions with the entity at risk need not be aggregated with transactions between the entity at risk and other interested persons of the same group, provided that the listed interested person and other listed interested persons have boards the majority of whose directors are different and are not accustomed to act on the instructions of the other interested person and have audit committees whose members are completely different; and

- (x) while transactions below S\$100,000 are not normally aggregated under Rules 905 and 906 of the Listing Manual, the SGX-ST may aggregate any such transaction entered into during the same financial year and treat them as if they were one transaction in accordance with Rule 902.

2.6 Renewal of the IPT General Mandate

2.6.1 Introduction

The Company anticipates that the EAR Group would, in the ordinary course of business, continue to enter into certain transactions with its interested persons (as such term is defined in the Listing Manual and/or in accordance with the directions of the SGX-ST), including but not limited to those categories of transactions described below. In view of the time-sensitive nature of commercial transactions, it would be advantageous for the Company to obtain a Shareholders' mandate to enter into certain interested person transactions in the EAR Group's normal course of business, provided that all such transactions are carried out on normal commercial terms and are not prejudicial to the interests of the Company and its minority Shareholders.

Chapter 9 of the Listing Manual allows a listed company to obtain a mandate from its shareholders for recurrent interested person transactions which are of a revenue or trading nature or for those necessary for its day-to-day operations. These transactions may not include the purchase or sale of assets, undertakings or businesses which are not part of its day-to-day operations.

The IPT General Mandate will take effect from the passing of the Ordinary Resolution relating thereto, and will continue in force until the conclusion of the next annual general meeting of the Company (unless sooner revoked or varied by the Company in general meeting). Approval from Shareholders will be sought for the renewal of the IPT General Mandate at the next annual general meeting (or extraordinary general meeting following such annual general meeting) and each subsequent annual general meeting (or extraordinary general meeting following such annual general meeting) of the Company, subject to satisfactory review by the Audit and Risk Management Committee of its continued application to the Mandated Transactions (as defined below).

2.6.2 Entities at Risk

For the purposes of the IPT General Mandate, an "Entity at Risk" means:

- (a) the Company;
- (b) a subsidiary of the Company (excluding subsidiaries listed on the SGX-ST or an approved exchange); or
- (c) an associated company of the Company (other than an associated company that is listed on the SGX-ST or an approved exchange) over which the Group, or the Group and its interested person(s), has or have control.

2.6.3 ***Classes of Mandated Interested Persons***

The IPT General Mandate will apply to the transactions that are carried out between any Entity at Risk and (a) entities in which Mr. Dou Zhenggang and his immediate family (as defined in the Listing Manual) together (directly or indirectly) have an interest of 30% or more, or (b) Zheneng Group and entities which are a subsidiary or holding company of Zheneng Group or which are a subsidiary of such holding company or one in the equity of which it and/or such other company or companies taken together (directly or indirectly) have an interest of 30% or more, provided, however, that:

- (i) any provision of materials or services by any such entity to the EAR Group is in the normal course of business of such entity; and
- (ii) any acquisition of materials or services by any such entity from the EAR Group is in connection with or ancillary to the normal course of business of such entity,

(collectively, the “**Mandated Interested Persons**” and each a “**Mandated Interested Person**”, all being “interested persons” as defined in the Listing Manual).

For the avoidance of doubt, such Mandated Interested Persons would include such persons who may, during such period while the IPT General Mandate is effect, become Mandated Interested Persons where previously they were not so.

2.6.4 ***Categories of Mandated Interested Person Transactions***

The types of transactions with the Mandated Interested Persons to which the IPT General Mandate will apply (the “**Mandated Transactions**”), and the benefits to be derived therefrom, are set out below.

(a) ***Purchase of Raw Materials and Construction-Related Materials***

This category of transactions pertains to the purchase of coal and other raw materials, as well as construction-related materials by the EAR Group from Mandated Interested Persons in the normal course of business of the EAR Group. The transactions within this category include:

(b) ***Engineering, Procurement and Construction and Ancillary Services***

This category of transactions pertains to the provision of engineering, procurement and construction-related services and ancillary services (including design and consulting services) by the Mandated Interested

Persons to the EAR Group, or by the EAR Group to Mandated Interested Persons, in relation to the design, engineering and construction of waste treatment and other facilities which are of a recurring nature and are in the ordinary course of business of the EAR Group. The transactions within this category include:

- (i) the tender by the Mandated Interested Persons or the EAR Group (as the case may be) for (whether by way of public tender, invitation or otherwise) and/or obtaining by the Mandated Interested Persons or the EAR Group (as the case may be) of the award of contracts from the EAR Group or the Mandated Interested Persons (as the case may be) as main contractors, sub-contractors, suppliers, managers and/or consultants for construction, building, procurement and installation of equipment and supplies, engineering, project management, architectural, retro-fitting, testing, commissioning and/or alteration and addition works for waste treatment and other facilities ("**EPC Services**");
- (ii) the provision of integrated design and consulting services by the Mandated Interested Persons to the EAR Group, or by the EAR Group to the Mandated Interested Persons (as the case may be), including keeping track of the latest technological developments in the waste treatment industry, inspecting the qualification and experience of service providers to be engaged for design-related services, organising public tenders for the design of waste treatment facilities and liaising with and supervising service providers engaged to provide design-related services ("**Design and Consulting Services**"); and
- (iii) the provision and/or obtaining of such other products and services which are incidental to or in connection with the provision or obtaining of products and services in sub-paragraphs (i) and (ii) above by the Mandated Interested Persons to the EAR Group, or by the EAR Group to the Mandated Interested Persons (as the case may be), including but not limited to the provision and/or obtaining of relevant construction materials and equipment.

(c) ***Project Technical and Management Services and EMC Services***

This category of transactions pertains to the provision of project technical and management services and EMC services by the EAR Group to the Mandated Interested Persons, which are recurrent transactions of a revenue or trading nature. The transactions within this category include:

- (i) the provision of project technical and management services;
- (ii) the provision of energy-saving and residual heat utilisation solutions;
- (iii) the provision of consultancy services in relation to operations optimisation and equipment selection, and the procurement and provision of equipment in connection therewith;
- (iv) the provision of management and operational support services;
- (v) the provision of consultancy services in relation to energy-saving technology; and

- (vi) the provision and/or obtaining of such other products and services which are incidental to or in connection with the provision or obtaining of products and services in sub-paragraphs (i) to (v) above, including but not limited to the provision of energy-saving and residual heat utilisation equipment and facilities.

(d) ***Operations and Maintenance Services***

This category of transactions pertains to the provision of operations and maintenance services by the EAR Group to Mandated Interested Persons in relation to waste treatment and other facilities (including the MBT Project, and in each case, in compliance with the provisions of the Non-Competition Agreement), which are recurrent transactions of a revenue or trading nature. The transactions within this category include:

- (i) the provision of operations and maintenance services, including but not limited to technical, operation and maintenance services relating to operational processes and engineering, equipment operation, repair and maintenance services; and
- (ii) the provision and/or obtaining of such other products and services which are incidental to or in connection with the provision or obtaining of services in sub-paragraph (i) above, including but not limited to the provision of relevant operations and maintenance materials and equipment.

2.6.5 ***Rationale for and Benefits of the IPT General Mandate***

The IPT General Mandate and its subsequent renewal on an annual basis would eliminate the need to announce, or to announce and convene separate general meetings from time to time to seek Shareholders' prior approval as and when potential Mandated Transactions with Mandated Interested Persons arise, thereby saving substantial administrative time and costs expended in convening such meetings, without compromising the corporate objectives and adversely affecting the business opportunities available to the EAR Group.

The IPT General Mandate is intended to facilitate transactions in the normal course of business of the EAR Group which are transacted from time to time with the Mandated Interested Persons, provided that they are carried out at arm's length and on normal commercial terms, and are not prejudicial to the interests of the Company and its minority Shareholders. The EAR Group will benefit from having access to competitive quotes from the Mandated Interested Persons in addition to obtaining quotes from, or transacting with, non-Mandated Interested Persons.

In accordance with the requirements of Chapter 9 of the Listing Manual, the Company will (i) disclose in its annual report the aggregate value of transactions conducted with Mandated Interested Persons pursuant to the IPT General Mandate during the financial year (as well as in the annual reports for subsequent financial years that the IPT General Mandate continues to be in force); and (ii) announce the aggregate value of transactions conducted with Mandated Interested Persons pursuant to the IPT General Mandate for the financial periods that the Company is required to report on pursuant to Rule 705 of the Listing Manual (which relates to announcements of financial statements by listed companies) within the time required for the announcement of such report.

2.6.6 ***Review Procedures for Mandated Transactions with Mandated Interested Persons***

To ensure that Mandated Transactions with Mandated Interested Persons are undertaken at: (i) arm's length and on normal commercial terms consistent with the EAR Group's usual business practices and on terms which are generally not more favourable than those extended to unrelated third parties; or (ii) in any event on terms no less favourable to the EAR Group than prevailing open market rates, and will not be prejudicial to the interests of the Company and its minority Shareholders, the EAR Group will adopt the following procedures for the review and approval of Mandated Transactions under the IPT General Mandate:

- (a) The following procedures will be adopted in relation to (i) purchases of raw materials and construction-related materials from Mandated Interested Persons, (ii) the provision of EPC Services and ancillary services (including Design and Consulting Services) by or to Mandated Interested Persons, (iii) the provision of project technical and management services and EMC services to Mandated Interested Persons and (iv) the provision of operations and maintenance services to Mandated Interested Persons:

Purchase of Raw Materials and Construction-Related Materials

In relation to the purchase of coal and other raw materials as well as construction-related materials from Mandated Interested Persons, the price and commercial terms will be determined based on the prevailing market rates, which are determined by market forces, demand and supply, specifications and other relevant factors. The EAR Group will also take into account transportation costs involved. Prices from the Company's interested persons are generally aggregate of cost, freight costs and an administrative fee of 2-3%. Where the prevailing market rates or prices are not available for comparison, the purchasing department of the EAR Group will assess the pricing quoted by the Mandated Interested Person based on its usual business practices, taking into account factors, including but not limited to the budget allocated for the transaction as well as the capacity and reliability of the Mandated Interested Person.

In determining whether the price and commercial terms offered by the Mandated Interested Persons are fair and reasonable, factors such as, but not limited to, delivery schedules, compliance with specifications, track record and reliability, experience and expertise, capacity and payment terms will be taken into consideration. In addition, the purchasing department of the EAR Group will procure at least two quotations from unrelated third party vendors in respect of similar categories of products. The price and commercial terms offered by the Mandated Interested Persons shall be no less favourable to the EAR Group than what is available in the market, having regard to all relevant factors.

Where it is impracticable or not possible for quotations to be obtained from unrelated third party vendors, the price and commercial terms offered by the Mandated Interested Person will be compared to those for the same or substantially the same types of transactions entered into between the Mandated Interested Person and third parties. The review procedures in such cases may include, where applicable, reviewing the standard price lists provided by the Mandated Interested Person to its customers for such products and be based on the commercial merits of the transaction. Where it is impractical or not possible to compare the price and commercial terms with those for the same or substantially the same types of transactions entered into between the Mandated Interested Person and third parties, the Relevant Authorised Persons (as defined in paragraph (b) below) will determine whether the terms of supply are fair and reasonable. This would include taking into account, where known, among other matters as may be necessary, the nature and duration of the transaction, the cost and margins of the Mandated Interested Person and the quality of the products to be purchased.

EPC Services and Ancillary Services

In relation to the provision of EPC Services and ancillary services (including Design and Consulting Services) by Mandated Interested Persons to the EAR Group, or by the EAR Group to Mandated Interested Persons (as the case may be), the price and commercial terms offered by or to the Mandated Interested Persons will be assessed based on the comparable third party contracts approach. At least two recent contracts, for the same or substantially the same nature of EPC Services and Design and Consulting Services (as the case may be), entered into by the EAR Group with third parties will be used as a basis of comparing the price and commercial terms offered by or to the Mandated Interested Person, after taking into account, *inter alia*, if applicable, factors including but not limited to, the complexity of the services rendered, the EAR Group's or the Mandated Interested Person's project specifications, the project schedule, the payment terms, the sufficiency and availability of resources, the creditworthiness of the Mandated Interested Person, the technical expertise required and prevailing estimated project costs. For example, in relation to EPC Services, as the main drivers affecting construction costs are floor area and installations required, the contracts of a similar nature will be analysed on a cost per square feet or cost per installation basis. After analysing the costs in specific detail, the EAR Group will then derive a meaningful contract sum to be paid to or by the Mandated Interested Person.

Where it is impracticable or not possible for such contracts to be obtained, the price and commercial terms offered by or to the Mandated Interested Person will be compared to those for the same or substantially the same types of transactions entered into between the Mandated Interested Person and third parties. The review procedures in such cases may include, where applicable, reviewing the standard price lists provided by the Mandated Interested Person to its customers, or to the Mandated Interested Person by its suppliers (as the case may be), for such services and be based on the commercial merits of the transaction.

Where it is impractical or not possible to compare the price and commercial terms with those for the same or substantially the same types of transactions entered into between the Mandated Interested Person and third parties, the

Relevant Authorised Persons (as defined in paragraph (b) below) will determine whether the terms of supply are fair and reasonable. This would include taking into account, where known, among other matters as may be necessary, the nature and duration of the transaction, the cost and margins of the relevant project (if any) and the quality of the services to be provided.

Provision of Project Technical and Management Services and EMC Services

In relation to the provision of project technical and management services and EMC services by the EAR Group to Mandated Interested Persons, the price and commercial terms offered to the Mandated Interested Persons will be determined based on the comparable third party contracts approach. At least two recent contracts, for the same or substantially the same nature of project technical and management services or EMC services (as the case may be), entered into by the EAR Group with third parties will be used as a basis of comparing and determining the price and commercial terms to be offered to the Mandated Interested Person, after taking into account, *inter alia*, if applicable, factors including but not limited to, the complexity of the services rendered, the Mandated Interested Person's project specifications, the project schedule, the payment and revenue-sharing terms (where applicable), the cost of investment required, the sufficiency and availability of resources, the creditworthiness of the Mandated Interested Person, the technical expertise required and the prevailing estimated project costs determined by a project director and/or quantity surveyor(s).

Where it is impracticable or not possible for such contracts to be obtained, the price and commercial terms offered to the Mandated Interested Person will be determined in accordance with the EAR Group's usual business practice and be consistent with the margins obtained by the EAR Group in its business operations.

Operations and Maintenance Services

In relation to the provision of operations and maintenance services by the EAR Group to Mandated Interested Persons, the price and commercial terms offered to the Mandated Interested Persons will be assessed based on the comparable third party contracts approach. At least two recent contracts, for the same or substantially the same nature of operations and maintenance services (as the case may be), entered into by the EAR Group with third parties will be used as a basis of comparing the price and commercial terms offered to the Mandated Interested Person, after taking into account, *inter alia*, if applicable, factors including but not limited to, the complexity of the services rendered or goods and services procured, the Mandated Interested Person's project specifications, the project schedule, the payment terms, the sufficiency and availability of resources, the creditworthiness of the Mandated Interested Person, the technical expertise required and prevailing estimated project costs. The price and commercial terms offered to the Mandated Interested Persons shall be no less favourable to the EAR Group than what is offered by the EAR Group to third parties, having regard to all relevant factors.

Where it is impracticable or not possible for such contracts to be obtained, the price and commercial terms offered to the Mandated Interested Person will be determined in accordance with the EAR Group's usual business practice and be consistent with the margins obtained by the EAR Group in its business operations.

- (ii) If all of the Relevant Authorised Persons have an interest in the transaction, are nominees for the time being of the Mandated Interested Person or have associates (as defined in the Listing Manual) involved in the decision making process on the part of the Mandated Interested Person, the review and approval process shall be undertaken by the Chairman of the Audit and Risk Management Committee or another member of the Audit and Risk Management Committee (who is not a nominee of the Mandated Interested Person, has no interest in the transaction and is not subject to such conflicts of interest) designated by the Chairman of the Audit and Risk Management Committee from time to time for such purpose.
 - (iii) If a member of the Audit and Risk Management Committee has an interest in a transaction or is a nominee for the time being of the Mandated Interested Person, or if any associate (as defined in the Listing Manual) of a member of the Audit and Risk Management Committee is involved in the decision making process on the part of the Mandated Interested Person, he shall abstain from participating in the review and approval process of the Audit and Risk Management Committee in relation to that transaction.

- (d) The Company will maintain a register of Mandated Transactions carried out with Mandated Interested Persons (recording the basis, including the quotations obtained to support such basis, on which they are entered into), and the Company's annual internal audit plan will incorporate a review of all Mandated Transactions entered into in the relevant financial year pursuant to the IPT General Mandate.

The Audit and Risk Management Committee will review the internal audit reports on Mandated Transactions to ascertain that the internal control procedures and review procedures for Mandated Transactions have been complied with.

- (e) If during any of the reviews by the Audit and Risk Management Committee, the Audit and Risk Management Committee is of the view that the internal control procedures and review procedures for Mandated Transactions have become inappropriate or insufficient in the event of changes to the nature of, or manner in which, the business activities of the Group or the Mandated Interested Persons are conducted, the Company will revert to Shareholders for a fresh general mandate based on new internal control procedures and review procedures so that Mandated Transactions will be carried out at arm's length, on normal commercial terms and will not be prejudicial to the interests of the Company and its minority Shareholders.
